

Peerless 5341

[Chapter 5341: Chen Feng's new plan!](#)

In the void, a huge purple and white lion suddenly appeared!

Humping on it is a majestic, but angry Buddha.

They came from far and near, across the void.

The Buddha stretched out his finger and came straight towards the forehead of the Silver Star Demon Emperor.

"You want to kill me?"

The Silver Star Demon King continued to maintain his anger, and was completely unafraid of this Buddha's angry lion roar.

In his opinion, the cultivation level revealed by Chen Feng is very weak.

So weak that he could almost die on the ground with one finger.

This kind of waste dared to do something to him at this moment, it is simply overwhelming!

However, just when the Silver Star Demon Emperor confidently thought that he could easily avoid the Buddha's finger.

The expression on his face kept changing.

how is this possible?

No matter how flexibly he dodges and attacks, that finger is like a maggot attached to bones, like a shadow.

Where can I avoid it?

In the next second, the glaring Buddha pressed a finger precisely on his forehead.

The Silver Feather Demon Emperor fell to the ground with a sudden crash.

There was still disbelief on his face.

Chen Feng couldn't help cheering from the bottom of his heart, but soon returned to seriousness.

This is far from the time to celebrate.

Hunyuan Qitu greatly weakened the strength of the Silver Feather Demon Emperor.

The level that he can play at the moment is only about the level of the twelfth floor of the Star Soul Martial God Realm.

Nevertheless, that was after all a strong man in the half-step cave world, and the Buddha's angry lion roar technique could only seal his breath or two.

Taking this opportunity, Chen Feng burst into a dazzling white light.

The powerful breath circulated crazily from his body.

In the hand, inside a broken knife, the blue soul of the knife is faintly visible.

All the power on Chen Feng's body was quickly concentrated on Broken Blade at this moment.

I saw him holding the hilt of the broken sword with both hands, facing the Silver Star Demon Emperor, and slashed his head.

Too much to kill God!

"stop--"

Not far away, there were three badly wounded Demon Saint Guards, and their expressions changed without exception.

They even disregarded the crazy attacks the three of Fairy Yuheng hit on them.

At this moment, they all rushed towards the Silver Feather Demon Emperor.

The appearance of this faction of loyal guardian is surprising.

However, the voices of Fairy Yuheng and others rang right after that.

"Don't think about it!"

Although the Silver Feather Demon Emperor was sealed and could not move his body, his five senses were still there.

He watched that the powerful aura that exceeded Chen Feng's own cultivation realm burst out from Chen Feng's body.

Then, the silver-white light was getting closer and closer to him like this.

boom!

Flesh and blood spattered.

Three demon saint guards attacked Chen Feng, two of which were intercepted by Fairy Yuheng and Tiancun Beast Slave.

Only the one Shi Lingxi was in charge of, did not stop, but hit Chen Feng.

However, fortunately, the demon saint guards at this moment were all seriously injured.

For Chen Feng, this attack was not a minor injury, but it didn't get in the way.

However, Chen Feng gave Shi Lingxi a cold glance.

"I tried my best!"

Shi Lingxi said, breaking the demon Shengwei's neck on the spot.

In this regard, Chen Feng did not speak.

It doesn't matter whether Shi Lingxi really didn't stop it just now, or she didn't stop it fakely.

Since there was no abnormality in the Sanhua Contract, he treated it as true.

However, for Shi Lingxi, Chen Feng felt a little more vigilant.

At this time, the whole battle was calculated by Chen Feng.

Finally, it is nearing the end.

Fairy Yuheng and Tianchou Beast Slave both eliminated the demon sage guards they had intercepted.

Then, the four surrounded the Silver Feather Demon Emperor.

"He's not dead yet?"

After Fairy Yuheng approached, he glanced at the Silver Feather Demon Emperor who fell on the ground.

Suddenly his eyes widened slightly in surprise.

With that said, she only considered Chen Feng's negligence for a while, so she wanted to make up another palm.

"and many more!"

Chen Feng spoke in time and stopped Fairy Yuheng's movements.

"I deliberately saved his life."

Upon hearing Chen Feng's words, Fairy Yuheng stopped in time.

That's right.

With Chen Feng's consistent character, there would definitely not be such obvious omissions.

She was too nervous and didn't think so much for a while.

"Didn't you say you want to use his head as a certificate? What other plans do you have?"

Shi Lingxi asked as if nothing had happened before, her face as before.

Chen Feng did not directly answer her question.

Chen Feng lowered his eyes and looked at the Silver Feather Demon Emperor who fell on the ground.

At this moment, the Silver Feather Demon Emperor had long lost his previous arrogance and strength.

He is like a defeated wolf.

The silver-white hair was messy at this moment, and there was a scar on his shoulder.

The knife wound continued to spread down from his shoulder, almost splitting him.

This is the result of Chen Feng's control.

Originally, he had already aimed at the silver feather demon emperor's head for the last utterly overwhelming slaying.

But at the moment of the last wave, a strategy popped out completely from his body.

It was the strategy that made him temporarily change, slightly changing the direction.

And the Silver Feather Demon Emperor at this moment, of course, also knew this.

At this moment, he fell to the ground in embarrassment, being overlooked by four human monks whose strength was far inferior to him.

Seeing his lingering appearance.

Humiliation, anger...

Various emotions rushed into his brain madly.

His red eyes stared at Chen Feng, almost bursting into flames.

"If you have a kind, kill me!"

"Even if I die, I will never use it for you!"

With that, he suddenly burst into a strong breath again.

"Be careful, he will destroy himself!"

Fairy Yuheng's face changed suddenly, and she was about to take a palm shot.

Wanting to kill him before the Silver Star Demon Emperor destroys himself.

"Wait!"

Chen Feng looked down and looked at the Silver Star Demon Emperor condescendingly.

The next moment, he actually stretched out a foot and stepped directly on the wound on the chest of the Silver Star Demon Emperor.

The severe pain spread.

The Silver Star Demon Emperor wanted to explode, and was abruptly slowed down.

He recovered and met Chen Feng's eyes fiercely.

However, when he met his sight this time, Chen Feng's eyes had become pitch black.

After that, the Silver Star Demon Emperor only felt a buzz in his brain.

After that, he knew nothing.

Fairy Yuheng and the three of them looked at the Silver Feather Demon Emperor who had stopped suddenly, and all of them showed confused expressions.

No one knows what happened.

They subconsciously looked at Chen Feng together.

I saw the corners of Chen Feng's lips, and at this moment, a beautiful arc was slowly conjured up.

He raised his head and looked at Fairy Yuheng and others with a smile on his face.

"It can't be killed now. He is still very useful."

Fairy Yuheng, Tiancun Beast Slave and the others looked at each other, confused about Chen Feng's sudden "plan".

[Chapter 5342: A prisoner of terrible origin!](#)

The original jungle gradually returned to its former silence.

The sounds of birds and beasts hovering in the air, screaming and screaming, also gradually calmed down.

Nothing seemed to have happened before, covered by this lush gray-green.

After a long time.

Outside the Thousand Demon Camp led by the Silver Star Demon Emperor, suddenly there was a sound of rapid movement again.

This made the Monster Race soldiers whose vitality had just been extinguished and their faces were ugly to the extreme!

Could it be... there was another enemy attack?

The thrilling sneak attack just now burned almost half of the camp in the camp.

Except for the huge camp belonging to the Silver Star Demon Emperor at the very center, most of the other low-level demon races were almost never immune.

The ground is still a mess.

Many demon clan corpse capitals have not had time to sort out, and the commander has never heard from them.

Another enemy attack, I'm afraid they will be wiped out today!

Many low-level monster races stood up one after another, took up the few weapons in their hands, and looked desperately into the deep forest where the sound of footsteps heard.

Near.

Closer!

Finally, from the darkness, a tall figure suddenly appeared.

He was covered with silvery white hair, and his shoulders still had blood stains that hadn't been cleaned up.

Although this person is in the dust, his face is tired.

But when the demons saw him, the heart that was originally hanging high in the throat suddenly returned to their chest.

"Boss!"

