

Peerless 5311

[Chapter 5311: The ninth building of the Star Soul Martial God Realm! Finally broke!](#)

This is a small sapling with the appearance of an emperor!

Even if he is just a newborn, he already has vigorous vitality and grand aura.

Even Jin Sanye was amazed: "In it, there is an indescribable sense of mystery!"

"Amazing!"

"But in our impression, we have never heard of such a plant."

Chen Feng had already taken back his mind at this moment and recovered his calm.

"No matter what it is, let's talk about it after taking it."

He reached out and grabbed the small sapling.

It was stuffed directly into the big Xiu Luohong furnace.

Then, before anyone else discovered this place, Chen Feng quickly left.

After returning to Shenyanghui's study, the outside was already surrounded by many subordinates of the law enforcement team in dark red robes.

And, individual guard subordinates in dark black robes.

However, no matter how many of them are.

But now Chen Feng was the strength of the twelfth floor of the Star Soul Martial God Realm, and the world changed its color at every turn.

Inside the mansion, there was another **** storm.

They rushed towards Chen Feng, constantly turning into dead souls under the sword.

Without spending much time, Chen Feng's figure calmly disappeared from the core area of Guixu Sea City.

Appeared on the small teleportation formation in the deep sea.

Unfortunately, the previous ground law enforcement team that was destroyed by Chen Feng and sent to the teleportation formation.

At this time, it happened to take a detour from the deep sea teleportation array outside, trying to return to the core island.

When I saw Chen Feng, my eyes widened.

Soon, in the deep sea, a large swath of blood surged.

The blood water was gradually desalinated after being diluted by seawater.

In a moment, everything returned to calm.

At the same time Chen Feng fled quickly.

In the depths of the sea, in a secret realm far away from Guixu Sea City.

A Taoist Hefa suddenly opened his narrow eyes!

In his eyes, two scorching flames burst out.

"Lazi dare!"

Angrily, he took the next shot, and the ground of the secret realm instantly turned into powder!

This person is the real controller behind the scenes of Guixu Sea Market-Changning Taoist!

"Who is it, dare to steal my things!"

Daoist Changning stood up with the recoil of this palm, his solemn face was full of anger at this moment.

I saw him waving his sleeves wide in front of him, throwing out a scroll, urging a certain secret method.

In the void in front of him, the scroll unfolded on its own, revealing a trace of the heart of the ocean.

"set!"

Following the Changning Taoist's order, the picture stopped at the moment Chen Feng turned and left.

That face was deeply engraved in his mind by Taoist Changning.

"No matter who you are, if you stole my things, you have to pay a price!"

It's just that Chen Feng doesn't know anything about what happened here.

He is now leaving all the way, before the effect of the unbreakable golden pill is over.

Finally, I came to an island that was still safe and unmanned.

Here, it is located on an extremely hidden island inside several high mountains.

Due to the dangerous terrain, it is in a low-lying state.

Perennial cumulus clouds at high altitude obscure the sun and the moon.

Relatively speaking, it is a hidden place.

Taking advantage of the time left for the last incense stick of the golden pill, Chen Feng arranged several protective formations under the guidance of Jin Sanye.

Only then took out the mysterious young sapling just obtained.

The huge cultivation base disappeared from his body, like a low tide, and the speed was so fast that Chen Feng felt a sense of loss.

Experienced the strength of being infinitely close to the Shifang Dongtian realm, and once again returned to the early stage of the twelfth floor of the Star Soul Martial God Realm.

The feeling that the power is not full enough will accompany Chen Feng in a short time.

"I want to become stronger as soon as possible!"

He clenched his fists hard and swore silently in his heart.

At this time, Jin Sanye also flew out of Chen Feng's body and looked carefully around the seedling.

Chen Feng's attention also temporarily returned to the young tree seedling.

It lay quietly on Chen Feng's palm, as if covered with a hazy gleam of sunlight.

Chen Feng could clearly feel the vigorous vitality from the young sapling.

That is the purest anger between heaven and earth.

Whether it's the power of the ocean or the aura of heaven and earth.

All are absorbed into the young saplings and transformed into majestic vitality.

"how about it?"

Chen Feng asked it.

The answer was that Old God Jin Sanye was shaking his head on the ground: "I don't understand, I don't understand at all."

With that said, Jin Sanye leaned forward.

At the young sapling, he pecked carefully.

Unsurprisingly, except for the slight fluctuation of the vitality in the young sapling, there was no trauma on the appearance of the sapling.

Jin Sanye tried again, but the result was still the same.

"It's so strange, this sapling can't see any attributes."

"It's normal, it's like a tree seedling everywhere on the roadside, but it's quite strong."

"No matter how we peck, there won't be any trace left."

Chen Feng looked at this young tree sapling, now at a loss.

"Then is this a treasure or a treasure?"

Jin Sanye thought for a moment, then suddenly raised his head and looked at Chen Feng: "Or, are you trying to swallow it?"

"Anyway, although I don't know what this thing is, it is definitely a treasure of no less than 9th grade."

"That's okay? Isn't it too rash? What if its greatest effect is not swallowed?"

Chen Feng looked at the small sapling in his hand, and hesitated about the proposal Jin Sanye gave.

"Anyway, it was something unexpected. If it was swallowed, it was swallowed."

"Things that have been bred for so long in the heart of the ocean are definitely good things."

"We checked and it is not poisonous."

"Besides, the most important thing for you now is to improve your strength!"

Chen Feng was persuaded by Jin Sanye.

He tried to hold the young sapling and began to absorb its vast vitality.

When the endless anger was sucked into the body, Chen Feng felt an extremely comfortable feeling.

There is a soft, gentle force that is constantly poured into his body.

The small sapling in his hand suddenly began to glow with emerald green light.

As the anger is absorbed, it gets smaller and smaller.

In the end, it turned into a puddle of water and was directly absorbed into Chen Feng's palm.

At the moment when the sapling was completely swallowed!

Chen Feng's whole body was wrapped in emerald green light and rose into the air.

He closed his eyes subconsciously, and started his mind spontaneously.

In my mind, a door that had always been closed quietly opened.

Hum!

Jin Sanye, who was guarding the law, immediately felt that Chen Feng's breath had undergone a new level of transformation.

He officially broke through the obstacle of the peak of the eighth floor of the Star Soul Martial God Realm, and successfully reached the ninth floor of the Star Soul Martial God Realm!

The realm that had been stagnated for a long time before, unexpectedly broke through silently at this moment!

[Chapter 5312: It's here!](#)

However, the changes brought about by the young saplings are far from over.

The emerald green light continued to envelop Chen Feng, trying to change every inch of his flesh and blood and meridians.

For a moment, Chen Feng even felt the five-hundred-year longevity that was missing from the previous use of Jindan.

It seems that under the angry supply of the young sapling, it has been made up again.

Chen Feng felt warm and comfortable all over.

The same is true of his spiritual world.

This made him feel sleepy, and finally fell asleep.

Until I don't know how long it took, Jin Sanye's voice exploded in his mind.

Only then did Chen Feng wake up again.

"Aren't you asleep?"

Since embarking on the road of cultivation, until now, Chen Feng no longer needs to rely on sleep to recover his strength.

But today, after a long absence, he felt the extremely comfortable feeling of waking up and stretching.

Chen Feng didn't wake up suddenly until Jin Sanye reminded him.

Realize that this behavior is rare.

"How long did I sleep?"

"Two days and two nights! You can really sleep!"

Jin Sanye complained.

Chen Feng retorted, "Before you met me, didn't you sleep for tens of thousands of years?"

Jin Sanye was suddenly speechless, his eyes rolled, and he quickly changed the subject.

Urged, "You quickly see if there is any change in your body."

Without it reminding, Chen Feng already looked at himself internally and quickly checked.

The most intuitive change is naturally the improvement in cultivation.

After sleeping, the cultivation base not only broke through the bottleneck quietly.

It even reached the middle stage of the ninth floor of the Star Soul Martial God Realm!

Now Chen Feng, even in the face of Yu Nanhua, who nearly killed him before, is confident of victory!

The corners of Chen Feng's lips raised slightly, and his fists were clenched.

