### [Chapter 541: Step over my body!](#)

Bai Shanshui resisted: "Elder Yang, how can you jump to conclusions without investigating clearly? Chen Feng and everyone in Daningcheng insisted on their own opinions. They still don't know who said it is true and who said it is false. Willing to believe Brother Chen!"

"Yes, that's right, we are more willing to believe Brother Chen! Brother Chen will never kill innocent people indiscriminately. Those few people must have chased him first."

"This matter is very easy to check. As long as you go to Daning City, you will know who the few people are usually. There is no need to abolish Brother Chen's cultivation base and let him follow those people to Daning City!"

Everyone echoed Bai Shanshui's statement, their voices were very loud, and they all opposed Yang Chao's approach.

Yang Chao's face was pale, he suddenly roared, and sternly shouted: "Are you an elder or I am an elder? Do you dare to oppose the order of the Supreme Elder, do you want to rebel?"

"Are you Chen Feng's accomplices? Let me say that I will arrest you all in Xingtang, so that you can taste the cruel methods of Xingtang!"

He became angry and threatened directly!

But this threat is indeed simple and effective. When the disciples who opposed it heard this, their faces changed and they showed fear.

The Xingtang, in Qianyuanzong's place, was like hell. When you entered the Xingtang, it would be nice if one of ten people could survive. The various types of torture in it made people talk about it. Also tortured to death.

Because of Chen Feng, he was about to be implicated and arrested in the Xing Hall, which would be too worthwhile.

Therefore, facing Yang Chao's threat, most people flinched!

On the high platform, Ye Zhen took a bite and spit on the ground with a cold snort:

"This Qianyuanzong Ye is really amazing. An outsider came to ask for his disciple. He was so amazing. A rare genius disciple in a century. Not only did he not say a fart, he even helped an outsider bully his family. Even direct threats are used, and today I have opened my eyes!"

Wang Shixia, who was next to him, had a look of worry on her face.

On the other side, Fei Lichun's face showed a good show!

Suddenly he smiled and said to a few other sects nearby: "Everyone, I think we can discuss the eight major sects around the Aomori Mountain Range together and take Qianyuanzong out."

"From then on, Qianyuanzong no longer belongs to our eight schools in the Aomori Mountains. The other seven schools really can't afford to lose this person, and get confused with this school."

When the other sects heard it, they all laughed, and looked at Yang Buyi's eyes, full of disdain and contempt.

Obviously, Yang Buyi was avenging his personal revenge and suppressing Chen Feng.

In fact, public revenge and private revenge will appear in any school, but Yang Buyi is really too obscene, helping outsiders to bully his own people.

A touch of blue air flashed across Yang Buyi's face, a little irritated, he snorted coldly, looked at these sect leaders, and said:

"Everyone, this is my Qian Yuanzong family affair, so don't let others interfere!"

What he said is really quite useful. After all, this is Qian Yuanzong's family affair, and it is really inconvenient for other sects to intervene!

Yang Chao saw that the other disciples all shrank, and he was very proud of him, and he let out a burst of laughter: "Chen Feng, you have tasted the taste of this lonely family!"

"Tell you, no one dares to help you now, and no one can help you!"

But at this moment, a cold woman's voice suddenly rang: "Really? Are you sure there is no one to help Chen Feng?"

Yang Chao's face became cold, and he immediately looked in the direction of the voice.

Then he saw a familiar face, cold and beautiful, it was Shen Yanbing.

Shen Yanbing dragged your giant sword in his hand to the stage of life and death, walked to Chen Feng, turned his back to Chen Feng, raised his sword at Yang Chao, and said in a cold voice:

"To move Chen Feng, just step over my corpse!"

Han Yuer and Liu Qing, like Shen Yanbing, walked to Chen Feng.

And Bai Shanshui on the side laughed loudly and laughed: "Women are so proud, I am really ashamed to wait for a man!"

With that, he also walked to Chen Feng!

After him, Tang Manjin also walked over, and Bai Mo, Wang Jingang, and the people whom Chen Feng had brought from the outer sect all walked up.

Even the former lover of Qin Moling, Xu Ruxu, who was in conflict with Chen Feng, came over.

She looked at Chen Feng and said softly: "Big brother, although you killed Qin Moling and took up this period of time, you have taken great care of us. We are from a foreign sect and we are in the same spirit. We will never give up!"

When Chen Feng looked at them, his heart was full of emotions.

"I am not alone, and I have not been given up by everyone, I still have you!" he whispered softly.

However, he pushed everyone away, and everyone's eyes were full of questions and surprises.

Shen Yanbing looked at him, frowning: "Chen Feng, what do you mean? Are you afraid of implicating us?"

She was already a little displeased. Shen Yanbing had always been a very strong woman. Chen Feng's doing so made her very unhappy.

Chen Feng smiled slightly and said: "I'm not afraid of implicating you, but I can deal with this kind of danger alone."

With that said, Chen Feng invited them all off the stage of life and death, and then stood back on his own and came to the center of the five Xingtang elders.

#### [Chapter 542: Wuhun evolved again!](#)

He looked at the five Xingtang elders, with a playful smile on his mouth: "You five, did you watch the battle between me and Ding Qianshan just now, and thought I had nothing to fight back at this time?"

The leading Xingtang elder sneered and said, "Isn't it? You are already seriously injured!"

This is also the reason why they have no fear. Chen Feng's face is pale at this time, the blood on the corners of his mouth has not been wiped off, and his body is shaking.

In fact, as they expected, Chen Feng's situation is very bad now, and it can almost be said that he is exhausted!

Originally, after Chen Feng urged the Dragon Claw of Destroying God, he had already caused very great damage to his body. After that, he used a desperate knife to force him to move, which also caused great damage to his body.

Now in Chen Feng's body, the meridians are broken, the acupuncture points are blocked, and he feels hot and painful after taking a breath. The organs have been greatly injured, and they are even unstable, and can only barely support!

He just told Shen Yanbing and the others that he could handle it, but he was actually lying to them. He just didn't want Shen Yanbing and the others to be involved.

However, even at this moment, Chen Feng's face was still very firm, and his eyes flickered.

Because he still has this method of pressing the bottom of the box that he doesn't want to use!

He took a deep breath, felt the burning pain in his lungs, but a smile appeared on the corner of his mouth.

He is ready to fight hard, do his best to fight to the death! In any case, you can't be insulted by such villains!

