[Chapter 5111: Extraterritorial battlefield! Star Yuanshi!](#)

"Young Master Chen...pardon your sins..."

Even the most powerful disciple surnamed Ji kowtowed to admit his mistake, and the two next to him were busy kowtowing to admit his mistake.

Chen Feng looked at them with contempt.

After removing the coercion, he turned his head and left.

This time, I dare not stop him!

Chen Feng successfully exchanged three hundred sect great merits all the way, and entered a copper-green exquisite small tower.

One day later, Chen Feng's closed eyes suddenly opened.

"Completely restored!"

He could feel that all the injuries left in his body were completely healed!

Now he can clearly feel the huge power that fills every corner of his body!

There is still some time before the healing tower, Chen Feng calmly checked the blood of the gods and demons deprived of Duan Muxi's body.

It was really in a hurry at that time, he had only time to strip and put it in the Dantian world in a hurry.

However, in the end, Chen Feng still did not touch the blood of this sixth-level inferior **** and demon.

"If I absorb refining now, then, the blood of the gods and demons I want to absorb must be above the sixth-level low-grade."

"With my current strength, it is basically impossible to do it!"

He quickly figured it out.

Since the absorbed blood of the gods and demons can in turn replenish the damaged body of life origin at the critical moment.

Then, he could first absorb the blood of some eighth rank gods and demons.

Going down the Avenue of Gods and Demons is destined to be very difficult and dangerous.

Too many is a matter of life and death.

At that time, there will be a high-level blood of the gods and demons, and just replace them.

Thinking about this, Chen Feng stood up and prepared to leave.

"and many more."

As soon as he was about to leave the healing tower, Chen Feng seemed to remember something suddenly, and he had another meal.

He lowered his head, flipped his hands and took out a dark object.

It is the magic finger of the Great Compassionate King Kong Demon!

It is said that with this cut of the magic finger, the projection of the King Kong Demon of Great Compassion and Joy can be summoned.

Chen Feng turned to look at it and suddenly thought whether it would be like the human emperor's hand bone, or could it be swallowed by the human emperor's hand bone.

During the previous assessment of entering the Galaxy Sword Sect, the human emperor's hand bones were cut out of a crack and went dormant.

This was originally his hole card, but it hasn't been used for a long time now.

This piece of magic means that if it can be swallowed by the human emperor's hand bones to resuscitate it, that would be great.

However, he rubbed it twice, and even took out the human hand bones.

Nothing!

Nothing happened.

"Well, it seems I still can't rush."

This result was within Chen Feng's expectations, and he was not too disappointed.

He put away the objects and broke through directly.

At this moment, his strength has completely reached its heyday!

An unprecedented peak moment!

Under the eighth floor of the Star Soul Martial God Realm, everything can be crushed!

Even he could feel that his body was already full of thirst for breakthrough.

As long as there is an opportunity, a complete breakthrough can be achieved.

Formally reached the cultivation level of the fifth floor of the Star Soul Martial God Realm.

At the same time, you can fight against the powerhouse of the eighth floor of the Star Soul Martial God Realm!

Just as Chen Feng left the bronze-green healing tower, he happened to meet Elder Yue head-on.

Seeing Yue Xinlan, Chen Feng was a little surprised.

"The older the elder, are you hurt?"

Wearing the star robe of the elders, Yue Xinlan came directly to Chen Feng.

"No, I heard from the Sect Master that your cultivation base is also diligent, and I want to come and take a look."

Yue Xinlan said, already looking at Chen Feng.

After that, the face that was always cold and expressionless showed a little surprise unconsciously.

"Your breath..."

How long hasn't it been!

Chen Feng did not hide his strength from her, so she could clearly perceive the changes in his body!

"You kid, you surprise me every time."

Seeing Yue Xinlan's reaction, Chen Feng smiled.

However, he soon thought of one thing.

"The more elder, I just want to know something about it."

"What's the matter?"

"I am going to break through."

Chen Feng's voice was calm, and he was obviously ready.

After the horror, Yue Xinlan gradually recovered her calm.

However, a pair of beautiful eyes continued to circulate on Chen Feng, as if to find out the reason for his soaring strength.

"The breakthrough of the fifth floor of the Star Soul Martial God Realm is not difficult, but it requires a lot of star power."

Yue Xinlan said, pointing out a new path to Chen Feng.

"Your progress is amazing."

"Seeing this change of yours, I think, maybe you can go to the battlefield outside the territory."

"Exterior battlefield?"

Chen Feng frowned, and then understood.

Although the extraterritorial battlefield is dangerous, it is indeed filled with the power of stars.

For those with sufficient strength, breaking through there is obviously the best choice.

Yue Xinlan nodded.

"The more the follow-up cultivation base breaks through, the greater the power of the stars is needed. After you go to the outer battlefield, you can find enough stars to help you break through."

"Star Yuanshi?"

Chen Feng had never heard of this name.

Yue Xinlan introduced.

"The star elementary stone is actually the core fragment of the star. Every star has a lifespan."

"When they reach the end of their lifespan, they will explode."

"When it explodes, the stars will burst into the last high temperature!"

"In the extreme high temperature and the icy cold of the ten thousand-year universe, this kind of celestial essence stone will be formed in the inner core of the stars."

"Each star element contains a large amount of star power!"

After hearing Yue Xinlan's introduction, Chen Feng naturally understood.

This "large amount" is definitely bigger than imagined.

I am afraid that most of the power of the last star of a dying star is contained in it.

Thinking of this, Chen Feng couldn't help but frowned.

"But when I went to the extraterritorial battlefield last time, I didn't seem to see anything similar to the Star Yuanshi."

According to Yue Xinlan, the Xingchen Yuanshi is the product of the starry explosion.

But he used to constantly shuttle between different abandoned stars.

It seems that I have never seen it before.

Yue Xinlan nodded.

"That's because these stars are extremely attractive to the stars!"

"If a star is killed and there are stars nearby, it is very likely that the nearby stars will absorb those stars."

Hearing this, Chen Feng couldn't help but slap his tongue.

"That is to say, if I go to the outer battlefield this time, not only will I have to grab the celestial essence stone from others, but also one by one?"

This is too incredible.

Hearing Chen Feng's words, Yue Xinlan put a smile on her eyes.

"Don't worry, just listen to me."

"It is naturally a bit embarrassing for you to **** the Star Yuan Stone from the stars yourself."

"But over the years, among the stars that have swallowed the celestial gemstone, if they swallow them to a certain extent, the celestial gemstone veins will be produced!"

Chen Feng understood instantly.

It is obviously much simpler and more straightforward to dig the veins of the stars directly than to **** the stars from the stars.

[Chapter 5112: What price can you make me pay?](#)

However, he soon realized that things are not that simple.

He looked at Yue Xinlan: "Those star mineral veins, I am afraid it is not easy to get them."

Yue Xinlan nodded.

"Those stellar mineral veins are found in many mid-thousand worlds, as well as in the battlefield outside the territory."

"It's just that, up to now, the large stars of the mineral veins have basically been monopolized by the big sects."

Chen Feng understands.

"It seems that the Galaxy Sword Sect also has a stellar mineral vein."

Yue Xinlan gave a positive answer.

"Yes, you can exchange it with Zongmen Great Power."

"What's the price?"

"The ten sect masters can be exchanged for one piece. It usually takes hundreds of yuan to break through the fifth floor of the Star Soul Martial God Realm."

Chen Feng asked directly: "What if an ordinary person breaks through the eighth floor of the Star Soul Martial God Realm?"

Yue Xinlan was shocked by his question.

Some words almost blurted out.

However, she still held back.

"Usually breaking through the eighth floor of the Star Soul Martial God Realm, I'm afraid it will cost thousands of dollars."

Hearing this answer, Chen Feng's heart sank.

"too expensive!"

According to such exchange requirements, he would need at least a few thousand stars for this breakthrough.

That is... it takes tens of thousands of sect great merits to exchange.

That is absolutely essential!

His great sects must be kept in the Jiutian Tibetan Scripture Pavilion to find news about the gods and demons.

Yue Xinlan suddenly said "Ah".

"If you need a lot of Star Yuanshi, I have to talk to the Sect Master."

"She might be able to help you get some."

With that, Yue Xinlan turned around and left.

