

Peerless 5021

[Chapter 5021: Plant the devil!](#)

It's like a living puppet!

Chen Feng was overjoyed on the spot!

"It's worthy of the repetitive reincarnation of heaven and earth! This is too bad!"

If you can plant the Devil Heart into the spiritual world of Chu Pingsheng and others, you can not only see all his dark hands.

You can even directly turn your dead enemy into your own puppet!

Chen Fengqiang resisted his excitement and looked at the third pupil that released a clear white light again.

However, it was this third ability that made him smile.

The source of magical powers directly broke through the heaven and earth's repetitive reincarnation magic arts to the third level, but because Chen Feng himself had not yet reached the level of breakthrough.

Therefore, the current Chen Feng is only just breaking through the third layer.

He couldn't even unlock this third ability!

You can only see some mysterious pictures through the endless white light.

However, Chen Feng just smiled bitterly, and immediately cheered up.

This hidden third ability will be revealed sooner or later.

At present, with the new ability of Moxin, it is enough!

Chen Feng immediately returned to reality.

In the dark, run-down abandoned house, Peng Tiancheng, who fell to the ground, was tiptoeing, preparing to escape.

"Did I let you go?"

Chen Feng's voice suddenly remembered in this silent house.

Peng Tiancheng's back was instantly stiff!

His face was pale, with cold sweat.

"The son... the son spares his life..."

Peng Tiancheng was crying, and his regretful bowels were invited.

"If I said, I don't want to leave, but just want to inquire about the surrounding situation for the son, would you believe him?"

Having said this, Peng Tiancheng turned around and knelt directly on the ground.

Chen Feng laughed.

Although this person is mediocre, it's quite interesting, and he's also a person who knows how to wink.

Although there may not be any achievements, the chances of survival are not small.

As early as when he saw the power of Demon Heart, Chen Feng had a plan in his heart.

"You raise your head."

Chen Feng walked to Peng Tiancheng.

Behind him, a black magic pupil suddenly appeared.

It is huge, covering Chen Feng's figure.

The black magic pupil flashed a weird light instantly.

This light directly penetrated Peng Tiancheng's eyes!

As soon as Peng Tiancheng raised his head, his eyes suddenly lit up with two touches of black!

However, these two shades of black are fleeting.

If it hadn't been for Chen Feng's constant observation, he wouldn't have even noticed this strange.

Peng Tian is a human being, even more unaware.

His eyes instantly restored their original appearance!

It succeeded!

Chen Feng was overjoyed.

The distance was so close, and there was a significant gap between the strength of the two, and he effortlessly planted the demon heart that had just condensed into Peng Tiancheng's spiritual world.

In an instant, a strange consciousness flooded into Chen Feng's mind!

"Is he going to kill me?"

"Why keep looking at me?"

"Am I not being sincere enough?"

"How can I tell him, I really dare not do anything to him!"

"I just don't want to die!"

...

These are the current thoughts of Peng Tiancheng in front of you!

Chen Feng could detect it without fail!

Not only did he detect it, he could even feel the emotions of the other party.

It seems that this Peng Tiancheng is really scared to death.

Just be afraid of death.

Chen Fengqiang held back the joy in his heart and said with a cold face.

"I ask you, are you related to Cthulhu Valley?"

As soon as the voice fell, before Peng Tiancheng opened his mouth to answer, Chen Feng received an idea in his mind.

"What can I have to do with Cthulhu Valley?"

"Who the **** is this person? Isn't he an enemy of Cthulhu Valley?"

"By the way, before entering the trial mission this time, the Dementor Immortal seemed to have brought people over, and seemed to be in conflict with them."

"Is it just with him?"

Prying into his thoughts, Chen Feng had another idea in his mind.

It seems that there is no more.

Sure enough, the next moment, Peng Tiancheng replied very obediently.

"Nothing to do."

Chen Feng nodded and asked again.

"Then do you know other people who entered this trial mission?"

This time, he finally received the content of interest in his mind.

"Other people? Except for Dugu Xiong and Shi Fengyu just now, I know a few more."

"The other is a half-step sky fairy."

"However, this person asks me what this is for? Does he want me to be his undercover?"

"Sure enough, in this team, do the Cthulhu Valley people want to kill him?"

"So, he took precautions before it happened?"

This Peng Tiancheng is really a person who can break his thoughts.

There are many thoughts in my mind.

However, Chen Feng was very satisfied with these ideas of Peng Tiancheng.

He is clever and knows how to wink.

Moreover, I know a lot of people.

It's useful.

If you let him go, let him contact other people.

Even infiltrating other people's interior, this Peng Tiancheng is equivalent to becoming Chen Feng's eyes!

Whatever Peng Tiancheng sees, even if they are far away, Chen Feng can receive it immediately!

With Peng Tiancheng's clever energy, he might actually be able to help him find the heavenly immortal!

That person must have been sent by Chu Pingsheng!

Chen Feng can confirm that the immortal in the sky must be looking for him now.

It's up to us, whoever finds out first!

This time, without waiting for Peng Tiancheng to speak, Chen Feng had a new move.

The black magic pupil flashed a strange light again.

Chen Feng stared directly at Peng Tiancheng's eyes.

Although, at present, he did not fully grasp the third layer of heaven and earth repetitive reincarnation magic.

But Peng Tiancheng's ability mainly lies in defense.

His aggressiveness is actually very weak.

Chen Feng gave him psychological hints almost without much effort.

"I will let you go. But then, you will try to contact other people who enter this trial mission as much as possible."

After releasing Peng Tiancheng, Chen Feng walked out of the abandoned house.

At this moment, the vast voice of the Lord of Heaven suddenly sounded in his heart.

"Xuanwu Zhongqian World, for this mission world!"

"The Xuanwu Zhongqian World has stretched for thousands of years, vast surging, and extremely powerful."

"The place where you come is Duanmu Xiancheng, located in the middle earth of Xuanwu Zhongqian World."

The voice of God's dominance kept ringing in his mind.

Chen Feng also knew the specific situation of the mission world this time.

In the whole area of Middle-earth, this city is the largest and magnificent.

The reason why this Duanmu Fairy City is called Duanmu Fairy City is very simple.

For a long time, Duanmu family dominated this.

At first, Duanmu Xiancheng was not called by this name, but only met the ancestors of the Duanmu family.

The ancestor directly changed this city with his supreme reputation.

Named Duanmu Xiancheng!

As the years change, the Duanmu family takes root and develops here.

The flags belonging to the Duanmu family can be seen from far and near, flying in major wine shops, auction houses, treasure chests and other places.

[Chapter 5022: ecstasy! The hope of awakening the blood of gods and demons!](#)

Chen Feng estimated it.

The strength of this family of wood is not weaker than most of the immortal cultivation sects in the Xuanhuang Zhongqian world.

Of course, it is definitely not comparable to the Galaxy Sword Sect.

But it must not be underestimated.

According to the introduction given by the Lord of Heaven, the current head of the Duanmu family is named Duanmu Yunwen.

He is currently a master at the pinnacle of the tenth building in the Divine Gang Realm.

Duanmu Yunwen gave birth to a son named Duanmuxi, born in the blood of ancient gods and demons!

Duan Muxi cultivated hard since he was a child, and after three hundred years, he awakened the blood of the ancient gods and demons in his body in one fell swoop.

At the same time, he also received an invitation letter from the "Gods and Demons" conference.

Qualified to participate in the Dao of Gods and Demons held at the top of Qinglian Xianshan ten years later.

In this Xuanwu Central Thousand Worlds, the Avenue of Gods and Demons is extremely prosperous, and it can be said that it crushes all the other side doors.

And this 50-year "God and Demon Discussion" conference is a grand gathering of today's various big sects, families, and gods and demons!

All the gods and demons who have been awakened during these fifty years can be invited to participate in the "God and Demons".

During this period, the gods and demon body refiners can also compete.

In order to add some gimmicks to this grand event, after the competition, the winner will have extremely rich rewards.

Hearing this, Chen Feng's heart couldn't stop jumping wildly!

An ecstasy!

Avenue of Gods and Demons!

He never expected that the Avenue of Gods and Demons was almost extinct in the thousands of worlds in the black and yellow!

Actually there are still some remaining in this world!

This news is really exciting!

You know, after learning about the path of **** and demon body refining, Chen Feng had a very strong idea in his heart.

