

Peerless 5411

[Chapter 5411: I am awake! \(First burst\)](#)

But she remained calm, and turned around for the first time to escape.

"What to escape?"

"The tasks of you and Ning Changfeng are the same."

At this moment, these two words came from behind.

That is Chen Feng's voice.

Cold and calm, but like a boulder entering the water, there was an uproar on the spot.

Shi Lingxi's figure suddenly stagnated.

In an instant, her mind quickly turned around, trying to judge the truth of this statement.

However, before she could react, Ning Changfeng next to Chen Feng turned his head and looked over in surprise.

"What do you mean by this?"

Looking at Ning Changfeng's reaction, it does not seem to be fake.

Although Shi Lingxi was full of vigilance, she still turned around.

Chen Feng slammed at the stone wall when he came.

"Aren't they all written on the stone wall?"

At this moment, Ning Changfeng and Shi Lingxi thought of just now, and Chen Feng murmured.

"Unexpectedly, the truth would be so."

Could it be that there is still no reversal on the stone wall?

In the distance, Shi Lingxi did not act rashly.

Before she was sure, she was not sure whether Chen Feng's words were true or not.

Ning Changfeng didn't hesitate to look at the stone wall behind him.

"I am the White Elephant Demon Venerable. I have fought against the ancient human gods and the Mo Rin immortal. I was accidentally attacked by his subordinates, the Red Flame Demon Sage, and his body was destroyed. Only my soul was sealed here."

"Only the direct bloodline can unblock and help me out of trouble."

"I have a bloodline named Tianyuan Little Demon."

"But, besides, there is another..."

Seeing the back, Ning Changfeng's pupils shrank suddenly, his face changed again and again.

"The Red Flame Demon Venerable actually swallowed the blood of the White Elephant Demon Venerable, and this has become the strongest demon Venerable of the Demon Race!"

The truth is so!

Shi Lingxi's expression suddenly changed when she heard Ning Changfeng's exclaim.

She moved closer, looked at the words on the stone wall, and then turned to look at Chen Feng!

It seems that I can't believe the news mentioned above.

Seeing her reaction like this, Chen Feng continued to speak.

"Now, you know too."

"Even if Ning Changfeng unlocks the seal behind Shimen, the White Elephant Demon Venerable will never be resurrected."

Shi Lingxi was moved when she heard this.

However, she quickly reacted.

The slightly gagged face immediately recovered his calm.

"I attacked you without mercy."

"Why are you trying to win me over?"

Chen Feng smiled.

"Have I ever wooed you?"

"It's just that the blood of Tianyuan Little Demon was ruined by you, you should always give us an explanation."

"It's just right, you didn't say that, this time there is another purpose, which is the soul of the ancient gods."

"Since I came here prepared, there must be a way to lift the seal."

This is Chen Feng's purpose!

Chen Feng would never have half trust in Shi Lingxi, a cunning and calculating person.

Between each other, there is only interest!

Shi Lingxi also spent some time with Chen Feng anyway, and immediately understood what he meant.

But she frowned at this moment.

"That will disappoint you."

"Before I came here, I didn't know there was a seal here."

What Shi Lingxi said is true.

She deceived the magic sea tracking mirror of Huan Hai Zhai at the beginning, and when she found it, she only saw the location of the secret realm.

I didn't see where the White Elephant Demon Venerable and the Ancient God Soul were located.

Otherwise, she would not continue to lie down beside them.

It wasn't until this time that he violently shot.

Upon hearing this, the three of them fell into a deadlock.

"Then what should I do now?"

Right now, Tianyuan Little Demon dispersed with them, and the bottle of essence blood was also destroyed.

Where is there any way to unblock the seal behind Shimen?

Chen Feng didn't lift his head and said.

"Find Tianyuan Little Demon and them, and let them come as soon as possible."

This is the only way at the moment.

Ning Changfeng also reacted.

"By the way, I have a magic sea tracking mirror!"

As long as you are in this world, you can find any person, thing, or place you want!

However, just when he was about to take out the magic sea escape mirror.

Chen Feng raised his head fiercely, grabbed Ning Changfeng, and then violently withdrew.

"Perhaps, there is no need to wait for them to come."

Before the words came to an end, the void where the three of them had stood, suddenly crazily twisted.
call--

The wind was violent.

"Jie Jie Jie Jie..."

The hideous laughter sounded out of its own accord, echoing continuously in the deepest part of this gloomy mountain.

"Bai Xiang Yao Zun, thirty years have passed, almost let you escape the seal today!"

The huge voice was deafening.

The coercion of horror hit them mercilessly.

Chen Feng's complexion changed slightly, and he suddenly raised his head, staring at the figure that appeared in front of him.

The whole body of the visitor was covered with red flames, and red light was radiant.

Only those emerald green eyes burst out a devastating light!

As soon as he appeared, the surrounding air became extremely hot.

"Red Flame Demon Lord!"

Chen Feng coldly spit out four characters.

The one that suddenly appeared in front of them was exactly what the Chi Yan Demon Venerable looked like!

However, it is definitely not the body!

According to legend, Chiyan Demon Venerable already has the cultivation base of the Ninth Floor in the Xianyuan Realm!

The figure that appeared in front of him was probably only the Seventh Floor of the Xianyuan Realm.

That is, the third cave of the Shifang Dongtian realm!

This should be the external incarnation of the Red Flame Demon Venerable!

However, what surprised Chen Feng even more was one more thing——

When the incarnation appeared outside his body, the Supreme God Demonized Dragon Art in his body suddenly started to operate on its own.

The blood of the monster race that was silent in the world of dantian seemed to tremble like feeling!

How is this going?

Just thinking of this, I saw the external incarnation of the Red Flame Demon Venerable turning his head.

Green eyes fixed on Chen Feng.

There was disdain in those eyes, but they seemed interested.

"It's you ant that distracts my blood."

"Your practice is kind of interesting."

With that said, the figure appeared in front of Chen Feng instantly!

He stretched out his long arms, as fast as lightning.

He grabbed Chen Feng's neck.

The overwhelming coercion came out!

Chen Feng's whole body seemed to be pressed by a giant mountain, even if he was not immediately crushed into a pool of fleshy mud, he could hardly move!

Such a change is far beyond the three people's expectations!

"Chen Feng!"

Ning Changfeng had already regarded Chen Feng as a friend. Seeing that he was in trouble, he rushed forward without saying anything.

But how could he be the opponent of Red Flame Demon Venerable!

Even the incarnation outside the body is enough to crush the three people present.

Seeing him approaching, Chen Feng resisted the incomparable coercion and roared hard.

"The White Elephant Demon Lord, don't take action at this time, but when will you wait!"

Everyone changed their colors!

Ning Changfeng stopped his figure and looked back at Shimen blankly.

Shi Lingxi's expression was extremely serious for an instant, and she burst out with all her breath, as if she wanted to make a move.

Even the external incarnation of the Red Flame Demon Venerable also changed slightly.

Just behind the Shimen, that huge light blue spar still has dense lines all over the body.

Where is the slightest trace of unblocking?

"Chen Feng, are you confused?"

"The White Elephant Demon Venerable has not unblocked it yet!"

[Chapter 5412: The layout of the White Elephant Demon Lord!](#)

Ning Changfeng asked puzzledly.

But, this time, his voice did not fall.

A long sigh suddenly sounded in everyone's ears.

"It turns out that thirty years have passed?"

The deep voice has experienced the vicissitudes of life!

But it exploded like thunder.

Everyone changed their colors and turned to look behind Shimen.

In the next instant, the demon wind suddenly rose.

The powerful wind brought the supreme coercion and swiftly attacked the Chiyan Demon Venerable!

The howling hurricane sounded like a magic sound.

It was as sharp as the sharpest blade, and it constantly made the sound of gold and stone on people.

Under this horrible demon wind, Chen Feng was in pain!

He had to turn his cultivation base to the extreme and exhaust his cultivation base to avoid being seriously injured.

But at the same time!

The giant hand holding his neck tightly loosened it instantly.

"how is this possible?"

The external avatar of the Chiyan Demon Venerable suddenly changed in color, and the red flames all over his body became hotter and brighter.

He withdrew his hands and moved his palms toward the direction of the hurricane.

"Ahem..."

