

Peerless 5761

[Chapter 5761: Yu-level exercises!](#)

The devastation that year was no secret, Pu Jinglong just said it straight.

"At the beginning, it was not a secret to find Zhongli Changfeng to borrow a seed."

"But, at that time, no one can say anything to Changsun Suying."

"After all, after the catastrophe, the Changsun family, as the first family of the superbly blessed land, sacrificed all!"

Only the eldest grandson Suying, the only daughter who was still young, was left.

From Pu Jinglong's mouth, Chen Feng had a further understanding of the top of the sky.

In the superbly blessed land at that time, the Zhai family and the eldest grandson family were the strongest.

The more resources obtained from the top of the sky in the past, the more the two families need to give back after the catastrophe erupts.

The eldest grandson family, tens of thousands of people all died.

Only one fire was left, and that was the 20-year-old eldest Sun Suying.

And the Zhai family is no better than the grandson family.

The only difference is that the fire they left behind is the Patriarch of the Zhai Family, Zhai Jiuxiao!

Speaking of this, Pu Jinglong sighed and looked at Chen Feng:

"I know that Zhai Jiuxiao values you very much."

"He believes that you will surpass the old Zhongli Changfeng, and even surpass him."

Pu Jinglong's words are only here, but Chen Feng understands what he has not said.

For ordinary immortals, today's top of the sky is just a place full of opportunities.

Cruel, but it can maximize potential.

However, when they jumped out of the category of ordinary immortals, those people knew that the top of the sky was still the top of the sky back then.

Although the will of the Lord of Heaven was shaken by Zhai Jiuxiao, it has never changed—

The more and stronger people we get from here, the more responsibilities will naturally be assumed.

The crisis on the top of the sky has never disappeared.

Even approaching step by step!

This is exactly what the Lord of Heaven talked about secretly after taking him away.

At that time, Chen Feng responded without hesitation.

At this moment, Fairy Yuheng, who was listening to all the secrets of the past, suddenly spoke.

She looked puzzled and said:

"Since the eldest grandson Suying is the inheritance of the family fire, why do all the children and grandchildren bear the surname Zhongli?"

"Moreover, she shouldn't just borrow seeds."

"I think the exercises handed down from Zhongli's family are quite similar to those practiced by Zhongli Changfeng's real descendants."

Pu Jinglong nodded.

His face looked a little gloomy.

"Although the family left her, it is hoped that she can continue the blood of the grandson's family."

"But how difficult is it to survive the catastrophe?"

"The Lord of Heaven at that time has not been shaken by Zhai Jiuxiao, and all her strength and life origin have also been withdrawn."

In the end, he survived, but he hurt his origin.

Even if you give birth to an heir, it will never be able to revive the glory of the old grandson family.

The family mission has to be practiced.

Therefore, she chose to borrow the seed to combine with Zhong Li Changfeng, who was extremely dazzling in blood and talent at that time.

But the glory belonging to the eldest-grandson family has passed, and the eldest Sun Suying can't deceive herself and others, calling others' bloodline the eldest grandson.

Therefore, he stole the practice exercises and gave the newborn baby the name "Zhong Li".

"Chen Feng, I have a ruthless please."

Pu Jinglong looked at Chen Feng and said solemnly:

"If things evolve to the point where they cannot be controlled in the future, please leave a bloodline of the grandson family."

"I really can't look at this bloodline, it just disappears in the years."

Hearing this, Chen Feng was silent for a long time, but still nodded.

All the dust settled, and the entire mystery of the gods and demons was finally controlled by Chen Feng, regaining stability.

Chen Feng finally got excited.

The heart moved at will, on the blood tree of the gods and demons, two treasures were recruited in front of everyone.

One is the Fragment of the Supreme God Demonizing Dragon Technique!

The other thing is the ancient mirror of reincarnation that everyone is fascinated by!

Of the former, Chen Feng would not be polite and put it away directly.

He was the only one who walked on the Avenue of Gods and Demons in the sitting, and he was the only one who practiced the Dragon Skill of the Supreme God and Demon.

Chen Feng was short of breath, his spiritual consciousness was immersed in it.

At a glance, he was overjoyed!

This fragment happens to be the follow-up of the first volume Xuanhuang scroll fragment.

Until the end of the second volume.

The second volume is called the Scroll of Gods and Demons.

In ancient times, the way of gods and demons prevailed, and then gradually weakened, and the blood of gods and demons was also infinitely diluted.

People today have more or less the blood of gods and demons in their blood.

But very thin!

And the core content of this second volume of Gods and Demons Scroll is to inspire the thin blood of Gods and Demons in the bloodline.

Constantly returning to the ancestors, so that the infinitely diluted blood of the gods and demons will return to the state of Dzogchen!

Seeing what the general outline said, Chen Feng couldn't help but feel excited.

He himself has the supreme bloodline.

If the thin blood of the gods and demons in the body is returned to Dzogchen, I am afraid that by then, the suppression of the blood will be enough to be invincible at the same level, and look at the world!

Chen Feng was so excited that he couldn't help himself.

A volume of Xuanhuang scroll in the past is enough to be rated as a Hong-level Ninth Grade Mind Art by the Lord of Heaven.

"I don't know what grade can be rated now."

Thinking of this, he thought silently in his heart, wanting to call the Lord of Heaven.

Soon, the vast voice of Heaven's dominance rang in his mind.

"The Supreme God Demonizes Dragon Technique, Volume Two."

"Rank: Yu-level first-class."

"If it is merged with the fragmented volume of the first volume, the rank will be upgraded to: Yu-level second rank."

"Cultivate this volume, you can cultivate to the third level of volume two."

Yu-class!

Although he was mentally prepared, Chen Feng couldn't help but burst into blood when he heard the word "yu-level".

He was breathing fast, and his complexion turned red with excitement.

Chen Feng couldn't wait to look back.

However, it failed.

Except for the above-mentioned volume name and general outline, all subsequent contents are in a sealed state.

There are words in the general outline:

Only by practicing the Taishang God Demonized Dragon Technique to the second level of the first volume of Dzogchen, can he be qualified to open the second volume.

In other words, Chen Feng can only use the furnace as a tripod to the limit.

The black and yellow **** and demon supreme tripod that transforms the body into a human form.

Then, he can cultivate the God and Demon Scroll, activate the thin bloodline handed down from the ancient times, until he refines the strongest God and Demon bloodline.

"It's okay, it will be long in Japan."

Chen Feng put away his spiritual thoughts and suppressed the excitement and excitement in his heart.

Furthermore, he cast his gaze on the mirror of reincarnation that everyone was watching.

The most well-known thing about the Mirror of Reincarnation is that you can check the past and present.

At this moment, everyone tried a little bit.

For example, Tiancun Beast Slave could see that an extremely tall and strong four-legged beast figure flashed in the mirror!

The makeup is like a unicorn, with thick, dark hair growing on the corner of his forehead.

In the picture, the sky and the earth are obscured by the sky and the sun, making it hard to see its true appearance.

Only a pair of scarlet pupils burst into red light, seeing through all falsehoods.

"Roar-"

Even if they didn't hear the deafening roar, it was still not difficult for everyone to see the picture in the mirror.

The horror of the sound is beyond words!

[Chapter 5762: Past lives, and, the future!](#)

"Unexpectedly, my previous life was actually an ancient beast, Hachi."

The Tiancun Beast Slave looked at Chen Feng and happily pulled him to the mirror of reincarnation.

"We found that the stronger the person, the less pictures they can see in the mirror of reincarnation."

"Brother, come and try."

Chen Feng was invited to step forward.

After the life and death crisis was lifted, everyone was a little relaxed, and he didn't mind looking at it either.

Moreover, for Chen Feng, the mirror of reincarnation is a surprise.

He thought that this thing was of little use to him, but he didn't expect it to help resurrect the dead!

Chen Feng cared most about those relatives and friends.

Jiang Yuechun, Bai Shanshui, Hua Ruyan, Shangguan Lingyun, Yue Linglong, Wei Qingyi...

There are also Anlao and Wu Bingshuang!

There are more people who want to be resurrected.

Even, he has a grand goal—

Re-open the channel between the Dragon Vessel Continent and the Xuanhuang Middle Thousand Worlds, so that all deceased people have a whole new world!

With his thoughts flying, Chen Feng came to the mirror of reincarnation.

As a ray of breath entered, the mirror of reincarnation in front of him flashed a ray of light.

The picture in the mirror begins to change!

Then, a strong breath gradually rose.

Hum!

At the next moment, Chen Feng only felt that a stalwart figure suddenly appeared in the front mirror.

But fleeting!

However, in spite of this, in just an instant, everyone was enough to see the appearance of that figure!

"How can it be!"

Fairy Yuheng and others took the lead in exclaiming, completely unbelievable.

Everyone looked at Chen Feng together.

However, Chen Feng only had a calm face, looking at the mirror of reincarnation to regain calmness, reflecting his own appearance at the moment.

