

Peerless 5011

[Chapter 5011: Congratulations, irritated me!](#)

"Master Chen, don't come here unharmed."

He gritted his teeth and said this sentence.

He will never forget the humiliation Chen Feng gave him!

Chen Feng glanced at him obliquely and didn't bother to pay attention.

There is nothing to say to him.

He walked directly towards the main entrance of the Hall of Contribution.

"Don't go!"

Ji Xingyuan turned around and stopped in front of Chen Feng again.

"Step aside!"

Chen Feng uttered two words faintly.

Hearing Chen Feng's words, Ji Xingyuan chuckled, a quirky flash in his eyes.

What he wants is to anger Chen Feng!

Since Ji Xingyuan entered the Heavenly Power Sword Sect, he quickly found out the news.

Senior Brother Yi Changkong of the Heavenly Power Sword Sect is powerful, and he is also at the forefront of the three hundred and sixty true disciples.

No matter how high Ji Xingyuan's prestige was before, in the Heavenly Power Sword Sect, all he faced was the strong, and he was nothing.

This gap made Ji Xingyuan panic.

In order to quickly gain a foothold in the Heavenly Power Sword Sect, he immediately decided to hold Brother Yi's thigh firmly!

In fact, he did.

In the entire Tianquan Sword Sect, who didn't know that there was a younger brother behind Yi Changkong.

That is called a loyalty!

Willing to saddle for Yi Changkong!

Ji Xingyuan also knew what happened on the battlefield outside the territory!

When he heard the name Chen Feng, his face suddenly changed.

First of all, I was surprised.

Unexpectedly, Chen Feng, the handyman disciple who fed the demon god, could actually turn over.
Then came jealousy.

Unexpectedly, the people of Tianshu Sword Sect actually value Chen Feng so much!

After that, it was extremely disgusting!

This lingering Chen Feng!

When Brother Yi returned to Tianquan Sword Sect, Ji Xingyuan was overjoyed.

Three months after learning that Chen Feng was about to fight Brother Yi, Ji Xingyuan's heart even cheered.

That's great!

In his impression, no matter how strong Chen Feng is, it is absolutely impossible to surpass Senior Brother Yi in just three months!

Thinking of this, Ji Xingyuan immediately told Yi Changkong everything he knew about Chen Feng.

His performance finally got the help of Brother Yi.

Yesterday, he officially raised his strength to the pinnacle of the fourth floor of the Star Soul Martial God Realm!

According to Brother Yi, Chen Feng's current cultivation level is no more than the second floor of the Star Soul Martial God Realm.

"I think you don't have a fairy root, how can you fight me after you enter the Star Soul Martial God Realm!"

Ji Xingyuan said viciously in her heart.

Because of this, he also squatted outside the Hall of Contribution for two consecutive days.

The purpose is precisely for the shame!

Of course, if Brother Yi can get closer to him, it would be better!

Chen Feng looked at him coldly, and the disciples behind him.

"My patience is limited, so leave immediately!"

He spoke word by word.

If someone is familiar with Chen Feng, he will know that he is already extremely impatient with such an expression.

However, it is a pity that Ji Xingyuan and others are not aware of this.

The disciples of the Tianquan Sword Sect behind him laughed out loud.

"The bear heart and leopard dare to let our disciples of the Heavenly Power Sword Sect leave!"

Ji Xingyuan sneered, looking at Chen Feng in front of him.

The contempt and arrogance in his eyes did not hide.

"I heard that you used to lie at the feet of Senior Brother Yi from our Heavenly Power Sword Sect when you were on the battlefield outside the territory?"

Speaking of this, Ji Xingyuan laughed wildly without hiding.

He is revealing Chen Feng's scars.

But, the next moment, his breathing stopped.

The whole person froze there.

Chen Feng's eyes were murderous.

However, he was not angry, nor did he break out.

On the contrary, his eyes are extremely calm and cold.

"You are right. When I was on the battlefield outside the territory, I was indeed stepped on the face by Yi Changkong and stepped into the mud."

Chen Feng looked at Ji Xingyuan and said every word.

Ji Xingyuan suddenly felt that the atmosphere was freezing and terrifying.

He opened his mouth, trying to say something, but couldn't say anything.

After swallowing hard, a emotion called regret suddenly surged in his chest.

Chen Feng's expression was plain, without any waves, and seemed to be narrating something that had nothing to do with him.

"But, that was my grievance with Yi Changkong!"

"One day I will step on his face, step him in the mud, and make him pay ten times, a hundred times the price!"

"but!"

Chen Feng stared at Ji Xingyuan and said lightly: "This is just the grievance between me and him, it has nothing to do with you."

"And now, it's the grudge between you and me."

Chen Feng smiled slightly:

"Congratulations, you angered me."

"To anger me, the consequences are serious."

As he said, he slapped directly.

Ji Xingyuan could clearly see that Chen Feng's slap didn't have any humorous things in that slap.

Just that slap, slapped straight to his face.

However, no matter how he tried to dodge or avoid, his body seemed to be out of control, and he couldn't move!

Snapped!

A resounding slap hit Ji Xingyuan's face fiercely!

Ji Xingyuan was beaten out immediately!

He covered half of his face and let out a scream like a pig.

Chen Feng strode forward and came to Ji Xingyuan again.

Looking down at him condescendingly, stepped on Ji Xingyuan's beaten half of his face.

Crush hard!

He directly crushed Ji Xingyuan's face to the ground!

Chen Feng looked up and looked at the remaining disciples of the Heavenly Power Sword Sect.

His sudden shot made the disciples pale!

Where dare to be presumptuous anymore!

Chen Feng said coldly.

"Go back and tell your dog owner that after three months, I will kill him! Let him wash his neck and wait for death!"

After speaking, he lowered his head again and looked at Ji Xingyuan who hadn't reacted yet.

"Now it is your turn."

Hearing these words, Ji Xingyuan reacted instantly with a sharp spirit.

After reacting, there is endless fear!

At the same time, there are countless questions, one after another, pouring into his mind.

Didn't Chen Feng only have the second floor of the Star Soul Martial God Realm?

Why does his strength completely crush himself?

The palm just now, without the strength of the fifth floor, is absolutely impossible to do, right?

Doesn't Chen Feng have no fairy roots?

Why does his strength increase faster than himself!

...

Countless questions immediately filled Ji Xingyuan's mind.

However, these issues have been temporarily left behind.

Ji Xingyuan regretted it!

He really regretted it!

If he had known that Chen Feng's true strength was so strong, he would not have come to cause trouble if he killed him!

You know, the killer in front of him, he will shoot against his fellows!

Ji Xingyuan didn't want to die!

At this moment, the survival instinct prompted Ji Xingyuan to make the most direct response at the moment.

He knelt down in front of Chen Feng with difficulty!

[Chapter 5012: Please let me have a lot of stuff](#)

Half of his face was **** and bloody, and even one eye was bleeding and he couldn't open it.

But compared to death, this injury on his face is nothing at all!

Ji Xingyuan directly knelt down and kowtowed.

"Chen, Master Chen! I really can't help but!"

"No, Master Chen!"

"I hope you have a lot of adults, forgive... forgive me!"

Time is running out, and Chen Feng doesn't bother to waste time with such influential goods.

He kicked Ji Xingyuan away and strode towards the Hall of Contribution.

This time, no one dared to stop him!

In the Hall of Contribution, there is an endless stream of people coming and going.

The hall is extremely wide, with carved beams and painted buildings.

When each disciple of the five great swordsmen enters the hall, they will hand in tokens and treasures in order.

Only the disciples within the sentinel hand in supplies, and the sentinel feeds back the corresponding advice and resources to the disciples.

In this way, a sect can grow stronger and stronger!

Martial sects such as the Galaxy Sword Sect contribute to the flow of people in the main hall, sometimes even more than the main halls of the major sects!

When Chen Feng stepped into it, there was an exclamation in front of him.

Looking intently, it turned out that it was the one in front of the line he was in, and he turned his hand and took out a lot of treasures!

