

Peerless 5381

[Chapter 5381: secret!](#)

The Three Flower Gathering Array was closed again, a powerful force that did not belong to them, in the dazzling golden light, quickly poured into the four people!

Moreover, this force is stronger than before!

The breath of the four continued to rise again, and finally reached a new high.

At this moment, the four of them worked together, and their strength instantly crushed the cold wind.

The golden beams of light surrounded the square.

Each of the four used their strongest killer moves, and rushed to the cold wind in a piece of gold.

boom!

The purple-red flame was instantly covered by the golden fire.

Chen Feng waved the broken knife in his hand and slashed towards the cold wind without reservation.

This time, the originally silver-white light was dyed golden.

Suddenly the speed is a few minutes faster!

The people in the distance immediately changed their faces and backed away.

Who could have imagined that these four teamed up to burst out of strength close to the Sixth Floor of the Xianyuan Realm!

One blow burst, the sky full of golden light burst out with dazzling light.

This time, the cold wind is inevitable!

"puff!"

The dazzling golden light gradually dissipated and disappeared, and everyone saw that the besieged cold wind finally fell to the ground in embarrassment.

He opened his mouth and spewed blood!

In his eyes, the previous arrogance, contempt, and indifference have long been swept away.

Instead, fear!

I regret it!

It's just that his fear is that Chen Feng's strength is increasing fast.

A few days ago he still regarded it as an ant.

But at this moment, those few ants could trample him under their feet, unable to turn over.

His regret was even more regretful for why he didn't directly kill Chen Feng and others!

"If there is no Chen Feng... if there is no Chen Feng!"

The hatred in Hanyifeng's heart is overwhelming!

Without Chen Feng, he would be able to hold the head of the Silver Star Demon Emperor to claim credit.

Neither his right arm nor his right arm will die by fate.

And he is even less likely to be punished by the Changyang real person, without three thousand elites, he condescends to Chen Feng's command!

All this is blamed on Chen Feng, a wicked animal!

The hatred almost exploded, and then a vicious trick was born in the darkness.

"Chen Feng, I want to see, who can have the last laugh."

He thought about it in his heart, but the expression on his face suddenly changed.

Puff!

Under the gaze of the crowd, the cold wind unexpectedly knelt down neatly.

"Chen Feng, don't kill me! I...I have a secret to tell you!"

He was trembling with a panic on his face.

Where is the appearance of the former ten thousand bosses!

The golden light circulated between Chen Feng and Tiancun Beast Slave.

Chen Feng stopped the movement in his hand and fixed his eyes on the cold wind in front of him.

At this time, the cold wind, kneeling on the ground, put his posture extremely low.

He seemed to be willing to fight, and didn't want any face.

"Chen Feng, I know a trace of an ancient spirit!"

"If you can let me go, I am willing to tell you that place... No, I will take you there myself!"

Hanyifeng approached and said quickly.

"Ancient Soul?"

Sure enough, Chen Feng stopped moving as expected.

Han Yifeng was really smart, and even gave such a bargaining chip that was difficult for people to refuse.

Since Shen Siqin informed the two "special products" of this Zhenwu world, Chen Feng once searched for it.

The blood of the monster race is fine, but the ancient spirits haven't fallen.

Unexpectedly, there would be unexpected joy at this time.

boom!

The three-flower gathering array is still bursting with light.

The power gathered by the four is still the strongest combat power at the moment!

Han Yifeng kept his obedient posture with low eyebrows, but his wounds healed quickly.

That was the injury suffered before being besieged by four people.

He approached Chen Feng emptily and proactively informed.

"That was the news I got by accident. I planned to go there in person."

"Now, I would like to reveal the news and the specific address..."

Hanyifeng knows better than anyone the attraction of the ancient spirits to the human monks.

It can even be said that many casual cultivators voluntarily join the human monk camp, and there are many reasons for this.

On the battlefield, crises and opportunities coexist.

Many people may not be able to surpass several unexpected gains on the battlefield throughout their lives.

It's hard not to be tempted!

The golden light gradually faded.

On the side, Shi Lingxi and others' expressions changed significantly.

Looking at Chen Feng's reaction, I was really moved!

Even Fairy Yuheng and Tianchou Beast Slave, their faces were a little blank at this time.

They don't understand that Chen Feng has always been good at calculating, and it is absolutely impossible for him to act recklessly.

But why, at this time, he not only looked like he was bewitched.

Even the Sanhua Gathering Formation stopped temporarily!

This is not like Chen Feng's behavior at all.

I always feel that there is another picture behind Chen Feng's appearance.

Therefore, even though they had doubts, Tianchou Beast Slave and Fairy Yuheng looked at each other.

They saw their trust in Chen Feng from the eyes of each other.

So decided to wait and see the changes.

But, in contrast, Shi Lingxi's reaction.

"Chen Feng, don't be fooled by the cold wind."

"You should know the most about who he is. In terms of insidious cunning, he calls him second, and no one dares to lead first."

"Not to mention whether the ancient spirits in his mouth exist."

"Since he didn't pass in the first time, there must be a reason."

"It's very likely a trap, it's tempting you to be hooked!"

Shi Lingxi seemed weak, but what she said at this time was quite domineering.

From her body, a little breath of the Three Flowers Gathering Array Formation erupted.

However, Chen Feng did not cooperate, and the powerful golden light failed to condense successfully.

Looking at Chen Feng and Shi Lingxi, who were in the analysis in front of them, a gloomy smile slipped over the corner of Hanyifeng's mouth.

"Fight. Fight quickly."

"It's better to lose both!"

Under the lower eyebrows, the beating heart of Hanyifeng was clamoring frantically.

No one thought that the monster army was still attacking.

During the battle between the two armies, the human race cultivators would actually fight again.

Shi Lingxi's beautiful eyes are on fire.

At this moment, she was extremely angry.

"Chen Feng, it's almost as if you have been robbed of your upper body now, not like yourself at all."

"As long as you calm down and think about it, you will know that the cold wind is never credible."

"This person must be removed!"

However, before this was finished, Chen Feng waved his hand indifferently.

"I've decided on this matter, you don't have to say more."

He turned around and looked at the cold wind.

"For the sake of your surrender, I will give you one last chance."

"Since the Dragon Scale Demon Emperor is dead, there is no leader in the thousands of monsters."

"I want you to kill as many demons as possible."

"Otherwise, even if you have a lot of news about ancient spirits, otherwise I can't kill them!"

Chen Feng's remarks seemed vicious, but in fact they were not threatening at all.

Hanyifeng sneered secretly, but on the surface he was sincere and apprehensive, bowing his hands gratefully.

[Chapter 5382: Raid!](#)

"Thank you for your trust, General!"

After speaking, he could feel the pressure suddenly disappear.

Hanyifeng immediately stood up and rushed towards the monster army.

Only Shi Lingxi who was complaining was left in place.

She looked at Chen Feng, her beautiful eyes frowned and she was puzzled.

There was a bit of anger in the speech.

"Chen Feng, I thought I knew you enough. But now, I'm not sure."

"I really don't understand, it's just an ancient spirit, just let you dream, lose your mind!"

"Haven't you thought that it is very possible that the cold wind is really plotting you?"

The back of Chen Feng watching Han Yifeng disappeared from his field of vision.

Then, he turned his head to meet Shi Lingxi's gaze.

"Ah....."

Suddenly, a low sneer came.

I don't know when, Chen Feng's expression has already changed.

He raised his eyebrows with extreme disdain, and his entire popularity changed suddenly.

She is totally calm and unhurried.

"Don't worry, it's not always certain who is plotting."

Seeing such a reaction from Chen Feng, Fairy Yuheng and Tiancan Beast Slave, who had been silent beside him, immediately breathed a sigh of relief.

The two laughed together.

"I said, Big Brother must have his own intentions when he does things."

"Although it may be temporarily difficult for us to understand the intention, it is absolutely correct to observe quietly."

The Tianchou Beast Slave said so "blindly".

Aside, Fairy Yuheng also smiled, as if he had no objection to these words.

Seeing Chen Feng's performance at this time, no matter how sluggish, Shi Lingxi should have reacted.

"So, you just scammed it?"

Chen Feng was noncommittal.

In fact, at the moment when the cold wind suddenly kneeled to the ground, Chen Feng was extremely alert.

He has no trust in Hanyifeng at all!

Looking at the hypocritical hospitality in front of him, Chen Feng unceremoniously did one thing——

When Han Yifeng hadn't noticed it, a black light flashed through Chen Feng's eyes.

Heaven and earth repeatedly reincarnate in heaven and earth, and suddenly gain power!

