

Peerless 5081

[Chapter 5081: Great Compassion and Joy King Kong Demon Projection, Death! mission completed! \(...\)](#)

Although extremely short, it is quite deadly!

All magical artifacts arrive instantly!

The pervasive devilish energy suddenly enveloped it, and suddenly closed it!

It was like painting the ground as a prison, trapping his death row in this world.

Duanmuxi's face changed suddenly, and the fullness of the blood of the gods and demons broke out in an instant!

Flip the hand and use all the magical weapons that are usually used as hole cards.

But those magical artifacts belonging to the projection of the Great Compassionate King Kong Demon have already been reached instantly!

boom!

In the distance, Chen Feng and his party quietly watched the scene of the battle ahead.

Except for Chen Feng, the faces of the other three were shocked.

Feng Bingyun kept a face of horror and astonishment, turned around and looked at Chen Feng.

"This is your handwriting? How did you do it!"

All three of them know.

The projection of the Da Bei Xi King Kong Demon, the reason why he suddenly shot against Duan Muxi!

It must be because of Chen Feng's secret operation that almost exhausted all his strength.

At this moment, Feng Bingyun had no arrogance and disdain for Chen Feng.

Chen Feng should not be underestimated!

If it is purely based on the cultivation realm he released, to infer his upper limit. That would die in his hands in all likelihood!

Obviously it was the cultivation level of the fourth floor of the Star Soul Martial God Realm, but it had almost the strength to compete with a master of the 8th floor of the Star Soul Martial God Realm.

It can even affect a terrifying powerhouse who has almost surpassed the peak of the ninth building of the Star Soul Martial God Realm, and affects where to fight according to his plan!

This is horrible!

Duan Muxi in the front flew out, his whole body fractured countless.

He gulped blood and was embarrassed!

But it was not this that frightened him even more.

The unreserved shot of the projection of the King Kong King Demon was so sad and joyful that he almost destroyed the blood of the **** and demon that he had just awakened!

This bloodline of the gods and demons is the most important thing in Duanmuxi's eyes!

Even if the projection of the King Kong Demon of Great Compassion and Joy, dare to hurt his bloodline, it is absolutely unbearable!

Duan Muxi, who stood up quickly from the ground, once again looked at the projection of the Da Bei Xi King Kong Demon, which was as high as a hundred meters in front of him, without the previous awe in his eyes.

Duan Muxi was never a person who shy away from people!

Even if he is a strong man taught by the Great Demon God, he is not really in awe from the bottom of his heart!

"Old Devil, I let you three points, do you really think I can't do anything with you!"

The roar is like a thunderbolt in the clear sky, bursting from the sky and bursting apart!

In an instant, the darkness of the night sky regained clarity again!

Duan Muxi was furious!

He flipped his hand and took out the magic weapon of his life, staring at the front with his red bloodshot eyes.

Just before the battle, two figures from afar rushed over!

It's the direction of the City Lord's Mansion!

Chen Feng immediately noticed the two figures that were falling like meteors and quickly approached where they were.

"It's Fairy Nangong and Patriarch Duanmu."

Zhong Li Yuntian whispered.

"Unexpectedly, they rushed over too."

Just listen to a deep, deep, huge voice, from far to near.

"Wait!"

Duanmu Patriarch took a step ahead of Fairy Nangong and quickly rushed to Duanmuxi.

Stopped between the projections of his son and the King Kong Demon of Great Compassion and Joy.

"Don't be unreasonable!"

At this moment, the Duanmu Patriarch had a solemn face and a rather ugly face.

However, when he looked at the projection of the King Kong Demon of Great Compassion and Joy, the anger on his face was still restrained in a controlled manner.

"Great compassion and joy, King Kong Demon, our Duanmu family has never been dissatisfied with you, why suddenly treat me..."

Before he finished his words, he saw the projection of the King Kong King of Great Compassion and Joy in front of him, and shot again!

Shot without warning, as if he hadn't heard him at all.

The various magical weapons on the sixteen arms burst out endless black light once again, the target is still Duanmu father and son!

Duanmuxi was anxious.

"Father, it's this time, what else to tell him!"

"Do you want to watch us die here!"

"That projection is obviously crazy!"

The world became gloomy again.

It's like a black cloud over the city!

The billowing devilish energy released from the projection body of the arrogant sorrow and joy King Kong King Demon almost blackened the entire sky.

He roared and burst out a devilish sound, stimulating everyone's spiritual world.

As if completely out of control!

Seeing this situation, Patriarch Duanmu, who originally wanted to persuade him, sighed in the end.

"Fine, nothing."

As soon as the voice fell, the terrifying power belonging to the peak of the ninth building of the Star Soul Martial God Realm burst out of his body!

The ink cloud above his head was shattered!

Duanmu Patriarch has been in Duanmu Xiancheng for many years. Since he can become the City Lord, there is a reason.

Although he did not want to offend the Great Demon God Yanjiao easily.

But if you really fight with all your strength, the projection of the Great Compassionate King Kong Demon, which has been most worn out, has no chance of winning at all!

What's more, there are three people fighting over there!

distance.

Chen Feng raised his eyebrows and looked at the three who were already stunned next to him.

"How? I'm right."

"When I dragged Duanmuxi into the water, in fact, we have already completed this task."

Anyway, the original mandatory task of the Lord of Heaven did not clearly point out that the projection of the Great Compassionate King Kong Demon must be killed by oneself.

Just say to cooperate with the kill.

It's not impossible for people to kill.

At the moment when the projection of the Great Sadness and Joy King Kong Demon crashed, a stream of light entered Chen Feng's hands.

No one noticed that this hidden streamer instantly converged into a special object.

Chen Feng immediately realized that this special object should be a so-called token.

Before he could take a closer look, he immediately put it away, lowering his voice and looking at the three people nearby.

"Get the token, go back to the Great Molin Temple!"

Hearing Chen Feng's words, Zhong Li Yuntian's three faces subconsciously showed joy.

Time is running out. In order to prevent branches from growing outside the knot, Chen Feng even took out a space scroll.

"Why do you have this too?"

Feng Bingyun's expression changed slightly when she saw the scroll that released the atmosphere of space.

Chen Feng did not answer her, and the four of them quickly came to the Great Molin Temple.

At this moment, the Great Demon Lin Temple was empty, without the slightest breath of life.

The four quickly sneaked in.

In an instant, a familiar loud voice rang in their minds.

mission completed!

"It's done!"

Until now, the four Chen Feng finally breathed a sigh of relief.

This seemingly impossible compulsory task was actually completed vigorously by them with a force of destruction!

"We actually completed this task!"

Feng Bingyun opened her beautiful eyes and exhaled continuously, a red color appeared on her cheeks.

"This is incredible! Am I dreaming?"

However, the sound of the Lord of Heaven's voice immediately made her truly feel the truth!

[Chapter 5082: Generous task rewards!](#)

"The task is completed, the reward will be issued!"

When he heard this voice, Chen Feng was uncontrollably excited.

They have completed this almost impossible task, and the reward should definitely be extremely rich!

Soon, Chen Feng received the reward directly issued to him by the Lord of Heaven.

boom!

"this is....."

Chen Feng's face changed slightly.

He looked at his golden reincarnation jade medal.

Suddenly, two more objects appeared in the jade card of reincarnation.

The first is actually a copy of the first volume of the King Kong Sutra of Sadness and Joy!

It is not the first time that Chen Feng has heard of the King Kong Jingang Jing.

Feng Bingyun will come here suddenly this time, the purpose is precisely this sad and joyful Diamond King Sutra!

Thinking of this, Chen Feng temporarily held back his excitement and looked at Feng Bingyun beside him.

Seeing Feng Bingyun's face was even more ecstatic at this moment.

Chen Feng's heart moved and asked what he thought of.

"The reward you received is a copy of the first volume of the King Kong Sutra of Sadness and Joy?"

Feng Bingyun raised his head and nodded subconsciously.

"Could it be that you too?"

Chen Feng nodded.

After getting Chen Feng's affirmative answer, Feng Bingyun was not abnormal, but was even more excited.

