

Peerless 5731

[Chapter 5731: provocative!](#)

Counting it down, Mei Wuxia, the weakest cultivation base in the audience, also has the cultivation base of the ninth hole in the Shifang Dongtian realm.

"Looking at it this way, in terms of realm, I'm almost at the bottom."

Everyone laughed again.

But, of course no one will take these words at ease.

Everyone can see Chen Feng's strength.

Even the strength of the Celestial Remnant Beast Slave is well known to everyone.

In the cross-border battle, the two brothers are more ruthless than the other.

Tianchou Beast Slave sighed:

"Speaking of which, we also want to thank the two seniors, Taoist Wuya and Immortal Mo Rin."

"How do you say that a family has an old person, like a treasure."

"If it weren't for the two of you to give me advice, I wouldn't be able to improve my cultivation by leaps and bounds in a short period of time."

...

There is still some time before the Fallen God Star, and Chen Feng asked some information.

"The reliable information I got said that the entrance of the Gods and Demons Secret Realm is a big formation."

"The main test of that big formation is the power of blood."

"If the bloodline is not strong enough, it will be crushed directly in it."

Hearing this news, Chen Feng was overjoyed.

Obviously, this is a screening of blood.

Since this place is called the Secret Realm of Gods and Demons, it has an inseparable connection with the Avenue of Gods and Demons.

It is reasonable to have such a design.

And when Chen Feng comes, he can also devour the enemy's blood.

Speaking of this, Fairy Yuheng thought of something and reminded:

"According to the information we have received so far, we suspect that this Secret Realm of Gods and Demons is probably a conspiracy."

"Conspiracy? How to say?"

Chen Feng was a little surprised and looked at everyone.

Immortal Mo Rin calmly said a little more solemnly:

"The news that Xiao Yuheng inquired was very clear."

"The surviving monks all said that the center of the Secret Realm of Gods and Demons is a giant tree swallowing the sky."

"The mirror of reincarnation, such ancient treasures, are on the giant tree!"

Upon hearing this, Chen Feng immediately tasted something wrong.

Tiancun Beast Slave added:

"What's more, after completing the entrance sword formation, there are several levels in it, all of which are deadly!"

Chen Feng nodded.

"Even so, we still have to go there to find out."

Since the Avenue of Gods and Demons has withered, Chen Feng's Supreme God Demonization Dragon Art has also been stuck in a bottleneck.

There was not enough blood of the gods and demons for absorption, which became his biggest problem.

This trip, others can not go, he must not miss it.

After the time for a stick of incense, the nine finally stepped out of the space channel.

The huge round falling goddess star appeared in front of everyone.

The top of the sky can be regarded as the center of the Guixu galaxy.

It merges with the black emptiness, which often makes people unable to see the existence.

The Fallen Ancient Star is a huge ancient star on the periphery of this huge galaxy.

"Sister Yuheng, your control of the power of space is truly incredible."

"The work of a stick of incense has actually reached the ancient star of Fallen God!"

Mei Wuxia looked at Fairy Yuheng with envy in her eyes.

Chen Feng glanced around by the way.

The azure planet that appeared in front of everyone was indeed incredibly huge.

It was spinning quietly, and at the same time slowly orbiting around the center of Guixu.

As for the so-called Secret Realm of Gods and Demons, everyone can feel that special breath without even having to look closely.

With just one glance, Chen Feng's breathing suddenly became thicker, and his blood boiled.

He clearly felt it!

The first volume of the first volume of the Supreme God Demonizing Dragon Art in the body actually felt something!

In other words, the so-called God and Demon Technique in the God and Demon Secret Realm is probably the Fragment of the God Demon Transforming Dragon Technique!

I just don't know if it will be the full version of the follow-up.

Although Chen Feng knew it, it was probably only part of it.

But one part is enough!

"This Secret Realm of Gods and Demons, I'm going to fix it!"

Chen Feng suppressed the excitement forcibly and returned to calm.

"go!"

The nine people instantly disappeared in place.

In the next moment, nine figures fell on the ancient star, among the dense forests of the mountains.

The Secret Realm of Gods and Demons is not far ahead!

There is a huge mysterious stone stele in front of it, on which there are four characters carved by an unknown strong man—

The Secret Realm of Gods and Demons!

Behind the stele is a green barrier that cuts off all breath.

Many figures entered one after another.

At the entrance, there were countless people and horses camping, and it seemed that they belonged to different forces.

The arrival of Chen Feng and his party immediately attracted the attention of everyone present.

Everyone looks bad!

These are strange faces.

Some, not even ordinary human monks!

"stop!"

Chen Feng turned around when he heard the words and looked behind him.

The speaker was a raw face, a long body, a blue-green gold silk shirt with a python-style print on it.

A pair of pupils also carry the narrow vertical pupils peculiar to the monster beast clan.

However, there was a pause, and the next moment, the person appeared in front of everyone.

Directly blocked the entrance of the secret realm.

The visitor looked domineering and powerful, raising his chin and said coldly:

"You can't go in."

With enough time, Chen Feng asked casually, "Why can't I go in?"

Unexpectedly, the visitor smiled coldly, stood with his hands behind, and released a powerful breath.

"Just rely on this!"

Two tribulations to immortals!

The dignified immortal strongman actually intercepted at the entrance of the secret realm.

It's no wonder that there are still many teams outside, and they didn't get in after a little bit of strength.

Apparently, he was stopped by this person.

Chen Feng turned his head and glanced at the Tianchou Beast Slave, smiling but not smiling:

"Tian Can, I haven't defended the beast for a while, haven't you forgotten it?"

The celestial beast slave laughed loudly.

Even at the moment, his cultivation is still only half a step in the fairyland of the spiritual virtual land.

However, facing an immortal of the Second Tribulation, the Heavenly Remnant Beast Slave had no fear!

Seeing him strode forward, a pair of gray pupils stared coldly at the giant python clan expert.

Hum!

A more powerful breath erupted from the body of the Heavenly Cruel Beast Slave.

Straight towards the other side to approach!

When it was said that it was too late, then the face of the man in the blue-green python robe changed abruptly.

The dignified and two-flooded earthly immortal powerhouse was overwhelmed by a half-step spiritual virtual earth fairyland, which really made people unable to come to the stage.

He suddenly became furious and wanted to do it again.

"Third brother, don't forget the instructions of the eldest brother."

Behind the giant python clan, an ordinary thin woman said without raising her head.

However, what is strange is that it was this not-so-serious sentence that instantly calmed the anger of the giant python clan.

Although the visitor was still unwilling, but still obediently sideways, letting out the entrance to the mysterious realm of gods and demons.

Actually no longer intend to embarrass them.

Fairy Yuheng faintly introduced:

"According to the information received, this force comes from the periphery of Guixu, a top-notch race named Ten Thousand Beast Planet."

"The Planet of Ten Thousand Beasts, as the name suggests, is occupied by monsters."

"They should be the strongest of the Sky-Swallowing Python family."

In this trip to the mystery of the gods and demons, there are not only the mirror of reincarnation and the fragments of the demonized dragon formula of the supreme god, but also the countless treasures.

Therefore, the entire Guixu galaxy, the powerhouses of countless planets, are bound to gain the treasures inside.

[Chapter 5732: Supreme sword formation!](#)

It is not surprising that it is like the swallowing giant python clan.

If even the strong guarding outside can't resist, there is no right to go in and grab resources from their people.

It's no wonder that the weak eat the strong.

For a time, almost all of the teams stationed outside the entrance focused on the Heavenly Canal Beast Slave.

Without him, the Heavenly Canal Beast Slave can deter the Two Tribulations Earth Immortal with a half-step Lingxu Earth Wonderland.

So capable, really dazzling!

What's more, what he holds in his hand is the famous beast whip!

The technique of controlling beasts is really rare, and it is dedicated to the monsters and beasts.

Such a special talent usually dare not be an enemy easily.

In this way, the nine members of Chen Feng successfully entered the secret realm of gods and demons!

At first, it was not unimaginable that everyone arranged for Mei Wuxia and others to wait outside.

But in the end it gave up.

I don't know if I will encounter any powerful enemies outside.

It's a big deal, so it will be collected into the Golden Pagoda of Hundred Ghosts.

Passing through the huge green entrance barrier, the eyes suddenly opened up.

However, the ensuing changes also caused everyone's complexion to change.

Here, there is an extremely powerful prohibition!

Even Chen Feng is still in a dilemma right now.

In the past, it could be released instantly to detect the divine consciousness in a radius of tens of thousands of miles, but it could only expand for thousands of meters here!

But unfortunately, everyone stepped on the edge of a cliff.

There is only one passage ahead.

This is what Fairy Yuheng and the others said, the sword formation used to detect the power of the bloodline.

