

Peerless 621

[Chapter 621: Create a new world](#)

"Senior Sister, you have been away for several months, and I am leaving here now. Qian Yuanzong, the two of us have stayed for a full 16 years. You will have to be longer. You left here, I am now I'm leaving."

"We don't belong here after all. The outside world is huge, and that's our world."

He gently stroked the petals with his hand, and a gentle touch appeared at the corner of his mouth: "But the days that Qian Yuanzong spent with you, I can't forget it in my life."

"Now you are at Lie's house in Chiyan City. I don't know how you've been. I just hope everything goes well. If the people in Lie's family dare to treat you, I will never let them go!"

"Wait for me in the Lie's house, one day, I will definitely kill the Lie's house and rescue you."

Chen Feng stayed here for a long time, then walked out and circled in the valley cave mansion, firmly remembering the place where he had lived for a long time in his mind.

He stayed here for almost a year, and now he is more than seventeen years old.

When Chen Feng returned to the valley cave house, Hua Ruyan and Jiang Yuechun both called in front of him, looked at them, and said solemnly:

"Ruyan, Chun'er, today, I am leaving Qian Yuanzong for Ziyang sword field."

"Ah? Are you going to Ziyang Sword Field now?" Hua Ruyan showed a surprised expression, then immediately turned around and walked inside, saying: "I'm going to pack my luggage, don't worry, son, I'll pack quickly, half Within an hour, we will definitely be able to set off."

Jiang Yuechun also nodded fiercely, and said cleverly, "I'll go and help Sister Ruyan clean up."

Chen Feng shook his head and smiled bitterly: "You two don't need to clean up. I said I go, not us."

"What?" Upon hearing this, Hua Ruyan's movements suddenly stopped. Looking at Chen Feng, a look of surprise appeared on his face, and then the tears in his eyes fell, and his expression became sad.

She stared at Chen Feng in a daze, and said with a trembling voice, "My son, don't you want Ruyan? Ruyan will take care of you and take care of you!"

Jiang Yuechun didn't say a word, but walked in front of Chen Feng, stretched out his hand to grab the hem of his clothes and dangled, raising her small face, her big eyes flickered and tears were shining.

It looks so distressing.

Chen Feng smiled bitterly and said, "Where did you think of it? Why would I not want you? Ruyan, you, I just want to think about it all day long."

"It's just that I went to Ziyang Sword Field this time, and my future is uncertain. Ziyang Sword Field is not Qian Yuanzong, and the strong people in it are unknown. I am the first genius of Nei Sect among Qian Yuanzong and own an independent valley cave mansion. ."

"To put it harshly, after I went to Ziyang Sword Field, I was an ordinary disciple. I would lose all privileges and there would be no place to settle you. If you follow me there, it may be very dangerous and you will also suffer. "

"So, I decided to let you stay in Qian Yuanzong temporarily."

What Hua Ruyan wants to say, Chen Feng has interrupted him and said: "No one needs to say, I promise you, as long as I have a firm foothold in Ziyang Sword Field, I will pick you up as soon as possible. ."

When Chen Feng said so, Hua Ruyan and Jiang Yuechun barely agreed.

Then Chen Feng took the two of them to find Old Xu. He was very worried that they would stay alone in the valley cave. He wanted to entrust them to Old Xu to take care of them.

I found Mr. Xu and explained his intentions. Mr. Xu laughed and said, "Okay, you can go to Ziyang Sword Field without worry. I will take care of them both."

He is quite fond of these two little girls, especially Jiang Yuechun, before Chen Feng brought Jiang Yuechun to see him once, Xu old loves it very much.

At this time, Jiang Yuechun opened his arms and walked towards Old Xu, as if to hug.

Old Xu laughed, hugged her in his arms, twisted her mutton white jade face, and said, "You little girl, it's really painful."

Jiang Yuechun giggled, grabbed Xu Lao's beard and tugged twice.

Old Xu yelled, "You little girl, why do you pull my old man's beard when you come up?"

Chen Feng was very relieved to see them getting along so harmoniously.

After saying a few words with Xu Lao, Chen Feng said goodbye, Hua Ruyan and Jiang Yuechun stayed here, and Chen Feng firmly refused to let them leave.

Chen Feng strode out, Hua Ruyan and Jiang Yuechun were already at the door looking at him blankly, their eyes stunned.

Chen Feng seemed to be carrying a lot of things on his back, and his mood was quite heavy.

He turned around, smiled and said, "Okay, you two, it's not life and death? Don't worry, I will come back to see you soon!"

After saying this, he turned and left!

Then Chen Feng went to see Tang Manjin, Bai Mo, Wang Jingang and others. According to his arrangement, Tang Manjin, Wang Jingang and others had all lived in the valley cave.

From then on, they can cultivate here, their efficiency will be greatly improved, and the speed of cultivation will increase.

With Tang Manjin, who is not weak, there should not be many people who will provoke him.

You know, Chen Feng's reputation has spread throughout Qian Yuanzong, anyone who dares to provoke has to weigh whether he can withstand Chen Feng's revenge anger!

Instructed these juniors and sisters to practice with peace of mind, and then Chen Feng left with a **** wind.

Leaving Qian Yuanzong and coming to this endless wilderness, the blood wind was extremely excited.

Chen Feng stepped on the back of Xuefeng and laughed and said: "Go, Xuefeng, let's go to Ziyang Sword Field and create a new world."

[Chapter 622: Six dragons revolve, Dacheng!](#)

Ziyang Sword Field is not in a deserted mountain range.

In fact, the location of Ziyang Sword Place is very prosperous.

It is located in a mountain range next to Danyang County, the capital of Danyang County. It is only a few tens of miles away from Danyang County City, so Chen Feng plans to go to Danyang County City first.

There are only two secondary cities in Danyang County, and Danyang County City is one of them.

Second-tier cities, whether it is the scale and strength, or the level of the big families, big auction houses, and large chambers of commerce in the city, are far better than the first-tier cities by many times.

Chen Feng planned to go to Danyang Juncheng for a long experience, and then rush to Ziyang Sword Field!

Danyang Juncheng is far away from Qian Yuanzong.

However, the speed of the blood wind is very fast, Chen Feng rests in remote places during the day to practice, and is on the road at night.

He did this because he was afraid that the appearance of the blood wind would cause other people to panic or notice. Outside, it's always right to act low-key.

A barren mountain near Danyang County Town.