A demon heart has quietly planted into the deepest part of his spiritual world.

All the true thoughts hidden in the heart have already been seen without knowing it!

It can be said that the reason why Hanyifeng is still alive at this time depends entirely on one thing.

He does know a trace of the soul of an ancient god!

It's just that, knowing that it is knowing, but it is very different from what he said.

The location of that ancient god's soul is complicated and very dangerous.

It is by no means that they and others can approach easily!

Where did Han Yifeng really want to tell him? He wanted him to seek his own death.

Seeing the truth, Chen Feng was still the same Chen Feng, Shi Lingxi felt relieved.

However, after another thought, she couldn't help but feel a little dissatisfied with Chen Feng.

Chen Feng knew this a long time ago, but he didn't even say hello before, and directly used her misunderstanding to reduce Han Yifeng's alertness.

Such calculations only appeared to be extremely stupid.

But that's the end of the matter, saying that those are useless.

Chen Feng turned around and looked at the Yangyang Monster Race army ahead, waving his long arm.

"kill!"

The fairy demon war, once again fell into a big melee.

Far away, the real Changyang and the Great Demon Saint Qi Yuan were still fighting, and they didn't know how the battle was going.

On the battlefield of dozens of miles in front of him, two human chiefs attacked from side to side, and Chen Feng led his troops to outflank.

Although the whole looks chaotic and disorderly, in general, everything is in Chen Feng's expectation.

As long as there are no accidents and the current situation continues as usual, the Terran monks will win a complete victory!

However, once on the battlefield, there will be casualties.

boom!

A loud noise not far away attracted Chen Feng's attention.

Screams sounded one after another.

The casual repair team under his command is encountering an unprecedented crisis at this moment!

Compared to the monsters whose appearance and bloodline seemed to be built in batches, the casual repair team had never cooperated.

Once out of Chen Feng's control, the entire 1,000-person team split into ten hundred-person teams.

However, not only do you know nothing about how to cooperate afterwards.

Even Dao Xinghuai and other temporary centurions were unprepared.

Hundreds of low-level monster races rushed right in front of the side, all of them were tall and magnificent, like a rainbow.

Even the ground trembled violently again.

The aura of all colors spurted out one after another.

Among them, the demon clan with the strongest cultivation base can even reach the fourth floor of the fairyland.

When Chen Feng saw it, he secretly said that he would suffer.

Without his control, the performance of those casual cultivators would definitely not be able to withstand the impact of this wave of monster tribe army.

"Thank you, follow me!"

Chen Feng hurriedly called the Heavenly Remnant Beast Slaves, and hurried towards the casual repair team.

Immediately afterwards, a clear and loud command exploded.

"All members listen to the order!"

"Five teams from left to right, defend and attack back, act now!"

Dao Chang Xinghuai and others heard Chen Feng's voice, and their hearts immediately became excited.

After seeing Chen Feng's various methods, they now have complete trust in Chen Feng.

In just a few breaths, the original chaotic team of thousands suddenly formed a formation.

Ahead, the monster army rushed.

Chen Feng issued the orders again, and once again formed a three-flower gathering circle.

The audience in the town of four golden light beams.

The supreme imposing manner of having a man who is in charge of a man!

boom!

In this way, the loss of the thousands of casual repair teams was visibly reduced.

With the help of Chen Feng, Tiancun Beast Slave and other four people, another army of Thousands of Monster Race was wiped out!

"kill!"

Blood is permeating this battlefield.

Everyone has blasted out the real fire, **** and bravely stepped forward.

However, unexpectedly, Chen Feng suddenly called them.

Daochang Xinghuai and the others stopped in confusion and turned to look at him.

I saw Chen Feng slammed his lips and motioned everyone to look at the corpses of the monster race everywhere.

"I said that if you follow me, what I have will certainly not treat you badly."

"This batch of monster races has some foundation, I won't take it."

"You divide it by yourself."

Hearing Chen Feng's words, an indescribable feeling immediately surged in the hearts of all the casual cultivators.

Excited, moved, excited...

In the end, all emotions turned into a loud shout.

"Thank you General Chen!"

Everyone's faces were filled with smiles at this time.

They all secretly rejoiced that they had decided to follow Chen Feng's decision, which was really right!

Chen Feng is a man who treats his opponents schemingly and is not merciful.

But to start with and friends, absolutely nothing to say.

Daochang Xinghuai and the others were even more blushing, and could not wait to shout a few times, swearing to follow Chen Feng to the death.

When everyone quickly gathered the demon clan's background, Chen Feng suddenly noticed something wrong.

"Chen Feng, what's the matter?"

Fairy Yuheng noticed the change in Chen Feng's expression the fastest.

Chen Feng lowered his face slightly, turned his head, and looked in the direction of the human monk camp.

"Someone raided my camp."

"what?"

Hearing this news, the three people around immediately changed their faces.

Tiancun Beast Slave, Fairy Yuheng and Shi Lingxi knew about it.

In Chen Feng's plain camp, there has always been a very special existence hidden.

That is the only blood of the White Elephant Demon Venerable, Tianyuan Little Demon!

They used some methods to disguise the Tianyuan Little Demon as a fat man who was ordinary human.

Then, let him sit in the camp.

Chen Feng would naturally not let him stay in the camp unsuspectingly.

[Chapter 5383: It's you?](#)

Unexpectedly, the methods he deployed casually came in handy unexpectedly.

Chen Feng looked back.

In the distance, in the human monk camp, the teams guarding the camp are no exception.

The camp was brightly lit and quiet.

There is no problem at all.

He looked at the battlefield again.

Currently, the monster army is still fighting against the human monk army on the front line.

The situation can be said to be very good, far from the point where the line of defense will be breached.

"what is the problem?"

"Could it be the little fat man walking around by himself?"

This is a big deal, and Yuheng and others are also extremely cautious.

Chen Feng shook his head.

"I don't know the specific situation."

He furrowed his brows and turned to look at Fairy Yuheng: "I want to go back."

At a glance, Fairy Yuheng knew what he was worried about.

"Do you suspect an inner ghost?"

Chen Feng nodded.

"But the problem is not big. I set up some traps around Xiaopang, which should be able to hold it for a while."

However, just when Fairy Yuheng was about to take Chen Feng away from the battlefield.

The loud roar suddenly approached quickly!

The crowd gathered immediately, quickly showing a defensive formation.

I saw them in the dense forest behind them, unexpectedly at this moment, once again jumped out an army of the Thousand Human Monster Race!

Chen Feng and Fairy Yuheng looked at each other quickly.

Both of them saw the same guess in each other's eyes.

This army of Thousands of Demons is a bit too coincidental!

Just cut off the way back.

If ordinary cultivators want to rush back, they can only cut a **** path from the army of the thousand demon races as soon as possible.

Chen Feng's complexion became increasingly gloomy.

With cold light, he quickly aimed at the head of the demon clan commander.

Unexpectedly, this time the demon clan commander was actually a woman.

The people here are top-notch both in body and appearance.

The skin is bullying and Saixue, and the waist is full of grip.

She was covered with only a layer of exquisite and gorgeous tulle, and all the beautiful colors were visible and more attractive.

And the long silver-blue hair and the azure blue vertical pupils made this person even more coquettish.

When many human monks saw this person, they lost consciousness for a moment.

Only Chen Feng was not moved at all.

He has seen countless pink skulls, his heart is like a rock, not moving like a mountain.

"Ha ha....."

Before Chen Feng could speak, the banshee covered her mouth and chuckled.

She has a charming voice, as crisp as a silver bell.

Every act and every action seems to be full of amorous feelings, which makes people feel awkward.

Chen Feng's complexion was as usual, and he stepped forward.

He spoke in a deep voice.

"Do you think you can stop me?"

The seductive woman in front of her is not very high, but she is definitely not low.

The five-story building in the fairyland.

It seems that it was specially calculated to hold him.

Hearing that, the seductive woman did not pretend to be stupid, but she winks like silk and smiles again and again.

"If you can't stop it, try it before you talk."

Upon hearing this, Chen Feng suddenly sneered.

"It seems that you are tacitly acquiescing that someone is raiding my camp."

The seductive woman's complexion changed slightly.

However, she reacted extremely quickly, and instantly returned to an unhurried appearance.

"So what?"

"You guy has some tricks to **** our baby."

"It's a pity, what doesn't belong to you, you won't be able to keep it after all."

"I advise you not to waste your efforts."

As he said, the seductive woman chuckled triumphantly.

She was sure, with Chen Feng's current strength, what would happen if she knew the truth?

