[Chapter 5211: the third floor! The Buddha's angry eyes, lion roar, advanced!](#)

Eyeballs probed Chen Feng's appearance.

Chen Feng didn't explain anything, just stretched out his hand, grabbed Jin Sanye and rubbed it.

He directly rubbed it so that he screamed, the shiny, compliant feathers all over his body, and he rubbed it up and down.

Chen Feng had another burst of laughter.

Without further ado.

Immediately afterwards, Chen Feng put down the three masters of Jin and was about to directly raise the Buddha's angry lion roar to the highest third level.

Xiao Jin, who had just been put down, shook his swollen body in place, and directly retracted into Chen Feng's arms and disappeared.

This is just right.

Chen Feng directly shouted at the top of the sky in his heart: "Master of the heavens, I request to return to the top of the sky."

As soon as the words in his head fell, a thick blue light appeared instantly, quickly wrapping Chen Feng in it.

His figure faded quickly, disappearing into this hidden island covered by miasma.

There is no way, after all, only somewhere on the top of the sky can you directly use those ten magical powers to directly improve the magical power.

It was the same as when he returned from this Xuanhuang Middle Thousand World.

It didn't take long for Chen Feng's heart to once again sounded from the vast voice of the dominion of heaven.

"Check out this Xuanhuang Middle Thousand World, there is the legacy of the top power of the sky!"

"Suspected person of choice!"

"If you can bring it to the top of the sky, there will be great rewards!"

The loud voice from the top of the sky was as calm as ever, without joy or sorrow.

After speaking, he disappeared again and fell into silence.

Compared with the last time, Chen Feng is no stranger to today.

This is the third time he has heard this reminder from the Lord of Heaven.

Since the last time he returned to the top of the sky from this Xuanhuang Middle Thousand World, every time he returned, he would hear exactly the same reminders from the top of the sky.

This also made Chen Feng remember Zhong Li Yaoqin again.

However, there is no hurry now.

Opening his eyes again, Chen Feng has returned to the Beidou blessed land.

There is only one main purpose of this return, which is to enhance the Buddha's angry eyes and lion roar.

Therefore, as soon as he returned to Beidou Fudi, Chen Feng went directly to his residence and began to retreat, without seeing anyone.

As soon as he retreats, he took out a few magical powers that had just appeared in his samsara jade card.

A whole ten magical power source, lying completely in the palm.

Chen Feng did not hesitate, and directly imprinted on the Buddha's Angry Lion Roar Skill.

At the moment when these ten magical powers were imprinted on the Buddha's angry lion roar, Chen Feng once again felt an extremely comfortable experience.

No need to practice!

There is no process!

Don't have to wait long!

There is no need to bother to understand!

Eliminating all troubles, in the next instant, he could feel the origin of the ten magical powers, instantly absorbed by the Buddha's angry lion roar.

boom!

In Chen Feng's body, a strong, dazzling, scorching purple-white light burst out instantly!

The huge, lifelike purple-white terrifying lion head spontaneously appeared in front of Chen Feng.

With the integration of the ten magical powers, this huge purple and white lion head began to expand into a new part-the body!

On those four thick legs, under the knotted muscles, there is explosive power.

In the blink of an eye, a majestic, purple and white giant lion appeared in front of Chen Feng!

But everything is just the beginning.

The majestic aura around him kept pouring into Chen Feng's body, and something else appeared on the purple-white giant lion again.

From shallow to deep, from fuzzy to clear.

Then, the image of a Buddha appeared on the purple and white giant lion!

This Buddha's precious face is solemn and his eyes are angry.

At the moment when he met his eyes, Chen Feng could even feel the fear that came from the bottom of his heart.

This fear even made him afraid to move in an instant!

The angry Buddha rides easily on the purple-white giant lion, but the extremely proud giant lion behaves quite meekly.

It followed the Buddha's eyes and looked into the distance, and suddenly opened its blood basin.

Roar!

At this moment, Chen Feng seemed to be in the endless dark star field.

There was nothing around, only a man and a lion in front of him, coming towards him.

I saw the Buddha riding a purple and white giant lion, breaking through the void in an instant and appearing in front of him.

Then, in a trance, the Buddha stretched out a finger and nodded on his forehead.

Chen Feng, who was spotted, suddenly froze!

He seemed to feel the huge impact and prohibition, and the whole person was sealed up, and in this way, he maintained three breaths!

"This....."

As soon as Chen Feng just lifted the seal, he was still in a state of disbelief.

If you say, suddenly got a gift from the three masters of the sky.

He is still very happy!

So now, he is ecstatic!

"Come whatever you really want! Hahahaha..."

Chen Feng laughed wildly regardless of the image.

that is really good!

Not long ago, he just thought that he had to find a way to learn more control magical powers.

Unexpectedly, the third layer of the Buddha's Angry Lion Roar Technique had this function!

It was originally just a simple mental shock, which can cause temporary loss of consciousness and lose control of the body.

However, the third layer of the Buddha's angry lion roaring skill not only improves the ability, but also seals the opponent's three breathing time in the absolute realm.

More importantly, after this incident, he unearthed Jin Sanye's new ability.

"I don't know what surprises Xiaojin has next."

Chen Feng was ecstatic, and once again returned to the world of Xuanhuang Zhongqian.

Although, the current Buddha's angry eyes and lion roar is only the third stage of just mastering.

But now Chen Feng has returned to his heyday.

He jumped directly into the air, condensed his own blood and breath again, and quickly sneaked in the other direction.

Looking at the blue sky and unpredictable clouds in the distance, Chen Feng curled his lips and smiled.

It's time to continue killing!

There are nine golden feather crows left.

Chen Feng randomly found a direction and approached quietly.

However, this time, the situation seems to have changed a lot.

In the short time when Chen Feng escaped to the island, the number of true disciples left by the God of Beast Sect seemed to increase again!

Just as Chen Feng approached today's fifth target, he was wary of warning and kept an eye on it.

From the perspective of the Golden Feather Crow, I saw the sixth, seventh, and eighth people besides the fifth person!

The three extra disciples of the Beast God Sect were near the fifth goal.

It can be said that as soon as Chen Feng appears here, the three of them can arrive in no time!

Then he was outflanked and suppressed.

Obviously, this is a trap!

And the one who will arrange this trap is likely to be Xia Haochu.

[Chapter 5212: trap? so what!](#)

He already knew Chen Feng's plan to defeat them one by one, and began to counterattack-as long as each of the disciples who came with him to besiege Chen Feng were singled out, four enemies and one.

This hand abacus played very well.

Chen Feng went into hiding, showing no anxiety about the situation in front of him.

He calmly continued to observe in the hidden clouds.

At the same time, he also switched to the perspective of several other Golden Feather Crows to observe the situation of the remaining "single" disciples.

It didn't take long for Chen Feng to figure out the current situation.

Xia Haochu didn't know what method he used, perhaps it was rare disposable consumables such as space scrolls.

In a short time, many disciples were called again.

The disciples of Divine Beast Sect scattered in this void are mainly divided into three groups by far.

Although these three groups of people are far apart from each other, each group is like the fifth target, with four people.

These four people are not in the same place with each other, but they are not far away from each other, and they look like a circle.

As long as Chen Feng appears in front of anyone, the other three can arrive immediately!

In this way, no one will stand alone and support each other at any time.

And these three groups of people formed a circle far away.

Standing in the middle of this huge circle, there is another person, that is Xia Haochu.

From the perspective of Jinyu Crow, Chen Feng could clearly see that Xia Haochu's face now had a wild smile.

He was sure that Chen Feng would not stop there, he would definitely come to kill them.

He also made sure of his own plan, impeccable.

Three groups of people, three traps.

No matter which person Chen Feng wants to attack, the other three can arrive quickly.

Even if Chen Feng could not be killed directly.

But he believed that with the strength of the four true disciples of the Beast God Sect, he would be able to at least contain Chen Feng.

In this way, Xia Haochu can arrive calmly and give Chen Feng a fatal blow!

And if Chen Feng does not intend to step into those three traps, he chooses to directly deal with the only "order" Xia Haochu himself.

So, it really fits Xia Haochu's wishes!

"Very shrewd calculation."

Chen Feng secretly said in his heart.

However, he sneered again instead.

