

## Peerless 711

### [Chapter 711: Run desperately!](#)

"Haha, you little bastard, you want to know a lot!"

"Well, because you are about to be a dead person, I will tell you."

At this time, behind Chen Feng, two people suddenly walked out and stood on both sides behind Chen Feng.

The three of them formed a triangle and surrounded Chen Feng firmly. The two of them who came out later were young men in their twenties.

One was tall and strong, and the other was short and thin, all with murderous faces.

The strength of both of them reached the seventh floor of the Divine Gate Realm.

Now it seems that Chen Feng has no chance of winning and he will definitely die!

However, Chen Feng didn't panic, he was always calculating in his heart, thinking about how to escape.

The middle-aged man winked at the two young men, who suddenly tore off his robes at the same time.

They were originally wearing the clothes of the disciples of Ziyang Sword Field, but after taking off their robes, they revealed the black clothes underneath, embroidered with \*\*\*\* ripples!

And if you look at it at this time, you will find that this blood-colored ripple pattern is composed of countless small blood-colored skulls, which makes people shudder after seeing it.*novelSb.COM*

Chen Feng had no influence on this pattern. He frowned and said, "It seems that you belong to one power. Could it be that I offended this power unintentionally?"

The middle-aged man looked down at Chen Feng and said proudly, "I'm not afraid to tell you that the three of us are all law enforcement officers of the Alchemist Association!"

"I am a second-level law enforcement agent, Xu San, both of them are my subordinates, and they are also first-level law enforcement agents."

All three of them looked at Chen Feng with extremely arrogant eyes, as if the identity of the Alchemist Association had brought them supreme glory and pride.

Chen Feng sighed softly: "It turns out that you are from the Pharmacists Association!"

Chen Feng knew why the three of them had come to kill himself, when he killed Ge Dan!

What Ge Dan said before his death appeared in Chen Feng's mind again: "The Association of Alchemists will not spare you! I am a registered pharmacist of the Association of Alchemists!"

"Have you finally come here?" Chen Feng said softly in his heart.

But he was surprised. At the beginning, he obviously destroyed Ge Dan's body. Chen Feng thought that he had done it very thoroughly, but how did the Alchemist Association know?

Seeing the expression on Chen Feng's face, Xu San guessed what he was thinking, and he laughed wildly: "You little bastard, you don't know anything!"

"Haha, yes, with your strength, you can't reach such a high level."

"Tell you, our pharmacist association has countless magical methods. As long as there is an abnormal death of a pharmacist, we will know."

There was a bit of resentment on his face: "You don't know. After knowing your appearance, in order to track down your identity, I ran outside for a whole month and finally found it."

"You make me so tired, I can't let you die easily, I will first severely wound you, and then torture you severely."

"It's just..." There was a weird smile on his face: "The torture I have for you is nothing compared to the suffering you will suffer after being caught by the Pharmacist Association."

"Haha, then you will know what human torture is!"

He smiled triumphantly, and the two people behind Chen Feng also laughed in agreement.

They didn't put Chen Feng in their eyes at all, thinking that Chen Feng was the meat on the chopping board and let them kill.

Chen Feng's eyes suddenly narrowed: "It's now!"

He suddenly roared, and the surface of his body showed sapphire dragon scales and sapphire dragon horns, instantly completing the transformation of the dragon blood battle body.

Chen Feng directly took out his strongest hole card, because he knew that when facing this middle-aged man, if he didn't even use his hole cards, he wouldn't even have a chance to escape.

He screamed, punched fiercely, and blasted away at Xu San!

Seeing Chen Feng launching a surprise attack, Xu Sanyin sneered coldly: "You little bastard, you dare to take the initiative, it's just death!"

He also blasted out with a punch. He knew very clearly that after he blasted out his punch, he could directly smash Chen Feng's offensive and then severely wound him.

He had this confidence, but when he punched out, he suddenly discovered that Chen Feng's offensive had disappeared without a trace.

At this time, Chen Feng had already rushed to the tall and strong young man.

Then, he shouted sharply: "Dragon Claw of the Devil God!"

In the sky, a huge scarlet dragon claw appeared, and bombarded the tall and strong young first-level law enforcement officer heavily.

"This little bastard, it turned out to be a false move just now!" At this time, Xu San found out that he had been fooled, but it was too late.

With a disdainful smile on the face of the first-level law enforcement officer, he blasted out a punch, thinking that he could easily withstand Chen Feng's Dragon Claw.

However, he didn't expect that after the two contacted, he would be directly destroyed with a single blow!

Then the dragon claws of the God Slayer slammed heavily on him, directly spraying the blood he bombarded and flew out several tens of meters.

As a result, a hole appeared in the tight encirclement of these three people.

Chen Feng didn't care about him, who was seriously injured. Although Chen Feng could easily kill him with just one more palm, Chen Feng knew that it was important to escape at this time.

He was very decisive and immediately ran away frantically.

#### [Chapter 712: Mysterious space](#)

The way forward is the depths of the Jedi!

At this moment, on the distant mountain peak, a figure in black stood proudly.

The wind hunted, blowing her clothes, the clothes were tightly wrapped around her body, revealing her exquisite and moving curves.

Her face was white, her lips pressed tightly, the bridge of her nose was high, and there was a cold, arrogant and solemn expression on her face.

Neither Chen Feng nor Xu San found it at all.

He looked at Chen Feng and nodded slightly: "This little guy is quite clever, and also very clever. It's not the kind of person who can only fight hard."

Suddenly, her expression changed, her face became dignified, her eyes looked in the direction of Chen Feng's escape, her eyes seemed to see through many things.

Then, even with a look of shock on her face, she whispered to herself, "Isn't that thing that hasn't appeared for a whole hundred years?"

"How can you suddenly appear at this time? Is it really the arrival of this little guy that caused that thing to appear? It seems that you are still a destined person!"

As he said, his figure flickered extremely fast and disappeared instantly.

Seeing Chen Feng escaped, Xu San was not in a hurry, with a playful smile on his face:

"This little \*\*\*\* really has some clues. No wonder Deacon Feng asked me to take him back and tortured him personally. His strength was suppressed to the third floor by a strange technique, and his true strength was the sixth floor."

"However, his attack after the weird transformation just now has the power of a full blow from the eighth building. This little bastard, it's kind of interesting!"

He laughed wildly and said: "Run, you run, the prey is too weak, I don't mean to hold it."

