

Peerless 5491

[Chapter 5491: Today, back to the top!](#)

"This time, Tianshu Sword Sect's number one can't stop it!"

After the competition, there was almost nothing to watch.

Tianji Sword Sect and Kaiyang Sword Sect, they did not hesitate to lend the biggest hole card to Tianquan Sword Sect.

The remaining disciples in the competition are totally different from Chen Feng's generation.

Team competition, Tianshu Jianzong, four consecutive victories!

Challenge, Tianshu Jianzong, also invincible!

On the high platform, Tuoba Hongxin and the other three suzerains were already defeated.

The whole person was desperate, and there was no trace of arrogance.

Deeply meditating on this idea, it almost makes them steal the rice!

Today, of the five people, except Chen Feng, have not broken through the Shifang Dongtian realm, and the other four people are all among the top ten true disciples.

Sikonghao even broke through to the fourth cave of the Shifang Dongtian realm!

With such a talented person, Tuoba Hongxin was so regretful that he pushed his chest down!

The same is true for Sect Master Kaiyang Jianzong.

Who could have imagined that two god-level alchemists, by Chen Feng's side, could actually have this soaring talent!

When the sunset on the fifth day, the entire sky was dyed red.

The Zongmen Grand Competition of the Galaxy Sword Sect finally came to an end.

The elder judge announced loudly.

"This time the sect competition, Tianshu Jianzong, took the lead!"

In the entire martial arts venue, there were only a few stands where cheers broke out.

The other disciples wanted to cheer, but they felt it was not suitable.

However, among them, there are already quite a few people who are constantly looking at the Tianshu Sword Sect.

Chen Feng glanced across the stands.

It seems that the next Tianshu Sword Sect will usher in a new wave of blood recovery.

The glory that once dominated the Galaxy Sword Sect is finally coming back!

On the high platform, Luo Xingchen smiled and congratulated Zhongli Yaoqin.

"For so many years, you are finally willing to return."

Zhong Liyao looked calm on the piano, but his eyes flickered.

Her breathing is a bit faster than before.

Tianshu Sword Sect has really returned!

boom!

With a loud noise.

The countless people all looked towards the direction of the Tianshu Sword Sect.

Under the gaze of everyone, I saw the extremely huge floating mountain slowly rising!

A huge wave of air came from afar.

At the highest point, the upside-down waterfall of the Jiuxiao Tongtian River suddenly began to separate a stream.

The flow of the inner power of the stars has aroused thousands of splashes!

It is taking the initiative, leading the huge floating mountain slowly coming from below!

In the world, everything is eclipsed.

Only the galaxy hangs upside down, shining brightly!

I do not know how long it has been.

Only a loud dull sound was heard.

Boom!

Tianshu Sword Sect, completely returned to the highest point!

And the diverging stream of the Nine Heavens Tongtian River is also connected to the waterfall in the Tianshu Jianzong.

Chen Feng rose into the sky and rushed straight to the sky.

Behind him, countless disciples, elders and deacons of the Tianshu Sword Sect also rose up one after another.

Everyone's face is filled with excitement.

Among them, Yue Xinlan, who co-existed and died with the Tianshu Sword Sect from beginning to end, burst into tears.

too long!

They all dream of returning to this position.

Today, it is finally realized!

Chen Feng stepped into the new Tianshu Sword Sect realm.

He took a deep breath.

The strong core power of the stars rushed into his body and invaded every inch of his skin!

This is completely different from the aura concentration of the Tianshu Sword Sect in the past!

Behind him, cheers and screams soon sounded.

Chen Feng smiled.

As soon as he turned around, he was suddenly embraced by a delicate body.

It is Elder Yue Xinlan!

Yue Xinlan was extremely excited at this time.

She hugged Chen Feng tightly, trembling all over.

She has never been so gaffe since she was a child!

"Chen Feng, you did it!"

"thank you!"

In the bleakest days, any disciple could dismiss Tianshu Sword Sect.

Sister Zhongli retreats, Chen Ji is hard to heal, and there is no hope.

The people in Jianzong walked one after another!

She was angry but helpless.

Later, even she fell into despair.

I thought that Tianshu Sword Sect was probably like this.

Who could have imagined that the arrival of an unknown young man completely changed everything.

Chen Feng surprised her again and again.

If the Galaxy Sword Sect was a huge planet, then Chen Feng would be like a comet!

With an extremely dazzling light, he rushed over vigorously.

The whole planet has undergone earth-shaking changes!

Everything is developing in a good direction.

Chen Feng stood in place, smiling and letting Elder Yue Xinlan vent his emotions that had been deposited for many years.

Until there were many eyes around, the woman pulled away and left.

"Hey, kid, you really are there."

"The old man really read it right."

Elder Wu, as the named elder of Tianshu Sword Sect, naturally had to come to celebrate.

He patted Chen Feng on the shoulder, feeling quite good.

After that, it was Zhongli Yaoqin.

She stared at Chen Feng deeply, and then, unexpectedly bent over and bowed to Chen Feng!

For a time, all the cheers, joy, and excitement all fell into silence.

The most profound emotions are the most difficult to express in words.

Chen Feng stepped forward and reached out to support Zhongli Yaoqin.

"Return to the top, this is just the first step."

"Next, we still have a lot to do."

Zhong Li Yaoqin stopped talking, finally said nothing, just nodded vigorously.

However, she remembered this feeling in her heart.

Zongmen Grand Competition took the top spot, and the five Chen Feng naturally also received awards from the Galaxy Sword Sect.

It's just that these magical implements and pills are of little use to them.

The only thing that made Chen Feng quite interested.

Great achievement!

As the first person in this sect competition, Chen Feng has won a hundred thousand sects!

He immediately thought of Jiutian Tibetan Scripture Pavilion.

After so long, the secret method to inspire the blood of the gods and demons has never had time to find.

However, even with these 100,000 sect great achievements, it is still far from enough to consume the level of the sect great achievements with the nine-day Tibetan scripture pavilion.

Chen Feng sighed helplessly.

"It seems that we can only make plans after going to the Great Desolate Lord's Palace."

In the next few days, Chen Feng was not in a hurry to let Zhong Li Yaoqin leave with him.

Expected well with him.

In the past few days, there are countless disciples who want to join the Tianshu Sword Sect.

However, when I think of lessons learned from the past, this screening has become extremely strict.

In the end, Chen Feng did it himself.

Check them one by one!

At the same time, the rules regarding the disciples of the Tianshu Sword Sect were also reorganized.

"As a disciple of the Tianshu Sword Sect, you need to remember."

"For the sole purpose of practicing, you must not harm fellow sects, form parties for private gains, or kill innocent people indiscriminately..."

On this day, countless disciples filled the sect hall of Tianshu Sword Sect.

They knelt down together and made a loud promise.

From now on, stay focused on the Tao!

Never let the bad habits of the Heavenly Power Sword Sect re-enact in the Tianshu Sword Sect!

[Chapter 5492: The evil night demon is coming!](#)

So, ten days later.

Chen Feng and Zhong Li Yaoqin quietly left Tianshu Jianzong.

The two of them boarded the same flying boat, swiftly walking through the void.

For Chen Feng's obsession with letting her go, Zhong Liyaoqin's eyes were dark.

She seemed to feel something, and vaguely guessed what was written.

But, nothing said.

A few days later.

A flying boat gallops in the vast sky.

Below, there is a vast ocean with no end in sight.

Chen Feng closed his eyes and concentrated on the deck.

With Zhongli Yaoqin, he doesn't need to be cautious everywhere.

Although he is not as strong as Zhong Li Yaoqin, he can still detect a little trace.

Today's Zhongli Yaoqin has a very high cultivation base!

"It seems that with her, this journey will be much easier."

Chen Feng secretly said in his heart.

Although nearly a month has passed since the Zongmen Grand Competition, his victory in the team competition that day also cost him.

Immortal Mo Rin fell into a deep sleep!

I don't know when it will wake up.

In those two days, Immortal Mo Rin expended too much energy for the five of Chen Feng.

Had it not been for the Bihai Ziluocao, he would have been wiped out!

After the five people fully awakened, Immortal Mo Rin fell into a coma all over his body.

At this moment, he was crawling beside Bihai Ziluocao, his breath was extremely weak.

The last branch lightly brushed on him, continuously inputting aura for him.

Looking at the sleeping fairy Mo Rin, Chen Feng gave the highest respect.

If he hadn't been generous to help, he wouldn't have been today!

Tianshu Sword Sect may not get the first place, and therefore lost the opportunity to return to the top.

If Zhong Li Yaoqin doesn't leave with him because of this, Chen Feng will be completely wiped out by the dominion of heaven as soon as half a year arrives!

