

Peerless 5071

[Chapter 5071: The mantis catches the cicada, the oriole is behind](#)

Although he couldn't beat the old demon Peng Shi, he would still be confident enough to protect himself!

This treacherous insurrection ended in their victory!

Thinking of this, the corners of his lips couldn't help but rise.

Near!

Closer!

The devilish energy behind him was gradually separated by the two of them.

The gate of Damolin Temple, the sea of clouds outside, is getting closer!

At the last moment, the two suddenly accelerated, and they rushed forward without reservation.

boom!

boom!

As soon as they rushed out of the Great Demon Lin Temple, the two of them will be happy.

Suddenly, they seemed to hit some copper wall and iron wall, and their faces were covered with blood immediately!

Tantai Xuyao suddenly set off a stormy sea in his heart, and he was no longer proud.

He looked up in a panic.

"It's you!"

It was Chen Feng who had been waiting for a long time to stop them!

Tiancun Beast slave laughed and looked at Chen Feng.

"Brother, everything is really under your control!"

Chen Feng had a smile on his face.

He looked down at the two sons of Tantai and stretched out his hand.

"Invitation, please return it to us."

Until this moment, Tantai Xuyao saw Zhong Li Yuntian standing behind Chen Feng and finally understood everything.

Among the three people in front of you, this person is the real leader!

Zhongli Yuntian is just a cover!

From the time they snatched Duanmu Sixin in the bamboo house, both of them were counted by this person, playing with each other!

Tantai Xuyao was terrified in his heart, and shouted out of voice.

"you do this deliberately!"

They deliberately snatched Duanmu Sixin from the play performed in the bamboo house.

In order to make them become the cornerstone of Pathfinder!

Thinking about it this way, Duanmu Sixin suddenly broke their identities and asked Old Demon Peng Shi to kill them. It must be what special means was used by the person in front of him!

So, kill two birds with one stone!

Tantai Xuyao understood everything.

He stared at Chen Feng bitterly, gritted his teeth and said: "You really have a good calculation!"

By now, he could no longer simply think that this person was just a waste of the fourth floor of the ordinary Star Soul Martial God Realm.

This person's strength is even higher than their Tantai two!

Chen Feng walked forward with a smile, and the supreme coercion surged out.

The two of them had struggled to escape from Old Demon Peng Shi, and had already exhausted all the means to throw all their cards.

Where can I resist now!

Behind him, Zhong Li Yuntian faintly looked at the struggling and difficult to move two sons of Tantai.

He had already experienced Chen Feng's methods many times.

At that time in the bamboo house, Chen Feng could think of such a detailed plan the moment he discovered that Tantai Xuyao was approaching.

To be honest, Zhong Li Yuntian was already quite familiar.

However, what he didn't know was that Chen Feng's calculations also had his own special considerations.

In the task given to him by the Lord of Heaven, there are still at least thirty immortals from the top of the sky!

Seeing time is running out, this task should also be arranged.

The reason why Chen Feng is so bold is that he even gave the invitation letter in his hand to Duanmu Sixin.

One is to kill these two people.

By the way, I can get some benefits from these two people.

Then, there were four blank invitation letters, which were all effortless.

In addition, there was an unexpected gain that he hadn't anticipated before.

Chen Feng has a feeling.

When he spied on this huge Great Molin Temple from the perspective of Duanmu Sixin, he had a hunch.

There is always something hidden in this Great Molin Temple.

At present, only one side of the small hall can be seen.

Ruizhen Demon Envoy took Tantai Xuyao and the three of them directly around the main hall.

What's in the main hall?

Why are those demon servants not weak, but they can be manipulated like puppets?

Behind these, Chen Feng only felt that there was an amazing secret.

However, these are set aside for the time being.

Chen Feng looked at the Great Molin Temple ahead.

I don't know why, the old demon Peng Shi didn't chase it out.

That being the case, it is just right.

"Do it!"

He gave an order, and Zhongli Yuntian and Tiancan Beast Slaves behind him immediately rushed towards the two sons of Tantai.

The first goal is the four blank invitations that have been unsealed!

Tantai Xuyao had a hideous face and stared at Chen Feng fiercely, wishing to vent his anger directly now!

After entering this world of trials, they paid a great price in order to get these three blank invitations!

You know, Chen Feng and his party, with such careful planning, only got one.

They got three of them!

It is not necessary to elaborate on the degree of danger.

After getting the blank invitation letter and getting rid of the chase, Tantai Xuyao and his party immediately wanted to imprint their breath on these three invitation letters.

But it failed!

Soon, from the sky above Duanmuxiancheng, the voice of the strong man in the city lord's mansion came.

There is actually a special seal on these invitation letters!

The reaction of Tantai Xuyao and others was already quite fast.

Up to now, they have finally lifted the special seal on these invitations, but they suddenly realized that everything they gave was just doing others' wedding dresses!

How can this be tolerated!

But this is reality!

The reality is so cruel!

Chen Feng slapped Xu Yao at Tantai.

Now he has absorbed the blood of two gods and demons.

Regardless of the physical strength or the realm of cultivation, they are already enough to crush the people in the seventh floor of the Star Soul Martial God Realm!

puff!

Tantai Xuyao was slapped with a palm to his breastbone, and he vomited blood.

The four blank invitations that had not had time to be included in the reincarnation jade medal were quickly taken by Chen Feng.

Tantai Xuyao is staring!

Seeing that the task deadline is approaching!

What Chen Feng snatched was not only the four blank invitations, but also their fate!

But how can it be?

By now, Tantai Xuyao finally realized that Zhong Liyuntian had pretended to be powerless.

It's just that Zhong Li Yuntian pretended to be.

He is really powerless!

"Since it's here, it's better to stay!"

Chen Feng quickly put away the blank invitation letter, but did not let go of their plan.

The deadline for completing the task is indeed running out.

He still has a lot of the tasks of thirty immortals on the top of the sky unfinished.

Hearing Chen Feng's words and seeing his posture, it seemed that he had no intention of letting them leave alive!

Tantai Xuyao's heart stunned!

At this moment, he was deeply aware of the danger of his situation.

Given the current situation of him and Tantai Ruochu, there is no hope of regaining the blank invitation letter.

But if you die here, then there is no chance at all!

There is not much time left, but as long as you live, there is hope!

Thinking about this, Tantai Xuyao seemed to have made some decision, and a firm light burst into his eyes.

At the same time, Chen Feng suddenly had a warning.

Based on an instinctive reaction, the black and white long knife in his hand just about to be condensed disappeared instantly.

[Chapter 5072: Sword Qi broke through the sky! Feng Bingyun!](#)

Everything happened between the electric light and flint, but seeing Tantai Xuyao, who was at the end of his life, turned over and pulled out a special scroll!

When Tantai Ruochu first saw that the scroll was opened, his face changed drastically.

However, it also reacted in time.

"go!"

boom!

A loud noise almost obliterated their voices.

Around the two children of Tantai, the void instantly distorted, as if a special barrier had gathered in a short time.

Those twisted voids are like black holes.

Not only does it have extremely powerful suction, but it also doesn't know where it leads.

Even if the divine sense penetrated into it, it was crushed in an instant!

This kind of time-space warping technique should be the last magic weapon used by the two sons of Tantai to save their lives.

Even Chen Feng, who was able to fight the Eighth Building, had to be afraid of him by three points.

With quick eyes and quick hands, he grabbed the beast slave who was too late to get out.

But it was still a little slower.

Before the Tiancun Beast Slave had time to withdraw his left arm, he was instantly sucked into the twisted void closest to him.

Behind the distorted and concussive void, a fierce thunderbolt suddenly sounded!

The smell of blood spread immediately!

Although it was already the fastest to withdraw, the left arm of the Tiancun Beast Slave was severely damaged, and it was burnt black!

Flesh and blood!

Chen Feng's complexion suddenly changed, and his gloom instantly fell.

"Brother, I'm fine."

The Tiancun Beast Slave resisted the severe pain and looked fiercely at the two sons of Tantai who were hiding in the twisting void.

"I don't believe it. With their strength, how long can these last!"

However, Chen Feng shook his head.

"They want to flee."

Zhong Li Yuntian also quickly approached them at this moment, seeing the wounds of the Tianchou Beast Slave, his reaction was the same as Chen Feng.

The three of them looked at Tantai Xuyao who were sheltered by the twisted void.

I saw Tantai Ruochu also flipped his hands and took out another scroll.

As soon as this scroll came out, Chen Feng's trio felt the power of space.