Behind Chen Feng, a huge Xiangliu Wuhun quietly flashed, and the appearance of Xiangliu Wuhun also shocked the five Xingtang elders. They looked at each other, not knowing what other cards Chen Feng had, and were afraid to move forward. .

After all, with a snake-like human head, a huge and incomparably huge Wuhun Wuhun, even after the Wuhuns of even more than the five of them were added together, they felt a little unsure.

Taking advantage of this opportunity, Chen Feng took out the black soul crystal and threw it in the air.

Under the sun, the soul crystal was shining with a charming light, and the stars inside were dotted, as if the entire night sky had been loaded in.

The soul crystal exudes pure and incomparable soul power, which is fatal to Xiang Liu Wuhun. The eight eyes of Xiang Liu Wuhun that were originally closed, suddenly, all opened, and their mouths were all opened. Got out.

Then he opened four big mouths and took a deep breath at the same time. It was strange to say that the black soul crystal was sucked by the four big mouths, and it turned from a solid into something similar to powder in an instant.

Then the powder was divided into four strands and sucked in by these four big mouths.

After Xiang Liu Wuhun swallowed the soul crystal, the surface instantly glowed with extremely brilliance. And there was a rare expression on their faces, which was an emotion called satisfaction.

Chen Feng could feel the joy of Xiang Liu Wuhun.

On the surface of Xiang Liu Wuhun's body, the light gradually thickened. A huge momentum and pressure rose up, forcing the five Xingtang elders to retreat.

Then, the thick light suddenly gathered again, all of which was gathered into the body of Xiang Liu Wuhun.

The body of Wuhun Xiangliu suddenly increased, from more than thirty meters long to nearly forty meters long, and among the four heads of Wuhun Xiangliu, a flesh bulged.

The meat bun bulged bigger and bigger, and then suddenly burst, and a human head appeared again.

The forty-meter-long gorgeous white snake body, exquisite scales, and the five heads with pale white faces, such a martial spirit shocked everyone!

At the same time, a yellow light suddenly flashed around Wuhun.

The yellow light flashed seven times in succession, and the eighth yellow light appeared and then became weak. It didn't form, and it just dispersed!

On the high platform, many senior sect leaders exclaimed!

"Chen Feng's martial spirit is so tyrannical, not only can it be upgraded, but it has also been upgraded to surpass the seventh gold rank, and it can reach the height of the eighth rank yellow martial spirit in the next stage!

"With such a martial arts soul, he is a genius who deserves it!"

And seeing his martial arts, Jingangmen, Qingmumen and other high-level sects, they all looked salivating, and I wanted to \*\*\*\* him into my own door!

At this moment, in Chen Feng's heart, if there is understanding!

Xiang Liu Wuhun upgraded to five heads! And now, his martial soul supernatural powers can go further.

He can choose whether to continue to strengthen the martial arts supernatural powers or to obtain a new martial soul supernatural powers.

"My current martial arts deterrence has been strengthened three times, and its power is very powerful, but the deterrence is just the effect of paralyzing people, standing still and immobile, but it can't cause much damage to them!"

"Now facing this kind of crisis, I can't use it in the frozen world. The blood red qi disappears without a trace, and the dragon claws of the god-slayer can not be used. Almost all the qi of Hunyuan Yi Qigong disappears, and all martial arts cannot be used!"

"Now, what I need most is a martial arts supernatural power with powerful destructive power to deal with these Xingtang people! Then, only a gamble!"

Chen Feng immediately had a decision in his heart! He decided to take a gamble!

Chen Feng made this decision, and the light on the surface of the Wuhun Wuhun of Xiang Liu flowed, and a ray of light fell into Chen Feng's body, and then, Chen Feng's face showed a thoughtful color.

A moment later, a smile burst into his mouth. [η0VεLusб.com](http://www.η0VεLusб.com)

He knew what his new martial arts supernatural power was.

Wuhun Supernatural Power: Extremely beaten!

After using it, it can produce a very powerful mental shock wave, causing extremely strong damage to the enemy's spirit, and even directly killing the opponent! Only effective below the sixth floor of the Divine Gate Realm!

#### [Chapter 543: You can't kill it!](#)

Chen Feng sighed softly and whispered in his mouth: "This is what I want!"

Yang Buyi's face was even more gloomy: this Chen Feng is nothing more than a genius, and Wuhun is so powerful that he must not stay! Be sure to kill it today!

He personally directed at the five Xingtang elders and shouted sharply: "What are you five doing in a daze? Don't you kill him quickly?"

The five Xingtang elders looked at each other, and then they all killed Chen Feng together!

Everyone in the audience exclaimed!

The strength of these five Xingtang elders is not to be underestimated. With Chen Feng seriously injured, can they be their opponents?

The five people looked at Chen Feng as if they were looking at a dead person.

"Haha, Chen Feng, die!"

In their eyes, Chen Feng, who was seriously injured, was simply a catch to them.

Chen Feng sneered: "Really?"

Above the martial soul, a light flashed suddenly, and an invisible sound wave instantly spread out. Like Hong Zhong Dalu, ringing in everyone's ears.

The people below the stage of life and death all felt their heads stunned, and the body instantly lost control.

Wuhun Supernatural Power: Shock!

The five on the stage, the Xingtang elder facing Chen Feng, were even more serious. The five held the posture of rushing towards Chen Feng, and then froze there, motionless.

They were terrified in their hearts, but their bodies were out of control.

The smile on Chen Feng's mouth was even colder, and above the martial soul, the light flashed again.

The shock just now flashed orange light, but this time, it flashed red light, like blood!

Wuhun Supernatural Power: Extremely beaten!

A \*\*\*\* ripple rippled, gently brushing from the five Xingtang elders.

A scene that shocked everyone appeared, right in front of them, under the eyes of everyone, two of the five Xingtang elders, with a bang, their heads exploded directly!

It's like a rotten watermelon that was crushed!

With a bang, burst directly!

The headless bodies of these two elders fell to the ground.

As for the other three elders, although their heads did not explode, they were also seriously injured. Among the seven orifices, blood spurted wildly at the same time!

As for Chen Feng, he didn't make any attacks, which made people feel strange and frightened.

Everyone in the audience looked at Chen Feng with horror and fear!

This Chen Feng is really terrifying, with numerous tyrannical methods, one after another.

Obviously at this time, it looked like he was already seriously injured and could not fight back. As a result, he directly killed two Xingtang elders and injured three seriously!

It is incredible.

