

Peerless 5741

[Chapter 5741: I am for all beings!](#)

Even if the void crack swallowed countless sounds, even if the world is still splitting faster.

boom!

Subsequently, Chen Feng heard the roar of countless strong men.

Countless figures followed Zhai Jiuxiao's light and rushed towards the top of the dome.

The huge tower of Tibetan scriptures in the heavens is down!

Rumble!

Fairy Yuheng's voice sounded in Chen Feng's ear again.

"Chen Feng! What's wrong with you Chen Feng!"

Withdrawing his mind again, Chen Feng could still feel his heart surging.

My destiny is for me, I am all beings!

What a fate is for me, I am all beings!

I've always listened to "My fate is my fate", but in front of this sentence, it is suddenly not worth mentioning.

If there are no things, how come there is heaven?

The Way of Heaven itself was born from the will of the common people!

Between the electric light and flint, Chen Fengfu's soul instantly entered a certain mysterious realm.

He had an epiphany!

In fact, he has already played this truth countless times.

Isn't the supernatural power of the Ninth-Rank Hong-level Yuqing Nine Shou True Art the connection between man and heaven?

"Is it true that in the future, all galaxies in my star sea world will give birth to life and even civilization."

"Not only does it depend on my will, but also makes good use of sentient beings!"

Hum!

For some reason, the stars are shining in the star sea world.

The third star soul concealed in the deepest part of the star sea, the phantom of the ancient Buddha, moved.

Its eyes, which were always closed, trembled slightly.

The appearance of no joy and no sorrow, vaguely seems to have become a little kinder.

However, I can't stay any longer!

Chen Feng opened his eyes, and his eyes burst out.

I know what I need to know.

However, the complete plan he had originally made had to be adjusted accordingly!

Pu Jinglong and others, can't kill!

"I'm fine, Yuheng! How many people are still alive?"

While speaking, Chen Feng took off the mask that was as thin as a cicada's wings.

Fairy Yuheng and other people suddenly appeared in front of him.

No one thought that Chen Feng himself did not act according to plan.

"Pu Jinglong and two other Four Tribulations Earth Immortals are left."

"What's the matter? What happened."

Fairy Yuheng was puzzled.

However, there was no impatient or complaining.

Everyone knows that Chen Feng is a man.

If his plan suddenly changes, it must have happened.

"I'll explain it later, you will let me know and stop!"

After speaking, he stepped forward and appeared in front of Pu Jinglong.

At this time, Pu Jinglong had completely fallen into the illusion.

He was also roaring, trying to rise to the sky.

But the world was shattered, and an unprecedented terrifying force rolled down from the cracked dome.

Without saying a word, Chen Feng waved a palm and patted Pu Jinglong's chest directly.

"wake up!"

This sound, with the first layer of shock of heaven and earth's repeated reincarnation of heaven and earth.

Hum!

Pu Jinglong's spiritual world was suddenly stimulated.

The instinctive sense of crisis suddenly appeared.

The surrounding illusion disappeared instantly.

"this is..."

Pu Jinglong's face was astonished, and he hadn't even fully awakened from the illusion.

However, Chen Feng didn't bother to give him time to recover slowly.

He looked directly at Pu Jinglong with both eyes, and directly implanted a demon heart into the depths of his spiritual world.

As a powerhouse of the Four Tribulations Earth Immortal Dacheng, he should have noticed such a method for the first time.

But the fear in the deepest part of my heart is really shocking.

So that he didn't notice it at all!

When he saw Chen Feng standing in front of him, Pu Jinglong's killing intent appeared, and he immediately planned to pat him.

Crush this ant to pieces!

"Boy, you dare to show up in front of me!"

He roared.

Among them, there are anger and embarrassment.

Obviously, just now, he was caught in some kind of extremely powerful illusion!

And Chen Feng witnessed the most fearful thing in his heart!

Leaving him alive for another moment is a testimony of his own shame!

however.

But he can't do it!

In the depths of the spiritual world, a terrifying magical strain rose to the sky.

Swept his entire spiritual world in an instant!

"you..."

Chen Feng looked down at him blankly and said lightly:

"I'm not interested in bothering with you."

"I saw the catastrophe that feared the most in your heart, and it happened that I saw the Lord of Heaven not long ago."

Pu Jinglong's complexion changed abruptly as soon as he said this.

In addition to the initial shock, he immediately sneered and sneered.

"Chen Feng, what do you think you are?"

"Will the Lord of Heaven see you specially?"

"I'm old, but I'm not old enough to be confused."

Regardless of his reaction, Chen Feng said directly:

"Didn't Zhong Li Weize tell you? I was taken away by the ruler of heaven under the eyes of everyone."

Hearing this, Pu Jinglong had no choice but to consider the truth or not.

Chen Feng said again: "The top of the sky is about to usher in a brand new crisis."

"Your Pu family has been recuperating for countless years after that catastrophe. I think you don't want to experience it again, do you?"

Pu Jinglong finally fell silent.

He looked at Chen Feng with uncertainty in his eyes.

Finally, he asked in a deep voice: "What do you want to say?"

Seeing the change in Pu Jinglong's attitude, Chen Feng finally showed a familiar smile.

"Before we talk about business, why don't we fix the obstructive thing first."

The moment he said these words, murderous aura spread.

Chen Feng's spiritual world burst into golden light.

He and Pu Jinglong slapped a palm in two directions.

The biting murderous intent was like a tsunami and landslide, and it swept forward unexpectedly.

"Roar-"

An extremely harsh cry sounded instantly.

And the countless mountain peaks and stone forests in front of him suddenly looked like a huge picture scroll in freeze frame.

Torn apart!

The unfamiliar and familiar dense forest in front of him was exposed.

At the same time, Fairy Yuheng, Tiancan Beast Slave, Crazy Tiger and others all looked around.

It seems to be quite surprised by the sudden change.

But the three Taoists of Wuya didn't change much on their faces.

I don't know if I have already guessed, or I am used to disliking it.

"How is this going?"

"Are we entering a new illusion again?"

The Tiancun Beast slave was outspoken, blurted out and made his debut.

At the same time, when he looked up and saw Pu Jinglong standing beside Chen Feng, his expression suddenly changed again.

"Brother, next to you..."

Chen Feng smiled and raised his hand, beckoning him to stay calm.

"He is on the same road with us now."

"Our current opponent is not him."

While talking, Chen Feng looked at the surrounding dense forest environment.

The lush deep forest in front of them is almost exactly the same as when they faced the Chaos Gu worm in the first level!

If you don't distinguish carefully, I'm afraid they will think they are back to the first level.

However, upon closer inspection, there are still differences.

At least, the screen you look back at is the same as when you cleared the first level.

It's just that now is not the time to explain.

He stared at the front closely, and the golden Dao Yun around his body swiftly revolved.

[Chapter 5742: Fantasy spider!](#)

"Wuya Taoist, Mu Jiuyou, please help me and Pu Jinglong!"

The Qingqiu Heavenly Dragon Sabre in his hand uttered waves of dragons, and couldn't wait to point to a phantom in front.

"This level, our real opponent, is it."

As soon as the voice fell, all eyes quickly rushed to look forward.

While the pupils of Fairy Yuheng and the others shrank suddenly and became frightened, Chen Feng and the others were already moving together!

Except for the Immortal Mo Rin, Chen Feng, Taoist Wuya, Mu Jiuyou and Pu Jinglong all killed the same target at the same time.

boom!

The murderous intent was billowing and scattered towards the surroundings.

The silver threads hidden among the giant trees were finally discovered by everyone at this moment.

Who said that in the second level, there is only a special kind of demon, the succubus?

Thousands of meters ahead, a huge hill suddenly rose from the ground.

The earth is shaking!

At this time, even Mei Wuxia, the weakest in cultivation base, could see clearly.

The entire dense forest was actually shrouded by countless extremely thin spider silks!

They are in a devil spider lair that is tens of thousands of meters in size!

And the huge hill in the distance is the huge magic spider!

From the beginning, the moment the first level is stepped, the second level begins.

There are no mountain peaks and stone forests.

In the beautiful rolling mountains, how could it be possible that the first step is still a deep forest of lush trees,

In the next second, there will be no grass growing, only rocks?

From the beginning, they entered a huge illusion!

The follow-up succubus, compared with that demon spider, is so worthless!

boom!

boom!

boom!

A huge, earth-shaking tremor erupted from a distance.