"Brother, what's going on? How did your previous life look exactly like you?"

Yes!

In the scene where the mirror of reincarnation flashed briefly, the stalwart figure was exactly the same as Chen Feng!

The only difference between the two is the cultivation base and the clothing.

The aura released by the figure in the mirror is much stronger than Chen Feng outside the mirror!

In addition, even the auras of the two are extremely similar!

"I have lived for so long, and I have never heard of anyone whose previous life belongs to me."

"Chen Feng, you are really impressive."

Wuya Taoist laughed heartily.

On the contrary, it was Immortal Mo Rin.

His thoughtful appearance quickly attracted Chen Feng's attention.

"Fairy Mo Rin, have you ever seen such a situation?"

As an ancient Buddha, spanning several ages and reaching the highest state, naturally witnessed more things than anyone present.

For a moment, everyone looked at Immortal Mo Rin.

However, Immortal Mo Rin did not speak.

He looked at Chen Feng and said lightly: "There is another possibility."

"Your previous life surpassed the bearing limit of the mirror of reincarnation, so...it went wrong."

"error?"

Chen Feng thinks this explanation is a bit absurd.

But the others listened to it and agreed.

"It's reasonable!"

"Brother, you just didn't say whether you want to look at the past or the future. The scene just now should be in the future."

"No wonder there is only a momentary picture."

Some people say so, and everyone feels it more and more.

However, Chen Feng did not think so.

The breath that he passed into the mirror of reincarnation just now, he knew better than anyone else.

That scene is the past.

"If this is the case, then I will look at the future!"

Before he finished his words, Chen Feng ran his cultivation base again, waved his hand into the mirror of reincarnation again.

Hum!

A mysterious aura containing time and space, instantly gushing from the mirror of reincarnation.

Chen Feng suddenly felt as if a ray of breath penetrated his body.

Then, the picture in the mirror began to change again.

boom!

Murderous aura suddenly appeared!

The picture that appeared in the mirror was scarlet.

The sky is cracking and the earth is cracking everywhere, the planet is shattering, and the earth is collapsing.

Chen Feng saw that his figure appeared in the picture, a sword pierced his chest, splitting the Dantian and Xinghai.

The flesh was torn apart!

Even the soul has no chance to escape!

Then, there was pitch black in the mirror, and the picture disappeared again, reflecting Chen Feng's slightly pale complexion.

Everyone was silent.

If only then, Immortal Mo Rin's words could still be used as a possibility.

So now, everyone has nothing to say.

Chen Feng's past is exactly what he is now.

And his future... is actually dead!

The original excitement of Tiancun Beast Slave and others disappeared at this moment.

He looked at Chen Feng nervously, and said dryly:

"Brother, what... I think, this thing is not allowed."

"Actually, I don't even think what Haechi was in my previous life, I'm much more beautiful than it..."

Chen Feng stretched out his hand and stopped the comforting words of the Heavenly Demon Beast Slave.

He looked at everyone:

"Have you seen clearly, who was the one who killed me in the picture just now?"

Seeing everyone looking at each other and unable to guess his intentions for a while, Chen Feng smiled slightly.

He patted the Celestial Remnant Beast Slave on the shoulder.

"What do you think?"

"People are mortal. If there is no such preparation, what future will you see?"

Chen Feng did not speak slowly or slowly, saying every word:

"However, the fate of human beings has always been very mysterious, and you can see the scene just now."

"However, if there is such an opponent who wants to kill me in the future, if I can prepare from now, it is better than nothing."

Seeing that the parties themselves are so thorough in their thinking, everyone naturally has nothing to say.

But everyone looked back and found a helpless thing.

No one saw the person who gave the shocking sword, who was it.

What he looks like, what clothes he wears, what special aura he has... He doesn't know everything.

Immortal Mo Rin also shook his head regretfully.

"I only noticed that your cultivation base at that time should be the peak of the Saint King Realm."

"The opponent can kill you with a single sword, and the realm should be the holy emperor realm."

Holy Emperor Realm!

Chen Feng couldn't laugh or cry.

"Don't think about it so much, let's go out."

There are still many issues waiting to be resolved, and the only thing Chen Feng can do is to grasp the present.

Thanks to the seedlings of the World Origin Tree, the Secret Realm of Gods and Demons is equivalent to a small world for Chen Feng.

As for the Chaos Qi that was collected here by the Mingtian Ancient God, Chen Feng generously divided some of it to you.

The rest is still used to maintain the rewards and punishments of the secret realm.

For this, the three brothers Cao Jinmeng are extremely grateful to Chen Feng.

Although they didn't get any ancient treasures during their trip, it was not considered a waste.

A few wisps of Chaos Qi can be obtained, which is of great help to future cultivation!

In addition, Chen Feng also left some of the treasures he collected easily here as a gimmick and continued to attract a large number of cultivators to try.

"Yuheng."

Chen Feng spoke, Fairy Yuheng nodded immediately.

The jade arm was raised high.

In the next moment, space power suddenly flooded the world.

A circular space channel interlaced with red gold appeared in front of everyone. Chen Feng and others filed in.

[Chapter 5763: Just relying on you, are you worthy to do with me?](#)

After reappearing, he returned to the Hongqiao at the entrance of the secret realm.

After crossing the huge Hongqiao, the closed entrance slowly opened.

"Out!"

There was a hustle and bustle outside, even boiling.

No one thought that the entrance to the Mystic Realm of Gods and Demons was opened in less than a month.

In the next moment, a few figures came out from inside, attracting everyone's attention.

In an instant, countless Taoist Senses gathered in Chen Feng's crowd.

The inquirer has, but more of it is scorching, greedy hostility!

In this regard, Chen Feng and others had long expected it.

So many monks from all sides guarding outside the entrance of the Gods and Demons Secret Realm were half of them to plunder the people who got their treasures from the inside.

As for the other half, it is the support team of those who succeeded.

"Big Brother!"

Suddenly an exclamation came from the crowd.

The next moment, several figures rushed out and came to Cao Jinmeng and the three of them.

"The third brother!"

Cao Jinmang looked at the people coming, and couldn't help being excited.

This trip was too thrilling for him and his colleagues.

Finally being able to come out to see the long-lost face, it's almost like a lifetime.

The visitor was the one from the Sky-Swallowing Giant Python tribe who had stopped Chen Feng at the entrance.

The cold woman next to him looked over and nodded at Chen Feng.

But before Chen Feng could react, a murderous aura suddenly approached.

It's too late to say, then it's fast.

The warning signs in Chen Feng's heart were great, and instinct preceded thinking.

Taishang Yuqing Nine Shou Zhen Jue suddenly gained power.

With a wave of his long arm, everyone beside him disappeared in an instant.

At almost the same time, the space where they had stood suddenly collapsed!

The cracks in the space appeared caught off guard, and the raging wind swept across the entrance of the mysterious realm of Gods and Demons.

A little far away, everyone turned their eyes together, obviously they were quite surprised at the sudden killer move.

"who is it?"

"Who dares to do it to us!"

In the next instant, a desperate roar sounded from behind everyone.

Everyone turned their heads together again.

The speaker was the burly man who had just greeted Cao Jinmang's three giant swallowing pythons on the planet of ten thousand beasts.

That is, the third brother of Cao Jinmeng.

In the past, even if someone wanted to kill and win treasure, they would not be so eager to do it.

At least you have to understand what kind of treasures the visitor brought out.

For a time, many people have a certain idea in their hearts.

Chen Feng took a step forward and said calmly:

"The people who do it should be aimed at us and have nothing to do with you."

It's just that the scope of the sudden spatial crack just now is not small.

Obviously, the person who took the shot didn't care whether it hurt the innocent, so Chen Feng brought a few of them here.

"Smelly boy! How dare you kill my Xia Chenghai's daughter in the secret realm, I will definitely want you to pay for it today!"

The roar that exploded suddenly, like a cloud and cracked stone.

At the same time, an extremely powerful breath instantly filled the entire entrance.

Chen Feng did some research on the power of time and space, and immediately realized that there was a situation.

The space within fifty miles has been locked!

At this time, everyone present seemed to be a turtle in the urn, with no way to the sky and no way to the earth.

The situation began to change.

Several figures jumped out of the crowd and quickly appeared in front of Chen Feng and others.

The leader wore a dark black robe, gray hair, and a look of hatred shot out of his slightly muddy eyes.

He held the seal with one hand and stared at Chen Feng from beginning to end.

This person is the one who just uttered wild words, Xia Chenghai.

After hearing what just said, Chen Feng also guessed his identity.

Before in the secret realm, he unkindly cut a woman named Xia Mengyun.

I vaguely remember that the woman came from the Xia Mansion of the ancient star of Tiannan.

Thinking about it, it was the Xia family who learned that Xia Mengyun had fallen behind, and by tracing the origins, he found the last scene before loving the girl.

