

Peerless 5321

[Chapter 5321: Mirror Moon Palace!](#)

"That means that even the power of a complete star cannot be used, let alone the big moon and the big sun."

Upon hearing this, Chen Feng fell into silence again.

He can almost think that the next road will be more difficult.

The more you go down, the harder the road becomes.

Seeing Chen Feng's serious face, Fairy Yuheng patted him on the shoulder and smiled.

"But don't be too discouraged."

"In fact, there are also some great abilities of the Shifangdongtian realm, which can not only make their own star sea world into a complete galaxy."

"Even, it can nurture creatures in its own galaxy."

"I heard that in some powerful galaxies, some civilizations have even appeared, as well as monks and warriors!"

"Those great powers will pass down their beliefs in their own galaxies, establish sects, and let those monks and warriors worship themselves."

"In this way, they can enjoy the power of incense."

Chen Feng was shocked again by what Fairy Yuheng said.

"Civilization appears, faith is passed down, and incense power is enjoyed...what is the use of this incense power?"

He looked at Fairy Yuheng, only to feel that some thoughts seemed to be fleeting in his mind.

"For those great abilities, the incense power can greatly enhance their power, including the quality will become very high."

"There will even be some meanings of saying the law. It has the power of a few rules."

Of course, such great power is rare!

When he heard this, Chen Feng couldn't help taking a breath.

"Enjoy the incense offerings of mortals, this...is already a real god."

After some explanation from Fairy Yuheng.

Chen Feng also had some thoughts about the Shifang Dongtian realm.

The three-day period is not long, not short.

When the great voice of the Lord of the Taoist sounded again.

Chen Feng, together with Fairy Yuheng and Tianchou Beast Slave, arrived outside the giant tower of the heavens and ten thousand realms early.

"For me, I haven't been here for a while."

Chen Feng stood in front of the huge towers of the heavens and ten thousand realms, looking at the huge tower that was too high to see the end.

And, the countless giant bronze fangs suspended above, I felt a little emotional.

"Again."

"It seems endless, repeating itself again and again."

He looked at the only entrance of the giant tower of the heavens and ten thousand realms.

The green light was diffused, but few people entered and exited.

In the general cyan light gate, there were fewer people than any previous trial mission opened.

It's like today is just an ordinary day.

However, when Chen Feng turned sideways and looked at the solemn expression of Fairy Yuheng, he understood in his heart.

This day may determine the future fate of the three of them.

The task they are going to complete this time is an advanced battlefield task of endless killing.

So far, few people can successfully challenge completed tasks!

The three of them passed side by side and walked towards the blue light gate.

On the samsara jade row, light flashed by.

In the next instant, they disappeared outside the gate of light.

In turn appeared in the huge towers of the heavens and ten thousand realms.

After the cyan light in front of them dissipated, the huge and vast space inside the giant tower of the heavens and ten thousand worlds once again imprinted in the eyes of the three of Chen Feng.

There are countless giant bronze fangs suspended in front of them.

As a trial immortal who has experienced many trials, Chen Feng couldn't help but stop for a moment every time he saw this nine-layer bronze giant gate.

Every door inside contains both danger and hope.

The history of the last trial mission is still vivid.

From the beginning, the immortals in the sky used three magical weapons to resist the obliteration of the top of the sky, to all kinds of dangerous things.

Among them, it includes the absorption of several bloodlines of gods and demons.

But this time the mission is even different.

Just when Chen Feng was looking towards those giant bronze fangs gates.

His divine consciousness has noticed a special team.

After Chen Feng, Tiancun Beast Slave and Fairy Yuheng entered the towers of the heavens and ten thousand realms.

A small team quietly gathered around.

Although there are not many people participating in the trial mission today, there are not too few people standing inside at this moment.

If it weren't for the people in this team, his eyes fixed on Fairy Yuheng.

There was obviously a strong personal emotion in his eyes, and Chen Feng would not necessarily notice them.

Chen Feng glanced at those people.

I saw that in each of them, there was an obvious hatred towards Fairy Yuheng.

Seeing this scene, Chen Feng couldn't help smiling.

He noticed the changes of Fairy Yuheng, from the original nervousness and seriousness to the helplessness of the team now.

"Right?"

Chen Feng suddenly asked.

Fairy Yuheng didn't expect that Chen Feng would have noticed too, and smiled bitterly.

She nodded and couldn't help sighing again.

"The reason why my task is so difficult this time makes me so nervous."

"In addition to the endless killing advanced battlefield mission itself, there are also people from their Mirror Moon Palace."

"Mirror Moon Palace?"

Chen Feng repeated the name, followed the cast eyes again and looked at it without shy.

"Looking at the reaction between you and them, I should have known each other for a long time."

Those pairs of eyes were previously seen by Chen Feng from the people like Shenhunxianweng and Chu Pingsheng.

Fairy Yuheng nodded again.

"Yeah. Old enemy."

I wonder if it was because of Chen Feng's simple words that Fairy Yuheng recalled the past.

She smiled, and the fiery red skirt made her snow-white skin smoother.

"Not long after I arrived at the top of the sky, I had a grudge with the people in Jingyue Palace."

"Back then, I was so arrogant, I just dealt with what I didn't understand, and killed many of them."

"Looking at their posture this time, you should have heard some news from me."

Fairy Yuheng is right.

All those people in Jingyue Palace laughed when they came to them.

Then, a middle-aged man came out of the team.

The man wore a navy blue wall robes and a pair of bright eyes, which was quite decent.

Chen Feng noticed that this person's cultivation base was not low.

In the eyes of this middle-aged man, apart from his hatred of Fairy Yuheng, there was also obvious disdain.

He seemed to deliberately taunt and anger Fairy Yuheng.

Suddenly, the corners of his mouth rose slightly, and his eyes narrowed slightly.

The whole looks like a smile.

He stepped forward in this way, which was equivalent to stopping Fairy Yuheng and the three of them.

"Fairy Yuheng, I heard about it. You don't seem to be having a good time during this time."

After hearing this, Fairy Yuheng, who was stopped to go, was completely ignored by the accident.

Instead, he turned his face and looked at Chen Feng.

"This man is an old enemy. He is called Gong Shang Heze. He has the most arrogant temperament."

[Chapter 5322: Hit if you want, don't talk nonsense!](#)

Hearing Fairy Yu Heng introduce herself so casually, he didn't pay attention to him at all.

Gongshang Heze immediately became angry.

"Fairy Yuheng, he is still so arrogant when he is about to die."

As he said, he seemed to think of something suddenly, and sneered again and again:

"This time, our Mirror Moon Palace has selected the eight strongest people in the palace and will join you in this mission."

"When I see you today, I'm afraid I'm going to leave forever."

Hearing these words from Gongshang Heze, many members of Jingyue Palace smiled triumphantly.

At their level of strength, they basically knew about the endless killing advanced battlefield missions.

Regarding the performance of Fairy Yuheng in the endless killing advanced battlefield mission.

Just a little bit of inquiries, you can guess seven or eight.

If the endless killing advanced battlefield mission was successfully completed, the current Fairy Yuheng would never be the reaction that was waiting for him.

Then, there must be only one consequence-she spent a great price, although she failed to complete the task.

However, he still saved his life and survived.

Everyone is an immortal in the sky, and the consequences of a failed mission are all clear.

Therefore, this time they specially selected the strongest Celestial Celestial among the eight palaces.

The purpose is to make sure that this time, Fairy Yuheng will never return!

The tension between the two teams here quickly attracted the attention of many people around.

Fairy Yuheng snorted coldly, and was extremely disdainful of Gong Shang Heze's appearance of the villain's success after he made clear that he was going to play insidious tricks.

"That's the case with your Jingyue Palace. You don't dare to fight with others openly for a lifetime."

"I would like to ask you something, dare you just fight here?"