The third master Jin in his arms suddenly stuck out his chubby head again, thieflly inquiring around.

The nine golden feather crows all changed from the feathers on its body, and it can naturally see the current situation.

"The situation is not optimistic."

Even Jin Sanye said so.

Its fat head suddenly turned around, staring at Chen Feng with small eyes, lowered its voice and asked:

"Look at your smirk, is there a way?"

"You just smirked."

Chen Feng pressed its head, and then looked at the fifth target he had originally planned to take.

"What about a trap?"

The fifth person is located at the northernmost point in all directions.

He had a gloomy face, described as thin, with sunken eye sockets, and he always seemed to feel that his life was imminent.

But if you carefully observe his eyes, you can perceive this person's extraordinary strength.

In addition, the embroidered on his chest by a disciple of the True Legend of the Beast God Sect shows a mountain-breaking fire worm.

And this mountain-breaking fire worm is right next to him at this moment, maintaining a high degree of vigilance.

This kind of monster is not common at first, a bit like a giant spider, but it is described as haggard.

Like the fifth person, he always felt that there was only a hollow and fragile body.

But it is big enough and has quite a lot of touch.

It is basically impossible to kill one person and one beast instantly!

However, no matter what, these did not affect Chen Feng's sudden shot.

This time, he didn't even control the Demon Heart through the eyes of the Golden Feather Crow.

Go directly!

He came through the clouds and mist, like a meteor piercing the void, like lightning!

With a silver-white ray of broken knife in his hand, it rushed towards him.

At the same time, the Buddha's angry eyes, lion roar, the third level, suddenly developed!

Roar!

The purple-white light suddenly lit up.

Even though the yin and thin man had been prepared, his spirit had been maintained in an extremely cautious state.

Facing Chen Feng's sudden attack, he still fell behind.

Chen Feng's initial goal was him!

He completely ignored the huge mountain-breaking fire worm next to it!

And on this mountain-breaking fire worm, there is also a signal flare dedicated to the disciple of the Beast God Sect!

Just as the Buddha riding a giant lion suddenly appeared and pointed a finger toward the thin man's eyebrows, the mountain-breaking fire worm next to him also gave out a signal at the same time.

After that, the yin and thin man was completely sealed, making it difficult to move.

Time for three breaths!

Chen Feng didn't pay any attention to whether anyone else was slaying quickly, and he directly took the knife and dropped it!

Facing the thin and thin man who was being sealed and the mountain-breaking fire worm that killed him, he directly killed him!

The flare exploded in the air, showing a huge "beast" character.

The three people close by, and Xia Haochu in the distance, saw the signal almost at the same time, and immediately rushed in this direction.

Especially Xia Haochu in the distance, looking at the direction of the flare, gritted his teeth with a hideous face.

"This time, I must have killed you!"

When the blood was spilled in front of Chen Feng, the three people behind him flew up and quickly copied Chen Feng's three breads.

"I finally caught you, Chen Feng!"

The disciple of the Beast God Sect who stood in the middle looked at Chen Feng with quite triumphant expression.

Chen Feng turned around and looked at the three of them.

At this moment, the three people directly released their Royal Beasts.

From left to right, they are Wushuang White Goose Spider, Qingluan Snow Bear, Extreme Fire Copper Xiaozar.

Chen Feng glanced at the three people coldly, without words.

Seeing Chen Feng's appearance, the three true disciples of the Beast God Sect immediately laughed arrogantly.

"Chen Feng, Chen Feng, you are really good."

The owner of the Wushuang White Goose Spider has flowing white hair, and even his eyelashes are white.

His sullen eyes were filled with extreme complacency.

"As the prey of the Divine Beast Sect, if you can kill so many of our disciples, you are dead without regret."

The owner of Extremely Fire Bronze Xiaoyi took the conversation and continued: "It's a pity that there is courage and intrepidity. He even dared to kill."

"You should know that this is a trap, right?"

"Any one of the three of us will be alone, maybe you will succeed in killing, but now, I see how you kill!"

As they said, the three laughed again.

The owner of the Qingluan Snow Bear took a step forward and looked at the besieged Chen Feng contemptuously with a high posture.

"Listening to Xia Haochu, you might have some special control supernatural power?"

"Come on, show it. See if we can control all three of us."

Having said that, it was obvious from his reaction that he was sure that Chen Feng had no control over his supernatural powers.

Just when the fifth person was killed.

[Chapter 5213: Want to besie me? Stomped!](#)

The supernatural power of control has already been used and cannot be used again for a short time.

Looking at the arrogant three people in front of him, Chen Feng knew that he couldn't let them delay any longer.

He suddenly smiled and looked at the three disciples of the Beast God Sect who was the eighth floor Dacheng of the Star Soul Martial God Realm.

"Okay."

Before the words fell, the three seeds of the devil's heart in the space of the world's repeated reincarnation, the melons fell!

Heaven and earth reincarnate magically, suddenly gaining power!

In an instant, the space of repetitive reincarnation of heaven and earth was completely dark.

The endless black light gushing from the third huge vertical eye almost engulfed the entire world in darkness.

And Chen Feng, also at this moment, suddenly started.

The three demon hearts simultaneously planted the spiritual world of the three opposite people.

For the current Chen Feng, it is still a bit difficult to plant three demon hearts at the same time into the strong man in the eighth floor of the Star Soul Martial God Realm.

However, all he wants is the effect of mass spiritual bombardment.

And these three demon hearts successfully bought enough time for him!

Buddha's angry eyes and roaring power!

In the next instant, Chen Feng flashed a dazzling purple-white light.

The target is directed at the person on the far right.

The purple-white glaring Buddha rides on the giant lion and stretches out a finger toward the disciple of the Beast God Sect of Yuji Fire Bronze Xiaozar!

Precisely and inescapably, one point on his forehead.

The disciple of the Divine Beast Sect who was still struggling and confronting immediately lost all his resistance.

He was stiff and could not move.

Chen Feng won three breaths!

Almost at the same time, he directly withdrew the devil's heart of the person on the far left and turned to the middle person.

Two demon hearts invaded at the same time, no matter how tall and strong he was, it would be difficult to resist.

The devil's heart is directly and deeply rooted in the depths of his spiritual world.

Under the urge of Chen Feng, a towering plant instantly rose from the spiritual world of the brawny man.

The magic strain kept getting bigger and higher, and it didn't take long for it to directly reach the top of the brawny man's spiritual world.

"what--"

The burly man wailed in pain, hugged his head and fell to the ground, constantly rolling in the air.

Together with his Qingluan Snow Bear, he completely lost his control at this moment.

Following him, they rolled and struggled together, showing endless pain.

Just when the strong man was planted into the devil's heart.

The white-haired man on the left, Yu Wushuang White Goose Spider, just regained consciousness.

However, Chen Feng's silver-white sword intent had reached him.

"Roar!"

With a roar, Wushuang White Goose Spider stopped between Chen Feng and the white-haired man like lightning, and rushed towards Chen Feng frantically.

However, in front of the indomitable Qingqiu Sword Soul, there was nothing like an unparalleled White Goose Spider hanging on its teeth!

Following the silver-white ray of light, Tai Shang Zhu Shen Zhan slammed down.

At this moment, the white-haired man finally realized that Chen Feng's strength and means were far beyond their expectations.

"This is impossible!"

He yelled out loud.

The white-haired man was one of the first true disciples who followed Xia Haochu and left the Beast God Sect to hunt and kill Chen Feng.

At the beginning, the immortal boat of the Galaxy Sword Sect was smashed by him.

Because of this, he knew better than anyone else how powerful Chen Feng was at that time.

The white-haired man can say with certainty that even with the strength that Chen Feng demonstrated at the time, even without Xia Haochu's action, he could directly kill him.

However, just a few days.

At this moment, Chen Feng, who swung a broken knife at him, seemed to be reborn!

He has become stronger!

Moreover, it is not just stronger.

Any cultivator can see that his strength has improved a lot in these few days!

At this time, the white-haired man finally felt the threat of death.

"No...no! I can't die! You can't kill me!"

When the silver-white sword light attacked him, the white-haired man frantically moved the Wushuang White Goose Spider and stood in front of him.

However, Chen Feng's voice came into his ears again.

"It's useless."

The voice fell, and the silvery white sword light sank into the Wushuang White Goose Spider.