Chen Feng looked at Yue Xinlan who hurried away and couldn't help but smile.

The elder of the Tianshu Sword Sect seemed to care more about cultivation than being an elder.

Seeing his cultivation genius, Yue Xinlan looked more excited than he was.

Chen Feng smiled and was about to leave the Zongmen Healing Tower.

"Perhaps, we should go to the extraterritorial battlefield again."

Compared with the exchange of great merits of the sect, Chen Feng absolutely did not hesitate to choose the outer battlefield.

At that time, if there are additional gains, it can also be replaced by Zongmen great merit.

He was one step closer to entering the Jiutian Buddhist Scripture Pavilion!

However, it didn't take long for Chen Feng to walk out of the healing tower.

Seven people appeared in front of him, once again blocking his way.

"Brother, the three of us heard it with our own ears that Chen Feng was arrogant and told Brother Yi to clean his neck and wait!"

"Yes! He still speaks loudly about our disciple of the Tianshu Sword Sect, not to mention one, even if they are eleven together, he can be crushed to the point of kneeling and kowtow!"

The person who spoke was just the three of them.

Chen Feng was only amused when he listened to the various remarks made by the three people in front of him.

He didn't shy away, just standing in front of the seven people.

It's more like waiting to see what they plan to do.

Chen Feng is now completely healed from his injuries, and his state has returned to its peak.

He looked carefully at the four new faces that appeared.

The disciple surnamed Ji nodded and bowed around his waist. It should be the leader of the seven.

The sixth floor of the Star Soul Martial God Realm Dacheng Realm.

Under the uniform costume of an official disciple of the Tianquan Sword Sect, there are muscles that can't be wrapped.

This person is tall and mighty, with a torch-like vision.

Upon closer inspection, the physical strength is not bad.

Compared with the three disciples surnamed Ji, it is more than a grade higher.

"and who are you?"

Chen Feng took the initiative to speak, looking directly at the man, his eyes were calm.

"The official disciple of Tianquan Sword Sect, Xi Junming!"

Seeing that Chen Feng looked like he hadn't seen him before, the people next to him immediately screamed as if they had blown up their hair.

"This is Senior Brother Xi of our Heavenly Power Sword Sect!"

"Under Senior Brother Yi, Senior Brother Xi is the most prestigious!"

The disciple surnamed Ji smiled triumphantly.

He looked at Chen Feng: "Moreover, Brother Xi has always followed Brother Yi as an example."

"You are disrespectful to Senior Brother Yi, and you have already offended him."

"What's more, at this time, you dare to attack us!"

When the disciple Yuuki spoke, the two disciples next to him also responded. Their eyes are full of hatred and anger.

Previously, the scene of being frightened by Chen Feng's coercion and having to kneel down to beg for mercy is still vivid!

Chen Feng didn't bother to explain the three people's extra effort.

He looked at Xi Junming.

"Is there anything else? A good dog doesn't stand in the way, I have other things to do."

Hearing his words, Xi Junming's gloomy eyes finally shot out killing intent.

"I know you never cared about martial law."

"For the disciple of the same sect, you can't hit it wrong."

"Just right, I am just like you!"

He took a step towards Chen Feng.

"You repeatedly and repeatedly insulted my disciple of the Sword Sect of Heavenly Power! Disrespectful to Senior Brother Yi!"

"Today, I will let you know that if you do something wrong, you will have to pay!"

"Oh? So amazing?"

Chen Feng smiled but smiled: "I want to see, what price can you make me pay?"

Xi Junming walked towards Chen Feng step by step.

At the same time, more and more coercion erupted from his body.

The surging blood continued to surge, and Xi Junming's muscles became stronger and more prominent.

This is a body refiner who is known for his physical strength!

This makes Chen Feng a little concerned.

It's a pity that he quietly operated the God Demon Transformation Dragon Art, and he didn't notice the slightest breath of the **** and demon blood from the opponent's body.

"In three months, Brother Yi will do it himself."

"A person like you, I feel dirty with his hands!"

"Today, if you attack my Heavenly Sword Sect, you must be prepared to be cleaned up!"

Before the words finished, Xi Junming slammed a punch.

The speed is surprisingly fast!

This is the strength under Tianquan Jianzong Yi Zhangkong!

Accompanied by the crimson flames of dragons and tigers roaring, the surrounding void was a little turbulent.

drink!

Xi Junming gritted his teeth, his eyes violent, the above two are unreserved big moves!

The billowing air erupted instantly, rushing in all directions.

The disciples surnamed Ji and others behind the two retreated violently.

"Is this the strength of the sixth floor of the Star Soul Martial God Realm! Too powerful!"

"Don't see who the shot was!"

"Haha, yeah. Brother Xi made a move, and no matter how madly Chen Feng is in front of us, he would have to kneel down and kowtow to us from the Heavenly Power Sword Sect!"

The disciples had almost seen Chen Feng kneeling in front of Xi Junming.

Their faces couldn't help showing a cheerful smile.

Amidst the laughter, a voice suddenly came from a distance.

"This is all your strength?"

Chen Feng's voice looks the same as before!

Not only did he not feel embarrassed at all, he even carried obvious contempt.

what happened?

The six disciples immediately reduced the smiles on their faces and opened their eyes to look in the direction of the war.

I saw Chen Feng standing in place, and he didn't even dodge.

[Chapter 5113: Xingchen Yuan Stone Mine! The big secret of the extraterritorial battlefield!](#)

Xi Junming struck with a fist, and he hit back with a fist!

boom!

A more powerful force burst out in an instant!

Almost at the same time, a huge figure with a height of more than two meters flew out immediately.

Not only that, but blood is still pouring in his mouth!

Lose in one move!

"how is this possible!"

"impossible!"

...

The disciples of the Sword Sect of Heavenly Power were shocked.

Brother Xi, was actually flew by a punch!

Puff!

The eyes of everyone, as Xi Junming was knocked to their feet, straight down.

They looked at each other, and their arrogance and pride were no longer in their hearts.

Yes, only fear is left!

I saw Brother Xi's right arm, which had been completely shattered at this moment!

There were even arm bones that pierced the skin and flesh and were exposed.

The crimson blood kept gushing out.

Xi Junming's breath continued to weaken at a speed visible to the naked eye.

"This....."

The scene was speechless.

They scrambled to set up Brother Xi, completely terrified in their hearts.

Suddenly, Chen Feng took a step towards them.

Everyone showed fear, and they were actually tense subconsciously, and they took two steps back.

They stared at Chen Feng, as if they were staring at Shura from the infernal purgatory!

With a chill in his eyes, Chen Feng looked at the seven disciples of Tianquan Sword Sect in front of him.

"Go back and tell your brother Yi."

"After March, I will take his life!"

The words are sonorous and loud!

Obviously it was just two sentences, but everyone seemed to have heard the meaning of some kind of sword collision!

They dare not stop Chen Feng again.

Chen Feng strode out of their sight.

"Now I, as long as I find enough Star Yuanshi and break into the fifth floor of the Star Soul Martial God Realm, I can fight Yi Changkong steadily."

Yi Changkong's own strength is not that strong.

However, he has the Heavenly Power Sword Sect's patriarchal instrument!

When they complement each other, they have the strength of the eighth floor of the Star Soul Martial God Realm!

The words have been released, and Chen Feng will never allow himself to be trampled underfoot again!

He just left the floating mountain where the Zongmen Healing Tower is located.

Suddenly, a woman's voice came from behind.

"Chen Feng!"

Chen Feng heard the sound and turned around.

"It's you."

It was Yun Wan'er who came.

At the beginning, Chen Feng became a handyman disciple and was forced to enter the A-character courtyard of the Ten Thousand Beast Hall as the head courtyard.

Only Yun Wan'er took the initiative to befriend him and helped him a lot.

After passing through the gates of hell, she also turned up in one fell swoop and became an official disciple of the Galaxy Sword Sect.

Chen Feng glanced at her briefly.

She was wearing the uniform costume of the Heavenly Jade Sword Sect.

A plain dress with star embroidery.

"You have joined the Heavenly Jade Sword Sect."

The Heavenly Jade Sword Sect is the Sword Sect that only accepts female disciples.

The female disciples such as Shangguan Shuyao that Chen Feng met on the battlefield outside the territory were the official disciples of this Sword Sect.