The sword formation takes the shape of an arch bridge, connecting this cliff with the vast mountain range far away.

There is the real mystery!

Chen Feng raised his head and looked into the distance, and suddenly understood why everyone had to rush in with their sharpened heads.

As long as you come to the entrance, you can clearly see that there is a towering giant tree deep in the secret realm far away!

The aura of ancient treasures and the fragments of the demonized dragon technique of the Supreme God that made Chen Feng sure to win were released from there!

Anyone who has reached this level of cultivation, who can hold back and watch what he wants "close in front of his eyes", yet indifferent?

"what-"

Suddenly, a terrible yell drew everyone back to their senses.

Chen Feng concentrated, looking at the supreme sword formation hundreds of meters ahead.

In the arched sword formation, the sharp sword aura is compelling.

Blood red goes straight to the sky!

next moment.

boom!

A figure inside was pierced by Wan Jian in an instant.

Directly exploded into blood mist!

No bones left!

The blood is not strong enough, in this supreme sword formation, there is actually no way back.

Directly obliterated!

This scene undoubtedly made Chen Feng and others extremely solemn.

He turned to look at Mei Wuxia and others:

"I have challenged similar sword formations, and the test of blood is indeed very strict."

"Your bloodline is not strong enough. Enter my golden pagoda later. Don't venture into it."

Faced with Chen Feng's advice, everyone would naturally have no objections.

It is a matter of life and death, and everyone trusts Chen Feng incomparably.

Just as Chen Feng was looking at the supreme sword formation in front of him, suddenly, several biting murderous auras came from the edge of the sword formation.

The goal is directed at Chen Feng!

Chen Feng raised his eyes and frowned slightly.

The eyes are all strange faces.

The three of them were all tall and mammoth, looking in their early thirties, wearing red and black robes.

However, the unique vertical pupils more or less revealed their identity.

I'm afraid it's on the same team as the Sky-Swallowing Giant Python Demon outside the entrance of the Gods and Devils.

And the breath of these three people is obviously better.

The weakest is also the Great Emperor of Two Tribulations!

The tyrannical man headed by the golden vertical pupil has the pinnacle of the Three Tribulations Earth Immortal!

However, these are not the key points.

A hint of doubt flashed in Chen Feng's mind.

Could it be that these monsters have a special connection with the outside world?

Otherwise, why did he show such strong hostility to them as soon as he came in?

Just thinking of this, a bright light flashed in Chen Feng's mind.

"No, it's not right."

He looked at the three monsters and beasts again, and immediately became alert in his heart—

The hostility of these three is obviously directed at him!

This is very unreasonable.

Just outside the entrance, the showy man was obviously a beast slave.

Why are these three focusing on him?

Chen Feng secretly communicated his thoughts to you all.

Regarding this, the Tiancun Beast Slave was carefree and didn't think too much.

He patted Chen Feng on the shoulder and smiled:

"Big brother, everyone can see that you are the leader of our team."

"Isn't this kind of hostility very common?"

Chen Feng was dumb.

He was speechless to say the words of Tiancun Beast Slave.

However, after thinking about it carefully, Chen Feng no longer clings to it.

For him, no matter who the hostility of the previous three monsters is aimed at, it doesn't hurt at all.

Just do it.

Why is he afraid of a battle, Chen Feng?

Thinking of this, the nine people strode forward, ready to accept the blood test.

However, at the moment when everyone just started.

A bitter killing intent appeared inexplicably from behind everyone.

And rushed towards Chen Feng's back with a swift speed!

"Be careful!"

"Big brother, be careful!"

When it was said that it was too late and it was fast, the Tianchou Beast Slave and the others heard a loud bang just as they exclaimed.

The earth trembled violently, and the entire cliff was shaken by this Ling Tian's blow.

This blow was less of a full blow from the Three Tribulations Earth Immortal.

However, what is surprising is that the earth is not cracking at all.

Not even a gravel came out.

This is surprising.

Everyone looked at the place where Chen Feng had just stood.

Not surprisingly, he was no longer there.

Those who are familiar with Chen Feng understand that a sneak attack of this level cannot pose any threat to him at all.

The slightly scattered team gathered together at this time, all looking towards the direction of murderous intent behind them.

That is the entrance to the secret realm!

The next moment, the square entrance of the green gods and demons secret realm flashed again.

One after another, the figures filed in.

Familiar brocade clothes, familiar family pattern...

In the blink of an eye, more than ten strange faces appeared in front of everyone.

"Are you... from Zhongli's family?"

Not far from the Supreme Sword God, Chen Feng appeared, his eyes sinking.

As soon as he said it, he had already reached a judgment in his mind.

wrong.

These people are by no means all members of Zhongli's family.

Chen Feng had almost never seen these strange faces in front of him.

More importantly, the breath released from these people is unprecedentedly powerful.

The worst is also above the immortal in a robbery!

If Zhong Li's family had so many powerful people, when Chen Feng was strong to help Zhong Li Yaoqin get ahead, where were these people?

With Zhong Li Weize's hatred for Zhong Li Yaoqin and even Chen Feng, he will never show his trump card until now.

"Could it be that group of people..."

Chen Feng remembered something, and had a vague idea in his heart.

On the side, Fairy Yuheng and others gathered around Chen Feng quickly and whispered a reminder.

[Chapter 5733: Blood of Gods and Demons! Turn it on!](#)

"It seems to be a strong man from Zhongli's family."

However, Gong Licheng retorted:

"These people must be related to the Zhongli family, but I am afraid they may not be members of the Zhongli family."

Chen Feng said lightly:

"No matter who they are, since they are enemies and not friends, they should be killed."

Now, Chen Feng has nothing to fear.

He was still carrying Zhong Li's slaying order on his head, which had completely offended one of the most powerful forces on the top of the sky.

If there are too many lice, you are not afraid of itching, so why don't you have a few more?

"Chen Feng, Chen Feng, you wince, you can tell at a glance that we are not members of Zhongli's family."

"But today, you still have to die."

A man in a red robe walked out of the team of more than ten people.

The man wears a crown that is unique to Zhongli's family, and his narrow Danfeng eyes are slightly narrowed.

It was completely condescending and arrogant.

And the breath released from him was enough to support him with such confidence.

The Four Tribulations Earth Immortal Dacheng!

Even Mu Jiuyou and Wuya Taoist are not necessarily his opponents!

On the side, a dark-skinned, big-and-big-big-big-browed man came forward with his sleeves rolled up.

"Hahahaha, brother, why bother to talk nonsense with him."

"Since we are entrusted by the owner of Zhongli's family, we naturally have to solve this young man for him."

As he said, the powerful aura was released unscrupulously.

The same is the Four Tribulations Earth Immortal!

Chen Feng hasn't been looked down upon like this for a long time.

Hearing this again, he didn't have the slightest feeling of irritation in his heart.

He even chuckled lightly, and then looked at the people around him without looking back.

"Mei Wuxia, Yuheng, Gong Licheng, you few of you who have insufficient blood, advanced into the Golden Pagoda."

"Fairy Mo Rin, it is not convenient for you to enter the battle. Please retreat temporarily."

If you want to come to Wuya Taoist and Na Mu Jiuyou, there will be no problems with convenience here.

Chen Feng finally turned his attention to the crazy tiger.

Chen Feng knew the qualifications of the Tiancun Beast Slave, and he could survive the battle with his strength.

The only uncertainty is him.

Unexpectedly, Crazy Tiger nodded, looking at the Supreme Sword Formation not far away, a desire rose in his eyes.

"I can."

Chen Feng nodded, giving him all his trust.

"In that case, let's go."

With that said, he turned around and took the lead to walk towards the Supreme Sword Array.

The masters who had invited the group of clocks to leave the family behind, ignored them completely!

Looking at all these actions of Chen Feng, the Danfeng-eyed man who took the lead smiled without anger, and a slight arc was drawn at the corner of his mouth.

He shook his head and sighed with no weight:

"Looking for a dead end."

Before he finished his words, a supreme divine light shot out from his body.

At this moment, the terrifying coercion actually condensed into the shape of a flying sword.

Instantly directed at Chen Feng, indomitable, the momentum is like a broken bamboo!

Almost instantly, Chen Feng noticed the feeling of being stared at by a scourge!

However, as soon as the flying sword pierced his chest, the surrounding golden Dao Yun began to fluctuate.

In the same place, there is only a trace of afterimage!

"I don't know how your Excellency is called, so I will call it the old man for the time being."

"Old Piff, I might as well tell you that if you choose to join hands with the Zhong Li family, you are seeking your own death."

"Because, I have a huge hole card!"

Chen Feng's voice echoed above the cliff, rippling away continuously.

