### [Chapter 601: breakthrough! Great drop dragon fist!](#)

"This time, I left it to death and reborn, and I fell into the deep cliff. What I thought was that I would rather fall to death than die in the hands of Golden Armored Centipede or Sun Haoguang!"

"But I didn't expect that at the bottom of this deep cliff, I would get an adventure. Xiaoding killed the dragon, and I also sucked all the essence of the dragon. My strength was great!"

"Now that the Dragon Elephant Breaking Heaven Art has reached the fifth floor, and opened the 26th Aperture, its strength has greatly increased, and it has also ignited a part of the dragon blood battle body, strengthening the position of the double claws for the first time. The attack power has been greatly improved!"

Chen Feng immediately used the qi, and then used the Dragon Fist!

At this time, he had already broken through to the strength of the fifth floor, his strong qi was enough for him to perform a dozen punches, and the dragon in the state of completion was in the wild!

Chen Feng's movements were very slow. He was not in a hurry. Instead, he attacked the dragon in the wild again and again!

Every time, his movements are very delicate, not letting go of every detail.

His movements were very slow, but he did the movements so slowly and got every detail in place, strictly in accordance with what the secret book said, without a trace of omission!

When he beat the dragon to the wild, the power was extremely huge, much greater than before!

Chen Feng also seemed to have enlightenment in his heart, and his understanding of dragon fighting in the wild has deepened a little bit now.

Finally, after hitting six punches one after another, Chen Feng stopped!

There seemed to be something shattering in his mind!

Chen Feng stood still in this ice world, his eyes condensed, his eyes narrowed slightly, and he didn't move!

His feet are quite different, and his arms hang at his sides very naturally.

He stayed in this posture for a long time, but Ziyue was quietly floating on the side, with her head resting on her little hand, watching all this with interest, with a gentle smile on her mouth!

All this is actually very boring to others. What's so good about Chen Feng standing there motionless?

But for Ziyue at this time, this scene was very warm and peaceful, and when she saw it, there was a hint of stability and joy in her heart for some reason. *noveLusb.cOM*

It seemed that she could watch such ordinary scenes for a lifetime.

Ziyue knew it in her heart, knowing that it was because of the separation of life and death just now, which made her even more attached to Chen Feng.

Chen Feng stood here quietly for 3 hours.

Then he moved suddenly, and Chen Feng's legs suddenly assumed a very strange posture. His left leg was slightly bent, lunges forward, and his right leg withdrew, which was exactly the opposite direction of his left leg.

Then Chen Feng, with both palms left and right, hit out at the same time.

The left arm was slightly bent inward, and the left palm drew a very small, very short arc, and then retracted inward. Seeing that, it seemed to hit his right chest.

The palm of the right hand drew a very large arc and pushed it out.

At this moment, in Chen Feng's mind, the moves of the Great Dragon God Fist that had been branded in his mind, every subtlety and every delicate movement flashed.

Chen Feng's hand made it, and the brand in his mind is not different.

Chen Feng made this movement, and then suddenly he exhaled and made a very loud sound!

There are four words that burst from his throat: "Six dragons whirlpool!"

The qi in the body gushes out. After his punches are out, they seem to be slow, but in fact they are extremely fast!

In the air, there was a sudden surge of qi, and there was a faint sound of ocean tide!

His palm is inward and the other is outward. In this way, there are two completely different forces in one move.

These two forces clash, one attacking outwards and the other recovering inward.

First, a cyclone the size of a millstone formed in his arms, and then the cyclone the size of a millstone was released again, directly forming a huge cyclone of three or four meters in diameter in advance of Chen Feng.

In this huge cyclone, an extremely powerful suction was produced.

Ziyue saw that the ice and snow on the ground were flying.

Countless particles rushed towards the cyclone in front of Chen Feng.

Even the lake water tens of meters away was sucked up, like a giant dragon, rushing toward the cyclone in front of Chen Feng.

This shows how powerful the suction of a huge cyclone is.

Not only is the suction strong, but also very powerful!

The cyclone in front of Chen Feng consists of two huge dragon-shaped cyclones, so there are two levels in total.

These two dragon-shaped cyclones are like two huge grinding discs, constantly rubbing against each other, and then everything sucked in is ground to pieces.

The ice and snow that was sucked in, as strong as profound iron, was directly ground into ice and snow!

Feeling the suction from this huge cyclone, Ziyue also hurriedly stepped aside, a full 100 meters away from Chen Feng.

She is very light and easy to be sucked in.

After seeing Ziyue retreat far away, Chen Feng began to urge this move with all his strength, and suddenly shouted, pushing the huge cyclone forward!

He only heard a loud bang next to him, and Chen Feng saw that on the mountain wall about tens of meters away, a huge boulder the size of a small house was sucked away from the wall.

Was inhaled into this cyclone, and then instantly ground into stone powder.

#### [Chapter 602: Who do you want to taste the consequences?](#)

After grinding the huge stone into powder, the cyclone in front of Chen Feng also disappeared without a trace, and was submerged in the air.

Chen Feng accepted and stood there with a smile on his lips.

This is the second move of the Great Dragon God Fist: Six Dragons Maneuver!

A smile appeared at the corner of Chen Feng's mouth, and he slowly said, "This move, the Six Dragons Maneuver, is not a purely attacking move. There are so many magical effects!"

"Just take this suction power as an example. If you use it well, it will be a very powerful trick! Not only can you absorb objects, but you can also absorb enemies!"

"If the enemy is very powerful, it can also affect the direction of its departure! It can even directly deflect its offense! This move will be very powerful if it works well with the Dragon Fight in the wild."

"Now my six-dragon maneuver has reached the point of first glimpse of the doorway. The diameter of the cyclone is about three meters, and there are two dragon-shaped air currents constantly moving back and forth!"

"If it can reach the realm of Dacheng, the diameter will be several times larger than it is now, and at the same time there will be six cyclones surging crazily in it! Different directions will form five huge grinding discs!"

"This is the ultimate meaning of the Six Dragons Maneuver!"

At this time, Ziyue flew over. He looked at Chen Feng with a flash of appreciation at the corner of his mouth and said:

"Chen Feng, this time you practiced the Great Dragon God Fist, which is quite good. Some of the moves in it are quite mysterious, even I have to watch it seriously!"

"And if the trick of Liulong's maneuver is used well, it will have a very unexpected effect!"

Chen Feng nodded and said with a smile: "Being able to enter Ziyue's eyes of your magic shows that this weapon is indeed good."

Ziyue wrinkled her little nose, her expression proudly said: "It's just not bad!"

She was so cute. Chen Feng smiled and rubbed her little head. Ziyue struggled out of his hand and rolled her eyes to look at him.

As a martial skill that has just been comprehended, Liulong's maneuver, which consumes a huge amount of energy on Chen Feng.