"Ok."

Seeing Chen Feng, Yun Wan'er was full of joy and excitement between her beautiful eyes.

She quickly came to stand in front of Chen Feng.

Just about to say something, his eyes widened suddenly, and he looked at Chen Feng directly.

"Chen Feng, have you broken through again?"

Chen Feng nodded.

He glanced at Yun Wan'er briefly: "You have also made a breakthrough."

When I first saw Yun Wan'er, she was only the second building in the Star Soul Martial God Realm.

In a blink of an eye, he had already broken through to the fourth floor of the Star Soul Martial God Realm.

"It seems that after becoming an official disciple, your treatment conditions are much better."

Yun Wan'er nodded excitedly.

Suddenly, she screamed, her eyes widened.

"Ah! I almost forgot about business."

With that, she approached Chen Feng and said quickly.

"I found a stellar mineral vein!"

"what!"

Upon hearing this news, Chen Feng was also shocked.

He clasped Yun Wan'er's shoulders.

"An unoccupied star mineral vein?"

Yun Wan'er nodded excitedly.

"On the outer battlefield!"

She lowered her voice: "I went to the Tianshu Sword Sect to find you first, and found that you were not there. I heard that you were healing in the Zongmen Healing Tower, so I hurried over."

"I'm going to call you, and I'm going to the outer battlefield together."

This is great news!

Even Chen Feng couldn't help but smile at this moment.

"No hurry, let's talk as we walk."

The two immediately rushed towards the nearest Tianshu Sword Sect.

After the Tianshu Jianzong and Chen Feng's residence, Yun Wan'er also explained the whole story.

"Things have to start from when I became a formal disciple, and I joined the Heavenly Jade Sword Sect."

Yun Wan'er didn't hide her personal secrets at all, and came to Chen Feng's residence and immediately couldn't wait to talk about it.

"My master is the elder in the Heavenly Demon Palace who is responsible for monitoring the battlefield outside the territory."

"Since I worshipped her, I have followed her in the Temple of Demon."

Chen Feng understood a little.

"You inquired about this news in the Temple of Heaven Demon? Didn't others notice it?"

Upon hearing Chen Feng's words, Yun Wan'er couldn't help but suffocate a smile, very happy and excited.

She shook her head.

"I saw this news on the leaves of Bedoro leaves."

"At the time, there was no one around, I was the only one who saw the news."

But Yun Wan'er didn't realize that when she said "Bedolo Leaf", Chen Feng's expression was stagnant.

My heart is even more shocking!

"Bedoloye?"

Yun Wan'er nodded and saw Chen Feng's shocked appearance, only that he did not know this thing.

"The leaves of the Bedoro leaves are amazing."

"This kind of leaf is very peculiar. It has a double leaf, and the veins of the two leaves are completely opposite."

"So one yin and one yang, yin and yang are connected."

"So, disciples who go to the battlefield outside the territory, if they encounter any discovery, follow the rules of the sect and write it on the leaves of Bedoro leaves."

"In this way, there will be someone in the Heavenly Demon Palace who can receive the news they want to convey the first time."

Yun Waner whispered.

"Didn't I follow Master to do miscellaneous tasks in the Heavenly Demon Hall, and Master asked me to deal with the news from the leaves of Bedoro leaves."

Hearing this, Chen Feng couldn't help but frowned.

"Just let you handle it?"

Yun Wan'er nodded.

"There are many disciples who go to the battlefield outside the territory, and countless content is passed back every day."

"In fact, most of the content sent is actually useless."

"If the elders had to deal with it every day, it would be a waste of time and extra energy."

Chen Feng understood.

To put it bluntly, even the elders are impatient to find out the truly meaningful news among so many messages.

Therefore, they each brought some disciples to deal with it.

And Yun Wan'er accidentally saw this news about the stellar mineral vein.

Yun Wan'er continued.

"I have been a formal disciple in the shortest time and have the lowest status. Generally, I am asked to sort out the most remote and most burdensome batch of Bedoro leaves."

[Chapter 5114: Is someone following?](#)

"Then, I found the news among a lot of leaves."

"The disciple who came back from the message seems to have died in the last wave of the demons."

"However, in the news he sent back, he provided an approximate location."

Having said this, Yun Wan'er leaned forward slightly, leaning close to Chen Feng, her eyes shining brightly.

"In other words, at present, within the entire Galaxy Sword Sect, I am the only one who knows the news."

"But my strength is limited, so I will discuss with you as soon as possible."

That's it!

Chen Feng looked down, and his heart kept shaking.

What Yun Wan'er brought was indeed good news.

However, at this moment, all his attention has been attracted by another news.

Bedoroye!

The first exercise he practiced in his life was the Bedoro Leaf Golden Scripture!

Only later, he searched everywhere, but he didn't find what Bedoroye was.

Unexpectedly, I would hear the name here again!

Chen Feng thought for a while and looked at Yun Wan'er.

"Do you know where the leaves of the Bedoro leaves you are talking about come from?"

"Or is there a tree planted with Bedoro leaves in the Galaxy Sword Sect?"

As soon as these words came out, Yun Wan'er, who was originally quietly excited, couldn't help but reveal a trace of incomprehension and doubt.

"Chen Feng, your focus is so strange."

Chen Feng didn't explain too much, just waiting for her answer.

Yun Wan'er also lowered her head and thought for a moment.

"There is no beddoro leaf tree in the Galaxy Sword Faction? I haven't heard of it anyway."

"Then why don't you seem to be curious about its existence?"

Upon hearing Chen Feng's question, Yun Wan'er didn't know how to answer even more.

"But... it just exists."

Yun Wan'er was a bit poor in words, snorted, and said with a frown:

"In these years, we have used it in this way, and no one is going to track it down."

"Chen Feng, you seem to be paying attention to this Bedoro leaf. Is there any reason?"

Yun Wan'er looked at Chen Feng puzzledly.

Seeing her reaction, Chen Feng sighed in his heart.

It seemed that Yun Wan'er really didn't know about Bedoroye's news.

This matter is not in a hurry.

Thinking of this, Chen Feng had to hold back the horror in his heart, and once again focused his attention on the mineral veins of the stars.

"Nothing, just curiosity."

He looked outside.

"In that case, let's set off and head to the outer battlefield."

Yun Wan'er no longer struggled, and nodded immediately.

The two did not hesitate anymore, and immediately left the Tianshu Sword Sect, preparing to head to the small floating mountain specially used for teleportation.

However, as soon as Chen Feng and Yun Wan'er left the Tianshu Sword Sect, he was keenly aware.

There are a few extremely secret breaths, staring at them from a distance.

Yun Wan'er was very excited at first, and talked more along the way.

Suddenly, she noticed that Chen Feng beside her seemed to be silent.

"Chen Feng, did you listen to me?"

Turning his face to the side, what he saw was what Chen Feng was aware of.

Yun Wan'er and Chen Feng have experienced a lot.

The two got to know each other from the Temple of Ten Thousand Beasts, and went to Baifeng Chaoyang Mountain to find the heart of stars, and then went to the gate of **** together.

The two have fought side by side, and Yun Wan'er can be considered a person who understands Chen Feng.

At this moment, seeing Chen Feng's appearance, she immediately realized something.

Someone must be watching!

Chen Feng and Yu Guang caught a glimpse of her reaction, and immediately knew that she was aware of it.

"Is it the one I brought in?"

Yun Wan'er's pretty face was serious, for fear that it was because of her that Chen Feng would be dragged down again.

Not long ago, because of her, Chen Feng easily handed the Huangquan Shura bone jade he had killed to Yun Feihe.

The result was a series of chain reactions.

Although Yun Wan'er didn't say anything, she always felt guilty towards Chen Feng in her heart.

Chen Feng heard Yun Wan'er's low voice and turned his head to smile at her.

"I think those people should be staring at me."

Upon hearing this reply, Yun Wan'er was first subconsciously relieved.

However, she quickly realized that it was not time to breathe a sigh of relief.

"What do we do then? Are we going to get rid of them?"

Chen Feng smiled.

"Just a few ants."

"You go directly to the teleportation circle, and I will be there later."

Before the words fell, his figure suddenly accelerated and quickly disappeared into the distance.

Following Chen Feng's sudden change, the auras hidden in the dark immediately followed and left quickly.