Chen Feng coughed violently and his figure returned to freedom.

Before he could react, he retreated violently and came to Ning Changfeng's side.

At this time, there was already a loud rumbling noise in the mountain secret road.

It seems that the entire mountain is crumbling and about to collapse!

The blue hurricane and the red flames quickly interweave together.

For a time, it was comparable!

Under the scorching heat and the power fluctuation of a hurricane, Ning Changfeng shouted at Chen Feng beside him.

"Chen Feng, what's going on? Isn't Bai Xiang Yaozun being sealed?"

Chen Feng nodded.

"The White Elephant Demon Venerable is in the seal, but not all in the seal."

He looked at the two people beside him.

"Do you remember the demon wind that first brought us here?"

At that time, in the demon wind, there was a sigh in a trance.

However, the situation was too sudden at the time!

Except for Chen Feng, almost no one noticed it, let alone take it to heart.

However, at this moment Chen Feng mentioned this point, and the two immediately reacted.

"The demon wind at that time was actually a ghost made by the White Elephant Demon Venerable?"

Ning Changfeng and Shi Lingxi's expressions were shaken.

But the next second, Ning Changfeng still frowned suspiciously.

"So it's still the problem."

"Isn't he sealed? How can he still control the hurricane?"

Upon hearing this, Chen Feng smiled slightly.

"You too underestimate the White Elephant Demon Venerable."

The Fairy Demon War lasted tens of thousands of years, but it has only become more intense in the past 30 years.

Before that, the White Elephant Demon Venerable was the first person in the Demon Race!

"The first person before the dignified monster clan, even if the blood is robbed, the body is destroyed, the soul is sealed here."

"Do you think he just gave in?"

Never possible!

For thirty years, he never stopped fighting!

Fight against the ancient souls in the seal, and also against the seal of this monster race!

Finally, thirty years have passed.

The seal was as strong as a golden soup, and finally he tore a very small crack.

Although there is only a very small one, the strength that can be endured is limited.

However, it seems that it works!

Shi Lingxi's cold voice sounded again.

"You already knew all this?"

She looked at Chen Feng with extremely complicated eyes.

After getting along for so long, Shi Lingxi knew that Chen Feng was good at calculating layout.

But he was still shocked by his meticulous observation now!

Chen Feng looked over, his expression was light and there was no emotion.

"It's just a guess."

Although, he was already 80% sure of this guess.

At this time, in the confrontation between the hurricane and the flames, the voice of the White Elephant Demon Venerable rang again.

"Chi Yan, you forcibly swallowed my blood while I was fighting with Immortal Mo Rin."

"Seal me here even more."

"But you never thought that I actually have blood descendants."

The deep laughter echoed in this secret path.

The overpowering pressure forced Chen Feng and the others to stab their ears, and the pain was very great!

The words of the White Elephant Demon Venerable obviously stimulated the Chi Yan Demon Venerable.

I saw the crimson flames suddenly flourish, and the spirit is full of glory!

The scorching stone walls and the rolling boulders even started to turn red and soft.

Boom!

The earth moved and the mountains shook, and the three of Chen Feng retreated.

"Huh! Old man, how about your little Yuan Yao bloodline that day was stronger?"

"In a little while, when all the bloodlines return, who can match me in this heaven and earth!"

"Hahahaha..."

When Chen Feng heard this from a distance, a storm suddenly threw up in his heart.

Sure enough!

The source of the blood of those low-level monster races came from the same person!

It's just that, I didn't expect that person was actually Red Flame Demon Venerable!

Even more unexpectedly, he tried his best to raise so many low-level monster races to accumulate blood.

It's because of this!

The Red Flame Demon Venerable had swallowed the blood of the White Elephant Demon Venerable, and he became the new first person of the Demon Race.

However, he never expected that the White Elephant Demon Venerable would have a descendant!

And this offspring has even more blood than the White Elephant Demon Lord!

Once the Tianyuan Little Demon grows up, the bloodline talent alone can quickly threaten him.

Not to mention, Tianyuan Little Demon is the only descendant of the White Elephant Demon Venerable!

Ning Changfeng and Shi Lingxi, who were beside them, also realized the truth at this time.

The faces of the three are not good.

At this moment, Chen Feng's body was suddenly thorny.

A powerful breath, firmly locked him!

"Boy, hand over your bloodline technique, otherwise, die!"

Chen Feng's heart is calling for a mastery!

The Supreme God Demonizes the Dragon Art, but the Supreme Technique!

The fragment of the first volume alone was identified as the 9th grade of Hong.

This kind of technique must not be plundered by the Chi Yan Demon Venerable!

At this moment, the situation has reached the extreme.

Can't tolerate him standing by!

Chen Feng immediately looked at the two people around him and shouted sharply.

"What are you waiting for, I am dead, and you can't live either!"

In the next moment, his cultivation base turned to the extreme, and the rays of light in the star sea world were flourishing.

"Baixiang Demon Lord, we will help you!"

The Buddha's angry eyes, lion roar, slammed!

The purple-white light burst instantly.

A giant lion with muscular knots suddenly appeared behind Chen Feng, and opened its mouth in the flames ahead.

The giant lion is carrying a Buddha, the treasure is majestic, and angry!

The two seem to come across the void.

The Buddha stretched out a finger and pointed it precisely at the center of Chiyan Demon Venerable.

At the same time, the blue storm became more intense.

The coercion of the Seventh Floor of the Immortal Realm drove away at the same time at the Red Flame Demon Venerable.

Hum!

In an instant, the light burst.

A powerful air wave is accompanied by infinite murder.

Chen Feng and the three were like dead leaves in the wind, swept away easily.

But at this moment, a warm white silver thread quietly penetrated the flames around the Chi Yan Demon Venerable.

"Too high to punish God!"

At the moment when Chi Yan Yao Zun was sealed by the Buddha, endless killing intent broke out.

boom!

The unprecedented loud sound almost shook Chen Feng himself almost fainted.

[Chapter 5413: Ancient spirits! Mo Rin fairy!](#)

However, in the loud noise, he vaguely heard the desperate roar of the incarnation of Red Flame Demon Venerable.

The endless flames suddenly dissipated into the void.

The external avatar disappeared!

A drop of blood containing endless vitality suddenly shot behind the stone gate far away!

Click!

Although the blood fell silent.

But for some reason, Chen Feng's three ears seemed to have clear voices.

That drop of blood is extremely bright and coquettish!

That is the essence and blood used by the Chiyan Demon Venerable to refine the external incarnation.

It was also the blood produced after he swallowed the blood of the White Elephant Demon Venerable!

hiss--

A very subtle, like a corrosive sound, immediately sounded.

The huge light blue seal spar suddenly "creaked" and a crack appeared.

At this moment, Chen Feng's pupils suddenly widened.

"not good!"

He immediately turned around and looked at the two people beside him.

"Run!"

Ning Changfeng and Ning Changfeng didn't suspect him at all at this moment, they turned around and followed Chen Feng's swift retreat.

Do not wait for them to withdraw how far away.

Behind him, there was a low and loud bang, and a frantic riot began.

The seal was lifted!

In the next moment, there were constant loud noises from under the feet, on the sides, and above the head.

The whole mountain finally shook suddenly!

Across the thick mountain wall, all three of them could hear the huge boulders rolling down outside the huge mountain and above the peak.

Great turbulence!

A huge creak suddenly sounded.

A huge gully was cracked in the secret road above the head!

What is even more terrifying is that the gully continues to spread, and then, there are countless huge gully criss-crossing!

Under the dense ravines, countless boulders crashed down, with great momentum!

Chen Feng frowned.

"The secret road is about to collapse, let's go out!"

Before the words fell, silver light appeared.

The broken knife shot out infinitely bright white light, and rushed toward the ravine above.

He hit the ground with one foot, struggling to move up.

Under the imperial air ban, Chen Feng relied on his recoil to constantly transform into the huge chasm of division.

Ning Changfeng and Shi Lingxi followed close behind.

Rumble!

The entire huge mountain was split in half!

The dazzling blade light immediately broke through the highest mountain.

The three filed out.

Under the feet, deep and terrifying gully appeared continuously, frantically and densely.

For a time, various loud noises reverberated in all directions.

At the same time, amidst countless vertical and horizontal gullies, light blue light began to burst out continuously!