"Anyway, no matter how you escape, you will fall into the palm of my hand!"

His voice was full of confidence, as if he was speaking the truth.

He glanced at the first-level law enforcement officer who was lying on the ground and groaning in pain, and snorted coldly, and said, "It's really a waste. Even that kid can't resist a single move. What's the use of keeping you?"

With that said, a palm blasted out, directly killing this first-level law enforcement officer.

The remaining first-level law enforcement officer, seeing this scene, immediately trembled in his heart, extremely afraid, and did not dare to have any objections.

Xu San was cruel, afraid that the seriously injured person would slow them down, and even killed him directly.

Then, Xu San and another first-level law enforcement officer chased in the direction where Chen Feng had left.

Chen Feng ran forward, he felt the wind whizzing in his ears, and the running speed was so fast that the scenery in front of him could not even be seen clearly.

At this time, Chen Feng felt even more that he really needed to change a more powerful footwork.

The Misty Step speed is too slow now, and he can feel the powerful breath behind him constantly approaching him!

Chen Feng's speed further increased, almost reaching the limit.

He felt his chest and lungs and his whole body, and it was a sharp pain. After using the dragon blood battle body and adding the dragon claws of the gods, his qi was almost exhausted.

Now desperately urging, it is already hurting the root.

Chen Feng's seven orifices all shed blood, but he still ran desperately.

Because Chen Feng knew that as long as he stopped, he would be overtaken by Xu San from behind. This terrifying enemy could kill himself at this time with one move!

Soon, two peaks appeared in front of Chen Feng, and the two peaks were about 100 meters wide.

The shape of the two mountain peaks is like a gate, and there is no grass on the mountain peak, covered with rugged red stones, as red as blood!

Chen Feng didn't pay attention at all and rushed in between the two peaks.

And it was at this moment that Chen Feng suddenly felt himself in a trance.

Then, he found that a white mist appeared in front of him. The white mist became thicker and thicker, and he could not even see anything in the mist.

Chen Feng cautiously fumbled in the fog, feeling extremely surprised.

I never heard of such a place in the Jedi! Why is it so weird?

Because he found that there was no sound in the thick fog.

There was no breathing, no wind, not even the sound of insects and birds, it seemed that there was a dead silence here.

At this time, Xu San, who had been chasing behind Chen Feng, suddenly stopped and was surprised.

Because he discovered that in his perception, the breath of Chen Feng that had always existed had disappeared without a trace.

At this moment, he has come to the place where Chen Feng just disappeared, but in front of him is a green grass and a gentle hillside.

At this moment, if Chen Feng appeared here, he would be extremely shocked.

Because the two blood-red mountains have completely disappeared.

Chen Feng was walking in the mist, suddenly something seemed to stumble under his feet.

Chen Feng immediately looked down, and then he was shocked to find that the thing he stumbled on was the corpse of a monster.

The corpse of this monster beast was extremely large, and blood flowed from the wound on the corpse.

The corpse of this monster beast is extremely large. Chen Feng looked to both sides, and there was no edge at all. The blood flowed out and gathered into a small river above the ground.

Chen Feng was shocked: "What a huge monster is this?"

He wondered in his heart, he didn't know where this was in the Jedi, how could there be such a weird place?

However, Chen Feng couldn't find the answer either, he could only move on.

### [Chapter 713: Eternal Blood Cave!](#)

The farther Chen Feng went, he found that the fog became thinner, and finally, the fog disappeared completely.

After seeing this scene in front of him, Chen Feng shouted in shock:

"How is it possible? How can there be such a place?"

The expression in his eyes was shocked to the extreme, and his eyes widened!

In front of me, there was an extremely vast space, and I didn't know how far it was at a glance.

The sky was gray, and Chen Feng remembered it clearly. When they entered the Jedi, there was a scorching sun above the sky, which was definitely not the weather.

Chen Feng suspected that he might no longer be in the Jedi behind Tongtian Peak.

After all, he has entered the small world several times.

In front of me was an empty field, where there was no grass growing on the ground, and the ground was dry and blood-red, full of the taste of burnt and blood, just like a battlefield that was burnt down.

Above this wilderness, there are very many huge corpses, all of which are monster beast corpses, extremely huge.

The smallest of them is tens of feet long!

This was already bigger than the greenwood giant rhinoceros he had hunted.

These corpses, it seems, there are at least dozens!

Chen Feng walked among the corpses of these monster beasts with a feeling of wonder.

It seemed that the corpses of these monster beasts had just been beheaded, the scars were still new, the blood was still flowing, and they even carried heat.

Chen Feng murmured and exclaimed: "Where is this place?"

"Do you want to know where this is?" A voice suddenly sounded behind him.

Chen Feng was shocked, and immediately turned around, and at the same time retreated quickly, pulling away from the person who made the sound.

He hadn't felt anyone behind him before, but when that person suddenly opened his voice, he realized that this showed that the strength of this person was already much higher than him.

Chen Feng looked back, and then was shocked to find that there was a woman in front of him, who seemed to be only about thirty years old.

She was as cold as an iceberg, her nose was high, her lips pressed tightly, her eyebrows were faint, with a strand of ice, and she looked extremely cold.

She was dressed in black and drifted in the wind.

Chen Feng looked at her and asked slowly: "Who are you?"

The black-clothed woman said lightly: "It doesn't matter who I am, the important thing is, I know what place is here?"

"I also know a method that allows you to defeat Xu San outside."

Chen Feng was a little skeptical, but he felt that this woman seemed not hostile to him.

Chen Feng asked, "So, where is this place?"

The woman in black said lightly: "Tell you, this is the eternal blood cave!"

"Eternal Blood Cave?" Chen Feng muttered softly twice: "Where is the Eternal Blood Cave? I have never heard of it!"

"Look at these monsters." The black-clothed woman pointed at the monsters and said lightly:

"These monsters are not produced in the mountain range where the Ziyang Sword Site is located, but produced in other places."

"In some places, thousands of years ago, even tens of thousands of years ago, there were some extremely tragic battles, which were battles between humans and monsters."

"You can see that these monsters are all caused by weapons or damage from fists and feet!"

"And those battles are extremely tragic. These monsters that are quite powerful in your opinion are not even cannon fodder. They are just the lowest level. In this kind of war, the real strong can even destroy the sky. Destroy the land and fall to the sea."