After Chen Feng entered the fifth building, he could issue five moves to fight the dragon in the wild, and fighting the dragon in the wild became his conventional weapon.

The newly understood Six Dragons Maneuver, one move will consume half of his qi!

Now Chen Feng's Da Jiang Long Shen Fist and Extinction Three Swords have already understood the second move.

They were refined into Six Dragons Roundabout and Broken Soul Cross Slash, and their strength went even further.

And his Dragon Elephant Po Tian Jue and Hun Yuan Yi Qigong both reached the fifth floor!

A smile appeared at the corner of Chen Feng's mouth.

This time, he was chased by Sun Haoguang and escaped into the Aomori Mountains, but he did not expect that his strength would break through one after another. When he thought of Sun Haoguang, his face immediately became gloomy.

"Sun Haoguang, it's time for us to forget our account now! I am now in a lot of strength, and it's time for you to \*\*\*\* power!"

Then Chen Feng, holding the Purple Moon Knife, walked to the edge of the valley.

At the edge of the valley, the rock wall was covered with thick profound ice. At first glance, it was six or seven meters thick, glowing with blue light, and extremely hard.

Chen Feng looked up and couldn't see the top.

This deep valley is at least 50,000 meters deep!

He inserted the Purple Moon Knife into the rock wall and easily inserted it into the ten thousand years of profound ice, and then took advantage of his strength to leap upwards, and at the same time the Purple Moon Knife was pulled out, and he jumped several tens of meters high. , And then the Purple Moon Knife inserted into the stone wall again.

In this way, Chen Feng kept inserting the Purple Moon Knife into the stone wall, jumping upward with strength, and climbing upwards at an extremely fast speed.

Deep in the Aomori Mountains.

Under a cliff, on a boulder next to a big lake.

Sun Haoguang's face was pale, his clothes were torn, the wound was \*\*\*\* and bloody, his left arm was broken shoulder-to-shoulder, and he was healing.

After a long time, he slowly opened his eyes, opened his mouth, spit out a mouthful of congestion, and then sighed slightly, his expression became a little relaxed.

The bruise that he squirted out was a \*\*\*\* blood clot.

The most frightening thing was that the blood clot actually seemed to be alive. After being sprayed out, it was still twisting with its teeth and claws. When it fell into the lake, it was instantly diluted.

The lake water, which was a full tens of meters in radius, turned into a dark color.

And the fish and shrimps in this lake were directly poisoned to death, turning their white belly, floating on the lake!

It can be seen that this congestion is very toxic.

He took a slow breath and whispered to himself: "It took three days to finally force this toxin out. The animal is really poisonous!"

"Originally, I was able to adjust my breath to 70% in three days, and I was surrounded by toxins, but now I have only recovered 30%, reaching the early stage of the seventh floor of the Divine Sect Realm!"

"In another half a month, I will be able to restore my strength to its peak."

There was a gloomy look in his eyes: "It's just that the battle with the beast caused the little bunny to run away. I don't know where it is now, but I feel that he shouldn't die!"

"After I recover from my injury, I must look for him, and then use every means to torture him!"

He said bitterly: "Damn it fell to Lao Tzu, and even dared to escape in his hands. I must let him taste the consequences!"

At this time, he suddenly heard a long laugh from behind him: "Who do you want to taste the consequences?"

Sun Haoguang suddenly turned his head, after seeing it clearly, his face suddenly showed surprise!

[Chapter 603: Keep your dog eyes open!](#)

It is Chen Feng!

Dressed in a white robe like snow, he looks handsome, but there is no sign of injury on his body?

But after Chen Feng saw Sun Haoguang, he didn't stop for a moment, a wave of light flashed behind him, and the spirit of Xiang Liu suddenly appeared!

The martial spirit's supernatural power was activated, and at the same time, with a sharp shout, he leaped into the sky, and the purple moon knife in his hand was suddenly out of its sheath!

Broken soul cross cut, slashed out!

When Chen Feng saw Sun Haoguang, at this moment, he did all his ultimate moves directly, leaving him no time to react at all!

When Sun Haoguang saw this scene, he laughed wildly: "Little bunny, really arrogant. If you run away, I won't be able to find you, but you dare to send it to the door by yourself. It's just a death!"

Seeing Chen Feng's huge martial arts soul lying in the air, Sun Haoguang immediately felt the oscillating sound waves in the air.

And because of his extremely high strength, he can even see the substantive sound waves in the air, shocking towards him!

Sun Haoguang was so old and knowledgeable, he immediately understood that this was a sonic mental attack. If he was hit, it would make his body stiff and unable to move for a while.

A sneer appeared at the corner of his mouth. He looked at Chen Feng and said with disdain: "Do you think this thing is useful to me?"

"Tell you, the old man doesn't need to resist this thing at all. What if you can make my body stiff? I stand here motionless and let you attack, and you have nothing to do with me!"

"I had a battle with that animal. Although my strength has fallen to the seventh floor of the Divine Door Realm, it is far from offensive for you as a junior!"

His understanding of Chen Feng's strength still remained for a while, and he never thought that Chen Feng had already advanced in strength.

Therefore, Chen Feng is still very contemptuous.

Chen Feng sneered: "Then you try!"

Sun Haoguang really didn't intend to resist.

Although he has treasures that resist sound waves, he does not intend to waste it.

In his opinion, Chen Feng does not even have the qualifications worthy of his wasted!

However, when the sound wave was about to reach his body, a feeling of extreme palpitations suddenly surged in his heart, and it seemed that something extremely terrifying was about to happen.

So he immediately tore up what he had just said!

A yellow light flashed on his body, this yellow light was very strong, and it directly offset the sound waves that were about to fall on him.

Chen Feng's martial arts supernatural power this time: the shock attack was directly eliminated by the yellow light!

However, he couldn't escape from Soul Breaking Cross Slash!

Broken Soul Cross hit his body silently, and the next moment, Sun Haoguang spurted out blood and suffered heavy losses!

"Little bastard, you are looking for death!"

Sun Haoguang let out a sharp roar, and the Trident of the Sea King suddenly condensed!

"Boy, die!" Sun Haoguang's eyes showed triumph, believing that this move could definitely damage Chen Feng!

Before, he could beat Chen Feng to death with this trick!

The huge Trident of Sea King, kill Chen Feng!

A sneer appeared at the corner of Chen Feng's mouth: "Sun Haoguang, do you still think I am the me before? Open your dog eyes!"

With that said, in his body, the Dragon Elephant Breaking Heaven Secret Art was running wildly!

The blood red qi, like a big river flowing, red light from the body surface.

In his dantian, the position of the dragon claw of that dragon blood battle body was bright!

With a sharp roar, Chen Feng instantly completed the transformation of the dragon blood battle body.

