

Peerless 5261

[Chapter 5261: breakthrough! The peak of the seventh building in the Star Soul Martial God Realm!](#)

At this moment, Chen Feng has endless strength all over his body!

He has stayed at the peak of the sixth floor of the Star Soul Martial God Realm for a long time!

In fact, if he wanted to, he would have broken through to the seventh floor.

There has never been a breakthrough, and the purpose is this-find a good opportunity to improve it!

Accumulate thick and thin, and strive for a sudden improvement in an unexpected opportunity.

And right now, it is the most suitable time.

The broken knife in Chen Feng's hand burst out again with a dazzling silver-white light.

The Qingqiu Soul Blade in Broken Blade was infected by Chen Feng's killing intent at this moment!

Constantly trembling slightly, as if longing for a war.

Chen Feng really longed for this battle.

"Hahahaha..."

Amid his loud laughter, and Zhuang Zhilian's roar and curses, the two quickly fought together!

Compared to three hours ago, Chen Feng is now in terms of speed, strength, agility, and physical strength!

Both have been greatly improved.

It's the same as the bloodline of the gods and demons who stripped and swallowed other gods and demons!

Not only the blood of the gods and demons became part of him.

If, before dying completely, even the vast star map and all the power of the stars in the star map have entered Chen Feng's body!

For a time, the two were inextricably fought in an instant!

After a long period of fierce battle, they are all comparable.

Especially seeing Zhuang Zhilian's surprised reaction, Chen Feng couldn't help but become murderous!

From the body, bursts of bursts.

"kill!"

He roared, and the broken knife in his hand seemed to respond to him, making a slight resonance.

Immediately afterwards, a silver-white light flashed by.

Too much to kill God!

That kind of all murderous aura converged to the extreme in an instant, but with the power of time!

Zhuang Zhilian could not move at all in a short time.

However, such a formidable slaying of the gods did not directly hit the man in front of him.

I don't know where Zhuang Zhilian came from, and he got a magical artifact that looked like a bowl.

After the ray of light from Supreme Zhu Shenzhan entered the magic weapon, the space restriction on Zhuang Zhilian's body disappeared.

However, that artifact is obviously a one-off.

Seeing this scene, Chen Feng did not feel discouraged at all.

On the contrary, the killing intent in his eyes was even worse, even reaching the sky.

"Come again!"

The Buddha's angry eyes, lion roar, utterly utterly punishable...

When he has used all the magical powers he currently mastered once!

Suddenly, Chen Feng only felt that his thoughts were accommodating, and every pore in his body was opened, which was extremely enjoyable!

At this moment, a thought spontaneously emerged in his mind.

breakthrough!

He wants to break through the sixth floor of the Star Soul Martial God Realm.

Not only that, he has to make a breakthrough in one fell swoop, from the peak of the sixth floor of the Star Soul Martial God Realm!

Break directly to the pinnacle of the seventh floor of the Star Soul Martial God Realm!

I have to say that Situ's desolate bloodline and star map are still of great help to him.

At the moment Zhuang Zhilian rushed over!

From Chen Feng's body, an aura that surpassed Chen Feng's own strength instantly burst out.

boom!

The huge star soul space is re-expanding, and now it looks like a universe that has begun to take shape.

Many stars above are still slowly disappearing, and many stars are slowly moving.

As always, they seem to move in disorder.

However, it moved according to the nine-wheeled big moon.

At this moment, the nine rounds of the big moon have also changed.

Their light has become more dazzling!

Not only that, these nine rounds of the big moon, at this moment, began to move slowly.

Chen Feng's heart was uncharacteristically calm.

I have experienced three big moons in one breath.

Then, in the experience again and again.

The big moon in the star map has also changed from three rounds to four rounds, five rounds, and nine rounds!

At this time, to be honest, he was a little bit strange.

The tenth big moon, in the bright white light of the nine big moons.

A hazy phantom and outline slowly appeared.

It was slowly filled with starlight, and the endless star power was absorbed into Chen Feng's body from the surroundings.

Coming into this star map that was far greater than the average cultivator, he was constantly absorbed above the tenth round of the great moon.

Not only that!

Just in the process of slowly forming this tenth big moon.

The other nine big moons are also undergoing different changes quietly.

If Chen Feng remembers correctly, the original big moon is not as big as it is now.

"Amazing!"

Even Chen Feng himself was attracted by this new change.

However, at this moment, after all, he was still in a duel with a strong man at the peak of the tenth floor of the Star Soul Martial God Realm.

Although Chen Feng did not regard Zhuang Zhilian as an irresistible opponent.

However, he would never be too arrogant and take it lightly in a war.

boom!

There was light bursting out of his eyes.

It is like the endless starlight and moonlight in the star map, filling every corner of Chen Feng's body!

Release through your eyes.

At this moment, Zhuang Zhilian's heart jumped.

The aura of Chen Feng on the other side was soaring at an extremely terrifying speed!

"how can that be!"

Since entering the tenth building of the Star Soul Martial God Realm!

Zhuang Zhilian once claimed to be a well-informed person.

There are many geniuses in the Eastern Wilderness, and he can probably know one or two things about his physique and talent.

Even the most powerful individual among the six princes this time!

I have never heard of such a rapid and terrifying difference in aura when they break through the realm.

Almost in just a few breaths!

Chen Feng, who was originally slightly inferior to him, brought him a sense of oppression at this moment!

This is far beyond Zhuang Zhilian's previous knowledge!

However, even if he can't believe it, reality is reality after all.

When Chen Feng's whole body radiated light, even the broken knife in his hand grew longer and brighter.

The surrounding space seemed to be unable to bear the overly powerful aura, and began to oscillate slowly.

At this moment, it was not necessarily possible to confine the power of the opposite Zhuang Zhilian's space!

Suddenly, it became extremely powerful.

Zhuang Zhilian gave an early warning at the first time, and felt that something was wrong!

Especially when looking at Chen Feng on the opposite side, Mingming stood there, waving the broken knife in his hand high!

But the momentum is soaring, like a towering giant in a flash, the momentum is like a rainbow!

He felt the threat, his face was extremely gloomy, but he was calm enough.

Making a decisive decision, Zhuang Zhilian decided not to be a one-on-one, withdraw first!

But it's late!

He is one step too late!

The expression of horror was exposed on Zhuang Zhilian's unmovable face.

"This is impossible!"

The special spatial force rushing from Chen Feng's direction also seemed to carry the force of time.

[Chapter 5262: The six princes are here!](#)

Before he could react, he had already been firmly imprisoned in place!

Chen Feng, who was not far away, dropped the broken knife high up.

There are no surging air waves full of murderous intent, and no horrifying loud noises!

Only, that silver-white light!

It was like a uniformly fine silver wire, rushing in the direction of Zhuang Zhilian.

Unlike other weak people, Zhuang Zhilian is the peak of the tenth building of the Star Soul Martial God Realm!

The moment the strand of silver thread set off, I knew it all!

The more restrained the power, the more terrifying and amazing!

His entire body was erected instantly!

At this time, I don't want any face anymore, struggling frantically!

Keep releasing your most powerful force!

Trying to get rid of the imprisonment of the power of time and space!

Avoid the silver thread coming towards his life gate.

At the same time when the Supreme God of Punishment struck Zhuang Zhilian, the tenth round of the big moon in Chen Feng's star chart finally stabilized.

Although only one round of big moon was added, the effect is by no means limited to the previous round of big moon!

Because he has stayed in the sixth floor of the Star Soul Martial God Realm for a long time.

This time, the accumulation of accumulation directly allowed Chen Feng's cultivation realm to break through from the original sixth peak of the Star Soul Martial God Realm!

Came to the seventh floor of the Star Soul Martial God Realm, the pinnacle!

A whole span of a large building!