I felt the feeling of power "returning" again.

However, when I see my own star sea world.

Chen Feng realized that the real change was here!

In the original huge star map space, a big sun is the center and ten big moons revolve around it.

In the distance, there are countless stars embellished.

But now, a green light appeared here.

Looking along the light, a stone less than half the size of a slap appeared here at some unknown time.

Above, a small sapling grows impressively!

It was the little sapling that he swallowed!

"It swallowed a bit, and an extra stone came out..."

Chen Feng really didn't know whether to be happy or what to do.

The small tree sapling was very close to the sun, but it was not affected by the extremely high temperature of the sun at all.

It is still green and dripping.

Even the tip of the tender green seedling was still hung with a touch of crystal dew.

"What's happening here?"

Chen Feng told Jin Sanye the abnormal changes in his body.

A person's blankness has become a person and a bird's blankness.

Even Jin Sanye didn't know what was going on.

"You try to see if the operation cultivation base will affect it?"

Chen Feng tried many times immediately.

In the end, it was determined that this young tree sapling was like borrowing a treasure to grow.

At present, it will not affect any of his performance at all.

"If that's the case, then just leave it alone."

"From our experience, even if it's not a good thing, it certainly won't be a bad thing! Don't worry."

Chen Feng nodded.

He stood up from the ground, clenched his fists: "I can't wait now, I want to fight with someone."

As soon as he said this, a familiar breath suddenly came out of the void in the distance.

Chen Feng looked up and looked in that direction.

"What do you want?"

I saw the extremely distant sky, and two familiar figures appeared.

Riding on an immortal boat of the Galaxy Sword Sect.

It has been entangled twice, and even almost fell into the hands of others.

Chen Feng is already familiar with those two breaths.

The man headed by him had a plain appearance, but he had the powerful strength that he had just set foot on the twelfth floor of the Star Soul Martial God Realm.

Not his "good fellow" Yu Nanhua, who can it be?

Yu Nanhua is still a hypocritical face.

Across the distance, Chen Feng could feel his presence.

He, naturally, can feel that Chen Feng has discovered them at this moment.

The Xianzhou of the Galaxy Sword Sect is faster than the average Xianzhou, and the controller is a powerful person.

It didn't take long for them to zoom from a black spot to a clear outline.

Finally, he appeared in front of Chen Feng and blocked his way.

If this scene happened three days ago, even a few hours ago.

At this moment, Chen Feng had only one choice, and that was to turn around and flee.

But, unfortunately, now he has once again seized the opportunity!

Yu Nanhua, who had made him angry but had to retreat!

Now, it's like a poultry delivered to the door to be slaughtered!

What kind of discipline, what can't be mutually in the same family, all nonsense!

Chen Feng also clearly remembered that on the day when the Jade Breaking Conference ended, Yu Nanhua asked Xianghuang God General Zhai Changzun in public—

"Dare to ask the Desolate General, if the Galaxy Sword Sect is fighting internally, how should it be counted?"

Outside, the same door even wants him to die more urgently than outsiders!

New and old accounts are reported together today!

Chen Feng's face was sullen, and he was too lazy to talk nonsense, and directly showed the broken knife in his hand.

At the same time, quietly condensed the aura that he had just broken through to the ninth floor of the Star Soul Martial God Realm.

At this moment, Yu Nanhua, although still sneered on the surface, was full of mockery.

But in fact, when you look closely, you can see that there is a vigilant light in his eyes.

When Chen Feng saw that they didn't run away like before, they seemed to be waiting for them to come.

This kind of reaction, although just as he intended, can be seen to be problematic.

"Could it be that he really feels that relying on that giant cauldron can be invincible?"

Yu Nanhua's mind is constantly changing.

It's just that people are already in front of them, even if they are vigilant.

At this moment, we must also seize the advantage in momentum.

Thinking of this, he curled his eyes, and said in a strange way:

"Why, think about it clearly?"

"I told you earlier that I will hand in all the treasures obtained from the Asura world."

"Since I am your senior, if you cooperate obediently."

"I will not confront you with swords, let alone take your life."

When Nanhua spoke, Chen Feng looked at Luo Miaoyin who was standing beside him coldly.

Compared with Langzi's ambition, Yu Nanhua is clear at a glance.

Chen Feng actually had a headache on how to deal with Luo Miaoyin.

As the daughter of the Star River Sword Sect master, she is young and talented.

However, his mind was too simple, and he would believe it if he was provoked a few times.

Since then, all the way and his own enemy.

She is now standing beside Nanhua.

[Chapter 5313: Is there a magic weapon? so what!](#)

Obviously, the leader among the four had already unknowingly changed from her to Nanhua.

Luo Miaoyin probably also felt something was wrong, but couldn't tell.

That's why I was at a loss at this moment, but still habitually followed Yu Nanhua.

Yes, after all, Yu Nanhua was summoned by her.

Compared to Chen Feng, who heard from others, who was ill-fated, Yu Nanhua is naturally the forefront of the three hundred and sixty true disciples.

Make her more convinced.

Chen Feng completely ignored Yu Nanhua's nonsense and asked Luo Miaoyin with a sneer:

"What do you think?"

"Do you also think that I should give all of the gains from the Jade Smashing Conference to a so-called 'senior brother' who yells at me?"

He took a step towards Luo Miaoyin: "If it is you, even if you are participating in a competition on behalf of the Galaxy Sword Sect!"

"Dangerous situation, after victory!"

"An elder brother who doesn't know him at all, he said that he should give him all the income and let him hand in the sect!"

"What do you think?"

"After he publicly asked if he would be held accountable by the great deserter if he fought in the same door!"

"After he attacked you, do you still believe his nonsense!"

Chen Feng's question was loud and loud!

One after another, it struck Luo Muoyin's spiritual world.

She can answer these questions directly without hesitation.

There is no doubt that the so-called fellow brother, the goal is basically those treasures.

What is turned in on behalf of, how ridiculous.

"But... he is Senior Brother Yu Nanhua."

Luo Miaoyin's voice also lacked confidence, and even looked at Nanhua blankly.

At this moment, Yu Nanhua's face was already extremely ugly.

He has realized it.

Let Chen Feng continue, Luo Miaoyin will be awakened!

"The teeth are sharp and the mouth is so inverted, but I just want to embezzle all the benefits."

"Broken Jade Conference. I am at the scene, and I know exactly how your performance is!"

"Arouse countless grievances for the sect, and want to stay out of the matter and swallow all the benefits. How can there be such a good thing!"

The sound waves rolled, instantly interrupting Luo Miaoyin's hesitation.

Chen Feng sighed silently when he saw Luo Miaoyin whose face changed again.

He has tried his best.

To this point. The one who hasn't awakened is just a fool.

With Yu Nanhua's violent drink, Chen Feng's fist also lit up with a warm white brilliance!

The surrounding space began to oscillate, as if it would be torn into space cracks at any time.

At this moment, Chen Feng is facing Yu Nanhua!

With all his strength, the Broken Blade with the Qingqiu Soul of Sword in his hand faintly flashed, and the separation was severely slashed towards Yu Nanhua!

"Too high to punish God!"

Chen Feng yelled, all the hidden murderous intent and sword intent between the world and the earth, at this moment, they are all reduced!

Even the sky and the earth seemed to be dimmed in brightness.

In the world, there is only a tiny silver wire.

In the direction of Yu Nanhua, she swept away unswervingly.

Yu Nanhua subconsciously felt that something was wrong.

I wanted to avoid it, but found that this silver thread seemed to come slowly, but in fact it was extremely fast!

There was not much time left for him to react at all, and the silver thread was drawn on his body.

boom!

The sword intent containing infinite murder lies in the moment when Nan Hua erupted inside!

The void seemed to tear apart.

His face suddenly turned pale, and his whole body was shaking like chaff.

Yu Nanhua stared incredulously!

It seems that I can't believe that Chen Feng's strength has improved so much after a few days.

At this moment, he finally understood!

Why did Chen Feng look calm when he saw himself again!

Blood splattered, and red blood poured out of Yu Nanhua's chest.

Too Shang Zhushen cut that knife and directly cut half of his body!