Inspire and open your own bloodline of gods and demons, become a **** and devil body refiner, and embark on the road of **** and demon body refinement.

This will be his road of cultivation in the future!

In order to find out how to inspire his bloodline of ancient gods and demons, Chen Feng has spent a lot of effort.

There may be related books in the Jiutian Tibetan Scripture Pavilion of the Galaxy Sword Sect.

He did not hesitate to replace countless demon beheaded on the battlefield outside the territory with great merits in the sect.

However, the five thousand sects of great merit that were replaced did not even reach the threshold for opening the first floor of the Jiutian Tibetan Scripture Pavilion.

Not to mention entering it to find the content related to activating the blood of the gods and demons.

However, I really didn't expect that after a lot of effort, there would be unexpected joy at this time.

It's really another village!

How could this news not make Chen Feng's heart surging!

This is an excellent opportunity!

Since Duan Muxi can awaken the blood of the gods and demons in his body, this means two things.

First, this world must have a way to activate the blood of gods and demons.

Second, at the same time, there must be a powerful enough method for those with the blood of gods and demons to practice.

Without one of the two, it is impossible for this world to hold a grand gathering of "Gods and Demons"!

For Chen Feng, these two are the most difficult to find!

The significance of these two is extremely important!

Chen Feng originally thought about how many sects must be accumulated before he could obtain the method of activating the bloodline of the gods and demons and the methods for the cultivation of the bloodlines of the gods and demons.

Tens of thousands?

Even hundreds of thousands?

How long should I accumulate!

But now, Chen Feng's most scarce thing is time!

People like Immortal Contemplation, Chu Pingsheng and others, if they were not on the top of the sky and were sheltered by the rules of heaven, he would be unable to resist from the beginning.

However, the protection of the rules of heaven has various loopholes after all.

For example, the last time Snake Seventeen, such as the unknown Celestial Celestial this time.

In addition, he also had a three-month appointment with Yi Changkong, and he had a bad relationship with Elder Murong of the Tianquan Sword Sect.

The crisis never left!

Chen Feng, can't wait for a long time!

And if he could activate the blood of the gods and demons in his body in this Xuanwu Middle Thousand World, and find a method suitable for his physique.

That will be the other side again!

Chen Fengqiang resisted the surging heart, just listened to the vast voice of heaven dominating in his mind, and continued to ring.

"Duanmu Xigang awakened the blood of the gods and demons, full of spirit and condescending."

"He dropped forty-nine invitations. After half a month, he discussed the Dao with the many masters who received the invitations in the City Lord's Mansion."

"At present, all the masters in Duanmu Fairy City will regard this gathering as their greatest glory, and they will fight for the spot."

After the introduction, Chen Feng was stunned.

In his heart, vaguely already had a general guess about this trial task.

The huge voice continued.

"Of the forty-nine invitations, thirty-five are designated candidates, and the remaining fourteen are unnamed."

"One of the regular tasks of this trial mission is to compete for the remaining 14 invitations. After 15 days, enter the City Lord's Mansion with the invitations!"

"The loser, kill!"

Hearing this, Chen Feng was extremely shocked.

Fourteen invitations without name, which means that whoever grabs them will go to whom.

Before entering the City Lord's Mansion and presenting the invitation letter, even if it is a minute and a second in advance, it may be attacked and robbed by others!

The regular task issued by the Lord of Heaven is to allow everyone participating in the trial to compete for these fourteen invitations.

You know, there are dozens of people who have entered this trial world this time!

Dozens of people competed for 14 invitations, which means that most of this task will be obliterated!

"The rule of heaven is too cruel!"

Although Chen Feng had known for a long time that the Lord of Heaven was always cruel, he was still shocked for a long time when he heard this.

After the announcement of the regular mission, the huge voice continued to sound.

of course.

That was a voice that anyone could hear just now.

And now, only Chen Feng can hear the voice of the Lord of Heaven,
because!

This time, it was given to a single mission with the destiny title of "God-level villain".

There are two tasks in total, both of which are mandatory tasks and must be completed.

First, kill at least thirty people from the top of the sky!

If the mission is completed, you will get all the treasures of all the killers, as well as the jade slips of the heavens that are not currently used on them.

As for the second, it is not yet visible.

It seems that it is only after completing the first mandatory task to be eligible to know.

Seeing this, Chen Feng looked bitter.

I thought that for everyone to compete for 14 invitations, this routine task was cruel enough.

Unexpectedly, the task dedicated to him is even more ruthless!

Killing at least thirty people from the top of the sky, this is equivalent to letting him kill half of the team!

"It seems that the destiny title of this 'God-level villain' is destined to make me stand on the opposite side of everyone in every trial mission!"

After understanding the specific content of this trial mission, Chen Feng quickly recovered his peace of mind.

[Chapter 5023: Disdain](#)

As soon as he entered this world, he was dealing with the three sneak attackers.

So far, he hasn't even sensed the aura of the beast slave.

I don't know where the Tianchou Beast Slave landed.

Thinking of this, Chen Feng released his spiritual consciousness and released it to the surroundings.

However, what surprised him was that he did not perceive the breath of Tiancun Beast Slave!

The divine consciousness was released, and it didn't stretch out for a long time before it was inexplicably blocked.

It's like an invisible ball of cotton hidden in the air, and it will be blocked when the divine sense spies out.

Although he won't be attacked, he can't test further.

This world is really special.

Even the air has many special restrictions!

"It seems that for the time being it is impossible to reunite with Tian Can."

Chen Feng thought so in his heart.

However, he didn't care too much.

If you can't do it temporarily, don't think about it, wait and talk about it later.

Chen Feng retracted his spiritual consciousness and walked out of the abandoned house.

He looked around again.

In the distance, there are many floating mountains, large and small, and many flying boats coming and going in the sky.

Those are all immortal cultivators in Duanmu Fairy City.

Duanmu Xiancheng is extremely prosperous.

With no end in sight, Chen Feng estimated that at least there is a radius of thousands of miles.

Moreover, this is a three-dimensional city.

The floating mountains, large and small, are scattered high and low.

Chen Feng observed for a while, his location was probably on the western edge of the city.

Chen Feng's existence did not attract the attention of other cultivators.

The immortal cultivator here feels the same as the one in Xuanhuang Zhongqianqi.

Soon, Chen Feng chose a direction and moved forward slowly.

The speed remains within a controllable range.

Since the distance that the divine consciousness can extend is limited, it means that the range of perceiving danger is limited.

Chen Feng can be regarded as having a lot of experience, and he knows what to do in this situation.

Duanmu Fairy City is very big!

Chen Feng moved forward for an hour, and never saw the slightest edge in his sight.

It seems that the entire vast land is covered by Duanmu Xiancheng!

Fortunately, it didn't take long.

Chen Feng saw a figure from a distance, and approached him quickly from a distance!

Someone!

Almost instantly, Chen Feng could tell the difference.

That is the person from the top of the sky!

The cultivation base of the fifth floor of the Star Soul Martial God Realm was considered weak in the entire trial team.

Between the sparks and flints, Chen Feng's eyes were condensed and cautious, and his spirit was tense.

The task given to him by the Lord of Heaven is to kill more than 30 fellow travelers as much as possible.

Soon, the other party also noticed Chen Feng.

"Under Shao Hongzhe, I wonder if the son is willing to go with him?"

After speaking, he took the initiative to hold his fists, and his attitude was very kind.

Chen Feng didn't expect that the other party would come to such a trick.

They all say that they don't hit the smiley people with their hands.

People took the initiative to show good, if Chen Feng violently kills, he always feels inappropriate.

Therefore, when Shao Hongzhe came to Chen Feng, he did not do anything.

"Thank you son for not killing."

When he arrived, Shao Hongzhe held his fists respectfully.

There was a peaceful smile in Chen Feng's eyebrows, and he was still wary.

"Why do you say that?"

Shao Hongzhe in front of him, with a feather fan and a towel, has an elegant and easygoing temperament.

Especially when he was born with a good skin, with thin lips slightly raised, like a smile.

Anyone who sees it will subconsciously feel close to him.

Seeing Chen Feng's question, Shao Hongzhe laughed.

"I'm not talented at the next level, and my strength is not good, but I'm a little keen in some aspects."

"The young master's cultivation level seems to be inferior, but his whole body is full of blood, even extremely strong."

"I don't want to die, so thank you son for not killing me."

