

Peerless 751

[Chapter 751: I can only draw a knife!](#)

The extremely hot temperature came, but Chen Feng didn't feel the intense pain like the previous few times, the pain he wanted to die, the pain made him feel unconscious all over.

Chen Feng opened his eyes and found that his body surface naturally emitted a violent silver-white light, isolating the heat.

Obviously, the golden body decides the sixth layer, and the silver body is great, which greatly increases his resistance to heat.

At this moment, Chen Feng shook his head slightly and took the initiative to disperse the golden body.

The golden body finally dissipated, and his face was distorted by the pain at the scorching temperature.

But Chen Feng stood firm through gritted teeth.

It's not that he can't reduce the pain, but Chen Feng doesn't want this.

Practicing Jinshenjue is not only a process of exercising the physical body, but also a process of exercising the spiritual will.

Chen Feng found that after practicing the Golden Body Judgment, not only had his endurance of heat greatly improved. The tolerance for pain has also increased several times, and the spirit and will have become more resilient!

I don't know how long it took, the blood in this blood pool became less and less.

Eventually dried up.

And Chen Feng sat in it, motionless.

On his body surface, the silver-white ray of light mastered, and then the silver-white ray became more and more intense, and finally it almost became the same substance.

And when the silver-white light reached its extreme point, it started to transform unexpectedly.

Slowly, a hint of dark gold appeared in the silver white.

In the end, all the silver-white light turned into dark gold.

At this time, Chen Feng's body was dark and heavy with dark gold, and his whole person was like an angry King Kong made of metal, looking extremely mighty and tyrannical.

He suddenly jumped into the air, and then fell heavily on the ground. After falling on the stone ground, he directly stepped on two huge stones into pieces, just like a metal giant falling on the ground.

A smile wafted from the corner of Chen Feng's mouth.

"My Dragon Elephant Fighting Heaven Technique has reached the fourth acupuncture point of the eighth floor of the Divine Door Realm! And my Golden Body Jue has broken through to the seventh floor, and the dark gold body is small!"

"Sure enough, as I expected, the record on the Golden Body Secret Book is indeed correct."

"After breaking through to the seventh layer, the defense has been greatly improved! Not only is it invulnerable, and the body is like a stone, but it can temporarily close the breath! Even if it is poisonous gas, you can stop breathing!"

"The effect of Feng Dongcheng's poison on me has been greatly reduced!"

Thinking of this, Chen Feng immediately went down the mountain, and then quickly left the Eternal Blood Cavern.

As soon as he left the eternal blood cave, Feng Dongcheng, who had been waiting cross-legged outside, raised his brows and sneered:

"I knew, you little **** can't stay in it forever, you really came out!"

"Haha, now that you come out, your time to die is coming!"

He immediately moved quickly in the direction where the breath came.

He was extremely fast, and wherever he passed, a green wind passed by, and all the grass on the ground was withered and turned into a piece of withered yellow!

On a piece of grass that passed by, a grass snake snaked by slowly. Just after swimming there, it suddenly stiffened and lay there dead!

It shows how strong the toxicity is!

Soon, Feng Dongcheng saw Chen Feng.

But to his surprise, Chen Feng stood there, as if waiting for him, neither evading nor fleeing.

Feng Dongcheng laughed: "Chen Feng, you little bastard, you have already accepted your fate, haven't you?"

"You know, no matter how you escape, you can't escape from the palm of my hand, so just wait for death here, right?"

He said this very firmly, as if it were the truth.

It seems that what he said is the truth.

Chen Feng smiled faintly, looked at him, and said slowly: "Are you so confident in yourself?"

"Of course, I am an outstanding young generation in the Danyang County branch of the Alchemist Association! My uncle Feng Deacon has trained me carefully since childhood!"

In fact, Chen Feng didn't know that Feng Dongcheng was bragging.

Among the younger generation of the Danyang County branch, he was not even ranked in the top 50, but his ability to refine poisons made people very jealous, and he was a little famous!

"My strength absolutely surpasses you. It is no problem to crush you with one hand!"

Feng Dongcheng laughed loudly.

Chen Feng sneered and said, "Then let's try."

Feng Dongcheng snorted and said, "Just now I hit you seriously with a palm. If you didn't escape fast, I would have captured you just now!"

A look of greed suddenly appeared in his eyes: "Unexpectedly, you, a little bunny, have a lot of secrets. You quickly tell me the specific entrance of the secret place you just hid."

"In that case, I can make you suffer less pain, and give you a few pills of my newly refined pill."

Chen Feng sneered and said, "It means I still want to thank you, right?"

"Of course!" Feng Dongcheng took it for granted and said with a superior attitude: "I am doing this for you a great favor!"

"It's a pity!" Chen Feng sneered, "I don't want a favor like you!"

"In the face of someone like you, I can only draw a knife!"

With that said, Ziyue Dao was unsheathed sharply.

Chen Feng held the Purple Moon Knife in his hand and rushed towards Feng Dongcheng in strides.

Feng Dongcheng laughed wildly: "What happened just now, did you forget it so soon? It's dead again!"

[Chapter 752: Humanoid tank!](#)

As he said, he threw three green pills.

These three green pills, in the air, turned into three green beetles.

These three green beetles have very bright red stripes on their bodies, which are obviously full of poison.

They opened their hideous mouthparts, screamed, and rushed towards Chen Feng.

There was a stench in the air.

Obviously, the three beetles are full of poisonous. *novelupdates.com*

Their speed is so fast that Chen Feng can't avoid it, and Chen Feng can't hit it at all!

Because they are constantly refracting rapidly in the air like lightning!

Feng Dongcheng laughed wildly: "Chen Feng, you can't avoid it at all!"

Chen Feng laughed coldly: "Hide? Why should I hide?"

He screamed: "Golden Body Jue!"

The seventh floor of the Golden Body Decision was launched suddenly!

The surface of Chen Feng's body immediately seemed to be coated with a layer of dark golden light, and the whole person was like a cast of gold and copper, looking extremely mighty.

Holding the Purple Moon Knife, he quickly rushed towards Feng Dongcheng.

The three cyan beetles slammed into Chen Feng's body, sticking out their slender fangs and piercing Chen Feng's skin.

But the next moment, they screamed.

Their fangs slammed into Chen Feng's body and broke directly, without piercing Chen Feng's body at all.

And because they slammed into Chen Feng too hard, one of them was smashed directly.