"Master Qianlong!"

Many sane subordinates showed joy.

Leaving the weapon in his hand, he eagerly rushed towards the Silver Star Demon Emperor.

Great, not an enemy attack!

The Silver Star Demon Emperor himself didn't seem to expect that after this return, he would receive such an eager cry.

He returned to the camp, and as he walked forward, he responded to the following concerned questions.

"Boss, why are you the only one to come back?"

"Sir, the monks sent hundreds of puppets to attack our camp. Brothers suffered heavy casualties!"

"Since they are not welcome, let's kill them all in one go."

...

The Silver Star Demon Emperor raised his hand slightly, and stopped the babbled voice.

At this moment, the elite demon race closest to him finally noticed the state of the Silver Star Demon Emperor.

"Boss, are you hurt?"

Hearing these words, all the demon clan men realized that the Silver Star Demon Emperor was also quite embarrassed at this moment.

For a time, everyone asked about the situation with concern.

"It's a bit hurt, but it's fine."

The Silver Star Demon Emperor simply replied, as if recalling something on his face, he suddenly became extremely annoyed.

"I did follow their way this time and I was deceived!"

I heard that their commanders were all deceived by this monk team.

Among the demon tribes, there were a few subordinates who were resentful about the silver star demon emperor's rash departure, all of them suddenly realized.

No wonder their commander did not show up when they encountered an almost one-sided enemy attack.

It turned out not because of personal matters, but simply the conspiracy of those monks!

In this way, the demon clan almost surrounded the Silver Star Demon Emperor.

Moved all the way to outside the largest special camp for the commander.

As soon as he entered the camp, the expression on the Silver Star Demon Emperor's face suddenly changed.

A black light flashed quickly across his eyes.

The breath of heaven and earth's recurring reincarnation magic arts is fleeting!

Inside the huge and spacious camp, opposite his bed, there is a specially built prison!

At this moment, a group of white figures was nestled inside.

The figure was curled up in the corner of the prison at the moment, motionless, not even alive or dead.

The Silver Star Demon Emperor didn't look at it either.

After he entered the camp, he turned and called a man who was guarding outside, and whispered a few words.

After a while, Chen Feng and four of them walked into the camp that had been guarded by hundreds of heavy soldiers.

The Silver Star Demon Emperor stood up to greet him, and after seeing Chen Feng, he bowed his head respectfully.

Shi Lingxi looked at the Silver Star Demon Emperor and couldn't believe it.

A few hours ago, in her eyes, this existence, for them, still did not dare to confront it at all.

Even Fairy Yuheng and Tianchou Beast Slave could not help but be amazed.

Shi Lingxi raised her head to look at Chen Feng, her eyes gleaming.

Since traveling with Chen Feng and others.

Along the way, Chen Feng has demonstrated extraordinary ability to lead the team.

His big strategy, his small layout, including emergency response, strength, etc., broke through Shi Lingxi's presets every time.

Up to this moment, she saw the Silver Star Demon Emperor, who was half a step away from the Celestial Sky Realm, actually saluting Chen Feng respectfully.

Chen Feng did a scene that he didn't even dare to think of.

"Chen Feng, you really make me admire one after another."

"You, I really took it!"

Seeing Shi Lingxi's reaction, Chen Feng was not moved.

At this moment, Fairy Yuheng on the side spoke up.

She frowned slightly, her thick black hair naturally fell on her shoulders, dangling with her slight movements.

"Chen Feng, don't tell me, did you plan to come to this camp from the beginning?"

"of course not."

At this moment.

In the entire camp, apart from Chen Feng's four, there was only the Silver Star Demon Emperor whose spiritual world was controlled by Chen Feng.

And, the "prisoner" who shrank in the corner motionless.

Chen Feng didn't mind the transmission of information.

"Actually, my goal at the beginning is the same as I told you before, only the Silver Star Demon Emperor."

"As for the camp, I actually don't care."

Hearing this, the Tianchou Beast Slave continued: "How did that change?"

Chen Feng looked at him: "Later, the goal became to come to this camp."

"Even, I came to this camp because of the smooth flow of the boat."

"When we attacked the camp earlier, I wonder if you noticed that there were heavy soldiers guarding the camp."

Fairy Yuheng and the others nodded uncertainly as they recalled.

Shi Lingxi's expression was slightly surprised: "You thought of what's special here, so did you decide to change your policy temporarily?"

Chen Feng was noncommittal.

He turned to look at the most conspicuous prison in the camp.

"I guessed at the time, I was afraid that there were no special prisoners hidden inside."

"Since it was carefully locked up by the monster clan, I naturally can't miss it."

"Now you see, it is true."

Chen Feng had seen the figure in the prison at this moment, and his complexion changed slightly.

He had changed his mind temporarily, not only wanted the life of the Silver Star Demon Emperor, but also wanted to reveal the identity of the prisoner.

After all, he could be so solemnly imprisoned in his camp by a commander.

At that time, Chen Feng thought, I was afraid that this person's identity was extremely terrifying.

"what is this?"

[Chapter 5343: Missin of the Monster Race!](#)

The four of them looked towards the prison.

I saw that the prison was made of special fine iron, which can be said to be unbreakable.

And in the corner inside, facing the crowd at this moment, there was a small monster clan curled up!

Yes, it is very different from Chen Feng's initial guess.

Big head, round, thick short legs.

It is estimated that standing up will not exceed four feet tall.

This monster clan was completely white, although it was not really true to the crowd.

However, it can still be judged from its one-foot-long trunk.

What was imprisoned inside was actually a white elephant cub!

"How is this going?"

Fairy Yuheng was also a little at a loss.

At first, all of them subconsciously thought that since it was a battle between immortals and monsters.

The monster imprisoned is naturally a certain powerhouse on the human side.

Perhaps after hearing Chen Feng and their voices, the white elephant cub slowly stood up, turned around and looked at Chen Feng and the others.

The black eyes blinked, and the young form looked quite cute.

"What's the situation? Why does the commander of the monster clan imprison a cub of the clan?"

Fairy Yuheng stared at the white elephant cub confusedly.

The little white elephant has no breath, and it doesn't look like a threatening existence.

Chen Feng was also puzzled, and immediately turned his head to look at the silent Silver Star Demon Emperor.

From the memory of the Silver Star Demon Emperor, Chen Feng soon knew everything he wanted to know.

The first time he learned the truth, he couldn't help taking a breath.

"Chen Feng, what do you know?"

Fairy Yuheng looked at Chen Feng's reaction and knew that he must have obtained the information of this white elephant cub from the mind of the Silver Star Demon Emperor.

Chen Feng looked at the three of them: "It's called Tianyuan Little Demon, and it's the only bloodline of Baixiang Demon Venerable."

The Tianchou Beast Slave is even more confused: "Who is the White Elephant Demon Venerable?"

"This is the source of my surprise."

Chen Feng looked at the crowd with a solemn expression: "The White Elephant Demon Venerable is the first person before the Chiyan Demon Venerable becomes the first person of the Demon Race."

"Thirty years ago, the entire monster race was commanded by the White Elephant Demon Lord."

Several keenly grasped the key words.

"You said thirty years ago, what about after that?"

"One day thirty years ago, it disappeared strangely."

"Since then, the whereabouts are unknown, leaving the only blood in front of us."

Everyone can almost guess what happened later.

Chiyan Demon Lord became the first person of the new demon clan.

Since he became the throne, he naturally couldn't see the only bloodline of the first person of the former monster race.

"...The Red Flame Demon Venerable suppressed him in various ways, for fear that it would grow up quickly."

"But who would have thought that this Tianyuan Little Demon would disappear one day."

"This caused an uproar in the Yaozu at the time."

Shi Lingxi frowned and looked at the white elephant cub in the prison.

"Then why is he here now? And, judging from his appearance, he is stupid."

Shi Lingxi looked disgusted, and curled her lips unremittingly: "Where is the only bloodline of the first person in the Demon Race?"

Chen Feng rarely paid her attention.

"Because, after he disappeared, when he appeared again, he was on the human side."

