

Peerless 5911

[Chapter 5911: Anyone who dares to touch me?](#)

Chen Feng didn't care about it: "I will reshape your physical bodies with the heart of a jade dragon."

"Now you are all in the first level of the fairyland of Lingxu Land, far surpassing the realm of the past."

"Moreover, the body recast by the Jade Dragon Heart has broken the limit of your talent, and within ten years, you will be able to step into the realm of the Golden Immortal!"

A few people don't know what kind of realm Jinxian is.

After hearing Chen Feng's explanation, they all gasped.

"You are now at the peak of the fairyland of Lingxu Land?"

"It only takes ten short years for us to catch up with your current realm?"

The more Jiang Yuechun thought about it, the more frightened she became: "It's not about the realm of an immortal, one retreat would take hundreds of years."

"Ten years, isn't it too short?"

Chen Feng smiled confidently: "The heart of the jade dragon is the supreme treasure that can only be born in tens of thousands of small worlds."

"Using this thing to condense the flesh, your talent has already surpassed mine, as long as you have enough resources, you won't even be able to use it for ten years."

Everyone was shocked!

The realm of immortals, a realm that only appeared in rumors!

Not only do they get it easily, but they also have talents that are far superior to the past, and they can hit higher realms!

Without Chen Feng's help, they would still be lonely ghosts, how could they meet today?

Everything suddenly seemed like a dream.

Soon, several people passed through the void corridor and came to an unfamiliar space.

The deep and boundless burrow, like the mouth of an abyss, devours the light in this space.

There are more than a dozen islands floating in the air, of different sizes, like a circular staircase leading to the highest point, the magnificent pavilion.

The pavilion is 100 meters high, and the whole body is pitch black, exuding a strong killing spirit.

A stalwart figure can be vaguely seen, floating in the sky above the Night Immortal Court, sitting cross-legged.

On his lap was a fiery red long knife, taller than a human being and two meters long.

Flame patterns are all over the body of the knife, mysterious and simple.

Just by looking at it, one can feel the burning intent of the blade like a flame!

"This is the knife Ye Shen said."

Chen Feng showed surprise on his face.

The distance is too far, and the knife intent emanating from the knife is only one out of ten.

Even if this is one out of ten, it is stronger than his Jiyi Yetian Knife!

"Brother, someone is here!"

Suddenly, a man's voice came from a distance.

Two similar-looking cultivators came from the sky.

My brother is tall, with a strong body like a bull, and his muscles are high and bulging.

The younger brother has small eyes, short stature, and somewhat mischievous eyebrows.

Brother looked at Chen Feng and the others.

Seeing that several people were all in the fairyland of Lingxu, he was taken aback for a moment.

"The turbulent flow of the void here, isn't only Jinxian able to withstand it?"

"How did you guys get in the fairyland of the spirit void?"

The younger brother had a thought, and excitedly said: "They must have the treasure of crossing the void!"

"Kill him and **** the treasure, maybe you can sell it for the price of a fairy stone!"

Fairy stone?

Chen Feng's eyes lit up.

Immortal stones are only found in Zhongqian World, and the number is extremely small.

The celestial power contained in a celestial stone is enough for a cultivator who has just entered the fairyland of Lingxu Land to break through a small realm, which is very precious.

Chen Feng asked curiously, "How did you get in?"

The younger brother sneered, "None of your business?"

"Hurry up and hand over the treasure, and I can spare your dog's life!"

Chen Feng smiled playfully: "What if I say no?"

The younger brother's face darkened for an instant, and he snorted coldly: "Looking for death!"

He immediately activated the power of the stars, covering his body with a faint golden light.

Immortal golden body!

This person is a strong man in the second level of the Golden Immortal Realm!

"This, is this the Golden Immortal?"

Bai Shanshui and the others were all suppressed by Jinxian's breath, unable to move.

The younger brother laughed loudly: "A bunch of trash, even Jinxian has never seen it?"

"Could it be a bumpkin from a small world?"

He kept raising his breath and crushed the crowd fiercely.

Chen Feng's eyes turned cold.

Several relatives and friends were brought back to life after all his hard work.

Dare to move them?

court death!

A dragon shadow rushed out of Chen Feng's body, blocking in front of several people.

After a little operation of the True Dragon Mysterious Body Great Divine Ability, a tyrannical aura rose from his body.

Directly press back the younger brother's breath!

"what?"

The younger brother was suppressed by the breath, staring at the avatar outside him in disbelief.

"Whether it's breath or appearance, it's very similar to you?"

"Could it be that this is an incarnation outside the body?"

As soon as these words came out, the eyes of the two brothers were full of greed!

The secret technique that can condense the incarnation outside the body is a rare treasure even in the middle thousand world.

Especially people like Chen Feng, who seem to be able to move freely without manipulation, and there is no one in a million!

Chen Feng sneered: "Want? Go ahead and grab it!"

"But the price is your lives!"

The younger brother laughed disdainfully: "It's just the peak of the fairyland in Lingxu, dare to challenge Jinxian?"

He stepped forward, and the power of the immortal golden body shook the void.

His figure was like lightning, he rushed to Chen Feng in an instant, and punched him out!

Chen Feng also raised his fist, and punched out!

boom!

Fists banged together.

The power of the stars and immortals was like a torrent, and the younger brother was ruthlessly blown away!

"Yang Chen!"

The elder brother exclaimed, and hurriedly caught Yang Chen.

puff!

Yang Chen spat out a mouthful of blood.

The star power in Chen Feng's fist directly shattered his arm and rushed into his dantian.

All the viscera and six internal organs were injured by the shock!

"Brother, this kid is not simple!"

When Yang Chen looked at Chen Feng, there was no contempt in his eyes, only fear!

Elder brother Yang Tao's eyes froze, and he snorted coldly: "If you dare to hurt my younger brother, no matter what your background is, I will kill you!"

Yang Tao shouted loudly, and a 100-meter-tall Tiger Immortal Soul suddenly appeared!

The whole body is white, and there are some black hairs, forming a mysterious pattern.

The breath is deep and strong, extremely frightening!

"Immortal Soul!"

Bai Shanshui and the others stared at Yang Tao's immortal soul.

Relying on the heart of the jade dragon, the few people have been in the fairyland of Lingxu since their resurrection, but they have not awakened their fairy souls.

Seeing the real fairy soul now, I am horrified!

Yang Tao sneered coldly: "No matter how strong you are, you can't hold back my Benlei Xuehu immortal soul with the power of two souls!"

Ben Lei Xuehu let out a roar, the black hair on his body stood up, and black lightning burst out, beating rapidly.

Finally, it gathers at the position of the mouth and gushes out!

"die!"

Like a pillar of thunder, it pierced through the sky and shot at the center of Chen Feng's eyebrows!

Chen Feng was still calm, and with a thought, a blue phoenix broke out of his body!

Clang!

Luanfeng cries, resounding throughout the entire space!

The brothers surnamed Yang were all startled and stared blankly at Luanfeng.

The feathers are blue, as if there are waves flowing.

When it spread its wings, it was 100 meters long!

Even more frightening is the aura of Luanfeng.

The powerful coercion of the power of the three souls directly blasted the black thunder in the air!

"This is impossible!"

Yang Tao was horrified: "You are only the peak of the fairyland of Lingxu, how can you have such a strong fairy soul?"

"There are also incarnations outside the body... who the **** are you!"

He's scared!

The talent shown by Chen Feng terrified him!

Could it be that he is the chief disciple of a certain middle-thousand world powerhouse? If that's the case, he can't afford to provoke him!

Chapter 5912 Night God!

However, Yang Chen's eyes were vicious, and his heart was ruthless.

This kid is so strong in body, the avatar must be weak!

As long as he sneaks up on the avatar and captures those trash, he can only catch them with nothing!

With this thought in mind, Yang Tao's body exploded with all his strength like an arrow flying off the string, and he rushed straight to the incarnation outside his body!

"die!"

Yang Tao shouted loudly, thousands of thunders!

The fine thunder struck fiercely on the avatar outside of him!

Rumble!

The sound of thunder resounded throughout the Night Fairy Court.

In the endless thunder, Bai Shanshui and others were shocked by the aftermath, and hurriedly looked at the avatar outside of them.

I saw a pair of palms shining with golden light protruding from inside the pulsating thunder arc.

With a strong pull, Thunderclap was torn apart!

"You are very smart, you know that my incarnation is not as powerful as the main body."

"Unfortunately, you can't even hurt my incarnation."

The avatar outside the body looked at Yang Tao with a smile.

The golden light flowed around his body, faintly condensing into the appearance of a giant dragon.

True dragon mysterious body great supernatural powers!

Yang Tao was shocked: "I hit with all my strength, but I can't hurt you at all?"

Now, the brothers surnamed Yang were completely desperate.

With a movement of the avatar outside the body, the body is like a streamer, and a punch is blasted out!

On the other side, Chen Feng slashed out!

Just in the blink of an eye, both brothers died!

Chen Feng took off the rings of the two of them and opened them to have a look.

Most of them are cultivation resources, and there are some magic tools.

There is only one longan-sized, milky-white translucent spar, exuding a rich magic weapon.

"This is the fairy stone."

Chen Feng held the fairy stone in his hand.

Rich immortal energy poured into the body, traveled through the meridians of the whole body, and gathered in the dantian.

After only running for one week, you can feel that your own strength is getting stronger!

If it can be completely refined, it can even break through the Golden Immortal Realm!

"Immortal stones absorb the essence of heaven and earth and are bred for thousands of years. They are most suitable for cultivation."