In his body, among the hundreds of limbs, the blood is boiling at this moment.

Feel an unprecedented powerful force, which is constantly reaching every corner of the body with the rush of blood.

This feeling is so comfortable!

It can be said that if he changes to the current one.

Faced with the first five of Kong Penghui, he didn't have to work so hard at all.

You can easily kill them in seconds!

Chen Feng stood on the ground, with long hair without wind.

Staring at the front, I saw Zhuang Zhilian, who was still not ashamed when he arrived.

At this moment, he was vomiting blood in a pale face and knelt on one knee.

Just now, after he had to waste a top-level magical weapon, he was so traumatized by the utter slaying of the gods!

At this moment, Zhuang Zhilian's meridians were broken, and his bones were broken a lot.

The trauma is not obvious, but the internal injury is so serious that it is dying!

Chen Feng is in a spirited and high spirited state at the moment!

In the face of Zhuang Zhilian, he showed no mercy.

"I, Chen Feng, do what I say."

"If you dare to come, I dare to kill!"

With that, he raised the broken knife in his hand for the second time.

Zhuang Zhilian's face changed!

By now, he couldn't feel it, Chen Feng actually broke through when he was fighting against him!

Not only did he directly break through a large building, but also in terms of real explosive strength!

Even from the elementary level of the tenth floor of the Star Soul Martial God Realm, he surpassed him in one fell swoop!

At this moment, Zhuang Zhilian suddenly realized what a real genius is!

Comparing everything I have seen before with Chen Feng in front of me, I didn't even see it!

"But why am I going to offend him..."

Zhuang Zhilian regretted it!

In front of death, he was terrified, raised his head and opened his mouth to ask for mercy.

However, in the next moment, Chen Feng took the knife and dropped it, leaving him no room for reversal at all.

The big brother of the Qinghong Immortal Gate must die too!

Chen Feng's muscles were jumping wildly, and in the star map of the body at this moment, it was far from calming down.

This breakthrough was not only because he usually stayed at the peak of the sixth floor of the Star Soul Martial God Realm for too long.

In fact, there is another very important reason, that is the blood of the Yellow Spring Demon Bone just absorbed.

When I first absorbed it, I was in a hurry.

Chen Feng didn't even have time to sense the rank of that bloodline.

In addition, Situ Desolation suddenly appeared at that time.

When he attacked him, the words said were also very misleading.

Situ Cangliang thought that Chen Feng's strength was so weak because he had not yet awakened the extremely powerful blood of the gods and demons.

At that time, he subconsciously and so on.

He believed that the desolation of Situ on the opposite side must have thoroughly stimulated his blood.

But judging from the current intensity of the blood vessels, what Situ Cangliang said at the time should be applied to himself.

The cultivation base strength is so low, I am afraid that the blood of the gods and demons has not yet been awakened.

After being appraised by the Supreme God Demonizing Dragon Art, Huangquan's Demon Bone Bloodline actually has the 7th rank inferior!

This is even stronger than the bloodline of the King Snake of the Taigu Sun!

It is also thanks to the blessing of this special bloodline.

Coupled with the merging of star maps from Situ Desolation, only in this way can Chen Feng have such a powerful breakthrough.

Chen Feng's real strength is even at the peak of the tenth floor of the Star Soul Martial God Realm!

Moreover, it is much better than Zhuang Zhilian.

Regardless of Zhuang Zhilian who died in front of him, Chen Feng clenched his fists!

Silently perceive today's strength.

He whispered: "My current strength, even if there are two of the six princes."

"It's not always possible, it will fall behind."

But at this moment, an accident happened!

Four extremely powerful breaths approached Chen Feng quickly from far to near.

In a blink of an eye, four familiar people appeared in front of him.

Four of the six princes!

It can be said that except for the one who is currently recognized as the strongest one has not appeared!

The other five are now in front of Chen Feng.

"Chen Feng, you actually killed Zhuang Zhilian."

The four who came were Tao Xingran from the Giant Spirit God Sect!

Luo Jingfeng of the Burning Heaven Sect!

Ke Chenyi of Tiancun Shenzong, and Zhu Gengming of Dayan Immortal Sect!

The four are from different forces, because their respective forces have different styles and images.

Although the name of the Giant Spirit God Sect sounds wild, it mostly produces practitioners with rare physiques such as Situ Desolation.

Tao Xingran in front of him is exactly such an image.

He looked very thin, deepened in a light brown robe.

In the dark night, the whole person looks like a ghost, and will drift away with the wind.

Luo Jingfeng of the Burning Heaven Sect was more than two meters high and he was full of tendons.

The hair stays loose for a long time, standing with the wind!

But Ke Chenyi of the Heavenly Remnant God Sect looked much more normal overall.

Light white robe with large sleeves, looks handsome and elegant.

The Dayan Immortal Gate Zhu Gengming on the far right has inherited the style of Dayan Immortal Gate.

Use more black and white yin and yang robes!

Looks young, but already has a demeanor of fairy style.

At this moment, the eyes of the four of them were all staring at Chen Feng.

Chen Feng didn't need to have any fluke at all—they came to deal with himself.

Chen Feng, who had just made a breakthrough, had not been happy a few times before he met four of the six princes.

If it was normal, he would laugh bitterly.

This is his rhythm!

[Chapter 5263: Although thousands of people are coming!](#)

It is lost to three at the same time, not to mention four in one breath!

That's only an escape.

Chen Feng's spirit was tense, and he was ready to fight and escape at any time.

Tao Xingran was the first to speak.

His face was dark and dark, and he spoke quietly:

"Kill my disciple, Situ Desolate, it should be you too."

"I can faintly smell his breath on you."

At the same time, Luo Jingfeng of the Burning Heaven Sect also took a step forward, glaring at Chen Feng!

The muscles all over his body were bulging, and he seemed to be able to do it at any time.

"Chen Feng, I heard that you also killed many of my disciples of the God Sect Burning Heaven."

Ke Chenyi turned his face, looked at the two next to him, and smiled.

A row of white teeth was exposed.

He looked at Chen Feng and narrowed his eyes slightly.

"In that case, there should be a lot of things that can be changed for you."

As soon as he said this, he immediately received unanimous glances from the other three.

Ke Chenyi followed kindness and seamlessly switched and said: "Knowing you are arrogant, you will cause trouble everywhere."

"But I didn't expect how long it took to come to the Shura realm. You killed more contestants than us."

"Not killing you today will not be enough to calm everyone's anger."

"What are you being polite to him! Chen Feng will die today!"

Luo Jingfeng shouted directly!

They unscrupulously released their respective powerful coercion, Qi Qi rushed towards Chen Feng's direction like beasts.

Zhu Gengming shook the whisk in his hand and said blankly:

"Chen Feng, you must be aware that the gathering of the six princes was originally to wipe out the fresh blood of your Galaxy Sword Sect."

"I thought you were an arrogant idiot, but I didn't expect you to have some skill."

"As long as you kill you, the Galaxy Sword Sect will be greatly injured this time, and I am afraid that it will withdraw from the nine major forces in the future."

Listening to the various reasons for the four "boys" in front of him to kill him.

By now, Chen Feng calmed down.

Although there are thousands of people, I am going!

No matter how many enemies there are!

However, World War I!

Ten big moons continued to revolve in the middle of the star chart, and at the same time burst out with bright light.

At the same time, the pressure that was applied to him, belonging to the peak of the tenth floor of the Star Soul Martial God Realm, was rapidly becoming stronger and stronger.

Hum!

Although the two sides have not done anything directly, an invisible battlefield has already formed on both sides.

The four pressures are condensed together, like a giant hand falling on top of Chen Feng's head!

With the palm down, I plan to slap him down and kneel down!

Obedient. Death in an extremely humiliating posture.