"When the White Elephant Demon Lord commanded the Demon Race, the Human Race and the Demon Race were still in harmony, no better than the Chiyan Demon Lord today."

"Therefore, the human race at that time also stated that they would support him to become the new demon sovereign and become the next commander of the demon race."

"You know, the original White Elephant Demon Venerable is not comparable to the current Chi Yan Demon Venerable."

"His prestige was so high that he has never seen it before!"

"Therefore, after the Human Race released the news, for a while, many Monster Races heard the news, and were grateful for the favor of the White Elephant Demon Venerable at the beginning, and they went to rush.

Hearing this, several people also knew the consequences.

The large-scale demon race going to seek refuge in the Tianyuan Little Demon will undoubtedly cause a huge split in the demon race!

Part of the commander of the Chiyen Demon Lord, is full of hostility towards the human race, and can't wait to kill them soon.

The other part is the commander of the descendants of the White Elephant Demon Venerable, maintaining a relatively gentle attitude towards the human race.

If this split is true, the consequences of Yaozu would be unimaginable!

Speaking of this, Chen Feng couldn't help sighing.

"This time the Yaozu will fight this battle at all costs."

"Actually, one of the main purposes is to get him back."

"In fact, they did."

Chen Feng looked at the white elephant cub in the cage.

Probably noticed that Chen Feng and the others were looking at it.

Little Demon Tianyuan became dull, and then shook his snow-white ears that were hanging down.

But that's it.

Since the cub stood up, raised his head and looked at them.

Shi Lingxi kept looking at it.

The more she looked, the more she felt that something was wrong.

"Do you think that its mental state seems to be wrong?"

Upon hearing this, the other three also gathered their eyes in the cage again.

The little white elephant is indeed in a state of something wrong, and the whole look is muddled.

Whether I saw the Silver Star Demon Emperor come in before, or I saw a few of their human monks coming in now.

There is no mood swing at all.

It feels like dementia.

"This should be sealed."

Chen Feng immediately fell into thinking, something suddenly appeared in his mind.

And Fairy Yuheng, who was standing by, had doubts again at this moment.

"I have a question."

"You said that the Demon Race led by the Red Flame Demon Venerable will fight this battle at all costs. The main purpose is to grab back the only blood of the White Elephant Demon Venerable."

"But don't you think things are a little weird?"

Tiancun Beast Slave answered the words: "How to say?"

Fairy Yuheng looked at the three.

"The bloodline that was finally snatched back was carried by a commander."

"There is hardly any powerful Demon Race Great Neng staring secretly around."

"Could it be that you are not afraid that Human Race will **** it away again?"

However, for this question, Chen Feng had already found the answer in the mind of the Silver Star Demon Emperor.

"This is the deliberate arrangement of the Yaozu."

While he was thinking about what he was thinking about, he answered smoothly: "A large-scale battle of immortals like this must be a full-scale invasion."

"Whether it is a monster or a human race, it must be a powerful person versus a powerful person."

"In this case, it can be said that every powerful person of the human race and the monster race is basically completely exposed to each other."

"If you arrange this bloodline with a certain demon clan Dana, believe it or not, within an hour, will the human cultivator know the specific location of the Tianyuan Little Demon?"

Upon hearing this, Fairy Yuheng also reacted.

"I see! In this case, the opposite is true."

"In such a large-scale war, everyone knows the mighty."

[Chapter 5344: The new ability of Tiancun Beast Slave!](#)

"But there are countless thousands and centuries like this."

"Because they are countless, so just take away the aura of Tianyuan Little Demon and let it be brought back to the demon clan by a commander."

"The more low-key as usual, the more difficult it will be for the human monks to find it from the countless shrimp soldiers and crabs!"

Chen Feng nodded, confirming Fairy Yuheng's guess.

Hearing this, the Tiancun Beast Slave couldn't help feeling sighed.

"But the Red Flame Demon Venerable would never have thought that the human cultivator camp would indeed find this bloodline of the White Elephant Demon Venerable."

"As a result, we were hit by mistake by mistake."

Fairy Yuheng thought, it was true.

It seems that this bloodline is really related to the human race.

She looked at Chen Feng, and had noticed the appearance of him falling into thought.

"Chen Feng, did you think of a good idea?"

"How to deal with this Tianyuan Little Demon?"

Shi Lingxi's flat mouth: "Do you want to send it back to the human race?"

"Anyway, we originally planned to take the head of the Silver Star Demon Emperor as a certificate of denomination and join the Human Race cultivator camp."

"Then the blood of the White Elephant Demon Venerable, everything is more valuable than a mere thousand chief, right?"

However, as soon as this statement came out, Chen Feng opposed it.

He shook his head, but didn't explain anything, but his expression was unpredictable.

To get this Tianyuan Little Demon by accident is indeed a great opportunity for them.

But it is not so simple.

At this moment, the Heavenly Canal Beast Slave who had been silent since just now.

Suddenly the breath began to fluctuate.

At the same time, the expression on his face became weird.

Although Chen Feng was thinking about what to do with Tianyuan Little Demon.

But compared to other things, Fairy Yuheng and Tiancan Beast Slave, as his friends and brothers, must be first in their hearts!

As soon as he noticed that the situation of the Tiancun Beast Slave was different, he immediately looked over.

"what happened?"

In response to the companion's questioning, Tiancun Beast Slave's expression was hesitant and a little uncertain.

"I seem to have suddenly gained an ability."

Upon hearing this, Chen Feng, Fairy Yuheng and Shi Lingxi all looked over.

"What ability?"

"I seem to be able to absorb the abilities of others suddenly."

With that said, the Tianchou Beast Slave looked around, and although the silver star demon emperor's camp was a bit messy, there was no one else.

He could only stretch out one hand to show Chen Feng and the others this ability out of thin air.

Since entering this endless slaughter advanced battlefield, among Chen Feng's trio, the cultivation base of the Celestial Remnant Beast Slave has been at a disadvantage.

To a certain extent, it is indeed a bit of a hindrance.

Although Chen Feng and the others didn't care, the Heavenly Canal Beast Slaves themselves were very concerned and couldn't let go.

If it were in the past, the Heavenly Remnant Beast Slave might even take the initiative to not walk with them for Chen Feng's consideration.

However, both Fairy Yuheng and Chen Feng knew that the Tianchou Beast Slave was in the trial mission last time.

It seems that there are some different experiences.

It's just that he hasn't said it, and his breath has become a little weird.

Chen Feng and they chose to believe him.

And now, I saw the Heavenly Remnant Beast Slave reach out to the Silver Star Demon Emperor.

The Silver Star Demon Emperor, who was controlled by Chen Feng with a devilish heart, was motionless when faced with a sudden attack from the Heavenly Remnant Beast Slave.

Four pairs of eyes can see clearly.

From the body of the Silver Star Demon Emperor, a powerful silver light burst out in an instant.

Directly swallowed by all the beast slaves!

Everything happened in a flash!

Upon seeing this scene, Chen Feng straightened his eyes immediately.

That is the life source of the Silver Star Demon Emperor!

In other words, just now, the Celestial Remnant Beast Slave had easily absorbed part of the Silver Star Demon Emperor's life origin!

This ability is too special!

Chen Feng clearly remembered that before that, the Heavenly Canal Beast Slave had no such swallowing ability.

However, he suddenly thought of something.

Then his eyes became round, and he turned to look at the Tianchou Beast Slave.

"This seems to be... the ability of a demon saint guard before?"

Chen Feng also suddenly remembered.

The ability to devour the origin of life just demonstrated by the Tianchou Beast Slave.

It seems that before, in the valley they carefully arranged, appeared on a demon saint guard.

The Tianchou Beast Slave nodded.

Chen Feng was even more puzzled: "What is going on?"

Obviously the ability of a demon saint guard, how could it be mastered by the heavenly beast slave in such a short time.

This is obviously a problem!

And Chen Feng also vaguely guessed.

There is no doubt that the Heavenly Remnant Beast Slave now has this unexpected ability.

It must be related to the last trial task that he has been reluctant to mention.

At this time, the Heavenly Cannon Beast Slave was also a little at a loss.