Such kindness will be remembered by Chen Feng!

The wind was howling.

On the flying boat, it was extremely quiet.

Zhong Li Yaoqin changed into a red dress and looked forward, without any emotion on his face.

The boundless world, below is the ever-changing scenery.

The ears are the wind of hunting.

The Great Desolate Lord's Palace is tens of thousands of miles away from the Galaxy Sword Sect!

It takes a long time to just use the flying boat.

Zhong Li Yaoqin suddenly retracted his gaze and turned to look at Chen Feng.

"How did you do it in the team game that day?"

She asked out after all.

If it is said that Chen Feng alone wakes up early, it may be called an extraordinary gift.

Although it is extraordinarily unbelievable, because it is him, it seems that it can be accepted by everyone.

However, five people in a row awakened one after another, so some other means must be used.

Especially the talents of Que Yuanzhou and others, many people are aware of.

In the Galaxy Sword Sect, although they can be said to be quite talented, they are far from the level of heaven-defying!

This point, in the Galaxy Sword, any elder or sect master with sufficient strength can react.

It could only be Chen Feng, the first to wake up, what did he do!

Zhong Li Yaoqin thought for a long time, but finally did not hold back.

She wanted to know what the truth was.

If it can be done in the same way, can more powerful people be born?

Tianshu Sword Sect is in the new stage and urgently needs a large number of powerful disciples to maintain the dignity of Sword Sect.

Deep meditation is an excellent way.

Because of this, the formation used to conspiracy against Chen Feng's five people in the past is still retained.

That complex of houses has now been transformed into a retreat for all the disciples.

But if the time for deep meditation can be greatly shortened.

Just like Que Yuanzhou and the others, that soon, the disciples of the Galaxy Sword Sect would no longer dare to look down on them!

However, Chen Feng just laughed and said nothing.

He did not intend to tell the traces of Immortal Mo Rin.

Moreover, to do that, you need to master the power of time.

If Tianshu Sword Sect wants to become stronger, he still has to fight steadily, step by step.

Seeing Chen Feng had no intention of telling him, Zhong Li Yaoqin did not force it.

She changed the subject instead.

"After the four of them meditated, their cultivation levels all skyrocketed."

"Why don't you?"

Today Chen Feng has stayed in the twelfth floor of the Star Soul Martial God Realm for a long time.

Absorbed a lot of Longyuan, repaired the Qingqiu Heavenly Sword.

Now he has completed a round of deep meditation.

He still stayed at the peak of the twelfth floor of the Star Soul Martial God Realm.

Zhong Li Yaoqin's eyes were puzzled.

Upon hearing this, Chen Feng smiled.

"My physique is a little special, it is not convenient to break through in crowded places."

This is the truth.

When he broke through the tenth floor of the Star Soul Martial God Realm, three sky thunders had already appeared.

Since then, he has realized.

His own Thunder Tribulation is completely different from ordinary monks!

Not only is the momentum greater, but the turbulence is also destined to be more terrifying.

During this trip, he had planned to make a breakthrough on the way.

It's safe to have Zhongli Yaoqin guarding the law.

Zhong Li Yaoqin wanted to say something. Suddenly, her complexion changed abruptly, a pair of beautiful eyes suddenly directed towards the front, bursting out endless light.

"Who is hiding here!"

With a stern shout, she burst out with a strong sword light, dazzling.

In an instant, above the clouds not far away, there was a muffled hum.

Chen Feng immediately shrank his pupils.

What a strong concealment!

Had it not been for Zhong Li Yaoqin's sudden move, he hadn't even noticed an ambush!

However, when he saw the appearance of the ambusher clearly, the flying boat stopped instantly.

Zhongli Yaoqin and Chen Feng were shocked at the same time.

The one who stopped the way was actually a demon!

The man was three meters long, and he was covered by a special black robe.

He has blue fangs and horns on top of his head, and his whole body is constantly erupting with billowing magic energy.

The powerful breath is approaching Chen Feng!

There is actually the fifth cave in the Shifang Dongtian realm!

In an instant, Chen Feng only felt like a mountain topping, his bones crackling with a series of explosions.

The muscles were tight, he gritted his teeth and kept still!

Failing to complete the dismounting power, the demon sovereign seemed quite dissatisfied.

His eyes with big copper bells stared at Chen Feng.

He opened his mouth, and the twisted tongue swiftly flung it like a snake.

That Demon Venerable is indeed the Sha Ye Demon Venerable from the Shura Realm!

He passed through the gap in space and finally came to the world of Xuanhuang Zhongqian.

"Finally found you!"

"Hand over the treasures of my Asura world!"

Sha Ye Mozun coldly said cruel words, but his body was extremely alert to the woman beside him.

He could hardly feel the cultivation strength of the woman in the red dress.

This shows that with his strength, he can be crushed to death at will!

Venerable Sha Ye Mo couldn't help cursing inwardly.

But, on the surface, he sneered.

"I came from afar, thinking what kind of character you are."

"Unexpectedly, you are actually a trash hiding behind a woman and dare not put a fart!"

Hearing this, Chen Feng looked down at Zhongli Yaoqin.

"you go first."

Zhong Li Yaoqin looked at him and suddenly realized Chen Feng's plan.

[Chapter 5493: Golden Thunder Tribulation!](#)

She nodded, and took Feizhou away directly.

Chen Feng turned his head and met the gaze of Sha Ye Mozun.

"as you wish."

The next moment, he stepped on the void.

Every step closer, the momentum skyrocketed by one point!

The bright light gradually became scorching and dazzling, and finally turned into a beam of light soaring into the sky.

Boom!

Between the world, the color suddenly changed!

Chen Feng is finally about to break through the Shifang Cave Heaven Realm!

Suddenly the ink cloud rolled over the blue clear sky.

Within tens of miles, it quickly became gloomy.

The violent wind began to roar and roar, almost blowing away the billowing demon energy from the whole body of the evil night demon.

At this moment, the Star Sea World in Chen Feng's body began to run wildly.

The power of the bright stars is constantly making waves.

He focused his gaze, controlled all his power, and tried to project a star in the star sea world into the universe.

Boom!

The thundercloud above his head has been suppressed in darkness.

Among them, thunder is constantly surging.

Sha Ye Mozun was shocked and angry.

He never expected that Chen Feng would look down on him so much!

For ordinary people to break through, they need to find a place where there is no one, and it is best to have a strong guardian.

"Since you are so anxious to find death, then I'm not welcome!"

Before the words fell, the breath of the fifth cave sky of the ten square cave sky burst out.

The endless devilish energy rushed straight ahead.

A hundred miles away, Zhong Li Yaoqin looked at the black sky and the earth from a distance, his face couldn't help but feel a little more worried.

Is Chen Feng really okay?

At this moment, only a loud bang was heard.

A thick sky thunder suddenly fell!

Lei Jie was caught off guard and started!

There is no warning.

What is shocking is that Chen Feng's sky thunder is not red.

Rather, completely pure gold!

"this is....."

Venerable Sha Ye Mo suddenly noticed something bad in his heart.

He always felt that if he did not escape at this time, it might be dangerous.

But when he thought of the Black Wisp Giant Flame Demon's command, Sha Ye Mozun didn't dare not follow it.

Finally, he gritted his teeth.

"Isn't it just a thunder calamity in the ten-square cave world."

"I can still be afraid that it won't happen!"

The next moment, he exploded with a strong breath again, and went straight to Chen Feng.

At this moment, Chen Feng suddenly burst into a very powerful light.

The strong power of the stars rushes straight into the sky!

Actually penetrated thundercloud!

Shengsheng hacked back the first sky thunder that fell!

boom!

With a loud noise, the void was almost torn apart by the tyrannical breath.

Chen Feng seemed to be crazy, and laughed wildly.

He looked up at the end of the beam of light.

"It turns out that this is the power of real stars!"

Accumulate thinly, and what you get is a matter of course!

The projection of the first star was actually effortless for Chen Feng.

At this moment, Chen Feng felt the real transformation!

He seemed to be able to see that a certain star in the depths of the universe was completely fused with the star in his body.

Between the gestures, the star burst into bright light.

Endless star power, automatically gushing out of the star sea world, for his use!

In an instant, Chen Feng felt the inexhaustible and inexhaustible power of the stars!

He is so unhappy!

Waving his hand, he directly projected five stars into the depths of the universe.

Leiyun pressed him down again.

For a time, the golden snake danced wildly.

Click — —

The dim sky seemed to be cut through by those lightning bolts.

The lightning crackled, and the second huge pillar of thunder crashed down!

This golden thunder is a hundred meters in diameter!

It slashed towards Chen Feng.

The aura that it exploded has already far surpassed the first cave of the Shifang Dongtian realm!