Under the huge abyss, he seemed to be able to vaguely hear his echo.

Hum!

The Supreme Array was activated in an instant.

This supreme sword formation is quite similar to the small Zhou Tianzhu divine sword formation at the gate of the Galaxy Sword Sect.

However, this sword formation is obviously more powerful!

As soon as Chen Feng stepped into it, the thousands of divine swords in the sword formation seemed to sense something.

It trembled frantically.

The next moment, a red light enveloped Chen Feng.

And at the moment when this red light fell, Chen Feng noticed a kind of snooping!

"Ok?"

If it hadn't been for Chen Feng to go through a similar bloodline exploration, he wouldn't have noticed it.

When he entered the Xiao Zhou Tianzhu Divine Sword Formation in the past, his supreme blood was boiling.

However, there is no such obvious feeling of being spied on.

"Is it the difference between different sword formations?"

Chen Feng secretly guessed.

However, before he could judge, the Supreme God Demonized Dragon Art in his body was more conscious than him.

Under the red light, his blood is ready to boil and respond.

But he was forcibly suppressed by the Supreme God Demonizing Dragon Technique!

Instead, in the world of dantian, a thick blood-colored chain that was inferior to the sixth rank vibrated.

This is the instinct of the Supreme God Demonizing Dragon Art to seek advantages and avoid disadvantages.

Chen Feng immediately had a judgment in his mind.

Sure enough, the sense of prying eyes was naturally led to the bloodline of the sixth rank inferior.

Then, in the sword formation, a huge voice sounded.

"Sixth-Rank Inferior God and Demon Bloodline!"

Supreme sword formation, start!

Having a strong blood is only a condition.

To be able to pass this supreme sword formation, that is the threshold.

The tyrannical murderous intent was like a wave, and quickly patted Chen Feng.

Countless sword lights shuttled through the formation, actually defending the entire passage impermeably.

All the breath in the formation is difficult to leak.

And the offense from the outside cannot invade it either.

Followed by Chen Feng were Tianchou Beast Slaves and Crazy Tigers.

Chen Feng had doubts in his mind.

Bingzhu would rather keep an eye on it than take a chance, he still came in front of the two in the first time.

"Relax and don't reject me."

After the quick secret transmission, Chen Feng did not hesitate to save the blood of the gods and demons in his dantian world.

At the same time, he also informed Taoist Wuya and Mu Jiuyou about his suspicion.

Hearing Chen Feng's guess, the two became more determined after seeing each other.

"It seems that this is not an illusion."

"There really is a problem with this Secret Realm of Gods and Demons."

The sense of spying just now is very special and definitely not owned by the common law circle.

It's more like a prying eyes.

Mu Jiu said quietly:

"The secret realm is only open for half an hour in a month, and you can see the furthest ancient treasure as soon as you come in."

"The only sword formation in the entrance still has some kind of powerful presence prying eyes."

"This pile of pieces is more like a conspiracy."

In response, Wuya Taoist nodded.

He is obviously more familiar with this situation.

"Someone deliberately set up such a secret realm, using treasures as bait to lure countless people with strong bloodlines to come."

"I'm afraid, few people can leave alive."

But no matter what you say, it's too late now.

The secret entrance behind him has been closed.

The next time I open it, it is already a month later.

And they are already in the sword formation, and there is no way out.

Chen Feng's mentality is quite good.

"No matter who it is, since you dare to use treasures as bait, you must be prepared to steal chickens and lose rice."

Too God's Demonized Dragon Technique Fragmentary Scroll, he is bound to win!

Clang!

The sound of gold and stone continued to ring in my ears.

[Chapter 5734: Who dare to move me?](#)

At this moment, his spiritual consciousness can only detect a radius of about a kilometer.

All eyes are blood-stained flying swords!

The five Chen Feng stepped on the arched sword formation and walked towards the depths of the secret realm.

Thousands of flying swords shook and trembled, and countless sword intents came towards them.

For each of them, these sword intents are quite different.

What Crazy Tiger faced was only the sword intent of the pinnacle of Earth Immortal Peak.

And what Chen Feng needed to deal with was the power of the Three Tribulations Earth Immortal Peak!

"This should be testing our limits."

Chen Feng said solemnly:

"It's not advisable to stay here for long."

"The more you drag, the more thoroughly your strength is exposed, and the more passive you will be in the secret world."

According to the information collected by Fairy Yuheng and others, after passing the entrance sword formation, there will be many tests.

However, these are obviously not the biggest tests of the secret realm.

Their real test is probably the master behind controlling the entire mystery of the gods and demons!

A powerful person with unfathomable strength!

It seems that they have sensed the intentions of a few of them, and the supreme sword formation is flourishing.

Immediately afterwards, all sword intent became more and more fierce!

As if responding to their guess.

The surrounding void is constantly shaking and tearing, and the law of space is inconvenient to use.

Chen Feng exchanged glances.

In the next moment, Taishang Yuqing's Jiushou Zhen Jue worked.

The golden rhyme is rippling.

Several people disappeared in place.

boom!

The Void continued to collapse in an instant, but it was still a step too late.

Five people have appeared thousands of meters away.

After that, the golden Taoist rhyme swelled slightly again...

This cycle goes back and forth, and within the time of a cup of tea, the five Chen Feng stepped out of the supreme sword formation before the void collapsed.

They came to the real secret forest of gods and demons!

boom! boom! boom!

Behind him, Scarlet Supreme was in the sword formation, with killing intent overflowing.

It's suffering, the mysterious powerhouse invited by Zhong Li's family.

Except for the Danfeng eyes in the red and black robe, everyone was more or less embarrassed.

What's more, his robes were torn to pieces by the sword qi.

Countless wounds are still bleeding.

"Venerable Zhengping, there is something weird here."

The black-skinned burly man looked at the leader Dan Fengyan.

This person looks rough, but also rough but fine, and his mind is quite delicate.

The middle-aged man, known as Venerable Zhengping, sneered coldly: "Weirdness is good."

At this time, Chen Feng and his party had already gone deep into the dense forest.

The fog ahead was extremely heavy, and there was almost nothing in sight with the naked eye about three to five meters away.

In the extreme distance, screams can still be faintly heard from time to time.

There was no singing of insects and birds, and the entire dense forest was silent.

There are restrictions on flying in the air.

So that the sound of people stepping on dead branches under their feet is particularly clear here.

Fairy Yuheng and others have come out of the golden pagoda.

"This is the first hurdle."

"Everyone, please don't get stuck by these poisonous miasma, which is highly corrosive."

Fairy Yuheng deserves to be Fairy Yuheng, and the news from the top of the sky is that she has vast magical powers.

With her detailed introduction, everyone quickly understood the situation at this time.

Simply put, this first test measures talent.

Those screams in front of them originated from a poison called Chaos Gu worm.

They feed on mental power and the power of stars.

Once dispatched, hundreds of fist-sized Chaos Gu worms swarmed and attacked.

It can be said that anyone who is targeted is like a shadow.

Unless the mental power is strong enough, there are enough sun, moon and stars in the star sea world.

Otherwise, there is only one dead end!

The most frightening thing is that these Chaos Gu worms are extremely hard, and there is no special group attack technique.

Thousands of them can't be killed.

Therefore, someone in the team who masters the laws of space like Fairy Yuheng is needed.

As long as you can escape from here at the fastest speed, you can get rid of it.

Or Chen Feng, who masters the rules of Taoism, can naturally leave in a similar way.

While speaking, screams sounded.

Moreover, the distance is extremely close!

"Someone is approaching."

Divine consciousness can only detect about a kilometer, and Chen Feng is more vigilant than usual.

After a while, a few figures quickly appeared within a kilometer range.

And behind them, followed a dense group of Chaos Gu worms!

Buzzing!

The dense forest, which was deadly silent, became extremely lively in an instant.

Chen Feng and others finally saw the Chaos Gu worm.

Each one has a big fist, the body is filled with chaotic aura, and the body contains a lot of energy.

The wings kept fluttering, and the gloomy poisonous gas gushed out.

That is the source of the poisonous miasma here!

"Someone!"

When the running team saw Chen Feng and several people, it was as if they had seen some kind of savior.

Without further ado, come straight here.

Among them, the leader is a strong one-eyed man.

With a fierce look on his face, he had reached out directly and grabbed Mei Wuxia.

Actually intending to take her as a victim of feeding the Chaos Gu worm!

Chen Feng's face suddenly became cold.

Those who dare to move him are looking for death!

Without any hesitation, Chen Feng flashed away and appeared in front of the one-eyed man.

Fist up.

boom!

The sudden and powerful outbreak suddenly caught the one-eyed man off guard.

But, unexpectedly, his reaction was quite fast.