Hearing this explanation, Chen Feng also had some points in his heart.

This time, the people who were selected by the dominion of the heavens and entered the trial mission actually had their own abilities.

Some people, although their cultivation strength is not as good as human beings, they have special features in other aspects.

It is also a survival skill.

Shao Hongzhe looked at Chen Feng and made suggestions again.

"The son and I are currently alone."

"Why don't you go with me?"

"In this way, you can hide yourself, and I can also have an extra guarantee of survival."

Chen Feng thought for a while and agreed.

Before he found the immortal in the sky, it would be no harm to him to have a companion.

"it is good."

The two quickly reached an agreement and walked side by side.

Chen Feng had no particular impression of Shao Hongzhe's appearance.

"In this trial mission, were you selected alone?"

Shao Hongzhe shook his head.

He was smiling, with a very kind attitude, and a smile on his face.

"I also have a companion named He Yuanzhou."

With that said, Shao Hongzhe turned his hand and took out a small and delicate copper bell.

On the copper bell, there are numerous and complicated textures carved.

"With this bell for chasing the sky and escape from the ground, even with limited divine consciousness, you can still sense the location of another copper bell for the first time."

Speaking of this, Shao Hongzhe seemed to remember something and looked at Chen Feng.

"I don't know if the son minds, meet my companion first?"

Chen Feng was not afraid of what Shao Hongzhe would do.

If he wanted to integrate the inside and outside, with Chen Feng's current strength, it would not be difficult to fight back.

Maybe it can develop into his two eyeliners.

Thinking of this, Chen Feng nodded.

"Then go."

Shao Hongzhe smiled happily when he heard Chen Feng's statement.

I saw that he flipped the chasing heaven and escape ground bell in his hand, and soon the sound of the bell spread straight to another direction.

"there."

Shao Hongzhe put away the chasing bell, and the two quickly rushed in that direction.

Soon, Chen Feng met Shao Hongzhe's companion, He Yuanzhou.

He Yuanzhou was muscular all over, dressed in black, and he also held a bell in his hand.

When the two of Chen Feng appeared, He Yuanzhou's face sank at a speed visible to the naked eye.

At the same time, the breath in his body was unceremoniously released.

It's like a kind of distraction.

The peak of the fifth floor of the Star Soul Martial God Realm.

One point stronger than Shao Hongzhe.

It can be seen at a glance that this He Yuanzhou is completely different from Shao Hongzhe.

"Big Brother."

When Shao Hongzhe saw He Yuanzhou, his eyes lit up.

However, He Yuanzhou's sight remained on Chen Feng.

"Brother Hongzhe, you brought such a stuff from the third floor of the Star Soul Martial God Realm, do you think we are not weak enough?"

Hearing He Yuanzhou's words, Chen Feng's heart sneered.

However, he knew that this was a normal reaction.

Not everyone is like Shao Hongzhe.

When perceiving that the opponent's skills are not as good as others, in this precarious world of trials, no one will be kind to the "weak".

[Chapter 5024: Suddenly powerful attack!](#)

Fortunately, Chen Feng is not weak.

Although he is the third floor of the Star Soul Martial God Realm, he is now enough to crush the fifth floor of the Star Soul Martial God Realm!

Even stronger than before!

Like He Yuanzhou's level, Chen Feng can crush to death with one hand!

Hearing He Yuanzhou's words, Shao Hongzhe was embarrassed.

"Big Brother, this Young Master Chen is not a burden."

"I want him to walk with us..."

Before he finished his words, He Yuanzhou interrupted him directly and roughly.

Looking at Chen Feng's face, it was even more condescending, full of contempt and disdain.

"Why isn't the state of the third building in a mere cumbersome?"

"Brother Hongzhe, don't be fascinated by such a person with a lot of flowers!"

As he said, he spoke directly to Chen Feng.

"Anyone who is more acquainted, has already gone out by himself now!"

"Big Brother!"

Shao Hongzhe was also anxious.

"Big brother, I took the initiative to invite Master Chen to walk with me. You are driving people like this, where do you put me."

He Yuanzhou's attitude changed after hearing what Shao Hongzhe said.

However, the look in Chen Feng's eyes was still domineering.

"In that case, you will stay with us temporarily. But everything depends on me!"

"Anyone who doesn't do what I say, don't blame my ruthless men!"

Chen Feng glanced at him indifferently, then turned to look around.

They are now in a desolate place.

The bright lights are faintly invisible, and there are only large and small floating mountains in the eye.

Under the huge weird whirlpool overhead, some of these floating mountains are even floating up and down.

Seeing Chen Feng's total ignorance, He Yuanzhou's expression became darker.

He wanted to do it directly and give Chen Feng a lesson.

In the end, Shao Hongzhe persuaded it.

He Yuanzhou looked at Shao Hongzhe, looking like he hated iron but not steel.

"Brother Hongzhe, if you don't change your character, you will encounter accidents sooner or later!"

In this regard, Shao Hongzhe only smiled helplessly.

"Brother, if you don't have me, your character will be even more dangerous."

In this regard, Chen Feng deeply agrees.

Had it not been for Shao Hongzhe, there would be a He Yuanzhou, and Chen Feng would raise his hand and destroy it.

Where do I need to listen to so much nonsense!

"Well, since the three of us are walking together and looking at the sky, it's better to find a place to live."

Before the voice fell, there was a sudden change in the distance!

Chen Feng and the three of them looked together.

I saw an extremely tyrannical force wave coming from far away.

In the next instant, only a loud boom was heard.

A medium-sized floating mountain very close to the three of them was instantly shattered!

At the moment when he felt the power fluctuation, Chen Feng's heart was cold.

This kind of power fluctuation is very familiar.

It's another person from the top of the sky, let's do it!

"It's the same kind!"

Just when the three of Chen Feng were going to take a look.

Suddenly, three tyrannical and terrifying auras rose from the three positions of the three at the same time!

Of these three auras, the weakest one is also at the peak of the sixth floor of the Star Soul Martial God!

The strongest has reached the seventh floor!

"Oops!"

He Yuanzhou's complexion changed abruptly, and then became extremely ugly.

These three powerhouses clearly locked the three of them and planned to launch a surprise attack!

With such a terrifying aura, those who come here are afraid to be those Celestial Celestials who were later selected by the dominion of Heaven, or half-step Celestial Celestials!

"Hurry up!"

He Yuanzhou issued the order immediately.

However, everything is still too late!

The three powerhouses almost blocked their way from three positions.

Moreover, these three people are fierce, and are approaching instantly!

Only one face to face, and without waiting for Shao Hongzhe's reaction, the three powerful men came with magic weapons.

Without knowing it, he came up and waved his magic weapon.

In an instant, Huaguang is full of strength!

The three have a clear division of labor, and one will attack the other.

"Shao Hongzhe!"

boom!

Chen Feng's heart sank.

After the blow was over, he looked towards Shao Hongzhe's location.

Only one dead body could be seen in place.

Shao Hongzhe, dead!

Everything happened so quickly that even Chen Feng failed to rescue Shao Hongzhe.

A triumphant laugh came from the front.

The sadness on He Yuanzhou's face immediately turned into anger and then into gloomy.

He reacted quickly.

escape!

He was at the peak of the fifth floor of the Star Soul Martial God Realm, and he was completely unable to fight against three people who were one or two levels higher than himself.

He Yuanzhou turned around and left.

However, he fled to where Chen Feng was!

With just one glance, Chen Feng saw through his attempt.

Just want to use him as a shield against arrows.

When the next blow comes, throw him out to block the fatal blow.

In this way, He Yuanzhou was able to win a chance for himself, and from this outflank, a gap was torn.

Seeing He Yuanzhou's face getting closer, Chen Feng no longer had any kindness in his heart.

"Shao Hongzhe is right."

"Without him, with your character, you will definitely die!"

After finishing speaking, Chen Feng suddenly burst into a very powerful aura.

Without waiting for He Yuanzhou's attack, it fell on him.

He flickered and disappeared strangely.

He Yuanzhou suddenly felt a chill rising from the bottom of his heart.

In the next moment, he only felt his neck tighten.

He was clasped tightly by a hand!

And the punch he just threw was lightly blown away by Chen Feng!

At this time, He Yuanzhou finally showed horror on his face.

"You are so strong!"

But at this moment, even if he wanted to ask for mercy and apologize, everything was too late!