Speaking of this, Fairy Yuheng took a step towards Gongshang Heze.

In an instant, half a step into the terrifying atmosphere of the cave world.

Almost instantly, he suppressed the Jingyue Palace in front of him, shaking his legs.

Facing the fairy Yuheng in red.

Jingyue Palace waited, but no one dared to stand up at this time.

Especially looking at their reaction, it doesn't seem to be a deliberate showing of weakness.

This made the crowd of onlookers in and out of the distance unable to hold back, and laughed on the spot.

Private fights are prohibited on the top of the sky.

and so. Even if Fairy Yuheng deliberately released a very powerful aura just now, he didn't have a trace of murderous aura in essence.

Nevertheless, the people in Jingyue Palace still reacted this way.

Doesn't it make people laugh?

Standing at the forefront, Heze, the man who is closest to Fairy Yuheng, his face was hot at this moment.

The laughter of those around him, like slap after slap, slapped his face.

How embarrassing!

However, even he, when half-step in front of Fairy Yuheng in the Cave Sky realm, did not dare to seek his own death.

After all, he only had the twelfth floor of the Star Soul Martial God Realm.

Just when Gong Shang Heze racked his brains, trying to find face as soon as possible.

He noticed the two standing next to Fairy Yuheng.

Especially when the two of them laughed unceremoniously, Gong Shang and Ze must be in his heart.

He immediately sneered, and the target shifted to Chen Feng and Tiancun Beast Slave.

"Fairy Yuheng said that things are gathered by kind and people are divided by groups."

"You are carrying such two goods, one is no more than the ninth floor of the Star Soul Martial God Realm."

"The other, there is no breath."

"What's the matter, take two wastes and send them to death?"

When he heard him say this, Chen Feng sneered from the bottom of his heart.

Do you think they are soft persimmons and want to save their face with them?

Chen Feng stopped Fairy Yuheng who was about to fight back for him.

Towards Gongshang Heze, take a step forward without delay.

"If you want to use me to save face, you have to see if you are qualified."

"Fight if you want, or get out if you don't!"

As soon as this remark came out, there was no doubt that it attracted a lot of discussions among the onlookers.

"Is he crazy? Star Soul Martial God Realm ninth building against the twelfth building?"

"It can't be so arbitrary."

"I think he is quite confident, maybe, is there any other special magic weapon?"

"I seem to have heard of that person. There is a member of the Beidou team named Chen Feng in the same camp as Fairy Yuheng."

"This person is very good at defeating the strong with the weak."

"That's him, right?"

"Can you fight? I want to get a taste of his style."

...

When it comes to this, the reactions of the people around him are quite intense.

Gongshang Heze himself did not expect that a cultivator in the ninth floor of the Star Soul Martial God Realm would dare to speak to him like this.

If this is still forbearing, it is really a fool!

Gong Shang Heze's face was an ugly step forward, and backhand took out a special battle flag.

"Hit it!"

He deliberately looked at Fairy Yuheng, wanting to see some panic on her face.

Unfortunately, he was destined to be disappointed.

Fairy Yuheng calmly and calmly looked at Chen Feng, without even asking a word, only asked with a glance.

After receiving Chen Feng's affirmative nod, Fairy Yuheng's face returned to normal.

There is no trace of panic and worry that Jingyue Palace is looking forward to!

"whispering sound!"

The battle flag fell.

The gloomy Gong Shang Heze and the calm and composed Chen Feng disappeared in place.

That battle flag is a special product on the top of the sky.

Since private fights are forbidden on the top of the sky, in fact blindly blocking it will inevitably bring backlash.

Therefore, such a triangle, black and red flag appeared.

Through this battle flag, the two parties agreed to fight will enter a special space.

In that space, neither side accepts the obstacles of the rules of the sky, and can play against each other as much as possible.

Regardless of life or death!

This is the first time that Chen Feng has confronted others on the top of the sky.

The surroundings are empty, and the distance is vast.

Gongshang Heze should have used this battle flag more than once, and as soon as he came up, he rushed towards Chen Feng.

The onlookers who had not yet dispersed were suddenly shocked!

How much time has passed since then?

The time for a cup of tea is not here yet!

The trial immortal of the ninth floor of the Star Soul Martial God Realm, unexpectedly, cut the sky immortal of the twelfth floor of the Star Soul Martial God Realm!

"Is it possible?"

However, this is the case.

There was no hallucination in everyone's eyes.

The one who died was Gong Shang Heze of Jingyue Palace!

Even Fairy Yuheng and Tianchou Beast Slave looked at Chen Feng with a slightly different color.

"Chen Feng, not bad."

Fairy Yuheng was originally worried about Chen Feng.

Unexpectedly, Chen Feng's performance was far beyond her expectations.

The Tiancun Beast Slave on the side also showed a proud smile: "It's my eldest brother!"

Chen Feng put away the broken knife and threw an ordinary healing medicine in his mouth.

There was a bleak aura on his body, and he quickly returned to the initial state of completeness.

[Chapter 5323: Difficulty increase: nightmare level!](#)

More and more heavenly immortals entered the huge towers of the heavens and ten thousand realms.

At this time, another person walked out of the team of the opposite Jingyue Palace.

The man's face was slightly vicissitudes, with a hooked nose, and his eyes were slightly muddy but not to be underestimated.

He stared at Chen Feng firmly, as if to nail him to death with his eyes, and his voice was full of killing intent:

"Kill my people from Mirror Moon Palace, very good, you are also on our kill list!"

In response, Chen Feng squinted and gave him a gesture of wiping his neck.

Arrogant!

Extremely arrogant!

Ying Hook nose was irritated by Chen Feng, and his chest rose and fell violently, pointing at Fairy Yuheng and Chen Feng.

"You wait! Wait!"

"Now limited by the rules, without the battle flag, we can't kill you!"

"Wait for the mission world, hum!"

After all, he flicked his sleeves hard, turned and left.

Chen Feng has never cared about such threats and ruthless words that are not persuasive at all.

However, he noticed that Fairy Yuheng's mood still fluctuated somewhat with these people in Jingyue Palace.

Chen Feng walked towards her and patted her on the shoulder.

"Relax."

"Since according to what you said, in the endless killing advanced battlefield, all eyes are enemies."

"So many of them are not many, but they are not many."

"The more you put them in your heart, the easier it is to expose your shortcomings."

The celestial beast slave next to him also nodded, "Big Brother is right."

After listening to the comfort of the two left and right, Fairy Yu Heng was still a little anxious.

At the last moment, he calmed down unexpectedly.

In her beautiful eyes, tension and worries gradually faded, replaced by a trace of relief.

Looking at the two, Fairy Yuheng smiled and said, "You are right."

"It may really be that the shadow of my previous three failures is too great, and I have some demons."

Chen Feng could understand Fairy Yuheng's state.

He pressed his hand on Fairy Yuheng's shoulder with a slight force, his eyes firm:

"If you come, you will be safe, this time, we will accompany you to break it together!"

Not long after Chen Feng said this.

The huge voice sounded like a fortune, blasting in everyone's ears.

"The world of trials, open now!"

Before the words came to an end, those huge gates of bronze fangs standing in front of everyone were originally black.

Suddenly, countless red lights rose up.

The giant bronze fangs gate is divided into nine layers from bottom to top.

The taller the bronze fangs giant gate, not only the larger the body, but also the more powerful.

It feels as if the same ancient fierce beast is lying there.

Just approaching, there are endless dangers!

The bronze fangs giant gate on the bottom layer is the smallest and the weakest.

From the second floor, a faint red light appeared on the giant bronze fangs gate.

The more you go up, the more the red light, the stronger the meaning of killing!

But this time, the huge bronze fangs a row higher than before, instantly turned into a red light gate.

And inside the light doors, familiar images gradually lit up!

Those bizarre pictures changed rapidly.

In the several images that can be captured, all blood flowed into rivers, fighting continuously.