The four Chen Feng and the giant magic spider had already fought together.

The succubus lost its effect, causing the difficulty of this second level to plummet.

Otherwise, Chen Feng would not realize that something was wrong so quickly.

However, it is still not easy to solve the mysterious giant demon spider in front of him.

It has hundreds of large and small black eyeballs on its head, and its penetrating fangs are glowing with poisonous blue light.

There is a mysterious face that is half crying and half laughing at the tail of the back.

The whole demon spider has a lot of fine hairs.

Every one can swing freely!

It is worth mentioning that this huge magic spider has nearly a hundred spider legs!

Each one is hundreds of meters long.

On weekdays, it only puts these spider legs away and entangles them in the giant web that they bother to weave.

At this moment, Chen Feng and others inevitably had some filaments attached to their bodies.

These extremely thin spider silks can't even notice their existence without bothering.

But when I was going to clean it up, I found out that they were so hard that they could **** blood!

As soon as they touch the exposed skin, they are like spore creatures, quickly attaching to it, and then begin to take root!

Draw blood directly from the human body!

And, keep going deep into it.

Until the whole person is controlled with spider silk, and the blood is sucked!

Chen Feng glanced casually.

At the top of the tallest and tallest giant tree, some floating corpses are faintly visible...

Like the spoils of this illusion spider.

"Be careful not to expose the power of your blood!"

After reminding everyone, Chen Feng took out the great Xiu Luohong furnace without saying anything, and poured in a steady stream of power.

Hum!

Great Xiu Luo Honglu trembled all over, and then a very murderous sound of gold and stone rang out.

After the weird resonance swept over those spider silks, it easily "shocked" those extremely sturdy spider silks!

Chen Feng shouted:

"Where is the succubus? Come and help me!"

"Roar!"

The giant demon spider in front of him uttered a sharp scream, seeming to mock Chen Feng's move.

Its cultivation base breath is extremely powerful!

Infinitely approaching the Five Tribulations Earth Immortal!

In addition, as a special monster clan, its physical strength is even more against the sky.

Even if the four people work together, even if they go all out, they may not be able to completely kill it.

What's more, be careful not to use the blood force too much!

Too much to punish the gods!

A stern killing intent swiftly passed, and Chen Feng got a gap and put on the mask.

Hum!

In the next moment, his body shape began to change!

The body that was rising against the storm became more and more deformed.

In an instant, a roar sounded.

The earth trembled violently!

The other demon spider, which was exactly the same, rushed towards the demon spider in front.

In the distance, Tianchou Beast Slave and others looked at this demon spider, Qi Qi dumbfounded.

I know that the succubus is very special, but I still didn't expect it to be so special!

The illusion spider that Chen Feng changed was exactly the same as the original one, no matter from which side it was!

boom!

Two giant magic spiders collided together.

Chen Feng had used this strategy before on the battlefield outside the territory.

Sure enough, the demon spider that wanted the magic sound to be charming, and took the opportunity to strangle it with spider silk, moved for a while.

No matter what species it is, as long as it has a certain amount of wisdom, it will be fooled.

When you see an existence exactly like yourself, even if it is clear in your heart that this is false, there will still be hesitation in your heart.

And what Chen Feng wanted to take advantage of was this moment of hesitation!

"kill!"

boom!

The big Xiu Luohong furnace was fully activated.

Directly zooming into the wind, the misty breath lingered outside the furnace, locking the magic spider in the illusion.

"Don't help me quickly!"

Chen Feng returned to his original appearance in a blink of an eye, his complexion flushed red.

The whole body was bruised, his eyes slightly protruding, his teeth clenched, and his whole body congested.

He has already used the energy of feeding, and he is bound to defeat this magic spider in a single blow!

boom!

boom!

boom!

Three powerful cultivation bases were poured into the Luohong furnace of the great repair almost at the same time.

Then, a shrill scream sounded.

The huge magic spider was engulfed in the great Xiu Luohong furnace!

Heaven and earth reincarnate in heaven and earth, and take the opportunity to run at full force!

Hum!

In the space of repetitive reincarnation of heaven and earth, three huge vertical pupils burst out with brilliant rays at the same time.

Faint blue, brilliant white, and jet black!

The three colors of the gods are intertwined and penetrated into the great Xiu Luohong furnace.

"Uh-"

Chen Feng couldn't help yelling.

Overload activates the Great Asura Hong Furnace, and his star sea world is in fierce turbulence.

But at the same time, the great Xiu Luohong furnace also broke out an unprecedented powerful force.

Boom! Boom! Boom!

The big repair Luohong furnace began to shrink.

The magic spider in the illusion that was included in it fought fiercely, but there was nowhere to escape!

Even the Five Tribulations Earth Immortal had no choice but to face a Taoist artifact.

I do not know how long it has been.

The large repair Luohong furnace returns to its normal size.

And Chen Feng and the others also tried their best, all of them sweating profusely.

But, despite this, everyone breathed a sigh of relief.

"It's done!"

The magic spider of the illusion has been subdued!

Taking into account various factors, Chen Feng did not directly kill him.

He planted a demon heart seed into the spiritual depths of this illusion demon spider.

As expected, he saw a familiar scene again.

"None of the demons and demons in these levels can be killed."

After recovering some cultivation bases, Chen Feng stood up and looked at everyone.

[Chapter 5743: Another Chen Feng?](#)

"As long as you don't kill and control it, you can weaken the power of the secret realm..."

However, just as he was about to reveal more secrets in the Gods and Demons Secret Realm, his eyes moved slightly.

The crowd followed his movements and turned to look.

Three uninvited guests rushed out of the dense forest of the first level.

Came in front of everyone.

Behind him, the dense, overwhelming Chaos Gu worms were blocked in a layer of barrier.

"It's you."

Chen Feng naturally remembers these three.

Outside the entrance to the Secret Realm of Gods and Demons, there is a team of three-headed monster beasts with the Sky Swallowing Giant Python Monster Beast.

Compared to the first meeting, the three seemed a lot more embarrassed at this time.

The red and black robes were already ragged.

The man with the golden erect pupils who took the lead had a much weaker breath.

However, it is worth mentioning that none of the three of them was entangled in chaos.

This means that none of them use their own blood.

"interesting."

The man with the golden vertical pupil saw Chen Feng and the others, his expression also tightened.

His gaze swept around everyone, and then returned to Chen Feng.

The hostility in his eyes... even a little more jealous and fearful.

How keen is Chen Feng?

He could clearly detect that there was a problem in the eyes of the man with golden eyes.

That shouldn't be the look you should have at strangers.

Thinking of this, Chen Feng directly asked:

"you know me?"

Seeing Chen Feng suddenly speak to himself, the man with the golden vertical pupil was shocked.

After a moment of silence, the man replied in a deep voice:

"No... I have never seen you."

The Tianchou beast slave on the side came over: "Brother, you seem to be particularly interested in him?"

As soon as these words came out, the expressions of the three Sky-Swallowing Giant Python Demon Beasts all changed.

Chen Feng looked at them lightly, then suddenly looked back.

"No."

As he said, he looked at the people behind him and said: "It's nothing, let's go."

But, just as he turned around.

"Succubus."

Since just now, the succubus has been lurking around, following Chen Feng's instructions.

The moment the instruction was given.

Hum!

The surrounding environment changed drastically.

Everyone was surprised and turned to look at Chen Feng.

No one understood why he suddenly wanted the Succubus to take action.

But at the next moment, they were shocked by everything in front of them.

Under the influence of the succubus, they clearly saw the most fearful scene in the heart of the golden vertical pupil man.

This is also his most impressive picture at this moment.

Above the void, two dazzling six-tribulation earth immortal powerhouses were fighting.

The sword intent is against the sword and the fist and wind are against the palm.

Even the size and footwork are comparable.

This is a battle of life and death!

boom!

A huge floating mountain was shattered by the aftermath of 10%!

Clang!

The sword intent that was slashed out has drawn a huge gully of thousands of miles from the ground below!

But what surprised everyone was not how fierce the battle was.

"this is..."

It is rare to see Mu Jiuyou two steps forward, looking at the two fighting figures with deep eyes.

She looked at Chen Feng, her Zhu lips lightly opened, and her tone appeared interested.

"you?"

Everyone, once again set their sights on Chen Feng.

Chen Feng said nothing, his thin lips pressed tightly.

In my heart, the waves are monstrous!

Of those two fighting figures, one of them was exactly the same as him!