The hot sun fell, and the lake swayed, sparkling, and a piece of gold.

By the lake, Chen Feng sat cross-legged on a boulder, his expression calm.

Suddenly he exhaled, and a burst of invisible sound wave spit out from his mouth. If there is a warrior with a lower cultivation base here, I am afraid that he will be shaken by this invisible sound wave directly, and his heart burst and die.

Chen Feng jumped up, his feet were on the boulder, and with a hard kick, the boulder burst into countless fragments.

Chen Feng leaped over the big lake in the air, shouting violently: "Six dragons revolve!"

People in the air seemed to stagnate for a while, and a huge cyclone suddenly appeared in front of Chen Feng.

The diameter of this cyclone reached a full six meters, and in this huge cyclone with a diameter of six meters, there were six dragon-shaped air currents. It kept walking in it, forming six huge grinding discs.

Each of these six huge dragon-shaped air currents reached half a meter in diameter and was as thick as a water tank.

And it looks like a real dragon, with scales on the surface, claws, dragon beards, dragon head and tail.

Six dragon-shaped air currents swam frantically, following a very mysterious rule, and their swimming also made the entire cyclone spin crazily, which produced a huge suction force.

At this time, Chen Feng was about fifty meters high from the lake surface. Tens of thousands of tons of lake water was absorbed by the huge suction. From the lake surface to the cyclone in Chen Feng's hands, it formed a large diameter out of thin air. A huge water column of more than ten meters and more than fifty meters high.

It looks like a huge pillar to the sky, spectacular.

Under the hot sunlight, it exudes extremely bright golden light.

These currents are constantly pouring into the cyclone in Chen Feng's hands. This cyclone does not seem to be large, but there are already tens of thousands of tons of water flowing in, but there is no trace, like a bottomless pit connected to it. same.

Then suddenly, Chen Feng pushed his palms outwards, the cyclone burst apart, and the tens of thousands of tons of water all turned into mist and dispersed in the air.

The mist was directly in the air, forming a dark cloud.

The weather, which was originally clear and clear, immediately became gloomy, with dark clouds covering the top, and then a drizzle of rain fell.

Chen Feng fell to the ground and stretched out his hand gently, feeling the rain falling on his hand, and a smile appeared on the corner of his mouth.

"My six-dragon maneuver is finally done!"

"Now the diameter of the cyclone has reached six meters, and the number of dragon-shaped cyclones inside has reached six! The power is enormous!"

"The cyclone of the six dragons is like a bottomless pit connected. The water has no idea where it has been absorbed, but in the end it can be released. It is truly amazing."

The light rain fell down, and the **** wind ran happily in the rain, calling out to Chen Feng.

Chen Feng laughed: "You guy."

This is already the tenth day after leaving Qianyuanzong. This barren mountain is less than a hundred miles away from Danyang County.

The next day, Chen Feng arrived in Danyang County.

Looking at the huge city in front of him, Chen Feng exclaimed in amazement.

The walls of this city are hundreds of meters high and are completely built of huge black stones, which looks like a towering mountain.

The sun is scorching hot, but the black stone seems to have absorbed the light, and it looks so solemn!

I don't know how long the huge city wall is. Anyway, when Chen Feng looked to the sides, the city wall spread out for hundreds of miles. Even with his eyesight, he couldn't see the end.

A huge gate opened, enough to accommodate hundreds of horse-drawn carriages in parallel, a huge and wide road that led to tens of thousands of people in the city, coming in and out of the gate.

Chen Feng discovered that the people who entered and exited this Danyang County City, whoever looked at them, had the cultivation base of the acquired realm, and among them, the powerhouses of the Shenmen realm, he saw a lot of them.

Even any young man is a warrior with three levels and four levels or more, which is completely different from those small cities and towns.

Chen Feng took a breath and warned himself once again that this is Danyang County City, Ziyang Sword Field, not Qian Yuanzong.

"Here, the strong are gathered here, and the forces are strong. I can't easily provoke them. You must act low-key."

Soon, Chen Feng entered Danyang County City with the flow of people.

[Chapter 623: Snob](#)

What shocked him again was that among the fifty members of the city guard guarding the city gate, Chen Feng actually saw five strong men of the gods, and their realm was no weaker than himself!

"Too strong!" Chen Feng smiled bitterly: "It turns out that my current strength is placed in the army of Danyang County, that is, I can serve as the lowest-level squad leader!"

Chen Feng estimated that if this team besieged himself, he was afraid that none of the five of them would be opponents. This discovery shocked him even more. *nOvelUsb.coM*

Carrying instead aroused his great passion!

Chen Feng's eyes were firm: "I, must make a breakthrough here!"

After entering Danyang County City, Chen Feng felt as if he had entered a new world.

The streets are extremely wide, hundreds of meters wide. They are all paved with white stones, clean and tidy. There are drains on both sides of the street and in the middle of the street, and tall trees are planted.

On both sides of the street, there are shops, restaurants, inns and guild halls everywhere. The buildings are magnificent and magnificent.

Among the people walking on the street, there are many warriors, and there are not many people with high levels of strength.

There are also many people, holding some strange animals as mounts, walking among the crowd.

So Chen Feng's blood. It is not too conspicuous.

Chen Feng led the blood wind. As he walked forward, he looked left and right, looking around, showing the appearance of a stuffed bun entering the city.

Ziyue sat on his shoulders, patted his forehead lightly, ashamed of being with him.

"Chen Feng, can we not be so embarrassed? It's just a broken second-tier city. After you saw it, you were all so shocked. If you are asked to go to our house for a while, go to the city where our house is located. Look, doesn't it mean that your eyes will fall off?"

She wrinkled her little nose, her face was arrogant, and her expression was very cute.

She wasn't afraid, she just sat on Chen Feng's shoulders, anyway, except for Chen Feng, no one could see him at all.

Chen Feng had long been accustomed to her mockery, and he was not angry, and said with a smile, "Zi Yue, I also look forward to that day."

"At that time, you can return you to your parents and let them help you reshape your body."

Ziyue sighed helplessly, rolled her eyes, raised her head to the sky, and said, "Hey, I don't know when to wait?"

Chen Feng clenched his fists: "Don't worry, Ziyue, haven't I come to Danyang County Town? Isn't this going to enter Ziyang Sword Field?"