The punch that was originally mortal was actually avoided by him with a special skill.

The one-eyed man finally changed his complexion.

He quickly glanced at Chen Feng, obviously he did not expect him to have such strength.

"Misunderstanding! A misunderstanding!"

"This Xiongtai, there are a lot of Chaos Gu worms chasing after us."

"This is not the time to kill each other..."

Before he finished speaking, Chen Feng had already swung another punch.

The other hand even gripped the Qingqiu Tianlong Sword, and the killing intent was also revealed.

Chen Feng's face was extremely cold.

"Stop talking nonsense, whoever dares to move me, die!"

boom!

The golden rhyme fluctuates slightly.

The knife smashed at an incredible speed.

The one-eyed man hadn't reacted yet, his body was already divided into two.

His eyes widened, and he couldn't believe it in the end, he just died like this!

Not being eaten by the Chaos Gu worms behind him and dying, but just because he stretched out his hand to protect himself.

Buzzing!

As soon as the one-eyed man fell down, the chaos gu worms that followed him were densely packed and quickly covered it.

The sound of flapping wings and the sound of gnawing flesh and blood made people's scalp numb.

Chen Feng made a decisive decision: "Quick! Go!"

Since someone has "dedicated" to delay time, it is natural not to let go of this opportunity.

However, in the next moment, a sharp sword aura rushed towards him.

"You dare to kill my second brother! I killed you!"

A brawny man with half of his head bare, roared and rushed over.

Judging from the clothes on his body, it was obviously the same as the one-eyed man just now.

The person's body was bloodstained, and his arms, chest, thighs and other places were full of wounds after being eaten.

[Chapter 5735: Chaos Gu worm!](#)

It's bloody, it's shocking to see!

"This is the power of Chaos Gu worm!"

"Quickly devour the power of the stars and spirit, gnaw and devour the flesh and blood of people."

Fairy Yuheng and others had already inquired about these news, and when they saw it with their own eyes, their complexion changed slightly.

The strong man rushed forward, apparently already putting his life and death out of control.

Several women behind him shouted worriedly: "Don't love war! Come back soon!"

But it was still too late.

Chen Feng was never a soft-hearted person.

Swipe it away.

Chaos Gu worms overwhelmed the sky and caught up again.

"what-"

The screams were endless and shocked everyone's heart.

"Three brothers!"

A cry of sorrow sounded in that team.

There were also several men who wanted to rush over, but they were held back by two blue-clothed women.

"This is what we are doing wrong, we can't do unnecessary casualties, and go quickly!"

Looking at the figures of the few people fleeing back, Chen Feng did not take advantage of the victory to pursue them.

The Tiancun Beast Slave was a little puzzled: "Brother, don't you stop talking?"

Chen Feng shook his head and motioned everyone to follow.

"None of them will survive."

After a while, there was a scream from behind.

Fairy Yuheng wondered: "Why is this?"

This time, before Chen Feng could answer, Taoist Wuya smiled and said:

"Xiao Yuheng, why don't you see the way back."

Tiancun Beast Slave, Yuheng Fairy and others looked back when they heard the words, but the colors behind them changed drastically.

"What's going on? Could it be that we are in an enchantment?"

A few people just entered the dense forest, but the miasma around them is extremely heavy, and they can still detect it with their spiritual knowledge.

Behind them, there was only an abyss.

Where is the slightest trace of the sword formation!

"There is no turning back arrow in the bow."

"Otherwise, why do you think that almost no one escapes from the entrance of the Secret Realm of Gods and Demons?"

Chen Feng's eyes were burning, looking forward.

More and more Chaos Gu worms rushed over from the depths of the dense forest.

Obviously, they were all brought over by the team just now.

"Gosh! This is too much!"

Mei Wuxia was the second best player in the team, and her pretty face turned pale when she saw this scene.

Holding the Azure Flame Divine Sword in her hand, she killed the three Chaos Gu worms approaching with a single sword.

But the three chaotic gu worms were defeated in the last second, and the next moment, they were resurrected from the chaotic air!

Fairy Yuheng looked solemn and waved to draw a space crack.

More than ten Chaos Gu worms were sent to other dimensions.

She turned around and said quickly:

"The Chaos Gu worm is made by the Qi of Chaos."

"As long as the qi of chaos does not disappear, there is no way to completely kill them."

"If you want to pass, you can only rely on speed."

She just wanted to greet everyone to approach, and use the power of space to quickly leave this level.

However, an arm suddenly appeared in front of him.

"Wait a minute."

Chen Feng's face was solemn: "There may be other ways."

He flipped his hand and took out the Hundred Ghosts Summoning Golden Pagoda, and sucked in the dozens of Chaos Gu worms that came towards him.

"You follow me behind, we rush over."

As soon as this remark came out, Crazy Tiger, Gong Licheng and others, and even the Celestial Remnant Beast Slaves all showed different colors.

Although the golden pagoda can trap those Chaos Gu worms for a while, they can swallow the power of the stars and consume a lot of Chen Feng's cultivation.

However, Wuya Taoist and Mu Jiuyou were thoughtful.

Immortal Mo Rin smiled even more:

"As expected of you, everyone, just do as little friend Chen Feng said."

Before the words fell, Taoist Wuya had already reacted.

"Hidden!"

Chen Feng smiled and nodded.

Golden Dao Yun appeared in the void again.

The Taishang Yuqing Nine Shou Zhen tactics were running quickly.

With the golden pagoda in front, all the Chaos Gu worms that rushed over were absorbed in their brains.

boom!

The crowd disappeared in place, appearing thousands of meters away.

As soon as the afterimage appeared, it disappeared again.

After half an hour, the front side's sight suddenly became clear, and the golden pagoda shook in place.

Buzzing!

All the Chaos Gu worms that were kept inside were released by Chen Feng.

What is surprising is that as soon as those Chaos Gu worms came out, they exploded into Chaos Qi by themselves.

Chen Feng and others looked back.

In the dense forest less than three meters behind them, the chaotic air quickly condensed.

Hundreds of fist-sized Chaos Gu worms reappeared.

However, this time, they rushed towards the entrance of the dense forest without looking back.

"The Secret Realm of Gods and Demons appears here, and it may have existed for millions of years."

"If the levels inside were so easy to consume, this secret realm should have ceased to exist."

Gong Licheng also understood:

"We only need to pass the test, there is no need to entangle the Chaos Gu worm that will not be consumed."

Chen Feng nodded.

This first level, if it hadn't possessed the Taishang Yuqing Nine Shou True Art Teleport, or the time and space laws mastered by Fairy Yuheng.

To break through, it's as hard as it gets!

The reason why he let everyone follow him and break through quickly on his own is not for the limelight.

Just as the Taoist Wuyao said.

On the contrary, it is to hide the clumsy!

The more treasures in the hand, the more people can think that this person's own strength is nothing more than this.

In the same way, just relying on one person to pass the test can also make people think that the strength of other people is not worth mentioning.

The Tiancun Beast Slave always cares about Chen Feng. After understanding this, he is even more worried:

"But big brother, if you are like this, isn't it equivalent to exposing your strength and putting yourself in danger?"

After all, everyone can tell that what Chen Feng uses is not the power of space.

Penetrate the Taoist rhyme of the world, blend into the avenue and right and left the Taoist rhyme at the right time.

This is not a trivial one, and even a monk who is less than the Spirit Void Fairyland can have it.

Such a powerful hole card, easy to show, too risky.

But Chen Feng looked at the Tiancun Beast Slave and patted him on the shoulder with a smile.

"Don't worry. Think about it, this secret realm mainly wants to test what."

Tiancun Beast Slave finally came back to his senses: "Talent!"

"It is the strength of the power of stars and spiritual power."

Chen Feng nodded.

"I used magic weapons and special supernatural powers to pass the level as quickly as possible, and I didn't let those Chaos Gu worms swallow too much power."

"So, it won't be noticed."

Speaking of this, his voice suddenly amplified slightly, and his eyes scanned the crowd.

"...It can be said that the power of space is the least valued ability at this level."

"Hahaha, well said."

The sudden loud laughter changed the expressions of Fairy Yuheng and others slightly.

Everyone turned their heads together and looked not far ahead.

A group of young men and women came out from behind the hill a kilometer away.

There are eight people in this line, two women and six men, with one woman in Xuanyi as the center.

And the one who laughed was the blue-clothed young man beside the woman in Xuan Yi.

Chen Feng could tell that these people are all good.

Especially the Xuanyi woman and the blue-clothed man, there are also three tribulations above the immortal Dacheng.

[Chapter 5736: Clumsy!](#)

And the woman in Xuan Yi and Fairy Yu Heng were quite similar in breath.

Come to think of it, they passed the first hurdle, relying on the power of this woman's time and space.