In front of the hall stood more than ten elders of the stars.

They stand at the forefront of each line.

The exclamation of the disciple here attracted several elders from the surrounding stars.

Especially the one at the forefront is in a great mood!

"Kaiyang Jianzong has been gaining momentum recently."

Soon, a corresponding deacon stepped forward and counted the items handed in by the Kaiyang Sword Sect disciple.

"A bottle of Twelve Cicada Real Neidan, a Dragon Armor of Profound Mist, A Thousand Kilometers of Demon Rock, and a Bone Jade of Thousand Miles Flame Jade..."

As the number of treasures reported by the deacon gradually increased, the disciples who waited in line to hand in their contributions couldn't calm down.

The few people standing next to the Kaiyang Sword Sect disciple directly clasped their fists with both hands, arching their hands.

"As expected of Senior Brother Ye of Kaiyang Jianzong, not only can he find such a rare treasure, he can even kill it!"

"Presumably Brother Ye's cultivation level has improved again!"

"If I remember correctly, Brother Ye should have just been promoted once a while ago?"

"Master Patriarch is here! They are also disciples of Kaiyang Sword Sect, and Senior Brother Ye's potential is too strong!"

"In time, there will definitely be Senior Brother Ye's name in the list of three hundred and sixty true disciples!"

In the sound of flattery, the disciple of Kaiyang Sword Sect raised his head and chest.

Put on a solitary and arrogant posture.

It is as if these compliments and flattery are taken for granted.

Chen Feng leaned out his mind and looked at the treasures ahead.

The corners of his mouth were raised, and a small smile flashed across his face.

He didn't say anything, just watched indifferently as the elder stars in front took over the jade medallion of the disciple surnamed Ye.

"Seven hundred great achievements!"

As a star elder reported a great amount of merit, a bright light burst out on the jade medal.

After the light disappeared, the number on the jade card had changed.

The elders beside the stars also applauded.

"Seven hundred great works at a time, even among the true disciples, they are rare!"

Hearing this, the face of the disciple surnamed Ye became even more proud.

He respectfully took back the jade card, turned around and walked aside, looking back at Chen Feng behind him.

When he saw Chen Feng wearing the official disciple costume of Tianshu Jianzong's younger brother, his eyes became quite provocative.

"Yo, rare guest."

"A disciple of the Tianshu Sword Sect, actually has this spare time to contribute to the hall?"

"Do you have anything to hand in? Look at the shabby look of your Tianshu Sword Sect!"

Hearing his words, the surrounding disciples burst into laughter.

Many disciples watched over.

The disciple surnamed Ye folded his arms and sneered.

"I really want to see how many treasures a disciple of Tianshu Sword Sect can hand in."

For this kind of meaningless provocation, Chen Feng couldn't even look at it.

He turned to the side and spoke to the crowd behind him.

"Everyone, please step back."

Hearing Chen Feng's words, the disciples in line were all taken aback.

They subconsciously made room for Chen Feng.

Immediately afterwards, Chen Feng turned to the side and looked at the disciple surnamed Ye.

"Thank you, I may have a lot of things."

When Chen Feng said this, his tone was sparse and ordinary, very plain.

But in some people's ears, it becomes a naked slap in the face!

Especially that disciple surnamed Ye, his face suddenly became extremely ugly.

However, he took two steps slowly and sneered.

"I want to see how your things are "multiple"!"

Chen Feng ignored him and looked at the star elders ahead again.

"Also, please pay attention to the elders. It's best to stop the surrounding rows of disciples temporarily."

Speaking of this, the entire disciples, deacons, and elders who have contributed a lot are all attracted.

Some disciples looked gloomy and wanted to see jokes.

But some disciples were whispering, asking about the identity of the disciple Chen Feng next to him.

"Okay, you can take it out."

Following a word from the elders, Chen Feng turned his hand and began to take things out.

It is a few storage rings.

In the crowd, some disciples already laughed.

Chen Feng snorted coldly.

Immediately, countless treasures emerged from those storage rings at the same time!

The speed is getting faster and faster!

In the end, it even poured out like a waterfall!

"It's not over yet!"

Chen Feng hooked the corner of his mouth and took out a few storage rings again.

The disciples who were relatively close to Chen Feng immediately retreated back!

And that disciple surnamed Ye, because he was closest to Chen Feng, and retreated the slowest.

The countless objects that have been poured out directly are buried at the bottom!

Everyone was dumbfounded!

"This...this is for one person..."

At this moment, the sharp-eyed disciple opened his eyes again.

He pointed to Chen Feng.

"He took out the storage ring again!"

The entire Hall of Contribution once again exploded!

The disciples who had retreated, retreated again and again!

After a full quarter of an hour!

Most of the disciples who lined up retreated outside the main hall gate.

Countless treasures piled up into a mountain, almost filling up the entire Hall of Contribution!

Everyone is stupid!

Not only the disciples who came to hand in the treasures, but even the deacons and elders were all stupid!

Since the establishment of the Contribution Hall, there has never been a treasure of this size turned in!

Moreover, these treasures piled up in front of them, without exception, are all tokens of the aliens of the demon!

A single horn on the top of the head, a red flame heart, a black bone jade...

Etc., etc!

After Chen Feng took out and poured out the last storage ring, there was no voice in the entire Hall of Contribution!

So shocking!

How many demon must be killed to accumulate like this!

Everyone looked at Chen Feng together, with horror on their faces and hearts.

"Are these all killed by him alone?"

[Chapter 5013: Grab my stuff?](#)

This idea emerged in everyone's heart.

At this moment, someone finally recognized it.

"The Killing God Chen Feng! It is the Killing God Chen Feng in the low-level battlefield of Galaxy!"

This exclamation immediately stirred up a thousand waves!

Chen Feng frowned and then smiled.

It seems that he has got a new nickname.

Kill God?

interesting.

Chen Feng stood with his hands behind, looking at the sluggish elders and deacons in front of them.

"Please also trouble the deacons and elders to help with the liquidation."

After some liquidation, the token mountain in the Hall of Contribution was finally emptied.

In the end, the voice of the elders of the stars trembled slightly and reported the final great merit value.

"Five thousand great achievements!"

"Five thousand great merits! As a disciple who just started, you can achieve this amount of great merit at one time, Chen Feng, you are incredible!"

"You know, even a disciple who has been in the sect for more than ten years, can have so many great achievements, it is extremely rare."

Hearing what the elder said, the disciples standing in the corner of the hall immediately glanced at each other.

They saw the same message in each other's eyes.

Afterwards, they looked at Chen Feng again with unpredictable eyes!

Chen Feng at this moment is like a fat sheep waiting to be slaughtered in their eyes!

However, Chen Feng did not pay attention to these.

Because he came to the Hall of Contribution for the first time, without a jade medal.

A deacon got a new jade medal.

The elder who audited in front took the jade plaque and instilled a light blue breath into it.

The face of the jade card flashed light.

Afterwards, the jade card was engraved with a value.

Chen Feng took the jade card and looked at the big seal number displayed on it.

Five thousand.

At this time, the elder in front of the audit reminded.

"The great achievements recorded on this jade card, you can trade privately."

Chen Feng looked up and asked directly.

"I don't know how many sects are needed to enter the Jiutian Tibetan Scripture Pavilion?"

His voice was loud and loud, and everyone present could immediately understand it.

It turned out that the murder **** Chen Feng came here for the purpose of entering the Jiutian Buddhist Scripture Pavilion!

At this moment, the audit elders have also returned to calm.

He looked at Chen Feng with a kind attitude.

"The Jiutian Tibetan Scripture Pavilion is the top sacred site of the Galaxy Sword Sect, and the barriers to entry are extremely high."

"Even if it is to enter the first level, at least 10,000 great work is required."

"Subsequently, every time you enter one of them, it will consume at least a thousand great merits."

Hearing this, Chen Feng frowned.

"Then get something in it, and also consume the great power of the sect?"

"That's natural."

The audit elder said with a smile.