Then, the meridian in the body, the dragon claw pattern quietly lit up.

The next moment, a huge dragon claw appeared on top of Sun Haoguang's head, and then bombarded him heavily, shouting in his mouth: "The Dragon Claw of Destroying Heaven!"

Drive the dragon claws with dragon blood battle body, powerful and powerful!

The huge dragon claw appeared, directly blasting the Sea King Trident to pieces, and in the next instant, it blasted Sun Haoguang's body.

Sun Haoguang spurted blood wildly, his body appeared numerous wounds, his chest collapsed.

Then Chen Feng, another dragon claw of the \*\*\*\* of extinction!

This time, the ground burst with a 'boom', and a huge crater with a radius of several tens of meters appeared on the stone ground.

Sun Haoguang let out a quick scream!

After this move, Chen Feng was also shaky, the dragon blood battle body disappeared, his face was pale, his body trembled, and his chest and abdomen were as uncomfortable as flames.

Just now, in that short four or five seconds, he did his best to use all his powers, and he really has given all of it!

Chen Feng has restored his strength to the extreme, he doesn't believe that he can't kill Sun Haoguang!

Chen Feng took a few heavy breaths, and then slowly stood up. At this time, the qi in his body was about to bottom out, and there was little strength left.

He struggled to get to the great change, looked inside, and then immediately his pupils shrank.

In the center of Dakeng, a mass of rotten meat was creeping there.

Can't this kill Sun Haoguang?

He immediately jumped into the middle of the big pit. At this time, Sun Haoguang disappeared without a trace of his legs and arms, and his whole body was broken. It is hard to say that his head has collapsed in half, and half of his neck has been torn.

But even so, he was still conscious, his breathing was weak, but he was still alive.

Chen Feng was shocked, the strength of the seventh floor powerhouse of the Divine Sect Realm was indeed too powerful to kill him just like that.

But it was obvious that Sun Haoguang had no fighting power at this time, and an ordinary strong man could kill him.

He looked at Chen Feng and couldn't believe it.

#### [Chapter 604: Spy](#)

"Why? Why is Chen Feng so strong?"

Chen Feng walked up to him, staring at him lightly.

Sun Haoguang's eyes showed a deep begging color, and he said: "Chen Feng, you don't kill me, you don't kill me, I beg you, you forgive me!"

"Look, I'm completely useless now, and I won't pose any threat to you in the future. Don't kill me, spare my life."

At this time, where is the arrogance of the sect Taishang Elder?

Lingering in front of Chen Feng, begging hard, like an old dog.

Chen Feng looked at him with a sneer, a sneer at the corner of his mouth:

"How was your arrogance when you chased me? How did you look at me aloft as if you were arrogant when looking at an ant? How disdainful of my disdain? Why are you gone now?"

As he spoke, he made a long laugh.

A thick resentment flashed in Sun Haoguang's eyes, but he concealed it.

He burst into tears, put his posture extremely low, and begged: "Chen Feng, I did wrong in the past. I apologize to you. I will never dare to do it again. Please forgive me this time!"

Chen Feng suddenly asked, "You asked me for the reward of the Zongmen Grand Competition that day. Why? Who asked you to ask for it? What kind of stuff do you want in it?"

Sun Haoguang seemed to have caught a life-saving straw, and said quickly: "Chen Feng, I answered this question, will you stop killing me?"

Chen Feng snorted coldly, did not speak, just looked at him, and his eyes became colder.

Sun Haoguang trembled all over, and quickly said, "I said, I said, that's what Yang Buyi asked me to ask for, that's something that Yang is not easy to ask for!"

"I am here to hunt you this time because Yang Buyi cooperated with me. He provided me with your information."

Chen Feng showed a sarcasm at the corner of his mouth, nodded slowly, thoughtfully: "Sure enough, it's not easy for Yang to want."

Sun Haoguang looked at Chen Feng, with hope flashed across his face: "Chen Feng, did you spare me?"

Chen Feng smiled and said, "I really want to spare you, but it's a pity that I am a person who knows the truth of killing a snake but not being victimized!"

Before the words fell, Sun Hao flew out with the long knife swung out.

His face was still solidified with a strong color of fear. Chen Feng tidied up on the spot and found a mustard bag left from Sun Haoguang's body, and then threw the body into the deep valley not far away. Left here.

Five days later, a corner of the cave mansion owned by Chen Feng.

The scenery is beautiful, with mountains and lakes, lush forests and blooming flowers.

At this time, among the flowers, Chen Feng and Han Yu'er stood side by side, smiling and looking at the front.

Not far ahead, on a clearing about ten meters away, Hua Ruyan and Jiang Yuechun were fighting.

The two of them are fighting at this time, and they are not the enemy of life and death, so they are well controlled.

It is said that the two are fighting, but in fact it is more like the other party feeding.

Rehearsing their own strengths and tactics. At this time, if there are ordinary disciples of the outer sect, the elders of the outer sect will be surprised to see this scene here. *NovelUSB.Com*

Because Hua Ruyan and Jiang Yuechun are both very young, but their strength cannot be underestimated.

Both of them have reached the sixth floor of the Divine Sect Realm in strength, and Jiang Yuechun is vaguely going to win even more, even reaching the seventh layer of the acquired day.

Not only did the two of them have a not low level of cultivation, but their martial arts skills were also quite strong. One used the Thunder Sword and the other used the Yuluofei Flower Sword, both of which were very subtle.

In the air, the sound of thunder rang from time to time.

The white flying flowers formed by the rain falling flying flower swordsmanship also flashed from time to time. Some of the white flying flowers fell to the side and blasted a fist-sized hole in the stone. The new power was also good.

After a cup of tea, the two bumped into each other, each took a step back, and then separated.

After all, Jiang Yuechun was young and weak, and the wooden sword in her hand was knocked into flight.

She smiled and said: "Sister Hua, you are better than me!"

Hua Ruyan rubbed her little head, gave him a blank look, and said, "Okay, you little fellow, I still don't know what you think?"

He knew very well in his heart that Jiang Yuechun was stronger than her, and doing so was nothing more than fear of losing face.

She and Jiang Yuechun are not alienated and polite now, but very kind.

The two stayed together for so long, and Chen Feng was not there or busy doing exercises most of the time, and Hua Ruyan took care of Jiang Yuechun most of the time.

Chen Feng smiled next to him: "I think, you two don't need to talk about it, your strength is almost evenly divided."

Then Chen Feng praised them a few more words. Chen Feng finished. Hua Ruyan glanced at him and Han Yu'er, her eyes rolled around, pulling Jiang Yuechun, and said with a smile:

"Yuechun, let's go back soon. The dragon meat stewed in the pot should be ready soon. If you don't go back and eat it, you will get old."