However, what moved Chen Feng the most was the breath of blood inside and outside of them!

The Supreme God Demonizing Dragon Art is slowly rotating.

Judgment was quickly reached in my mind.

The bloodline of the blue-clothed youth is the fifth grade medium.

As for the mysterious woman, she has a fourth-rank inferior high!

Moreover, these two are authentic blood of gods and demons!

Had it not been for Chen Feng's early suppression of his own blood and aura, I am afraid it would have been exposed.

The remaining six people in the team are also quite extraordinary.

The most inferior one is also seven-grade high-end.

At this moment, four out of the eight had a hint of chaos on their heads.

Chen Feng asked lightly:

"How many come here, I don't know what you can do?"

The blue-clothed youth strode forward.

"You can pass the first test so quickly, and you can comprehend the core of the trial of the gods and demons."

"Although the cultivation base is a little weaker, it is considered a talent. It's better to join us altogether."

Behind Chen Feng, everyone's expressions were also a little subtle.

The group looked at each other, not knowing what reaction they should make.

"Sorry, we are not interested."

Chen Feng directly refused.

There is a problem with the Secret Realm of Gods and Demons itself, and he is bound to win the fragments of the Supreme God Demonizing Dragon Technique on the towering giant tree.

Therefore, there can only be people who can be trusted.

If it weren't for Gong Licheng's relationship, Chen Feng wouldn't even want to form a team with Mu Jiuyou.

Chen Feng's direct refusal immediately made the blue-clothed youth's face look ugly.

He sank and reminded again:

"As we all know, the pass rate of the Secret Realm of Gods and Demons is extremely low, and those who come in can get out alive, pick one from a hundred miles."

"Although you have passed the first level, the Secret Realm of Gods and Demons has not been rewarded."

"If you don't follow us next, you will definitely die!"

In these words, everyone caught the key information at a glance.

"reward?"

Chen Feng looked at the chaotic air above the blue-clothed youth's head.

"What do you mean by rewards?"

The blue-clothed youth showed arrogance and nodded in confession.

"We kindly give you a way out, and urge you to hurry up and be grateful to Dade for joining us."

At this point, Chen Feng had a little judgment in his mind.

"You still don't want to be so kind, and we don't want to drag people back, so don't live here."

Before he finished his words, another yellow-clothed young man with a chaotic air above his head strode forward with a long sword in his hand.

He glared directly at him, and scolded:

"Bold! How dare you refuse us! Don't toast or eat fine wine!"

Chen Feng smiled.

"You and I are neither relatives nor reasons. You want us to 'drag your legs' just because you want to use us as a shield."

"Why refuse you?"

Speaking of this, the eight-man team finally stopped pretending.

The mysterious woman stared at Chen Feng coldly, and finally said coldly:

"Since you know, then there is no need to say more."

"Either be our slaves, be pioneers, or die. Choose for yourself."

Chen Feng looked at the countless steep mountains in front of him.

There was a barren and dead silence.

He curled the corners of his lips slightly, revealing his signature smile:

"Since we chose it ourselves, of course...you die and we live."

After speaking, the Qingqiu Tianlong Sword in his hand was full of fighting spirit.

Fairy Yuheng, Crazy Tiger, Tianchou Beast Slave and others all stepped forward and stood side by side with Chen Feng.

"Boy, you are crazy!"

The woman in Xuan Yi's eyes grew colder, and she waved her hand and shouted, "Kill them."

The war is about to start!

The corners of Chen Feng's mouth squirmed lightly, and then quickly roared.

The next moment, he disappeared in place.

boom!

The dazzling blade light instantly illuminates a radius of kilometers.

The man in yellow clothes who walked the nearest was cut in half with a knife on the spot.

The blood of the gods and demons sprang wildly in the air.

In an instant, Chen Feng seemed to feel a slight change in the void.

The earth seems to be incarnate into a mouth of blood at this moment.

Waiting to swallow everything.

It's just that this feeling is fleeting.

It was so fast as an illusion.

Chen Feng didn't think too much.

The Supreme Demon's Demonized Dragon Art swiftly moved and began to absorb it!

And his good brother Tiancun Beast Slave also roared forward.

plunder!

In a blink of an eye, the yellow-clothed youth's cultivation base was looted!

Even the blood of the **** and demon that hadn't been awakened long was divided up by the two brothers.

"He actually killed Zhong Wei! Killed him!"

The blue-clothed youth was furious, and several people behind him also showed anger and rushed over.

In an instant, the seven burst out of powerful coercion.

Except for the yellow-clothed youths, the remaining three chaotic people above their heads no longer hide their clumsiness.

And the other four people gathered together quickly, actually planning to form a battle!

boom!

In an instant, a majestic killing formation was formed.

The sword light is all over the sky, murderous!

A phantom figure gradually emerged from the center of the killing array, facing the storm, and quickly reached a giant of ten meters!

"kill!"

The phantom could not see the facial features, and could not see the joy, anger, sorrow, and joy.

Reaching out his hand, he pointed out a finger, and the target was directed at Chen Feng!

At the same time, Chen Feng's whole body, time and space stagnated!

No matter where it dodges, it is like acting in place, laughing generously.

To outsiders, his movements are as slow as a tortoise crawl.

Seeing this scene, Fairy Yu Heng's expression turned abruptly cold.

She sneered again and again: "It's ridiculous to dare to make an axe in front of this fairy!"

It was too late and then soon, a red light flashed.

The golden rhyme immediately lit up.

boom!

There was a loud noise.

However, Chen Feng's figure disappeared in place.

"No! They are hiding!"

The woman in Xuanyi's complexion changed, and just as she was about to order to retreat, a warning sign rose from behind.

Instinctively reminded her that the crisis was approaching.

Without saying anything, she immediately waved her jade arm, and the law of time and space revolved.

But at the moment when he was about to disappear, a low man's voice rang in his ears.

"Sorry, your reaction is too slow."

A big rough hand easily smashed her space shield, penetrating the twisted time and space all over her.

It directly buckled her snow neck.

"Stop it all!"

The war came to an end just as it started.

The complexion of the man in blue and the others changed drastically, staring at Chen Feng behind the woman in Xuan Yi with a hideous face.

"You know who she is! If you dare to touch her hair, the consequences will be disastrous!"

Hearing this, Chen Feng looked down and laughed.

In an instant, the golden Taoist rhyme reappeared all over the two of them.

Hum!

When it was said that it was too late, the two of Chen Feng flashed out of the four-person formation, and swung their free hand with a knife.

The head is flying, and the blood is flowing like a shot!

The ten-meter phantom disappeared!

On the other side, the Celestial Beast Slave made a fierce move, punching the remaining two through the chest.

The battle conditions came to an end.

The one-sided situation made the only woman in Xuan Yi feel regretful.

Unexpectedly, this nine-member team seemed to have a cultivation realm that was nothing but one tribulation immortal or two tribulation immortal.

[Chapter 5737: Is it amazing?](#)

There is not even a person who has gained the Qi of Chaos.

Who would have thought that they were actually hiding themselves?

The woman in Xuan Yi forcibly resisted the fear in her heart and still remained calm.

She said coldly: "I am the ancestor and daughter of the ancient star Xia, Xia Mengyun."

"This time I missed it. Mengyun apologizes to you and hopes to save me a life."

Chen Feng was not moved when he heard the ancient star of Tiannan.

However, Fairy Gong Licheng and Fairy Yuheng were quite surprised.

The two were quickly introduced to the others.

The ancient star of Tiannan is a planet near the ancient star of Fallen God in the periphery of Guixu.

The size and age are comparable to those of Fallen Ancient Stars.

There are rumors that the Fallen Ancient Star was not even as good as the Tiannan Ancient Star before encountering the Ancient God War.

This is the first time Chen Feng has come to the world outside the same plane on the top of the firmament.

Based on such remarks and the reaction of Mu Jiuyou and others, he basically came to a conclusion.

Whether it's the ancient star of Fallen God or the ancient star of Tiannan, it belongs to a special world between Zhongqian World and Daqian World.

It is worth mentioning that there are still many gods and demons among the ancient stars of Tiannan!

The declining Avenue of Gods and Demons still retains a ray of heritage here.

Xia Mengyun deserves to be from a big family.

After noticing Chen Feng's concern for the Avenue of Gods and Demons, he immediately breathed a sigh of relief and threw out an olive branch with a smile.

"If you protect me all the way, when I get out of the Secret Realm of Gods and Demons, I can teach you a sixth-grade Hong Rank God and Demons body refining technique."

Chen Feng smiled.

He retracted his hand holding Xia Mengyun.

Just as Xia Mengyun began to clean up her appearance gracefully.

Hum!