"The magical powers and treasures placed in the Jiutian Buddhist Scripture Pavilion are all the top batch in the faction."

"To obtain the magical powers in it, it takes more sect great power."

Chen Feng asked: "What is the approximate range?"

"A magical power at every turn requires at least tens of thousands of great merits."

"So, many people can only go in once more than a decade."

Chen Feng understood.

He is still too impatient.

Since starting to cultivate immortals, time has become the least valuable thing.

Countless people have practiced for hundreds of thousands of years!

The higher the cultivation base, the longer the life span, and the less time it counts!

For many people, more than ten years is not too long.

But for Chen Feng now, he can't wait for more than ten years!

It seems that before entering the next trial task, he has no chance to enter the Jiutian Buddhist Scripture Pavilion.

At least you have to accumulate tens of thousands, or even hundreds of thousands of sects, before you can enter it.

Chen Feng had regrets in his heart, but he did not feel too regretful.

There are still five thousand great achievements from the lowest threshold.

It seems that I still have to go to the mission hall.

In the last two days, it seems that there is no hope to activate the blood of the gods and demons.

However, it does not matter.

At this moment, Chen Feng already has a lot of hole cards.

There is even Tianquan Zhenxian in his hand.

To deal with Chu Pingsheng, he has some confidence.

Accepting the jade medal, Chen Feng turned to the mission hall.

He has the confidence to live back to this mysterious and yellow world!

Back to the Galaxy Sword Sect!

When he arrived at the mission hall, Chen Feng briefly scanned the missions inside, and probably had a number in his mind.

Some tasks, after he comes back, just can take over.

Moreover, the promised sect great merit value is not low.

Leaving the mission hall, Chen Feng was ready to return to Tianshu Jianzong.

After all, as a disciple of the Tianshu Sword Sect, it is not good to stay in the Palace of Ten Thousand Beasts.

It hasn't been long before Chen Feng's face changed slightly.

His footsteps stopped.

The few bugs and shrimps who had been following him were finally unable to restrain them.

"Killing God Chen Feng? Is it great?"

There were three people standing in front of Chen Feng.

In addition to the middle disciple named Ye of Kaiyang Jianzong, there are two other people who also wear Kaiyang Jianzong costumes.

The three of them surrounded Chen Feng two by one.

"In the Hall of Contribution, your trick is really awesome!"

The disciple surnamed Ye smiled at the moment.

But, upon closer inspection, his smile was full of gritted teeth.

Everything that happened in the Hall of Contribution before, to him who was still being touted just a moment ago, was simply a slap in the face!

In front of Chen Feng's five thousand great accomplishments, his seven hundred great accomplishments can hardly be seen!

This makes Ye Jingheng, who has always been arrogant, unacceptable!

Chen Feng quietly watched the three of them approaching, his eyes twitched.

The three disciples of the fourth floor of the Star Soul Martial God Realm had the courage to attack him.

For a moment, Chen Feng even began to reflect on whether his usual aura was too restrained?

So everyone dared to provoke and make trouble.

Even robbery.

Sure enough, the other two disciples of Kaiyang Sword Sect smiled lowly, with a sullen expression on their faces:

"I advise you to be more acquainted and hand over the jade card obediently!"

"Otherwise, don't blame us for being impolite!"

Chen Feng stood there, looked at them, and shook his head.

He touched his nose and asked with interest: "Aren't you afraid of punishment by Xingtang?"

Hearing his words, the three disciples looked at each other.

Afterwards, they seemed to have heard some joke and burst into laughter.

"Hahahaha, disciples of Tianshu Sword Sect, are they all such fools?"

Ye Jingheng smiled with coldness.

"Don't worry, we won't do anything to you."

"You just traded privately and gave us all your great merits."

"Xingtang will naturally not punish us!"

The three of them got closer and closer, standing in a row, facing Chen Feng.

When the distance between the two parties was less than a few meters, Chen Feng suddenly smiled:

"That's it, thank you three for letting me know!"

"Then, I'm not welcome."

Upon hearing this, the three disciples headed by Ye Jingheng were all taken aback.

What is Chen Feng's reaction?

In the next second, the man standing in front of them suddenly disappeared from their sight!

[Chapter 5014: Suspected person of choice?](#)

"Man!"

Ye Jingheng's heart jumped slightly.

Suddenly, a deep voice rang in his ears.

"Here it is."

boom!

Heaven and earth repeatedly reincarnate magical powers, bursting into power!

The three only felt that a blue light flashed in front of them.

It seems that a huge blue pupil suddenly appeared in the spiritual world.

The next moment, flashing with light.

Endless powerful mental power, fiercely rushing!

He directly rushed into their spiritual world, instantly, swept!

This extremely powerful mental power made the three of them unbearable. Their spiritual world was directly frozen!

The whole person's thinking was frozen instantly!

It's not that kind of thing, but it's real!

Unable to think, no reaction, mental sluggishness.

Like walking corpses.

"It turns out that Heaven and Earth repeatedly reincarnate magically, just observing each other's memories."

"And now, there is another change like this."

This is the first time Chen Feng has used this martial skill after being promoted.

Of course, Chen Feng is very clear that this is actually a mental shock.

But because he is too strong now, and these three people are too weak, the mental shock directly freezes their thoughts.

They are no different from The Walking Dead now.

Seeing the reactions of the three, Chen Feng showed a satisfied smile on his face.

In front of him, the expressions of the three disciples suddenly became dull.

They stood in a row quietly as if being manipulated by their consciousness, and turned around to come to Chen Feng.

"Now, give me all the great achievements on your jade medals!"

"Yes!"

"Yes!"

"Yes!"

People don't offend me, I don't offend people.

Now that the three people in front of him taught him hand in hand, Chen Feng could not live up to his good intentions.

Three pieces of suet-like jade tiles appeared in Chen Feng's hands.

"Tsk, that's it."

Chen Feng saw the value on the three jade tiles and said disdainfully.

The three official disciples of the Kaiyang Sword Sect had a combined total of five thousand achievements.

"However, it counts as much."

With that said, Chen Feng took out his jade medal.

The four jade plaques gathered together, and the light flashed.

After the light dissipated, the big seal numbers were cleared on the three jade plates.

Chen Feng's jade card shows that there are already 10,000 sects of great merit!

Chen Feng would never show mercy to such a person.

Returning the jade card to the three, Chen Feng turned and left.

The corner of his mouth twitched: "After the increase in strength, sure enough, the heaven and earth reincarnation magic arts have become a lot stronger."

Of course, this effect today is because it is dealing with immortal cultivators whose strength is much lower than their own.

However, it does not mean that it is impossible to deal with high-level immortals!

"If you meet a high-level immortal cultivator, it will certainly not let them freeze."

"However, it can also be turned into a strong mental shock, and it also has a strong power."

after a long time.

Chen Feng's figure is long gone.

The three disciples who were sluggish in the same place suddenly woke up!

"what happened?"

"I just seemed to have a dream suddenly!"

Ye Jingheng looked around blankly, and quickly lowered his head to find the jade medal in his hand.

Immediately, he was shocked!

"My great work!"

Hearing his exclamation, the other two disciples lowered their heads and found the jade medal in their palms.

The screams sounded again and again.

Ye Jingheng gritted his teeth and looked in the direction of Tianshu Sword Sect.

"It must be Chen Feng who did it!"

However, no matter how he clenched his fist, he didn't catch up.

Now, although they don't know how all that happened just now, one thing is already clear.

Chen Feng is much better than them!

Moreover, the methods are amazing!

Three days passed in a flash.

On the third day, early in the morning, the big day rose.

Suddenly, Chen Feng felt that the aura in his room had changed.

All around, it seemed that the void had frozen.

Around Chen Feng's body, cyan light began to diffuse out.

Fortunately, he had been around the room long ago and laid an isolated magic circle.

After that, the cyan light suddenly became intense and condensed into a cyan beam of light.

Go straight to the world!

Of course, only Chen Feng could see it.

In the next instant, Chen Feng disappeared in this mysterious and yellow world.