Even if she may not be able to kill Chen Feng, she has a way to hold him.

However, at this moment, the seductive woman suddenly felt a little bit of bad feeling in her heart.

I saw Chen Feng in front of him. Not only did he not show helpless anger and anxiety, he actually sneered.

"Do you think you can stop it?"

Before the words fell, a roar suddenly sounded!

The Tianchou beast slave who followed Chen Feng suddenly rushed towards the seductive woman.

The violent breath spread all over the world and went straight ahead.

Behind him, nearly a thousand casual practitioners approached in an orderly manner.

"how come?"

The seductive woman's blue eyes shrank suddenly.

The information she received is wrong!

Isn't it that this tall man with Chen Feng is not outstanding?

But why, at this moment, she actually felt a trace of coercion!

At the same time, in front of Fairy Yuheng, a circle with sparks had already been drawn.

In an instant, a gray-white space tunnel was suddenly formed.

At this time, the seductive woman gritted her teeth and lost her face in shock.

"Don't want to leave!"

She immediately spread her jade arms and opened her mouth to attack Chen Feng with all her strength.

However, at the critical moment, another figure stopped in front of her.

Shi Lingxi didn't know when, she actually leaned close!

The seductive woman hated her.

She could only watch both Chen Feng and Chen Feng as they stepped into the space tunnel.

Disappeared on the battlefield!

Hum!

Chen Feng and Chen Feng appeared in the plain camp in an instant.

As soon as he opened his eyes, a familiar figure was printed into the eyes of Chen Feng and Fairy Yu Heng.

"It's you?"

Even Chen Feng himself did not expect that the ghost who sneaked into his camp was an acquaintance.

Not long after they entered this real martial world, they hunted down one of Shi Lingxi's disciples of Huanhaizhai.

Ning Changfeng!

At this time, Ning Changfeng looked extremely embarrassed.

He was trapped in a killing array, like a bog, unable to move!

Sword Qi continued to strike in all directions.

Whenever he tried to break through, those fierce sword auras quickly spread and weave into a sword net.

Seeing Chen Feng appearing, Ning Changfeng calmed down instead.

Since he sneaked into the camp and was trapped in the killing formation, he had expected this scene.

With Chen Feng's ability, even if he had the intention to block it, he would not be able to stop it for long.

I saw Chen Feng and Fairy Yu Heng stepping out of the time tunnel.

The two stood outside the killing array, looking at Ning Changfeng who was struggling to support each other.

There is doubt in each other's eyes.

"Are you on the side of the Yaozu?"

Chen Feng never expected that the inner ghost of the human monk would actually be a trial immortal who is also on the top of the sky.

Ning Changfeng laughed on the spot as if he heard some joke.

He returned to the center of the killing formation, disapproving.

"Does the trial mission stipulate which side we must join?"

At this moment, there were only three of them and a Tianyuan little demon whose consciousness was sealed in the plain camp.

Ning Changfeng was too lazy to talk nonsense and was straightforward.

However, Chen Feng was so keen that he immediately heard some messages from it.

"It seems that the mission issued to you by the Lord of Heaven prompted you to make this choice."

One of the regular tasks Chen Feng received was to kill the mad war lion saint.

Then, they naturally stood on the opposite side of the Yaozu.

He looked at Ning Changfeng, looked down and asked.

[Chapter 5384: Calculate!](#)

"What is your mission?"

Chen Feng's mind moved fast.

Now that Ning Changfeng would be here, it seemed that he was going to save the Tianyuan Little Demon from the human monk camp.

This action is not like his strategy of planning to kill.

Therefore, he couldn't guess Ning Changfeng's mission for a while.

However, after hearing Chen Feng's words, Ning Changfeng sneered unexpectedly.

His eyes were full of murderous intentions, and even brought some relief.

Quite a kind of generosity to die.

"What are you still playing there?"

"You and that demon girl, can she not tell you the mission of our Huanhaizhai disciple?"

Demon girl?

Upon hearing this, Chen Feng's heart suddenly moved.

He almost forgot Shi Lingxi.

For a time, the scene of Shi Lingxi first came to mind.

Facing the chasing of Huanhaizhai's disciples, Shi Lingxi did not hesitate to attack her companions.

So cruel, just to get a chance to escape for yourself!

Chen Feng never forgot that scene.

That woman has misconduct and uses all means to achieve her goal.

Chen Feng has always guarded her.

Naturally, Shi Lingxi always guarded Chen Feng and did not mention anything about herself.

Therefore, no one knows Shi Lingxi's true identity so far.

They didn't even know why the people of Huan Haizhai wanted to hunt her down.

Suddenly, Chen Feng's heart moved slightly.

He bypassed the killing formation and walked slowly to Ning Changfeng.

"You think too much."

"At the beginning, she wanted to use us to divert your attention."

"Unexpectedly, a few of us were also behind bars at the time."

"I did everything, and used her in the same way."

"Now, we are just a cooperative relationship."

As he said, he smiled at Ning Changfeng.

"Compared to Shi Lingxi, I want to cooperate with you more."

Hearing this, Ning Changfeng immediately looked at Chen Feng.

There was obvious doubt in his eyes.

"Why should I believe you?"

Upon hearing this, Chen Feng smiled coldly.

His eyes were extremely sharp in an instant.

"With your current situation, is there any other choice?"

I have to say that compared to Ning Changfeng when I first saw him, his cultivation level is now greatly improved!

In just a few days, he actually broke through the Shifang Dongtian realm.

At this time, he has at least the cultivation base of the first cave of the Shifang Dongtian Realm!

But, despite everything, he was trapped in the killing formation, and Chen Feng was standing outside the killing formation.

Apart from cooperating with Chen Feng, I am afraid there is only one dead end.

Thinking of this, Ning Changfeng pressed his thin lips tightly, his face unconsciously showing struggle.

In the end, he looked up angrily and met Chen Feng's gaze.

"What do you want?"

It seems that I still figured it out.

Seeing Ning Changfeng made the right choice, Chen Feng was in a good mood.

He curled his lips and smiled, but didn't immediately express his thoughts.

Instead, I repeated the previous question.

"Tell me first, what is your mission?"

This time, Ning Changfeng answered very simply.

Entering the world of Zhenwu, he also received two regular tasks.

One of them, like Chen Feng and others, needed to kill seven immortals from the top of the sky.

The second task is somewhat unusual.

"What?"

"Help Bai Xiang Yaozun to lift the seal? He is still alive!"

Fairy Chen Feng and Yuheng looked at each other.

From each other's eyes, each other saw a hint of shock.

Thirty years ago, Bai Xiang Yaozun suddenly lost his trace, leaving only his blood.

Immediately afterwards, among the monsters, the Red Flame Demon Sovereign was born, which immediately caused violent turbulence in the monsters' pattern.

Thirty years have passed.

Almost all of the races and demon races believed that the White Elephant Demon Venerable might have fallen.

Who could have imagined that today, the Lord of Heaven actually told such a heavy news!

The White Elephant Demon Lord is not dead!

Not only did he not die, but the Lord of Heaven even appointed immortals to rescue him.

For a moment, Chen Feng frowned and thought of something.

Ning Changfeng no longer concealed at this time.

"The Lord of Heaven said that the White Elephant Demon Venerable is currently trapped in some secret realm."

"Only the same blood can unlock the seal."

"What I have to do is find that secret realm and help him unblock it."

After hearing this, Chen Feng lowered his eyes, immediately thoughtful.

A thought hidden in the heart came out quietly.

He suddenly raised his head and continued to ask Xiangning Changfeng.

"Do you know where that secret realm is?"

This time, Ning Changfeng shook his head.

"I only know that Red Flame Demon Venerable may know where the secret realm is."

Chen Feng understood.

Because of this, Ning Changfeng chose to join the Yaozu camp.

He can only complete the task if he wins the trust of the Red Flame Demon Venerable and tries to find out where the secret realm is.

As for the Tianyuan Little Demon, it was the certificate he was going to take.

After all, in any case, he had to find the Tianyuan Little Demon first to obtain his blood.

There is only one bloodline of the White Elephant Demon Venerable.

"It looks like you have already penetrated into the left army."

Chen Feng said casually.

However, Ning Changfeng was surprised to see Ning Changfeng retorted: "What is the Middle Route Army?"

"I am now the confidant of the commander-in-chief in the Right Army."

Right Army?

Chen Feng's expression immediately shook, and a name quickly came to mind in his mind——

Mad war lion saint.

A general under the commander of the right army!

The main goal of his trial mission!