After penetration, it fell into the neck of the white-haired man again.

Chen Feng didn't check the result, and before the three breaths had passed, he directly killed the third person!

In the hand, the knife started again.

The third person in the seal could not move, but his eyes still clearly saw the whole process of Chen Feng's killing the white-haired man.

His eyes were splitting apart, and he was already shocked to death.

At this moment, the image of Chen Feng with the broken sword in his eyes is like the Shura of Nine Nethers.

Chen Feng, too strong!

But, at this moment, he doesn't even have a chance to beg for mercy.

The body was sealed and it was difficult to move. He could only watch the silver-white blade light flash by.

The original four-to-one invitation to enter the urn trap, Chen Feng was swaggered and resolute in a blink of an eye, and directly smashed the "big urn" out of it.

Chen Feng, with a solemn look, took a backhand!

Ended the second person who was dying in the air, crying for mercy.

After just three breaths, the original "trap" was in ruins.

The silence was restored around.

When the master died, the monster beasts also wailed and crashed to the ground.

Jin Sanye poked his head out of excitement, urging Chen Feng to quickly touch away the baby he could touch.

By the way, the bones of the three monster beasts were also sent along.

Just, the next moment.

"puff....."

Chen Feng knelt on one knee, his face instantly pale as paper.

"Chen Feng!"

Xiao Jin immediately changed his face and flew out of his arms.

Reaching out to wipe the blood from the corner of his mouth, Chen Feng waved his hand: "I'm fine."

It's just that so many supernatural powers have been output continuously, and he has just returned to heyday.

At this moment, the body is going to be hollowed out, which consumes a lot of money!

He beat his spirits, got up quickly, and took everything away.

"Well, let's hurry up."

Xiaojin flapped his wings and surrounded Chen Feng, reminding him.

Chen Feng nodded.

"However, before that, I have one more thing..."

When Xia Haochu hurried to the place where the signal was sent calmly, he suddenly stopped in shape.

All the arrogance and pride on his original face were frozen on his face.

Blood was in the air, staining some nearby clouds red.

There was no human figure here, only a line of blood-stained characters appeared in the air, quietly waiting to be seen by him.

"What about the trap? I crushed myself!"

In just eleven characters, dragons and phoenixes danced vigorously in the air.

Each stroke is like a knife and axe, containing infinite fighting spirit and confidence.

No need to ask what happened here, the ending is already clear.

Xia Hao was actually right.

According to his plan, if Chen Feng had not broken through the third layer of the Buddha's Angry Lion Roar Technique, there was indeed a great possibility that he would be restrained.

Wait until he appears.

[Chapter 5214: The fear of Xia Haochu!](#)

Then, he was completely threatened with death.

However, the only thing he didn't count was right.

That is, Chen Feng has so many control-type supernatural powers that he can kill all four true disciples of the God Beast Sect in a short time!

Xia Haochu clenched his fists tightly, almost crushed, his neck violently violently, and his temples jumped suddenly.

His eyes were bloodshot, and he stared fiercely at the eleven characters floating in front of him.

"Ah ah ah ah ah!"

"Chen Feng! Chen Feng!"

Layers of terrifying air waves centered on him, frantically making huge ripples outside.

Xia Haochu roared, roared, and kicked the provocative scarlet characters in front of him.

He once again took out the Wanli Tracking Heart Disk, introduced a breath of Chen Feng, and worked fully.

Red light suddenly began.

The pointer turned again.

However, this time, the pointer turned crazier.

It's as if the original stable breath suddenly moved.

Chen Feng is everywhere!

Xia Haochu suddenly woke up from the vent of anger.

A touch of horror suddenly appeared on the originally hideous face.

It was this kind of panic that made his face pale, thinking of something!

After that, he quickly turned around and used the signal flare led by the disciple of the True Legend of the Beast to remind all the disciples of the True Legend to come back quickly.

Chen Feng's methods shocked him.

If it is one-on-one, Xia Haochu is not afraid at all.

What I'm afraid of is-among the true disciples he brought out this time, there is a person who must never have an accident!

What made Xia Haochu even more frightened was that he vaguely remembered that that person seemed to be arranged in this direction by him.

Not too long.

The only eight people left appeared in front of Xia Haochu.

Xia Haochu looked at the faces of the eight people, and her heart trembled.

"Where is Shin Yuanhong?"

The eight people looked at each other, and they all had the same or different guesses in each other's eyes.

A disciple said, "He, no, won't he not come back?"

At this moment, all the nine people present fell into dead silence.

Shen Yuanhong did not appear here!

This means that he has died in Chen Feng's hands!

Shin Yuanhong...dead?

This idea also surfaced in the minds of everyone present.

"No, no..."

"Isn't he a bloodthirsty ape? How can Chen Feng be able to deal with it?"

Some disciples spoke in a low voice without confidence, but the atmosphere became more and more serious and solemn.

No matter how impossible it was, Shen Yuanhong did not come back.

This is the result.

He has only one possibility, and that is to be killed by Chen Feng.

Xia Haochu's face was already distorted with fear at this moment.

You know, Shen Yuanhong is the old son of Elder Shen Zong Shen.

Not very young, but good talent.

The bloodthirsty Nine Contesting Apes was tamed by Shen Yuanhong's own power, and he never asked Elder Shen to help.

You know, even though the bloodthirsty Nine Controversy Ape was in the battle with Chen Feng, he could see through his fatal flaw at a glance.

But if it can continue to be strong, it will breakthrough to the next level.

At that time, Shen Yuanhong, one person and one ape, can beat the niche forces!

Because of this, the entire Beast God Sect has high expectations for him because of his talent and the relationship between Elder Shen's son.

When he said that he would come to punish Chen Feng, Xia Haochu wanted to befriend him.

So, take the initiative to greet him and invite him to go with him.

But now, Shen Yuanhong is dead!

The surrounding void began to tremble.

The hearts of the other eight disciples at the scene were shaking slightly.

Elder Shen is an extremely powerful elder of the Beast God Sect.

Moreover, he is extremely cruel, extremely short-term protection!

And, will anger!

If Elder Shen knew that Shen Yuanhong was dead, they were still alive!

I am afraid that Elder Shen's anger will burn all of them in one go.

The disciples looked at Xia Haochu eagerly, feeling anxious and not knowing what to do.

But at this moment, Xia Haochu was more frightened than any of them.

I am afraid that Elder Shen already knows the news of Shen Yuanhong's death at this moment.

As soon as he stepped back to the gate of the Beast God Sect, he would usher in the open gate of hell.

"Do not!"

Xia Haochu roared again, his eyes were bloodshot and his whole body was flushed.

He doesn't want to die!

He doesn't want to die more than anyone!

There are eight true disciples of the Beast God Sect around, all silent.

Xia Haochu, who was screaming frantically at the possible consequences, was scared to death.

At the same time that everyone was frightened and afraid at the beginning of Xia Haochu.

Chen Feng returned to the island with excellent concealment.

The bodies of the three monster beasts were all brought back by him.

Jin Sanye flapped his wings, urging him to quickly absorb the essence and blood, and restore his almost overdrawn cultivation base.

The three monsters, the Wushuang White Goose Spider, the Qingluan Snow Bear, and the Extreme Flame Copper Xiaozar, are not as powerful and strange as the bloodthirsty Nine Contest Apes before.

Naturally, their blood, Chen Feng, did not even try, and directly absorbed their blood.

After Chen Feng had absorbed it, all the bones were left to Sanye Jin.

Xiaojin immersed himself in eating wildly, and it was like a windy, hearty meal.

"Ah-cool!"

When it swallowed the last piece of bone into its abdomen.

The body that was already plump now looks more rounded.

It's like a ball.

Jin Sanye sat down on Chen Feng's shoulders, his wings flapped against his protruding belly, and he hiccuped in satisfaction.

At the same time, its feathers became more shiny and shiny, and its eyes became more radiant.

Even the closed third eye looked gleaming.

Afterwards, Chen Feng heard the loud voice from the top of the sky again.

The Lord of Heaven gave Chen Feng another twenty magical powers as a gift from Jin Sanye.

Chen Feng couldn't help being shocked when he heard the quantity.

The source of supernatural powers is too rare!

At the very beginning, Chen Feng and the others spent a lot of time trying to get ten magical powers.