If it weren't for his instinctive warning, he avoided the deadly key at the critical moment and protected the Dantian world from damage.

Otherwise, the current Yu Nanhua has long been cut off from life, and there is no whole body!

In the infinite panic, Yu Nanhua finally discovered the real cultivation base aura of the person in front of him-the ninth building of the Star Soul Martial God Realm!

"This **** thing!"

"In the past few days, I don't know what chance I have gotten, my cultivation base has actually improved again!"

Yu Nanhua suddenly remembered the scene when he saw Chen Feng from a distance.

Under the overlapping cumulus clouds, on an extremely hidden island, Chen Feng looked calm.

Stand with your hands behind, motionless.

At first, he thought Chen Feng was giving up resistance and waiting to die on the spot.

Thinking about it now, in Chen Feng's eyes at that time, Yu Nanhua himself was more likely to take the initiative to send him to the door to find death.

When he guessed that Chen Feng relied on refining the giant cauldron, his heart was extremely swollen.

In fact, Chen Feng had long planned to leave his life in Nanhua here today!

Yu Nanhua was completely frightened!

He stared at Chen Feng in front of him with a grim face, then turned and fled.

Do not!

He must not die!

When I received the order, I came to solve Chen Feng.

But, of course, his life is more important than the benefits that the person promised.

Chen Feng is now stronger than him!

Don't run away again, the former performance in the Jade Smashing Conference.

Chen Feng will never let him go!

He knows Chen Feng's decisive character better than anyone!

"Want to run now? It's late!"

Chen Feng's slightly playful voice echoed in Nan Hua's ears.

It was like a urging magic sound, scared to death.

Immediately afterwards, the sound of bone crackling came from my ears.

Yu Nanhua was so frightened that he never dared to underestimate the enemy.

Turn your hand directly and take out a flag with a special material!

He stood in front of Chen Feng's fist and broken knife.

"Nishikori God Feather Flag!"

Luo Miaoyin, who was on the side, was shocked by the trump card Yu Nanhua suddenly took out and blurted out.

This is a high-grade magic weapon, extremely good in defense.

"A magic weapon? So what!"

"Die to me!"

Chen Feng clenched the broken knife with both hands, mobilized all the strength of his body, and slashed towards Yu Nanhua in front of him.

Hum!

Qingqiu Soul of Sword, now!

It actually showed up!

At this moment, there seemed to be a special resonance with Chen Feng.

At this moment, in a radius of tens of thousands of miles, it seems that there are thousands of horses neighing and thousands of monks roaring!

It was a grand scene that would only be seen in a real battlefield, but it made the three of them seem to be on the scene at this moment.

In Chen Feng's eyes, it seemed that two raging fires ignited at this moment.

The whole body's cultivation base has moved to the extreme!

With the broken knife in his hand, the soul of the sword rushed downward in unison!

The Nishikori God Feather Flag glowing with colorful glory!

No matter how bright the colorful brilliance was, it was eclipsed by the blood.

Immediately afterwards, the indestructible Nishikori God Feather Flag!

[Chapter 5314: punishment?](#)

There was a sound of Jin silk being torn by life.

That was the most desperate and final voice heard in Nanhua's life.

Boom!

The dead body fell heavily and hit the island below.

Soon, he was engulfed by a fierce wave and brought into the deep sea.

Chen Feng stood above the void!

The aura still stayed on the thrilling knife just now.

That kind of self-employed, unrelenting spirit!

That kind of overbearing to give to me!

It's been a long time for him to recover calm.

He turned his head abruptly, his sharp eyes like a falcon, instantly locked Luo Miaoyin firmly.

In the blink of an eye, this figure with a powerful aura appeared in front of her.

Luo Miaoyin was scared silly!

She even forgot to urge her cultivation base and forgot to run away.

Or, beg for mercy!

Even the body that Yukong was standing up lost his head due to being so panicked.

Like a kite, it almost fell to the ground in embarrassment.

"No... don't come over!"

At this moment, she is like the most ordinary girl.

Backed in a panic, eyes full of panic and helplessness.

It was an accident that evoked Chen Feng's strange emotions.

Malicious sprang up in Chen Feng's heart, deliberately deceiving himself, pretending to want to be thinner than her.

"Don't come here!"

"Who will save me...uuuuu..."

Luo Miaoyin was terrified.

Tears pattered down on the baby's face that was a little tender and cute.

Pear blossoms with rain, looks strange and pitiful.

At this time, the special resonance that Chen Feng had previously had with Qingqiu Soul of the Sword gradually disappeared.

Kuang Wu's long hair gradually calmed down, and was again wrapped behind Chen Feng's head.

The hunting clothes also stopped moving, quietly subdued.

Chen Feng looked at Luo Miaoyin, who was trying to get crooked somehow, and for a moment he didn't know what to do.

In the end, no matter what.

He stunned Luo Miaoyin first with a knife.

In this world, peace was finally restored.

However, looking at Luo Miaoyin who had fallen asleep on the ground, Chen Feng had a headache.

He bowed his head and called out Jin Sanye.

"Give me some ideas, what should I do with her?"

Although when I first saw Luo Miaoyin, this person was indeed arrogant and ignorant, it was incorrigible.

But now, Chen Feng's impression of her has also changed.

I don't know if it was the master Luo Xingchen who protected his precious girl too well, or what other reasons.

Although Luo Miaoyin was a little bit coquettish and unreasonable, but at the same time, his heart was crystal clear.

It's almost like a piece of white paper, which can be described at will.

After being chased and killed by fellow disciples several times this time, it looked like Luo Miaoyin took the initiative to look for trouble.

But, as long as you think about it, you will find that Luo Miaoyin has been used as a chess piece!

"Idiot, I don't even know that I was being used."

However, even so, Chen Feng felt complacent in his heart!

If he didn't clean her up, he couldn't hold back his breath!

Chen Feng looked down at Luo Miaoyin on the ground.

Seeing teardrops hanging on her thick and long eyelashes, she sighed helplessly and shook her head.

He looked at Sanye Jin: "How about it, do you have any ideas?"

"Have."

"However, we are not sure if she will develop according to our expectations."

"Hey..."

Before he finished his words, he saw Jin Sanye thief smile.

Flapping wings flew towards Luo Miaoyin, grabbing her clothes.

Stabbed...

"what are you doing?"

Chen Feng was shocked!

Watching Jin Sanye quickly ripped Luo Miaoyin's clothes and messed up his hairstyle.

Some bruises were created on her body.

"Hehehe... The little girl's film is not deeply involved in the world."

"When you wake up later, you will say that the two of you already have a husband and wife relationship."

"We guess that she will cry for a while, and then I'll consider it yours."

Chen Feng suddenly lost all thoughts in his heart.

However, the third master Jin was more thief than anyone else, and quickly rushed back into his body with a smirk.

Chen Feng looked at Luo Miaoyin who was sleeping on the ground in front of him.

Seeing her eyelashes tremble suddenly, she gradually regained consciousness.

"Well....."

Luo Miaoyin frowned before opening his eyes.

Her hands subconsciously touched the places on her body that had been torn apart by Jin Sanye.

I didn't know what was muttering in his mouth, and then he had a sudden stop.

Chen Feng could feel her originally harmless and sloppy aura.

Suddenly, it became violently ups and downs.

Luo Miaoyin suddenly opened her beautiful eyes, and then clicked again, crossing her hands, covering her chest.

"what did you do to me!"

The voice that has always been strong and coquettish, even at this moment because of being too flustered, even a little changed.

Without waiting for Chen Feng to answer, she lowered her head and quickly took a look at her condition.

Then, her thin lips tightened, gritted her teeth.

The whole body began to tremble.

When he looked up at Chen Feng again, those eyes were filled with tears and disbelief.

Watching her reaction like this.

At this moment, Chen Feng even felt that even if he said that nothing happened between the two of them, this girl would only think that he did something but didn't want to be responsible.

Today, Chen Feng really has no choice but to admit it.

He deliberately made a look like a smile but slowly approached Luo Muoyin.

"Just as you think, the two of us already have the reality of a husband and wife."

After hearing Chen Feng gave a clear result.