However, to their surprise, Chen Feng not only did not fall down as expected, he did not even frown!

A silver-white light was released from his body, constantly wrapping around his body!

Help him resist, the coercion of the four eldest sons.

Not only that, Chen Feng's momentum is getting stronger and stronger!

His eyes were deep, and he took firmness at this moment, staring at the four figures in the darkness before him.

"Since it is inevitable, let's fight to the death!"

The hand interrupted the knife burst into a dazzling light again!

At this moment, in his state, it seems more shocking!

The gust of wind began to curl up around them, constantly tossing their hair.

The sky is full of sand and rocks.

In the darkness, the wind whistled like a whistle, with crackling sounds, blowing each other's clothes into hunting noises.

Chen Feng stomped out, looking like a tiger in the dark.

At the same time, heaven and earth repeated reincarnation magic, suddenly gaining power!

After the new breakthrough realm, the repetitive reincarnation of heaven and earth is several times stronger than the one three hours ago!

This is a group-oriented spiritual supernatural power.

At that moment, the radiance of heaven and earth repetitively reincarnates.

It's as if it's inside the entire vast expanse of space.

At this moment, illuminated by the blue light!

Among the three huge vertical eyes!

The one on the far left had endless blue rays of light from the pupil.

At the same time, in Chen Feng's golden spiritual world, a large amount of golden spiritual power began to be consumed.

If this level of consumption is placed three hours ago.

I'm afraid, in a few seconds, he will be exhausted.

But after experiencing a considerable breakthrough, Chen Feng's spiritual world has been strengthened and expanded accordingly.

It can be said that he now has more confidence in himself.

Hum!

Between the lightning and flint, a strong mental shock erupted from Chen Feng's body!

Directly and indiscriminately, rushed to the six princes who attacked from different directions.

This is just the first step!

The four princes present had never played against him.

Therefore, he did not know that Chen Feng possessed such a stunt.

Not only is the impact of the spirit category, what is even more commendable is that it faces the entire group!

At this moment, everyone suffered a strong mental shock, and there was no distraction due to the large number of targets.

Take advantage of this excellent opportunity.

Chen Feng immediately rushed to the nearest son-Tao Xingran of the Giant Spirit God Sect!

Although on the surface, Luo Jingfeng of the Burning Heaven Sect may have a deeper grudge with him.

But in terms of the difference in strength, Chen Feng would still decisively choose Tao Xingran of the Giant Spirit God Sect.

Of course he is not a lunatic!

Obviously knowing his current strength, at best, he can only deal with two powerhouses in the peak state of the tenth floor of the Star Soul Martial God Realm at the same time.

Of course it's impossible. If you know you will definitely die, you have to take the initiative.

And the reason why he was the first to look at the present, the overall strength may be the strongest Tao Xingran!

It is because he has his considerations.

The silver-white light converged, and was indented into a very thin silver wire.

Endless killing aura, unstoppable fierce sword intent, accompanied by the auxiliary effect of the Qingqiu sword soul in the broken sword.

Before the dizziness effect of the repetitive reincarnation of heaven and earth ended, Chen Feng slammed the knife fiercely.

Too much to kill God!

He wants to know that after the breakthrough, the Supreme God Slash!

What kind of damage can it bring to the face of the six princes?

Is it really possible to kill instantly, or is it just a serious injury?

Everything happened extremely fast!

The surrounding void even began to crackle and make some breaking wind noises.

Chen Feng could not see the slightest fear in his face!

To Tao Xingran who described as thin, he cut off directly!

boom!

At the moment this slash appeared in front of Tao Xingran, the effect of heaven and earth's repeated reincarnation magic arts had reached its limit.

No more, no more, just a very short breath!

Chen Feng did not make any stay.

After swinging the first knife, he didn't wait for Tao Xingran to recover his ability to react!

Almost at the same instant, Chen Feng turned around!

[Chapter 5264: war!](#)

He didn't continue to look at Tao Xingran.

Instead, he turned to Zhu Gengming in the other direction and opened his mouth directly.

Buddha's angry eyes and roaring power!

At the same time that the strand of silver came to Tao Xingran!

The image of a Buddha appeared on the purple and white giant lion!

As always, the Buddha, riding on the purple-white giant lion, looked solemn and angered.

At the moment of meeting his eyes, anyone can feel a kind of fear that comes from the bottom of my heart.

At this moment, this sense of fear is aimed at Zhu Gengming of Dayan Immortal Gate.

The angry Buddha rides easily on the purple-white giant lion, but the extremely proud giant lion behaves quite meekly.

It followed the Buddha's eyes and looked into the distance, and suddenly opened its blood basin.

Roar!

At this moment, Zhu Gengming suddenly felt black before his eyes.

Just at this time!

He seemed to be in the endless pitch black star field.

There was nothing around, only a man and a lion in front of him, coming towards him.

The Buddha rode a purple and white lion, broke through the void in an instant and appeared in front of him.

In a trance, Zhu Gengming struggled extremely hard.

But the Buddha, who was very close in front of him, just stretched out a finger and placed it precisely on his forehead.

Zhu Gengming, who was named, suddenly froze!

The huge impact and restriction instantly sealed his whole person.

Behind Chen Feng, Yinsi finally broke out.

The ground began to tremble, and the five people stepped on the ground under their feet and began to show cobweb-like cracks.

"what--"

Tao Xingran's painful screams, but Zhu Gengming could not hear them at this moment.

At this moment, he has been sealed.

Chen Feng still didn't stop, and continued to move towards Ke Chenyi, the nearest big brother of the God Sect of Heavenly Remnant.

Just after he had done all this, Luo Jingfeng of the Burning Heaven Sect who was just behind him slammed a punch at him!

Chen Feng turned around and met the oncoming punch.

Clench your fist, and fist for fist!

boom!

The loud noise almost shattered this mountain range.

There was almost no time difference before and after, Tao Xingran was attacked by God Zhuo Zhan, and he suffered a lot of injuries for a while!

"what--"

Tao Xingran roared in pain.

Everyone's attention turned to him, but they didn't know it, but they were really startled.

Tao Xingran's face was already quite thin, and now it seemed to be cracked.

A bloodstain that can penetrate deep into the bone, descending from the middle!

Separating his face and body together, it is like drawing a very long line with blood!

Divide his body into two.

However, it is limited to this!

It was almost as expected by Chen Feng.

These Star Soul Martial God Realm tenth highest peak powerhouses in front of him, even if they have never had contact with him.

But in the case of small differences in strength, even if it is a surprise attack, it may not really be able to kill with one blow, as it did against other participating disciples.

A slap in the face of God's slaying can only make Tao Xingran suffer a lot!

Chen Feng wanted to take a closer look at the blood on Tao Xingran's face, but unfortunately there was no time.

Zhu Gengming who has come out of the seal of three breaths.

He has seen Chen Feng's ability.

This time, he no longer had any reservations, and directly attacked Chen Feng frantically.

On the other side, after Ke Chenyi took over the twenty-odd sword intents instantly!

The look in Chen Feng's eyes changed slightly.

If at first, they wanted to kill Chen Feng, but they didn't regard him as a true evenly matched opponent.

So now, Chen Feng has used his own strength to prove that he is definitely not an opponent that can be underestimated.

The plan of the six major forces is right, if there is no unity of their respective suzerains and sect masters!

Any force who singled out the four brothers Chen Feng of the Galaxy Sword Sect would probably only become a repeating cycle of giving away their heads.

The night sky is three thousand feet away, losing to the **** battle under this twilight!

Chen Feng had already used all the opportunities he could obtain for the first raid.

And he also succeeded in this time of "getting off the horse" with great momentum and fighting spirit!

However, after the dismissal, the situation was abruptly different.

At this moment, the four sons had almost the most intuitive understanding of Chen Feng's performance.