Another space scroll!

Tantai Xuyao sneered and met their eyes.

"Where there is life, there is hope."

"You three, I remember."

After that, Tantai Xuyao opened the scroll, and the two immediately disappeared in place!

Although Chen Feng witnessed all this happening, although regret was inevitable in his heart, he did not care too much.

The two Tantai Xuyao, after all, came from the Tantai family, the top of the sky.

Their own strength is strong enough, coupled with the rich enough family heritage, there will be many life-saving techniques.

It is not realistic to have to keep them.

The twisted and turbulent void in front of him disappeared at the same time with the disappearance of Tantai and Xuyao.

It's as if nothing happened.

Chen Feng smiled at the two.

"At least we got four invitations."

Their mission on this trip is mainly for the invitation.

Right now, the goal has been achieved.

Chen Feng took out three blank invitations to lift the seal and handed two of them to Tianchou Beast Slave and Zhong Li Yuntian.

Looking at the two blank invitations lying quietly in Chen Feng's palm, the breathing sound of the two of them became heavy.

It has been a long time since I came to Xuanwu Zhongqian World, and finally completed the task prescribed by the rule of heaven.

This trial task is really not easy!

At this moment, they saw that the two of them were about to accept their blank invitations from Chen Feng.

An extremely tyrannical breath appeared out of thin air!

The place where they appeared was the place where Tantai and Xuyao disappeared!

Chen Feng reacted the fastest!

He shook his heart, and almost instinctively closed his hand, returning the three blank invitations back to the samsara jade card!

I thought they were the oriole, but I didn't expect it to happen!

The fierce murderous aura passed by the bodies of the three Chen Feng, splitting into the sea of clouds behind them.

Chen Feng grabbed the Celestial Remnant Beast Slave, and protected him from sideways.

In the next second, two silver sword auras appeared out of thin air from where they were standing!

Originally, Chen Feng thought it was Tantai and Xuyao who regained the carbine.

However, he denied this at the moment.

Because these two lingering silver sword auras are even above him!

The master of the eighth floor of the Star Soul Martial God Realm!

what happened!

Chen Feng looked intently.

I saw that where Tantai and Xuyao escaped with the help of the space scroll, the power of space surged again!

Immediately, a graceful figure appeared out of thin air!

She wore a long silver-white slim dress, like a simple bun with ink green silk, draped behind her back.

The female facial features are extremely delicate, Liu is like eyebrows, eyes are like stars!

Peach cheeks are smiling, her skin can be broken by blows, and her mouth is even more fragrant!

There is a light spirit all over the body.

What a stunning allure that is astonishing!

However, although the beautiful lady is beautiful, it also brings extremely strong danger to the three of Chen Feng!

Chen Feng remembered what Zhong Li Yuntian had said earlier, this time there were three people in the Tantai family!

Could it be the third person?

This idea just appeared in Chen Feng's mind, and it was rejected the next moment.

Because Chen Feng felt two familiar breaths from this woman!

The smell of blood permeated.

It's the second son of Tantai!

Tantai Xuyao, who had just escaped, escaped the siege by Chen Feng, but still failed to escape the final fate.

Chen Feng couldn't help but sigh in his heart.

With a slight smile, the woman stared at Chen Feng, with mockery in her eyes.

"Some means!"

"I admire you very much."

Chen Feng's whole body guard reached the extreme.

He naturally didn't believe a word of what the woman said.

Obviously, the woman in the long skirt should have lurked after Tantai Xuyao and his party.

She had the same thoughts as Chen Feng and the others.

Let the two sons of Tantai be the pathfinder and take advantage of the fisherman's profit.

However, in the process of tracking, she saw Chen Feng and them again.

Chen Feng did not expect that he would be regarded as a chess piece now!

Moreover, his chess piece, almost like the two Tantai, was killed by the woman in front of him!

"I can't kill you, but you must hand over an invitation letter."

The woman's posture is condescending, she is just ordering.

Although he looked like an overwhelming city, his arrogant attitude still made Chen Feng's heart fussy.

He doesn't like the feeling of being overlooked and looked down upon!

At this moment, Zhongli Yuntian's exclamation in a low voice rang in his ears

"Feng Bingyun! Why is she here too!"

The name that can be remembered by Zhong Li Yuntian is definitely not a nameless person.

Chen Feng immediately understood the powerful woman in front of him through the demonic heart rooted in Zhongli Yuntian's spiritual world.

Feng Bingyun, who had no school or school, came and went by himself, and was a small well-known master at the top of the sky.

Although on the top of the sky, the powerhouse of the eighth floor of the Star Soul Martial God Realm is not uncommon.

However, Feng Bingyun was very special.

Because, it is said that it hasn't been a few years since she entered the top of the sky!

[Chapter 5073: Why come? Sad and happy King Kong Jing!](#)

In just a few years, he quickly stepped into the pinnacle of the eighth floor of the Star Soul Martial God Realm!

Even closer to the ninth building than the purple-robed man before!

Not only that, this person is ruthless and good at planning.

Chen Feng felt this.

In other words, if they don't follow, even if they fight Feng Bingyun desperately, there is no chance of winning.

Thinking of this, Chen Feng couldn't help sighing in his heart.

When he got the fourth blank invitation letter, he even thought about how to use the extra blank invitation letter to complete his remaining tasks.

Unexpectedly, an accident occurred temporarily.

Just when Chen Feng had a decision in his heart, he suddenly saw Feng Bingyun glance at the Da Mo Lin Temple behind them.

Immediately, she looked down at them faintly, and glanced arrogantly.

"I'll go in and pack up some people and give you half an hour."

"When you come out, if you don't give the invitation letter with both hands, don't blame me for doing it myself."

With that said, she actually got up with a hint of urgency and rushed into the Great Demon Lin Temple full of devilish energy!

With this sudden change, the three of Chen Feng turned around and looked at her disappearing back, but they didn't react.

What kind of weird development is this?

The purpose of Feng Bingyun's coming here doesn't seem to be mainly for the blank invitation letter.

Looking at her posture, it was so urgent, it was more like something in the Great Demon Lin Temple.

Chen Feng looked at each other.

From each other's eyes, they all saw shock.

Chen Feng knew what happened inside.

He knew exactly how powerful and weird Old Demon Peng Shi was.

Looking at what Feng Bingyun meant, it seemed that he was planning to kill Old Demon Peng Shi!

"This Feng Bingyun is indeed a character!"

Chen Feng couldn't help but slap his tongue.

As for Feng Bingyun's threat to them, he didn't take it seriously.

In half an hour, he was confident to escape to safety.

"Brother, shall we go?"

The Tiancun Beast Slave had obviously thought of this too.

Who would stand outside obediently and respectfully hand over the blank invitation letter that was so hard to get?

However, Zhong Li Yuntian was very worried.

"This Feng Bingyun followed Tantai and Xuyao all the way, and we didn't find it from beginning to end."

"It's hard to get rid of this tracking method."

He looked at Chen Feng: "It's better to give her one."

Chen Feng is not in a hurry.

He took out three invitation letters again.

"Anyway, let's brand it first."

This time, the three successfully branded their respective breaths on the blank invitation letter.

After putting away the invitation letters, Chen Feng looked up at the Great Molin Temple.

He always felt that there was some secret in it.

Especially after Feng Bingyun rushed in, this feeling became even stronger.

"Wait, let me see what's going on inside."

Chen Feng immediately controlled Duanmu Sixin and saw what was happening in the Great Molin Temple at this time.

Unexpectedly, at this moment Duanmu Sixin unexpectedly appeared in another hall along with Old Demon Peng Shi.

boom!

The breath of terror engulfed the entire hall in an instant.

Before Chen Feng even had time to see the surrounding environment, Duanmu Sixin was overthrown by this too powerful wave of air!

However, he still learned a little bit from Duanmu Sixin's spiritual knowledge.

They are now in the main hall!

Feng Bingyun rushed directly in front of Old Demon Peng Shi with an invincible posture.

"Hand over the King Kong Sutra of Sadness and Joy!"

He shouted sharply, simply and tough.

Feng Bingyun held a silver-rimmed snow wave long sword in each hand, and the sword pointed at the old demon Peng Shi who was hit by her!

"who are you?"

At this moment, the old demon Peng Shi was frightened and frightened.

The Sad and Happy King Kong King Scripture is top-secret news that ordinary people would never know!

The woman who appeared suddenly had a special aura, somewhat similar to the two children who had escaped from him earlier.

It should be from the same place.