"Ordinary cultivators can break through the Golden Immortal Realm with only one Immortal Stone."

"If I hadn't already reached the peak of the fairyland of Lingxu Land, I might not be able to break through with just this fairy stone."

Chen Feng muttered to himself.

The strength he needs to break through the realm is several times that of ordinary cultivators.

Right now there is only one fairy stone, he has not yet made up his mind whether to make the main body or the incarnation breakthrough.

"You break through first."

The avatar outside of him suddenly said, "The True Dragon Mysterious Body Great Divine Ability is very mysterious, and I haven't fully comprehended it yet."

"But your saber intent has reached the level of full form, and after you break through the Golden Immortal, your power will increase exponentially."

"Furthermore, Sirius is full of dangers. It is just a first-time Golden Immortal, so it may not be able to gain a firm foothold."

Chen Feng nodded.

Golden Immortal, but in many great worlds, cultivators can be seen everywhere, this strength alone is not enough.

He no longer hesitated, and immediately refined the power in the fairy stone.

Taotao's celestial power poured into his body, and his aura rose rapidly.

The fairy's golden body shone with bright golden light, the brilliance surpassed the bright moon, and approached the scorching sun.

With the breath at its peak, directly break through the shackles and break through the realm of the Golden Immortal!

Boom!

Between the sky and the earth, suddenly cloudy clouds filled the sky, and thunder resounded.

The resplendent golden thunder, hidden in the black clouds, hesitated endlessly.

"This is the Golden Immortal Tribulation!"

The old man was shocked.

Chen Feng has already talked to several people about the division of the realm of immortals, as well as various catastrophes caused by thunder and catastrophe when the realm breaks through.

For the Golden Immortal Tribulation, only those who have broken through the Golden Immortal, survived the physical calamity, and achieved the golden body of an immortal can formally step into the Golden Immortal Realm.

Chen Feng looked up at Lei Yun, frowning slightly.

"Why is this golden immortal tribulation weaker than the previous physical calamity?"

Last time, he was practicing the True Dragon Mysterious Body Great Supernatural Ability, but because the technique was too strong, he caused physical calamity.

The Golden Immortal Tribulation this time is even weaker than the Physical Tribulation.

Could it be just an ordinary Golden Immortal Tribulation?

Chen Feng didn't have time to think about it, and a thunderbolt as thick as an arm descended from the black cloud.

Boom!

Hit him hard!

The thunder light exploded and turned into a fine electric arc surrounding the whole body.

Chen Feng didn't feel anything, Jin Lei's power couldn't even hurt him in the slightest.

With a thought, Jin Lei was forcibly absorbed by him and refined as much as possible!

With him as the center, the surrounding forces converged into a vortex, frantically devouring the lightning of the Golden Immortal Tribulation.

In just a few breaths, the sky filled with thunder was swallowed up by Chen Feng.

The black clouds dissipated, and Chen Feng stood in the air.

The golden light flowing up and down the whole body is indestructible.

"The complete fairy golden body."

When Chen Feng felt this force, he suddenly realized.

"It turns out that my immortal golden body is approaching perfection, and the only thing missing is the power of the last thunder calamity."

"No wonder I feel that this Thunder Tribulation is so weak."

This thunder catastrophe is just the catastrophe that ordinary cultivators have to experience when they step into the golden fairy realm.

However, Chen Feng's strength far exceeds that of cultivators of the same realm, so he will naturally feel weak in the face of such an ordinary disaster.

hum—

Suddenly, there was a crisp buzzing sound from the Yexian Court.

Everyone looked up, only to see the long knife in the hand of the statue slowly lifted into the air.

On the blade, spots of rust cracked and fell off one after another.

The fiery red blade body was exposed, and it merged with the phantom in the sky, revealing an amazing blade intent!

The stalwart figure suddenly opened his eyes. There seemed to be infinite divine light in his eyes, but they were as black as an abyss, treacherous and unpredictable!

"My name is Ye Shen, a man from the Eastern Desolation."

"Setting up the Yexian Court here is for the people of the Eastern Wilderness to go to thousands of worlds, learn techniques, and improve their cultivation."

"Now, the Eastern Desolation is lonely, and there is no one in the Yexian Court. I only have a remnant soul guarding here, just to guard this space and this knife."

Ye Shen turned his gaze and landed on Chen Feng.

"You have my breath on you, so you must have seen my other remnants."

"Pull out this knife and seal the tunnel in this space, and then you can cut off the strong men from other worlds from invading this place."

Chen Feng was stunned for a moment, and then he understood after looking carefully.

It turned out that Ye Shen's remnant soul was attached to the knife, and with the power of this knife, it calmed down the entire space.

Outsiders cannot pass through the tunnel, and people inside cannot get out.

However, the remnant soul will eventually exhaust itself.

When Chen Feng pulled out the knife, he could shatter this space and destroy all passages.

The outside world can't come in, and the inside can't get out.

"Wait!"

Chen Feng frowned: "I'm going to the Great Thousand World of Sirius. If I smash this space, how can I get there?"

Ye Shen said lightly: "Pull out this knife, and you will find your way to the Great Thousand World of Sirius."

"As for how to come back, you need to find a way by yourself."

Chen Feng frowned even tighter.

I can go, but I can't come back.

In case of being trapped in the Great Thousand World of Sirius...

Seeming to see what was on Chen Feng's mind, Ye Shen said in a deep voice: "This knife is called Ming Yan, which is tempered by melting fire from heaven and earth and the energy of the netherworld, and has the power to cut through space."

"Combined with the Shengtian Water Mirror, you can forcibly open a corridor and travel through all worlds."

"As long as you can control the power of this knife, you can travel through the heavens and the world with you."

Chen Feng suddenly looked at Mingyan Dao.

The blade was red, like a hot iron just taken out of the stove, and the temperature was extremely high.

The entire space was distorted by this hot air, fluctuating endlessly.

Chen Feng took a deep breath, walked towards Mingyan Knife step by step, and held the handle of the knife.

[Chapter 5913: Sirius Great Thousand Worlds!](#)

laugh...

The frightening temperature actually burned his palms to death, and the pain pierced his heart!

Chen Feng frowned, and used all his strength to suppress the power in Mingyan Dao.

Mingyan Dao buzzed, dissatisfied with Chen Feng's suppression, and crazily resisted.

Black and red flames gushed out from the blade, filling the entire space in an instant, as if turning into a sea of flames and purgatory!

The face of the avatar outside his body changed suddenly, and he immediately activated the True Dragon Mysterious Body Great Divine Ability to protect everyone.

However, he still underestimated the power of Mingyan.

The moment the black-red flame touched his body, it directly burned his body red!

Even under the protection of the avatar outside the body, everyone felt as if they had fallen into a furnace and were about to be burned.

Chen Feng frowned, and sacrificed the holy sky water mirror.

The water mirror turned into a torrential river, wrapping the Mingyan knife.

And then mobilize the power of the immortal soul, together with the incarnation outside the body, condense into a complete golden feather **** ring, suppressing the Mingyan knife!

hum—

The divine ring was pressed again and again, and the Mingyan knife buzzed continuously!

The collision of the divine ring and the long knife aroused infinite waves of air, and the entire space vibrated accordingly.

"rise!"

Chen Feng shouted loudly, bursting out with all his strength.

Pull out the Mingyan Knife directly and hold it above your head!

hum!

The knife sounded suddenly, resounding through the entire space!

Taotao Mingyan gathered beside Chen Feng, docile like a swimming fish, spinning slowly.

Chen Feng staggered, consumed too much strength, and almost passed out.

A strange aura emanated from Mingyan Knife, which was connected to his soul.

It actually gave him a feeling of being connected with Mingyan Dao's life.

"Could it be that this is the immortal artifact?"

Chen Feng realized later.

The natal fairy weapon is one of the very few fairy weapons with special abilities.

Once obtained, it will test the holder with its own strength.

Only after being recognized by the fairy artifact, will the natal spiritual seal be concluded and share life and death with the holder.

And the special ability of Mingyan Knife is to cut through the void.

In addition to traveling through the surrounding world, this kind of power can also be used to easily break through some formations and body protection fairy weapons.

Very lethal!

Then, a series of memories flooded out of the blade.

Chen Feng gradually knew where the hidden corridors in this space lead.

And above the head, that huge black vortex is the passage leading to the Great Thousand World of Sirius!

"You got the Mingyan Knife, my wish has come true."

"Remember, whoever gets this knife must protect this world!"

Ye Shen's remnant soul rose from the knife and gradually dispersed.

Chen Feng cupped his hands: "Senior, don't worry, I will definitely protect this world for you!"

Ye Shen smiled in relief, and his figure completely dissipated.

Chen Feng gently stroked Mingyan Dao, feeling the power of the blade.

With a sudden slash, the black and red light shot up into the sky, sinking into the interior of the black corridor.

The corridor opened wide, like a huge mouth of an abyss, emitting a terrifying devouring power.

Everyone was attracted by this force and flew towards the corridor uncontrollably.

Soon, it was swallowed by the tunnel and disappeared.

Chen Feng made another saber, and he practiced his saber light to cut across the space.

All the hidden void corridors were cut to pieces by him, completely cut off!

After doing all this, he looked at the corridor that was about to close above his head, and rushed in at the end.

...

Sirius Great Thousand Worlds.

The cold wind is bleak, and everything is dead.

Desolate, mysterious... All kinds of creepy atmospheres are mixed together.

The Sirius Great Thousand World was originally a top existence among many Great Thousand Worlds.

As Star Soul Blood Wind was injured, the order of the entire world also collapsed, not as good as before.