"And their power is too tyrannical, so that even the space and the earth are shattered by them." **NoVelusB.COM**

"There are some shattered battlefields. They will float into the river of space and time. Therefore, in these battlefield fragments, time is stagnant."

"These monsters will maintain their state at the time."

Chen Feng said in horror, "You mean, time here is stagnant, right?"

The black-clothed woman nodded and said: "Yes, stay here, time will not flow, and you will not grow old, even if you stay here for hundreds of years."

Chen Feng shuddered at the thought of spending hundreds of years in such a place.

The black-clothed woman continued: "These battlefield fragments will flutter around. They may appear somewhere, and the next time they appear, they will be thousands of miles away."

"And in the middle, maybe many years will pass. On the mainland, there are often such legends."

"There are many kinds of battlefield fragments, each with different names, and some battlefield fragments that carry the corpses of many monsters are called Eternal Blood Caverns because of the blood flowing across them!"

Upon hearing this, Chen Feng suddenly realized something.

A burst of ecstasy surged in his heart: "The Dragon Elephant Fighting Heaven Technique I cultivated, doesn't it just need to absorb the essence and blood?"

"And here, there are so many corpses of monster beasts, so much blood of monster beasts, almost let me absorb it. If I can absorb all these blood..."

Chen Feng looked at the lakes where blood had condensed above the ground, and there were dozens of ponds where blood had condensed. He felt that he was about to faint with happiness.

If so much blood is absorbed, it will definitely be able to greatly improve his strength.

The black-clothed woman seemed to know what he was thinking, and said lightly: "Don't think too beautifully. I know that the other techniques you practice can increase your strength by absorbing the blood of monsters."

## [Chapter 714: Devour it!](#)

Chen Feng exclaimed: "How did you know?"

The black-clothed woman glanced at him lightly, as if she was looking at an idiot: "A lot of your secrets are completely transparent in the eyes of people of my level."

Chen Feng touched his nose very awkwardly.

The black-clothed woman continued: "I told you just now that if I have a way to get you out to defeat Xu San, I will fall into the blood."

Chen Feng said: "You mean, I'm here to absorb the essence and blood right now, and then improve my strength?"

The woman in black said lightly: "You are too naive to think. I told you that this place was originally fragments of the ancient battlefield."

"The corpse of the monster beast inside, including the blood of the monster beast, contains a very strange power."

"If you absorb like crazy, this kind of weird power will accumulate in your body and it will directly cause you to burst into death."

When Chen Feng heard this, he couldn't help tightening and shivered.

The end of the body exploded and died was extremely miserable.

The black-clothed woman continued: "So, you can only absorb a part of the essence and blood here at a time, and the amount must not be much."

When Chen Feng heard this, he suddenly asked, "This Eternal Blood Cavern, can I still enter next?"

The black-clothed woman glanced at him appreciatively and smiled: "You have reached the point of this sentence."

This was the first time she laughed. Chen Feng looked at it and couldn't help being a little drunk.

Because this smile is really beautiful.

The woman in black said: "According to my experience, if the Eternal Blood Cave appears in one place, it will stay here for at least three months."

"If nothing happens, it will appear here every day for the next three months!"

"Of course, even if some people pass by here, they will never find out. The Eternal Blood Cave is only open to those who are destined."

Chen Feng nodded, his heart settled.

He didn't want to let go of so much monster blood.

The black-clothed woman continued: "The method I'm talking about is not to let you absorb the blood of the beasts here, but to integrate your other practice into the central area of your practice that needs blood."

"If I'm not mistaken, you still have another cultivation technique, it should be Qian Yuanzong's Hunyuan Yi Qigong."

Chen Feng looked at this woman in black like a monster. This woman in black had a high level of cultivation!

He felt like he was transparent in front of her, he couldn't hide anything.

"Hunyuan Yi Qigong is a low-level exercise, you still keep it, it's a waste." The black-clothed woman said with a hint of disdain:

"If you can swallow Hunyuan Yi Qigong with your blood-sucking technique, your strength will increase rapidly in a short time."

When Chen Feng heard this, he suddenly realized that he clapped his hands heavily: "Yes!"

He felt that he had entered a misunderstanding before, and he always felt that Hunyuan Yi Qigong needed to be retained.

However, he seems to have forgotten the reason why he practiced Hunyuan Yi Qigong in the first place, which was to conceal the fact that he had Dragon Elephant Fighting Heaven Art.

But it was in Qian Yuanzong at that time. He was afraid that others would know this secret, but now when he comes to Ziyang Sword Field, no one will care about his past secrets.

Then, the Dragon Elephant Fighting Heaven Secret Art can naturally show up in an upright manner.

He patted his head: "Oh, I'm so stupid!"

But then he asked doubtfully: "But how should it be swallowed?"

Chen Feng was confused.

The black-clothed woman said lightly: "The first step is to disperse your Hunyuan Yi Qigong."

When Chen Feng heard this, he was shocked: "If Hunyuan Yi Qigong dissipates, wouldn't the qi qi disappear? The qi qi that I have been training so hard for these years..."

The black-clothed woman said: "It's really stupid, who let you go in the air? You can soak yourself in the blood, and blend the escaped qi into the pool of essence and blood."

"Then, you use your blood-sucking technique to absorb it again!"

"In this way, won't you absorb all the power of Hunyuan Yi Qigong?"

When Chen Feng heard this, he suddenly enlightened and said gratefully, "Thank you for your advice."

The black-clothed woman said lightly: "It shouldn't be too late, there are people outside waiting for you to kill, do it quickly!"

"As for how to break the gong, you don't need me to give directions?"

Chen Feng nodded, he knew what to do.

Chen Feng immediately found a blood pool, and then jumped in.

This blood pool was five meters in radius and less than three feet deep. Chen Feng sat cross-legged in it, just showing his head.

Chen Feng estimated that the blood in this blood pool was at least tens of thousands of catties.

Then, Chen Feng sat cross-legged in it, holding his breath and entering a state of cultivation.

He is practicing Hunyuan Yi Qigong, and Hunyuan Yi Qigong has reached the peak of the sixth floor.

Chen Feng began to run Hunyuan Yi Qigong. The Gang Qi of Hunyuan Yi Qigong was as cold as ice, and it circulated a circle through the opened acupuncture points and meridians in Chen Feng's body, completing an inner world movement.

Then, Chen Feng took a deep breath.