Many people have participated in many missions but failed to collect much.

But now because of Sanye Jin, the top of the sky has given it again and again!

And give it more than once!

Chen Feng turned his head and stared at the little golden fat bird who squinted his shoulders and burped, making Jin Sanye feel guilty inexplicably.

"Why are you looking at us like this?"

Looking at the shiny feathers on Jin Sanye's body, the fifteen golden pure golden feathers are extremely dazzling, and Chen Feng's heart is hard to calm down.

The origin of Jin Sanye is absolutely extraordinary!

But by looking at it like that, you know it, and if you ask its origin now, it will definitely not tell the truth.

Chen Feng retracted his gaze and no longer looked at it, but there was some speculation in his heart.

The island is empty, and only heavy miasma obscures the sight.

Chen Feng lowered his head and began to sort out the harvest after breaking the trap this time.

[Chapter 5215: reward!](#)

Sure enough, the harvest this time is much better than at the beginning, and it can even be said to be quite good.

The true disciples of the Beast God Sect are all profitable and cruel.

Except for the person who had just become a true disciple, the other people had abundant resources.

Don't talk about other minerals, pill, sacred grass, and strange treasures.

What surprised Chen Feng most was the bronze medal in space that he snatched from the owner of the bloodthirsty nine apes.

There is actually a fifth-grade treasure in it!

This is a wooden shield surrounded by woven dark purple withered wood.

It seemed that it would be broken with a single blow, but no matter how hard Chen Feng used, it couldn't hurt the slightest.

However, this wooden shield, which would not be damaged by any attack, was already covered with cracks.

It is a defensive consumable.

According to the number of cracks, it should have withstood two severe injuries.

Seeing this, it should be able to withstand another attack.

Chen Feng estimated that this half-human-sized wooden shield should be enough to withstand a fatal blow from the peak of the tenth building of the Star Soul Martial God Realm.

With such a five-tier defensive treasure in hand, it is no wonder that the demon heart attack released by the Golden Feather Crow before was completely blocked from the outside.

Chen Feng unceremoniously wiped out this fifth-grade wooden shield and used it for himself.

With this special wooden shield, it is equivalent to a great guarantee.

At least, when facing the masters of the tenth floor of the Star Soul Martial God Realm, he wouldn't be helpless.

Simply put the many treasures harvested later.

Through the remaining Golden Feather Crows lurking in the clouds, Chen Feng continued to peer into the true disciples of the Beast God Sect.

I don't know it, but I saw an unexpected gain.

"The owner of the bloodthirsty Nine Contest Apes, a red-haired guy who grows almost like a monkey, is actually the old son of the elder of the Beast God Sect."

Looking at Xia Haochu's madness from a distance, Chen Feng couldn't help but sneer at the corner of his mouth.

It seems that there is no need for him to cut the weeds and roots now, and some people will have their own lives.

Looking around with cold eyes at the few true disciples of the Beast God Sect.

Seeing all of them with fear and fear, Chen Feng turned and left.

People, he has killed enough.

Looking at the appearance of the people of the Divine Beast Sect, the focus now is not on him, so why should he go to die again.

Chen Feng switched perspectives and soon saw where the Golden Feather Crows brought by Jiang Yunxi and Que Yuanzhou brothers were now.

Turn around and leave quietly.

With these people left, he didn't plan to entangle anymore.

Just go directly to the Broken Jade Conference.

Without Xia Haochu and others noticing it.

The golden feather crows that were observing and watching them secretly in the near and far distances quietly disappeared into the hidden clouds.

However, because of this, Chen Feng missed Xia Haochu's next paragraph.

"Brother, what should we do now?"

One of the disciples looked at Xia Haochu, still undecided in shock, his expression still pale.

Xia Hao had enough venting and roaring enough, and finally calmed down again.

He turned around, raised his head, and looked at everyone.

"Chen Feng doesn't know any way to confuse our tracking, but no matter where he is now, he will definitely go to the Broken Jade Conference in the end."

Hearing what Xia Haochu said, some disciples laughed bitterly.

"However, the disciples we are going to attend the Broken Jade Conference have already been nearly killed by Chen Feng."

"Yes, there is only Ni Fengnan left now."

Everyone looked sideways, looking at Ni Fengnan standing in the crowd.

Xia Haochu led all his disciples out to hunt Chen Feng this time, not only with Shen Yuanhong, but also with all the disciples participating in the Broken Jade Conference.

His original plan was very good. Everyone went to the Jade Smashing Conference, so it was enough to kill Chen Feng on the way.

Who would have thought that the situation would become like this!

Xia Haochu had a sullen face, staring at Ni Fengnan in front of him, bitterly, "One is enough!"

He stepped forward, came down in front of Ni Fengnan in twos, and pressed his shoulder.

"Ni Fengnan, you are the most outstanding new disciple of our Beast God Sect in the past ten years."

"In this Broken Jade Conference, the Beast God Sect has high hopes for you."

Ni Fengnan Rong did not look like Shen Yuanhong, but with red lips and white teeth, and a handsome appearance.

He looked at Xia Haochu and knew what was behind his words.

If it were placed before the siege, Ni Fengnan would confidently pack up the votes to ensure that Chen Feng would be killed at the Jade Breaking Conference.

But now, he has fully seen Chen Feng's strength.

too frightening!

Ni Fengnan clearly knew that the special strength that the Beast God Sect had always been proud of was not worth mentioning in the face of the terrifying existence of Chen Feng.

The disciples of the Beast God Sect can surpass the same realm cultivator twice or even three times.

But Chen Feng's strength is probably five or even ten times that of a cultivator in the same realm!

The ghost knows how many hole cards he has and how many nirvana skills!

Xia Haochu could see his hesitation and lack of confidence in Ni Fengnan's eyes.

He slammed hard and patted his shoulder.

"Don't worry, before participating in the Broken Jade Conference this time, I will find a way to temporarily raise your strength to a terrifying level."

"And all you have to do is to kill Chen Feng!"

Xia Haochu's eyes were bloodshot, and hatred could almost be seen with naked eyes.

He spit wildly, very emotional.

"You have to kill Chen Feng, kill him in public! Can it be done!"

Looking at Xia Haochu's appearance, Ni Fengnan felt the terrifying coercion unconsciously released by the other party.

The only thing he can do is to nod his head sternly.

"I, Ni Fengnan, will never disappoint the God Beast Sect!"

After a full day of chasing, Chen Feng successfully caught up with Jiang Yunxi and his party.

When he jumped on the immortal boat, Jiang Yunxi wore a light yellow long skirt and almost rushed out of the cabin.

"Brother Chen!"

Perhaps her urgency and concern were too obvious, and the Que Yuanzhou brother who came out could not help but cough in a low voice, winking at Chen Feng.

Jiang Yunxi also heard the snicker behind her, a pretty blush covering her cheeks.

She lowered her eyes, her thick and curled eyelashes were like a brush, gently sweeping on Chen Feng's heart.

"Don't worry, I have nothing."

Chen Feng smiled and strode forward.

Then, the Que Yuanzhou brothers gathered around and began to inquire.

"How about it, the group of Beast God Sect, have you resolved it?"

Chen Feng nodded and briefly recounted some things that had happened in the past.

After listening to his understatement, the Que Yuanzhou brothers didn't know what to say for a long time, so they could only clasp his fists and clasp his hands.

"Junior Brother Chen... Oh, we don't even have the face to call you Junior Brother."

"Brother Chen Feng, you are really too strong!"

Que Yuanzhou and the others personally worked with those true disciples of the Beast God Sect,

[Chapter 5216: Arrivals!](#)

Naturally better than anyone knows how strong those people are.

And Chen Feng actually relied on the few measures given by Jin Sanye, not only to defeat one by one, but also to kill no less than seven true followers of the Beast God Sect.

Even the son of the elder of the Beast God Sect was killed!

After Chen Feng finished speaking, he smiled and looked forward.

"Where are we going now?"

The immortal boat has left the vast ocean and returned to the land.

Under the colorful clouds of the setting sun.

On the horizon in the distance, there are tall rolling mountains and some fairy mountains floating in the air.

Against the light, these fairy mountains were surrounded by clouds and mist, as if they were coated with a pure and flawless halo.

Holy, tranquil, and majestic.

Jiang Yunxi reached out and pointed in a direction.