A sharp blade of light was cut down in an instant!

The confident smile on Xia Mengyun's face instantly solidified.

The face is full of disbelief.

"You... dare to... kill me!"

Chen Feng put away his smile, faintly lowered his eyes and said, "Sixth-Rank Hong? Is it amazing?"

"Why do you think that I will be short of the magical skills of the sixth rank of the Hong Rank?"

It wasn't until this time that Xia Mengyun finally realized that he was so wrong!

Fairy Yuheng said lightly:

"Let you know if you die, we are from the center of Guixu."

Xia Mengyun's body shook as soon as he said this, and finally understood everything.

The center of Guixu is a very difficult existence among the many ancient stars in the periphery!

Countless supreme powerhouses rushed into it, and they never came back!

There, it is rumored to be a slaughterhouse for the strong!

"What kind of group of people did I... provoke..."

Before the consciousness disappeared, Xia Mengyun's heart was full of fear.

"People in the family, don't come for revenge..."

However, she was unable to send any more signals.

boom!

In the deepest part of the ancient star's Xia family master's mansion, the soul lamp was extinguished.

The disciple of the inner family who was guarding the soul lamp changed abruptly, and immediately rushed out the door to shout.

"It's not good! Missy's soul lamp is out!"

Everyone in the Xia family was angry!

Soon, the head of the Xia family, Xia Chenghai punched out and came to the soul lamp room.

"Who dares to kill my son!"

He was distraught and angry!

With a wave of sleeves, the broken soul lamp lighted up again.

A light curtain immediately appeared in front of everyone.

Above the light curtain, the whole process of Chen Feng's killing was clearly shown.

"This is where!"

Xia Chenghai clenched his fists, furious.

Someone immediately knelt down and said, "Go home, the eldest lady said earlier that she was going to the Secret Realm of Gods and Demons to back up her birthday gift for you."

"Come here! Call my second brother."

"My two brothers will personally go to the Secret Realm of Gods and Demons to avenge my son!"

How dare everyone in the Xia family disagree?

Xia Mengyun, but the only genius in the Xia family who awakened the blood of the gods and demons early and broke through to the Three Tribulations Earth Immortal smoothly all the way!

And she has practiced till now, but just a few hundred years!

...

Chen Feng didn't know anything about the Xia family, and didn't bother to know.

At this moment, they are fighting against people—

Those strong men invited by Zhong Li Family finally passed the first level and came to them.

Chen Feng's complexion was extremely ugly.

The red robe Danfengyan people came at an untimely time.

But the brawny man with wide eyebrows and the others fought hard as soon as they came up, and there was no room for the slightest nonsense.

At this moment, Chen Feng finally knew the identity of the old man with red robe and phoenix eyes.

He is the brother of Zhong Li Yuchao, the current patriarch of the Zhong Li family!

Pu Jinglong!

Although he has not joined the Zhongli family, he is equally qualified to wear the costumes of a member of the Zhongli family's house.

boom!

Following Chen Feng's death sentence, his expression suddenly changed, and his figure suddenly stopped.

"Wait!"

"I'm afraid it's not a good time for you and me to fight."

Pu Jinglong sneered again and again: "Why, Chen Feng, you actually have a moment of fear?"

Chen Feng didn't bother to talk nonsense with him, and directly stretched his finger down.

"Didn't you find out?"

"Those corpses, disappeared!"

As soon as these words came out, everyone in front of them finally stopped.

Pu Jinglong glanced down, and then sneered:

"Chen Feng, Chen Feng, I have long heard of your scheming, but I didn't expect to be able to play this kind of trick."

While speaking, Pu Jinglong raised his hand and waved a palm.

It actually used ten percent of the power!

Killing splash!

Chen Feng didn't dare to resist a full blow from the Four Tribulations Earth Immortal Dacheng.

He immediately took out the large Xiu Luohong furnace and quickly enveloped everyone in it.

"What's the next level?"

Chen Feng quickly asked Fairy Yuheng.

"It's a kind of extraterritorial celestial demon called a succubus."

"This pass, no one has heard of passing it at the moment!"

"Duan Xingzhi and others returned in a terrible defeat, it is also a loss here, no matter how hard it is to diligently!"

Hearing this answer, Chen Feng was taken aback.

"Succubus? From outside the territory?"

There are many kinds of demon on the outer battlefield, but there are not many called succubus, right?

Besides, how many extraterritorial battlefields can there be!

For a time, Chen Feng sighed.

Should it be said that the master of the secret realm of Gods and Demons is capable of reaching the sky, or should it be said that there is no coincidence to make a book?

It happened that he had fought against the succubus.

It just so happens that there is a mask peeled off from the face of the succubus in his hand!

Boom!

The long sound of gold and stone rippling out.

Chen Feng didn't want to care too much about the extraordinary team of Zhong Li Family.

"Immediately enter the second level!"

He shouted, and then took the lead and rushed into the mountain peak and stone forest in front of him.

Taoist Wuya smiled upon seeing this: "Why, have you dealt with?"

Chen Feng nodded, with a touch of confidence on his face.

"Perhaps in them, I can find out the truth."

As soon as the group entered the stone forest.

Suddenly, the whole body lightened.

Yukong prohibition, disappeared!

However, at the same time, the originally gray mountain peaks and stone forests were also gone.

They seem to enter a certain illusion.

Even though he had dealt with the Succubus, Chen Feng encountered this situation for the first time.

Look around.

Fortunately, with the great Xiu Luo Honglu, and the awe of Taoism, Illusory Realm has to back down.

Pu Jinglong and the others disappeared behind him, but Tian Can and others never disappeared.

[Chapter 5738: Powerful illusion!](#)

It's just that some people's eyes are extremely empty, and they obviously have the way of the succubus.

Chen Feng immediately urged heaven and earth to reincarnate in heaven and earth.

At the same time, he injected another three-point star power into the great Xiu Luohong furnace.

Hum!

Soon, everyone regained consciousness.

Fairy Yuheng and the others immediately took a breath of air-conditioning, their faces pale, and they were afraid after a while.

"What a powerful illusion!"

"I waited until I didn't do anything, nor did I see anyone else, I was actually dragged into the illusion while on guard!"

Gong Licheng clasped his fists: "Thanks to Brother Chen, we are out of the illusion."

Who knows, Chen Feng shook his head.

"You take a closer look at the surrounding environment. We are still in the illusion."

Everyone is only now looking out, and the expression behind them is solemn.

Mei Wuxia looked at Chen Feng with a timid expression on her face: "Brother Chen Feng, what is this confusing succubus?"

Seeing that everyone didn't know much about it, Chen Feng didn't hide it.

"The bewitching succubus is a special kind of demon from outside the territories, which can perceive the deepest thoughts in our hearts."

"It is mostly shown in the image of a charming and enchanting witch, but the body is extremely ugly, the shape is inhuman, and the male and female are indifferent."

"They have a special mask on their faces, as thin as a cicada's wing, which can be changed and changed, even their breath and charm are almost the same!"

Hearing this, everyone looked ugly.

Crazy Tiger also expressed his doubts:

"At this time, we entered the illusion without even seeing the shadow of the succubus."

"How to solve this level?"

Chen Feng couldn't answer this question immediately.

Although he had dealt with the succubus, at that time, there was only one on the other side.

And the illusion here is so strong that it can't be achieved by one or two succubus.

Chen Feng's heartstrings were so tight that he didn't dare to relax a little bit.

"Today's plan, I'm afraid we have to let the confusing succubus take the initiative to show up."

After saying this, the surroundings fell into silence.

Everyone was standing above the void at this time, there was no cloud in all directions, and the vast ocean below.

No trace of living creatures can be seen.

"I have a question."

Suddenly, Mu Jiuyou said coldly, "How can we ensure that there is no disguise of the succubus among us?"

This question was not only thought of her.

Even Chen Feng thought about it himself.

Even since the surrounding environment has changed, he has this worry in his heart.

Chen Feng's eyes swept across everyone's face one by one.

Suddenly, he laughed:

"Is it difficult to pass this level?"

The next moment, Chen Feng disappeared in place.

boom!

The blood-stained Qingqiu Tianlong Sword came out through the chest from behind.

The Tiancun Beast slave's complexion changed abruptly, and he turned his head in disbelief.

An identical figure was smiling at him.

"Looks and breath can be imitated, but instincts and stunts cannot be imitated."

Heaven and earth repeatedly reincarnate in heaven and earth, and suddenly gain power!

The faces of the players who had stood in front of him suddenly changed.

Some wanted to escape, but Chen Feng grabbed their heads.

In the space of repetitive reincarnation of heaven and earth, the second huge vertical pupil slowly burst out bright white light.

This exercise has three distinct powers.