However, even in such a situation, although the power surging in the world is not as terrifying as the Great Thousand World, it is still several times far superior to the Middle Thousand World.

Amidst the wind and sand, a group of several people walked against the wind.

It was Chen Feng and the others.

They have been walking for seven days, but they have not yet left the desert.

Everywhere he went was a barren, dead silence.

Even the aura in the air was extremely weak and almost completely dissipated.

"What happened here, it feels like the whole world is going to die..."

Jiang Yuechun's tired chest kept rising and falling.

There is no aura here, and the environment is extremely harsh, requiring constant consumption of their strength.

It can only be consumed but not replenished.

Chen Feng could bear it, but they couldn't.

"Let's take a break first."

Chen Feng suggested that everyone rest for an hour.

Staying outside and incarnating here, Chen Feng walked around alone.

Everything around was still gray, covered by yellow sand, and I couldn't see anything clearly.

For seven days, not to mention human figures, not even a living thing was seen.

Is such a desolate world really a great world?

Suddenly, Chen Feng sensed a faint breath, turned his head and shouted: "Who is it?"

Under the yellow sand, a short cultivator suddenly emerged.

"Don't, don't be nervous, I'm just passing by!"

The short cultivator hurriedly explained, and took out another token.

The token is red and rusty, with only one illegible white character.

Chen Feng was puzzled: "What is this?"

The short cultivator asked suspiciously: "Bai Di Ling, you don't even know this?"

"Could it be that you are a cultivator who just came to this world?"

Chen Feng nodded: "My name is Chen Feng, and I just arrived here seven days ago."

The short cultivator heaved a sigh of relief: "My name is Zhou Xun, and Xun, who is looking for things, is in charge of searching for medicinal herbs and running errands in Baidi City."

"I heard that in this desert, there is a sajon tree growing, and the sajon fruit it bears is a good medicine for healing soul wounds, so I came here to explore the way."

Chen Feng frowned.

Dao Wuchen's soul was wounded and he was still sleeping.

Sajong fruit has the effect of healing soul wounds, and he just needs it.

"I'm a little interested in this thing, how about together?"

Zhou Xun showed distress: "I have accepted someone else's task, and I agreed to find six sand qiong fruits for him."

"It's not impossible to go together. If there are more than six, you share some fairy stones with me, and the Shaqiong fruit is yours, how about it?"

Chen Feng frowned slightly.

He originally had a fairy stone, but he used it when he broke through the golden fairy realm.

Now he can be said to be penniless.

"In this way, if there are more than six, I only need one, and the rest will belong to you, how about it?"

Zhou Xun thought about it, and nodded after a long time: "Deal!"

Chen Feng took Zhou Xun back and learned a lot of news through Zhou Xun.

This is the border of the Great Thousand World of Sirius, the outskirts of the Hundred Thousand Immortals Mountain.

In the former Hundred Thousand Immortals Mountain, there were many sects and countless strong people.

But after that catastrophe, only a few cultivators survived by chance.

Baidi City is the only city in the Hundred Thousand Immortals Mountain.

All the surviving cultivators were in Baidi City, and order was re-established.

Among them, the Baidi Order is used as a status symbol, and the grades are divided according to the seven colors of the rainbow.

Only those who hold the lowest-level red token can enter Baidi City and ask for some errands to make a living.

Zhou Xun is one of them.

Chen Feng asked again: "Then besides the Immortal Mountain of the Ten Directions, where else is it?" He wanted to find out the whereabouts of Blood Wind, so he naturally wanted to know the territory of the entire Great Thousand World.

[Chapter 5914: Yaozu!](#)

Zhou Xun shook his head: "I'm not from this world either, so I don't know much about it."

"On the contrary, while drinking at the inn, I heard several adults mention Jin Miehai and Wanmo Nest. They seem to be Jedi, and you will die if you enter them!"

"Based on our ability, we'd better not think about that kind of place."

Chen Feng frowned slightly.

The sea of embers, the lair of ten thousand demons...

The great thousand world is ten thousand times bigger than the middle thousand world, but it is far more than this place.

However, if you want to know the whole picture of the whole world, you have to find a way to enter Baidi City.

"How to get to Baidi City?"

Chen Feng got straight to the point.

Zhou Xun raised his finger and pointed to the distance: "Passing through the territory of the Yaozu, you can see Baidi City."

"However, those monster races seem to have a problem with the cultivators in the city, and they are not easy to talk to. It will take at least two months to make a detour."

Chen Feng frowned slightly, and turned to look at the crowd.

Headed by Anlao, Jiang Yuechun, Han Yuer and others, it is difficult for them to resist the power of this world.

Because of the resurrection not long ago, one's own power cannot be fully grasped, and being eroded by the power here for too long will be life-threatening.

"There's not much time left."

Chen Feng said in a deep voice, "Take a shortcut and pass through the demon clan's territory."

Zhou Xun showed surprise on his face, and wanted to persuade him a few words.

But Chen Feng had made up his mind and had already set off, so he could only sigh and follow silently.

Three days later.

In the long yellow sand, several sand castles can be seen rising from the ground.

With the strong demonic power of the demon clan, the yellow sand was stabilized, and a temporary fortress in the sand was built.

Several tyrannical breaths came.

With a little perception, Chen Feng determined the number of strong men in the entire sandcastle.

"One person at the fourth level of the Golden Immortal, six at the third level of the Golden Immortal, and twenty-four at the second level of the Golden Immortal."

"The other hundred or so people are all of the first level of the Golden Immortal."

Zhou Xun asked in surprise, "How do you know how many people there are?"

Chen Feng smiled lightly: "Based on perception."

Zhou Xun was even more surprised.

The dust here not only obscures vision, but also suppresses perception.

Under the suppression of this edition, Chen Feng could accurately tell the number of strong monsters.

It's not easy!

"Chen Feng, what do you want to do?"

An Lao narrowed his eyes slightly: "Even though you are powerful, the opponent has too many people."

"Once there is a fight, the few of us will not be able to help you, and may even drag you down."

Bai Shanshui and the others also nodded and sighed helplessly.

In this strange world, they could only rely on Chen Feng and became his support.

"It's just a few little monsters, nothing to be afraid of."

"Let's go and meet them."

Chen Feng led the crowd towards the sandcastle.

When approaching a kilometer, several breaths approached rapidly.

They were two giant black-scaled pythons fifty meters long, writhing on the sand.

At an extremely fast speed, he rushed in front of everyone.

He raised his head, spit out the letter, and made a 'hissing' sound, and his breath continued to rise.

"The territory of the monster race, stop the human race!"

"Trespassers, kill without mercy!"

Chen Feng said lightly: "We are going to Baidi City, and we happened to pass by here, please excuse me."

One of the giant black-scaled pythons raised its head, and its body was as tall as a hill, overlooking Chen Feng.

"Aren't you a human race? Why can't you understand human language?"

"This is the territory of my monster clan. Anyone who trespasses will die!"

Chen Feng sighed softly: "Then there is nothing to talk about?"

The black-scaled python snorted coldly: "I think you are courting death!"

It opened its mouth wide and bit Chen Feng's throat.

The seemingly ordinary movements, but the terrifying power of the Golden Immortal runs through the whole body, and then gathers in the mouth.

Once bitten by its teeth, even the flesh body of the first level of the Golden Wonderland will be crushed in an instant!

Chen Feng's eyes froze, and when he raised his hand, a flash of fire suddenly appeared!

Mingyan knife comes out, Mingyan is rolling!

The long knife slashed across the sky, drawing a fiery red knife mark, which almost cut a crack in the void!

Chi Chi Chi!

The giant python's mouth was directly burned through by the flames, and its entire head was scorched.

With a piercing scream, he twisted his body crazily and kicked up a piece of yellow sand.

"Brother!"

The younger brother roared angrily, and rushed forward immediately.

The killing intent in his eyes soared rapidly, mobilizing all his strength, wanting to fight Chen Feng to the death!

"Don't waste your energy, you can't hurt me even if you work together."

Chen Feng's aura soared, like a towering mountain, instantly suppressing the two brothers.

"I said that we were just passing by, and the shot just now was just to teach him a lesson."

"If you insist on seeking death, then I will fulfill you."

The younger brother stared at Chen Feng, and then at his elder brother.

My brother recovered quickly from his injuries, 70% of his head recovered, and there were still many traces of flames.

"I was reckless."

The elder brother took the initiative to admit his mistake, and when he glanced at Chen Feng from the corner of his eye, he was full of fear.

It's scared.

The knife just now was definitely not Chen Feng's full effort.

Whether it was Chen Feng's aura that bloomed later, or the knife in his hand, he could easily kill it thousands of times!

Chen Feng put away the Mingyan Knife and asked, "Is there any way for us to pass here?"

The elder brother pondered for a moment, and then said: "This is the territory of the demon clan, guarded by one of the four demon venerables in the Immortal Mountains of the Ten Directions."

"The monster clan values the territory the most, and will never allow others to set foot on it at will, unless... defeating the God Thunder Demon Lord"

Chen Feng frowned slightly, and asked again: "What is the realm of Shenlei Yaozun?"

The elder brother said in a deep voice, "Golden Wonderland sixth level."

really...

Chen Feng frowned even tighter.

He has just broken through the Golden Immortal Realm, and has not yet experienced disasters, but he is only at the first level of the Golden Immortal Realm.

Facing the powerhouse of the sixth level of the Golden Wonderland, there is no chance of winning!

Chen Feng thought for a long time, and suddenly thought of something: "I have a book of exercises, which can transform into a dragon."