They grow up to this point, their talents and thinking are far beyond ordinary people.

Right now, they are concerned about how to avoid Chen Feng's best offensive method.

And, how to play the biggest and deadliest attack on Chen Feng has a clearer idea.

The four sons looked at each other almost at the same time, and they all saw the same meaning in each other's eyes.

The next moment, the four rushed to Chen Feng at the same time.

"Boy, die for me!"

"No matter how strong it is, it's still too late!"

...

The breath of horror is constantly surging under this endless dark sky!

The brilliance of all colors is constantly beating under the strong wind.

Several strong winds quickly spread the **** smell of this place to far away.

And those **** smells all came from Chen Feng.

"puff--"

With the sudden tremor of the body, an extremely raging force instantly penetrated into Chen Feng's body.

In an instant, Chen Feng, who was originally energetic and vigorous, was not afraid of life and death.

He was already embarrassed, vomiting blood.

Without that opportunity, the four faced him at the same time.

Moreover, the strength of everyone in ordinary times is similar to that of Chen Feng now.

Once besieged, there is no possibility of escape, then only death awaits Chen Feng.

However, Chen Feng is not an ordinary person after all!

In the "desperate situation" where he knew he would die if he didn't escape, he forcibly cut a **** path for himself!

Broken knife continuously erupted with silver-white light, and every knife didn't reach the goal.

As before, Chen Feng has found his target-Luo Jingfeng.

While avoiding the attacks of the other three sons as much as possible, Chen Feng focused on Luo Jingfeng and attacked frantically.

As a result, even now, although Chen Feng himself was covered in blood, he looked quite embarrassed.

However, the four princes in front of him who thought there would be no casualties, have already injured two at this moment!

Moreover, it hurts a lot!

After a battle.

Chen Feng finally saw clearly that Tao Xingran's skull was almost split apart by his earliest utter slaying!

Once this kind of injury is formed, it cannot be recovered in a short time!

Therefore, in the confrontation just now, only the actions were greatly restricted.

During this period, Chen Feng kept entangled around him, and interrupted some of his chanting again and again.

It can be said that Tao Xingran's strength was greatly reduced in the fight just now.

And the other one was Luo Jingfeng from the Burning Heaven Sect.

[Chapter 5265: Run away!](#)

After all, Luo Jingfeng and Chen Feng had grievances about the five lives of the God Burning Heaven Sect.

From the beginning, Chen Feng had no intention to avoid him.

It just so happened that he discovered that Luo Jingfeng's most arrogant thing was his fanatical flesh!

Although Luo Jingfeng has no blood of gods and demons, he did develop his physical body to an extreme level.

However, what Luo Jingfeng didn't expect was that Chen Feng would not give up too much in terms of physical strength.

Sometimes, the talent is more shocking than the hard work of the day after tomorrow!

When Chen Feng seized the opportunity to beat Luo Jingfeng with dozens of punches in one fell swoop!

No matter how strong the body is, it can't stand it!

When Luo Jingfeng's face was like land, he was knocked into the air again.

Then, silence!

When Chen Feng escaped from the killing circle surrounded by four people, facing such a result, the four masters had to be shocked.

Chen Feng, it's terrible!

Anyone can feel it. In fact, he has a very strong ability and makes rapid progress!

This speed of continuous progress in the war made them feel threatened.

"Chen Feng must be killed today!"

"Otherwise, with his talent, if you run away for him, it will be a big disaster in the future!"

Ke Chenyi also hit a real fire at this moment.

Although the six princes have always been arrogant, they have never been arrogant.

Underestimating the enemy is a big taboo for every cultivator in battle, they know this better than anyone else.

At this moment, Chen Feng had found out what he should inquire!

The strength level of the four young masters, as well as the specifics, also have a detailed understanding.

He wiped the blood stains off the corners of his lips at will, and he lifted the corners of his lips and smiled.

"One dozen four, I can't beat you."

"But if I want to go, who can stop you?"

Before he finished speaking, Chen Feng suddenly hid his figure, trying to blend his figure with the dark surroundings.

He condensed all his breath and began to prepare to use those golden feather crows that had been hidden for a long time.

However, an accident happened!

Chen Feng thought to catch a trace of escape.

Suddenly, he discovered that all sides of him were slowly darkening.

It's like losing sight!

How is this going?

He looked up and finally found the strangeness-Tao Xingran actually threw out a very precious magic weapon from the Giant Spirit God Sect at this moment!

Giant Spirit Goddess Net!

Once captured by the Giant Spirit Shenmiewang, Chen Feng would basically be sentenced to death.

There is absolutely no escape!

Until now, Chen Feng had no real threat of death.

In Mo Fa frantic, his blood began to boil.

The broken knife held tightly in his hand began to tremble again!

As the coercion in the four directions became stronger and stronger, Chen Feng's vision of war became even greater.

"Chen Feng, I advise you not to struggle anymore."

"In front of the four of us, you will never escape."

Ke Chenyi continued as always, speaking very strangely.

However, Chen Feng never admits defeat!

He has a brave heart, a strong heart!

We must always be fearless and challenge ourselves!

In the next second, a silver-white ray of light suddenly gleamed across the sky and the earth!

Then, a terrifying warfare spurted out.

Chen Feng tightly held the broken knife in his hand, and said silently in his heart: Depend on you!

Then he opened his eyes sharply.

The surrounding hurricane was frantic and whizzed past.

Soul of the sword is now!

This is a hole card that he rarely uses in his hand, and now he has to take it out in advance.

In Chen Feng's body, a large amount of the power of the stars was consumed, finally satisfying Soul Sabre!

Can't wait, above the void, a complete machete shape is reflected.

"Give, me, break!"

Chen Feng roared, struggling to cut down.

The huge silver-white sword soul, the target actively locked the four people in front of him.

This is the power surpassing the peak of the tenth building of the Star Soul Martial God Realm!

It is the power of Qingqiu Soul Blade that has been tempered through countless hours and has fought in countless sky-defying scenes!

boom!

Within a radius of tens of miles, an unshakable force was instantly swept away.

Even Tao Xingran's four people and those giant spirits and gods extinguishing nets were eclipsed by the real Qingqiu Soul Blade.

The four of them changed their faces, exclaiming in their hearts that something was wrong.

Sure enough, after the knife disappeared, Chen Feng's figure had also disappeared from the place!

When Chen Feng's figure disappeared, the expressions of the four sons changed.

They looked in different directions at the same time.

"what happened?"

Everyone's reaction was the same, with a surprised look on their faces.

No wonder they reacted this way.

Because in all directions, fifteen Chen Feng aura appeared at the same time!

This is the reason why Chen Feng didn't think about running away for the first time when facing the Big Four.

He has a special escape hole card!

After Jin Sanye's golden feathers were consumed, they could grow out again.

After a while, the four princes' complexion changed again.

Because, fifteen Chen Feng's breaths appeared again, similarly distributed in different directions.

Ke Chenyi sneered and looked around:

"It seems that this kid can always do things that we did not expect."

Hearing his words, Tao Xingran of the Divine Giant Spirit Sect laughed gloomily.

"He has a hole card, don't we have one?"

As he said, under his dark brown robe stretched out two skinny arms.

Then, a thick gray mist appeared out of thin air from his feet.

Around him, began to spin quickly.

Chen Feng, who was far away, saw this scene for the first time through the perspective of one of the golden feather crows.

Although I don't know what method Tao Xingran intends to use.

However, relying on Chen Feng's intuition, he immediately chose to continue to run wildly far away.

Sure enough, the thick gray fog here quickly enveloped Tao Xingran.

A grey hurricane formed on the spot, and it continued to expand!

Nearby sand and gravel, fallen ancient trees and leaves were constantly being picked up by this hurricane.

Turned into powder in the crazy rotation.