One **** world silhouette after another flashed through each light gate.

Compared with the previous trial missions that the reincarnation immortals and trial immortals participated in.

The red light door lit this time is obviously more special and more dangerous!

Many ordinary trial immortals like Chen Feng sounded after the great voice of the Lord of Heaven.

They walked to a giant gate with bronze fangs.

After each took out the jade card of reincarnation, they stepped into it and disappeared.

Chen Feng and Tiancan Beast Slave looked at Fairy Yuheng at the same time, and the three exchanged glances.

"Let's go."

Chen Feng and Tianchou Beast Slave flipped their hands at the same time and took out two keys to the endless killing advanced battlefield mission.

With these two keys, the two of them can ensure smooth entry into the same endless killing advanced battlefield mission with Fairy Yuheng.

Some immortals who have not yet entered their trial missions, including those who just come to watch.

When they saw the special key in the hands of Chen Feng, their expressions suddenly changed!

"They actually want to take the initiative to enter the endless killing advanced battlefield..."

"Are you crazy? Just rely on them?"

"However, didn't Chen Feng just kill a master of Mirror Moon Palace easily?"

"I haven't seen the process again!"

"Follow him, no one can stop his own death."

...

In many of the surrounding voices, Chen Feng's expressions remained unchanged.

Fairy Yuheng has the power to choose the giant gate of bronze fangs.

In the endless blood red light door.

I saw Fairy Yuheng frowning, then walked towards one of the giant bronze fangs gates.

Chen Feng followed closely behind and took out the jade card of reincarnation.

The Celestial Celestials who participated in the endless killing advanced battlefield mission this time were obviously more difficult than the previous trial missions of Chen Feng and others.

Therefore, people who choose Light Gate here are even more rare.

When the three of them stepped into the giant gate of bronze fangs that they had chosen together, suddenly, a familiar red light suddenly lit up.

Followed by the change of blood red light around.

Fairy Yuheng chose originally a light gate with extremely strong red light.

At this moment, everyone clearly noticed it!

The red of this red light door suddenly deepens and becomes brighter!

"How is this going?"

Many cultivators who watched from the periphery were also attracted by the special changes here, and they looked over.

However, before they began to speculate on this situation, the voice of the Lord of Heaven rang so abruptly.

"Due to the trial of the fairy, Yuheng, the first three endless killing advance battlefield missions failed."

"This time the penalty for the endless killing advanced battlefield mission is doubled."

"The difficulty is raised to the highest level: Nightmare level!"

These words echoed in the huge towers of the heavens and ten thousand realms for a long time, repeating the final ending.

No one thought that the Lord of Heaven had such a setting.

Including Chen Feng, Tiancun Beast Slave and Yuheng Fairy!

Fairy Yuheng, who was soothed by Chen Feng.

At this moment, not only the state of tension and anxiety is restored.

Even more intense than the previous reaction, it doesn't seem to be well controlled.

For such an accident, Chen Feng didn't seem to be suitable except for a wry smile.

But at this moment, all of them have stepped into the light gate and are locked by the red light.

Even if you want to escape at this time, there is no chance.

I saw a whole row of red light gates, at this moment all bursts of red light burst out.

Afterwards, all the immortals who stepped into the red light gate disappeared!

Chen Feng opened his eyes, and the sight was red.

[Chapter 5324: Zhenwu World! Fairy monster war!](#)

It seems that there is endless blood surging quickly around, changing directions.

It didn't take long for Chen Feng to gradually adapt to this special environment.

This is not really a world full of blood.

It's just in front of him!

Some are probably blood from the top of the sky, condensed into a large line in the air——

The world of Zhenwu is peaceful!

Warriors cultivate martial arts, monks cultivate immortals!

Everything multiplies and is full of vitality.

Chen Feng read it again.

Immediately afterwards, the blood changed again, condensing into rows of big characters in the air:

But one day, a great demon from outside the sky came and forcibly opened the passage between the profound demon world and the true martial world.

The Profound Demon Realm is where countless monsters gather.

Once there was a great demon who could move mountains to fill the sea, break the moon and pick the stars, and give birth to a big day.

But now the environment in the Profound Demon Realm is extremely harsh and devastated.

There are deserts everywhere, and resources are extremely scarce, and many monsters are unsustainable.

This makes them extremely fierce, and they want to come to the real martial arts to grab the living space.

The two sides have fought fiercely for thousands of years, winning each other and are stalemate.

This is-Fairy Demon War!

Endless killing battlefield: Fairy monster war!

Those big characters formed by blood transformation gradually disappeared in the air.

Chen Feng took a breath in the same breath.

"No wonder it's a nightmare-level mission, this is directly involved in the battle of the fairy demon!"

The Celestial Remnant Beast Slaves on the side looked around, quickly looking at the approximate conditions of the place where they descended.

Because Chen Feng and Tianchou Beast Slave each carried a key to the endless killing advanced battlefield mission.

In fact, with their original identities, the trial mission world they were going to enter was not here.

Therefore, the two descended on this world of trial missions together with Fairy Yuheng.

They are not scattered in different places as before.

In this unfamiliar world of trials, the first time you open your eyes, you can sense that your companion is not far away.

This point finally made Fairy Yuheng temporarily relieved.

The three fell slowly from the air, and finally landed on three hills on a rocky mountain.

The distance between each other is no more than a few kilometers.

At this distance, you can get together again by running two steps.

However, they just glanced around slightly.

The picture in front of them was enough to make the three of them open their mouths and could not speak for a long time.

No wonder there was blood just now transforming into words above the sky, and it was simply taking materials from the top of the sky.

Above this void, nothing is missing, except for ischemia and dead bodies!

As far as I can see, countless corpses are floating in the air at this moment!

Countless large and small!

The picture of this scene is really shocking.

Chen Feng could see clearly in any direction he looked in.

Whether it is a huge monster or a monk who resembles Chen Feng and the others, all corpses are here!

There is still a strong smell of blood in the air.

It can be seen how fierce the previous battle here is!

Chen Feng slightly spread his spiritual consciousness outwards, and simply did a probe.

Sure enough, all kinds of murderous auras, fighting intent, etc. can be sensed everywhere even here.

It seems that this is a battlefield shortly after the battle has just ended!

"Chen Feng, there seems to be a restriction on flying in the air here."

Fairy Yuheng reminded him.

She originally wanted to fly next to Chen Feng, so she felt a little safe.

However, just about to go up from the sky, a mysterious force suddenly pulled her back.

Never want to fly even the slightest!

She informed Chen Feng the first time.

However, this point was actually realized when Chen Feng just arrived.

At this moment, the three of them are approaching in their respective directions, while constantly interpreting as much content as possible from the limited information and pictures.

After hurriedly looking around, Chen Feng at this moment already has more information.

He reached out and clenched his fist, squeezed it hard, and then nodded as if confirming something.

"Although flying is restricted, power is not restricted."

As Chen Feng said, looking at the floating corpses around him again, his eyes were still a bit dark: "But I always feel that this world is too depressing."

"It's not just these shocking images that have created a depressed feeling for me."

"It seems that there is a special force that suppresses the power level of this world."

Although the three of them are not far apart and can see each other at a glance, they are still somewhat separated.

On the way to meet each other, it is inevitable to pass some dead bodies.

The three of Chen Feng quickly noticed that the corpses floating around were extremely powerful!

Some auras are even above the three of them!

Presumably, these people and monsters were mostly powerful generations in their respective races before they were alive!

It's a pity that the stronger they are, the more frightening they are at this moment.

Such a terrifying strength can only be corpse here.

I don't know if they came to this trial mission world this time, whether they can successfully complete the mission, and then leave this world as soon as possible.

Soon, they got together.

At this moment, the Lord of Heaven in his mind finally made a huge voice.

"Xuanhuang Zhongqianjie is the test of the fairy Chen Feng, the location of this mission."