Chen Feng is not Shao Hongzhe.

For people like He Yuanzhou, Chen Feng will not have much patience!

He Yuanzhou saw Chen Feng's plan from his firm and indifferent face.

"No! No! You can't do this!"

Chen Feng finally admired him with a cold look.

"How you treat me, I will treat you like you!"

After all, wave and throw!

Smash directly at the three masters!

At the same time, turn around and leave!

Two Star Soul Martial God Realm sixth floor peak, one Star Soul Martial God Realm seventh floor.

Such an adversary, even Chen Feng is temporarily difficult to resist.

boom!

With a loud noise, the roar behind him stopped abruptly.

He Yuanzhou, die!

Chen Feng's heart is very cold.

Not long after he arrived in the trial world, he had already encountered the siege of three strong men.

It seems that the difficulty of this trial mission has risen more than a little!

"What are you struggling with! Obediently do it!"

"Even your companions can bite dogs. Why don't we go to Huangquan together and have another fight!"

Behind him came the sound of laughter.

Chen Feng heard the laughter coming closer and suddenly accelerated and escaped faster!

However, a bitter murderous aura almost broke through the space and struck straight behind Chen Feng!

It's too fast!

If he does not avoid it, Chen Feng will be seriously injured!

But if it is avoided, the speed will definitely be delayed.

Those three people will still catch up in an instant, and they can surround him in an instant!

[Chapter 5025: Do you still want to get the inheritance of Master Zhongli?](#)

At this moment of extreme danger, Chen Feng's heart calmed down instead.

"In that case, let's fight!"

"Want me to die? I want to hold you back!"

Chen Feng's figure flickered, and almost disappeared in place at the moment that terrifying murderous aura hit him!

"Hahahaha..."

Then, laughter appeared in front of Chen Feng.

Sure enough, those three people have caught up!

Chen Feng stopped in the void, staring coldly at the three in front of him.

From left and right are a fat man wearing a dark green robe, a red robe man with long narrow pill and phoenix eyes, and the last man with the seventh floor of the Star Soul Martial God Realm.

The man wears a crown of heaven, majestic!

At first glance, Chen Feng even felt that he might have seen this person somewhere before.

Without waiting for Chen Feng to distinguish the breath of the three of them carefully, they saw that the three released all the coercion towards Chen Feng!

Bad comer!

As soon as these three came up, they beat Chen Feng and three others cruelly, making it clear that they didn't intend to have any room for return.

To put it bluntly, it means that the strength of the three Chen Feng is too weak. In this trial mission, the weak are almost not human!

In the hearts of these powerhouses, one can kill one.

Fewer unnecessary unknown factors.

If it wasn't for Chen Feng's own strength, otherwise, he is already the same as the two of He Yuanzhou just now.

No dead body!

However, surrounded by these three, Chen Feng's situation is quite bad!

Without the master of the seventh floor of the Star Soul Martial Realm, Chen Feng might have been able to deal with the other two sixth floors.

But with the man in the seventh floor, Chen Feng became quite passive!

At this time, the two powerhouses on the left jokingly spoke.

"Unexpectedly, we still have time to look away."

"You kid, you seem to be the easiest to deal with, I didn't expect to be a pig-eater."

The three stopped in front of Chen Feng and looked at the person on the far right.

The man wearing a crown of heaven sneered and looked at Chen Feng.

"You can go on the road with peace of mind!"

After speaking, the three of them rushed towards Chen Feng at the same time!

For an instant, countless countermeasures flashed in Chen Feng's mind.

But none of them can work!

Judging from the actions of the three, this is not the first time they have cooperated in this way.

Chen Feng's heart sank even more.

Facing a person in the "Star Soul Martial God Realm Third Floor", he actually took it so seriously.

Could it be that he just entered this world of trials and was about to die?

Do not!

Heaven and earth repeatedly reincarnated in heaven and earth, and made great achievements!

A faint blue light flashed through the huge faint blue eyes.

Thousands of mountains and rivers are in your eyes!

boom!

Powerful mental power came out, like a stormy sea, rushing to the three close by!

Even the master of the seventh floor wearing a crown of heaven, faced with such a sudden strong attack, he was in a trance!

Although it was only a moment, this moment was enough to win Chen Feng a breakthrough!

He stretched out his hand and held it to the void.

As the palms were closed, a thousand-meter-long black and white sword appeared strangely.

While being born, while being dead!

Seven, seven and forty-nine, all in an instant!

Too on the Heavenly Swordsman Formation!

Chen Feng directly killed the two masters in the sixth floor of the Star Soul Martial God Realm.

A moment's time is not enough to completely get rid of the three.

Then only one can be killed!

Infinite killing intent splashed, rushing towards the three.

Hum!

Forty-nine dollars in a flash!

After swinging, Chen Feng didn't stop for a moment, and immediately retreated thousands of miles!

The next moment, a powerful killing intent burst out in the distance!

"Lazi dare!"

Only a rage came from a distance.

Chen Feng curled his lips.

It's done!

Just now, his attack was almost head-on to three.

Among them, the main attacker was not the one wearing the crown of the sky, but the other two!

His goal is to solve these two eye-catching problems as soon as possible!

In this way, he can prevent himself from falling into the desperate situation of being besieged!

It now appears that this plan has succeeded!

Seventy-seven and forty-nine supreme sword intents may not be able to deal with the powerhouse of the seventh floor, but it is more than enough to hit the two sixth floor in succession!

In a blink of an eye, the three went to the second!

The person wearing the crown of the sky stands in place, standing in the void.

His face was extremely cold, his eyes penetrated thousands of miles into the void, and he stared directly at Chen Feng who had retreated violently.

And the originally joking eyes finally became serious at this moment.

"Your performance really exceeded my expectations."

"Can actually kill two of my men."

"But, despite this, it doesn't affect your ending!"

"I will kill you to pay homage to them!"

Before the words fell, the man's body burst out with supreme coercion!

That terrifying coercion rushed directly towards Chen Feng!

Chen Feng's face shrank!

Just when the person wearing the crown of the sky waved a palm and was about to fall towards his head.

Between the lightning and flint, Chen Feng suddenly thought of something.

Before he could think about it, he shouted directly.

"Do you still want the inheritance of your Patriarch Zhongli?"

While speaking, Chen Feng did not wait to die.

While transforming into the sacred body of the great witch, he violently retreated, while slamming a punch in the direction of that palm.

He really remembered.

This Star Soul Martial God Realm seventh floor master wearing a crown of heaven, looks somewhat similar to Zhong Li Changfeng!

The temperament is even more a bit like!

Most importantly, there is almost no difference in the breath of power!

One is strong and one is weak.

Therefore, at the beginning, Chen Feng thought he had seen this person.

As soon as the voice fell, the palm that was overwhelmingly pressed suddenly stopped!

It happened to be defeated by Chen Feng's punch.

I saw the person wearing a crown of sky staring at Chen Feng with a deep tone and deep eyes.

"what did you say?"

The moment he saw this scene before him, Chen Feng was overjoyed.

He guessed it right!

The young man in front of him wearing a crown of heaven has something to do with Zhong Li Changfeng!

As early as when he got Zhongli Changfeng's suicide note, Chen Feng knew that he had left a great power on the top of the sky.

Among them, the strong are like clouds!

And just now, Chen Feng not only felt that the person in front of him was familiar.

Chen Feng's clothes, breath, and style of shots all gave Chen Feng a very familiar feeling.

Chen Feng never thought that this familiarity was just an illusion.

So, from just now, he quickly searched in the bottom of his heart.

I finally remembered it to him!

as predicted!

The man came to Chen Feng.

This time, Chen Feng did not evade, but stood still, waiting for him to approach.

"Your surname is Zhongli, I guess I didn't guess wrong, right."

The man opened his mouth coldly and spit out four characters.

"Zhong Li Yuntian!"

Zhong Liyun's expression was not good, but he didn't make any more moves.

He looked at Chen Feng with a deep and strong voice.

"Tell what you know."

[Chapter 5026: Plant another devil!](#)

"If there is any concealment, you should know my means!"

The words are full of threats.

Chen Feng smiled faintly.

"In the previous trial mission, I was fortunate enough to get a big inheritance from Zhongli Changfeng."

"If you want, I will be safe from this mission."

"After returning to the top of the sky, I will give it to you immediately, without any falsehood!"