Yang Buyi's eyes flashed sharply, and he coldly shouted, "Boy, how dare you kill the elders of the sect, it's so bold!"

He winked, and five more Xingtang elders rushed towards Chen Feng. These Xingtang elders were even stronger!

Chen Feng looked up to the sky and laughed wildly. He could no longer deal with the five Xingtang elders, but it was worth it to drag the five Xingtang elders to bury them just now!

He laughed and said, "Two died directly, and three were left. The inside of their heads was completely destroyed. You will be an idiot if you don't die in the future! If you want to kill me, you must be ready to bury me!"

But at this moment, three human figures suddenly broke through the air from a distance, the speed reaching the extreme.

One of the figures came directly to Chen Feng's side, and chuckled softly: "You dare you!"

Then everyone saw the sky full of palm shadows appearing.

This sky full of palm shadows heavily bombarded the five Xingtang elders who had just been killed. After these five were shot, they turned into a cloud of blood in an instant, with no bones left.

After seeing these three people clearly, the elders of Qian Yuanzong's disciples Qi Qi knelt on one knee and respectfully shouted: "See the master."

It turned out that these three people were the Inner Sect Sect Master Guan Nantian, and beside him were two old men.

Many of these two old men did not know each other. Chen Feng was overjoyed when he saw them, and exclaimed, "Old Xu, are you here?"

It turned out that the old man who came to him just now was Xu Lao.

As soon as Xu Lao appeared, he killed five Xingtang elders!

Old Xu glanced around, looked at Chen Feng, and slowly said, "What the \*\*\*\* is going on? Why are the five of them besieging you?"

And Guan Nantian frowned, his expression was cold, and he looked at Yang Buyi and said, "Ms. Yang, I need an explanation!"

Old Xu glanced at Chen Feng, his brows frowned slightly: "You brat, you are trying hard with others at every turn, and you are hurting yourself again."

"I told you before that if the injury is too serious, even if it recovers smoothly afterwards, it will leave unerasable damage in your body. With accumulation, it will most likely become a permanent disaster! Make a huge impact!"

"You kid, why don't you listen?"

He was half blaming and half distressed, and Chen Feng could only smile wryly after hearing this.

"Old Xu, it's not a kid, I like to fight people hard at every turn, there are times when I can't do my hard work!"

Old Xu nodded him: "You!"

"You kid, this time the injury was too serious, the internal organs were all severely injured, and many of the meridians have been broken. If there are no special measures, I am afraid you will have to rest for more than half a month to fully recover."

Then Xu Lao took out a jade box from the mustard bag, opened the jade box, and inside it was a green pill the size of a longan, fragrant and fragrant.

After Chen Feng smelled it, he felt that there was a lot of blood in his body about to dissolve, and he felt that his injury seemed to be better.

#### [Chapter 544: Get out of here!](#)

He was shocked immediately, knowing that this was a very effective, very mysterious and precious healing medicine.

Old Xu handed the jade box to Chen Feng and said, "Let's eat it!"

Chen Feng was so close to him, and he didn't pretend or refuse, nodded, took the jade box, and swallowed the green pill.

After swallowing the green pill, he felt the pill transform into an icy breath, flowing into his internal organs, various meridians, various orifice points, and hundreds of limbs.

The scorching pain in the body disappeared instantly, and it was refreshing and comfortable.

The blocked meridian and acupuncture points were instantly reopened, and the injured internal organs were also rapidly recovering, enveloped by the cold air currents, and were constantly nourished.

He suddenly wowed, and vomited a big mouthful of blood.

This mouthful of blood is black, and there are still congested pieces in it.

After Chen Feng vomited out, not only did he not feel uncomfortable, but he felt refreshed, and the feeling of blockage in his body cleared a lot.

Then, he spat out a few big mouthfuls of bruises.

Chen Feng marveled at the miracle of this pill. The effect was excellent. It was only about half a cup of tea. The injury in his body was healed at least 30 to 40%, and he recovered almost half of his strength.

The remaining injuries can be cured after another three or four days.

On the other side, Sect Master Guan Nantian and Old Xu also quickly figured out what happened here.

Guan Nantian's face was gloomy and very ugly. He gave Yang Buyi a fierce look, and his dissatisfaction was not concealed in his eyes.

He didn't expect that he and Xu Lao didn't come over because of temporary incidents, and it was delayed for about half a day. So many things happened above the overall ranking!

He secretly said in his heart: "In vain, Yang Buyi is still the elder of the Nei Zong Taishang. In Qian Yuanzong for so many years, it is not clear whether it is right or wrong. For my own selfish desires, Qian Yuanzong lost such a big face this time! "

"But after all, he is also the elder of the Nei Zong Taishang, so he can't be too shameless in front of everyone!"

Guan Nantian walked in front of the huge thunder bird, and suddenly his figure floated slowly to the same height as the thunder bird.

Above the Thunder Bird, the high-ranking officials of the various cliques in Daning City saw this scene, their eyes were filled with awe.

The hand that Guan Nantian showed was stronger than any of them, even the deputy city lord Huangfubi!

Huangfubi looked at it, but the corner of his eyes jumped.

He knew very well that Guan Nantian was demonstrating to him.

Guan Nantian slowly said, "I am the lord of Qianyuanzong Guan Nantian, I will be the master of this Qianyuanzong matter. Chen Feng, it is impossible to go back with you, my disciple of Qianyuanzong, I am naturally Qianyuan Zonglai disciplines!"

Huangfubi said in a deep voice: "Sect Master Guan, this is a big deal, you still have to think about it."

Guan Nantian said flatly: "I have already made a decision, no need to think about it!"

Huangfubi nodded fiercely, with a gloomy expression on his face: "Okay, I hope that in the future, Sect Master Guan will not regret what happened today!"

Guan Nantian's face turned cold, and he sneered and said, "You dare to threaten me?"

Suddenly he stretched out his right hand, pointed outside the sect, and sternly shouted: "Today's total ranking is the big day of my Qian Yuanzong. How dare you guys call the door at this time?"

"I didn't leave you here, and killed them one by one. It's already giving you a face! Don't be shameless! Get out of me!"

"roll!"

With this harsh shout, the sound waves were like condensed into substance, rolling in, and several people on the thunderbolt bird were unsteady, fell to the ground, and their faces were pale!

Huangfubi nodded fiercely, without saying a word, turned the Thunderbird around, and then flew out of the valley at a very fast speed.

Soon, it became a black spot on the horizon and disappeared from everyone's sight.