"Is the God Thunder Demon Venerable interested?"

The brothers froze for a moment.

"Incarnation of a dragon?"

"What kind of skill is it that has such a mysterious place?"

Shenlong, in the high-level existence of the monster race, is also the supreme powerhouse.

Seeing that they were interested, Chen Feng smiled: "Take me to see the God Thunder Demon Lord."

The two brothers looked at each other before leading them to the sandcastle.

At the sandcastle, dozens of monsters from the first level of the Golden Immortal Realm were patrolling outside.

The two brothers seemed to have a lot of status. The monsters they met along the way respectfully gave way and never asked more questions.

Soon several people came to the central area of Sandcastle.

A strange man with a pig's head blocked the way of several people, his body was full of murderous intent!

"Kuangshan, Kuangchuan, how dare you bring the human race in?"

The brothers hurried to explain.

"Master Tulu, these people pass by here and want to borrow a way."

"He said that there is a secret method of transforming dragons, and he wanted to dedicate it to Lord Yaozun, so we brought him in."

Tulu frowned: "The secret method of transforming a dragon?"

He looked at Chen Feng, suddenly raised his aura, and asked, "Do you know what will happen if you cheat me?"

Chen Feng didn't talk nonsense, and directly activated the True Dragon Mysterious Body Great Divine Ability.

Roar!

A loud dragon chant suddenly sounded!

The golden light on his body shone and condensed into fine scales.

It has two horns on its head and a tail growing from its back. Although it is a virtual image transformed by golden light, it has the majesty of a dragon.

"Is it believable now?"

Tulu looked at Chen Feng in surprise, and even forgot to respond.

"Who is it that dares to act presumptuously in this deity's territory?"

An angry shout sounded. In an instant, the wind and thunder blew up, and the angry thunder roared!

[Chapter 5915: You ungrateful animal?](#)

A violent purple thunder pierced the sky, and a burly figure flashed out.

It is 100 meters high and has purple scales all over its body.

Fine electric arcs danced and crackled on the scales.

It is the leader of the Yaozu territory, Shenlei Yaozun!

"See Lord Yaozun!"

All the demons knelt down and surrendered to the mighty power of the demon master.

An Lao and the others were directly suppressed by this force on the ground, unable to resist.

Only Chen Feng was alone, with his knees bent and his body bowed like a shrimp.

Seeing that he was about to be unable to withstand this coercion, the Mingyan Knife at his waist lit up with fiery red brilliance.

Coupled with the churning strength in Chen Feng's body, it can withstand this coercion!

"Human Chen Feng, passing through the monster clan's territory."

"Take the secret technique of incarnation as a heavenly dragon in exchange for the qualification to pass by, and I hope the demon master will fulfill it!"

"The secret technique of becoming a dragon?"

Shenlei Yaozun narrowed his eyes slightly, as if he was interested.

At this time, the avatar walked up to Chen Feng's side.

The body shook, and the golden light shone, condensing into fine golden scales.

On the head and behind the back, a dragon horn and a dragon tail emerged at the same time.

The faint dragon's power spread out, causing a group of monster clan powerhouses to exclaim.

"The secret method to condense the body of a heavenly dragon with the power of qi and blood!"

"Although Lord Yaozun has retreated from the dragon body and turned into a real dragon, he has not entered the country for several years."

"If you can get this secret technique, you will be able to break through the bottleneck and make a breakthrough!"

All the powerhouses of the Yaozu looked at Shenlei Yaozun.

Shenlei Yaozun said in a deep voice: "The secret technique is good, but three days ago, the deity said it."

"If a strong mortal race passes through this place, he must defeat the three generals of the monster race."

"If you lose, you can make a detour by yourself. If you win, this deity can not only let you go, but I would also like to exchange the treasure for the secret technique in your hand."

Chen Feng raised his eyebrows slightly.

I thought that there was a grudge between the monster race and the human race, and it would not be easy to pass through this place.

But now it seems that Shenlei Yaozun is not an unreasonable person.

Jiang Yuechun said with a bit of worry: "Dare to ask the Yaozun, what is the realm of the warrior in the clan?"

Shenlei Yaozun looked sideways slightly.

Out of a group of powerful monster clansmen, four people walked out, their aura bloomed, stirring up the yellow sand for hundreds of miles.

They are all the fourth-level powerhouses of the Golden Wonderland!

"Missing that you are still young, as long as you defeat two of them, I will let you go."

Shenlei Yaozun lowered his requirements again.

A smile appeared on the corner of Chen Feng's mouth.

Obviously, Shenlei Yaozun is quite interested in the true dragon mysterious body great supernatural power.

"That's unnecessary."

Chen Feng unexpectedly refused!

"That's the established rule, then let's do it together."

All the powerhouses of the Yaozu were shocked.

"He actually wants to fight four against one?"

"If I'm not mistaken, he just broke through the Golden Immortal Realm."

"With his strength at the first level of the Golden Immortal Realm, if he challenges the four fourth levels of the Golden Immortal Realm, he will definitely lose!"

Everyone felt that Chen Feng was too conceited, and he didn't take the four generals seriously.

"That's what you said."

A cold look flashed in Shenlei Yaozun's eyes.

This kid is a bit shameless.

The four warriors flashed and surrounded Chen Feng in an instant.

A terrifying aura rose instantly and turned into a cage, trapping Chen Feng in it.

"Back off a bit."

Chen Feng reminded Bai Shanshui and the others.

Although several people were worried, since Chen Feng dared to agree, he naturally had his plans.

After seeing a few people back away, Chen Feng slowly drew out the Mingyan Saber.

In an instant, the dark flames blazed, and the burning void distorted!

"Natal Immortal Artifact!"

Shenlei Yaozun couldn't help exclaiming: "The first level of the Golden Immortal Realm, but it can inspire the power of a third-grade artifact!"

"Who are you, why do you have a natal fairy?"

The Immortal Artifact of Life is a relic left over from ancient times, and the method of forging it has long been lost.

Unlike ordinary fairy artifacts, there are fixed grades.

The Immortal Artifact has no rank, it will absorb the master's power and continuously increase its power.

Now this Mingyan knife is comparable to a third-grade fairy weapon.

It is only because Chen Feng's strength is far superior to that of fellow cultivators that the Mingyan Knife can exert a stronger power.

Chen Feng said lightly: "It's just the cultivators from other middle-thousand worlds."

"Four, offended."

As soon as he finished speaking, he took a step forward, turning into a flash of light and rushing out instantly.

But in the blink of an eye, it flashed in front of one of the generals.

Cut it out with one knife!

Rolling Mingyan drew a knife mark in the air, as if to tear the world apart!

The general's face changed suddenly: "This knife has the power to kill the fourth level of the Golden Immortal Realm?"

He immediately put away his contempt, shouted angrily, and his figure skyrocketed!

In an instant, it turned into a 30-meter-tall giant ape, and smashed its angry fists on the Mingyan knife.
boom!

The roar exploded.

The flames of the underworld exploded, directly burning the hands of the great ape to a charred state.

The giant ape let out a cry of pain, and backed up again and again.

All the onlookers exclaimed!

"Severely wounded the giant ape warrior?"

"This kid, what a terrifying strength!"

At this time, the remaining three generals moved and turned into demon bodies at the same time.

A wolf, a bear and a tiger, all thirty meters high, rushed towards Chen Feng together!

But at this time, Chen Feng had just slashed, facing the three generals with his back, defenseless!

"Be careful!"

Relatives and friends were extremely worried and shouted reminders one after another.

Chen Feng didn't move at all. Instead, his body turned into a golden light and rushed to the front of the three generals in an instant.

Mysterious body transformed into a dragon, and his stature soared to ten meters in an instant!

With the posture of a golden dragon, he resisted the blows of the three generals and retreated tens of meters.

The yellow sand rolled, covering the traces of the avatar outside the body.

All the monster races speculated one after another.

"Three generals attack at the same time, even the secret technique of transforming dragons can't handle it."

"It's a pity that such a good incarnation outside the body."

However, several monster clan powerhouses discovered it.

The four generals stared at Yan Chen vigilantly, not daring to be careless at all!

Could it be...

boom!

The astonishing Qi machine bloomed, rolled up a hurricane, and instantly scattered the smoke and dust.

The avatar outside the body is exposed in the eyes of everyone.

Most of the golden scales were damaged, and there were three bloodstains on the chest, but they just cut through the flesh and blood.

Not only did the breath not weaken at all, but it became stronger and stronger!

"What a strong body!"

The four warriors spoke in unison.

Shenlei Yaozun even praised: "The body uses a knife to become a dragon."

"Integration of offense and defense, and the combat power beyond the three small realms, it is really extraordinary."

He looked at the four generals and said calmly: "There is no need to fight, you are not his opponent."

The generals were also aware of this, and looked at Chen Feng with admiration.

The monster race respects the strong most.

Chen Feng's strength is so strong that even with the strength of four people, he is not an opponent.

Moreover, they had already noticed that Chen Feng did not use his full strength, but had reservations.

"Accepted."

Chen Feng put away the Mingyan knife, and casually threw out a pill for the avatar to swallow.

The originally damaged body was slowly healing, but after three breaths, it returned to its original state.

Shenlei Yaozun smiled and said: "This is the first time I have seen a talented human race strong like you, who is still so young."

"According to the agreement, the deity will let you go."

"As for the Dragon Transformation Secret Technique, please make a price."

The corner of Chen Feng's mouth curled into a smile: "Forget about the treasure."

"Just treat it as a favor to me, how about it?" Shen Lei Yaozun was stunned for a moment, and immediately saw through Chen Feng's thoughts.