Chen Feng's faction has the appearance of being informed.

In fact, this is just his strategy!

The Zhongli Yuntian in front of him will become his chess piece!

The real inheritance was given to Zhong Li Yaoqin by Chen Feng.

Seeing that the color of hesitation on Zhong Li Yuntian's face had not disappeared, Chen Feng probed and said.

"You have also seen that, I only have the cultivation base of the third floor of the Star Soul Martial God Realm."

Zhong Li Yuntian gave a cold snort.

"But the strength you just demonstrated is more than that."

In this regard, Chen Feng is not alarmed.

He still smiled and said: "I'm not afraid to tell you, that is already my last hole card."

"You should also see that I am not your opponent at all."

"In front of you, I only have this ability to defend myself."

"Now, my hole cards are wasted on you, this trial mission, I will be very dangerous!"

Although Chen Feng said a lot, Zhong Li Yuntian's face still had a doubtful look.

"After you say it, I can't confirm it, unless you show evidence!"

Chen Feng looked down, pretending to think for a moment.

Then he took a step forward.

"Why don't you let go of your defense, I will show you a picture."

"My memory can't be faked!"

Hearing this, Zhong Li Yuntian finally moved slightly.

Chen Feng's cultivation base is there, which is four realms different from him!

With such a wide gap, Zhong Li Yuntian believes that Chen Feng's proposal is not a must.

Anyway, with Chen Feng's weak strength, even if he had to do something, he couldn't do anything to him.

"Well."

With that, Zhong Li Yuntian let go of the defense of his spiritual world.

An invisible smile flashed across Chen Feng's eyes.

On the spot, he transported a fragment of memory to Zhongli Yuntian's spiritual world.

Upon seeing this memory segment, Zhong Li Yuntian's face changed drastically!

He was horrified and blurted out.

"It's really Zhongli Changfeng!"

The memory fragment that Chen Feng gave him was not falsified.

It was indeed a clip of Zhongli Changfeng that had been seen.

It's just that paragraph.

At this moment, Zhong Li Yuntian had completely released the defense of his spiritual world.

His attention was almost completely attracted by that memory.

Therefore, I missed the kind of weirdness in Chen Feng's smile.

In the space of repetitive reincarnation of heaven and earth, the huge black eye on the far right suddenly condensed with black light.

Quickly condensed an inky black magic heart!

Just as Chen Feng sent the memory fragment over, he also sent the demon heart in!

The devil's heart is mixed in the memory fragments.

Invisible, invisible, inevitable!

If Zhong Li Yuntian let go of the prohibition of the spiritual world, he was seeking his own way!

Rooted directly in the depths of Zhong Li Yuntian's spiritual world!

When the devil's heart took root smoothly, Chen Feng's heart finally fell into a boulder.

He breathed a sigh of relief.

He finally won this dangerous move!

The person who could kill him by raising his hand just now, not only can't kill him anymore, but will be a great help for him!

The devil's heart is deep, unless there are special means, or the strength is far beyond Chen Feng.

Otherwise, it will never be eradicated!

In fact, the "protection" mentioned by Chen Feng just now does not really need Zhong Liyuntian to protect.

That's just an excuse.

Chen Feng didn't need anyone's protection for this trial task.

For a long time, Chen Feng has never placed the hope of his own life on his being.

Only one's own strength can always rely on!

The reason for saying that is just to show weakness to Zhong Li Yuntian.

The purpose is to successfully plant the devil heart into Zhongli Yuntian's spiritual world!

Not long after, Zhong Li Yuntian finally finished reading the memory segment sent to him by Chen Feng.

He cast his gaze on Chen Feng again.

There was a grinning smile on his face.

"A simple-minded person like you can still live to this day!"

As he said, Zhongli Yuntian Jiejie burst out laughing.

The eyes that looked at Chen Feng were even more arrogant and proud.

"Give you a piece of advice. In your next life, don't be frank with the enemy anymore!"

"As for the inheritance in your hands, why let you hand it over by yourself."

"I can grab it myself!"

Before the words fell, Zhong Li Yuntian was overwhelmed and rushed towards Chen Feng again.

It's just that this time, Chen Feng didn't have the slightest fear on his face.

Instead, he stood calmly on the spot, even with a smile on his face.

"Really? Then you can try."

At the same time, his heart moved.

Penetrating into Zhong Li Yuntian's devil's heart, he immediately took root and sprouted up quickly in Zhong Li Yuntian's spiritual world!

boom!

I saw the pressure of terror suddenly dissipated!

Zhong Li Yuntian's triumphant and arrogant expression suddenly turned into horror.

His eyes burst, and his veins violent.

At this moment, in his spiritual world, a black plant suddenly appeared!

The plant rose up almost instantly.

Almost tore through Zhong Li Yuntian's spiritual world!

The severe pain from the spiritual world is more difficult than ordinary physical pain!

"How could this be!"

He gritted his teeth, raised his head with difficulty, and stared at Chen Feng.

"You...what did you do to me!"

Chen Feng stood with his hands behind, smiling.

He returned what Zhong Li Yuntian had said to him before, intact.

"A simple-minded person like you can still live to this day!"

As he said, he took a step forward, looking down at Zhong Li Yuntian, who could hardly be occupied.

"I accept the advice you gave me."

"It's just that, now it seems that you may need this advice more than me."

It is one thing to guess what Chen Feng has done.

However, after Chen Feng acquiesced that he did move his hands and feet, Zhong Li Yuntian still unconsciously showed a look of horror.

He desperately thought about when he was conspired.

"That memory segment!"

Zhong Li Yuntian suddenly realized, but it was too late.

He desperately wanted to remove the black magic strain in the spiritual world.

However, although Chen Feng's cultivation level is temporarily inferior to him, his mental power is quite strong!

Far surpassing people in the same realm!

Even Zhongli Yuntian in the seventh floor of the Star Soul Martial God Realm had nothing to do when facing the skyrocketing Demon Strain!

In a short moment, his spiritual world was almost destroyed by the magic strain.

If this continues, he may be abandoned!

At this moment, Zhong Li Yuntian even felt the fear of death!

The first strong opponent to come to this trial world, let yourself be so embarrassed!

[Chapter 5027: Zhongli Family](#)

It would actually be a junior who had completely looked down on before.

This made Zhong Li Yuntian feel ashamed and angry.

However, the desire to survive overcame his face at this moment.

Zhong Li Yuntian suddenly raised his head.

"The request you said before, I can promise you!"

As soon as the voice fell, the magic strain in his spiritual world immediately stopped rising!

Even disappeared!

However, no matter how Zhong Li Yuntian looked, he couldn't find the hiding place of that seed!

Looking at Chen Feng, who looked calm and composed in front of him, even though Zhong Li Yuntian was unwilling, he could only compromise.

Accepted the fact that he was controlled by others.

People under the eaves have to bow their heads.

However, Chen Feng is also a very measured person

From the very beginning, Chen Feng didn't want to push too much.

If it is really forced Zhong Li Yuntian to ignore it, then I am afraid that the backlash before his death is enough to kill himself.

Besides, killing Zhong Li Yuntian now is of no use to him.

It would be better to magnify his value!

Best to zoom in to the extreme!

That's why Chen Feng thought for a moment, and said in a deep voice:

"I am not a cold-blooded murderer."

"I deal with you this time to protect myself."

"As long as this time, I can get through it safely, and I will naturally help you remove the hidden danger afterwards."

Although, his attitude is quite easy-going.

However, Zhong Li Yuntian was very clear.

He has no right to refuse.

"I promise you."

After all, Chen Feng relaxed the restrictions a bit.

Soon, Zhong Li Yuntian recovered his strength.

He intercepted a flying boat casually.

In this Duanmuxian City, there are many flying boats for carrying passengers.

It is no different from a carriage in the world.

Stop if you move.

Although most immortal cultivators can fly, it is too messy for everyone to fly.

Moreover, in many cases, it is not very convenient.

The two left quickly.

Above the dark blue flying boat.

Zhong Li Yuntian controlled the flying boat and flew quickly in one direction.

"Where are we going now?"

Chen Feng asked openly.

Zhong Li Yuntian looked forward and turned his back to Chen Feng.

"Go to our place of stay."

Of course, Chen Feng would not think that the "us" in his mouth meant both of them.

Obviously, Zhong Li Yuntian was not the only member of Zhong Li's family who entered this trial mission.