If you are unfamiliar with Chen Feng, you will probably admit your mistakes at first glance.

However, people like Yuheng Fairy, Tiancun Beast Slave, etc., can be regarded as close to life and death with Chen Feng.

They can tell at a glance—

That's not Chen Feng!

"Brother Chen Feng, is that your brother?"

Mei Wuxia asked nervously.

Chen Feng retracted his gaze and looked down: "I don't know."

Today, he has no idea what his identity is.

Why Nanhuang Tiandi said that Yun Potian is not his real father.

But if it's not the biological father, why are there blood connections between them?

But all the signs are showing that he has another identity.

In the spiritual world, there is also a special seal, which seals the memory of his childhood.

Occasionally seeing some memory fragments, he seems to be in another...big world!

His master and uncle, Yan Qingyu, unknown to him as uncle, was locked in a white pagoda.

In memory, he should indeed have a similar brother.

However, it was definitely not the figure in the memory of the golden vertical pupil man.

Everyone can see that the breath erupting from the Six Tribulations Earth Immortal is exactly the same as him!

Chen Feng waved his hand and motioned to the Succubus to stop.

He strode forward and came directly to the man with the golden vertical pupil.

"What's your name?"

The man with the golden vertical pupil looked pale, and when he saw Chen Feng goodbye, he couldn't help taking two steps back.

Chen Feng said lightly:

"I am not hostile, as long as you tell me what you know and tell me the truth."

"Why is there a figure in your memory that looks exactly like me?"

The man in front of him looked surprised and uncertain.

However, perhaps the shock brought by the figure in the memory is too great.

He still confessed honestly.

As expected by Chen Feng and the others, these three were together with the Sky-Swallowing Giant Python monster outside the entrance of the Gods and Demons Secret Realm.

This person was named Cao Jinmeng, and he came from the most marginal ancient planet outside Guixu.

Yangyun planet.

There, the human race and the monster beast are separated.

There is still no unity within the human race, and disputes have been caused by the country, class, and faction for a long time, let alone the non-my race.

Therefore, the war between the human race and the monsters and beasts almost runs through the entire planet's history.

But later, the two sides did not want to lose both sides, and suddenly reached a consensus on peaceful coexistence in a short time.

It was one person who made the two sides shake hands so happily.

It was the man who frightened Cao Jinmeng so far!

That person who looks exactly like Chen Feng!

According to Cao Jinmeng, that person was not a cultivator on Yangyun planet.

He is powerful, intelligent and bloodthirsty.

Upon arriving at Yangyun planet, a dynasty was destroyed directly!

It seemed that it was just because he was intercepted when he entered the city and asked him to tell him his identity.

"That man seems to be extremely sensitive to his identity and name!"

"So, so far, we don't know what his identity is, or even what he is called."

Speaking of this, Cao Jinmeng seemed to remember something suddenly, and quickly added:

"Oh, yes. Back then, I was fortunate enough to witness him and my clan supreme not dead in a battle, and vaguely heard some words."

Everyone looked at him and waited for him to continue.

Cao Jinmang fell into the memory, his face turned pale and his lips trembled slightly.

"He said he came here to find someone."

"A person exactly like him!"

"He said it was a clone of him."

This last sentence is like a blockbuster for Chen Feng.

In Chen Feng's spiritual world, there was a "buzz" burst.

[Chapter 5744: Demon!](#)

no doubt!

The person who looks exactly like him is here to find him!

But what the man said is—he is his clone!

Me, is his clone?

I am not me?

"Who is he?"

"Doppelgänger? Is it me?"

"Why do I have no impression of all this?"

Chen Feng shouted in his heart!

He never thought that he might actually be someone else's clone.

Obviously, his memories have been so true since childhood.

Although some are sealed, the induction between bloodlines will not lie.

He has his own biological father, biological mother, and uncle.

He has lived in Longmai Continent since he was a child!

His name is Chen Feng!

"and many more..."

Chen Feng suddenly muttered, as if he had fallen into a strange state of mind.

"Why does my uncle change his status frequently, but always has the surname Yan."

"My mother's surname is Xuanyuan, my father..."

"Then why am I... surnamed Chen?"

Hum!

At this moment, Chen Feng's mind exploded.

A certain tension string in my heart seemed to be overwhelmed at this moment.

broken!

An unprecedented force of terror drowned and swallowed Chen Feng in an instant.

In the golden spiritual world, the vast ocean of spiritual power is like a raging ocean.

And in the endless chaos, a figure slowly formed.

"To this day, you are still deceiving yourself and others!"

The voice of Hong Zhong Dalu kept approaching from the sky.

Chen Feng suddenly looked up.

I saw a man who looked exactly like him, striding towards him.

However, the coercion erupting from the opposing party's body is so much stronger than him!

This is a stronger and more indifferent than him.

The indifferent eyes are extremely deep, and the killing intent released when looking at him is undisguised!

Chen Feng's inner world is constantly collapsing and rebuilding.

A voice yelled and reminded him: The one in front of him is the demon born out of him right now.

In fact, Chen Feng knew in his heart.

My current state is worse than ever!

Along the way, from a young man with a dantian like iron and very poor qualifications, he grew up all the way to what he is now.

The most important thing is not the improvement of cultivation level, but his inner appraisal!

No matter how many predicaments are in front of him, no matter how many unknown powerful enemies are ahead, he is not afraid!

Stick to the heart, nothing more!

But at this moment, this most core and most basic point was shaken in an instant.

"I have been searching up and down in my life, and in the end, won't I really just be a clone of someone else?"

This idea constantly breeds and grows crazily in my mind.

Chen Feng can't help it!

The demon in front of him undoubtedly made all this worse.

It is like a combination of everything that fears the most in his heart.

High above, indifferent and solemn.

The eyes looking at him seemed to be looking at an insignificant ant.

"Do not!"

"My Dao heart is extremely firm!"

Chen Feng forcibly forced himself not to think about the things that were not there.

Once the inner demon appears, it must be eliminated immediately.

Otherwise, the more time it delays, it will continue to absorb the inner magic and strengthen its body.

At that time, if you want to eliminate it again, it will be even more difficult!

Without saying anything, Chen Feng directly mobilized all the power of Xinghai World.

He stared at the demon rushing in front of him, and the thoughts in his mind gradually became clear.

"It doesn't matter what my identity is, whether it's a clone of someone else."

"At least, right now, its power comes from me."

Thinking of this, the light shines.

The war is about to start!

boom!

Too Shang Zhushen cut, swiftly swung out.

But at almost the same instant, the man who was exactly like him on the opposite side also drew a long knife.

The same Tai Shang Zhu Shen Zhan came to kill him!

Even, the killing intent is only a lot more!

Chen Feng was shocked, and immediately urged Taishang Yuqing's Jiu Shou Zhen Jue.

The golden rhyme escapes on its own.

At the moment when the fatal stab came in front of Chen Feng, a golden light flashed.

Chen Feng disappeared in place.

But at the same time, the inner demon also urged Tai Shang Yuqing Jiushou Zhen Jue.

Hum!

When Chen Feng appeared on the edge of the spiritual world, the aura of inner demons also appeared behind him.

Very close!

Chen Feng's heart was shocked.

However, before he had time to move, the front and back heart demon had already thrown a punch.

"puff-"

Chen Feng flew out, bleeding in his mouth.

With just one punch, his internal organs twisted and shifted, and a lot of cracks appeared.

The bones on the chest and back were broken.

The Xinghai world is in turmoil.

Even his Dantian world suffered the same!

In front of this demon, Chen Feng felt a sense of powerlessness for the first time.

Even if he knows that the power of the inner demon comes from himself, these are still too self-deception after all.

The gap in their strength cannot be wiped out by miracles.

"Let's give up resistance, the more you struggle, the more jokes you make."

The demons held the same face as him, and uttered ridiculous words indifferently.

Chen Feng fell to the ground and did not move.

He didn't want to pursue the truth of the inner demon's words.

For a moment, the thought of giving up flashed through his mind.

The more struggling, and the beautiful words of those people who are sure to conquer the sky, if you finally find that you are just an abandoned clone...

It's simply a horror of slipping the world!

The inner demon strode towards him, swinging a high knife in his hand again.

At this moment, in the depths of the spiritual world, in the chaos, a bright light shot straight out.

In my mind, a seal was suddenly unsealed on its own.

A familiar figure appeared instantly and stopped in front of Chen Feng.