For a time, Old Demon Peng Shi thought of a lot.

"You don't need to know who I am. Don't talk nonsense, hand over the King Kong Sutra of Sadness and Joy, and save your life!"

Feng Bingyun gave him no room at all.

Her beautiful eyes flickered, her eyes full of fierce determination.

The overwhelming supreme coercion came out!

For Feng Bingyun, she had spent a huge price this time to enter this Xuanwu Middle Thousand World.

The real purpose is for this!

Unlike other people who participated in the trial mission, she had already surpassed the general category of influence.

Similar to the person in the purple robe, whether he has completed the task of the invitation letter issued by the Lord of Heaven is second.

With her means, even if she didn't get the blank invitation letter, she completed the task.

The Lord of Heaven can't kill her like that!

Because of this, Feng Bingyun is even more eager for the sorrow and joy in front of the King Kong King Scripture!

This time, she will definitely get this sad and joyful Diamond King Sutra!

But the old demon Peng Shi in front of him, how humiliated so much!

As far as he was concerned, this time he was played by the two boys before, and now he was killed by someone!

A wave of air rushed toward him, blowing away the billowing magic energy on his face, revealing half of his skull face.

"Want the King Kong Sutra of Sadness and Joy? It depends on your ability to get it!"

In an instant, Old Demon Peng Shi turned his hand and took out a great Demon Cheng Tianzhu!

boom!

The endless devilish energy shot at Feng Bingyun in the long silver skirt like a flood.

At the same time, Old Demon Peng Shi looked up to the sky and roared.

"Where is the demon servant!"

This violent roar actually contains the sound of rolling magic!

The magic sounds scattered, shaking the entire huge Damolin Temple!

Even the three of Chen Feng, who were far away, heard these four words clearly.

The earth began to shake instantly!

All the demon servants who walked on their respective paths step by step turned around.

They really seemed to be summoned, and collectively rushed to the main hall in the middle of the Great Molin Temple!

In no time, countless demon servants appeared in all directions.

"kill!"

The loud roar was so neat that it seemed to come from a person's throat!

These demon servants, although everyone's cultivation is mostly around the sixth floor of the Star Soul Martial God Realm, the number is really too huge!

Even Feng Bingyun, who has the pinnacle of the eighth building, is no easy task to exterminate all the demon servants who rushed over!

For a moment, Feng Bingyun was actually entangled by these demons!

Outside the main hall, the demon servants in blood-colored robes and high-toed hats continued to rush in.

In this chaos, Old Demon Peng Shi sat in the center of the hall!

Chen Feng was controlling Duanmu Sixin and was always paying attention to his movements. Seeing him suddenly do this, his heart was tight.

Looking closely, he was immediately shocked.

as predicted!

This main hall has a lot of articles!

On the ground of the main hall, there are also mysterious and strange patterns!

Although countless demon servants obstructed his vision, Chen Feng noticed it for the first time.

This strange pattern is exactly the same as the pattern on the blood-colored robe of Old Demon Peng Shi!

[Chapter 5074: Old Demon Peng Shi transformed! Great Compassionate Joy King Kong Demon comes!](#)

It should be an extremely secretive circle!

At this moment, the ground of the entire main hall suddenly began to vibrate violently!

Thousands of demon servants poured in!

They were dull and rushed into the main hall without joy or sadness.

Suddenly, on the ground of the main hall, on the lines engraved with special patterns, an extremely powerful demon energy surged!

It is more tyrannical than all the demons Chen Feng has seen!

boom!

boom!

boom!

One after another demon servant entered this extremely huge circle, and instantly burst into a dark red blood mist!

It was actually his own flesh and blood as a sacrifice, absorbed by the magic circle!

"not good!"

Chen Feng's complexion changed drastically, and immediately took Tianchou Beast Slave and Zhong Li Yuntian, and quickly withdrew.

They retreated all the way until they quit the outermost layer of the magic circle in the Great Molin Temple!

Then look at the Great Demon Lin Temple ahead.

At this time, the entire Damolin Temple was like a black flame ignited!

Feng Bingyun rushed in all the way, and the corpses of the demon servants that fell on the ground were also shattered in this increasingly strong demon energy!

All turned into blood mist, and then re-absorbed by the magic energy!

Looking from the outside from afar, I only feel that the black mist is steaming, and I can't see anything.

At this moment, Feng Bingyun's expression changed.

Chen Feng's expression also changed drastically outside.

"Feng Bingyun is going to be dangerous!"

I saw billowing black mist, dense enough to drip out black liquid.

And these devilish energy rushed into Old Demon Peng Shi's body at a terrifying speed!

The entangled Feng Bingyun seemed to have guessed something, his original stern face was full of anxiety.

She was running the cultivation base with all her strength, and the two swords in her hand were almost full of silvery white afterimages.

Never let Old Demon Peng Shi's plan succeed!

However, there are too many demon servants!

And the coercion of the devilish energy around her is increasingly affecting her performance!

Until now, Feng Bingyun felt more and more that the surrounding air seemed to condense into a wall!

And she is in the wall!

Hard to move!

The distance from Old Demon Peng Shi is not far away.

But this short distance of several hundred meters, it seems to be close to the horizon!

After a while, all the magic energy in the entire Great Demon Lin Temple disappeared!

It was replaced by a huge black cocoon in the center of the magic circle!

All the devil qi poured into Old Demon Peng Shi's body, and finally condensed into a substantial cocoon.

At this moment, all the demon servants entangled around Feng Bingyun also disappeared.

All of them crumbled into blood mist, which was absorbed into the large black cocoon.

Feng Bingyun, who had regained his freedom, looked extremely ugly.

She looked at the **** cocoon with fear in her eyes!

The worst has happened!

Feng Bingyun turned around and left.

The speed is more urgent than when he rushed in!

But it's too late!

There was only a click, crisp and clear, the sound of something cracking.

Feng Bingyun immediately widened her beautiful eyes, and ran away frantically outside the Great Molin Temple.

boom!

Accompanied by a loud and deafening noise.

The black cocoon suddenly exploded!

A completely different figure appeared from it!

I saw that figure suddenly started to grow bigger!

"Want to run? Can you run now?"

The figure stretched out his right hand towards Feng Bingyun.

Feng Bingyun screamed and flew back!

It was caught back!

The figure that appeared in the huge black cocoon from the ink swells rapidly!

In a blink of an eye it was as high as a hundred feet!

Through the eyes of Duanmu Sixin, Chen Feng saw the true face of this person.

The old demon Peng Shi in the black giant cocoon had disappeared.

The only thing left was probably the Great Demon Cheng Tianzhu that fell aside.

It was replaced by a dark...big monster!

I saw it had four heads, and each head had a different color, namely black, white, red, and blue!

On top of the four heads, they all wear a human skull crown!

There are sixteen arms on the strong and terrifying torso!

Among them, the main arm holds the diamond bell on the left and the diamond pestle on the right.

The remaining fourteen arms hold magical instruments such as axes, moon-shaped knives, halberds, skull rods, diamond cables, diamond hooks, and living heads.

He stepped on the lotus throne, and the only free arm was grabbing Feng Bingyun!

boom!

The whole Damolin Temple was shaking.

Immediately, a loud voice sounded!

"The King Kong Demon of Great Compassion and Joy is here, you all have to die today!"

At this moment, Buddha and magic sounds seem to be intertwined, oscillating out infinitely.

Feng Bingyun swung his sword and fought back, only to break away from the sudden magic hand and get out of the trap.

Hearing the loud and deafening noise, her face turned pale, and her heart was shocked!

"This is the deity of King Kong Demon of Great Compassion and Joy?"

"No! Impossible!"

Feng Bingyun immediately denied his guess.

The great demon in front of him is indeed the Great Demon King Kong Demon, but it is definitely not the deity!

You know, how strong is the Demon King of Great Compassion and Joy!

If it is the deity, it can ruin the world by turning over!

It is impossible to have such momentum.

This should be just a projection.

However, this analysis did not bring much comfort.

Because, even though what appeared in front of him was only a projection of the Great Sad and Happy King Kong Demon.

That's also the ninth building powerhouse of the real Star Soul Martial God Realm!

And it is the pinnacle of the ninth building!

No matter how strong Feng Bingyun was, he couldn't be the peak of the eighth building.

Although she is only a short distance from the ninth building, she has even stepped into the ninth building with one foot.

But that is only the eighth building!

The projection in front of her is a realm higher than her!