The other two were also confused.

Chen Feng laughed and slapped the two green beetles directly with a palm, splashing a piece of green juice.

Seeing this scene, Feng Dongcheng was full of disbelief: "How is it possible, how can you kid practice such a powerful exercise technique?"

"Ordinary body-building exercises can't stop the fangs of my three beetles at all, but you can actually shatter them?"

He could hardly believe this scene he saw.

But this is the fact!

At this time, Chen Feng was already rushing towards him like a moving tank.

Extremely fierce and fierce to the extreme!

Feng Dongcheng was still arrogant and laughed loudly: "Do you think that a few poisonous insects that can stop me can stop me?"

"Tell you, you are wishful thinking!"

As he said, he slid in front of Chen Feng and patted it out with a palm, with a nasty stench in the wind.

This is exactly the poisonous palm that caused Chen Feng to be seriously injured before and exhausted his toxins!

"Look at my five poisonous palms!" He roared loudly, taking five palms one after another, covering all parts of Chen Feng's body.

Just now, Chen Feng was only affected by the aftermath of a palm, and he was already seriously injured. At this time, he was facing five palms!

But at this time, Chen Feng was not afraid, he took a deep breath, his face became solemn, and he used the golden body to determine the seventh layer, sealing his eyes, ears, nose and mouth.

The seventh layer of Jinshenjue has an extraordinary effect, even sealing the pores.

On the surface of Chen Feng's body, the dark golden light suddenly triumphed, as if a ray of light circulated on his body, a bit more powerful than just now!

After Feng Dongcheng took these five palms, bang bang bang, all of them were shot firmly on Chen Feng.

But it didn't work at all!

It was like shooting a large piece of metal, making a sound of golden and iron humming, but Chen Feng did not suffer any harm at all, did not shake his figure, and still rushed forward.

Feng Dongcheng laughed wildly and said, "My five palms are not very powerful. The most important thing is the poison on them!"

"You are now being shot by my five palms. You are already poisoned. When I count down to three times, you are about to fall to the ground with poisonous attacks and convulsions all over."

"Three, two, one..."

He counted down, but his smile condensed on his face.

Because when he counted down to one, Chen Feng was still alive and wicked.

At this moment, Chen Feng pressed his lips tightly and had already reached him, and the Purple Moon Sword in his hand slashed out wildly.

Although he didn't make a sound, Wang Dongcheng seemed to hear a roar that went through the world.

In the next instant, the huge half-moon-shaped sword energy had already been cut in front of him.

Feng Dongcheng was full of panic, and quickly used a jade amulet.

A green mask appeared, blocking the knife, and he quickly drew back!

At this time, he looked at Chen Feng with a bit of suspicion and jealousy, and while retreating, he madly threw out various pills.

After the pills were thrown out, they either turned into poisonous insects or turned into arsenopyrite and other things, all shrouded towards Chen Feng.

Almost instantly, he threw hundreds of poisons.

Suddenly, countless poisonous insects flew in the air, and poisonous snake venom spiders ran around on the ground, all biting towards Chen Feng.

If it were an ordinary powerhouse of the same level as Chen Feng, it would be impossible to resist.

Even ten people of his level can't stop them, and will be bitten and poisoned to death.

But Chen Feng was not afraid, striding forward, as if he hadn't seen it at all.

Those poisonous insects bite him, not even a single bit.

Those venomous snakes and spiders, on his legs, crawling on his feet, trying to bite him, are completely useless.

When Chen Feng walked in this poisonous insect swarm, he suddenly shook his whole body. Some poisonous insects were directly killed by him, and those poisonous snake poisonous spiders were strode across by him, and they were directly turned into mud!

Feng Dongcheng kept retreating, and finally, he retreated to the edge of a cliff.

And he leaned into the mustard bag and solidified there.

[Chapter 753: kill!](#)

He put a lot of refined poison pills in the mustard bag, but by this time these poison pills had disappeared.

He looked at Chen Feng's gaze, and he was already a little more desperate, roaring wildly, and hitting five poisonous palms again.

Chen Feng's gaze revealed a touch of sarcasm, and he slashed it out, directly smashing the five poisonous palms, and then severely smashed Feng Dongcheng.

Feng Dongcheng spouted blood and wowed, he was beaten out for several tens of meters and fell heavily to the ground!

In fact, his strength itself is just that, one level higher than Chen Feng before entering the Eternal Blood Cave just now, but if he counts his poisoning skills, it is at least two levels higher than Chen Feng.

But now that Chen Feng's strength has improved greatly, and he has a way to restrain his poison, he has no way to take Chen Feng, and he is directly crushed by Chen Feng and severely injured.

Chen Feng walked up to him and said coldly, "You don't have any poison, what is it?"

With that said, Ziyue Island in his hand cut out to him!

Feng Dongcheng was full of horror, and shouted sharply: "You can't kill me, you dare not kill me!"

"I am the nephew of Deacon Feng of the Law Enforcement Hall. If you dare to kill me, Deacon Feng will never let you go! Even if you escape to the end of the world, he will hunt you down."

Chen Feng looked at him and said with a sneer: "Your pharmacist association would never let me go now. If you kill you one more, it's just being hunted down!"

Saying, cut it down with a single knife!

Feng Dongcheng was cut into two directly, and his broken body suddenly turned black, and then began to corrode rapidly.

In a blink of an eye, it disappeared completely.

It turned out that he was refining poison, and he himself was extremely poisoned. He had been suppressing it with various drugs before.

Now that the other person was dead, the power of the medicine disappeared, and the poison immediately corroded his body.

There was only a puddle of black water on the spot.

And Chen Feng saw that there was a mustard bag in the black water.

This is normal, the meson bag is difficult to be destroyed.

What surprised Chen Feng was that in addition to the mustard bag, there was a green jade pendant.

The green jade pendant is worn with white jade thread. The pattern on the jade pendant is a small medicine pot design, which does not look surprising.

But don't know what happened, Chen Feng felt that he had a special affinity with this jade pendant, just like something that he had long ago and lost later.

He felt that this jade pendant should be his own.

Chen Feng picked up the jade pendant, washed it, and then hung it around his neck very naturally.

He couldn't say anything special about this jade pendant, nor could he feel it.

However, Chen Feng felt that he should hang it here.

Then Chen Feng picked up the bag of mustard seeds and looked at a pool of black water on the ground, with a sneer: "What about the Poison Alchemist? Didn't he die under my hands?"