The wind screamed again, and the whole forest was in turmoil.

Towering ancient trees are turned into powder!

The sand and rocks were picked up by the wind!

The "big day" above the head has become bleak, as if the end is coming!

In the endless light blue light, Chen Feng looked worried, and grabbed Ning Changfeng.

"Use your Illusory Sea Escape Mirror to find the Tianyuan Little Demon where they are."

Ning Changfeng said nothing, do it immediately!

The seal of the White Elephant Demon Venerable was released, and the soul of the ancient gods and the White Elephant Demon Venerable reappeared together.

It was unexpected to cause such turmoil.

Soon, the position of the Tiancun Beast Slave and others were photographed in the mirror of Huanhai Escape.

"on the other side!"

Without saying a word, Chen Feng stepped on the turbulent rocks and kept leaping forward.

"Big Brother!"

After a brief separation, everyone finally met again.

"Are you all right?"

After Fairy Yuheng finished speaking, he glanced at Shi Lingxi warily.

The moment the Sanhua contract dissipated, both her and the Heavenly Canal Beast Slave were shocked.

Fortunately, Chen Feng has always been cautious and has not been hit.

Chen Feng shook his head and turned to look at the place where the blue light burst.

boom!

The entire giant mountain finally collapsed completely!

Endless and extremely murderous, frantically raging out.

"Hahahaha...I finally got out of trouble!"

"Child Chi Yan, destroy my body and take my blood. This revenge must be paid!"

The voice of the White Elephant Demon Lord swept away the previous peace.

Instead, it is full of hideousness!

At the same time, the sound of the vicissitudes of life slowly sounded in another divine light.

"White Elephant Demon Lord, you are dead, only a ray of soul remains."

"Why obsess about revenge, and don't hesitate to deal with the only blood?"

Upon hearing this, Chen Feng's expression instantly changed.

What does it mean?

What is the White Elephant Demon Venerable still plotting!

At this moment, a message suddenly popped out of Chen Feng's mind.

Shi Lingxi's task is to prevent the resurrection of the White Elephant Demon Venerable!

Prior to this, Chen Feng did not consider this aspect.

However, when he heard the words of the Ancient God Soul and the Mo Rin Immortal, he instantly understood everything.

The White Elephant Demon Venerable is planning to take away the Tianyuan Little Demon!

He deliberately deliberately, let out the wind, just to attract everyone to this secret.

Then, help him lift the seal!

The wind roared wildly.

Everyone's hearts trembled uncontrollably.

The two gods rose into the sky, seemingly still entangled.

Then, one of them suddenly turned around and pressed down against everyone!

Chen Feng turned to look at the crowd and roared loudly.

"Yuheng, take everyone out of the secret realm!"

Before the words fell, a louder voice sounded with a strange smile.

"You human child, for the sake of you helping me unblock me, I wanted to spare your life."

"I didn't expect you to be so uninterested!"

"Hand over your bloodline technique, otherwise, die!"

The supreme coercion is overwhelming under the hurricane.

Chen Feng was firmly locked by that god, and he couldn't move even the slightest struggle!

"Chen Feng!"

"Big Brother!"

The exclamation sounded one after another.

Fairy Yuheng and the others showed fear, and Qi Qi wanted to rush to Chen Feng.

But he was stopped with a palm.

"Leave me alone, take Tianyuan Little Demon out of the secret realm!"

Never let the White Elephant Demon Venerable be resurrected!

For so many years, the soul of the White Elephant Demon Venerable has long been swallowed by revenge anger.

If he is resurrected, the world of Zhenwu will surely destroy all creatures!

"Hey....."

In the huge secret realm, Immortal Mo Rin's sigh suddenly sounded again.

In the next instant, the voice of Immortal Mo Rin suddenly appeared in Chen Feng's mind.

"Junior, your body and blood are very special."

"If you can trust me, use my physical body to defeat the White Elephant Demon Venerable."

Immortal Mo Rin's voice was peaceful and right in his words.

No low-pitched intention to please, and no self-conceited arrogance.

Chen Feng instinctively trusted it.

"it is good!"

He nodded vigorously.

The next moment, another divine light also rushed over.

Even faster than the White Elephant Demon Venerable!

Submerge into Chen Feng's body instantly.

Hum!

At the next moment, Chen Feng only felt that his whole body was filled with an unprecedented force.

"what--"

The overpowering force raised his cultivation level almost instantly.

The second cave of the Shifang Dongtian realm!

The third cave day!

The fourth cave day!

This force was so powerful that Chen Feng only felt severe pain all over his body.

[Chapter 5414: war! White Elephant Demon Lord!](#)

I feel my body will burst at any time!

However, at this moment, the Supreme God Demonizing Dragon Art suddenly began to operate on its own.

Several bloodlines in the Dantian were unexpectedly inspired.

The almost shattered body, in an instant, seemed to flow through countless warm currents.

boom!

The next moment, Chen Feng opened his eyes sharply.

Cold light bursts!

After a full thirty-year seal, the soul strength of the ancient gods' souls and the white elephant demon venerable are far worse than before.

However, despite this, their power is far beyond what ordinary people can bear.

So Immortal Mo Rin had just taken a fancy to Chen Feng's body.

The body of the **** and demon body refiner is stronger than that of the demon god!

Just as he melted into his body, Chen Feng's calm explanation sounded in his mind.

"Back then, the White Elephant Demon Venerable tried hard to devour me."

"If it weren't for Chi Yan's child who followed the follower and used a trick, perhaps I would have disappeared thirty years ago."

"That's why I have to borrow your physical body."

At the beginning, Chen Feng still had concerns.

I'm afraid that Immortal Mo Rin is like that white elephant demon, wanting to take the opportunity to take home.

Then, at this moment, his explanation made Chen Feng relieved.

Although I met Mo Rin not long ago, it can be said that they don't know each other at all.

However, Chen Feng could feel the real easy-going and closeness from his breath and voice.

He couldn't help but think of the words Shen Siqin mentioned first.

In order to live forever, the old gods chose to abandon their flesh and strengthen their spirits.

"But in the end, the physical body was gone, and the spirit still collapsed."

"But even though they collapsed, the souls of those ancient gods won't die so easily."

It is the existence like Immortal Mo Rin now.

I don't know how much power has fallen, and even requires the help of a physical body to fight the former first demon sovereign.

However, he couldn't tolerate any more thoughts at this time.

The cold eyes opened, and the light burst out.

Chen Feng's eyes have never been so sharp!

There seemed to be a blazing fire, beating in it.

Cang!

Fire is everywhere!

He could feel his dual hands up.

The figure is even more incredible!

"Your broken knife... it's kind of interesting."

Immortal Mo Rin's voice sounded.

In the next moment, in the broken knife, the soul of the knife seemed to be sensitive, and appeared on the initiative!

Between Chen Feng's "hands and gestures", Broken Knife trembled violently.

It was a thrill of excitement!

It is the long-lost desire of the soul of the knife in Broken Blade for the war!

Endless murderous, shooting out of thin air!

It seems to be to penetrate the entire huge secret realm!

The "big day" in the secret realm has completely turned blood red.

Chen Feng held a broken knife in his hand and jumped into the air!

Space prohibition, for a truly powerful person, is useless!

boom!

The gods are like white practice, carry through the day!

At the White Elephant Demon Sovereign, tearing the void away.

At this moment, the Supreme God Demonizing Dragon Art in Chen Feng's body had already reached its limit.

The big day in Xinghai Space is intensifying its eruption!

The ten big moons are accompanied by countless stars, and they complement each other.

The endless power of the stars has condensed a storm that seems to be false.

"kill!"

At this moment, I don't know whether Immortal Mo Rin was talking or Chen Feng was talking.

With this roar that shocked the heavens, the two gods fought fiercely again.

The two masters are getting stronger and stronger!

In the distance, everyone including the Tiancun Beast Slave was staring into the sky.

"The soul is silent!"

From Chen Feng's mouth, the voice of Immortal Mo Rin was heard.

With an order, the world suddenly turned into blood red!

The endless aura was madly sucked into Chen Feng's body, and finally turned into that shocking sword.

Wow--

There is no need to use too much slaying!

Just the simplest hack!

In the world, everything is falling apart!

boom!

"Sky" was severely penetrated!

boom!