They left, but everyone knew that the sects of Daning City would never give up. They came back this time, and they didn't know what method they would use next time.

Seeing everyone in Daning City leave, Shen Yanbing, Han Yu'er and others all breathed a sigh of relief.

Now, Chen Feng doesn't have to worry about being taken away.

Then Guan Guan Nantian glanced at Yang Buyi and Yang Chao again, his face was very ugly, Yang Buyi sat there blankly.

He knew that Guan Nantian would not move him, even if he did such a thing.

Sure enough, Guan Nantian didn't happen immediately. After all, he had always adhered to the concept that family ugliness should not be exposed, and he closed the door to solve it.

Then he faced the crowd and said in a deep voice: "This time the overall ranking competition is topped by Chen Feng. At this point, the overall ranking competition is over! Everyone, go away!"

His last words were addressed to those high-level sects on the high platform.

Many people stood up and prepared to leave. In their opinion, they had seen enough of the good show today, and they also thought that the matter was over.

But at this moment, a voice suddenly rang: "Hold on!" **NoVELusb.cOM**

Everyone was immediately attracted and looked in the direction of the sound.

I saw that the person speaking was Chen Feng. He looked at Guan Nantian with a faint expression, and slowly said, "Sect Master, I have something to ask."

Guan Nantian nodded, and said gently: "You ask!"

#### [Chapter 545: I want to betray Qian Yuanzong!](#)

Chen Feng said: "I heard that once you enter Qianyuan Sect, if you want to break through the sect and leave the sect, you need to break through an eighteen earth evil formation."

"I want to tell the Sect Master that after three days, I am going to break through the eighteen territories. If I break through, I will break through the hole. If I can't break through, I just die in it."

"what?"

After saying this, there was an uproar in the audience, and everyone looked at Chen Feng with shocked and disbelieving eyes.

"What is Chen Feng talking about? He wants to rebel against Qian Yuanzong and break through the clan?"

Shen Yanbing also exclaimed: "Chen Feng, are you crazy? Eighteen territories, people who break through the formation, may not be able to come out alive in a hundred!"

Han Yu'er and others are also full of anxiety!

And the other people are not more concerned about Chen Feng's going to the eighteenth battle formation, but what he meant-he turned out to quit Qian Yuanzong!

how is this possible? He just won the overall ranking competition and just became the top spot! He is a rare genius in Qian Yuanzong's century! How could he withdraw from Qian Yuanzong at this time!

Xu Lao moved a little in his heart. Just when he wanted to speak, he swallowed it down, looked at Chen Feng and Guan Nantian, then retreated to the side of the cliff without saying a word!

On the cliff, the high-level officials of the various martial arts saw this scene with excitement on their faces, and they sat back one by one, with a look of good looks on their faces.

Guan Nantian looked at Chen Feng, the gentle color on his face faded, and his expression became cold: "You mean, you want to quit Qian Yuanzong?"

Chen Feng nodded heavily, his eyes were firm, and his expression was firm: "Yes, I want to quit Qian Yuanzong!"

His gaze swept across the valley, and he said in a cold voice: "I am in the sect, always worried about being killed, being calculated by someone behind, or openly suppressed, but no one is in charge of me!"

"Such a sect, I don't care if I stay!"

This sentence, like a slap, slapped Guan Nantian's face fiercely, making his face hot.

He knows why Chen Feng said this!**noVELUS&.com**

But he was not angry. He was a broad-minded person. After listening to Chen Feng's words, he felt a sudden realization and began to think about whether his decision just now was unfair to Chen Feng.

When he made this decision, he did not consider Chen Feng's feelings at all.

Because in his opinion, Chen Feng is nothing more than a recent Nei Zong disciple.

In terms of importance, he wants to surpass Yang Buyi. Guan Nantian admits this, and Guan Nantian also values Chen Feng very much.

But no matter what, Chen Feng is just a disciple.

So far, the importance of being in the sect is far less important than Yang Buyi, and he has never thought about how Chen Feng feels inside.

He didn't think Chen Feng would have any opinions?

And in his opinion, in order to preserve Yang Buyi's face, it is normal for Chen Feng to be aggrieved.

At this time, when Chen Feng was about to quit Qian Yuanzong, the other seven sects were all excited.

Ye Zhen was the first to roar: "Chen Feng, your temper is very appetizing for Lao Tzu, you will come to my King Kong Gate when you quit Qian Yuanzong!"

"My King Kong Sect, I absolutely establish you as the number one core disciple, and exhaust all resources to cultivate and support you! To be honest, a genius like you also needs a school that appreciates you! Otherwise, your talent is equivalent to It's wasted!"

"You are a rare genius in a century. My King Kong Sect will use all the resources available to support you! I will also teach you all my unique skills at the bottom of the box!"

After Ye Zhen said this, among the disciples below, there was a wave of exclamation.

Everyone looked at Chen Feng with envy!

This is the promise of a dignified suzerain! Jinkou Yuyan is extremely effective!

Everyone can also see that Ye Zhen really appreciates Chen Feng and devotes all resources to support him. It is not a lie, and he will also teach him all the geniuses!

This is to treat it as a closed disciple!

You know, that is the lifelong faculty of a very high-level powerhouse in the Divine Sect Realm! You can't use it all if you can learn a trick!

And Chen Feng can learn everything!

On the other side, Qingmumen Sect Master Fei Lichun smiled slightly:

"Chen Feng, I know that there were some conflicts between you and our Qingmumen, and there were some minor conflicts, but those things were all minutiae."

"As long as you can come to my Qingmu Sect, everything in the past will be completely written off, those sect elders and sect disciples who have offended you at the beginning, I will abolish them and leave them to you!"

"You can clean them up whatever you want!"

Yu Ruyan also giggled and said:

"Chen Feng, come on, come to our Qingmumen. It's as impersonal and cold as Qian Yuanzong. Even his genius disciple can't protect him, and he has to give it to outsiders. What do you mean?"

"Aren't you afraid that one day you will be stabbed in the back by your own person? At least we Qingmumen will not treat our own people like this!"

The supreme elder of Wan Beast Gate made a burst of laughter:

"No amount of promises can compare to actual benefits! Chen Feng, what they said are things in the future, and I can give you benefits now!"

#### [Chapter 546: Fight for genius](#)

As he said, he flipped through his hand, and a fist-sized purple crystal appeared, with purple aura in it, looking extremely luxurious!

