

## Peerless 5441

### [Chapter 5441: After so long in retreat, you should return!](#)

Plus Chen Feng who is against the sky!

For a time, many people even think.

This time the Zongmen Grand Competition, there is no need to even compare.

"Who can stop this?"

Everyone watched Chen Feng and the two leave, and they couldn't help feeling full of emotion.

The Galaxy Sword Sect, I am afraid it is about to change dramatically!

It is possible that from now on, it is possible that the number one is no longer the Sword Sect of Heavenly Power.

Rather, Tianshu Sword Sect!

After everyone left.

Murong Han had a hideous face and gritted his teeth.

He turned around and went directly to the sect hall of the Heavenly Power Sword Sect.

"metropolitan!"

On the high platform, the Sect Master of Tianquan Sword Sect is standing with his back opposite.

As soon as he heard Murong Han's voice, the stalwart figure moved slightly.

"I already know things."

The gloomy sneer slowly echoed in the spacious Zongmen Hall.

"Want to rise?"

"It depends on whether they have that fate!"

He turned sideways and looked at Murong Han.

"You go to Yan Zimo."

"I have been in retreat for so long, it's time to return."

The news of Chen Feng's digging the wall openly spread like wildfire.

Tianshu Sword Sect, after a long absence, became lively.

Que Yuanzhou and others arrived one after another.

However, not only the four of them came.

At this moment, there was a loud voice in the Zongmen Hall.

The few elders stopped at the door, and more and more disciples moved forward, staring at each other.

"Good deeds, elders."

"I want to join the Tianshu Sword Sect."

"Yes! Just as Junior Brother Sikonghao said, we are also hurt by it."

"Kaiyang Jianzong, in fact, there are such situations."

"Sword Sect of Tianji too!"

...

For a time, many other Sword Sect disciples pleaded.

And at the moment in the Zongmen Hall.

Zhong Li Yaoqin stood at the highest position of the hall, faintly looking at the familiar faces below the hall.

"Sect Master, although I have been away from Tianshu Sword Sect for a long time, I am still the elder of Tianshu Sword Sect."

"Please also take back us."

Compared with the immature voices outside the hall, the inside of the hall seemed much vicissitudes of life.

All they wore were different star robes.

Among them, there is no shortage of Elder Tianhe!

At that time, Tianshu Jianzong fell, and Zhongli Yaoqin fell silent.

Many of them left and were even dismissed.

But now, no one can stop the rise of Tianshu Sword Sect!

Some people who have left want to return.

However, the real intention they want to come back is only they know it in their hearts.

So long years have passed.

Zhong Li Yaoqin's face was indifferent, and he didn't say a word for a long time.

Not only the elders in front of me, but also the disciples outside, there must be people with different intentions.

Some of them, pretending to join, are actually embarrassing.

There are also people who just want to take advantage of the rise of the Tianshu Sword Sect and allocate more resources.

Of course, there is no shortage of people who really want to join.

At this moment, five figures came from outside the Zongmen Hall.

"Sect Master, the next sect competition, do you think this team can do it?"

Chen Feng's voice was calm and cold.

Echoing in the empty Zongmen Hall.

For a while, the elders all turned back one after another.

Even Zhong Li Yaoqin's complexion changed slightly when he saw the four people behind Chen Feng.

A look of surprise flashed in her eyes.

When the main hall was separated, she never thought that Chen Feng would be so mad.

I actually went to the major sword sects and dug some good seedlings...

Zhong Li Yaoqin's gaze swept across several people one by one.

These disciples are better than the other!

Brother Que Yuanzhou, although his cultivation is not the strongest, he is a god-level alchemist after all.

Not to mention Yin Haoran.

The entire Galaxy Sword Sect, who doesn't know the name of his sword idiot?

However, the most surprising thing is still Sikonghao.

After Yue Xinlan came back, she had already informed everything that had happened in the Forbidden Land of the Heavenly Power Sword Sect.

Zhong Li Yaoqin can think of it casually.

In the forbidden area, something happened.

Unexpectedly, the boy Li Wenxuan, who was all the rage back then, would actually fall into the hands of Chen Feng.

Only do wedding dresses!

She has many thoughts and emotions in her heart.

Looking at Chen Feng's black and white eyes, Zhong Li Yaoqin recovered.

"The Zongmen Grand Competition, if the five of you are on it, it is naturally impossible to get the bottom."

"But it's not that simple to get the top spot."

Upon hearing this, the five people including Chen Feng were shocked.

The next moment, I saw Zhongli Yaoqin speaking slowly.

"Because, what you are going to face this time, it must be the Ten Great Disciples."

As soon as this remark came out, everyone felt astonished.

Yes.

This time their Tianshu Sword Sect was full of energy, and they were determined to win first place.

The remaining four sword sects will inevitably stop them.

The top ten true disciples will all end!

Chen Feng thought of several figures he had seen before, and his brows suddenly locked.

He looked up at Zhongli Yaoqin.

"Apart from the few who I saw last time, who else is the Ten Great Disciples?"

There is no need for the Sect Master to speak in person on this question.

Several elders opened their mouths and introduced them.

The ten true disciples of the Galaxy Sword Sect, Chen Feng has seen Gu Tianke, Qiu Luolan, Xue Jingchen, Ji Lingxiao, Guang Wanluo, and Qin Baichuan who was killed by him.

"In addition, above Gu Tianke, who ranks second, there is still one person from Tianquan Sword Sect."

"This person is Yan Zimo."

As for Qin Baichuan, who ranked seventh, there are three more.

They are Xiahou Tanyu of Tianji Sword Sect, and Liu Mingyan of Tianxuan Sword Sect.

And Kaiyang Jianzong Qi Jun Hao.

"How strong are they?"

Chen Feng asked.

Yin Haoran answered the question.

"The first six cultivation bases are all above the second cave of the Shifang Cave."

"Xiahou Qinyu and Liu Mingyan both broke through to the Shifangdongtian realm not long ago."

"As for Yan Zimo, before the last retreat, he was already the second peak of the Tenfang Cave Heaven."

Upon hearing this, Chen Feng turned to ask again.

"How long has he been in retreat?"

Everyone looked at him together.

For a moment, the hall was silent, and the needle fell audibly.

Just listen to Yin Haoran's answer.

"Eighty years."

Upon hearing this, Chen Feng's heart suddenly sank.

Obviously, this Yan Zimo will definitely be his strongest opponent in the next Zongmen Grand Competition.

Not only that.

Among the four people behind him, except for Si Konghao.

The other three people couldn't fight against any of the ten true biography disciples.

It's impossible for the top ten true disciples to be in the same team.

However, it is still a great threat!

The Que Yuanzhou brothers laughed, but they were not discouraged.

"It seems that within this month, we have to improve our strength as soon as possible."

Si Konghao on the side also suddenly spoke.

"I also need to firm up my cultivation."

At the moment, his cultivation is still left by Li Wenxuan after all.

It takes a lot of running-in if you want to fully understand and use it for yourself.

[Chapter 5442: The secret realm of Dragon Tomb, the place where the Seven Treasures are left!](#)

Even Chen Feng himself felt the same at this moment.

One month, if it is long or not, it is not short.

Tianquan Jianzong will inevitably make Yan Zimo confront him.

And his current strength is still not enough!

Chen Feng suddenly raised his head and looked at Zhongli Yaoqin on the high platform.

"Excuse me, Sect Master, is there any place suitable for experience near here?"

Before Zhong Li Yaoqin could speak, Yin Haoran suddenly stepped forward.

His eyes were shining and he looked at Chen Feng.

"Have!"

"Tens of thousands of miles away, there is a secret realm of Dragon Tomb."

"Since the sword \*\*\*\* Barren Hill disappeared, I have found that new place of experience."

Hearing this place, Zhong Li Yaoqin seemed to have heard it.

She lowered her eyes to Yin Haoran, the sword idiot.

"The Dragon Tomb Secret Realm you mentioned, but one of the Seven Treasures was left behind?"

Yin Haoran nodded.

At this moment, Chen Feng's heart moved slightly.

Qibao?

I haven't heard it for a long time.

Without waiting for Chen Feng to ask, Si Konghao on the side took the lead.

"What is the Secret Realm of Dragon Tomb?"

Yin Haoran was patient, and said.

The Secret Realm of Dragon Tomb is not a real Dragon Tomb.

Just because of the rolling mountains, overlooking from the sky, like countless dragons buried here.

Therefore, it is called the Dragon Tomb.