"Then you can know the power of the King Kong Sutra of Sadness and Joy!"

"Even if there is only a copy of the first volume, it is worth noting that I have spent a great price to go to this Xuanwu Middle Thousand World."

Hearing this, Chen Feng felt even more awe-inspiring.

Feng Bingyun's unintentional words revealed a lot of news.

It seems that this sad and joyful King Kong King Jing must be a very powerful mind.

"I don't know which one is stronger than the Supreme God Demonizing Dragon Technique?"

Chen Feng thought to himself.

Immediately afterwards, he looked at the remaining object again.

This time, his face became more serious.

Another bonus is a black magic finger!

Even the finger bones exposed in the cross section are pitch black!

This is the magic finger of the Great Compassionate King Kong Demon!

According to the reward introduction of the Lord of Heaven, with this object, you can summon the projection of the Great Compassionate King Kong Demon!

Compared with the previous summoning method of Old Demon Peng Shi who used the flesh and blood of the Demon Servant as a sacrifice, this is more convenient than the summoning of the Demon Finger!

And, more powerful!

Chen Feng flipped his hand, holding this magic finger in his hand, his heart was extremely excited.

A dim light flashed quickly under his eyes.

There are already ideas about the utility of this cut of magic finger.

This is the reward for this hidden mission.

It seems not many, but each one is extremely rare and precious!

It took Chen Feng a lot of time to calm his mood.

Look up and look at the other three people.

Needless to say Feng Bingyun.

Zhong Li Yuntian and Tianchou Beast Slave were more concerned about him.

Hum!

Suddenly, a powerful breath erupted from the body of the Tianchou Beast Slave.

This breath is very special!

Not only did they attract Chen Feng's attention, the other two also looked over.

I saw the torn arms of the Tianchou Beast Slave, wrapped in that powerful breath, quickly recovering at a speed visible to the naked eye!

Not only that, but his cultivation realm is rapidly improving!

boom!

Suddenly, Tiancun Beast Slave opened his eyes.

In his eyes, two scorching rays of light burst out!

Shooting far away towards the empty Great Demon Lin Temple, it actually dissolved a lot of devil energy!

After a long time, the Tiancun Beast Slave finally restrained its breath.

Then, an excited smile appeared on his face.

"Big Brother! I broke through!"

Tiancun Beast Slave strode towards Chen Feng, refreshed, with his head high.

Chen Feng looked at him with a smile.

In fact, after entering the trial mission this time, he has always noticed the emotions of the Heavenly Remnant Beast Slave.

Compared with Chen Feng, Tiancun Beast Slave's cultivation was still slower.

Especially in the last few missions.

After the Tiancun Beast Slave was injured, he was even more anxious.

It was not the first day that Chen Feng knew him, and he naturally understood the origin of his emotions.

He is blaming himself!

I felt too useless and couldn't help.

Even if Chen Feng and the others did not have such an attitude, the Tianchou beast slaves following them would inevitably be so anxious.

But it's all right now.

I think what benefits the Lord of Heaven has given, not only helped him regain his strength, but also broke through to the sixth floor of the Star Soul Martial God Realm in one fell swoop!

With the strength of the Heavenly Remnant Beast Slave, breaking through to the sixth floor, then, even if it is against the powerhouse of the seventh floor, there will be a battle!

Chen Feng walked over and patted him firmly on the shoulder.

it is more than words.

Then he looked at Zhongli Yuntian again.

It happened to meet Zhong Li Yuntian's eyes.

"how is it?"

Zhong Li Yuntian smiled.

"Good harvest."

"That's good."

At this moment, Feng Bingyun had digested the joy he had just now, and resumed his usual posture.

However, there is less arrogance.

She walked to Chen Feng, stood still, and looked straight at Chen Feng.

"This time, I owe you a favor, and if I need my help in the future, I can help you."

Feng Bingyun has always been clear about his grievances, which can be regarded as a shining point.

Chen Feng looked at her and licked the corners of his lips.

"It just so happens. Now there is a chance to repay the favor. Would you like to try it?"

The words were received so quickly that Feng Bingyun was stunned for a while.

Then, when she reacted, she couldn't help but laugh.

After the experience of Da Mo Lin Temple, Feng Bingyun was able to realize clearly.

This Chen Feng is definitely a wonderful person!

Not only did he have the strength, he was also unparalleled in wisdom, and he was so interesting.

Such a wonderful person deserves Feng Bingyun's glance.

Chen Feng smiled.

"I need you....."

Listening to Chen Feng's words, Feng Bingyun's eyes gradually became surprised and serious.

...

Time passed quickly.

In a blink of an eye, the competition held by the City Lord's Mansion will begin tomorrow!

In the last few days, the mysterious powerhouses attacking and killing major clans and forces still happened from time to time!

Although the City Lord's Mansion has sent many powerful people to various places for monitoring.

However, those secret powerhouses seemed to be not afraid of death, still in various places, everywhere.

Just like a flea, constantly showing his sense of existence.

However, right now, the entire Duanmu Fairy City, compared with the previous chaos, can finally be called a little calmer.

At least on the surface, there are no longer so many unscrupulous attacks.

As for the turbulent waves in the dark, that needless to say.

After all, some people rob invitations to join tomorrow's meeting.

However, some people **** the invitation letter just to survive!

Moreover, some people may have already received the invitation letter and are secretly looking for ways to lift the special seal on the invitation letter.

However, just the day before the start of the competition!

A great news appeared out of thin air!

I don't know where it came from, saying it was the temporary decision of the City Lord's Mansion to release ten more blank invitations!

[Chapter 5083: Use this as a bait, and you will be hooked](#)

Not only that, the ten blank invitations this time have no special seals!

As soon as this news came out, the entire Duanmu Xiancheng seemed to boil suddenly!

Ten blank invitations without special seals!

This also means that as long as you can grab any of these ten blank invitations.

No matter who they are, they are eligible to enter the City Lord's Mansion and participate in the competition tomorrow!

This also means that on the last day, the City Lord's Mansion does not intend to calm the entire Duanmu Fairy City!

Because, someone quickly confirmed this!

The Duanmu family indeed issued ten blank invitations temporarily!

Moreover, these ten cards have already been distributed!

As soon as this news came out, the entire Duanmu Xiancheng suddenly caused an uproar!

When Zhong Li Yuntian and the others heard some wind, they hid their breath and walked on this street in secret, wanting to hear some news.

However, there is no need to bother to inquire about the news about these ten invitations.

As long as you walk on the street casually, you can hear the cultivators coming and going in groups, talking in groups.

Entering the Xiancheng Inn, what is heard is also a heated discussion about the temporary decision of the City Lord's Mansion.

Quite a few cultivators sitting in the store for dinner, whispered to each other, and their voices were not hidden.

"I don't know what the Duanmu family thought this time."

"Ten are temporarily released, but there is still no seal ban, that is to say, whoever grabs them will go back to them."

"I always feel that the Duanmu family made such a decision temporarily this time, perhaps because of a special plan."

"What plan requires this?"

"Look at it, Duanmu Fairy City today, for these ten invitations, is destined to fall into a **** storm!"

When the discussion was intense, suddenly someone next to him suddenly joined the topic.

"Where else do you need to watch? Just watch it!"

The voice did not fall.

boom!

Only a shout came from a distance.

"Someone here has an invitation letter!"

This shout is not loud, but it is uncharacteristically, it has broken through the clouds!

In an instant, almost all the cultivators within a radius of tens of miles burst out of their respective heyday strengths.

Including all the cultivators sitting, standing, and chatting, all look at the source of the sound!

In the middle of the bustling street, a faint figure quickly passed by.

Soon, the whole land was shaking!

"Where to run!"

Roars, cries of killing, footsteps...

All kinds of sounds almost upset the whole day!

In the backyard wing room of Xiancheng Inn.

When Zhong Li Yuntian brought the news back, Chen Feng was recovering from his injuries.

"I think the Duanmu family is aimed at us on the top of the sky."

"Intentionally at this time, I will release ten more invitations. Perhaps it is because we can see that we are from the top of the sky, and the targets are all the invitations they issued."