Suddenly, he moved the Gang Qi of Hunyuan Yi Qigong in the opposite direction of the normal exercise route, and began to move.

All the qi will be reversed instantly!

At this moment, Chen Feng felt a huge pain coming, and the Qi Qi seemed to be extremely resistant to Chen Feng's command to reverse them.

Chen Feng's meridian and acupuncture points were extremely painful!

#### [Chapter 715: breakthrough! Seventh floor!](#)

Painful, his face was pale and sweat dripping down, but Chen Feng still clenched his teeth and persisted, desperately urging the qi, reversing the movement in the meridians!

And the huge and extremely large Qi Qi in Chen Feng's body, every time it reverses for a period of time, part of the Qi Qi disappears.

And these qi qi passed through Chen Feng's body and escaped into this full pool of blood.

Suddenly, Chen Feng clearly felt that in the blood next to his body, the attraction to the Dragon Elephant Fighting Tian Jue was further increased.

As for the Dragon Elephant Fighting Heaven Jue, the attractiveness directly depends on the rareness of the blood and the richness of the blood.

This also means that the strength of the blood in these essence blood is much greater than just now.

Chen Feng felt that it should have reached more than twice the original blood power of these essence and blood.

But at this time, he just escaped a part of the qi.

Chen Feng continued to drive frantically, retrograde anger, this is actually a very dangerous move, a little carelessness, and even become crazy.

Moreover, the pain of the process is unimaginable for ordinary people, but at this time, Chen Feng gritted his teeth and stood firm.

Chen Feng felt that all the meridians through which his retrograde Gang Qi passed were all broken and torn apart.

All the acupuncture points were broken into pieces.

Every cyclone condensed by Gang Qi seemed to boil, surging crazily, violently stimulating his meridians and acupoints.

But he gritted his teeth and said nothing.

Standing by the side, the black-clothed woman saw this scene and nodded slowly: "This little guy, his character is really tough."

She had seen another one, who was also the one who had high hopes for her, who turned her anger around.

That person, the painful hissing sound field was good, and every time he was running a cup of tea, he had to rest for an hour to ease his energy.

In the end, she was forced to finally dissipate all the qi.

Chen Feng, how many times stronger than that person.

Finally, without knowing how long it has passed, Chen Feng felt that he was numb with pain.

If he had not experienced such severe pain when he was practicing the Golden Body Judgment, he would definitely not bear it!

Finally, he felt that his retrograde qi was about to end.

At this time, Chen Feng had almost exhausted all his energy.

"There is only a little left, there is only a little left, I must hold on to it, absolutely can't give up halfway!"

Chen Feng clenched his teeth tightly. Suddenly, he let out a fierce roar, and all the qi in his body slammed toward the final destination.

This is the end of his retrograde qi, and the starting point of the previous qi.

With a bang, like a big wave hitting the reef, all the slaps were heavy, hitting the end.

Chen Feng almost fainted with pain, but ecstasy surged in his heart, because all the qi had completely dissipated.

At this moment, beside, the woman in black was already a little shocked.

In five hours, Chen Feng spent five hours to dissipate the qi in his body.

In the process, he didn't stop at all, nor did he let out a scream.

A smile appeared at the corner of the black-clothed woman's mouth: "It seems that Elder Chi really didn't misunderstand the wrong person. This little guy will definitely surprise me."

She said coldly beside her: "Now, in this pool of blood, the aura has reached its extreme intensity, and it is quickly absorbed!"

"Yes!" Chen Feng nodded, spinning the Dragon Elephant Fighting Heaven Art, and began to quickly absorb it.

As soon as the Dragon Elephant Fighting Heaven Jue turned around, Chen Feng felt the extremely happy mood of the Dragon Elephant Fighting Heaven Jue.

The blood-red gang qi rushed through the meridians extremely happily, countless cyclones were running at the same time, and extremely strong suction came and began to absorb the blood in the essence and blood outside.

At this time, the strength of the blood in this pool of blood had reached ten times the intensity just now!

Chen Feng was absorbing frantically, and the blood essence dropped rapidly at a speed visible to the naked eye.

Chen Feng's strength is also rising.

One by one, the acupuncture points were opened, and one after another cyclones condensed in it.

Finally, with a boom, Chen Feng felt a shock in his brain!

The Dragon Elephant Fighting Heaven Jue has broken through into the seventh floor of the Divine Gate Realm!

Chen Fengqiang resisted the joy in his heart, continued to absorb frantically and break through!

The first acupuncture point in the seventh floor, the second acupuncture point... all the way smoothly and quickly, he broke through incomparably.

Finally, when he broke through to the 24th acupuncture point of the seventh floor, all the blood in this blood pool had disappeared without a trace, revealing the dry ground below.

Chen Feng also felt an extremely bulging feeling in his body at this time!

He knew that he could no longer absorb it, and if he absorbs it again, he would burst into death.

A smile appeared at the corner of Chen Feng's mouth and stood up.

But when he opened his eyes, he found that the woman in black had disappeared.

Chen Feng sighed softly, feeling a little lost in his heart.

This woman is very mysterious, he doesn't know her origin and name, but the other party has given him a great help.

Hun Yuan Yi Qigong San Gong not only greatly improved Chen Feng's Dragon Elephant Fighting Tian Jue, but also he can concentrate on practicing Dragon Elephant Fighting Tian Jue.

Moreover, integrating Hunyuan Yi Qigong into the Dragon Elephant Fighting Heaven Jue has another great advantage.

#### [Chapter 716: Crush!](#)

That is, there is no need anymore, every time you break through the building, take the designated pill.

Because the Dragon Elephant Fighting Sky Art does not need any medicine, if the strength is enough, the essence and blood are enough, it can break through all the way.

For Chen Feng, this is nothing but a huge bondage.

He has always hated bondage, and now he is feuding with the Alchemist Association. It is even more difficult to get the medicine.

So for Chen Feng, this is also very important.

At this time, if Chen Feng moved in his heart, he would automatically enter the state of introspection.

Then he saw the dragon blood battle body on the three-legged small cauldron in the dantian.

At this time, the position of the claws and arms of the dragon blood battle body was very bright, while the other places were dim.

Chen Feng knew that he had now broken through and entered the seventh building of the Dragon Elephant Battle Heaven Jue, so he had another opportunity to strengthen the dragon blood battle body.

This time, Chen Feng chose speed without hesitation.