At this moment, Fairy Yuheng on the side was puzzled: "Isn't it the Left Army that is coming this time?"

The Great Demon Saint Qi Yuan is indeed the commander in chief of the Demon Race's Left Army.

Ning Changfeng waved his hand.

"I wanted to take advantage of the battle between the Left Army and the Human Race to act quietly."

Therefore, only the team of Thousands of Demons who stopped Chen Feng last is under the banner of the Right Route Army.

Ning Changfeng suddenly looked at Chen Feng with a gloomy expression.

"Since you want to cooperate, should you take the killing array first?"

Chen Feng returned to his senses, met his gaze, and paused.

Before Fairy Yuheng had any objections, he already nodded happily.

"It really should be."

Before the voice fell, only a "hum" was heard.

The small killing array that besieged Ning Changfeng immediately burst out with dazzling light.

The dense sword aura suddenly stopped, and immediately dissipated in place.

At the same time, Chen Feng turned sideways to look at Fairy Yuheng.

"Yuheng, what did you just want to say?"

But at this moment, Fairy Yuheng suddenly changed color.

"Be careful!"

I saw Ning Changfeng, who had just gotten out of trouble, suddenly violent and rushed towards Chen Feng's back.

The fierce sword energy instantly shattered the entire camp!

From Fairy Yuheng's point of view, we can just see Ning Changfeng's smug look.

"Hahaha! Chen Feng, how about you even if you do everything?"

"I have broken through the first cave of the Ten Fang Dongtian realm. Without the killing formation, what will you do against me!"

The scorching air wave came over the sky.

The powerful aura of the first cave of the Shifang Dongtian realm rushed towards Chen Feng without reservation.

Ning Changfeng's moves were vicious, and he didn't leave anything behind.

Coming completely at one blow!

[Chapter 5385: Do you think, I don't know what you are thinking?](#)

At this critical moment, Fairy Yuheng was in a panic, but unexpectedly noticed Chen Feng's expression.

At this time, his lips curled up.

An unexpected reaction!

Seeing Chen Feng's reaction, Fairy Yuheng's heart suddenly loosened.

as predicted!

In the next moment, the murderous aura that raged wildly suddenly stagnated in the void.

"what happened....."

Ning Changfeng's expression changed from triumphant and frantic, to shock and fear in an instant.

His eyes burst out and he stared at Chen Feng viciously.

"what did you do to me!"

All ultimate moves are disintegrated invisible.

Chen Feng turned around slowly, a black light flashed in his eyes.

It turned out that as early as when he saw Ning Changfeng in the killing formation, Chen Feng quietly reinvigorated the heavens and the earth to reincarnate.

An inky black demon heart quietly took root in Chen Feng's seemingly casual conversation.

Since then, no matter what conspiracy Ning Changfeng has in his heart, it is all in Chen Feng's grasp.

"Since you know I am good at scheming, why do you underestimate me?"

"You think, I don't know what you are thinking?"

Chen Feng looked at Ning Changfeng who was crying screamingly in front of him.

At this moment, the devil's heart had already grown wildly in Ning Changfeng's spiritual world!

No matter what Ning Changfeng tried, he couldn't shake it at all!

The magic strain quickly pierced the spiritual world in the blink of an eye.

Ning Changfeng's eyes were bloodshot, and he fell to the ground, struggling frantically, screaming again and again.

"Spare me... I was wrong..."

Finally, he was completely convinced.

The haughty head finally lowered.

Chen Feng didn't mean to kill him, but when he saw that he gave in, he stopped.

Fairy Yuheng on the side finally felt completely relieved.

At this time, Ning Changfeng was embarrassed like a dog falling into the water, all wet with sweat.

He kept breathing heavily, and when he looked at Chen Feng again, there was already a trace of fear in his eyes.

"I really underestimated you."

"If there is anything else to ask, you can ask."

Seeing Ning Changfeng's attitude, Chen Feng finally smiled.

Everything developed according to his expectations.

Chen Feng looked at Fairy Yuheng: "Yuheng, help me bring Shen Siqin over."

"The next thing, it might be better to have him."

Fairy Yuheng nodded.

Soon, Shen Siqin was taken in front of several people.

When Shen Siqin saw Ning Changfeng, his expression changed slightly.

When Ning Changfeng heard the conversation between Chen Feng and Shen Siqin, his expression changed drastically.

"You want to kill the mad war lion saint?"

He almost thought he had heard it wrong.

"I can tell you, the mad war lion saint is not so easy to kill."

"Don't look at him as a member of the commander-in-chief of the Right Army, but this person has a special identity and must not be easily provoked."

Upon hearing this, Chen Feng suddenly remembered another thing.

He casually asked Ning Changfeng.

"Have you heard of the Silver Feather Demon King?"

"You mean the nephew of Saint Silver Wolf, Silver Feather Demon King?"

Chen Feng did not expect that Ning Changfeng actually knew.

Fairy Yuheng on the side heard what Chen Feng meant, and then asked smoothly.

"Who is the Silver Wolf Saint?"

Ning Changfeng blurted out: "The confidant of the commander in the Central Route Army, like the Mad Fighting Lion Saint, is the sixth floor of the fairyland."

Upon hearing this, Fairy Yuheng couldn't laugh or cry.

She looked at Chen Feng, all with emotion.

"Chen Feng, you have completely offended the three-way monster clan army by your own strength."

When Ning Changfeng and Shen Siqin heard the words, they basically guessed what was going on.

The two looked at Chen Feng with the same look.

Even Chen Feng himself didn't expect it.

But now that it's done, the only thing that can be done is to deal with it.

At this moment, Chen Feng is more urgent for the improvement of strength!

Whether it is in the world of Zhenwu or the world of Xuanhuang Zhongqian, there is a great threat waiting for him at this time.

Without promotion, everyone including Fairy Yuheng will die!

The few people quickly started a close conversation.

...

At this moment, Chen Feng and Yuheng Fairy moved slightly.

It is the celestial beast slave who uses the three-flower contract to communicate with the soul.

"Brother, there is news from the front, saying that another army of monsters has also rushed over."

"And the scale is very large, it may be the Right Army or the Central Army."

Upon hearing this, Chen Feng's complexion changed immediately.

He immediately got up and his eyes fell straight to the corner.

There, the Tianyuan Little Demon sat still, motionless.

He didn't leak any breath, and he held magical artifacts on his body, concealing his original appearance.

Fairy Yuheng looked at him: "What to do?"

But Chen Feng spoke firmly.

"Take the Tianyuan Little Demon and leave this place immediately!"

Ning Changfeng has personally admitted that there is a special bloodline in the monster race.

Even if the breath is sealed, he can still sense his existence.

Chen Feng knew very well that at this time, the real Changyang person was dealing with a great demon sage Qi Yuan, yet the situation of the battle was unknown.

Here is another one, the entire human monk camp will be wiped out!

The only way to change all of this is to leave the camp with the induction source.

Ning Changfeng rarely agrees with Chen Feng's decision.

"It should be the Right Army."

"I know their marching route, you follow me, and I will take you to avoid them."

The situation was urgent, and Chen Feng immediately looked at Fairy Yuheng.

"Go back first, Tian Can and the others are still there."

If you want to go, just go together.

It is absolutely impossible for Chen Feng to leave the Heavenly Canal Beast Slave here!

Fairy Yuheng agrees with him in this regard.

She immediately stretched out her jade arm and quickly drew a circle in the void in front of her.

Sparks are flying!

A space tunnel of black, white and gray quickly appeared in front of everyone.

Chen Feng took Tianyuan Little Demon and several people quickly entered the tunnel.

A few people saw a flower.

The next moment, fierce fighting sounded from all directions.

There is a strong **** atmosphere around.

The lightsabers intertwined, radiant.

Flesh and blood splattered, and figures were constantly falling on this land.

The monster army and the human monk have already been fighting together!

Ning Changfeng followed Chen Feng and the others, and walked out of the space tunnel.

"Death!"

Chen Feng immediately looked for the figure of the beast slave.

Soon, he found the Celestial Remnant Beast Slave in the center of the siege of a group of monsters.

Roar--

Roaring loudly!

Many low-level monster races have already shown their original form, all of them opened their blood basins and opened their mouths, rushing to kill the beast slaves.

From Chen Feng's point of view, his pupils suddenly shrank.

Shengsheng squeezed a cold sweat for the Tiancun Beast slave!

However, the Heavenly Canal Beast Slave at this time unexpectedly showed strong strength.

I saw his hands instantly turned into sharp beast claws.

When those monster races rushed up, he slammed forward and took his heart.

The screaming screams!