[Chapter 5916: Task!](#)

"As a monster clan, I will never do anything to betray the monster clan."

"Just tell me what the conditions are."

Chen Feng smiled and shook his head: "Could it be that Yaozun misunderstood."

"My friend and I are here for the first time, and we are not familiar with the place. If we encounter a strong man who can't compete, please ask Yao Zun to help us."

"With the value of this secret technique, how about changing the Yaozun's three shots?"

Shenlei Yaozun narrowed his eyes slightly, pondered for a moment, and then nodded.

"Okay, I promise you."

Chen Feng readily handed over the True Dragon Mysterious Body Great Divine Ability.

Shenlei Yaozun looked at it for a long time, and suddenly showed a dazed look.

"I see!"

"The problem that has plagued the deity for many years has finally been solved."

He looked at Chen Feng with a smile, and raised his hand to condense a demon pill with demon power.

"This is the bead of the demon god, and it contains a ray of soul of the deity."

"As long as you inject power into it, the deity will have a sense, and can tear the void to help you."

Chen Feng accepted it, cupped his hands and thanked him, and then led everyone towards Baidi City.

On the way, Zhou Xun said with admiration: "Brother, your talent is too strong!"

"I don't know where you came from, why did you come to this world of Sirius?"

Chen Feng smiled lightly: "Experience and improve your strength."

"The other thing is, find a shelter for my friends."

It is inconvenient for him to disclose the matter of Blood Wind.

Zhou Xun nodded suddenly: "Then Baidi City is a good place."

"The city lord, Baidi, is kind and kind. He founded the Baidi City to give the displaced warriors a place to live."

"However, although Xiongtai's talent is strong, his realm is still a bit weak. It may not be so easy to live in Baidi City."

Chen Feng smiled.

He naturally knew that with his current state, it was far from enough to wander through this vast world.

However, the star soul of the Great Thousand World of Sirius was severely injured, causing this world to be weaker than the Great Thousand World, but stronger than the Middle Thousand World.

It's the perfect place to practice!

"Brother Zhou, can you tell me about the situation in the city?"

Zhou Xun nodded and spoke eloquently.

"There are five major factions in Baidi City, namely the Heavenly Array Alliance, the Holy Pill Hall, the City Lord's Mansion, the Xingyue Chamber of Commerce, and the Martial God Sect."

"The Martial God Sect is a local force and has always been neutral. Its strength is second only to the strongest City Lord's Mansion."

"The other three major factions are formed spontaneously by formation masters, alchemists, and merchants. Although there are some conflicts, they can be regarded as neutral."

"The only ones that need attention are the powerful families in the city."

Chen Feng nodded, secretly remembering what Zhou Xun said next.

Three days later, several people finally walked out of the desert.

There are endless mountains in front of you, row upon row.

In the middle of the mountains is a magnificent city.

Even though they are hundreds of miles apart, they still have a huge scale, which shows the majesty of Baidi City.

"We're almost there."

Zhou Xun sighed: "If Sha Qionguo couldn't be found, it seems that this deal can't be done."

"I'll hand in the task first, and you guys go to the city and walk around first to familiarize yourself with the situation."

He was about to leave, but was stopped by Chen Feng.

"I'll go with you."

"You know the situation in the city better, how about you take us to find a place to live, and I will help you complete other tasks?"

Zhou Xun frowned: "That's a good relationship!"

"With your strength, you can help me complete many tasks that I couldn't do before!"

"Happy cooperation!"

The two clapped their hands together as an oath, and they came to the gate of Baidi City together.

Only when they approached did everyone really see the majesty of the White Emperor City.

The pure white city wall is as high as a kilometer, as if cast from white jade.

At the huge city gate, there was an endless stream of cultivators coming and going.

The city was full of people, and it was very lively.

Under the leadership of Zhou Xun, several people came to a very high attic in the center of the city.

The plaque on the attic is engraved with two large characters - Xingyue.

"This is the headquarters of the Star-Moon Chamber of Commerce."

Zhou Xun smiled and introduced: "Although it is a chamber of commerce, it will also release some tasks, all kinds of tasks."

"I often accept tasks here, but unfortunately I am not strong enough, so I can only accept the lowest level."

While speaking, he led everyone to the south gate.

When the old man at the gate saw Zhou Xun, he smiled kindly and said, "Zhou Xun, did you gain anything from coming back so early this time?"

Zhou Xun smiled bitterly: "Old Yan, I'm really sorry."

"There is too much wind and sand in the desert, and the power is too strong. Let alone find Shaqiongguo, there is no news at all."

Elder Yan sighed: "This task has been hung up for three months, and dozens of people have accepted it, but no one has been able to complete it."

"Forget it, just hang up like this."

He turned around and walked to the high platform behind him, lightly touched the stone tablet beside him, and a big curtain rose in front of him.

There are various tasks on the big screen, which are divided into low, middle and high grades.

There is also a very small area with the word "top level" written, and there is no task at the moment.

However, Chen Feng noticed that there was a red area in the upper right corner of the big screen.

There is no level mark, and there is no task, which is very strange.

Suddenly, Mr. Yan seemed to have noticed something, and took out a sound transmission jade talisman.

"Old Yan, there is an urgent mission!"

"The president's daughter was attacked and trapped by a strong formation. The strong members of the Chamber of Commerce are all escorting the treasures, so there is no time to clone."

"Immediately issue an urgent mission, find a strong formation technique expert, and rush to save people within a stick of incense!"

The voice in the jade talisman was very anxious, and there were noisy fighting sounds.

Old Yan's expression changed suddenly: "Miss Qin didn't have a treasure left by the president, how could she be trapped by someone?"

He extracted a memory from the jade talisman, and after reading it, he frowned into the word Chuan.

"Old Yan, how is Miss Qin?"

Zhou Xun asked subconsciously.

Yan Lao said in a deep voice: "The person who intercepted and killed Miss Qin was a grand master of formation techniques. He trapped Miss Qin with the Immortal Sealing Formation, and no treasure can exert its power."

"Miss's guards are desperately resisting, but the enemy is coming so fiercely, I'm afraid they won't last long."

Zhou Xun also frowned: "Sealing Immortal Formation, isn't that Immortal Grade Formation?"

"The power that can seal any immortal weapon below the fifth rank is the strongest trapping formation in the second rank of the immortal rank."

"If you want to break the formation, you must either be stronger than the person who set up the formation, or the formation technique is stronger."

"Or...the Immortal Artifact!"

When mentioning the natal artifact, he suddenly thought of a person.

"Chen Feng!"

Zhou Xun exclaimed: "You have the celestial weapon of your own destiny, and you will not be suppressed by the formation."

"Now that the task is released, even if you find someone to go there, it may not be in time, why don't you go?"

Chen Feng was taken aback for a moment.

"no!"

Yan Lao shook his head: "The opponent's strongest is the fifth level of the Golden Immortal Realm, even if he has a natal fairy weapon, he is not an opponent."

"I will release the task right now, I hope I can catch up."

Using his finger as a pen, he immediately issued an urgent task.

He even took out a paper crane, injected it with immortal power, and prepared to spread the news.

However, the moment the paper crane flew into the air, there was a silver streamer, which instantly knocked the paper crane apart!

"No, someone is ambushing!"

Elder Yan exclaimed, and immediately activated the formation to protect the entire room. Zhou Xun gasped: "If you dare to do something in the city, I'm afraid you are not the enemy of the Chamber of Commerce."

[Chapter 5917: Break through the Golden Immortal Tribulation at this time!](#)

"This interception must have been premeditated!"

Old Yan nodded, his face became more and more gloomy: "The strength of the ambush should be at the fifth level of the Golden Wonderland."

"The news can't get out at the moment, they must be delaying time, what should I do?"

There is only one stick of incense time, from spreading the news to sending people to rescue, it is too late!

What's more, there is a strong man hiding in the dark staring at them.

If you act rashly, you will surely die!

"I'll go."

Chen Feng said suddenly: "I act separately from the avatar outside of me to attract that person's attention."

"Taking this opportunity, Old Master Yan will spread the news. I will delay as long as possible, and wait for the strong one to arrive and save Miss Qin."

Although there is the demon **** bead of Shenlei Yaozun, it can easily resolve the crisis of the Xingyue Merchant Guild.

However, there are only three chances, so don't use them rashly.

"Now that's the way to go."

Yan Lao said in a deep voice: "Be careful, as long as you leave the city, there are many mountains and mountains, that person may not be able to catch up with you."

"We must save Miss Qin!"

"After the matter is completed, the president will definitely thank you!"

Chen Feng nodded, and after entrusting several friends to Zhou Xun, he rushed out of the formation in an instant.

The moment he went out, two streamers of silver came through the air.

The speed is so fast that it flies to the front in an instant!

"So fast!"

Chen Feng immediately slowed down, and the avatar outside his body passed by, urging the real dragon mysterious body great supernatural power.

Turn into a dragon with your body, condense the dragon scales all over your body, and resist the two silver streamers!

Click!

The dragon scales were damaged, and the avatar outside the body was directly pierced by the streamer, leaving two blood holes on his body.

Chen Feng took the opportunity to burst out with all his strength, smashed the bricks and stones with one foot, rushed into the sky in an instant, and disappeared.

"Asshole!"

In the dark, the masked cultivator holding a bright silver longbow cursed angrily.

The longbow in his hand is a third-grade fairy weapon, with fast speed and strong penetrating power.

But Chen Feng's physical body is extremely hard, even if it is pierced by an arrow.