He laughed: "This time he entered the Eternal Blood Cavern, and his strength has greatly increased. Not only did he break through to the eighth floor, it was equivalent to the strength of other peak powers in the ninth floor, and he also became a golden body formula. Seventh level!"

Chen Feng didn't know what good things were in Feng Dongcheng's mustard bag, but he guessed that there must be a lot of good things in it.

Because this Feng Dongcheng is an alchemist.

Although it was only a first-grade, the alchemist was after all a pharmacist, and was absolutely different from ordinary warriors.

All pharmacists are very wealthy, far beyond the martial artist of the same level.

Ten warriors of the same level may not be worth the net worth of a pharmacist.

Chen Feng had already seen this from Ge Dan's mustard bag.

Gedan's mustard bag contains a huge amount of spirit stones and spirit grass, and there is also a beginner's book for the alchemist.

Of course, it's not a prescription, but some tricks.

It's a pity that Chen Feng can't control the fire, otherwise you can try it.

And those spirit stones have greatly helped him in his cultivation, and so are the spirit medicines.

This time Chen Feng broke through the seventh level of the Golden Body Judgment, and he used a considerable part of the spirit herb and elixir that Ge Dan provided him!

What's more, Feng Dongcheng and Ge Dan are not the same.

Feng Dongcheng said that he is the nephew of a senior deacon in the Danyang County branch of the Alchemist Association.

With this relationship, his net worth can only be richer than Ge Dan, absolutely impossible to be lower than Ge Dan!

But Chen Feng was not in a hurry to open the mustard bag. You can open the mustard bag anytime, anyway, it was in his hands.

He must seize the time, take advantage of the opportunity in the Jedi, and quickly get more food and elixir.

Chen Feng was frantically in the Jedi, searching for spiritual herbs and elixir.

Not to mention, perhaps because he entered the Jedi alone this time, the spirit grass and elixir are relatively abundant.

In less than a dozen breaths, he found a middle-grade spirit grass.

Chen Feng was very excited and immediately captured.

The middle-grade spirit grass, put it in the past, if he wants to capture it, he may have to spend some time.

But now, Chen Feng's strength was greatly improved, and the middle-grade spirit grass was shot out by him with a light palm, and it fell directly to the ground in shock.

Then Chen Feng stepped forward and caught him.

This middle-grade spirit grass had no power to fight back at all, and was immediately caught.

Then, Chen Feng glanced away and saw a blue light flashing hundreds of meters away.

Chen Feng swept away immediately, and then he let out a burst of surprise.

It turned out that a small piece of blue fluorescent grass grew in the place where the blue light converged.

[Chapter 754: Get rich!](#)

This kind of grass was the first low-grade spirit grass that Chen Feng came into contact with.

Back then, those people in the Palace of the Medicine King, for the sake of a Fluorescent Grass, they robbed their heads and broke their faces.

But at this moment, in front of Chen Feng, there was a small piece of blue fluorescent grass, which seemed to have at least dozens of plants.

Chen Feng did not move immediately, but looked to the side guardedly.

He knew that there must be a monster next to the spirit grass.

Especially with so many spirit grasses, there must be monsters guarding them.

Sure enough, Chen Feng had just moved, and suddenly a beast roar came from under the cliff next to him.

Then, a rhino-like monster that was more than three feet long rushed out and looked at Chen Feng with a fierce look.

This demon beast looked extremely ferocious, and it showed a fierce light toward Chen Feng and roared.

However, Chen Feng gave a slight click, and when he saw the monster beast, he relaxed.

This monster beast is not at all concerned by him, its strength is too bad.

Then, Chen Feng speeded up, slid directly in front of the rhinoceros, and blasted the rhinoceros into fragments with a punch.

A slight smile appeared at the corner of Chen Feng's mouth: "The strength is strong, it's that simple, just crush it!"

Chen Feng picked all the blue fluorescent grasses.

Next, Chen Feng was in the Jedi again, searching around.

It took two hours to find two middle-grade spirit grasses and more than sixty low-grade spirit grasses, and the harvest was great.

At this moment, Chen Feng felt a huge breath descend in the Jedi.

This breath is still approaching him constantly.

A smile appeared at the corner of Chen Feng's mouth, knowing that it was the woman in black who had come.

Sure enough, soon, the woman in black appeared in his sight.

Chen Feng was surprised to find that there was a trace of anxiety in the expression of the woman in black.

When she saw that Chen Feng was okay, a touch of anxiety disappeared on her face, and she sighed in relief.

She looked at Chen Feng and said slowly: "It's fine if you are fine."

"I left Broken Edge Peak because of something, but after a while, when I came back, I found that some outsiders had visited Broken Edge Peak."

"Then, I found a corpse, a disciple of our Broken Edge Peak. He died in a very miserable state. Before he died, he seemed to be very poisonous."

"Then I followed the trail all the way down, and found that the enemy who invaded Broken Blade Peak unexpectedly came to the Jedi. Fortunately, you are fine."

A warm current surged in Chen Feng's heart and smiled and said, "Thank you for your concern. Someone did come and killed me, but unfortunately, he was already killed by me."

"Did you kill?" The woman in black showed a look of surprise on her face.

Because she felt that that person was quite strong and should not be something Chen Feng could deal with, but she didn't expect to be killed by Chen Feng.

She looked at Chen Feng, looked at him carefully, and then a look of shock appeared on her face:

"Chen Feng, your strength has improved again!" Chen Feng smiled and nodded.

"Very good!" The woman in black smiled: "You really did not live up to my expectations."

The woman in black took Chen Feng back to Broken Blade.

After Chen Feng returned to Broken Blade Peak, he immediately entered his room, and then opened the mustard bag obtained from Feng Dongcheng.

After opening the mustard bag, Chen Feng was immediately shocked.

The biggest mustard bag that Chen Feng had obtained was only three meters long, three meters wide and three meters high.

Feng Dongcheng's mustard bag has a length, width and height of seven meters each, and its capacity is seven or eight times that of Chen Feng's original mustard bag. It is very huge!

Inside, it can simply accommodate a pavilion.

And Chen Feng also saw a lot of things inside.

The first is Lingshi, a huge amount of Lingshi.

Chen Feng estimated that there were at least 100,000 medium-grade spirit stones.

And in the corner, there are thousands of high-grade spirit stones stacked.