The first giant eye is used for mass mental attacks.

The third giant eye is to condense the black magic heart and implant it in the depths of the opponent's spiritual world.

As for this second giant eye, although it is rarely used, it can spy on the other's life experience.

It can be said that, in a sense, the utility is the same as the power of the succubus!

"Let me see, what is the most fearful thing in your heart!"

The bright white light keeps expanding.

The "Fairy Yuheng" in front of him screamed in inhuman pain.

Hum!

Opening his eyes again, Chen Feng's eyes were full of clarity.

There are still mountain peaks and stone forests in front of me, with rugged rocks.

However, all his companions who were sheltered in the Great Asura Hong Furnace disappeared!
Even behind him, Pu Jinglong and other mysterious masters sent by Zhong Li's family disappeared.

It's just that there was a pool of fresh blood at the feet in front of him!

And in his hand, there was an ugly head tightly clutched.

A mask that was as thin as a cicada's wings slowly drifted down and was held in his hand.

"Tsk! It disappeared again."

Chen Feng's face was solemn, and it was rare to see obvious irritability on his face.

The head clenched tightly in his hands showed a look of horror at this time.

At the same time, there are endless doubts.

It kept yelling: "Why can you use our abilities?"

Chen Feng did not answer him.

He spied the secrets he wanted to know.

Sure enough, the most feared succubus of those detained here is indeed the mysterious behind-the-scenes master.

But the answer is frightening!

...

"what-"

The roar sounded from a distance.

Random, there is a loud noise.

That was the voice of the Heavenly Cruel Beast Slave.

Chen Feng forcibly put away his mind and looked down at the head in his hand.

"I can let you live with your people, but next, I need your cooperation."

boom!

Chen Feng rushed forward quickly.

Taishang Yuqing Nine Shou Zhen tactics, running at full capacity!

In an instant, a golden domain with a radius of one thousand meters quickly unfolded with him as the center.

"I will kill you-"

The Heavenly Canal Beast Slave, who was still roaring and roaring, suddenly turned around in front of him in the next second.

When he returned to his senses, he could vaguely see a figure swiftly approaching in front of him.

The spiritual world was in chaos, and the Heavenly Remnant Beast Slave would instinctively shoot forward with a palm.

"Thank you! It's me!"

Suddenly, Chen Feng's voice suddenly exploded in the spiritual world.

"Concentrate calmly and quickly return to mind."

As the familiar voice fell, a pure star power was penetrated into his body.

Hum!

In an instant, the eyes of the celestial beast slave regained clarity.

He blinked and finally saw the person in front of him: "Brother! I am..."

Chen Feng patted him on the shoulder and stuffed him with a pure heart gold pill.

"This is the skill of the succubus. When we stepped into the stone forest, we actually entered their illusion."

"You can hold this golden pill first, and hold it in your hand to maintain clarity. You don't need to take it."

"Before passing this pass, it is best to always be vigilant."

Tiancun Beast Slave nodded.

While clenching the golden core in his hand, the hesitation in his eyes towards Chen Feng was temporarily restrained.

Chen Feng didn't care, but rather affirmed the reaction of the Tiancun Beast slave.

It should be so vigilant!

The two continued to move closer.

It took less than a cup of tea from stepping into the fantasy world, and everyone shouldn't run too far.

Even Fairy Yuheng would not easily use the law of space.

Sure enough, after a while, Chen Feng found everyone.

Hum!

After everyone was taken into the Golden Pagoda of Hundred Ghosts, most people finally breathed a sigh of relief.

Chen Feng quickly informed you of the situation.

After listening, many people's faces are quite ugly:

"This succubus's illusion is really frightening, I really didn't notice the slightest strangeness!"

[Chapter 5739: This is not an illusion!](#)

"Then we have passed this level?"

Chen Feng shook his head.

He glanced at the other eight people and laughed.

"It should be said that God helped me too!"

"This illusion is so wide and deep that if I hadn't had a mask, it would be difficult to get out of it."

Speaking of this, Chen Feng glanced at Taoist Wuya, Immortal Mu Jiuyou and Immortal Mo Rin.

"The three must be the same."

Taoist Wuya nodded and admitted generously.

"This extraterritorial celestial demon does have some abilities. Although I have just noticed it, I still haven't got a clue about getting out of it."

Speaking of this, he immediately reacted.

The others also reacted.

They looked at Chen Feng, their eyes brightened: "You want to take the opportunity to solve the group of Zhongli family members!"

"Yes!"

Chen Feng's eyes were burning, and he stood with his head high.

"In such a situation, God helps me, dare to slaughter the gods with the cave!"

At this moment, the fighting spirit in everyone's hearts was aroused.

What Chen Feng said is quite true.

If it weren't for this superb illusion, it would be inevitable for them to confront Pu Jinglong and others head-on.

However, it is different now.

They have got rid of the illusion and occupy the absolutely advantageous side.

And with the use of the succubus, they can easily insight into the most feared things in the depths of their subconscious.

Kill them, even without effort!

Fairy Yuheng smiled and looked at Chen Feng:

"Chen Feng, since it's all here, you must already have a plan."

Upon hearing this, Chen Feng smiled slightly.

"That's natural."

...

Pu Jinglong closed his eyes tightly, working on his magical powers with all his strength.

Since then, after he stepped forward into the second level of the Gods and Demons Secret Realm, the picture in front of him changed instantly.

He actually returned, the top of the sky!

"All this is an illusion!"

"As long as I don't believe, don't see, or don't want to, how can I do nothing with mere illusion!"

After all, Pu Jinglong is an immortal of the Four Tribulations. What kind of experience hasn't he experienced before?

Immediately a series of reactions were extremely skillful.

However, the situation far exceeded his expectations!

I meditated on the spiritual consciousness-like mental methods in my heart, and ran the exercises with all his strength, and the Xinghai world was bright.

But after a long time, the surrounding area is still the top of the sky.

Moreover, there was a screaming scream from far away.

boom!

In an instant, the whole world suddenly shook!

The movement was so loud, as if the world had just been penetrated.

The sky is falling apart!

"This is... This is definitely an illusion!"

Pu Jinglong's face was already extremely ugly, and his closed eyes trembled fiercely.

"It seems that this level is to let me face the people, things, and things I fear most in my heart."

"But as long as I call myself five senses, I am still in the mountains and forests."

Having figured this out, Pu Jinglong could not wait to double hands.

However, at the moment when he was about to proclaim his Five Senses, Pu Jinglong suddenly turned around fiercely.

Throw out a sleeve.

boom!

The popping sound was deafening.

However, behind him, a voice sounded almost against his scalp.

"Old Piff, are you getting slaughtered?"

This familiar voice sounded, although it was not a life or death threat, it really made Pu Jinglong confused at this moment.

"How can it be!"

All this in front of him is obviously the most fearful thing deep in his heart.

How can Chen Feng appear here?

Pu Jinglong, no matter how ridiculous, never thought that such an ant as Chen Feng would be a person he was afraid of.

But... how can all this be explained?

Huh—

At this moment, he suddenly opened his eyes.

Boom!

Above the boundless void, heaven and earth began to crack.

A terrifying catastrophe that is too familiar to be familiar is staged again!

"Could it be that this is not an illusion, but..."

Pu Jinglong immediately dissipated his consciousness, and quickly probed the rhyme left in the void.

Suddenly, his cold expressionless face suddenly turned pale!

"How can it be!"

Even though the concealment is excellent, he clearly detected a lot of time and space power!

"In other words... I'm not in an illusion."

"Instead, go back in time!"

When Pu Jinglong thought of this possibility, he felt as if he was hit hard.

At this moment, his mind was completely out of defense!

Not far away, Chen Feng stared closely at Pu Jinglong's reaction, and at the same time looked around.

He could see that this was the top of the sky.

However, it was not the top of the sky that he was familiar with.

Here, on top of the most familiar blessed land, there is actually a superb blessed land that has been blocked by the dominion of heaven!

Compared with these super-quality blessed land, Yipin blessed land instantly eclipses.

One after another complete star primordial stone veins can be seen everywhere!

A large number of galaxies dumped into the super product blessed land, like a dragon waterfall.

Only the shed stars will be distributed.

Layers are divided by the blessed land below.

It can be said that Chaopin Fudi has the most resources on the top of the sky!

But, at this moment, those super-quality blessed places are all annihilating!

"This is the most fearful existence in Pu Jinglong's heart."

Chen Feng's mind was full of thoughts, and many thoughts passed away in a flash in his mind, which was difficult to capture.

He looked up.

This is an unprecedented catastrophe!

The top of the sky that is so majestic and magnificent, swallowing mountains and rivers, is actually like a fragile piece of white paper at this time.

The void was torn into a huge hole.