It is located at the junction of the eastern desert continent and the vast ocean.

Rumor has it that one of the Seven Treasures was left here.

But over the years, countless monks have rushed to find them.

Without exception, they left empty-handed.

"There is another reason why it is called the Secret Realm of the Dragon Tomb and not the Dragon Tomb Mountain Range."

"It is said that every once in a while, a mysterious entrance will appear in that dense forest."

"That is the entrance to the real secret realm."

"But after entering it, very few can survive!"

"And those monks who flee alive, are silent about what is in the secret realm."

After Yin Haoran's explanation, everyone had some understanding of the secret realm of the Dragon Tomb.

Chen Feng looked a little surprised.

Just now, when several people mentioned Qibao.

The artifact fragment on his body suddenly moved.

If it weren't for this move, Chen Feng would have even forgotten its existence.

The artifact fragments have been silent for a long time!

After hearing the name of Qibao for a long time, Chen Feng once again felt intense emotions from it.

The artifact fragment is alive.

Qibao has always had a huge attraction to it!

"If you can get the Seven Treasures, maybe the fragments of the artifact can be completed."

When the time comes, his Qingqiu Broken Blade will have a chance to make it completely!

Become a peerless sword!

"Without delay, we will head to the secret realm of Dragon Tomb."

Chen Feng and the others decisively turned and left.

"and many more."

Zhong Li Yaoqin suddenly spoke and summoned them.

Chen Feng turned around.

...

After half an hour.

A flying boat with the seal of Tianshu Sword Sect passed quickly in the void.

The flying boat is completely black, which is different from the ordinary flying boats of the Galaxy Sword School.

It's faster!

This was given by Zhong Li Yaoqin before he left.

"According to the current speed, it takes less than three days to reach the Dragon Tomb Secret Realm."

The five Chen Feng stood on the deck of the flying boat.

The floating mountains, large and small, were quickly left behind.

Just when he left the Galaxy Sword Sect, an extremely aggressive murderous aura suddenly arrived!

Cut through the void and slash into the flying boat immediately!

It was actually the breath of the first cave in the Shifang Dongtian realm!

Chen Feng's expression changed dramatically.

He made a decisive decision, and his figure instantly disappeared on the deck.

As the fierce murderous aura approached, a bright white light suddenly lit up.

boom!

With a loud noise, Feizhou had to stop temporarily.

Five people came quickly.

All eyes fell on a nearby floating mountain.

Chen Feng held a broken knife and shouted awe-inspiringly.

"Sneak attack is nothing."

"Come out if you have a seed!"

He had never seen the sudden sword energy just now.

Divine consciousness suddenly spread.

The next moment, a strange figure quickly approached from the floating mountain.

The comer was murderous, and his complexion was extremely bad!

However, it was a strange face.

Moreover, she is still a beautiful woman.

It's just that all the style and style have been confined under a cloak.

Yingying's waist and slender jade legs were all covered by the mysterious iron armor.

Behind her, many followers appeared one after another.

Chen Feng and others quickly noticed.

The costumes of these followers have a family pattern printed on them.

"Chu" in the seal script!

Chu family?

He did not remember how he had offended this family in the Xuanhuang Zhongqian World.

Looking at the woman in front of him, Chen Feng quickly had a general judgment in his heart.

This woman has slender and powerful limbs, which is more straightforward and neat than ordinary women.

That sword just now is even more powerful.

Although they are just some details, they are enough to see.

This woman is brave and very strong.

However, the strength of the first hole in the Shifang Dongtian realm was still a bit short.

"Who is yours? Why do you want to kill us?"

Chen Feng was extremely alert and asked.

In Xuanhuang Zhongqian World, he seems to have never offended the Chu family.

However, after hearing Chen Feng's words, the woman looked frosty.

A pair of cold eyes burst into extreme hatred.

"Good, you Chen Feng!"

"You killed my son-in-law in the blessed land, but you don't even know me!"

As soon as this remark came out, Chen Feng suddenly remembered.

It turned out to be the daughter of the palace lord of Canghai Fudi!

After the Jade Breaking Conference, Chen Feng was once chased and killed.

When Luo Miaoyin first chased him down, there were four overseas casual practitioners beside him.

One of them is the son-in-law of Canghai Fudi, Cao Shengping!

"Oh it's you."

Chu Canglan, the daughter of Palace Lord Canghai Fudi!

Seeing Chen Feng recognized her, Chu Canglan sneered again and again.

"Don't think that you can sit back and relax in the Galaxy Sword Sect."

"Since you killed my husband, I have led my strongest and most powerful people in ambush here."

"I don't believe it, you can give up the opportunity to study in the Great Desolate Lord's Palace!"

"Sure enough, I was waiting for it!"

Chu Canglan's face was sad, and there was monstrous hatred in her eyes.

The long sword in his hand glows with a clear and dazzling spirit.

Murderous shot, soaring into the sky!

The more than ten elites behind him quickly formed a special formation.

Hum!

Only a low sound was heard, and it sounded immediately.

Countless sword qi quickly gathered on the void.

Quickly condense into a powerful sword intent!

Ten feet, one hundred feet!

In the end it formed a shining light!

"kill!"

Chu Canglan shouted angrily.

That incomparable sharp sword intent came quickly towards Chen Feng!

However, facing the murderous aura, Chen Feng was unexpectedly calm.

The next moment, the knife was lifted high.

boom!

A more dazzling light suddenly lit up between heaven and earth.

Ling Li's murderous aura quickly condensed.

In a blink of an eye, it surpassed the oncoming sword intent!

[Chapter 5443: The eight forces are besieging!](#)

In an instant, Chu Canglan's complexion changed drastically.

"how is this possible!"

She couldn't believe it.

How long has the Broken Jade Conference passed?

Why does Chen Feng in front of him have made a great breakthrough in his cultivation!

"not good!"

She frowned immediately.

Want to redeem, but it is too late.

boom!

The sword intent collided with the sword intent.

The bright white light almost instantly wiped out the sword intent.

Screams sounded one after another.

Especially Chu Canglan vomited blood and flew out.

In an instant, it was seriously injured!

The powerful waves of air are like ripples, constantly spreading outward.

Chen Feng did not intend to continue doing it.

He slowly raised his eyes, strode to Chu Canglan's face, and met her eyes.

"Cao Shengping, it's not worth your hard work for him."

"I remember him."

"He killed me just to hook up with the daughter of the master of the Galaxy Sword Sect."

"This kind of man is dead if he dies."

When Chen Feng said these words, his tone was calm and indifferent.

He was neither angry nor contemptuous of Chu Canglan, the stunning woman in front of him.

What he said is nothing but a fact.

As for how the person in front of him reacts, it has nothing to do with him.

Chu Canglan, his cultivation talent is indeed extremely high!

Even within the Galaxy Sword Sect, there might not be so many disciples stronger than her.

However, she found Chen Feng!

It can be said that Chu Canglan has lost the opportunity for revenge.

Because, from now on, Chen Feng's cultivation level will only get faster and faster.

The power gap between them will also grow wider.

Want revenge?

It's impossible!

Facing Chen Feng's calm and unwavering expression, Chu Canglan gritted her silver teeth.

The complexion changed again and again.

She clasped the long sword in her hand tightly, and her jade hand knuckles turned white because of too much force.

However, I have to say that Chen Feng's remarks just stung her deeply.

She knew exactly what kind of person Cao Shengping was.

However, she originally thought that after marriage, there would be some restraint.

Just when Chu Canglan was hesitating and didn't know whether to withdraw or not.

Chen Feng suddenly turned around.

Jian eyebrows angered, his eyes condensed with light.

Hum!

A terrible breath was released from his body.

It seems to be ready to go.

"Chen Feng, what's the matter?"

When Que Yuanzhou and the others saw him suddenly waiting, they all lifted their hearts.

All of them were full of vigilance and followed Chen Feng's gaze.

In the next moment, one flying boat after another appeared in all the floating mountains within a radius of thousands of miles.

On these flying boats, the logos of different sects are engraved.

At a glance, there are eight different forces!

Eight full flying boats!

And on each flying boat, there is a strong digital master.

They stood with solemn faces and held hands.

Without exception, all eyes fell on Chen Feng.

Those few gazes were full of viciousness and anger!

"broken!"

At the moment when he saw those signs, Chen Feng shook his heart.

The mood also sinks.

These signs are familiar to everyone.

Surprisingly it is the top eight of the nine forces in the Eastern Desolate Immortal Territory!