Seeing this scene, Chen Feng showed a smile at the corner of his mouth.

This is a fortune.

High-grade spiritual stones are easier to absorb than medium-grade spiritual stones, and more convenient to carry, and the degree of preciousness is naturally unmatched by medium-grade spiritual stones.

In addition, there are many jade boxes inside, which are hundreds of them.

When Chen Feng opened it, he found that each jade box contained a blind elixir or spiritual herb, which was quite rare.

The herbs that can enter Feng Dongcheng's pharmacist's eyes are naturally not ordinary, and the worst is also the best among the low-grade herbs.

Besides the jade box, Chen Feng found that he had several huge medicine shelves in it.

On these medicine shelves, there are wooden boxes.

These wooden boxes were sealed, and some talismans were posted on them.

On the Fulu, there are various weird patterns painted, which are eerie and terrifying, which makes people feel cold when they see it, giving people a very strange feeling.

Chen Feng frowned, and suddenly remembered that Feng Dongcheng is not only a pharmacist, but also a branch of pharmacists, poison pharmacist!

The stuff in these weird wooden boxes should be the materials he used to refine the medicine.

Chen Feng opened it and saw it as expected.

He opened a box casually, and found that there were five huge black spiders lying inside, all with red and green stripes.

As soon as he opened it, he smelled an irritating sweet scent.

Chen Feng didn't know what level of monster it was, but he knew it was very poisonous.

After seeing Chen Fengfeng, these spiders were motionless lazily.

Chen Feng shook his head slightly, then buckled and sealed the box and put it back.

[Chapter 755: Something happened to Yue Linglong!](#)

He doesn't know how to use these things now, so let's keep them!

When Chen Feng's gaze swept toward the corner, his eyes suddenly lit up.

It turned out that there was a small tripod in the corner.

The small tripod is not big, about two feet high and about one and a half feet in diameter.

It's impossible for Chen Feng to sit in. Obviously, this is a small medicine cauldron, not a body exercise technique!

This tripod does not look like a metal casting, but like a wooden one, with a pale green light glowing throughout.

Outside, there is a green light circulating, which is very magical.

Chen Feng smiled slightly: "I saw another good thing."

In this way, he sorted out everything in Feng Dongcheng's mustard bag.

Next, Chen Feng concentrated on practicing to consolidate his strength.

He had just broken through the seventh floor of the Golden Body Jue and the eighth floor of the Divine Gate Realm, and he was still very unstable.

Two days later, Chen Feng left Broken Edge Peak.

Because today is the time he and Wei Hongxiu agreed.

Today, a group of them will set off to perform that task.

After Chen Feng arrived at Tongtian Peak, he didn't go to meet Wei Hongxiu first.

He came early, and now there is half an hour before the round.

Chen Feng first went to the courtyard where the Medicine King Palace was located.

Because Wei Hongxiu told him that it might take a long time to go out to perform the task this time, and he would also leave Ziyang Sword Field.

Therefore, Chen Feng planned to explain to Yue Linglong first, lest Yue Linglong cannot find herself when something happens, and worry in her heart.

Chen Feng went straight to the Medicine King Palace, but after arriving at the Medicine King Palace, Chen Feng frowned.

Because he saw that the gate of the Medicine King Palace was open, not being opened, but being kicked open.

Two gates fell in the yard, the door panels were smashed, and a lot of things were thrown in the yard.

The window frames of the house were smashed, and there were blood stains on the ground!

But in the Palace of Medicine King, there is no one!

Chen Feng suddenly felt tight.

Because he knew that Yue Linglong was very up and down with Yaowang Palace, and basically stayed here.

But at this time, there was no one here, not even the others, Chen Feng was as anxious as an ant on a hot pot, anxious!

At this moment, Chen Feng suddenly heard a slight noise.

He immediately shouted: "Someone is hiding there!"

He rushed to the direction of the sound, blasted out with a palm, and directly swept out the pile of debris there.

Then, Chen Feng saw a person hiding behind the pile of debris, shivering.

Looking at Chen Feng, his face was full of fear.

And when she saw Chen Feng's appearance clearly, her face was filled with joy, and she exclaimed, "Chen Feng!"

Chen Feng saw that this person was a bit familiar. He was a subordinate of Yue Linglong and a member of the Palace of Medicine King!

Chen Feng immediately asked anxiously: "What happened to the Medicine King Palace? How did it become like this? Where did Yue Linglong go?"

When Chen Feng mentioned this, the girl's eyes blushed immediately, and she said anxiously:

"Chen Feng, go and save Sister Linglong, and Sister Wu, they were also taken away together!"

"What? They were taken away?"

Chen Feng's eyes became cold and stern: "Who did they take away? Who did this?"

"Don't worry, settle down and tell me carefully."

After listening to Chen Feng's words, the girl felt calm, took a deep breath, calmed down, and said:

"This thing was done by the Beast Gang."

"The leader of the Beast Gang, molested Sister Yue, asking Sister Yue to follow him in the future, but Sister Yue sternly refused."

"As a result, he felt that he had lost face, so he brought someone to the door directly and snatched sister Jiang Yue and several other sisters."

"I saw the opportunity quickly, hiding here without being noticed by them."

When Chen Feng heard this, he was furious, slammed a fist on the ground, and sternly cursed: "It's just looking for death, among the sect, how dare you rob!"

"Beast Beast Gang, wait! I can't spare you!"

Chen Feng told her: "Go back to your main peak first, stay honestly, don't stay here for now, lest you get any trouble."

"As for those trifles of the Beast Gang!"

When Chen Feng said this, his eyes showed fierce murderous intent: "The people of the Beast Gang, how dare to treat my Medicine King Palace like this!"

"To dare to **** Senior Sister Yue away, and ask Senior Sister Yue to marry their gang leader, it is simply bold!"

"Zongmen don't care, I'll take care of them!"

Chen Feng roared: "Those people of the Beast Gang, I must make them pay!"

The woman nodded and left quickly.

And Chen Feng took a deep breath and walked out of the Palace of Medicine King.

He took a big step and walked towards the location of the Beast Gang.

At this time, there were already some people gathered outside the Medicine King Palace.

The Yaowang Palace was smashed and Yue Linglong and others were snatched away, just a few hours ago.

There was a lot of noise at the time, and they were all disturbed. It's just that the Beast Gang is so powerful that no one dares to control it.