Within the Galaxy Sword Sect, it is forbidden to kill each other.

However, in Chen Feng's view, as long as it is not completely killed, the problem is not big.

He consciously controlled the speed to ensure that the people who were stalking behind him could catch up with him.

After a while, Chen Feng stopped.

He simply looked around.

This is the most remote place of the Galaxy Sword Sect.

Compared to the location of the Ten Thousand Beast Palace in the Galaxy Sword Sect, it is even more remote!

There were a few broken floating mountains, the youngest of which could only stand on one foot.

The larger ones are mostly deserted caves.

This is where no one from the Galaxy Sword Sect will come.

In other words, if a seriously injured person is thrown here, even if he does not die, it will probably take a few days to return to their respective sects.

Chen Feng turned his back to Shilu, and couldn't help but curl his lips.

Behind him, a few breaths are still there.

"Come out."

He spoke lightly, with no emotion in his voice.

However, those breaths hidden in the dark became clear when they heard these three words.

They are nervous!

Realizing this, Chen Feng couldn't help but chuckle.

"You want to stare at me at this level? Who gives you the confidence!"

When he said the second half of the sentence, his tone changed abruptly, full of murderous intent.

The supreme aura burst out suddenly!

The coercion was vigorous and rushed toward the surrounding quickly.

There is no need for him to pick out people one by one.

The supreme aura that was comparable to the eighth floor of the Star Soul Martial God Realm, almost instantly shook the four hidden behind him.

Puff!

The four figures fell to the ground in embarrassment.

Under Chen Feng's coercion, they couldn't even climb.

However, in the next second, Chen Feng put away the coercion instead.

He came to the four of them.

"Are you from the Heavenly Power Sword Sect again?"

These four people were wearing the uniform costumes of the Heavenly Power Sword Sect.

The first reaction in Chen Feng's mind was sent by Yi Changkong.

But in a blink of an eye, I felt wrong again.

Yi Changkong's arrogance shouldn't make these boring methods.

It is even more impossible for these cats and dogs to track him!

Too lazy to make too many guesses, Chen Feng directly turned the heavens and the earth to reincarnation.

Almost instantly, he got all the answers he wanted.

"Xi Junming asked you to stare at me, heh, he is really the number one dog leg beside Yi Changkong."

[Chapter 5115: Extraterritorial battlefield! Nine Nether True Demon!](#)

Chen Feng was very disdainful.

After getting the news he wanted, Chen Feng was too lazy to talk nonsense and directly controlled the four of them to take out the jade medals that recorded the great achievements of the sect.

In total, the four people have achieved two thousand sects.

Chen Feng was not polite and exchanged all of them.

Then, in this remote place, the wailing and begging for mercy of the four stalkers immediately sounded.

Chen Feng cleaned them up and left them where they were, then immediately turned around and headed to the teleportation circle.

The second day.

Xi Junming retreats in the Zongmen Healing Tower for a day, and after completely recovering from his injuries, he quickly returned to the Tianquan Sword Sect.

"Where is Brother Yi?"

As soon as he entered the sect, he arrested people everywhere and asked Yi Changkong news.

In the end, one of the disciples heard about it and pointed out the direction of the refining room.

"When I passed the refining room yesterday, I heard the seniors outside the refining room saying that Senior Brother Yi was inside, as if they were refining something."

"I heard that the things Brother Yi wants to refine are very important to him, so everyone left the refining room and didn't dare to bother."

When Xi Junming heard the news, he immediately strode to the refining room.

Just when he just walked outside the refining room.

Suddenly, there was an explosion in the self-refining room!

boom!

Immediately after that, the voice of Yi Changkong scolded.

Xi Junming's face changed and he pushed the door in immediately.

I saw Yi Changkong sitting cross-legged on the edge of the most central cauldron in the huge refining room.

Thick smoke billowed, and the breath of riots continued to spread.

Yi Changkong's expression was extremely ugly, his head was held in his hands, and he roared in annoyance.

"Damn it! It failed again!"

However, he noticed someone coming in for the first time.

Turning around, his face suddenly changed slightly.

"Junior Brother Xi, why are you doing this?"

Yesterday, after Xi Junming was defeated by Chen Feng with a punch, he didn't even have time to change his clothes and went straight into the Zongmen Healing Tower.

After breaking through, he kept coming to find Yi Changkong.

At this moment, he was still in rags, a gray-headed face, and dark red blood stains all over his body.

Although Xi Junming was not reconciled, he still told what happened yesterday.

Hearing what happened, Yi Changkong couldn't help snorting coldly.

"Chen Feng...hey, he only dared to be so arrogant to you."

"I want to see how he killed me after three months."

Seeing Yi Changkong's sniff at Chen Feng, Xi Junming suddenly gained confidence.

At this time, he noticed Brother Yi's situation.

"Brother, did you fail to refine something? Why?"

Yi Changkong sighed.

"Sure enough, there is one thing missing, this thing won't work."

"what?"

Yi Changkong said casually: "Actually, anything is okay, as long as it has the aura of a great demon."

"Only by relying on the powerful demon energy to neutralize, can it be thoroughly refined."

"The breath of the big demon?"

Hearing this, Xi Junming immediately lit up.

"I felt devilish in Chen Feng's body! He definitely has what you want!"

"what did you say!"

Yi Changkong suddenly got up.

Staring at Xi Junming, his face couldn't help being overjoyed.

"Where is he now?"

Xi Junming was overjoyed, and a smile suddenly appeared on his face.

"After yesterday, I sent someone to stare at the kid."

Hearing what Xi Junming said, Yi Changkong immediately turned around and strode out of the refining room.

However, the disciple of the Tianquan Sword Sect that Xi Junming sent out to keep an eye on, somehow found no trace.

Yi Changkong went to find Chen Feng, but he did not find any trace of him.

After a long time, the two of them saw from a distance the stalkers who came back with a humiliated face.

"Where have you been?"

Xi Junming obviously had some anger on his face, and he looked at the voices of several people who were not kind.

However, Yi Changkong waved his hand, indicating that he didn't have to be so strict with the disciples of the same sect.

"Staring at Chen Feng is not easy. Do you know where he went?"

The stalker immediately looked at Yi Changkong with gratitude.

"Senior Brother Huiyi, we followed Chen Feng all the way and found that a female disciple of the Heavenly Jade Sword Sect found him."

"The two had no idea what to talk about in the Tianshu Sword Sect, and then left together."

"It's just that Chen Feng should have spotted us soon and led us to the most remote place of the Galaxy Sword Sect..."

Several stalkers explained the whole process quickly.

Yi Changkong frowned.

"In other words, you also lost his track in the end?"

His question seemed familiar and ordinary, but invisibly made several disciples feel the supreme pressure.

Several people knelt down immediately.

"Brother Huiyi, after we came back, we have already found a circle in the entire Galaxy Sword Sect."

"The last direction he left should be the floating mountain leading to the battlefield outside the territory."

"Exterior battlefield?"

Yi Changkong repeated these four words again.

"Yes! However, the direction that Chen Feng and the female disciple of Xuanjian Sect went to should also be there."

"Yes, the direction that female disciple left alone is exactly that place."

Hearing the replies of several people who followed, Yi Changkong was basically certain.

Chen Feng and Chen Feng should indeed have gone to the outer battlefield.

It's just that the extraterritorial battlefield is so big, where exactly these two are located, I'm afraid it will be hard to find.

At this moment, Chen Feng and Yun Wan'er had already passed the teleportation circle and reached the outer battlefield for some time.

According to the position Yun Wan'er got, the two walked all the way forward for several days without interruption.

Finally, when Yun Wan'er saw a star in the distance, she finally smiled.

"Did you see the star ahead?"

She stretched out her hand and pointed at a star far away.

"According to the message sent by the disciple outside the territory, the Xingchen Yuanshi vein should be there."

Chen Feng followed the direction of Yun Wan'er's finger and saw the star.

Just when the two were about to leave and set off towards their destination, Chen Feng suddenly stopped.

"what happened?"

Yun Wan'er didn't react and turned to look at Chen Feng.

But Chen Feng had already taken a step ahead of her, grabbing her wrist and hiding directly in an abandoned planet.

Seeing Chen Feng's reaction, no matter how slow Yun Wan'er's reaction was, she should know that there must be some difficult demon or other person.