Luo Miaoyin cried directly with a "wow" on the spot!

This made Chen Feng feel a bit at a loss for a while.

At the same time, he increased his vigilance.

For fear that Luo Miaoyin suddenly violent at this time, he would die with him.

However, Luo Miaoyin did not do so.

She wrapped her lotus arms around her shrunken jade legs, covered her face with her hands and wept.

Chen Feng stood aside, a little embarrassed.

At this time, he went up and said nothing was right.

Can only wait for her to calm down.

However, I cried for a long time.

The ears almost hear the cocoon!

Chen Feng looked helplessly at the horizon.

The sky was getting dark, but Luo Miaoyin didn't mean to come back calmly.

I can't wait any longer!

Chen Feng turned around and left, wishing to disappear in front of Luo Miaoyin now.

At this moment, Luo Miaoyin actually raised his head.

They stood up together.

Where Chen Feng went, she followed without a word.

"What do you mean?"

The protagonist who was followed turned around helplessly and looked down behind her, this little girl who also bowed her head and said nothing.

Luo Miaoyin's hands were entangled with two green jade fingers.

At this moment, she didn't look like her previous spoiled and rude appearance.

On the contrary, it is a bit like the young daughter of someone who just married.

She didn't dare to look up,

She was particularly vague and couldn't hear what she was saying.

"speak politely!"

Chen Feng shouted impatiently.

[Chapter 5315: One month later!](#)

Hearing Chen Feng's order, Luo Miaoyin could only raise his head reluctantly.

He met Chen Feng's gaze with a bitter face, and said aggrievedly:

"I said, from now on, I will be yours!"

"what?"

Chen Feng was almost stunned by this answer.

This Luo Miaoyin, is she a fool?

It's exactly the same as what Jin Sanye said!

Chen Feng simply disliked it: "Just like you, you can still live to the present."

After speaking, he couldn't help shaking his head.

Turn around and leave quickly...

In a blink of an eye.

More than a month has passed since the Jade Broken Conference ended.

On this day, in the Zongmen Hall of the Galaxy Sword Sect.

At this moment, a lot of disciples of the Five Great Sword Sects were rarely gathered.

Especially in the middle of the hall, the disciples standing at this moment were all excited.

Today is the day of awards in the Galaxy Sword Party.

At this broken jade conference, the Galaxy Sword Sect unexpectedly swept away the decline of previous sessions and even won the championship.

Such a wonderful performance, let them finally sit firmly in one of the nine powers of the Eastern Wilderness!

Let those who secretly want to take the opportunity to remove the Galaxy Sword Sect from the list of the nine powers, no matter how angry they are, they can only hold back.

Can't say anything!

It can be said that Chen Feng's performance this time is quite controversial.

But on the whole, many elders of the Galaxy Sword Sect still exhale.

Even the waist pole is straight.

However, so many days passed, this time the biggest hero Chen Feng himself.

But for some reason, he never returned to the Galaxy Sword Sect.

It is precisely because of this that this awards meeting, which was supposed to be held long ago, has been delayed.

Until a month has passed, and if I drag on, I don't know when it will be headed.

With the promotion of some elders, today's award ceremony finally started without Chen Feng.

At this moment, Jiang Yunxi, Que Yuanzhou and Que Yuanyi were also standing in the center of the hall.

They stared at each other, and constantly looked towards the outside of the Zongmen Hall.

The anxiety on his face is visible to the naked eye.

"It's been a month, why haven't Brother Chen Feng come back?"

"He won't have gone to the Great Desert Lord's Mansion already, right?"

"probably not."

Jiang Yunxi shook his head.

In contrast, she knows Chen Feng best.

She turned to look at the two Que Yuanzhou brothers: "Remember his expression when he asked the **** of desolation to **** us?"

The two nodded at the same time.

of course I remember.

The situation at the time was not only the four of them, but also the **** of desolation.

Including everyone present at the time, it was very clear.

Chen Feng offended too many people!

That's why he asked the **** of desolation to let the three of them escape.

Ping An returned to the Galaxy Sword Sect.

To be honest, Jiang Yunxi knew better than anyone the moment they set foot on the Xianzhou and left.

Chen Feng used himself as a bait to attract those secret opponents.

Turning around, Jiang Yunxi looked firm and whispered:

"I believe he will come back."

This sentence is like a guarantee and self-comfort.

Que Yuanzhou also wanted to drive, and nodded: "Yes! I have seen this trip to the Asura world."

"Following the Chen Feng brothers, although perilous, the dangers that may be encountered are extraordinary."

"But he always seems to have the ability to escape from the dead!"

Que Yuanyi also agrees very much: "I believe that this month he disappeared, he will definitely be like this."

"Brother Chen Feng's fate is very big."

However, when the three of them thought so, the person next to them might not be.

The master of the Galaxy Sword Sect, the rare ones also showed up.

At this moment, he was already sitting at the top of the Zongmen Hall.

Next to him, in order were the supreme masters of the five sword sects: Tianquan, Tianxuan, Tianji, Kaiyang, and Tianshu.

On both sides, there are some elders who are rarely seen on weekdays.

Except for the participating disciples who came back alive after participating in the broken jade conference.

The disciples of the other five sects were all standing around the lower part of the hall at this moment.

Standing with the three of Jiang Yunxi, everyone was watching, as well as the participating disciples who had been driven away by Chen Feng.

After Chen Feng drove them away that day, Elder Peng Wujue took the disciples to the resting place of Yi Zhiguang.

With the light of Yi, they finally entered the Shura realm smoothly.

And these people are quite happy that Chen Feng hasn't appeared yet.

In contrast, those elders headed by Peng Wujue even smiled.

Compared with Jiang Yunxi and the others, these elders and suzerains who have never looked down upon Chen Feng.

In my heart, I wished Chen Feng died early.

A bad guy like him is lawless!

But unfortunately, the sect master insisted on bringing in Chen Feng.

Moreover, when he ignored the rules of the school several times and acted wildly.

From beginning to end, there is no substantial punishment.

This made them gritted their teeth!

"Sect Master, are you really not waiting for Chen Feng?"

Yue Xinlan stood behind Zhong Li Yaoqin, her face burnt.

During this period of time, as the master and elder of Tianshu Sword Sect.

Naturally, they tried their best to propose to the sect master to let the award meeting wait until Chen Feng returned to the martial art.

After all, Chen Feng is the biggest contributor to this broken jade conference!

Since there is a commendation meeting, I will give a reward to the disciples participating in the Jade Jade Competition.

The biggest hero hasn't arrived yet, what's the point of opening it?

However, they obviously failed.

Today's Tianshu Sword Sect is still too weak after all.

Even if Zhongli Yaoqin's old illness is healed now, his cultivation has reached a whole new level.

It is also difficult to restore the glory of Tianshu Jianzong in a short period of time.

Seeing their ugly faces, Murong Han's eyes flashed an imperceptible sneer.

"I don't think Chen Feng can come back."

Not only did he dare to speak, but he didn't hide the pride on his face.

As the Tianhe elder of the Tianquan Sword Sect, the grudge between Murong Han and Chen Feng was no longer a secret.

Because of Huo Qingzhu's incident, Chen Feng was retaliated by Murong Zhe.

Beat the boy and call Lao Tzu, and that's the case with the father and son.

Below the Zongmen Hall.

Except for the three of Jiang Yunxi, the faces of the other participating disciples also showed a smile.

As long as they see Chen Feng's downfall and bad luck, they will be happy!

Zhong Li Yaoqin turned her face coldly, her cold eyes swept over Murong Han.

"Listening to Elder Murong's tone, why does it seem to be certain that our Tianshu Sword Sect disciple will not come back?"

Suddenly!

At the top of the hall, the atmosphere suddenly became tense.

Seeing Zhong Li Yaoqin's angry appearance, Murong Han not only didn't have the slightest identity fear.

On the contrary, it seemed like a provocation, and smiled coldly.

In fact, Zhong Li Yaoqin thought well.

As early as when Chen Feng and others were sent to participate in the Jade Breaking Conference, he had already contacted Yu Nanhua in advance.