Chen Feng's face was calm, and his eyes moved from Xia Chenghai to behind him.

Not surprisingly, this middle-aged man who was six to seven points like Xia Chenghai should be Xia Chenghai's brother.

"Smelly boy, what do you look at!"

"You dare to kill my niece, I, Xia Chengping, will surely break your corpse today!"

To open your mouth is to have a bad temper.

Behind Chen Feng, Fairy Yuheng and the others looked wary.

The other people in the Xia family are not worth mentioning to them, but they have to pay attention to the old brothers in front of them.

The two did not conceal their breath, so everyone felt it really.

Xia Chenghai, the Patriarch of the Xia Family, is impressively an immortal of the Five Tribulations!

Even if it had just broken through, the strength of the Five Tribulations Earth Immortal was much stronger than the peak of the Four Tribulations Earth Immortal.

As for the cultivation base of his younger brother Xia Chengping, there is also the pinnacle of the Four Tribulations Earth Immortal.

Faced with such a severe situation, Chen Feng suddenly turned his head to look at Cao Jinmeng and others, and said without delay:

"This matter has nothing to do with you, they are looking for me."

Cao Jinmeng seemed to have something to say, but under Chen Feng's gaze, he nodded.

A group of people left silently.

Fortunately, Xia Chenghai and others did not stop them.

Chen Feng stood with his hands in his hands, but seemed quite calm.

He looked at the two in front of him again.

"God and demon body refiner, the bloodline of the **** and demon who awakened five hundred years later, the level...not yours."

"It seems that I killed Xia Mengyun and almost ruined the future of your Xia family."

The Supreme God Demon Transforming Dragon Technique has cultivated to the present level. As early as when he first saw the two of them, Chen Feng had the judgment of the bloodlines of the two gods and demons in his mind.

A seventh-rank is superior, and the sixth-rank is medium.

He didn't even bother to absorb it.

When Xia Chenghai heard this, his face was even more ugly.

"What a crazy brat, he doesn't know how to repent when he is dying."

"After a while, even if you kneel in front of me and kowtow to me for mercy, I will get your soul out."

"I want you to live forever!"

Before he finished his words, Xia Chenghai urged the golden square seal in his hand again.

Hum!

The dazzling golden light gleamed.

Countless murderous auras were condensed from all directions almost instantly, and they all rushed towards Chen Feng.

The Xia family is obviously quite accomplished in the laws of space.

But, so what?

"But you!"

Chen Feng's eyes grew colder, and the Taishang Yuqing Nine Shou True Art was running wildly.

boom! boom! boom!

Between the lightning and flint, the countless murderous auras that were directed at Chen Feng, they collapsed before they even approached!

Some people with a higher level of cultivation realized what was going on for the first time.

"That kid's knowledge of the laws of space is obviously better!"

A similar sound came into Xia Chenghai's ears, and it was really heartbreaking!

Just as he was about to do it, Xia Chengping beside him strode forward.

"Brother, let me come!"

With that, Xia Chengping strode towards Chen Feng.

The terrifying aura all over his body skyrocketed, his muscles knotted, like a dragon, his blue veins violently, his eyes gradually congested.

"Die to me—"

With this anger, Xia Chengping appeared in front of Chen Feng in an instant.

A punch, about to hit Chen Feng!

boom!

A solid collision.

A black figure flew out swiftly, gulping blood.

"Second brother!"

Xia Chenghai's complexion changed drastically, and immediately urged the seal in his hand to condense into an air wall, catching the figure flying out.

It's Xia Chengping!

"How can it be?"

"That kid's cultivation base aura hasn't even arrived in the fairyland of Lingxu, right?"

"I've never heard that the monk at the peak of the Shifangdong Heaven Realm can fly four tribulations to the peak power of the Earth Immortal with one punch!"

The crowd onlookers in the distance exclaimed in disbelief.

Chen Feng slowly retracted his gaze. "Only you are worthy to do with me?"

[Chapter 5764: Suppress with one finger!](#)

Chen Feng's Four Tribulations Earth Immortal who retreated to the peak with a punch completely shocked everyone.

All eyes fell on him, and Chen Feng turned a deaf ear.

He stepped forward unhurriedly and looked at Xia Chenghai.

"I never kill innocent people. It was your daughter Xia Mengyun who calculated me first."

On the road to Xiuxian, if he was not strong enough to be killed, no one had anything to say, but how could Xia Chenghai let him go?

His eyes were red, and he roared:

"That's the first genius in my Xia family to awaken the blood of the gods and demons, and is my beloved daughter!"

As soon as the voice fell, Chen Feng sneered:

"I heard that you are the head of the Tiannan ancient star Xia family. If I were you, I would leave it alone."

"It's a big deal to go back and have a few children, maybe a better one will be awakened in a hundred years."

Not to mention whether Chen Feng could beat Xia Chenghai of the Five Tribulations Earth Immortal.

But behind him, there is a real Immortal Mo Rin from the Five Tribulations Land.

Or the body of the ancient Buddha!

Even if Chen Feng lost to Xia Chenghai in strength, Immortal Mo Rin would never sit back and watch.

Looking at the indifferent appearance of the group of people in front of him, especially the few words that the man in Tsing Yi just understated.

Xia Chenghai's face was flushed, and he was suddenly angry.

Those words of Chen Feng were extremely harsh in his ears!

It's just ridicule!

"Naughty animal, you are looking for death!"

Before he finished his words, Xia Chenghai immediately squeezed Fang Yin in his hand.

Hum!

The golden light suddenly burst into red light.

The expressions of Chen Feng, Fairy Yuheng and Taoist Wuya all changed suddenly.

"Flash!"

However, it was still a little late.

That scarlet golden beam of light shining on several of them instantly.

Chen Feng's complexion suddenly became extremely cold.

The surrounding Taoist rhyme condenses and takes shape in an instant, making it difficult to change.

Without the invisible and free Taoist rhyme between heaven and earth, his Taishang Yuqing Nine Shou Zhen tactics would not be able to function normally.

When the light fell on him, in an instant, it was as if the air in all directions turned into invisible mud.

To bury him alive in heaven and earth!

Under everyone's eyes, everyone could see clearly.

The figures of Chen Feng and others were getting slower and slower, and then... they were completely frozen in place!

That whole piece of space was actually frozen in an instant!

For a while, the audience was in an uproar!

Many people know that the famous Xia family is best at the laws of space.

However, this kind of supernatural power directly consolidating the space and imprisoning the other party directly in place, almost no one knows!

Xia Chenghai and Xia Chengping stared at the frozen group of people in front of them, roaring again and again.

"If you mess with my Xia family, you will definitely die!"

But just now, the three brothers Cao Jinmeng, who were not far away, were very nervous when they saw and heard.

Especially Cao Jinmeng, who wanted to rush forward without saying a word, was caught by his third brother Cao Yuebin.

"Big brother, don't you want to save them?"

"That's the Xia Family Patriarch of Tiannan Ancient Star, we can't afford it."

Cao Yuebin didn't have any favorable impressions of Chen Feng at all, and naturally would not consider their life and death.

But this time, not only him, but also Cao Ling'er, the woman who had previously prevented Cao Yuebin from conflicting with Chen Feng, was also quite incomprehensible.

She didn't know what happened to the eldest brother and the four people in the mysterious realm of gods and demons.

I encountered this kind of thing as soon as I came out, and I didn't have time to ask in detail.

However, it seems that the eldest brother respects Chen Feng quite a bit.

There was even a hint of fear.

"Brother, what happened inside?"

However, before Cao Jinmeng had time to explain the ins and outs, Xia Chenghai had already rushed in front of Chen Feng.

The people not far away watched this scene indifferently, discussing at will.

"It seems that these people are still doing wedding gowns."

"You can't say that. The Xia Mengyun, such a prominent genius of the Xia family, has been folded inside. It is simply a bad news for the Xia family."

Chen Feng and his party came suddenly, and they were also mysterious figures who came out of the Secret Realm of Gods and Demons in advance.

Naturally, no one will consider their life and death.

"go to hell!"

Xia Chenghai had a hideous face, urging the Fang Yin in his right hand to continuously strengthen the light.

He flew in front of him, merged his left hand into a palm, raised it high, aimed at Chen Feng's head, and took a heavy shot!

咚—

A long bell suddenly passed through everyone's minds, reverberating continuously.

The bell sounded like countless ancient Buddhas sighing in unison.

The red golden beam of light fell apart at this moment, collapsed and collapsed.

Then, a gentle middle-aged man's voice sounded slowly.

"Amitabha."

The palm taken by Xia Chenghai stopped in the air.

Not only that.

His whole person was frozen, frozen in place, still maintaining the expression of scornful glaring just now.

Not far away from the originally noisy place, the needle fell instantly, and there was no sound.

Everyone did not expect that things would become like this.

They stared wide and saw nothing.