"One of the regular tasks of this trial mission is to kill at least seven immortals."

"If the mission fails, kill it!"

"The second task is to kill the general of the right army of the demon clan army, a generation of demon saints-the mad war lion saints!"

Chen Feng quickly informed the two regular tasks he had heard to Tianchou Beast Slave and Fairy Yuheng.

"It's a nightmare level difficulty!"

The three looked at each other, and once again deeply expressed such emotions.

This is too difficult!

A generation of demon saints must have the lowest cultivation base to be a powerhouse in the Ten-fang Dongtian realm!

With Chen Feng's current strength alone, let alone killing the Shifang Dongtian realm experts, it would be lucky to be able to escape from him.

"Furthermore, if everyone wants to kill so many immortal disciples, the top of the sky is equivalent to making us fight in chaos."

This is not the first time Chen Feng has seen this routine task.

In the last trial mission, he was also asked to kill the immortal who also came from the top of the sky.

Although, so far, he doesn't know what the top of the sky is doing this way.

But now, Chen Feng has at least one thing that he can be sure of-there is no doubt that the top of the sky is hoping for a big fight between them.

Not only Chen Feng and others, but all!

It was like a mode of raising Gu, obliterating the weakest existence and leaving the strong.

Or in other words, using this "task" model to kill each other.

Forcing everyone to improve their own strength as soon as possible.

[Chapter 5325: Fierce battle in the Mirror Moon Palace!](#)

Fairy Yuheng frowned: "We kill each other, what good is it for the top of the sky?"

Just when the three of them were having headaches and doubts about the routine tasks given by the Lord of Heaven.

Suddenly, among the murderous auras running around.

There was a very low murderous intent, and quickly struck in their direction without warning.

"Be careful!"

At this moment, Chen Feng was the first to warn, and immediately reminded him.

The warm white light exploded from his body quickly!

For the first time, he stood in front of Fairy Yuheng and Tiancan Beast Slave.

However, just when Chen Feng intercepted the sudden murderous aura!

In the opposite direction, an aura belonging to a cultivator suddenly appeared.

Murderous in this place is so easy.

One who is not paying attention will not notice the existence of people around.

Until this second murderous aura appeared.

Only then did the three of Chen Feng notice that besides them, there were others around.

A sharp neigh came quickly.

It was a masked man wearing a black robe, suddenly appeared.

Almost only a pair of eyes were exposed all over the body.

But despite this, Fairy Yuheng recognized this person for the first time.

"Be careful! It's from Jingyue Palace!"

Before the words fell, Fairy Yuheng stretched out his arms lightly.

Immediately attacked the masked man.

However, what is surprising is that the breath of this masked man is flickering, and the speed of change is extremely fast.

Fairy Yuheng was attacked several times by this person with a special way of doing things, avoiding it again and again.

It's like pinching the border on purpose!

After coming down several times, Fairy Yuheng not only failed to hurt this person, but instead consumed a lot of strength and physical energy.

The more severe form is not on this masked man.

There is more than one person from Mirror Moon Palace around him!

Just as Chen Feng and the Tiancun Beast Slave made their move towards the masked man, new murderous auras and attacks appeared again in other directions.

This time, Chen Feng continued to release his consciousness outwards, and finally saw clearly those people who were aiming at them.

There are a total of six masters of the Mirror Moon Palace nearby!

After a brief confrontation, the three of Chen Feng quickly gathered together.

The six people on the opposite side quickly gathered together.

The atmosphere on site is extremely solemn.

Fairy Yuheng's face was particularly ugly.

She stared at the six people in the opposite mirror moon palace, and quickly had a rough analysis of the opponent's combat power.

"Crap! I don't know what method they used!"

"It should have specifically locked my breath! Just like you, the landing place is the same as us."

Chen Feng could tell with just one glance.

The strength of the six opponents is very unusual.

Among them, the one with the lowest cultivation level is the eleventh floor above the Star Soul Martial God Realm!

The strong ones have even reached the twelfth floor of the Star Soul Martial God Realm.

The assassin just now is very close to the half-step Dongtian realm.

Even Chen Feng may not be able to deal with it.

What is even more frightening is that the person's body and footwork is extremely strange and special.

It is difficult to keep up with his whereabouts just by tracking.

"Hahahaha..."

The person facing the mirror moon palace, at this moment, seems to have seen the set ending.

Everyone looked at them coldly, and the arrogance and arrogance on their faces almost fell off and stuck them on their heads.

"Fairy Yuheng, Chen Feng, aren't you great just now on top of the sky?"

"Why, now, here, killing you will not only not be punished by the ruler of heaven."

"Even, it can be regarded as a human head!"

"Even, there are rewards."

"Today, I will take your heads as sacrifices for our brothers who died in Jingyue Palace!"

The speaker was the crooked nose with a slightly vicissitudes of expression on the top of the sky before.

According to Fairy Yuheng, this person is named Ding Taohong.

Don't look at his external image as he is getting old, but his body skills are amazing!

In the usual duel, the body is unpredictable and difficult to figure out.

Even Fairy Yuheng himself, before, even when facing him alone, he didn't necessarily get much benefit.

This vocal has a great ability to hit the west.

In many cases, even if the opponent can find his trail, they may not be able to catch up with him.

Even if it can catch up, it doesn't necessarily kill it with one blow.

"You have to be careful, Ding Taohong, if you can't kill him for a while, don't waste your energy against him."

Fairy Yuheng, in front of Jingyue Palace, warned her companions Chen Feng and Tiancun Beast Slave.

"Didn't we talk about eight people before? There are two more?"

Looking at Fairy Yuheng, everyone looked vigilant and solemn.

Ding Taohong's eyes flashed with a flash of sharpness, and there was also a little bit of panic.

However, facing Fairy Yuheng, he must not show his cowardice.

Ding Taohong sneered again and again, with a calm attitude: "I just came in, it was really a bit hasty, and only had time to gather six people to deal with you."

"However, it is more than enough to deal with you few!"

Chen Feng's eyes swept one by one from behind Ding Taohong.

Except for the wicked masked man just now, the other one is a woman.

Looking at the healing device she held in her hand, out of ten, it should be used to heal several other companions.

In terms of combat power, I think it can be considered vulnerable.

However, beside this woman, there are two strong men on the left and the right.

One of them was full of red light, looking proudly.

Chi's exposed upper body is even more covered with special mysterious lines.

His muscles are knotted, and his body is full of explosive power.

The other person is more than two meters tall, full of hair and dark complexion.

His eyes burst out with two strange lights, and his breath was strong and strong!

It is also the appearance of extremely strong physical strength.

"The two standing next to that woman are especially good at close combat. Be careful!"

Fairy Yuheng's voice rang in the ears of Chen Feng and Tiancan Beast Slave.

Except for Ding Taohong, who is mysterious and does not know his attributes.

The last remaining one can also see that the physical strength is extremely strong.

However, judging from the spear and magic weapon in his hand, he wanted to be a long-range attack.

Chen Feng had previously experienced the "grand event" in the Shura realm where five of the six princes besieged him alone.

At this moment, facing the battle in front of him, he was quite calm.

However, compared to himself, he was worried about the beast slaves.

The current Tiancun Beast Slave has a very strange aura.

Even he couldn't see the specific situation of the Tianchou beast slave.

Whether it's a masked man, two close combat masters or Ding Taohong.

He wasn't sure whether the Heavenly Remnant Beast Slave could deal with it in its current state.

"How are you?"

[Chapter 5326: Fight!](#)

He turned his head directly and looked at the two people next to him.

Fairy Yuheng had a serious face, and looked even more solemn than Chen Feng.

Presumably noticing Chen Feng's reaction, Fairy Yuheng smiled bitterly, and quickly said:

"I won't go around with you either."

"These people, I have the ability to kill them all."