Jiang Yuechun chuckled, and just looked at Chen Feng and Han Yu'er narrowly, and then smiled: "Okay, Sister Hua, then let's go back!"

They made it clear that they wanted to leave Chen Feng and Han Yu'er alone.

Chen Feng smiled and nodded: "You two little guys!"

Han Yuer's pretty face turned red, and she gave them both white.

Hua Ruyan and Jiang Yuechun giggled, and the two turned and left.

Chen Feng looked back at Han Yu'er, with a smile on the corner of his mouth.

Every time between life and death, Han Yu'er is the most concerned. Chen Feng also cherishes this time when he comes back.

At this time, beside the valley, on a cliff, there were bushes.

Among the bushes, a purple-robed figure stood quietly, with long hair fluttering, and a very handsome appearance, but his eyes flashed with a gloomy and harsh color from time to time, which made people feel a little uncomfortable.

He was about three to four hundred meters away from Chen Feng and Chen Feng, but Chen Feng didn't notice.

At this moment, his eyes were fixed on Han Yu'er, but what flashed in his eyes was not greedy desire, but unconcealed ecstasy!

After a while, he withdrew his gaze, and the joy on his face could not be concealed anyway.

"This woman is what I was looking for. She looks exactly like my sister-in-law!"

"It seems right, she is the rebellious offspring who betrayed the family twenty years ago!"

"Haha, I found her, that's really amazing! Even though the rebellion came out of the family twenty years ago and stole a sword from the family, it can be said that he committed a heinous crime! However, blood has always been highly valued in the family, and any direct blood of the family is strictly prohibited from flowing outside."

"Even if they are living thousands of miles away, you must do everything possible to retrieve them. Even if you bring them back to the family and imprison them, you won't let them fall into the hands of others! In the words of the family, you can only die. Die in this home!"

#### [Chapter 605: Crisis struck](#)

He murmured to himself: "I'm just a collateral child in the family. Although I have been very talented since I was young, I am the best among collateral children." [novelusB.Com](#)

"But because of my background, I have no access to those advanced martial arts techniques in the sect. What I practice is what the disciples of the main line of the family disdain to practice!"

"So, my talent is not worse than anyone else, but my strength is a lot worse than them, and if I can capture her back into the family, it will be a great achievement!"

"The bloodline is really valued in the family. I may be rewarded by that time. Maybe the senior elders in the family will be able to reward me with some exercises and martial arts secrets when they are happy!"

Thinking of this, the purple robe youth's heart was fiery.

He stared at Han Yu'er again, then backed away and left here silently.

In the evening, Chen Feng sat cross-legged on a high cliff by the lake.

Refine your breathing and practice Hunyuan Yi Qigong.

He made breakthroughs one after another in the Aomori Mountains, and Hun Yuan Yi Qigong and Dragon Elephant Po Tian Jue had reached the fifth stage.

During this period of time, his adventures continued, and his breakthrough speed was extremely fast, but it was precisely because his breakthrough speed was too fast that his foundation was a bit unstable.

What Chen Feng is doing now is to lay a solid foundation.

Next to him, Han Yu'er also sat cross-legged, her expression calm, a light green light came out from her body, exuding a strong breath of life, making people feel uncomfortable staying next to her.

After a long time, Chen Feng slowly let out a suffocating breath, then opened his eyes and looked at Han Yu'er next to him.

At the same time, Han Yu'er seemed to be aware of it and looked at him. The two of them made eye contact, and the corners of their mouths showed a rare smile.

Han Yu'er was a little shy, her face flushed, and she lowered her head slightly.

Chen Feng smiled and said, "Senior Sister, don't worry about me, just continue to practice."

Han Yuer nodded softly, and Chen Feng looked at her in this way, looking at her beautiful profile, and she was filled with indescribable satisfaction.

With this beautiful woman, a century of rivers and lakes is only a moment.

At this moment, he suddenly noticed something strange.

Chen Feng keenly discovered that the connection between himself and the outside world seemed to be weakened!

Just now when he absorbed the aura from the outside world, and when he breathed out his cultivation, he felt that the aura outside seemed to suddenly break, as if a thread had been cut off.

Moreover, the atmosphere in his cave mansion in the valley was peaceful and moist, but at this moment, suddenly, it became a little bit solemn.

Chen Feng opened his eyes and Huo Ran stood up, his face solemn, and shouted, "Who?"

Han Yuer was also awakened suddenly. She didn't notice the slightest abnormality. She looked at Chen Fengfeng in surprise and asked, "Junior, what's the matter?"

Chen Feng slowly shook his head and said, "There is something wrong!"

At this moment, there was a round of applause in a wood next to him.

Then, a purple-robed youth walked out of it and smiled slightly and said, "Chen Feng, I haven't seen you for a few months. I didn't expect you to be so diligent again, and your awareness is so keen. You have discovered this."

Chen Feng frowned and looked at him, with a dignified look in his eyes.

Although he was cultivating just now, he was extremely keen on his surroundings, but he did not feel the existence of this young man.

This shows that the strength of this person is definitely not to be underestimated.

He stared at the purple-robed youth for a while, feeling that this person was a little familiar, and then suddenly remembered, and said in shock, "It's you?"

He remembered who this person was!

When he was in the Demon Valley, the last battle with the marshals of the demon soldiers, his long sword was shaken off, and it was the purple-robed youth who picked it up and handed it to him gently.

The purple-robed youth smiled slightly: "Remember who I am here? It seems that your memory is not that bad!"

Chen Feng looked at him and asked faintly: "Farewell to the Demon Valley, it has been several months. I don't know what's the point of coming here this time?"

The purple-robed youth said with a smile: "You are really not so easy to find here. I think I was in the Demon Valley at the beginning. I got news from Feng Zicheng and knew that you were from Qian Yuanzong."

"After going out of the Demon Valley, I returned to the family, and then immediately brought people from the family, and rushed to this Qian Yuanzong non-stop."

"Even so, it took more than three months to come here. There is no way. The place where our family is located is the center of the Great Qin Kingdom, and your Qian Yuanzong is in the poor country of Danyang County. The place where you \*\*\*\* is too far apart!"

Chen Feng's expression became more solemn after hearing his words.

This person was in the Demon Valley, and he only had a relationship with him. Why did he inquire about him from Feng Zicheng? At this time, he was not far away from Qian Yuanzong?

To say that he didn't have any conspiracy, he would not believe in killing Chen Feng.

Chen Feng said in his heart: "Could it be that he already knows that I get the greatest benefit from the Tomb of the Devil Dragon?"

"No, Feng Zicheng, I was killed by me before I entered the grave of the Devil Dragon, and he must have received the news before Feng Zicheng was alive. At that time, I hadn't revealed my strength. Why would he notice me? ..."