However, there are some well-informed people who know a little bit. There is a very powerful person in the Palace of Medicine King, named Chen Feng, who is not here today.

They saw Chen Feng coming out of the Medicine King Hall, striding towards the position of the Beast Gang, with murderous expressions on their faces, and they were all whispering immediately.

[Chapter 756: Kill the Tiger Gang!](#)

"Is this person Chen Feng?"

"Yes, I met him before, it was him."

"I heard that he is strong, even Hua Junyan is not his opponent. After entering the Ziyang sword field, he has a little reputation."

"Yes, I heard that he won several games in a row."

"Haha, there is a good show to watch now."

"When he was not there, the Beast Gang bullied the Yaowang Palace so much. Now Chen Feng will definitely not let it go!"

"Go, watch the show!"

Many people followed Chen Feng and walked towards the position of the Beast Gang.

The Beast Gang is located to the west and is a very large house.

The gate tower is ten feet high, and the courtyard wall is five feet high. The tall gate is very impressive, and it is ten times larger than the Medicine King Palace!

Chen Feng strode towards the gate of the Beast Gang.

At the gate of the Beast Gang, two or three warriors stood.

When they saw Chen Feng strode in, they immediately stepped forward, holding their arms and standing there.

Then he looked at Chen Feng very arrogantly, and said with disdain: "Where is the little bastard? Get out! Don't get in the way at the door!"

"This is the gang of beasts, idlers, etc., no entry!"

Their attitude was very arrogant. They looked down at Chen Feng and didn't put him in their eyes.

Chen Feng looked at them, and didn't say anything.

One of the brawny men stepped up impatiently and shouted violently: "Let you go, didn't you hear?"

"Have your ears stuffed with donkey hair? Now I count three times and give you three breaths. If you don't disappear from us, I will catch you directly, interrupt my hands and feet, and throw it into the backyard to feed the monster, Do you believe it or not?"

Hearing what he said, everyone else laughed.

One of them looked at Chen Feng and laughed and said, "Our third brother Zhang always counts."

"Tell you, boy, if you don't disappear in front of us within three seconds, Brother Zhang will do what you say!"

At this time, there was already a person next to him who started counting with a joking expression. He stretched out three fingers: "Three, two..."

Chen Feng stood there, still silent.

The big man named Zhang Sange heard that the number of people next to him reached one, he immediately twisted his fists, and there was a burst of noise all over his body.

Then, he came to Chen Feng and punched him hard.

He roared with a stern face: "Boy, you are looking for death, then don't blame me!"

Chen Feng sneered and said, "Really?"

He also slammed a punch, and the two fists hit together.

This big man named Zhang Sange was directly blown out more than ten meters away, slammed heavily on the gate, and made a loud bang.

A very conspicuous blood stain immediately appeared on the door.

The bones of Zhang Sange who were directly shocked were shattered, and countless wounds burst out on his body, blood gushing out.

He unexpectedly posted on the gate for a short time for a second. Obviously, it was because Chen Feng's strength was so great that he almost smashed his body, so he could stick it.

Then, like a smashed snake, he slipped slowly from above, fell to the ground, and groaned in pain!

Seeing this scene, the few people guarding the door were all shocked, with a look of disbelief on their faces, looking at Chen Feng in shock, with a little fear in their eyes.

One of them yelled in disbelief: "How is it possible? Brother Zhang is the seventh strongest in the Divine Sect Realm!"

"What about the strong in the seventh floor?" Chen Feng smiled faintly: "Under my hands, it's just like an ant!"

With that, he walked forward again.

Seeing him walking forward, the few people at the door stepped back and looked at Chen Feng with fear.

This third brother Zhang, who was the strongest among them, was blown away by Chen Feng with a punch and was seriously injured, which made them very scared.

When Chen Feng walked forward, they walked back until they reached the gate.

At this time, someone suddenly shouted: "Brothers, we are standing together, I don't believe it, if we are together, he can easily defeat us!"

"This little **** is definitely not our opponents joining hands!"

As he said, this man pulled out the knife from his waist, shouted in his mouth, and slashed towards Chen Feng.

With him taking the lead, the other people became more courageous and pulled out their weapons one after another to kill Chen Feng!

A sarcastic smile appeared at the corner of Chen Feng's mouth: "Yes, I can't defeat you! I will only kill you!"

As soon as he punched out, his fist hit the knife, and there was a sound of gold and iron.

It was as if his fist was made of metal.

Then in the next instant, the broad knife that was one and a half meters long and completely cast from top-grade metal was directly beaten to pieces by Chen Feng and flew out.

And Chen Feng's fist is completely safe and sound!

When you hit the metal with your body, it turned out that the metal shattered, and the body was safe!

It can be seen that Chen Feng's physical strength has reached due to the practice of the golden body!

And after Chen Feng's fist smashed his broad sword, it didn't stop at all, and it hit his chest again.

A loud bang directly slammed him against the wall and was seriously injured.

Then Chen Feng kicked the other person into the air and fisted out with double punches, and rolled the other three people to the ground at the same time, vomiting blood, like a gourd!

[Chapter 757: Kill one person in one step](#)

In a blink of an eye, standing at the door with five people, they were beaten horribly by Chen Feng and completely lost their combat effectiveness.

At this time, many people were already surrounded outside the house where the Beast Gang was located.

Seeing this scene, their faces were all shocked.

"This Chen Feng is so strong!"

"Of these five people, the weakest one is also the seventh building in the Divine Sect Realm!"

"And these five people weren't Chen Feng's one-handed enemy at all, they were all cleaned up by Chen Feng with punches and kicks. They beat them so miserably!"

"Huh, this doesn't mean anything. These people are not masters in the Beast Gang. There are even more powerful people in the Beast Gang, especially their leader, who is very powerful. Chen Feng is definitely not his opponent. ."

A person coldly snorts disdainfully, looking at Chen Feng.

"There is a good show here. Chen Feng is the most popular among the newcomers who have recently entered Ziyang Sword Field."

"The Beast Gang is a powerful old club, haha, now you can see who is strong and who is weak!"

"Let me see, no matter how strong Chen Feng is, he cannot be an opponent of the Beast Gang. There are as many as fifty or sixty members of the Beast Gang!"

"Yes, and don't forget, there is such a powerful existence behind the Beast Gang. If Chen Feng really dared to offend the Beast Gang, that existence will not spare him!"

Those who heard this nodded in agreement.