He stopped covering, and said honestly: "In the valley before, that demon saint guard tried to use this ability to devour my life source."

"But at that time, he wanted to absorb the origin of my life, so I subconsciously absorbed something from him."

"As a result, it seems that something has been absorbed."

"However, I didn't even have time to notice. The things that were absorbed by me disappeared quietly as soon as they entered my body."

"For some time since then, I have felt that something vaguely changed in my body."

Hearing this, Chen Feng immediately became excited.

Regardless of the reason and the process, at least, this weird special ability is undoubtedly extremely beneficial to the Tiancun Beast Slave!

"In other words, if you absorb some of his aura and things, you can use his special ability to absorb the origin of life!"

The Tianchou Beast Slave nodded hesitatingly, "It seems like this."

Chen Feng immediately turned his head and urged the Silver Star Demon Emperor to dismiss the senior demon clan subordinates guarding outside the camp.

He was busy looking at the Tianchou Beast Slave again: "Your ability must be tested carefully."

Under Chen Feng's manipulation, the Silver Star Demon King personally walked out of the camp and dragged back a few corpses that were too late to deal with.

Fairy Yuheng on the side was equally excited.

Like Chen Feng, she understands things about new abilities very well, so she can't be careless!

You must experiment and confirm before you can use it with confidence.

After all, once this ability is not stable enough, if there is no experiment, it will be thrown into the war.

If the ability fails halfway, the consequences will be unimaginable.

Under the close attention of the three of them, the Tiancun Beast Slaves shot one after another.

Soon, they noticed the difference.

Because of these corpses, they have basically been dead for a while.

It can be said that the origin of their lives has naturally dissipated a lot.

However, all the remaining life origins were absorbed into the body of the Tianchou beast slave without exception.

[Chapter 5345: go away!](#)

At the same time, after devouring the life origins of individual monster races with a little more powerful strength, the expressions of Tianchou Beast slaves became strange again.

He looked at Chen Feng: "I seem to have a new ability. Um... it seems to be the ability of this monster race itself."

Immediately afterwards, his right hand quickly grew larger, and soon turned into a silver-gray wolf paw.

Throughout the experiment, Chen Feng also paid close attention to the changes in the cultivation base of the Tianchou Beast Slave itself.

In the end, he discovered that the current Celestial Remnant Beast Slaves could "loot" the special abilities of these corpses!

And if there is no special ability, then he can directly turn the opponent's ability into his own cultivation base strength.

"This ability is too bad!"

Shi Lingxi was shocked, clutching her lips for a long time and forgot to close it.

At this moment, Chen Feng had calmed down.

You should know that the Heavenly Remnant Beast Slave has this special plundering and devouring ability, in fact, he has a similar ability.

Supreme God Demonizes Dragon Technique!

However, there are obvious differences between the two.

Chen Feng's Supreme God Demonizing Dragon Art can only swallow the blood of the gods and demons in the body refiners.

Or, absorb the blood of one's own gods and demons, or use it to supplement one's own cultivation strength.

And what the Tianchou Beast Slave showed was the "ability" to swallow and plunder the opponent!

He bowed his head and pondered for a moment, then raised his head to look at the Tianchou Beast Slave: "You should be an extremely domineering bloodline ability."

Currently, he temporarily refers to this ability as "predation."

Basically, it can be understood as plundering everything from the other party to enhance one's own strength.

"Why can you be sure that it is bloodline ability?"

Shi Lingxi interjected inexplicably.

This time, without waiting for Chen Feng to explain, Fairy Yuheng could see it.

"Only the domineering bloodline ability will dismiss some low-level subjects."

"Like just now, those monster races with low strength and almost no bloodline can only swallow up the strength of their cultivation base."

"This shows that this bloodline ability is very picky, and only those who are strong enough can be seen."

Now that this plundering ability was confirmed, the face of the Tianchou beast slave slowly showed excitement.

Chen Feng understood the excitement in his eyes.

Great opportunity!

Where they are now, isn't it now a nourishment camp used by the Heavenly Remnant Beast Slaves to enhance their strength?

Fairy Yuheng and Shi Lingxi both reacted one after another.

Chen Feng looked at the Silver Star Demon Emperor again, and then, the corners of his mouth began to rise in a nice arc.

In this way, the powerful monster guards who had been guarding outside the camp entered the camp one by one.

There are fewer and fewer Yaozu subordinates outside.

Although many demon guards have begun to wonder.

But they had seen the Silver Star Demon Emperor walk out of the camp before, and their condition was the same as before.

"Does the commander have any special thoughts?"

Many demon guards wondered like this in their hearts.

However, when they were called, they stepped into the camp.

As soon as the curtain was opened, the corpse mountain was greeted!

The Silver Star Demon Emperor was standing aside respectfully, with his eyes down naturally, standing aside respectfully.

On the front, there is a tall human monk.

Toward him, a huge hand was stretched out violently.

Those words that were close to the mouth and wanted to shout loudly, finally disappeared in the air in the sound of a broken neck bone.

The Tiancun Beast Slave was absorbing and plundering wildly.

After devouring the living monster races, he walked out of the camp to devour the low-level monster races that died.

It swallowed like a whale and a cow, and lasted a whole night!

The next day, the east sunrise.

The red-orange sunlight penetrated the lush virgin dense forest and fell on the empty camp on their side.

Fairy Yuheng and Chen Feng stood beside them, as if they were already a man with a frightening atmosphere.

After a whole night of devouring and assimilating, the current Tiancun Beast Slave was full of energy and excited.

At this time, his cultivation level soared all the way, and he was actually on par with Fairy Yuheng!

Half a step in the cave world!

Shi Lingxi's eyes had already been straightened.

She faintly said in her heart: "I originally thought that Fairy Yuheng was the real backbone of this three-person team."

"Unexpectedly, I looked away."

"It is hard to think that in the team of these three people, this Tiancun Beast Slave is still too slow."

"Unexpectedly, let me go away again..."

She looked at the three of Chen Feng with weird eyes.

These three people are all extraordinary!

When Chen Feng and his party left the camp where the Silver Star Demon Emperor was located, two more figures appeared in their team.

The one who walked ahead and acted as the guide was like the Silver Star Demon Emperor himself.

The other figure that emerged was an unfamiliar face.

It was a white and tender little fat man.

The little fat man looked only four or five years old, pale and tender, with a round face.

It's not easy to walk, and it looks like he's still in a toddler stage.

However, the little fat man is pretty cute.

Chen Feng and Fairy Yuheng walked on his left and right. Wherever they told him to go, he would go.

Except for the seemingly unintelligible and muddled state.

Otherwise, they look no different from ordinary human children.

Shi Lingxi, who was walking on the edge, turned her head many times and looked at the little fat man.

There was a touch of uncertainty on her face.

Shi Lingxi finally couldn't hold back after hesitated and stopped several times, and asked.

"Are you sure he is like this, and he won't be noticed by others?"

Yes, this white and tender little fat man was the Tianyuan Little Demon who was imprisoned by the Silver Star Demon Emperor.

And the reason why he is what he is now is because of a treasure prepared by Fairy Yuheng.

She originally intended to use this ring to avoid the world just in case.

After all, the world in which the trial mission is located may be known a little in advance.

However, no one is uncertain about where he will end up after entering the world where the trial mission is located.

Completely random!

Therefore, Fairy Yuheng considered various aspects.

Among them is the worst guess.

She worried that if she just arrived at this endless killing advanced battlefield trial mission, the cultivation strength of everyone around her is far beyond her, then what should she do?

Thus, there was this special ring of hiding from the sky.

Once you wear this special, necklace-like treasure on your neck.

This person can change his appearance and breath at will according to the controller's will.

I don't know what price Fairy Yuheng paid and what kind of adventure he went through.

[Chapter 5346: Terran camp!](#)

Finally, he grabbed this special treasure abruptly from the strong man on the top of the sky.

With it, the only bloodline of the White Elephant Demon Venerable was so easily disguised as an ordinary human race.

Regarding Shi Lingxi's question, Fairy Yuheng answered a few simple sentences while manipulating the ring to avoid the world.