The Tiancun Beast Slave said this and kept tapping his tongue.

He raised his head to look at Chen Feng, still a little shocked in his eyes.

"Big brother, didn't you see that, just now, the people outside were crazy!"

Chen Feng stopped to heal his wounds when he heard the words of the beast slave.

He opened his eyes, with the usual smile on his face.

"As soon as this news comes out, you can foresee the current situation of fighting."

"After all, for many people, these ten blank invitations are the last ten chances to survive."

In many cases, it is not surprising that people do anything to survive.

Chen Feng sighed softly in his heart.

He wanted to wait quietly until the meeting began before he could take action.

But the tree wants to be quiet but the wind keeps going.

Thinking of this, he settled his mind.

Get up and walk out.

"let's go."

Zhong Li Yuntian looked at Chen Feng and saw the familiar smile on his face, suddenly a bad premonition surged in his heart.

"Go out this time? Where are you going? Is your injury not healed?"

Chen Feng showed his white teeth.

"Naturally grab a few blank invitations to have fun."

Although, when he saw Chen Feng's smile, Zhong Li Yuntian had a hunch in his heart.

But when he really heard what he said, Zhong Li Yuntian still felt a little absurd.

"Why is this again? Don't we already have four blank invitations?"

"Grab a few more tickets, is there any special reward that can't be achieved?"

Zhong Li Yuntian tried his best to rationalize Chen Feng's behavior.

However, Chen Feng waved his hand.

"The few blank invitations I snatched will be sent out again."

Hearing this, the Heavenly Remnant Beast Slave and Feng Bingyun next to him didn't understand either.

"Brother, why is this?"

"Now go out to grab, the difficulty is destined to be higher than before!"

"It's fine if we **** it. If we **** it, we have to send it out again. What's the point?"

Chen Feng thought for a while, and smiled after seeing the four of them really incomprehensible.

He thought about it, and considered his words.

"The Duanmu family chose to make a temporary intention at this time and send out these ten blank invitations."

"The target person is very clear, he must be the powerful group of mysterious forces he thought."

"This is to use this as bait to get people hooked!"

"That's us from the top of the sky."

"On this point, I and the Duanmu family now have the same position."

With that, he left the Xiancheng Inn directly.

They all say that they are born once and cooked twice.

Earlier, Chen Feng used the special ability of Heaven and Earth to reincarnate in Heaven and Earth, and quickly found Duanmu Patriarch's confidant, Duanmu Sixin.

It is precisely because of this that he can then learn a lot of information from Duanmu Sixin's divine consciousness, thereby completing most of the subsequent plans.

This is Chen Feng's advantage!

After leaving the Xiancheng Inn with Tianchou Beast Slave, Zhong Liyuntian, and Feng Bingyun, they approached the City Lord's Mansion again.

Today's City Lord's Mansion, compared with the past, the number of guards patrolling outside has directly doubled!

Moreover, in every guard team patrolling, there is a master of the seventh floor of the Star Soul Martial God Realm sitting in the seat.

Even Chen Feng and the others had to sigh with emotion when they saw such a battle.

Worthy of being the City Lord's Mansion!

What a big hand!

Although this city of Duanmuxiancheng has vast land and abundant resources, it covers a very wide area.

But to take so many masters for your own use, it also requires a great deal of background!

When Chen Feng and the four approached the City Lord's Mansion, they also discovered an interesting situation.

At this moment, not only were the four of them lurking around the City Lord's Mansion.

There are many immortals on the top of the sky lurking far or near them.

It seems, except to follow suit to **** those known blank invitations.

There are still many immortals who have the same plans as Chen Feng.

At this moment, Chen Feng's injury healed seven or eighty-eight.

He knew exactly how many people were lurking nearby.

Feng Bingyun also noticed part of the aura and looked at Chen Feng.

[Chapter 5084: Jiuyou Gang!](#)

However, Chen Feng seemed to know what she wanted to say, and said in a low voice.

"Don't worry about them."

"As long as someone from the City Lord's Mansion comes out, they will never get me over."

While talking, suddenly, the gate of the City Lord's Mansion moved slightly.

Someone wants to come out!

In an instant, all the lurking cultivators concentrated their attention, ready to grab someone at any time!

In the space of Chen Feng's repetitive reincarnation, the huge black eye on the far right has already been enveloped by countless black lights.

A devil's heart is already on standby.

Creak!

As soon as the huge Zhumen was opened, a person wearing the unique robes of the Duanmu family walked out of the door.

That unfamiliar spirit is not Duanmuxi, let alone Duanmu Patriarch!

Strength, the peak of the seventh floor of the Star Soul Martial God Realm!

absolutely okay!

Hum!

Chen Feng took the lead, directly towards that person, sending the demon heart that had been prepared long ago into that person's spiritual world!

Although there were several patrol teams between him and the man in Duanmu robe.

However, with Chen Feng's existing mental power, it was enough to surpass the masters of the seventh floor and start directly!

The person who walked out of the Zhumen suddenly stopped in shape.

An ink black flashed across his eyes very quickly.

Huh!

As the man stopped, the guards patrolling outside almost simultaneously switched to a state of preparation.

They all turned their backs to the Zhumen, facing the ground in all directions, guarding against the mysterious powerhouses that might rush out from every corner!

It's just that they would never have thought that despite such tight defense, one person would succeed!

A smile flashed across Chen Feng's eyes.

"go."

With that, he took the first step and left the city lord's mansion quietly and quickly.

The four Tiancun Beast slaves followed behind, shocked in their hearts.

They looked at Chen Feng after walking far away.

"It's done?"

Chen Feng said nothing, but nodded and gave the answer.

"If there is no accident, that person should have been deliberately sent by the Duanmu Patriarch."

No one was surprised at this point.

"Then does he know the whereabouts of the ten blank invitations?"

Hearing Feng Bingyun's question, Chen Feng smiled and looked at her.

"What do you mean?"

Meeting Chen Feng's smiling eyes, Feng Bingyun was taken aback for a moment, and then quickly reacted.

This is a question of nonsense!

If you don't know the whereabouts of the ten blank invitations, how can you withdraw them now?

"Patriarch Duanmu thinks deeply, this person is the bait he released."

"If you follow him at this time and subdue him, in all likelihood, those who follow him will be attacked and killed."

"This is just right, it can help us to attract people who are following."

Chen Feng quickly rushed from one floating mountain to another floating mountain, while explaining one after another.

"Then where are we going now? Go grab the invitation letter?"

"Ok."

Chen Feng would tell the two of the information that was peeked from the man at the door.

"This time, the ten blank invitations are mainly distributed to a few less-remarkable families."

"I guess that when the time comes, the more inconspicuous the family is, the more experts from Duanmu Mansion will be waiting for the monarch to enter the urn."

The two people beside him followed his thoughts and quickly guessed it.

"So what we are going to now should be the strongest of these families?"

Chen Feng shook his head.

"Go to the second strongest one, Xiangjia."

"Why?"

"Because of the strongest family, there are already two invitation letters out now."

"And Xiangjia is extremely hidden on weekdays."

"So far, there are still three blank invitations."

The four of Chen Feng concealed their body and marched forward.

Soon, they arrived at Xiangjia.

I have to say that this Xiang Jia is indeed extremely hidden.

On weekdays, I never even heard of their rumors.

The reason why Chen Feng knew the location of Xiang's family was also thanks to Duanmu Sixin who had already died.

At that time, Chen Feng not only controlled him with a devilish heart, but also scanned all of Duanmu Sixin's past.

Unexpectedly, the act of trying to understand Duanmu Patriarch and Duanmuxi as a person at that time could actually help him now.

As the steward of the city lord's mansion who often runs errands, he naturally knows where Xiangjia is!

Xiang Jia is different from ordinary families.

There is no conspicuous mansion, and there is no such tight guard as the city lord mansion.

When Chen Feng brought Tiancun Beast Slave and Zhong Li Yuntian to this floating mountain.

They didn't even realize that the land under their feet was already where Xiangjia was.

Looking around, they are all ordinary neighborhoods.