And if you look closely, you will find that the purple crystal seems to be sealed with a small phantom, which is constantly cruising.

The elder of the Ten Thousand Beast Gate laughed wildly: "This purple crystal is a stone that is unique to our Ten Thousand Beast Gate for sealing monsters. The colors are different."

"Like this purple one, it's extremely superior, and I can tell you that inside this beast town stone is sealed a beast from the fifth floor of the Divine Sect realm, which is also a flying beast!"

"Although it is not as good as the lightning bird just now, it is only one line behind. It is very tyrannical. As long as you enter our King Kong Gate, this beast town stone is yours, and you will have an extra divine gate fifth stage. Lou's mount and combat partner!"

After saying this, everyone was even more shocked and envious.

This is the demon beast of the fifth floor of the dignified divine door realm! The combat power is comparable to that of the sixth human master, not to mention the ability to fly, as well as a combat partner and a mount!

This kind of thing is really precious, and it must be among the Ten Thousand Beast Gate, and it is also the treasure of the town!

All the inner sect disciples of Qian Yuanzong, the elders of the inner sect, and even the elders too, were all shocked!

They all knew that Chen Feng was a genius, and they also knew that Chen Feng was highly valued by the Sect Master, but they didn't expect that Chen Feng, a genius, had become so popular.

As soon as he revealed his intention to leave Qian Yuanzong, it caused a scramble from other big sects, and they were all so sincere, any one of them was more sincere than Qian Yuanzong!

But Qian Yuanzong himself is still suppressing this genius!

This made the sect disciples extremely dissatisfied with the sect, and the elders, the elders, looked extremely ugly, very embarrassing!

Look at other sects, willing to accept Chen Feng as the closed disciple of the sovereign, willing to use all resources, willing to kill those elders and disciples who have offended him for Chen Feng, and even more willing to send such a precious town for Chen Feng Paizhibao!

Look at Qian Yuanzong himself? doing what? He is oppressing, humiliating Chen Feng, and doesn't pay much attention to Chen Feng!

Chen Feng also didn't expect that several other sects would make such a condition, and he had some excitement in an instant.

Facing the major sects, he slowly said, "Thank you for your love. After I quit Qian Yuanzong, I will consider it as appropriate!"

Guan Nantian was also stunned. He didn't expect that other sects could pay such a huge price to obtain Chen Feng.

And for such a price, Qian Yuanzong didn't say he wanted to take it, even if he wanted to take it, he couldn't take it out!

Looking at Chen Feng, looking at the resolute face of the sixteen-year-old boy, I suddenly realized that I had always thought that I had valued Chen Feng enough, but it was not enough, not enough.

Chen Feng's genius deserves to be valued hundreds and thousands of times.

And what I did in the past was to push this sect genius outside!

At this moment Yang did not speak slowly, his face was cold:

"Sure enough, I didn't read it wrong. This rubbish, the wolf's ambition, if you have achieved a little bit, you will betray the clan without regard to the sect's cultivation of him!"

"Sect Master, such a person can't stay! In my opinion, it is most appropriate to kill with a single blow now!"

Yang Chao also jumped up and down beside him, and said sharply: "Yes, this kind of person must be killed!"

Guan Nantian's face was gloomy, he glared at Yang Buyi fiercely, and said coldly: "Elder Yang, you have said enough today, and you have caused a lot of misfortunes. I will settle accounts with you when I look back!"

Yang Buyi's face was gloomy, and his face showed an expression of disbelief. This was the first time Guan Nantian had spoken to him in this tone.

No matter what he did before, Guan Nantian would save him face before others.

There was a panic in his heart suddenly, Guan Nantian talked to him like this, does it mean...

"And you..."

Guan Nantian glanced at Yang Chao in disgust: "What are you? Is there a place for you to speak?"

Yang Chao was flushed with his words. He couldn't say a word, and quickly lowered his head, a flash of hatred flashed in his eyes.

Guan Nantian looked at Chen Feng and said softly: "Chen Feng, I know that I just dealt with it like that, and it is a bit unfair to you, and you should be dissatisfied with it."

"Here, I apologize to you, this matter is my unfair treatment."

When Chen Feng heard this, he couldn't help being stunned. He thought Guan Nantian would be furious, and even as Yang Buyi said, he became angry and killed himself on the spot.

But he did not expect that Guan Nantian would apologize to himself.

It seemed that he was really wrong to blame Guan Nantian, he was actually very broad-minded, and he was able to apologize to himself by pulling the lower body.

The expression on Chen Feng's face was slightly relieved, but still firm, and said, "Master Sect Master, if only because of this, I will not quit Qian Yuanzong. This is the third time."

"As the saying goes, there are only three things. These three things make me feel cold, and there is no need to stay in Qian Yuanzong anymore."

Guan Nantian frowned and asked, "What three things?"

Chen Feng said slowly: "The first time was when the tide of beasts approached. At that time, I was struggling to resist the beasts and beheaded the beasts. After Yang Chao saw it, he slandered me for stealing the beasts killed by others and got the crystal. nuclear."

"Furthermore, when the tide of beasts suddenly became bigger, I was pushed into the tide of beasts, causing me to almost fall into it, and the catastrophe was lost!"

Guan Nantian was silent, this matter was indeed true.

He thought about this matter at the time that he should not offend Yang Buyi too much, so he didn't punish Yang Chao too much.

He nodded slowly, his voice was harsh, and said with great difficulty: "Chen Feng, I also mishandled this matter."

Chen Feng nodded: "Some people did not get the punishment they deserved. It is indeed because you mishandled them."

He openly accused the Sect Master, making all the inner sect disciples feel a tremor!

This Chen Feng is too fierce!

Sitting on the cliff, Xu Lao watched this scene, his eyes narrowed slightly.

He did not intervene in this matter, and Chen Feng handled it all by himself. Even if Chen Feng really quit Qian Yuanzong, he would not have any objections.

"The second thing was yesterday," Chen Feng said: "Yesterday, I went to the Ranking Hall to receive my own number plate, and I met Ding Qianshan and his party there."

"The people of Ding Qianshan provoked me, thinking that they could easily kill me, but I was killed by me. Before the people of Ding Qianshan fought me, the elder in charge of the Ranking Hall did not stop him because he Think the other party can win."

"After I won, he refused to give me a good card and verbally abused me! This incident is just a representative matter."