[Chapter 5316: I want a fair one!](#)

Murong Han's hatred for Chen Feng can be said to be quite strong.

He wanted to keep an eye on Chen Feng when Nanhua was in the Jade Breaking Conference.

If Chen Feng's performance is outstanding, what ranking really won.

Even out of the limelight.

Then let Yu Nanhua find a way to prevent him from returning to the Galaxy Sword Sect.

It's more insidious than that.

Before Nanhua left.

Murong Han suddenly remembered the special treatment given to Chen Feng by Luo Xingchen.

Can't let the master be infinitely tolerant of that kid!

Murong Han's eyes rolled, and his plan came to mind.

Therefore, there will be everything that happened before.

Luo Miaoyin encountered all kinds of things as soon as he left the customs, and immediately came out to deal with Chen Feng.

Everything was planned by Murong Han.

Even if the protagonist Luo Xingchen would not favor his daughter on the surface.

But how can a father be unfeeling and sensible?

Murong Han looked at Luo Xingchen who was sitting at the doormaster at this moment.

Sure enough, Luo Xingchen did not change his expression for the present form.

Zhong Li Yaoqin's attitude is already very obvious.

If it were in peacetime, with the character of the master, it would definitely not turn a blind eye like it is now.

Seeing such a picture, Murong Han was even more proud.

He was more confident in his heart, and his waist became straighter when he looked at Zhong Li Yaoqin.

"Sect Master Zhong Li, don't spit blood!"

"I don't think it has been so long. Chen Feng hasn't returned to the Galaxy Sword Sect."

"If nothing happens, how can we wait so long?"

Murong Han was even more towards the suzerain and elders around him.

Even, facing the doormaster Luo Xingchen, he stubbornly cleared his throat.

"Although Zaixia is only a mere elder Tianhe, he is not even named in front of the masters and sect masters."

"But I still want to say something to my heart."

With that said, Murong Han took a step forward: "According to the past habits of our Galaxy Sword Sect."

"After each jade fragmentation conference is over, the awards conference will generally be held within seven days."

"This time, because of a disciple like Chen Feng who hasn't returned for a long time, the award meeting has been delayed."

"Dare to ask Sovereign Zhong Li, we admit that Chen Feng under your sect has performed outstandingly, but this award ceremony is not set for Chen Feng alone."

He stretched out his hand, pointed at the group of disciples standing in the center of the hall at this moment, righteously said: "Please also Sect Master Zhong Li to look at these disciples!"

"They also participated in the Broken Jade Conference and entered the Shura realm."

"Although his performance is not as outstanding as Chen Feng, how can I say that it has not incurred any hatred for our Galaxy Sword Sect?"

"Please also Sect Master Zhong Li not to be constrained by the gains and losses of the only disciple of your sect."

"After all, the Galaxy Sword Sect is not the only sect of the Tianshu Sword Sect. Do you think this is true?"

Upon hearing this, the faces of Zhong Li Yaoqin, Yue Xinlan, and Jiang Yunxi below became extremely ugly.

This old Murong Han thief is too sinister with his intentions!

Those words not only blurred the focus, but also deliberately weakened Chen Feng's contribution.

He even taunted Sect Master Zhong Li with a spear and a stick.

Blame her for not knowing the general!

However, he has done a lot of superficial skills, and it is difficult for him to think of a complete wording for a while to refute.

However, at this time.

Outside the main hall of the sect, a dark figure flew in suddenly.

"what!"

Someone was unprepared and spoke on the spot, breaking the tense atmosphere in the entire Zongmen Hall.

In an instant, many people's attention was focused on the thing that suddenly flew in.

Looking intently, the whole hall was in an uproar.

"Brother Yu Nanhua's... head!"

"How is this going!"

"Who did it? Did an enemy attack!"

Inside the hall, there was a commotion like wanting to explode.

Everyone is arguing.

At this moment, a clear voice suddenly spread from outside the Zongmen Hall.

"Dare to ask Lord Sovereign!"

"I, Chen Feng, participated in the Broken Jade Conference, and I won the first glory for the Galaxy Sword Sect after nine deaths!"

"As a result, on the way back, there was a Galaxy Sword Sect disciple who wanted to kill me! Insult me!"

"There are elders of the Galaxy Sword Sect, crush and destroy me!"

"I, Chen Feng, want to ask!"

"Zongmen rules! Where is it!"

"Warrior morality! Where is it!"

Everyone was shocked.

Look back at all.

I saw a slender figure walking slowly at the entrance of the hall.

The young man was thin in figure, handsome in his face, and his eyes were as bright as stars.

It is Chen Feng!

Behind him, there was a girl who was wronged and followed there.

Blushing, head down, dare not speak.

"It's Chen Feng! He's back!"

"Chen Feng!"

When the three Jiang Yunxi saw this scene, their faces were full of joy, and they quickly greeted them.

"Chen Feng, are you okay?"

Chen Feng smiled and embraced the three of them.

Then he stood up straight, his eyes slowly swept across the faces of everyone in the hall.

With a cold smile: "Since I'm okay, some people will have something to do!"

Hearing this, everyone in the hall changed their expressions.

Many of them are stronger than Chen Feng.

But at this time, he dared not look directly at Chen Feng.

There are also a few people with erratic eyes, obviously they have ghosts in their hearts.

Chen Feng straightened his body, his eyes fell on the face of the door master, and he said word by word:

"Master of the door! I want justice!"

Luo Xingchen squinted his eyes and looked at him: "What justice!"

Chen Feng's voice echoed in the hall: "First Luo Miaoyin, then Zhuge Hongcai, and then Yu Nanhua!"

"These good disciples and disciples of the Galaxy Sword Sect, after I won the first place in the Broken Jade Conference, they brought masters and hunted me all over the world!"

"Master, I want to ask, why is this!"

"Behind, who is instigating!"

Hearing this, Luo Xingchen's brows suddenly frowned.

He didn't quite understand the matter here.

But he is an old fox who has been in charge of the Galaxy Sword Sect for many years. After a little thought, he guessed what happened.

Suddenly, his eyes became grim.

Slowly fell on the faces of the first few seats below.

Yu Nanhua and others were so bold and reckless, naturally someone was behind them.

And it was these people who made him even more angry, using Luo Miaoyin!

This is his daughter!

His blood!

Luo Xingchen is obsessed with cultivating, and doesn't care much about family affection.

Therefore, this daughter is rarely taken care of.

Family affection can be regarded as indifferent.

But this is his daughter after all!

These people calculated to use Luo Miaoyin, and that was to slap him in the face!

That is to not put him in the eyes of the master!

"You guys are looking for death!"

He took a deep breath, did not immediately attack, but beckoned: "Miao Yin, come here."

"How is this going?"

[Chapter 5317: Break your arm! Are you convinced?](#)

Luo Miaoyin walked over aggrieved and whispered.

Luo Xingchen was even more angry when he heard it!

Sure enough, Chen Feng said, not bad at all.

Of course, Luo Miaoyin didn't dare to say what happened to him.

Luo Xingchen frowned, feeling that her mood was a bit wrong.

"what happened?"

"Chen Feng hurt you?"

Luo Xingchen's breath swept across, but he felt nothing unusual.

"no no....."

Luo Miaoyin quickly squeezed out a smile: "He didn't move me."

Luo Xingchen nodded and didn't think much.

He stared down and said coldly: "What Chen Feng said is true."

As soon as these words came out, the situation suddenly changed dramatically!

Can't intervene,

but. For the inside of the Galaxy Sword School, that's a big deal!

The things Murong Han said earlier were shattered to pieces under Chen Feng's bombardment.

Chen Feng turned sideways and finally gave Luo Miaoyin a look.

"Before the Broken Jade Conference, I had never met Senior Sister Luo Miaoyin, let alone slandered her in front of anyone."

"It can be said that she has no grievances or enmity with her."

"The disciple wants the sect master to ask on his behalf, why did Senior Sister Luo Miaoyin come up and shout at me?"

"Even if it fails once, it will be pursued one after another!"

Luo Xingchen, who was sitting in the position of the sect master, turned his attention to Luo Miaoyin.

Being scrutinized like this by his father's father, Luo Miaoyin lowered his head, and his whole body trembled.