Suddenly, the position of the legs of the dragon blood battle body lit up, the brightness was higher than other places, but not as good as the position of the claws.

Chen Feng smiled, knowing that his speed will be greatly improved after the dragon blood battle body transforms.

No way, now speed is his weakest link.

He must improve!

He jumped out of the blood pool and found a line written on the ground: "Go forward, go all the way to the end, and you will naturally leave here."

Chen Feng nodded, erased this line of words, and then walked forward.

Soon, when he reached the end of this place, he felt a flower in front of him.

Then, Chen Feng found himself back in the Jedi.

In front of us is the blue sky and white clouds, and the grass Yiyi.

Chen Feng greedily took a breath of air. Although there was so much blood in the Eternal Blood Cave, it was filled with the smell of blood and fire, which made people feel very uncomfortable.

At this time, Xu San was looking for Chen Feng everywhere. As soon as Chen Feng left the Eternal Blood Cavern, he immediately felt Chen Feng's breath, and immediately killed him.

What surprised him was that after seeing him, Chen Feng did not run away.

Xu San looked at Chen Feng and said with a sneer: "Little bastard, do you know that you can't escape my palm no matter how you run, so you just gave up?"

"Haha, you still know each other!"

He looked at Chen Feng and said proudly, "Now you can abolish the cultivation base by yourself, so that I don't have to work hard."

Chen Feng looked at him and said lightly: "If I don't abolish it by myself?"

Xu San's expression became savage: "Then I will dispose of it for you myself!"

"Moreover, I will break your bones one by one, making you very painful!"

Chen Feng sneered and said, "How do I feel that you are the one who is about to break the bone?" *novelusb.Com*

Xu San was stunned when she heard this, she didn't expect Chen Fengfeng to dare to refute him.

Then he was furious, and roared furiously: "Little bunny, you're looking for death! It's almost impossible to live or die!"

He said, with a sharp roar and a punch to Chen Feng fiercely.

In his opinion, after he blasted this punch, he could directly wound Chen Feng seriously.

Although he only used three points, he knew that his strength was much higher than Chen Feng.

But at this moment, Chen Feng suddenly laughed coldly and shouted sharply: "Dragon Blood!"

Then in an instant, the dragon blood battle body appeared.

This time, compared to the last time, the dragon scales on Chen Feng's legs were thicker, and some bone spurs were born!

Then the next moment, Chen Feng danced his claws and shot out fiercely.

"It's just looking for death! This trick of mine is absolutely impossible for you to resist!" Xu San said with a sneer.

However, a scene that shocked him appeared. His fist blasted and hit Chen Feng's claws together, and both of them retreated several steps one after another.

It turned out to be evenly divided!

Chen Feng smiled and said, "I only used three points!"

Xu San was shocked: "How is it possible? How could your strength suddenly become so strong?"

Chen Feng sneered and said, "Want to know? Think about it after you have gone to hell!"

As he said, he roared: "Dragon Claw of the Destroying God!"

The Dragon Claw of the God Extinguisher appeared suddenly.

And Chen Feng, after being promoted to the seventh floor of the Divine Gate Realm, his strength has increased several times compared with the sixth floor of the Divine Gate Realm. Come from three strikes.

Above the Dragon Claw of Extinguish the Sky, Xu San felt an aura that made him desperate!

He yelled frantically, fisted fiercely, and bombarded the dragon claws of the God Slayer!

The Dragon Claw of the God Slayer disappeared instantly, and Xu San was also beaten out several tens of meters, spurting blood, and was already injured.

Chen Feng didn't let him go at all, and let out another stern roar: "Dragon Claw of Destroying God!"

Another Dragon Claw of Destroying God is played!

Xu San's eyes showed madness: "Little bastard, do you have martial skills? I will too!"

He roared: "Hundred Flowers Broken Fist!"

The double punches flew out frantically, extremely fast, and more than 300 punches were punched in a blink of an eye!

These more than three hundred fists were gathered into a mountain of fists and bombarded towards the Dragon Claw of the God Extinguishing Sky, and each punch hit the Dragon Claw of the God Extinguisher.

And with every fist hit, the Dragon Claw of the God Extinguisher becomes smaller.

Finally, after more than three hundred punches were completed, most of the Dragon Claws of the Sky Extinguishing God disappeared, but a part of them blasted on Xu San, blasting him out several tens of meters again.

He fell heavily to the ground, his chest sunken, apparently he had been beaten and fractured!

He was already seriously injured, and then Chen Feng didn't stop, and he let out a sharp roar, he said, "Xu San, take it to death! Take me one more move to destroy the dragon claw!"

[Chapter 717: kill!](#)

Another move came out of the Dragon Claw of the God Extinguisher.

After Chen Feng stepped into the seventh floor of the Divine Sect Realm, the power of the Dragon Claw of the Destroying God was not only doubled, but also three shots were possible!

Faced with the huge crumbling blood-colored dragon claws smashed down from the sky again, Xu San's face showed crazy despair.

Suddenly he let out a sharp roar, and a huge martial arts spirit suddenly appeared behind him.

Xu San's martial soul turned out to be a giant python!

The giant python was cuddling like a hill.

If the body is unfolded, it is at least twenty to thirty meters long. The python is purple all over, and there is a one-foot-long horn on the head.

Obviously this horn is not fully grown, only half of it!

Xu San laughed wildly: "Little bastard, although I don't know why you suddenly became so strong, but everything is over!"

"I have already used Martial Spirit, you are definitely not my opponent, I am a magnificent seventh-grade Huang ranked Martial Spirit!"

Seventh-grade yellow martial arts spirit, purple scale giant python!

The purple scale python opened its mouth, the forked core hesitated towards Chen Feng, and suddenly screamed, breaking the waves towards Chen Feng.

The strength of this purple scale python is definitely not weaker than Xu San!

Chen Feng laughed and said, "You have a martial spirit, don't you?" *novelupdate.com*

Behind him, Xiang Liu Wuhun suddenly appeared. As soon as he appeared, the four huge mouths opened together and let out a scream.

Wuhun supernatural power is shocked!

After the shock appeared, Xu San's movements instantly froze, standing there, his expression frozen, motionless.

Obviously, deterrence has already taken effect.

And the martial soul of the purple scale giant python was also set in place.

In the next instant, the Dragon Claw of the God Slayer had already bombarded the purple scale giant python Wuhun and Xu San heavily.