Giant Spirit God Sect, Burning Heaven God Sect, Heavenly Remnant God Sect, Dayan Fairy Gate, Qinghong Fairy Gate, Cangyu Fairy Gate, Beast God Sect, and the strongest Sect, Dragon Tooth Fairy Gate!

With just a glance, Chen Feng knew why they came.

Broken Jade Conference!

In the experience of the Shura realm, Chen Feng killed the six princes on his own.

At the same time, he even offended Gao Mufeng and God Beast Sect of Cangyu Immortal Sect.

It's no exaggeration to say that he is all enemies.

However, he did not expect that the eight major forces would actually appear at this time.

The eight flying boats approached quickly.

In a blink of an eye, he blocked the direction where Chen Feng wanted to leave.

Monks dressed in various sect costumes swarmed out of the flying boat.

In an instant, dozens of masters surrounded Chen Feng and others.

Among them, an old man from Longyaxianmen stepped out.

His beard and hair are all white, and his robe is embroidered with the logo of Dragon Tooth Fairy Gate.

It is the same as the logo on Yuan Changfeng's body at the time!

I saw the old man staring at Chen Feng, his muddy eyes burst into golden light!

"Humph!"

Just an angry grunt, but the void still trembles slightly.

The powerhouse of the third floor of the Shifang Dongtian realm!

The next moment, I saw him yelling.

"Good, you Chen Feng."

"Don't think that you can sit back and relax by going to the Great Desolate Lord's Palace secretly!"

"You killed our best fresh blood from Dragon Tooth Fairy!"

"I need you to pay the blood debt!"

Rolling sound waves raged with violent murderous aura.

Behind the old man, dozens of people from the eight major forces are all approaching one step.

Although they are from different forces, some even hate each other.

However, everyone recognized one thing.

That is, in any case, killing Chen Feng is the most important thing.

The eight powers, since they were able to plunder the benefits under the three top immortals such as Taiyi Immortal Gate.

It must not be good.

However, this is a coincidence.

"There are so many ways to leave the Galaxy Sword Sect."

"How do you know that I left in this direction?"

When asking questions, Chen Feng had already examined every corner of his body.

He was sure that he had never been locked in by the eight forces.

Therefore, it happened so that he was stopped on the way to leave.

In all likelihood... there is an insider!

This is what makes Chen Feng's scalp numb!

The Que Yuanzhou brothers, Yin Haoran and Si Konghao whom he recruited this time were all people he trusted.

If it were them...

However, in the next moment, the face of the eight major forces showed joking.

Seeing Chen Feng's deflated appearance, they only felt extremely happy!

"Hahaha..."

The old man at Longya Immortal Clan laughed even more.

Behind him, the elders or disciples of various immortal gates and sects all stepped forward.

"Chen Feng, Chen Feng, now, do you know how many people you have offended?"

"It's okay to tell you."

"Just now, one of you Galaxy Sword Sect has a message to us."

"Say you will go in this direction."

"I remember that person should be the elder of the Heavenly Power Sword Sect."

...

Upon hearing this, Chen Feng was speechless for a while.

For a while, he didn't even know it was fortunate that the informant was not the friends behind him.

Still should sigh the so-called "unfortunate teacher"!

However, how did the Heavenly Power Sword Sect learn about it?

The news of their secret departure was only mentioned in the sect hall of the Tianshu Sword Sect.

In the next moment, some figures appeared in Chen Feng's mind.

The elders who want to join Tianshu Sword Sect!

"This is too shameless!"

"In order to obliterate you, suppress the Tianshu Sword Sect, and actually seek skin with the tiger!"

"I think this is for fear that the eight major forces will not stop the rise of the Galaxy Sword Sect!"

[Chapter 5444: Who dares to move my Heavenly Scroll Sword Sect!](#)

The Que Yuanzhou brothers were filled with indignation.

Even Yin Haoran, who only had kendo in his heart, was quite angry at this moment.

Faced with the boundless anger of Chen Feng and the five people, the people of the eight powers only felt extremely happy.

I saw the strongest old man with white hair and beard stepping forward.

His mouth was extremely majestic.

"If you hand over the major repair Luohong furnace now, kneel down and kowtow, and you will abandon your cultivation."

"I can call the shots and leave you a whole body."

"Otherwise, if you just kill my disciple, I will smash you into pieces!"

As soon as this remark came out, Chen Feng suddenly understood.

The old man in front of him should be Yuan Changfeng's master.

Yuan Changfeng has a decisive right to speak among the six princes.

And his master, among the eight major forces sent this time, is the same.

No one dared to say no to what the old man said!

Even when they heard about the great Xiu Luo Honglu, their eyes were all hot.

Obviously, this was also leaked by the people of the Heavenly Power Sword Sect!

It's shameful!

Chen Feng laughed furiously.

"If you want to kill me, aren't you afraid that the Great Desolate Lord will sin against you?"

After the Broken Jade Conference, Zhai Changzun, the \*\*\*\* of desolation, once spoke.

If anyone dares to move him, he is going to be right with the great deserter!

The representatives of the eight major forces at the moment are besieging them so brazenly.

It was beyond the expectations of Chen Feng and others.

However, as soon as these words came out, everyone in front of them couldn't help laughing.

They seem to have heard some joke.

Looking at Chen Feng, he was even more condescending and full of contempt.

As if looking at a trivial ant!

"Chen Feng, you don't really think that you can sit back and relax with the words of the great deserter?"

"If you want to die, there are more means."

Behind the old man of Longya Immortal Gate, another middle-aged man came forward.

The man has gray hair and wears the clothes of Dayan Immortal Gate.

But, the most worrying thing is his breath!

It is also the third cave of the Shifang Dongtian realm!

Only a little weaker than the elder of the Dragon Tooth Fairy Clan.

And the dozens of powerhouses in front of them are the weakest, and there is also the first hole of the Ten Fang Dongtian realm.

Even if Chen Feng could be one enemy ten, there is still a Sikonghao beside him.

But the other three have never broken through the Shifang Dongtian realm.

In the face of their rivals, they are absolutely helpless.

That is, when looking at Que Yuanzhou and the others, Chen Feng was blessed to his heart.

He suddenly guessed something.

Sure enough, the old man laughed.

"I heard that you are a person of love and justice."

"At the Broken Jade Conference, we all saw your concern for your companions."

The middle-aged man beside him smiled and took the conversation.

"The Great Desert Lord won't let us kill you."

"But I didn't say not to let us kill the people around you."

As soon as these words came out, Chen Feng's heart ignited raging in an instant.

What he hates most in this life is such a villain!

Threaten the lives of relatives and friends to force him to judge himself!

What a good calculation!

However, at this moment, the four people behind Chen Feng were even more angry.

There is no doubt that the four of them have completely become a drag on Chen Feng at this moment!

If Chen Feng left on his own this time, the people of the eight major forces could not help him!

"Brother Chen Feng, leave us alone."

"Neither the Tianshu Sword Sect nor the Galaxy Sword Sect, we can never live without you."

Brothers Que Yuanzhou and Chen Feng participated in the Jade Breaking Conference together.

They know better than Sikonghao and Yin Haoran, these people in front of them have grabbed Chen Feng's door!

Chen Feng, never be merciful to the enemy, but decisive.

But, for friends, love and justice!

If the eight major forces really use their lives as a threat, they force Chen Feng to dictate himself.

Brother Que Yuanzhou glanced at each other in a tacit understanding.

Then, Qi Qi looked at the people from all directions in front.

"Even if we die, we will never let you succeed!"

Yin Haoran on the side also took a step forward to show his determination.

Although he is cold and withdrawn, he only has Kendo.

The friendship with Chen Feng is far worse than Que Yuanzhou and Que Yuanyi.

However, how Chen Feng treated his relatives and friends, he also watched silently.

Not only that, he was still shameful for the Galaxy Sword Sect at the Jade Broken Conference.

This time, he actively invited him to join Tianshu Sword Sect.

No matter how obsessed Yin Haoran was, it was enough to see Chen Feng's true temperament.

This person is worthy of deep friendship!

And Si Konghao, who stood by Chen Feng, was even more angry!

He smiled coldly, flipped his hand to take out the immortal seal of Tianquan Town, angered.

"Want to use me as a threat?"

"Also see if you have this ability!"

Hum!

So proud!

Brilliant brilliance shone on him.

Extremely dazzling!

The breath of the third cave in the Shifang Dongtian realm was approaching the front.

However, the expressions of the eight major forces changed.