Ke Chenyi, Luo Jingfeng, and Zhu Gengming, who stood on the side, looked at the doomsday-like scene in front of them, one by one more calm and calm.

Although they come from different sects and forces, if they talk about unity with each other, it can't be called unity.

However, their purpose at the moment is the same, that is, they must kill Chen Feng!

If Chen Feng is not eliminated, he will be a disaster in the future!

They are stronger than all the participating disciples and have extremely high talents.

Therefore, they know better than anyone.

Chen Feng, how terrifying is the strength and talent displayed in front of them.

Earlier, in Xuan Huang Zhong Qian World, among the cultivators who were onlookers under the light curtain.

There are still a large number of warriors who don't take Chen Feng too seriously.

No matter how much he thinks he has potential, for now, it is just "potential".

If the onlookers were to find out that Chen Feng, who was constantly refreshing their ideas, would not only easily kill one of the six young masters.

[Chapter 5266: Desperate!](#)

Even when facing the siege of the four princes, he could think of ways to escape.

I don't know how they will react, whether they still think that Chen Feng is nothing but that.

The gray hurricane began to change faintly, and the top began to move in one direction, slowly bending over.

At the same time, Tao Xingran's slashed face also showed a hideous smile.

It's just that in this smile, there is a great hatred at the same time.

Ke Chenyi noticed his special reaction and asked:

"How did Master Tao react? Can't you find out which one is the real Chen Feng?"

The huge gray hurricane suddenly stopped in place.

The thick gray fog faded with the wind on the spot.

Some sand and gravel trees that have just been involved have also fallen to the ground, making soft or heavy noises.

Tao Xingran walked towards the three of them, his face looked paler.

"Just in that direction."

The direction of his finger was the direction the gray hurricane had just bent.

However, it is limited to this.

"If it hadn't been for Chen Feng's stab, it would have caused my injury too much."

"Otherwise, I can definitely find where he is taking every step!"

Yes, Tao Xingran at the moment, the skull above his head is still divided.

I can vaguely see the brain inside.

Including his chest and abdomen... a blood line runs through from head to tail.

Looks like two halves of people, barely pieced together at this moment.

Everyone looked in the direction of Tao Xingran's fingers.

That is not any direction in the thirty breaths.

Luo Jingfeng looked in this direction and asked with a strange expression:

"Reliable? Don't let him escape the other way around."

"Don't think about it. We don't know how powerful Tao Gongzi's tracking skills are."

"Unless, you have a better tracking method?"

Zhu Gengming's words blocked Luo Jingfeng's mouth to death.

Still Ke Chenyi rushed in that direction first:

"Since this is the direction, hurry up."

The four immediately rushed towards the direction Tao Xingran pointed out.

When Chen Feng saw all this, his heart was even more awkward.

"This Tao Xingran really has a few brushes."

I had known it a long time ago, and I should think of a way to kill him.

Chen Feng gritted his teeth in his heart, but now it is too late to regret.

Chen Feng has never been a regrettable person.

Fortunately, he had the foresight before and took a sharp look at this divine thing.

Although lost the confusion of thirty golden feather crows.

But at least, for a while, the four princes could not find his most accurate direction.

But, unfortunately, although he will not be caught up and attacked immediately.

But now he has no chance to stop and rest for a while!

He must keep running, or even try his best to escape, in order not to be caught up by the four princes.

And now Chen Feng was already seriously injured, and his state may not be able to sustain him for long.

He switched the angle of view of a golden feather crow again, took a look, and then gritted his teeth.

After returning to his senses, he determined a direction and ran away desperately.

Two days later.

For two full days, Chen Feng had no room to rest at all, and was rushing all the way.

He traveled all the way from the volcanic ridge, through the active volcanoes that erupted one after another.

I crossed the dormant volcanic crater with steep terrain and I don't know when it will suddenly erupt, all the way forward.

Until today, the power of the stars in his body was almost exhausted!

Now he can say that it's really time for the oil to run out!

Most of the thirty Golden Feather Crows had already dissipated, and only one or two remained barely maintaining the angle of view.

However, at this moment, in front of him, a very powerful aura suddenly came!

boom!

A familiar figure stood in the way of Chen Feng.

It was Yuan Changfeng who hadn't seen for a long time!

At this time, there was a flat terrain around them, and there was no shelter around them.

The appearance of Yuan Changfeng was obviously not a coincidence.

He sneered at Chen Feng, who was embarrassed and weak to the extreme.

Unceremoniously, he released the terrifying pressure of almost reaching the eleventh floor of the Star Soul Martial God Realm.

"Chen Feng, you didn't expect it, I've been waiting for you for a long time!"

And at this moment, the four young masters who were chasing after him immediately surrounded him in time.

They looked at Yuan Changfeng in front of them, without a hint of surprise on their faces.

Obviously, it was known for a long time that Yuan Chang Summit had appeared here.

Everything is planned!

At this moment, Tao Xingran and his party all had a triumphant smile on their faces.

They looked at Chen Feng, who was re-encircled, as if they saw a rabbit hitting a tree.

In their opinion, Chen Feng has fallen into a desperate situation, and now he probably only has despair in his heart.

Luo Jingfeng was the first to laugh to the sky: "Chen Feng, you didn't expect it, we have long been in contact with Yuan Gongzi."

Ke Chenyi beside him also showed a smile.

Especially Tao Xingran, who had not healed from his injuries, was laughing wildly at this moment!

This made his face with bloodstains look even more hideous and terrifying.

"It's okay to tell you now. In fact, at the beginning, it was Gongzi Yuan who found us and let the four of us come forward to stop you."

Chen Feng understood it.

From the beginning, the five of them were fighting the doctrine of catching turtles in the urn.

Surrounded by a wasteland, the terrain is flat, and nothing can be seen.

It is too difficult to get away from the five princes in such a place.

Chen Feng admitted that he was totally unable to deal with this situation.

"Come on, what kind of death do you want?"

"If you kneel down now, kowtow to me for mercy, and do as I say, maybe I can still satisfy you."

Yuan Changfeng stared bitterly at Chen Feng in front of him.

Ever since the news that his brother Yuan Shuizhuo was killed reached his ears, Yuan Changfeng had not planned to let Chen Feng go.

From the beginning, five Six-Rank Divine Pills were given out in public to reward Chen Feng for his head.

Yuan Changfeng didn't just worry about fighting for the first place in this broken jade conference.

After entering the Shura realm, he did perform well at the beginning, but then he accidentally passed a crater.

There, he saw the body of a disciple of Qinghong Immortal Clan.

At that time, he understood that it seemed that Chen Feng's strength was a bit more powerful than his phenomenal.

"Chen Feng, Chen Feng, you are indeed very powerful, unexpectedly powerful!"

"But since the person you provoke is us, I'm afraid there will be no chance for people to see how powerful you are."

Zhu Gengming shook his head and looked at Chen Feng, already thinking of him as a dead person in his heart.

Luo Jingfeng and Tao Xingran next to them are the most excited now.

[Chapter 5267: You should do it too!](#)

They kept sneering at Chen Feng.

If it weren't for Yuan Changfeng's face, the two would have stepped forward at this moment and killed Chen Feng directly.

Faced with the shelling, attacks, and taunts of the five princes, Chen Feng's heart was unexpectedly calm.

He didn't look the slightest sign of panic.

This made Luo Jingfeng quite unhappy, and even wanted to step forward and smashed his face with a foot.

"Death is imminent, and still so arrogant. Yuan Gongzi, do it quickly."

"Yeah, every second he lives, I hate it crazy!"

Seeing Tao Xingran and Luo Jingfeng look like this, Yuan Changfeng also nodded.

He looked down at Chen Feng, and the mighty pressure rushed over:

"Since you are so spineless, I want to see how spineless you are!"

Just when he was about to prepare to do it.