"My strength will become stronger, and the Danyang County City is so huge, there must be a lot of medicine to repair the soul, unlike in other small cities, there are spirit stones that can't be bought, and you have to try your luck. "

The two said, before they came to a restaurant.

Chen Feng was also hungry, his stomach groaned, and he walked into the restaurant, planning to eat something first.

At the gate of the restaurant, a shop assistant wearing a green shirt and a sharp-mouthed monkey cheek was looking at a fat man in a Chinese dress with a flat face and said with a smile:

"Oh, Vice President Zhang, you haven't come some days, please come in quickly, please come in quickly, the private seat on the third floor has been reserved for you!"

His attitude was extremely respectful and flattering, and his waist was bent ninety degrees.

The fat man in Huafu, known as Vice President Zhang, didn't even look at him at all. He snorted in his nose and swaggered towards the store with several guards.

Xiaoer from the shop watched him ascend the stairs with a smile, and then turned around.

As soon as he turned around, he saw Chen Feng when he came, and his gaze immediately glanced over Chen Feng.

Seeing the ordinary clothes on Chen Feng, and then seeing that Chen Feng was just a person, and there was no guard around him, the smile on his face immediately disappeared, becoming cold and even a little arrogant.

His waist also stood up, his chin slightly raised, and he looked at Chen Feng slantingly, with a trace of disdain in his eyes.

He had seen people like Chen Feng a lot, and he knew at a glance what kind of children he was from a small family, or came from a small sect. They were very shabby and didn't have much oil and water at all.

Therefore, his attitude towards Chen Feng was very bad, and he said indifferently, "Why, do you want to stay in a store? Or do you want to eat?"

Seeing that Chen Feng did not answer, he became even more impatient, saying: "If you don't have money, just get out of here, don't stand in the way of others! Our business is so good, let you stand in the way for a while, you know How much spiritual stone did you lose?"

When Chen Feng saw his attitude, his eyes suddenly became cold, and he sneered in his heart: "Dog eyes look down on people!"

But he didn't intend to have the same knowledge as the second person in this restaurant, and walked slowly into the restaurant, and said in a deep voice, "I want to eat a table of good wine and good food."

Then Chen Feng took out a middle-grade spirit stone and threw it into his hand.

Seeing this middle-grade spirit stone, the face of the shopkeeper with the sharp-mouthed monkey cheeks eased a lot.

Chen Feng pointed to the blood wind outside again, and said, "This is my mount. Take it down and take care of it. He will eat what I eat, and give him a portion of the same. Don't be negligent."

Dian Xiaoer was shocked when he saw Bloodwind, and he only noticed this behemoth.

The appearance of the blood wind is very good, that is, the Shenjun, with a rich aura, at first glance it is a monster of a very high level.

When the shopkeeper saw it, he murmured in his heart: "It seems that I still underestimate this rubbish. I didn't expect that he has a good monster. It seems that the background shouldn't be particularly bad, maybe it's a bit oily."

[Chapter 624: Disdain](#)

There was a smile on his face, and he smiled: "Guest, I know, you can rest assured."

With that said, he led Chen Feng upstairs, and then he pulled the blood wind to a place under the restaurant and tied the horse to the stone.

Soon, a table of good wine and food arrived.

Chen Feng glanced, a trace of surprise appeared in his eyes.

In this table of wine and meat, several of the dishes are made of monster meat, which contains a considerable amount of aura, no wonder it is so expensive.

Danyang Juncheng is different. The dishes cooked by any restaurant in it all have monster meat.

This is simply unimaginable in Qian Yuanzong and other first-tier cities.

Chen Feng ate a few bites, and it tasted quite delicious. Then Xiao Er brought a large table of food downstairs and poured them all into a large trough. Blood Wind immediately immersed himself in the food. Chew and eat heartily.

Then Chen Feng beckoned, and called the shopkeeper over and asked, "The shopkeeper, ask you something."

Xiao Er from the shop said lazily, "Is it from outside? Just arrived in Danyang County. It is normal to not know many things, say!"

Chen Feng ignored the faint thorn in his words and asked in a deep voice, "Do you know how to get to Ziyang Sword Field?"

"Ziyang Sword Field? Oh, are you going to Ziyang Sword Field?" Xiao Er said, "Are you going to participate in the Ziyang Sword Field's named disciple test?"

Chen Feng raised his brows, and asked in surprise: "Ziyang Sword Field registered disciple test, what is this?"

"You don't even know this, would you dare to come to Danyang County?" Xiaoer Dian chuckled disdainfully, looked at Chen Feng with the look of a bun, and said:

"That's why you are not well informed. This time, I heard that Ziyang Sword Field not only recruited geniuses from other sect families, but also recruited disciples from the outer sect, but also recruited named disciples from within the entire Danyang County."

"If you pass the talent test, you can enter Ziyang Sword Field as a named disciple. Of course, it is not easy to go to Ziyang Sword Field as a named disciple. I think you may not be able to do it."

As he said, he looked at Chen Feng up and down again, with a hint of disbelief on his face, he sneered, and said with a slight scorn in his eyes:

"Objective, I can advise you that not everyone can enter Ziyang Sword Field."

Chen Feng frowned, but he still held back his anger and said lightly: "Then tell me, what do you need to enter the Ziyang sword field as a named disciple?"

Xiao Er raised his chin and said proudly: "Either you have a good talent, or you have a high level of cultivation, or you have to have a large sum of spiritual stones to go in."

He looked at Chen Feng and said: "Your talent and strength, let's not mention it. Let's just talk about the spirit stone. If you want to enter the Ziyang sword field as a named disciple, you must honor at least 100,000 middle-grade spirit stones. , Can you get it out?"

He looked at Chen Feng with a burst of laughter, disdainful.

Chen Feng glanced at him coldly, waved his hand to make him retreat, he no longer wanted to pay attention to the low-looking villain.

Chen Feng thought while eating.

From the words of the second person in this shop. He still got some information.

This time, Ziyang Sword Field not only plundered geniuses from various clan sects as outer disciples on a large scale, but also recruited a large number of registered disciples. Why?

While he was thinking, he suddenly heard the neigh of a monster beast from below.

Chen Feng was at the window, he immediately looked down, and saw a group of people rushing over here quickly down the street, and then stopped in front of the restaurant.

There are about seven or eight people in this group, all of whom are riding mounts, which are a kind of giant wolf.

The strength of each is quite good, the lowest strength also has the fifth floor of the gods, and they are surrounded by a young man in his twenties wearing a big red robe.