Chen Feng suddenly narrowed his eyes, and immediately thought, is it because of that sword?

#### [Chapter 606: Miss Lie!](#)

The only thing he could think of that caught the attention of the purple-robed youth was probably the sword.

After the sword was shaken off, the purple-robed youth picked it up and handed it to himself!

Seeing Chen Feng's expression, the purple-robed youth showed a slight smile at the corner of his mouth, and said faintly: "Guessed it? Yes, it's because of that sword!"

Chen Feng did not speak, but stared at him with piercing eyes.

Han Yuer, who was on the side, asked ignorantly: "Junior Brother, what's wrong? What are you talking about? Who is he? And what kind of sword is that sword?"

When Chen Feng saw Han Yu'er's beautiful face, he suddenly thought of something, and there was a great fear in his heart!

That sword is Han Cong's saber, and if the purple-robed youth came here because of that sword, does it mean...Han Yuer is dangerous?

So he immediately stood in front of Han Yu'er, and the purple-robed youth showed a disdainful smile, sneered and said, "It's useless!"

And Han Yu'er also realized at this time that this purple-robed youth was definitely not good at coming.

She stood behind Chen Feng, her face full of anxiety.

The purple-robed youth suddenly clapped his hands, and three people walked out of the woods.

These three people are about two meters tall, and they are wearing a thick golden armor. The golden armor is more than ten centimeters thick and looks extremely heavy, wrapping them like monsters.

They wore helmets on their heads, and they couldn't even see their faces. They only showed the cold and merciless eyes behind the steel mask. They didn't look like human eyes but were like killing machines.

When the three of them came out, Chen Feng's breath seemed to freeze.

He felt cold all over, and his body seemed to froze!

The strength of each of these three people is extremely strong, not inferior to Sun Haoguang, and Sun Haoguang in his heyday.

At this time, these three people came to Chen Feng extremely fast, surrounded him, and sealed all the routes.

Chen Feng was a little desperate. A Sun Haoguang was difficult for him to deal with in his heyday. At this time, there were three masters at the level of Sun Haoguang!*noVelusb.cOm*

He was extremely shocked: "Where did these three people come from? Are they all brought by this young man? So how terrifying is this purple-robed young man and the forces behind him? "

Han Yu'er behind him was overwhelmed by the huge icy aura of these people. She spit out a mouthful of blood with a wow, and fell to the ground limply.

Chen Feng quickly took her into his arms and asked with concern: "Sister, are you okay?"

He entered Han Yuer's body with a sigh of qi, and Han Yu'er's expression only eased a lot.

Seeing this scene, the Zipao youth's face immediately became cold, and he cursed at Chen Feng: "Let her go!"

"You humble person, don't deserve to touch the noble woman of our Lie family?"

Chen Feng said coldly: "What do you mean by the Lie family? When did my senior sister become the main line of the Lie family? What kind of existence is the Lie family?"

The purple-robed youth shook his head, with an undisguised mockery on his face: "It's really ignorant, I don't even know the famous Lie family!"

Chen Feng had already guessed at this time that Han Yu'er's origin was absolutely extraordinary, and it should have been deeply involved with this so-called Lie family.

Han Yuer was also extremely surprised.

The purple-robed youth looked at Chen Feng and said coldly: "Well, you are going to die anyway. In this case, I will let you be a ghost."

He pointed to Han Yu'er and said in a deep voice: "Your senior sister Han is actually an eldest lady in our Lie family."

"His father Han Cong is actually our Lie family, a direct bloodline who betrayed his family 25 years ago!"

"Our Lie family is one of the great wealthy and nobles in the Great Qin Kingdom, and also pays great attention to the blood shed outside. The last time you were in Demon Valley, I picked up your long sword and I recognized it. This long sword was taken away from the family by that rebellion 25 years ago."

"From then on, I paid attention to you and got your sect inheritance from Feng Zicheng. Then I came here, as expected..."

"Now I can be sure that Han Yu'er is our Lie family's medical student, because she looks almost exactly the same as an aunt in my main line!"

Upon hearing this, Chen Feng was extremely shocked, with a face full of disbelief. He stared at the purple robe youth with wide eyes, and then glanced at Han Yuer:

"He didn't expect his senior sister to have such a big background! The senior uncle Han Cong is so worthy, but why did he betray the family in the first place? Is it for the treasure on the map?"

When Han Yuer heard these words, she was completely blindfolded as if struck by lightning, her face was completely blank!

She stared at the purple-robed youth blankly and said, "Are you true?"

The purple-robed youth was extremely respectful to her, bent slightly, with a humble smile on his face: "Miss, I definitely don't dare to lie, you will know it naturally when you arrive at Lie's house, blood is indispensable!"

Both Chen Feng and Han Yu'er felt that this situation was like a dream.

Suddenly, Han Yu'er seemed to think of something. She looked at the purple-robed youth with some horror and said, "You, you mean to take me to Lie's house, right?"

#### [Chapter 607: If you dare to move him, I will commit suicide!](#)

The purple-robed youth smiled slightly, nodded and said: "Of course, the Lie family never allows the blood of the main vein to fall outside."

Chen Feng's heart trembled abruptly after hearing this, and he was so sore, as if the most precious thing in his heart was about to be lost.

He looked at Han Yu'er and asked softly: "Senior Sister, are you leaving? Are you leaving me?"

Han Yu'er looked at Chen Feng with affection, and suddenly shook her head: "No, I will never leave here! The place where the younger brother is, is my home!"

The purple-robed youth watched this scene coldly, and said lightly: "Miss, please don't make me embarrassed!"

Chen Feng took a step forward, stood in front of Han Yuer, and sternly shouted: "If you want to take the senior sister away, just step over my body!"

The purple-robed youth sneered and said, "Do you think I dare?"

"Kill him!" He waved at the golden armored warrior, and the three golden armored warriors simultaneously forced towards Chen Feng.

Chen Feng knew that he was not an enemy, but he did not despair, he was always a person who would not give up lightly.

Chen Feng immediately looked up to the sky and let out a long howl!

He is very close to Nei Zong here. After making a long howl, he is sure that Xu Lao will be here soon!

The purple-robed youth showed a sarcasm smile on his face, haha said with a smile: "Okay, Chen Feng, don't waste your time, within a hundred meters of this cliff, we have been silently restrained! You are now I have been trapped by a formation, and my voice cannot be heard at all."

Chen Feng's heart sank, and sure enough, he found that the young man in white was right.

Because his voice was clearly uttered, but after the voice was uttered, let alone Nei Zong, there was no movement even in his valley cave mansion pavilions.

You know, Hua Ruyan and Jiang Yuechun are all there, not far away, they should be able to hear this voice immediately.

With that said, the purple-robed youth was right.

When the three golden armored warriors came before him, Chen Feng had almost despair in his eyes, but he still did not give up.