"how can that be!"

The face of Sha Ye Mozun suddenly changed.

He had never seen the thunder tribulation that broke through the ten-square cave sky, unexpectedly there would be power above the fifth cave sky!

This thunder struck down, even he could not bear it!

Chen Feng will definitely die!

At this moment, Sha Ye Mozun immediately withdrew.

He turned around to flee.

Throughout the ages, only those with extremely terrifying talents have made Tianlei different.

What's more, this golden thunder.

Never heard of it!

"Want to run?"

While Chen Feng was projecting the stars, he still had enough energy to stare at the Lord of the Night Demon.

The terrifying sky thunder above his head is about to fall.

He didn't care about it and rushed over!

In the Star Sea World, two rounds of big sun bursts out of great light.

At the same time, ten rounds of bright moon burst out with powerful star power.

The golden thunder and lightning fell straight into it, and it was absorbed like a sea of rivers!

The next moment, he came straight at the evil night demon.

"what happened?"

Sha Ye Mozun immediately screamed.

He made a decisive decision and pulled out a scroll.

boom!

With a loud noise, only rolling demon energy remained in place.

Hundreds of miles away, Sha Ye Mo Zun appeared embarrassed.

I thought it would be easy to recover the treasures of the Shura world this time.

But reality slapped him in the face!

Chen Feng is a lunatic!

One, a madman with terrifying talent!

When he came up, he wasted the teleporting scroll.

Just then, the surrounding void was constantly being torn apart, and it was impossible to escape far away just by self-cultivation.

But the task was not completed, he was unwilling to leave.

At this moment, above Chen Feng's head, there was a loud noise again.

The third thunder and lightning followed closely, and fell fiercely!

Between heaven and earth, blood is pouring down!

Ink color and gold color complement each other.

This terrifying thunder and lightning is more powerful than the previous two.

The yin wind and rage scream, like a powerful creature coming from eternity, penetrating the void.

The screams and anger are endless!

Boom!

The third sky thunder fell like a thunder pond, directly obliterating Chen Feng.

The bombing sounded everywhere.

The beam of light that went straight to nine days became the only light within a hundred miles.

Brilliant!

With infinite new strength!

In the distance, Zhongli Yaoqin looked more worried.

But there was a smile on the face of Sha Ye Mozun.

Chen Feng's breath disappeared!

"Jie Jie Jie Jie..."

"It seems that crossing the robbery failed."

His laughter became louder and louder.

The golden thundercloud covering hundreds of miles in front suddenly disappeared like smoke!

However, the sky and the earth did not restore the previous Qingming.

"Who said that I failed to cross the robbery?"

When the low voice rang in his ears, the laughter of the Night Demon Lord stopped abruptly.

He suddenly turned around!

I saw a familiar figure outrageously flying behind him.

It looks like it has been waiting for a long time!

Who can it be if it's not Chen Feng!

At this time, Chen Feng had no threads on his upper body.

Although the three terrifying rays of thunder failed to destroy his body, they chopped his clothes clean.

His hair was scattered behind him, and a silver-blue Qingqiu Heavenly Sword in his hand was trembling.

Before the Sha Ye Mo Zun turned around to escape, a sharp blade of light had already arrived.

boom!

Endless murderous aura, annihilated it instantly.

The next moment, Jin Guang suddenly started.

[Chapter 5494: Yuxubaojian awakens!](#)

I saw the familiar golden pagoda in Chen Feng's hands.

His eyes burst into cold light, and the power of the vast stars was condensed into a solid body, which was drawn out like a whip of light.

"what!"

Sha Ye Mozun never thought of it.

With his strength in the fifth hole of the ten-square hole realm, he would be so embarrassed to lose in front of Chen Feng!

The light disappeared!

The billowing demonic energy was converged into the golden pagoda.

At this time, Chen Feng looked up at the sky again.

Lei Jie passed.

But his star projection is not over yet!

In the star sea world, there are constantly twinkling stars.

They burst into bright light, penetrated the star sea world, and rushed straight into the sky.

Perhaps it was the accumulation of a large number of Dragon Origins and auras, coupled with Chen Feng's long-term suppression of cultivation, and never made a breakthrough.

At this moment, his star sea world was shaking violently uncontrollably.

One star after another is projecting out.

The power of the stars in the body is constantly flowing like a fountain.

Among them, there is also new strength!

Everything starts from one point.

It is as small as a star, but it can give birth to two, two, three, and three.

Then it brings infinite power.

boom!

Chen Feng no longer suppressed the cultivation base, and tried his best to run at high speed.

One after another, stars are projected into the depths of the universe.

In the dark, each star was lit up, and then began to merge with those unowned stars.

Chen Feng was magically frantic, and roared up to the sky.

With the influx of a lot of power, his body even began to crack, emitting a dazzling light.

At the same time, the power is skyrocketing.

Just like that, I don't know how long it took.

When Chen Feng opened his eyes again, in his star-sea world, more than ten stars had been projected into the universe!

Fairy Yuheng once said that many immortal cultivators can only project one star throughout their lives.

And he shot more than ten shots at one time!

Although these more than ten stars are nothing to his star sea world.

However, the first step is enough to do so!

At this moment, Chen Feng only felt full of power.

The power of the stars flowed continuously in his body.

Every time a move is swung, there will be power to constantly replenish it quickly.

This feeling is unprecedented!

At this point, Chen Feng formally entered the first cave of the Shifang Cave.

With his current strength, if he encounters a strong man like the red eagle ancestor again, he is confident that he will be killed by his own power!

The breeze was blowing.

The sky returned to blue again.

After Chen Feng arranged his clothes and image, Zhong Li Yaoqin also came from afar.

"Your thunder catastrophe is really earth-shattering."

There was a slight smile in her words.

No wonder, before, Chen Feng said that he is not suitable for breakthroughs in crowded places.

Now it seems so!

The two got on the flying boat and continued to swiftly head towards the Great Desolate Lord's Palace.

On the deck, Chen Feng did not relax.

He flipped his hand to take out the golden pagoda and turned to look at Zhongli Yaoqin.

"I have something to ask that person."

Zhong Li Yaoqin understood what he meant and nodded.

At the next moment, Chen Feng disappeared on the deck and appeared on the first floor of the Golden Tower.

Compared to simply killing Sha Ye Mo Zun, Chen Feng wanted to know how he came to this mysterious world.

For thousands of years, the Asura realm and the Xuanhuang Middle Thousand Worlds have been separated by passages, and water and fire are incompatible.

Nowadays, many of the seals made with the flesh and blood of countless powerful people have been loosened.

There are already some spatial cracks in many places in the Xuanhuang Zhongqian World.

However, in those passages, most of them were violent thunder and lightning, and most of them could not bear the passing of the demons.

However, since the Sha Ye Mozun appeared here, the situation was different.

That means that there must be at least one spatial channel, which has been stabilized!

If you don't find it in time, destroy it or re-seal it, the situation may be very bad.

Although, Chen Feng did not have much affection for Xuanhuang Zhongqian World.

What he was thinking about was the Dragon Vein Continent where he was born and raised.

However, he was even more disgusted with the Shura world.

Once the sealed channel is opened, the consequences will be disastrous.

In the golden pagoda, the first floor is empty and desolate.

Except for Mokoro and Shaye Mozun, there was only a pool of dried blood.

That was the traces of the deacons of Tianquan Jianzong who blew themselves up.

Seeing Mo Ke Luo's embarrassed face, Chen Feng smiled slightly.

It seemed that the blew up of those deacons actually hurt him a lot.

As soon as Chen Feng appeared, Mo Ke Luo immediately furious.

He rushed forward, but before he could get closer, he suddenly stagnated.

Standing in place, Chen Feng glanced at him coldly.

"This matter has nothing to do with you, just stay with me."

As soon as the voice fell, in the first floor of the urn, the void seemed to obey the instructions and trapped it firmly.

Then, Chen Feng looked at Sha Ye Mozun.

At this time, the Sha Ye Mozun was shocked and frightened.

However, there are also doubts.

This golden pagoda was the treasure of the giant black flame giant at the time, and the power of it was also heard by the evil night demon.

But right now, there is nothing on the first floor of the entire golden pagoda.

The legendary ancient demon soul never appeared.

Chen Feng saw what he was thinking, stood with his hand held in hand, and spoke lightly.

"You are right, the first floor of this golden pagoda has been thoroughly refined by me."

While talking, heaven and earth reincarnated in heaven and earth, and suddenly developed power!

The faint blue light illuminates the entire space of reincarnation in an instant.

For Sha Ye Mo Zun, Chen Feng didn't even bother to use the Demon Heart.

Search the soul directly!