But in the blink of an eye, this scene suddenly changed.

A figure appeared!

That figure appeared strangely between Chen Feng and Xia Chenghai.

That is, the figure stretched out a finger and pressed it to the center of Xia Chenghai's eyebrows.

Suppress with one finger!

How terrible!

Everyone took a breath of air.

Finally, someone exclaimed: "He is the monk behind that young son just now!"

It was Immortal Mo Rin who made the move!

He looks kind, gentle and elegant, so he won't feel any pressure at all.

Except for Chen Feng and others, how can these others think of his true identity!

Without the light, Chen Feng and others quickly resumed their normal actions.

Immortal Mo Rin retracted a finger.

In an instant, Xia Chenghai also fell from the air and fell to the ground in embarrassment.

Looking up again, there was finally jealousy in his eyes.

Chen Feng hugged his fist towards Immortal Mo Rin, thanked him respectfully for his help, and then looked at the two brothers of the Xia family again.

"I'm not a good person, but today, I can give you another chance."

"Whether to go or die, choose for yourself."

These words slapped Xia Chenghai's face like a slap.

He hung his head, and when he got up from the ground, his face still seemed to be hot.

The Xia Family Patriarch of the ancient star of Tiannan, has never been so treated as a human being!

However, it is not too late for a gentleman to take revenge for ten years!

Right now, facing the dead bald donkey, he really had no choice.

In front of the monk, the Xia Family Zhigao Jue Xue was worthy of only one finger to suppress it.

How to take revenge?

Silence seemed to be his choice at this moment.

Chen Feng turned around and left, his eyes didn't show any nostalgia for him.

The oncoming fairy Yu Heng had already excitedly discussed that the space for that trick had just been frozen.

She excitedly said that this is the one she has ever seen to control the power of space the most. The hot gaze fell on the square seal in Xia Chenghai's hand, more like a slap on the other side of Xia Chenghai's face.

[Chapter 5765: Go out!](#)

How could the treasure handed down from the Xia family allow others to weigh it so freely?

"Everyone, listen to me."

"This group of people is the only group, coming out of the Secret Realm of Gods and Demons in advance."

"Presumably, the treasure among them lies in them!"

Xia Chenghai's voice sounded again.

It's just that, this time, it is the group of monks staring at him behind him!

Hearing what Xia Chenghai said, Chen Feng couldn't help sighing deeply.

He turned around and stared at Brother Xia Chenghai calmly.

"If there is a way to heaven, if you don't walk, you have to find your own dead end."

Obviously I don't bother to care about them.

Even Xia Chengping opened his mouth and looked at the elder brother beside him, and finally sighed deeply.

"Never mind! Today, I will live and die with you, big brother!"

Xia Chenghai yelled "OK" and then burst into laughter.

He stared at Chen Feng with hatred in his eyes:

"Little beast, you and us are more than just murderous enemies."

"My hopes of revitalizing the Xia family are all destroyed by your hands!"

"This hatred is not shared!"

After the words, an extremely powerful aura burst out, instantly sweeping a radius of dozens of miles.

The square seal in the palm suddenly burst into bright light.

In the void, the law of space is constantly beating, preventing Chen Feng and others from teleporting away.

In the distance, people kept appearing from afar, and people kept leaving.

The colorful lights flicker continuously.

What comes in the ear is basically a sound—

The mystery of the gods and demons is broken, and there is a mysterious team who wants to take the treasure to go!

Xia Chenghai's purpose is simple.

Since his brothers couldn't kill Chen Feng, they used the news of ancient treasures to kill people with the sword.

as predicted.

In less than a cup of tea, the crowd staring at it in the distance has grown in a circle!

Chen Feng didn't want to waste time anymore.

He turned to look at Yuheng:

"Aren't you interested in the square seal of the Xia family? It will be yours from now on."

After that, he looked at Tiancun Beast Slave again.

"Xia Chengping has been seriously injured, but the wasted blood of the gods and demons on his body is also a waste. I will leave it to you."

"Leave it to me, don't worry!"

The Tiancun Beast Slave stepped forward with confidence, and the bloodthirsty cold light appeared in the dark gray eyes.

The condescending gaze deeply hurt Xia Chengping!

As the second head of the ancient star of Tiannan Xia family, which junior dare to treat him like this?

boom!

The two figures jumped up almost at the same time and rushed towards each other.

The war on the other side was also on the verge of breaking out at the same time.

Chen Feng stopped the Immortal Mo Rin and said with a smile:

"give it to me."

Immortal Mo Rin has just been resurrected in the body of King Kong Da Bei Xi, and has not yet fully adapted to it.

It's okay to bluff people like that just now, but if you really want to fight, the flaws of this hole card will soon be noticed.

Faced with unknown circumstances, Chen Feng has never been willing to reveal his hole cards.

He turned and looked at Xia Chenghai.

The large Xiu Luohong furnace rose in the wind and hovered above his head.

"I want to try it, a badly wounded Five Tribulations Earth Immortal, I have no ability to kill!"

"I can't help myself!"

Xia Chenghai screamed angrily and urged the palm seal again.

But, this time, Chen Feng was faster!

The Taishang Yuqing Nine Shou Zhen tactics suddenly turned to the extreme.

The previous spatial shock did not affect Chen Feng the slightest.

Before everyone even reacted, his figure disappeared in place, and at the same time, he appeared in front of Xia Chenghai.

"what happened?"

Amidst the exclamation of the monks watching in the distance, an invisible cold light flashed by.

Too much to punish the gods!

Chen Feng shook his empty hand and swung it down vigorously.

Xia Chenghai's complexion changed suddenly and disappeared instantly.

But Chen Feng also disappeared in place.

In just one breath, the two disappeared and reappeared.

Every time, Chen Feng accurately found the location of Xia Chenghai's appearance and took a palm.

"Roar-"

Buddha's angry eyes and roaring power!

I haven't used this skill for a long time, and now the third star soul is perfect, and the ancient Buddha takes shape.

When the imposing purple-white giant lion jumped out, the roar was deafening, almost breaking through the nine layers of clouds.

In the Star Sea World, the Star Soul of Ancient Buddha is in the shape of folded hands, bowed his eyes and smiled at the corners of his eyes.

And the appearance of the Buddha that appeared before him became more and more majestic.

He suddenly angered his eyes, his legs crossed his knees, but he approached quickly.

When it was said that it was too late and then it was fast, Xia Chenghai's heart suddenly shrank, and he shouted "not good" in his heart.

However, it was still a step too late.

At this moment, the Buddha appeared very close in front of him, and he stretched out a finger to hit his eyebrows.

Xia Chenghai tried his best to urge Fang Yin, but this time, he failed.

"This is..."

"This is my domain."

Chen Feng spoke directly and took his words.

The three star souls turned into reality, and three hundred and sixty sun, moon and stars had opened up their own galaxies.

His Dao domain and Dao rhyme have long since returned to the original and become invisible.

Invisible to the naked eye, but the intensity and range far exceed the past!

Xia Chenghai could only watch the Buddha point his eyebrows.

boom!

The spiritual world was in a trance.

Even if it is only a moment, it is enough to decide life and death in a big battle.

Shining light!

The sharp sword intent broke out in an instant.

Dazzling, with afterimages again and again.

The next moment, Chen Feng appeared behind Xia Chenghai, holding knives in both hands, and was silent.

The Qingqiu Tianlong Sword and the invisible long sword formed by Dao Yun were retracted at the same time.

His face turned pale, and a mouthful of red blood came out of his lips.

Chen Feng can be regarded as having all his cards with the continuous killer moves just now.

Even if Xia Chenghai was suppressed by Immortal Mo Rin first, it would not be easy to kill him!

"Chen Feng!"

When Fairy Yuheng and others saw this, their expressions changed drastically.

However, he was stopped by a palm shot.

Puff—

Behind him, Xia Chenghai suddenly splattered blood and instantly turned into a blood man.

A screaming scream sounded.

"Naughty animal, I and you, never die!"

Xia Chenghai's figure suddenly swelled.

When everyone present saw this, their complexions changed drastically.

"He is going to blow himself up!"

Actually intending to die with Chen Feng!

At the moment of critical survival, only two dark shadows flashed by.

Boom!

The great repair Luo Honglu crashed down, and Xia Chenghai was tightly locked in it.

boom-

With a deafening explosion, it shook within tens of miles, and everyone could not hear any sound at this moment.

Chen Feng staggered, fell to the ground, bent his knees and propped the ground with a knife.

Opening your mouth is a big mouthful of blood.

Behind him, Immortal Mo Rin used his palm to save Chen Feng from the fatal impact of Xia Chenghai's blow.

The big repair Luohong furnace shrinks again.

A golden square stamp fell from the inside of "Patter".

As for Xia Chenghai, it has long since turned into blood mist.

"Thank you senior for helping me."

Chen Feng forcibly suppressed the surging breath of Xinghai World, and turned around to clasp his fist at Immortal Mo Rin.