There is even more cries from both sides, which are endless.

The meeting to be held tomorrow seems to have nothing to do with everyone in front of them.

"That's it?"

Tiancun Beast Slave looked around blankly.

Chen Feng nodded: "Everyone here is from Xiangjia."

Hearing Chen Feng's words, the three couldn't help showing surprise.

"The Xiang family is different from other families and has never escaped the world."

"But once the children of the Xiang family go out, they are somewhat capable."

With that, Chen Feng pointed his eyes in one direction.

"I will come as soon as I go, and you will wait for me for a while."

Although the Xiang family is not bad, after all, the scale is far inferior to that of the four major families, and it can't be compared with the city lord mansion.

Chen Feng didn't spend much energy, grabbing the three blank invitations from the deeply hidden Xiang family mansion.

"Where shall we go next?"

Although Zhong Li Yuntian followed Chen Feng to leave and continued to drive in one direction, he was still puzzled.

As far as he knows, there is no family in this direction.

"Nine You Gang."

Chen Feng opened his mouth and uttered three words.

Hearing this name, all four of them were taken aback.

The huge Duanmu Xiancheng has a large population and abundant resources.

Nature has everything!

On the surface, the Duanmu family, as the city lord's mansion, is in charge of the entire Duanmu fairy city.

But there is a place that even they cannot govern.

That is the many underground gangs in Duanmu Xiancheng!

Among the many underground gangs, the strongest and largest top gang is the Jiuyou Gang.

It is said that the Jiuyou Gang initially relied on a large Jiuyou snake to be subdued by the gang leader as the town's monster beast, and it retreated countless opponents.

It wasn't until the underground supremacy status of the Jiuyou Gang was established that the Jiuyou Serpent quietly left.

However, at that time, the Jiuyou Gang had already annexed countless underground gangs.

Even without the Jiuyou Serpent, it is enough to stand proudly as the leader of the underground gang in Duanmu Xiancheng.

Unlike the gangs on the ground, the underground gangs do not have so many obvious rules.

Here, there is only one rule for everyone, that is, the strong are respected and the strength is supreme!

If you die, your strength is inadequate.

Live, you can do whatever you want!

Not long after, Chen Feng and the four came to the foot of a large floating mountain not far from the city lord's mansion.

[Chapter 5085: Conquer the Jiuyou Gang!](#)

As the leader of the underground gang, the Jiuyou Gang has a very big hand!

Its headquarters is not on the floating mountain, but in the floating mountain!

The four of Chen Feng went from bottom to top and quickly entered the floating mountain.

Inside the dark floating mountain, there are large and small luminous stones and night pearls inlaid around it.

There are countless candles, illuminating this dark space as bright as day.

After a long and narrow corridor, the eyes suddenly opened up.

The interior of such a large floating mountain was almost hollowed out!

However, every some distance, there are stone pillars and pinnacles standing on top of the sky, so that this vast space can be stabilized.

Looking around, there was a broken stone pillar not far in front.

The stone pillar is so towering, it seems to have gone through a great battle, and it was cut to pieces!

And on the broken stone pillar, with his back facing them, there was a person lying on his side.

With this person as the center, there are many strong people around.

As soon as the four Chen Feng entered it, they immediately attracted the attention of all the powerful members of the Jiuyou Gang.

Many strong people have muscle knots, their clothes are different, and even their hair is not tied back like ordinary people.

Whether it is chatting, drinking or eating meat, or something else, stop everything in your hands.

Countless eyes gathered on the four people.

This is an invisible shock!

It is to be alert to outsiders.

For a long time, no foreigners have come uninvited.

Countless breaths rose into the sky, and came overwhelmingly towards Chen Feng.

Full of hostility!

Faced with all this, Chen Feng and his party seemed quite calm.

After they entered, the entrance was instantly blocked by a few powerful people in the Jiuyou Gang, with obvious intentions and cut off their way out.

Chen Feng went straight all the way and came to the very center of the huge cavity.

At this moment, their surroundings were already surrounded by the powerful of the Jiuyou Gang.

Hundreds of powerful people are all in the fifth and sixth floor of the Star Soul Martial God Realm!

There are even more than ten strong people with the seventh floor.

Such a team is indeed a little emboldened.

Suddenly, Chen Feng raised his head and looked at the man who was lying on his side on the truncated stone pillar from beginning to end.

"Are you the leader of the Jiuyou Gang?"

Chen Feng's voice was calm, without a trace.

It's like chatting on weekdays.

No respect or awe!

The sound was silent, but it clearly reached the ears of everyone in the Jiuyou Gang.

As the voice settled, all the surrounding experts stepped forward, grinning at Chen Feng and glaring at the four.

It was as if he had committed a serious crime.

However, Chen Feng didn't care about the low-level threats from those people.

He looked at the person lying on his side and continued.

"I want to ask you to help."

Hearing this, the man with haircut lying on the stone pillar finally moved.

He sat up slowly, turned around, and looked down at the four of Chen Feng.

"You guys have good courage."

"It's a pity, my brain doesn't work."

The man with hair is the leader of the Jiuyou Gang!

This person has extremely high cheekbones, and one of his eyes is actually a snake-like vertical eye!

Looking at him from afar, as if being stared at by a Nine Nether serpent, he felt a sense of pressure.

However, Chen Feng seemed to have not heard those words, and still stood with his hand.

"I have limited time and I need you to help me finish things right away."

Hearing this, not only the man with the snake-faced hair on the broken stone pillar smiled.

The Jiuyou Gang in the entire underground space laughed arrogantly.

It's like hearing a big joke.

"Who do you think you are? Dare to speak to our Jiuyou Gang like this!"

The speaker was very close to Chen Feng.

This person has dark skin, a bald head and no hair, and his muscles are knotted. Each hand holds a giant axe made of special material.

The two half-man big axes seemed to have no weight in his hands, and they were swung so easily.

Chen Feng glanced sideways.

In the middle of the seventh floor of the Star Soul Martial God Realm

Be regarded as the top power here.

However, Feng Bingyun, who was standing on the side with a restrained breath, twitched the corner of his mouth silently.

The man with a snake face also sneered.

"Do you think our Jiuyou Gang is kind to others?"

"Poor, poor, death is coming, and I don't know what I did."

Everyone around was laughing, their faces and eyes were full of jokes.

"Boy, remember in your next life, don't just step into the territory of our Jiuyou Gang."

"This kid, don't you even know where we are?"

Faced with the ridicule and ridicule, Chen Feng's expression remained calm.

"I don't want to waste too much time. Are you not the first gang underground? You are the one looking for."

He looked at the man with snake-faced hair sitting casually on the broken stone pillar.

"You better come down quickly."

Before he finished his words, the bald-headed black-faced man holding a double axe, his smile disappeared, his eyes were fierce, and he threw two giant axes directly at Chen Feng!

"Who would allow you to yell at our helper so much and find death!"

The giant axe swiftly passed by, sliding across a red glow in the flames.

boom!

A loud noise interrupted everyone's arrogant laughter.

Chen Feng stood still, holding his hand.

But those two giant axes were shattered by the Heavenly Canal Beast Slave standing next to Chen Feng with one punch!

What is arrogance?

This is arrogant!

The Tiancun Beast Slave threw out two punches, his expression unchanged!

At this time, the head of the Jiuyou gang on the stone pillar became more gloomy in his eyes.

"This is your confidence to step into the Jiuyou Gang?"

The man with a snake-faced hair glanced around.

"Let them see the confidence of our Jiuyou Gang."

"Yes!"

Inside the cave, all the Jiuyou Gang responded at the same time, shouting out an earth-shattering spirit.

The next moment, the monstrous atmosphere around him rose to the sky.

With a cruel and bloodthirsty coldness in the eyes of everyone, Qi Qi rushed towards the four of Chen Feng.

Seeing this, Chen Feng couldn't help but shook his head.

He still stood on the spot, facing the gaze of the snake-faced man.

"I don't want to kill them, after all, I have to let them do me a favor."

Before he finished his words, a purple-white light suddenly lit up behind him.