The forest is screaming and breaking apart!

In the next moment, "Chen Feng" turned out of thin air in front of Bai Xiang Demon Venerable.

Both feet pierced the void and slashed severely.

The dazzling gods burst into unprecedented momentum!

Everyone had to close their eyes, and it was difficult to contain tears in their eyes.

And in this shocking slash, the White Elephant Demon Sovereign broke out an unprecedented scream.

The light on his body diminished sharply like a sudden leak.

Soon, he fell to the sixth floor of the fairyland realm.

Five floors!

White Elephant Demon Lord, defeated!

"It's impossible! Why is it so!"

No matter how messy he shouts, the battle is a foregone conclusion.

Just when Immortal Mo Rin was about to completely eliminate the White Elephant Demon Venerable, Chen Feng suddenly spoke in the spiritual world.

His movement stopped for a while.

"That's it!"

The next moment, "Chen Feng" waved his hand gently.

The Tianyuan Little Demon in the distance immediately showed his original appearance.

He flew over uncontrollably.

The White Elephant Demon Venerable saw this scene, realized something, and turned around to escape.

But where is the opportunity?

With the cooperation of Immortal Mo Rin and Chen Feng, Little Demon Tianyuan stretched out his hand and grabbed the soul of the White Elephant Demon Venerable.

"No! I am your father!"

"What did you do to him!"

In the horrified question of the White Elephant Demon Lord, Chen Feng and the Immortal Mo Rin finally separated.

A figure of a thin and thin middle-aged man appeared beside Chen Feng.

As soon as Immortal Mo Rin left his body, Chen Feng instantly lost his strength.

I had already endured a force far beyond my current strength, and then suddenly lost.

This gap made him somewhat uncomfortable.

The figure was even more staggered, and fell from the void.

Fortunately, it is not too high.

The Tianyuan Little Demon on the side suddenly shook his whole body when he had just absorbed the soul of the White Elephant Demon Venerable.

Then, in his empty eyes, there seemed to be a little ripple.

Chen Feng noticed that the seal in the Tianyuan Little Demon's divine consciousness seemed to be loosening!

After a cup of tea time.

Tianyuan Little Demon's eyes became clearer and more agile.

When the White Elephant Demon Venerable was completely absorbed, the Tianyuan Little Demon's body suddenly had some kind of shackles broken.

Hum!

An aura that didn't lose to the second cave of the Shifang Dongtian realm spouted from his body.

In the next moment, the Tianyuan Little Demon turned into a white and tender boy again.

He turned to look at Chen Feng, his lips moved slightly.

Seems to want to say something.

It seems that some spiritual consciousness has been restored!

Chen Feng finally laughed.

The people in the distance immediately gathered around.

Previously, the world was still mighty, a scene of doomsday.

Who would have thought that calm has been restored at this moment!

"Chen Feng, are you okay?"

Fairy Yuheng came to Chen Feng first, her expression full of worry.

Others may not know, but she knows very well.

Let the strong man control his physical body, which requires extremely harsh physical body and cultivation talent!

Even if it does, there will be various unpredictable consequences when it is really integrated.

[Chapter 5415: Can't return?](#)

Chen Feng shook his head and smiled.

"Don't worry, Senior Mo Rin is still merciful."

He could see that Immortal Mo Rin didn't try his best just now.

More out of the protection of his physical body.

The Immortal Mo Rin on the side was pale.

He glanced at everyone, and finally turned his gaze on Chen Feng.

The next moment, a voice sounded in his mind again.

"You are not from this world?"

Although Immortal Mo Rin's soul is half-empty and false.

However, he can still see the appearance of his sword eyebrows, star eyes, and grandeur.

Refined and strong, peaceful and decisive, these seemingly contradictory temperaments have been inexplicably integrated in him.

Hear

Chen Feng's heart was slightly shaken by his words.

However, he quickly relaxed again.

Although Immortal Mo Rin has become an ancient god, he was once an ancient **** after all!

He could see it, not surprising.

Chen Feng decided to admit it frankly.

"Yes."

"But, excuse me for the inconvenience to reveal where it came from."

Before he finished his words, Immortal Mo Rin smiled and interrupted him.

"I understand the taboo, so I asked it alone."

Immediately afterwards, he avoided the mine pool and asked some simple and answerable questions.

Chen Feng told each other truthfully.

Everyone was beside them, seeing what they were whispering, they waited patiently and wittily.

Only Shi Lingxi had a bad complexion.

Although the White Elephant Demon Venerable's resurrection is completely hopeless, her mission is considered complete.

However, she came to this real martial arts world this time mainly to get an ancient spirit!

There may be several such ancient spirits.

But after so long, they only found one.

She doesn't want to let it go!

However, with Chen Feng here, it is obvious that the ancient spirit of this Mo Rin immortal can never belong to her!

This made her very irritable.

Right now, his strength is no longer as good as Chen Feng.

And they are all together, she has only one widow.

If you really tear your face, it will definitely be yourself!

Thinking of this level, Shi Lingxi's face turned abruptly, showing a smile.

"For now, we can only continue to walk with them."

"Then, wait for an opportunity to act!"

Shi Lingxi was conspiring like this in her heart, and a touch of calculation passed through her eyes.

And this scene happened to be seen by Chen Feng.

While talking secretly with Immortal Mo Rin, he was also paying close attention to Shi Lingxi.

At this moment, the biggest problem in the entire secret realm was solved.

The only thing to watch out for is Shi Lingxi!

Seeing the subtle changes in her complexion, Chen Feng flashed a fierce heart.

Everyone was talking and laughing, and the atmosphere was very cheerful.

No one noticed the fleeting black light in Chen Feng's eyes.

Heaven and earth reincarnate in heaven and earth, quietly revolving.

A demon heart was silently implanted in the depths of Shi Lingxi's spiritual world!

"Chen Feng, thank you so much this time."

When Ning Changfeng saw that Chen Feng and Mo Rin's secret conversation had ended, he walked over with red light.

As soon as he grasped Chen Feng's hands, he was very excited.

"To tell you the truth, I have already had an experience of failed endless killing advanced battlefield mission."

"If this task is not for your help, I am afraid I will fail again."

"If I fail this time, I may not be able to survive."

Ning Changfeng admired Chen Feng from the bottom of his heart!

For him, it is as difficult as a mission.

With Chen Feng's help, it seems... quite easy?

At least there is no danger!

This is an experience he has never had before.

Seeing him react like this, everyone laughed kindly.

"Who said no."

Fairy Yuheng was also very impressed.

"I thought that the difficulty of this nightmare level, I was dead."

"Thanks to Chen Feng and Tiancan who insisted on staying with me."

Otherwise, she would not be able to complete it so smoothly alone!

Even Shi Lingxi walked over pretentiously at this moment and expressed his gratitude to Chen Feng.

Chen Feng waved his hands grandiosely.

"It's nothing, nothing."

At this moment, the Tianchou Beast Slave asked excitedly.

"Then have we basically completed the tasks now?"

"Can we return?"

In Zhenwu world, they have passed a lot of time.

Fairy Yuheng also nodded and looked at Chen Feng.

"Crazy War Lion Saint can almost solve it, right?"

"Chen Feng, let's return."

With that said, she took out the Soul Lock Youmu.

With it, it will be able to isolate all breath and return to the top of the sky smoothly.

But, surprisingly, Chen Feng smiled and shook his head.

"Try it first, and if you don't use it, can you come back."

Seeing Chen Feng's reaction, many people's faces once again showed puzzled expressions.

However, they tried immediately, shouting to the Lord of Heaven in their minds.

Apply to return to the top of the sky.

However, the "return" that I thought I would have heard did not sound this time!

Around everyone's bodies, only a light blue light diffused.

But for some reason, this cyan light seemed to be caught by a pair of invisible hands.

Harder to condense!

"How is this going?"

Everyone looked at each other with shocked faces.

Can't return to the top of the sky!

This news is for everyone

It is undoubtedly a bolt from the blue.

They immediately remembered Chen Feng's reaction and turned to look at him.

"Chen Feng, do you know what's going on?"

"Why can't we return?"

In this regard, Chen Feng was sure of a certain guess.

"I knew it would be like this."

He immediately smiled and looked at everyone.

"Don't worry, let's go back to the human monk camp first."