However, that's all.

The old man of the Dragon Tooth Fairy Clan, with his long white beard twisted, his cold eyes burst into light.

He sneered and smacked his tongue.

"Tsk tsk... It's so brotherly."

In the next moment, Qi Qi exploded with tremendous pressure on dozens of people.

The supreme breath suddenly resembled a scourge of beasts, and like a mountain whistling a tsunami.

Overwhelmingly, coming in mighty!

The world suddenly changed color.

The squally wind whistled in place, like a knife cutting.

What a terrifying look that destroys the world!

They laughed, almost foreseeing what would happen next.

However, at this moment.

A sneer penetrated through the hurricane and clearly passed into everyone's ears.

"You guys are too arrogant."

"Dare to besiege us outside the Galaxy Sword Sect."

"Do you really think I have no one in the Galaxy Sword School!"

Chen Feng said with a gloomy expression.

Many people burst out laughing.

"Your Galaxy Sword Sect is at the end of the nine forces."

"What if I look down on you?"

The old man narrowed his eyes proudly.

He walked into the air towards Chen Feng.

"Why, do you want to move rescue soldiers?"

"But today, even if your doorman received the news."

"By the time you arrive, you are already dead!"

Before he finished his words, his dry hands condensed into claws in an instant.

At the side of Que Yuanzhou and others, quickly approaching!

Chen Feng sneered.

"Oh? Really?"

As soon as this remark came out, the old man and the others suddenly felt bad.

But, do not wait for them to respond.

Chen Feng raised his hand high.

The next moment, an extremely dazzling signal was sent out.

boom!

Above the extremely high sky, a special logo suddenly lit up.

It is not a sign of the Galaxy Sword School.

Rather, Tianshu Sword Sect!

This is exactly what Zhongli Yaoqin gave to them before they left.

The huge firework signal burst.

The complexions of dozens of strong men immediately turned cold.

But, immediately and extremely contemptuous.

They all showed off their magical instruments and surrounded Chen Feng's five people.

"It's you who found your own way."

"Hurry up and die!"

"Don't talk nonsense, do it now!"

At this moment, an angry voice came from afar.

[Chapter 5445: The strength of Zhongli Yaoqin!](#)

"Let me see who dares to move my Tianshu Sword Sect!"

The voice was as clear as the orchid in the empty valley, but it had an extremely harsh aura.

Dozens of people from all directions trembled fiercely in their hearts.

That sound went straight into the heart.

In an instant, it was life and life that crashed into the spiritual world of everyone.

It made their souls tremble.

The old man and the middle-aged man are even more stagnant.

"Who!"

They raised their eyes and looked forward.

I saw a figure, flashing from a very far distance, and suddenly came to them.

The red dress is like a raging fire, and the eyebrows are like cold front.

The beautiful face of Qingcheng and the supremely powerful aura made everyone dazzled at the same time.

"metropolitan!"

"Zhongli Sect Master!"

Chen Feng and others blurted out.

His face couldn't help but a look of surprise.

Never expected that Zhong Li Yaoqin would come so fast!

Chen Feng's heart moved slightly.

"How far is Zhong Li Yaoqin's current cultivation level?"

He didn't think Zhong Li Yaoqin had such foresight.

The communication treasure given to him, although the level is extremely high!

But it is used for remote help.

In other words!

In less than two breaths!

Zhong Li Yaoqin arrived here from Tianshu Jianzong!

How far has Zhongli Yaoqin's cultivation strength reached?

Not only the eight forces, but even Chen Feng was secretly surprised.

I saw Zhongli Yaoqin slowly coming to Chen Feng's side.

She was dressed in red like a fire, but she was completely different from Fairy Yuheng.

Although the same immortal posture is peerless, there is a stronger aura in her body.

Her cold eyes seemed to penetrate everything in the world.

Can't help but be daunting!

What a beautiful woman of Zhong Tiandi!

Just after she appeared, the dozens of lights shining in front of Chen Feng's five people suddenly dimmed.

In the void, it seemed that an invisible giant net suddenly appeared.

Those lingering murderous auras were actually crushed back!

And from beginning to end, Zhong Li Yaoqin never even revealed his magical artifact.

Her whole person looks even more elegant and dusty against the backdrop of the brilliant brilliance.

As if not contaminated with the slightest earthly atmosphere.

The expressions of the eight major forces at this moment are ugly.

No one thought that the long-dead Sect Master Tianshu Sword Sect actually had such terrifying power!

Some of them even whispered.

"Didn't it mean that Tianshu Sword Sect has already fallen?"

"That was before."

"If the Heavenly Scroll Sword Sect really declines, how can the Heavenly Power Sword Sect borrow my hand."

"But isn't that due to the same sword sect?"

...

All kinds of whispers were caught by Zhong Li Yaoqin.

She snorted,

It's hard to stand up to the supreme majesty.

Then she spoke, and her voice was as clear and sweet as big beads and small beads falling on a jade plate.

But with the meaning of killing.

"Eight forces in the East Desolation, I remember."

"Today, the disciple of my Tianshu Jianzong who went out, if he hurt half of his hair."

"My Zhongli Yaoqin will destroy all of your factions!"

boom!

Such ruthless words are really shocking!

Not only the elders of the eight forces on the opposite side, they were in an uproar after hearing them.

Even Chen Feng and the other five people all showed surprise on their faces.

I was even more shocked!

Is Zhong Li Yaoqin's strength really so terrifying?

This tone is too big!

The old man of Longya Immortal Gate immediately looked solemn, and looked at Zhongli Yaoqin with a sneer.

"The generation of ignorant women dare to be so big."

"Really don't be afraid that the wind will flash your tongue!"

"You dare to slaughter my dragon tooth fairy gate?"

However, the voice did not fall.

Just heard a loud sound.

The violent power instantly condensed into a hurricane, and with the power to tear through the sky, it rushed forward like a beast.

The void collapsed in an instant!

Everyone just felt that there was a flower in front of them, and they didn't even have time to see what happened.

React even more presumptuously.

In the next moment, when they fixed their eyes again, their faces changed drastically!

I saw that the white-bearded elder of the Dragon Tooth Fairy Clan had lost his head!

He was cut into ten or eight segments.

Died on the spot!

There is no time to struggle!

"Fa... what happened?"

Both Que Yuanzhou brothers looked straight.

Just that moment, to them, it was like the world suddenly darkened.

When the light was restored again, a strong man fell.

Chen Feng stood beside Zhong Li Yaoqin.

In contrast, he felt more information.

In just a moment, a few bright sword lights suddenly formed in front of Zhong Li Yaoqin.

Those sword lights seemed to complement the stars in the world.

So it achieved such a shocking result.

"Zhong Li Yaoqin's current strength, I am afraid it has reached the Shifang Dongtian realm!"

He thought to himself.

The strongest force in the Eastern Desolation Immortal Territory is the Dragon Tooth Fairy Gate.

This is the force Yuan Changfeng once joined.

Although it can't be compared with Taiyi Immortal Gate, it also has a long heritage.

Don't say it was the Galaxy Sword Sect, even the other major forces, would never dare to offend this way.

However, the mere Tianshu Jianzong, unexpectedly two people came out!

If Chen Feng is a junior and killed his opponent in the Jade Breaking Conference, that's all.

But the one in front of him is the Sect Master of Tianshu Sword Sect!

"How dare you provoke my dragon tooth fairy door like this!"

Behind the old man, the elders of the Dragon Tooth Fairy Clan roared sadly.

Looking at Zhongli Yaoqin, he even breathed fire.

However, the voice did not end, but the brilliant glory came back.

Everyone dare to say a little more!

The eight flying boats turned and left.

Some even took out their life-saving hole cards and immediately fled away.

Today's siege of Chen Feng was ultimately to no avail!

And Chu Canglan, who was always on the sidelines, did not dare to stay any longer at this moment.

Zhong Li Yaoqin's gaze was too sharp.

Outside the Galaxy Sword Sect, there was a sudden silence.

The five Chen Feng looked at Zhongli Yaoqin, and their hearts were agitated.

Even Si Konghao's expression sank slightly.

He asked hesitantly.

"Sect Master Zhongli, would you be too arrogant if you are like this?"

However, Zhong Li Yaoqin slowly looked down.

The corners of the lips evoke a nice arc.

"What? You don't even have this kind of spirit?"

The moment she was staring at, the five people only felt that they were empowered.

Cultivating immortals is going against the sky.

If you don't even have the courage to be an enemy of the whole world, where does it come from?