He wants to know all the news about the Shura world.

However, there is no news of Liangyi Biochemical Sect and Great Xiu Luohonglu in the spirit of Sha Ye Mozun.

This disappointed Chen Feng.

"However, it's not without gain..."

Just when he was about to leave the golden pagoda and return to the deck, Chen Feng's heart moved slightly.

There was something silent in his body for a long time.

Now, suddenly sent a trace of induction!

Yuxu Baojian!

He flipped his hand and took out the extremely old mirror.

This is the key to open the Yuxu fairy gate without inheritance!

The mirror in his hand is only the size of a palm, and underneath is a handle less than half a foot long.

The whole body is covered with mottled bronze rust, which expresses the meaning of ancient times.

And around the mirror, there are various moiré beasts.

At the beginning, Chen Feng looked at these carvings, only to feel that they were very rough, as if they were randomly drawn out.

But with his current cultivation base, look at the past again.

Roar!

Suddenly, countless sky-shaking roars exploded directly in his mind!

At this moment, Chen Feng can be sure that these moire beasts are real!

They are all sealed in!

At this moment, the whole body of this Jade Void Mirror has a glowing light.

The four characters on the back, Yuxubaojian, are even more scorching waves.

Chen Feng glanced over, his gaze was sucked into it.

Through those four words, he clearly saw a vast space!

[Chapter 5495: Yuxu Immortal Gate's unherited inheritance!](#)

That is a mysterious space independent of the Xuanhuang Zhongqian World.

If you guessed it correctly, inside, the entire East Wilderness has been searching for a long time, and the Yuxu Immortal Gate has no inheritance!

"At the beginning, I thought that this key could only be unlocked after reaching the Star Soul Martial God Realm."

"Unexpectedly, it wasn't until the Shifang Dongtian realm that I just qualified."

Chen Feng couldn't help but slap his tongue.

He noticed that there were still two pairs of eye-catching eyes around him, so he thought about it.

At the next moment, Chen Feng appeared on the flying boat.

"Sect Master Zhongli, do you know the no inheritance of Yuxu Immortal Gate?"

Zhong Liyaoqin's complexion changed slightly.

She did not expect that Chen Feng would appear again, and the first sentence would be this.

Seeing the man in front of him seemed quite anxious, Zhong Li Yaoqin nodded slightly.

"Of course I know."

"It's you, why are you talking about this suddenly?"

Chen Feng stared straight at her, and suddenly spoke.

"It's in my hand."

As soon as he said this, Rao Zhongli Yaoqin's complexion changed drastically.

Her beautiful eyes suddenly widened, looking at Chen Feng, her eyes suddenly drenched.

In an instant, Feizhou suddenly stopped in the void.

Zhong Li Yaoqin immediately waved his jade arm.

The supremely lingering sword energy instantly blocked all tens of miles around.

For a moment, Chen Feng's heart tightened, and when he flipped his hand, he was about to activate the Qingqiu Heavenly Sword and the Great Asura Luohong.

But, the next moment, Zhong Li Yaoqin's reaction stopped him from thinking about it.

"Are you crazy!"

After all this was done, the woman in front of her rarely showed a little gaffe.

Her voice went up a bit.

"No one has told you that such secrets must never be declared?"

Chen Feng's expression changed slightly when he heard Zhong Li Yaoqin's words.

Under the gaze of the woman in front of him, he realized a lot in an instant.

"Taiyi Immortal Sect, Ziwei Haotian Palace, and the pure Yang true fairyland powerhouses of the Wanling Longevity Sword School, could it be that I can't feel it because of this sentence?"

Zhong Li Yaoqin nodded vigorously.

"exactly!"

"Otherwise, how can you think that the Eastern Desolate Immortal Territory is a first-rate immortal gate, how could it be wiped out a million years ago?"

"It's just for the uninheritance of Yuxu Immortal Sect."

Speaking of this, Zhong Li Yaoqin's face suddenly softened.

She sighed long and looked at Chen Feng with a complicated expression.

"You shouldn't tell me."

"There is no inheritance of the Yuxu Immortal Gate, and the entire Eastern Desolation Immortal Territory is enthusiastic."

"Anyone you think you can trust is likely to do this to you!"

When Chen Feng heard these words, he burst into laughter.

I saw him calmly looking at Zhongli Yaoqin, speaking with a certain degree of confidence.

"But you won't."

"Back then, the Yuxu Immortal Gate was tragically destroyed. Numerous sects, large and small, all rushed forward, looking to share a piece of the pie."

"But the Galaxy Sword Sect did not do this."

Zhong Li Yaoqin smiled slightly when he heard this.

She asked rhetorically.

"That was the decision of the entire Galaxy Sword Sect. What if I actually want to go in my heart?"

Chen Feng shook his head again.

"Back then, the Galaxy Sword Sect still had the final say in the Tianshu Sword Sect."

"Whether it is you or Zhong Li Changfeng, since you have made your choice, it will not change now."

Looking at Chen Feng's determined appearance, Zhong Li Yaoqin suddenly smiled with relief.

She hasn't laughed like this in a long time.

Even if Tianshu Jianzong returned to its former glory not long ago, she was just excited.

It's not as moving as it is today.

Chen Feng's understanding of her far exceeded her expectations.

Clear judgment, calm analysis, and then... is firm trust!

After a brief moment of emotion, Zhong Li Yaoqin quickly put away his emotions.

She squinted her eyes slightly.

"Since you have said so, just say it, what do you want me to do?"

Hearing this, Chen Feng was overjoyed.

It seemed that he was right.

Zhong Li Yaoqin is indeed a trustworthy and smart woman.

Now that he had said everything, Chen Feng didn't hide it.

"The non-heritage of Yuxu Immortal Gate was hidden by Dongji Qingxu God with his body as the key."

"Now, my cultivation is worthy of being able to unlock this key."

"This is a big deal, and I hope you can protect me."

As the cultivation level gradually improved, Chen Feng became more aware of what the jade virtual treasure mirror in his hand meant.

It is precisely because I understand that I dare not do the same as before, regardless.

There must be a strong enough to guard the law!

Otherwise, the taboos like those just now would be enough to cause a murder.

When Zhong Li Yaoqin heard this, he seemed to think of something, his face wrinkled slightly.

But she nodded anyway.

"I can set up a magic circle for you on the flying boat."

"But what you said without scruples just now, I am worried that if the remedy is not enough, it will bring you a murderous disaster."

"must be careful!"

In response, Chen Feng clasped his fists and bowed his hands to show his gratitude.

The next moment, Zhong Li Yaoqin waved.

Countless divine lights gushing from her body, changing positions in the void, and finally quickly condensing into a special magic circle.

Zhong Li Yaoqin looked solemn and extremely serious.

She kept changing her hands, and divine light poured into it one after another from all directions.

The more Chen Feng looked, the more frightened.

He originally thought that Zhong Li Yaoqin's setting up a magic circle was just an ordinary isolation circle.

However, it seems that this is not the case.

A while ago, he had seen this kind of magic circle in Old Man Wu.

Hiding the magic circle!

Although the magic circle is considered to be a magic circle, it is actually composed of several magic circles.

The various magic circles interact with each other.

In this way, the effect of completely hiding the breath and isolating all the roads in the world is achieved!

"I didn't expect to explore the uninherited inheritance of Yuxu Immortal Gate, there are still such battles."

Chen Feng secretly smacked his tongue.

At the same time, he was also amazed at Zhong Li Yaoqin's magic circle attainments.

After the sky full of magic array was completed, Chen Feng stepped into it and sat down cross-legged.

The formation was opened immediately, and Chen Feng suddenly disappeared in place.

Said to disappear, but in fact it is just invisible.

After Zhong Li Yaoqin finished all this, his expression finally revealed a little complicated.

When the circle was urged, Chen Feng couldn't help but tighten.

At this moment, he was cut off from the thousands of avenues in the world of Xuanhuang.

This feeling is no stranger to him.

Every time when returning to the top of the sky, when the light cyan light beam falls on the body, it feels like this.

Chen Feng immediately took out the Jade Void Mirror and urged the cultivation base with all his strength.

A steady stream of star power rushed into the mirror along the palm.

Roar!

An ancient roar like a monster, quickly exploded in his mind.

The sound wave was so great that even Chen Feng's complexion changed drastically.

In the next moment, a powerful suction force appeared in that Jade Void Mirror.

Chen Feng couldn't struggle at all and was directly inhaled.

Then, in the entire magic circle, only one dangling mirror remained.

[Chapter 5496: Approval of Yuxu Baojian](#)

Chen Feng only felt a flower in front of him.

At the next moment, endless murderous aura suddenly hit the whole body.

Come straight to him!