"According to the realm of the real martial arts world, as long as the cultivation is not far above me, I should not be able to tell.

Chen Feng turned his head and glanced at the little fat man walking in the middle again.

The Tianyuan Little Demon's spiritual seal was still firmly sealed, and he looked naturally muddled and staggered.

He didn't talk or laugh. Although the speed was not fast, he still could keep up with everyone.

Silent like a puppet.

In this way, the six-person team kept moving forward.

The evergreen branches and leaves of the arbor are lush, gently swaying with the breeze, as if whispering something, like a ghostly whisper.

There are constant mourning sounds like crows around, rattling constantly, circling and echoing over the surrounding dense forest.

These shouts, on the contrary, made the whole atmosphere seem inexplicably silent.

The sun does not know when it will disappear. Although the sky is not gloomy, it can never be said to be clear.

A bird and beast that looked like a crow flapped its wings and looked down from a high altitude.

From its bright red eyes, there was a long red line abruptly and vividly drawn inside this dense forest that was all emerald green!

The smell of blood permeated.

This "red line" came from the camp where the Silver Star Demon Emperor was located, and stopped at the forefront of Chen Feng's six-man team.

At the feet of the Silver Star Demon Emperor!

The red blood dripped from his body and quickly became dim in the air.

The blood silently sank into the ground, watering the already barren soil into a fertile area.

The Silver Star Demon Emperor actually walked out a **** road all the way!

The Silver Star Demon Emperor at this moment was completely different from when he was still in the camp.

Those injuries that have been hidden or temporarily suppressed are all exposed again at this moment.

The hideous and terrifying pictures from the shoulders down, the flesh and blood fluttered, and the bones were visible.

And the aura of the Silver Star Demon Emperor himself was gradually languishing during this step.

Finally, before leaving this huge dense forest.

He suddenly fell on his knees.

Immediately afterwards, the whole person fell to his knees, and fell to the ground.

And under his feet, blood was still dripping down.

Although he tried to struggle to stand up again many times, he had already been beaten to death by Chen Feng before.

Later, under the control of Moxin, he suppressed his injuries for a long time.

By now, it was his limit.

The four Tianchou beast slaves walking behind looked coldly at the Silver Star Demon Emperor who collapsed, without a trace of expression on their faces.

From the very beginning, they had no plans to let the Silver Star Demon Emperor walk out of this dense forest alive.

They want to use the head of the demon tribe's chieftain as a token of nomination in exchange for the trust of the human monk.

Chen Feng walked forward along the **** road.

He stood condescendingly next to the Silver Star Demon Emperor, looking down at him.

Then, the hand interrupted the knife, the silver light lit up, and the head fell.

Silver Star Demon King, die!

With the head of this demon clan chieftain, Chen Feng and his party continued to walk forward.

It was not far from the camp of the human monks.

After walking out of this dense forest, on the vast plain ahead is the camp belonging to the human race.

A little memory based on the last "contribution" of the Silver Star Demon Emperor.

In front, the camp of the human monks should be one of the five human camps in charge of fighting against the monsters in this fairy demon war!

This is comparable to a mere thousand chief, and the grade is much higher.

According to the news obtained from the mind of the Silver Star Demon Emperor, one of the five camps of human monks in front of him.

The commander of his army is named Changyang Zhenren.

And this person has the strength of the peak of the Seventh Floor in the Xianyuan Realm!

It is equivalent to the third cave sky of Shifang Dongtian realm!

Seeing that he was about to get out of the dense forest, Chen Feng turned his head again and urged everyone behind him.

"Once we step out of this dense forest, our figure will be exposed to the perception of the powerful in the human monk camp opposite."

"Therefore, please remember that you have to be careful in everything!"

With that said, he also glanced at the disguised little fat man again.

Chen Feng met Fairy Yuheng's gaze: "This little fat guy will leave it to you."

Fairy Yuheng nodded affirmatively in return.

In this way, the five finally walked out of the almost endless dense forest and came under the clear sky.

In front is a patch of camp.

The difference from the previous two times is that this time, the people who entered and exited these camps were all human monks they were familiar with!

Around the huge camp, there was endless blood shining.

The blood light is like a high wall, turning into huge, 10,000 meters high, blood-colored long swords, presenting an arc, and finally converging on the top.

Like a flower bone that has never bloomed.

And above this blood-colored high wall, there are countless strong human races patrolling.

The momentum on the body is quite strong,

"who!"

Sure enough, when Chen Feng and the others just stepped out of the dense forest, they came to a place where the human monks could see with the naked eye.

Those strong human races found their tracks for the first time.

Huh--

Those magical instruments and weapons that were full of sharp bursts of light burst out in an instant.

For a time, a large number of human monks let go of their different things.

For the first time, he quickly flashed himself and came to the front of the camp.

Obviously everything happened between a few breaths, but looking at the cultivator team lined up in front of them, five layers of cultivators staggered.

Chen Feng and others could feel the pressure on their faces.

All murderous intent and coercion were hidden and unsuccessful.

Just wait to find out the true identities of these uninvited guests, and after confirming whether they are friends or foes, and then make different follow-up responses based on different results.

With this well-trained appearance, even Chen Feng smirked secretly when he saw it.

However, now is not the time to sigh.

He immediately retracted his mind and raised the head of the Silver Star Demon Emperor that he was holding in front of him.

"I'm waiting for the human ally who came to take refuge!"

The straightforward voice passed through the distance of thousands of meters between the two sides, and clearly conveyed to the human monk camp.

At the same time, among the large white camps, in the larger camp at the front, a strong human race walked out.

This man is of medium build, his appearance is not good, and his dark gold-rimmed robe is quite imposing.

Only that face with a pointed mouth monkey cheeks looked a bit wretched.

And this person, after hearing Chen Feng's voice, slowly turned around.

[Chapter 5347: Find the difference?](#)

After hearing Chen Feng's good voice, the man narrowed his eyes slightly and looked over.

But soon, the man frowned.

Chen Feng clearly noticed this change in expression.

While being looked at, Chen Feng was also looking at each other.

"The peak of the four-story building in the fairyland..."

That is, the peak of the twelfth floor of the Star Soul Martial God Realm, almost half a step into the cave sky.

Chen Feng whispered in secret.

This person is not the head coach of the camp, Changyang real person.

His cultivation is similar to that of Fairy Yuheng and Tianchou Beast Slave, and is far less powerful than Real Changyang.

"Chen Feng, that person doesn't seem to be right."

At this moment, Fairy Yuheng and Tiancan Beast Slave behind him also posted them.

Both of them noticed. As soon as the Human Race monk came out, his eyes fell firmly on Chen Feng's head held high.

His eyes are full of greed!

Shi Lingxi also walked up.

She looked a little nervous and said, "I always feel that that person might have another plan."

However, in any case, Chen Feng and his party walked towards the Human Race monk camp step by step.

When they were still a few miles away from the outermost human monk camp, the man with sharp-mouthed monkey cheeks opened his mouth leisurely and stopped them.

"You wait until the origin is unknown, sneaky, stand where you are, and don't move."

"If you dare to take a step forward, I will determine that you are plotting against my camp, regardless of life or death!"

When the man came up, his tone was extremely tough.

At the same time, his gaze still fell firmly on the head.

His heart was shaking, and a ripple suddenly appeared in his heart.

The Silver Star Demon Emperor had a battle with them a while ago.

As a demon clan commander, his strength should not be underestimated.

Never expected that when I saw him goodbye, it would be like this.

"If this head belongs to me, the upgrade to the commander of the commander must be a certainty!"

Thinking of this, the sharp-mouthed monkey-gill man quietly inquired about the breath of several people.

However, he was destined to be disappointed.

"You guys claim to come for an alliance, why are you hiding your breath?"

The man leaned over, staring at the four people, and said coldly.

There was unabashed doubt and disdain in his voice.

Among these people, the only one he could detect the realm of cultivation was Chen Feng.

A waste of the second floor of the quaint Xianyuanjing!

I don't know how this level of cultivation got the head of the Silver Star Demon Emperor.

"and many more....."

