

Peerless 761

[Chapter 761: I dare not kill you?](#)

Every fist of Chen Feng is as heavy as a mountain and extremely powerful.

Every time, it seemed to make the earth tremble, and the yard trembled!

Tang Yinghao had been beaten into a pool of rotten flesh by him, and only a breath was left, and he was bloody.

However, he stared at Chen Feng, his eyes still showing arrogance, and howled: "Chen Feng, you absolutely dare not kill me!"

"If you kill me, my father will never spare you!" Chen Feng sneered and said, "Really?"

Tang Yinghao is very arrogant and arrogant: "Do you know that my father is the elder who guards Monster Beast Fang City by the sect, and is one of the elders of the outer door!"

"Among the elders of the Outer Sect, there are even more powerful people. If you dare to kill me, my father will definitely let you survive and die!"

Chen Feng frowned, unexpectedly he had such a background.

No wonder the Beast Gang is so unscrupulous.

"Haha, are you scared?" Seeing Chen Feng's expression, Tang Yinghao shouted arrogantly:

"Now you kneel down and kowtow to me, then abolish an arm or a leg, and sign the contract. Immortal be my slave, driven by me, I can spare your life!"

Chen Feng looked at him with a look of pity in his eyes: "This person, really does not live or die!"

Seeing Chen Feng not speaking, Tang Yinghao roared impatiently: "What are you doing in a daze? Are you stupid?"

"My patience is limited, hurry up, come and kowtow to me!"

Chen Feng shook his head, walked to him, smiled lightly: "Do you think I dare not kill you?"

The Ziyue Knife in his hand was pulled out, and with a light wave, he cut off his left arm directly, and Tang Yinghao screamed like a pig in pain.

All bones are broken, for him, it is not a big problem, it can still be cured.

But if the arm is cut off, it will be difficult to connect it back, almost impossible.

Then Chen Feng smiled and asked again: "Do you think I dare not kill you?"

With another stab, he also cut off his right arm.

Then, Chen Feng smiled and asked, "Do you think I dare not kill you?"

The third cut cut off his left leg.

Chen Feng's smile became brighter: "You still think I dare not kill you, don't you?"

The fourth knife cut off his right leg!

Tang Yinghao screamed in pain, terribly.

A look of fear appeared on his face even more.

At this time, he finally realized that Chen Feng absolutely dared to kill him!

Chen Feng smiled again. At this moment, the smile on his face was like a devil. Tang Yinghao said in horror: "You? What else are you doing?"

Chen Feng smiled and said, "Do you think I dare not kill you?"

With a light kick, he directly smashed his dantian and completely abolished his cultivation!

At this time, Tang Yinghao had no idea of revenge at all. He had only one thought: "Just escape quickly!"

He shouted sternly: "You dare, you dare, you dare to kill me! I'm convinced! Please, don't kill me, spare my life!"

Chen Feng smiled: "Unfortunately, I begged for mercy now, it's too late!"

With that, Chen Feng's Ziyue Knife gently swung out, and a human head flew into the sky.

Seeing this scene, everyone was stunned, and their faces were full of disbelief.

In an instant, the courtyard was quiet for a while, and then the next moment there was a loud voice of discussion.

"What? Chen Feng actually killed Tang Yinghao? He was so bold!"

"Tang Yinghao's father, but the elder guarding Monster Beast Square!"

"Chen Feng is really powerful, so proud, so courageous, so he is not afraid of offending!"

"Oh, what a pity." Someone sighed, "Chen Feng is still too impulsive. He is definitely not that elder's opponent."

"If that person were to kill him, Chen Feng would never survive, he was too impulsive."

And the person who looked down on Chen Feng before said with a bitter face, "Haha, I'm waiting, Chen Feng will definitely be killed, he won't live for a few days at all."

"After getting the news, that elder will definitely kill him."

Chen Feng frowned upon hearing this and looked at him.

After seeing Chen Feng's gaze, he immediately narrowed his eyes, with a touch of fear in his eyes.

Chen Feng walked up to him and asked faintly: "What did you just say?"

The man trembled with fright, and quickly stepped back: "Nothing, nothing."

Chen Feng sneered: "It's just a courageous trash. I look down on people like you the most."

Speaking with a palm, he shot him out directly, vomiting blood.

Chen Feng said lightly: "You trash, I don't even bother to take your life."