If it weren't for the latter to help out in time, with his state at that time, he would not be able to activate the Grand Xiu Luohong Furnace!

Not only will the Dao artifacts that he has finally upgraded to be damaged and shattered, the backlash and shock he received is even more unimaginable.

It's really possible to die! Chen Feng picked up the square seal and threw it to Yuheng:

[Chapter 5766: Don't be afraid of death, come and have a try!](#)

"This Fangyin is now yours."

"This is an imitation version of Duan Gu Tian Yin. It is actually a third-grade spiritual weapon."

Fairy Yuheng smiled at the corner of her mouth, and after looking at Fang Yin carefully, she cast a grateful look at Chen Feng.

On the other side, the war has almost come to an end.

The plundering ability of the Tiancun Beast Slave is extremely overbearing!

Xia Chengping was already seriously injured, and after this battle, he was completely reduced to a part of the Heavenly Canal Beast Slave.

"It's over, it's time to do something serious... Otherwise, it will be troublesome to be pestered by these people."

Chen Feng retracted his gaze, turned around suddenly, and took a step forward.

The Taishang Yuqing Nine Shou Zhen Jue circulates slowly, and the golden Taoist rhyme is overwhelming and stretched out.

The group of onlookers from nine places and ten places immediately retreated vigilantly, not daring to get a trace of it.

In an instant, a few miles around was enveloped by invisible air!

Chen Feng suddenly raised a subtle aura--

Heaven and earth, I am the only one!

It's Chen Feng's domain!

In this realm, Chen Feng is like a god, capable of doing everything!

Only Chen Feng knew that this was just a means to deter everyone. In fact, the power of this realm couldn't even kill the Four Tribulations Earth Immortal easily.

However, this momentum is enough.

"I might as well tell you, I got a lot of things in the secret realm."

Chen Feng's voice was like Hong Zhong Dalu, shocking all directions.

The sharp light in the eyes seems to be able to cross the space and penetrate people!

"However, if you want to get it, you have to prepare for it!"

Awe-inspiring murderous aura, even more!

The blood-red killing intent is permeated in the entire Dao realm, which is breathtaking!

"If you are not afraid of death, you can come up and have a try!"

Many of the people who were ready to move, had already retreated and talked in a low voice.

"The person surnamed Xia just now has the strength of the Five Tribulations Earth Immortal and was also beheaded by him. I dare not go back."

"Although the baby is good, it has to be fate...but, I'm even more curious, who is this person? Why is it so powerful?"

"Chen Feng of the Galaxy Sword School, haven't you heard of it?"

"Chen Feng? It turns out that he is the same Chen Feng, no wonder! I quit this battle."

Scared!

Someone started to be scared!

"I'll quit too! This baby, it's useless if you have fate!"

There were one or two, everyone shook their heads and left, and the siege army gradually collapsed.

In the blink of an eye, most of the eager guys had already dispersed, leaving three or two kittens behind, and they didn't dare to move their minds anymore.

"The opportunity has been given to you, but you are useless!"

"Then, I'm leaving now!"

Chen Feng's eyes were indifferent, but he let out a sigh of relief in his heart.

After all, this group of guys was shocked, and there was no need to continue to take action, and there was a lot of trouble less.

Naturally, no one dared to stop Chen Feng anymore and could only watch him leave.

On the way back to the Blessed Land of the Big Dipper, Immortal Mo Rin smiled.

"The domain was used well just now, and it solved a lot of trouble for us. It can be seen that Daoyou Chen is very witty."

Chen Feng shook his head and chuckled: "Senior, don't kill me..."

But when he was halfway through his words, his brows were suddenly frowned, and he felt his dantian and Xinghai surge.

Suddenly opened his mouth and vomited a pool of black blood.

The breath suddenly became confused, and his feet began to stagger, falling straight down from mid-air.

"Chen Feng, what's the matter with you?"

Fairy Yuheng was in chaos, came to Chen Feng's side in an instant, and held him up.

"Big Brother! What's going on?"

The Tiancun Beast Slave's eyes were red, and he stepped forward anxiously.

"Let me take a look."

At this moment, Immortal Mo Rin narrowed his smile, frowned and came to Chen Feng's side.

He reached out and put his hand on Chen Feng's wrist, and an ancient rhyme of Taoism immediately swarmed in like a dragon, exploring within Chen Feng's body.

"Obviously there is no injury... how can it be so weird?"

Immortal Mo Rin's brows tightened, and he said nothing.

"Senior, you don't have to work hard, I know where my problem is."

Chen Feng, who had been silent, finally spoke.

In fact, just now he used the power of the World Origin Tree to use nectar to resolve the injuries in his body.

But it failed!

The power of the world tree does not work. This is not the first time, but it must be the most serious one!

Chen Feng immediately discovered that what he was actually doing was not an injury, but an overload of blood!

As a result of absorbing the power of that bloodline demon tree, his twelve Asura bloodlines reached the top and were promoted to become the great oven of gods and demons.

This was a good thing at first, but because of the soaring strength, Chen Feng's body became uncomfortable.

"I'm not in serious trouble, at most I will be weak for more than a month."

"After a month, my body adapts to the new strength, and it will recover."

Chen Feng took a deep breath, looking very embarrassed.

"It's just that, in the next month, my strength may fall to the bottom, and I need to trouble you."

"There is too much strength, and we need to adapt well. It is true. It seems that we have been worrying too much."

Immortal Mo Rin regained his smile: "Then let's go back to the Blessed Land of the Big Dipper first."

Fairy Yuheng and the others also breathed a sigh of relief.

"Brother, I'll carry you back."

Tiancun Beast Slave grinned, stepped forward to carry Chen Feng on his back, and headed to the Blessed Land of the Big Dipper.

After returning to the Blessed Land, everyone said goodbye to separation.

Chen Feng immediately entered a state of retreat, adapting to the new bloodline power.

The twelve blood vessels in his body have now reached their peak state, turning into flame mountains, burning and jumping in his body.

It looks like a powerful force, but it may get out of control at any time!

The reason why there is a problem is because the state is unstable!

The blood of the twelve gods and demons turned into real gods and demons, and it is still one step away from complete refining!

For fifteen consecutive days, Chen Feng ran the Taishang Yuqing Nine Shou Zhen tactics, turning the twelve into the blood of flames, thoroughly refining.

That bloodline power is intertwined and merged...

After a long time, it finally stabilized into a furnace state, and the bloodline flame in the furnace was burning!

The gods and demons have finally left the brink of collapse!

Chen Feng slowly let out a suffocating breath and opened his eyes.

"The power of the bloodline is now stable, but the power hasn't recovered yet. You must wait ten days before the body can adapt to this power."

But he also knew that things were not so optimistic at the moment.

In the future, every step of the power of the bloodline will be like walking on thin ice, and it may collapse at any time.

Only with the Great Asura burial of the gods, it is possible to improve this state.

"Great Shura Burial Art..."

Chen Feng thoughtfully, "Looking for an opportunity, I have to go to the Xuanhuang Zhongqian World again and look for a follow-up chapter."

He just got up and walked out of the cave house, suddenly, a shocking voice blasted in his ears.

"The fairy Chen Feng, start a time-limited mission and immediately go to the towers of the heavens and ten thousand realms."

"Task Reward: Tiandao Pavilion proves the Dao opportunity once."

Chen Feng's heart was suddenly startled, and the golden spiritual ocean was already surging into the sky.

Tiandao Pavilion, that is a place that only exists in rumors. Legend has it that every ruler of the Heavenly Dao has its own avenue, which is preserved in the Heavenly Dao Pavilion.

[Chapter 5767: New mission!](#)

If you can get the opportunity to prove the Dao, you will have the opportunity to prove the complete Dao, that is the strength of the Holy King Realm, and even the Holy Emperor Realm!

It's not appropriate to use a steady stream, it can be said to be able to reach the sky in one step!

However, Chen Feng had an unclear premonition in his heart.

The Lord of Heaven has always been cold, when was he so kind?

Behind the huge benefits, there are often unprecedented dangers hidden.

This mission was not only very tempting, but also did not mention the punishment for failure.

Explain that it is very special!

"Master, my strength is damaged now, can I refuse this mission?"

After thinking for a long time, Chen Feng took a deep breath and resisted the temptation.

"If you haven't entered the mission world for three hours, immediately obliterate it!"

The voice of the Lord of Heaven was instantly cold, with a trace of murderous air.

as predicted!

Chen Feng's eyes flashed, and he had anticipated that the Lord of Heaven would not let him escape easily.

"Then, can I bring other immortals to assist in the mission?"

"This is Chen Feng's unique mission, and no other immortals are allowed to participate."

Hearing the voice of the Lord of Heaven, Chen Feng came again with a message that this mission world will only have himself.

Forcing him to go alone, yet so urgent, even at the expense of temptation...

There is only that thing!