Suddenly, the expression on the face of the pointed-mouthed monkey-gill man was stagnant.

A wonderful year, spontaneously!

Wouldn't it be beautiful if he snatched the head of the Silver Star Demon Emperor and handed it over in his own name?

It's not painful for him to deal with a few infamous little characters.

The man looked carefully.

He noticed that Chen Feng was walking in the middle of the team, obviously he was the leader of this team.

The leaders are so capable, so what is there to be afraid of for the rest?

Immediately, the pointed-mouthed monkey-gill man stepped forward.

A powerful aura burst out of him in an instant, attempting to give Chen Feng and the others a disarm.

"To enter my human monk camp, you have to have real skills. The surrendering certificate obtained by stealing the dog is not counted!"

As soon as he said this, everyone on Chen Feng's face suddenly sank.

"Brother, he is deliberately making things difficult for us."

The Celestial Beast Slave stepped forward and came to Chen Feng's side, and said.

Hearing the words of the Tianchou Beast Slave, the man with the sharp-mouthed monkey cheek immediately looked like splashing ink, very gloomy.

With a wave of his hand, he rushed towards Chen Feng and the others with a murderous look.

"I said, whoever dares to step forward will be a life or death!"

"All the soldiers listen to the order and meet the enemy!"

Before the words fell, the sharp-mouthed monkey-gill man suddenly burst into endless light, and rushed towards Chen Feng first.

Or, to be more precise-he rushed towards the head in Chen Feng's hand.

A wave of extremely sharp cold light burst into the man's body.

In the next moment, his fighting spirit soared to the sky, stepping with dignity, and straight to Chen Feng.

However, looking at the man who was getting closer, Chen Feng and the others stood still, not moving.

In the eyes of the sharp-mouthed monkey-gill man, these few of them are already scared and stupid!

The corners of his lips curled up, and the enthusiasm in his eyes was even worse!

The interval of miles is fleeting.

However, just when he thought that this head would easily fall into his hands, he suddenly couldn't move forward half an inch!

In the dark, a sudden and powerful pressure instantly erected an invisible wall between him and Chen Feng and others.

Before he could react, the invisible wall began to move quickly towards him.

The sharp-mouthed monkey-gill man's pupils shrank suddenly, and he was thrown off before he could react!

Puff!

He fell back in front of the human monk's camp quite embarrassed.

"Little Qu!"

Many human monks around him gathered around.

The face of the man with pointed mouth monkey cheeks was red and blue.

He was beaten to the ground in full view. How did this make him face?

He struggled to stand up again, and when he looked at Chen Feng and the others again, his eyes were already full of anger.

The cultivation strength of this group of people is simply above him!

Especially the tall man standing beside Chen Feng is simply unfathomable.

"The people here are the details of the monster race, kill them soon!"

The sharp-mouthed monkey-gill man roared violently, and rushed towards Chen Feng and others again.

"kill!"

Several cronies of the sharp-mouthed monkey-gill man immediately responded to his instructions, holding their weapons and killing them.

All kinds of glamour complement each other, and murderous aura is everywhere in this battlefield.

Chen Feng looked at the man who rushed up again with cold eyes, and couldn't help shouting.

"I'm waiting for my sincerity to come and take refuge with the name certificate. Not only are you not welcome, you will kill us."

"In that case, don't blame us for being impolite!"

In a flash, Chen Feng and the four burst out their breaths.

A terrifying and powerful force burst out in an instant!

The few monks who rushed to the front even had no time to show their shocked faces, they were crushed by the heavy pressure!

boom!

Tiancun Beast Slaves and others shot one after another, killing several people.

On this battlefield, a strong smell of blood soon permeated.

"Withdraw! Withdraw quickly!"

The sharp-mouthed monkey-gill man retreated madly, and all the cultivators retreated back to the camp.

At this moment, they looked at Chen Feng and others again, and they dared not move rashly.

Everyone's face, at this moment, is filled with fear and resentment!

There was silence all around.

The atmosphere has been tense to the extreme.

But at this moment, an abrupt young man's voice sounded from the human monk camp.

"What happened?"

The sound moved from far to near, and soon came nearby.

For a time, the attention of both parties was attracted by this new man.

Chen Feng also followed.

The man wore a bronze armor, which seemed primitive, but the powerful and terrifying aura above meant that this was a very high-level treasure.

[Chapter 5348: Terrifying powerhouse! Three flower contract confrontation!](#)

His head was covered by a tight bronze helmet, and he couldn't see his looks clearly.

I can only see that a pair of eyes is full of indifferent chill!

On the armor, there are countless pits and scratches, some of them are so deep that they are almost to be penetrated.

Chen Feng can even, the heroic and dangerous scene when those scratches caused.

It can be seen that this person has been on countless battlefields and experienced unimaginable battles!

There was a cold light in his cold eyes, and he was not yet close, and he was shocked by his full hostility and sharpness for several miles.

"What a strong aura!"

Chen Feng narrowed his eyes, and said in his heart.

This person's cultivation is close to the Sixth Floor of the Xianyuan Realm, which is equivalent to approaching the second cave of the Shifang Cave.

If it is against this person, Chen Feng and the others are afraid that it will be difficult to defeat.

I don't know whether the person is an enemy or a friend, and it is unreasonable.

Just as Chen Feng and the others were guessing like this, the man surnamed Qu turned around and saw the incoming person, and his eyes lit up.

"Admiral Hanyifeng! Why did you come in person?"

The joy that can be heard, the excitement visible to the naked eye.

The original arrogant and arrogant face of the man surnamed Qu disappeared without a trace when he turned around.

Instead, he looked shy, nodding and bowing.

"It's General Hanyifeng!"

"We are saved!"

In the camp, many human monks who were repelled by Chen Feng and others immediately cheered.

They stepped back sideways one after another to make room for the people coming.

"Qu Lingya, I saw turbulence here all the way. What's the matter?"

The cold wind came to the front in the crowd.

He glanced at the sharp-mouthed monkey cheek man coldly, raised his head slightly, and asked slowly.

Hanyifeng is a general in this human monk camp.

He stopped beside Qu Lingya, and glanced at Chen Feng and others on the opposite side.

In the eyes, disdain is full of meaning!

Seeing this scene, Chen Feng, Fairy Yuheng, and Tiancan Beast Slave sighed together in their hearts.

Regardless of the reason, he couldn't help but put on a domineering posture when he came up.

This general is afraid of doing things unfairly!

Qu Lingya felt confident when she heard the Hanyifeng question proudly.

He immediately insisted: "Enlighten the general, just now these uninvited guests, completely ignored our orders, insisted on going forward."

"I waited for a reasonable response, but many brothers were brutally killed by them!"

Hearing these remarks, Chen Feng almost laughed angrily.

What an upside-down black and white!

He immediately took a step forward and asked sternly: "I'm waiting to come to take refuge, you can't help but say that you want to kill us, why can't we fight back?"

Qu Lingya immediately bowed his hand to the cold wind beside him.

"General, they brought the head of the Silver Star Demon Emperor. It is reasonable to suspect that the head was not legitimately obtained by them."

"Because of this, they jumped up and looked... rather guilty."

At the end, Qu Lingya turned her face to look at Xiang Chen Feng and others.

In the eyes, it is clearly proud and arrogant!

Others don't know it, but Qu Lingya understands it very well.

As a general, Han Yifeng is essentially the same as him.

It seems that today's head is destined to not belong to him.

But as long as he deliberately borrowed flowers to present the Buddha, and gave it to Hanyifeng in a full posture, the benefits would also be great.

Sure enough, after receiving Qu Lingya's hint, Han Yifeng looked at the head that was left aside.

His eyes darkened.

Obviously, he was very satisfied with this gift.

"Qu Lingya is very reasonable, what else do you have to explain?"

Chen Feng looked at him coldly.

Hanyifeng and Qu Lingya secretly pass the song, don't think he can't see that look

After all, it was nothing more than trying to take credit for the Silver Star Demon Emperor's life.

Chen Feng picked up his head again and turned to look at the people beside him.

"There is nothing to argue about. They don't welcome us. Let's go."