With a sharp roar, the Ziyue Sword suddenly unsheathed and slashed out.

The purple-robed youth let out a sneer: "It's just overwhelming."

Chen Feng slashed at a golden armored warrior. A red light flashed in the golden armored warrior's eyes, but there was no sound, and he punched out.

With this punch, he directly smashed Chen Feng's soul-broken cross with the huge icy cross sword energy!

Then another punch bombarded Chen Feng's Purple Moon Knife, and the next punch hit Chen Feng's chest directly!

Chen Feng wowed and spit out a mouthful of blood, which was still mixed with internal organ fragments.

He fell heavily to the ground, and he was seriously injured with just one punch.

The strength of the Golden Armor Warrior is still above his expectations!

The golden armored warrior then stepped forward and came to Chen Feng to kill him.

At this moment, there was a sharp, sharp shout behind him: "Stop!"

The purple-robed youth hurriedly turned his head, and his face changed suddenly.

It turned out that at this time, Han Yuer had put a long sword on her neck.

She looked at the purple-robed youth and said coldly: "If you dare to hurt my junior, I will kill myself immediately!"

"If you let the family know you killed me, how would you punish you? Think about your fate!"

The purple-robed youth's complexion instantly became very ugly. He looked at Han Yu'er and smiled reluctantly: "Miss, looking at what you said, how dare I force you to die?"

Han Yu'er said coldly: "Then let my younger brother go!" *NovelUsb.coM*

At this time, the fist of the golden armored warrior was already pressed on Chen Feng's chest. As long as he pressed it down, Chen Feng's chest could be burst directly, and his heart was smashed into a piece of flesh!

At this moment, the purple-robed youth hesitated.

In Han Yu'er's eyes, a cold light flashed, and the long sword pressed down, directly incising a deep wound on her neck.

Blood spewed out immediately, dyeing the long sword red.

The purple-robed youth saw this scene, his face changed drastically, and he quickly shouted, "Stop!"

The golden armored warrior stopped his movements, and the purple-robed youth looked at Han Yu'er with a wry smile: "Miss, you put down the sword first. Have something to say?"

Han Yu'er said coldly: "Let go of my younger brother."

"Good, good, good."

The purple-robed youth nodded one after another: "I released your junior."

He commanded a few words, and the golden armor samurai released Chen Feng and retreated to the purple robe youth.

Han Yu'er also put away the long sword, and the purple-robed youth smiled and said, "Miss, can you go with us now? We have released your junior!"

Han Yuer looked sideways at Chen Feng, her eyes filled with nostalgia and dismay.

She knew that it was impossible for her not to go with these people today. She could threaten them to let her junior brother go, but she knew very well that if she insisted on not going with them, they would definitely kill him. Then knock yourself out and take it away.

This purple-robed youth actually has this ability.

The reason why he is compromising to himself now is that he does not want to offend himself.

She took a deep breath, stood up, walked in front of the purple-robed youth, and said, "I will follow you."

The purple-robed youth smiled and said, "The eldest lady is sensible."

He turned his head, looked at Chen Feng with a mocking look, and said with a sneer: "If you don't agree, you can kill Chiyen City and come to Lie's house to find me! Remember my name: Lie Gaozhao!"

After speaking, he turned and left, and the three golden armored warriors also held Han Yu'er and left behind him.

Han Yuer turned her head, tears on her face filled with tears, her long hair fluttered with a gust of wind, and her eyes were distraught.

She cried out with sobbing: "Junior Brother, I'm waiting for you to save me at Lie's house! I will keep waiting!"

Tears dripping down!

This scene was deeply imprinted in Chen Feng's mind.

He was full of blood and tears, and his whole body was in severe pain. His eyes widened stubbornly, as if to deeply burn Han Yuer's appearance at this time!

Chen Feng's eyes were almost torn apart, two lines of blood and tears flowed from his eyes, and a silent roar came from his mouth: "Senior Sister, I must save you!"

#### [Chapter 608: What about the Lie family?](#)

In the valley cave house, Chen Feng's own training room.

He was sitting cross-legged, expressionless, silent, and withered.

It feels like a fallen leaf that is about to wither, as if it is about to lose all its vitality, and no longer has the aura of the past, full of vitality, and looks lifeless.

Footsteps sounded outside the door, the sound of footsteps was very light, she could hear that she deliberately lowered her voice, for fear of disturbing Chen Feng.

Hua Ru Yanyan quietly pushed the door in, holding a tray in her hand. On the tray were some potions that had been boiled. The fragrance was fragrant and refreshing.

But all of this didn't have any effect on Chen Fengfeng, as if he hadn't heard or smelled it, he still maintained this appearance.

A heartache flashed in Hua Ruyan's eyes, walked to Chen Feng and said softly, "Master, eat something!"

Chen Feng slowly shook his head, without opening his eyes and saying nothing.

Hua Ruyan stood there, staring at Chen Feng blankly, and suddenly tears fell from her eyes and across her face.

Chen Feng's cheeks were extremely thin, and even his cheekbones became towering. It seemed to be much clearer than a few days ago. The whole person seemed to have lost his spirit all at once, becoming dead and full of life.

Suddenly, Hua Ruyan knelt in front of Chen Feng, hugged her body, and wept bitterly.

"My son, my son, don't do this, don't scare me like this!"

"I know that Sister Yuer was taken away by those people. You are very sad and very sad, but you shouldn't torture yourself like this!"

"In the past ten days, you have not eaten or drink, spoken, stayed still, sitting here, I watched you lose weight a little bit, and watched your vitality gradually cut off, you know I have something in my heart How sad is it?"

"My son, you are not only Sister Han, you still have us, and we only have you!"

"If something happens to you, have you ever thought about how much harm it will do to us?"

"My son. What you should do at this time is not to abandon yourself, to blame yourself, but to improve your strength and save Sister Han back!"

"Yes, those people are very powerful, but are you afraid of this son?"

"No, you have never been afraid. The Chen Feng I know, the son of my family I know, has always been fearless and fearless. No matter how strong his opponent is, he will never admit defeat and dare to compete with anyone. under!"

Her voice was like a cuckoo crying blood, extremely sad.

After Chen Feng heard these words, the muscles on his face moved slightly, and finally opened his eyes slowly.

In the past, his eyes were as bright as morning stars, but now, it was a lonely and gloomy look.

But he finally opened his eyes and saw this scene, Hua Ru Yan Yan was ecstatic, holding Chen Feng, and exclaiming: "The son, the son..."

Chen Feng looked ahead, but his eyes were out of focus. He was just muttering to himself: "I have you, but you are only me!"

"Yes, I am your pillar, the sky above your head, if something happens to me, you, Yuechun, what should you do?"

Chen Feng muttered, his eyes gradually regained their brilliance.