Many people's faces are full of fear and fear.

Obviously, everyone is very afraid of the existence behind the Beast Gang, even fearful.

Chen Feng glanced at the few people who fell on the ground and moaned in pain, sneered, and kicked directly on the gate of the courtyard.

With a loud bang, the two doors flew out and fell heavily to the ground.

Then Chen Feng strode in.

At this time in the yard, there were many members of the Beast Gang.

When they heard the movement outside, they were about to go out to check, suddenly the door flew over, and immediately smashed the two unsuspecting gangsters to the ground.**novelusb.com**

When other people saw this scene, their faces were full of anger.

One of them sternly shouted at Chen Feng: "Where is the little bunny? How dare to come to my beasts to help the wild beasts, I really don't know how to die!"

Chen Feng stared at him and said coldly: "Yue Linglong, where are the few people you snatched from the Medicine King Palace?"

Upon hearing Chen Feng's words, this person immediately understood the purpose of Chen Feng's arrival.

He laughed wildly: "So you're looking for those **** Yue Linglong?"

"Haha, let me tell you, those little bitches, now I'm afraid they have been played by our helper, and they are now in our helper's bed!"

After speaking, he made a lewd laugh and looked at Chen Feng with a joking expression on his face:

"You still want the hero to save the United States, haha, it's a pity! You little **** came late, I'm afraid that the few women are now in ruins!"

The others laughed wildly, looking at Chen Feng with disdain.

One of them said, "Liu, let's stop talking nonsense with him, grab him and throw him in front of the young master's bed, haha!"

Another person looked at Chen Feng with a wild smile: "I think this kid has an anxious face. It should be an adulterous affair with a woman in him. Just let him kneel there and watch us help the Lord clean up those girls."

The head Liu laughed loudly: "This is a great idea. It makes him kneel there and have to look at it. He feels uncomfortable to death, but at the same time he is helpless, hahahaha!"

In Chen Feng's gaze, Li's color flashed: "I'm looking for death!"

Then, he started with a startling step, and instantly crossed a distance of several meters, reaching the extreme speed, came to Liu Tou'er, and hit him with a punch.

Head Liu didn't expect Chen Feng to be so fast, so he hurriedly reached out to resist, but it was too late.

Chen Feng's fist hit his chest directly.

This time, Chen Feng was really angry and used ten percent of his strength, not just a third of his strength like outside.

Then, only a loud bang was heard, and the person's body exploded into more than a dozen pieces, and the sky was flooded with blood, and the corpses scattered everywhere!

Seeing this scene, the others were so shocked that they backed away, with horror on their faces.

They didn't put Chen Feng in their eyes, but they didn't expect Chen Feng to be so powerful.

With just one move, one move, Liu Tou'er, the most powerful among them, was blown into pieces in the sky with a punch, with no bones left!

A cold smile appeared on Chen Feng's face, and he killed them.

All the people who stood in front of Chen Feng were killed by Chen Feng with one punch.

Kill one person in one step!

In a blink of an eye, kill more than ten enemies!

Among them are the few people who just spoke badly.

When the others saw this scene, they were so scared that they hid in the corner of the courtyard, never daring to stand in front of Chen Feng.

Chen Feng didn't go after him, his top priority now is to rescue Yue Linglong and others.

He doesn't want to waste time here.

Chen Feng strode into the inner courtyard.

As soon as he entered the inner courtyard, he saw a young man in Tsing Yi standing at the end of the inner courtyard, at the entrance of the main hall.

At this time, the Tsing Yi youth stared at Chen Feng and said with a disdainful face: "You trash, are you a fish that slipped through the net of the Palace of Medicine King?"

"Haha, you're lucky, you didn't get caught by us, so you dared to come by yourself, it's just looking for death!"

[Chapter 758: Three punches!](#)

Chen Feng stared at him and said coldly: "Are you the leader of the Beast Gang?"

"Helper? Haha, do you still want to see our helper?" There was a wicked smile on this man's face, and he laughed:

"The helper is now busy cleaning up Yue Linglong and the others on the bed? But there is no time to take care of you! And..."

He looked at Chen Feng with a condescending attitude, and said proudly: "There is no need to help the initiative at all, I can clean up with a shot."

"How can you trouble him with such a noble status as the helper?"

Chen Feng looked at him and said coldly: "Since you are not, then get out of me!"

With that, Chen Feng took a big step and walked forward.

As he walked, his body was glowing with dark golden light.

This ray of light grew thicker and thicker. In the end, it was almost solidified, flowing around Chen Feng's body, very thick and solid.

Chen Feng is like an angry King Kong, and every time he takes a step forward, his momentum rises by one point.

When I walked to the entrance of the main hall, he had almost climbed to the extreme.

Seeing this scene, the young man in Tsing Yi showed a look of shock on his face.

Just as he was about to say something, Chen Feng already screamed: "Go to hell!"

Both fists slammed out, Long Xiang for nine days!

With a loud bang, several giant dragons flew out, the young man in Tsing Yi shouted, his long sword pierced out, and hundreds of swords instantly pierced out, trying to resist.

The giant dragon exploded in an instant, and hundreds of swords of this young man pierced the giant dragon, canceling out most of the explosion.

But a half of the aftermath still affected him, and he was directly shaken out and hit the hall heavily.

Then, Chen Feng walked up to him and threw a punch.

He hurriedly stretched out his sword to greet him, and with a loud bang, the sword was directly shattered.

Chen Feng was also shocked so that his body leaned back slightly.

Then Chen Feng punched again!

This time, he didn't have a long sword, so he had to stretch out his fists to resist, but was blasted out again, spurting blood!

Then Chen Feng stepped forward and punched again!

This time, there was a look of horror in his eyes. Knowing that he was definitely not Chen Feng's opponent, he turned around and wanted to escape.

Chen Feng sneered: "Want to run? Can you run?"

When he made a mistake, Jinghongbu launched in an instant, extremely fast, chasing behind him, and punching out again.

This punch directly beat him into a piece of minced meat!

Shatter weapons with one punch!

Two punches were seriously injured!

Three punches directly kill!

Seeing this scene, everyone behind Chen Feng exclaimed.

"Oh my God, what did I see? That is the strong man in the eighth floor of the Divine Sect Realm? He was suddenly killed by Chen Feng with three punches!"