Several people understand.

"You don't have to worry about me."

"This trip, all be careful."

The five Chen Feng watched Zhong Li Yaoqin take a step forward and disappear into the void.

After a long time, they set foot on the flying boat again.

This time, no one else will sneak attack halfway!

They appeared near the Dragon Tomb Secret Realm smoothly.

At the same time, on a vast ocean far away.

A mysterious figure wearing a dark black robe seemed to sense a certain breath.

[Chapter 5446: Changning Taoist is here!](#)

He looked into the Eastern Wilderness, looking towards the direction of the Dragon Tomb Secret Realm.

"Great Xiu Luohong's breath!"

"Chen Feng, you wait!"

The deep voice undulates with the billowing devil spirit!

If someone is here at this time, they will scream in surprise.

Because this person is not a person in a thousand worlds in Xuanhuang!

He came from the Shura world!

But Chen Feng knew nothing about it.

"The front is where the Dragon Tomb Secret Realm is located."

Yin Haoran stretched his finger to the stretch of mountains ahead.

It is a huge floating mountain range.

It is more vast than the Sword God Wild Hill!

However, before they approached, Chen Feng and the others were startled.

There seemed to be many flying boats nearby, rushing to the secret realm of Dragon Tomb.

When I came closer, it was full of people.

"what happened?"

Chen Feng briefly searched for the spiritual consciousness of a casual repairer who passed by, and suddenly he was suddenly surprised.

"We came by coincidence."

"Just a while ago, the secret realm of the Dragon Tomb seemed to have another strange treasure."

"Today, someone told that the entrance to the Dragon Tomb Secret Realm was opened."

Qibao in the Eastern Desolation Immortal Realm can be described as a treasure for everyone to fight for.

Chen Feng's heart beat naturally.

He is bound to win the Qibao!

"Go, go and see."

Just when they took the flying boat and quickly approached the secret realm of Dragon Tomb.

Suddenly, a murderous spirit came quietly.

"Who?"

Although that murderous aura was hidden, it still couldn't hide Chen Feng's extremely sensitive five senses.

He waved his hand, and the broken knife suddenly burst out with brilliant light.

boom!

The next moment, the air wave surged.

Such movement naturally attracted many warrior monks in the Dragon Tomb Mountain Range.

They turned sideways.

Someone immediately recognized Chen Feng.

"That's Chen Feng!"

As soon as these words came out, more monks turned their heads and looked at Chen Feng and others.

"It's really him."

"Why hasn't he gone to the Great Desert Lord's Palace?"

"I'm even more curious, why did he come here?"

"I won't come for Qibao too!"

For a time, the monks talked a lot.

Now in the Eastern Desolation Immortal Realm, who does not know Chen Feng's reputation?

At the Broken Jade Conference, he became famous in the first battle.

Very arrogant!

Even Yuan Changfeng, the strongest fresh blood of the Dragon Tooth Fairy Sect, could kill as he said.

Because of this, he was rewarded by the great deserter.

Became the only person who was personally invited by the Great Desolate Lord to the Great Desolate Lord's Palace for thousands of years.

However, someone soon reacted.

"Then Chen Feng had an utterance from the great deserter."

"If anyone dares to attack him, he is against the great deserter."

"Why would anyone do it?"

This question is also lingering in the male protagonist's mind.

He looked forward with a look of alertness on his face.

I saw a middle-aged man in a light blue Taoist robe suddenly appeared in the void.

Just now, the sneak attack came from him.

Chen Feng did not know this person.

However, he didn't know him, and it didn't mean that no one among the onlookers knew him.

Someone quickly recognized it.

"It seems to be a Taoist from Changning who initiated the attack on Chen Feng."

"Where is Taoist Changning sacred?"

"It seems that the cultivation base is equally strong."

Someone asked in the crowd.

The four people behind Chen Feng also approached.

The words of the monks in the distance naturally fell in their ears.

"Brother Chen, is this what you provoke?"

Daoist Changning in front of him had a compelling breath.

There is actually the pinnacle of the second building in the Shifangdong Heaven Realm!

Even Si Konghao was not necessarily able to resist.

Chen Feng was silent.

He has offended too many people.

I really don't know who the Taoist Changning in front of him is.

However, the monks not far away quickly answered this doubt for him.

"This should be a clone of Taoist Changning."

"The real Changning Taoist, but the person who created Guixu Sea Market by himself."

"The cultivation base is so high that I can never imagine it."

Upon hearing this, Chen Feng understood instantly.

It seemed that it was for the mysterious piece of wood that he snatched away in the heart of the ocean.

Since the mysterious piece of wood was absorbed and swallowed by him, an extra stone has appeared in Chen Feng's Star Sea World.

On the stone, there is a green seedling dripping.

The seedlings are still standing firmly between the two big days.

No matter how high the temperature is, it is difficult to burn it at all!

Although I don't know what this is and what is it useful for.

But, obviously, this thing is extraordinary.

No wonder Daoist Changning didn't hesitate to use a clone, but also came to hunt down Chen Feng.

In order to regain the mysterious piece of wood.

Taoist Changning at this time looked extremely ugly.

As these monks said, this is just a clone of him.

The real body is not even in the Eastern Desolation Immortal Territory.

He sent a clone to kill Chen Feng and regain the mysterious wooden block.

"Return my things. I will spare you not to die!"

"Otherwise, don't say it's the verbal command of the Great Desert Master."

"Even if the Great Desolate Lord is here today, I will kill you like a dog!"

Changing Taoist eyes burst out two scorching rays of light.

The surrounding void suddenly became like boiling water, extremely hot.

Before Chen Feng could speak, a painful wailing sound came from behind him.

Turning his head fiercely, he saw Yin Haoran and others, their skin as if they were branded by a branding iron.

Constantly hissing sound.

Then, it became fester!

Flesh and blood!

"What magical power is this?"

Without waiting for him to be frightened, the next moment, an incomparable scorching sensation instantly swept through his body.

Chen Feng suddenly felt that there seemed to be a special power on his surface.

It was like a tarsal maggot, and like thousands of silver needles that were burnt red.

Continue to penetrate deep into the flesh, until it pierces the innermost bone.

Severe pain overlaps with burnt rot.

What is even more frightening is that after that power penetrates into the flesh, it will spread even more.

Wherever he goes, whether it is blood or spiritual power, he will be hit hard!

The only way to resist is to resist desperately with his cultivation base.

However, if the cultivation base is consumed in this way, it can't be resisted for long.

For your companions, and for yourself.

Chen Feng immediately grasped the broken knife in his hand.

Soul Blade, now!

He gritted his teeth, ignoring the corrosive force on his body.

The two big suns in Xinghai World intersected and revolved at high speed.

The moon is bright and the stars are shining.

At the next moment, Chen Feng also exploded with the breath of the peak of the second cave of the Shifang Dongtian realm.

There was an uproar among the onlookers in the distance.

"At the Broken Jade Conference, isn't he still not breaking through?"

"How long has it passed?"

Sure enough, everyone who saw Chen Feng couldn't help but exclaim like this.

Even the avatar of Taoist Changning was extremely gloomy at this moment.

He never thought of this when he sent the clone.

Chen Feng's strength has improved too fast!

What's more, beside him, there was also a strong man in the third hole of the Ten-square Cave Sky realm.

He exclaimed coldly.

"I don't care about you making a fuss and return to the market."

[Chapter 5447: This thing turned out to be the World Origin Tree!](#)

"But, return the things to me."

Chen Feng smiled slightly without fear.

"Things have been absorbed by me."

"Even if you want to return it to you, there is no way."

Taoist Changning who heard this, his complexion suddenly became gloomy.

Knew it.....

"It seems that I can only kill you."

"Taking back what belongs to me from your body!"

Before the words fell, the monstrous breath instantly rushed towards Chen Feng.

Chen Feng turned to look at Si Konghao.

"I can handle it."

"You protect them."

The next moment, he stepped up into the air.

It actually took the initiative to meet the avatar of Changning Taoist.

The heavens and the earth changed slightly.

The clouds above his head surged quickly.

The wind swept through.

The roars of countless soldiers, war knights, and the doomsday sounded one after another.

The wind howled.

Many monks in the distance retreated again and again.

For fear of being implicated in accidentally.

boom!

The two extremely eye-catching Huaguang collided together.

An astonishing breath broke out.

The corrosion on Chen Feng's body disappeared immediately.

He is majestic, and his eyes are full of fighting spirit.