Driven by instinct, Chen Feng immediately swung the Qingqiu Heavenly Sword.

The blue sword light suddenly flourished!

The rough roar of monsters stopped immediately.

"what happened?"

Chen Feng quickly discovered his spiritual knowledge and quickly looked at his current situation.

It seems that he was sucked into the Yuxu Baojian.

However, the expected lack of inheritance did not appear.

There are only a few ancient and powerful moiré monsters in front of them!

Chen Feng's pupils shrank suddenly, and he instantly understood what it meant.

He couldn't help laughing wryly.

"It turns out that I just can't accept it."

There is still a long way to go for true no-passage!

However, Chen Feng couldn't tolerate any more thoughts at the moment.

He raised his head and looked forward.

Behind the huge moiré monsters, a bronze door was faintly visible.

The bronze gate towered into the clouds, huge.

There are also many monsters carved on it.

However, these are much more delicate than the lines on the back of Yuxu Baojian's mirror.

Above, there are not only moiré monsters, but also many ancient monsters.

When Chen Feng glanced at it, he could hear endless roars.

It seems that the uninheritance of the Yuxu Immortal Gate should be behind this huge bronze gate.

"Roar!"

The sound waves rolled, and the overwhelming murderous intent directed towards Chen Feng.

Several clouded monsters in front of him immediately surrounded him.

Chen Feng looked closely, and his heart sank.

Each of these cloud-patterned monsters is ten meters long, like a wolf and a tiger, and there are faint shadows of lions and dragons.

And each one has at least the aura of the third hole in the Shifang Dongtian realm!

Among them, the strongest cultivation base is the fifth cave of the Shifang Dongtian realm!

"Should we go together?"

Chen Feng secretly felt bitter.

However, the worst thing did not happen.

The next moment, a few beams of blue and blue light suddenly lit up on the bronze door.

Those rays of light quickly fell on each cloud-patterned monster.

Soon, most of the moiré monsters were unable to move immediately.

Only the third hole in the three-headed ten-square hole realm was not affected in any way.

It seems that the test of this Jade Xubaojian knows how to proceed step by step.

"In that case, come on!"

He urged the complete Qingqiu Heavenly Sword with one hand, showing a warlike look on his face.

Have a strong heart, never fear challenges!

Since Yuxu Baojian had fallen into his hands, he couldn't waste it!

"I'm set to open this bronze door!"

boom!

Ling Yu's murderous aura shot out at the same time.

In front of the bronze gate, this vast chaotic land was instantly illuminated by dazzling light as bright as day.

Facing the three moiré monsters in the third cave of the ten-square cave, Chen Feng had no fear.

He swung his knife up, and in the blink of an eye he hurried away at the monster beast.

With his current strength, it is easy to solve these three monsters.

In the next moment, a blue light beam disappeared immediately.

A more powerful moiré demon beast instantly lost its restraint.

Its eyes breathed fire, and its mouth was as loud as thunder.

This monster beast is enough to have the fourth Xiaocheng of the Ten-square Dongtian Realm!

However, Chen Feng had already committed a murder, and there was no fear on his face.

When his eyes were condensed in front of him, he raised the Qingqiu Heavenly Sword in his hand high and roared.

"Too high to punish God!"

The silver-blue light came out instantly.

Endless murderous aura was completely restrained.

boom!

The clouded monster beast roared and charged, and then it was instantly split in half!

Blood rain is flying!

Almost at the same time, the second cyan light beam dissipated.

The next moiré monster beast rushed to kill, the cultivation base is stronger!

The fourth cave of the Shifang Dongtian realm is enough!

Today's Chen Feng, Xinghai World has already projected more than ten stars.

As long as it runs at full force, these more than ten stars will be particularly dazzling.

At the same time, a steady stream of star power poured into the body.

"Hahaha!"

Chen Feng looked up to the sky and laughed.

"It happens to use you to stabilize the realm I just broke through!"

He also wanted to see where his current limit was.

boom!

In this way, Chen Feng took the initiative to greet him.

The third monster beast is different from the previous ones.

It also has magical powers!

Even more terrifying is that this monster can even teleport!

For a time, in front of the giant bronze gate, the rhyme was full of rhyme.

Mysterious Taoism constantly rippling away from the cloud-patterned monster.

Chen Feng himself has a lot to do with Buddhism.

It is precisely because of this that the Dongji Qingxu God Venerable originally gifted it with the supernatural powers of the fourth grade of Hong Rank.

Buddha's angry eyes and lion roar.

However, the Yuxu fairy gate is the Taoist sect.

What he teaches is the Three Cleansing Techniques and what he practices is the true teaching of Taoism.

The magical powers used by the clouded monster beast in front of him were obviously also Taoist methods.

Several times, Chen Feng urged Tai Shang Zhu Shen Zhan, but was evaded flexibly by his teleporting magical powers.

This made him plunge into a bitter battle for a while.

The moiré monster's attack mainly relies on phonological attacks.

In the roar and roar, Dao Fa and lightning are also mixed.

At the same time, its flexible and thick beast tail will also be caught off guard to launch an attack.

If you don't pay attention, you will be hurt.

It took Chen Feng an hour to consume this third moiré monster!

However, without waiting for him to take a breath.

At the next moment, another cyan light beam dissipated.

And this time the moiré monster beast has a stronger cultivation base!

Chen Feng smiled bitterly and turned around, trying to see if there was any way out.

However, there was chaos behind him.

Where can I leave?

"In other words, if I fail the test of Yuxubaojian, I won't be able to get the approval of this key."

"I will die here directly?"

Chen Feng finally realized this.

He couldn't help taking a breath.

Looking forward again.

In addition to the fourth moiré monster beast right now, there are also two monster beasts, tightly bound by the blue light beam.

Chen Feng's complexion has gradually changed from the initial frenzy and belligerence.

His eyes grew deeper.

The breath on his body became more restrained.

However, it feels even more dangerous!

The complete Qingqiu Heavenly Sword screamed and trembled frantically, the soul of the sword appeared, and the sword appeared!

"Since there is no way out, we can only fight to the end!"

boom!

Three days and nights passed.

Zhongli Yaoqin was on the flying boat and protected the law for three days and three nights.

Chen Feng's breath disappeared for three days and three nights.

Cang Dang!

The Qingqiu Heavenly Sword smashed to the ground severely.

Chen Feng flew out for hundreds of miles, in ragged clothes and embarrassed face.

There are five terrifying wounds on the left shoulder blade.

Visible bones!

The red blood gurgled out.

Three days passed.

He exhausted all his hole cards, and even the dozen or so stars that had been projected became dimmed.

boom!

The loud noise erupted immediately.

[Chapter 5497: Inheritance, start!](#)

With a cry, the last moiré monster beast roared and fell down.

At this moment, Chen Feng was lying on the ground, not wanting to move a finger.

He was covered in blood, and his bones were broken.

If it hadn't been for Lei Chi to temper his body, I'm afraid he would have been unable to sustain it.

Just now.

Creak--

The huge bronze gate in the distance finally opened slowly.

The sound reverberated continuously, even penetrating time and space.

It passed straight to the outside of Hengtian Magic Array!

Chen Feng was lying on the ground, coughing up blood and laughing.

He finally got the approval of Yuxu Baojian!

The uninheritance of Yuxu Immortal Gate finally opened the bronze gate for him!

Supporting his body with difficulty, Chen Feng stood up and walked behind the bronze door.

The giant bronze gate is extremely heavy.

Chen Feng had just gone through a long battle. At this time, he used ten% of his strength to push away slowly with great difficulty.

boom!

After stepping into the bronze door, the quaint atmosphere rushed to his face.

That is no inheritance that has been silent for millions of years!

As the first-class fairy gate of the Eastern Wild Immortal Territory, the most precious heritage lies!

The huge and strong spiritual energy has been trapped and locked for millions of years, and at this time, rushing towards Chen Feng.

Chen Feng looked forward.

At this moment, his pupils vibrated unceasingly, and his blood almost stagnated.

Behind the giant bronze gate, there is a nine-story buddha that shines brightly!

The Buddha did not reach the top, and the whole body contained the Supreme Dao.

Just looking at it is enough to make people fascinated.

Even a person like Chen Feng with a firm heart, can't help but want to go crazy at first sight.

No wonder those top fairy gates have been thinking about them for millions of years.

Refuse to give up!

The nine-story Buddha statue gets smaller as it goes up.

The top layer is not as large as a hundred meters in a visual inspection.

However, the power contained therein makes people fear for no reason!

In addition, there are circular arches of different sizes on each floor of the Buddha.

On the bottom ninth floor, there are ninety-nine eighty-one arches.

Looking closely, there are different patterns carved on the arches.