This young man looked frivolous, but his aura was extremely large, and Chen Feng couldn't help but startled.

The giant wolves that these people rode were all fire-red fur. Chen Feng took a look and judged that it should be a monster of the Ninth Layer of the acquired day.

This young man has a huge aura. Chen Feng inferred that his strength should be similar to his own, or even stronger.

Chen Feng was secretly shocked, Danyang Juncheng really crouched a tiger, hidden a dragon, and he ran into such a master just when he entered.

Seeing this person's posture, he should be a child of a big family, born in Xuanhe.

When they came to the front of the restaurant, these people jumped off the giant wolf one after another.

Chen Feng looked through the window and saw the little second of the shop who had greeted him just now. At this moment, he respectfully greeted him, his waist bends down deeply, and he said flatly:

"Master son, do you want to eat or stay in a restaurant?"

His attitude at this time was completely different from just now, and his face was flattering and flattering.

The young man in the red robe raised his eyes to the sky with a cold snort, as if he hadn't heard Xiao Er talking!

At this time, a middle-aged man who was about forty years old next to him with a brown complexion snorted disdainfully, "Hurry up and clear out the largest and best seats in your restaurant, and then set up a few tables of the best banquets. Our young master wants to eat here."

"Also, we have to take care of these mounts. This is a superior monster. It is very expensive and difficult to tame. If you eat something spoiled in your place, you can't afford to sell it to this restaurant."

[Chapter 625: This mount belongs to me](#)

At this time, Xiao Er did not have the arrogance that was in front of Chen Feng just now, and he nodded and bowed his waist one after another, saying: "Uncle, don't worry, there will definitely be no problems. The youngest will do their best to look after you."

The group is preparing to enter the restaurant.

Suddenly at this time, the young man in a big red robe saw the blood wind tied next to him, his eyes lit up, and he strode to the blood wind.

He looked at the blood wind, and let out a surprise cry: "Unexpectedly, just entering Danyang County City, he ran into such an excellent mount."

"Look at this hoof and look at how charming this hair is! At a glance, you can tell that this must be a monster beast that has evolved on its own. I have seen at least three characteristics of monster beasts in this monster beast!"

"Such monster beasts are more precious and rare than ordinary monsters, and their strength is stronger, and have you seen it?"

He excitedly said to the person next to him: "This monster beast is filled with a huge fire elemental aura, and what I practice is the fire system martial arts, this monster is a perfect match with me!"

"This monster is mine. From now on he will be my Liu Luobin's mount!"

The middle-aged man who looked like a housekeeper next to him laughed and said, "Congratulations, Young Master, Congratulations, Young Master, he ran into such a pleasurable mount as soon as he entered Danyang County Town."

"Foretells that this time, your trip to Ziyang Sword Field will be very smooth, with outstanding results, and it will live up to the master's trust!"

His flattery was very loud, the red robe boy Liu Luobin laughed loudly, very happy, and the guards next to him were all flattering.

They are here to comment on the blood wind, it seems that the blood wind is already theirs, there is no one else.

Xuefeng was already very dissatisfied, his eyes glared at Liu Luobin, and there was a fierce roar in his throat.

Liu Luobin looked at the blood wind with joy on his face, and he was about to reach out to touch his huge head.

If Chen Fengfeng were to touch it, Bloodwind would definitely enjoy it, and would even rub his head on him, but Bloodwind's loyalty was only to Chen Feng and those close to him.

At this moment Liu Ruobing wanted to touch her, and the blood wind roared and bit at Liu Luobin directly.

Liu Luobin was taken aback, and quickly shrank his hands and took a step back.

This moment made him feel that he was losing face, his face instantly turned cold, looking at the blood wind, he said in a cold voice: "You **** who doesn't know how to promote, do you know that I will be savory with your young master in the future? Some are blessings to enjoy! You still don't want to?"

At this time, the steward next to him said flatly: "This beast is not lucky, but this beast has such a strong temper, it is just right. Master, don't you like this?"

"Whether you are taming monsters or women, don't you always like strong temper?"

"I remember one thing you used to say is that if this woman is too obedient, it will be boring. The same is true for monsters."

Liu Luobin laughed at this remark, feeling very comfortable: "Old Liu, you can talk, yes, that's the truth."

He looked at Xuefeng and said grimly: "You have a strong temper, aren't you? Don't worry, in a few days I will be tame and obedient. After seeing me, I will be scared as if I have seen a ghost!"

He looked at these people and deliberately shouted: "Do you know what it takes to tame a monster beast?"

Everyone shook their heads quickly and said, "I don't know."

He laughed and said, "Use only one thing."

Said that a flash in his hand revealed a huge hammer, which seemed to weigh hundreds of catties.

He held the hammer with a fierce face, and said with a sneer: "If this monster refuses to accept it, then hit it and fight it to death! Beat it to the bones, muscles and brains. See if it accepts it!"

As he said, he walked toward the blood wind with a fierce expression.

At this time, Xiao Er from the shop said: "This son, this son, this monster has a master, and he is eating upstairs in my house now!"

"Oh? Have a master?"

When Liu Luobin heard this, his face became even more ugly. He waved his hand impatiently and said with a cold voice:

"Old Liu, go up and tell that kid, let him give this monster to me obediently, and I won't care about this animal offending me. Otherwise, the animal he raised offended me. , I want to kill his master to apologize!"

Lao Liu responded quickly and was about to go upstairs.

At this time, Xiao Er from the shop looked at Liu Luobin with a flattering face, and said with a smile: "Liu Gongzi, don't be so troublesome, go and tell him if you are young, I don't think he dare not be ignorant, he certainly dare not offend Uncle Liu you!"

As he said, he thumped on the second floor, came to Chen Feng, raised his chin, and said arrogantly, "You see the young man Liu downstairs?"

"Hurry up and give your mount to Young Master Liu, and then roll down and knock Young Master Liu a few bangs. Young Master Liu doesn't care if your beast offends him, or else you will just kill you!"

Xiao Er's attitude at this time is very arrogant, looking at Chen Feng with disdain.

He even made his own claim, not only letting Chen Feng send the blood wind to Liu Luobin, but also letting Chen Feng go down and kowtow to Liu Luobin.

He felt that Young Master Liu had a big background, and he was very powerful at first glance, and listening to them, it seemed that Young Master Liu could still enter the Ziyang Sword Field.