"It's just a mere clone."

"In the future, if you dare to come and kill me by yourself."

"I have no fear!"

The next moment, a black light suddenly flashed in his eyes.

Heaven and earth reincarnated in heaven and earth, and suddenly made power.

This clone of Taoist Changning came just right!

The seedling and the rocks have stayed in his star sea world for quite some time.

Chen Feng still doesn't know what it is.

In the space of heaven and earth, the third huge vertical pupil gushes out black light.

In an instant, a black magic heart formed in his pupils.

A cold light flashed in Chen Feng's eyes.

At the next moment, the black magic heart came out quietly.

Instantly implanted in the spiritual world of Taoist Changning.

However, Chen Feng never expected it!

As soon as it was implanted, Taoist Changning's complexion suddenly changed!

"what?"

Seeing Taoist Changning's reaction like this, Chen Feng was suddenly startled.

He actually noticed it!

Since Chen Feng mastered the repetitive reincarnation of heaven and earth, this was the first time anyone noticed.

And what was in front of him was just a clone of Taoist Changning.

It's so sharp!

He immediately turned the devil's heart fully.

Now that it has been discovered, it will be sooner or later that the Devil Heart is removed.

It can be said that there is only one chance!

Chen Feng's face was solemn, with a mental shock.

Asked sharply.

"Say, what is that piece of wood?"

Taoist Changning suddenly sneered.

How could he tell the truth about this kind of problem.

But, in the next instant, he reacted.

"not good!"

Chen Feng asked this on purpose!

Normally, even if the person being pressed is tight-lipped.

However, as long as you hear related questions, you will still uncontrollably pop out the answers.

And this, even if you have been wary of it, is difficult to change easily!

Taoist Changning understood everything instantly.

Chen Feng's sudden dark hand must be able to watch people's minds!

There is no need for him to speak in person.

As long as the corresponding answer flashed in his mind, Chen Feng would immediately learn it.

"Chen Feng, you are really a good method!"

Taoist Changning gritted his teeth and screamed savagely.

However, even if the truth is already known, it is of no avail.

Even if he tried not to think about it.

But as long as you think of "wood block", you hear related words.

In my mind, the truth flashed through instinctively.

Even though the answer was fleeting, Chen Feng, who had been prepared, was quickly caught!

And the moment Chen Feng learned the truth, Chen Feng's expression suddenly changed.

"One stone and one tree, that is, one world!"

Hum!

His mind suddenly exploded.

That piece of palm-sized wood is actually the seed of the World Origin Tree.

And that black stone less than a square inch in size is actually a whole small world!

"A small thousand world, has been condensed into a small thousand world stone..."

Although, in the minds of Taoist Changning, the seed of this world origin tree is not complete.

Correspondingly, that seemingly ordinary stone is not a complete little thousand world.

But so what?

It was shocking enough!

Daoist Changning saw Chen Feng react like this, his heart sank.

Obviously, even with all precautions, Chen Feng still spied his thoughts.

His face was sullen.

At the same time, violent storms in the spiritual world.

Countless mental power transformed hands, looking for the whereabouts of the devil's heart in every corner.

Seeing time is running out, Chen Feng forcibly restrained his mind.

Asked sharply again.

"What's the use of swallowing it?"

Changning Taoists hate it!

If this continues, he will not only be unable to kill Chen Feng.

On the contrary, it was like an idiot who took the initiative to tell Chen Feng the secret truth!

It must not go on like this!

Changning Taoist made a decisive decision and immediately thought of two methods.

Or, prevent Chen Feng from asking questions.

Or it will blow up.

Even if you do this, you will lose a clone.

In a short time, his body will be greatly damaged.

However, Chen Feng must not continue to let Chen Feng get the answers he wants!

Thinking of this, Daoist Changning no longer gave Chen Feng time.

A dazzling light burst out suddenly on his body.

His eyes were cold, his figure trembled, and he shouted.

Instantly waved a palm.

"not good!"

too fast!

When Chen Feng perceives the thoughts of the Taoists in Changning, it is too late.

Ling Li's palm wind hit him in a flash.

He has no time to dodge, and no time to defend.

The only thing that can be done is to kill and stop!

The broken knife soared into the sky and took the initiative to meet the palm of Taoist Changning.

At this moment, a sudden change occurred!

Taoist Changning suddenly raised his lips and sneered.

"Killing is my instinct."

"Even if you control my spiritual sense, it won't help!"

The next moment, the oncoming palm wind increased the strength several times in an instant!

At the same time, the spiritual power of Taoist Changning had accurately found the Demon Heart.

Snatch it at it.

"It's careless!"

Chen Feng only had time to have this reaction, but it was too late to resist.

"puff!"

He was born with this palm.

Immediately, the nose and mouth sprayed blood, flying out thousands of meters.

The Taoist of Changning is still hiding!

This palm actually broke the world of Dantian alive!

In turn, using Chen Feng's devilish heart is worthy of being the founder of Guixu Sea Market.

Chen Feng only felt that the spiritual world was agitated.

Even Xinghai World was once affected by a terrifying effect.

A huge crack, accompanied by a terrifying sound.

Creak echoed in the body.

"Some hole cards are already my instinctive reaction."

"No need to think about it!"

"go to hell!"

Taoist Changning laughed madly.

At this moment, Chen Feng has been hurt by him.

The next moment, he grabbed the magic heart implanted in the depths of the spiritual world.

Actually intending to pull it out!

However, at this moment, Chen Feng's pale face changed again.

[Chapter 5448: Chen Feng has grown so terrible!](#)

He was surprised to find that just when his origin was damaged.

The little sapling suddenly moved.

The tender green leaves trembled slightly.

It seems... expressing dissatisfaction?

The dew on the leaves quietly fell.

boom!

An eternal light was released instantly!

The vast and boundless world of the Star Sea was drowned by endless emerald green light!

Whether it is the sun, the moon, or the countless stars, at this moment, they are all overshadowed.

The next moment, the origin quietly recovered.

In Chen Feng's eyes, there was a huge burst of anger!

At the moment when the emerald light burst, Taoist Changning was furious.

"Damn it!"

"The World Origin Sapling has already identified him."

"If this continues, sooner or later, he will merge and help him develop into a small world!"

"At that time, this dead boy's cultivation base will go smoothly..."

Taoist Changning is really anxious.

At this time, I forgot, the devil's heart has not been removed.

All his thoughts are in Chen Feng's watch!

"It can sense the stars?"

"Other than that?"

Chen Feng was not polite, spit out a mouthful of blood, and continued to guide with a sneer.

Taoist Changning reacted again.

He stared at Chen Feng, wishing to frustrate him!

However, it must not be leaked again!

The next moment, Chen Feng's complexion changed drastically.

There was no time to react, so he immediately took out the large Xiu Luohong furnace.

Turn around and slam everyone behind him in it!

boom!

There was a loud noise that shook the Great Asura Hong Furnace crazy roar.

The clone of Taoist Changning actually blew up!

In order not to disclose more information, a clone was consumed.

Changning Taoist is really ruthless!

You know, a clone of the second hole of the Tenfang Cave Heaven Realm is very expensive.

Not only does it require a lot of blood, but it also carries a lot of souls of the deity.

Far beyond the Eastern Wilderness.

Changning Taoist's complexion was pale in an instant.

He opened his mouth and spouted crimson blood.

Even the hair was a lot grayer in an instant.

"Chen Feng!"

"How dare you hurt me so much!"

"Until I win the rest of the world's origin tree, I will personally make you unable to survive or die!"

Even though he was seriously injured, the roar of rage still shook the void.

With a radius of hundreds of miles, he could not bear the monstrous breath.

It was actually torn apart a series of spatial rifts!

Large and small, densely packed!

However, Chen Feng at this time didn't care about these at all.

He can foresee that the Changning Taoist's real body at this time must be furious.

However, since he can only meet in person, it means that the real body cannot come in a short time.

At this time, Chen Feng looked happy.

Although I didn't know all the truth from Changning Taoist.

But at least, he learned a particularly important news.

In the Star Sea World, that sapling growing on the stone can help him break through the ten-square cave.

It can interact with all the stars, sun and moon in the universe!

After the rain of blood outside dissipated, Chen Feng put away the large Xiu Luohong furnace.

At this moment, there was silence around.

Those monks who looked far away would never have thought that this would be the result.

Everyone understands the skills of Taoist Changning.

The last breath he burst out was even more frightening.

However, Chen Feng forced him to explode!