And it was at this moment, in the depths of the Galaxy Sword Sect.

A gaze suddenly raised.

It seems to have traveled through the void and landed on this floating mountain.

There was a little smile in those eyes.

"Sure enough!"

In the void, a faint sigh sounded.

Just when Chen Feng returned as before.

It seems that nothing has changed.

But, all of a sudden, the sudden change occurred!

A huge voice suddenly exploded in Chen Feng's heart.

"Check that there is a bloodline left by the top power of the top of the sky!"

"Suspected person of choice!"

"If you can bring it to the top of the sky, there will be great rewards!"

The vast voice is calm, without joy or sorrow.

It's just explaining a fact.

After speaking, he fell into silence again.

Leaving Chen Feng's heart makes endless waves!

"The legacy of the top power of the sky?"

Chen Feng immediately realized who the Lord of Heaven was referring to.

Zhongli Yaoqin!

Nearby, only her is possible.

After all, she is a direct descendant of Zhongli Changfeng!

However, Chen Feng's heart was shocked again.

Because just now, the Lord of Heaven also mentioned a sentence!

"Suspected person of choice!"

"Why is there another man of choice?"

Chen Feng was extremely horrified.

He could tell that Zhong Li Yaoqin had many special things on his body.

But I didn't expect that she would be regarded as a suspected person by the Lord of Heaven!

Chen Feng immediately moved in his heart.

If he can bring Zhongli Yaoqin to the top of the sky, it will benefit him a lot.

As a result, Zhong Li Yaoqin is his suzerain after all, and the relationship between the two is not bad.

If she could be pulled in, for Chen Feng, that would be an extra backing.

Chen Feng has noticed since he returned from the battlefield outside the territory.

When I saw Zhong Li Yaoqin again, her aura changed significantly!

Once her strength recovers, I am afraid it will exceed Chen Feng's expectations!

There are countless strong people on the top of the sky, and danger can be seen everywhere.

Even if Chu Pingsheng can be killed this time, it is difficult to guarantee that a second Chu Pingsheng will appear.

There will even be people more difficult to deal with than Chu Pingsheng.

In addition to this benefit, there is one more thing.

Chen Feng knew the rewards given by the Lord of Heaven.

In the previous few times, the rewards were quite powerful.

If he can pull Zhongli Yaoqin in, he will be rewarded by the Lord of Heaven.

Thinking of this, Chen Feng calmed down and asked loudly.

"The Lord of Heaven, how can we pull her in?"

As soon as the voice fell, the huge voice sounded again.

After Chen Feng heard this, his eyes darkened.

"That's it."

In the next instant, the cyan light gradually dissipated.

Chen Feng's figure appeared again in Beidou Fudi.

[Chapter 5015: The despair of Fairy Yuheng!](#)

"call!"

He let out a long breath.

Lifting his eyes, the first thing he saw was Mei Wuxian.

"Brother Chen Feng!"

Mei Wuxian is still a plain white.

Seeing Chen Feng's appearance, she was immediately full of joy and plunged into his arms.

Chen Feng's expression softened as soon as he saw Mei Wuxie.

He looked up.

Fairy Yuheng, Tianchou Beast Slave and others were there.

Seeing Chen Feng's return, everyone's faces were filled with joy.

However, the joy on their faces quickly turned to surprise.

"Chen Feng, you have broken through again!"

Fairy Yuheng is still wearing a Lie Lie red dress.

At this moment, her beautiful eyes widened slightly and she exclaimed.

Hearing her words, other people noticed this.

"Brother, how long has it passed! Have you had any adventures in the world of Xuan Huang Zhong Qian?"

Chen Feng looked at them with a smile, and selectively said about this trip to Xuanhuang Zhongqian World.

After listening, everyone felt extremely shocked.

Although Chen Feng had mentioned some things lightly, how could everyone know.

That is the situation of nine deaths!

Every time it may fall completely!

"Chen Feng, your improvement really surprised me."

Fairy Yuheng wore a bit of sorrow on her face.

Chen Feng saw that there was blood in many places on her body, and his expression was distraught, as if the whole person was severely wounded, and she was indescribably weak.

It seems that the spirit is extremely bad and the injuries are extremely serious.

However, he was full of energy and blood, and his realm had broken through to the eighth floor of the Star Soul Martial God Realm!

I couldn't help but felt shocked: "Sister Yuheng has broken through so many layers in a short time?"

Fairy Yuheng seemed to know what he was thinking, and smiled reluctantly: "My practice is quite special. I could break through before, but I have been forcibly suppressing my cultivation."

"In fact, I have stayed in the fourth building for nine years!"

"Just in yesterday's mission, I finally found the best opportunity to make continuous breakthroughs."

"It's not that amazing, but it's just paying off the debts owed before."

Chen Feng whispered: "This task is difficult, right?"

"Nine dead for a lifetime!"

Fairy Yuheng sighed softly: "More than twenty people who went together, at least ten are stronger than me!"

"But, they are all dead!"

Everyone was shocked!

"In the end, only if I used my hole cards and got promoted again and again, did I get away with it."

"But even so, the task was not completed, but it was just a few days longer than the last time."

She was full of sullen expression, and even a little desperate: "Oh, this is the third time!"

Chen Feng's heart jumped fiercely.

It was the first time that he saw such an expression on Fairy Yuheng's face!

Fairy Yuheng always has a calm face, but full of confidence.

Always high morale!

And this time, she was desperate!

"Why is this? How was she hit?"

"The third time, what do you mean?"

"What kind of horror mission did they experience? Is it the third time, and they haven't passed this mission?"

Chen Feng guessed in his mind, but did not ask.

Fairy Yuheng wanted to say it, so naturally.

She was obviously hit hard, and if she asked again at this time, it was undoubtedly the second injury.

Fairy Yuheng was really not interested, and after a few more words, he pleaded guilty and went to heal himself.

Chen Feng talked about his own affairs, and then asked the Heavenly Cannon Beast Slaves about their situation.

"Brother Chen Feng, I am about to start the second newcomer mission soon!"

Mei Wuxian puffed her mouth, full of anger.

"This time, I will not fail!"

Chen Feng looked at her, smiled and touched her head.

"Well, I believe you!"

The Tiancun Beast Slave walked to Chen Feng's side.

He will also participate in the new trial task that is about to begin.

Chen Feng looked at him and asked in a low voice about the dragon vein continent.

"Everything is fine."

Tianchou beast slave replied.

Chen Feng nodded.

He completely trusted the Heavenly Canal Beast Slave.

Since he said everything is fine, there should be no problem.

At this moment, the voice of the Lord of Heaven rang loudly.

"After three hours, the mission will start."

"Please reach the giant tower of the heavens and ten thousand realms in time. If you fail to enter in time, it will be deemed as a failure of this mission."

"Failure penalty!"

"Destroy!"

The words of the Lord of Heaven are exactly the same as before.

However, today's Chen Feng no longer has the kind of anxiety and anticipation he had at the beginning.

It's rather indifferent.

Fairy Yuheng also turned around and looked at Chen Feng and others.

"Well, we are too bad to pass."

Chen Feng nodded.

Soon, the group of people came to the huge tower of the heavens and ten thousand realms.

Enter the giant towers of the heavens and ten thousand realms again.

Looking at the countless red light flashing giant gates, the endless stream of powerhouses, Chen Feng's heart surged.

"Back again!"

He found that he still missed it a bit.

This wild and domineering place is full of strange vitality and infinite possibilities!

Before they came to the door, many people had gathered here.

Among the huge towers of the heavens and ten thousand realms, before the light gate where the major tasks enter.

Whenever a trial mission is opened, there will always be many people.

This is not surprising.

However, what surprised Chen Feng and others was the group of people standing in front of them.

The headed person is thin and thin, and he is enveloped in a large black robe!

A yellow wooden staff stood by his side.

Under the black robe, there was nothing but pitch-black mist.

It is the Dementor Immortal!

Behind Dementor Immortal, the glamorous young woman with red hair in a red dress looked at Chen Feng.