Most of the bottom ones are moiré monsters.

And the higher you go, the more stunning the carved patterns.

Shenlong, Phoenix, Xuanwu...

After the difficult test outside the bronze door, Chen Feng knew it at a glance.

Although it was approved by Yuxu Baojian, there was still a long way to go before it was passed down.

I am afraid that every inheritance is guarded by a powerful monster.

After the shock, Chen Feng quickly reduced his mind.

He immediately sat cross-legged on the spot, and quickly took a nine-turn solid spirit pill.

This was given by the Que Yuanzhou brothers before leaving.

I thought that at least it wouldn't be useful soon.

But in the first three days of confronting the clouded monster beast, he still consumed a few of them.

As soon as the Shen Dan entered, it quickly turned into a powerful spiritual energy, quickly repairing Chen Feng's broken body.

Fortunately, the moiré demon beast brought mainly skin injuries.

Did not hurt the origin.

After a short while, his injuries healed completely and he got up.

Fighting against those cloud-patterned monsters is undoubtedly a huge benefit for Chen Feng.

Today, he has completely fixed his cultivation base in the first cave of the Shifang Dongtian realm.

Moreover, he also had a new understanding of the Taoism of the clouded monster beast.

Taoism is different from Buddhism.

But the two also have similarities.

As the so-called three thousand avenues, different routes lead to the same goal.

Chen Feng has practiced many pure Buddhism Taoism, besides, he has also learned many supernatural powers.

He even involved the magic door technique.

Now, in his body, there is even an Asura bloodline that can evolve.

Chen Feng stood up with the knife again, standing up and looking at the first arch on the first floor.

Above this arch, there is still a moiré monster beast depicted.

"Let me take a look at the difference between this method and the world's ten thousand laws!"

The next moment, he shook his body and disappeared in the arch.

Soon, there was a deafening noise behind the arch.

However, Chen Feng would not think of it at this time.

When the giant bronze gate was pushed open, Taiyi Immortal Sect, Ziwei Haotian Palace, and Wanling Longevity Sword Sect were among them.

Suddenly, the complexions of the few long-silent pure-yang true fairyland powerhouses.

The huge breath burst out suddenly.

The shaking was millions of miles around, the mountains trembled and everything wailed.

"what happened?"

"The impermanence of the Yuxu fairy gate was opened by someone!"

"It's that Chen Feng!"

"It seems that not only did he not die, he almost concealed it from us."

"Check it now!"

For a time, among the three first-class immortals, all the elders and disciples were alert.

There are instructions to be conveyed continuously, floating like snowflakes.

This time, Taiyixianzong no longer concealed it.

They could sense that the inheritance was opened, and Ziwei Haotian Palace and the Wanling Longevity Sword Sect would naturally not know it.

Back then, they were both opponents and allies.

The same is true today.

Never let Chen Feng get the highest inheritance!

However, we must not let the other two immortals grab it!

In Taiyixianzong, a supreme strong man passed the order.

"Call that person, let him grab Chen Feng and bring back the inheritance."

Under the hall, an old man in a robe with a childish face, held his fist and bowed respectfully.

And in the Ziwei Haotian Palace.

Another Mo robe elder suddenly opened his eyes.

"That's it."

"The person who has inherited the Yuxu fairy gate has just opened the door of inheritance."

"I want to come to the cultivation base, but it is only about the first cave of the Shifang Dongtian realm."

"The old man will take action personally and solve this person quickly."

The loud sound reverberated.

The next moment, an extremely bright beam of light suddenly pierced the sky.

boom!

On the flying boat, Zhong Li Yaoqin's complexion suddenly changed.

Feeling in her heart, she immediately raised her head and looked towards the sky.

At almost the same moment, the clear blue sky suddenly began to gusts of wind.

"It seems that there is still a glimmer of secret through those immortal gates."

Zhongli Yaoqin's heart was dark.

The wind began to roar.

Heaven and earth paled.

In the darkness, a thick beam of light actually fell from nine days.

It landed straight in front of the flying boat not far away.

After the powerful enemy is killed!

Just this technique at the end of the world is daunting.

Even Zhong Li Yaoqin didn't dare to underestimate it!

Before she could react any more, a voice of vicissitudes of life suddenly came from the beam of light.

"Hey, there is still a female doll guarding the law."

The sound is getting closer.

A figure with a wide robe and crane hair came out from the beam of light.

In contrast, the flying boat where Zhong Li Yaoqin was located seemed so small.

When the beam of light gradually disappeared, the figure gradually became clear.

Zhong Li Yaoqin's face suddenly shrank, and he blurted out.

"You are from Ziwei Haotian Palace...Xianjun Hua Hao!"

However, as soon as the words were spoken, she denied this sentence.

The person in front of him could never be Xianjun Huahao.

The true Immortal Monarch Hua Hao had already reached the cultivation base of Lingxu Land Wonderland.

[Chapter 5498: 9th grade Hong! Taishang Yuqing Nine Shou Zhen Jue!](#)

Just a clone has the strength of the Great Perfection of the Shifang Dongtian Realm, enough to crush hundreds of Chen Feng!

Fortunately, the person in front of him is just a projection of Xianjun Huahao!

Hearing Zhong Li Yaoqin's words, Xianjun Hua Hao's expression changed slightly.

He seemed to come over, his sharp eyes swept over Zhong Li Yaoqin's body, as if piercing everything about her.

Zhong Li Yaoqin's heart suddenly sank.

The trouble Chen Feng caused this time was too great!

Immortal Monarch Hua Hao of the Ziwei Haotian Palace personally released a touch of projection.

The remaining two first-class immortal gates will surely arrive soon.

"Girl, you have the breath of an old person..."

Xianjun Huahao stood with his hands in his hands, looking at Zhongli Yaoqin.

"For the sake of the deceased's face, I will not kill you."

"Give me that kid and I will let you go."

At this moment, Chen Feng shouted violently with knives in both hands.

Too much to kill God!

Ling Li's murderous aura almost broke his limit.

In an instant, the silver-blue light condensed into a line, and it shot out instantly.

"Roar!"

With a groan, the clouded monster beast in front of him fell down suddenly.

The first arch on the first floor finally opened the door for him completely!

However, after the knife fell, Chen Feng fell to the ground without strength.

Qingqiu Tiandao was supported on the ground, and he knelt on one knee, covered in blood and sweat.

The body that had just healed had a few more hideous wounds.

The blood gurgled out.

Chen Feng panted heavily and stood up with difficulty.

After the death of the moiré monster beast, its flesh suddenly burst into dazzling light.

Then, it actually began to disintegrate on its own.

Finally dissipated in the void.

As it disappeared, the chaos in front of us began to change.

Qing rises, while turbidity sinks.

Chen Feng's pupils shrank slightly, and his heart was full of shock.

All this in front of me is clearly breaking the world!

Distinguish the turbidity, set the universe!

This is the beginning of Taoism!

Before Chen Feng thought about it, a jade slip appeared in front of him.

The jade slips are suspended in the turbid world, releasing shining light.

After that jade slip, two more passages appeared.

Chen Feng walked forward.

He took the lead to probe the divine sense to that jade slip.

As soon as he got closer, Chen Feng's spiritual world suddenly made waves.

On the jade slip, there are several ancient seal characters.

"Taishang Yuqing Nine Shou Zhen Jue"!

9th grade Hong!

Chen Feng was shocked.

Taoism has nine guards, keeping harmony, keeping promise, keeping qi, keeping benevolence, keeping simple, keeping easy, keeping clear, keeping profit, keeping weak.

By practicing the Nine Shou, you will be able to reach the realm of "sex in line with Tao".

Keeping the simplicity of Dahuo, traveling the roots of the world, is the same as Chase.

At the moment, this Taishang Yuqing Nine Shou Zhen Jue naturally also has nine layers.

Among them, Shouhe is the first of the Nine Shou, the most important of magic!

Chen Feng immediately focused his mind on the inside, and became one with far.

In the next moment, that jade easily collapsed on its own, turned into a stream of light, and quickly invaded his spiritual world.

A lot of content about Taishang Yuqing Nine Shou Zhen Jue appeared in my mind.

The main core of keeping harmony is the harmony of yin and yang.

The sage is not bound to the vulgar, not seduced by others, holding the yin and holding the yang, and eager to think of harmony.

However, this method is not what Chen Feng thought, but an independent magical power!

The moiré monsters he killed earlier were able to "teleport" because of this skill!

"It's no wonder that I have nothing to do with those monsters. I can only fight the pill and the stars to kill them."

Chen Feng suddenly realized.

The usual method of teleportation often grasps the law of time, or the law of space.

Although Chen Feng didn't dare to say that he was proficient in these two aspects, he was somewhat involved.