It seems that this trip to the Thousand Worlds of Xuanwu, if you want to win the Great Compassionate and Joyful Diamond Sutra, I am afraid that there is little hope!

Thinking of this, Feng Bingyun was extremely unwilling!

Unlike some other heavenly immortals selected by the dominion of heaven, she actively wants to go to this trial world.

For this, she did not hesitate to spend a great price.

But I never expected that seeing the Great Compassion and Joy Diamond Sutra is at my fingertips, but it is such a powerful opponent.

However, no matter how unwilling it is, it will not help.

At this moment, where can she dare to fight again?

It's pretty good to be able to escape alive!

The entire Great Demon Lin Temple was constantly trembling, and the huge main hall also appeared crowded under the projection of the Great Compassion and Joy King Kong Demon that was a hundred meters high.

Feng Bingyun gritted his teeth, her beautiful eyes burst into a strong desire to survive!

She must not die!

There are still enough cards to escape!

Without waiting for the projection of the King Kong Demon of Great Compassion and Joy, Feng Bingyun merged the two swords in his hand, shaking his wrists very cleverly.

In an instant, the space around her shook strangely!

The magical sword technique Feng Bingyun mastered was actually related to space!

This is also the reason why she was able to cut off the scroll of space between Tantai and Xuyao and came directly to the front of the Great Molin Temple!

All magical powers related to time and space are extremely rare and special.

Da Beixi King Kong Demon Projection, the big hand that came over again.

[Chapter 5075: Task: Kill the Great Compassionate King Kong Demon Projection!](#)

When entering this turbulent space around Feng Bingyun, it suddenly seemed to have entered an extremely terrifying killing formation!

For a while, the dark long arm was full of cut wounds, revealing the dark arm bones.

The devilish energy leaked out!

This is one of Feng Bingyun's cards, space strangulation!

Even an adversary who is stronger than one realm will have to suffer a lot if he wants to pass through this chaotic space!

With this trump card, Feng Bingyun went into and out of danger countless times, and he was in peace!

However, this spatial strangulation technique has a great flaw!

It can only be used for self-protection, in fact, it does not have the ability to actively cause external damage.

As long as the opponent is outside the concussion space, slowly waiting for her to consume her cultivation base, she can continue to attack.

Therefore, the use of space strangulation is really helpless.

Da Beixi King Kong King Demon Projection is too strong!

At this moment, Feng Bingyun's expression changed again.

Under normal circumstances, whenever she sacrifices space strangulation, the opponent will have to retreat!

But this great sadness and joy King Kong King Demon projection did not stop!

The big hand, which was almost strangled to the point where only the black bones were left, still grabbed her quickly!

so horrible!

This is the peak of the ninth building of the Star Soul Martial God Realm, and even stronger power!

Only by having the capital against the sky, can we make such a bold move.

Feng Bingyun was so angry that she almost crushed her silver teeth.

"Okay, I want to see how long your devilish energy can last!"

Despite this, Feng Bingyun had to back down again and again in the face of the black big hand that was constantly approaching her.

boom!

boom!

As she retreated, the Great Compassionate King Kong Demon Projection took herself on the lotus throne and strode down.

One step is hundreds of meters!

Instantly narrowed the distance with Feng Bingyun!

As he took this step by step, the earth continued to break and tremble.

Feng Bingyun's face changed drastically, and the speed of his retreat was accelerated again.

At the same time, her space continued to oscillate in all directions, tens of meters in circle.

The magic hand that keeps approaching her is being stabbed by thousands of swords!

Such a stalemate state is really too exhausting!

Feng Bingyun became more and more anxious.

With both swords coming out of her, the breath emanating from her body became more terrifying.

The ink hair is windless and automatic, and the silver dress wrapped in plain fluttering backwards.

At this moment, the long arm projected by the Great Compassionate King Kong Demon finally broke!

Feng Bingyun is overjoyed!

good chance!

This projection of the Great Compassionate King Kong Demon is still too arrogant!

How dare to directly confront the power of space strangulation with a physical body!

Even if it is the peak of the ninth building in the Star Soul Martial God Realm, what about it?

Not to mention the physical strength can't afford to consume, the cultivation base strength is probably even more expensive!

Feng Bingyun smiled slightly in her beautiful eyes, then immediately turned around, rushed towards the outside of the Great Demon Lin Temple.

This is the opportunity she won for herself!

Can't stand for a moment!

But at this moment, a roar suddenly sounded behind him!

Feng Bingyun's heart shook together, and his heart palpitations spontaneously.

Her spiritual sense detected that the four heads projected by the Great Compassionate King Kong Demon behind her were all opened.

All the demon servants who fell on the ground and had not broken into blood mist were swallowed by him!

Even the housekeeper of the city lord's mansion who has been hiding by the side is not immune!

It was too late to even struggle to call for help, and was directly chewed to pieces, bursting out dark red blood.

In an instant, the projection of the Great Compassionate King Kong Demon with a slightly weakened breath, once again erupted with rolling devilish energy!

In an instant, all strength was restored!

boom!

The billowing demonic energy is like an avalanche, like a tsunami, coming swiftly towards Feng Bingyun!

At this moment, Feng Bingyun had just rushed out of the Great Molin Temple.

But her face showed despair.

Can't hide!

I can't escape!

She glanced at the outside of Da Mo Lin Temple blankly.

There are no such three people.

At this moment, the three of Chen Feng had already fled.

As early as the projection of the Great Compassionate King Kong Demon appeared, Chen Feng's expression changed.

Especially after hearing that roar, he didn't say a word, pulling the injured Tianchou Beast slave and Zhong Li Yuntian and fleeing away.

However, at this moment, a huge voice suddenly rang in Chen Feng's mind!

"Trigger the hidden mission of the Thousand Worlds in Xuanwu—The Secret of Damolin Temple!"

"Trial the fairy Chen Feng, cooperate to kill the Great Compassionate King Kong Demon Projection!"

"After killing, obtain his token and enter the Great Molin Temple."

"The mission time limit is six hours!"

"Mission failed, obliterate!"

Chen Feng was stunned when he heard the sudden words of the ruler of heaven.

At this moment, he finally discovered that the second task mandated by the Mandate of Heaven, which was originally invisible, had also emerged.

It is this hidden mission!

How can this be done?

Chen Feng and the three were shocked, and then looked at each other.

"You also received this hidden mission?"

The three said in unison.

After being stunned, Chen Feng couldn't help laughing.

"Unexpectedly, the three of us actually received this task. I really couldn't get away even if we wanted to run."

After that, Chen Feng stopped, turned and rushed back.

Zhong Liyuntian looked at Chen Feng who turned around in surprise.

"How can this be killed?"

This task, based on their current strength, is absolutely impossible to complete!

Even if it is as strong as Feng Bingyun, there is only one escape!

And now, Chen Feng turned around to go back, which made Zhong Liyuntian wonder for a moment whether Chen Feng was crazy!

But, the next moment, Chen Feng turned his head and met his gaze.

"Don't worry."

"If you think about it carefully, the Lord of Heaven will not give us tasks that we absolutely cannot accomplish."

"This means that there must be a breakthrough!"

Although Chen Feng was equally shocked when he heard about this mission.

I thought for a moment in my mind that this is an impossible task.

But he still forced himself to calm down.

Hearing this, looking at the firm expression on Chen Feng's face, somehow, Zhong Li Yuntian felt that he was persuaded by Chen Feng for a moment.

"Big brother makes sense."

Although Tiancun Beast Slave was equally worried, he still agreed with Chen Feng's words.

Chen Feng was running at high speed, thinking, and calming their emotions.

"So, as long as you find a breakthrough, this task may not be an impossible task!"

Suddenly, he chuckled lightly.

"I think it should be more than the three of us who received this task."

After speaking, Chen Feng continued to head back in the direction of the Great Molin Temple.

The Tiancun Beast Slave and Zhong Li Yuntian behind them thought about it and followed them.

The three of them didn't rush far, almost after a few breaths, they saw the huge hall of the Great Molin Temple from a distance.

And, the desperate Feng Bingyun.

"The Lord of Heaven, are you crazy!"

[Chapter 5076: Tang Chenghui, come and save me!](#)

At this moment, Feng Bingyun's hair was slightly messy, and his face was full of despair.

"It's over... how can this be done..."

For all this, Chen Feng in the distance has a panoramic view.

Although he had never seen Feng Bingyun, he realized one of Feng Bingyun's weaknesses after only brief observation and contact.

This person is extremely arrogant and arrogant, because the journey has gone smoothly and he has hardly encountered any setbacks.