Finally, the corners of his mouth twitched slowly, revealing a smile.

Seeing this smile, Hua Ruyan's happy tears all fell.

In his eyes, this smile was as bright as a smile.

She looked at Chen Feng, there were still tears on her face, but a bright smile appeared at the corner of her mouth: "My son, how are you!"

Chen Feng sighed lightly, and said in a deep voice, "I understand."

He looked at Hua Ruyan, a gentle flash in his eyes: "Ruyan, thank you for reminding me, it reminds me of two words: responsibility!"

"You are right, the more this time, the more I must cheer up and improve my strength, and save the senior sister!"

He suddenly took Hua Ruyan into his arms, hugged her heavily, then let go, turned around, laughed and left.

Where Hua Ruyan stood blankly, with a face full of disbelief, she stared at Chen Feng's back blankly, with a smile on the corners of her mouth.

The smile became stronger and stronger, and could no longer hide it.

An hour later, Chen Feng stood in front of Old Xu.

Old Xu frowned and asked, "What are you asking about the Lie family? Chiyan City Lie family, extremely powerful, is the peak of the entire Great Qin Kingdom, standing at the highest level!"

"Such an existence is that you are not qualified to be in contact at all, and even our Qian Yuanzong is not qualified to be in contact. It is extremely powerful."

Chen Feng asked: "Then how do Qian Yuanzong compare with the Lie family?"

A weird smile appeared on the corner of Xu Lao's mouth. After a long time, he slowly shook his head and said: "You are welcome, Qian Yuanzong, we are not worthy to carry shoes to the Lie family!"

"Not to mention Qian Yuanzong, even if it is a powerful sect like Ziyang Sword Field, in front of Lie's family, it is still a pearl of rice, and Lie's family is the flower of bright moon!"

Chen Feng's heart was palpitating, and he took a breath.

He had long guessed that the Lie Family was very powerful, but he did not expect that the Lie Family would be so powerful.

Old Xu looked at Chen Feng, frowned slightly, and asked, "What happened?"

Chen Feng sighed and told Mr. Xu about Han Yu'er.

After hearing this, Mr. Xu couldn't help but moved and said, "That little girl, when her seed martial soul awakened before, I could see that her physique was a little special, and it seemed that she inherited a powerful bloodline!"

"Unexpectedly, she turned out to be a member of the Lie family."

Chen Feng asked in surprise, "Did you see it at the beginning?"

Old Xu nodded: "Yes, I saw it at the beginning, but I thought at the beginning that children and grandchildren have their own children and grandchildren. This is your own business, and I didn't tell you."

He regretted it and said, "I should have told you these things long ago."

Chen Feng slowly shook his head and said, "Old Xu, you are not to blame, and even if you said today's things earlier, I'm afraid it is inevitable!"

Old Xu looked at Chen Feng, his eyes pierced, and there was a deep meaning in his eyes: "Chen Feng, what are you going to do?"

After a pause, he said again: "That's Lie's family!"

"What about the Lie family?"

Chen Feng looked up to the sky and roared, arrogant and dry, his eyes showed extreme determination, his face was full of fortitude and unyielding!

"They insulted me so much today and took away my senior sister. I will avenge this grudge every day!

"My senior sister was snatched away by them. In the future, I will also kill the Lie family and \*\*\*\* the senior sister back! I must make the Lie family pay for what Wei did today!"

"Okay!" Old Xu laughed. He patted Chen Feng's shoulder heavily and said: "Chen Feng, it's good for you to have this ambition. It's not worthless that I value you so much."

#### [Chapter 609: Receive award](#)

"You're right, how strong is the Lie family? Don't forget that you are only seventeen this year, and you are such a genius, and you will achieve limitless achievements in the future!"

Chen Feng said again: "I would like to ask Mr. Xu to take me to the Sect Master and receive the reward for the top ranking in the overall ranking."

Old Xu glanced at him deeply, nodded and said, "Okay!"

In the main hall of the sect, Guan Nantian's eyes revealed a trace of doubt and a trace of exploration.

"Are you here to receive a reward for the top ranking in the overall ranking?"

Chen Feng nodded and said, "Yes, Sect Master, I'm here to receive the reward."

Guan Nantian shook his head slowly, his eyes seemed to be disapproving.

He looked at Chen Feng and asked softly, "Chen Feng, do you know why I didn't give you the reward when you won the first place in the Zongmen Grand Competition?"

Chen Feng shook his head and said, "The disciple doesn't know."

"Because your realm is still too low." Guan Nantian explained: "Pay attention, I'm talking about your realm, not your strength."

"I know that your strength is very strong, and all kinds of tricks at the bottom of the box are endless. You can even kill Ding Qianshan who has reached the sixth floor of the gods with the strength of the third floor of the gods, but your realm Placed there, the third building is the third building."

"Among the rewards of the overall ranking competition, there are some very special existences. With your third-level realm, forcing cultivation will be harmful to you, but it will harm you. I say that, do you understand?"

Guan Nantian asked.

Chen Feng nodded and said, "The disciple understands that the sect is indeed for the disciple's consideration, but..."

When he said this, a smile appeared at the corner of his mouth, and his aura began to rise steadily, from the third building to the fifth building!

Seeing this scene, Xu Lao and Guan Nantian both showed shock on their faces.

Guan Nantian looked at Chen Feng in shock: "You, you have already broken through to the fifth building?"

It is impossible for him not to be shocked. To know that when the overall rankings were compared a few months ago, Chen Feng was only the third building, but now, in just a few months, he has made two breakthroughs in succession. Become the fifth strongest!

This speed is really appalling!

Old Xu looked at Chen Feng with a hint of appreciation in his eyes. He laughed and said, "Good boy, you just kept it from me and didn't tell me."

Chen Feng quickly explained: "It was really too late just now."

Old Xu laughed and said, "It's okay, you kid, I'm the happiest to break through. Don't worry about these details."

Guan Nantian also showed a smile at the corner of his mouth, looking at Chen Feng, and said: "Okay, I didn't expect you to have reached the fifth floor of the Divine Sect Realm. In that case, I take back what I just said!"

"With your current state, it is no problem to learn the martial arts in the reward."

Chen Feng nodded slowly, and suddenly something happened to say: "If there is something, I think it's better to tell the lord and Xu Lao."

Chen Feng slowly spit out a sentence: "I killed Sun Haoguang!"

"what?"

The expressions on their faces this time were no longer shocked, but horrified. When they looked at each other, they saw a touch of disbelief in each other's eyes.

Both of them didn't believe this sentence intentionally, but they also knew Chen Feng very well, knowing that Chen Feng had never ridiculed him, he said that he killed Sun Haoguang, then he must have killed Sun Haoguang.