Hearing Chen Feng's shout, the Heavenly Canal Beast Slave's spirits were shocked.

[Chapter 5386: Wudoucheng!](#)

I saw him laughing, the offensive became more fierce, and he quickly cleared the obstacles and rushed over.

"Big Brother, another large army of monsters is here, what should we do?"

Chen Feng's complexion was calm.

"It should be the Right Army."

He looked around and quickly found Shi Lingxi standing in the distance.

"Chen Feng, what do you mean?"

At this time, Shi Lingxi's expression was not good, and her expression was extremely alert.

Her gaze kept sweeping Ning Changfeng's body, seeming to confirm the relationship between Chen Feng and Ning Changfeng.

Chen Feng looked at her lightly.

"Others will be explained later."

"At the moment, the Demon Race Right Army is attacking suddenly, the purpose is Tianyuan Little Demon."

"If you really let them rush over, the human monk camp in Changyang will definitely be wiped out!"

"I want to take Tianyuan Little Demon out of here now."

"And Ning Changfeng is familiar with the marching route of the Yaozu Right Army. With him, we will get twice the result with half the effort."

Hearing this explanation, Shi Lingxi became silent immediately.

Ning Changfeng sneered even more when she saw her.

"Shi Lingxi, you killed so many brothers in my Huanhaizhai, and you also snatched the mirror of Huanhai Escape."

"I haven't asked you to settle the account. Now, how dare you give me a face?"

After hearing these words, Chen Feng basically knew the contradiction between the two.

It fits Shi Lingxi's temperament.

Pretending to be weak, he entered the Huanhaizhai team, and after getting what he wanted, he immediately fled.

but.....

"Huanhai Escape Mirror? Is she looking for something?"

Chen Feng thought to himself.

The magic sea escape mirror is the treasure of the magic sea studio.

Rumor has it that as long as the cultivation level is high enough, it can be used to detect everything in the world!

Unexpectedly, Shi Lingxi actually snatched these treasures.

Chen Feng thought a lot for a while.

When he came back to his senses, the two were still at war.

If it weren't for Chen Feng's sake, they might have started directly.

At this moment, Shen Siqin, who came together, took the initiative to step forward with a worried expression on his face.

"Stop arguing, we have to get out of here quickly."

Chen Feng also nodded, and walked between the two.

He stared at Shi Lingxi, and said in his heart.

"I don't care about any conflicts between you and him, now, either you go or we go together."

Hearing Chen Feng's warning, Shi Lingxi's expression changed again and again.

In the end, she quickly approached everyone, and then went straight to Ning Changfeng.

"Before all sorts of things, I also had last resort."

"Sorry!"

With that, Shi Lingxi actually took out a huge mirror of special material on the spot.

That is the magic sea escape mirror!

Shi Lingxi returned with both hands and returned to Ning Changfeng.

Such a reaction was unexpected!

Even Ning Changfeng was surprised for a moment.

However, he soon understood why Shi Lingxi would do this.

Because of Chen Feng!

It can be seen that Chen Feng is clearly in a dominant position among these people.

Shi Lingxi should have felt that Chen Feng could not be offended at this time, so she was so "repentant".

After all, it's just an illusion for others.

But at this moment, Ning Changfeng could only choose to accept.

He put away the magic sea escape mirror and snorted coldly.

Then, he looked at Fairy Yuheng.

"You follow me."

Everyone followed, quickly rushed into the dense forest, avoiding the chaotic battlefield.

Ning Changfeng stretched his hand to a direction.

"The first time you move, you shouldn't be too far. Three hundred miles in this direction will just be able to divert the army on the right."

Fairy Yuheng nodded, and immediately waved his jade arm again.

The red skirt flew, and soon, a huge circle with firelight appeared in front of everyone.

The void quickly twisted.

A huge space tunnel formed in a flash.

Chen Feng and others walked in immediately.

The next moment, within a hundred miles, there was no trace of Chen Feng and others.
at the same time.

The forefront of the human monks.

Several human monks immediately changed their expressions.

They looked at each other with incredible faces.

"The army of the monster clan stopped..."

Not only stopped.

Even, moving in another direction, fast forward!

This news, to the human monks in the camp, is simply the gospel!

"Hurry up and tell the soldiers."

"Hurry up and try to strangle all the Demon Race Left Army!"

...

The flames flickered, and several figures stepped out of the space tunnel again.

But before breathing for a moment, Ning Changfeng reminded again.

"They're here!"

This sentence has quickly become the magic sound of everyone in just one cup of tea.

In the distance, the pressure of terror continued to approach.

Chen Feng's face was severe.

He, Fairy Yuheng, Tianchou Beast Slave and Shi Lingxi glowed with golden light at the moment.

That is the blessing of the Three Flowers Gathering Circle!

However, the blessing at this time was mainly for Fairy Yuheng.

They indeed successfully led away the Demon Race Right Army and saved the entire Human Race monk camp.

But, at the same time, this huge threat also fell on them!

The Yaozu Right Army has sent several masters.

As long as the Little Demon Tianyuan plays a play, they can immediately sense the direction.

In desperation, Fairy Yuheng had to continue to lead the crowd and change directions.

Such and such, she really can't support it for long.

Chen Feng looked at Ning Changfeng.

"Could it be that there is no way to hide Tianyuan Little Demon's bloodline induction?"

"Have."

Ning Changfeng nodded unexpectedly.

Hearing this, everyone immediately lit up and looked at him together.

But the next moment, I saw a helpless wry smile on Ning Changfeng's face.

"Unless you can unlock the seal in his divine consciousness."

"As long as he can restore his spiritual consciousness, he can actively cut off the induction between bloodlines."

Hearing this method, everyone was immediately disappointed.

This is too difficult!

As early as the first time he saw Tianyuan Little Demon, Chen Feng had carefully checked it.

There were at least two seals on the Tianyuan Little Demon.

The first step is to completely restrain his breath.

The second level is to seal his divine consciousness, so that he always maintains a muddy state.

No matter which seal is heavy, it is extremely complicated.

It cannot be relieved by ordinary means!

Fairy Yuheng had a glimmer of hope in her heart, and she was disappointed again in a blink of an eye.

She gave Ning Changfeng a slightly angry look.

"Why don't you say it directly, unless we can break through the peak of the Shifangdong Heaven Realm, punch the Red Flame Demon Venerable, and step on the Jinxian.

Ning Changfeng also knew that the words just now were a bit wrong.

He smiled, just about to apologize.

Suddenly, his expression changed abruptly.

"I remember!"

"There really is a place where we can take a breath for the time being."

Not far away, the aura of Yaozu's mighty power was already very close.

Chen Feng gave instructions immediately without saying anything.

"Hurry up!"

Ning Changfeng's eyes flashed, and he stretched out his hand to look at Fairy Yuheng.

"A thousand miles away, there is a Wudou City!"

[Chapter 5387: Relentless please](#)

"Here, at the junction of Human Race and Demon Race, the forces are complicated."

"At the beginning, there was a powerful person who laid the supreme array."

"Whether it is a human or a demon, as long as you enter the Wudou City, you will be prohibited."

"Any fighter will be expelled from the city immediately!"

In other words, as long as they enter it, the powerful monster of the monster race can't attack them inside.

"It sounds like a life-saving place!"

Fairy Yuheng at this time was almost exhausted.

She was dripping with sweat, and the strands of blue silk on her sideburns were also stuck to the edge of her cheeks.

Upon hearing Ning Changfeng's instructions, Fairy Yuheng clenched her silver teeth.

"You better be reliable."

"I will...probably only be able to use it for the last time."

Before the voice fell, a spatial tunnel appeared again.

Before the powerful breath of the monster race approached, everyone once again disappeared in this dense forest.

Hum!

In the next moment, several people stepped forward.

In front of me, there was a brightly lit light!

A huge city suddenly appeared in front of everyone.

The sky in the east was slightly bright, and the outline of the city could be vaguely seen in the dimness.

Towering into the sky!

Like a giant dragon entrenched on the ground ahead.

The black city wall, I don't know what kind of mysterious iron is used, straight up, straight into the cloud!

Chen Feng could see from a distance, a plaque was hanging above the huge gate.

Wudoucheng!

As the name suggests, all fighting in the city is prohibited.

"The powerful person who laid the supreme circle back then is really admirable."

Chen Feng couldn't help but sigh in his heart.

The location of this city is particularly special. It is at the junction of the demon race and the human race for a long time.

Often this kind of area is mixed with dragons and fish, and should be the most chaotic place.

But this great power made a huge Wudou City stand here!