Once faced with such a challenging task, or faced with a strong opponent that she feels unable to fight against, she can't do it.

Her spiritual world is too fragile!

Looking at the desperate Feng Bingyun in the distance, the prototype of a plan gradually took shape from the bottom of Chen Feng's heart.

He stared at Feng Bingyun suddenly and shouted sharply.

"Feng Bingyun, I know you also received that task."

"Now, we are grasshoppers on a rope!"

"I want you to listen to me from now on."

"Otherwise we all have to die here!"

Feng Bingyun in the distance heard the roar coming from a distance, and didn't notice the tone for a while.

She nodded instinctively as if she had found the backbone.

"It is good!"

After regaining his consciousness, he found that it was that special kid who was speaking, like Chen Feng.

For a moment, she was at a loss.

Feng Bingyun knew that this person was quite capable of planning a plan.

But the strength of these three people is still too weak after all!

You know, even if there is a scheming against the sky, no matter how strong it is, it is all vain!

But, she has no other way besides this!

"Then what can you do?"

While talking, the four quickly got together.

Time is urgent, and the projection of the King Kong Demon of Great Compassion and Joy is rushing, and Chen Feng has no time to inform all the plans.

He looked at the three of them and said quickly.

"You stop him for me first!"

"Feng Bingyun, just delay for a moment, you can do it!"

Feng Bingyun nodded.

"Then please you!"

After finishing speaking, the projection of the Great Compassionate King Kong Demon came over!

The monstrous devilish gas obscured the sky and the sun, and even the surrounding sight became dim.

Feng Bingyun leaned back against Zhong Li Yuntian and looked up at the projection of the King Kong Demon.

Gritting his teeth, space strangulation technique, sacrifice again!

"We will help you!"

Zhong Li Yuntian pressed a palm on her shoulder, and strength poured into Feng Bingyun's body continuously.

The Tiancun Beast slave next to him followed closely behind.

Among the four people in front of him, his strength is the weakest.

And also injured.

Right now, he can only do this.

In an instant, the space around them shook crazily again!

The black magic energy that was so close disappeared in this turbulent void.

At the same time, Chen Feng opened his mouth and swallowed a fast air escape heaven pill.

That was previously obtained from Yu Jianbai's jade card of reincarnation.

Unexpectedly, it is still useful at this time.

At the moment after taking the Jikong Escape Pill, Chen Feng rushed into the Great Molin Temple.

Only an afterimage remains in place!

Feng Bingyun's beautiful eyes were shocked, and she looked in the direction where Chen Feng had disappeared.

"His breath is gone!"

Immediately behind him came the voice of Zhongli Yuntian.

"Hold your mind, he will be back."

At this time, someone reminded that Feng Bingyun had no time to react!

They could only do their best to resist the projection of the Great Compassionate King Kong Demon who strode towards them.

Chen Feng disappeared for ten breaths.

After ten breaths, his figure shot out from the Da Mo Lin Temple, like a bolt of lightning, directly rushing towards the three Feng Bingyun.

"then!"

He quickly threw something at the three of them.

"Take it, follow me quickly!"

The three of them subconsciously caught it, without time to see anything, they swallowed.

It's Swift Sky Escape Heaven Pill!

The figures of the four of them were almost inconceivable instantly!

Run desperately!

Without the obstacle of the space strangulation technique, the projection of the Great Compassionate King Kong Demon rushed up again.

The four of Chen Feng escaped fast, and he was not slow either!

Suddenly, a black object flew out of Zi Da Mo Lin Temple again.

It was actually a black lotus throne!

The projection of Da Bei Xi King Kong Demon stepped on it.

boom!

With a loud noise, the huge projection speed of up to a hundred meters soared!

It was getting closer and closer to the four of Chen Feng!

At this moment, the four of Chen Feng had re-entered the boundary of Duanmu Fairy City.

"What's the use when we come back here?"

Feng Bingyun looked at Chen Feng ahead with a scorched face.

"I had long suspected that the City Lord's Mansion and this Great Demon God Yanjiao must be a group."

"It is impossible to expect them to deal with the projection behind them."

Facing Feng Bingyun's worries, Chen Feng was uncharacteristically.

The corners of his lips curled up slightly, revealing a faint smile on his chest.

"I have my own way."

With that said, Chen Feng instantly removed the special breath of the Nine-turned Gui Xi Pill covering the surface of his body.

Almost instantly, the original breath of Chen Feng, who had been hidden for a long time, was released again.

Far away.

A gray-robed old man suddenly turned around, his eyes bursting with terrifying murderous intent.

"Let me find it!"

In the ecstasy, it is the endless sharp killing intent!

In an instant, only a trace of afterimage was left on the spot, and the gray-robed old man rushed towards Chen Feng's direction.

This person is the ancestor of the Tang family who vowed to kill Chen Feng, Tang Chenghui!

And here, Chen Feng kept distributing out one after another Swift Sky Escape Heaven Pill.

But the distance between them and the projection of the Great Compassionate King Kong Demon behind them is still getting smaller and smaller!

They deliberately flew over floating mountains, large and small, at low altitude.

Behind him, there were loud rumbling noises, one after another!

This method can only delay time!

Seeing that the floating mountain where the city lord's mansion was located was very close, Chen Feng's heart was sinking deeper and deeper.

Suddenly, directly in front of the four, a figure came quickly from a distance.

The goal is Chen Feng!

The ancestor of the Tang family rushed here!

Feng Bingyun's expression changed at the moment he saw the Tang Family Patriarch's appearance.

"Isn't this the ancestor of the Tang family? Why is he here too!"

Chen Feng didn't have time to explain, and shouted at the ancestor of the Tang family ahead.

"Tang Chenghui, come and save me!"

"We are chased by this old monster with no way to the sky, no way to the ground!"

These two angry shouts are full of anger and eagerness!

Among them, it is full of righteousness!

Behind Chen Feng, the beast slaves, Zhong Liyuntian and Feng Bingyun were all dumbfounded.

With his voice, even the ancestor of the Tang family himself was stunned.

Tang Chenghui!

How could this kid know his name?

Feng Bingyun's brain was in chaos.

Didn't Chen Feng come from the top of the sky? Why does it seem to have a close relationship with the ancestors of the Tang family?

She looked at Chen Feng subconsciously: "Are you from the Tang family?"

Chen Feng gave her a look, smiled slyly, and said quickly in a low voice.

"Lied to you."

In an instant, he flipped his hand and took out an object.

[Chapter 5077: See you Duan Muxi](#)

Then, quickly took the initiative to meet the ancestors of the Tang family.

"then!"

Then, he threw the object in his hand directly to the ancestor of the Tang family.

Everything happened so fast!

The ancestor of the Tang family didn't even react, and instinctively caught what Chen Feng had thrown over.

One sideways, Chen Feng passed by.

Immediately, behind him, there was a burst of laughter.

"Hahahaha...Thanks a lot!"

The ancestor of the Tang family looked down at what he had received.

It was actually a great demon bearing the heavenly pestle!

Suddenly, his face changed drastically, and he looked up sharply.

The Great Compassionate King Kong Demon Projection, who was chasing Chen Feng and the four of them, had already set his sights on him.

The projection of the Great Sadness and Joy King Kong Demon seemed to be suddenly angered at this moment.

In an instant, all sixteen arms came out!

However, his goal was actually the ancestor of the Tang family!

Chen Feng laughed further and further away.

This is what he had previously asked Feng Bingyun and the others to block for a while before rushing into the Great Demon Lin Temple to take out.

Old Demon Peng Shi summoned the magical weapon before the Great Compassionate King Kong Demon Projection!

Time has to go back to the beginning.

When the huge black cocoon suddenly exploded, and the Great Sadness and Joy King Kong Demon projected towards Feng Bingyun.

Chen Feng has already noticed some situations through Duanmu Sixin's perspective.

This projection of the Great Sad and Happy King Kong Demon is not a particularly complete projection.

When Feng Bingyun used the spatial strangulation technique, Chen Feng was even more certain of this.

The reason why he attacked directly and strongly was not relying on his own strength.

It is because the IQ of this projection is not high!

There was chaos in his mind, full of hatred and anger, and he couldn't remember who the enemy was.

At this moment, Chen Feng threw Old Demon Peng Shi's natal magic weapon to the ancestor of the Tang family.

In an instant, the aura on the ancestor of the Tang family far surpassed that of Feng Bingyun's four.

boom!

Behind him, loud and loud noises came frequently.