She released her consciousness and wanted to explore her surroundings.

Soon, she saw a scene in an abandoned galaxy not far away.

boom!

A hundred-meter celestial demon with corpse water flowing in its entire body, roared with roaring sound waves, and aimed straight ahead!

In front of it, there are several demon of the same race who are weaker than it, rushing towards the direction of attack.

"It's Jiuyou True Demon!"

Yun Wan'er immediately lowered her voice and exclaimed.

[Chapter 5116: Mysterious girl! Heavenly Demon Slaying God Arrow!](#)

Chen Feng noticed the abnormality right away.

The leading Nine Nether True Demon is a hundred meters tall, has knotted muscles, has a hideous and terrifying face, and has six arms!

Among the six arms, there are three arms, each holding three black long arrows!

The whole body of this Nine Nether True Demon was lingering and enveloping with black demon energy.

The surface of the body was covered by a layer of dark yellow corpse water, which was extremely disgusting.

However, Chen Feng is very clear.

This corpse water looks disgusting, but in fact, if ordinary people touch it, they will be corroded immediately!

Can't help but corrode the flesh, and it will corrode the spiritual energy of people's cultivation base!

This is a demon of the general level!

Chen Feng immediately judged that the strength of this Nine Nether True Demon should be comparable to him.

However, the three black long arrows held tightly in his hand caused Chen Feng's heart to jump.

There was a breath of danger, constantly released from the three black long arrows.

The devilish energy released from these three black long arrows is even stronger than the true demon of Jiuyou!

If it was said that the Nine Nether True Demon's own strength, Chen Feng could draw a tie with it.

Then, with these three arrows, its strength has reached the level of the mid-eighth floor of the Star Soul Martial God Realm.

Beyond Chen Feng!

However, what surprised Chen Feng most was not this Nine Nether True Demon and a few of its men.

It is the object they are attacking at the moment.

It turned out to be a female doll!

The little girl had two upturned braids on her head and a red bellyband tied around her body.

He looks only seven or eight years old, with big eyes and a mumble mouth.

Coupled with her aura released from the inside out, it is even more tender and lovely!

At a young age, he came to the outer battlefield alone by himself. Such existence is much rarer than Jiuyou True Demon!

Under the siege of Jiuyou True Demon and several of his subordinates, countless bright lights flashed on the little girl's body.

That is the breath of top magic weapon!

There is no doubt that there must be many top magical weapons on her body.

"What a big handwriting!"

Even Chen Feng couldn't help being shocked when he saw such a picture.

No matter how the Jiuyou True Demons attacked, the corpse water couldn't erode her physical body, and the supreme sound wave was isolated from those bright precious lights.

Even a physical attack could not penetrate her outer protective barrier!

"Hehe."

The little girl looked very cute with her hands on hips and her round belly under her red belly.

She looked at the look of Jiuyou True Demon and they were furious, and did not hide the happy smile on their face.

Such a smile deeply hurt Jiuyou True Demon's heart!

"Roar!"

It roared again and rushed towards the girl in front of it.

The three free arms punched together!

The speed and power were so terrifying that the surrounding void was shaking slightly.

The two Chen Feng in the distance couldn't help getting nervous when they looked at them.

However, the little girl still stood still smiling.

The opposite fist came, but with a bang, they all hammered away from the precious light in front of her.

The girl's body is like an invisible protective shield.

She smiled triumphantly, but didn't fight back.

On the contrary, he looked like a theatergoer, wanting to see how long the Jiuyou True Demon could hold on.

Looking at her fearless and fearless appearance, Chen Feng couldn't help but sigh secretly in his heart.

This female doll is really a newborn calf, not afraid of tigers!

However, her background and talent are indeed too strong!

A demon-level demon in the middle of the eight-story building in the Star Soul Martial God Realm, couldn't even hurt her.

"Who is she?"

Chen Feng turned around and looked at Yun Wan'er.

Yun Wan'er shook her head: "I haven't seen it, she is not from our Galaxy Sword Sect."

Think about it too.

If there is such a heaven-defying little guy in the Galaxy Sword Sect, there has been a lot of publicity long ago, how could it be that no one knew.

Just when Chen Feng thought they were hidden.

The Nine Nether True Demon not far away turned around quickly and looked in the direction where they were hiding.

"The breath of the gods and demons... who is there!"

When he heard the words of Jiuyou True Demon, Chen Feng realized that something was wrong.

He and Yun Wan'er changed their faces immediately.

Unexpectedly, the Nine Nether True Demon was still spotted!

Since it has been exposed, it doesn't make any sense to stay still.

Chen Feng and Yun Wan'er looked at each other, and the two of them stopped hiding immediately and fled directly into the distance.

In this way, the traces of the two were completely exposed in the eyes of the Jiuyou True Demon.

As soon as Jiuyou True Demon saw Chen Feng from a distance, his eyes began to burst out with two surprises.

"The breath of gods and demons! You have the breath of gods and demons!"

For the gods and demons, the attraction is fatal!

Almost in an instant, this nine-nether true demon with a height of 100 meters immediately made a judgment.

Never let go of those two uninvited guests!

"Take me to that kid, wait until I kill those two people, and then deal with this little baby!"

The Jiuyou True Demon directly gave orders to his men, and then turned around and rushed towards Chen Feng and Yun Wan'er.

"Yes!"

Its subordinates immediately received instructions, and the attack on the little girl became more and more fierce.

At the same time, the Nine Nether True Demon at the level of the Demon Commander had already fixed their eyes on the backs of Chen Feng and Yun Wan'er.

Chen Feng's speed is extremely fast, and it would take a lot of thought to catch up with them by relying on conventional means.

However, Jiuyou True Demon's terrifying and ugly face shuddered with a hideous smile.

In the crimson eyes, billowing devil energy burst out.

I saw it waved at both Chen Feng and Chen Feng!

call out!

Two long arrows full of black and constantly surging demonic energy cut through the void in an instant, and swiftly approached both Chen Feng!

"Heaven Demon Slaying God Arrow!"

Yun Wan'er's expression changed immediately.

At this time, Chen Feng hadn't understood the reason why her face changed.

His face was solemn and solemn, pulling Yun Wan'er and constantly changing positions.

The treacherous figure kept changing positions.

However, soon he realized that the reason Yun Wan'er was frightened was...

Once the target is determined for these two heavenly demon extinguishing arrows, don't stop until the target is reached!

So no matter how the two of Chen Feng changed their positions repeatedly, the two gods and gods extinguishing arrows that released their devilish energy would still lock them firmly.

It didn't stop until you hit the target!

"There is such a thing!"

Chen Feng was very frightened, his mind was running fast, trying to find a way to crack it.

However, the speed of the Heaven Demon Slaying Arrow was faster than he had imagined!

In the gloomy galaxy universe, these two black long arrows, like two dark rays of light, directly caught up with them.

puff!

The two long arrows stabbed Chen Feng and Yun Wan'er at the same time.

Yun Wan'er was not as strong as Chen Feng, the damage this arrow caused to her was fatal!

[Chapter 5117: Magic finger! Powerful power!](#)

She bled on the spot, her face pale as paper!

Even more terrifying is that after the Heaven Demon Slaying Arrow pierced her back, the endless demonic energy raged wildly!

It smashed into her body severely, and continued to aggravate her injuries!

Almost after two breaths, Yun Wan'er's eyes gradually lost their brilliance!

Seeing it will be crushed!

At the critical moment, Chen Feng struggled to help.

He was also pierced by the Heavenly Demon Slayer Arrow, severely injured.

However, the devilish energy that raged from within the Heaven Demon Extinguish God Arrow did not cause him any harm.

Coupled with his cultivation strength, he is currently above Yun Wan'er.

Although seriously injured, there is still room for energy!

Chen Feng reached out and clasped Yun Wan'er's wrist, shocked in his heart.

He thought about it a lot, but still didn't think of a way to fight against the Heavenly Demon Slayer Arrow.

Without foreign aid, there is no trump card that can just be restrained.

It will not be time to come up with the final hole card to fight to the death.

Chen Feng made a decisive decision and decided to escape!

With his current ability, it might be a great price to defeat that Nine Nether True Demon.

no need!

Especially the three Heavenly Demon Slayer Arrows, so far they are simply invincible!