For thousands of years, I don't know how many creatures have been blessed.

Before the Yaozu Great Neng could catch up, everyone immediately rushed towards Wudou City.

After half an hour.

Everyone appeared on the main street of Wudou City.

The sky became clearer, and the city began to lively.

However, the faces of Chen Feng and others did not tend to relax more.

No one thought that in this Wudou City, there were many immortals who also came from the top of the sky!

Each of these immortals has a strong cultivation base.

Some have even reached the first cave of the Shifang Dongtian realm!

When Chen Feng and a few people appeared here, the immortals also felt in their hearts and looked over.

For a time, everyone even had an illusion.

They are more like stepping into a besieged city.

dilemma!

If it hadn't been for Wudou City to prohibit private fights, I am afraid that a **** storm has already started at this time!

"Since you can't fight privately, don't care about them."

Chen Feng seemed open-minded.

He walked into an inn at will and asked for a few rooms.

"Tian Can, I have something to confirm, you protect me outside the door."

"Yes!"

Before the words were over, Chen Feng took Tianyuan Little Demon into it.

There is a dead beast slave outside to protect the law, and no one knows what he will do.

There was only Chen Feng and Tianyuan Little Demon in the huge upper room.

"The mad war lion saint..."

Standing in front of the Tianyuan Little Demon, Chen Feng repeated the task given by the Lord of Heaven.

But anyone can tell.

At this time, Chen Feng was thinking about other things entirely.

Unexpectedly, Chen Feng stared at the Tianyuan Little Demon suddenly.

Heaven and earth reincarnate in heaven and earth again and again, and again.

The faint blue light instantly lit up...

When Ning Changfeng came to the Tiancun Beast Slave, he only felt that there was a red fire in the wing room.

"My eldest brother is not convenient to meet guests at the moment."

The Tiancun Beast Slave performed his duties, no matter who the opponent was, he stopped in front of him.

However, at this moment, the red light in the wing dissipated.

"Let him in."

Chen Feng's voice came from inside.

Hearing this, the Tianchou beast slave let go.

Ning Changfeng pushed in immediately.

"Chen Feng, I have a ruthless please."

What Ning Changfeng said about the unsympathetic invitation, in fact, Chen Feng can basically guess something.

After all, the missions issued by the Dao of Heaven are about life and death.

He has to find the White Elephant Demon Venerable as soon as possible.

And this, at present, it seems that one can only start with Chi Yan Demon Venerable.

Therefore, Ning Changfeng could only continue to rely on the Yaozu.

Since he wanted to take refuge in the Yaozu, he had to return to the Yaozu Right Army as soon as possible.

It's best to bring a few names.

For example, Tianyuan Little Demon!

"I can let you take some Tianyuan Little Demon blood."

"But Tianyuan Little Demon can't give it to you."

Without waiting for Ning Changfeng to speak, Chen Feng gave a straightforward answer.

Hearing this, Ning Changfeng was taken aback.

Then he laughed.

"I guessed you would say that."

However, he was also satisfied that he could easily obtain the blood of Tianyuan Little Demon.

"By the way, I thought about it, but I still have to remind you."

Ning Changfeng's face immediately became serious.

He focused on Chen Feng and lowered his voice.

"Shi Lingxi has to be guarded!"

This is the second time he mentioned Shi Lingxi.

Chen Feng's heart moved slightly.

"Do you know anything else?"

This time, Ning Changfeng finally nodded, and talked about some things he knew.

"This person is very ambitious and good at disguising."

"As far as I know, she has been to this Zhenwu world before..."

After the time for a stick of incense.

The door of Chen Feng's wing was opened, and Ning Changfeng walked out.

"Don't send it anymore, everything goes according to plan."

Ning Changfeng waved his hand and quickly left Wudou City.

After he left, Chen Feng returned to the wing room and began to operate the Supreme God Demonizing Dragon Art.

Previously on the battlefield, although he used a very short time to refine the blood of the Dragon Scale Demon Emperor.

But, after all, it was still too rushed.

Chen Feng could only place the bloodline that was stripped away in the world of Dantian.

Until now, he can calm down and refine it!

Many days have passed since they entered the advanced battlefield mission of endless killing.

However, there are still many difficulties for the mission issued by the dominion of heaven.

The identity of the mad war lion saint is extraordinary, if it is easily lured out, beheaded.

Chen Feng has a hunch.

At that time, they may not have the chance to return to the top of the sky alive!

"I still have to improve my cultivation as soon as possible."

Chen Feng whispered.

The blood red light quickly lit up in the wing.

I have to say that the superior bloodline of the 7-Rank Monster Race is indeed extremely useful!

A few hours later, Chen Feng opened his eyes and let out a suffocating breath.

Then, there was excitement on his face.

This time his cultivation base breakthrough was more than just reaching the tenth floor of the Star Soul Martial God Realm.

It may be because of the thunder tribulation, now Chen Feng's speed of absorbing these special blood vessels has been greatly improved!

If it is placed before, to absorb this blood, it will be less than a day and a night!

[Chapter 5388: You got Fooled!](#)

Chen Feng stood up, his eyes deeper and deeper.

At this time, his cultivation has stabilized at the peak of the tenth building of the Star Soul Martial God Realm.

It was the powerhouse from the first cave of the Ten Fang Dongtian realm who came, and he also had the confidence to fight!

What's more, there is a three-flower gathering formation on his body.

Coupled with this 20% increase in strength, even if they encounter the strong man in the second cave of the Shifang Dongtian realm, they may not lose!

But despite this, Chen Feng frowned soon.

Far from enough!

He still has to find a way to improve his cultivation as soon as possible.

Otherwise, once this endless killing advanced battlefield mission ends, they will still be wiped out!

As long as he loses to Qin Baichuan of Xuanhuang Zhongqian World!

Just as Chen Feng was planning the next plan in his mind, suddenly, he turned his head and looked out the window.

Someone came to the door.

Wudoucheng is located at the junction of the two races.

Walking in the city, human monks and monsters can be seen everywhere.

They can come in and seek protection, so the monsters who are chasing them can come in and stare at them.

Chen Feng immediately walked outside the inn.

When he arrived at the door, Fairy Yuheng and others had already appeared here.

"...Stop talking nonsense, hand over people as soon as you don't want to die!"

He heard his voice before seeing him.

Chen Feng's spiritual consciousness covers a wide range, and he has detected the appearance of the clamoring person as early as the beginning.

The human figure has already been repaired, and it is no different from ordinary people.

He has a burly figure and a dark complexion.

It looks like Kong Wu is strong and his muscles are knotted.

If it were not for those deep blue eyes, no one could tell that he was actually a monster!

Through Moxin, Chen Feng got news from Ning Changfeng.

The one who came was under the commander of the Yaozu Right Army, another general named Jiusheng Yaohuang.

Its status is second only to the mad war lion saint!

And he also has the cultivation base of the Sixth Floor of the Xianyuan Realm.

It was him who had been tracking in the dense forest before!

Seeing Chen Feng's appearance, Fairy Yuheng, Tiancan Beast Slave and others turned sideways.

The Tiancun Beast Slave quickly explained the current situation.

It turned out that Wudou City had strict restrictions.

No one can fight privately here.

However, this does not mean that the crisis is lifted.

Nine Victory Demon King's tracking skills are extremely strong!

Right now, he was chased to the door unless he could not get out of Wudou City.

Otherwise, as soon as he steps out of the city gate, he will try his best.

"Brother, what should I do?"

When the Tiancun Beast Slave saw Chen Feng appear, he was busy asking him.

Chen Feng randomly glanced at the Jiusheng Demon Emperor.

Then, he directly ignored its existence, turned sideways, and looked at Shen Siqin.

"Do you have any idea?"

No one thought that Chen Feng would be so rampant when he came up.

Even in Wudou City, the opponent is a powerhouse in the Sixth Floor of the Immortal Realm!

Behind him, there are several demon elites with outstanding strength.

However, Chen Feng still did.

The Jiusheng Demon Emperor, standing outside the inn, narrowed his eyes slightly.

He could see that as soon as Chen Feng appeared here, those people would unconsciously regard him as the backbone.

But this person does not seem to know what he is doing.

Even Shen Siqin, who was suddenly asked, did not respond for a while.

Chen Feng looked at everyone like this, smiled and shook his head.

Then, he raised his eyes and glanced at the Jiusheng Demon Emperor.

"You have been chasing us a while ago."

"I didn't expect you to dare to chase here."

"Simply, overwhelming!"

Hearing this, the Nine Victory Demon Sovereign laughed in anger.