"Chen Feng is too powerful, this is incredible. Just now, that person was the number one master in the Beast Gang except for the leader! I didn't expect to be so vulnerable in front of Chen Feng."

"Chen Feng is so courageous. He even dared to kill people in the Beast Gang, and he killed so many. Isn't he afraid that the people behind the Beast Gang will trouble him?"

"Haha, people are so strong, so don't worry about this."

"Shit!" The person who raised the question just now sneered disdainfully, "Even if he is strong, he is just an ant in front of that existence!"

This person continued to look down on Chen Feng, very disdainful.

Chen Feng couldn't hear what they said at all, and even if he heard it, he wouldn't care about it.

He stepped forward, kicked the door open with a loud bang.

After entering, it is a hall.

In the side room of the next hall, there was a scream of a woman.

Chen Feng listened, feeling tight, and hurried over.

After kicking the door open, the scene inside suddenly made his eyes cracked, his eyes flushed, and his murderous intent rose to the sky.

Inside, it is an extremely gorgeous bedroom. The big bed is five or six meters in circumference, which is huge enough to accommodate a dozen people.

There are tassels, gold, gems, etc. everywhere in the house, and the decorations are very gorgeous.

At this time, on the big bed, Yue Linglong and several people were thrown on it.

They couldn't move a single movement, and they were obviously blocked by meridians.

And a fat man with a naked torso was smiling obscenely beside the big bed, looking at them, and he smiled: "Little beauty, little beauty, don't worry, brother, I am here!"

What made Chen Feng a little relieved was that Yue Linglong still had several women with messy tops, but they were still intact.

Obviously, this fat man has not started yet.

Chen Feng screamed: "Get away!"

When Yue Linglong and others saw Chen Feng, they all cheered in surprise.

Yue Linglong shouted, "Chen Feng, are you here?"

They can't move, but they can talk.

The reason why the boss of the Beast Gang did this is to appreciate the sad screams and sorrows they made later.

The person heard the voice, turned around and looked at Chen Feng.

Chen Feng saw that he was tall and full of fat on his body, but it made people feel weird. Among these fat, it gave Chen Feng a feeling that there seemed to be a powerful force hidden inside.

There is a huge tiger head tattooed on his chest, and the eyes of the tiger head are blood red.

Seeing Chen Feng, there seemed to be a flash of red light in the tiger's head, which looked very strange and vicious.

Looking at Chen Feng, the fat man was full of boredom, very domineering, and said with a hint of impatience: "Who are you?"

"Didn't you see that the gang leader is about to do something good? Get out of me!"

"Otherwise, this gang leader will kill someone!"

[Chapter 759: Are you scared?](#)

Chen Feng looked at him with an extremely cold expression: "Are you the leader of the Beast Gang?"

"Yes!" He straightened his chest and said proudly: "I am Tang Yinghao, the leader of the Beast Gang!"

He stared at Chen Fengfeng and said coldly, "You little bastard, dare to break into my bedroom, do you know that your life is no longer yours?"

"As long as I want to take it away, I can take it away anytime!"

"But..." He laughed loudly: "I am in a good mood today. I have a few fresh girls and I haven't gotten started yet!"

"If you leave now, I will spare you my life."

"After all, to solve you, although it is easy, it will take me a little time. I just want to have a good time with these girls, but I have no time to take care of you."

Chen Feng sneered: "It seems that you spared my life, or are you a great favor to me?"

Tang Yinghao said of course: "Of course, you don't know how to praise!"

Chen Feng sneered: "Unfortunately, I won't know how to praise today!"

His face became cold and stern: "You dare to hit the Yaowang Palace, you dare to rob Yue Linglong, I will never spare you!"

"Haha, it turns out that your kid is here to save the beauty!" Tang Yinghao seemed to be the beauty in front. The brain is a little slow, and it only reacts now.

He laughed wildly: "No wonder, you know each other!"

"Ah, I see, you should be Chen Feng from the Medicine King Palace!"

"Haha, you little bastard, when we killed the Palace of Medicine King just now, you were lucky to be absent. If you want to be there, I will kill you with a single knife!"

"But I didn't expect that you would send it to your door to die!"

He shouted loudly: "Old Xu, Old Xu, get me in quickly and kill this little bunny!"

He yelled twice, but no one answered at all.

Chen Feng said lightly: "It's useless to call people, I have already killed those people!"

"You little bastard, you are so arrogant, so brave, you dare to kill our gang of beasts, and dare to kill my people?"

Chen Feng sneered: "It seems that you first entered the Palace of Medicine King and bullied us first."

"So what?" Tang Yinghao said extremely domineering: "We want to bully you, you can only take it if you want it!"

"But you, absolutely can't resist!" Chen Feng sneered: "I resisted, so what?"

Tang Yinghao laughed and said, "Then I will kill you!"

As he said, he punched out hard, with an astonishing momentum.

As soon as he shot, he had the strength of the ninth building in the Divine Sect Realm!

After the punch was blasted, there was a flash of lightning in the gap.

Although the lightning was small, it was two or three feet long, and it slammed into Chen Feng.

At this time, there was a thunder in the sky, and lightning was brewing.

Chen Feng couldn't help being surprised.

"Tang Yinghao is already the powerhouse of the ninth building in the Divine Sect Realm, and he is truly a powerhouse outside the world. A punch that can arouse the forces of nature and drive the power of the world!"

Tang Yinghao screamed: "Look at my lightning punch!"

His speed is extremely fast, and his seemingly bloated body is actually extremely agile, hitting hundreds of punches in succession.

Every punch is a flash of lightning!

After hundreds of punches were punched, dense yellow lightning instantly filled the entire room, covering Chen Feng's whole body, and blasting toward him fiercely.

And above the sky, dark clouds are densely covered, thunder is faint, and the momentum is terrifying.

The people outside the house, although they couldn't see the scene inside, were shocked.

"I have long heard that Tang Yinghao, the leader of the Beast Gang, is an expert from the outside world, and it really shocked people when he shot at this time!"

"He should have used his true strength, I guess it should be a thunder and lightning type of martial arts!"

Just now I saw the bad Chen Feng man gloating, haha laughed: "Chen Feng is over this time, no matter how strong he is, how can he be an opponent of a master in the world?"

"At this time, I'm afraid it will be directly chopped into coke!"

"That's not necessarily!" someone next to him said dissatisfied: "Chen Feng didn't use his full strength just now. No one knows what his true strength is!"