What's more, the main body is his strongest power.

"If you let him spread the news, your lord will be in trouble!"

The masked cultivator didn't care about Mr. Yan, and immediately went after Chen Feng.

However, the moment he set off, there was a golden light blocking him.

It is the incarnation outside the body!

With one punch, he slammed into the face of the masked cultivator!

"Damn it!"

The masked cultivator cursed angrily.

That kid looks young, but he has such a mysterious secret method of condensing his body into an avatar.

Even if the external avatar is weak, he can easily solve it.

But he had no time to stop Chen Feng, he could only watch him run away!

He fully drew the bowstring, and shot three arrows in an instant, piercing the body, body, body, mind and mouth!

However, the avatar outside of him suddenly turned around, changed his momentum, and ran away!

"what?"

The masked cultivator was stunned for a moment.

I saw the avatar outside the body and Chen Feng rushing out of the city together.

That direction is exactly the direction where the adults captured Miss Qin alive!

"No, this kid is not sending a message, but to save Qin Yuning!"

The masked cultivator turned his head suddenly, just in time to see a paper crane disappearing out of sight.

be cheated!

The masked cultivator was furious!

It turned out that the kid was rushing to rescue Qin Yuning and at the same time attract his attention so that the news would spread.

To be played around by this kid!

But his anger turned to anger, but he did not pursue.

Chen Feng's speed was so fast that it would be too late for him to catch up now.

All this is due to the incarnation outside the body.

If it weren't for the incarnation outside the body to practice secret arts, the body is hard, and it can resist his arrows and delay time.

How could Chen Feng slip away so easily?

If it were an ordinary warrior, he would have died under his arrows long ago.

The masked cultivator took out a sound-transmitting jade talisman, hesitated for a moment, and said, "My lord, the operation failed."

"The emergency mission is released, and there is a kid rushing to save people."

"waste!"

An angry voice came from the jade talisman: "You can't even look down on a person, what use are you for?"

The masked cultivator blushed from being scolded: "My lord, calm down."

"The person who went to rescue Qin Yuning was only the first level of the Golden Immortal Realm."

"what?"

After an exclamation came from the jade talisman, there was no more movement.

...

somewhere in the mountains.

On the open plain, a large red formation locked a caravan of dozens of people.

A young woman was sitting in the carriage, looking out of the car worriedly.

Dozens of cultivators are fighting with the interceptors, and they are in a state of defeat, obviously they won't last long.

In the air, a man in a white robe controls the formation.

And beside him was a man in black who angrily crushed the sound transmission jade talisman in his hand.

"Golden Immortal Realm can't stop it at one level, what a waste of waste!"

"A dark guard who spends so much resources to cultivate is not as good as raising a beast!"

The white-robed man frowned slightly: "Nine City, what happened?"

Yang Jiucheng was furious: "The hidden guards in the city were tricked by a kid at the first level of the Golden Immortal Realm!"

"Now that kid is rushing here, when he comes, I will kill him!"

The white-robed man was stunned for a moment, then sneered: "It's only the first level of the Golden Immortal Realm, so what's the use of slipping out by chance?"

"They can support half a stick of incense at most, even if they come to the sixth level of the Golden Wonderland, it will be too late."

Yang Jiucheng snorted coldly: "I've captured Qin Yuning this time, and I will definitely make that **** Qin Yuying have fun under my crotch!"

"Only in this way can I avenge my Yang family's extermination!"

It turned out that the Yang family was another chamber of commerce in the city.

In order to deal with the Xingyue Merchant Guild, they secretly set up killers, but the president, Qin Yuying, saw through and wiped out the entire clan!

Only Yang Jiucheng survived by chance, and used the remaining resources to train fifty cultivators, just for this day!

It's a pity that his cultivation was abolished, otherwise he would have killed the caravan guard himself.

"someone is coming."

The white-robed man looked into the distance and sneered, "It's really the first level of the Golden Wonderland."

Yang Jiucheng also turned his head to look.

I saw Chen Feng and the avatar outside his body coming through the air, stopping a hundred meters away from them.

With a glance, he immediately saw the large formation below and the caravan guards fighting hard.

Thirty-seven people, most of them in the second level of Golden Wonderland.

And the men in white robes who set up the formation are the fifth level of the Golden Wonderland, the strongest.

"Bai Hao, kill him!"

Yang Jiucheng shouted loudly.

Bai Hao waved his hands into a formation, and the hexagonal red light formation condensed, emitting fiery brilliance.

"Immortal Grade Formation!"

Chen Feng suddenly frowned!

This person can set up immortal formations with a wave of his hand, and his talent for formations is extremely high!

Coupled with the gap in realm, there is no chance of winning recklessly!

Chen Feng and the avatar outside his body dodged at the same time, avoiding the red brilliance dangerously.

The two split up.

The avatar outside the body went straight to Bai Hao, while Chen Feng rushed to the formation.

"Overreaching."

Bai Hao looked contemptuous: "Is it possible that your mere Golden Immortal Realm can break the Immortal Formation?"

"Your incarnation outside the body is not bad!"

Greed flashed in his eyes, and he ignored Chen Feng and directly attacked the avatar outside of him.

They waved their hands again, and the red light gushed out and shot from the hole!

"You fell for it!"

Incarnation outside the body sneered.

In an instant, an extremely terrifying aura erupted from his body.

The color of the world changed, and the wind and thunder suddenly rose!

The Golden Immortal Tribulation takes shape instantly! "He wants to break through Jinxian at this time?"

[Chapter 5918: The Three Tribulations of the Golden Immortal, the Tribulation of Extinguishing the Gods!](#)

Yang Jiucheng's face changed suddenly, and Bai Hao's face was even more serious.

The Golden Immortal Tribulation was extremely powerful, but it still couldn't hurt him.

But he wants to control the formation and protect Yang Jiucheng who has no cultivation.

Also, Chen Feng's body launched a fierce attack on the formation, and it is very likely to break the formation!

This is Chen Feng's calculation!

The avatar outside the body has already reached the peak of the fairyland of the spirit void, and can break through at any time.

The reason why the realm is suppressed is not only to condense the cultivation base, but also to use the Golden Immortal Tribulation to surprise the enemy and disrupt the enemy's position.

The Golden Immortal Tribulation erupted, and the wind and thunder received it, directly dispersing the red light and bombarding the incarnation outside the body.

The dragon scales condensed by the golden light cracked, the flesh and blood were torn apart, and the hot blood swayed.

But the incarnation outside the body did not retreat but advanced, and went straight to Bai Hao with the heart of death!

"Damn it!"

Bai Hao showed a look of panic.

The incarnation outside the body is different from the body, the power after death will return to the body, and there is the possibility of re-condensation.

At most, the soul of the body is injured, and it is not difficult to recover.

But Bai Hao worried too much, he had no time to clone himself, and it fell into Chen Feng's arms!

Boom!

The wind and thunder roared, following the avatar outside the body, and also enveloped Bai Hao and Yang Jiucheng.

At the same time, Chen Feng drew out the Mingyan Knife and shouted.

"Break it!"

Mingyan pierced the sky and slashed fiercely on the formation!

Click!

A crack was cut out of the formation in an instant, only one arm long.

"not good!"

Bai Hao exclaimed: "This kid actually has a natal fairy weapon!"

"The Immortal Sealing Formation can't suppress the power of the natal Immortal Artifact, the formation is about to be broken by him!"

Thousands of calculations have been made, but they never calculated that Chen Feng actually has a celestial weapon of his own destiny!

"Hurry up and figure out a way!"

Yang Jiucheng was already terrified.

He has no cultivation, and if it wasn't for Bai Hao's protection, he would have been torn to pieces by the Golden Immortal Tribulation.

If the formation is broken and Qin Yuning escapes, he can use the sound transmission jade talisman to call for help.

Once the reinforcements arrive, no one will survive!

A ruthless look flashed in Bai Hao's eyes, and with a wave of his hand, dozens of rare materials were scattered like a waterfall.

"Sealing the Heaven Formation Code, Immortal Level 3 Formation, Nine Heavens God Lei Tongtian Formation!"

"rise!"

In an instant, all the materials glow brightly, like stars in the sky.

A pillar of light piercing the sky and the earth rises, reaching directly to the heavens.

Rumble!

Countless purple thunderbolts suddenly appeared out of thin air.

Condensed into nine thunder dragons, staring fiercely at the avatar outside the body.

Bai Hao bit the tip of his tongue and spewed out a mouthful of blood. He went upstream and merged into the nine thunder dragons.

Roar!

The roar resounded through the sky!

Nine thunder dragons descended from the sky, separated in four or five, and rushed towards the main body and the incarnation outside the body at the same time!

"A formation of the third level of the immortal rank!"

A look of fear appeared on Chen Feng's face.

The Heaven Sealing Formation Code mentioned by Bai Hao must be the Xuan Dao Xuan Jing that records many kinds of immortal formations!

Its power is so strong that even if it is divided into two, it still has the power to kill the fifth level of the Golden Immortal Realm!

Chen Feng couldn't stop it at all!

"Since one Golden Immortal Tribulation doesn't work, let's do another one!"

Chen Feng's eyes turned hard, and he tried his best to mobilize the stars and immortal power in his body.

Gun Gun's immortal power was churning endlessly, and the aura on his body was also rising rapidly!

Boom!

There was another thunderclap.

The sky that was originally covered by purple thunder was instantly swallowed by black light.

Even the purple thunder dragon dancing in the air was instantly shattered by the black light!

As soon as the sky and the earth went dark, a strong wind suddenly blew up!