The martial soul of the purple scale giant python was hit with a scream, which was severely injured.

Xu San was directly severely injured, and his lower body was smashed into flesh!

He let out a screaming scream, and Chen Feng didn't intend to let him go.

With a keen sound, the Ziyue Sword came out of its sheath, and shouted sharply: "Split the air with one knife!"

His figure disappeared instantly, and his speed would not be a shortcoming at all when he used the split air slash in the state of the dragon blood battle body.

With this cut, Chen Feng felt that he was heartily, without a trace of stagnation.

The huge half-moon-shaped sword energy with a diameter of one foot swept out in the air, directly cutting off Xu San's head.

Xu San's face still had an unbelievable look. He didn't know or understand why he had crushed Chen Feng's existence shortly before, and when Chen Feng appeared again, he was not his opponent at all. !

Three strokes, only three strokes were used, and he was beheaded!

The half-moon blade energy cut off Xu San's head, and without stopping, it swept across the body of the purple-scaled giant python, directly slicing the purple-scaled giant python into two pieces, suffering severe damage!

At this moment, Xiang Liu Wuhun suddenly opened his ten eyes at the same time, and his eyes burst into a huge greedy color. He looked at the purple scale giant python's spirit, and then rushed out frantically to arrive at the purple scale giant python's spirit. front.

Five big mouths bit the purple scale giant python martial arts at the same time, and the body also entangled the purple scale giant python martial soul, and began to strangle it.

Five huge mouths, frantically tore the purple scale giant python's martial arts, pulled them into strips, and then swallowed them into the stomach!

In just one cup of tea, the purple scale giant python's martial arts soul was torn to pieces, and it was swallowed by Xiang Liu's martial arts soul.

During the period, it kept sending out painful thoughts, but it was useless at all!

Xiang Liu Wuhun was frozen in the air, motionless, all ten eyes were closed tightly, and the surface of the body was filled with breath after breath.

Chen Feng knew that Xiang Liu Wuhun was evolving.

He estimated that evolution might continue for a while, so Chen Feng did not wait any longer, but turned around and looked at another first-level law enforcement officer.

That first-level law enforcement officer was completely stupid.

When he and Xu San caught up with Chen Feng just now, when he wanted to come, Xu San could easily kill Chen Feng, but he did not expect that Chen Feng used a few short moves, but he would take Xu in a few breaths. Three kills.

He looked at Chen Feng with a shocked expression on his face, and his eyes showed unstoppable fear.

Chen Feng approached a step forward, he took a step back, and suddenly he tripped on his heel and fell directly to the ground.

He knelt on the ground, looked at Chen Feng, and pleaded: "Chen Feng, you spared my life."

Chen Feng walked to him and said lightly: "Tell me what the \*\*\*\* is going on? Who is going to kill me? The Alchemist Association, how did you know that I killed Ge Dan?"

The first-level law enforcement officer, with hope exposed in his eyes, quickly said: "If I tell you, will you spare me?"

Chen Feng stared at her with murderous intent in his eyes: "Hurry up! If you don't tell me, I will kill you immediately!"

This first-level law enforcement officer hurriedly said: "I said, I said."

"I'm just the most ordinary level one law enforcement officer, and I don't know how the Alchemist Association knows it."

"But the Alchemist Association does have such a method. It is said that every pharmacist who died abnormally, the Alchemist Association will know the cause of his death, and then hunt down the murderer."

Chen Feng frowned, this pharmacist association is really evil.

"As for who is going to kill you, I don't know, but Xu San said that it was an order from Deacon Feng of the Law Enforcement Hall to let Xu San bring a few people to kill you."

"Law Enforcement Hall? What is it then?" Chen Feng asked.

[Chapter 718: Sang Liu Wuhun! evolution!](#)

"The Hall of Law Enforcement is a sect that the Alchemist Association specializes in hunting and killing against the Alchemist Association. There are many masters in it, and I am just one of the most inconspicuous."

He said it carefully, and Chen Feng understood it.

Chen Feng asked a few more questions. Seeing that this first-level law enforcement officer really didn't know anymore, he lightly sighed, and slapped the first-level law enforcement agent's head with a palm, directly shaking him out. bleed.

The heart vein was severed and the body fell to the ground.

At this time, Chen Feng turned around and found that Wuhun Xiang Liu had suddenly changed.

Xiang Liu Wuhun seemed to be in great pain, and he even made an unstoppable howling sound, and beside his five heads, a meat bag bulged.

At the same time, several protrusions on his body began to grow bigger and bigger.

After a cup of tea, with a bang, the meat bun beside the five heads burst directly, revealing a new head.

Five-headed willow, promoted to six-headed willow!

At the same time, the bulging meat buns on the surface of his body were also exploded at the same time, and four of them showed their true meaning.

It turned out that there were four claws that had just grown inside.

However, these four claws are still very small, with only human hands. They look very fragile and obviously have no combat effectiveness.

But Chen Feng was ecstatic, because it represented the future strength of Xiang Liu Wuhun.

The other two meat buns on the sides of the body have become two small wings, just the size of a human arm.

If you rely on these two wings alone, it is impossible to fly, but Chen Feng knows that both claws and wings will evolve and become stronger!

Chen Feng looked at Xu San's body and smiled and said, "Xu San, I really want to thank you a lot! I gave this gift to me."

"If it weren't for you, how could I enter the eternal blood cave to get an adventure? And also swallowed your purple scale giant python martial arts?"

Chen Feng looked up to the sky and Chang Xiao's heart happily sniped, and his strength has made great progress.

Sang Liu Wuhun evolved once again, and Chen Feng's heart moved, knowing that he could choose to continue to improve a Wuhun supernatural power.

This time, Chen Feng didn't hesitate, and chose to upgrade his martial soul supernatural power: an extreme blow.

After the upgrade, the power of the extreme blow is greatly increased, and it can attack the seventh floor of the gods and the enemies below.

Chen Feng felt that he himself now had the strength to compete against Liehuosheng and Shi Lei.

Chen Feng's strength improved by leaps and bounds, and then he went on to look for elixir in the Jedi.

At noon on the third day, Chen Feng was searching, and suddenly heard a fight from a distance.

Chen Feng swiftly swept away immediately, hid behind a big tree, and looked out. *η0VεlUSB.cOm*

In a clearing of woods, several young people were forming an encirclement, and the one surrounded by them was a girl who was only seventeen or eighteen years old.