Chen Feng narrowed his eyes and asked in a deep voice, "Is this mission related to the other me?"

Ever since he saw that weird memory, things seem to have become more bizarre.

This time, the Lord of Heaven chose silence.

After a long time, the cold voice sounded again, urging Chen Feng.

"Chen Feng, the immortal disciple, hasn't entered the mission world within three hours, immediately obliterate it!"

Although the Lord of Heaven did not answer, Chen Feng had already got the answer.

At this time, the vast golden spiritual ocean in Chen Feng's mind, rippled from the center, and quickly spread to the surroundings.

After a hundred miles, the ripples have turned into huge waves, covering the clouds and swaying away.

And it's getting worse.

It hasn't happened for a long time since Chen Feng condensed Xinghai and his Dao heart became stable.

He couldn't express the excitement in his heart now.

Whose incarnation am I, or a clone? brother? puppet?

This secret may be able to get the answer in this mission world.

"I will go right away."

Chen Feng's eyes flashed for a moment, and he was calm again.

He didn't choose to tell anyone, but rushed to the great towers of the heavens and ten thousand realms alone.

Two hours later.

This time when he came to the giant towers of the heavens and ten thousand realms, Chen Feng clearly felt different.

When entering the entrance, Chen Feng's reincarnation jade plate had no light or even the slightest breath.

According to common sense, the samsara jade plate is a medium for communicating with the towers of the heavens and ten thousand realms. You must authenticate your identity before you can enter.

But today is different.

The Lord of Heaven cut off the connection between the jade card of reincarnation and the giant towers of the heavens and ten thousand worlds, turning Chen Feng into a "stowaway"!

Today, he is no longer an ordinary immortal, but an intruder whose identity has been concealed.

Chen Feng remembered this matter in his heart, but did not say much, and still chose to remain silent.

A black light flashed, and Chen Feng came to the tower.

The space in the tower is very different, there is no other fairy, exuding a gray light.

Hazy and psychedelic.

The huge bronze gate with fangs suspended in front of Chen Feng is rusty and mottled, revealing a breath of life as if it has been eroded by thousands of years.

That death aura is extraordinary, but the universe after the silence, the star sea that is about to be annihilated, enveloping the death aura after the extinction of hundreds of millions of living beings.

The cold and lifeless spirit enveloped Chen Feng.

In an instant, thick frost formed on his body, as well as a breath of death.

Death is going to swallow Chen Feng!

Chen Feng frowned slightly, immediately felt bad, and urged Taishang Yuqing's Jiushou Zhenshu with all his strength!

In the sea of stars, three hundred and sixty stars are shining brightly!

boom!

Powerful vitality suddenly gushes out in the sea of stars, flowing through the whole body, dispelling death.

The gray frost on Chen Feng's body was broken into dust, floating in the air.

"Chen Feng, resisting the killing aura of Zhong Qianjie, has the qualifications to enter the mission world."

The voice of the Lord of Heaven sounded, and the mottled bronze door slowly rose, rumbling.

The gray light began to gather, condensing a dark passage.

This channel seems to be connected to the black hole, and desperate roars are heard from time to time.

"Master, what is my mission?"

However, Chen Feng took a deep breath, his eyes firm, and he was still ready to go.

"Task: Destroy this world!"

"The mission has no time limit. The immortal Chen Feng has died, and the mission is over."

Destroy the world?

This is far beyond the existence of nightmare missions!

Even more terrifying than the last mission world!

But without waiting for Chen Feng to think about it, a huge suction came from the bronze giant gate, drawing him into it.

The gray passage is full of killing air, which is more intense than before!

Chen Feng must fully operate the Taishang Yuqing Nine Shou Zhen tactics in order to withstand the erosion of the killing air.

"This is the repulsive power of the Zhongqian World, and ordinary Five Tribulations Earth Immortals can't stop it."

In a daze, Chen Feng also saw that the deities around the passageway turned out to hold the stars, the Buddha with a golden body, the devil who covered the sky with only one hand...

All of these illusions stretched out their giant palms, pinched the law decision, and prevented Chen Feng from advancing.

It was the world that rejected him, and the world foresaw the arrival of danger.

The giant arm of white light like a mountain pierced through the gray mist, with a bang, and stopped Chen Feng on the way forward.

"Stop me! Death!"

A flash of cold light flashed in Chen Feng's eyes, and the great oven of the gods and demons in his body was burning, and the power of blood was rising!

Supreme God Demonizes Dragon Technique!

The blood of the ancient gods and demons was agitating, and Chen Feng could feel that the power of the gods and demons in his bloodline became purer and stronger after he cultivated into the great oven of the gods and demons!

The tyrannical body of the gods and demons impacted on the giant white light arm!

In an instant, the giant white light arm was shattered!

The cracks on the giant arm spread, covering the whole body of the deity holding the stars in an instant, and he roared silently, turning into fragments and dissipating.

"Block me! Death!"

With a long roar, Chen Feng smashed the starry sky and rushed towards the Buddha and the devil!

boom! boom!

Under the powerful body of the gods and demons, everything seemed so fragile!

The golden Buddha shattered into gold powder and scattered!

The gods and demons tried to bump their shoulders with Chen Feng, but at the moment of contact, the flesh and blood broke and turned into blood and splashed into the sea of stars.

In the end, it turned into a touch of blood and disappeared in the black hole.

And Chen Feng finally rushed through the passage, a dazzling white light flashed in front of his eyes.

...

open! Dead!

Right now is an endless wasteland. On the dry and cracked black ground, ravines are vertical and horizontal, dividing the land into countless pieces.

On the black soil, there is no green and no vitality.

This is a mid-thousand world that is about to die.

No wonder, the passage here will exude lifelessness. In midair, Chen Feng floated in the air, slowly retracting his gaze.

[Chapter 5768: The origin of the world!](#)

"The world that is dying can also have the strongest suppressing power. Now the power in my body can only be exerted to the third hole of the Shifang Dongtian realm."

"Lack of the resources needed for cultivation, the aborigines of this world will not be too strong, and they should be easy to deal with."

Thinking of this, he finally breathed a sigh of relief: "In this way, it may be possible to destroy this world."

However, the world looks barren, and the way to complete the task is not clearly stated.

"It's not easy to destroy a world..."

Chen Feng's eyes were deep and he lowered his head in thought.

The birth and destruction of every world follows the cycle of heaven and possesses irreversible causal power.

The Taoist rhyme in Chen Feng alone is not enough to affect the birth or destruction of a world.

Not to mention that he currently only has the strength of the Shifang Dongtian Realm, even in the Spirit Void Fairy Realm, it is impossible to have the power to destroy the world.

This seems to be an impossible task!

"Master, how do I destroy this world."

Chen Feng thought for a moment, trying to communicate with the Lord of Heaven.

"Find the origin city, destroy the origin of the world, and you will be able to complete the task."

The ethereal voice of the Lord of Heaven echoed in Chen Feng's ears.

"The Origin of the World? Origin City?"

"You have to find a practitioner in this world before you can find out where the original city is."

Chen Feng thoughtfully, closed his eyes and felt the world.

The golden spirit ocean is surging, and the huge spiritual power is centered on Chen Feng, spreading around.

The mental power quickly expanded and enveloped the surroundings, and the vegetation and creatures could not escape Chen Feng's perception.

After a while, Chen Feng suddenly twisted his brows and opened his eyes.

"Someone, and found me?"

He looked into the east, his eyes slightly surprised.

This world is far less powerful than the Xuanhuang Zhongqian World, which is the bottom existence in the Zhongqian world, and the strongest is only around the Shifang Dongtian realm.

According to the truth, the people here can't touch Chen Feng's spiritual power level at all.

However, someone could discover Chen Feng?

"strangeness."

Chen Feng frowned slightly, but did not hide, but fell to the ground and waited quietly.

If you want to understand the world, you must first contact the practitioners here.

In the distance, dozens of colored rays of light broke through the sky.

The headed person is a middle-aged man with an ugly face wearing a black rattan armor and a lion-nosed tiger's mouth.

"Master Tiangui, he is there!"

A young man in front of him was also dressed in vine armor, and a handsome young man with sharp eyes pointed at Chen Feng.

The ugly middle-aged looked at Chen Feng up and down, and the corners of his mouth gradually showed a wicked smile.

"This guy looks alive, he earned it this time! Come with me!"

Afterwards, several people faintly surrounded Chen Feng and cut off all retreats.

Chen Feng also felt that this was a bad person.

But these few people are only around the first hole of the Shifang Dongtian realm, and their strength is too poor.

"Dear fellow daoists, what's the matter?"

Chen Feng's expression was indifferent, looking around the crowd.

"Boy, is it yours to explore the spiritual power around you?"

The ugly middle-aged eyes glared at Chen Feng, and he became more greedy.

"it's me."

Chen Feng was neither overbearing nor overbearing, and said lightly: "After Chen Feng, I am here for the first time. If I have disturbed you just now, let me say sorry first."