The people in Cthulhu Valley are here!

"he came."

Seeing Chen Feng and his party appear, the glamorous young woman lightly opened her mouth and said softly.

When Fairy Yuheng and others saw the people in Cthulhu Valley, their expressions of joy sank instantly.

Previously, the Dementor Immortal attempted to use the loopholes in the rules governed by Heaven to directly kill Chen Feng.

Later, at a huge cost, the Seventeen Snake had to follow Chen Feng and enter the same trial world!

Just to kill him!

He often does this shameless method!

However, after all his despicable methods were dealt with by Chen Feng.

Today's Dementor Immortal's strength is greatly reduced.

Also, some other team members will be a little jealous of them.

Chen Feng, Fairy Yuheng, Tiancan Beast Slave and others all stepped forward together.

"Chen Feng, I finally saw you again."

Under the black robe, a blood-red line of sight shot out.

Behind him, everyone in Cthulhu Valley looked at Chen Feng's expression, which was even more vicious and unkind.

If it hadn't been subject to the rules of the top of the sky, they would have taken action long ago.

Chen Feng looked at them coldly, especially at the Dementor.

He strode forward and came to everyone in Cthulhu Valley.

[Chapter 5016: Within a year, kill you Cthulhu Valley!](#)

The people around had noticed the situation here, and they quieted down and watched silently.

Chen Feng glanced around at the Cthulhu Valley, and the corner of his mouth ticked slightly:

"Old Piff, you are not dead yet? What a pity."

Attitude, extremely arrogant!

The members of the various teams and sects in the distance suddenly became noisy.

"He is Chen Feng?"

"He's crazy! So directly provoking the Dementor Immortal!"

"Oh, what's the matter? Anyway, the two sides have long been in an endless relationship."

The Dementor Immortal spoke sadly.

"Chen Feng, you little beast, you are very arrogant! The last time you sent the waste of Snake Seventeen, it failed to kill you."

"Today, you are not so lucky!"

When everyone around heard the words of the Dementor Immortal, it suddenly became more lively, like a pot fried.

"This is to be completely immortal!"

"It is estimated that the next mission, some lively!"

...

Faced with all the noise and discussion around, Chen Feng seemed calm.

This calm is released from the inside out.

That is a kind of peace that can only be achieved if you are confident!

Gradually, everyone around was infected by this calm, and they became quiet.

But as everyone became quiet, the people in Heretic God Valley became more irritable.

The attitude Chen Feng looked at them was just because they were too calm, which angered them.

They feel like a clown.

Finally, just when they are about to explode.

Chen Feng in front of him finally spoke!

"From today, within a year, I, Chen Feng, will kill you Cthulhu Valley!"

As soon as this statement came out, everyone was in an uproar!

"This Chen Feng is so crazy! So horrible!"

"Is he crazy? His strength is not weak, and his progress is fast, but with him, he can kill the Evil God Valley within a year?"

"Dreaming! How many masters in Cthulhu Valley? How can he shake it?"

"That is, let alone one year, he can't do it in ten years!"

Everyone was shocked and talked a lot.

The words are full of doubts.

I just thought that Chen Feng was not ashamed, and no one believed it.

The Dementor Immortal was furious, trembling violently in the black mist.

But, in rage.

There is more, a fear!

It turns out that he is best at playing with his mind and controlling his emotions. Therefore, he can feel Chen Feng's current emotions.

That is extremely indifferent, calm, and with unmatched strong confidence!

This also means that, he said, he can definitely do it.

Suddenly, the Dementor Immortal trembled violently, and an idea suddenly rose in his heart.

"Why is he? Why does he feel that he will be able to kill me within a year?"

"How can he! How dare he!"

Just when everyone was in doubt, another commotion came from a distance.

Everyone's eyes are all looking in one direction!

Then, everyone shouted in exclamation.

"Chu Pingsheng! He is here too!"

"Here is a good show to watch!"

Someone was already laughing low.

No one at the scene knows what Chu Pingsheng came here for!

Not for Chen Feng!

It's him again!

Chen Feng followed the sound.

At this moment, Chu Pingsheng, although there was a gentle smile on his face, he had incomparable arrogance.

Behind this layer of mask, there are more insidious, fierce, and abuse!

There were many people not far behind him.

Among them, there is a familiar face.

Cui Jiuxi!

Cui Jiuxi is here too!

"It seems that there are really many people who are going to enter the trial mission this time."

Chen Feng said lightly.

He said so on purpose.

Tell it to Cui Jiuxi.

He did not say hello to Cui Jiuxi.

Earlier, Chu Pingsheng asked him to kill Chen Feng.

However, in this process, Cui Jiuxi not only did not attack Chen Feng, but even after seeing his strength, he took the initiative to express that he did not want to offend Chen Feng!

He even had contact with Chen Feng privately.

Chen Feng and he had already prepared for this trial task.

Kill Chu Pingsheng!

The arrival of Cui Jiuxi also attracted Chu Pingsheng's attention.

The two glanced here from a distance, and at the moment when they met each other's eyes, their eyes touched.

Then, Cui Jiuxi quietly met Chen Feng's sight, and also did not speak.

Seeing Cui Jiuxi, Chu Pingsheng also seemed proud.

"Chen Feng, I really want to see how many people I send out can you guard against!"

Looking at Chu Pingsheng and Immortal Dementor alone, Chen Feng suddenly realized.

this is a good chance!

Chen Feng couldn't trust Cui Jiuxi.

This person's cultivation level is not high, but the city is extremely deep, and he is full of scheming.

Although he has reached a private cooperation with himself now, it is difficult to guarantee that this person may not use anything temporarily.

And Chen Feng, never allow such temporary changes to exist!

He wants to make sure nothing goes wrong!

Today, Chen Feng is only trying to test immortal disciples, and this is the second test task he participated in.

He doesn't have much capital to spoil.

Chu Pingsheng looked over.

Seeing Chen Feng, his expression was indifferent, but his body revealed great confidence.

"Chen Feng, this time, I won't give you another chance to live!"

Upon hearing this, Chen Feng suddenly had a strong sense of sight.

He raised his mouth.

"Last time, you said the same."

"As a result, Snake Seventeen died, and I came out alive safe and sound."

Chu Ping sneered.

Chen Feng glanced around.

Many people want him to die.

"Since you are all coming to kill me, then..."

Chen Feng's eyes were deep.

Before leaving, Fairy Yuheng stopped Chen Feng again.

"Chen Feng. This trial task is only a secondary trial task, and it is also the easiest one of the three."

"But it's not easy for you."

Chen Feng nodded.

He understood what Fairy Yuheng meant.

"In this mission, you don't need to fight with all your strength to get the chance to be promoted to the Celestial Celestial Clan.

"So, it will be easier and less difficult, relatively speaking."

Chen Feng smiled, with strong confidence in his eyes.

"No matter how many people Chu Ping puts in it, I will be safe! Don't worry."

Seeing his reaction, Fairy Yuheng's beautiful eyes flowed.

"It seems that you are well prepared."

"That's natural!"

Before long, the time has come.

At this time, the number of people in front of Guangmen has increased.

Chen Feng glanced, more than sixty people!

More than 60 people participated in this task.

Among them, the strength is uneven.

But Chen Feng looked at it and felt that they were all on the same level.

High, but not high.

Most people are quite laid-back, and don't take this task too seriously.

The fact is also true.

Many people regard this task as an opportunity to increase their strength.

In order to prepare for the next mission.

[Chapter 5017: Celestial immortals mixed in! Mission difficulty increased!](#)

The next task: the three-level trial task.

After the third-level trial task, it was the task of advancing to the heavenly immortal.

These two tasks are really difficult.

At this time, the vast voice of Heaven's dominance suddenly sounded.

"The world of trials, open now!"

Before the voice was over, familiar images were lit up inside the light door!

Those bizarre pictures changed rapidly.

The silhouettes of the world after another flashed by.

Here, it is just a corner of the huge tower of the entire world.