"How on earth did he... do it?"

In the crowd, a voice sounded dryly.

There are still many people who are even more attracted by Luo Honglu.

Anyone can see that this square ding is a good thing!

The clone of Taoist Changning revealed that at least the strength of the fourth cave of the Shifang Dongtian realm could erupt.

But that devastating attack could not leave any trace on this tripod!

"This is almost as good as an artifact, right?"

For a while, many people thought so in their hearts.

Everyone thought that the appearance of the Changning Taoist clone was just an episode.

No one dared to do anything to Chen Feng.

However, before they could speak, everyone was slapped in the face again.

A murderous attack quickly attacked Chen Feng.

This time, even more murderous!

"How many enemies did Chen Feng provoked?"

Many onlookers hurriedly retreated dozens of miles.

For fear of being hit by the fish!

"Who is this again?"

Si Konghao frowned and looked at Chen Feng.

"Hahaha..."

"I have to thank Changning Xiaoer for saving the old man."

"Boy, I don't need to kill you."

"As long as you hand over the knife."

An old man with a crooked nose and red face and white hair appeared with a big smile.

Behind Chen Feng, the people in Que Yuanzhou were equally dazed.

Who is this person in front of you?

They looked at Chen Feng, and their hearts trembled uncontrollably.

Just two days' work!

There are already countless people who dare to violate the Great Desolate's order and kill Chen Feng!

Now it appears one after another.

Moreover, the strength is stronger than one!

"This Chen Feng is really an enemy in the world."

Many onlookers sighed in the distance.

Chen Feng's face was extremely cold.

The person in front of him was dressed in a red robe and his complexion was vicissitudes.

He is a completely face-to-face person.

However, Chen Feng understood in his heart when he heard the other party asking for the knife.

This person must be the ancestor of the Red Eagle!

The broken knife in his hand is nothing but a reconstruction of scrap iron.

Not only is there only half of the blade, it is riddled with holes and rust.

There is no grade.

Even if someone thinks that it has a special material, they won't be enthusiastic about a magic weapon that has no grade.

What's more, at this time Chen Feng, there is a great Xiu Luohong furnace beside him.

Except the ancestor of the red eagle!

The person who once sealed the Qingqiu Heavenly Sword!

Only this person will leave the large repair Luo Hong furnace alone, and take the lead in wanting to \*\*\*\* the broken knife in Chen Feng's hand.

Because only the Red Eagle ancestor knew.

The sword soul of the Qingqiu Heavenly Sword has been turned into a sword soul, sitting in the broken sword.

Although it has no rank, its power is far better than the top treasure!

The Red Eagle ancestor was in a good mood.

His gully face was wrinkled at this time.

At this moment, Chen Feng still had a lot of blood on his body.

The clothes were ragged and looked shocking.

He lurked here early.

I wanted to serve the mobile hand, but I didn't expect someone to take the lead and do it for me.

In that case, it is better to reap the benefits of the fisherman.

The breeze gently brushed his face.

Blow away the blood from Chen Feng.

At the next moment, everyone heard a soft snort.

"Since it's here, don't leave."

"I promised Senior Nine-Tailed Sky Fox that I will avenge him."

Before he finished his words, all the monks within a radius of several hundred miles changed their complexions.

Everyone stared at Chen Feng without exception.

All faces showed surprise.

"He was seriously injured just now, how could he be able to fight again?"

"Is he just not doing his best?"

"how can that be!"

"How long has it passed since the Broken Jade Conference!"

Hum!

The dazzling brilliance made everything unbelievable and annihilated.

A supreme coercion broke out suddenly.

The audience was in an uproar!

#### [Chapter 5449: Dragon Tomb Secret Realm!](#)

"It's also the fourth cave heaven in the Shifang Dongtian realm!"

Someone in the crowd screamed out loud.

Even Yin Haoran and others' complexions changed drastically at this moment.

I saw Chen Fengmo dancing wildly, standing proudly in the void.

Suddenly opened his eyes.

Two lines of Ling Ling murderous, shot out.

Go straight to the ancestor of the red eagle.

"Old Red Eagle, you see, I dare not fight or not!"

Chen Feng shouted violently.

The sound of supreme thunder rolled out, rushing forward like a howling.

The situation changes!

A thunder slammed down.

Rumble!

The next moment, the broken knife in Chen Feng's hand flew to the sky by itself.

It started to vibrate violently.

Roar--

This place suddenly turned into an ancient battlefield stained with blood.

The roar rose to the sky, breaking through the sky!

The red eagle ancestor's laughter stopped abruptly.

Instead, it was full of fear and disbelief.

"how is this possible!"

No one could have imagined that today's Chen Feng could burst out such a terrifying cultivation base.

In fact, this cultivation is indeed not owned by Chen Feng.

That is the help of Immortal Mo Rin.

"kill!"

With the roar of Chen Feng, the ancestor of the red eagle suddenly became timid.

He was terrified!

I thought that the mantis could catch the cicada, but the oriole was behind.

Unexpectedly, Chen Feng in front of him was the oriole!

He is old.

Don't dare to fight with fate anymore, and feel lucky.

When the light blue light broke through the air, the ancestor of the red eagle instantly disappeared in place.

Flee without a fight!

While everyone was still shocked, Chen Feng did not pursue the victory.

He turned around and looked at the four companions.

"Let's go."

Before the ancestor of the red eagle can react, quickly leave here!

Yes, Chen Feng is just bluffing at this time.

During the previous battle with the Taoists of Changning, Chen Feng did not observe for a while and injured the origin.

Although, the dewdrops of the world-origin sapling quickly repaired it.

However, it is just a repair.

Chen Feng's physical body has not completely recovered to its peak state.

Later, the Changning Taoist refused to blow himself up.

Even if there is a large repair Luo Hong furnace, Chen Feng also consumes a lot of cultivation.

At this moment, Chen Feng is exhausted physically and mentally.

Even if it is the fusion of Mo Rin Immortal, it is difficult to exert the original strength of the fourth hole of the Shifang Cave.

Only in the state of heyday can he fight the red eagle ancestor.

When the ancestor of the red eagle appeared, Chen Feng made a decisive decision and quickly inquired of No. 1 Zhengpai.

Finally, the two decided to use this method.

Bluffing, bet that the Chiying ancestors are old and weak, and act fearlessly.

Don't dare to fight to the death with him!

Fortunately, they succeeded in betting.

The ancestor of the red eagle really lost his grasp of Chen Feng's true strength.

Before he could not see Chen Feng's hole cards, he decisively avoided the edge.

In this way, Chen Feng got time!

Time to leave!

This bet is actually just a stopgap measure.

So much has happened just now, and Chen Feng's reaction has repeatedly surprised people.

In many people's minds, it is actually a mess.

They lost their basic ability to judge Chen Feng.

Because of this, this strategy can be successful.

At the same time, Chen Feng's sudden "outburst" was also a violent blow to the onlookers present.

There were hundreds of people onlookers.

Among them, there may be people like the ancestor of the red eagle.

I want to have another praying mantis to catch the cicada, with the oriole behind.

Such an outbreak is also a kind of shock.

It is difficult for everyone to see his true strength!

But, anyway.

It won't take long for someone to react.

Especially the scheming person like the ancestor of the red eagle, the reaction is extremely fast.

Even if he has a hole card, Chen Feng's true strength is by no means that powerful!

Therefore, the time Chen Feng can buy is extremely limited!

"Hurry up."

He looked at Si Konghao and reminded him in a low voice.

The four of them reacted immediately.

"Are you OK?"

Si Konghao quickly asked in a low voice.

The five made a decisive decision and quickly rushed into the Dragon Tomb Mountain Range behind them.

Many monks onlookers reacted immediately.

"Chen Feng rushed into the Longzhong Mountain Range!"

"Does he want to seize the opportunity to \*\*\*\* the treasure?"

Even though, they were shocked by Chen Feng's performance just now.

The thing that can be a treasure is related to their own interests.

No one wants one of the seven treasures in the rumor to be snatched away.

"Keep up with Chen Feng!"

"Since he dared to come, maybe there is a special secret!"

All of a sudden, the onlookers responded.

Everyone scrambled to chase after the five Chen Feng.

However, Chen Feng's speed was too fast.

In a blink of an eye, the five figures disappeared from everyone's eyes.

Only then did some people react violently.

They looked at their companions around.

"I think Chen Feng may not have just gone looking for another treasure."

"No matter how you look at it, he seems to run away."