A huge purple-white lion head suddenly appeared, opening its blood basin!

Buddha's angry eyes and roaring power!

boom!

Rolling sound waves shook the entire cave!

Completely overwhelm those helpers!

With Chen Feng as the center, the sound wave rushed out and directly overturned the gang rushing around!

Many of those with weaker cultivation bases flew out, hit the mountain wall, and opened their mouths to spit out blood.

But this is just the aftermath!

Chen Feng's real goal is not them.

It's the useless stone pillar in front!

He doesn't like others looking down on him from above!

The face of the man with a snake face suddenly became extremely ugly.

The broken stone pillar he was sitting on, amidst this supreme sound wave, broken stones were constantly peeling off.

Soon it became shaky.

Immediately afterwards, there was a loud noise!

[Chapter 5086: Three blank invitations! Public auction!](#)

Boom!

The whole stone pillar collapsed!

The man with a snake face stood up instantly, touched the ground with one foot, and quickly jumped down.

The Supreme Sound Wave suddenly disappeared the moment he landed.

It's like it never sounded before!

At this moment, there was no sound in the huge cave.

The original arrogant laughter and contemptuous sarcasm disappeared.

Yes, there are only a pair of scared eyes, and people who have fallen to the ground and have not recovered from the mental shock.

Chen Feng still stood with his hands in his hands, smiling and looking straight ahead, facing the gaze of the Jiuyou gang leader.

"I just want to ask you to help."

This time, word by word, sonorously hammered into the hearts of everyone in the Jiuyou Gang.

The head of the Jiuyou Gang was still unwilling.

He has dominated the underground gang in Duanmu Xiancheng for so many years, and now he wants him to bend under an unknown junior, so what a face!

"If you want my Jiuyou to help you, it depends on whether you have enough skills!"

Before he finished his speech, he shook his hair in an unhurried manner.

The eyes suddenly condensed into two green vertical eyes, from which two dazzling rays of light burst out!

The peak of the seventh building in the Star Soul Martial God Realm!

The opponent rushed forward and rushed towards Chen Feng.

Finally, Chen Feng moved!

Two dazzling rays of light penetrated the place left by the afterimage of Chen Feng and directly stab a group of people who fell to the ground and injured behind him.

Before even the screams could be heard, the body of that person instantly shattered and exploded into a blood mist!

People?

The man with a snake-faced hair shook his heart.

In the next instant, a deep voice sounded from behind him as if he could hear his heart.

"I'm here."

boom!

The cave trembles!

Chen Feng slowly fell to the ground and stood with his hands on his back again, without a trace of dust.

"Helper!"

The entire Jiuyou Gang was stunned.

They followed the center of the tremor.

It is their leader!

He was defeated with one punch, and there was no way to fight it!

At this moment, a fear of death could not help rising in everyone's hearts.

They have been dominating the underground world for too long.

No one knows better than them, the winner is king, and the weak are only worthy to die!

But right now, it was their turn to die.

Chen Feng scanned the crowd coldly.

"I have no interest in killing you. I just want you to do me a favor."

On the side of the rock wall of the cave, a man with a snake-faced face had several broken breasts.

The vertical eyes were also eclipsed, and the whole person climbed up in disgrace.

Now, in his eyes looking at Chen Feng, only awe was left.

"What's busy?"

"Say it!"

...

An hour later.

Suddenly a large number of small talismans appeared in every corner of Duanmu Xiancheng.

There is a sentence and a location printed on it.

"I know what you want!"

"If you want to survive, take all your chips, come here and buy a life!"

There was a breath imprinted on it.

Following this breath, you can come to a hidden place.

This news spread extremely fast!

When Chen Feng and the four came to their hiding place, more than a dozen people had already been waiting for the chosen location.

Their hiding place is certainly not there.

Zhong Li Yuntian exclaimed.

"Chen Feng, you are amazing."

"I actually thought of using these three blank invitations to make a fortune!"

Chen Feng showed his signature smile.

"I'm helping them."

The location they chose was a very secret small auction site.

Here is a secret of the Jiuyou Gang.

Now, it was directly requisitioned by Chen Feng.

This is the auction house for underground gang leaders.

After the news spread, people kept coming here.

Even people from many gangs are here!

Before long, dozens of strong people gathered here!

At this time, before the second day arrives and the start of the competition, there are still three hours left.

For those from the top of the sky, there are only three hours before the end of the trial mission!

There are three hours left in their lives!

The crowd gathered in this small auction house, and no one showed up after waiting for a while.

There was a riot at the scene.

"Let's come here, darling!"

"come out faster!"

Just as there was a steady stream, almost overturning this auction house, a figure quietly appeared.

Everyone at the scene came to the blank invitation letter. At this moment, a person suddenly appeared and instantly became the center of attention.

"Are you the one who posted the news?"

Someone opened his mouth and asked, in a rather impatient tone.

The visitor, dressed in a black robe, scanned the auction house.

"Don't worry, everyone. I will preside over the auction today."

Most of the people who came to this auction were immortals from the top of the sky.

For them, if they don't get a blank invitation letter, they are waiting for death!

And now, there is a person who presides over the overall situation without delay!

Many people are already impatient.

"There are three blank invitations in this auction. There are no special restrictions on these three blank invitations."

As soon as this was said, everyone's breathing became heavy.

really!

The person in the dark black robe was about to continue talking, and at this moment, the sudden change occurred!

Suddenly a figure shot out from the crowd, and instantly rushed to the person in the black robe.

He grabbed his neck and lifted it up.

"Is it your ghost?"

"Hand over the invitation letter, or die!"

The person who did it was just a trial immortal on the top of the sky, Gu Qingyu.

After so many days, Gu Qingyu kept trying to break into some families that received blank invitations.

None succeeded!

Seeing time is running out, he doesn't want to die!

Gu Qingyu knew very well in his heart that many people present were better than him.

He really has to follow the auction process, he has no chance of winning!

Thinking of this, Gu Qingyu looked terrifying and pinched the host by the neck.

The jet black robe loosened and fell in the struggle.

It was not the face of any one of Chen Feng's four that was exposed.

In the secret room far away, Chen Feng coldly watched the accident at the auction house through the devil's heart.

They had expected this situation a long time ago, and of course they would not show up in person.

Those who appeared in the auction house now were just random people from the Jiuyou Gang.

Through the devil's heart, Gu Qingyu's ferocious and frantically questioning appearance can be seen.

But the people of the Jiuyou Gang didn't know anything.

No matter how hard he asks, it is impossible to ask the slightest whereabouts of the blank invitation letter.

Chen Feng flipped over and took out the three invitation letters.

"Let us see how much they are willing to pay for these three blank invitations."

At this moment, the devil's heart suddenly failed.

Chen Feng had a meal in his hand.

Next to him, Feng Bingyun asked casually: "What's wrong?"

"It's nothing."

"The first person was killed by them."

The moment Gu Qingyu strangled the host, he regretted it.

The only clue is also broken!

How to do this?

For a while, everyone in the entire auction floor was panicked.

[Chapter 5087: You are disqualified!](#)

But no one left.

At this moment, another man in a black robe slowly walked onto the high platform before the auction.

His appearance immediately attracted everyone's attention.

The black robe's expression was dumb, and he spoke coldly.

"It's no use killing him. On the contrary, you lost the opportunity to participate in the auction."

"You have no hope of getting a blank invitation letter."

The person's voice was dull, there was no ups and downs, he suddenly raised his head, looked at the rest of the auction floor, and continued to speak.

"If you don't siege him, no one will want to get the invitation today!"

As soon as this remark came out, all the people gathered in the auction hall boiled.

Everyone's eyes turned to Gu Qingyu.

With compassion, indifference, sarcasm...

All eyes are there.

When Gu Qingyu heard this, there was a buzz in his head, and he didn't know anything.

Those sluggish words without the slightest ups and downs were like a death judgment on him!

"Do not!"

"I can't die!"

Gu Qingyu's eyes were bloodshot, and there was chaos in his mind.

He grabbed the new black robe and held it high again.

Behind him, no one did anything to him.