Neither of them spoke, looked at Chen Feng, and waited for Chen Feng to continue.

Chen Feng continued: "Sun Haoguang was instigated by Yang Buyi to chase me down and be killed by me. It's that simple."

Although he was only a few short words, Xu Lao and Guan Nantian could understand what a \*\*\*\* and cruel battle was behind these words, and what a thrilling life.

Guan Nantian looked at Chen Feng with brilliant eyes, and his evaluation of Chen Feng increased by several levels.

You know, Sun Haoguang is also a very high ranking elder among all the elders, and it can even be said that he can rank in the top ten of the elders of the Nei Zong, and his strength is definitely not to be underestimated!

But now, he was beheaded by Chen Feng, a 17-year-old boy.

As for Sun Haoguang's death, neither of them took care of it. Sun Haoguang dared to hunt down Chen Feng, that would be more than guilty.

A cold air suddenly appeared on Old Xu's face, and he said with a cold voice, "Yang Buyi is making a ghost again!"

Chen Feng was very clever and silent at this time.

These sect events are not something he can intervene now, and Xu Lao will naturally go to trouble Yang Buyi.

Then, Guan Nantian handed a jade box to Chen Feng and said: "This is the big reward for this time."

After a few more words, Chen Feng said goodbye and left, returned to the valley cave mansion and opened the jade box.

After opening the jade box, Chen Feng found two things lying quietly inside.

The same is an ancient book, and the other is a thick stone slab.

Chen Feng first took the silk book in his hand. He knew that what was written on the silk book was the use of the martial skill of Tuo Ti Tong Shan Ah.

Chen Feng slowly opened the silk scroll, took a deep breath, and a smile appeared at the corner of his mouth.

Even if he was as strong as him, and got the martial arts of Tongshan Ah, he couldn't help but feel excited and excited.

It is difficult to define the martial art of Tuo Ti Tong Shan A as a certain level.  
**OneLush.COM**

Because with the deepening of strength, the power will become stronger and stronger, and in the end it will be even stronger to an immeasurable degree.

#### [Chapter 610: Cultivation support the same mountain!](#)

At present, the support body Tongshan Ah in the early stage is designated as a Xuan-level martial skill fragment, which is also the first type of Xuan-level martial skill fragment that Chen Feng has contacted!

Chen Feng opened the silk book, flipped the support body and Shan A roughly, and had a general understanding in his heart, then put the silk book down and picked up the heavy stone slab.

This stone slab looks plain, about one foot in radius, with several very profound and incomprehensible patterns carved on the surface.

Chen Feng looked left and right for a long time, but did not understand what this meant.

This slate looks very ordinary.

What Guan Nantian said just now sounded in his ear:

"In this volume of silk books, there is the same body and the same mountain. This skill is extremely powerful. Only the annual Nei Zong total ranking top can be taught."

"After Ding Qianshan was taught, his strength became extremely powerful, and no one among the inner sect disciples was his opponent."

"However, even if the Tuo Ti Tong Shan A is strong, it can be understood after all. It is tangible and qualitative, but this stone slab is very mysterious."

"The secret of the slate was still known hundreds of years ago, but in the past few hundred years, the total rankings of the past have been more than the top of the list, but no one has been able to understand the secrets, even if the elders of the Nei Zong, too, work together. Have not penetrated it."

"This slate has been used more as a status symbol for hundreds of years, handed over to the top of the previous overall rankings."

"The secret has never been understood!"

Chen Feng still remembers Guan Nantian's smile and the expression when he said this, obviously he didn't think he could penetrate it.

Chen Feng took the slate and looked at it carefully for a long time, but he still didn't see the reason. He gave a wry smile, no longer entangled.

Sitting cross-legged, Chen Feng focused his gaze on the support body and the mountain, and slowly swept across.

The profound meaning, gradually condensed in his heart, and slowly understood.

The support body is the same as the mountain, it is to condense the visual phenomena in the heart, and condense into a phantom in the outside world.

This phantom is not in vain. The body is the same as Shan'a, which can project the magical powers that are visualized on the phantom, giving it a certain ability.

In essence, this martial arts technique is not very powerful in itself, because it is just a medium.

A medium that transforms Dharma into a real combat power! The strength of the phantom ability is more dependent on the strength of the law.

Chen Feng sat cross-legged, closed his eyes and meditated, and soon entered a state of concentration.

Chen Feng started to practice according to the same mental method of supporting his body and Shan'a. At the beginning, his body did not respond, and his spiritual consciousness did not respond.

But he was not discouraged at all and continued to practice for three or four hours.

Chen Feng suddenly felt a kind of heart palpitations, it was an extremely mysterious and unspeakable emotion, and then in the next moment, he felt that he had come into a mysterious space.

This space is neither a public field nor a sea of knowledge, but a very quiet space, where darkness gathers, and boundless space.

As soon as Chen Feng came here, he felt a deep chill.

But Chen Feng knew that all this was just his own illusion, because his body did not come here, it was the coldness above the soul.

The reason why the soul is so cold is because it has been greatly suppressed.

As soon as Chen Feng raised his eyes, he knew why his soul was suppressed.

He saw that in this extremely cold, extremely dark space, in front of him, there was a figure of Dharma suspended more than ten meters high.

The Dharma image is about one meter high, which is exactly the great Asura Dharma that he had understood when he first entered the inner sect.

This big asura's face is one foot high, exactly the same size as when Chen Feng had just realized it.

Obviously, during this period of time, Chen Feng's Great Asura did not make any progress.

However, Chen Feng didn't pay too much attention to it. The Great Ashura did not continue to visualize, or continue to adjust without the corresponding exercises. It would have stagnated and would not naturally grow larger. This is a normal thing.

And in his current state, he is far from being able to touch the martial arts related to the law.

This belongs to a higher realm, far beyond the divine gate realm.

But at this time, Chen Feng's Great Asura's Faxiang was not as radiant as it was at the beginning, but lifeless, and looked like a real object, without vitality.

Chen Feng took a deep breath. He knew that according to the description of Tuo Ti Tong Shan A, the first thing he did now was to insinuate the image of the Great Asura outside!

This is the first step and the most difficult step.

Chen Feng is sitting cross-legged here, where he sits, right under the Great Asura Faxiang.

Chen Feng radiated his consciousness and began to comprehend the great asura above.

His spirit of consciousness, like countless hairs, leaned toward the Great Ashura.

One minute and one second passed and Chen Feng got nothing, but he was not discouraged, but calmed down and continued to work hard.

The Lie Family is an incomparably powerful enemy, and Chen Feng does not expect to be able to cause any threat to them in a short time, let alone kill the Lie Family to revenge.

He is doing everything right now and laying a solid foundation, and one day he will make the Lie family pay the price.

He is not in a hurry, he just seeks to be the best and the ultimate.