"However, if I use my hole cards now to deal with them."

"Next, in the endless killing advanced battlefield mission, my biggest reliance is gone."

"Do you understand what I mean? Once you lose that support, you will almost certainly die."

When Chen Feng saw Fairy Yuheng's eyes, his heart shook.

For the first time he came to the endless killing advanced battlefield mission.

There is no concept of how difficult the task here is.

Therefore, he was not sure if Fairy Yuheng's reaction was too cautious, or whether it was really so severe.

But at least at this stage, he already knew Fairy Yuheng's choice.

Chen Feng turned to look at the Tianchou Beast Slave: "How are you?"

Although he came back this time, the aura and temperament of the Tiancun Beast Slave changed more obviously.

But at this time, he still cooperates.

In the current situation, there is not much room for choice.

Both melee combat have the strength above the twelfth floor of the Star Soul Martial God Realm.

Although the masked man of the wandering system only has the strength of the peak of the eleventh floor of the Star Soul Martial God Realm, his body style is too weird.

The Tiancun Beast Slave may not be able to cope.

Without waiting for the answer in the first time, Chen Feng said immediately: "If it is not possible, we will withdraw."

However, the voice did not fall.

The opposite Ding Taohong laughed again.

"Hahahaha... Want to run? It's not that easy!"

In the next moment, suddenly, the violent wind screamed and the world changed color!

No matter the corpses floating in the distance, or the murderous intent.

All in this turmoil, the Middle East and the West.

Suddenly, a mysterious force was like a tumbling sea.

Let the three Chen Feng present suddenly alarm bells!

"No, get out!"

Chen Feng grabbed the Tiancun Beast Slave and immediately retreated with Fairy Yuheng.

However, the next moment the ground shakes.

Ding Taohong's fists slammed into the ground under his feet.

In an instant, the surrounding space immediately became like a paste!

The silhouettes of Chen Feng and three of them who had retreated suddenly seemed to be trapped in a swamp, making it more difficult to escape far away.

"This is the special formation of Jingyue Palace!"

Fairy Yuheng has had many confrontations with Jingyue Palace and reacted very quickly to this situation.

She loudly reminded Chen Feng and Tiancun Beast Slave: "This kind of painting is a prison method, and the scope and time of restriction are limited."

"As long as it lasts for a stick of incense, the formation is naturally solvable."

"Otherwise, either kill Ding Taohong or use absolute crushing power to break through the formation."

Obviously, none of the three of them currently has the ability to possess such "absolute crushing power."

The three of them could only turn around and look at Ding Taohong in the distance.

Ding Taohong had a smug smile on his face, and his hooked nose looked more prominent.

He roared loudly.

"Kill them!"

With this order, the war was about to start.

A burning spear pierced the void!

Aiming at Chen Feng's head, he rushed over instantly.

Two tall and strong melee masters also rushed towards them with enthusiasm.

In this small space where the painting is a prison, the woman in Jingyue Palace holds a silver-blue scepter and holds it high.

Her voice was ethereal and began to sing.

With that ancient and mysterious special chanting sound.

All the people in the Mirror Moon Palace were shrouded by the light erupting from the fist-like luminous stone at the top of the silver-blue scepter.

Immediately afterwards, Ding Taohong's hands even grabbed the scepter.

The light shrouded everyone like moonlight, instantly turning red!

"kill--"

The breath of the remaining five people suddenly soared by 10%!

"What special support ability is this!"

Even Chen Feng was shocked by Ding Taohong's special ability.

The strength of the group effect is increased, coupled with the healing light of that woman.

This leaves the remaining four who are responsible for the main offense, and their strength has risen by a small level!

boom!

As the spear flew, Chen Feng flipped his hand and squeezed the broken knife, his backhand was a Tai Shang Zhu Shen Zhan.

At the same time, he took the initiative to meet the closest red man.

And Fairy Yuheng quickly entangled another melee master.

"I will be responsible for the remote attack, Tiancang, you are responsible for staring at the masked one."

"it is good!"

Anyway, kill a few first!

Chen Feng's Xinghai world is bright at this moment.

In the huge star map, the power of the stars is constantly changing, transporting to every corner of the body.

His physical strength is also extremely strong.

At the moment the two fists collided, Chen Feng showed ten percent of his abilities.

The earth instantly spread like a spider web from the center where the two met.

Chen Feng's fist seemed to hit the copper wall and iron wall, and his right hand bone suddenly felt numb.

If it hadn't been improved before, this punch would take several breaths to recover.

Both of them stepped back at the same time.

In the Jingyue Palace, the strong man with red light and numerous lines on his upper body showed an expression of disbelief on his face.

"how is this possible!"

He yelled, seemingly unbelievable that Chen Feng could actually carry his physical punch.

In this regard, Chen Feng just sneered.

The body and blood of the gods and demons are the most domineering!

He pointed his knife at the opponent and rushed up again.

The Buddha's angry eyes and lion roar power suddenly came into being!

The purple-white light was flourishing, and a huge lion carried a majestic and angry Buddha, coming across the void.

Everything happened so fast!

The man in the Mirror Moon Palace with red light and dense lines on his upper body cannot be avoided at all!

It was directly pressed by the Buddha with a finger.

"It's done!"

The opponent was immediately sealed in place, making it difficult to move.

The next moment, Chen Feng waved his knife up again.

Too high to punish God, cut again!

At this moment, the distance cut through the void again!

A spear burning all over, came toward Chen Feng's door again.

"Don't think about it!"

These people in Jingyue Palace cooperated tacitly.

Even the masked man who was constantly walking was trying to come quickly at Chen Feng at this moment.

"Break it for me!"

Chen Feng roared loudly, and the broken knife still steadfastly slashed towards the red light melee man.

The silver thread flashed across the void quickly, converging all murderous aura and sword intent.

Time is excellent!

It was between Chen Feng and the burning spear.

And, the instant when the three-point line of the red-bodied and naked melee master was in a line.

The silver thread released by Tai Shang Zhu Shen Zhan quietly passed the spear!

[Chapter 5327: Mysterious girl!](#)

Chen Feng flew out and backed quickly to cushion the blow that had just exploded.

The broken sword swung two warm white blades, not particularly sharp, but also quite powerful.

Only the sound of metal collision can be heard loudly.

The fire spear was actually split in half!

Under Chen Feng's knife strike, it was even difficult to be controlled by a long-range attacker.

This spear seems to be useless.

At the same time, there were several voices in succession.

Screaming, humming...

The red-haired melee man watched the knife slash at him.

His complexion became extremely hideous.

His sturdy body trembled frantically, trying his best to get rid of the sealing effect brought by the Buddha's angry lion roar.

However, it was a little late after all!

Flesh and blood flew across, and the world of Dantian was cut in half accurately by this knife.

The man even screamed before he had time, and cut off all his life.

The whole body's red instantly faded!

The complicated lines on his body still failed to protect his life after all.

The scream that healed just now came from Fairy Yuheng.

At the same time Chen Feng solved the melee master.

Fairy Yuheng, who had reached half a step into the Heavenly Cave Realm, could easily solve the other person.

"Is it all right?"

Fairy Yuheng waved his jade arm, quickly retracted the magic weapon and looked at Chen Feng, still worried.

Chen Feng shook his head.

With his current strength, it is not difficult to deal with such a master in the twelfth floor of the Star Soul Martial God Realm.

However, before Fairy Yuheng wanted to say anything, Chen Feng's expression changed.

He instantly disappeared in place.

boom!

The next moment, Chen Feng stretched out his hand!

He grabbed the Heavenly Remnant Beast Slave who had flown upside down, and backhanded the masked guerrilla man with a slaying slash.

Probably witnessed the death of a melee companion after the eruption of this strange silver wire.

The face of the masked man changed immediately!

He didn't have time to take advantage of the victory, and he turned around and disappeared along the path of the knife.