"I've been from Waizong all the way to the present, and have encountered a lot of similar things. The elder in charge of Waizongfang City openly shielded the murderer who oppressed my senior sister! Waizong Supreme Elder Su Zhaodong, openly framed my Senior Uncle Han Cong and let him whereabouts. unknown!"

"But among the sects, no one will pursue them!"

Chen Feng was not polite, looked at Guan Nantian, and said with a sneer: "The rich and powerful are domineering, and those without a foundation can only be oppressed. Such a sect is really rotten to the bone!"

Guan Nantian was speechless by him.

Indeed, these days he is only concerned about cultivation, and he doesn't care much about things in the sect.

Moreover, he is a relatively soft-hearted person, and not too strong, so much to indulge in the elders of the sect, so that it has become the current situation!

But now, the most important thing is to keep Chen Feng, to keep this genius that has been seen for hundreds of years.

Guan Nantian sternly shouted, "Who is the elder in charge of the ranking hall?"

at this time. The elder Yu Gang who was in charge of the ranking hall among the crowd was already pale, trembling all over, with extreme fear.

When Chen Feng took the top of the overall list with an invincible posture. He already regretted it very much.

He knew that he was blind and did not see Chen Feng's abilities, so that he severely offended Chen Feng yesterday. Chen Feng became the top of the overall ranking, and I am afraid that his life will be difficult in the future.

But at that time he was only regretting it. He only thought that his life would be difficult, but he didn't think Chen Feng could do anything to him.

And now, this emotion has turned into extreme fear.

After Chen Feng said those few words just now, he realized that what was waiting for him was a very severe punishment.

In order to appease Chen Feng, the lord might have to use himself.

Sure enough, at this time the Sect Master shouted this sentence, and Yu Gang stood up tremblingly: "It's me."

Guan Nantian didn't even know his name, and didn't bother to know it. He just sneered and said, "What Chen Feng said, is it true?"

Yu Gang trembled and his voice trembled: "Yes, it is true."

He suddenly thumped, knelt to the ground, repeatedly kowtow, and said: "Sect Master, Sect Master, the subordinate is wrong, and the subordinate will never dare again."

Guan Nantian snorted coldly, "It's useless to ask me, you ask Chen Feng now."

Speaking and looking at Chen Feng, he said, "Chen Feng, I will leave it to you, whatever you want."

Yu Gang was extremely ashamed and angry, but he did not dare to show the slightest. He kowtows to Chen Feng again and again to beg for mercy. Chen Feng walked up to him and smiled slightly:

"At this time yesterday, did you think of today?"

"I told you, you will regret it!"

Yu Gang raised his head and looked at Chen Feng, his eyes flashed with hatred, and he lowered his voice coldly: "Little bunny, don't deceive too much! Believe it or not, I will clean up you afterwards?"

Chen Feng slowly shook his head and suddenly cut out the Ziyue Knife in his hand. Yu Gang's head flew up, blood spattered in the cavity of his neck, and the body fell heavily to the ground.

There was still an expression of disbelief on his face, and he never expected that Chen Feng would kill himself directly.

And seeing this scene, everyone was shocked. They originally thought that Chen Feng would humiliate Yu Gang, but they didn't expect Chen Feng to directly kill people.

Even Guan Nantian's eyes twitched, second son, so murderous!

Only Ye Zhen clapped his hands and laughed, haha laughed: "Kill well, kill well, this kind of person is a curse to stay in the world!"

Guan Nantian looked at Chen Feng and said in a deep voice, "Chen Feng, can this matter end here?"

Chen Feng understood what he meant, and he handed Yu Gang to himself to dispose of him, in order to calm the anger in his heart.

The average person should be content by now.

However, Chen Feng does not intend to let it go!

He looked at Guan Nantian, shook his head slowly, and said softly: "Sect Master, this matter is not over yet!"

[Chapter 548: This matter is endless!](#)

This matter is not over yet!

Chen Feng said this sentence only softly, but it was like a thunder that smashed the hearts of everyone present.

All the disciples and elders of Qian Yuanzong looked at Chen Feng with an expression of disbelief!

They understand what Chen Feng means!

Chen Feng still refuses to give up!

And he is not willing to give up, so Yang Chao and Yang Buyi must be held accountable.

Guan Nantian also understood what Chen Feng meant, and a wry smile appeared on the corner of his mouth.

He originally wanted to give Yang Buyi some face, but he didn't expect that Chen Feng would not give up, and he was chasing Yang Buyi and Yang Chao, chasing after him!

Yang Buyi sat on the high platform, his gaze turned, looking at Chen Feng, his expression was extremely cold, and his murderous look was not hidden!

He didn't expect Chen Feng to be so bold and reckless that it was not enough to kill Yu Gang, and that he and his son would be held accountable.

He looked at Chen Feng, his voice was full of threats, and he said in a cold voice: "Chen Feng, you must be content, you must know the truth that enough is enough, and that you are too late. Killing a Yu Gang is enough, you should not be too greedy, be careful Nothing can be caught!"

Chen Feng sneered and said: "I have never been greedy, I just want what I deserve!"

He faced all the elders and the elders, and said softly: "Just now, Madam Yang, he wants to give me to the people in Daning City. All the elders here, Madam, none of them spoke to support me. This move makes me Chilling..."

A sneer appeared at the corner of his mouth: "Since you are so ruthless, then I have to use a \*\*\*\* reality to tell you, let you remember!"

All Nei Zong elders and Taishang elders all looked extremely ugly after hearing this.

Chen Feng's words, like a big ear scraper, slapped their faces fiercely, leaving no affection for them at all!

And Chen Feng almost used his own power to fight against all of them!

But they are helpless at this time.

Guan Nantian looked at Chen Feng and asked softly: "So what do you want? What kind of result do you want?"

Chen Feng said in a cold voice, "Yang Chao pushed me into the beast tide. For this crime alone, I should be executed!"

"And just now, Yang Buyi promised the people of Daning City to let me take them away. The person who executed it was Yang Chao. Both of them can't get rid of their relationship!"

Yang Buyi looked down at him, snorted disdainfully, and said, "Then what do you want? Is it possible that you still want the old man to kneel in front of you and kowtow? Do you still want the old man's son to apologize with death? "

Chen Feng smiled faintly: "That's all right!"

He looked at Yang Buyi, squeezed the corner of his mouth, showing a smile, and said softly:

"I want to be too elder Yang Buyi, kneel in front of me, kowtow to me and apologize!"

"As for Yang Chao, I don't allow him to apologize with death. I just want to get a chance to fight him. The life and death are too decisive, and life and death are in peace. If I was killed by him, there would be no complaint!"