Feng Bingyun and the others immediately let out a long sigh of relief.

You know, once the projection of the Great Sadness and Joy King Kong Demon is entangled, it will not be easy to get rid of it again.

"Can't relax yet!"

A deep voice pulled Feng Bingyun back again.

It's Chen Feng!

At this moment, Chen Feng didn't mean to relax at all.

Even, there is no longer a proud gesture on his face, but more serious.

"what happened?"

Zhong Li Yuntian followed his line of sight and looked back.

"not enough!"

Chen Feng's eyes were torch, as if through the void.

I saw the battle between two Star Soul Martial God Realm ninth building strongmen in the distance.

"The strength of the ancestors of the Tang family is still not enough!"

He retracted his eyes and looked at the three of them.

"After seeing the projection of the Great Compassionate King Kong Demon, I was sure."

"The strength of the ancestors of the Tang family is only between the middle of the ninth building and the peak."

"If you want to kill that projection, it's impossible on his own, and you have to find a way."

You know, the task assigned to them by the Lord of Heaven is to kill!

Instead of escaping from his men.

Hearing Chen Feng's analysis, the three of them felt heavy again.

Feng Bingyun became even more anxious.

"Then what to do?"

"Don't worry!"

Chen Feng's mind was spinning quickly, raising his eyes to look at Zhongli Yuntian.

"Zhong Li Yuntian, go to the city lord's mansion and ask for Duan Muxi! Just say you know the whereabouts of these weird powerhouses."

"Remember, you must see Duanmuxi, not the Patriarch!"

Chen Feng and his party were already very close to the Fukong Mountain where the City Lord's Mansion was located.

After Chen Feng gave some instructions, Zhong Li Yuntian went to the City Lord's Mansion soon.

It is indeed the city lord's mansion of Duanmu Xiancheng, with extraordinary momentum and scale.

Zhong Li Yuntian can be regarded as two of the four families.

However, compared with the Duanmu Mansion in front of him, whether it was from the family away from home or from the Tang family, they were still dwarfed.

The same is the Zhumen, but the Zhumen wall of the city lord's mansion has doubled its size!

The huge plaque is hung high and the letters "Duanmu" are written.

Immortal spirit is permeated, and the fiber dance is transpiring.

Looking at it in a hurry, you can even feel the most intuitive majesty and murderousness!

Come to think of it, the person who wrote the inscription at the beginning must be an extremely terrifying powerhouse!

"Who is here!"

As soon as Zhong Li Yuntian approached the gate of the City Lord's Mansion, a row of guards at the gate stepped forward.

In an instant, the armor screamed, and murderous intent splashed!

Their faces were full of murderous intent, and they looked at Zhong Li Yuntian, an unexpected guest, with vigilance and seriousness.

Such a battle is also extraordinary!

Zhong Li Yuntian was worried about Chen Feng's instructions, and he dared not neglect it.

He stood with his hands in his hands, his expression open and open, but he did not hide his eagerness.

"I have something important to report to Young Master Duanmu."

Although Chen Feng released his own breath, Zhong Li Yuntian was still there.

This is also one of the ways he dares to come to the City Lord's Mansion at the moment.

Hearing what Zhong Li Yuntian said, I saw that he did not appear hostile.

The line of guards who stopped in front of him also obviously reduced their vigilance.

"Who are you? Why do you want to see our son."

Zhong Liyun Tian was originally a member of the Zhongli family at the top of the sky, and in terms of style and manners, he was even more than the Duanmu family.

Right now, this row of gate guards stopped him like this, and a trace of dislike flashed in his eyes.

"You don't need to know who I am."

"You only need to send someone in to report to Young Master Duanmu, and say that someone knows the whereabouts of those weird and powerful people."

"He will understand."

Zhong Li Yuntian's posture seemed really suspicious.

I always think he is a famous family.

Soon, a guard quickly entered the tall Zhumen and hurriedly entered the study room where Duan Muxi was located.

"Is it?"

Duan Muxi stood up from the seat directly above and looked at the guard who was kneeling below.

"You let him in, go to the inner hall and wait."

"Yes!"

Soon, the guard returned to Zhumen and looked at Zhongli Yuntian.

"The son let you in. Come with me!"

The blocking row of guards separated quickly, standing on both sides, indeed well-trained.

Under the leadership of the guard who informed him, Zhong Li Yuntian quickly came to the nearest inner hall.

Duan Muxi at this time has moved here.

He sat on the high seat directly above, narrowed his eyes slightly, and looked at Zhong Li Yuntian who was approaching.

"I have never seen you."

The guards retreated, Zhong Li Yuntian stood in the center of the inner hall, looking at Duan Muxi directly above, neither humble nor arrogant.

At this moment, his face was serious and solemn, and he was not afraid of Shang Duan Mu Xi's gaze.

"Young Master Duanmu has never seen me before, but recently a large number of mysterious powerhouses suddenly appeared in Duanmu Xiancheng."

"I think the City Lord's Mansion should have been aware of this matter."

"I have played against several of them in the next few days, and I feel vaguely."

Duanmuxi walked down slowly.

[Chapter 5078: Yu'er, got the bait!](#)

"How does it feel?"

Zhong Li Yuntian said quickly: "I can feel that the aura of those strong is very strange, as if from the same force."

Hearing Zhong Li Yuntian's words, although Duan Muxi's eyes shone faintly, he did not seem to fully believe the person in front of him.

"So? Why do you want to find the Upper City Lord's Mansion and tell me this?"

Zhong Li Yuntian waited for Duan Muxi to ask this sentence.

"I'm not talented at the next level, and I think my strength is not bad."

"After killing one or two weird powerhouses, I noticed this. I can't help but feel a little horrified."

"If it's a scattered powerhouse, then kill it."

"But if it comes from the same force, with one's own strength, I am afraid it will be difficult to resist the subsequent pursuit."

The meaning of Zhong Li Yuntian's remarks is already obvious.

In Duan Muxi's eyes, there was already a little more trust in his rhetoric at this moment.

"So you went to the City Lord's Mansion?"

Zhong Li Yuntian nodded: "Yes."

"Then why are you looking for me?"

Duan Muxi reacted extremely quickly when he asked this question.

The sharp eyes stared at Zhongli Yuntian, not wanting to let go of any clues.

Zhong Li Yuntian said frankly: "When I rushed here just now, I just felt that there was a strong fight in the distance."

"Patriarch Duanmu seems to have passed in that direction."

"Then the entire City Lord's Mansion, the one in charge at the moment, I only want to get Young Master Duanmu."

Having said that, Duan Muxi has basically recognized Zhong Li Yuntian's intention.

"Where are they now?"

Seeing Duanmuxi walking towards him, Zhong Liyuntian quickly flashed a dark light in his eyes.

"Young Master Duanmu, please come with me!"

"Those people shouldn't be aware of it now, we are past now, maybe we can capture them alive!"

Hearing Zhong Liyuntian's words, Duan Muxi stopped suddenly.

"what happened?"

Zhong Liyun's heartstring suddenly tightened.

Duan Muxi looked at him: "How many people are there?"

"I'm just investigating from a distance, and I don't know the exact number of people, but I saw as many as five or six people."

"I think it should be a place for that mysterious force to stay."

Hearing Zhong Li Yuntian's remarks, Duan Muxi looked outside.

"Come here."

With an order, the guards patrolling in the city lord's mansion, the closest one, quickly entered the inner hall.

There are 20 guards in this team, all of them have extremely high cultivation bases!

Zhong Li Yuntian explored his divine consciousness and found that they were all on the sixth floor of the Star Soul Martial God Realm!

Could it be that a flaw was discovered?

Zhong Li Yuntian turned his head to look calmly on the surface, but in fact he was already ready to escape.

Earlier, Chen Feng told him that he must never go to Duanmu Patriarch.

Because the Duanmu Patriarch has a calm mind and is not easy to enter.

If faced with this kind of old fox, with Zhong Li Yuntian's strength, I am afraid that not only could he not deceive people away, he would even be exposed on the spot!

I just don't know what happened to Duan Muxi.

At this critical juncture, Zhong Li Yuntian's heart suddenly moved.

There was a divine sense in the spiritual world.

"Stay steady!"

It's Chen Feng!

Chen Feng is also paying attention to the situation here through Moxin.

For some reason, after hearing Chen Feng's divine consciousness, Zhong Li Yuntian seemed to have some confidence in his heart.

He turned around again and looked at Duan Muxi.

"You guys follow me."