"Chen Feng, wake up immediately!"

The powerful and familiar breath immediately protected Chen Feng firmly behind him.

Sword eyebrows and star eyes, a light blue gown, ink hair draped behind his head.

It looks ordinary, but it releases a powerful breath.

It looks so stalwart!

Looking at the tall and strong back, Chen Feng was stunned.

"Master!"

It is Yan Qingyu!

Yan Qingyu, the master who had shouted for so many years, unexpectedly appeared again!

Chen Feng never expected that Yan Qingyu would still have a seal in his spiritual world!

This seal happened to be unsealed on its own at this moment.

The timing is so coincidental!

Although I don't know why this seal was lifted.

However, I have to admit that this coincidence, so that the originally lost heart for a while, instantly injected a cardiotonic.

"Hmm!"

The opposing heart demon, who was as powerful as the Five Tribulations Earth Immortal, or even higher, snorted at this moment.

Its body is radiant, and it is obviously dimmed in an instant.

Inner Demon is such an existence.

When the Dao Heart is shaken harder, its power will be stronger.

vice versa.

Yan Qingyu's weight in Chen Feng's life is too heavy.

Moreover, the more he reached his current position, the more doubtful Chen Feng became.

Every step he took seemed to be carried out according to Yan Qingyu's plan and layout.

It can be said that his master, his uncle, made him what he is today!

[Chapter 5745: Heart Slayer!](#)

Regardless of whether all this is right or wrong, good or bad.

At least for the moment, his appearance is more encouraging to Chen Feng than others.

Yan Qingyu faced her inner demon, but she spoke to Chen Feng.

"Feng'er, my appearance means that you have doubts about everything about yourself at this time."

"With your aptitude, the more you practice, the stronger your talent."

"However, it also means that once Dao Heart is shaken, the consequences will be unimaginable."

Chen Feng looked at Yan Qingyu with great excitement.

He stood up suddenly and shouted loudly:

"Master! Please tell me, what is my identity?"

"Why in this world, there is another strong man who is exactly the same as me, saying that he wants to solve a clone."

"Am I just a clone?"

And at this moment, the demons on the opposite side seemed to be aware of a certain threat.

It stared at Yan Qingyu, the long knife in his hand burst out with violent killing intent.

The next moment, it moved!

Yan Qingyu also moved.

However, he turned around and looked at Chen Feng.

"Master, be careful!"

Chen Feng's complexion changed abruptly, looking at the demons behind Yan Qingyu, losing his sense.

That is at this moment.

Yan Qingyu's voice came to her ears clearly.

"Silly boy, you are my disciple, a relative who is related to me by blood."

"How can you doubt this?"

boom!

The golden light flourished, lighting up the entire spiritual world into a golden ocean.

Time is stagnant at this moment.

Chen Feng's shaken Taoist heart instantly froze.

Yan Qingyu's words were an initiation, and Chen Feng instantly regained his sanity.

Yup!

Is he a clone of someone else? What is his true identity? Does it matter?

It may be important.

But everything that happened in the past is true, that's enough!

Today, he has his own relatives, friends, forces, his own thoughts, and his own way.

Even if the truth he learns in the future is extremely cruel, what does it matter?

"As long as it is real now, I am real!"

Before the words fell, Chen Feng's eyes suddenly brightened.

As if there was a layer of film, he stabbed through it!

A strong light passed through Chen Feng's eyes.

In an instant, his five senses were lost, and his entire body seemed to be lost in chaos.

boom!

The deafening sound exploded.

Chen Feng opened his eyes again, the confusion in his eyes disappeared.

At this moment, there was an unprecedented and firm light in his eyes.

His eyes burned like a torch, almost burning.

His eyes moved slightly, and he stared at the front for an instant.

The original incomparably powerful heart demon, at this moment, not only has his aura but also weakened by seven or eight points, and even his body shape is quite weak.

In his hand, Qingqiu Tianlong Sword's battle spirit skyrocketed.

"Roar-"

Long Yin bursts, Jin Shiming's trembling voice, with excitement.

Soul Blade is ready to go!

At this time, Chen Feng spoke.

"The important thing in the world lies not in the other but in me, not in the people but in the body."

"The transformation of all things is no match, and the change of Pepsi is no response."

He strode forward.

The surrounding golden rhyme changes layer by layer with the words.

The golden Dao Yun disappeared at a speed visible to the naked eye as he stepped forward.

No, it can't be said that it disappeared.

But return to the basics.

It is colorless, invisible, unscented, untouchable.

Even Chen Feng himself did not expect that he would actually break through the Taishang Yuqing Nine Shou True Art at this time.

The ninth state, guard the weak state!

At this point, the ninth-rank Tao Yun supernatural power of this Hong-level ninth rank has come to the final step.

Although there is still a considerable distance from Dzogchen, it is enough to reverse the current situation!

Clang!

The knife light flashed.

In the golden spiritual world, raging waves are overwhelming!

Chen Feng appeared behind the heart demon instantly and stabbed it through.

The world of public fields has been destroyed!

The demon who looked exactly the same as him, no matter how fast he reacted, he still couldn't match Chen Feng, who had made a new breakthrough.

boom!

Chen Feng stretched out a palm, then patted it.

Demon, torn apart!

It completely turned into a cloud of gray mist and quickly disappeared into the golden ocean.

Get rid of the demons and break through yourself!

Chen Feng only felt refreshed at this time, and his spirit had never been so high.

He turned to look at Yan Qingyu.

From a distance, Yan Qingyu looked at him with a smile on his face, looking quite pleased.

Before thinking of it, the mark left by the master always disappears in a hurry.

Chen Feng immediately strode forward.

"Master, go slowly this time. I have a lot of questions to ask you."

However, before he could continue to say anything, Yan Qingyu in front of him really began to dissipate.

"Master!"

Chen Feng's complexion changed drastically, and he stepped forward instantly.

Taishang Yuqing Nine Shou Zhen Jue, full force!

It has to be said that Chen Feng's understanding of Dao Yun has reached a whole new level when he is in the weak state.

At this moment, he fully urged Dao Yun around him, and he actually slowed down Yan Qingyu's dissipation a lot.

But, in the same way, the power he consumes is unprecedented!

Yan Qingyu gently stretched out his hand and pointed out a finger, interrupting Chen Feng's retention.

"Feng'er, this is just a mark left by me, don't force it."

"But I want to tell you one thing, you must remember."

Speaking of this, Yan Qingyu's slightly transparent face suddenly became extremely serious.

He stared at Chen Feng's eyes, saying every word:

"The imprint I left will be activated and unblocked only when you have serious doubts about your identity."

"I guess the reason why you are doing this today is that you saw someone exactly like you."

Upon hearing this, Chen Feng was shocked.

He immediately took a step forward and blurted out:

"Master, you all know?"

"What the **** is going on? What is my identity?"

Since Yan Qingyu said so, there is no doubt that he must know about it almost.

However, Yan Qingyu's phantom continued to dissipate.

Chen Feng has experienced this kind of truth at his fingertips countless times.

Especially in this situation today, he really doesn't want to go on without knowing anything.

Hum!

The Xinghai world is shining brightly.

At this moment, he recklessly rushed forward a large amount of star power.

Do my best, just to keep more of Yan Qingyu's virtual movie.

However, even if he tried his best, the phantom still faded visibly.

Fortunately, the rate of desalination has indeed slowed down.

Yan Qingyu didn't tell him to stop wasting his efforts.

"Feng'er, if you have already seen someone exactly like you in reality, your greatest crisis has already arrived."

"So far, I don't hide it from you. The blood flowing in your body is the supreme blood."

"However, the Supreme Bloodline also has a great curse."

After speaking the last sentence, Yan Qingyu's figure disappeared completely.

Chen Feng still has countless questions to ask.

"Master! Master, what a curse!"

"What supreme bloodline!"

But even if the golden spirit power surged crazily, he wanted to try his best to keep Yan Qingyu.

The phantom in front of him still disappeared with the wind.

[Chapter 5746: Dao Xin!](#)

The scattered light spots were submerged in the golden spiritual power.

"Uh!"

That's it again!

Every time a corner of the truth is revealed, it is always impossible to understand the whole picture.

Chen Feng slammed his punch into the stormy waves of mental power, dissipating his anger and irritability from the bottom of his throat.

The curse of blood?

What is the curse of blood in him?

Why did he never notice it?