Looking at Chen Feng's condescending and domineering appearance, his heart became futile.

"You are provocative. Anyway, the more provocative you are, the more you are seeking your own death!"

Before he could finish speaking, Chen Feng sneered on the spot.

The next moment, a gust of weather burst out from his body.

Everyone looked sideways.

Even Fairy Yuheng and others don't understand what Chen Feng is going to do at this moment.

"Are you crazy? This is Wudou City!"

Shi Lingxi even reminded.

However, Chen Feng still ignored it.

His momentum skyrocketed, and he rushed forward directly at the Jiusheng Demon Emperor.

"What about Wudou City, I can kill if I want to kill!"

Before the words fell, a bright white light burst out.

Broken Blade appeared instantaneously and rushed toward the front of the Nine Victory Demon Emperor.

At this moment, even the Jiusheng Demon Emperor did not react.

No one had thought that Chen Feng would fight against the entire city's prohibition!

Everything happens between the electric light and flint.

In the blink of an eye, the attack was close to the face of the Jiusheng Demon King.

He retreated immediately, trying to avoid this sudden attack.

However, before he retreated, Chen Feng's violent shout sounded again.

"Where to run!"

The next moment, another violent fist wind arrived in an instant.

Shi Lingxi stood on the side with an incredible face.

"It's crazy..."

"Stop him as soon as possible, and he will be forcibly sent out of the city by ban!"

But, who can make Chen Feng stop?

Facing Chen Feng's approaching step by step, the Nine Victory Demon Emperor retreated again and again.

But for some reason, Wudou City's formation prohibition was strangely never triggered.

"How is this going?"

For a while, Jiusheng Demon Emperor didn't understand it himself.

However, before he turned around, Chen Feng violently approached again.

The fierce fist wind came in an instant again.

"Die me!"

Following Chen Feng's violent roar, the Jiusheng Demon Emperor was finally aroused in real fire.

In an instant, fire in his eyes.

Strike a punch!

Hum!

A magnificent sound suddenly rang in everyone's ears.

The next moment, Chen Feng's voice whispered like a demon.

"You got Fooled."

As soon as the Jiusheng Demon Emperor started his hand, Wudou City's prohibition was triggered instantly!

He didn't even react, a huge golden light shrouded it firmly.

At this moment, the Jiusheng Demon Emperor was completely immobile as if being sealed.

He was furious and struggling.

The light shrouded it was getting brighter and brighter.

In the next moment, Xu Kong twisted violently.

When everyone did not react, a spatial tunnel suddenly appeared.

In an instant, swallowed the Nine Victory Demon Emperor.

Outside the inn, the golden light slowly dissipated.

Everything is back to normal.

As if nothing happened.

Seeing this sudden scene, everyone was puzzled.

"what the **** is it?"

Even Shen Siqin's eyes widened and looked at Chen Feng.

"How did you do it!"

At this time, Chen Feng had already put away all his breath.

He smiled and looked at everyone.

"it's actually really easy."

"Wu Dou City prohibits private fights, but it does not restrict personal practice."

"And I just didn't mean to kill."

"It's just a matter of self-considered training."

As long as the Jiusheng Demon Emperor is sufficiently detailed, he can detect a slight strangeness.

From beginning to end, although Chen Feng was extremely provocative.

Even, as if proactively attacking him.

[Chapter 5389: Beheaded!](#)

But Chen Feng did not have the slightest killing intent on him.

However, the Jiusheng Demon Emperor at that time had already been provoked by Chen Feng's words and deeds and lost his mind.

Seeing that everyone hadn't reacted a bit, Chen Feng raised his eyebrows.

"Ning Changfeng told me that although the strength of the Nine Victory Demon Emperor is almost the same as the Mad Fighting Lion Saint."

"But he is not smart."

"Well, now, let's go to kill him outside the city."

Chen Feng looked at Fairy Yuheng with his hand held down.

"Why kill him? We may not be able to kill him now."

Fairy Yuheng asked curiously.

Chen Feng smiled: "If it were just now, we might not be able to kill."

"But now, we can definitely kill him!"

"Do you think Wudou City will only send people out of the city?"

Everyone instantly understood.

It turned out that the reason why Chen Feng suddenly made such a false appearance deliberately angered the Jiusheng Demon Emperor.

Thus triggering the punishment of the ban in Wudou City!

From the very beginning, he had already counted the ban on Wudou City.

Fairy Yuheng was overjoyed immediately.

Without saying anything, she directly drew a space tunnel.

"I still don't understand, Chen Feng, why are you obsessed with killing the Jiusheng Demon Emperor?"

Before leaving, Shi Lingxi asked again.

Chen Feng responded with a secretive smile.

"At that time you will know."

In the next instant, everyone appeared outside Wudou City.

"You dare to come!"

Before everyone could react, a violent roar came into the ear.

What came immediately was supreme murderous intent.

The coercion of the peak of the five-story building in Xianyuan Realm made almost everyone pale.

The prohibition of Wudou City really caused the Jiusheng Demon Emperor to suffer a lot.

At this time, he was seriously injured.

The cultivation base actually fell to the fifth floor of the fairyland realm.

But this kind of strength can still crush a lot of people!

Except Chen Feng!

Everything is exactly the same as he calculated!

Almost at the same time, he issued instructions in his heart with Tianchou Beast Slave, Yuheng Fairy and Shi Lingxi.

The Sanhua Gathering Magic Array immediately started working with all its strength!

Four golden beams of light suddenly appeared!

When the four are about to connect.

A powerful force that did not belong to them, followed the golden light, and continuously poured into the bodies of the four.

Hum!

The next moment, the four opened their eyes together.

Their movements are surprisingly consistent, standing in a diamond formation at will.

Clang!

At this time, the breath of the four people who burst out in general just suppressed the Nine Victory Demon Emperor!

"how is this possible!"

Jiusheng Yaohuang immediately changed his face.

He never expected that Chen Feng and the others would have such methods.

"No one told me!"

"Why didn't anyone tell me they still have such methods!"

The Jiusheng Demon Emperor suddenly felt that he had been designed.

From the very beginning, when Ning Changfeng asked someone to report the news, he seemed to have been designed.

Ning Changfeng's people said that a team took the Tianyuan Little Demon and left the human monk camp.

This team is the strongest but the fifth floor of the fairyland.

But this team has special abilities and needs someone who is good at tracking to catch up.

Hearing this news, the Nine Victory Demon Emperor will be sent to chase and kill them.

But now, although he is not smart, he feels somewhat in his heart.

When he saw Chen Feng for the first time, the look in his eyes seemed familiar.

It's a bit...like the look in Ning Changfeng's eyes!

"Ning Changfeng is yours?"

At this moment, he suddenly reacted.

In response to him, Chen Feng smiled brightly.

"Yes. But you woke up too late."

The golden light almost illuminates the world outside Wudou City.

The four shot at the same time, in unison.

At this time, the Jiusheng Demon Emperor wanted to escape again, but it was too late.

boom!

With a loud noise, four extremely fierce and fatal attacks fell on the Jiusheng Demon Emperor at the same time.

He didn't even have time to beg for mercy, so he lost his interest.

The three-flower gathering array quietly dispersed.

The four of Chen Feng returned to their original appearance.

"Success!"

Everyone showed joy.

Now, they have become more and more comfortable in killing the Demon Emperor.

"It seems that it shouldn't be too difficult to kill the mad war lion saint next."

Fairy Yuheng breathed a sigh of relief.

Shi Lingxi on the side looked at Chen Feng.

"So, why do we have to kill the Jiusheng Demon Emperor?"

"I always feel that you have calculated that he will appear here."

Hearing this, everyone looked over.

Chen Feng was noncommittal.

"His appearance was indeed designed by me."

"Because he has something I like."

Sure enough!

In this regard, everyone is not surprised.

Chen Feng has always been steadfast.

If he suddenly behaves unexpectedly, it must be something else.

Shen Siqin looked over.

"Are you for the blood of the monster race?"

Unexpectedly, Chen Feng shook his head.

He turned his head to look at the Tianchou beast slave.

"Tian Can, use your plundering ability to plunder this Nine Victory Demon Emperor's life origin."

"What I like is mainly the special abilities in his body!"

Hearing this, Tiancun Beast Slave's eyes lit up.

He nodded immediately and walked directly to the body of the Jiusheng Demon Emperor.

Soon, a lot of life origin was swallowed up.

When the Tiancun Beast Slave opened his eyes again, his whole body was shocked!

Then I was overjoyed.

He looked at Chen Feng in surprise: "Brother, this is also..."