Everyone is from the top of the sky, and it doesn't make any sense to do it at this time.

Anyway, he has also lost the qualification for auction.

He couldn't live without hands.

The silence in the auction hall was restored again, and only Gu Qingyu was alone and shouted.

However, this time the man in the black robe is more stupid than the previous one.

No matter how Gu Qingyu shouted or snarled, he didn't react at all.

Click!

Gu Qingyu broke the black-robed man's neck again.

His eyes were bloodshot, he was panting, and his whole body was steaming.

Behind him, someone shouted at him.

"Don't kill! Fool!"

"Didn't you see it? That person is controlled, but a puppet."

"Even if you kill ten or a hundred, it's useless."

Gu Qingyu couldn't help feeling bitter when he heard this.

He didn't know this.

But he really doesn't want to die!

In the auction room, silence was restored again.

Everyone seemed to have not heard the words of the second black-robed person.

No one shot Gu Qingyu.

As time passed, the third black-robed man never appeared.

Everyone's emotions became more and more anxious.

Even, many people's sights are already on Gu Qingyu's body, and they are constantly tempting.

They had already remembered the words of the second black-robed man.

"Could it be that the auction can only start after we kill Gu Qingyu?"

Similar words continue to circulate among dozens of people.

Even Gu Qingyu himself had more than once noticed the murderous intent against him.

He turned around, looked at the crowd, and became more and more apprehensive.

Finally, the third black-robed man appeared!

Seeing his appearance, everyone including Gu Qingyu couldn't help but breathe a sigh of relief.

However, the person who appeared this time was different from the previous two.

He has a strange expression and a smile on his face, and his whole person looks terrifying.

This time, Gu Qingyu did not directly rush forward.

Instead, there was no movement.

This third black-robed man came to the high platform and looked at everyone below it.

Not as everyone expected, he only said a word.

"Everyone, your time, there are only two hours left."

After speaking, he stood still, without any movement.

Obviously, this person is also controlled.

His appearance is just a warning!

Everyone was waiting very anxiously, but they were able to wait patiently.

But suddenly someone reminded the time, and the urgency and anxiety that had been suppressed once again leaped in my heart.

There are only two hours left before the trial mission ends!

If we don't start the auction again, I'm afraid it will be too late.

There was a commotion in the auction room.

Suddenly, at this moment, an extremely strong mental attack suddenly burst out of the crowd.

The target is directed at the third black-robed man on the high platform!

"Damn it! I don't believe it, how capable is that thing that is hiding in the dark!"

A stern growl sounded from the crowd.

Everyone looked back at once.

It was a young man with white hair!

"It's Cang Shaotian!"

Someone exclaimed.

"A strong man in the eighth floor of the Star Soul Martial God Realm has extremely strong mental power!"

"I didn't expect him to be here."

"He should be a fairy in the sky, right?"

...

For a time, everyone talked.

It seems that this person who shot is also a famous generation.

Cang Shaotian's sudden shot, not only was no one despised, but was full of appreciation.

Those who come here are strong enough!

Especially those immortals in the sky, how powerful each one is!

Even on the top of the sky, that is a strong person who is admired by others!

Proud as they are, how ever so controlled by others!

In today's game, everyone is actually aware of it.

There must be people who are also from the top of the sky, deliberately drawing them here.

After coming here, the people hiding behind didn't even dare to show up, so they could only use these puppets to come forward.

This feeling of being controlled and pinched by others, how frustrated!

There is no weak person who can enter the top of the sky!

One is more fierce than one, and one is more proud!

Right now, even if Cang Shaotian didn't make a move, someone else would definitely make it.

Isn't it just mental power control? There is more than one person who is good at mental power!

Cang Shaotian shot, using his own powerful mental power to instantly wrap the black-robed man on the high platform in front of him.

Then, pierced into it, trying to find the source of the controller.

As long as the mental power is weaker than him, and if you don't detect it for a while, he will definitely detect where the manipulator is!

The eyes of everyone gathered again on the third black robe in front of him.

Many people even stood up, leaning forward, their faces impatiently!

boom!

A muffled noise was caught off guard.

Cang Shaotian immediately paled, and he staggered, almost unable to stand firm.

The entire small underground auction hall was suddenly silent.

Everyone's faces are unbelievable.

Cang Shaotian is a strong man in the eighth floor of the Star Soul Martial God Realm!

He is famous for his strong mental power!

Such a strong man suddenly attacked.

In exchange, it was a bursting head!

Yes.

The third black-robed man, in full view, his head burst and blood splashed on the spot.

This result means only one thing.

That is-the power of those who control these black robes has at least the same mental power as Cang Shaotian!

Even stronger!

In a secret room far away.

Chen Feng opened his mouth and spit out dark red blood.

"Big Brother! What's wrong?"

The Tiancun Beast Slave immediately changed his face and stepped forward to support him.

Zhong Liyun and Feng Bingyun next to them, looking at Chen Feng's expression, also subconsciously carried a little worry.

Although I don't know what Chen Feng's purpose is so desperately.

[Chapter 5088: Have to bow your head!](#)

However, they are very clear about getting along these days.

Every plan Chen Feng makes has a certain purpose.

He would never be for nothing, he really just grabbed a few blank invitations for fun.

Chen Feng, supported by the Heavenly Canal Beast Slave, wiped the blood from the corner of his mouth and smiled.

"It's okay."

"It's okay, you haven't fully recovered from the injury!"

"What the **** is going on? Has something happened over there?"

Chen Feng nodded and smiled coldly: "The people who came out of the top of the sky are all unruly generations after all."

"Naturally will not let anyone fish."

"However, rest assured, it's not a big deal."

"They can't turn the sky."

He looked at Feng Bingyun and Zhong Li Yuntian.

"Do you know Cang Shaotian?"

Hearing this name, Zhong Li Yuntian didn't respond, but Feng Bingyun's expression changed slightly.

"I know him. The eighth floor of the Star Soul Martial God Realm has a good spirit."

All three of them reacted.

"He is there too?"

"Just now he wanted to use that puppet to find out where you are hiding?"

Chen Feng nodded.

"Fortunately, he did not succeed."

"If I guessed right, he should have suffered a lot now."

Upon hearing this, Feng Bingyun couldn't help but look at Chen Feng differently.

"Your mental strength is comparable to that of the strong in the eighth floor of the Star Soul Martial God Realm!"

"What kind of evil are you?"

Chen Feng smiled and did not answer.

He looked far away and continued to look at the other person in the secret room.

"It's your turn."

Next to him, Zhong Li Yuntian could not help but secretly smack his tongue when he saw that he raised his mouth again, showing a familiar smile.

He started again.

I saw the figure standing quietly in the secret room, slowly leaving the secret room.

The fourth black robe!

Some time later.

When the fourth black-robed man appeared in the underground auction room, the audience finally fell silent.

It is clear to everyone.

The appearance of this fourth black-robed man means one thing.

The manipulator hiding in the dark has stronger mental power than Cang Shaotian!

At least above the eighth floor of the Star Soul Martial God Realm!

Even though they are all a group of gods, how unruly, arrogant and powerful.

In front of strength, I had to bow my head!

No one dared to attack the black robe again.

They watched quietly as the black-robed man came to the high platform, numb and sluggish, with a strange smile on his face.

I saw the black robe looking at everyone.

"You, there is only one hour left."

It was completely dark.

Soon, the deadline is approaching!

If the auction is not started, everyone will die, and there will be one last hour left!

Among dozens of people, undercurrents surged.

Someone couldn't wait any longer and shouted at the high platform.

"The auction will start soon!"

In response to him, the black-robed person suddenly stretched out a finger.

Directly at the Cang Shaotian in the crowd.

"You also lost the opportunity to participate in the auction."

Cang Shaotian's face was cold.

For this result, at the moment of his failure, he had already foreseen in his heart.

However, the black-robed man has not stopped.

There is no focus in his eyes, and he stares blankly at the people ahead.

"You must kill both of them to get the last chance to survive."

"When was it killed and when did the auction start."

After speaking, he stopped in place and said nothing.