Chen Feng suddenly raised his head and smiled slightly.

Everyone was taken aback by his abnormal behavior.

But when Chen Feng sighed leisurely, he slowly said, "You, it's time to do it too!"

His voice was not too big or too small, and on this plain, he was quickly brought to a far place by the wind.

Don't wait for the five princes to react!

At the next moment, endless black air suddenly rose from the horizon, and came over here!

What a huge and shocking picture!

It is like an avalanche of countless black snow-capped mountains at the same time, the speed is incredible.

Almost in a blink of an eye, the six people approached.

Even Yuan Changfeng, the most powerful cultivation base, was shocked by this sudden change at this moment!

Suddenly raised his head and looked at this black "cloud layer".

He can feel that there is an extremely powerful existence hidden in it!

In the next moment, a behemoth appeared from the clouds, and it was accompanied by an unprecedented murderous intent!

I have never seen a murderous look like a copper wall and an iron wall!

"You little bugs, who have been making trouble on my site for so long, now you still take the initiative to send them to the door."

"Jie Jie Jie Jie...If that's the case, don't blame me for being polite and slaughter you all."

This is an Asura Demon!

It was nearly a hundred meters high, surrounded by dense masses of magic air, and couldn't see the specific appearance.

However, its aura is obviously stronger than anyone present!

Even Yuan Changfeng, who had entered the eleventh floor of the Star Soul Martial God Realm, had an extremely ugly expression at the moment.

Because, the Shura Demon in front of you!

Its strength is at least at the peak of the eleventh floor of the Star Soul Martial God Realm!

Better than him!

Tao Xingran, Luo Jingfeng and others, who were still madly mocking Chen Feng, looked shocked at this moment.

No one thought that things would change like this.

Chen Feng, did he know that there is this Asura Great Demon here?

Thinking of this, the five princes stared at Chen Feng.

They haven't forgotten the weird thing Chen Feng said just now.

"All this is your calculation?"

Seeing the shock and horror of the five young masters, Chen Feng laughed.

"While you are calculating me, don't you allow me to calculate you too?"

It turned out that when Chen Feng escaped through the Golden Feather Crow, he accidentally discovered the edge of this mountain range.

He discovered the plain next to the mountains, and the huge magic city that was constantly spewing black magic energy!

At the very center of that magic city, there is the breath of this Asura great demon.

Originally, when he first discovered this magic city, Chen Feng was frightened inside.

According to Zhai Changzun, the **** of desolation, they entered the realm of Shura this time.

There shouldn't be such a powerful Shura demon around him.

But obviously, that Shura Demon is the commander of this area.

Not only does he guard this place, he has thousands of magic soldiers under his hand, but he also owns a magic city here, and he has been stationed here for a long time.

When the four princes were besieging, Chen Feng began to consider and lure them to this place.

He was definitely unable to deal with the four princes by his abilities alone.

But who said that he can only deal with it by himself?

In the past two days, he seemed to escape aimlessly, but he was actually very targeted!

I didn't even expect that Yuan Changfeng would be picked up.

However, at this moment, the Asura Demon also turned his attention to Chen Feng who was surrounded.

It smiled coldly and said, "Boy, you worked so hard to get me here?"

"Then, I will grant you to die first."

The devilish energy around has dissipated a lot.

At this moment, the six members of Chen Feng could clearly see the appearance of the Great Demon Shura in front of them.

When he first entered the Shura realm, Chen Feng searched for the consciousness of ordinary Shura magic soldiers.

I know, the body in front of me is covered with scales that look like a crocodile. It is called the Great Black Flame Demon.

This kind of Shura demon is placed in the Shura realm.

Just like the human race, it belongs to the famous family.

The family is dazzling, and the status is detached.

Therefore, the giant black flame giant that appeared in front of them.

Usually, it will never appear in such remote places.

The only reason for them to come here is only one-gilding.

This is the Shura world.

The Shura Demon is here, just like the human race in their world.

There are also land divisions, different sects, and life experience.

Even within the same family, there will be infighting and fierce competition.

Born as a famous family, this huge black flame giant demon in front of him.

Obviously, it was for the plating of gold to take office in this border land.

What Chen Feng overlooked is actually here.

Since he was born noble, the great black flame giant demon naturally has various temperaments and arrogant nature.

Just now, the five princes who surrounded him are no different.

When Chen Feng calculated the five sons, he was actually using it.

This makes it very uncomfortable.

The giant black flame demon is accustomed to being aloof.

In its eyes, Chen Feng is good, and the other five reptiles are good.

They are the most humble things.

It is too courageous to dare to use it!

Head down, looking down at the six people in front of him.

Especially looking at Chen Feng's face, the smile stopped, and the Great Black Flame Giant Flame felt a burst of joy.

"You dare to calculate me, I will not only make you die first, but also make you die the most painful!"

Hear the mental fluctuations transmitted by the Great Black Flame Demon.

Even the five members of Yuan Changfeng never expected that things would unfold like this.

After they were stunned for a moment, they turned their heads and looked at Chen Feng who was besieged by them.

Then, ridicule and ridicule sounded one after another.

"Chen Feng, what can you do to bring us here? Are you still going to die?"

"Hahaha, even the Great Demon Asura doesn't plan to let you go, and will be the first to have you surgery!"

"Chen Feng, you are digging your own grave."

[Chapter 5268: Shura Demon! Jinta!](#)

Even Yuan Changfeng, at this moment, put away the breath of trying to suppress Chen Feng, and watched with cold eyes.

Chen Feng listened to the seemingly mocking ridicule around him, and looked at the behemoth in front of him.

The whole person seemed to hear or see nothing.

The complexion is calm as usual.

Not only that, he even sneered:

"Just laugh."

"Anyway, it's worth taking a few of you to bury me."

Having said that, Chen Feng didn't intend to wait for death in his heart.

If there is no absolute life-saving means, Chen Feng would never dare to implement this plan so recklessly.

The giant black flame demon didn't care about the grievances between Chen Feng and Yuan Changfeng in front of them.

The black magic energy around him became strong again.

Its voice reverberated over this empty plain, and its voice drifted far away.

I saw it suddenly understood.

"When I came here, the elders of the family gave me a treasure."

"Just right, I will use you to refine this treasure today!"

The huge magic sound penetrated the eardrums of six people.

Amidst the surging demon energy, the great black flame giant flame stretched out an arm.

Turned over and took out a golden pagoda!

This golden pagoda is only the size of a palm.

However, when anyone sees it at first glance, they will not ignore its existence.

Just feeling the breath coming out of it is enough to make people realize that it is dangerous!

A large amount of magic energy evaporates on this palm-sized golden pagoda for a long time.

Looking closely, through the layers of magic energy.

You can even see that on the golden pagoda, there are nine black and gold dragons with different shapes!

However, every carving of the black and gold magic dragon comes alive!

It's like coming alive at any time, soaring into the sky.

Just looking at them, you can feel the fear that makes your body stand up.

Although, Chen Feng did not know what this golden pagoda was.

But everyone knows!

What can be called a "treasure" by an Asura Demon is definitely an extraordinary product!

Hearing Chen Feng's eyes, all of them were concentrated on the golden pagoda in their hands.

The Giant Black Flame Demon smiled triumphantly again.

It seems to be disgusted with the little bugs in front of them, afraid that they don't know how strong this golden pagoda is, so they take the initiative to introduce it.

"There are a lot of treasures kept in my black gold pagoda."

"The great power in the Black Wisp Giant Flame Family, this time helped me open the first layer of it."

In the swallowing and vomiting of devilish energy, the great black wisp of giant flame demon began to laugh again.

"Don't look at me now I can only open the first floor of this black wisps gold pagoda, and control it."

"But, in this first layer, I have raised thirty ancient demons' souls!"