Duanmuxi opened his mouth and ordered, and met his eyes: "Lead the way."

Seeing such a scene, Zhong Li Yuntian suddenly sighed in relief.

well!

As expected, Duan Muxi didn't realize his true intentions.

If just now, I was too nervous, I am afraid I would expose myself.

He adjusted his condition immediately and nodded at Duanmuxi.

"Come with me."

When he turned around, Zhong Li Yuntian saw Duan Muxi's face, that overjoyed emotion was revealed.

Chen Feng's judgment is really accurate!

Right now, Duan Muxi had just awakened the blood of the gods and demons. It was the time when he was energetic and contemptuous.

With his mentality, he would definitely not be a scheming generation like Duanmu Patriarch, so it was just for them!

The group quickly left the City Lord's Mansion.

At this time, the corner of Chen Feng's mouth also ticked: "Yu'er, you're hooked!"

Led by Zhongli Yuntian, they soon came to a floating mountain not far away.

"It turns out that this place is used as a place to stay. The strong people of the weird forces are really extraordinary."

Duan Muxi looked at the small floating mountain in front of him from a distance, with murderous and proud eyes in his eyes.

It's like discovering these strong people, it is entirely his credit.

By his side, Zhong Li Yuntian looked at the floating mountain ahead, feeling very complicated.

When Chen Feng told him the instructions, he also told him some information.

A few days ago, they hurried to the Xiancheng Inn and saw Peng Tiancheng who was coming here in a hurry.

At that time, although it was temporarily interrupted by the purple-robed person.

But in the end, Chen Feng found a secret from Peng Tiancheng's mouth.

That is, in this Xuanwu Middle Thousand World, in this Duanmu Immortal City, many of the forces from the top of the sky have settled down.

Xiancheng Inn is actually one place, but it is only temporary.

However, there was once a force from the top of the sky, named Guixu Yuqingmen.

They established a station on this humble floating mountain.

Compared with the chaotic and complex boundary of Xiancheng Inn, it is more hidden.

When Zhong Li Yuntian took Duan Muxi and the others over, there happened to be many strong people inside!

A group of people quickly sneaked into it.

Soon, Zhong Li Yuntian guided Duan Muxi to the station.

It's actually a medical clinic!

However, this medical hall is empty, and at this moment, all inside are masters from the top of the sky.

There are so many people, there are seven or eight people!

"The breath is special, and every cultivation base is not weak. It is indeed the strong man of that mysterious force!"

Duan Muxi leaned out his spiritual knowledge, and all his attention was placed in the medical hall.

On his side, Zhong Li Yuntian looked at another place calmly.

An hour has passed since the four of them received the hidden task!

The direction Zhong Li Yuntian looked towards was the direction where Chen Feng and the others were hiding.

Everything at present is in Chen Feng's calculations.

And over there, the projection of the King Kong Demon of Great Compassion and Joy is playing inextricably with the ancestors of the Tang family.

The ancestors of the Tang family were furious.

He clearly noticed Chen Feng's breath, but the projection of the great sadness and joy of the King Kong Demon was stuck.

What's more, what makes him even more afraid is that the Great Compassion and Joy King Kong Demon Projection that entangles him, the strength should not be underestimated!

Even above him!

"Brother, they are coming soon."

Tiancun Beast Slave has been closely following the movements of the Tang family ancestors and the projections of the Great Compassionate King Kong King Demon.

He could clearly notice that the ancestor of the Tang family was consciously moving here.

[Chapter 5079: Desperate blow! Fully brand the devil heart!](#)

And his direction was surprisingly the location where Chen Feng and others were hiding.

Chen Feng at this time also knew all this.

However, these are not his biggest concerns.

He turned around and looked at Feng Bingyun and Tianchou Beast Slave beside him: "I need your help later."

Chen Feng's gaze was mainly on Feng Bingyun's face.

He solemnly told Feng Bingyun at this moment word by word.

"Blank invitation letter, I can give you one."

"At the same time, I hope you can understand that if you want to complete this hidden task, you can only listen to me."

"Time is running out, there is only one chance."

"I hope you can help me with all your strength."

"Otherwise, everyone will die together!"

"Do you understand?"

Feng Bingyun still cares about the blank invitation letter at this moment.

Faced with such a strong projection of the Great Compassionate King Kong Demon, she can only trust Chen Feng in front of her completely.

Because, Chen Feng's previous performance is worthy of her trust!

"Ok!"

She nodded vigorously.

"Okay, listen to me."

"According to my observations, within half an hour, the projection of the King Kong Demon of Great Compassion and Joy will be able to defeat the ancestors of the Tang family."

"At that time, he should be nearby."

"At that time, I want you to..."

In the medical hall not far away, the war is in full swing.

Zhong Li Yuntian has been following Duan Muxi's side.

Sure enough, half an hour later, the shock not far away got closer and closer.

With a deafening roar, the sixteen arms of the projection of the Great Compassionate King Kong Demon came out!

The four heads showed four expressions of joy, anger, sorrow and joy.

The black lotus throne suddenly accelerated.

After all, the ancestors of the Tang family were still hard to resist, and flew out on the spot, bloody.

In an instant, he seemed to be tens of years old and declining.

The eyes became more and more cloudy!

Now, even if he had the intention to kill Chen Feng, he could only be helpless for the time being.

Although the ancestors of the Tang family hated Chen Feng, they were not reckless.

It was hard to take advantage of the projection of the Great Compassionate King Kong Demon.

Flying out!

He immediately retreated and disappeared into the sky in a blink of an eye.

boom!

The projection of the Da Bei Xi King Kong Demon fell down and came to this small floating mountain.

At this moment, Duan Muxi and his party in the medical hall over there happened to walk out.

Looking at the two scenes, Feng Bingyun, who was hiding beside Chen Feng, became anxious.

She looked at Chen Feng.

"Do you want the projection of the Great Compassionate King Kong Demon to attack Duanmuxi?"

"This is impossible!"

"As long as Duanmuxi doesn't take the initiative to attack and anger the projection of King Kong King Demon, otherwise he will not take the initiative to attack Duanmuxi."

Hearing Feng Bingyun's words, Chen Feng curled up his mouth.

"Who said he wouldn't take the initiative to attack."

"Just now, you help me!"

Before he finished his words, Chen Feng looked solemn, his eyes fixed on the projection of the Great Compassionate King Kong Demon who was not far away, which was as high as a hundred meters.

Heaven and earth incarnate magically, suddenly gaining power!

Next to him, Tianchou Beast Slave and Feng Bingyun put one hand on Chen Feng's shoulder at the same time, providing him with continuous supplies.

A dazzling light burst out in the space of repetitive reincarnation of heaven and earth.

The weird black light quickly converged in the third huge pupil, continuously condensing!

In Chen Feng's golden spiritual world, at this moment, it seemed to start a huge wave.

boom!

In almost an instant, Chen Feng exhausted all his mental energy!

Implant that unprecedented huge demon heart into the spiritual world of the Great Compassionate King Kong Demon Projection!

The moment the devil's heart rushed into the projection of the Great Compassionate King Kong King Demon, Chen Feng's face suddenly became pale as paper!

Not only that, behind him, Tiancun Beast Slave and Feng Bingyun also looked pale!

According to what Chen Feng said earlier, they almost gave their purest spiritual power to Chen Feng.

Feng Bingyun even wondered for a while that her mental power would be too great and would cause Chen Feng's spiritual world to become unbearable.

Now, she knew that she was thinking too much.

She didn't know what magical power Chen Feng used, and it needed to consume such a huge mental power!

All the mental energy that entered Chen Feng's body was wiped out in an instant!

At this moment, in Chen Feng's spiritual world, the golden spiritual power that had previously rolled up the huge waves.

It seems to volatilize in an instant!

All disappeared!

Even in the golden spiritual world, it began to tremble crazily again.

The earth dries up quickly at a speed visible to the naked eye, and even cracks in large areas!

There are even cracks in the sky!

Click!

A frightening sound rang.

Chen Feng's spiritual world suddenly became sluggish.

But that huge demon heart still cannot be planted into the projection of the Great Compassionate King Kong Demon!

Between them, after all, the strength gap is too big!

Moreover, Chen Feng could feel through the Demon Heart that the spiritual world of the Great Compassionate King Kong Demon Projection was in chaos!

The vast spiritual power inside is raging, rioting, and out of order!

In this strong state, Chen Feng could only watch the huge demon heart, and the black light was disintegrated.