Beyond this, there are countless light gates, countless people coming in or out, and countless tasks going on.

Except for Chu Pingsheng, Destroyer Immortal, and those who participated in this mission, no one cares about this.

Everyone took out the jade card of reincarnation.

Red light fell, shining on the jade plate of reincarnation.

Pillars of light shrouded everyone.

Chen Feng is already familiar with this process.

Next, you will enter the light gate and enter the mission world.

But at this moment!

Suddenly, behind Chen Feng, a beam of blood burst into the sky!

"What happened!"

Everyone looked sideways fiercely.

Immediately, the vast voice of heaven dominating suddenly exploded!

"A twelfth gate, a sky fairy is detected in the team!"

"Fairy in the sky, pass over and enter this gate, obliterate!"

Hearing this, everyone's face changed!

The light gate where Chen Feng is located is Gate A 12!

The quest for Gate A twelve is a second-level trial quest!

Only the Trial Immortal who participated in the task for the second time was eligible to participate.

But now, a heavenly fairy appeared in the team!

Everyone was shocked.

"Fairy in the sky, even the weakest one has the strength of the eighth floor of the Star Soul Martial God Realm!"

"Why did he secretly participate in our mission?"

"What does he intend to do?"

"Is this looking for death? Doesn't he know what the price will be paid to enter this level of mission with the sky immortal?"

At the next moment, a huge voice sounded again.

"Fairy in the sky, enter the second-level trial task without authorization, according to the rules of heaven, when..."

The vast voice uttered two words coldly.

"Destroy!"

These two words, turned into supreme coercion, smashed down from the sky!

Behind Chen Feng, blood burst out!

Including Chen Feng, everyone in the team was immediately blocked and could not move!

This is the power of heaven dominating!

Chen Feng tried to regain control of his body, but found that he couldn't do it.

"How is this going?"

"Don't even kill us?"

At this moment, above the entire blood-colored light, three extremely dazzling lights suddenly lit up!

Fairy Yuheng and the others in the distance took a deep breath when they saw these three rays of light appear.

Three extremely precious supreme treasures!

"This person is planning to use these three top treasures to resist his life!"

Fairy Yuheng's face became extremely ugly.

She looked into the blood and tried to find Chen Feng.

At this time, an extremely terrifying force fell fiercely!

Smash it against this locked team!

However, despite being locked together, Chen Feng did not feel the despair of death!

It seems that the rest of them are just frozen in shape, and that power is only for individuals.

It's just that now he can't even turn his head back, can't see who the immortal in the sky is!

boom!

The three dazzling rays of light exploded with the same shocking power at the moment the terrifying force above the head smashed down!

Among the huge towers of the heavens and the world, this little corner.

Everyone temporarily lost sight and hearing.

The earth is shaking.

Many people fell to the ground.

After the heart-shaking power confrontation dissipated.

The huge voice resounded from the world again.

"Failed to kill!"

"This person lives with three high-level treasures."

"According to the rules of heaven, these three top treasures are of extremely high level and can be used for one life!"

"This sky fairy can enter this mission!"

Everyone was in an uproar upon hearing the words of the rule of heaven.

This result is so shocking!

To a certain extent, it can be regarded as a confrontation against the consciousness of the ruler of heaven!

However, before everyone reacted.

The huge voice sounded again.

"Due to the entrance of the heavenly immortals, the difficulty of the trial task at Gate A 12 has increased!"

Hearing this, Chen Feng's heart shook.

In the next second, the red light on their bodies suddenly relaxed.

Then, suddenly, there were twelve rays of light in the distance, breaking through the air.

In every ray of light, there is a figure wrapped in it.

Chen Feng saw that most of them were completely blank. Obviously, they didn't know what happened.

Boom boom boom!

The twelve rays of light fell in front of everyone fiercely.

Chen Feng turned around fiercely.

At this time, he found that he could move.

Those strong under the twelve rays of light, even though they are separated by that light, can still feel their terrifying strength!

very horrible!

At least, Chen Feng felt that the weakest of them was a bit stronger than himself!

"What is the origin of these people!"

Everyone was shocked.

These few people, each one, are much stronger than them.

They are usually big people who need them to look up.

And now, so many appeared all at once!

The voice of heaven dominates again:

"In order to balance the strength of this mission, twelve new people have joined the mission."

"Among them, three are immortals in the sky, and nine are half-step immortals in the sky!"

The three heavenly immortals were still calm.

But the other nine half-step Celestial Celestials looked strange.

The so-called half-step celestial celestial disciple means that he has completed three trial missions, but there is still a little distance from being transformed into a celestial disciple.

Have not completed the advanced task of becoming a fairy in the sky.

Many people were preparing, and they were pulled over.

However, they are also experienced and extremely shrewd.

Look at each other immediately and start looking for someone you know each other.

It is even more eyeballs, preparing for this mission, reaping great benefits!

Looking at such changes, Chen Feng had a consideration in mind.

The Celestial Celestial disciple who came in has stayed here since he used the means in accordance with the rules.

Cannot be driven out, then, the Lord of Heaven has to use another method to balance the strength of the people participating in this mission.

But there is no doubt that

"Come in with a fairy from the sky? Is it against me?"

"Now, there are three more sky fairies, nine half-step sky fairies?"

The corner of Chen Feng's mouth ticked: "Interesting!"

Not only did he have no fear, but his eyes were full of excitement like a flame burning!

The more chaotic, the easier it is to fish in troubled waters!

At this time, the number of people participating in this mission has reached more than 70!

[Chapter 5018: enter! Siege Chen Feng!](#)

The vast voice of heaven dominates for the last time.

"The mission begins!"

The red light condenses again.

Everyone was full of doubts, and the voice of discussion continued.

"Who is that fairy in the sky?"

"No matter who he is, he must have been prepared!"

"What is the purpose of a person whose strength is two major levels higher than the rest of the team members who enter such a trial mission?"

"I don't think it's only two levels higher, just two levels higher, can you get those three top magic weapons!"

For a while, everyone speculated.

Even the people in the team looked at each other and looked at each other.

Everyone's face was full of horror.

However, no one knows who is the fairy in the sky.

"Big Brother!"

Tianchou beast slave looked at Chen Feng.

Chen Feng looked calm and nodded.

He was calm, and he was not surprised by this change.

His eyes looked outward and fell on Chu Pingsheng who was seeing off outside.

I saw Chu Ping stand with his hands in his hands.

Seeing Chen Feng's gaze, a smile appeared on his face.

Afterwards, he took out his hand to bid Chen Feng goodbye.

Seeing his reaction, Chen Feng felt even more cold.

Obviously, the immortal in the sky who came in was his person.

The Tiancun Beast Slave standing next to Chen Feng gritted his teeth when he saw this scene!

"Big Brother, this Chu Ping wants you to die!"

Chen Feng nodded gently.

"However, it's not unexpected."

Hearing Chen Feng's words, the Tiancun Beast Slave's face was surprised.

"Brother, you already knew?"

"This trial mission, if he didn't react at all, that would be strange."

Chen Feng turned around.

"This mission will be extremely dangerous."

"Tian Can, once we are separated, you must act low-key and survive!"

As his voice fell, the red light that enveloped the entire team broke out again!

In the next second, Chen Feng and others disappeared from the door.

Chen Feng only felt his figure sway.

Once again, they have entered the space-time channel.

As soon as Chen Feng saw the passage of time and space they entered, his expression was taken aback.

Normally, he enters the trial mission with others, and what he enters is a blood-red space-time channel.

But, now, what appeared in front of us was a dark passage!

Chen Feng was stunned for a moment, and immediately reacted.

It was his destiny title that played a role!

However, Chen Feng noticed that the time-space channel suddenly changed from red to black, and no one else seemed to respond.

He whispered to the beast slave beside him.

The result is no surprise!

Except that he can see this pitch-black space-time passage, no one else can see it!

"It seems that my god-level villain's destiny title is still somewhat advantageous."

"I don't know what other abilities it has."

However, these will be left to explore slowly later.