Thinking of this, he immediately picked up Yun Wan'er, turned and fled.

However, at this moment, anomalies suddenly occurred!

The magic finger of King Kong King Demon who was lying quietly among the golden reincarnation jade plates suddenly appeared in front of Chen Feng by itself.

Chen Feng did not react, nor did the Jiuyou True Demon in the distance!

"What's the matter?"

Before Chen Feng had time to think, he saw the black magic finger suddenly burst out with terrifying power!

At this moment, the Jiuyou True Demon in the distance suddenly felt an extremely strange aura.

"That is....."

In its red eyes, the color of fear was immediately revealed.

I saw the terrifying power of that cut devil finger, instantly pierced through three heavenly demon extinguishing arrows!

Together with the third one held by the Nine Nether True Demon, it is not immune!

Afterwards, Jiuyou True Demon roared.

"Do not!"

The rolling sound wave erupted, like a mountain and a sea, and swooped towards the two of Chen Feng.

However, no matter how strong the power is, it can't stop the devil finger from absorbing the devil qi in the three heavenly demon extinguishing arrows!

In an instant, the three Heavenly Demon Suppressing Arrows that were constantly pouring out of strong devil energy suddenly became Fan Tie!

The magic energy inside was absorbed cleanly!

Useless anymore!

"how can that be!"

The eyes of Jiuyou True Demon rushed towards Chen Feng and the two of them, his hideous and terrifying faces were full of incredible and disbelief.

"What is this! It can actually abolish my seventh-grade magic weapon!"

Everything happened too fast.

Chen Feng also felt the surprise of the Nine Nether True Demon.

But, soon, his astonishment turned into surprise.

It turns out that this magic finger has such a special effect!

It can absorb magic energy!

The magic finger was floating in front of him at this time.

Chen Feng could see that the magic finger at this time had already begun to linger with the billowing magic energy.

Where the finger bones were broken, among the black bones, it seemed to be bloody.

This magic finger seems to be recovering and growing again!

Chen Feng's heart moved with thoughts, and suddenly found some accidents again.

When he first got this cut of magic finger, it was not that he hadn't studied this cut.

Except for the projection that can summon the Great Compassionate King Kong Demon, nothing else.

He didn't know how to summon and what other uses.

Even if it was placed next to the human emperor's hand bone, nothing happened and could not be absorbed.

However, at this time, after absorbing the devilish energy of the three Heavenly Demon Slayer Arrows, Chen Feng suddenly discovered that he could actually control this devil finger!

It's just that, for some reason, Chen Feng is always faintly disturbed.

After all, it's a monster...

But seeing the real demon Jiuyou rushed over in anger, the current situation didn't have time for him to think about other things.

Let's use it first!

In an instant, Chen Feng urged the magic finger and rushed straight towards the Jiuyou True Demon!

boom!

Another terrifying force appeared again.

This time, it was the Jiuyou True Demon who was shrouded in front of him!

Almost instantly, the Jiuyou True Demon who came in anger suddenly felt an extremely terrifying power!

That mysterious magic finger actually tried to forcibly absorb the magic energy in his body!

The previous scene of absorbing the three Heavenly Demon Slaying Arrows has left an indelible shadow in the heart of the Jiuyou True Demon.

At this moment, it was horrified!

"Roar!"

The six arms waved frantically and struggled.

The dark yellow corpse water covering the surface instantly burst like Chen Feng rushed away.

Chen Feng made a decisive decision.

A purple-white light flashed behind him suddenly.

Buddha's angry eyes and roaring power!

The huge purple-white lion head appeared in an instant, and opened a big mouth at Jiuyou True Demon!
boom!

This overwhelming sound waves directly overwhelmed the roar of Jiuyou True Demon.

The sound wave set off a wave of air, and the air wave condensed into a terror-like translucent force like a tsunami, pushing it all the way to the Nine Nether True Demon!

The dark yellow corpse water was also repelled in this wave of air and sound.

In the next second, the spiritual world of Jiuyou True Demon suddenly encountered a violent collision!

This made it unable to control its body for a while.

At this time, the magic finger took advantage of the emptiness and suddenly increased the intensity of absorbing the magic energy!

"what--"

Accompanied by the scream of Jiuyou True Demon.

Chen Feng turned around, holding Yun Wan'er, and rushed in the direction of Jiuyou True Demon again.

With the mental dizziness caused by the Buddha's angry lion roar technique, the Nine Nether True Demon was unable to control himself, and suddenly lost the power to fight the devil's finger!

Taking this opportunity, the Demon Finger instantly absorbed the demon energy in the Jiuyou True Demon!

By the time that Jiuyou True Demon regained consciousness and clarity, everything was too late!

It tried desperately to stop it, but at this moment, Chen Feng had already rushed to it.

In his hand, a black and white long knife suddenly appeared.

While being born, while being dead!

Too on the sword array.

Chen Feng stared at the Nine Nether True Demon in front of him angrily, struggling to swing a knife!

The black and white long knife almost cut through the void, and instantly killed the Jiuyou True Demon.

Bang!

The original Jiuyou True Demon, who was slightly stronger, stopped immediately.

Its eyes were still desperate and dull.

But the body has been split in half!

dead!

In a blink of an eye, Chen Feng completed the Jedi anti-kill!

The situation that was originally thought to be dangerous was instantly reversed!

Looking at the fallen corpse of Jiuyou True Demon in front of him, Chen Feng even felt unreality.

But whether it is true or not, now is not the time to stop!

He decided to go all out and cut the roots!

The black and white long knife in his hand is not scattered.

The eyes were full of suicide, but they were cast on the nine true demons who were still besieging the little girl according to the order!

When meeting Chen Feng's line of sight, the weaker Jiuyou True Demons immediately changed their faces.

[Chapter 5118: Star Soul! Star Soul!](#)

Their leaders are dead, and their survival instinct allows them to make judgments for the first time-escape!

But how could Chen Feng give them another chance!

Pushing the magic finger, the rolling magic energy is accompanied by the supreme terrifying power, and at the same time it envelopes all the Jiuyou true demons who are ready to flee!

At the same time, Chen Feng's Supreme Swordsman Formation has also arrived!

Beheaded!

Nothing is spared!

It can even be said that killing is easy!

After solving these hidden dangers, Chen Feng relaxed a little.

At this time, he once again focused his attention on that special magic finger.

Just now, while controlling this cut of magic finger.

Chen Feng was able to perceive sensitively that the nine Nether True Demons had little resistance.

Even if it is not as strong as a fraction of the others, there are still a few Nine Nether True Demons, and the weakest one has the strength of the sixth floor of the Star Soul Martial God Realm.

But under the power of the magic finger, it could not exert the strength of the sixth floor at all!

"Perhaps it's the same reason as the great demon."

Chen Feng secretly guessed in his heart.

This devil finger can not only absorb their magic energy, but also exert a certain degree of coercion on them!

In other words, this cut of magic finger is simply suitable to be used on this kind of outer battlefield full of demons!

Thinking of this, Chen Feng couldn't help but smile again.

He turned his head and quickly took the corpses of those Jiuyou True Demons.

Then began to absorb the power of the stars in their bodies.

After absorbing all the power of the stars, a lot of star pill appeared quietly in his hand!

One hundred and fifty!

One hundred and fifty sparkling star pills appeared quietly!

Just the Nine Nether True Demons in the Eighth Floor of the Star Soul Martial God Realm had condensed seventy Star Pills!

Each star pill contains the purest star power!

This is a surprise.

Originally, they came to the extraterritorial battlefield, mainly wanting to obtain the Star Yuan Stone to break through.

But the star pill also contains a lot of star power.

Maybe you can break through directly!

Chen Feng didn't hide his personal information, and directly divided a part to Yun Wan'er.

Yun Wan'er's injury was much heavier than him, and she was no longer polite on the spot, and directly absorbed it.

The two absorbed them on the spot.

Soon, Chen Feng clearly felt it.

With the continuous absorption of the power of the stars, all the stars are lit up on the vast star map in his star soul space.

He has a feeling that he can break through and enter the fifth floor of the Star Soul Martial God Realm at any time!

This feeling of full power is really exciting.

Chen Feng forcibly suppressed the excitement in his heart, controlled his mind, and prepared to attack the fifth floor of the Star Soul Martial God Realm in one fell swoop!