"How many people are you here this time?"

Chen Feng continued to ask.

After Zhong Li Yuntian controlled the flying boat, he turned back and sat next to Chen Feng.

"Four."

"Including those two?"

"No, they are just my attendants."

When Zhong Li Yuntian denied, although his attitude was calm, he still unintentionally released a cold air.

Don't care.

In his eyes, the two powerhouses of the sixth bell tower of the Star Soul Martial Realm seemed insignificant.

However, when Chen Feng heard this, he couldn't help but slap his tongue.

The seemingly insignificant servants can have such talent and strength.

How terrifying is this power on the top of the sky?

Suddenly, Chen Feng frowned when thinking of something.

"After you enter this world, can you still get in touch with each other immediately?"

He tried, the world has a lot of restrictions on divine consciousness.

So far, Chen Feng has not been able to contact the heavenly beast slave.

Zhong Li Yuntian looked at Chen Feng with a touch of confidence and pride in the corner of his eyes.

"This kind of thing does not pose any problem to our Zhongli family."

"Zhong Li Family?"

Chen Feng keenly caught the key word in Zhong Li's Yuntian words.

Since just now, he has been thinking about the relationship between Zhongli Yuntian and Zhongli Changfeng.

Zhong Li Yuntian looked at Chen Feng.

"You do not know?"

Chen Feng thought about it for a moment, then pondered his rhetoric.

He can neither let Zhong Li Yuntian feel that he knows everything, nor can he know nothing.

"I knew before that Zhongli Changfeng had power on the top of the sky."

"Just now, I just feel that there is a similarity between your eyebrows and his eyebrows, and the style and breath of your shots are also somewhat similar.

Zhong Li Yuntian suddenly realized.

"That's it."

He looked at the front of the flying boat.

"Zhong Li Patriarch did leave a legacy on the top of the sky."

"Not only that, he also left an heir."

"That son is the ancestor of our Zhongli family."

...

Chen Feng understands.

The top of the sky is too big, and Zhong Li Changfeng is that kind of figure.

The heirs left by him, passed down to this day, seem to have developed into a big family.

That was the Zhongli Family Home where Zhongli Yuntian was located.

And all this, Chen Feng was completely unaware of it before.

Because he is still too weak!

The Zhongli family is extremely powerful on the top of the sky today.

The level of strength is also very high.

In contrast, even the current mortal enemy Chu Pingsheng is not qualified to be in contact with the tumor family and cannot be compared with the Zhong Li family!

Therefore, at Chen Feng's level, there is no way to overlap with Zhong Li's family.

Zhong Li Yuntian looked at Chen Feng, with a rare smile on his face.

"Let's make a deal, how about?"

"As long as you hand over the inheritance of Grand Master Patriarch to me, let alone this **** mission, even if you return to the top of the sky, I can give you enough benefits."

Upon hearing this, Chen Feng did not rush to reply.

He thought to ask: "Don't worry about it in advance. Tell me about the current situation."

Chen Feng looked at Zhongli Yuntian.

"Just now you mentioned that for this trial mission, four of you from Zhongli's family came here?"

"Yes."

"It's all yours?"

Zhong Li Yuntian's expression changed when he heard Chen Feng's words.

He lowered his face and was silent for a moment.

"That's why I need this heritage."

"The other three people who came this time are all on the surface with me, but they are already dead and alive."

"This trial is very unfavorable to me!"

"However, as long as you pass on the inheritance to me, my position in Zhongli's family can be qualitatively improved."

"At that time, I can give you the benefits you want."

Zhong Li Yuntian spoke righteously and sincerely.

Chen Feng was noncommittal.

Not to mention the credibility of what Zhong Li Yuntian said, it is impossible for Chen Feng to completely trust him just because of his previous performance.

"So, what is going on with the four people coming in now?"

Zhong Li Yuntian introduced.

It turned out that entering the trial mission this time was an unexpected thing for the four of them.

They were forcibly pulled in by the Lord of Heaven after the hidden heavenly immortal.

It is to balance the strength of the players in this trial mission.

In addition to Zhong Li Yuntian, there are three others, namely Zhong Li Yunheng, Zhong Li Yunqian, and Zhong Li Yunlong.

The first two are currently weak, similar to the two attendants who were killed by Chen Feng just now.

The Zhong Li Yunlong behind was comparable to his strength.

"The three of them should be like me now. They didn't have much interest in this world, but they should be quite interested now."

[Chapter 5028: Kill the game! See you again!](#)

Chen Feng asked casually: "Why?"

"Because, there is the Avenue of Gods and Demons!"

It's the Avenue of Gods and Demons again!

Hearing this, Chen Feng's spirit was lifted.

"You know, even if you look at the many mid-thousand worlds, the Avenue of Gods and Demons is an avenue of cultivation!"

"However, this road has been cut off in many worlds."

"Even our Zhongli family is very interested in the Avenue of Gods and Demons."

Speaking of this, Zhong Li Yuntian looked at Chen Feng.

"This mission, for many strong people, may become a surprise."

Listening to what Zhong Li Yuntian said, Chen Feng also knew what he said.

This world actually has the Avenue of Gods and Demons, and this incident has aroused the interest of many powerful people.

It seems that around these fourteen invitation letters, and even Duanmuxi's invitation letter to the gods and demons, there is about to be a **** storm.

Realizing this, Chen Feng felt awe-inspiring.

He knows that the task will be difficult this time, but at present, it seems that the difficulty is unexpectedly high!

You know, there are only three immortals in the sky that were pulled in by the dominator of the heavens, and nine in the half-step sky.

Between the previously hidden immortal in the sky and Chen Feng, you are bound to die.

Chen Feng doesn't need to count him, so there are twelve places.

The Celestial Celestial disciple, even half-step Celestial Celestial Celestial disciple, are far more powerful than Trial Celestial Celestial Disciple.

Not surprisingly, the twelve will have a tacit understanding with each other.

Pick and practice immortals to start!

There is no need for infighting.

But this also means that there are only two invitation letters left in the end!

Chen Feng needs to find the heavenly immortal who wants to kill him.

At the same time, we must kill a total of 30 people from the top of the sky!

Finally, with the remaining people, grab one of these two invitations!

Do not!

It should be said that, in the end, he has to find the Heavenly Canal Beast Slave.

Because, these last two invitations are destined to be held in their hands by the two of them!

This difficulty is too great!

However, there was a surge of excitement in Chen Feng's heart.

Difficulty!

How could he, Chen Feng, be afraid of difficult tasks!

The harder the task, the more exciting it will make him stronger!

The two talked for a long time on the flying boat.

Soon after, the flying boat passed through the clouds and finally descended.

Just after coming down from the clouds, Chen Feng looked down.

At a glance, I saw a very tall building below.

In that building, the lights are bright.

"Where is that?"

Chen Feng asked casually.

"That's where we want to stay."

While talking, Feizhou had stopped firmly in front of this building.

Chen Feng walked out of the flying boat and looked up.

If it hadn't been for the plaque hanging on the gate, writing "Xiancheng Inn", he wouldn't be sure, it was actually an inn!

It's not an exaggeration to say that it is a mansion court of a lower martial art!

There is a stone sculpture of fairy beasts at the door, and the thick Zhumen is wide open. Looking inside, it is still a structure of the courtyard!

Inside the inn, it's so crowded!

Chen Feng glanced casually, everyone who came to this inn was not weak!

Even the shopkeeper who runs the hall has a certain level of cultivation!

"This is the largest inn in Duanmu Fairy City. The other three people are all in it at the moment."

Chen Feng nodded and stepped in.

"Go to the east backyard."

The two passed through the lobby, quickly entered the backyard, and walked east.

However, as soon as Chen Feng entered the east backyard, an extremely powerful mental power, like a poisonous thorn, slammed him fiercely!

The mutation happened too fast!

Chen Feng only had time to glance.

Three men with similar costumes walked towards Chen Feng together.

This extremely powerful mental power came from the man in the middle!

Chen Feng defended for the first time, and the golden spiritual world was stirred frantically!

The golden mental power is like a huge wave, wave after wave, constantly beating the invading mental power.

boom!

The entire golden spiritual world suddenly shook!

Chen Feng blocked this unprepared fatal blow!

The man in the purple robe standing in the middle showed a little surprise on his face.

Then, turned into a grinning smile.