Countless black thunderbolts thrashed and danced in the air, their arms were thick enough, and their power was overwhelming!

"This is one of the three Golden Immortal Tribulations, the Extinguishing God Tribulation?"

In the chariot, Qin Yuning was extremely shocked!

The Three Tribulations of the Golden Immortal is one of the three most powerful among the countless catastrophes in the Golden Immortal Realm.

It contains a powerful power of extinction, just like its name, enough to destroy gods!

"This, how is this possible?"

Bai Hao's pupils trembled, and his color paled in shock!

If it's just breaking through the Golden Immortal Tribulation brought by the Golden Immortal, he doesn't take it seriously at all.

But Mie Shen Jie is different.

Once the power of extinction contained in the catastrophe is contaminated, it will definitely die!

What kind of terrifying talent does this kid have, that he can attract the God Extinguishing Tribulation, one of the Three Tribulations of the Golden Immortal?

Chen Feng was not attacking the formation, but stared at the black thunder in the cloud.

The power in the thunder made him feel palpitations.

However, right now, only by relying on the power of the two Golden Immortal Tribulations to forcibly kill Bai Hao, can there be a chance of survival!

But he may not be able to stop the power of Mie Shen Jie.

This is a life-or-death gamble!

"Break it!"

The incarnation outside the body suddenly roared, and the golden light on his body radiated, shaking away the Golden Immortal Tribulation!

The power contained in the catastrophe was directly refined into his body by him.

The aura soared, and it had reached the peak of the first level of the Golden Wonderland in an instant!

Then, he hurried to Chen Feng.

"With my current physical strength, I can block 30% for you."

"The rest is up to you."

Chen Feng was slightly startled. He wanted to say something, but he couldn't.

He knew that the incarnation outside his body wanted to help him survive the catastrophe and become a golden immortal.

After surviving the first catastrophe, Chen Feng's strength will skyrocket instantly, comparable to the third level of Golden Wonderland!

Straight across the two small realms of the Golden Wonderland!

Even if the avatar outside the body is destroyed and a strand of soul is strangled, what is it?

Boom!

At this moment, black thunder descended.

The moment the thunder sounded, the sky and the earth seemed to lose all color, and even the sound also disappeared.

Only the pitch-black thunder fell from the sky, like a big hand, trying to crush Chen Feng!

Wherever it passed, the space was broken, leaving behind black cracks.

It can be seen that the catastrophe is strong!

Bai Hao was at a high altitude and was the first to be hit by Mie Shen Jie.

He directly emptied all the treasures and scattered them in the air.

Waving his hands again and again, more than a dozen formations were condensed, layered on top of each other, protecting him in them.

Ka Ka Ka!

Wherever the black thunder passed, formations shattered one after another!

Bai Hao hissed and roared angrily, using all his strength to resist the God Extinguishing Tribulation.

Until the last layer of barrier was broken, the black thunder bombarded his body, instantly punching out countless blood holes in his body!

Yang Jiucheng had no cultivation, and even lost Bai Hao's protection, he was directly annihilated in the thunder light without leaving any bones behind!

Bai Hao vomited blood again and again, took out a elixir and swallowed it, his body glowed with golden light.

It was this golden light that resisted Mie Shen Jie for a split second and made him retreat.

puff!

Bai Hao spat out another mouthful of blood, carrying fragments of internal organs.

But at the moment of ejection, it was eroded by a black force and turned into fly ash in the air.

The power of extinction!

The strongest force to destroy everything!

It is already the terrifying place of God Extinguishing Tribulation!

"Little bastard, you actually hurt me so far!"

Bai Hao was extremely angry, but he didn't dare to resist the power of Mishen Shenjie.

The same is true for Chen Feng.

"It's a pity that you will die under the God of Extinguishing Tribulation, otherwise, I will definitely cramp and skin you, smashing your bones and turning them into ashes!"

After Bai Hao roared, he turned his head and left without caring about the hidden guards and Qin Yuning.

The formation lost its support and gradually dispersed.

"Go!"

Chen Feng shouted loudly.

The power of Mie Shen Jie is close at hand, if she doesn't leave, Qin Yuning will die too! Qin Yuning stared at Chen Feng's figure, feeling a strange feeling in his heart.

[Chapter 5919: Golden eyes!](#)

Many people died to protect her, but like Chen Feng, he was the first genius who could hit the fifth level of the Golden Wonderland with the first level of the Golden Immortal Realm.

"Miss, let's go!"

A few guards who got out hurriedly led her away.

As soon as she got off the chariot, Qin Yuning took out a sound-transmitting jade talisman and shouted, "Mother, come and save me!"

The sound transmission jade talisman glowed with a white light, which faded away quietly.

Chen Feng looked at Qin Yuning who was gradually going away, and let out a long breath.

Then he faced Mie Shen Jie directly, his eyes were full of sternness!

"You want to kill me even if you are just destroying the gods?"

Chen Feng held the Mingyan knife tightly, and all the power in his body flowed into the knife like a surging river.

The flames of the underworld skyrocketed, and the burning space twisted continuously.

The avatar outside the body also fully activated the True Dragon Mysterious Body Great Divine Ability, and the scales on his body condensed again.

After breaking through the Golden Wonderland, the dragon scales became more compact and denser, and their defenses were also stronger!

Even if several cultivators from the fourth level of the Golden Immortal Realm besieged him, they would never hurt him at all!

However, what he has to face is one of the three tribulations of the golden immortal, the extermination of the gods!

Click!

The thunder light shot from the hole, instantly piercing through the body of the avatar outside the body.

Such a strong physical body has no power to resist, and it is directly blasted out of countless blood holes!

Heilei began to disintegrate the flesh and blood of the incarnation outside his body, like burning paper, turned into fly ash and dispersed with the wind.

But in the blink of an eye, it was completely torn apart by Heilei, leaving no bones left!

Although the physical body is destroyed, the catastrophe is not over.

Nirvana's power began to shrink, turning into a black ball the size of a fist.

Click!

The black ball burst, and a white brilliance bloomed.

A figure wrapped in white light broke through the ball!

Until the brilliance dissipated, Chen Feng's figure appeared.

The whole body is entangled with black air, which is swallowed and blown inside and outside the body, circling endlessly.

"This is the Nirvana Immortal Power!"

Chen Feng showed excitement.

Nirvana Immortal Power is the strongest power in the Golden Immortal Realm, possessing the mighty power of Nirvana for all things!

Compared with the immortal power cultivated by ordinary cultivators, it is three times stronger!

Because it is too strong, ordinary cultivators will surely die the moment they encounter the God Extinguishing Tribulation.

But Chen Feng was different.

He is already several times stronger than cultivators of the same realm, and he has an incarnation outside his body to help him, so that he can suppress the immortal power of Nirvana.

As for complete refining, it is only a matter of time.

"In ten thousand years, you are the second person to survive the God Extinguishing Tribulation."

Suddenly, a loud voice resounded in the void.

The terrifying coercion descended, directly knocking Chen Feng down from the air, leaving a big hole on the ground!

Chen Feng's face changed suddenly, and when he looked up, he saw a pair of golden eyes opened out of nowhere above the sky!

There are different color lines in the eyes, which are complicated and simple.

Just by taking a look, Chen Feng's sea of consciousness set off huge waves, as if he couldn't bear the coercion escaping from his eyes, blood and tears poured out of his eyes!

"So strong!"

Chen Feng was shocked!

There is such a powerful aura in just a cast of eyes.

If the main body came close, he could be crushed into powder in an instant with just a breath of air escaping!

"You can't stand it anymore?"

There was a bit of contempt in the voice.

"For the sake of being able to survive the God Extinguishing Tribulation, you are still somewhat talented, so let's not kill you."

"However, this catastrophe seems to be too weak."

A smile flashed across the golden eyes.

The lines in the eyes suddenly began to surge, like living things, shooting out two white lights, hitting Chen Feng's dantian!

In an instant, the originally suppressed Nirvana Immortal Power became extremely violent, and its power doubled!

The momentum is like a broken bamboo, directly dissipating all the immortal power in his body, and then swallowing it, sealing the dantian.

"my power..."

Chen Feng's face changed again and again, becoming more and more shocked!

The immortal power of Nirvana has been enhanced!

Not only completely devoured the immortal power in his body, but also blocked the dantian!

"If you can break the seal and refine the immortal power of Nirvana, you are qualified to become a cauldron."

"However, you only have three months."

Before the words finished, those golden eyes slowly closed and disappeared out of thin air.

The inexplicable coercion then dissipated.

The owner of those eyes actually treated Chen Feng as a plaything!

Chen Feng frowned.

There is not a single bit of immortal power left in the body, it is all locked inside the dantian, guarded by the immortal power of Nirvana.

If you want to regain your power, you must break the seal and refine the immortal power of Nirvana!

If successful, the strength will increase greatly.

If you lose, you will die!

"Who is he?"

Chen Feng was full of doubts.

When that person mentioned the word cauldron, could it be that he wanted to use his own strength to help him cultivate?

But why did he suddenly stare at him?

Anger welled up in him, but now was not the time to think about it.

Within three months, you must find a way to break through the immortal power of Nirvana, otherwise you will surely die!

"Young master, are you alright?"

Qin Yuning came across the sky, and said eagerly: "That man is very strong, it seems that he has strengthened the power of Mie Shen Jie."

"Originally, Mie Shen Tribulation is one of the strongest catastrophes. Once it is corroded by the Nirvana Immortal Power, it will lose all its power. Unless the Nirvana Immortal Power is refined, it will definitely die."

"Blame me!"