After absorbing the blood of the gods and demons, Chen Feng's star map has undergone two consecutive expansions.

Now, the power of the stars he has absorbed is just enough to completely light up this new vast star map.

The surging breath continued to gush out.

But soon, Chen Feng's face became ugly.

He kept absorbing one star after another, supplementing a lot of star power.

Above the vast star map, it has also reached saturation.

But for some reason, no matter how he tried to break through, he couldn't break into the fifth floor of the Star Soul Martial God Realm!

How is this going!

Chen Feng couldn't help feeling a little impatient.

He opened his eyes, puzzled.

Obviously the strength is saturated, but I just don't know what went wrong.

At this moment, a voice with milky voice suddenly came from the side.

"Your star soul is not strong enough, naturally you can't break through."

Hearing this, Chen Feng was taken aback.

He turned his head and looked aside.

It was the little girl who was besieged by the Jiuyou True Demons before.

This little girl, seven or eight years old, was sitting in the air with her **** ass.

Those **** shiny eyes flickered and looked at him grinningly.

Seeing Chen Feng's surprised look, the little girl giggled.

"You are so stupid, I don't know this."

With that, she assumed the appearance of a small adult and explained it pretentiously.

"The way of cultivation, the star soul is the foundation."

"Although you have enough strength now, the star soul is not strong enough."

"So, no matter how much the power of the stars is absorbed, it won't help."

The little girl shook her head and talked, her hair dangling, she was really cute.

Chen Feng couldn't help being a little dumbfounded when she heard the little girl speak so eloquently.

He did not expect that these words would come out of a little girl's mouth.

However, he soon realized.

This little girl, I'm afraid it has a great background!

Since she dared to come to the extraterritorial battlefield alone, she still has many top magic weapons on her body.

Knowing more than him is not surprising.

Chen Feng straightened his attitude immediately and asked the little girl seriously and modestly.

"so what should I do now?"

"It's very simple, just increase the strength of the star soul."

The little girl spread her hands and continued: "You should know the Xingchen Yuanshi."

Chen Feng nodded.

"This is the biggest difference between Xingchen Yuanshi and Xingdan."

"Although there is also a large amount of star power in the star elemental stone, it is not the star power that really works."

"Otherwise, like you, you can do it just by absorbing the star pill."

After the little girl pointed out this time, Chen Feng suddenly realized.

Yes!

He hadn't noticed this before.

If the star elemental stone only contains a lot of star power, what is the difference with the star pill?

So why are so many big sects so obsessed with the mineral veins of the stars, and have to monopolize them?

The little girl continued.

"The Star Primal Stone is formed by the condensation of stars after they have exploded. Therefore, it also contains the Star Soul inside."

"This is where the Xingchen Yuanshi really works."

Hearing this, Chen Feng's heart shook suddenly.

At this moment, Yun Wan'er, who was recovering from her injury, also opened her eyes.

She also heard everything the little girl had said before.

"Thank you little girl for answering our questions."

Like Chen Feng, she was not at all random because the girl looked only seven or eight years old.

The little girl's eyes turned around on them.

Then she flattened her mouth.

"Of course, there are other things that are helpful to the star soul, except for the Xingchen Yuanshi."

"But I guess you won't get it. Even my dad and them treat those things as treasures."

Upon hearing this, both Chen Feng and Yun Wan'er were shocked.

The two looked at each other, and they could see the same meaning in each other's eyes.

Just now, in the little girl's words, a message was revealed.

Things that are helpful to the Star Soul are extremely difficult to get!

Even with Chen Feng's current strength, there is no hope.

But, in the hands of this little girl's father and some of her elders, there are!

And, there are many more!

[Chapter 5119: Daughter of the Master of Xuanyin Fairy Gate](#)

Chen Feng and Chen Feng knew that the little girl had an extraordinary origin, but they were still a little curious at the moment.

He paused, still opening his mouth to ask.

"Little sister, haven't you asked what your name is?"

The little girl looked at Chen Feng and pouted, seemingly dissatisfied.

"My dad said, you can't just tell people who I am."

"Otherwise, you talk first, what is your name?"

"When I know who you are, you won't count as others."

Seeing the little girl's innocent, smart and cute appearance, Chen Feng couldn't help but smile.

"My name is Chen Feng and this is Yun Wan'er. We are disciples of the Galaxy Sword Sect."

"Chen Feng, Yun Wan'er."

The little girl repeated their names, then lifted her face and looked at Yun Wan'er.

"Okay, we are pretty destined."

"Your name is Yun Wan'er, and my name is Jing Wan'er."

Upon hearing this name, Yun Wan'er next to her suddenly thought of something!

In an instant, his eyes widened uncontrollably, and he exclaimed.

"Are you Jing Wan'er? Who is the master of Xuanyin Fairy Gate?"

Chen Feng and Jing Wan'er looked at her subconsciously when they saw her excited reaction.

Jing Wan'er blinked his eyes and grinned with a sweet smile.

"Do you know my dad?"

Xuanyin Fairy Gate!

The little girl in front of me turned out to be the biological daughter of the master of Xuanyin Fairy Gate!

Yun Wan'er looked at Chen Feng.

"I heard the name Jing Waner once."

"The youngest daughter of the sect master of Xuanyin Fairy Gate is exactly that name."

Chen Feng asked: "I don't know Xuanyin Fairy Sect very well, what kind of school is that?"

Jing Waner, who was next to him, heard Chen Feng's words, and immediately puffed up, with a very dissatisfied expression.

"You don't even know our Xuanyin Fairy Gate!"

Yun Wan'er quickly comforted her and introduced to Chen Feng.

"Xuanyin fairy gate is also a first-grade fairy gate, although it is a little bit worse than our Galaxy Sword Sect, but not much worse."

Upon hearing the introduction, Chen Feng looked at Jing Wan'er again, his eyes were even more puzzled and shocked.

"Are you really the little daughter of the master of Xuanyin Fairy Gate?"

Jing Waner lifted her chin triumphantly, and patted her belly.

"Replace it like a fake!"

"How old are you? Does your father rest assured that he will let you come to the outer battlefield alone?"

Hearing Chen Feng's question, the originally triumphant little girl turned her **** eyes.

It seemed to be a little frustrating.

"Oh, I ran out secretly."

"Blame my father and them, they didn't let me go here and there, they never took me with me in such a fun place outside the field."

"They always say that I am too young to come. Huh, I don't care!"

"So, when they were not paying attention, I pulled away the uncle on the teleportation circle, and slipped to the outer battlefield alone."

Watching Jing Wan'er happily and proudly recounted the process of sneaking out of the Xuanyin Fairy Gate and coming to the outer battlefield alone.

Chen Feng and Yun Wan'er looked at each other, but they were a little bit dumbfounded.

What a spoiled little princess, she is so bold!

What a dangerous place the battlefield outside the territory is, she actually sneaked over.

Yun Wan'er looked at the little girl in front of her.

"Little Wan Er, this is an extraterritorial battlefield, very dangerous. You should go back quickly."

Jing Wan'er's eyes widened immediately upon hearing Yun Wan'er's kind advice.

"I won't go back!"

Her big eyes seemed to be accusing Chen Feng and the other two.

"I have a magic weapon in my body, and I am stronger than you."

"Why can you come to the outer battlefield, but I can't come?"

"Is it because I still look like a kid? It's not fair!"

Jing Wan'er's remarks really blocked Chen Feng's mouth.

She really made some sense.

Chen Feng groaned: "Your parents didn't know that you came here secretly, so they will definitely be worried, or you should tell them."

Unexpectedly, the little girl asked him back.

"Then what are you doing here?"

"we?"

Chen Feng smiled and said, "We are here to find the Star Yuanshi."

"You have also seen that, my strength is enough, to prepare for breakthrough, I must have a star yuan stone."

Upon hearing Chen Feng's answer, the little girl was thoughtful.

Suddenly, her eyes lit up.

"Yes!"

With that said, I saw her flipping her hands and directly offering a pagoda!

As soon as this Ding Pagoda appeared, the surrounding area was instantly lit by bright light!

The powerful and vast supreme breath, almost like a tide.

In an instant, they quickly wrapped Chen Feng and Yun Wan'er around them.