However, Chen Feng used the time he had gained to grab the Heavenly Remnant Beast Slave and quickly left the place.

Just now, when Chen Feng launched an attack on the melee man in Jingyue Palace, not only did the attacker from far away stop him.

In fact, this is especially true for masked men.

It was the Tianchou Beast Slave who rushed forward desperately, struggling to hold back this person even if he was seriously injured.

Otherwise, Chen Feng may not be able to solve an opponent so easily now.

"Are you OK?"

Chen Feng's face was serious, and he quickly but carefully checked the Tiancun Beast Slave.

Then his brows just frowned.

It wasn't because the situation was so pessimistic. In fact, the physical condition of the Tiancun Beast Slave was still the same as before.

No matter how Chen Feng probed, he couldn't exactly check what was going on on him.

The Tiancun Beast Slave wiped off the blood from the corner of his mouth. Although his face was ugly, he squeezed out a smile.

"I'm fine."

Chen Feng was about to say something.

Suddenly, outside the bounds of the prison, there was a sudden surge of energy!

Several uninvited guests arrived suddenly.

They shuttled back and forth among the suspended corpses, and the fluctuations continued to spread.

Since entering this endless killing advanced battlefield mission, Chen Feng has remained vigilant at all times.

Divine consciousness has always spread outward.

A delicate woman with a water snake waist, a swan neck, and a yellow pants skirt was the first to enter the scope of his spiritual consciousness.

Tens of miles away, the three people headed by this frightened and delicate woman were being chased by another team of five.

Chen Feng vaguely remembered the clothes on the five people who chased them.

This kind of azure dress with snow waves and silver borders should be from Huanhaizhai.

I just don't know why the five people of Huan Haizhai wanted to hunt down those three who seemed almost desperate.

Soon, Fairy Yuheng also noticed the fighting between the two parties not far away.

Obviously, the five heavenly immortals of Huanhaizhai.

All the strengths surpassed the eleventh floor of the Star Soul Martial God Realm.

On the other hand, the delicate woman in the yellow trousers skirt, the three breaths are quite weak.

Being overtaken and obliterated, it seems that it is already a certainty.

However, something unexpected happened at the moment when Huan Hai Zhai was about to catch up with the three people!

I saw the original woman in a yellow trousers skirt with a nice waist and a nice face, but she seemed weak and helpless.

Suddenly, he attacked the two companions beside him!

At that moment, her whole body even released fluorescent light.

She slapped her companion to one side, actually using the bodies of the two companions directly as a pad and target.

She quickly gained recoil in her convenience.

Once again from nowhere to escape, abruptly tore out the only escape channel.

"Shi Lingxi! You actually..."

The two companions who were attacked did not expect this "pure" girl who seemed harmless to humans and animals, and even easily aroused everyone's inner desire for protection.

In order to protect himself, he would attack both of them.

boom!

However, everything happened without accident.

The two companions died on the spot with blood splashes, not even the entire body.

And that weak girl Shi Lingxi also succeeded in seizing the silver lining.

Quickly escaped from Huanhaizhai and the five people came to Chen Feng not far away.

At this moment, Chen Feng was holding the Heavenly Canal Beast Slave in one hand, supporting him not to fall.

Holding a broken knife in the other hand, he was domineering all over, and the ink danced wildly.

The six members of Jingyue Palace, it can be said that in just a few breaths, he and Fairy Yuheng have eliminated a melee master.

The only headache at the moment is probably Ding Taohong's previous trick of drawing a prison.

Otherwise, he would rather retreat first now.

However, Shi Lingxi's appearance not only attracted the attention of Chen Feng, but also attracted the attention of those in Jingyue Palace.

Similarly, the people on Chen Feng's side also attracted Shi Lingxi's attention.

Seeing the people behind Huan Haizhai chasing after him again, Shi Lingxi's eyes suddenly lit up when she saw Chen Feng.

Chen Feng silently observed everything she had just done.

When he saw Shi Lingxi's face suddenly change at him, he almost immediately had some kind of speculation in his heart.

as predicted!

In the next second, Shi Lingxi rushed towards the three of Chen Feng.

"I said why you have not come, because it turns out that you are in trouble..."

Fairy Yuheng on the side hasn't reacted yet.

She didn't know how to answer Shi Lingxi's tone that seemed to be among acquaintances.

But Chen Feng sneered in his heart.

The heart of this woman can be said to be vicious!

Once you have used your companions, you can use them if you see strangers.

[Chapter 5328: Chaos!](#)

Moreover, she is very smart.

Knowing to use the three Chen Feng who are currently in a weak position.

Because she can't afford to offend the four members of Jingyue Palace who seem to be stronger at present!

This trick has caused misfortune, and I have to say it is wonderful.

"Chen Feng, this is..."

Fairy Yuheng just opened his mouth to Chen Feng.

The next moment, Shi Lingxi listened: "Chen Feng..."

However, she didn't wait for her to finish what she wanted to say.

Chen Feng suddenly turned his face and met her.

He shouted at Shi Lingxi with extreme enthusiasm and worry: "Xiao Xi, don't come here! Run!"

"I am not their opponent!"

"This time, they said they would kill everyone in our blessed land!"

As soon as this remark came out, not only Shi Lingxi was confused.

Even the people in Jingyue Palace's complexion changed slightly.

Following the direction of Chen Feng's call, they also looked at the goose-yellow hakama woman who was rushing in this direction.

Chen Feng was just scheming.

At this moment, naturally, he was also paying close attention to the reaction of the four people in Jingyue Palace.

When he noticed that their response was as successful as he wanted, Chen Feng was delighted.

Have the opportunity!

The next moment, his face suddenly became extremely serious.

Chen Feng turned his head and stretched out his hand hard.

Transfer the Tiancun Beast Slave to Fairy Yuheng to hold him.

Then his figure flickered and disappeared in place.

He directly stopped Ding Taohong's eyes from looking at Shi Lingxi.

At the same time, his face was instantly filled with determination.

Chen Feng stared at the four people in front of him, and shouted:

"Xiao Xi, our Beidou Fortune Land, you are the most talented."

"Before coming, Yuheng gave you our treasure, now you are our hope!"

"We will help you hold them, you run!"

With such a pretense, even Fairy Yuheng and Tianchou Beast Slave did not react.

Just in line with the trust in Chen Feng.

Even if they didn't know what he was doing now, the two of them still cooperated subconsciously.

As a result, the three of them rushed to the Jingyue Palace again as if they had already agreed.

And seeing the three of Chen Feng react like this.

The people in Jingyue Palace, on the contrary, focused more on Shi Lingxi in the distance!

Especially Ding Taohong, his eyes were bright.

He immediately waved his hand and opened his mouth and shouted:

"Don't let her go! Go and kill her!"

"Unexpectedly, the treasure is on her!"

The time limit for painting the ground is still there, and Chen Feng and others have nowhere to hide.

Just when Ding Taohong and others rushed towards Shi Lingxi.

The original shackles on Chen Feng's trio were immediately completely dismantled.

As for Shi Lingxi, she would never think of it.

Since she had glanced at Chen Feng from a distance in the crowd, she thought she was smart and pretended to know each other.

After that, everything began to develop in a weird direction!

In an instant, she wanted to use Chen Feng to divert her attention.

Thus further escaped.

As a result, it became what it is now.

Forcing her to get on the thief ship, let's see how the four people in Jingyue Palace hunted down her!

Shi Lingxi almost crushed her silver teeth.

But Ding Taohong's long-range attack has already had a scale.

The only thing Shi Lingxi can do is to fight alongside Chen Feng!

On the surface, side by side, but each and Ding Taohong's life and death duel for more than a second.

Shi Lingxi kept cursing on Chen Feng in her heart.

All the while, she was the only one who took advantage of others.

When will others use her?

And it's so direct?

Chen Feng didn't care about this.