[Chapter 626: Go down and kowtow to Young Master Liu!](#)

For such a character, he would naturally try to fawn, so he deliberately came up to suppress Chen Feng, in order to curry favor with Liu Gongzi.

When Liu Luobin heard this, he smiled slightly, and said, "You bastard, you can talk very well. I will reward you later."

Xiao Er hurriedly nodded and bowed, and shouted at the bottom: "Thank you for the little one, the adult."

Seeing Chen Feng still sitting there without speaking, he immediately shouted impatiently: "Didn't you hear what I said? Hurry down, kowtow to Young Master Liu, and then give your mount to Young Master."

Chen Feng's expression turned cold and severe, looking at him, his eyes lightly said: "What if I don't agree?"

Hearing this, Xiao Eryi jumped up and pointed to Chen Feng's nose and cursed: "What did you say? Would you dare not agree?"

"Do you know that Young Master Liu wants you to give him your mount. That is giving you a lot of face. Don't be shameless!"

Chen Feng and this kind of villain felt that there was no need to speak at all. He jumped out of the window directly, fell in front of Liu Luobin, looked at Liu Luobin, and said lightly:

"Young Master Liu, right? Bloodwind is my partner and will never give it to you."

Liu Luobin looked at him coldly, a flash of hostility flashed in his eyes.

And the butler next to Liu Luobin already cursed fiercely: "Little bastard, don't be ignorant, do you know the origin of my son?"

"Tell you, my son is from the Liu family of Heiyan City, and he is the young master of the Liu family. He is extremely talented. This time, at the invitation of Ziyang Sword Field, he enters Ziyang Sword Field and is accepted as a named disciple!"

At this time, the conflict that occurred downstairs has attracted many people's onlookers.

When the butler said that, these people suddenly let out a cry of exclamation!

"It's really amazing. He was directly accepted by Ziyang Sword Field as a named disciple, and there was no need for testing. Ziyang Sword Field took the initiative to accept him. It can be seen that this Young Master Liu is definitely a very talented figure!"

"Yes, none of those who can enter Ziyang Sword Field in this way are bad."

"Haha, it seems that the person who was in conflict with him will be over. It is estimated that he will be killed by Young Master Liu. Young Master Liu has the Ziyang sword field background, even if he kills in Danyang County, no one will dare to control! "

The little second also walked up to Chen Feng, with a bitter expression on his face and said, "Shame on your face, you deserve it if you die."

Liu Luobin looked at Chen Feng arrogantly, and said with a sneer: "You untouchable, you don't deserve to have such a good mount. Tell you, your mount just offended me."

"Originally, you just had to kowtow a few heads, and then give this beast to me, I won't pursue it. But you dare to talk to me like that just now, the conditions just now are no longer enough!

"Now, you immediately cut off your arm, knocked on your head for a hundred times, and then rolled quickly, leaving this beast behind, and I will spare your life, otherwise, I will definitely kill you today?"

Li Mang flashed in Chen Feng's eyes.

If he met such a person in the vicinity of Qian Yuanzong, he would directly kill him if he said nothing.

Even this Young Master Liu, he was not afraid of offending, and dared to fight with him.

But this is in Danyang County, Ziyang Sword Field.

What Xu had said in his mind, he took a deep breath, suppressed the anger, and warned himself: "Hold it back, hold it back, just came here, act low-key, don't cause trouble."

Seeing Chen Feng's silence, Liu Luobin even thought it was cowardice and fear, showing weakness.

He urged impatiently: "Hurry up, or I will break both arms later!"

Seeing that Chen Feng remained silent, Liu Luobin completely lost his patience, waved to the guards, and shouted: "You guys, go and get the results of this little bunny, I'm going to tidy up this beast."

Several guards quickly responded, and surrounded Chen Feng with a grinning face.

The butler sneered next to him and said: "Little bastard, you have gotten into a big disaster this time. Look at your outfit. It's just a commoner. If you want to come, you are from a commoner background, and at best you are a child of a small family."

"Do you know that our Liu family is one of the three major families in Black Rock City, and it is extremely prominent. Your background is far from my master."

"This time, you provoke my young master. Not only will you die here, but even the family behind you will be completely wiped out after we find out! You are bringing future troubles to your family!" [NovelU&B.com](#)

A crowd of onlookers, a fat middle-aged man in gorgeous clothes, said with a sneer:

"This young man, he really doesn't know good or bad, he knows that he is from a small place when he looks at his clothes, he has no knowledge, and he doesn't even know who he is provoking. He is really fearless!"

"I do business between Danyang County City and Heiyan City all year round, but I know a little bit about it."

"The Liu family in Black Rock City is one of the three major families in Black Rock City. The power is very large. Even if he gets the Danyang County City, he can rank in the top 100 of the big families. He even dared to provoke the Liu family, and he is simply seeking his own death! "

He said triumphantly, showing off his knowledge and despising Chen Feng.

That Xiao Er also jumped his feet, and said with a disdainful face: "I just kindly asked him to go down and kowtow to Young Master Liu and send this beast out. In the end, he still didn't appreciate it. He deserved it if he died."

A face full of resentment and triumph.

[Chapter 627: Kill all!](#)

There were also discussions among the onlookers.

"In these days, when walking outside, you have to put bright spots in your eyes and get into existence that you can't afford. That's a dead end."

"Yes, you look like this young man, he is going to die, his mount is robbed, and even his family will be implicated."

"This kind of person who doesn't open his eyes deserves it when he's dead, Danyang County does not allow this kind of waste to exist!"

While speaking, several guards had already arrived in front of Chen Feng.

Chen Feng looked at Liu Luobin and said faintly: "Young Master Liu, I have just said that Bloodwind is my partner, not a beast, and I will never allow him to fall into the hands of others."

He controlled his anger and said word by word: "Please don't deceive people too much."

"What are you talking about? Let me not deceive people too much?"

Liu Luobinbin looked at him with a look like a lunatic, and then let out a burst of laughter: "It really came from a small place, I didn't see it!"

"I know the weak and the strong eat, I am stronger than you, I can bully you at will! I just bully too much, what can you do to me?"

His face was full of shame and arrogance, and he dismissed Chen Feng.

Then his face became cold, and he said in a cold voice, "What are you guys doing in a daze? Get him to an end!"