She blamed herself all over her face, and said with tears in her eyes, "If I hadn't been tricked out, how could it implicate you in losing your cultivation?"

"Yu Ning!"

Suddenly, an urgent call came from a distance.

Qin Yuying came across the air and landed beside Qin Yuning's chariot.

"How are you? Are you hurt?"

Qin Yuning shook her head: "Mom, I'm fine."

"But in order to save me, he was injured by Mie Shen Jie, his cultivation base was lost, and he could not live for three months!"

Qin Yuying was startled, and turned to look at Chen Feng.

Seeing him so young, but already at the level of a golden fairy, I was shocked again!

"You saved Yu Ning?"

Chen Feng nodded helplessly: "The person was saved, but the price was not small."

"I don't know if the pavilion master has a way to dissolve the immortal power of Nirvana?"

Qin Yuying sighed and shook her head: "The immortal power of Ji Mie has no solution, once it is eroded, there is no possibility of cultivation."

"Unless you give up fairy power and major in physical body, you will only stay in the current state."

Chen Feng frowned even tighter, with mixed feelings in his heart.

Nirvana Immortal Power is very strong, but there is no way to control it, and it has devoured all the power in his body.

How should this be done?

"Do not be discouraged."

Qin Yuying said in a deep voice, "You saved Yu Ning, you are my benefactor."

"No matter what the price is, I will find a solution for you!"

"If it's really unsolvable, you will stay in the Xingyue Merchant Guild, and you will be safe for three months."

Chen Feng's heart warmed, but he still shook his head.

"If you can't become stronger, it's better to die."

"However, I still have friends, and I must ensure their safety."

Qin Yuying said immediately: "I will be responsible for their safety."

"At the same time, I will find a solution for you, and you will stay in the Xingyue Merchant Guild for the time being."

Chen Feng thought about it, and for the safety of his relatives and friends, he agreed first.

Back at the Xingyue Merchant Guild, all the clan elders have been waiting anxiously.

Seeing Qin Yuying and Qin Yuning returning safely, everyone breathed a sigh of relief.

"Great, miss is safe and sound!"

Qin Yuying's eyes were cold, and she said in a low voice: "How can such a huge chamber of commerce not have a few casual cultivators?" "What use are you for!"

[Chapter 5920: Liuying Tianzun!](#)

The cold air is icy cold!

All the clan elders gasped and bowed their hands again and again.

"President, it's not that we don't want to make a move, but that someone stopped us!"

An old man in black robe explained: "We and the elders stationed in the chamber of commerce were all stopped by a man in black robe."

"This person is extremely powerful, and we can't fight him together, but he doesn't want to kill us, he just traps us here."

Qin Yuying frowned: "Have you ever found out the identity of this person?"

The old man in black robe shook his head: "He didn't use his immortal power, but his physical strength is enough to suppress us."

"I didn't even see his face clearly, and there were almost no clues."

Qin Yuying was silent.

This attack was too weird.

Even if he came here for Qin Yuning, he must be targeting him.

"Continue to investigate until it is clear!"

"yes!"

A group of elders dispersed.

Qin Yuying sighed, and then said to Chen Feng: "I still have some things to do, so let Yu Ning accompany you."

Chen Feng nodded.

After Qin Yuying left, Qin Yuning said gratefully, "Thank you for saving me."

"I haven't asked your name yet."

Chen Feng said lightly: "Chen Feng."

Qin Yuning nodded: "You look younger than me, so I'll call you Xiaofeng."

"There is also a small house that is empty near the chamber of commerce. It is very close to the chamber of commerce. I will take your friend there."

Chen Feng took Qin Yuning to find the crowd, and rushed all the way to the house.

It was only when I arrived that I realized that the so-called small house was actually a luxurious mansion!

Qin Yuning was a little embarrassed: "Many mansions of the Chamber of Commerce have been sold, only this one is left, you all live together first."

"enough."

Chen Feng said lightly: "There is a formation guarding here, especially in the city, no one should do anything here."

"Let's live here first, and we'll talk about it later when we find a way to resolve the Nirvana Immortal Power."

Qin Yuning pursed her lips, not knowing what to say for a moment.

"It's all because of you that you will lose your cultivation."

"But don't worry, our Xingyue Chamber of Commerce is the largest chamber of commerce here, and there is no treasure that my mother can't find."

"She must have a way to cure you!"

Chen Feng nodded: "I hope so."

He didn't hold out much hope.

Since it is said that the immortal power of Nirvana cannot be solved, it is very difficult to think about it.

Fortunately, there is a place to stay, and there is no need to worry about the safety of relatives and friends.

After Qin Yuning left, Jiang Yuechun couldn't help asking: "Chen Feng, have you really lost your cultivation?"

Chen Feng nodded and told what happened before.

"you..."

Jiang Yuechun hesitated to speak.

"Don't comfort me."

Chen Feng smiled lightly: "I have lost my cultivation and can't cultivate, but as long as I gather a few treasures, I can condense an incarnation outside my body."

"If it is really impossible to practice in the future, I will abandon this physical body and become the incarnation of the Lord."

Everyone was taken aback for a moment before they thought of it.

Chen Feng has the ability to condense avatars outside of his body, and avatars can also be cultivated.

Although abandoning the physical body will greatly reduce both talent and strength, it is better than not being able to cultivate.

After letting a few people stay, Chen Feng sat cross-legged in the room, muttering to himself.

"Snow Dragon Branch, Sky Dragon Bone, Earth Demon Soul Bead..."

"This is a rare treasure that is unique in a million!"

Chen Feng looked helpless.

With his current cultivation and talent, even the incarnation of the treasure condensed outside his body is a precious thing.

However, although he lost his cultivation, he got the help of Xingyue Merchant Guild, so it was not difficult to collect all these treasures.

Early the next morning, Chen Feng came to Qin Yuning's residence.

"Xiaofeng, why are you here?"

Qin Yuning looked surprised.

Chen Feng said truthfully: "I need some treasures, but I am not familiar with this place, so I need your help."

Qin Yuning was stunned, and said with a smile, "I'll take you to the auction house."

She brought Chen Feng to the auction house.

The auction house is huge, it is only used for auctions, and there are no other vendors.

Inside the circular hall, tens of thousands of benches are neatly arranged.

The upper floor is the VIP area, which is reserved for the big shots in the city.

According to different heights, three areas are divided, and the higher you sit, the more distinguished you are.

"Let's go upstairs."

Qin Yuning walked and said: "There is no auction today, but the treasures you want can only be met at the auction."

"I've ordered someone to hold an auction to call for these treasures. It will start in half an hour."

Chen Feng was stunned for a moment: "Is it held temporarily?"

Qin Yuning smiled and nodded: "You are my savior, so what is this request?"

Chen Feng secretly clicked his tongue.

As expected of the number one Chamber of Commerce in the city, the auction will be done as soon as it is said.

It was the first time for him to enjoy this kind of treatment.

The two came to the second floor and sat on the highest seat.

There are only two benches here.

The two sat on the left side, but Chen Feng looked to the right side curiously.

"That's where Liuying Tianzun is."

Qin Yuning looked longingly and said: "It is rumored that Liuying Tianzun is the strongest in Baidi City, and he comes and goes without a trace."

"The last time we met was at the auction a hundred years ago. Tianzun happened to pass by here, and before leaving, he gave advice on how to practice agility."

"It's a pity that I don't have enough comprehension, and I haven't been able to practice agility. I really hope to see Tianzun again."

Chen Feng withdrew his gaze, thinking it was a pity in his heart.

If Liuying Tianzun comes, he can still take the opportunity to ask for advice.

Soon half an hour passed, and the auction was about to begin.

Tens of thousands of cultivators flocked to the auction house.

Many cultivators set foot on the second floor one after another, but only sat on the first floor.

There were only two people sitting on the second floor, but Chen Feng lost his cultivation and couldn't perceive their realm.

Only the golden body of an immortal who is the same as him can confirm that both of them are strong in the Golden Immortal Realm.

"It's about to start."

Qin Yuning reminded in a low voice: "This time, the holding is a bit hasty, and it may not be able to get all the treasures you want."

"After the auction is over, I will tell the clan elders and ask them to keep an eye on it for you."

Chen Feng nodded, thanked him and waited for the auction to start.

"Miss Qin, long time no see."

A greeting interrupted Chen Feng's meditation.

Opening his eyes, he saw a young man in black smiling at Qin Yuning.

"Brother Nan, why are you here?"

Qin Yuning looked excited: "Did Liuying Tianzun also come?"

Nan Xiangtian shook his head: "Master is traveling outside, but I came here just because I wanted to buy some fairy medicine."

Qin Yuning's smile gradually disappeared, and she sighed: "I thought I could see Tianzun."

Nan Xiangtian raised his hand to press her shoulder, and squeezed it smoothly.

"Next time, I will inform the master and ask him to teach you how to practice agility."

Qin Yuning was so excited that she didn't care about Nan Xiangtian's actions at all.

Nan Xiangtian wanted to sit next to her, only to find Chen Feng sitting there.

"Who are you?"

He has bad eyesight.

Especially when he found that Chen Feng was lifeless, there was a bit of disdain in his eyes.

Qin Yuning smiled and introduced: "This is Chen Feng, who saved my life a few days ago."

"Today's auction is for him!"

Nan Xiangtian was taken aback, and his tone was sour: "Is there a special auction for him?"

Qin Yuning nodded: "He is my savior, and he is very strong!" "Before, he defeated the casual cultivator of the fifth level of the Golden Immortal Realm with the realm of the peak of the Earth Immortal!"