Seeing that the devil's heart was about to be raged by mental breakdown, Chen Feng's eyes suddenly condensed again with a fierce light.

"Come again!"

With a low voice of anger, he instantly awakened the Heavenly Canal Beast Slave and Feng Bingyun on both sides.

The two immediately continued to pour their mental power into his body.

At the same time, the demon heart that was about to be consumed was once again wrapped in the mysterious black light.

However, the light here is constantly reshaping and wrapping!

On the other side, the mental power of raging riots is also rapidly consuming this demon heart.

As time passed, Chen Feng's body became more and more shaky.

His mental power was almost completely dried up, as if he would collapse at any time!

In the golden spiritual world, there are a lot of huge rifts all over, which is daunting at first glance.

However, Chen Feng still persisted!

"Brother, are you okay? Does this work?"

The Tiancun Beast Slave almost couldn't pass it.

He almost felt that Chen Feng in front of him would collapse at any time!

"Hold it up! Hold on for a while!"

The answer to him was Chen Feng's difficult but firm whisper!

Chen Feng did not intend to plant this demon heart into the projection of the Great Compassionate King Kong Demon.

In fact, he knew better than anyone else.

With his current ability, even if Feng Bingyun and Tianchou Beast Slave were helping each other, it would be impossible to do it.

The projection of the King Kong Demon of Great Compassion and Joy, there is a riot in the spiritual world.

Even without such a strong cultivation base strength, it is difficult to implant.

What's more, with the repetitive reincarnation of heaven and earth currently mastered by Chen Feng, it is impossible to achieve the point where the devil's heart is implanted in this spiritual world.

If it is forced to plant, I am afraid there is only one ending.

That is, he himself was beaten to death!

[Chapter 5080: What I ask for is this moment!](#)

No surprises!

However, Chen Fengming knew this, but still insisted on squeezing the devil's heart into the projection of the Great Compassionate King Kong Demon.

There is only one reason!

Not to completely control the projection of the Great Compassionate King Kong Demon.

From the beginning, Chen Feng did not expect to control him!

That is Zono!

There is only one thing he has pictured-a shadow is planted in the heart of the projection of the Great Compassionate King Kong Demon!

That is the hint that Moxin is constantly releasing at this moment.

Chen Feng just wanted to pass this hint to the unconscious, chaotic brain projection of the King Kong King Kong Demon.

Duanmuxi is instigating all this!

boom!

Finally, at a certain moment, the projection of the King Kong Demon of Great Compassion and Joy suddenly became angry.

One of his heads slowly turned to Duan Muxi not far away.

Seeing this scene, Chen Feng suddenly drew out the mental power that was constantly pouring into the projection of the Great Compassionate King Kong Demon.

puff!

A mouthful of blood came out.

Chen Feng raised his head and fell down, bleeding from Qiqiao!

By now, his mental power has been completely exhausted.

Not only he even vomits blood, but even the breath is getting weaker and weaker.

Even reached the point of decline!

Not far away, Zhong Li Yuntian had a feeling quietly in his heart.

He could clearly notice that there seemed to be some kind of restraint in his spiritual world, and suddenly disappeared.

Zhong Li Yuntian realized something immediately and turned to look in the direction of Chen Feng's hiding.

Sure enough, seeing Chen Feng's tragic situation, Zhong Li Yuntian had realized something in his heart.

Chen Feng is now completely exhausted.

The demon heart implanted in Zhongli Yuntian's spiritual world has no effect!

Chen Feng could no longer control him.

boom!

boom!

The projection of the Da Bei Xi King Kong Demon walked towards Duan Muxi step by step.

Zhong Li Yuntian was silent for a moment, then suddenly came towards the direction where Chen Feng and his party were hiding.

Weak Chen Feng raised his eyes and met Zhong Li Yuntian's complicated eyes.

At this moment, they all saw a lot of things in each other's eyes.

Beside, the Tiancun Beast slave seemed to realize something.

He subconsciously protected Chen Feng.

Although he is not Zhong Li Yuntian's opponent at all.

However, Chen Feng is his eldest brother!

Even if you die yourself, if you want to kill your eldest brother, you can only step on his body!

"Thank you, let go."

Chen Feng was weak and spoke slowly.

"Big Brother!"

"nothing."

As Chen Feng said, he actually chuckled.

He looked at Zhong Li Yuntian again, with a confident and kind smile on his face.

"You won't kill me."

Although the tone of these words is weak, it is not difficult to reveal firmness and determination.

Zhong Li Yuntian looked at Chen Feng's eyes, from the beginning of complexity, to now, there is only calmness.

"If you put it at the beginning, I will kill you."

"But now, I'll take you."

It is not only that Chen Feng can quickly come up with one wonderful plan after another in a very short time.

Even at the beginning, Zhong Li Yuntian was convinced by the technique used to implant his devil heart.

What's more, following Chen Feng during this period of time can be said to have been rewarding.

Zhong Li Yuntian not only successfully eliminated his two opponents, but also completed the task assigned by the Lord of Heaven.

No more worries.

Actually Chen Feng treated him well.

After getting acquainted, Chen Feng never regarded him as a battle puppet without emotion.

Even, almost on par with his brother.

Even now, Chen Feng will do his best to give him freedom at all.

It is also a kind of trust!

Zhong Li Yuntian hadn't experienced this kind of trust for a long time.

"What shall we do next?"

He looked at Chen Feng with the same tone as usual.

Chen Feng's gaze also shifted from his face to the projection of the Great Compassionate King Kong Demon in the distance.

"In fact, we have already completed this task."

"finished?"

After Chen Feng said those words, not only Zhong Liyuntian was stunned, but also the Tianchou beast slave and Feng Bingyun beside him were also stunned.

"How is it done?"

"Do you think that a mere Duan Muxi can deal with the projection of the Great Compassionate King Kong Demon?"

Feng Bingyun became excited again.

Chen Feng slowly raised her hand to stop her words.

He looked forward, and although his face was weak, the familiar smile appeared again.

Zhong Li Yuntian hesitated for a moment, came to Chen Feng's side, and put his hand on his shoulder.

Soon, a warm current slowly poured into Chen Feng's body.

"Thank you."

Chen Feng was overjoyed.

Up to now, he and Zhong Li Yuntian finally completed the change of identity.

From a short-term relationship of interest, completely transformed into a friend, even a brother!

The four concealed their figures and looked forward.

Duan Muxi was puzzled.

Why did Da Bei Xi King Kong King Demon's projection approach him step by step.

Roar!

The projection of the chaotic Great Compassionate King Kong Demon roared, and a huge head stared at Duan Muxi.

"Great compassion and joy, senior King Kong Demon! I am the son of the Duanmu family! We are not enemies!"

Duan Muxi didn't dare to easily shoot at the projection of the Great Compassionate King Kong Demon in front of him.

Others may not know who the Baizhang figure that suddenly appeared before him is.

However, as the son of the Duanmu family, he is naturally clear.

Da Beixi King Kong Demon is the devil believed by the Great Demon God Yanjiao!

For a long time, the Duanmu family has a close relationship with the Great Demon God Yanjiao.

Therefore, although Duanmuxi's heart is clear now, the projection of the great sadness and joy in front of the King Kong Demon.

There must be something wrong at this moment, but he still didn't dare to do it directly.

"Great Sorrow and Joy, Senior King Kong Demon, we are not enemies..."

He hissed.

Throw rat bogey!

Before he finished his words, he saw the projection of the King Kong Demon of Great Compassion and Joy suddenly shot!

This attack came too suddenly!

Moreover, no hands were left at all!

Even Duan Muxi, who has just awakened the blood of the gods and devil, is definitely not the opponent of the projection of the Great Compassionate King Kong Demon in the state of running away!

Four heads and sixteen arms all out!

The magic sound was rolling, and the magic energy rushed to the sky, spreading in all directions.

It directly caused the world to change color!

Duan Muxi is too close to the projection of the Great Compassionate King Kong Demon!

Even if he reacted immediately, it was still too late!

boom!

The axe, moon-shaped knife, halberd, skeleton rod, diamond cable, diamond hook, living human head and other magical instruments held in the sixteen arms burst out with dazzling light!

The inky black light, at its limit, is also dazzling!

In an instant, in the eyes of a powerful man within a radius of a hundred miles, day seemed like night!

All light seems to be suddenly absorbed!

And Duan Muxi, who is the most recent projection of the King Kong Demon in Da Beixi, felt that his eyes seemed to be suddenly blind!

This panic!

Although extremely short, it is quite deadly!