The person who looked down on Chen Feng before coldly snorted and said with disdain: "Wait and see, Chen Feng will be chopped into a pile of coke and thrown out!"

There was a bit of resentment in his eyes, and he obviously had a deep hatred for Chen Feng.

If Chen Feng was here at this time, he would be able to recognize that this person was one of the people expelled from the Medicine King Palace by him, and he had an arm abolished.

At this moment, in the bedroom, Yue Linglong and others exclaimed when they saw this scene.

There were two women with a look of despair on their faces, closing their eyes and dared not look again.

In their eyes, Chen Feng would absolutely not be able to block this move, and would be directly hacked to death.

But Yue Linglong's eyes widened and she was extremely firm.

She is full of confidence in Chen Feng and believes that Chen Feng can definitely do it!

Tang Yinghao laughed wildly: "Yue Linglong, see clearly, is this your savior? This is the person you have been looking forward to to save you, isn't it?"

"Haha, let me tell you, under my lightning fist, he can't stop a single move! He will be cleaved into coke!"

A sarcastic smile appeared at the corner of Chen Feng's mouth, and he said lightly, "Really?"

He turned his golden body to determine the seventh layer, the dark golden light on the surface of his body circulated, standing there motionless!

Seeing this scene, Tang Yinghao thought he was scared silly, and laughed: "Little bunny, you are so scared that you can't move, are you?"

[Chapter 760: Devil tiger transforms!](#)

Then the next moment, he opened his eyes and mouth wide, unable to believe what he was seeing.

He exclaimed, "How is it possible?"

I saw countless lightning strikes at Chen Feng, and after falling on Chen Feng, there was a babbling sound.

Chen Feng's body surface, electric and light flowed, but he was completely safe.

After these electric lights hit him, it was impossible to break his defense.

The dark golden light on Chen Feng's body is extremely thick, and the whole person is like a glaring King Kong.

Lightning struck him instantly, but Chen Feng was unscathed at all.

Not even a single hair was hurt!

Seeing this scene, Yue Linglong and the others were relieved and let out a burst of cheers.

Yue Linglong even shouted: "Chen Feng, sure enough, I did not misunderstand you! You can do it! You must be able to kill this **** surnamed Tang."

Chen Feng stared at Tang Yinghao, with a murderous flash in his eyes: "What other means is there for someone surnamed Tang? Just use it!"

Tang Yinghao was shocked at first, and then the shocked expression turned into a hideous look, and said coldly:

"Chen Feng, do you think this is my most powerful method? Tell you, no!"

"If I really use my full strength, I can still easily kill you!"

Chen Feng sneered: "Then try!"

Tang Yinghao roared, and the tiger head on his chest suddenly seemed to be alive. The tiger roared like a real tiger, with its fangs exposed.

Then in the next instant, a huge tiger Wuhun appeared behind Tang Yinghao.

This tiger martial spirit, completely dark, with blood red eyes, is a demon tiger with a strong devilish energy radiating from his body!

Mohu stared at Chen Feng with blood red eyes.

Then after Tang Yinghao shouted a few times, the Demon Tiger roared and suddenly entered into Tang Yinghao's body.

In the next moment, Tang Yinghao's skin color became dark, and his palms and soles were growing sharp claws.

Tiger-like ripples also appeared on his face, and the fat on the surface of his body disappeared and turned into a strong muscle with extremely hideous lines.

The whole person is like a huge humanoid tiger!

In Tang Yinghao's throat, he let out a triumphant cold snort: "This is my devilish transformation!"

"My monster beast, but the monster beast in the middle of the eighth floor of the Divine Sect realm, the strength is comparable to the powerhouse of the ninth floor!"

"He is attached to me. After I transform into a demon tiger, I can have all his power, speed, and powerful tearing ability!"

"Boy, die!"

As he said, he roared and turned into a black whirlwind, rushing directly in front of Chen Feng.

Chen Feng's eyes condensed slightly, his speed is no less than shocking.

The devil tiger turned into a powerful one!

Then, in the depths of Tang Yinghao's paw fan-sized claws, the sharp claws showed cold light, and they looked extremely sharp, and they grabbed Chen Feng fiercely.

Chen Feng deliberately wanted to try the resistance of the seventh layer of the Golden Body Judgment, without evasive, let him catch on himself.

There was a loud bang of gold and iron.

His claws caught Chen Feng's body about half an inch deep.

A blood stain appeared on the surface of Chen Feng's body.

Very large, but not deep.

A smile appeared at the corner of Chen Feng's mouth, and the seventh layer of the Golden Body Jue was really strong, even after Tang Yinghao transformed himself, he could only cause a little skin trauma to himself.

And Tang Yinghao was shaken to the roots of his claws with bloodshot eyes. He felt like he was caught on a huge piece of metal, not like a human body at all.

He shouted in surprise: "How is it possible?"

"Absolutely impossible! Since I became a Demon Tiger Transformation, I have been invincible."

"As long as I use this trick, even the powerhouse of the ninth floor of the Divine Door Realm will be easily defeated by me and torn into pieces!"

"And at this time, it has no effect on you? How is it possible?"

His face was shocked, and there was a touch of fear!

Chen Feng laughed: "Tang Yinghao, it's my turn now."

Then, he hit Tang Yinghao's chin with a punch.

Tang Yinghao let out a scream and spurted a mouthful of blood. His whole head was beaten up, flew out more than ten meters, and hit the gate hard.

The gate was smashed through, and Tang Yinghao flew out and landed in the yard.

His neck is also a bit twisted.

In the next instant, Chen Feng teleported to him with a shocking step, and punched him in the stomach again.

At this moment, he curled up directly, blood mixed with internal organ fragments sprayed out, and his body was bent like a big shrimp man.

Chen Feng made three fierce punches again, hitting him one after another, directly smashing his whole bones to pieces, and the whole figure collapsed to the ground like a pool of rotten flesh.

The demon tiger possessing Tang Yinghao's body was directly blasted out by Chen Feng, and with a whine, it turned into a black air and disappeared!

At this time, the people in the yard were watching the excitement.

Suddenly, Tang Yinghao flew out and saw the scene.

They were all shocked and shocked.

What a powerful force is this? It was incredible to be able to blast the martial soul out of the body directly!

And the person who just said that Chen Feng was slapped in the face, his face flushed and embarrassed.

He felt full of humiliation, and felt that everyone around him looked at him with mockery and disdain.