Even if Luo Xingchen did not release a trace of breath,

But being examined by that serious gaze, Luo Miaoyin still suddenly felt the great pressure.

Finally, the doorkeeper spoke.

"how do you say?"

Luo Miaoyin lowered his head and dared not look at his father, and his voice was as fine as a mosquito.

"I... As soon as I left the customs, I heard about Chen Feng's various bad deeds..."

Speaking of later, she even dare not speak.

At this point, she still didn't understand why she did it completely wrong this time!

I was completely led away by the nose.

"...I'm sorry, the disciple knew it was wrong."

"However, the disciple did not kill Chen Feng anymore!"

Luo Miaoyin waved his hand again and again.

Inside the sect hall, gradually became silent.

The original awards ceremony, with Chen Feng's domineering return safely, finally ushered in a climax.

Especially Murong Han, when he saw Yu Nanhua's head, his face was as black as the bottom of a pot.

If there weren't so many people watching, he might really shout out.

This is impossible!

Yu Nanhua's strength is ranked 25th among the 360 true followers of the Galaxy Sword Sect!

How long did Chen Feng enter the Galaxy Sword Sect?

How could it be possible to kill Yu Nanhua in turn!

However, watching Luo Miaoyin's subsequent words and deeds.

Even if Murong Han was so angry that he would crush his teeth, he could only swallow his anger.

He can't say anything!

Otherwise, it will be burning.

Luo Xingchen's gaze swept across the head of the person on the ground again.

I want to know that Zhuge Hongcai must have died too.

The only one who survived was his daughter, Luo Miaoyin.

Luo Xingchen understood in his heart.

With Chen Feng's disposition, he would not be softhearted whether he was male or female in the face of someone who wanted to kill him.

The reason why Luo Miaoyin was able to appear here alive was probably because Chen Feng had considered him.

In response, he looked at Chen Feng with a hint of gratitude.

The moment Zhong Li Yaoqin appeared at Chen Feng, his face improved.

At this moment, compared to Murong Han's coldness, she smiled slightly and looked at the doormaster.

"It seems that before the award ceremony begins, a wave of punishment must be done first."

As the sect master, Luo Xingchen would naturally not be special because Luo Miaoyin was his daughter.

Capital crimes are forgiven, but living crimes cannot escape.

He looked at Luo Miaoyin with his head low in front of the hall, and after all he gave corresponding punishment according to the rules.

"Yes!"

Luo Miaoyin was meaningless and accepted the punishment entirely.

"In that case, you can go down."

"Go to Houshan by yourself for three years!"

Luo Xingchen waved his hand.

Everyone's eyes flashed.

Three years of retreat, this punishment is neither light nor heavy.

However, compared to the identity of Luo Miaoyin's daughter, this punishment is not lighter.

Moreover, this shows the attitude of Luo Xingchen:

This matter will never be taken lightly! "

The disciple retired. "

Luo Miaoyin clasped his fists and bowed, and finally glanced at Chen Feng.

Luo Miaoyin had no objection and accepted the punishment in its entirety.

Although these days, she has been following Chen Feng.

However, Chen Feng didn't care much about her.

But she slowly figured out many things that she hadn't thought clearly before.

After thinking about it, Luo Miaoyin stopped complaining about Chen Feng, only hating herself for being stupid.

Not only did not complain, but had some strange feelings towards him...

However, Chen Feng didn't look at her again, nor did he realize it at all.

Just when everyone thought that the matter was turned over, the master suddenly turned his face and stared at Murong Han.

"Muronghan, I want you to sever yourself now, do you accept it or not?"

Luo Xingchen looked as usual, but no one would ignore the sharpness he brought with him at the moment.

In the main hall of the sect, everyone heard clearly!

Murong Han's face turned pale!

Under the doormaster's seemingly calm gaze locked in.

He felt that everything he did secretly had been seen through by the master.

Everyone's eyes, following the sect master's words, were all focused on Murong Han.

Some are at a loss, some have already reacted, thoughtfully.

Murong Han was sweating all over.

"I... don't dare to refuse."

Before the words fell, Murong Han made a decisive decision and gave himself up.

In an instant, blood surged!

Murong Han didn't say a word, dare not say a word.

The riots in the hall started again.

Many people were whispering, talking about this inexplicable incident between the master and elder Murong.

Chen Feng stood in front of the hall, watching the scene before him.

It seems that this sect master still loves his daughter after all.

Others don't know, but he knows.

Presumably this Murong Han was the instigator behind Yu Nanhua and others.

Punishing him is not just an explanation to Chen Feng.

It is warning him that he should not use his daughter.

After the episode, Luo Xingchen looked down again.

"You can go down."

He waved his hand and motioned to Luo Miaoyin who was still kneeling below.

After Luo Miaoyin retired, the award ceremony finally officially started.

Chen Feng also retreated from the front of the palace to the position of the three Jiang Yunxi.

Chen Feng didn't care much about the punishment of Luo Miaoyin by the master.

What he wants is just an attitude.

Obviously, the sect master has given him enough attitude.

Coupled with some of his protection from before, Chen Feng would naturally not be as persistent as he dealt with other elders or suzerains.

"In this broken jade conference, our Galaxy Sword faction swept away from the decline and won a big victory."

[Chapter 5318: Trial mission! Turn it on again!](#)

"This is really rare in the past few broken jade conferences."

"Now, the entire East Wilderness has seen it, the fresh blood of my Galaxy Sword School is exceptionally good!"

"Since everyone is here, we will hold a special award ceremony today to reward the heroes who have made faces for our Galaxy Sword Sect."

...

The award ceremony went on in accordance with the process.

However, compared to Chen Feng's gains during this time, including the rewards of the great deserter.

This time, the reward that Galaxy Sword sent to him was good, but to him, it was nothing.

With Sect Master Luo Xingchen present, none of the five Sect Masters had a voice.

Who should be rewarded, how much should be given, and the master is in charge, even if some people have red eyes, they can only swallow it in their stomachs.

"Congratulations, Chen Feng."

After the award meeting, Yuexinlan walked down specially, with a rare smile on his face.

"Luckily you arrived in time."

"Otherwise, for today's awards meeting, I still don't know what those people will turn into."

Looking at the storage jade pendant that Chen Feng received, Yue Xinlan couldn't help feeling.

"This time the rewards that the sect master gave you, you can retreat for a while after you return."

"The sect master told me that this time the sect master treated you very hard, and all he gave was to consolidate the foundation and cultivate the yuan."

"You are now improving your cultivation very quickly, and there are many pills in it that will help you lay a solid foundation."

Chen Feng nodded: "My original plan is like this."

During this period of time, in the desperate situation again and again, the speed of his improvement was terrible.

Not to mention the sect master, the sect master, or the elder Yue Xinlan, even Chen Feng himself realized this.

This is also one of the reasons why he chose to return to the Galaxy Sword Sect today.

A problem that everyone can realize will inevitably be solved.

He believes that even if there is no doorkeeper to come forward.

Zhong Li Yaoqin will definitely give him some pills to help him retreat during this period of time.

Stabilize the foundation.

So, in the envious eyes of all the disciples.

Chen Feng turned around and bid farewell to Jiang Yunxi and his companions beside him.

Back to Tianshu Jianzong.

Such a retreat lasted a whole month.

One month later.

Sitting cross-legged in the quiet room, Chen Feng suddenly opened his eyes.

Then, he let out a long breath.

"Unexpectedly, the rewards given by the sect master were just right."

Chen Feng took out the jade pendant again.

A month ago, when accepting this jade Perry's reward.

Chen Feng also felt that the reward given by the sect master was indeed sincere and absolutely surplus.

Who could think that this is an illusion.

Now this storage jade Perry is empty!

All are used to stabilize the foundation.

There is nothing left!

Chen Feng threw this jade pendant aside at random, the corners of his mouth raised slightly, his expression a little dumbfounded.

He himself didn't expect that after a period of time ago, he quickly increased his cultivation level.

His foundation requires more than expected resources to consolidate the foundation.

The sect master is simply pinching the measurement.

"However, that's enough."

Chen Feng stood up and squeezed a fist briefly.