Several people responded with a sigh, and at the same time they gave a cold shout, punched out with both fists, with great prestige and great power, it seemed that they were going to kill Chen Feng directly.

And Liu Luobin had already walked in front of the blood wind, with the hammer in his hand, slammed down fiercely.

Above the hammer, there was a red light shining unexpectedly, his move directly made the air extremely hot.

Xuefeng screamed, Chen Feng looked at it, and his eyes suddenly narrowed.

This move has the power of a full blow from the fifth floor master of the Divine Sect Realm, and the current strength of the blood wind is absolutely unstoppable, and it will be directly killed.

At this time, Chen Feng's anger could no longer be suppressed, and his eyes were full of murderousness, and he screamed: "Too much bullying!"

"Get out of here!"

Struggling with both arms, punches out, the dragon fights wild!novel.sbb.com

The sound of the dragon chant suddenly sounded, and everyone's complexion changed drastically. Two dragon-shaped air currents suddenly appeared, with scales flying, as thick as a water tank, and tens of meters long!

The dragon-shaped air current hit the guards heavily!

Several guards were directly hit by the two dragon-shaped air currents and flew into the air, vomiting blood in the air, and the blood was also mixed with internal organs!

Falling to the ground, motionless!

Kill all!

Unbelievable expressions appeared on the faces of the audience.

"How is it possible? These are four or five masters above the fourth floor of the Divine Sect Realm, and they were directly bombarded by this inconspicuous, civilian-like handsome young man!"

"This young man is so powerful. He uses magical martial arts, so he is so powerful?"

"It turns out that this young man has been concealing his strength just now, and swallowed his breath. It turns out that his strength is so powerful!"

And the previous dog, who was looking down at the shop, was now pale, with trembling lips, and trembling all over. Suddenly he knelt on the ground with his legs weakened, and looked at Chen Feng with incredulous and terrified eyes!

He was extremely frightened, and only one voice reverberated at this time: "It's over, it's over, I'm going to die, it turns out he was so powerful."

"And I just treated him like that, he will definitely kill me!"

Chen Feng made a mistake at his feet, and showed his melancholy. He was already blocking the blood wind and punched out again.

Liu Luobin looked at him, his pupils shrunk, and sternly shouted: "You dare to do something to me, it's like death!"

The two fists bumped into each other, the heat was rolling, and the air was overflowing, and a big hole was blasted on the ground. The two of them each stepped back four or five steps, and it turned out to be evenly divided.

Before the blood wind, Chen Feng said lightly: "I repeat, blood wind is my partner, my brother, not a beast."

"If you want blood wind, you have to step on my corpse!"

Liu Luobin showed a grinning smile on his face: "Okay, then I will step on your body."

He laughed and said: "You don't think that the punch just now is my full strength, do you? I tell you, the punch just now used one-tenth of my overall strength!"

As he said, there was a burst of bones all over his body, his aura rose steadily, and he instantly reached the sixth floor of the Divine Gate Realm.

The aura of the sixth building in the Divine Sect Realm escaped, causing the people around, in this aura, even to falter and stand unsteadily, and their bodies retreated.

Everyone's faces showed horror.

"Although this Young Master Liu was born in the Liu family, he is only 20 years old, and his strength has reached the sixth floor of the Divine Sect Realm. He is definitely a genius!"

"Yes, even if the Ziyang Sword Field only collects genius disciples, Liu Luobin is definitely one of the best!"

"Haha, the pariah opposite him is just the third building in the Divine Sect Realm. It's three full realms away, and Young Master Liu can kill him with one punch!"

Just now, the pale and terrified Xiao Er, the expression on his face became arrogant again. Seeing Liu Gongzi's such powerful strength, he immediately shook again.

The scared expression on his face just disappeared without a trace. He jumped his feet and screamed loudly: "Young Master Liu, kill him, kill this untouchable!"

Chapter 628: Yellow Grade Six Martial Spirit

In the end, the strength of the two characters was promoted to the peak of the sixth floor of the Shenmen Realm.

But it only ends here. After Chen Feng saw his strength, a slight smile appeared at the corner of his mouth, and his heart settled down.

"It's just the pinnacle of the sixth building in the Divine Sect Realm. I am now the pinnacle of the fifth building in the Divine Sect Realm. Although I'm a big level lower than him, my strength is definitely not weaker than him!"

Chen Feng sternly shouted: "I can't bear it, I don't need to bear it anymore, then fight now!"

As he said, he took a step forward and punched forward hard.

The dragon is in the wild! Two giant dragons roared out, bombarding Liu Luobin!

"Hmph, I don't know whether I live or die, but I dare to take the initiative."

Liu Luobin let out a cold snort, and then bombarded with his right fist.

In front of his fist, a red flame appeared quietly, extremely hot, and as his fist moved forward, the red flame also floated forward.

It looks like it is drifting in the wind and the speed is very slow, but in fact the speed is really fast to the extreme, and it is obviously a flame swaying like cloud cotton wool. It should feel very soft, but in fact it appears to be a kind of metal. Hard attitude.

Then, this red flame crashed against the two dragons of Chen Feng.

Time seemed to be quiet at this moment, and then Chen Feng saw that the two giant dragons he fought in the wild had a red dot on the belly, and then the red spread rapidly, and finally a giant The dragon turned completely red.

Half of the body of the other one turned red.

Then, the part that became red was directly extinguished and disappeared silently.

However, the remaining half of the dragon hit Liu Luobin's body.

Chen Feng took three steps back, while Liu Luobin took five steps back.

He was hit by that half of the dragon, although only a quarter of the power of the dragon fighting in the wild, it also made his face flushed and a mouthful of blood poured out, but he swallowed it abruptly.

Everyone around suddenly exclaimed. After this punch, Chen Feng still had the upper hand!

The crowd around the audience exclaimed that this untouchable person is so strong, and it seems that he can have the upper hand in a fight against Liu Gongzi!

The wealthy businessman who was boasting about Liu Luobin just now couldn't help but chuckled twice, and said, "Mr Liu must not try his best!"

Xiao Er also jumped his feet and screamed: "Yes, I'm afraid that Young Master Liu only used two or three points of strength. After all, this pariah is not worthy of all Liu Young Master!"

Liu Luobin looked at Chen Fengfeng with a solemn look in his eyes.

"I just used 50% of the force in this punch, but I didn't expect it to be a little bit worse than him! It seems that this pariah has some strength."