He didn't care whether Shi Lingxi hated him or not.

For a selfish unknown person like her, throwing away is the biggest way home.

Anyway, for the three of them in Beidou Fortune Land, two unrecognized forces suddenly came, and everything was easy to say to them.

What Chen Feng is best at is to create this kind of chaotic chaos and benefit from it.

Seeing that the Huanhaizhai men chasing Shi Lingxi, they didn't immediately make a move.

Chen Feng's eyeballs rolled, and his mind immediately came to his mind.

In the next moment, heaven and earth reincarnated in heaven and earth, and suddenly made power!

In the huge space of repetitive reincarnation, in the third eye on the far right of the three giant eyes.

Countless black rays quickly nurtured a fist-sized demon heart.

Taking advantage of the already somewhat chaotic situation, Chen Feng calmly confronted the long-range attacker of Jingyue Palace who had lost his spear.

The person in charge of the remote attack has a slightly lower cultivation base than Chen Feng, and the implantation of the devil's heart is fairly smooth.

As soon as the Devil Heart took root and entered the depths of his spiritual world, Chen Feng continuously launched mental attacks.

"Stop them!"

In the chaos, the long attacker flipped his hand and took out another spear.

Directly at the five Guan Haizhai who were chasing Shi Lingxi and threw them away.

"Who dares to attack us?"

The five Guanhaizhai were furious and saw the "culprit" at a glance.

From just now to now, everything happened too fast,

Guan Haizhai wasn't even sure what Shi Lingxi had to do with everyone in front of him.

At this moment, the people of Jingyue Palace take the initiative to attack, how can they bear it?

"Kill me!"

The Mirror Moon Palace four once again formed a fixed pattern, with masked men and long-range attackers as the main attack targets.

And they were confronted by the five people from Guan Haizhai who had chased and killed Shi Lingxi.

At the same time, Shi Lingxi had repeatedly wanted to take advantage of the chaos to leave.

However, Chen Feng's voice before, made Jingyue Palace never let her go!

"Chen Feng, what is going on?"

Light and shadow intertwined everywhere, chaos fighting.

The overlapping killing intent and different levels of aura repeatedly collided and diffused in this limited area.

Fairy Yuheng took the severely injured Tianchou Beast Slave and had to retreat aside and asked Chen Feng himself, who was also out of the picture.

In this regard, Chen Feng's brain power has already reached the highest speed.

"Now is not the time to explain, Yuheng, Tiancan, I need your cooperation!"

"Fight for the fastest time and kill that Ding Taohong."

Although the masked man is extremely capable of guerrilla, he is difficult and indeed powerful.

But compared to the threatening power, Ding Taohong is the biggest one!

His trick is a prison, which is too threatening!

At this moment, Ding Taohong was still wondering why the long-range attacker suddenly attacked the five Huan Haizhai.

Under Chen Feng's spiritual control, it was impossible for a long-range attacker to do anything against Chen Feng's wishes.

He could only watch "self" quickly approach Ding Taohong, and then suddenly shot!

At the same time, Chen Feng, Fairy Yuheng and Tiancan Beast slaves swarmed!

It can be said that they seized this opportunity as premeditated.

In an instant, all kinds of means greeted him all in one mind.

"puff--"

Even though Ding Taohong was prepared, he was not hit by the "reversal" of the starter.

The masked man and other people in the Jingyue Palace are still late after all!

[Chapter 5329: Three Flower Contract Golden Silk](#)

When Chen Feng swung a knife at Ding Taohong, he turned to look at Fairy Yuheng and shouted in a low voice, "Go!"

Ding Taohong is dead!

Mirror Moon Palace, there is no longer the big killer of painting the ground as a prison.

Fairy Chen Feng and Yuheng shot one after another, slashing the mess.

Just abruptly smashed a **** road!

"and many more!"

"Can I walk with you?"

Shi Lingxi's voice sounded in the chaos.

Fairy Yuheng turned her head in response, only to see her rather embarrassed appearance, her watery beautiful eyes with tears, she looked pitiful.

Even if they were both women, Fairy Yuheng couldn't help but feel soft, and instinctively wanted to stop.

"Don't be fooled by her!"

Chen Feng noticed Fairy Yuheng's reaction and his face was extremely cold.

He turned his head and faced Shi Lingxi's pitiful look with a blank face.

If he hadn't noticed the scene where he attacked his companion before, it was only for self-protection.

Perhaps Chen Feng will be the same as Fairy Yuheng now.

I was really deceived by Shi Lingxi's appearance.

Chen Feng sneered, and spoke with mockery:

"You are so temperamental, we dare not go with you."

"Maybe when you meet an opponent, you suddenly attack us just like you did with your partner."

"Unless, you have value worthy of our use."

For this kind of woman, Chen Feng never meant to pity Xiangyu.

Moreover, there is no secret.

Tell her clearly what she wants!

The Tiancun Beast Slave and Fairy Yuheng on the side heard these unconcealed words.

His face is also awe-inspiring.

The melee is not over.

The situation of Chen Feng and the others is not too dangerous at this moment.

On the contrary, the people of Huanhaizhai noticed that Shi Lingxi seemed to be fleeing, and the fighting had frequently spread in this direction.

For Shi Lingxi, it is almost impossible for Shi Lingxi alone to successfully get rid of the people behind Huan Haizhai.

Even if she was tricked by Chen Feng, she took advantage of it.

But now, the only one who can help her survive is Chen Feng and the others!

Chen Feng said lazily, "Is there anything valuable?"

"Leave without us."

After clearing this sentence, Shi Lingxi gritted her teeth.

Immediately, he took out a page of gold silk.

Chen Feng had never seen this kind of golden silk, it glowed with a layer of golden light.

Among them, there is also a clear breath from the top of the sky.

Shi Lingxi handed Jinbo directly to Chen Feng, with obvious urgency in her tone.

"If you are worried that I will take action against you, we can sign this contract."

When Fairy Yuheng saw this piece of golden silk, her face changed slightly.

She said anxiously: "This is evidenced by the ruler of the heavens, from the three-flower contract golden silk from the top of the sky."

"This kind of three-flower contract gold silk is very rare, and each one is extremely expensive."

"Furthermore, once a contract signed with this kind of three-flower contract gold and silk, it is equivalent to a testimony of the rule of heaven.

"Any behavior that violates the contract, once committed, will be obliterated on the spot."

Fairy Yuheng turned to look at Chen Feng.

Chen Feng held his arms and said lightly: "Oh? That's all?"

"What good is that for us?"

He said indifferently: "The strength enhancement you have brought about by joining us is not so valuable."

Shi Lingxi gritted her teeth and confessed the last trump card: "What's more special is that once the three-flower contract is signed."

"The people who sign the contract can communicate with each other."

"Furthermore, one can naturally comprehend a formation called the Sanhua Gathering Formation."

Fairy Yuheng raised her brow slightly.

Chen Feng saw the heartbeat in her eyes.

It seems that she trusts this three-flower contract.

In fact, Chen Feng himself was a little moved.

"Three flowers gathering top formation? What is this?"

Shi Lingxi could not wait to seek asylum at this moment.

Without waiting for Fairy Yuheng to introduce her, she was the first to explain it.

"That is a formation made up of several people."

"Once formed, everyone's strength can be increased by 20% during battle."

When Chen Feng heard this, his heart moved instantly.

This formation is a bit against the sky!

Everyone's strength has increased by 20%, and the strength of the entire team can be improved infinitely!

It can be seen that asking Shi Lingxi to take out this three-flower contract gold silk has already caused her to bleed greatly.

At this moment, Chen Feng didn't care much about Shi Lingxi's sudden attack.

It has to be said that the improvement of the strength of 20% is particularly exciting.

After his thoughts were running fast, Chen Feng had already made a decision in his heart.

He looked at Shi Lingxi: "I can sign this three-flower contract with you, but I have one request."