"Ahead is the host venue for this broken jade conference."

"We are going to go to the hill next to us first, and take a break for the time being."

Chen Feng looked in the direction of her finger.

It was a hill next to the floating fairy mountain, and it didn't look conspicuous.

Even, it can be said to be a bit remote.

However, he didn't care about it, and nodded without speaking.

Xianzhou speeded up and quickly approached the destination.

Soon, those fairy mountains shrouded in halo appeared in front of them.

Only by looking closer can you truly feel the true charm of these fairy mountains.

This floating fairy mountain is too big!

The steep, dangerous peaks and rugged rocks are supposed to be a primitive mountain forest with no one to rest. You can see Yushu Qionglou, pavilions and pavilions everywhere.

Not to mention those flat areas, there are still many markets and houses.

Everywhere, there are people shuttled back and forth on the fairy mountain, it's so lively!

The bustling, endless stream makes this floating fairy mountain look like a floating continent.

And as the host venue of this broken jade conference, such a place really deserves it.

Xianzhou quickly stopped on the hill next to it.

Jiang Yunxi took back the immortal boat, and the four set off on the path to the rest house.

Que Yuanzhou looked around, looked at the distance, and couldn't help feeling:

"In this broken jade conference, I hope the Galaxy Sword Sect will have a good result."

Que Yuanyi patted his brother on the shoulder, hooked his neck, and slammed at Chen Feng next to him.

"Brother, Brother Chen Feng is here, what are you worried about."

"I believe that this time the Galaxy Sword Sect will be able to sweep the tide and turn the tide."

Chen Feng looked at the two of them, then at Jiang Yunxi, waiting for an explanation.

Jiang Yunxi understood his eyes and nodded.

"On the way here, I have told the two seniors about the true situation of the Jade Smashing Conference."

Within the Galaxy Sword Sect, they simply adopted a negative and concealed posture about the Jade Breaking Conference.

Chen Feng actually does not agree with this approach.

In his opinion, without telling the real situation, he chose a few disciples to compete.

This is no different than treating them as pawns that can be given up at any time.

This is true for Jiang Yunxi, even more so for him.

However, Chen Feng also knew that the original intention of the Galaxy Sword Sect was not.

Presumably, the disciples who participated in the Jade Smashing Conference this time had already been revealed the true situation of the Jade Smashing Conference.

Now that the real situation of the Broken Jade Conference was mentioned, everyone's heart sank again.

Jiang Yunxi said as he walked: "Eastern Wild, there are nine great forces, and our Galaxy Sword Sect can only be in the middle."

"Moreover, for some reason, it was also excluded."

She looked at Chen Feng and said very seriously:

"This time, I even heard that there are people from other sects who will unite to strangle all the fresh blood of our Galaxy Sword Sect."

Hearing this news, the Que Yuanzhou brothers seemed a little outraged.

"I really don't understand why they are targeting us so much."

Chen Feng was quite calm: "Because the Galaxy Sword Sect had not been with them before, and they were in the same way."

Que Yuanyi was a little hard to accept: "Because of this?"

"Because of this."

Chen Feng nodded and sighed lightly: "Most mediocre people in this world have a mentality, and don't look at others upright."

"Especially those who are stained, they have a guilty conscience and want to pull others into the water."

"The whole world is turbid, and there is no guilt."

Jiang Yunxi nodded softly at what he said, "Yes."

"Because of this, the existence of our Galaxy Sword Sect is like slapping them in the face at all times."

"As long as they think of us, they can't deceive themselves."

"We are their shame, their scars, let them see their ugly side."

"And vulgar people have always been ashamed to look directly at these."

Upon hearing these words, the Que Yuanzhou brothers sighed.

Jiang Yunxi continued.

"I find out that they have sent the most outstanding genius in their respective sects this time, a total of six people."

"Currently being touted as the six princes."

Chen Feng couldn't help but laughed: "Oh, there is a title."

Que Yuanzhou asked Jiang Yunxi: "What are the specific strengths of these six people?"

"The strength is very strong."

"Some are true disciples, and some are said to have reached the peak of the tenth floor of the Star Soul Martial God Realm."

The news shocked the Que Yuanzhou brothers again.

This is only the disciple of every sect who has been in the sect for decades, and actually already has such a powerful strength.

I remembered how they met Chen Feng when they first left the customs.

The brothers looked at each other, their faces were a little hot.

"Ahem." Que Yuanzhou forced a dry cough twice.

Looking at Chen Feng with concern, he patted his arm: "Brother Chen Feng, it seems that this time the Galaxy Sword Sect is dependent on you."

Chen Feng smiled and continued to look at Jiang Yunxi.

"I have a question."

"So many young talents of sects have come to participate in the Broken Jade Conference, shouldn't they just show off the fresh blood of their sects?"

When Jiang Yunxi heard Chen Feng's words, he nodded again.

"indeed."

She slowed down and looked at the three people beside her: "It is reported that the prize for winning the first prize in the Broken Jade Conference is very special, and perhaps it is some kind of treasure.

Hearing this, Chen Feng suddenly remembered that the old monster suddenly appeared before, slapped his arm with a wild smile and told him that this time the Jade Smashing Conference must take first place.

He just thought of this, Jiang Yunxi also turned his face to look at him: "I remember that Elder Wu went to see you before and told you that he would be the first."

Upon hearing this, the brothers Que Yuanzhou widened their eyes at the same time and looked at Chen Feng together.

"Are you really here to win the first prize?"

Looking at them, Chen Feng couldn't laugh or cry.

"Jiang Yunxi, where did you get so much news? Know everything."

He nodded: "The old monster did let me take the first place, and I promised him."

[Chapter 5217: Cousin, why did you find such a trash?](#)

After being surprised, the Que Yuanzhou brothers thought about it again.

"With the strength of the Chen Feng brothers, it doesn't seem impossible."

"I think it is indeed very possible."

"Ok."

...

In this way, the four of them walked and talked, and soon came to a huge square on the hill.

"The front is the place dedicated to welcoming guests in the Great Desert Lord's Mansion."

Jiang Yunxi introduced.

"Great Desert Lord's Mansion?"

This time, the Que Yuanzhou brothers also knew and helped Chen Feng to introduce: "The host of this broken jade conference is the Great Eastern Wilderness Mansion."

"This great wilderness lord is the supreme lord of the entire Eastern Desolation."

Hearing this news, Chen Feng was a little interested.

It was the first time he had heard of the supreme ruler of the entire Eastern Desolation.

"Is this recognized? The Great Desert Lord's Mansion is also here?"

Jiang Yunxi shook his head: "About the Great Desolate Lord and Great Desolate Lord's Mansion, all I know is nothing but scales."

"It's just that this great wilderness owner seems to be the strongest in the Eastern Desolation, and some people say that he is the true master of the Eastern Desolation."

"But he seems to rarely appear. Even people from the Great Desert Lord Mansion rarely appear in front of everyone."

She pointed her finger at the square ahead.

"Only in some important occasions like the Broken Jade Conference, their names will be mentioned."

Chen Feng looked forward. There were a lot of people on the square.

The young disciples of various sects were all gathered in groups.

Or chat and laugh, or sparks everywhere.

Just as Chen Feng and the four were about to walk over, they suddenly heard the voice of a middle-aged man from the front right.

"Cousin, here you are."

At the same time that this voice sounded, Chen Feng noticed that Jiang Yunxi, who was standing next to him, suddenly suppressed a smile.

Even, took three points of sullenness.

Everyone looked at the sound source.

A middle-aged man of medium build walked slowly towards them.

The man was wearing a dark red long-sleeved robe with intricate patterns on it.

It looks like it should be a sign of a fairy gate.

This person came with his hand with his hand indifferent, only Jiang Yunxi in his eyes.

He completely regarded Chen Feng next to him and the Que Yuanzhou brothers in front of them as air.

At a glance, Chen Feng knew that this person was extremely arrogant and a ruthless person.

Jiang Yunxi's gaze towards the people who came up was not light nor light: "It turned out to be Mu Feng's cousin from Cangyu Immortal Clan."

Cangyu fairy gate!

Chen Feng was somewhat impressed when he heard the name of this sect.

This Cangyu fairy gate has extremely high requirements for beginner disciples, and those who are not talented and proud will not accept it.