"It turns out that they are not from the Black Plateau, so it would be better to say!"

The ugly middle-aged suddenly smiled grimly: "Fuck me, kill him!"

"Anyone who performs well will get an extra share of spiritual power later!"

Several people around suddenly shot, and a huge momentum rose instantly.

"Go! Kill him! We can go one step further!"

"Old rules, you are responsible for attacking, and some of us cut his back!"

Weapons appeared in the hands of several people, obviously they often cooperated, and they were in a tacit understanding.

Suddenly, the swords and swords kept clamoring, and the light was blazing, and they all pressed towards Chen Feng!

Start fighting if you don't agree?

"It turned out to be a group of robbers!"

Chen Feng's eyes were instantaneously cold, and he was running Taishang Yuqing Nine Shou Zhen tactics.

"You are too weak, you don't even have the qualifications to do something with me!"

A stronger momentum suddenly rose!

This momentum is several times stronger than the combined forces of those people!

"Buddha's angry eyes, lion roaring power!"

Chen Feng let out a low roar, the stars in the sea of stars were shining, and the mighty divine power spread away.

The phantom of the ancient Buddha suddenly opened his eyes, the golden eyes are sacred and solemn!

At the same time, behind him, the purple and white rays of light mastered, and the glaring Buddha leaped out riding a mad lion!

The Buddha's hands were sealed, the colorful treasures of the Buddha were overflowing, and the mad lion looked up to the sky and roared!

The roar set off a circle of purple-golden waves, spreading apart, shaking the ground rumbling!

boom! boom! boom!

Those few people were instantly overwhelmed by the sound waves, their bodies crackled and crackled, and their flesh and blood collapsed!

Even the screams were too late, and they were crushed into blood by sound waves!

The rain of blood floated and fell, dyeing the dry ground bright red.

"It's just a trick, and it's all dead?"

"Who is this guy and how can he have such a strong power?"

The ugly middle-aged face was startled, and his eyes were full of horror.

The powerful deterrence that Chen Feng exudes made his body tremble!

That is the suppression from the superior!

"I didn't expect to kick the iron plate!"

He cursed secretly, took two steps back quietly, and turned around to escape.

"Where do you want to go?"

But as soon as he turned around, he saw Chen Feng coming behind him somehow, staring at him with a smile.

The ugly middle-aged pupils suddenly shrank, and his heart trembled.

He could be behind him in an instant, and if Chen Feng wanted to, he would be able to kill him with a punch just now!

The huge sense of fear makes the ugly middle-aged no longer be able to resist.

"I...I knew it was wrong!"

"My lord, I got it wrong, all the power of those people is left to you!"

The ugly middle-aged with a look of fear, hurriedly took out an odd bronze bottle and handed it to Chen Feng.

"This is the divine power I have stored for you, and I am willing to be your disciple, please let me leave my life!"

"Divine power? Disciple?"

Chen Feng frowned slightly and looked at the weird bronze bottle carefully.

The bronze bottle looks inferior. The crude bottle does not even have a pattern on it.

However, it is an inferior treasure!

"My lord, I will help you gather divine power!"

I saw the ugly middle-aged stretched out his hand to urge the bronze bottle, and all kinds of lights immediately lit up in the air, and huge auras gathered from all around and poured into the bronze bottle.

The function of this bottle turned out to be to extract all the power in the bodies of those who died just now from the corpses.

Even if it is broken into blood, you can draw all of it.

Killing and robbing the cultivation base?

"My lord, dedicated to you."

The ugly middle-aged fell on his knees and carefully offered the bronze bottle with both hands.

Chen Feng was startled slightly, still calmly, put away the bronze bottle.

Although this person behaves very badly, he can't kill him for the time being, and he must understand the world from his mouth. Chen Feng suppressed the killing intent in his heart and asked in a cold voice, "What is your name?"

[Chapter 5769: Thousands of worlds in the emptiness!](#)

"Return to the lord, the villain is called a heavenly ghost!"

The ugly middle-aged looked happy, and hurriedly knelt down.

"Thank you sir for accepting me as a disciple and letting me make a living!"

"In the future, I will surely saddle the horse for the grown-ups and will do my best.

He should have been asked for his name, so he was accepted as the so-called "disciple".

Although Chen Feng was not quite clear, he still guessed the general idea from what he said.

After a little thought, Chen Feng immediately had a countermeasure and waved his hand.

"God ghost, get up."

A force of emptiness slowly lifted the heavenly ghost.

"Thank your lord!"

The sky ghost was calm, and he secretly let out a sigh of relief.

"I come from a faraway place, looking for Origin City, but I am not very familiar with it."

"Now, I need you to explain in detail what is going on here."

Chen Feng's tone was still indifferent, but his eyes were very sharp, staring at the sky ghost.

"From afar..."

Tiangui's body trembled slightly, and subconsciously asked: "My lord, are you from Dongming Wonderland?"

Dongming Wonderland?

Chen Feng had never heard of this name, but when he thought about it, he could conceal his identity.

Let the sky ghost mistakenly think that he is a person from Dongming Wonderland, so his identity can be concealed.

Chen Feng looked solemn and said solemnly: "How can you ask about Dongming's Wonderland?"

"Yes, yes! Your lord, I know I was wrong! I won't dare to talk again!"

Tiangui's complexion instantly turned pale, and he hurriedly lowered his head to beg for mercy.

Although the sky ghost has never been there, it is rumored that the Dongming Wonderland is the most powerful territory in the world, and it is the hometown of all practitioners.

This place is completely different from other places in the world. Rumor has it that the wonderland is full of divine power and countless powerful people.

Little people like him can only hear the details of the stories from others.

"Heavenly ghost, tell me as soon as possible, why is it so barren outside of the Dongming Wonderland?"

Under Chen Feng's sharp gaze, the sky ghost hurriedly said.

This continent was called Shenxu Continent, and Chen Feng named this world by the way "Shenxu in the Thousand Worlds".

The practitioners here focus on cultivating divine power, and the division of strength is basically the same as the outside world. The so-called divine power is spiritual energy.

But a hundred years ago, a natural disaster suddenly struck, causing the whole world's aura to dry up.

The earth began to collapse, and the treasures of heaven, material and earth gradually disappeared, and the cultivation of the practitioners became more and more difficult. Except for the legendary Dongming Wonderland, other places no longer have aura.

Practitioners who want to be promoted can only rely on slaughtering creatures and gaining the divine power in other creatures.

Today, a hundred years later, is what Chen Feng saw.

"Aura suddenly dries up?"

Chen Feng was silent for a moment, thoughtfully, and took out the bronze bottle with his backhand.

"After the divine power disappears, your cultivation is difficult..."

"That's why you will hunt and kill each other and seize the power of others?"

The ghost did not dare to conceal, and answered truthfully.

"Yes, my lord, there are hundreds of thousands of miles near the Black Void City where we are. There were no beasts for hunting more than ten years ago. We are forced to kill each other."

Practice is always cruel!

In a world without aura, practitioners can only rely on looting and killing each other!

This is like raising Gu!

Only the strongest and most ruthless practitioner can reach the top!

"Because you need to kill each other, do you have strong means of detection and hiding?"

Chen Feng remembered what he had been discovered, and asked: "Just now, what did you find me through?"

"My lord, it's through this holy mirror of finding a place." *nOvELusb.COM*

Tiangui handed over a bronze mirror.

The bronze mirror only has the formation method, and the rough craftsmanship makes people frown. Just like the bronze bottle, it is an inferior treasure.

"What does that disciple mean?"

"Single hunting is risky, so powerful people will collect many powerful servants, and those servants are also called disciples."

Chen Feng narrowed his eyes slightly, his eyes suddenly sharp.

"Since you are a slave, there is no restriction?"

"It's the villain to **** it, forget to conclude the master and servant contract!"

The sky ghost condensed, and hurriedly folded his hands, a drop of scarlet blood flew between his palms.

That is his heart and blood.

Chen Feng waved his hand coldly, and the blood immediately merged into his palm.

A faint blood glow appeared on the body of the sky ghost, and a crimson light appeared on his forehead, looming.

There is already a wonderful spiritual connection between Chen Feng and the sky ghost.

As long as Chen Feng thought about it, the sky ghost would explode and die.

"Think carefully about this in the future, and put it away."

"Yes! Yes! Your lord!"

Tiangui knelt on the ground, his body trembling constantly.

He just thought that Chen Feng was not from Heixu City, and he didn't know the disciples' rules, and wanted to pass the blunder.

However, with Chen Feng's shrewdness, one can naturally see the problem at a glance.

Such a knock on the mountain shook the tiger, so that he never dared to have a double heart.

"Have you heard of Origin City?"

After confirming that there was no danger, Chen Feng finally asked this question.

"Back to the adults, the young ones have never heard of it."