The team that was in a panic and turmoil unexpectedly calmed down in Chen Feng's relaxed smile.

Chen Feng's appearance greatly comforted everyone's hearts.

In everyone's mind, the same guess arose.

"Chen Feng can give such a response, presumably it is not a big problem."

However, just on their way out of the secret realm.

In another secret realm far away.

The Chiyan Demon Venerable's body was extremely solemn at this moment.

"what is this?"

It turned out that he was the culprit who prevented everyone from returning to the top of the sky!

Although the external incarnation of Chiyan Demon Venerable was defeated, it also allowed him to accurately perceive the breath of Chen Feng and others.

It can be said that the breath of Chen Feng and others was firmly locked by him from that moment!

Not one!

But, just now.

He suddenly felt that a strange breath suddenly appeared on those people.

That breath, vast and majestic!

Not all of this world!

"I have been comprehending the origins and rules of the world for a long time."

"That breath just now is definitely not in the world I live in!"

"Could it be that those people are from other worlds?"

[Chapter 5416: This is the breath of another world?](#)

Thinking of this, Chi Yan Yaozun's eyes suddenly opened.

The scorching red flames around, madly surging out hundreds of meters!

"Hahahaha..."

"The sky never stops me! The sky never stops me!"

He firmly grasped the mysterious green breath, followed the vine and traced the origin.

Just as everyone left the secret realm, Chiyan Demon Venerable's whole body trembled suddenly.

He stood up abruptly.

Excited!

"It's definitely the breath of another world!"

Chiyan Demon Venerable is the strongest in the real martial arts world!

After immersing himself in the Ninth Floor of the Immortal Realm for decades, he has already had a bit of insight.

Three thousand avenues are different.

The origin and rules of each world are unique!

Although he was only in the real martial world and had never been in contact with other worlds, he could feel the difference.

Those cyan breaths are simple and vast!

It is completely different from Zhenwu World!

At this moment, the Chiyan Demon Venerable was overjoyed and turned into anger again.

"Good, you Chen Feng!"

"One by one, you all come from outside the world!"

He hated Chen Feng almost!

The ants from outside of a world can set off stormy waves in the real martial world he dominates.

Whether it is the human monk or the monster army, it can be said that they are all played by him.

This ability is even stronger than his Red Flame Demon Venerable!

The thought of this made him very angry.

"An ant who can't even reach the Seventh Floor of the Xianyuan Realm, but has a special bloodline technique."

After Chi Yan Yao Zun became extremely angry, he calmed down again.

In his eyes, a green and cold light burst out again.

"Interesting... really interesting!"

The mighty laughter rose into the sky, and the next moment, his whole body was burning with red flames.

boom!

Within a radius of tens of miles, all the vegetation and stone forests were burned to death!

A piece of nothingness!

"I want to see how powerful your breath outside the world is."

The Chiyan Demon Venerable rose from the ground, and his huge figure instantly disappeared in place.

Almost at the same time, thunder raged.

The world fades!

Suddenly the wind and clouds were surging, lightning and thunder rang!

In the darkness, the raging fire in the sky seemed particularly dazzling.

The Chiyan Demon Venerable stepped proudly on the void, holding only that blue breath in his hand.

There seemed to be some kind of mysterious vibration in the surrounding void.

It's like being hooked by a pair of invisible hands.

This is Chi Yan Demon Venerable's comprehension and application of the origin of Zhen Wu world!

He was very excited, his green eyes were a little hollow.

Because, at this time, he is using the origins and rules of the world to look at the world behind through this blue breath!

Just when I was about to see a beam of light!

Suddenly, a whitish breath fell quickly.

That aura is the same as the cyan aura held in Chiyan Demon Venerable's hand.

It looks only more than ten meters thick, and it hasn't caused any great momentum.

However, at the moment of falling, Chi Yan Demon Venerable suddenly felt a great threat!

"not good!"

The Chiyan Demon Sovereign made a decisive decision and instantly retracted his eyes and all his power.

He even planned to forcibly cut off the connection between those traced forces and him.

But it's still a step too late!

That seemingly ordinary blue light is incredibly fast!

Almost the moment when Chi Yan Demon Sovereign realized that something was wrong, it had arrived!

Rumbling--

The world has changed, with a radius of tens of thousands of miles, all at this moment feel a...destructive aura!

The loud noise echoed out, and it spread to almost every corner of the Zhenwu world.

The earth is shaking violently!

The sea instantly set off stormy waves!

Even the monks who were a little closer had lost all five senses!

"what happened?"

At this moment, countless human monks and demon great powers all looked in the same direction.

Among them, Chen Feng and others have just emerged from the underground secret.

For others, they only perceive a great turbulence in the extreme distance.

But no one can detect any special breath.

However, for Chen Feng and his party, that breath couldn't be more familiar!

"what happened?"

"Why did the Lord of Heaven suddenly fall into such a terrifying breath?"

Everyone was shocked!

They know how terrifying the power of heaven dominates.

That is enough to obliterate all of them!

But I have never seen this before!

Is it to wipe out the existence that shouldn't be?

For a time, everyone guessed.

But in the next moment, the vast voice of the dominion of heaven rang in the mind of every immortal.

"Trial fairy Chen Feng, warn once, not as an example!"

Before the voice fell, the breath disappeared again.

As if never appeared before.

"what happened?"

"Why should you warn Chen Feng?"

"Brother, what did you do?"

Everyone looked blank and looked at Chen Feng together.

Chen Feng couldn't laugh or cry.

But now,

There is no need to hide many things.

Just now, when the warning from the Lord of Heaven came down, that terrifying aura locked him.

For a moment, Chen Feng couldn't help feeling frightened.

Even worried that he would be directly obliterated by using Heaven's Domination in this way.

Ok!

Chen Feng looked at everyone.

"We just couldn't return. Actually, the Red Flame Demon Venerable locked our breath."

Fairy Yuheng suddenly remembered.

"So you deliberately didn't use Soul Locking Youmu to hide your breath, just just now?"

Chen Feng nodded.

"I deliberately let Chi Yan Demon Venerable discover that power."

With just a word fluttering, everyone suddenly realized.

Immediately afterwards, his face was full of surprise.

"You are crazy!"

At this moment, everyone finally understood why the Lord of Heaven would warn him.

Chen Feng is too bold!

Even the Lord of Heaven was counted by him!

However, this is only the first shock.

They quickly reacted to something, all eyes opened like copper bells.

"So, from the very beginning, your goal was not the mad war lion saint at all."

"It's... Chi Yan Demon Venerable?"

That strength exceeded them by several great realms, and their Chiyan Demon Venerable could easily be crushed to death with one finger!

Chen Feng smiled and tacitly agreed.

Everyone had no idea how to express their horror.

They looked at Chen Feng's eyes as if they were looking at a madman.

However, at this moment, a voice broke the horror.

"But, even right now, the Red Flame Demon Venerable is seriously injured."

"We still can't hurt him, can we?"

After all, that is the powerhouse of the Ninth Floor of the Xianyuanjing!

The first person in this Zhenwu world!

In response, Chen Feng just smiled and said nothing.

However, everyone is very familiar with him.

When he saw this expression on him, everyone immediately realized it.

Chen Feng definitely has plans!

[Chapter 5417: Chiyan Demon Lord, is coming soon!](#)

For a time, everyone felt extremely complicated.

Things have already developed to this point, and the Lord of Heaven has also warned.

Its power is impossible to use again.

At this juncture, how can Chen Feng plan for follow-up?

Even Shen Siqin, who is also good at planning, has a look on his face at this moment.

But, seeing the smile on Chen Feng's face.

Obviously a confident look!

Everyone seemed to look forward to it.

They couldn't wait to know what else Chen Feng could do next.

Fairy Yuheng quickly took everyone back to the human monk camp.

Upon his return, Chen Feng took the initiative to go to the Chinese army camp.

In the camp, the horrible injuries of Changyang Zhenren had already recovered for the most part.

Only his face is still relatively decayed.

But it's still much better than before.

And this time, after Chen Feng went in, he saw that the real Chang Yang respected the old man in the toga with white beard and hair.

Seeing Chen Feng watching, the real Chang Yang smiled.

"I forgot to introduce it before. This is the first person of our human race monk."