And the Gao Mufeng in front of him did have some strength.

Gao Mufeng stood on the higher steps, looking down at the four Jiang Yunxi in front of him.

A strange smile appeared on his face.

"Cousin, you didn't want to marry me when you died, but now you are flirting with such a trash around."

"I'm very disappointed with you."

waste?

Chen Feng didn't react for a while.

It's been a long time since this title has been detained on his head. It has been a long time since it has been a long time ago, but it has some merit.

As for the Gao Mufeng in front of him calling him so, Chen Feng didn't feel irritated.

On the contrary, Jiang Yunxi's face straightened up immediately, her eyebrows frowned, and she scolded in a deep voice:

"Put your mouth clean!"

When the Que Yuanzhou brothers stood between Gao Mufeng and Jiang Yunxi, their expressions changed slightly.

The two of them turned their heads to look at Chen Feng next to Jiang Yunxi.

Chen Feng's eyes indicated that it's okay, and then looked at Jiang Yunxi: "You take the liberty to interrupt, who is this?"

Jiang Yunxi resisted his anger and quickly communicated with him.

"Ashamed to say, this person is named Gao Mufeng, my cousin."

"He is extremely talented, he entered Cangyu Immortal Cultivation ten years ago."

"At the time, my family wanted him to marry me, but... I didn't like him and refused in every way."

Chen Feng probably understands.

Jiang Yunxi's bloodline is amazing and he has an extraordinary talent.

This made the Jiang family, who was not a famous family, regarded her as a treasure.

But he didn't treat her as an ordinary daughter anymore.

She was used as a bargaining chip for the marriage in an attempt to climb the Gao family.

Looking at the jealousy in Gao Mufeng's eyes, it should have been the Gao family who took the initiative to propose this wish.

Who would have expected that Jiang Yunxi could not follow him!

This not only compromised the face of Jiang and Gao's family, but also made Gao Mufeng lose face.

Also, Jiang Yunxi is indeed a woman who is shocked by blood, talent, strength and appearance.

There are countless disciples who fall in love with the Galaxy Sword Sect alone.

Chen Feng reached out and took Jiang Yunxi's hand.

Even Jiang Yunxi himself was at a loss for this sudden move.

After he recovered, he couldn't help but withdraw his jade hand shyly.

"Master Chen, don't make trouble."

This scene is dazzling in Gao Mufeng's eyes!

What annoyed him most was not the moment Chen Feng held hands, but Jiang Yunxi's reaction.

The smiley eyes and the whispering gesture was exactly what he couldn't dream of in the first place!

The anger surged and grew stronger in my heart.

Gao Mufeng finally gave Chen Feng a look, which was full of contempt and contempt.

"Cousin, do you know what you are doing!"

"With a trash greasy, you shamelessly, the Jiang family still has shame!"

That aloft, arrogant attitude.

If you ignore the jealousy and anger in his eyes, others will really believe his true meaning.

As he stopped here, someone soon noticed Gao Mufeng and walked over with a smile.

"Master Gao! I didn't expect you to come to participate in this broken jade conference."

Several disciples of other sects quickly gathered around, clasping their fists and arching their hands, full of compliments.

"As soon as Mr. Gao came, the crown of the Jade Smashing Conference seemed to have no suspense."

"I heard that Young Master Gao was not only a true disciple of Cangyu Immortal Clan at his young age."

"Even earlier, step into the ninth floor of the Star Soul Martial God Realm! The talent is amazing and terrifying!"

The Broken Jade Conference, as everyone knows, all the disciples of all sects who came to participate in the competition were within 30 years of introductory.

There are also many sects like the Galaxy Sword Sect, which only sent out disciples within ten years of their introduction.

If it is said, the purpose of the Galaxy Sword Sect is to find an excuse after failure.

Then, Cangyu Immortal Gate is really confident.

And Cangyu Immortal Clan's greatest confidence at the moment is Gao Mufeng who appears in front of Chen Feng's four!

Just ten years after entering, he can break through to the ninth floor of the Star Soul Martial God Realm and become a true disciple of the Cangyu Immortal Sect in one fell swoop.

This kind of strength, looking at the entire Broken Jade Conference, is also rare, one in a million!

Looking at the flattering and compliments around him, Gao Mufeng became more and more proud.

He slanted his eyes again with a trace of laziness, looking down at Jiang Yunxi and waiting.

"Cousin, you and my family are already close, and you know what I want."

"In this Broken Jade Conference, except for the first laurel, my goal is you."

[Chapter 5218: I don't know good or bad!](#)

Seeing Gao Mufeng's words to Jiang Yunxi, the disciples of other sects around him also looked over.

I don't know, but when I saw it, many people immediately took a breath.

There is such a stunning beauty in the world!

For a moment, among the flattering crowd, there were many eyes with a trace of malicious intent.

But it didn't take long for those eyes to stay on Jiang Yunxi.

A low muffled grunt made them suddenly sober.

This stunning person in front of him is the person Gao Mufeng is after!

At this moment, all the disciples of the school who were present to compliment Gao Mufeng were afraid for a while.

How dare you to covet the woman Gao Mufeng is fond of?

Everyone immediately dropped their heads, facing their feet.

Don't dare to take another look, for fear that it will anger Gao Mufeng.

However, things did not seem to develop as they thought.

Just when everyone thought Jiang Yunxi would answer with a smile.

Jiang Yunxi's voice was uncharacteristic, cold and indifferent, yet resolute.

"Cousin, life depends on strength."

"Just relying on your big words, I'm afraid that some people will laugh out loud."

Jiang Yunxi looked calm, looking at Gao Mufeng standing in front of her.

No one expected that Jiang Yunxi's rejection came so quickly and decisively.

So many people still have a smile at the corners of their mouths, and both have happened.

At this time, there was a thud in the hearts of everyone present.

Rejecting in front of everyone is tantamount to slap Gao Mufeng's face with a slap.

No matter how beautiful the woman in front of me is, I'm afraid it will end well!

Sure enough, Gao Mufeng sank his face instantly, his face tense, his face extremely ugly.

"I don't know good or bad!"

For a moment, many people present even felt the killing intent almost bursting!

That kind of killing intent clung to everyone's scalp and passed quickly.

"Brother Gao."

With the shouts of fellow disciples in the distance, the personal killing intent gradually faded.

Many people followed suit and gasped.

It's like going through the rest of your life after a catastrophe.

However, Gao Mufeng didn't really act on Jiang Yunxi in the end.

He is the leading disciple of Cangyu Immortal Clan this time, and he can't attack others at this time.

There was silence for a long time before Gao Mufeng let go of his clenched fists.

He looked at the other participating disciples from Cangyu Immortal Clan who followed behind him, and flicked his sleeves fiercely.

He forcibly moved his gaze from Jiang Yunxi to Chen Feng next to him.

"For your face, I will take care of you in the next test."

Almost gnashing his teeth, but with arrogance and malicious provocation visible to the naked eye.

No matter who saw this scene, he would never think that Gao Mufeng would really "take care" of Chen Feng.

I'm afraid, this "care" doesn't mean anything.

Many disciples of other sects in the distance saw this scene, and they had a result for Chen Feng.

No one would think that an ordinary disciple with the cultivation base of the sixth floor of the Star Soul Martial God Realm in Chen Feng's district could fight against Gao Mufeng's kind of heavenly pride.

"Which school does this kid belong to?"

"Gao Mufeng is after the famous Jiang Yunxi."

"As far as I know, Jiang Yunxi entered the Galaxy Sword Sect a while ago."

"So this kid is also from the Galaxy Sword School?"

"Tsk tusk, then this time the Galaxy Sword Sect is really a pity."

...

Listening to many people in the distance talking in low voices, no one was optimistic about him.

These voices fell into Gao Mufeng's ears word by word, and also into Chen Feng's ears.

Looking at Gao Mufeng who was so high above him and laughed arrogantly, Chen Feng didn't react from anger into anger.

He looked calmer than ever, taking a step forward without lag.

Then, meeting Gao Mufeng's condescending gaze, he said every word:

"For Jiang Yunxi's face, I will take care of you in the next competition."

What Gao Mufeng said, he still said back!

No one thought that at this time, Chen Feng was still brave enough to fight for this breath!

Among the voices of "he is crazy" and "seeking his own way" one after another.