However, the voice was not over, and a cold, arrogant voice came from behind again.

"Who said you can go now?"

As soon as this remark came out, there was silence within ten miles.

The atmosphere suddenly became particularly solemn.

Some human monks who were close to the cold wind did not even dare to breathe.

For fear of accidentally annoying their generals.

The feet that Chen Feng stepped out were also taken back.

He turned around, stood facing the cold wind again, and took a step forward.

"We have tried our best to destroy the camp of the Silver Star Demon Emperor and chop off his head, just to join you and other camps sincerely as a certificate of fame."

"This sincerity, I think, is enough."

"Why do you wait with me and pretend to be confused?"

Chen Feng's face was as usual, his tone and attitude were neither humble nor overbearing, but he pointed out some things quite directly.

When Shi Lingxi heard these words, her heart shook immediately.

"Oops!"

She exclaimed secretly, turned her head violently, and looked at Chen Feng, her expression becoming especially anxious.

"Chen Feng, stop talking!"

If you continue to say that, with Han Yifeng's arrogant temperament, they will definitely be murderous.

However, she has now signed a three-flower contract with Chen Feng!

If there is a fight, there is no doubt that she is also doomed!

Shi Lingxi immediately secretly transmitted to Chen Feng: "If you continue to say this, he will kill us!"

However, before the transmission was finished, she received Chen Feng's voice in her mind.

"Don't you understand? Since he appeared here, he has been killing us."

"The rhetoric just now was just superficial."

"Get ready now and do it together."

Chen Feng looked at the cold wind coldly.

For a moment, in the aura, the two were actually fighting against each other.

After receiving Chen Feng's explanation, Shi Lingxi hesitated for a moment, but was finally convinced.

She sighed deeply in her heart.

In fact, this matter itself may not have no room for reversal.

As long as Chen Feng is willing to be soft, nodding and bowing like Qu Lingya did a few good things, he might be able to enter the human camp smoothly.

But after this short time to get along with each other, Shi Lingxi basically knew it.

Chen Feng, it is impossible to bow your head!

He is arrogant and his heart is higher than the sky!

Therefore, for them, in the current situation, there is only one way out that is basically hopeless.

Kill the cold wind!

Since this general of the human race had already murdered them, there was nothing to be polite.

Chen Feng, Tiancun Beast Slave, Yu Heng Fairy and Shi Lingxi immediately used the Sanhua Contract to quickly communicate with each other.

"Unexpectedly, the Sanhua Gathering Array would actually be useful at this time."

Shi Lingxi sighed in her heart.

Fairy Yuheng on the side was calm at this time.

"In any case, there is at least a three-flower gathering array, and the overall strength of the four of us can be improved by 20%."

"If you can seize the opportunity, there is not necessarily a dead end."

[Chapter 5349: Then, fight hard!](#)

That's right, just to get the head start!

The other party does not know their true strength!

As long as you seize the first opportunity and hit the cold wind in one fell swoop, and dare not say that you can win, self-protection should be fine.

"Do it!"

Almost at the same time, Chen Feng's four violent at the same time, rushing towards the cold wind.

The golden light swiftly rose from the four of them to the sky!

At this moment, Chen Feng, Fairy Yuheng, Tianchou Beast Slave and Shi Lingxi all felt the bond between each other at the same time.

At the same time, there is also a powerful force that does not belong to them, in the dazzling golden light, quickly poured into the body.

The breath of the four is constantly rising.

Under the action of the Three Flowers Gathering Formation, the four of them shook a punch at the same time in the direction of the cold wind.

That punch has the potential to break through the air!

In an instant, like a golden fireball, it blasted towards the direction of the cold wind.

boom!

One blow exploded, and the golden light scattered all over the sky.

However, the scene that everyone was looking forward to did not appear.

I don't know when, Han Yifeng's body suddenly disappeared in place!

No one thought that this person looked arrogant and arrogant, but when facing the enemy, he was unexpectedly cautious and reacted extremely quickly!

"Is this your strength?"

A huge voice sounded from the left of the four.

The monstrous coercion that belonged to the Sixth Floor of the Xianyuan Realm suddenly hit them.

Very fast!

Suddenly, the void began to be unable to bear it and shook violently.

The terrible killing power hadn't arrived yet, but Chen Feng and the others were like being stabbed by a knife, causing great pain.

The world suddenly dimmed.

Dark clouds gathered quickly, and pressed towards Chen Feng and the others.

Boom

Thunder and lightning surged through the clouds and fell from time to time, hitting a scorched black on this battlefield.

The coercion of the cold wind pushed across, and the void was suddenly torn open a crack.

In the cracks, the wind screamed wildly, like a magic sound.

The stabbing made everyone's eardrums tremble.

The four of Chen Feng were closest to the cold wind, and they were even more pressured.

Almost in an instant, Chen Feng's four were like five thunders!

The golden beam of light was shrouded by the dark clouds above his head, gradually becoming dim, no longer bright.

Everyone seemed to have Mount Tai on the top, unable to move at all.

This is the strength close to the second cave of the Shifang Dongtian realm!

Han Yifeng laughed triumphantly at the look of the four who were struggling.

"In my eyes, you are not as good as a few ants."

"I can crush you all to death with one finger."

He leaned over and sneered contemptuously, and the murderous intent erupted from his body even more.

For the four of Chen Feng, the situation could not get worse.

If you don't work hard, they will hate it!

Chen Feng felt the growing strength in his body.

At the same time, he also received the emotions of the other three at the moment.

Even Fairy Yuheng was almost in despair.

After all, the opponent they met this time was too strong!

But so what?

The more difficult it was to resist the pressure, the more frantic warfare surged into Chen Feng's heart.

Chen Feng shuddered uncontrollably.

With fire in his eyes, he shouted: "Even if you die, you must fight to the last second!"

This warfare intensified, like a prairie fire, blazing.

It finally ignited the unyielding heart in the other three people.

At this moment, the four of them were completely connected.

Hum!

The golden light on the four of them burst out again!

Three delicate and small golden flower marks light up from the center of the four people's eyebrows.

"Sanhua gathers the top formation method, get up!"

A powerful force poured into the four people again.

Chen Feng's cultivation base aura skyrocketed from the ninth building of the Star Soul Martial God Realm to the tenth building!

This feeling of being wrapped in power was so refreshing that he couldn't help groaning.

He opened his eyes suddenly, and two golden rays of light suddenly shot forward.

boom!

The earthquake trembles, and new devastations are constantly being added.

With the improvement of 20% strength, the four of them rushed towards the cold wind at the same time under the golden light connection.

Everyone showed their hole cards.

Chen Feng held the broken knife in his hand, the ink was flying, and he immediately smashed a slap in the face of the cold wind.

For a time, the golden light burst.

This Tai Shang Zhu Shen Zhan is faster and stronger than ever before!

But still not enough!

Between him and Han Yifeng, there is still a whole realm of strength gap.

Han Yifeng's pupils shrank slightly, and with a cold snort, his figure disappeared in place again.

boom!

Too Shang Zhushen fell into the air, cutting the earth into an unfathomable huge gully.

At the same time, Chen Feng suddenly burst into murderous aura behind him.

The cold wind caught him with a palm, faster than lightning!

"Let's give up struggling. To deal with you, I don't even have to move any hole cards."

The sharp five-clawed gods rushed to Chen Feng, faster!

Chen Feng immediately changed his footwork wildly, and at the same time, a circular spatial tunnel suddenly appeared in front of him.

It's Fairy Yuheng!

In the next instant, Chen Feng suddenly disappeared in place, appearing several miles away.

The five-claw gods also failed, and the earth was broken into mud and rocks!

The cold wind stopped and turned to look at the four of them.

"There is such a tacit understanding between you, and now I believe that you can cut off the head of the Silver Star Demon Emperor."

"But you still have to die today!"

The cold wind was condescending, and once again rushed towards the four people.

The white light burst, and he appeared in front of the four people instantly.

With that extremely arrogant iron fist, he smashed it head-on at Chen Feng.