With that, he walked into the bedroom and stretched out his hand to unlock the meridians of Yue Linglong and others.

Yue Linglong and others were extremely excited at this time.

Yue Linglong was even more gloomy and threw herself directly into Chen Feng's arms, holding his waist and crying.

"Chen Feng, Chen Feng, do you know? If you come here a while later, we will all be humiliated by that beast, oooo..."

She sobbed.

Chen Feng was also fortunate, but fortunately he arrived in time.

He gently patted Yue Linglong's back and said, "Senior Sister Yue, don't worry, there will never be such a thing again in the future, I will definitely protect you well."

It was only after a pat of the hand that it was smooth and tender.

Only then did Chen Feng feel that some clothes on Yue Linglong's upper body had been torn.

And just now, he just touched Yue's exquisite skin.

Chen Feng quickly withdrew his hand.

[Chapter 762: Shocked everyone](#)

Feeling the warmth of Chen Feng's palm, Yue Linglong blushed and her eyes suddenly became soft and charming.

She looked at Chen Feng with water in her eyes.

Suddenly she made an extremely bold move, grabbing Chen Feng's hand, pressing his hand on her bare skin, and then pressing her face against his chest.

She whispered: "I, I don't mind, you just touch it."

Chen Feng was stunned by her move, but she did not take it back.

If it was taken back, Yue Linglong would definitely be very ashamed and angry.

Yue Linglong curled up in Chen Feng's arms, not daring to move, but feeling his hands around him, she felt very peaceful in her heart.

And the other girls, looking at Chen Feng, were dazzled one by one, and their eyes were full of admiration.

Just now, Chen Feng, covered in dark gold, came in like the same god, and would want to attack them, and the scene where Tang Yinghao, who had no power to fight back, hit them like a dead dog, which made them feel bad inside. Was a great shock.

At this time, the image of Chen Feng was almost like a **** in their hearts.

At this moment, who knew how many hearts had fallen?

Looking at Chen Feng, full of admiration.

However, none of them dared to rush into Chen Feng's arms like Yue Linglong, holding him and crying.

After a while. Yue Linglong's mood calmed down.

She suddenly felt that she had lost her temper just now, and she seemed a little too shameless.

Her face was a little red, she hurriedly broke free from Chen Feng's arms, then calmed down for a while, and said lightly: "Chen Feng, let's go."

Chen Feng nodded, found some clothes for them, dressed them neatly, and then went out.

Chen Feng did not take them back to the Medicine King Palace, but instead asked them to return to their respective main peaks, and during this time, they should not come here again.

Demon Beast Fang City, right on Tongtian Peak, was not far from here.

The elder guarding the Monster Beast Square City would never give up once he knew that Tang Yinghao was killed by himself.

By the time. May be implicated in Yue Linglong and others.

Yue Linglong and the others nodded, turned and left.

At this time, many people gathered around, looking at Chen Feng, their eyes were full of awe.

What Chen Feng did has been spread.

Killed more than a dozen seventh-level masters one after another, four palms blasted and killed an eighth-level master of the gods, and beat Tang Yinghao from the ninth level of the gods into a pool of ground meat!

At this moment, a voice suddenly came from the crowd: "Chen Feng."

Chen Feng looked towards the voice and saw that the person speaking was Wei Hongxiu.

Wei Hongxiu waved to Chen Feng. Chen Feng walked over. Wei Hongxiu smiled and said, "Chen Feng, I saw it just now. It's so majestic and awesome!"

Chen Feng shook his head and said, "You don't have to praise me. Although you haven't done anything, I can see that your strength is not low."

"What's more, you have a very close relationship with the Tiandao team. Are there still few masters in the Tiandao team?"

Wei Hongxiu shook his head, looked at Chen Feng, and said solemnly: "I am not hypocritical, nor am I complimenting you. I am just telling Chen Feng a fact."

"Certainly, as you said. There are many masters in the Heavenly Dao team."

"However, no one's cultivation speed can catch up to half of yours. When I first met you, what kind of cultivation did you have? What kind of cultivation do you have now?"

"In such a short period of time. It's hard to believe that it has crossed several steps."

"Chen Feng, you are really a mystery, I can't see through it."

She looked at Chen Feng, and slowly shook her head, with a trace of confusion in her eyes.

"Your progress is so fast. You are not the same person as you were a month ago."

"With your current strength, you can easily kill a hundred of them a month ago."