Gao Mufeng looked at him with a sneer, and said nothing.

Gao Mufeng didn't look at Chen Feng again, and led all the participating disciples from the Cangyu Immortal Gate, leaving proudly.

Leave a place frozen.

Many onlookers watched the disciples of Cangyu Immortal Clan leave.

Before he could react, another laughter, like a silver bell, quickly approached from another direction.

"Who is it? It turned out that it was Jiang Yunxi and sister Jiang who came."

He heard his voice before seeing him.

Everyone followed the prestige, but they saw a bright red color printed in their eyes.

Obviously, he is another "old man" who knows Jiang Yunxi well.

Chen Feng also ignored Gao Mufeng and others, and looked sideways at the woman in the red dress who replaced Gao Mufeng on the front steps.

If Jiang Yunxi is a fairy who can't eat fireworks.

Then, the one in front of him is the beautiful bones of Jiangshan tumbling in this red dust, with affectionate expressions.

Her exquisite figure is looming under the bright red dress, with a unique and thrilling coquettish beauty.

The visitor smiled and blinked at Chen Feng deliberately.

Zhu's lips opened slightly, posing a posture that made people lose control.

If you can ignore the obvious joking gaze in her eyes, there is nothing wrong with it.

Chen Feng calmly retracted his spiritual consciousness.

Jiang Yunxi's face next to her is also not very good.

"Jiang Bihan, long time no see."

When hearing this woman's last name, Chen Feng already had some guesses in his mind about the uninvited guest in front of him.

He guessed right.

Both Jiang Bihan and Jiang Yunxi were born in the Jiang family.

Since Jiang Yunxi was born, Jiang Bihan has been crushed by her in all aspects.

The light and love that originally belonged to her were all taken away by Jiang Yunxi overnight!

This makes her crazy!

Jiang Yunxi looked at Jiang Bihan in front of him and asked, "I haven't heard of which school you joined."

"I don't know, what kind of disciple are you now?"

Seeing Jiang Yunxi's eternal noble, sacred, and pure posture, Jiang Bihan felt uncomfortable.

She was smiling on the surface, her smile trembled and charmed all beings.

In fact, deep in my eyes is the chill of death, and hatred!

Chen Feng noticed that the level of cultivation of the coquettish woman who frequently disturbed all beings in front of him was not low.

The eighth floor of the Star Soul Martial God Realm Dacheng has a faint trend of breakthrough.

Just from the cultivation realm, she is even more pressing than Jiang Yunxi!

Jiang Yunxi's current cultivation realm is only the seventh floor of the Star Soul Martial God Realm.

Seeing the undercurrent between Jiang Yunxi and Jiang Bihan, Chen Feng also checked the square by the way.

Sure enough, most of the young people who are qualified to enter the nine major forces have some exchanges with each other.

[Chapter 5219: provocative! Jiang Bihan's patron!](#)

On the huge square, you can see some young disciples full of spirits everywhere.

Communicate with each other politely and maintain at least a superficial relationship.

Don't think this kind of communication is hypocritical, but often in this kind of communication, some points of view will be agreed, and some disciples can exchange resources.

Jiang Bihan smiled, but the smile was very cold.

"Jiang Yunxi, my good sister, why are you the seventh floor of the Star Soul Martial God Realm?"

"All the time, haven't you been in every aspect, so that I can't breathe?"

"Why, I haven't seen it for a while, but I was left behind my ass."

Jiang Bihan speaks yin and yang strangely, with a gun and a stick, which is extremely unsound.

However, Chen Feng can see it, and I believe Jiang Yunxi has seen it too.

At this moment, Jiang Bihan took the initiative to show up, just to show off in front of her.

Jiang Yunxi frowned slightly, her eyes changed slightly when she stared at Jiang Bihan.

"You have become someone else's furnace?"

As soon as this remark came out, the disciples from all walks of life who hadn't traveled far turned their eyes.

They looked at Jiang Bihan carefully, and they found the clue.

"This person is actually born to be charming, and he is an excellent furnace!"

"However, what big person can actually treat a powerful person in the eighth floor of the Star Soul Martial God Realm as a cauldron!"

"Should it be..."

Among the people's discussion, Jiang Bihan lifted his chin triumphantly, revealing his true face.

"Yes, I volunteered to make a furnace for my adults."

"My lord, but it has promised me a lot of benefits."

Jiang Bihan laughed again, trembling with laughter.

She winks like silk, but suddenly stares at Chen Feng beside Jiang Yunxi like a sharp blade.

The censorship, contempt, ridicule, and contempt in his eyes are beyond words.

"Tsk tut."

She walked forward with jade feet, lightly stepped on the ground, and walked towards Chen Feng.

He looked unscrupulously, as if he was picking prey.

The look in the eyes is disgusting.

In the end, Jiang Bihan turned his gaze back to Jiang Yunxi.

"My good sister, don't tell me, you are desperate not to marry Gao Mufeng's cousin, just for such a... trash!"

Hearing this title again, Chen Feng was even a little bored.

These people can't change the tricks.

Just like their strength, they are only worthy of being in the light and acting as a shadow forever.

"Jiang Yunxi, Jiang Yunxi, tell me, what do you think of this rubbish?"

Jiang Bihan was addicted to a mouthful of waste.

Surrounded around, looking at Chen Feng.

"Don't be unreasonable to Master Chen!"

Jiang Yunxi's face suddenly showed a touch of anger.

This is exactly what Jiang Bihan expects to see.

She burst out laughing: "Jiang Yunxi, you really didn't disappoint me!"

"Unexpectedly, I have fallen to this point. I have taken every effort to protect such a waste!"

Jiang Bihan pointed at Chen Feng with meaningful eyes.

"Why, is this trash, in some respects, actually good?"

There was a bit of joking and evil in his eyes.

Chen Feng and others naturally knew what she was talking about.

"You presumptuous!"

The women's fame is very important, Jiang Yunxi's face is flushed, and a flash of anger flashes in his eyes.

However, why would Jiang Bihan care about her threats?

She deliberately got close to Jiang Yunxi and said maliciously:

"Forget the trash, my adults will love you."

When Jiang Bihan mentioned her patron, the whole person became even more presumptuous and arrogant.

"He's right there, here."

As he spoke, he stretched out his lotus arm and pointed to a certain position on the square.

Everyone present followed her fingers and looked over.

A thin-faced man wearing a dark blue robe with wide sleeves was looking over here.

"It's actually him!"

"Yuan Shuizhuo!"

"Who is Yuan Shuizhuo?"

"You don't know this? Yuan Changfeng, one of the six princes, is his elder brother!"

"It's actually the younger brother of one of the six princes!"

"Even if it's just a younger brother, this cultivation level is extremely terrifying!"

When someone introduced this, Chen Feng's heart moved slightly.

He looked at Yuan Shuizhuo carefully.

I don't know if it is an illusion, I always feel that this Yuan Shuizhuo looks well-dressed, but his eyes are extremely wretched.

Especially when he looked over, whether it was Jiang Bihan or Jiang Yunxi.

They are all the kind of naked eyes that are extremely uncomfortable.

Onlookers nearby were still discussing.

"Which master can I use such a masterpiece as a furnace."

"It turned out to be Yuan Shuizhuo, so it makes sense."

"Yes."

Jiang Bihan naturally saw the look in Yuan Shuizhuo's eyes, and cast a very charming eye back.

Then, he turned to look at Jiang Yunxi: "How about it, are you scared?"

She swayed her body with a smug smile at the corner of her mouth, and her heart was even more cheerful.

There is a refreshment of revenge!

Jiang Yunxi!

The woman she hates most in her life is not one of them!

If it weren't for her to show off her talent, her strength is getting stronger and stronger, her status is getting higher and higher,

How can the whole Jiang family keep saying nothing to Jiang Yunxi every time they face her!

While Jiang Bihan was jealous, he hated her slowly.

In order to surpass Jiang Yunxi, in order to crush her under her feet, Jiang Bihan took the initiative to throw herself into the arms of a lecher like Yuan Shuizhuo.

She took the initiative to become a Dinglu, just because she took a fancy to the heritage of the Yuan family!

Sure enough, Yuan Shuizhuo gave her a lot, allowing her to surpass Jiang Yunxi in one fell swoop!