With the experience of the last time, Hanyifeng deliberately kept the void and shocked, breaking Fairy Yuheng's way to save people.

The Tiancun Beast Slave on the side changed its color instantly and wanted to rush forward without hesitation.

"Stay in formation! I can handle it!"

Chen Feng immediately yelled, reminding the beast slaves and Fairy Yuheng on both sides.

At the same time, the golden light flourished.

Broken Blade was urged to send out the Soul of the Blade, trembling frantically, ready to take the punch.

But, at this moment, anomalies suddenly occurred!

Seeing Iron Fist approaching, Han Yifeng suddenly turned his claws into claws and drew Chen Feng's chest and abdomen directly!

But at the last moment, he suddenly changed his fist into claws and reversed direction.

Fast approaching from bottom to top.

These changes are enough to confuse any opponent!

What's more, his speed is faster than Chen Feng's four!

"Chen Feng!"

Two exclamations came from behind.

In a hurry, Chen Feng didn't have time to think about it, and immediately twitched the broken knife to change positions, blocking the claw for life.

Keng!

There was a loud tremor of metal, which immediately rippled away.

Chen Feng opened his eyes violently, gritted his teeth and looked at the person in front of him.

However, what he met was the eyes with a cold smile.

"not good!"

Between the sparks and flints, Chen Feng had a warning sign in his heart.

An extremely dangerous premonition made him tight instantly!

Chen Feng immediately retreated backwards.

But, one step too late!

What he blocked was only one of the claws.

[Chapter 5350: The real Changyang is here!](#)

At this time, the cold wind had already approached infinitely.

He grinned and sneered.

"I have two hands..."

In an instant, Han Yifeng's fist also turned into a claw, and it penetrated deeply into Chen Feng's side.

Then, take advantage of the trend and go down hard!

The flesh was torn apart forcibly, and Chen Feng could even hear a **** voice.

The sharp pain along the nerves instantly filled his back with cold sweat.

"Chen Feng!"

"Big Brother!"

This change was unexpected to everyone!

Tiancun Beast Slave and Fairy Yuheng immediately changed their expressions and wanted to rush towards Chen Feng frantically.

"Don't worry about me! Stay in formation!"

Chen Feng's blue veins were violent at his temple, but he still resisted his screaming instinct and reminded them loudly.

If the formation is broken at this time, then it happens to be the way of the cold wind!

At this time, Chen Feng suddenly felt relieved.

At this moment, he stared at the cold wind in front of him, and also grinned sneer.

"Even if I die, I will drag you to die together!"

Accompanied by his roar, Chen Feng did not retreat but moved forward!

Even ignoring the hand that was still inserted in his waist and abdomen, actively approached the cold wind.

At the same time, the Buddha's angry eyes and lion roar power suddenly developed.

Even if he loses to Hanyifeng, such a short distance is enough to seal Hanyifeng for an instant.

Just one moment is enough!

Chen Feng stared at the cold wind in front of him, his face was fierce, but his aura skyrocketed.

For a moment, Han Yifeng's heart suddenly felt heart palpitations instinctively.

I don't know why, staring under those firm and fierce eyes!

The general of the Sixth Floor of the Immortal Realm, the general of his human race, actually aroused a sense of fear.

Before he could tell whether this was an illusion.

Suddenly, the corners of his grinning mouth freeze instantly.

"not good!"

The angry Buddha pressed a finger to the center of his brow.

He was frozen for a moment.

And at that moment, the hand that had been inserted in the waist and abdomen that had not been withdrawn was slashed by him.

The heart-piercing scream of the cold wind suddenly sounded in the same place!

The broken sword made by Qingqiu Heavenly Sword, both in material and sharpness, far surpasses ordinary 9th-grade treasures.

Even if it is the strong man in the second cave of the Ten Fang Dongtian realm, it can also be easily cut down.

The broken hand fell down and fell to the ground.

Chen Feng's waist and the cold wind's severed wrist were blood surging.

"Ha...Haha..."

By this time, Chen Feng had already been blushing!

While he couldn't help gasping out of the severe pain, he dragged his stump at the same time, his state getting more and more crazy.

"I said, even if you die, I want you to die with me!"

The cold wind wrapped in the armor had already distorted his expression.

He was furious and couldn't believe that the mere ants could hurt him.

"Dare you hurt me! How dare you hurt me!"

In an instant, the breath of the Sixth Floor of the Xianyuan Realm broke out to the extreme at this moment.

Behind them, the human monks of Qu Lingya immediately felt an uncontrollable aura.

"No, the general is going to be serious."

Qu Lingya's complexion changed suddenly.

An endless fire appeared in the air instantly, burning the surrounding void red.

The red fire continued to heat up and turned purple-red.

That is the flames that can burn everything in the world!

Qu Lingya behind was sweating coldly.

You know, when thousands of monster races attacked, Cold Wind used this method to incinerate countless monster races.

Since then, Hanyifeng's fame changed for a while!

Unexpectedly, four uninvited guests can actually push the general to this level.

I remembered what he had done to the four of Chen Feng.

Qu Lingya immediately did not dare to think again.

Ahead, the purple-red flame quickly turned into a ball of flames, like a meteor shower overwhelming the sky, shrouded toward the four of Chen Feng.

This is one of Hanyifeng's hole cards, and it used to only be used when dealing with thousands of monster races.

"Die me!"

He roared with a grim face.

However, just when everyone thought that Chen Feng and the four were in danger.

There was a soft cough and a sudden sound.

After that, the terrifying aura that was absolutely crushed suddenly disappeared without a trace.

The purple-red fireball also disappeared in the blink of an eye.

"Chan Yifeng, what are you doing?"

From the depths of the human monk camp, a middle-aged man's voice came.

The voice didn't have any emotional ups and downs like a chat.

But it can be clearly transmitted to everyone's ears.

At the moment when he heard this voice, Hanyifeng froze.

The original fighting spirit and anger suddenly disappeared.

Immediately afterwards, an extremely tyrannical aura came quickly from the rear of the human monk camp.

The world is shaking!

Everyone's gazes swept back and looked in the direction where the breath came.

In the vast white camp group, a middle-aged man walked slowly.

Wearing a black robe, simple and deep.

He looked a little old, but his momentum was obscure and he couldn't see his cultivation.

But the breath that occasionally reveals is so powerful that only the word terror can describe it!

This person's footwork is extremely mysterious!

He took a seemingly light step, but he was able to shrink to an inch.

Obviously there is a distance of several thousand meters, but in two steps, he arrived in an instant.

Since then, what everyone saw was the appearance of a feather fan and a turban, strolling the battlefield like a leisurely courtyard.

"Chang... Changyang real person!"

It is the head of the army in one of the five human camps!

The powerful person at the pinnacle of the Seventh Floor of the Fairyland Realm!

Hanyifeng's voice trembled slightly.

How could a real Changyang come?

At this moment, all the murderous aura and arrogance of Han Yifeng had long since disappeared without a trace.

When the real Changyang appeared here, he knew that today's wishful thinking was about to fall.

Others were attracted by the Changyang real person who suddenly arrived.

At this moment, Fairy Yuheng and Tiancan Beast Slave didn't even look at him.

They immediately stepped forward and supported Chen Feng, who was still bleeding from his waist.

"Brother, you don't want to die!"

The Tiancun Beast Slave looked at the blood in that place, his face was ugly as if he was injured.

"Chen Feng!"

Fairy Yuheng and Tianchou Beast Slave are Chen Feng's friends, so at this moment, there is no need to care about the real Changyang.

Their faces were full of worries, vying to heal Chen Feng.

"Quickly take this pill."

A medicine-smelling Nine-turn Healing Pill appeared out of nowhere, and was stuffed into Chen Feng's mouth by Fairy Yuheng.

At this moment, Chen Feng's feet were already blood red.

When facing Yaozu, they had never suffered such severe injuries.

Who could have imagined that when they took refuge in the human monk camp, they were almost wiped out.

If the real Changyang came one step later, they might have already confessed to this battlefield.

The healing **** pill melted at the entrance, and immediately seemed to turn into a special warm current, which was scattered all over the body in an instant.