The Supreme God Demonized Dragon Art immediately started to operate with full force.

The blood flowing in the limbs and the corpses gradually boiled, but nothing was noticed.

After running for a long time, Chen Feng finally took it back bitterly.

Obviously, with his current strength, he doesn't even have the ability to detect that mysterious curse!

Chen Feng stood in place and did not leave immediately.

Emotions slowly calmed down.

Overall, this time he unexpectedly had a huge gain.

The inner demon didn't destroy his will. Thanks to Master Yan Qingyu, he escaped from the demon in time.

Even the understanding of Taishang Yuqing's Jiushou Zhen Jue is even better!

"Even if I am not qualified now, then I will speed up my cultivation base!"

"If the Lingxu Land Wonderland is still not enough, then I will go to the Holy King Realm!"

"If the Saint King Realm is not worthy, then I will continue to break through!"

Chen Feng kept talking to himself in his heart.

He suddenly raised his head.

Looking at his vast spiritual world.

"No matter what you encounter, keep getting stronger, absolutely right!"

If he is really a clone, then find a way to get rid of the original body!

If you can't get rid of it, then...kill your body!

breakthrough!

Only breakthrough is the right way!

Chen Feng murmured, suddenly thinking of something.

The next moment, he flipped his hand and took out an extremely simple mirror.

A palm-sized mirror and a half-foot-less handle are surrounded by various moiré beasts.

This is the jade virtual treasure learned for a long time.

When this ancient mirror was first obtained, the carving on it was extremely rough.

But now, the above is completely different!

The moiré beast roared around the mirror, and the roar continued to explode in Chen Feng's mind.

In addition, the mottled rust on the ancient mirror has long since dissipated, instead releasing a glowing light.

Chen Feng entered it instantly, pushed open the giant bronze gate, and came to the Ninth-Floor Buddha.

This shining nine-story Buddha statue is not high enough to reach the top, and it contains infinite Taoism.

Even now, Chen Feng still feels fascinated by it.

Looking at the hundreds of arches on the Nine-Floor Buddha, his mood was already different.

Shenlong, Phoenix, Xuanwu...

On the top arch, those sealed patterns.

At first, what Chen Feng saw was a sealed ancient beast.

But now, in his eyes, those are the incomparably complex products of Taoism!

He has been here countless times.

In the beginning, the moiré monsters in the arch were dealt with one by one by the repair base.

And now...

Chen Feng stepped forward, his hair moved slightly.

It seemed that there was an invisible air current all over the body.

"bring it on."

With a soft sound, it even makes people think that no one hears it.

However, at the moment when the voice fell, the nine-story Buddha suddenly burst into an unprecedented brilliance!

boom! boom! boom!

The eighty-one arches on the bottom ninth floor are all wide open.

Then, the eighth floor!

Seventh floor, sixth floor...

Until, the first floor!

Dao law is nine-shou, keeping harmony, keeping promise, keeping qi, keeping benevolence, keeping simple, keeping easy, keeping clear, keeping profit, keeping weak.

Now he finally came to the ninth guard, guarding the weak state.

All the monsters on the high-level arches were all awakened at this time!

"Roar-"

Deafening roar, pierce through the clouds!

The waves of air are rolling in, with the power of destruction.

However, Chen Feng stepped forward.

Hum!

There was a deep roar in the ears.

The rhyme of Taoism that turned from gold to invisible instantly dispersed in all directions.

boom! boom! boom!

A heavy collision sounded one after another.

I saw all the ancient mythical beasts that swooped down, hitting an invisible force.

Invisible Dao domain!

But, the next moment, this invisible domain suddenly disappeared again.

But none of those ancient mythical beasts continued to rush forward.

Instead, he was stuck in place by another force, struggling to be immobile!

Chen Feng reached out to reach them, and began to squeeze tightly.

boom!

The ancient mythical beasts, one after another, wailed and shattered.

It's just that after they collapsed, there was no blood splashing, and the flesh and blood were blurred.

It was originally the rhyme of Taoism, but after it collapsed, it naturally re-spreads and turns into an invisible rhyme.

In the end, he disappeared before Chen Feng's eyes.

This is Chen Feng's understanding of Taoism now!

It is to condense the rhyme of the ancient mythical beast level, and he can also explain it!

Chen Feng took a step forward again.

The raised arm has not been put down yet.

Raise the palm, and push a palm toward the nine-story Buddha.

Rumble!

The earth suddenly began to tremble.

The entire nine-story Buddha Tutu, at this time, began to skyrocket.

And above those dimmed arches, the clouded monster beasts that were defeated by Chen Feng one by one were actually carved on them again!

This is the Yuxu treasure mirror, the core inheritance of the Yuxu fairy gate.

For the inheritance, we must make good plans for future generations.

After finishing all of this, Chen Feng walked through the thick wall and came to the staircase in the center of the Buddha statue.

The stairs are still pure white, and the walls are still full of words.

In the old days, under pressure, Chen Feng finally failed to set foot on the stairs leading to the ninth floor.

And at this moment, he is aiming at this step.

Click!

One foot steadily stepped on the stairs.

Suddenly, a familiar voice rang in his ears.

Hearty laughter sounded.

"Unexpectedly, little friend Chen Feng, you haven't seen you for a while and you have made such a huge breakthrough."

"It seems that I had missed it before."

The voice of speaking comes from the top ninth layer.

And the person who said this, who is not the spirit of Yuxubaojian?

Chen Feng laughed when he heard this voice.

He looked up.

Although the nine-story stairs are high up and densely packed, there is no visible figure at the highest point.

But he still has a feeling.

At this moment, that Qi Ling was at the end of the stairs on the ninth floor, overlooking him.

Lifting his foot, Chen Feng strode up meteorically.

The surrounding pressure and resistance gradually strengthened, but his footsteps never stopped at all.

This state continued until he reached the eighth floor and challenged the last dozen steps of the ninth floor.

Raise your foot, leaning forward, and stepping firmly on the pure white stairs with one foot.

boom!

There was even the sound of heavy objects falling under the feet.

The pressure on Chen Feng's body at this moment is already extremely terrifying.

This is not only the suppression of ordinary forces such as gravity and pressure.

It's Dao Yun!

The Dao Yun in the entire Yuxu Treasure Mirror, at this moment, seemed to be all coming to confront Chen Feng.

But even with such heavy pressure, his footsteps are still extremely firm.

Step, step, step up rhythmically!

boom!

When he stepped onto the last step, Chen Feng's muscles were very tight.

The red blood was forced out of the body!

Not to mention his **** appearance!

It seemed to have just come from Jiuyou Purgatory.

[Chapter 5747: See also Dongji Qingxu Shenzun!](#)

However, when the last foot left the ladder, all the pressure and the persecution of Daoyun disappeared instantly!

Without the pressure, Chen Feng almost weakened his legs and sat directly on the ground.

A little embarrassed, he wiped the blood from his face, and he still could see that his face was extremely pale.

There is no trace of blood.

The whole body was soaked in cold sweat and the blood that forced it out of the body!

Chen Feng took a few deep breaths, feeling lingering.

"It deserves to be the pinnacle of Yuxu Baojian!"

This power and deterrence absolutely surpassed the strength of the Three Tribulations Earth Immortal!

Coupled with the bonus test on Dao Yun, it almost forced him to revitalize his blood and use his hole cards.

"Fortunately, I have Dao Qi."

Chen Feng's face was rarely lucky.

While talking, he put back the large Xiu Luohong furnace in his hand.

When I stood up again, the previous embarrassment disappeared.

It was replaced by a decent look.

It seems that there is no trace of modification.

Almost at the same time, a familiar voice came from the front.

"Hahaha... you still have the same mentality as before."

Chen Feng looked up.

At one glance, his complexion suddenly changed, and his pupils shrank suddenly.

"You are..."

When he first came to Yuxu Baojian and heard the voice of Qi Ling, Chen Feng felt that the voice was somewhat familiar.

But he still didn't expect that when he finally came to the top of the Buddhist temple, the spirit that he saw would actually be...

Dongji Qingxu Shenzun!

The person in front of him, standing in a gold-rimmed robes with his hands behind his hands, with broad eyebrows, is looking at him with a smile.

Although, Chen Feng and Dongji Qingxu God Venerable only have one fate.

And when I first saw it, the opponent was also temporarily merged from the broken limbs.

But the so-called Buddha Spirit in front of him is just like the Dongji Qingxu God who is in his prime of life!