"Shangqing Yiqimen Master, Immortal Zijin."

Chen Feng nodded, clasped his fist to the Immortal Jin.

"I have seen Immortal Zijin."

Seeing his calm reaction, the real Chang Yang laughed immediately.

"Look, I said, this kid is very clever."

"After seeing it last time, I must have guessed your identity in my heart."

Immortal Zijin also showed a smile on his face.

He looked at Chen Feng.

"Is that right?"

Chen Feng looked down and nodded.

"I have actually guessed it."

The real Chang Yang smiled and waved his hand to get him up.

"Han Yifeng caught it back?"

Hearing these words, Chen Feng's face became a little heavy.

"Report to the commander, your subordinates please!"

"When we caught up with the cold wind, he actually took advantage of the familiar terrain to plot against us."

"In order to protect himself, his subordinates killed him by mistake."

Before the immortal Zijin and the real Changyang would react, he immediately changed the conversation.

"However, tracking the cold wind this time has given us special gains."

Immediately afterwards, he selectively said everything that happened in the underground secret.

When he talked about the seal, not only the real Changyang, but also the Immortal Zijin suddenly changed color.

"Are you sure that is Immortal Mo Rin?"

Immortal Zijin spoke for the first time and asked Chen Feng.

Chen Feng did not answer directly.

Instead, he turned around and looked out of the Chinese military camp.

"Fairy Mo Rin, you can come in now."

Hearing these words, Immortal Zijin immediately walked forward several steps.

In the next instant, a half-empty figure appeared in the eyes of the three of them.

"Senior Mo Rin! It's really you!"

Immortal Zijin immediately stepped forward, looking very excited.

The demeanor of the fairy wind and the bones before was swept away!

Immortal Mo Rin with a kind smile on his face, gently waved his hand, and lifted Immortal Zijin.

"Unexpectedly, so many years have passed."

"The original yellow-haired child has now become a fairy."

Upon hearing this, Chen Feng and Chang Yang were shocked.

Unexpectedly, these Immortals Mo Rin and Immortals Zijin were actually old acquaintances!

Immortal Zijin's face was full of respect.

"In the beginning, you passed through the small town of the junior, and accidentally saved the junior's life."

"Not only that, but you have not hesitated to enlighten me, help me explain my doubts, and give me guidance."

"Junior Sansheng is fortunate to get your enlightenment and education!"

"It can be said that without you, there would be nothing for the younger generation today!"

Immortal Mo Rin smiled and waved.

"There are hundreds of juniors I have called."

"However, you alone have achieved the position of a fairy."

"No need to belittle yourself."

After a simple greeting, everyone quickly entered the topic.

Immortal Mo Rin looked at Chen Feng and consciously helped him conceal everything about the Lord of Heaven.

"What Chen Feng said earlier is indeed true."

"Moreover, the reason why I came back with them this time was also for the Red Flame Demon Venerable."

He looked serious and serious, saying every word.

"Now is the best time to besiege the Red Flame Demon Venerable!"

As soon as these words came out, the expressions of Immortal Zijin and Real Changyang changed.

"What's the answer to this?"

Immortal Mo Rin replied: "The shocking turbulence just now, presumably you are also aware of it."

"He who attacked!"

Upon hearing this heavy news, Immortal Zijin was suddenly shocked.

For the monks with low cultivation base, the turbulence had just been heard. Although the momentum was shocking, there were not many other feelings.

But for Immortal Zijin, it's completely different!

He can be said to be the second person in the entire Zhenwu world under Chi Yan Demon Venerable!

What terrifying force is needed to create such a momentum.

No one knows better than him!

At this time, Immortal Mo Rin's soul seriously told him that that power was dealing with the Red Flame Demon Lord!

What it means is so clear.

Red Flame Demon Lord, must be seriously injured at this moment!

Immortal Zijin suddenly thought of something and asked.

"I want to ask Immortal Mo Rin, what kind of power is that?"

"Why can't the juniors even feel a trace of breath?"

Immortal Mo Rin reached out and stopped the topic.

"The focus at the moment is not this."

Word by word, he conspired with the blood of the Red Flame Demon Venerable.

"...Once the bloodline is successfully upgraded, he is very likely to break through to the tenth floor of the Xianyuan Realm!"

"From then on, there will be no rivals in the entire Zhenwu world!"

Speaking of this, Immortal Mo Rin's eyes were still filled with silence.

His voice is sonorous and powerful.

"To kill, now is the best time!"

Immortal Zijin who heard this had already recovered from the previous shock.

He has thoroughly understood the meaning of Mo Rin's words.

Indeed, if you missed this opportunity now, it would be harder to get rid of him!

After all, the blood supply plan is really beyond expectation.

If he succeeds, the consequences will be disastrous!

The entire Zhenwu world will be reduced to the world of Yaozu from now on!

Terran will face an extinction!

"I understand."

Immortal Zijin shuddered, and he had already restored the appearance of the bones of the fairy wind.

He shot infinite murder in his eyes and made a decision in his heart.

"Even if we die together, I will kill him!"

At this moment, extremely strong lofty ambitions rose from the Chinese military camp.

That is a promise made by the strongest of the clan for the entire human clan!

Kill the Red Flame Demon Lord!

Even though, there will be no other immortals in this world!

At this moment, Chen Feng had a little more respect for the monks in this world.

This was also the case when the Yaozu Left Army Army attacked the camp at night.

Changyang Zhenren is willing to fight his own lives for many of his subordinates and for all beings of the human race!

[Chapter 5418: Never die!](#)

And in this real martial arts world, he is not the only one.

There is also a general like Zijin Immortal!

Believe that commanders like them are not alone!

There must be a third and a fourth person!

Before the battle with Yaozu, they took the lead!

There is awe-inspiring righteousness!

Aiming at this point, Chen Feng is also willing to help them.

He took the initiative to ask.

"All commanders and leaders are willing to fight for the lives of the human race, which is admirable."

"The subordinates are equipped with special tracking techniques and can accurately track the Chiyan Demon Venerable, where they are at this moment."

"I am willing to do my best to lead the way for you!"

Immortal Zijin was a little surprised.

He looked at the spirit of Immortal Mo Rin on the side, wanting to confirm whether this was true.

"I'm sending out my subordinates, and they have the eighth-storied building up to the fairy yuan realm."

"Never found the hiding place of the Red Flame Demon Venerable."

Immortal Zijin didn't look down on Chen Feng when he said so.

However, this is a big deal, and it is inevitable to be a little worried.

It's not a bad thing to be cautious.

He could see that Immortal Mo Rin had a good relationship with Chen Feng.

Immortal Mo Rin looked at Chen Feng with a small smile on his face and nodded.

"Don't worry about this, he does have some tricks."

The real Chang Yang on the side also echoed.

"It's true."

"Chen Feng mentioned to me before that he has a special tracking technique."

Seeing the two people around him affirmed this, Immortal Zijin finally showed a smile.

"it is good!"

His aura suddenly shook, and his eyes burst into a high-pitched fighting spirit.

At the next moment, a strong voice came from the Central Military Camp.

"Feng Jiuqing, you go and call my elite team immediately."

"The word goes on, we are going to siege and kill the Chiyan Demon Venerable this time, we will never die!"

"However, don't force everyone to go."

"Whoever has concerns can stay."

A middle-aged man's low voice soon came outside the Chinese military camp's account.

"Yes!"

Immortal Zijin said, and looked at the real Changyang again.

By this time, his eyes had already carried a bit of solitude.

The real Changyang can see it.

"Marshal, you and the Red Flame Demon Venerable are on par."

"Now he is seriously injured!"

"Perhaps this expedition, you can win a big victory without any effort at all!"

The real Changyang was extremely excited by his words.

It can be seen that he sincerely admires Immortal Zijin.

Heroes cherish heroes, that's probably the case.

In this regard, Immortal Zijin just smiled, patted him **** the shoulder, and said nothing.

He strode out of the Chinese military camp.

As soon as they left, the seven elites stood outside the camp.

When Immortal Zijin came out, they all knelt down on one knee and shouted in unison.

"Wish to advance and retreat with the coach! Live and die together!"

"Kill the Chiyan Demon Venerable, never die!"

Loud and neat voice, with a decisive and high-pitched aura!

Angry!