Chen Feng and his party followed this special time and space channel and soon came to the world of this trial mission.

...

This is a bustling city.

It was night at the moment, and the sky was misty, and there were no stars in sight.

In the distance, Wanjia was brightly lit.

At this moment, in a corner that no one perceives, the void suddenly tore!

The next moment, a figure leaps out of it.

When this person walked out, the dark crack closed instantly and disappeared.

The person who appeared was Chen Feng!

Stepping out of that special dark space-time passage, Chen Feng is already ready at this moment.

Simply glanced around.

There are bright lights, and there are many exquisite and gorgeous pavilions in the distance.

What is special is that these pavilions are floating in mid-air!

Chen Feng looked up along the line of sight.

Above the night, in the sky, there are constantly peculiar flying boats passing by!

On each flying boat, there are countless strong people.

Carefully released the divine consciousness, and briefly probed.

The powerhouses on these flying boats have strong auras.

Chen Feng can be sure that this is a trial world completely unfamiliar to him.

The immortality here is quite strong!

Moreover, the cultivators here are not low in strength.

According to preliminary judgment, this trial world is probably a little weaker than the Xuanhuang Zhongqian world.

It is also the level of the world.

However, Chen Feng quickly realized that this does not seem to be a complete world.

Because there is something more in this world.

He walked out of the corner and soon came to the sky above the city.

Just above this huge city, a huge whirlpool is slowly spinning!

Endless suction comes from the center of this huge vortex.

It is thick and boundless, the deeper it goes, the darker the color!

All flying boats have to bypass this huge vortex.

This vortex seems to swallow the world.

Chen Feng released his mental power to the surroundings.

Sure enough, the void of this world is chaotic.

In different places, the richness of immortality is completely different!

Even, some places can't feel immortality at all!

It feels that many places in this world are torn apart!

"How could this be?"

Chen Feng was thinking. Suddenly, his divine consciousness detected three auras!

It is three trial immortals!

The three seem to know each other and have reached some kind of cooperation.

It can be seen from the way they approached Chen Feng.

They are rushing from three different directions, but the purpose is all one person!

Chen Feng!

They want to siege Chen Feng!

Chen Feng did not move.

He kept his original posture, standing with his hands behind.

It seemed that he hadn't detected three ants approaching at all.

However, in the place where the three of them did not see, Chen Feng curled up his lips and raised a smile.

The three low-level trial immortals in a mere trivial area actually wanted to make his mind.

Moreover, I want to attack!

What a foolish dream!

As soon as they approached Chen Feng, Chen Feng had already detected the strength of these three people.

The strongest strength is only the fifth floor of the Star Soul Martial God Realm.

Chen Feng didn't even need to use his hole cards to deal with such people.

You can smash to death with a fist!

However, he did not immediately make a move.

On the contrary, Chen Feng's mental power was released.

Soon, he clearly heard the secret transmission of these three people.

One of the rugged big guys, even though he lowered his voice, still laughed quite arrogantly.

"Unexpectedly, our luck is really good!"

"As soon as I entered this trial mission, I met a guy who was alone."

The other tall and thin man stared at Chen Feng secretly, his voice turned into a unique sound wave, and quietly dispersed into the ears of the other two.

"I'll attack first and trap him in a while."

"Dugu Xiong, you seize the moment and go up and attack!"

"Peng Tiancheng, you stay here, responsible for defense."

"it is good!"

"understood!"

Hearing their plan, Chen Feng curled his lips invisibly.

"Do it!"

[Chapter 5019: A windfall! The origin of nine magical powers!](#)

With an order.

A bright white light burst out in the attic where the three of them were hidden!

The person who spoke was holding a silver-white bow in his hand, and the goal was directed at Chen Feng!

At this moment, Chen Feng turned around and looked in the direction where they were hiding.

"Only the fifth floor of the Star Soul Martial God Realm, dare to attack me."

Chen Feng snorted and punched directly.

Subsequently, his figure disappeared from the place!

Seeing this scene, the planner's face changed and he exclaimed.

"not good!"

In the next instant, Chen Feng's voice had appeared in his ears.

"It's too late!"

With that said, his figure has actually appeared in front of the three!

"The kid is looking for death!"

A rough man suddenly broke in from the side and threw a punch at Chen Feng as well.

Chen Feng's eyes were extremely cold.

"I can't help myself!"

With a punch out, I heard the crisp sound of the opponent's bones cracking unsurprisingly!

Immediately, a scream came.

Chen Feng's punch directly smashed half of this rough man to pieces!

He didn't show mercy, and turned his back on his back.

To deal with this kind of ants, this simplest move is enough!

"Not good! Withdraw quickly!"

The person holding the silver-white bow immediately changed his expression when he saw Chen Feng making a move.

Before he could reach out to rescue him, he turned around to flee for the first time.

Chen Feng sneered.

"Run now, don't you think it's a bit late?"

As he said, he slapped a punch in the air.

The running tall and thin man spouted blood and instantly lost his life!

In the blink of an eye, two of the three were already dead.

Chen Feng turned around and stared at the remaining man.

The three people who came for the sneak attack, dressed in the same clothes, seemed to be from the same team.

Just now, that rough man actually said it right.

As soon as he fell into the trial world, he was able to reunite with his companions immediately. This luck was indeed good.

But, unfortunately, they should not provoke Chen Feng!

Chen Feng walked towards the third person.

The third person has a long body and is holding a blue-violet residual lamp.

Seeing Chen Feng coming, he looked terrified and he didn't even have the idea of running away.

Among the three, he is the weakest.

Moreover, his main field is defense, not offense!

The other two did not even have the ability to strike against Chen Feng, let alone him!

Chen Feng looked at his pale face and smiled quickly.

"Don't worry, I won't kill you for now."

"But you don't have to think about running away."

While speaking, Chen Feng waved.

Two bodies were grabbed by him.

In front of the remaining person, Chen Feng rudely searched.

Although the strength of these two people is not high, they did not expect to gain a lot!

However, there is not much value.

After Chen Feng was ready to go back, he sold it directly.

He doesn't use these things.

Suddenly, Chen Feng's eyes lit up.

He didn't expect that this harvest was unexpectedly happy.

"The origin of supernatural powers!"

Moreover, it is the origin of the nine magical powers!

Chen Feng was surprised and happy.

Suddenly, he stepped on the remaining man.

"If you have this good thing, I advise you to be honest and hand it over!"

The thin man was shaking all over.

"I do not have....."

Chen Feng looked slantingly with cold eyes.

"The three of you teamed up. The two of them have nine magical powers, but you don't have any."

"Do you think I believe it?"

Upon hearing Chen Feng's words, the thin man wanted to cry without tears.

"I really didn't..."

Chen Feng snorted and didn't say more.

Heaven and earth reincarnated in heaven and earth, and suddenly made power.

The next moment, the thin man felt a blue light flashing in front of him.

In the spiritual world, a huge dark blue pupil appeared quietly.

The next moment, the light flashed!

The mighty mental power swept him under control instantly!

The fear on the face of the thin man suddenly froze.

The whole person was dumbfounded, like a walking dead.

Since Chen Feng was promoted to the third floor of the Star Soul Martial God Realm, the effect of Heaven and Earth's repeated reincarnation of Heaven and Earth has had new surprises.

To deal with such a low-powered opponent, just do this directly, and don't worry about him not telling the truth.

Chen Feng smiled and looked at the sluggish thin man.

"Hand over all your resources!"

Hearing what he said, the thin man was completely manipulated, and obediently handed over all his resources.

Chen Feng took a look, and there was really no source of magical powers.

He frowned, looked at the thin man, and asked the previous question again.

Chen Feng was also embarrassed by the answer.

Just now, what the thin man said was really the truth.

The two were vulnerable in front of Chen Feng, but in front of others, they were still very powerful!

Not only are they strong, but they also have quite a chance.

In the last trial mission, the two of them went together, and happened to have a great chance.

"Originally, they wanted to gather ten sources of magical powers to upgrade a very high-level magical power."