It can't be wrong!

"What's going on? Are you Dongji Qingxu God Venerable or..."

Chen Feng was shocked.

It's not just because the people I saw were unexpected.

More importantly, if the person in front of you has a certain relationship with Dongji Qingxu God.

So, does he also know what that sentence means?

"I have an immortal heart, but I am locked up by the dust, and when the dust is exhausted, I will shine through the mountains and rivers and thousands of flowers..."

This sentence was originally left before Master Yan Qingyu's suspended animation.

For some reason, he was firmly remembered by Chen Feng.

After coming along this road, he heard this sentence one after another from many people.

However, the man in front of him who was exactly the same as Dongji Qingxu God in his prime, smiled and shook his head.

"My relationship with Dongji Qingxu God Venerable is just the relationship between the previous master and Qi Ling."

"The reason why you see us looks so common is simply because of his personal preference."

Chen Feng didn't understand too much.

"After the birth of the device spirit, it has its own appearance, can it be changed?"

Asking this, in fact, he thought of more.

Appeared exactly the same image, and the Buddha Spirit in front of him was obviously cultivated equally extraordinary.

To some extent, this situation is the same as Chen Feng and the mysterious powerhouse.

I don't know if it can be used as an idea of life experience.

Today, Chen Feng is not obsessed with what his identity is.

However, he still has to know what he should know.

Seeing Chen Feng's appearance, Bao Jianqi Ling smiled:

"When the Yuxu Immortal Gate was attacked, I was also fatally hit."

"Now I am the last sect master of the immortal gate, that is, my former master has rebuilt with painstaking efforts and part of his soul."

"What I look like naturally depends on how he wants to."

Hearing this, Chen Feng was dumb.

For a while, he didn't know what to say.

Unexpectedly, millions of years ago, the master of the top immortal gate, Dongji Qingxu, had such an interesting side.

"Well, now that you have seen me, let's start."

"Only by defeating me can you get all the inheritance in the Jade Void Mirror."

As the Buddha of the Buddha said, the ink hair on the shawl fluttered slightly.

However, Chen Feng's pupils shrank suddenly!

He didn't think there was anything before, but now, he has entered the highest state of Taishang Yuqing Nine Shou True Art.

His own Taoist rhyme returns to its innocence, and his perception of the surrounding Taoist rhymes has become more acute.

When the spirit of the Buddha statue in front of him spoke, he had already manipulated all the rhymes of the entire ninth layer of the Buddha statue!

Chen Feng hadn't even noticed that an intangible realm that was as solid as gold soup had already locked him firmly in it!

At this moment, he suddenly realized.

I'm afraid, in the entire Yuxu fairy gate, who has the most control over Dao Yun.

That could only be the person in front of you.

Because... he himself is the great integrator of Tao Yun!

Chen Feng suddenly smiled.

He stood in place and didn't move, facing the strict surrounding realm that was completely murderous, he relaxed instead.

Looking at the Buddha Spirit in front of him, Chen Feng shrugged:

"This last level, I'm afraid it is not a test of my mastery of Taishang Yuqing's Jiushou True Art."

He fixed his eyes on the front.

"From the time I received the Jade Xubao Jian, the core inheritance of the Yuxu Fairy Gate has been mine."

"You guided me and helped me a lot in understanding Tao Yun."

"I want to come, but I really want to find someone worthy of trust for those inheritance."

Chen Feng walked forward.

"Getting your approval is the key to unlocking the core inheritance of Yuxu Immortal Gate."

"And this level, I have passed it long ago, haven't I?"

Upon hearing Chen Feng's words, the Buddha statue in front looked at him quietly.

Then, he laughed heartily.

"As expected of you, Chen Feng."

The Dao domain all over his body disappeared in a blink of an eye.

He slowly approached, looking at Chen Feng, his face was full of appreciation.

"I thought I could bluff you for a while."

Chen Feng smiled.

He thought about it for a while and asked along the topic: "If I didn't find out, and started with you, what would happen?"

The Buddha Spirit had walked in front of him, and when he heard this, he shrugged his shoulders and spread his hands.

"Then beat you up."

"In the future, every time you come to challenge, I will beat you."

Chen Feng can only say that for the evil taste of the Buddha Spirit, it is worthy of the Dongji Qingxu God to reshape it with his own part of his spirit.

This temperament is exactly the same.

After the joke, Chen Feng couldn't wait to say:

"Well, now, let me take a look at the core inheritance of Yuxu Fairy Gate."

It is impossible to say that it is impossible to say that it is not tempting to let the three top three first-grade immortal doors stick to the inheritance of millions of years.

The Buddha Ling nodded.

In the next second, a bright white light lit up.

Chen Feng raised his head.

I saw the entire ninth floor burst into light.

The highest level, which was originally empty, suddenly seemed to lift up the clouds and fog.

Upon entering the eye, there was a display of shelves.

There are countless jade slips of different colors listed above, and the gleaming light is bright and dark.

"this is..."

Although Chen Feng might have guesses in his heart, when he saw all this with his own eyes, he was unavoidably shocked in his heart.

[Chapter 5748: The third level!](#)

He came to a row of shelves nearby and picked up a jade slip casually.

Divine consciousness penetrated into it.

"Yuxu Immortal Clan's own practice for countless years."

"Yes."

Looking at all this, the Buddha statue spirit couldn't help showing a proud look on his face.

Looking at all the dusty inheritance, it is inevitable that there will be nostalgia in his eyes.

"A celestial gate can grow, it is not enough to rely on individual strong people."

"Since the establishment of Yuxu Fairy Gate, countless elders, sect masters, and outstanding disciples have worked hard to make the entire Fairy Gate stronger."

"Everything here is the magical powers and mental methods of the Yuxu Immortal Gate itself over the years."

Chen Feng's eyes swept across the rows of shelves.

Randomly explore a few jade slips, which are full of the supernatural powers of the third and fourth grades of Hong!

Such a rich background, no wonder it will become the target of all the immortal gates of the Eastern Desolate Immortal Territory.

Even today's Galaxy Sword Sect, this kind of core inheritance is far less than half of everything in front of you!

He dare to say that with these core inheritances, any immortal gate can be among the first immortal gate of the Eastern Desolation in a short time!

Thinking of the fifty-year agreement with the Great Desolate Lord, Chen Feng quickly had an idea in his mind.

It is definitely unrealistic for him to resist the invasion of the Super Grade Immortal Gate of the Western Wild Immortal Territory.

"These things are really timely."

Chen Feng couldn't help sighing.

With them, I believe that there will be earth-shaking changes in the Galaxy Sword Sect.

Even if there is no help from the three immortals of Taiyi Immortal Gate, their family alone may not be able to lose!

"It seems that I have to leave the Secret Realm of Gods and Demons as soon as possible."

Bring these inheritances back to the world of Xuanhuang Zhongqian as soon as possible.

Thinking of this, Chen Feng planned to leave.

Since I discovered that in the depths of Cao Jinmeng's memory, there was a strong man who was exactly like him.

Dao's heart is shaken and doubts about himself, allowing the demons to take advantage of the vacancy.

But he accidentally unblocked the depths of the spiritual world, a mark left by the master, telling him that there was a curse in his blood.

After getting rid of the demons, and a blessing in disguise, the Taishang Yuqing Jiushou Zhenjue broke through to the weak state.

Then, successfully opened the core inheritance of Yuxubaojian.

A lot of time was lost due to a series of mishaps.

After bidding farewell to the Buddha Spirit, Chen Feng instantly returned to reality.

"Big brother, you are back!"

"Chen Feng, are you okay?"

As soon as he returned, people around him gathered around.

Looking at everyone's concerned eyes, Chen Feng moved slightly in his heart, and then smiled.

"Nothing, something went wrong, but it has been resolved."

On the side, Taoist Wuya had a small smile on his face.

"Not only is he okay, he seems to be a blessing in disguise."

Upon hearing this, everyone noticed that the breath released by Chen Feng had changed significantly.

Tiancun Beast Slave and others stared straight.

"Brother, have you broken through again?"

Chen Feng shook his head.

"Forget it, it doesn't count."

With that, he looked at Cao Jinmeng who was searching for his soul again.

Even if they were suddenly attacked and searched for their souls, the three monsters from the planet Yangyun still dare not speak.

"I am not the person in your memory."

"I don't know who he is."

Upon hearing what Chen Feng said, Fairy Yuheng and others were also a little surprised.