But the teleportation of those cloud-patterned monster beasts did not have the power of the laws of time and space.

Yes, it's just a strand of Taoist rhyme.

"They are not teleportation at all, but yin and yang conversion."

Only by practicing a touch of Taoist rhyme can you achieve such an effect of changing form and shadow.

Without hesitation, Chen Feng closed his eyes and started practicing.

Although after a fierce battle, Chen Feng's mood recovered extremely quickly.

In other words, this was also due to the insidious calculation of the Heavenly Power Sword Sect.

After being forced to enter a deep meditation state, Chen Feng has long been used to meditation and enlightenment.

In the huge golden spiritual world, a ray of Taoism gradually emerged.

That is unique Tao Yun!

Even if it is a powerful person with a higher level of cultivation, as long as he is not proficient in Taoism, it is difficult to understand!

After a stick of incense, Chen Feng opened his eyes quickly.

At the same time, only a trace of his shadow remained in place.

The real him has appeared in front of the two passages.

Chen Feng looked down.

A ray of Dao rhyme that is almost invisible has already lingered around him.

"It is extremely difficult to get started with this first peacekeeping."

"But once you have done it, you can quickly cultivate to the first level of Dzogchen."

However, although it has become the first heavy defense and realm.

But every time you use it, it will consume a lot of his cultivation!

"It's no wonder that this Jade Void Immortal Gate has no inheritance, you need to reach the Shifang Dongtian realm to enter."

If there is no star projection, the power of the stars can hardly be supplemented.

Even if you learn this skill, it is difficult to use.

Chen Feng's heart was agitated for a while, then he raised his eyes and looked forward.

The channel on the left hand side is emitting a fluorescent white light.

The passage on the right continued to release fierce murderous aura.

In an instant, Chen Feng's expression was horrified.

That murderous is no stranger!

"Zhong Li Yaoqin?"

It turns out that this passage is the way back to the world of Xuanhuang Zhongqian!

Chen Feng frowned, and a bad feeling suddenly appeared in his heart.

Is there a strong attack from outside?

He immediately awoke.

Behind this bronze door, he no longer knew how long he had stayed.

It's also time to go out and have a look.

Thinking of this, Chen Feng stepped into the right passage.

In an instant, the sky was spinning.

In the next moment, Chen Feng returned to the flying boat and reappeared in the hidden world magic formation.

boom!

As soon as he returned, there was a deafening noise in his ears.

The eyes are full of darkness.

Only Ling Yu's sword light and murderous aura constantly illuminates this sky.

He looked up sharply.

Thousands of miles away, above the void, the two figures are fighting inextricably!

One figure was in a red dress like a raging fire.

It is really Zhongli Yaoqin!

At this moment, on the battlefield, Zhong Li Yaoqin was full of solemn expression.

Xianjun Huahao's body is extremely strong!

However, just a touch of projection is not a concern.

However, Zhong Li Yaoqin also scored more than half of his cultivation base to maintain the normal operation of the Great Magic Array.

Therefore, this battle was extremely difficult.

As soon as Chen Feng returned, Zhong Li Yaoqin finally swept away his slump.

"You finally came back."

Zhongli Yaoqin's voice came in his ears.

In the next moment, the hidden magic circle dissipated like ice and snow.

During the war, Zhongli Yaoqin immediately exploded with an aura that nearly doubled!

[Chapter 5499: There is always a way out!](#)

The projection of Xianjun Hua Hao in front of him changed suddenly.

He immediately lowered his face, and his words were full of threats and warnings.

"Girl, don't make mistakes."

"If you dare to kill again, don't blame me Ziwei Haotian Palace for doing everything and razing your sect to the ground!"

"Hurry up and hand over that kid, I just don't have anything to do today."

However, the voice did not fall.

A sharp blade of light slashed from a great distance.

"If Ziwei Haotian Palace wants to kill me, how can he still use this kind of tricks!"

"You, did you ask me!"

At the next moment, Chen Feng's voice was sonorous and powerful!

Tai Shang Zhu Shen Zhan immediately exploded with a strong aura.

Zhong Li Yaoqin reacted extremely quickly, and immediately passed by.

That knife happened to fall on the projection of Xianjun Huahao.

boom!

In an instant, a touch of Taoist rhyme passed quickly.

When Immortal Monarch Hua Hao focused again, there was no one in front of him!

Xianjun Hua Hao narrowed his eyes slightly when he looked at the Daoyun that was about to dissipate in front of him.

As the strongest person in Ziwei Haotian Palace, he can naturally recognize the rhyme of this Dao.

It is the Yuxu fairy gate that has been destroyed for millions of years!

The Yuxu Fairy Gate of the year, relying on the Supreme Yuqing Nine Shou Zhen tactics, surpassed the first of the first grade Fairy Gate!

Moreover, it is most likely to become the next super-grade fairy gate in the Eastern Desolate Immortal Territory.

Today, the inheritance that has been cut off for millions of years has once again continued.

"That kid, has got the initial inheritance."

"If it can't be used by my Ziwei Haotian Palace, then...cut the grass and root!"

The next moment, the projection of Xianjun Hua Hao looked towards the southeast.

Then, he left quickly.

Within a thousand miles, the roaring yin wind gradually dissipated.

The battle was nothing more than that.

At this time, Chen Feng was thousands of miles away.

The first layer of the Supreme Yuqing Nine Shou Zhen tactics, Shouhe magic, really extraordinary!

Facing such a strong person, Chen Feng naturally did not want to involve Zhong Li Yaoqin, let alone the Galaxy Sword Sect.

Therefore, this trick, he spent almost half of his effort.

Massive star power was squandered.

However, the effect is really shocking.

Even Zhongli Yaoqin, who was taken away, was surprised at this moment with a pair of beautiful eyes.

"You got that heritage?"

Chen Feng nodded, and then shook his head.

"I only got the first level of magic."

"There is still a long way to go before we can fully inherit."

Just when he wanted to say something more, behind them, a familiar figure came quickly.

Amazingly, it is the projection of Xianjun Huahao!

It's just a touch of projection, but it still has the strength of the sixth hole in the ten-square hole realm!

Chen Feng couldn't help but smile wryly in his heart.

"Grab it!"

The next moment, his two figures disappeared in place again.

Just like this several times in succession.

The more than ten stars that were sensed by the outside world became dimmed again.

Zhong Li Yaoqin looked at Chen Feng's almost exhausted appearance, and couldn't bear it.

"Let me do it."

However, as soon as she said it, she was interrupted by Chen Feng.

"This matter has nothing to do with you."

"They are only targeting me."

Chen Feng shook his head.

Previously, Hua Hao Xianjun threatened Zhongli Yaoqin to hand him over.

He didn't know what Zhong Li Yaoqin would do eventually, but Chen Feng couldn't sit back and watch.

After all, Zhongli Yaoqin was brought by him.

Chen Feng didn't want her to be embarrassed.

Even more unwilling to harm the Galaxy Sword Sect.

Otherwise, with his disposition, he would certainly not run away like this.

Looking at the figure that appeared again behind him, Zhong Li Yaoqin sighed slightly.

"But if you continue like this, you can't get rid of the projection of Xianjun Huahao."

This place is still quite some distance away from the Great Desolate Lord's Palace.

Even if Chen Feng can always create miracles beyond her expectations, this time, she does not have much confidence.

Where did Chen Feng not understand this.

However, just as he was about to stop, suddenly a few things in his body moved suddenly.

The next moment, a smile quietly emerged.

Chen Feng looked back at Zhong Li Yaoqin.

"If I said, "The road to heaven is endless, do you believe it or not?"

Before the words fell, the two figures disappeared into the void again.

Then, instantly appeared above the vast ocean thousands of miles away.

Zhong Li Yaoqin looked at the endless sea ahead, with a hint of doubt on his face.

"what are you going to do?"

Just after she said this, her expression suddenly changed, and she immediately looked at the sea ahead.

The sea level, which was originally quite calm, suddenly began to make waves.

As they approached, the ripples grew bigger and bigger.

The rushing waves are getting higher and higher.

The deep sea begins to shake!

There was constant heat spewing out frantically, and a huge wave of kilometers was formed in an instant!

In a short while, an island slowly emerged from the bottom of the sea!

The island is not big, but about a few miles in radius.

The grotesque rocks above are full of withered black ancient trees and corals everywhere.

But if you look closely, you can find it.

The rugged rocks on this island were clearly broken by the supreme powerhouse!

Moreover, the traces above are still very new.

It seems to have just been caused not long ago.

Without saying a word, Chen Feng went straight to the island and quickly approached.

"Don't go there, there is a strange beast on it..."