After saying this, Yang Buyi jumped into a rage.

He was full of anger at this time, looking at Chen Feng, and shouting angrily: "Chen Feng, you little bunny, so brave! You dare to offer such absurd conditions, you should be killed. !"

The elders around are also talking about it.

"That's right, Chen Feng, a little bastard, is so frustrated that he wants the elder Supreme to kneel in front of him and kowtow to him. Who does he think he is?"

"Yes, is a genius great? He hasn't grown up yet, and he may not be able to reach a very high altitude in the future, maybe he will die halfway!"

"Hmph, too arrogant, relying on the accommodating of the Sect Master to him, he is so confident!"

"Oh, if he sees well, he can just accept it. What a pity, this person is too clueless to advance or retreat."

Everyone felt that Chen Feng's conditions were simply absurd and ridiculous.

Chen Feng didn't speak, but just looked at Guan Nantian with a faint expression, Guan Nantian looked embarrassed, unable to make a decision for a long time.

Chen Feng sighed lightly, with a look of disappointment on his face, turned around and walked towards the stage of life and death, only to leave a sentence: "Sect Master, after three days, I will go to the Eighteen Heavens Array."

Guan Nantian's heart was shocked, is Zongmen really going to lose a genius like Chen Feng that has been rare for hundreds of years?

At this moment, Old Xu suddenly spoke. He looked at Guan Nantian, then glanced at Yang Buyi, and said indifferently, "I don't think there is any problem with Chen Feng's proposal. Yang Buyi nearly killed him, shouldn't he kowtow? apologize?"

"As for Yang Chao, let alone!"

Everyone was in an uproar, they all knew that Xu Lao's detached status in Qian Yuanzong was comparable to Taishang Elder, but at this time Xu Lao openly supported Chen Feng.

Yang Buyi glared at Old Xu and shouted in a cold voice: "Old stuff, you fart!"

Xu Lao looked at her with a pair of eyes, and his eyes flickered: "Yang Buyi, you can say it again and try it again!"

He was already going to tear his face.

And in his opinion, Xu Lao is not much better than himself, everyone is just the Supreme Elder!

But he only felt that with a flash in front of him, Xu Lao was already standing in front of him, and from Xu Lao's body, a majestic momentum came out.

Motivated by this aura, Yang Buyi's aura immediately rose, but no matter how he climbed, he was firmly suppressed by Xu Lao.

[Chapter 549: kill!](#)

Elder Xu stood there, his figure as tall as a giant mountain, causing the other elders, the Supreme Elder, to feel a sense of looking up.

In front of him, Yang Buyi was so overwhelmed that he was unwilling to breathe, but he was still pressed to bow his head, and then fell to his knees with a bang.

He fought desperately, trying to keep his waist down, but to no avail.

His waist, pressed by Xu Lao's aura, gradually bends, his forehead stuck to the ground, and his body is dripping with cold sweat.

Until this moment, Yang Buyi's heart flashed with great fear.

The others were completely stunned. They all knew that Elder Xu was very powerful, otherwise they would not be appointed to guard the Wu Ji Pavilion, but they all thought he was only at the same level as the Supreme Elder like Yang Buyi, but they did not expect He is so powerful!

Without doing anything at all, Yang Buyi couldn't breathe because of his momentum alone.

From this point of view, his strength is far stronger than Yang Buyi, and even the Sect Master may not be his opponent!

Everyone was shocked, guessing what kind of existence Xu Lao was.

Old Xu coldly snorted and waved his hand lightly. A burst of energy enveloped Yang Buyi. It ejected from the cliff to the stage of life and death like a cannonball, and hit the ground heavily.

Xu Lao's control of strength has reached its peak, and Yang Buyi just happened to kneel in front of Chen Feng.

Yang Buyi flushed, his shame filled his heart, making him almost fainted.

Being forced to kneel in front of a junior, to him, it was a shame.

But the strongest emotion in his heart was not humiliation, but fear.

He never thought that Old Xu was so powerful. Facing the feeling of Old Xu just now, it seemed that he would be easily killed by Old Xu as long as he did it.

"Unexpectedly, I didn't expect that I would count everything. I had counted everything and waited for my big plan to be implemented, but I didn't count Xu Lao. Fortunately, my big plan was not launched rashly. Otherwise, the consequences would be disastrous."

He was restrained by Xu Lao's energy, he couldn't move at all, he could only kneel in front of Chen Feng like this.

Chen Feng walked in front of Yang Buyi with a smile on his mouth, and said lightly: "Yang Buyi, do you have today?"

Yang is not easily embarrassed, but there is no way.

He was trapped, and he had knelt for half a cup of tea in front of Chen Feng before Xu Lao floated over and waved his hand to lift the restriction.

Yang Buyi stood up suddenly, staring at Chen Feng with awe-inspiring killing intent.

At this time, Mr. Xu slowly said: "Why, are you not convinced?"

When Yang Buyi heard these words, his whole body trembled, and the feeling of despair when he faced Old Xu came to his mind again.

He glanced at Xu Lao, and immediately turned and left without looking back, even Yang Chao ignored him.

Then Mr. Xu looked at Yang Chao again: "Now it's your turn."

Without waiting for him to speak, a burst of anger hit Yang Chao, causing him to fall heavily on the stage of life and death.

Standing on the stage of life and death, Yang Chao looked at Chen Feng on the opposite side, a trace of dazedness flashed in his eyes, and then a look of great fear appeared.

He knew that he was not Chen Feng's opponent, Chen Feng could even kill Ding Qianshan, and his strength was far inferior to Ding Qianshan, but only in the middle of the fifth floor of the Divine Sect Realm.

Speaking of his position as an elder, more of it depends on his father. *NovelSb.com*

Chen Feng looked at Yang Chao and smiled slightly: "Elder Yang, what are you afraid of?"

"I was seriously injured, and now I can't even recover half of my strength. Are you very powerful? Aren't you crazy? Don't you want to kill me at every turn and frame me countless times?"

"Now I give you this opportunity, come and defeat me, you can kill me! Why are you scared instead?"

Yang Chao stepped back, swinging his hands: "Chen Feng, Chen Feng, I won't do it with you. This is the end of our battle, okay?"

Chen Feng slowly pulled out the Purple Moon Knife, approached him, and said in a cold voice: "Did you ask the Xingtang to catch me just now and cause me to suffer? How come now, it's over again!"