A power quietly rises from the flesh and blood of the meridians, accumulating power for his punch.

The whole process is extremely smooth!

Today's Chen Feng is the one who has truly entered Xiaocheng, the ninth building of the Star Soul Martial God Realm.

Now he could completely fight his opponents in the early stage of the twelfth floor of the Star Soul Martial God Realm.

Moreover, there are many wins!

At this moment, Chen Feng's face changed slightly.

Immediately afterwards, a huge voice resounded in Chen Feng's mind!

It is the consciousness governed by heaven!

"After three days, start the next trial mission."

This is a consistent reminder from the top of the sky.

The tone of the vast voice, as always, did not have any ups and downs, and stated extremely indifferently.

When hearing this familiar voice, Chen Feng felt quite a long-lost feeling.

Looking back on the last mission, it has been a long time since I thought about it.

"The next trial mission..."

After staying in Xuanhuang Zhongqian World for so long, hearing the next trial task again, Chen Feng immediately showed a fiery red figure in his heart.

Fairy Yuheng!

As early as in the last trial mission, Chen Feng had a general understanding of the endless killing advanced battlefield mission.

After completing the mission and returning to the top of the sky, Chen Feng even discovered that Fairy Yuheng was uncharacteristically.

Did not wait for them outside the huge tower of the heavens and ten thousand worlds.

After returning to Beidou Fudi, he received accurate information from Fairy Yuheng.

Fairy Yuheng's next trial mission is precisely the mission of the endless killing advanced battlefield.

Before that, she had failed three times in that mission!

She can't afford the consequences of the fourth failure!

And just so, in Chen Feng's last trial mission, at the last moment, he accidentally got a key to the advanced battlefield mission of endless killing.

Chen Feng looked up and glanced at the quiet quiet room.

"It's time to go back and make some preparations."

As he said, he called out to the top of the sky in his mind: "Heaven is the master, I want to return to the top of the sky."

As soon as the voice fell, the blue light appeared instantly and quickly wrapped it.

Chen Feng's figure faded quickly.

Disappeared in this mysterious yellow world.

Not surprisingly, this time he was in the process of returning to the top of the sky.

The vast voice of the Lord of Heaven blew in his mind once again.

"Check out this Xuanhuang Middle Thousand World, there is the legacy of the top power of the sky!"

"Suspected person of choice!"

"If you can bring it to the top of the sky, there will be great rewards!"

The vast voice is as calm as ever, without joy or sorrow.

However, compared with the previous three times, this time the indifferent and emotionless voice of Heaven's Dao ruler had a new change.

"Trying the fairy Chen Feng, you are limited to one year to bring the chosen person to the top of the sky."

"If you can't bring back the chosen one within a year, what will you wipe out!"

After these two sentences were finished, the vast voice fell into silence again.

And Chen Feng was also taken aback, and then smiled wryly.

"This is... the Lord of Heaven dislikes me too slow and urges me to hurry up?"

This is the first time that Chen Feng has heard the voice of the Lord of Heaven give him a temporary task outside of the trial task.

He couldn't help shaking his head again and again.

It seemed that the Lord of Heaven paid much more attention to Zhong Li Yaoqin than he had thought before.

But when he thought of it, when he returned to the Beidou blessed land earlier.

After asking Fairy Yuheng about the process of introducing the top of the sky, Chen Feng felt a headache again.

"That process is too complicated, I have to think about it..."

Thinking like this, opening his eyes again, Chen Feng has returned to the land of Beidou.

Back to the Beidou Fortune Land again, there has also been a lot of change here.

The vegetation of the mountains and forests that had been severely destroyed by him and Fairy Yuheng has now returned to its former appearance.

[Chapter 5319: Endless killing advanced battlefield missions! I will be with you!](#)

The aura of the surrounding heaven and earth also restored to its former richness.

Chen Feng walked towards his residence.

Soon, he saw some familiar faces.

"Brother Chen Feng!"

Mei Wuxian's crisp voice was the first to reach his ears.

Chen Feng followed the reputation.

I saw Mei Wuxiao standing not far away with a smiling face, and rushed towards him joyfully.

It has been quite a while since I saw Mei Wuxie last time.

See you today, Chen Feng noticed it at a glance.

Her breath has obviously changed significantly.

However, the xinxing is still the same.

Mei Wuxiao stretched out her jade arms blankly and plunged into his arms.

Chen Feng's expression softened as soon as he saw Mei Wuxie.

"I haven't seen you for a while, you have changed a lot."

"Brother Chen Feng, you are!"

Mei Wuxie lifted her head from his arms and wrinkled her Qiong nose slightly.

"I thought my progress was obvious enough, but I didn't expect it to be better than you, Brother Chen Feng!"

"Chen Feng, your cultivation base..."

From the direction Mei Wuxie came, there was a second woman's voice.

When Chen Feng looked up, he saw a red suit like a fire.

Fairy Yuheng, Tianchou Beast Slave and others were there.

Several people quickly gathered together.

Fairy Yuheng opened her beautiful eyes slightly, and covered her thin lips with one hand: "How many breakthroughs have you made!"

This time Chen Feng came back from Xuanhuang Zhongqian World.

The changes are so great that they can be seen with the naked eye!

Chen Feng briefly described what he had experienced in Xuanhuang Zhongqianqi.

Although, his tone sounds quite an understatement.

But after listening, everyone was still a little shocked.

From some of the words that Chen Feng himself took, it is not difficult to guess that he can have such a rapid improvement in strength in a short period of time.

It must have encountered hardships that ordinary people can't imagine!

"Brother Chen Feng, you spent most of your time on the road of being chased and fleeing during your trip to the Mystic Yellow World."

Mei Wuxiao didn't close her mouth for a long time, and looked at him with straight eyes.

Chen Feng was so teased by her appearance that she stretched out her finger and scratched her Qiong nose.

"Stop talking about me, all of you, the changes are not smaller than mine."

He glanced at the three of them, and took the lead to fix his gaze on Fairy Yuheng.

"Yuheng, what's the matter with you?"

Goodbye Fairy Yuheng, she suddenly felt a sense of old alienation!

It's obviously not long since we met last time.

But how sharp is Chen Feng!

He could tell at a glance that Fairy Yuheng's face had obviously more fine lines than before.

Even the three thousand trouble threads on his head have lost some luster from the blackness and thickness before.

"You really can't hide anything from your eyes."

Fairy Yuheng smiled bitterly.

It turned out that the ordinary tasks that the Lord of Heaven now issued to her were not challenging.

In order to add a bit of confidence to his fourth endless killing advanced battlefield mission, Yuheng Fairy spent a huge price!

She also went to a world for experience!

However, that world is very different from the Xuanhuang Zhongqian world that Chen Feng went to.

The world Fairy Yuheng found was three months in Beidou Fudi, which is equivalent to thirty years in that world!

For a full thirty years, for Fairy Yuheng, it was no doubt like saving a life.

"You have been there for thirty years, and you have broken through half a step into the cave world!"

Chen Feng felt the breath released by Fairy Yuheng, still unavoidably shocked.

When I saw Fairy Yuheng last time, her cultivation had just broken through the ninth floor of the Star Soul Martial God Realm.

In a blink of an eye, he reached the half-step cave world!

You know, the further you practice, the more difficult it will become.

Many cultivators may be a little careless after arriving.

Even, it is very likely that the culmination of this life will be there.

Even Chen Feng himself was not sure how long it might take him to break from the ninth floor of the Star Soul Martial God Realm to the half-step Cave Heaven Realm.

However, Fairy Yuheng just smiled bitterly.

"With my current strength, I almost want to complete the next endless killing advanced battlefield mission."

Hearing these words, Chen Feng realized that Fairy Yuheng was very wrong.

She shouldn't be like this.

The chic and willful woman in red that I first met hadn't appeared for a long time.

The one standing in front of them frowned all day long, distressed.

It was only when Chen Feng just returned to Beidou Fudi that she really smiled.

Afterwards, as long as the thought of the next trial mission, Fairy Yuheng's eyes were full of sadness.

Even her eyes were filled with a faint blue-gray look.