He looked at Chen Feng with a sullen smile on his mouth: "You untouchable, you still have some skills, but you can't be my opponent as long as I use my real strength."

As he said, he took a deep breath, and a burst of light twisted behind him.

In the waves of light, his martial soul quietly unfolded.

This is a long sword dance soul, one foot long and three feet wide, and the most shocking thing is that the whole body of this long sword is actually fiery red.

After this fiery red long sword martial spirit appeared, everyone felt that the temperature in the air suddenly increased by more than ten degrees.

The air seemed to be distorted by the heat. Many people who were a little closer had sweat on their faces and felt like they were on the edge of a fire!

Everyone was shocked: "What kind of spirit is this? It feels so powerful!"

The housekeeper raised his chin and smiled triumphantly at the crowd: "Have you seen it? This is my young master's martial spirit, the dignified sixth-grade yellow martial spirit Lieyang sword!"

"It turns out that Liu Luobin's martial arts is a sixth-rank Huang ranked, and it is a fire-attribute martial arts sword!"

Everyone exclaimed, the sixth-grade yellow martial soul is also very rare and very high-level martial soul!

At this time, the butler suddenly shouted in surprise: "Master, do you want to use that trick?"

Because in his memory, that trick can only be used with martial arts.

Liu Luobin nodded slightly, and said lightly: "Don't let the untouchables from the countryside see and see, he really thinks that our big family children are just like them!"

He looked at Chen Feng with a disdainful smile on his mouth, and said lightly: "Tell you a bitch, the next trick I will use is a fragment of a mysterious martial art, haha, don't say you have seen it before, it should be listening Haven't heard of the fragments of Xuan-level martial arts!"

The steward boasted to everyone: "This fragment of a mysterious-level martial skill is a treasure of our Liujiazhen clan. It is not a secret, and only every Patriarch can practice."

"This year, the young master of my family was recruited as a named disciple by Ziyang Sword Field because of his outstanding talent. Before leaving, the master passed this trick to the young master."

"After the young master cultivated, he has not done anything yet."

He looked at Chen Feng with a haughty smile on his face: "It is also your honor to be able to kill you, a pariah, by our young master with this move!"

Chen Feng sneered and said, "Really? I still want to thank you for this look?"

Liu Luobin sneered and said, "Of course, but that is not important anymore, because you will soon become a dead person."

[Chapter 629: It hurts or not!](#)

As he said, he chuckled softly: "Lie Yang Slash!"

With this soft drink from him, a giant sword condensed and formed in front of him, completely condensed by the qi.

It was six meters long and two meters wide. It was very huge. The flames seemed to be surrounded by flames all over the body. At the same time, behind him, a red light gushed out of the giant sword spirit. Above the sword.

The giant sword has exploded in size, reaching eight meters in length and three meters in width!

Then he shouted, and this giant sword slashed towards Chen Feng heavily, carrying hundreds of thousands of jins of power, thunderous!

Everyone felt a sense of dizziness.

so amazing! Is this the power of Xuan-level martial arts fragments? It's so tyrannical!

In their eyes, this sword seemed to be able to unfold even the world, and it was extremely powerful.

Xiao Er was extremely excited, and screamed: "Kill him, kill this untouchable, let this untouchable know how good you are, Master Liu."

After reading it, Chen Feng shook his head faintly and smiled: "But that's all."

He secretly smiled in his heart: "It is said that it is a Xuan-level martial skill fragment, but it is actually a madman. Even if it is, it is estimated that the Xuan-level martial skill fragment is relatively weak."

"It's not as good as Ding Qianshan's support body and the same mountain, nor as Sun Haoguang's Sea Emperor Trident!"

The expression on his face infuriated Liu Luobin, and he shouted coldly: "Untouchables, you say this martial skill is nothing but this, then you have to resist it and try it! This trick is enough to knock you out!"

Chen Feng was no longer patient to talk nonsense with him, and let out a sharp roar: "Six dragons swing!"

He fisted out, and a huge cyclone appeared in front of him instantly. Six dragon-shaped air currents swam around at high speed, forming six huge grinding discs, producing huge suction!

Those onlookers all felt a huge suction rushing toward them. Suddenly he couldn't stand still at all.

They stepped back many steps before they felt the suction weakened.

But even so, many people's clothes and hats were sucked over, and the giant wolves that Liu Luobin and others rode were relatively close to the huge cyclone and were dragged step by step by the huge suction. before.

These giant wolves desperately resisted, their claws clinging to the ground, but they still couldn't resist the huge suction.

The paw plowed a few deep marks on the ground, but in the end he made a whimper.

I was directly sucked in by the cyclone. Everyone was shocked when they saw this scene. What kind of wicked move was this? How could it be so weird?

And even the giant sword was directly sucked by the suction and changed its direction, throwing it towards the cyclone!

In fact, Liu Luobin's Lieyang cut only had one fur, but he thought that with the fur of the mysterious martial art fragments, he could kill Chen Feng!

But the facts were quite the opposite, making him dumbfounded, and the giant sword was directly sucked in by the cyclone.

Of course, Lieyang Zhan is a Xuan-level martial skill fragment after all, although only the power of the fur can not be underestimated.

When it was sucked in, the cyclone reached its endurance, and both of them burst apart.

Chen Feng took two steps back, while Liu Luobin was directly shaken out.

Chen Feng had already murdered Liu Luobin at this time, so he screamed and rushed forward.

The Ziyue Knife is out of its sheath, Soul Breaking and Crossing!

Liu Luobin pulled out the long sword at his waist and fought it frantically, but the long sword was directly cleaved by Chen Feng's Ziyue Knife. He felt a powerful force coming from him and directly shattered his arm bones!

Then a huge silver cross blasted on his body, the next moment, he spurted blood, his face was blood-red, and he was already severely injured!

"what?"

He pointed to Chen Feng with a face full of disbelief: "You, how could you, a pariah, be so powerful?"

He was spitting out blood again!

At this time, the audience was even more shocked and speechless.

"How is it possible? This untouchable uses these martial skills so powerful, and looks upright and unpredictable. If he is a untouchable, how could he practice such martial skills?"

"Could it be that he was not from a pariah, but also a disciple of a big family?"

"I think it's possible, maybe people just like to dress shabbily!"

"I see him. Not only may he be a big family disciple, he may even be the best here!"

Everyone exclaimed.