The sky ghost frowned and thought for a long time, then smiled: "Don't dare to deceive adults, in fact, since I cultivated my supernatural power, I haven't been out of the Black Void City."

"If you are looking for news, I know that there is a place in Heixu City, maybe I can ask."

Chen Feng slowly floated up, looking into the distance.

"Then stop talking nonsense, and go to the Black Void City immediately."

"Yes, my lord, please come with me!"

Tiangui immediately got up and led Chen Feng all the way to the east.

Along the way, Chen Feng saw a barren land above the ground, lifeless.

In the whole world, there seemed to be only dead silence.

Soon after, a huge black shadow finally appeared on the dry and cracked ground, creeping and spreading.

It was a city built of black crystal boulders, and the tall gates rose into the clouds, like an endless mountain range.

The crystal clear spar can reflect the silhouettes of people in the city and the busy streets.

"My lord, here it is, this is Heixu City."

The sky ghost slowly landed, reaching out to the towering city.

"No wonder it is called Heixu City, this black crystal boulder is crystal clear and has an illusory feeling."

Chen Feng sighed in his heart and followed the sky ghost to fall.

In front of the city of Hei Xucheng, there are two hundred-meter-high bronze behemoths with lion heads, exuding a force of destruction.

Chen Feng carefully looked at the two bronze behemoths, and secretly said: "This bronze behemoth is also a treasure, and it has a strong aura. It must have the strength of the third hole of the Shifang Dongtian realm."

While thinking about it, the two giant bronze beasts suddenly began to turn, rumbling inside their bodies.

Two huge eyes flashed strange red light, staring at Chen Feng closely.

"Intruder found!"

The bronze behemoth roared like thunder, stretched out its huge palm, and crashed down.

The huge bronze palm covered the sky and the sun, wrapped in bursts of explosions, almost shattering the sky.

[Chapter 5770: Crush!](#)

"what happened?"

Chen Feng frowned slightly, but didn't panic, and his muscles tightened instantly.

The big oven of the gods and demons in the body rises, and the twelve blood veins are burning like a mountain of flames, releasing a ray of power of the ancient gods and demons.

Just a strand, enough to contend with these two bronze behemoths.

"The Supreme God Demonizes Dragon Technique!"

A light flashed in Chen Feng's eyes, raised his hands, and blasted at the two giant bronze beasts.

Boom!

Two palms collided!

The huge bronze palm and Chen Feng's arm slammed together instantly, causing a powerful wave of vigor.

Angry! Spread to a hundred meters away!

The huge sound immediately attracted the attention of the surrounding people, and in a moment, a large crowd of people were onlookers.

"The bronze lion defending the city has taken a shot? This is a rare event in ten years!"

"Yeah, the guardian bronze lion in the Black Void City is powerful, but never shot easily. What's the matter?"

"As we all know, the bronze lion guarding the city will only attack the invaders, this guy must be plotting wrong!"

"He must be beaten into flesh by the bronze lion guarding the city, which divides his supernatural power, isn't it beautiful!"

Everyone is ready to move, and many people have slowly stepped forward, ready to take action to grab the supernatural power.

"and many more!"

"Look, he doesn't seem to be dead!"

Suddenly, someone shouted, everyone stopped and looked up.

I saw a tiny figure under the huge bronze palm, contending with one hand.

At this time, a crimson flame flared up on Chen Feng's body, and slowly beating.

Every inch of his muscles burst out with the power to destroy the sky and the earth, bulging high, seeming to burst into the void!

That is the power of the blood of the gods and demons!

"Old You, the strength of our generation is comparable to the downward pressure of ten mountains. How can he resist?"

"This thief is powerful! Old Zuo, don't keep your hands! Use your best!"

The two giant bronze beasts pressed their palms hard, but they couldn't go any further.

"break!"

Chen Feng gave a low cry, his muscles and muscles bulging, and the force that was enough to break the earth, burst out!

boom!

The two giant bronze beasts were immediately lifted out, stumbling against the city wall, shaking the city, and shaking the mountains.

"hiss-"

"This, what kind of power is this?"

The onlookers took a deep breath, or retreated like a meteor, or moved to a kilometer away in an instant.

Suddenly, within a kilometer in front of the city gate, it became a vacuum zone.

"God ghost, why do they attack me?"

Chen Feng frowned slightly, and slowly turned his head to look at the sky ghost.

At this time, the sky ghost shivered with fright and responded tremblingly.

"Return to Sir, I, I don't know too much..."

"By the way! Maybe you didn't wear black rattan armor!"

The black vine armor is the black armor worn by the sky ghost and others. Not only can this armor resist damage, it is also a symbol of the Black Void City.

Every practitioner in Hexu City must wear black rattan armor.

"However, there were also outsiders who didn't wear black rattan armor and were not attacked by the bronze lion guarding the city before."

Tiangui didn't know the reason, and began to speculate wildly.

His words are already worthless.

Chen Feng retracted his gaze and turned to look at the two bronze lions guarding the city.

The two giant bronze beasts had adjusted their bodies long ago, and roared in a low voice, as if they were about to attack again at any time.

"Since you don't know, then you can convince them first!"

Chen Feng's eyes condensed slightly, and the stars inside his body lit up with bright stars, and the divine light gleamed!

Taishang Yuqing Nine Shou Zhen Jue!

The mighty power of the stars gushes out, the momentum is like the vast ocean, the waves are turbulent, and the nearby practitioners fly out!

In the sea of stars, the candle nine-yin star soul, roaring Sirius, and ancient Buddha phantom all lit up with brilliant light.

A masterpiece of white and purple light!

"town!"

Chen Feng's eyes were shining, and he stretched out his hand and pointed at the two giant bronze beasts.

Suddenly, the ancient Buddha jumped out from behind on a mad lion, the huge phantom shook the sky regrettably, and stretched out his hand to the bronze behemoth.

"Buddha's angry eyes, lion roaring power!"

The mad lion looked up to the sky and roared, a tyrannical force passed through the void, and instantly came to the two bronze giant beasts.

Boom!

That huge power instantly overwhelmed the two giant bronze beasts to the ground.

These two bronze lions guarding the city have no room for resistance!

Not only that, the invisible force crushed and deformed the bodies of the two giant bronze beasts, making unpleasant squeaks.

Tiangui looked into the sky, his heart beating wildly, his face flushed with excitement.

In mid-air, the indifferent young man dressed in a long gown had powerful energy running around him.

The phantom of the angry Buddha behind him pierced into the sky, under the clouds, only the body of golden light flashing and the roaring lion under the crotch could be seen.

"This trick again!"

"How powerful is your lord to crush the city guarding bronze lion!"

In Heixu City, the bronze lion guarding the city is the representative of order and the symbol of the peak of strength!

Only the lord of the city can resist the two bronze lions defending the city!

Thinking of this, the sky ghost's waist gradually straightened, and a touch of arrogance appeared in his eyes.

"Lao Zuo! I can't hold it!"

The bronze beast on the right roared and wailed in pain, and its back was crushed in large chunks!

"Old You, I can't do it anymore..."

In the blink of an eye, two giant bronze beasts crawled on the ground, completely silent.

"My lord, please stop!"

Just as the two giant bronze beasts were about to be crushed, a loud shout suddenly sounded inside the city gate.

I saw that a dozen black streamers broke through the air and hovered in front of Chen Feng.

This group of people are dressed in black cane armor and armed with black-blade long knives, looking like guards in the city.

It's just that the vine armor is glowing with cold light and has a metallic texture, which is obviously much better than the one worn by the sky ghost.

"The guardian of Heixu Town, Chi Changyun, please peace of mind to this lord."

The head was a white-faced middle-aged man, with a bit of bookish anger, saluting Chen Feng.

Chen Feng didn't make a sound, turned his head, and looked at the sky ghost with doubts.

The sky ghost immediately floated up and explained in a low voice: "My lord, the guard is the biggest guard in the city, one of the people with the highest status after the city lord."

"God ghost, go and negotiate with him."

Chen Feng nodded lightly, and stood with his hands in the air, looking at Chi Changyun coldly.

"I?"

The sky ghost was stunned for a moment, then remembered Chen Feng's strength, and immediately raised his head and came to Chi Changyun.

"Chi Changyun, why do you instruct the guarding bronze lion to attack my lord?"

Although Tiangui seemed to be just a lowly cultivator, he didn't dare to disrespect him.

He respectfully responded and saluted.

"This brother, I'm not telling you anything. Although I am a guardian, I don't have the right to use the bronze lion guarding the city."

"This incident was caused by the sudden madness of the guarding bronze lion."

"Can you give me some time to ask why?"

Tian Gui looked hesitant and turned to look at Chen Feng.

"In a quarter of an hour, give me an answer."

Chen Feng said lightly, and at the same time put away the power of the stars. The two bronze lions guarding the city suddenly shook their bodies, the pressure of destruction disappeared, and they all fell to the ground.