Everyone can tell that his abnormal state is because he saw the existence in Cao Jinmeng's memory.

Not to mention Chen Feng, their hearts were full of doubts.

And at this time.

Suddenly, Chen Feng's expression changed.

Immediately afterwards, everyone looked at the top of Chen Feng's head, their complexion changed.

I saw a ray of chaos slowly condensed above his head!

Even if Chen Feng noticed it for the first time, he tried to get rid of it right away.

However, once the air of chaos is contaminated, it is like a maggot of tarsal bones, and it is like a shadow in any case.

Can't get rid of it at all!

The deal was done, and Chen Feng could only smile wryly.

It seems that after falling into the demons just now, he still miscalculated.

The result of the full use of the power of his own bloodline is that it has attracted the attention of the master behind the scenes of the Gods and Demons Secret Realm.

In short, he was targeted.

Cao Jinmeng and the three people saw the crowd's discoloration at the chaotic aura above Chen Feng's head, and their hearts shook together.

"Is there anything wrong with this chaotic air?"

Above their heads, there is also a ray of chaos lingering.

Chen Feng didn't hide it from them either.

"In short, we are all targeted now."

"This ray of chaos is the mark made by the master behind the scenes."

Upon hearing this, the three of Cao Jinmeng had almost no doubt.

Even if Chen Feng said, he is not the strong one in memory.

But the two look exactly the same, and the breath is exactly the same, it is impossible to say that it is completely okay.

What's more, if it weren't for this, there wouldn't be no one around Chen Feng with the air of chaos on his head.

Chen Feng sighed.

He was fully guarded, but he didn't expect to fall into it.

"In that case, I can only move on."

Turning his head, looked at the three of Cao Jinmeng.

"There is no grudge between you and me. If you don't want to die, just follow us."

Hearing this, Tiancun Beast Slave and others were a little surprised.

They understand Chen Feng, although he is not a villain, but he is not the kind of person who overflows with good intentions.

Do you have any plans for the three of Cao Jinmeng to join at this time?

Even the three of Cao Jinmeng couldn't help but hesitate and consider.

On the contrary, Chen Feng himself, after saying this, turned and walked towards the depths of the secret realm.

Chen Feng has already walked forward, no matter how much hesitates, everyone can only keep up at this moment.

Looking up, the towering giant tree stands tall at the end of the sky.

Above, the breath of ancient treasures is constantly bursting out.

Fairy Yuheng's voice came from behind:

"According to the current process, if you want to reach that giant tree, you have to go through more than a dozen levels, let alone."

However, Chen Feng has reservations about this.

Right now, for everyone, divine consciousness can only cover a distance of one kilometer.

Without one's own spiritual thoughts, everything you see with the naked eye may be an illusion.

What's more, Chen Feng has already learned the truth about this mysterious realm of gods and demons!

That towering giant tree is by no means simple!

At this moment, the Qi of Chaos is attached to the top of his head, which is equivalent to being locked on the target.

Chen Feng is very limited in what he can do right now.

However, just as he thought of this, the step forward suddenly stopped.

Behind him, everyone stopped.

"What's the matter, brother?"

Tiancun Beast Slave asked casually.

A gleam of light flashed in Chen Feng's eyes, and he spoke in a low voice:

"The third level has already begun."

As soon as this word came out, everyone in the team changed their expressions.

Especially the few inexperienced Cao Jinmeng had a great reaction, and immediately all of them were on guard.

Hum!

The three of them all grew bigger, from a human-like appearance to a half-human and half-animal appearance.

The whole body was covered with golden snake scales, and the neck stretched out, revealing the thick and long golden snake tail.

Opening his mouth, the blood red letter "sizzled" and confided.

The pupils are even more golden, glowing with cold light.

However, everyone stopped in place to probe for a long time, and there was a dead silence around them.

Except for their breathing, no sound was heard, not to mention murderous aura.

[Chapter 5749: There is no way out!](#)

Chen Feng didn't turn his head back: "If you don't want to die too soon, put your breath away."

Although they did not name their names, the three of Cao Jinmeng realized for the first time that Chen Feng was talking to them.

Behind Cao Jinmeng, the little brother named Li Snake couldn't restrain the doubts in his heart and couldn't help but ask.

"Um... can you tell us what is going on?"

"From the very beginning, you seemed to be secretive about chaos."

"Isn't this stuff conducive to spiritual practice?"

Hearing this, the people including Mu Jiuyou and others turned their heads and glanced lightly at the speaker.

Being stared at by the mighty, Li Snake curled his neck furrow in his heart, condensing all his breath.

Chen Feng also looked back at the three of them, with a calm expression.

"I know that in the eyes of all the monks who come here to explore, those who perform well in customs clearance will be rewarded with a ray of chaos."

"In everyone's cognition, the more Chaos Qi accumulates, the more it can be recognized by the Secret Realm."

After he glanced over the three brothers of Cao Jinmeng, he also patrolled his companions.

Then, he said word by word:

"But who was the first to spread this knowledge?"

There is some speculation in Wuya Taoist and others, and they have not changed their color after hearing this.

But as soon as these words came out, the rest of the juniors were somewhat different.

Everyone heard what Chen Feng meant.

He is questioning the rules of the entire Secret Realm of Gods and Demons!

Cao Jinmeng hesitated and said:

"Regardless of who came out first, some people who entered earlier have indeed benefited."

"The first and second levels, the first batch of people who cleared the level, were all rewarded with treasures."

"Among them, the more chaotic energy is obtained, the rarer treasures are obtained."

These are no secrets.

It is precisely because of such a situation among the monks who came back alive by chance, that a large number of monks will come.

Practicing this path becomes more difficult as you go up.

Any opportunity is worthy of countless cultivators scrambling, even at the risk of personal risk.

Chen Feng looked forward again.

"The Qi of Chaos is so rare, why is the master behind the secret realm of Gods and Demons distributed to all those who perform well?"

"In other words, there are a lot of people who get the aura of chaos, but how many have left this place alive?"

After hearing this, Cao Jinmeng and others were not calm at all.

Chen Feng's words are not unreasonable!

Everyone knows that in the later stages of cultivation, differences in talent will make the distribution of resources between people extremely extreme.

The most precious treasures in the ordinary secret realm basically eventually fall into the hands of powerful and extremely talented people.

The most attractive "customs clearance can be quite beneficial" here, what if it is just bait?

Thinking of these three Cao Jinmeng, their faces were as white as blood.

The Qi of Chaos, which was originally regarded as a treasure, was suddenly like a sword hanging above the head!

It will fall anytime!

Cao Jinmeng looked at each other, and after exchanging eyes, they all looked at Chen Feng together, holding their fists respectfully.

"Please...Senior, save us!"

Even if they are considered masters of cultivation in front of outsiders.

But in front of Chen Feng's group of people, he was completely overshadowed.

However, as soon as the voice fell, when Chen Feng looked down, he whispered:

"coming!"

It's too late to say, then it's fast.

boom!

After a loud noise, the ground under my feet suddenly began to tremble violently!

All the towering ancient trees standing around them moved in a strong tremor!

Around, the strong murderous aura quickly gathered, unstoppable!

The whole mountain is changing drastically.

Cao Jinmeng and others changed their colors on the spot, instinctively wanting to escape from this place of right and wrong.

However, when he turned his head, he saw Chen Feng and others standing in place.

Let the new earth constantly surging up, pile everyone up, and move forward like this.

"what on earth is it?"

Fairy Yuheng and others could barely stabilize their figure in the high earth waves.

In response, Chen Feng's reply sounded like nonsense.

"This is our third pass."

But everyone noticed that when Chen Feng said this, the accent was placed on "our".

The implication is that the third level they are going through is probably different from others.

The moment after Chen Feng finished speaking, a new change occurred!

All the surrounding towering old trees seemed to come alive at this time, gathered together, and began to stretch their branches frantically.

In the blink of an eye, the branches covered the sky and sun, and instantly seemed to be woven into a huge cocoon.

The movement under her feet finally gradually began to calm down.

After a long time, the movement finally disappeared completely.

Everyone looked around.

At this time, the environment they were in had already changed drastically.

I don't know how long it has been in the hinterland.

As far as I can see, there are only seven giant doors!

Seven closed doors made of old wood branches and vines!

"What new level is this?"

A giant gate composed of seven branches, evenly distributed in front, back, left and right of the crowd, two diagonally...

"wrong."