The wealthy businessman who was boasting of the Liu family just now, with an embarrassed expression on his face, turned and left dingly, afraid to stay in the crowd for a moment.

And the second child who had despised Chen Feng before, was now sitting directly on the ground, his face gray and desperate.

He knew he was completely finished.

Everyone looked at Chen Feng with eyes mixed with respect and fear. *Novel.usb.com*

The housekeeper hurriedly helped Young Master Liu up and looked at Chen Feng with a little horror.

No one had thought that this ordinary young man who looked shabbily dressed had such a tyrannical strength that he would directly injure the arrogant Young Master Liu.

It seems that Young Master Liu is definitely not his opponent!

Chen Feng walked to Liu Luobin, condescendingly, looking down at her, and said lightly: "Does your face hurt?"

Liu Luobin was taken aback, then asked, "What did you say?"

Chen Feng patted his face lightly, and slowly said, "I ask you, does your face hurt when it hurts?"

"Didn't you just call me a pariah? Didn't you say that I was trash? Didn't you say that I came from a small place? Didn't you say that one trick can easily kill me? Why are you now like this!"

[Chapter 630: Are you a registered disciple? He is an official disciple!](#)

The housekeeper was watching by the side, and he didn't dare to question Chen Feng's actions at all, for fear that Chen Feng would kill him directly when he became angry!

Hearing Chen Feng's words and being beaten in the face by Chen Feng, Liu Luobin's actions and words made Liu Luobin feel extremely humiliated.

His face turned red in an instant, and his heart was full of humiliation, but he already knew that he was definitely not Chen Feng's opponent!

The humiliation made him tremble, but he didn't even dare to say a word.

When Chen Feng saw this scene, he was extremely happy, and said with a sneer, "Who is the waste?"

Liu Luobin lowered his head and said nothing, and Chen Feng patted his face again, his tone becoming colder: "What about you? Who is the waste?"

Liu Luobin raised his eyes and looked at Chen Feng with a frightened expression on his face. He trembled and said, "I am a pariah, I am a trash!"

When these words were said, the humiliation in his heart had reached the extreme, but he dared not say it.

If he didn't say anything, Chen Feng would really kill him directly!

Chen Feng laughed and said, "This is good! People have to recognize themselves, or else they will be slapped in the face if they talk big all day long."

He said, there was a burst of pleasant laughter.

Everyone around is taking it for granted.

The winner is respected, and Chen Feng is strong enough to be so arrogant and domineering.

At this moment, a surprised voice suddenly came from the side: "Junior Brother Chen Feng, is that you? What a coincidence!"

Chen Feng heard the sound a little familiar, and when he turned his head, he saw a person walking towards him, it was an acquaintance.

Wu Dongyang.

I once met in the inner sect of Qian Yuanzong.

Wu Zongyang is dressed in a white robe, with a circle on his chest, surrounded by flames, and in the middle of the circle is written two characters: Ziyang!

It looks rather luxurious.

Seeing Wu Dongyang, it is correct to say that after seeing the clothes he was wearing, everyone's faces showed awe.

Many people even bowed deeply to salute Wu Dongyang.

Because the robes she wears are exactly those of Ziyang Sword Field.

Ziyang Sword Field has a lofty status in Danyang County, and its disciples are also respected.

Wu Dongyang walked directly in front of Chen Feng and said with a haha, "Junior Brother Chen Feng is really a coincidence. You said you wouldn't come with us and come by yourself, but I didn't expect that as soon as you entered Danyang County, I would still meet you. "

Chen Feng smiled and said, "It's really a coincidence."

Wu Dongyang seemed to have seen the situation in Liu Luobin only now, so he guessed something and said with a smile: "Is there a conflict?"

Chen Feng nodded: "Someone is deceiving too much, and I can't help it."

Wu Dongyang laughed and said, "It's okay. Just hit it. In Danyang County, I don't know how many conflicts occur every day. If you can solve it yourself, you can solve it yourself. It's not a big deal to die."

His voice was indifferent, but Chen Feng heard the tragic meaning in it.

Liu Luobin stared at Wu Dongyang, his face full of irritation, and sternly said: "I am a named disciple of Ziyang Sword Field. Why don't you help me, but help him?"

"Are you a registered disciple? From Ziyang Sword Field?"

Wu Dongyang looked at him with a very contemptuous look, and suddenly laughed: "You said you are a named disciple, do you know who he is?"

"Haha, he is the outer disciple recruited by Ziyang Sword Field, the first genius of Qian Yuanzong!"

He looked at Liu Luobin and said lightly: "You are a registered disciple, but he is an official disciple. Who do you say I help?"

Liu Luobin was stunned, the whole person was stupid, and then his face flushed, and a sense of extreme shame surged up.

He felt that he had lost his adult, and everyone was laughing at him.

Wu Dongyang didn't even look at Liu Luobin, and said to Chen Feng: "You don't know how to get to Ziyang Sword Field, right? So, how about I take you there now?"

Chen Feng nodded and smiled: "So, thank you Brother Wu!"

At this time, he also saw Chen Feng's Mount Blood Wind, smiled and touched the blood wind, and said with some envy, "Junior Brother Chen Feng, your mount is really good. Many Ziyang Sword Fields are stronger than you. There is no such mount."

The blood wind is very spiritual. Liu Luobin would be very vicious if he wanted to touch it, but at this time Wu Dongyang would be very gentle when he touched it.

Chen Feng thought for a while, and suddenly said, "Well, Brother Wu, if you have nothing else, we might as well stay in this inn for one night and go to Ziyang Sword Field tomorrow."

He didn't want to go to Ziyang Sword Field in such a hurry, but wanted to get more news from Wu Dongyang.

Wu Dongyang laughed and said, "Okay, I have nothing to do anyway?"

"This restaurant is also quite famous in Danyang County. The food in it is extremely delicious, but it is also very expensive. Since Chen Feng is your treat this time, I'm not welcome."

He said something rascal, Chen Feng laughed, thinking Wu Dongyang was a very funny person.

The two went to the restaurant again, and they didn't even glance at Liu Luobin on the ground.

Liu Luobin stood up from the ground, looked at Chen Feng with a bitter expression on his face, and muttered, "Chen Feng, I will never let you go."

Then turn around and leave!

The two of Chen Feng had just sat down, and suddenly a person rushed forward to Chen Feng, kneeling on the ground and kowtow to Chen Feng.

It was the second person who kept humiliating Chen Feng just now.