"With this kind of ability, I will be more confident to deal with that mad war lion saint!"

"What is the ability?"

Everyone was curious.

Tiancun Beast Slave smiled mysteriously, and his breath burst out.

Then, his body shape was shaken and disappeared in place!

Not waiting for everyone to react.

At the next moment, he appeared next to Tianyuan Little Demon again. [OBJ][OBJ]

His eyes turned into a deep azure blue, just like the Jiusheng Demon Emperor.

At the same time, Tianyuan Little Demon's body had a special enveloping aura on its own.

Connected with the eyes of the beast slaves!

"I can now trace anyone I want to follow through my bloodline."

"Not only that, any breath related to this person will be captured by me!"

Everyone immediately changed their faces.

They immediately understood Chen Feng's intention.

There is a special blood line between the monster races.

This is an ability that human monks do not have.

It is precisely because of this bloodline that Chen Feng and others received the reminder from the Lord of Heaven when they killed the Silver Feather Demon King.

Right now, the mad war lion saint, even more so!

Shen Siqin showed ecstasy on his face.

"Simply kill two birds with one stone!"

"The commander-in-chief of the Yaozu Right Army, his subordinates have lost a general."

"With this ability, we can follow our plan and calmly draw out the mad war lion saint!"

Upon hearing this, Fairy Yuheng and others immediately showed joy.

The task that was originally thought to be as difficult as climbing to the sky was approaching, and he had great confidence.

However, Chen Feng shook his head.

"Don't act rashly!"

Fairy Yuheng wondered: "Why?"

[Chapter 5390: The arrival of many strong people in the sky!](#)

Chen Feng glanced at everyone in front of him, his expression serious.

"Right now, the mad war lion saint is easy to kill, but don't forget, his identity is special."

"If we kill him now, the mission is completed."

"But it led to the powerful pursuit behind it, which made it impossible to withdraw in time and return to the top of the sky."

"That is still seeking a dead end!"

Hearing this, everyone suddenly realized.

Indeed!

The main reason why Chen Feng allowed Tiancan to rob his bloodline tracking ability was to prevent it.

Before killing the Silver Feather Demon King, the mysterious powerhouse behind has never appeared.

In the future, if he appears, Chen Feng will know it immediately!

"Then what shall we do now?"

Everyone looked at Chen Feng together, waiting for him to arrange the next plan.

Chen Feng was about to speak, suddenly his eyes rolled.

Then, the corners of his lips were curled up and he laughed.

"Here, someone came to die by himself."

Before the words fell, the sound of breaking through the sky suddenly sounded in the distance.

Several fierce murderous auras appeared out of thin air!

The goal is directed at Chen Feng and others!

Fairy Yuheng's face was dazzling, wearing a red dress like fire, and immediately took a few palms.

At the same time, Tiancun Beast Slave, Shi Lingxi and other people all shot together.

This indiscriminate bombing was stopped at the moment.

"Hahahaha..."

Rough laughter followed.

A group of immortals from the sky came quickly from the Wudou City.

There were more than a dozen people who came, all wearing dark blue gilt jerseys.

"Tread through the iron shoes, there is nowhere to find it, and it takes no effort to get it!"

"Unexpectedly, the Tianyuan Little Demon we had been looking for for a long time would actually show up here."

"Shi Lingxi, don't come here unharmed."

These people came with their heads high, all with arrogance on their faces.

Bad comer!

Chen Feng's face was slightly cold.

He quickly looked at these more than ten people.

They were all face-to-face people, and had never seen them before on the top of the sky.

But listening to the last sentence, there must be some connection with Shi Lingxi.

The cultivation base aura of these people is not weak.

The lowest is the twelfth floor of the Star Soul Martial God Realm.

And the strongest headed person has the cultivation level of the first cave of the Shifang Dongtian realm!

On the other hand, behind Chen Feng, the situation looked very bad.

The Tianyuan Little Demon was muddled and utterly lacking in combat power.

Shen Siqin is very resourceful, but he is not good at fighting. He can only rely on his special aura to protect himself.

The only ones left were Chen Feng!

It is no wonder that these more than ten people dared to rush to kill directly.

Shen Siqin on the side suddenly spoke.

"I remember."

"The man headed just now is also in the lobby of the inn."

Chen Feng nodded.

Presumably they were at the entrance of the inn and saw the process of the Jiusheng Demon Emperor confronting them.

Therefore, it was determined that Tianyuan Little Demon was in their hands at this moment.

"Unexpectedly, so many people want to get Tianyuan Little Demon."

Chen Feng gave a wry smile.

However, it's good.

It saves him a lot of trouble.

And here, the tall, strong man headed closer with a sneer.

He glanced at Chen Feng coldly, and then stared at Shi Lingxi with a smile.

"You are good at it."

This is a ridicule of seven points and a joke of three points.

Shi Lingxi's face was gloomy and unkind.

Seeing that Chen Feng and others were also looking at her, Shi Lingxi quickly explained using the three-flower contract.

This person is named Li Pingyuan, a member of the blessed land on top of the sky.

Those behind him are all people from the great sea.

"They are stubborn in character, arrogant and domineering, and they use whatever means to achieve their goals."

"I have some connections with them..."

This time, Shi Lingxi was frank.

Chen Feng nodded, not blaming her.

Obviously, this time Li Pingyuan and others came to besieged and killed, nothing to do with Shi Lingxi.

They saw the scene at the entrance of the inn and immediately rushed out of the city.

Want a mantis to catch a cicada, the oriole is behind!

Li Pingyuan looked down proudly, his face full of contempt.

His gaze slowly fell on Chen Feng.

"We all saw it just now."

"You are a bit clever."

"But now it's outside Wudou City!"

"If you are more acquainted, hand over the Tianyuan Little Demon to me."

"Perhaps, I can forgive you not to die."

Li Pingyuan had a totally condescending attitude.

Look at Chen Feng's eyes, like looking at ants!

However, apparently they made the wrong wishful thinking.

Even if there are only Chen Feng four, they still have no chance of winning!

Chen Feng sneered again and again.

I really don't know whether to laugh at their ignorance and fearlessness or arrogance.

"Ok?"

Li Pingyuan keenly caught the change in his expression.

"Boy, I know you should have some identity."

"Otherwise, with your cultivation base of the tenth floor of the Star Soul Martial God Realm, even if you are a little clever, you should be the leader?"

Li Pingyuan's face was full of beard, and when he talked, the saliva and stars almost sprayed on Chen Feng's face.

Chen Feng suddenly stepped back in disgust.

"Ignorant scumbag, stay away from me."

With that, he turned his head and looked at the three Fairy Yuheng behind him.

"Yuheng, Tiancan, there are exactly fourteen people here."

"Kill seven of you, and complete simple tasks as soon as possible."

The first routine task of the Lord of Heaven is to kill seven immortals who are also from the top of the sky.

Before, Chen Feng was still planning how to attract so many immortals.

I haven't seen anyone who came up on the initiative.

Li Pingyuan's expression sank.

He can hear it!

Not only did Chen Feng ignore him, he also regarded them as a task!

There was a sneer.

Li Pingyuan is also quite prestigious in Canghai Fudi.

After coming to the world of endless killing advanced battlefield missions, he took his men and swept all the way.

No one dares to be so arrogant in front of him!

Who dares to refuse, there is only one end-death!

Seeing that Chen Feng hadn't put him in his eyes at all, Li Pingyuan smirked.

His eyes were full of provocation.

"Very well, you angered me."

"Little Demon Tianyuan, it will be mine. Your head will also be mine!"

Behind Li Pingyuan, more than a dozen people laughed and mocked.

What's more, his gaze fell on Fairy Yuheng.

"I advise you to get down on your knees and knock our boss ten times."

"Otherwise, don't say leave the whole body for you."

"I'm afraid that even the beauty next to you will be played to death by us."

Behind Li Pingyuan, everyone burst into laughter.

I didn't notice at all, the killing intent rose in Chen Feng's eyes instantly.

He looked at the person who spoke.

The man's face was dark and thin.

A look of being hollowed out by a sensual dog.

At this moment, his face was full of lust, and he looked at Fairy Yuheng's gaze without hiding it.

If you dare to be presumptuous to the people around Chen Feng, don't blame him for being rude!

Chen Feng stared at this person coldly.

"I will give you three breaths, and immediately kneel down and apologize."

"Otherwise, unscrew your head yourself!"

Between the words, there is already a murderous shot.

The other side was silent for a moment.

Then, burst into laughter.

The person who had just spoken inferiorly, even more to the belly, seemed to have heard some big joke.