The girl was dressed in a yellow goose shirt, and she was quite beautiful, her eyes bulging and rolling, revealing a strange strangeness.

Although surrounded by a few young people, they all have ferocious faces and hideous eyes, but she is not panicked. Instead, she looks around with her eyes, as if looking for a chance to escape.

Among the five youths around her, one seemed to be the leader, waved his sword and shouted sharply:

"Little bitch, quickly hand over that middle-grade spirit grass, Yuehua fluorescent grass, otherwise it will kill you immediately."

The girl in the goose-yellow shirt rolled her eyes and smiled and said, "It's not impossible to let me hand over the Luna Fluorescent Grass, but the problem is that there are five of you, and there is only one Spirit Grass. , How can you divide it!"

When she said this, the five young people looked at each other, and they all saw a trace of guard in each other's eyes.

Yes, this little \*\*\*\* is right, there is only one spiritual grass, and five people are not enough.

Chen Feng listened behind the tree, and his heart shook slightly.

The effect of a middle-grade spiritual grass is equivalent to one hundred thousand middle-grade spiritual stones, and if it is sold, even two hundred thousand middle-grade spiritual stones will be bought.

Because compared to Lingshi, Yuehua Luguangcao is easier to absorb.

As for Chen Feng, even at a higher price, he would not sell it, because without Xiaoding, his speed of absorbing spirit stones dropped sharply, but rather quickly.

The girl in the yellow shirt was proud. Suddenly, the young man who started talking sharply shouted:

"Everyone, this little \*\*\*\* is going to provoke discord, provoke our relationship, don't be fooled by him."

"No matter how to allocate it now, when the Yuehua fluorescent grass is taken down, among the five of us, we can bid, and the one with the highest price will get the price, and then the rest will divide the spirit stones."

He laughed and said: "A few of us have known each other for so many years, and we are the same mentor brothers. It is impossible for a middle-grade spiritual grass to turn our faces?"

When everyone heard, what he said was very reasonable, and the method of distribution was also very safe, so there was no objection.

Several people stabilized, and then turned their eyes to the girl in the yellow shirt again, only then suddenly realized, almost fooled.

One of them said grimly: "You little bitch, you really have a lot of scheming, and you know how to provoke discord!"

"It's a pity," the young man who spoke at the beginning said, "It's a pity that our brothers have a very deep friendship. Not only will they not be challenged by you, they will advance and retreat together."

#### [Chapter 719: Third brother, save me!](#)

There was a lustful look in his eyes, and he smiled: "For example, after we catch you later, we will come one by one, let you taste the power of our brother."

"Don't worry, anyone will enjoy you!"

Chen Feng frowned slightly when he heard it.

What these people did was a bit too much. It was nothing more than killing people to win treasures, and they even wanted to humiliate this yellow shirt girl.

At this time, the girl in the yellow shirt suddenly moved her ears, as if she heard something.

Then, she turned around abruptly to look, and rushed towards Chen Feng's direction!

When Chen Feng saw it, he felt bad in his heart. At this moment, when he saw the girl in the yellow shirt trying to escape, all of them screamed, with swords and swords, or attacked her with fists and feet.

A few extremely strong winds immediately bombarded the big tree where Chen Feng was hiding.

The big tree in front of Chen Feng was hit to pieces directly, and Chen Feng had to show his figure.

After seeing Chen Feng, the girl in the yellow shirt immediately let out a pleasant cheer: "Brother, come and save me!"

"Three brothers?" Chen Feng was taken aback: "When did I become your third brother? Have we two met before?"

When the girl in the yellow shirt called Chen Feng the third elder brother, and seeing Chen Feng coming out from behind the tree, the five youths were furious.

The first person who started talking screamed: "So this little \*\*\*\* has an accomplice! He has been hiding by the side!"

"Grandma, let's kill this little \*\*\*\* first!" Several people responded and immediately surrounded Chen Feng.

At this time, the girl in the yellow shirt had already emerged from the encirclement and rushed outwards.

She turned her head, looked at Chen Feng, and chuckled: "Brother, you can block them for me first. Anyway, you are so powerful, they are definitely not your opponent."

His smile was full of fascination and teasing, and it was obvious that he was very proud of having deceived those people.

Chen Feng shook his head and smiled bitterly and touched his nose. He knew he had been fooled by this stinky girl.

The smelly girl took a mouthful of a third brother. These people attacked themselves because they were in her gang, and she took the opportunity to escape.

At this time, the five young men had already killed Chen Feng.

Chen Feng didn't bother to explain anything to them, anyway, these few people were so despicable, Chen Feng didn't mind teaching them a lesson.

He snorted coldly: "It's just looking for death!"

With a fist, he directly beat the leader of the young man into blood and flew out.

The other four people were shocked when they saw this scene.

What is the origin of this boy who seems to be only sixteen or seventeen years old? The strength is so powerful?

It seemed that a very random punch knocked the strongest among them into the air.

Then, Chen Feng bang bang bang, hand up and down, several punches, severely wounded all five of them, fell to the ground and vomited blood.

At this moment, the girl in the yellow shirt just ran out for a few tens of meters, which is just a few breaths.

She turned her head and was stunned when she saw this scene, her eyes widened in disbelief!

"how is this possible?"

She is very clear about the strength of these five people. They have reached the seventh floor of the Divine Sect Realm, and the highest one is even the peak of the seventh floor.

However, she didn't know that Chen Feng had already been promoted to the seventh floor of the Divine Sect Realm, crushing the same level.

In his opinion, opponents of the same level are no different from ants and can be easily defeated!

At this time, Chen Feng turned towards the girl in the yellow shirt. As soon as the girl in the yellow shirt touched his gaze, she immediately felt bad in her heart, turned around and was about to run away.

Chen Feng laughed: "Can you still run away?"

The figure is like electricity, and in a blink of an eye it swept behind her and patted it with a palm.

The girl in the yellow shirt hurriedly turned around, trying to resist, but she didn't expect Chen Feng to turn her palm and directly patted her shoulder. A burst of qi rushed into her body and instantly sealed her meridians.

The girl in the yellow shirt couldn't move a single movement, but her eyes were tumbling, and she returned with a trace of panic.

If it was just now, Chen Feng might believe it, but now Chen Feng knows that she must have pretended it.