Chen Feng looked at an empty location and frowned.

"Here, one door is missing."

As soon as this remark came out, it immediately attracted everyone's attention.

Soon, everyone realized this.

The arrangement of the seven doors combined with the vacant positions is eight doors.

And what is missing is surprisingly the student!

"In other words, this level... there is no way out!"

Chen Feng's voice was not loud, but it clearly reached everyone's ears.

There is no way out!

What this means, everyone knows well—

The Secret Realm of Gods and Demons, or the main envoy behind it, had no intention of letting them leave alive!

By this time, the three talents Cao Jinmeng completely believed in what Chen Feng had just said.

The chaotic air above their heads does not seem to be a reward.

People are dead here, and the chaotic air given will naturally be recovered.

It is simply the bait that urges countless immortal cultivators to come forward and think!

"What should we do now?"

Mei Wuxia's pretty face tightened, and she looked around timidly.

Aside, Fairy Yuheng waved his jade arm, trying to use the law of space.

"No!"

Before the words of Taoist Wu Ya, everyone suddenly had an early warning, and they burst out of cultivation base defense.

boom!

Countless **** space cracks appeared unexpectedly.

Moreover, it is densely populated as soon as it appears!

In the entire space they were surrounded, there were all large and small space cracks!

Fairy Yuheng's complexion turned pale suddenly, and she was afraid to try any more.

For a while, everyone can only remain still and stay where they are.

In those space cracks, there was a terrifying wind.

Even Mu Jiuyou and Wuya Taoist, who are the strongest on the scene, may not be able to resist it!

But after the power of space withdrew, the space cracks overwhelming the sky slowly dissipated and receded.

Everyone resumed their free activities within the scope.

"How to do?"

Now, Fairy Yuheng was gone.

The crazy tiger with no sense of existence around tentatively said:

"Why, just pick a door to go in and try?"

"Maybe the disappeared student will appear after we have accepted the test of several other doors?"

For Crazy Tiger's proposal, it seemed like the only choice that could be made right now.

However, Chen Feng did not speak out.

He was still thinking.

As the backbone of the team, Chen Feng's attitude determined the choice of the entire team.

Everyone made suggestions, and in the end, he was the one who made the final decision.

The Celestial Beast Slave couldn't help asking what Chen Feng was thinking.

However, before Chen Feng could speak, Mu Jiuyou accepted the question:

"We should not be in the third pass now, and ordinary customs clearance may not work."

"Chen Feng should be speculating on the other side's purpose for trapping us."

In response, Wuya Taoist nodded in agreement.

"I just looked at the front, the darkness is full of flames, and I want to come to the original third level to test the flesh."

"And this is essentially a test of blood."

As soon as this remark came out, many people suddenly realized.

Indeed!

From the sword formation at the entrance, the entire mystery of the gods and demons is constantly detecting the bloodline strength of the intruder.

Even looking back at the first level.

Cao Jinmang and others used the power of blood to suppress those chaotic gu worms to a certain extent.

Only then can the customs be cleared.

However, Zhengye was exposed to the power of his blood, and he was marked by the Qi of Chaos.

However, Chen Feng and the others only used the power of space to clear the level, and naturally they were all unharmed.

The second level is even more so.

If it hadn't been for Chen Feng to wake up in time, he stopped his companion from falling into the illusion.

Otherwise, they will probably be forced to bleed one by one!

"From beginning to end, the Secret Realm of Gods and Demons is just looking for a strong enough bloodline of Gods and Demons."

Chen Feng's words made everyone's heart sink.

There is only one purpose for screening, closing and probing.

That is the blood of the gods and demons!

If there is no conspiracy in such a secret realm, no one believes it.

Thinking of this, Chen Feng had inextricably threaded clues in his heart quickly.

The truth is about to surface!

If there are countless levels in the Secret Realm of Gods and Demons, I just want to find someone with a strong blood of God and Demons.

There is no doubt that right now they were suddenly teleported here because of him.

"I know!"

Chen Feng looked up quickly, his eyes were already clear.

His eyes were burning, staring in one direction.

"The current customs clearance is an illusion!"

"We are brought here and restrained in action, just to guide us to choose one or several doors."

"And once you enter the door, you will either die or be seriously injured."

Everyone's eyes focused on Chen Feng.

His voice is getting louder and louder and deafening.

As he said, his hands were already bright.

The Qingjiu Heavenly Dragon Sabre appeared with the high-pitched Dragon Yin!

"As long as our strength is greatly damaged, it will be effortless to seize the opportunity to seize my blood."

"So, the only way to survive here is..."

"I'll make a way out!"

Before he finished his words, he was too high to punish God, and he volleyed down!

The goal is to point to the vacant door!

The silver thread was so weak that there was hardly any murderous insight, and after swiftly approaching, it broke out in an instant.

boom!

This is Chen Feng's full blow!

All the sun, moon and stars in the entire Xinghai World burst into brilliant white light.

Its power is terrifying!

puff-

The position of the Shengmen, a "life path" tens of meters long, was suddenly presented in front of everyone.

At one glance, everyone was stunned.

Chen Feng's cleavage with this knife turned out to be a sea of flowers behind it!

There is only one kind of flower, the blood sun nourishing soul flower!

As everyone knows, only the extreme breath of death can produce this flower.

When Chen Feng went to Yuheng Xiaoqian World, where all the largest human camps were killed, only one flower was born.

And behind the crack is a sea of flowers!

Penetrating through the blood-red and enchanting flowers, you can vaguely see the countless piles of bones below.

At this moment, the split crack suddenly moved.

Actually intends to disappear!

"It's not advisable to stay here for a long time. Go away."

After Chen Feng finished speaking, without hesitation, he jumped directly over the crack and entered the sea of flowers.

The rest followed.

When the last person jumped over the crack and came to the sea of flowers, the crack behind him was completely closed and disappeared.

Everyone glanced quickly and felt extremely shocked again.

At this moment, they are standing on a corpse mountain!

The corpse mountain is hundreds of meters high. In addition to a large number of monks, there are many demons and demons.

The most frightening thing is that there are not a few of them like the corpse mountain they are standing on!

Looking around, there are corpse mountains of such a size around them!

"This is... the tomb of the gods and demons!"

Even if the blood veins disappeared, Chen Feng could be sure of the strong blood veins remaining in the void.

Most of the dead are people who have more or less the blood of gods and demons!

Everything was as expected by Chen Feng.

"The entire Secret Realm of Gods and Demons is simply a huge conspiracy spanning countless years!"

Looking at the scale of this huge tomb of gods and demons, it is by no means possible that it has just appeared in the near future.

Even Taoist Wuya couldn't help but slap his tongue.

"I'm afraid, this secret realm has existed for hundreds of thousands of years."

Everyone was speechless.

Over the years, everyone has been blinded by the illusion created by it, and so many people have died in succession!

However, before everyone returned to their senses, the expressions of Chen Feng, Mu Jiuyou and others changed drastically.

"It's all behind me!"

The great Xiu Luohong furnace was quickly sacrificed, covering everyone.

Chen Feng looked forward: "The master behind the scenes has finally revealed his original form!"

boom!

In the abyss between Shishan and Shishan, blood-colored roots tens of meters thick suddenly sprang out!

The red, ferocious, twisted straight into the sky!

At this moment, the suppression of divine consciousness in the entire void strengthened again.

Gravity has increased exponentially!

In an instant, almost everyone's bones couldn't help but make a crisp sound.

Fortunately, Chen Feng's shout was timely enough.

Hum!

The great Xiu Luohong furnace burst out with brilliant radiance, and everyone was firmly enveloped in it.

The pressure on everyone was lightened.

However, the next moment, the voice of Hong Zhong Dalu suddenly sounded.

Outside the Great Xiu Luohong furnace, a blood-colored branch rushed forward and slammed into it.

Huaguang flashed randomly, faint almost instantly, and almost disappeared.

"puff!"

Chen Feng immediately turned pale as snow, and opened his mouth to spit out blood.

Scarlet Roots and Branches are more threatening than he thought!

Just relying on a simple and rude impact, his star sea world instantly dimmed a lot.

But, fortunately, he withstood this attack.

Once the great Xiu Luohong furnace is breached, the many people behind him will surely become the nourishment for the scarlet roots and branches in an instant!

At this moment, everyone already understands—

The main envoy behind the secret realm of Gods and Demons was the towering giant tree they first saw when they first entered the secret realm!