"any request?"

Chen Feng glanced at the Huanhaizhai chasers behind Shi Lingxi.

"After signing this contract, you have to pretend not to know us."

This is a decision he made after careful consideration, and it is convenient to act.

Shi Lingxi originally thought he wanted to make some request, but she didn't expect it to be this.

The situation was urgent, and she nodded immediately.

Then, he directly bit his fingertips and forced out a drop of blood, pressing it on the thin piece of golden silk.

The same is true on the other side.

When both sides pressed their own fingerprints on the golden silk.

The golden silk, which was originally glowing with a faint golden light, instantly ignited out of thin air.

It disappeared in a blink of an eye.

In the next instant, Chen Feng could feel that there was a feeling in his heart.

As long as he tries to get in touch, he will be able to achieve true "spiritual communication" with Shi Lingxi!

The contract is completed, and now each other is a companion.

Chen Feng immediately grabbed Shi Lingxi.

The four of them were extremely fast, and soon left Huanhaizhai and Jingyue Palace behind them.

Shi Lingxi breathed a sigh of relief after completely getting rid of those behind.

In view of the request made by Chen Feng earlier.

Four people, still clearly showing a three-and-one team, continue to move forward.

There is no communication between each other.

Just now, Chen Feng and the others just headed in one direction and made a way out.

However, as this way, more and more fallen, floating bodies can be seen everywhere!

What's more, the giant peaks are chopped in half at every turn, the stream is cut off, and the vegetation is lost...

The bodies of monsters and humans can be seen everywhere!

Even the Celestial Beast Slave could not help taking a breath when seeing such a shocking picture.

"Millions of dead bodies, bleeding thousands of miles. This is too miserable!"

They were like rushing into a huge deserted grave, which was full of corpses.

Some even the body is not complete.

The four of them went out for a long time without seeing any living things.

"In this way, how do we know the specific situation?"

For a while, even Chen Feng was a little worried.

[Chapter 5330: Live!](#)

Fairy Yuheng was already extremely nervous about this task.

Now that I saw all kinds of monsters, I suddenly became more nervous.

Even Shi Lingxi noticed this change in her.

At this moment, Chen Feng's outward spirits suddenly caught a breath of life.

His eyes lit up, and his figure burst out thousands of meters.

Reaching out and grabbing, he actually captured a demon clan who was still alive!

This gain was completely unexpected.

Chen Feng was not polite and asked directly in front of Fairy Yuheng.

It is necessary to dig out some useful information from the brain of this monster race.

However, no matter what Chen Feng asked about this long-haired monster that looked like a monkey, his brain seemed to continue to rotate.

Unfortunately, I can't ask anything!

Chen Feng was not polite, and directly used heaven and earth to repeat the reincarnation magic.

But the result still disappointed them.

This monster race's mind can be called a chaos!

For them, all they have is killing, eating, practicing, and sleeping.

Chen Feng frowned tightly.

"These low-level monster races, I'm afraid they are all built fighter machines."

"I can't ask anything at all."

He looked at the three of them: "If you want to understand the current situation, it seems that you have to be lucky and try to capture an identity character."

In the end, Chen Feng specially appeased Fairy Yuheng.

The four went all the way.

Finally, when they moved forward again for almost a stick of incense.

Just saw that the number of alive demons gradually increased.

When they saw Chen Feng and the four of them, the picture was spectacular.

All the monster races that looked like the previous ape, seemed to have some kind of telepathy between each other.

Qi Qi turned his head and stared at the four uninvited guests Chen Feng.

Then, roars rang one after another.

It makes people's head buzzing and painful!

There were about a dozen monsters in all directions.

Ula Ula barked, with red eyes, and waving sharp claws.

At the same time, they rushed to the four of Chen Feng quickly.

Chen Feng glanced at the Tianchou Beast Slave with concern: "How are you?"

The Tianchou Beast Slave waved his hand, staring solemnly at the monster race that rushed over.

"I can."

After getting a clear answer, Chen Feng immediately waved his hand.

"kill!"

Fighting all the time, this is the essence of the endless killing advanced battlefield mission.

The war is about to start.

However, when Chen Feng waved the extremely hard broken knife in his hand.

It just hacked towards a low-level monster race that rushed in front of him.

An accident happened.

That low-level demon race actually died on the spot without following his expectations!

Obviously, the strength of this low-level monster clan was nothing more than the appearance of the ninth building of the Star Soul Martial God Realm.

It stands to reason that with Chen Feng's current strength.

Even if it wasn't 100% full force, he would never be able to. Even a low-level monster with an aura almost at the peak of the ninth floor of the Star Soul Martial God Realm could not guarantee a one-shot kill.

However, this is how it happened.

Chen Feng was startled first, and then was silent for a while.

"The difficulty of this task is indeed beyond imagination."

Then, his sword fell more fiercely!

These low-level monster races, although they can be called sages.

But their physical structure is stronger and stronger than ordinary monsters.

It's still a bit difficult to kill.

However, for now.

These low-level monster races are just the difference between a hack to death and two hacks.

After a short while, the dozen or so low-level monster races they encountered were cleaned up by the four of Chen Feng.

Except for Chen Feng and Yuheng Fairy, they were basically unharmed.

Shi Lingxi and Tiancun Beast Slave were somewhat embarrassed.

Looking at the corpses everywhere, Tianchou Beast Slave couldn't help but smile.

He looked at Fairy Yuheng and Chen Feng and sighed.

"This is just the beginning, we are only encountering some low-level monster races."

"I can feel it, this task... is really scary."

You know, how long has the Celestial Remnant Beast Minion entered this world of trial missions?

He was seriously injured in a blink of an eye, and now it was a bit difficult to deal with a few low-level monster races.

It's hard to imagine, what should we do if this continues!

For a time, the atmosphere became a bit low among a few people.

Finally, Chen Feng walked over and patted him **** the shoulder.

"Since it's here, don't always think about it."

He didn't just say this to the Tianchou beast slave.

More importantly, it was to Fairy Yuheng, who had been trapped in emotional fear next to him.

"The only thing we have to do now is to complete the task, and the other is to live!"

Live!

The three words fell heavily.

Speaking of this, Chen Feng raised his eyes and looked into the distance.

"I took a look, we just went down the mountain, the way we were after the war."

"Until now, there is a live monster race again here."

"However, no human race has ever seen it."

He looked at several people again: "I guess, there may be more monsters ahead."

"Even, it may be the camp of a certain monster race."

"Let's rectify it on the spot, and when we are ready, we will move on."

Shi Lingxi on the side was observing the three of Chen Feng.

Although they are only temporary partners, they are not familiar with each other.

But she could still see that among the three, the fairy Yuheng seemed to have a stronger cultivation base.

But in fact, the real backbone is still in this Chen Feng.

With his analysis, Shi Lingxi could clearly find that the heavy atmosphere lingering around the two of them was easily dispersed.

Even Fairy Yuheng's eyes burst into a firm light again.

She looked at Chen Feng and nodded vigorously.

"Chen Feng, you are right."

"This time, no matter how difficult the task is, I don't want to die, so I must survive!"

Chen Feng's remark just now seemed ordinary, but it happened to hit Fairy Yuheng's heart.

The experience of three consecutive failures has long wiped out all her unwillingness, indomitability and madness.

The only thing left for her is the fear, evasion, and cringe of the endless killing advanced battlefield missions.

Fairy Yuheng suddenly recalled that Chen Feng looked at her expression that day.

"Three days later, I will follow you to the advanced battlefield of endless killing."

At that time, Chen Feng's eyes were full of determination, without the slightest hesitation or worry.

On the other hand, at that time, she was full of thoughts about Chen Feng's bravery.

Even for her, she was very moved.

But after all, it was too reckless.

Now I think of the scene at that time, think of Chen Feng at the time, and can decide to accompany her without hesitation.