There is no murderous aura in this breath, wrapped in the two of them, they can only feel extremely gentle and comfortable.

In this dazzling light, Chen Feng saw the appearance of the pagoda.

"this is....."

The moment he saw the appearance of the pagoda, his heart was shocked, as if a stormy sea was set off!

"Five-fang Tiandi Tower!"

The Wufang Tiandi Pagoda is the most famous treasure in the world of Xuanhuang.

Not long after Chen Feng came here, he also heard of this name.

As soon as the voice fell, Jing Waner interrupted his surprise.

"It's an imitation."

Hearing this, Chen Feng was slightly relieved.

However, even imitations can be regarded as top magic weapons!

There are a few people in the world who can refine the imitation of the five-sided Tiandi Pagoda!

It's just that Jing Waner in front of him was so careless that he showed the imitation of the Five Heavenly Emperor Pagoda.

"This is the magic weapon my father refined for me."

"I heard from my father that when he was refining, he used a whole star core to refining."

"So, there must be a surviving star soul in it."

As she said, she gave away the imitation of the Wufang Tiandi Pagoda that she was holding in her hands in Chen Feng's direction.

"Here, let me lend it to you."

Upon hearing these amazing words, Chen Feng and Yun Wan'er couldn't help looking at each other again.

This child is pure and good in nature, and really has no intentions at all!

Such a precious, cherished, and rare top-level magic weapon can be taken out so easily and loaned to a stranger to break through!

Fortunately, I met Chen Feng. If I saw someone with a bad heart, the consequences would be disastrous.

Chen Feng's divine consciousness subconsciously penetrated into the imitation of the five-sided Tiandi Pagoda that was handed up.

The vigorous, surging, and vast aura quickly dipped into his mind like a long drought and a spring rain.

Obviously, the remaining Star Soul inside is very powerful!

At this juncture when desperate to break through, even Chen Feng was subconsciously moved.

If he absorbs the star soul from the imitations of the five heavenly emperor towers, he can guarantee that he will be able to successfully break through to the fifth floor of the star soul martial **** realm!

However, this thought only flashed in my heart.

He quickly realized that the Star Soul in there was very compatible with Jing Waner!

Obviously, this is specially prepared for her!

Chen Feng sighed Yu Jingwan's unique conditions, but he also understood in his heart.

The imitation of the Ding Wufang Tiandi Pagoda in front of him was made by the master of Xuanyin Immortal Gate, specially for Jing Waner.

The Star Soul inside had already planned.

That's Jing Waner's luck!

"Hurry up and hold it."

Jing Wan'er in front of him said, and gave away the tower in his hand.

However, Chen Feng shook his head.

"I can't take this."

"why?"

Obviously, seeing Chen Feng's refusal, Jing Waner's big eyes were full of doubts and puzzles.

"Aren't you here just to make a breakthrough?"

Chen Feng squatted down and stared at Jing Waner.

There was a slight smile on his face.

"You are right, I am here indeed for a breakthrough."

"But, this is your thing, your father specially prepared for you."

"If you take it, you won't have it in the future."

Jing Waner interrupted him.

"No, I don't have any, I can ask my father if I want it."

Chen Feng and Yun Wan'er almost staggered and were speechless at the same time.

However, he patiently explained to this innocent little girl.

"A man who is based in the world must know what to do and not to do."

"Your father must have spent a lot of effort in refining this magic weapon for you. He prepared it for you."

"If I take it, I'm bullying you while you are young, and I don't know how precious it is."

Speaking of this, Chen Feng still pondered for a moment.

"In the future, if you encounter those who want these magic weapons in your hands, you must be vigilant."

"Only people with unhealthy minds will covet these magic weapons in your hands."

Jing Waner looked at Chen Feng with a silly face, as if he had some understanding, but still didn't seem to understand.

However, she still withdrew the imitation of the Wufang Tiandi Tower.

"Well, although I don't understand it very well, I think you should all be good people."

at the same time.

In a secret realm far away.

Two people stood in front of a huge light mirror, looking at what Chen Feng said to Jing Wan'er in the light mirror.

The two looked at each other and nodded to each other, showing an expression of appreciation.

"Okay, we're leaving now."

Chen Feng stood up, ready to continue with Yun Wan'er and go to the stellar mineral vein not far away.

However, the corner of his clothes was held by Jing Waner.

"Where are you going?"

Yun Wan'er next to her smiled and pointed at Chen Feng.

"He wants to make a breakthrough, we are going to a Star Yuanshi mineral vein now."

Jing Waner jumped up immediately, very excited: "Is it fun? Can I go together? You see, I am very strong."

Looking at the dazzling brilliance of Jing Wan'er, Chen Feng and Chen Feng smiled bitterly.

But he could not say anything against it.

"That's okay, otherwise, leaving you alone on the battlefield outside this territories is really not so relieved."

Jing Wan'er smiled brightly when they heard Chen Feng and the two agree to go with her.

As a result, the three followed the original direction and walked all the way.

It didn't take long for Chen Feng and the others to finally arrive at the position mentioned on the leaves of Bedoro leaves.

However, when they saw the star from a distance, they found that there were already countless auras on it, constantly rising.

There is something else!

Moreover, there are more than one or two.

Chen Feng's eyes suddenly became cold, and when he looked from a distance, he found that it was a bunch of demon!

The three of Chen Feng stopped far away in the void.

At this moment, there are thousands of heavenly demons moving and mining around that star elemental stone vein.

Looking closely, these gods are mostly five meters tall, and there is not much difference in body shape from humans.

The only difference is that their skin is covered with scales, their heads have horns, and their faces are more like a mixture of dragons, tigers, deer, horses and other monsters.

In addition, Chen Feng could also feel the black magic energy surging from them.

Jing Wan'er, who was held by Yun Wan'er next to him, suddenly spoke.

"I have seen this kind of demon."

She gestured with her fingers over the dark slab of the stars ahead.

"They are a tribe of Thunder Slaying Kuangzhan, a kind of demons."

"Lei Sha mad war tribe?"

Chen Feng and Yun Wan'er heard this name for the first time.

Jing Wan'er looked up and looked at them.

"Look, there are still many benefits to bringing me."

"This tribe is very powerful."

As she said, she pointed to a certain demon below.

"You are late, this is already the scale of a tribe."

"That is their leader, and the seventy or eighty over there are overseers under the leader."

"In addition to these, the other ones who are mining and transporting the stars are all unimportant coolies."

Chen Feng's gaze turned to the leader.

Among the thousands of Lei Sha Kuangzhan Demon, only this one is fifty meters high.

Its eyes are as big as a copper bell, with anger from time to time.

A powerful breath is released from its body.

The strength of the early stage of the Eighth Floor in the Star Soul Martial God Realm!

Comparable with Chen Feng's current level.

However, Chen Feng currently has a hole card besides his own strength...

At this moment, Yun Wan'er next to her looked at those demon, her face was already very ugly.

However, no matter how ugly, she still can't help it.

The strength of that leader is still too strong after all!

In desperation, she turned her head and looked at Chen Feng next to her.

"Chen Feng, otherwise we'd better think of another way. This stellar primordial stone vein seems to be destined to miss us."

However, when Chen Feng heard these words, a strange smile suddenly appeared on his face.

"Who said that this star elemental stone vein is destined to miss us?"

Upon hearing Chen Feng's words, Yun Wan'er was stunned.

She looked at the leader Heavenly Demon on the star ahead in disbelief, then looked at Chen Feng.

"Are you... sure?"

Chen Feng turned his head and looked at Yun Wan'er and Jing Wan'er.

"The next thing, you'd better do as I said..."

Before long, Yun Wan'er and Jing Wan'er had disappeared beside Chen Feng.

He looked at the stars in front of him, his lips snapped.

In the next second, he was like a shooting star, heading straight towards the vicinity of the star's mineral veins, approaching extremely fast!

boom!

Accompanied by a loud and deafening noise, all the demons of the entire Lei Sha Kuangzhan tribe shook their hearts together.

"what happened?"

In the distance, thick smoke billows, and nothing can be seen clearly.

At this moment, the head of Lei Sha Kuang fighting the Demon, his face suddenly changed.

"Not good! Enemy attack!"

At the moment it shouted, the place where the smoke was originally billowed, a flash of lightning appeared again!

The goal is pointed, the leader of the demon!