It's just that this invigoration didn't last long.

Jiang Bihan laughed and noticed that Jiang Yunxi was still expressionless.

No joy and no sadness, just like in the past, she didn't take her seriously!

"Jiang Bihan."

A low man's voice suddenly pulled Jiang Bihan's thoughts back.

At some point, Yuan Shuizhuo had already arrived in front of everyone.

His eyes stared straight at Jiang Yunxi next to him.

"Jiang Bihan, don't you give me an introduction? This is..."

Seeing Yuan Shuizhuo's eyes, Jiang Bihan couldn't help cursing in his heart.

Then, she stared at Jiang Yunxi viciously.

The bitterness and resentment on his face were fleeting, and then changed into an arrogant and proud look.

"Young Master Yuan, you are here, I was talking about you to my sister."

Jiang Bihan shook his body, and his voice became unspeakably sweet.

Yuan Shuizhuo's gaze returned to her, with no concealed evil thoughts in his eyes.

"Oh? What are you talking about me?"

He stepped forward, reached out and hugged Jiang Bihan in his arms.

Seeing his short stature and thin body, it is almost not difficult to guess Ye Ye Shengge, most of which is almost hollowed out.

But Jiang Bihan not only didn't feel disgusted, but cooperated more softly.

Almost half hung on the man, exhaling blue.

[Chapter 5220: You make a price, I bought this girl!](#)

"We are saying that although Jiang Yunxi and I came from the same family, they are really different lives."

"Although my younger sister has better talents than me, it is really embarrassing in terms of marriage!"

As he said, Jiang Bihan stretched out his slender hand, twirled his fingers around Yuan Shuizhuo's chest, and said with a low smile:

"Bihan is fortunate to be able to meet a distinguished and powerful son like Young Master Yuan."

"Look at the man next to my sister again, tusk... it's unsightly."

She spoke at the corner of her mouth, putting on a smug smile.

The look in Jiang Yunxi's eyes seemed to have won.

When talking about Chen Feng, Jiang Yunxi's face was even more ugly, and Jiang Bihan just wanted to see her with such an expression.

and.....

She suddenly turned around, all the vicious expressions on her face disappeared without a trace, replaced by the ultimate flattery.

"Young Master Yuan, you have a noble background, and your strength is even stronger. You have reached the ninth floor of the Star Soul Martial God Realm."

"I have a deep relationship with my sisters and sisters, and I really can't bear to give her to that kind of stuff."

As he said, he even lowered his eyes and shed a few tears.

Even if it was Chen Feng, he almost felt nauseous when he looked around.

However, it is more vigilant and contemptuous.

This Yuan Shuizhuo and Jiang Bihan are really a natural pair!

Yuan Shuizhuo stared at Jiang Yunxi as soon as he came up, his eyes full of greed.

Like a poisonous snake, I can't wait to disassemble Jiang Yunxi into his abdomen on the spot.

And this Jiang Bihan should have been with him for a long time, naturally he knew that this person was lustful by nature.

No matter how unhappy she is, she can quickly adjust her state and make the best choice for her.

At the same time, Jiang Yunxi can still feel sick.

Yuan Shuizhuo saw Meigu in his arms weeping, and naturally stretched out his hand to cherish.

Then, he walked towards Jiang Yunxi, his face even more greedy.

When he came to Jiang Yunxi, he suddenly stopped.

The expression on his face also followed, and then exclaimed.

"You blood!"

Yuan Shuizhuo stepped forward abruptly, his eyes burst into light instantly.

"Your blood is very useful to me."

"If I can refine you, I will..."

Thinking of this, he couldn't help laughing with joy.

When Yuan Shuizhuo mentioned blood, Chen Feng's heart was alarming!

Immediately stepped forward and protected Jiang Yunxi behind him.

What Yuan Shuizhuo said was to refine Jiang Yunxi into his cauldron!

Chen Feng sneered in his heart, despising Yuan Shuizhuo and Jiang Bihan behind him even more.

A bunch of raccoon dogs are embarrassed, nothing more than that!

When Jiang Bihan saw Yuan Shuizhuo's reaction, his heart was more full of jealousy and resentment.

In her opinion, it was Jiang Yunxi's fault!

From small to large, she has been trampled underfoot.

Finally thought that she could turn over, but Yuan Shuizhuo, whom she was attached to, was fascinated by that Hu Meizi again!

However, Jiang Bihan did not dare to reveal anything to Yuan Shuizhuo.

She is now Yuan Shuizhuo's cauldron and can only survive by relying on him.

Taking 10,000 steps back, even if it wasn't Yuan Shuizhuo's cauldron, Jiang Bihan still didn't dare to make any expressions to him.

Yuan Shuizhuo is the younger brother of Yuan Changfeng, one of the six most recognized sons of the Jade Smashing Conference!

Whether it is Yuan Changfeng or Yuan Shuizhuo, they are all existences that everyone present can't afford to provoke!

Suddenly, an idea flashed in Jiang Bihan's mind, and his eyes lit up.

"Young Master Yuan, you may not have heard of it, my sister, but a talented woman who is in the limelight."

"She is not only unique in blood, but also attractive, she is the baby that Jiang family holds in the palm of her hand."

"I heard that there are countless sons who want to pursue her."

"And she herself refused the marriage of Gao Mufeng and Gao's family even more."

Hearing Jiang Bihan's words, Yuan Shuizhuo looked at Jiang Yunxi's eyes with a bit of meaning.

It seems that this feminine-hearted woman understands Yuan Shuizhuo's mind well and knows how to provoke the greatest desire in his heart.

He won the women that others couldn't get. This sense of accomplishment is the instinct of any man.

"Is it."

Sure enough, Yuan Shuizhuo's eyes had a hint of licentiousness:

"In other words, Miss Yun Xi has not been married yet?"

Jiang Bihan smiled and said, "That's natural."

"But, Young Master Yuan, you have seen it too, she already has a lover by her side."

Jiang Yunxi's face was frosty, her jade hands suddenly clenched.

"Jiang Bihan, since you and I both came from the Jiang family, I will warn you one last time!"

"Don't be so rude to Master Chen Feng, otherwise, don't blame me for being rude to you!"

Seeing such a big reaction from Jiang Yunxi, Yuan Shuizhuo's eyes immediately darkened.

On the contrary, it was Jiang Bihan, not only fearless, but also sneered.

"I'm so scared, my good sister, do you think it was before? I still can suppress it if you want to suppress it!"

She was full of disdain: "You actually protect your lover well enough."

"Is it called Chen Feng? Is he that powerful? I'm rude to him. What can you do with me?"

Jiang Bihan put one hand on Yuan Shuizhuo's body, and looked down at both of them contemptuously.

"You, a Star Soul Martial God Realm sixth floor, a Star Soul Martial God Realm seventh floor."

"His strength is not even as good as you! It's almost laughable."

"In normal times, maybe you can still show off in front of some weak people."

"But now, you had better think about where you stand now."

She pointed to the square behind her, and pointed to the huge floating fairy mountain in the distance.

"This is the venue for the Broken Jade Conference!"

"At this Broken Jade Conference, all the young and powerful people from the nine major forces of the Eastern Wilderness gathered together. What's the matter with you?"

"What's more, what is standing in front of you now is Young Master Yuan who you can't afford to provoke!"

"I advise you to be more acquainted, kick this soft meal quickly, and follow Young Master Yuan, you might be able to take off in the future."

Seeing Jiang Bihan's unbridled ridicule and banter, a strong murderous intent gradually rose in Chen Feng's eyes and heart.

He doesn't hurt or itch at all to say that he is trash.

However, Chen Feng could not bear to use him in front of him to humiliate Jiang Yunxi's innocence and reputation!

Many people around had already seen the situation here and gathered to watch.

Behind Yuan Shuizhuo, a few disciples followed closely, watching the play with his arms folded over his chest.

At this moment, Yuan Shuizhuo suddenly laughed.

He put his hand on Jiang Bihan's and stroked it pretendingly.

"It doesn't have to be so straightforward."

Yuan Shuizhuo looked at Chen Feng with a false smile on his face.

"Your name is Chen Feng, right? Gentlemen don't take advantage of others. Since you have taken Miss Yun Xi, I will naturally not grab it."

After that, his words suddenly changed.

"Well, you make a price, I bought this girl."