After hearing Fairy Yuheng's words, even Mei Wuxian and Tianchou Beast Slave could not control their surprise.

"How difficult is this task?"

Fairy Yuheng is not hesitant to share his experience.

"Anyway, you will experience it sooner or later. It's okay to tell you."

"This endless killing advanced battlefield task, the biggest difficulty lies in the endless!"

Mei Wuxiao didn't quite understand: "Endless? What's the answer to this?"

"Let's put it this way, after entering this trial mission, then it's not every Celestial Celestial being fighting alone, or fighting between several people."

"In the endless killing advanced battlefield, you will often be thrown into the battlefield where two big forces are fighting as soon as you enter it."

"Even, it's almost luck, it may be a battle between the two worlds as soon as you enter."

"At that time, there will be endless enemies all around, and each one is strong!"

"They don't care who you are at all, as long as you are not yours, they will smash to the end."

When Fairy Yuheng introduced these, he also recalled the three failed advanced battlefield missions of endless killing.

Her body couldn't help trembling slightly.

People who listened to it felt even more creepy.

"God, if that's the case, the consumption will be consumed!"

Looking at Fairy Yuheng, he sighed again.

Chen Feng reached out and patted Fairy Yuheng on the back as before.

His hands are warm and generous, revealing indescribable power.

"Yuheng, do you remember what I said to you before?"

At first, when he knew that Fairy Yuheng was about to face the fourth time, Chen Feng had an idea in his mind.

He intends to accompany Fairy Yuheng to participate in this endless killing advanced battlefield mission!

Having said that, Chen Feng took out the key to the endless killing advanced battlefield mission that he had exchanged from Cang Shaotian.

"Three days later, I will follow you to the advanced battlefield of endless killing."

Upon hearing Chen Feng's words, Fairy Yuheng immediately widened her eyes, her face full of disbelief.

"Chen Feng, don't be impulsive!"

"You are not even an immortal in the sky. There is no need to take this risk for me."

Fairy Yuheng's first reaction was to refuse.

No matter how worried she is, let Chen Feng go with her.

Always claiming to be Chen Feng's sister's self. It will never be allowed.

"Chen Feng, I appreciate your kindness, but listen to my advice, don't be impulsive."

Fairy Yuheng grabbed Chen Feng by the wrist with a very serious attitude.

"With your talent and strength, I believe that you are waiting for you to comply with the laws governed by heaven."

"After waiting in order to enter the endless killing advanced battlefield mission, you will definitely be able to come out alive."

"But now, your strength is still too dangerous."

Seeing Fairy Yuheng thinking about herself in this way, Chen Feng felt warm.

But because of this, he couldn't help but watch Fairy Yuheng three days later, from then on, it is possible that Yin and Yang are separated.

"Fairy Yuheng, since this key is in my hand, the decision is in my own hand."

Chen Feng sighed and put away the key: "In fact, you don't have to be too nervous."

"Since I completed the trial mission last time, I have decided to go to the endless killing advanced battlefield for this mission."

Seeing Chen Feng's face that I was determined, Fairy Yuheng understood that she couldn't persuade her.

"You....."

Fairy Yuheng finally showed a smile on his face.

Hearing Chen Feng said to go together, Mei Wuxian and Tianchou Beast Slave both stepped forward and said that they would go together.

Chen Feng touched Mei Wuxian's head, with a slight smile on her face.

"You can't go if you want."

He turned his face to look at the Heavenly Remnant Beast Slave: "Yuheng goes there, it is the law of the top of the sky."

"And in that mission I'm going to next, I also have a key."

Unexpectedly, before he finished speaking, Tianchou Beast Slave turned to look at Fairy Yuheng.

"The key you just took out is exactly the same as I saw in Yuheng."

Hearing this, Chen Feng also looked at Fairy Yuheng with a little surprise on his face.

Fairy Yuheng couldn't hide it, so he could only take out the key in his hand.

"Why do you have one too?"

Fairy Yuheng waved his hand: "I got it by accident."

"It's nothing. If you give it to me, it's free. If you want it, you can take it."

The Tiancun Beast Slave stepped forward and grabbed Chen Feng.

Holding the key to the endless killing advanced battlefield mission in his hand.

He looked at Chen Feng: "Brother, I want to go too!"

Seeing the inexplicable persistence of the Tiancun Beast Slave, Chen Feng subconsciously wanted to persuade him.

Unexpectedly, he suddenly discovered that it seemed that he had been to Xuanhuang Zhongqian World for so long this time.

Even the body of the Heavenly Remnant Beast Slave had obvious changes.

In the past, the Tiancun Beast Slave had always followed Chen Feng's orders, and following him, there was no need to think too much.

But now looking at the Tianchou Beast Slave, his aura is dark and inexplicable.

Chen Feng couldn't even see his current strength, only felt an unfathomable feeling.

After thinking about it, Chen Feng nodded.

"That's all right."

The Tiancun Beast Slave's face finally showed a smile, relieved.

Chen Feng paused, but couldn't help but speak.

"However, Tiancan, your changes are quite big. Did something happen?"

In the past, Chen Feng didn't even have to ask, the Tianchou Beast Slave would tell him what happened during this period.

But now, after hearing this, the Tiancun Beast Slave's smile receded.

He hesitated for a moment, then his face was a little embarrassed.

"Big brother, during your absence, I experienced a mission."

"Oh? What task, let's hear it?"

Chen Feng's spirit suddenly came.

It can be seen that the Heavenly Remnant Beast Slave must have undergone tremendous changes during this mission.

However, to Chen Feng's surprise again, the Tiancun Beast Slave shook his head.

"I can't say."

He paused, and added: "If I say it, there will be a very serious price."

Seeing that the Tiancun Beast Slave was really embarrassed, Chen Feng naturally wouldn't insist on telling him.

He patted the Celestial Beast Slave on the shoulder, and relieved him a few words.

"If you have any difficulties, just tell your brother the first time."

Seeing that Chen Feng did not follow up, the Tiancun Beast Slave chose to respect it, his expression still a little moved.

He nodded vigorously.

With three days left, Chen Feng took the opportunity to ask Fairy Yuheng about his cultivation situation in the Shifang Cave.

In this regard, Fairy Yuheng naturally knows everything without saying anything.

"Shifang Dongtian realm is to manifest your star sea world and project them into reality."

For the current Star Soul Martial God Realm, no matter how vast the star map is, no matter how vast the star sea world is.

Regardless of those sun, moon, and stars, how dazzling and dazzling light burst out in the world of stars.

But they are still ghosts after all.

No matter how talented and strong, those are not half-virtual and half-real after all.

Void means that the power is not so strong!

Fairy Yuheng explained in great detail, and showed great patience in this regard.

"In fact, when you reach the peak of the twelfth floor of the Star Soul Martial God Realm."

"Your star world, including the star map, is basically finalized."

"Can't continue to expand."

"As you step into the Ten Fang Dongtian Realm, what you have to do is no longer to expand, but to turn the void into reality."

"Take your Xinghai World from a half-virtual and half-real state."

"Become a truly real galaxy located somewhere in the universe!"

"At that time, your star sea world will form a complete, closed galaxy in a true sense."

Upon hearing this, Chen Feng had fallen into a huge shock.

When he was able to fight against the cultivators on the twelfth floor of the Star Soul Martial God Realm.

Chen Feng has already started to think about it.

Regarding the next Shifang Dongtian Realm, how to practice.

But never thought it would be like this.

Just listening to Fairy Yuheng's description, Chen Feng can almost foresee what he will experience in the future.

"Does that mean that in the future, we will be able to use the power of a galaxy between our actions?"

Fairy Yuheng nodded and gave an affirmative answer: "If you can practice smoothly all the way, then this!"

"This is too scary!"

Seeing Chen Feng so shocked, Fairy Yuheng smiled again.

"Don't look at what I said so easily, but what I just said is the evolution of the entire Shifang Dongtian realm."

"It's very difficult and difficult to really achieve what you said."

"Many powerful people who have stepped into the ten-square cave world may not be able to manifest a true star for a lifetime."

She looked at Chen Feng with a wry smile: "If you think about it, you won't be able to manifest a real star in a lifetime."