Zhong Li Yaoqin blurted out, instinctively trying to stop Chen Feng.

However, she changed her mind but felt wrong again.

The two of them are not too far from the island.

With Chen Feng's spiritual knowledge, it shouldn't be impossible to talk about the above problems.

In other words, even when Chen Feng knew that there were powerful monsters on the island, he still wanted to rush over!

Zhong Li Yaoqin immediately remembered Chen Feng's smile just now.

"Could it be that he has any plans?"

Seeing the sky behind him, the familiar projection rushed over again.

Very fast!

Zhong Li Yaoqin wanted to tell Chen Feng not to let himself fall into a desperate situation where there were wolves before and tigers.

But when she saw Chen Feng's firm gaze, she hesitated again.

Finally, she made a secret decision in her heart.

Just follow along and see what Chen Feng plans to do.

If he really has any plans, that would be great.

But if the plan fails, she will do it herself.

The big deal is extinguished the projection of Xianjun Huahao, and the rest will be discussed later.

However, apart from this, Zhong Li Yaoqin once again looked deeply at Chen Feng.

At this time, Chen Feng had no time to pay attention to her reaction.

The reason why he rushed to this island suddenly was because of the artifact fragments, the Lingbao gourd, and the world-destroying golden fan, all of them changed!

And the source of the change is the island in front of you!

On the island, there is a third Qibao!

But if it were just that, Chen Feng would still not rush over.

Just now Zhong Li Yaoqin's reminder was precisely his reason.

Above this, there is an extremely powerful monster!

There is the sixth cave sky in the Shifang Dongtian realm!

[Chapter 5500: You shouldn't give me a chance!](#)

It happened to be on par with the Hua Hao Xianjun projection behind him.

That strange beast was like a giant octopus, but it had hundreds of huge tentacles.

It lay lazily on the island, turning a blind eye to Chen Feng and the others.

Apparently, he didn't even consider him a cultivator with a low level of cultivation.

A brilliant plan was formed in Chen Feng's mind in an instant.

The next moment, he instantly rushed into the island's domain.

At the same time, he flipped over and took out something and stuffed it into Zhong Li Yaoqin's hand.

Zhong Li Yaoqin was about to say something, but Chen Feng covered her mouth.

She looked down.

Two pieces of dead wood held in their hands.

Lock Soul Yumu!

Previously, Chen Feng had used it to hide his breath.

At the moment when the Immortal Monarch Hua Hao rushed over, a silver-blue light gathered his murderous aura.

But it was directed at the strange beast, rushing straight away!

Zhong Li Yaoqin's complexion changed.

"That's a middle-aged magic sea monster, you can't beat it!"

She reminded loudly.

Although the Magical Sea Devourer lives deep in the vast ocean, it has excellent eyesight.

However, it was precisely to adapt to life in Haiti that it could not hear any sounds.

In front of it, there is no need to whisper.

This is after hearing this, the male lead turned his head to meet her gaze.

The corners of his lips made a smile.

"Who said I want to fight it?"

"It's the projection of Immortal Monarch Hua Hao behind him."

In an instant, the heroine suddenly realized.

Sure enough, the next moment, Chen Feng smiled and told.

"I want to kill someone with a knife!"

boom!

This sword is too high to kill the gods, it can be said that it has exhausted most of Chen Feng's cultivation skills.

After swinging the knife, the hero instantly felt his whole body relieved.

His complexion instantly turned pale, and he staggered, almost unable to stand firm.

That cut was too fast!

The Magic Sea Heaven Devouring Beast is huge in size, only its tentacles are extremely flexible.

Its body, once exposed to the sea, becomes the deadliest cover!

Although it relied on instinct, the fastest time, it noticed something bad.

But before it returned to the sea, the silver-blue shock pierced its eyeballs with extreme precision!

"Roar!"

The deafening roar immediately sounded.

Sound waves rolled, and squally stormy waves broke out quickly.

Between heaven and earth, there was a pouring rain out of thin air.

That huge phantom sea monster is angry!

Above the sea, there is a lot of blue blood floating.

At this moment, it can hear nothing, see nothing.

The only thing that can be felt is a powerful breath that is comparable to it.

Chen Feng and Zhong Li Yaoqin stopped.

They turned around and looked at the projection of Xianjun Hua Hao behind them.

"You shouldn't give me a chance to escape here."

As Chen Feng spoke, a very smug smile appeared at the corner of his mouth.

This is not his usual smile, but a more provocative and proud smile.

At the same time, from above the sea surface behind him, more than ten tentacles quickly hit the projection of Xianjun Huahao.

Xianjun Hua Hao's projection complexion changed drastically.

The enraged Illusory Sea Sky Devourer is undoubtedly extremely cruel.

There are more than ten tentacles, each one is like a copper wall and an iron wall, indestructible.

At the same time, there are suction cups of different sizes on it.

Once caught or entangled by it, the consequences will be disastrous!

There have been countless strong men who were all destroyed by a tentacle after being entangled in the world of Dantian.

Or being torn into countless pieces by a few tentacles!

For a moment, the projection of Xianjun Huahao fell into a bitter battle.

He needs to do his best to deal with the violent Illusory Sea Sky Devouring Beast, where there is still room to pay attention to the two of Chen Feng.

At this time, the two of Chen Feng had already hid on the island.

Zhong Li Yaoqin was beside him, his expression moved.

If you change any ordinary person, in the situation just now, I am afraid that you have already despaired.

However, Chen Feng is completely different!

Not only did he not despair, but he thought of a way to get out the first time.

Have to admire his scheming and calculation!

At the same time, she was also surprised at the Illusory Sea Heaven Devouring Beast.

"The Eastern Desolation Immortal Territory has seven treasures, among them, the Lingbao gourd was accidentally obtained by the Que Yuanzhou brothers."

"Earth Annihilation Sky Pattern Realm, in my hand."

"The remaining three treasures are in the hands of Longya Immortal Gate, Giant Spirit Shenzong and Dayan Shenzong."

"The only thing left is the Golden Fan of Extinguishing the World and the Ecstatic Qiankun Pen."

"Unexpectedly, one of these two would actually appear here."

Upon hearing this, Chen Feng's expression moved slightly.

He said casually.

"Then it must be the Emotional Universe Pen here."

"The World Extinguishing Golden Fan has now been given to me. Brother Que Yuanzhou also gave me the Lingbao Gourd."

Zhongli Yaoqin nodded.

When Chen Feng noticed something abnormal in the island, she guessed it.

Qibao feels mutual.

At this moment, Chen Feng suddenly turned his head and looked at Zhongli Yaoqin.

"You have the Heaven Extinguishing Pattern Realm in your hand, why have I never sensed it?"

Zhong Li Yaoqin looked at him with his face as usual.

"Because I am strong enough."

Chen Feng was speechless for a while, turned around, and continued to rush forward quickly.

Taking advantage of the loss of Illusory Sea Heaven Devouring Beast and Hua Hao Xianjun projection, he had to hurry up.

"It's just that I don't understand."

"Why is there such a powerful alien beast near this Ecstasy Universe Pen?"

Although the Seven Treasures are one, you can get a peerless treasure.

If they were picked up individually, each piece could only be said to be a top-level magic weapon.

Far from it, attracting such a powerful alien beast, personally guarding it.

boom!

A loud noise kept coming.

Xianjun Hua Hao's projection complexion became increasingly ugly.

Just now, he saw from a distance that it was Chen Feng who had attacked the Fantasy Sea Sky Devourer.

I just don't know, why the Magic Sea Sky Devourer would attack him?

Do you think he and Chen Feng are in the same group?

After all, Xianjun Huahao was just a projection, and after chasing for a long time, he was already worn out.

He gritted his teeth and immediately exploded with murderous aura.

In the next instant, more than ten tentacles of the Illusory Sea Sky Devouring Beast were cut off!

Both are seriously injured!

With this gap, he immediately explained.

"I and Chen Feng are not accomplices, you and I might as well kill him together."

However, before the words came to an end, the Fantasy Sea Heaven Devouring Beast became more and more angry!

A suffocating supreme murderous aura, directed at the projection of Xianjun Huahao, came quickly.

Heaven, it's as dark as ink at this moment!

Stormy seas are everywhere!

Constantly shouting tsunamis!

Xianjun Hua Hao was so proud of his life that he had forgotten one of the most deadly details.

Illusory Sea Devouring Sky Beast, could not hear any sound!

boom!

Countless tentacles rushed out of the sea instantly, entangled them, and tightened!

The projection of Xianjun Hua Hao gritted his teeth with anger.

He turned his head and looked at Chen Feng on the island, roaring.

"Chen Feng, you wait for me!"

"You'd better not die in the hands of others, I will personally take your life!"