"Unexpectedly, a little ant has such a strong mental power."

"Unexpectedly!"

"Ok, Ok!"

As he said, his eyes became extremely cold.

"Brother, I have to thank you."

"Bring me an ant. This ant can just be used by me to make a pill!"

As he said, the supreme coercion instantly rose from his body.

Overwhelmingly forced to Chen Feng!

Star Soul Martial God Realm seventh building!

This person is Zhongli Yunlong!

On both sides of him, Zhong Liyunheng and Zhong Liyunqian both stared at Chen Feng, staring at him.

From their eyes, Chen Feng saw contempt, indifference and pride.

Two Star Soul Martial God Realm sixth floor peaks, one Star Soul Martial God Realm seventh floor.

This battle is like a repeat of not long ago.

If there is only Chen Feng alone, this is another desperate situation!

However, at this moment, Chen Feng looked calm and did not panic at all.

There was even an invisible smile on his lips.

This situation was actually within Chen Feng's expectations!

As early as on the flying boat, he thought that there would be this scene.

After all, Zhong Li Yuntian and these three are actually the same raccoon!

From beginning to end, Zhong Li Yuntian did not remind Chen Feng to be careful of these three.

But how could Chen Feng not be prepared!

Facing the supreme coercion and the siege of the three, Chen Feng shouted wildly!

"Zhong Li Yuntian! Don't hurry up!"

At the same time, his heart moved.

The Devil Heart Seed, rooted in the depths of Zhongli Yuntian's spiritual world, skyrocketed again!

Zhong Li Yuntian's spiritual world, suddenly pained again!

"Hey!"

Zhong Li Yuntian couldn't help but let out a sigh.

He should have known.

With Chen Feng's character, how could he stand still!

He must be pulled on the thief ship with him!

The three people standing in front of Chen Feng changed their expressions as they heard Chen Feng's violent shout!

Zhong Li Yuntian walked out from behind Chen Feng.

Waving his hand, he stopped the terrifying coercion for Chen Feng.

Zhong Li Yunlong stopped and looked at Zhong Li Yuntian, his expression extremely unkind.

"My good third brother, I thought you wouldn't be like this."

"But you still let me down!"

However, his voice suddenly rose.

"But I didn't expect that you would actually find such a helper."

"I don't know, are you looking for a dead end, or are you really confused!"

Speaking of this, Zhong Li Yunlong laughed triumphantly.

Wave.

"Yun Heng, Yun Qian, come to me!"

Before the words were over, the two rushed over.

Chen Feng looked sideways at Zhongli Yuntian.

"Follow the plan!"

Yes.

As early as on the flying boat, Chen Feng had a plan.

However, he did not disclose this "plan" to Zhong Li Yuntian.

[Chapter 5029: Live from the dead!](#)

Saying this now is just to confuse the other party.

When he was on the flying boat, Zhong Li Yuntian told him that Zhong Li Yunlong was his fifth younger brother and one of his biggest competitors.

This person is extremely cruel, and he is a strong mentality!

The other two Yun Heng and Yun Qian, the sixth and seventh brothers, are Zhong Li Yunlong's henchmen!

From that time, Chen Feng had planned a game in his mind.

Hearing Chen Feng's words, Zhong Li Yuntian didn't react in his heart, and Yun Heng and Yun Qian rushed in front of him.

As for Chen Feng, he actually rushed towards Zhong Li Yunlong on his own initiative!

He stared at Zhong Li Yunlong, even with a cheerful laugh in his heart.

"I heard you are good at mental attacks?"

The spiritual power of Zhong Liyunlong turned into a spiritual mad dragon hundreds of meters long. The mad dragon was deep purple and roared into the sky.

Go straight to Chen Feng!

However, Chen Feng went uncharacteristically and took the initiative to open up his spiritual world.

When the deep purple spiritual mad dragon rushed into his spiritual world, Chen Feng finally said the second half of the sentence.

"...It just so happens that the one I like to deal with the most is the spiritual powerhouse!"

Upon hearing this, Zhong Liyunlong's mind was shocked subconsciously.

A very bad hunch appeared in my heart inexplicably.

He stared at Chen Feng, but he was not sure how.

Is Chen Feng's words true?

The reptiles of the third floor of the Star Soul Martial God Realm dare to be so rampant in front of him!

In any case, Zhong Li Yunlong at this moment is already furious!

Chen Feng's eyes, tone and behavior are all extremely provocative to him!

"You die for me!"

Zhong Li Yunlong roared!

In Chen Feng's golden spiritual world, the dark purple spiritual mad dragon began to clashed indiscriminately.

At this moment, Chen Feng suddenly closed his spiritual world.

He looked at Zhong Li Yunlong in front of him with a triumphant smile.

"After today, you will always remember this shameful moment."

"A weak person in the third floor of the Star Soul Martial God Realm is enough to deal with you!"

Before he finished his words, the Buddha's angry eyes and lion roaring power suddenly made power!

In an instant, a huge purple-white lion head suddenly appeared in Chen Feng's spiritual world.

It opened its mouth in the blood basin, and directed at the deep purple spiritual mad dragon, bursting out a supreme rolling sound!

The dark purple spirit mad dragon itself has been cut off.

Faced with the surging sound waves coming from the sky, the hundreds-meter-long spiritual mad dragon looked vulnerable!

The Buddha's angry eyes, lion roar, as a spiritual supernatural power, its greatest function is to expand the spiritual attack.

Chen Feng's mental power is stronger than others.

With the blessing of the Buddha's angry eyes and lion roar, the offensive directly overwhelmed Zhongli Yunlong on the seventh floor of the Star Soul Martial God Realm!

Roar!

As the sound waves swept past, the dark purple spiritual mad dragon seemed to come alive, and raised his hair with a mournful cry.

In this golden spiritual world, it has nowhere to escape!

Only under the tumbling sound waves, every inch of it fell apart!

The golden spiritual power materialized, like waves and waves, instantly swept away the shattered spiritual madness.

"puff!"

The blood on Zhong Li Yunlong's face was lost, and the seven orifices were bleeding!

The mental mad dragon almost contains a large part of his spiritual power.

Right now, that part of the mental power was cut off at first, and then crushed and crushed.

Those mental powers directly lost contact with Zhong Li Yunlong.

Therefore, Zhong Li Yunlong was backlashed on the spot.

His headache was splitting, and his spiritual world even trembled slightly.

"good chance!"

Chen Feng looked at the time for Zhong Liyunlong to take this big dark loss, and once again used the Buddha's angry lion roar at him!

The huge purple-white lion head opened its mouth again.

The roaring sound waves rushed straight towards Zhong Li Yunlong, who was greatly damaged this time.

All of these were designed by Chen Feng long ago!

He knew that Zhong Li Yunlong would underestimate the enemy!

One is the seventh floor of the Star Soul Martial God Realm, and the other is the third floor of the Star Soul Martial God Realm.

With such a difference in realm, it is only natural to underestimate the enemy.

Chen Feng simply calculated it.

Taking advantage of underestimating the enemy, come up with dangerous moves and severely damage the opponent's mental power!

Then, take advantage of the victory to pursue.

After receiving a sudden and fierce attack on his mental power, he was once again subjected to the Buddha's angry lion roar technique. Even people who are as strong as Zhongli Yunlong and the seventh floor will be stunned!

And Chen Feng's plan was to make him dizzy as long as possible.

After the second Buddha's angry lion roar, Chen Feng turned and rushed to the scene of the battle without looking back.

Buddha's angry eyes, lion roar, gong again!

Since entering the third floor of the Star Soul Martial God Realm, Chen Feng's control of the Buddha's angry lion roar has become more and more handy.

At the moment, if he wants to break this unfavorable situation, he must be fast, ruthless and accurate!

This is also the reason why Chen Feng did not hesitate to initiate the Buddha's angry lion roar for the third time.

After this third time the Buddha's angry eyes and lion roar power was issued, even Chen Feng's mental energy consumption was too great!

A lot of mental energy was squandered, and Chen Feng suddenly had a headache!

His spiritual world was almost hit hard!

The golden spiritual power is rapidly diminishing.

The golden mental power that was flapping like a sea wave was quickly consumed.

In the blink of an eye, a large part of the mental power was consumed.

Even the entire vast golden spiritual world has become bleak by three points at this moment.

However, after this third book of the Buddha's angry lion roar, the result was optimistic!