At this moment, all the human monks present were extremely moved!

The blood is burning!

The fighting spirit is boiling in the blood!

They wish they had a strong enough cultivation base to conquer the Chiyan Demon Venerable with the coach.

Tiancun Beast Slave waited for a group of people and came over.

When they watched this shocking scene, their hearts were inevitably moved.

Complicated emotions appeared on the faces of some people.

It seems that I remembered something that happened in the past.

Immortal Zijin looked at the neat seven people in front of him.

This is not only his subordinate, but besides him, the seventh of the most powerful monks in the entire human race!

Since they took refuge in him, they have thrown their heads and blood in countless years.

Always look firm and follow the immortal Zijin up to the sword mountain and down the fire!

At this moment, there were tears in his eyes.

This may be a journey with no return.

The Chiyan Demon Venerable was in retreat for so long, even if he was seriously injured, it is still not clear how much strength he still has.

But they must go!

Immortal Zijin turned to look at Chen Feng.

"Where is he now?"

Chen Feng glanced at the Tianyuan Little Demon in the team behind him, and then opened his mouth to report a position.

"It turned out to be there."

"No wonder so!"

Immortal Zijin suddenly realized that he seemed to be no stranger to that secret realm.

However, before leaving, he looked at the people behind Chen Feng.

"You want to take them there?"

Chen Feng nodded.

Just when he was about to give a reason, he saw Immortal Zijin nod slightly.

Without asking the reason, he turned sideways.

At the next moment, everyone's ears remembered a low buzzing sound.

Fairy Yuheng's face changed immediately.

At the same time, Chen Feng also showed a look of surprise and looked at Immortal Zijin.

The power of space!

Immortal Zijin actually mastered space power!

His beard was flying, his posture was upright and tough, and two piercing rays of light burst out of his slightly muddy eyes.

The aura is getting stronger and stronger!

The power of space becomes extremely strong instantly!

And the void above everyone's head suddenly appeared a huge space tunnel!

The tunnel was dark, hundreds of meters wide, and extremely stable.

I don't know how much stronger than Fairy Yuheng!

Chen Feng himself also mastered a bit of space-time power.

However, at this moment, it is even difficult for him to predict how far this space tunnel will be transmitted!

The secret realm where the Chiyan Demon Venerable is located is extremely far away.

Even if you can fly in the air, you have to sleep for days and nights to arrive.

Without waiting for him to continue to think about it, a Jinxian's voice rang in his ears.

"Get up!"

In the next moment, a strong hurricane appeared on its own.

The seven elites, Chen Feng and others were immediately lifted up by the hurricane and ascended into the high-altitude tunnel.

At the same time, the Immortal Zijin rose into the air by himself.

He rushed into the tunnel without looking back.

Everyone suddenly felt a whirl of heaven and earth, and the feeling of weightlessness came immediately.

After nearly a stick of incense, everyone saw the light again.

When you opened your eyes and looked down, everyone was shocked!

Into the eye, it was nothingness!

The land stretched for an unknown number of miles, which should have been mountains, hills, and plains, was scorched at the moment!

Razed to the ground!

Nothing grows!

But the place is supposed to be rivers, lakes and seas. At this moment, the surface of the water is all white.

No one lives anymore!

"Here...what happened..."

No matter who saw such a shocking scene, he couldn't help but breathe in the air.

Even Chen Feng and others are no exception.

They looked at Chen Feng with great understanding.

After all, this is his "great feat."

Heaven dominates that breath, the power is really shocking!

After the shock, Immortal Zijin and others immediately lifted their spirits.

He turned to look at Chen Feng, Immortal Mo Rin and others.

"Your current strength, don't follow."

"I can sense that the Red Flame Demon Venerable is far away."

[Chapter 5419: Fairy monster war!](#)

"You can just wait here."

At this moment, the immortal Zijin was very energetic and seemed quite confident about the next battle.

Chen Feng nodded without rush.

After the immortal Zijin led the seven elites to leave, the rest of the people were surprised.

Shi Lingxi asked puzzledly.

"We can't enter the core siege area, why do you seem in no rush?"

Chen Feng just smiled slightly.

Soon after, there was a loud noise from the sky far away.

Obviously, the war has begun!

But, for some reason, the loud noise soon disappeared.

They are waiting for eight hours!

Just when everyone was a little impatient, a figure suddenly came from a distance.

"someone is coming!"

Tiancun Beast Slave had sharp eyes, and immediately reminded him.

Everyone was waiting with a somewhat depressed spirit, and they immediately shook.

They all looked over.

However, the person who came back was not the Immortal Zijin.

But one of the elite!

At this moment, the middle-aged man was covered in blood, and his armor was already broken.

The breath even fell to the fifth and sixth floors of the Xianyuan Realm!

Seriously injured and dying!

He rushed to Chen Feng and the others in embarrassment, looking anxious.

Even speaking is extremely difficult.

"We...we lose both... the coach is... stalemate."

"Brothers are dead and wounded."

"There is really no other way..."

"The coach hopes...you guys will also come to support."

Chen Feng heard this elite voice.

Before, Immortal Zijin had called his name-Feng Jiuqing.

The expressions of everyone who heard this changed.

The Red Flame Demon Venerable had clearly been seriously injured by the dominion of the heavens, how could he still have such a powerful strength?

I always feel that something seems a little weird.

I still remember that before leaving, Immortal Zijin placed them in this safe area.

After all, Chen Feng's cultivation base was still too low.

When they arrive on the battlefield, they may be turned into powder by a single aftermath.

Does Immortal Zijin really want them to go?

For a moment, everyone looked at Chen Feng.

Some even moved their lips slightly, wanting to remind Chen Feng.

But what was surprising was Chen Feng's reaction.

He suddenly looked worried, and faced Feng Jiuqing without saying a word.

"Where are they?"

"Let's pass!"

It's completely serious!

Too serious, it made the group of companions who knew him feel weird behind him.

It feels more like pretending to be serious!

Does he have any plans?

Although everyone didn't understand what medicine Chen Feng was taking in the gourd, they still chose to cooperate.

Anyway, let's follow up and take a look.

Besides, if there is something weird, they are not particularly worried.

Because Chen Feng still has a big hole card——

Temporarily merged with the spirits of Immortal Mo Rin, he can gain the strength of the fourth cave of the Shifang Dongtian realm!

That is, the eight-story building in Xianyuanjing!

With this level of strength, you can basically not fear other dark hands.

At least dealing with a severely injured elite is not a problem.

As a result, several people immediately followed the elite figure and quickly rushed towards the core area.

After an hour, everyone walked along the bare, scorched earth to their destination.

The sight is devastated everywhere!

The scorched earth was pierced, and the earth was broken for hundreds of miles!

Gully!

In the air, there is still an endless smell of blood.

Several elite corpses floated in the void.

They have died in battle!

However, everyone's eyes are still open to death!

It seems that the fighting spirit can still be seen.

For the whole human race, for the common people of the world, sacrifice one's life for justice!

Even though he died nine times, he still has no regrets!

It's really moving.

However, although everything in front of us was shocking, everyone was still alert for the first time.

Obviously, the center of the war has already moved farther away.

Although the reason is unknown, it is for this reason that they have not heard the shocking noise for a long time in the safe area.

Now that the center of the war has been moved, why did the elite bring them here?

The reaction on Chen Feng's face at the moment was obviously "perceived" that something was wrong. He stopped and looked at Feng Jiuqing ahead.

"Your Excellency should be Senior Feng Jiuqing, right?"

"In the tent of the Chinese military camp, I heard Immortal Zijin called your name."

"I just don't know what seniors intend to bring us here?"

Hearing this, Feng Jiuqing, who led the way, finally stopped.

A string of gloomy and triumphant laughter reverberated under this sky.

In an instant, the yin wind began to roar.

Everyone's complexion changed immediately, and their hearts affirmed that this matter was fraudulent!

Fully run the cultivation base, they are ready to take action.

"Chen Feng, since you know that I am Feng Jiuqing, why don't you ask about it anymore."

Feng Jiuqing said, turning around slowly.

The originally sluggish and weak aura started to skyrocket!

In a short while, he recovered to the Seventh Floor of the Xianyuan Realm!

It seems that although he has suffered some injuries, it is far more than serious injuries.