Having said that, even when he is manipulated by his consciousness, the thin man still naturally shows his sorrow.

"Before I waited for the tenth source of magic power, I was killed by you."

Upon hearing this, Chen Feng simply withdrew his mental control.

The thin man suddenly recovered his spiritual consciousness, was at a loss for a moment, and then recovered.

He suddenly looked at Chen Feng.

"its not right!"

"Even if the owner of the source of magical powers is killed, the source of magical powers they possess will never appear, but will dissipate directly."

The thin man stared at Chen Feng, his eyes filled with puzzlement.

"how did you do it?"

Upon hearing these words, Chen Feng smiled and said nothing.

But my heart was very happy.

His god-level villain, the title of fate, has finally begun to show its unique advantages!

In the last trial mission, Chen Feng accumulated a total of 21 magical powers.

Together with these nine, it is exactly 30 magical power sources.

"Thirty sources of magical powers should be able to improve several of my magical powers."

In fact, since the start of the new trial mission, Chen Feng had a lot of plans in his mind.

Destroyer Immortal Weng, Chu Pingsheng and others can't wait to frustrate him, they will definitely kill him.

Moreover, because of Chu Pingsheng's dark hands, the difficulty of this trial mission has suddenly increased!

These status quo makes him urgently need to improve his hole cards!

And these 30 magical powers can be used to improve his hole cards!

Involuntarily speaking, Chen Feng picked up the thin man and left.

Chen Feng had known the name of the thin man before, called Peng Tiancheng.

Chen Feng didn't kill him directly.

Chen Feng has other considerations for the usefulness of this person.

And this Peng Tiancheng is also a person who knows the current affairs.

After seeing Chen Feng's thundering methods, he has self-knowledge.

With his own strength, there is no way to escape.

However, Peng Tiancheng is also a perverse person.

He could see that Chen Feng had no strong killing intent on him.

[Chapter 5020: Heaven and earth turn over and reincarnation magic! Break into the third floor!](#)

Just knowing that he might still be useful.

Maybe, if you perform well enough, you can get a life for your own worth!

As a result, before Chen Feng could speak, he hurriedly laughed.

"My son, I didn't have much to do with those two, it's better to save my life. I'm willing to saddle up for the son!"

He was bent over and his face was full of flattery.

Seeing Peng Tiancheng like this, Chen Feng was stunned for a moment, and then laughed.

"You are a smart one."

"Well, you can go with me first, maybe it will be useful for you later."

With that, Chen Feng picked up Peng Tiancheng's collar and disappeared into the night.

After a while, they appeared in an unremarkable abandoned house.

Compared with the thousands of lights in the distance, the silence of this abandoned house is even more desolate.

Chen Feng released divine consciousness towards the surroundings.

After confirming that there was no danger, he began to try to imprint the source of these thirty magical powers on his three magical powers.

However, as soon as he tried, Chen Feng's face showed a dumbfounding look.

He originally thought that these 30 magical powers were just enough for his three magical powers to improve.

But I didn't expect that the Taishang Zhutian Sword Formation and the Buddha's Angry Lion Roar Skill are indeed ten magical powers, which can be upgraded by one level.

However, the repetitive reincarnation of heaven and earth is not true!

It actually needs thirty!

This made Chen Feng smack, but his heart was also quite shocked.

The repetitive reincarnation of this world is too terrifying!

However, after being surprised, Chen Feng was extremely happy.

The more magical power sources that need to be consumed, the more it proves that his repetitive reincarnation of heaven and earth is extremely special!

"Then, let's promote you!"

In the end, Chen Feng chose to enhance the heaven and earth repetitive reincarnation magic among the three magical powers.

When the 30 source of magical powers were all printed on the repetitive reincarnation of heaven and earth.

Chen Feng was so relieved that he almost closed his eyes.

The three huge dark blue pupils suddenly emitted dazzling light.

No need to practice, no need to wait, and even no effort to comprehend.

In the next instant, he could feel the source of the 30 magical powers, instantly absorbed by the heaven and earth's repeated reincarnation magic.

Then, Heaven and Earth repeated the reincarnation magic, and without his drive, three huge erect blue pupils appeared automatically.

The next moment, Chen Feng only felt a shock in his mind!

Returning to God, he has appeared in the reincarnation space of heaven and earth's recurring reincarnation magic.

The 30 magical powers, like spring rain, poured into this space of reincarnation quickly.

The whole space began to tremble!

Then, at a speed visible to the naked eye, it began to expand!

The speed of expansion is incredible!

Chen Feng only felt that his mind sank into it unconsciously, and his whole body was indescribably comfortable!

However, the speed of expansion is too fast!

The next moment, only a loud boom was heard.

Heaven and earth repeatedly reincarnate in the magical space, breaking again!

This time, together with the three huge erect pupils inside, they collapsed together!

Then, regroup again!

The three rays of light blue, light white, and black, blast all over the sky!

Before Chen Feng could react, the shattered space around him was reorganized again!

It's changed again!

At this moment, Chen Feng seems to be in the vast world.

Desolate in ancient times, boundless!

There seems to be a mist above the head, and there seems to be a mass of chaos under the feet!

Those are the purest spiritual power!

This space of repetitive reincarnation is more than ten times larger than before!

Not only that, even the three erect pupils in front of Chen Feng have undergone different changes!

From left and right, three erect pupils are still flashing with faint blue light, clear white light, and black magic light!

However, they are exactly twice as big as before!

At the same time, even the shining light is much more dazzling than before!

They are like three dazzling stars, shining through this infinite sky!

"No, there are still changes!"

At the center of the three huge eyes erected in front of him, a circle of deeper pupils slowly appeared!

The three newly-appearing pupils burst out with three-color light at the same time.

Chen Feng was irritated and closed his eyes subconsciously.

After the light faded, he opened his eyes again and looked at the three deeper pupils.

"what is this!"

Chen Feng was shocked!

Among the three pupils, there was continuous bright light flowing.

When Chen Feng looked over, he seemed to be able to see reincarnation forever through them!

Hum!

At this time, three rays of light of different colors, through Chen Feng's eyes, directly imprinted into his mind.

Some information suddenly appeared in his mind.

In the next second, he excited himself uncontrollably.

Heaven and earth repeatedly reincarnation magic, officially broke through and entered the third layer!

The top of the sky is really a place to give hope!

Chen Feng had never thought that breaking through supernatural powers could be so easy!

He couldn't wait to realize it, and wanted to know what ability was added to this third layer.

However, soon, a wry smile appeared on Chen Feng's face.

"It seems that using magical powers to make breakthroughs is just to make magical powers reach the minimum standard for new breakthroughs.

The third layer of heaven and earth repetitive reincarnation magic has three main abilities.

The first major ability is actually retaining the previous ability.

In addition to the simplest and rude mental attack, he can still see the third life of others through the dark blue pupils!

The past life, this life, and the next life will all be in that huge dark blue pupil, with nowhere to escape!

This ability, seemingly tasteless, can not achieve any effective attack.

But Chen Feng has an instinct.

He can feel that this ability will be of great use in the follow-up!

The second ability shocked Chen Feng's spirit!

This second greatest ability is mainly the ability of that black magic pupil.

Chen Feng came to the black magic pupil on the far right.

The black light like ink is really weird.

There seemed to be a mysterious and unpredictable aura that was inducing something.

When Chen Feng stared at it, he saw the light quickly condensing in the jet black pupil.

In the most central position, a...

Devil heart!

This demon heart, the size of a punch, is no different from an ordinary human heart.

But its whole body is black and there is no entity.

The endless black light dissipated, and this demon heart appeared in front of Chen Feng.

At a glance, Chen Feng knew its efficacy.

This demon heart can be planted directly into the spiritual world of others!

Once planted in it, this devil's heart will take root in it like a seed, take root and sprout, and thrive!

After that, Chen Feng could see all the other's thoughts!

Even after he has fully mastered the third layer of the repetitive reincarnation of the world, he can directly control the person who planted the devil heart!