Countless floating mountains are cracking inch by inch.

The galaxy flows backwards, the mountains are whistling with tsunami, and there is an aura of destruction and ruin everywhere.

Even just looking at all these "phantom shadows", Chen Feng can still feel the immersive fear.

The entire top of the sky, like a pair of invisible giant hands, is tearing it apart!

It was in this situation that Chen Feng clearly saw the truth.

All the blessed land, especially the surrounding areas of the super-quality blessed land, are lit up with a misty beam of light!

They are like chains, connecting all the creatures in the blessed land to the top of the dome.

There were screams everywhere.

However, at a glance, Chen Feng could see that the monks were not tired of the catastrophe.

But—

On the heads of countless immortals, the titles of destiny lit up!

At this moment, those destiny titles have actually become their fate!

The green and misty beam of light is connected to the top of the dome through those destiny titles.

The top of the sky is extracting the source of life for all beings!

Obviously, there are monks who are trying their best to get rid of the title of fate that they bothered to get in the past.

Even if someone uses special means to strip the title of Mandate of Heaven.

At the next moment, a ruthless, vast voice sounded.

"Those who stripped the title of Destiny without authorization, obliterate!"

The blood-colored beam of light continued to land in the large cyan beam of light, which was really conspicuous.

Chen Feng turned around and looked at Pu Jinglong.

Pu Jinglong at this time has been completely bewitched by the bewitching succubus.

"Big Brother!"

A sad cry sounded.

Chen Feng looked down with Pu Jinglong, and saw a young man flying quickly in a superbly blessed land below.

This person is 70% similar to Pu Jinglong, apparently his brother.

[Chapter 5740: Destiny!](#)

However, the youth at the moment is covered in blood!

The title of Destiny on his head, I don't know what secret method was used to seal it, and it has never been lighted up.

And in his hand, holding a token!

A heavy token with a large palm, with delicate and complex family patterns on it.

In the middle, there is also a big "Pu" printed!

As soon as he saw this token, Pu Jinglong staggered, his expression extremely sad.

"Father he..."

The young man rushed forward crying:

"Constrained by the dominance of Heaven, all super-grade immortal gates are responsible for repairing the top of the sky at a critical moment."

"Father, second uncle, and third uncle, they all sacrificed!"

"Father asked me to hand over the Patriarch token to you before his death. From now on, you will be the new Patriarch of our Pu family!"

Looking at this scene, Chen Feng hesitated.

According to the plan, he should have taken advantage of Pu Jinglong's confusion and directly hit him badly.

Even beheaded directly!

But the amount of information in front of you is really too big.

He raised his head and looked above the dome.

The end of all the cyan chain-like beams of light is a familiar giant tower!

The Great Tower of Tibetan Scriptures!

Moreover, it is the highest level!

This is the place where Chen Feng was summoned by the Lord of Heaven not long ago.

I'm afraid not many people know about the entire top of the sky.

The top of the giant tower of the Tibetan Scriptures of the heavens is actually the place where the Lord of Heaven lives!

"Unexpectedly, I would be here and discover the secrets of the top of the sky."

Obviously, countless years ago, there was a terrifying catastrophe at the top of the sky.

This catastrophe greatly hurt his vitality.

The former superbly blessed land, all disappeared!

I don't know if it was split out or absorbed by the Lord of Heaven and turned into its own use.

In an instant, Chen Feng suddenly remembered what Mu Jiuyou said when he was resurrected.

"I've heard of the top of the sky."

"But, there is a big discrepancy between the people I know here."

At the beginning, Chen Feng didn't understand what it means to be "very different."

Seeing all this in front of him, he completely understood.

The huge towers of the Scriptures of the past, high above the sky, shocked the entire top of the sky.

Now it is in the center of the top of the sky, facing another giant tower of the heavens and ten thousand worlds similar to it.

And the top of the sky in the past is even bigger!

The current site is probably only one-third of the original one!

Suddenly, the secret transmission of Fairy Yuheng resounded in the spiritual world:

"Chen Feng, why don't you do it yet?"

"What happened?"

At the moment when he heard the voice of Fairy Yuheng, Chen Feng immediately returned to his senses.
Secretly whispered in his heart.

Obviously knowing that there is an illusion in front of him, but all this is so shocking, he almost missed his business!

Now that he has learned this secret, Pu Jinglong doesn't need to keep it anymore.

After thinking about the catastrophe that year, the superb blessed land powerhouses who have survived are also hidden from the world, cultivate and rejuvenate.

The Zhongli family has lived on the top of the sky for thousands of years, and naturally has some connections with some of them.

Pu Jinglong is the head of the Pu family.

Regardless of whether he is still the head of the Pu family.

Anyway, Chen Feng knew that once he was killed, it would be equivalent to stabbing the hornet's nest of the Pu family.

"But why am I afraid of this?"

He concentrated his eyes, the corners of his lips curled slightly.

Just about to start the signal of a full-scale attack, suddenly, Chen Feng stopped again!

The illusion continues.

He didn't expect that, in the illusion, a very familiar figure appeared!

"Great Desolate Lord!"

That black jersey, sword eyebrows and star eyes, a **** young man who fought hard, who could not be the great deserter when he was young?

I saw the great wilderness lord in the illusion, jumping up from another super-blessed land.

The title of destiny above the head is shattered inch by inch in the misty beam of light!

With a vigorous posture, the muscles in his hands are knotted, and the veins are violent.

The breath that burst out, just like the ancient mythical beast, is trembling!

With just one glance, Chen Feng could conclude that his cultivation base at that time must have been above the Lingxu Land Wonderland!

It may even be above the Holy King Realm!

Chen Feng immediately concentrated and looked at the place where the great desert master came out.

"Zhai Mansion!"

Zhai Changzun, Zhai Mansion!

Chen Feng thought of many things in his mind.

Judging from the performance of Zhai Changzun's terrifying power in the Xuanhuang Zhongqian World.

I'm afraid that as the Desolate General of the Great Desolate Lord's Palace, Zhai Changzun and the Great Desolate Lord have a closer connection.

I saw that the great desert lord tried his best to pour the Fang Tian painted halberd in his hand into all his cultivation bases.

His eyes shot out two flashes of lightning.

Throw it hard!

Like a changhong piercing the sun, cutting through the void, pointing straight to the giant towers of the Buddhist scriptures above the dome!

boom!

A bright light shines outside the huge tower of Tibetan Buddhist scriptures.

With this full blow, most of them were stopped.

However, the green and misty beams of light that connected the sentient beings were visibly dimmed by the naked eye.

The great voice of heaven dominates again:

"Zhai Jiuxiao, as the Patriarch of the Zhai family, are you planning to abandon your clansman!"

In this deafening voice, Chen Feng rarely heard a trace of sullenness.

It is rare for the Lord of Heaven to be so angry.

But right now, this is not what he cares more about.

The real name of the Great Desert Lord is Zhai Jiuxiao!

He is the Patriarch of the Zhai Family of Chaopin Fudi!

An absolute powerhouse who has had a Saint King Realm or even stronger cultivation base for an unknown number of years!

No wonder it can be invincible in Xuanhuang in a thousand worlds just by projection!

Not long ago, only one clone appeared, completely shocking Zhong Li and Weize to defeat!

Chen Feng quietly looked at the man in the distance.

The world is shattering, and all creatures are wailing.

Zhai Jiuxiao stood alone on the void, looking up, but clearly looking at the world.

"If I can wake you up as a **** today, I won't regret Zhai Jiuxiao's death!"

He pointed angrily at the mountain and river behind him.

"I ask you, if there is nothing, there is no way of heaven!"

Billowing roar like thunder, in this doomsday, spread to every corner.

However, the top of the giant tower above the dome, the Lord of Heaven was still unmoved.

The green and misty beam of light rushed towards Zhai Jiuxiao.

It was an attempt to reactivate the destiny title above his head.

Chen Feng took the opportunity to look closely and finally found some unexpected gains.

His pupils shrank suddenly: "The title of Destiny is actually a chain of shackles that handcuffs the soul of life!"

This is equivalent to a war slave contract!

The Lord of Heaven can extract everything from the immortals through this channel.

The only difference is that everyone can resist.

As long as you have the ability to resist!

For example, Zhai Jiuxiao in front of me is one of them!

His whole body exploded with an unprecedented divine light, and the void was distorted, constantly shattering and reorganizing.

The power of the dominion of heaven is hard to get close to him within a kilometer!

At this moment, Zhai Jiuxiao's ink danced wildly, and the black shirt was blown by the hurricane to hunt and hunt.

He turned into a light at the top of the dome.

"My destiny is for me, and I am for all beings!" These eight words kept echoing on the top of the wobbly sky.