"As long as you **** in, you will be swallowed alive by the souls of these thirty ancient demons!"

"At that time, your soul will be torn apart and divided into countless parts, that is the real pain!"

Having said that, the Great Black Flame Great Demon couldn't help laughing.

The thick voice blasted under the sky, and the laughter circled and flew for a long time.

Hearing the words of the Giant Black Flame Demon, Yuan Changfeng and others would naturally not stop it.

Even for such a result, they are happy to see it happen!

The five even took the initiative to lift Chen Feng's encirclement.

Came to the other side, intending to appreciate this self-made Chen Feng.

But, in fact, Chen Feng at this moment is more calm than they actually are.

His life, to be honest, is really not so easy to take away.

Not to mention that he has some hole cards, just the bloodline--

Before, when he was seriously injured and dying, he had absorbed a blood of the gods and demons.

In order to protect Chen Feng's life, he took the initiative to reverse the blood of the gods and demons into infinite blood, as a special substitute.

However, at this moment, a familiar voice suddenly rang in Chen Feng's mind.

"Chen Feng!"

It's Jin Sanye!

What did Xiaojin suddenly say to him at this time?

Chen Feng temporarily separated a little thought and responded, "What's the matter?"

"Go in that golden pagoda."

When he heard this voice, Chen Feng thought he had heard it wrong, and his eyes almost became dull.

Without waiting for him to ask clearly the reason, Jin Sanye took the initiative to speak.

"I feel like there is something good in it. Anyway, it should be good for you."

benefit? good stuff?

What good stuff? Are the souls of thirty ancient demons a good thing?

"I don't know the specific situation, anyway, it's right to listen to us. I will do this later."

After speaking, Jin Sanye continued to hide again, seemingly not ready to explain to him now.

And at this time, on the golden pagoda, an endless black magic energy burst out instantly!

The first tier of gold tower, under the control of the giant black flame giant demon, completely opened!

If it is said that the surrounding devilish energy is so strong that it can even make them less than a hundred meters apart from each other, it is difficult to see each other clearly.

Then, after the first floor of this golden pagoda was opened, the whole world seemed to be splashed with thick black ink.

All corners became pitch black.

Really out of sight!

These devilish energy not only blocked the line of sight, but also carried a kind of power that made people feel uncomfortable and felt particularly depressed.

Although this kind of power is not great, it will corrode people's physical and spiritual power in a subtle way.

Even star maps can pollute!

If Chen Feng hadn't reacted in time and made preparations in the first time, I am afraid it would be affected.

However, at the same time when the black magic energy was continuously pouring out from the golden pagoda!

There is also a stronger suction force, and at the same time, quickly lock the target.

Chen Feng!

Sure enough, only Chen Feng was targeted!

This suction is very strange. The Great Black Flame Giant said to let Chen Feng in first, and it really only locked Chen Feng alone.

The rampant hurricane swept by black magic energy appeared instantly.

Chen Feng suddenly felt like a mountain topped!

Even the surrounding emptiness felt like a prison that was difficult to move.

"Go in, this is the price you dare to use me!"

The black wisp of giant flame big demon Jie Jie Jie Jie and laughed!

Seeing that Chen Feng could not move at all, he could only be sucked into the first floor of the golden pagoda without any accident in the shout of anger.

The magic energy spitting out began to recover once again.

After a while, it was originally a dark picture of the end of the world.

Once again, it was restored to its original appearance.

In the same place, only Chen Feng disappeared.

Everyone could still hear Chen Feng's aggrieved shout.

"Do not--"

Although it was dark just now, it does not prevent everyone from detecting it.

[Chapter 5269: difficult! The powerful soul of the ancient demon!](#)

Chen Feng tried his best to resist, but everything he did was in vain.

The demonic energy around is like a powerful magic hand!

From all directions and from all angles, he firmly grasped Chen Feng's limbs, torso, and head.

He could do nothing but growl angrily.

"What a waste."

Yuan Changfeng made an evaluation coldly, after which Chen Feng was no longer in his heart.

No one would have thought that the appearance of Chen Feng who they saw desperately resisting but unable to do anything was actually fake!

It's all just pretended.

After hearing Jin Sanye's inexplicable prompt, he made a choice in a very short time.

He chose to believe in Sanye Jin.

Therefore, he did not choose to get away, but to show weakness

, Pretending to be unable to break free, was finally sucked into it in despair.

Of course, this kind of disguise is mainly to reduce everyone's defense against him.

On the plain, Chen Feng's figure disappeared.

The black wisp of giant flames looked down, looking at the remaining five young masters in front of him.

Seeing that they were all dying, Yuan Changfeng and the five were still laughing at Chen Feng's results.

The black wisp of giant flame demon only finds it absurd.

"He is stupid, but you are even stupid."

"I thought you might run away while I cleaned him up."

"Unexpectedly, in order to see a person's death, you actually took the initiative to stay."

"That's right, now, it's your turn."

As he said, the huge black flame giant with a height of 100 meters rose up into the sky, and instantly rushed to the five young masters in front of him.

And these are not things that Chen Feng needs to care about at the moment.

No matter how much the Great Black Flame Demon hates him for using himself.

But in fact, since it still started with the five Yuan Changfeng!

So, for Chen Feng, his goal was achieved.

At this moment, these things outside are not what Chen Feng cares about.

Now he has come to the golden pagoda.

This is a boundless world of chaos, with no clear sky above and thick soil below.

There are no stars, nothing.

There is no light and no darkness.

While maintaining absolute vigilance, Chen Feng restored his cultivation base to the strongest state possible.

On the one hand, he was also looking at this vast world.

According to what the Great Black Flame Great Demon said earlier, since this is the first level of the Golden Pagoda, there should be thirty ancient demon souls.

But now, not only is there nothing, it's even dead.

Not to mention the soul of the ancient demon, even Chen Feng himself couldn't feel his own existence.

Looking up, he couldn't see the sun directly, and he didn't even have a shadow.

"What a magical joint world."

At the moment when Chen Feng expressed emotion.

Suddenly, Chen Feng felt a breeze coming from his left ear lobe.

How can there be wind here?

He just confirmed that there is nothing here, how could there be wind?

In an instant, Chen Feng suddenly turned around.

The next moment, his pupils shrank suddenly.

I don't know when, a very imaginary two-meter ancient demon soul instantly appeared behind him.

Although this ancient demon soul has no entity, it looks like a phantom.

But the breath erupting from its body did not dare to let Chen Feng take it lightly.

After being chased for two days in a row, even part of his exhausted appearance was pretended.

But he is indeed not in full bloom now.

And the ancient demon soul in front of him, even in his heyday, may not be able to deal with it.

The soul of the ancient demon looked somewhat similar to the giant black flame giant demon, but not that big.

It was floating in mid-air, and its black eyes were staring at Chen Feng!

Sweeping the tongue, it was like seeing some delicacy.

In the next moment, it moved towards Chen Feng's direction, like a ghost, and quickly drifted over.

The speed is unprecedented!

When it was too late, Chen Feng immediately took a step forward and displayed a magical power.

Buddha's angry eyes and roaring power!

This is not only a spiritual attack, it can also seal the time of three breaths, and more specifically, it is a Buddhist magical power.

Generally speaking, demons tend to avoid Buddhist things.

In an instant, a majestic and angry Buddha.

Riding on the huge purple and white lion, it quickly appeared in front of Chen Feng.

The Buddha appeared in front of the ancient demon soul as if tearing through the void.

That finger was precisely located at the center of the eyebrows of the ancient demon soul that was leaping towards him.

At that moment, powerful mental control forces swarmed out.

Like a spring surging, the ancient demon soul phantom that was about two meters away instantly settled in the void.

"It's done!"

Chen Feng's eyes lit up.