As for the selected Gu Qingyu and Cang Shaotian, the expressions on their faces were already ugly.

The crowd was in an uproar.

Cang Shaotian is a strong man in the eighth floor of the Star Soul Martial God Realm!

Who dares to do it to him!

Without doing it, time passed by every minute.

This is the meaning of no negotiation!

It's the last hour!

There is no one to do anything in the huge auction room, but everyone is experiencing the torment of heaven and man!

The atmosphere is getting more and more serious!

No matter how many people try to speak to the black robe, the black robe is indifferent.

Nothing happens at all.

Finally, they realized in despair that at this moment, in this situation, they couldn't help the person behind the scenes!

Someone broke down!

"Senior asked us to kill two rebellious people, mainly to see our sincerity."

"Let's kill one, let the predecessors see our sincerity."

"What do you think?"

The speaker is also a strong one.

There is the strength of the seventh floor of the Star Soul Martial God Realm.

At this moment, there is a suggestion that everyone can't hold back.

You all seem to suddenly have a step down.

For a moment, everyone's eyes were on Gu Qingyu.

Gu Qingyu's face changed the moment he heard the man speak.

The survival instinct prompted him to rush out of the auction room immediately.

boom!

boom!

Almost at the same time, a group of people swarmed up.

Everyone even scrambled to commit suicide by Gu Qingyu to show their sincerity.

Under the siege of a large group of people, Gu Qingyu didn't even have time to struggle.

Death on the spot!

One designated person died, and the other...

Many people kept their eyes on Cang Shaotian.

Can be different from Gu Qingyu.

Cang Shaotian is a master of the eighth floor of the Star Soul Martial God Realm!

No one wants to risk losing his life just to kill him.

After all, they came here to survive.

If it was killed by Cang Shaotian, what is the point of coming here?

Cang Shaotian, can't kill!

Just as everyone was at a loss, one person suddenly rushed to the high platform and instantly attracted everyone's attention.

However, this person was not like Gu Qingyu, who wanted to kill the black-robed person.

Instead, he grabbed the silent black-robed man's hand, with a pleading expression on his face.

"Senior man behind you, I know you can see us."

"We have killed Gu Qingyu according to your wishes."

"Then please forgive me, Cang Shaotian has the eighth floor of the Star Soul Martial God Realm."

"To kill him, we are really powerless!"

"I know that you should also come from the same place as us. Sending that message must know that we came to survive."

"So, you should be clear, right now, fate is what we care about most!"

When someone speaks, someone responds!

"Yeah, if we die, what is the point of our coming here!"

"Senior please don't wait any longer and start the auction now!"

Everyone begged.

Even Cang Shaotian had to bow his head and apologize to the man behind him.

Finally, the black robe moved.

He looked at the crowd and announced.

"Then the auction begins now."

Hearing this sentence, everyone in the entire auction house couldn't help but breathe a sigh of relief.

Finally waited for the auction!

Suddenly, all of you who were one-hearted and begging together became the enemy of life and death in an instant.

Once the auction starts, whoever gets the three blank invitation letters in the end will have their own abilities!

Here, the atmosphere becomes fiery.

In the secret room far away, it was a bit desolate.

[Chapter 5089: The auction will continue! Countless treasures appeared!](#)

The secret place where Chen Feng's four are.

Chen Feng was silent while bleeding from Qiqiao.

Controlling the devil heart, presided over the auction.

On that day, in order to deal with the projection of the Great Compassionate King Kong Demon, he almost consumed all his mental energy.

It will take at least one month to fully recover.

Even with Feng Bingyun's help, he is already exhausted again.

Now he is already unable to mobilize the devil's heart.

Although Feng Bingyun, Zhong Liyuntian, and Tianchou Beast slaves were helping, they would have to mobilize the devil's heart and consume a lot.

The external mental power is limited, but it is just a drop in the bucket.

But this auction must not be interrupted!

Therefore, Chen Feng did not hesitate to consume his vitality, but also persisted!

Fortunately, the four previously selected in the Jiuyou Gang for manipulation are all the weakest in the Jiuyou Gang.

Otherwise, Chen Feng can't even support it now.

At this moment, the mental power of the three of them is supplying Chen Feng.

Therefore, everyone can clearly see the picture that Chen Feng can see through Moxin.

Zhong Li Yuntian witnessed the whole process and was amazed.

He looked at Chen Feng again, and he was even more convinced.

This kind of tricks to play with people's hearts is really very clever!

Even Feng Bingyun looked at Chen Feng deeply.

"Your tricks of playing with people's hearts like this can match those old antiques that have lived for so many years."

From the beginning, when Feng Bingyun realized that he was special, she looked at Chen Feng differently.

However, like Zhong Li Yuntian, the longer he gets along, he sees Chen Feng's methods.

Her impression of Chen Feng has been refreshed time and time again.

Obviously there is only the cultivation level of the fourth floor of the Star Soul Martial God Realm, but it has extremely skillful means of manipulating people's hearts.

It is more able to face danger without chaos, and quickly develop a meticulous plan for desperate survival.

Feng Bingyun had a hunch.

If Chen Feng can break through all the way, I am afraid it will reach a height that even she can't imagine.

People's success is often traceable.

but.....

Seeing Chen Feng constantly vomiting blood, he still insisted on completing the plan.

She watched quietly, and asked Leng Youyou.

"What do you want to do? Is it worth it?"

Chen Feng did not give her this answer.

But he answered with practical actions.

At this time, bidding has begun in the underground auction hall.

"The first blank invitation letter can be exchanged for items, and there is no upper limit."

"Now, the bidding begins."

As the black-robed man announced the start, everyone was boiling!

In an instant, many people stood up in the entire venue and reported their respective chips.

"Five Thousand Heavenly Dao Jade Slips and 30 Heavenly Gang Refining Pills!"

Opening your mouth is the jade slip of the Five Thousand Heavens!

In the last trial mission, Chen Feng completed the task of escorting Han Jianxing to the White Bone Peak Camp, and the Lord of Heaven only rewarded five thousand heavenly jade slips.

"Eight thousand heavenly Taoist jade slips and two thousand catties of weeping dragon blood!"

The black robe spoke.

"one by one."

"If you are worried about the lack of time, you can directly report the limits you can give."

At the auction, although many people were very dissatisfied.

But now, who would dare not obey it again?

There is only one hour left!

In the secret room.

Chen Feng spoke and looked at the three of them.

"A lot of things, I don't know the value, please help me analyze it."

"For example, what is this Tiangang Refining God Pill?"

This is a little busy, Zhong Li Yuntian and the two don't have to care about it.

The time for the two to enter the top of the sky was a lot longer than Chen Feng after all.

Especially Zhong Li Yuntian, who has been on top of the sky since his birth.

Compared with Chen Feng and Tiancun Beast Slave, he was more knowledgeable in these treasures.

"Tiangang Refining God Pill can quickly replenish all the spiritual power equivalent to the peak of the seventh floor of an ordinary Star Soul Martial God Realm."

"And it's the purest mental power, it won't cause any influence."

"It is quite rare to produce three or five pill for refining gods in Gangs this day. I didn't expect to give out 30 at once."

Aside, Feng Bingyun went on to introduce.

"Blood of the Weeping Dragon, the essence of the ancient Weeping Dragon, with a hundred kilograms of blood on weekdays, can attract many strong people on the top of the sky."

"To a certain extent, it is comparable to the blood of ancient gods and demons."

"Of course, this is a little bit less."

After understanding the value of the corresponding treasure, Chen Feng controlled the black-robed man and already gave a response.

"carry on."

In other words, not enough!

These things have not yet reached Chen Feng's expectations!

With every shout of "continue", one can see a person in the auction room gradually desperate.

However, the sound of bidding did not stop.

"Nine Thousand Heavenly Dao Jade Slips and a complete Lunar Eclipse Knife."

"Ten Thousand Heavenly Dao Jade Jane plus..."

In the auction room, the black robe kept talking.

"carry on!"

In a small underground auction house.

Every time the black-robed men on the high platform say "continue", the atmosphere in the arena becomes serious.