Chen Feng smiled slightly: "You little girl is so courageous, you actually led the disaster on me, you say, how should I clean up you?"

With that, carrying him back to the place where the few people were seriously injured.

Chen Feng smiled slightly and said, "Let's talk about it, how can we solve this matter?"

"How to solve it?" The woman in yellow shirt was ignorant and innocent, and her big eyes were innocent.

If Chen Feng hadn't been cheated by him just now, I'm afraid he would really believe him.

But unfortunately, with the incident just now, Chen Feng already knew that under the seemingly innocent appearance, this girl was actually very cunning, and he would not be fooled anymore.

Chen Feng said coldly: "Just now you used me as a shield and made me be besieged by these few people? We have to figure this out, right?"

The yellow-shirted woman's eyes turned sharply. When she saw that acting like a baby on Chen Feng didn't work, she actually put on a smiling face, with a hint of flattery and respectful smile on her face:

"Oh, look at your strength. These few people are not your opponents at all. They were beaten like this with three punches and two kicks. What are you afraid of?"

"Furthermore, you are a big man and a good man. Isn't it normal for a weak woman to clean up these wicked people for me?"

#### [Chapter 720: Get some reward](#)

She was flattering Chen Feng, putting on top hats one after another.

But Chen Feng remained unmoved, and said lightly: "It's useless for you to say it. No matter my strength, you did put me in danger just now."

"That is to say, my strength is still good, what if my strength is not good? I was besieged by a few of them, wouldn't I be killed by you?"

In the end, Chen Feng had a very harsh tone.

The woman in the yellow shirt suddenly flattened her small mouth with an aggrieved expression on her face. There seemed to be tears in her eyes, and she whispered: "If someone knows that they are wrong, you can't do it. Just forgive them this time!"

Chen Feng smiled hesitantly: "Oh, you pretend to be pitiful with me? Hahaha, tell you, it doesn't work!"

As he said, Chen Feng suddenly stretched out his hand and leaned towards the girl, and the woman in the yellow shirt suddenly let out an exclamation: "You, what are you doing?"

Chen Feng said lightly: "Don't do anything, just get some reward."

As he said, his hand reached the woman in the yellow shirt and fumbled on her.

The woman in the yellow shirt screamed: "Ah! You let me go! Take away your dirty hands!"

"Don't touch your hand on me, it's impolite, stinky rascal, take your hand away quickly!"

Her voice was sharp and loud, and Chen Feng's eardrums hummed a little.

If you change to an ordinary person, I am afraid that I will retract my hand in embarrassment, but Chen Feng is not like this.

He said coldly: "Noisy!"

With that, she stretched out her hand to directly seal the meridians in her throat.

The meridians here were sealed, and the girl in the yellow shirt couldn't say a word, she could only stare at Chen Feng fiercely, her mouth puffed, and her face flushed with anger.

After a while, Chen Feng suddenly touched a hard object on her waist, and a slight smile appeared at the corner of her mouth. He stretched out his hand, and then a mustard bag appeared in his hand.

Chen Feng opened the mustard bag and saw that there was a jade box inside.

Chen Feng nodded in satisfaction, put the mustard bag away, and then stretched out his hand to untie the sealed meridian on the yellow-shirt girl.

As soon as the meridians of the girl in the yellow shirt were untied, she immediately punched and kicked at Chen Feng, and rushed forward with her teeth and claws.

However, how could she be Chen Feng's opponent?

With a light palm by Chen Feng, he flew a few meters away.

However, Chen Feng didn't use any force, he pushed her out with a very strong and gentle force, and the girl in the yellow shirt did not suffer any harm.

After all, Chen Feng didn't want to really hurt her either.

The girl in the yellow shirt looked at Chen Feng and said angrily: "Are you still not a man? Touch me and \*\*\*\* things from other girls!"

Chen Feng said lightly: "I'm just getting my reward."

Talking, turned and left.

The girl stomped her feet severely and shouted, "What's your name?"

Chen Feng said lightly: "Chen Feng."

"Chen Feng, right? I remember you! You wait for me!" The girl in yellow shirt pointed at him and shouted arrogantly.

Chen Feng turned his head and smiled slightly.*novelusb.com*

At this time, the girl in the yellow shirt did not look fierce, but made people feel very cute and cute.

Chen Feng felt as if a little sister was acting like a baby to herself.

He laughed: "Okay, then I'll wait!"

With that, he left.

Seeing Chen Feng leaving, the girl in the yellow shirt stomped her feet severely, and then she looked at the people on the ground who were moaning in pain, and said angrily: "I blame you all, if it weren't for you, how could my spirit grass be affected by him? Snatch it?"

As she said, she drew her sword and stabbed these people on the ground to death one by one without mercy.

Those people begged hard, and she was not at all moved.

Chen Feng went out for a while, and Ziyue suddenly appeared on his shoulder, looked at Chen Feng, and said quietly:

"Oh, Chen Feng, it feels good to touch just now! How does the little girl feel?"

Chen Feng laughed, "Zi Yue, you are jealous."

Ziyue snorted: "I'm not jealous? Who will be jealous of you?"

Chen Feng explained with a smile: "Okay, Ziyue, don't worry, she is a young girl after all, how could I really touch her? It was just to scare him!"

Ziyue raised her chin proudly, and said with a snort: "It's pretty much the same, I forgive you for not dare."

The two laughed a little, and Chen Feng suddenly asked: "Zi Yue, why have you rarely appeared during this time?"

He was very puzzled. Ziyue shook his head and said, "I don't know what's going on. I always feel lazy, so I want to hide in the knife and don't want to come out."

Chen Feng doesn't know what the reason is?

Ziyue sat on his shoulder and yawned again and again, and suddenly said, "By the way, Chen Feng, the woman you met in the Eternal Blood Cavern is a bit weird."

"A bit weird?" Chen Feng frowned and asked, "What does this mean?"

Ziyue shook her head: "I don't know, I just feel that there is a very mysterious aura in her body, it seems that it is not just a human aura!"

"Not just humans?"

Chen Feng said in amazement.

Ziyue shook her head: "I don't know, but after all, just be careful."

Chen Feng nodded slowly, thoughtfully.

It was already the sixth day that Chen Feng entered the Jedi, and his mustard bag contained more than 30 low-grade spirit grasses.

Moreover, three days ago, he also obtained a middle-grade spirit grass from the woman in the yellow shirt.