He turned around completely, his eyes gloomy.

The look in Chen Feng's eyes grew darker and colder.

Feng Jiuqing said every word.

"Gongye Hongyue is my apprentice."

Upon hearing this, Chen Feng immediately understood everything.

Yes.

Gongye Hongyue also mentioned his master before.

It's just that Chen Feng didn't care at all, and killed him cleanly.

"You have some tricks to find out that I killed Gongye Hongyue."

At this time, Chen Feng's complexion had returned to calm.

However, after hearing this, Feng Jiuqing laughed.

"Chen Feng, Chen Feng, you are really smart for a while and confused forever!"

He looked at Chen Feng's gaze, suddenly extremely contemptuous.

"I might as well tell you now."

"Do you think you really killed him?"

"Gongye Hongyue may not have much other skills, but he has a very special life-saving technique."

"Even if you really kill him, unless the body is completely destroyed."

"Otherwise, he can be resurrected!"

Feng Jiuqing sneered again and again.

"For the sake of your commander's guidance, I can leave you a whole body."

"If you have the same ability as my disciple, after the resurrection, this hatred will be wiped out."

Speaking of this, Feng Jiuqing's conversation changed.

"Of course, if you still want to kill me afterwards, I Feng Jiuqing will fight at any time."

Then, he flipped his hand and revealed a very special double-sided axe.

Endless murderous intensities are stacked, bursting out in an instant.

His eyes are full of pride.

Chen Feng, the strength of these people, he simply has a clear view.

At this moment, although his cultivation base was damaged, it can still be said that he crushed all of them!

Chen Feng and others are dead!

The yin wind roared more and more violently.

The world dimmed.

[Chapter 5420: Then you go to die!](#)

At the moment when Feng Jiuqing was about to start, only Chen Feng suddenly spoke.

The voice was flat, but surprisingly surprised.

"That's it."

At the next moment, Chen Feng raised his eyes and met his gaze.

"I thought that you temporarily rebelled against the human race and took refuge in the Red Flame Demon Venerable."

"This deliberately led us here."

A broken knife appeared in Chen Feng's hand.

Behind him, everyone's faces were without exception, all very calm.

As if I knew it so long ago.

Even, there is no fear!

Feng Jiuqing's face suddenly became more and more ugly.

He began to feel guilty.

Do these people still have any hole cards?

"As a result, I feel relieved."

When the voice fell, Chen Feng turned to look at the spirit of Immortal Mo Rin, respectfully.

"Please also Immortal Mo Rin to help me."

Feng Jiuqing's expression suddenly changed.

The unpleasant feeling in my heart, like a light smoke.

In his mind, he quickly thought about what Chen Feng's move meant.

Immortal Mo Rin is an extremely rare ancient spirit, which is true.

However, no matter how glorious he has, it no longer exists!

Today's Mo Rin fairy is just a ray of soul!

Without a suitable physical body, no matter how powerful he is, he can't play even three points!

Feng Jiuqing looked serious, and his eyes became more cautious and serious.

"Could it be that Chen Feng wanted Immortal Mo Rin to use his physical body temporarily?"

This thought came out suddenly and was immediately rejected by him.

how is this possible?

What is Chen Feng's cultivation? How powerful is the Immortal Mo Rin!

Once merged into one, Chen Feng's body simply couldn't bear it.

It will definitely explode into blood on the spot!

However, when Feng Jiuqing breathed a sigh of relief, Immortal Mo Rin nodded slightly in front of him.

Immortal Mo Rin also turned his head and looked at Feng Jiuqing with obvious dissatisfaction.

Although the times have changed, things are different.

But facing the old gods of the past, Feng Jiuqing still subconsciously trembled.

That is an instinctive awe!

"It's better to make a quick fight and leave as soon as possible."

He thought in his heart, and took a deep breath.

When I opened my eyes again, it was Chen Feng's death!

However, just as he suddenly opened his eyes, the light in front of him suddenly shined!

The endless strong force set off a terrifying wave of air.

In an instant, that wave of air rushed towards him like a river into the sea.

Imposing like a rainbow!

The breathtaking breath has exploded wildly after the dazzling gods!

Sixth Floor in the Fairyland!

Seventh Floor in the Fairyland!

Xianyuanjing eight-story building!

"how is this possible!"

Feng Jiuqing immediately opened his eyes, completely unable to believe what he saw.

He didn't understand anyway.

"Why can you withstand the power of the ancient gods' souls!"

"How much do you cultivate!"

Feng Jiuqing, who was still sneering a while ago, roared completely frantically at this moment.

His complexion was brushed, extremely pale!

Chen Feng felt that kind of explosive power again.

This caused the blood in the body to start to boil.

The physical body experienced tearing and healing again, but the process was much smoother than before.

He clenched the broken knife in his hand tightly, his gaze was like a torch, and a terrifying cold light burst out.

Up to this moment, even if Feng Jiuqing didn't want to believe it anymore, he had to choose to believe it!

He turned around without saying a word.

However, it was too late.

With a single wave of the silver-white light, it instantly tore the void and appeared in front of Feng Jiuqing extremely quickly.

He immediately turned around, and his expression on Chen Feng suddenly changed.

He laughed, as if the person who was coldly speaking before the trial was not him at all.

"This matter may be misunderstood..."

However, neither Chen Feng nor Mo Rin gave him another chance.

Feng Jiuqing must be killed!

This person is cautious and good at dormant.

If you don't get rid of this time, there will be serious problems!

And Feng Jiuqing, who was trying to turn around, was also keenly aware of their attitude.

His heart fell.

By now, there is nothing to worry about.

In the next instant, the silver light accompanied by endless murderous aura was waved at Feng Jiuqing.

"Fairy Mo Rin, this is what you forced me!"

Feng Jiuqing's powerful breath raged out wildly.

His complexion immediately turned rosy, but his complexion looked more and more sick!

In Chen Feng's consciousness, Fairy Mo Lin's exclamation suddenly sounded.

"not good!"

The next moment, an extremely powerful aura suddenly burst out in front!

Chen Feng suddenly changed.

Unexpectedly, Feng Jiuqing would explode!

He was so decisive!

I had already seen that I would never escape today, so I planned to die together.

Be cruel to others and cruel to yourself.

Immortal Mo Rin turned around for the first time, wanting to get away from here quickly.

However, it is still a step too late!

boom!

Everyone suddenly fell into tinnitus.

Spreading blood!

The earth-shaking loud noise almost instantly tore through countless voids, causing different storms.

Chen Feng was the closest, and even if most of the impact from the self-detonation was cancelled out, it still hurt him.

For a time, the world is spinning!

Chen Feng flew out a great distance, and then opened his mouth to spit out a big mouthful of blood.

Even if he fled for the first time, most of the power of self-destruction was avoided.

However, a strong man in the Eighth Floor of the Xianyuan Realm, even though his body was injured, the power to blow up was still amazing.

In an instant, Chen Feng was seriously injured!

But that's it.

Since Feng Jiuqing blew himself up, he didn't need to kill him again.

At this moment, the sudden change occurred!

Shi Lingxi, who was standing on the side, suddenly appeared in front of Chen Feng.

She actually launched another sneak attack on Chen Feng!

For, it is the Mo Rin fairy soul in his body!

This scene happened too unexpectedly, no one reacted.

Seeing that Shi Lingxi's jade hand was about to penetrate Chen Feng's chest.

However, Chen Fengwu turned his head to meet Shi Lingxi's gaze.

In addition to blood stains, a very cold smile appeared on the corner of his mouth.

"bad!"

Shi Lingxi's heart stunned.

In the next instant, another figure suddenly rushed over from a distance.

Extremely fast!

"There is a back hand!"

Upon seeing the lightning-like figure, Shi Lingxi was shocked by Chen Feng's budget again.

It was because it was so shocking that she didn't even look at it, so she avoided it!

However, as soon as she avoided it, an expression of anger appeared on her face.

She was fooled again!

The figure that appeared was not her opponent at all.

The visitor stopped and was finally seen by everyone-the mad war lion saint!

It seemed that Chen Feng had already prepared.

"Shi Lingxi, I give you opportunities again and again, you don't cherish."

"If that's the case, then go and die!"

Chen Feng stretched out his hand to wipe the corner of his mouth, smiling again on his face.