"The breath of the fourth cave in the Shifang Dongtian realm, I'm afraid it was pretended by some secret method."

Hearing someone say this, many monks suddenly realized.

"It's true."

"I'll just say how long has passed since then."

"It is shocking enough to break through four realms in such a short time."

However, everyone could not help but breathe a sigh of relief when they thought that Chen Feng might not be robbing a foreign treasure.

The eyes were wide open, and the breath of Chen Feng and others had long since disappeared.

"Then Red Eagle ancestor was deceived?"

"Only Chen Feng can do it."

The monks talked all the time and talked in full swing.

Suddenly, a familiar powerful breath quickly came from a distance.

He appeared in front of him in an instant.

"Where is that little beast!"

It was indeed the red eagle ancestor who had gone and returned.

After he escaped thousands of miles, his heart suddenly shook.

wrong!

In the count!

The ancestor of the red eagle immediately turned around and rushed back to the original place.

Sure enough, people have long since disappeared.

"hateful!"

"Well, Chen Feng, you dare to fool me!"

"I definitely want you to survive, not to die!"

The ancestor of the red eagle was furious, and at the same time he felt regretful.

He, an ancestor who has survived countless years, will be bluffed by a little boy!

This made his face burnt and embarrassed.

The huge breath spread uncontrollably.

The monks were silent and pointed in the direction where Chen Feng disappeared.

The ancestor of the red eagle looked extremely gloomy.

"If it weren't for your bluffing, the old man would really not be sure that you have exhausted your means."

"Don't let me catch you..."

The Longzhong Mountain Range stretches for thousands of miles, with ups and downs.

The lush and towering ancient trees grow wildly and straight up into the sky.

White clouds covered the entire mountain range.

From time to time, the roar of the monster beast sounded from every hidden corner.

Sound waves hit the sky!

Chen Feng and the five were in the clouds, looking down.

The vast Dragon Tomb Mountain Range is indeed shaped like several giant dragons entrenched here.

However, there is a huge peak that is separated from the mountain, which looks like a polar dragon.

It looks like the body is separated, so it is named Longzhong Mountain Range.

After getting rid of the trailing monk, the five of them gathered their breath and swooped down.

Just when he was less than a kilometer away from the ground, Chen Feng suddenly felt shocked.

The fragments of the artifact that had been silent for a long time suddenly changed!

Although it was only a slight movement, it was enough to surprise Chen Feng.

Sure enough, there are Qibao in the Dragon Tomb Mountain Range!

The artifact fragment is alive.

Once upon hearing Qibao's name, Chen Feng could feel its excitement.

And this time, the excitement is even worse!

Qibao is really attractive to it!

Not only that, but the Lingbao Gourd gifted by the Que Yuanzhou brothers also changed.

A purple-gold divine light lit up.

In the next moment, Chen Feng looked far to the southwest.

It is the location of the lost dragon head!

"Let's go over there!"

Chen Feng gave an order, and the five quickly rushed over.

The lost Longshou Peak is hundreds of miles in radius.

From a distance, although it seems that the head is separated, the appearance of the dragon head is full of evil spirits.

The angry look looks like a real dragon head at first glance.

The closer to it, the more Chen Feng can sense the connection between Qibao.

Getting stronger!

"What is this place?"

"Why do we feel comfortable all over."

The third master Jin in his arms suddenly made a sound in his mind.

Chen Feng explained quickly.

Jin Sanye became excited when he heard this.

"Look at the appearance of the dragon's mouth wide open, it must be the entrance to the Dragon Tomb Secret Realm!"

"Fast forward, old man Chiying, let's solve it."

The next moment, Jin Sanye shook his head.

He swiped his wings a few times quickly, and the golden feathers on his body flashed with golden light.

Que Yuanzhou and the others around, only felt that Chen Feng's body flashed with golden light.

Then, their eyes widened in surprise.

Chen Fengren was still in front of them, but his breath began to leave.

"how did you do that?"

They asked Chen Feng.

Chen Feng asked Jin Sanye the same.

"Hehe."

Jin Sanye smiled slyly in his mind.

"You guy's cultivation base has been improved, so don't we also follow suit."

"Look at it, this is our newly recovered ability."

Under the guidance of Jin Sanye, Chen Feng finally saw the doorway clearly.

The golden feathers still turned into crows.

But in the past, they all turned into golden crows.

Then let those golden crows scatter away with Chen Feng's breath.

In order to mislead the follower.

But now, the transformed crow not only hides itself.

There is no need to absorb Chen Feng's blood to contaminate the breath.

As the host of Jin Sanye, he can directly use it to disrupt audiovisual.

After learning of this, Chen Feng suddenly sighed in relief.

He turned around and briefly informed the four of them.

"That's great!"

Knowing that the ancestor of the red eagle was temporarily led to another place, everyone reacted exactly the same as Chen Feng.

Unanimously relieved.

"Fortunately."

"I don't know if there is danger ahead, if the road behind is also blocked, it is simply..."

"Then we don't have to think about the sect competition anymore."

Que Yuanzhou and others looked at each other and smiled.

Now, they can still tease each other.

"Okay, let's go in."

As Chen Feng said, he planned to speed up and quickly find the mysterious treasure.

Everyone nodded and quickly sank in the direction of the giant "dragon head".

Soon, he entered the dense forest.

Others may not know, but a few of them know it very well.

The Que Yuanzhou brothers once gifted Chen Feng, one of the seven treasures, the psychic gourd.

With that purple-gold psychic gourd, He Chou couldn't find the remaining treasures!

Chen Feng looked confident.

He followed the induction given by the psychic gourd and the artifact fragments, all the way forward.

But somehow, things seem to be wrong.

A whole hour passed.

At their speed, it stands to reason that the entire Dragon Head Mountain should have walked out long ago.

But they didn't!

They are still in the lush dense forest.

The surrounding environment has been changing.

Regarding the feeling of the strange treasure, it also always appeared in the front state.

But still missing the destination!

"Any problem?"

Si Konghao behind him couldn't help but ask.

Que Yuanzhou brothers responded accordingly.

"It feels like I've entered a phantom array and has been spinning around in place."

At this moment, Yin Haoran, the most silent among the crowd, suddenly spoke.

"The last time I came to experience the Longzhong Mountain Range, I heard a saying."

"The entrance to the real Dragon Tomb secret realm seems to be tested."

"I want to come now, it should be here."

Hearing this, Chen Feng stood up, his eyes drenched, and his heart moved.

The next moment, a bright white light lit up in his hand.

One palm forward, swing out at will.

Sixty to seventy percent of his power was used.

The expected loud noise did not come.

However, that dazzling palm wind suddenly appeared after himself.

Suddenly disappeared and appeared again.

The process of disappearing and reappearing is always repeated.

Everyone couldn't help but widen their eyes.

"There is a magic array here!"

There is no doubt about this.

They were trapped in a huge phantom array, spinning around here from beginning to end.

Didn't make a step forward at all!

"There are nothing more than two techniques to crack the magic array."

"One, find out the predicament and break it skillfully."

"The second is to break open."

Everyone looked around for a long time in the same place, and they never found the eyes of this phantom array!

If it hadn't been for Chen Feng's hand, they would not even notice the slightest abnormality.

Yin Haoran was silent, and suddenly took out the long sword behind him.

It seems that the second method is going to be used.

The supreme sword energy suddenly became the brightest light in the world.

Even Chen Feng and the other four had to avoid their sharp edges for the time being in the face of sword-cutting murderous intent and sword intent.

This sword broke through the sky!

In the next moment, a bad premonition quickly climbed behind everyone's heads.

"not good!"

It's too late to finish.

boom!

A loud noise followed.

That sword seemed to hit the magical array solidly.

However, it seems to be worse.

Boom!

The entire phantom array seemed to be finally aroused at this moment.

A loud noise suddenly sounded in everyone's ears.

After that, they saw the entire formation.

Big!

From afar, it's endless!

But at the same time, the magic array has also changed.

The fierce murderous aura permeated the big formation.

"Is this also one of the tests of the entrance to the secret realm?"

Que Yuanyi screamed out loud.

At this moment, the five of Chen Feng suddenly felt lingering fears.

Fortunately, Jin Sanye had led away the Red Eagle ancestor.

Otherwise, it is a dead end now.

The phantom array was not lifted, but instead activated the killing array.

There is no way to heaven, no way to earth.

Except for being destroyed, there is no other result.

"No, there is a problem here."

Si Konghao said suddenly.

He turned to look at Chen Feng and others.