Unexpectedly, he used the Buddha's angry lion roar power to deal with the ancient demon soul.

It's so effective.

However, just when he took out the broken knife and was about to perform a slaying sword on the ancient demon soul opposite.

Suddenly, his face changed drastically!

The original offensive withdrew instantly!

And Chen Feng's figure also escaped from the original place for the first time.

Almost at the same time he stepped away, only a loud noise was heard.

There was a momentary tear in the space where he originally stood!

If Chen Feng did not withdraw in time, I am afraid that he would have been seriously injured by this sudden attack now!

How could this be?

Chen Feng quickly moved and changed positions in shock, constantly avoiding the spirit of the ancient demon rushing towards him.

This ancient demon soul is extremely fast, and every attack is very destructive.

At least, Chen Feng made a slight omission and was careless for a while.

It is possible to die directly here!

This is what the treasure of the Black Wisp Giant Flame Great Demon Family really should have!

In the process of dodge and escape, Chen Feng finally understood his current situation.

The ancient demon soul is very strong!

Very strong!

At least it was much better than his current state, and he had even faintly reached a level comparable to the eleventh floor of the Star Soul Martial God Realm.

Because of this, the Buddha's angry lion roaring skill could have been sealed for three breathing times.

When applied to it, it can only seal half of its breathing time!

Not only that, as originally expected, this kind of ancient demon soul that didn't seem to have much sanity.

In the face of Buddhism supernatural powers, how many will be suppressed.

However, it now appears that either the strength gap is too great!

As a result, even if there is suppression, it will not have much impact.

Or, it has no effect at all!

However, Chen Feng has never been a weak person waiting to die.

After understanding the basic situation, he quickly thought of the offensive method of response.

As soon as his figure appeared, he clenched the knife in his hand!

[Chapter 5270: How to fight this!](#)

Chen Feng turned around and directly faced the oncoming ancient demon soul.

Suddenly, he performed another Buddha's screaming lion roar technique!

Roar--

Amidst the purple-white light, the majestic Buddha, with his angry eyes, tore the void!

In an instant, a finger was placed on the eyebrows of the ancient demon soul.

In this short half-breathing time, Chen Feng's whole body was quietly covered by silver-white light.

His star map was crazily shining, and a large amount of star power was poured into the broken knife in his hand.

"Get up!"

Too high to punish God, take the opportunity to swing!

Although there is no time for three breaths, it is used to make adequate preparations.

However, half a breath is better than nothing!

The silver-white light was like a silk thread, and in this very short time, it had rushed to the ancient demon soul.

And then... actually penetrated the phantom directly!

Go straight into the endless chaos and go away!

Too high to punish the gods, to its intangible existence, it can't cause any physical damage at all!

After half a breath, Chen Feng gritted his teeth and tried again-Heaven and Earth repeated the reincarnation magical power, suddenly generating power!

In the huge and vast space of repetitive reincarnation, three huge vertical eyes burst out with dazzling light at the same time.

The blue mental attack and the jet black manipulative sneak attack are tied for one or two.

While the ancient demon soul rushed towards Chen Feng!

On Chen Feng's side, the light instantly shined!

The faint blue light and the dark black light are like two intertwined silk threads!

With a sharp burst, it hit the ancient demon soul's chest.

"I don't believe it, physical attacks are not effective for you, not even mental attacks!"

Just when Chen Feng's words fell, the soul of the ancient demon that was about to come to him!

Was crushed by the blue and black light!

Torn apart!

"It's done!"

Chen Feng excitedly couldn't help but cheer in a low voice.

Sure enough, this kind of soul with only one phantom could not be physically harmed.

However, since they are souls, they will inevitably be affected by mental fatigue.

However, his cheers did not last long.

The soul of the ancient demon that had been torn apart by the bombardment suddenly changed again.

They actually rushed towards the middle from all directions, and then once again combined into an ancient demon soul!

How to fight this?

Physical attacks cannot cause damage, but mental attacks can be effective.

However, if the soul can be recovered immediately after it is shattered, then the ancient demon soul in front of it is in an invincible state.

No matter how you play, there is only one ending left to lose!

The only consolation is that Chen Feng has encountered many special opponents.

The mentality has been significantly improved in the constant tempering.

Today, even if he encountered such a difficult situation, he did not collapse on the spot.

Before the real results come out, you can never choose to give up!

Chen Feng forced himself, quickly calmed down, and carefully looked at the recombined ancient demon soul.

This time, he finally gave him hope!

Although, the ancient demon soul can be regrouped and restored.

However, when the Ancient Demon Soul was reorganized, its obvious aura and phantom density were much lower than before.

In other words, it also has limits!

Chen Feng immediately saw hope again.

So and so, although the process is very difficult.

However, in the end, Chen Feng still used the heaven and earth to repeat the reincarnation power and the Buddha's angry lion roar power.

This first two meters or so, the ancient demon soul that seemed to have no sanity was completely defeated.

Although, it is still combined.

However, the soul of this ancient demon was so weak that it was almost invisible.

Even more arrogant, causing harm to Chen Feng.

However, although the ancient demon soul was defeated.

Chen Feng himself also had a lot of pain in his mind because of a large amount of mental energy.

He staggered, and his steps were a little floaty.

However, when his divine sense detected that an ancient demon soul of almost the same shape suddenly appeared around him!

Chen Feng's whole body froze.

However, the accident brought to Chen Feng by this trip to the Golden Pagoda is far more than that.

Another ancient demon soul appeared, ten ancient demon souls appeared, and twenty ancient demon souls appeared...

When a total of thirty ancient demon souls directly enclose Chen Feng in a circle!

Chen Feng finally remembered what the giant black flame giant said before.

On the first floor of this golden pagoda, there are thirty ancient demons souls!

As outsiders, the targets of those ancient demons' souls followed Chen Feng!

The breath has become more and more terrifying.

This is to trap him completely here!

Even though it was Chen Feng with invincibility, he felt a tingling scalp at this moment.

How to fight this?

Destroying an ancient demon soul almost completely exhausted him!

At this time, Chen Feng couldn't help but think of the culprit who encouraged him to enter the golden pagoda.

He yelled: "Old Jin, come out for me!"

Before the words fell, Jin Sanye lay in his arms for a long time.

Finally appeared in front of Chen Feng again.

It rattled a weird laugh as soon as it came out.

"Come on, we like this kind of food the most."

eat?

Without waiting for Chen Feng to move his gaze away from the thirty ancient demons who were ready to attack him at any time, he looked at San Ye Jin.

Suddenly, a weird picture appeared!

The souls of those ancient demons suddenly knelt to the ground directly!

They swept away the previous greed and madness, only the appearance of killing.

Now, it was shivering and afraid to resist.

Rao Chen Feng couldn't help but stared straight.

He looked at the fat bird Jin Sanye, and realized that Jin Sanye's racial abilities should be particularly suitable for dealing with such things!

It's like being suppressed by blood.

The situation reversed instantly!

Chen Feng's tight heartstrings suddenly loosened, and he lay on his back softly.

After two days and nights of fleeing, he led several young masters to the Great Black Flame Giant Demon.

He came to this golden pagoda without stopping, and tried his best to eliminate an ancient demon soul that was not actually harmed.

No matter how hard he hits his body, he can't hold it anymore.

On the other side, Jin Sanye swaggered towards the soul of the thirty-thousand ancient demons.

The whole body suddenly burst into golden light.

An ancient demon soul was directly swallowed by Jin Sanye!

When the whole soul of the ancient demon was swallowed into the abdomen by Jin Sanye easily.

Chen Feng clearly noticed that Jin Sanye, who was already fat and brainy.

The whole bird was fat once again.

Although nothing has changed in its body, the golden feathers on its body have quietly added a few more!

No wonder Jin Sanye would encourage Chen Feng to come here.