Although the bids were so enthusiastic, no one had the same excitement and excitement on their faces as usual auctions.

Everyone is very clear in their hearts that the black-robed person said to continue, which means that the expectations of the master behind the scenes have not been met.

You know, the existing quotes are already quite scary!

You guys have almost reported all their background information!

Some people even start at more than 20,000 heavenly Taoist jade slips and many treasures and mental techniques!

Although everyone at the scene came to survive, the price would be too high!

Who can bear it!

However, although everyone knows it well.

However, no matter how much pressure is put on them, what can they do?

There is not much time left!

Even if you want to grab them afterwards, you have to wait for the whereabouts of the three blank invitations.

Therefore, the sound of quotations continues one after another.

At this moment, suddenly, a voice shouted from the crowd.

"I gave out 20,000 Heavenly Dao jade slips, plus a remnant of the handle of the Beast God Cable, plus my master's experience when he broke through the eighth floor of the Star Soul Martial God Realm!"

Hearing this shout, everyone looked shocked, and turned their faces to look at the person who offered the offer.

The quoted person has a long body, a light-colored shirt, and a handsome appearance.

Doesn't look like a person suitable for beasts.

Few people recognized who this person was, but the cultivation base had the pinnacle of the seventh floor of the Star Soul Martial God Realm.

It was this person who actually reported an unprecedented high price.

A remnant of the handle of the beast **** cable, although it is a remnant of the handle, still has great utility.

On weekdays, it's something you can't meet.

These chips can also be taken out, it seems that it is really broken.

In the secret room far away.

When Tiancun Beast Slave heard this offer, he was shocked.

The person who quoted doesn't seem to be suitable for the Beast God Cable, but he is dreaming of it!

The Beast God Cable is a very high-level beast item!

[Chapter 5090: Hyakki Yexing Reincarnation Truth!](#)

It just complements him!

"Big Brother."

The Tiancun Beast Slave did not hide anything, and directly expressed his meaning to Chen Feng.

Want!

He has always been like this, and will not hide from Chen Feng.

However, Chen Feng just nodded, without making it clear that he would take the photo or not.

He turned his face and glanced at Zhongli Yuntian next to him.

Sure enough, Zhong Li Yuntian's expression was also quite moved.

The experience of a master breaking through the eighth floor is too attractive to him.

Since entering this world of trials, watching Chen Feng break through all the way, advancing violently.

But he remained stagnant, his cultivation was trapped at the peak of the seventh floor of the Star Soul Martial God Realm for a long time.

As a child of the Zhongli family, he has enough arrogance in his own right, and in such a comparison, he is even more worried.

Entering the Xuanwu Zhongqian World this time, Zhong Li Yuntian mainly wanted to make a breakthrough!

Therefore, he really wants this experience!

Zhong Liyun Tian Yuguang caught Chen Feng's sight and looked sideways.

Chen Feng didn't say anything.

Only the black-robed man on the auction floor spoke.

"Deal."

He agreed directly!

With the first blank invitation letter, there was a candidate immediately!

There was an uproar in the entire auction hall.

Everyone's eyes fixed on this handsome face.

Envy, jealousy, hostility, killing intent...

The sights with various emotions focused on him.

And the man was even more ecstatic when he heard that the transaction was successful, and jumped directly from his seat.

The black-robed man looked at the man.

"Please take the first blank invitation letter to move forward."

"After all the three blank invitations are auctioned off, I will take three of them to collect them."

Hearing this, the handsome face was very proud of his heart, laughed and stepped forward and came to the side.

No matter how angry and vicious other people look at him, at this moment, a blank invitation letter belongs to him!

He can survive!

The handsome man moved to one side and turned to look at the remaining participants in the auction.

Obviously, after the winner of the first blank invitation appeared, the rest of them seemed even more anxious.

The black-robed person didn't say much and announced loudly.

"Only the last two invitations are left, now we will start bidding for the second one."

In the secret room far away.

As the decision to succeed in the transaction sounded, Tianchou Beast Slave and Zhong Li Yuntian were both overjoyed.

Chen Feng smiled and looked at Zhongli Yuntian.

"I will give you the experience of breaking through the eighth building."

He spoke very directly.

"Since I first entered this world of trials, I have known you."

"Along the way, from the initial threats to the companions now."

"Your transformation, I see it all in my eyes."

"And you, you should also know a little bit of what I am."

"I'm never soft to my enemies, but I'm pretty good to my friends."

"Now that the imprisonment on you has been removed, but you have not left, I will treat me as your friend."

"So I won't let you toss with me for no reason."

Chen Feng's words are simple but sincere.

This is his truth.

There is not so much hypocrisy, just to show what you mean: you do things for me, and you don't shade me behind your back, then I will be interesting to you!

Although he showed a lot of scheming towards the enemy, he would not have so much thought about his companions.

Zhong Li Yuntian naturally understood this.

He looked at Chen Feng, his eyes flickered, and he opened his mouth to speak, but he didn't know what to respond to.

Finally, he just patted Chen Feng on the shoulder hard.

In the auction room, the bidding once again rose to a full-blown atmosphere.

With the first person's bid, this time, many people directly opened their mouths and started with the 20,000 Heavenly Taoist Jade Jane.

What's more, some rare magical powers and mental methods were directly brought out.

It's just that the black robe "continues" again and again.

Many people beat the wall in anger, but many people were unwilling to bid again.

This time the bid is extremely fast!

Cang Shaotian, who had previously tried to attack the black-robed man with mental power, suddenly spoke.

He has a handsome face, but his young man has a white head. After the mental power contest just now, his face is a bit pale.

However, at this time, he seemed to have foreseen something, with a slight smile on his face, and he was fully aware of the second blank invitation letter.

"My bargaining chip is a quest item. It is said to be the entry key to an advanced battlefield mission of endless killing."

"Plus a book of Hundred Ghosts Nocturnal Reincarnation."

The moment Chen Feng heard this bargaining chip, his heart trembled fiercely!

Hyakki Yexing Reincarnation Truth!

It sounds very similar to the Hyakki Yakyou Soul Calling Mantra!

There must be many connections between the two!

Ever since he entered the top of the sky, Chen Feng has been looking for the Hundred Ghosts Nightstalking Soul Calling Scripture, but he didn't expect to have unexpected gains here today.

Even if the bargaining chip was Cang Shaotian, who had collided before, at this time, it seemed insignificant.

If it can be resurrected...

If so!

"what!"

At the same time, Feng Bingyun next to him also exclaimed.

The three people in the secret room looked over subconsciously.

What I saw was Feng Bingyun's shocked reaction.

Such a reaction is really rare on her.

You know, Feng Bingyun was born with aloof temperament.

Even if it is temporarily allied with Chen Feng and his party, they are usually relatively cold-faced people.

With the powerful strength of the eighth floor of the Star Soul Martial God Realm, few things can make her react so much.

Chen Feng was surprised, and suddenly thought of something.

Could it be that she has also heard of this Hundred Ghosts Night Traveling Reincarnation Scripture?

Thinking of this, he opened his mouth and asked.

"You're surprised, but the Hundred Ghosts Yexing Reincarnation Scripture?"

Feng Bingyun reacted to Chen Feng's words.

After calming his mind a little, Feng Bingyun met his gaze.

However, he shook his head.

"It's not this, it's the one in front, the entry key to the endless killing advanced battlefield mission."

Chen Feng felt a little lost when he heard that it was not what he expected.

However, this is also normal.

Whether it is the Hyakki Yexing Reincarnation Bible or the Hyakki Yexing Soul Calling Bible, if it can be known so easily, it will not have been found for so long.

Thinking of this, Chen Feng quickly adjusted his mood.

His attention also shifted to this with the entry key of Feng Bingyun's astonished endless killing advanced battlefield mission.

Something that has never been heard.

But when I heard it, it was not an easy task.

Chen Feng looked at Feng Bingyun and continued to inquire.

"What surprises you, is the entry key to the endless killing advanced battlefield mission?"

Feng Bingyun nodded.

She looked at the three.

"Do you know about this endless killing advanced battlefield mission?"