Yun Heng and Yun Qian, who were entangled with Zhong Li Yuntian, were not aware of them for a while, and were hit by Chen Feng's sudden attack.

In the next moment, the two men's spiritual world was shaking at the same time.

The spiritual power of the peak of the sixth building is not enough in front of Chen Feng!

Both Zhong Liyunheng and Zhong Liyunqian were immediately shocked by this supreme sound wave and dizzy for a moment.

It was this moment, for Chen Feng, it was an opportunity!

He bit his posterior molars, forcibly resisting the heavy trauma of his spiritual world.

A flash of red light flashed in the Great Witch's Blood Pool.

In the next instant, Chen Feng turned into a sacrament of great witch!

He directly spotted Zhong Li Yunheng.

Although everything happened too fast from entering the east backyard to the present, Chen Feng still made a quick comparison between Zhong Liyunlong, Zhong Liyunheng and Zhong Liyunqian with extremely rapid observation speed.

Among them, he could see that the physical strength of the Zhong Li Yunheng in front of him was the weakest among the three.

Compared with Zhong Li Yunlong's good at mental attacks, Zhong Li Yunheng is more inclined to agile skills and crazy attacks.

This person moved his hands, almost fully on the offense.

Instead, the defense is the one that he doesn't value!

Only by making a choice can we be strong.

However, this kind of trade-off at this moment is Zhong Li Yunheng's biggest lethality!

Chen Feng flashed golden light all over.

[Chapter 5030: Getaway plan](#)

His figure disappeared in the same place strangely!

"Zhong Li Yuntian, do it!"

With a loud shout, it exploded in the east backyard!

Zhong Liyun, who was next to him, immediately woke up from his dizziness.

He turned his head and saw Chen Feng rushing towards Zhong Li Yunheng.

"Don't want to do it!"

Zhong Liyun didn't have time to think about it, and he furiously attacked Chen Feng!

However, Chen Feng instantly blocked his various offensives with this body, not evading!

He stretched out his hand and grabbed Zhong Li Yunheng.

Looking ahead at Zhong Li Yuntian, Chen Feng shouted again.

"Don't hurry up!"

Zhong Li Yuntian finally reacted.

Now, there is no need to think about the illusion of peace that was in peace with each other.

Either you die or I die, Zhong Li Yuntian no longer hesitates.

He frantically attacked Zhong Li Yunheng who was controlled by Chen Feng.

Almost instantly, the terrifying force of the seventh floor strangled Zhong Liyun Heng on the spot!

It's done!

Chen Feng was overjoyed.

It's just that it's not the time to celebrate right now.

In order to control Zhong Li Yunheng, Chen Feng blocked Zhong Li Yunlong's offensive behind him.

Even the Eucharist of the Great Witch, the same physical body was severely damaged!

Chen Feng and Zhong Li Yuntian looked at each other.

"withdraw!"

The two escaped from the east backyard almost at the same time!

The flying boat still stopped in place.

From entering the east backyard to now, everything happened too fast.

The second child of this inn has not arranged the flying boat to stop.

The two of Chen Feng jumped directly onto the flying boat.

But, almost fore and aft, two divine lights rushed out of the east backyard and hurriedly chased in the direction where the flying boat disappeared!

In the blink of an eye, Zhong Li Yunheng was dead!

One of the three!

The remaining two people still couldn't believe it.

Zhong Li Yuntian did not know where he brought a foreign aid.

The third floor of the mere Star Soul Martial God Realm could actually compromise their great power!

In the eyes of the two at this moment, they all burst into extreme anger!

Compared to Zhong Li Yuntian, the two even wanted to kill Chen Feng at this moment!

Zhong Li Yunlong grabbed a flying boat in his hand and followed the flying boat in front of him, all the way north.

On the flying boat ahead.

Zhong Li Yuntian looked at Chen Feng next to him.

At this moment, the initial contempt and viciousness disappeared from his face.

Instead, it is moving.

Zhong Li Yuntian looked at Chen Feng and opened his mouth.

"I apologize to you for everything before."

"Your disposition, strategy, strength, all aspects are beyond my expectation."

"Your talent and potential can even rival the top genius of our Zhongli Family!"

"I'm not as good as you."

After Zhong Li Yuntian said these words, he was relieved.

He looked at Chen Feng, his tone no longer so serious.

"By the way, until now, I don't know who you are?"

"Chen Feng."

Chen Feng replied while seizing the time to recover.

Regarding Zhong Li Yuntian, Chen Feng no longer cares whether he has two hearts at the moment.

The devil's heart has been planted, and Chen Feng is fearless and fearless no matter whether he is true or false.

However, now is not the time to speak.

Chen Feng's consciousness leaned back.

"It's not time to talk, they are catching up."

"My raid just now can only be used once."

"Now they are psychologically prepared. They must think of other ways to kill them all!"

During the conversation, Chen Feng's spiritual consciousness was continuously released and spread.

Although this world has great restrictions on divine consciousness, it can still cover hundreds of miles.

Zhong Li Yuntian controlled the flying boat to fly at low altitude, passing the huge fairy city under his feet.

Behind them, the flying boat controlled by Zhong Li Yunlong was always chasing after him, with an extremely fast speed.

However, Zhong Li Yuntian and Zhong Li Yunlong are comparable in strength.

For a time, neither of the two flying boats can get away.

Chen Feng took the opportunity to adjust and recover.

Suddenly, the divine consciousness he released seemed to have noticed something.

He looked at Zhongli Yuntian.

"I have a plan..."

Zhong Li Yuntian leaned forward, his eyes gradually startled.

After Chen Feng finished speaking, he asked, "How?"

After listening to Zhong Li Yuntian next to him, there was a flash of brilliance in Chen Feng's eyes.

Then, Shen nodded: "Yes!"

Behind.

On the flying boat madly chasing, Yunlong and Yun Qian suddenly changed their expressions.

Zhong Liyun blurted out.

"What are they doing!"

Without waiting for his voice to fall, their flying boat followed the flying boat in front of them and fell together.

Zhong Li Yunlong, who controls the flying boat, stared at the front.

"No matter what they want to do, as long as I catch them up, they are dead!"

"I won't underestimate the enemy anymore! I will use the most cruel means to let that stinky reptile know and offend my fate!"

Chen Feng turned into two streamers and jumped out before the flying boat landed.

The two of them concealed their breath almost at the same time.

Melt into the night.

boom!

The empty flying boat lost its control and immediately fell into the city with a loud noise.

Duanmu Fairy City is a city that never sleeps.

Late at night, the dew is heavy, and the streets are still brightly lit, and the stream is endless.

I don't know if this Duanmu Fairy City has always been like this, or if it coincides with some festive season.

Suddenly, a flying boat seemed to have lost its quasi-head and fell straight down.

Inside the town, the earth vibrated violently.

Everyone nearby screamed and retreated.

And not far away, there are several strong people who noticed the situation here.

Hurry up and roar in a hurry.

The scene fell into chaos on the spot.

Taking this opportunity, Chen Feng and Zhong Li Yuntian quickly got into the crowd and went into hiding.

In the distance, a sharp alarm cut through the sky.

Hearing this alarm, Chen Feng curled his lips.

Everything is within the plan.

He looked at Zhongli Yuntian.

Zhong Li Yuntian met Chen Feng's gaze and nodded quickly.

The two raised their heads at the same time and looked at the distant night sky.

Soon, another flying boat came quickly in the night sky.

On the flying boat, there are two figures.

It's really Zhong Liyunqian and Zhong Liyunlong!

Upon seeing the two appearing, Chen Feng lowered his voice and spoke quickly.

"Do it!"

Following the instruction, Zhong Li Yuntian immediately put a hand on Chen Feng's shoulder.

A steady stream of pure spiritual power is surging and rushing into Chen Feng's golden spiritual world!

In an instant, the golden spiritual world that had been dimmed suddenly glowed with dazzling light.

Even Chen Feng himself was refreshed.

His eyes burst into light, and he stared straight at a figure through the void.

Behind him, a black light suddenly lit up.

Heaven and earth reincarnate in heaven and earth and make power!

However, this time, Chen Feng did not use the usual mental attacks previously.

It's a brand new attempt!

That was a new ability that appeared in the third layer of Heaven and Earth's reincarnation of Heaven and Earth after using the essence of supernatural powers.

However, this ability, with his current strength, could not be used on his own.