Chen Feng didn't want any nonsense anymore, and a violent roar from his throat: "Kill!"

The purple moon knife slashed out in the air, and the desperate knife was used.

In Yang Chao's eyes, there was a look of despair, and he frantically waved his hands in an attempt to resist.

But everything was in vain, cut out with a single knife, Yang Chao's head flew high, and his face was full of fear!

Chen Feng stood on the stage of life and death, roaring up to the sky!

Yang Chao died, Yu Gang died, Ding Qianshan died.

Yang Buyi was forced to kneel and kowtow, Chen Feng was full of pleasure!

This ending is what I want!

At this point, the Qian Yuanzong general ranking competition is completely over.

As the top of the list, Chen Feng ended Ding Qianshan's era and became the first disciple of the Nei Zong.

The big sects who came to observe the ceremony were basically directed at Chen Feng. Although they failed to bring Chen Feng into their own sect, they were able to watch such a good show and saw Chen Feng's performance. All were satisfied and left one after another.

Ye Zhen seemed to be a little unwilling. Before leaving, he specifically said something to Chen Feng, nothing more than solicitation.

But Chen Feng was actually loyal to Qian Yuanzong. He said he would leave Qian Yuanzong only to force Guan Nantian to make a decision.

Therefore, he did not mind Ye Zhen's solicitation.

#### [Chapter 550: Time to clean them up](#)

But he didn't notice that when Fei Lichun was leaving, he looked at the trace of murderous intent that flashed in his eyes, and Yu Ruyan's face that was almost crying in anxiety.

All the big sects left, and the other inner sect disciples also dispersed.

Chen Feng followed Guan Nantian and Xu Lao, and the three came to the Nei Zong Hall.

There was silence in the Nei Zong Hall, with only three of them. Guan Nantian looked at Chen Feng, stretched out his fingers and wrinkled his brows, and said with a wry smile: "Chen Feng, the noise you made this time is not small!"

"Yang Buyi, you are really humiliated by you. Many elders in the inner sect are also very dissatisfied with this incident."

Before Chen Feng spoke, Old Xu suddenly said, "Sect Master, I think it is a good thing to take advantage of Chen Feng this time to do so."

"Do you know that you have been obsessed with martial arts practice and neglected to manage the sect over the years. This sect has many important points, and it has been controlled by Yang not easy, so that many elders of the inner sect only know that Yang is not easy, but they do not know that there is your suzerain. Guan Nantian."

A look of surprise flashed across Guan Nantian's face: "Oh, there is still this thing?"

Chen Feng nodded and said, "Sect Master, what Xu Lao said is correct. It is indeed the case. Just look at the performance of those Inner Sect elders, and you can see that they dare to do this, isn't it because Yang is not easy to back up? ?"

Old Xu looked at Guan Nantian with deep meaning, and said, "Sect Master, if you continue like this, you will be emptied by someone."

"This time, it is a good thing to take advantage of this opportunity to tidy up them severely, to frighten these people, and to let them take back their bad thoughts."

Guan Nantian nodded slowly and said: "It is true!"

Chen Feng said lightly: "It's just that I really offended Yang Buyi this time, I'm afraid he has already hated me."

Old Xu glanced at Chen Feng and smiled and said, "Chen Feng, don't worry about this. I will stare at Yang Buyi. As long as you leave the sect, I will stare at him. He is absolutely impossible, leaving. Zongmen chase you down!"

Chen Feng nodded, letting go.

Guan Nantian went on to say: "Chen Feng, you won the overall rankings, you should have received the reward."

"But this time the overall ranking is over too soon. We expected that it would take at least three or four days to end, but we didn't expect that it would end in one day because of you. So rewards, but also it was placed in a secret realm, and it was not taken out. It is quite difficult to open there, and it is impossible to take people there now."

"Well, one month later, you come to the Zongmen Hall and receive rewards."

Chen Feng nodded and said, "Yes."*novelusb.cOM*

He has no doubts about it, and he is not in a hurry anyway.

Even if the matter was over, Chen Feng left, and Xu Lao followed him to leave the Zongmen Hall.

Walking on the road, Xu Lao looked at Chen Feng, his gaze revealed an irritating reward: "Chen Feng, you did a very good job this time. Do you know why I praise you?"

Chen Feng shook his head and said, "I don't know, please tell me, Mr. Xu."

Xu Lao said: "It's not because of how well you played this time, how many people you killed, how much strength you have made this time, but the kind of fierce and unrelenting attitude you showed this time!"

"What a powerful strength Yang Buyi is? You can't fight it at all, but you dare to say such things as making him kneel and kowtow!"

"Being other disciples, even if they have the strength and position like you, they would never say such a thing, I'm afraid they will settle the matter, and they don't even have to take out Yu Gang to apologize! "

Mr. Xu patted him on the shoulder and smiled slightly: "What you are visualizing is the Great Asura's Faxiang. That is how you want to do it, and you will do it in the future!"

Chen Feng nodded and said, "I understand."

In fact, he felt that the cultivation techniques and martial arts still had some influence on his character.

Recently, he practiced the Extinction Three Swords and the Dajiang Long Shenquan. Affected by the breath of indomitable and tragic expedition, he felt that his whole person was also a lot weaker, just like a sharp sword out of its sheath, extremely sharp.

Bid farewell to Old Xu and return to the ancient cave mansion.

When Chen Feng returned, Han Yuer, Shen Yanbing and the others were already waiting in the valley cave.

Seeing Chen Feng coming back, they all stood up. Chen Feng smiled and asked, "Yan Bing, are your injuries better?"

Shen Yanbing nodded: "The wound medicines you gave are really good. I also have some here. You gave me some before I left. I haven't used up during this period. I just took some more. Now I have recovered three or four times. It's done."

"If you take a few more days, you can basically recover completely."

Chen Feng nodded, letting go: "That's good."

Several people were seated separately, Hua Ruyan had tea, Telecom, Shen Yanbing directly grabbed a handful of snacks, stuffed them into his mouth and chewed it, carelessly, not like a girl at all, not at all reserved.

Chen Feng looked at it and smiled bitterly. How did it feel that Shen Yanbing went out and came back less and less like a woman?

Shen Yanbing's mouth was filled with all kinds of snacks, so he couldn't say anything. He chewed it well before swallowing.

She took a sip of tea, sighed comfortably, and looked at Hua Ruyan with a smile: "I have been outside for several months, drinking cold water and eating animal meat every day."