Chen Feng nodded: "Indeed."

Entering the Ziyang Sword Field, coming into a new world, and after getting in touch with more and more advanced things, his cultivation speed has also increased rapidly.

Therefore, Chen Feng felt even more that he had come to Ziyang Sword Field.

If you are still nesting in Qian Yuanzong, sitting in a well and watching the sky, I am afraid that the speed of cultivation will still be very slow, and can only rely on the passage of time to improve cultivation.

Wei Hongxiu smiled and said, "You are strong, I am very happy."

"Because we have a better grasp of the mission this time, let's go Chen Feng, we should also set off."

Chen Feng nodded, and the two left together.

Wei Hongxiu took him and left Tongtian Peak to the dock.

Chen Feng asked a little surprised: "Why, our mission is not around Tongtian Peak, but leaving here?"

Wei Hongxiu nodded and said, "That's right."NovelUS3.com

"Our mission, we even have to leave Ziyang Sword Field."

She went on to explain: "I know that this will delay you a certain amount of time, but you can rest assured that this mission will definitely make you very rewarding."

"It's absolutely possible to keep the training time you lost without returning."

Chen Feng nodded, and didn't say much. Wei Hongxiu is a little girl who is eccentric and likes to tease people, but she is very reliable when she should be reliable, and will not speak nonsense.

Wei Hongxiu said with a smile; "Go, Chen Feng, I will take you to meet a few people first. This is our teammate this time."

The two came to the dock and watched the two of them come over, one of them waved loudly: "Red sleeves, here."

[Chapter 763: Am I a bun?](#)

Chen Feng saw that it was Liang Guangyu, a silver-haired boy.

The two walked forward, Liang Guangyu smiled and greeted Chen Feng: "Chen Feng, are you here?"

Chen Feng also smiled and greeted him. He had a good impression of Liang Guangyu and felt that this person had a good personality.

In addition to Liang Guangyu, there are three people, two men and one woman.

Wei Hongxiu introduced to Chen Feng one by one.

The girl was very young, about the age of sixteen or seventeen. She had a very poor figure, her chest was flat, and her hair was a bit brown.

She was dry and thin, with the feeling of a little yellow-haired girl, as if she hadn't developed well yet, and she looked rather ordinary.

It belongs to the kind that is thrown in the crowd and cannot be found at all.

Wei Hongxiu smiled at Chen Feng and said, "She is Suyun, a member of our Heavenly Way team."

"Suyun, you just call him Big Brother Chen Feng."

Suyun was obviously very shy. She looked at Chen Feng, and then quickly lowered her head, not daring to look at Chen Feng.

The voice was as thin as a mosquito: "Brother Chen Feng."

As soon as I said these four words, my face turned a little red.

Chen Feng laughed at Dongan: "It's nice to meet you."

Wei Hongxiu smiled and said, "Chen Feng, Suyun is of this temperament, very shy and timid."

"However, don't underestimate him because of this. Suyun is the exclusive dispenser of our Heavenly Dao team. He is very capable."

"Many of our Tiandao team comes from her hands, and it works very well."

"Pharmacist?" Chen Feng had never heard of this profession before, and asked, "Is there any difference between a pharmacist and a pharmacist?"

As soon as he finished speaking, there was a very disdainful voice next to him, sneered and said:

"Which country soil bun is this? Even the dispenser doesn't even know! It's ridiculous!"

As soon as Chen Feng heard this, his brows wrung up, and he felt a little greasy.

Is it a shame not to know the dispenser?

He looked to the side and saw a young man in his twenties next to him, looking at him arrogantly.

Seeing Chen Feng's gaze coming over, his chin raised and his face showed disdain.

Wei Hongxiu frowned: "Chang Hongsheng, what do you mean?"

"Chen Feng is the person I called. What do you mean by that?"

Chang Hongsheng didn't take her words to heart at all, snorted coldly, and said, "Am I wrong?"

"Even the pharmacist doesn't know what it is? It can be seen that it must be a disciple of a small family from a remote country, or a disciple of some small sect."

"Isn't this a soil bun from the country? If you were the core disciple of the big family, wouldn't you know these three words?"

He said to Wei Hongxiu: "Hongxiu, it's not that I said you, what kind of crooked melons are you looking for?"

"How do people like him deserve to go all the way with us? This directly reduces the combat effectiveness of our team!"

"When the time comes, if you really want to fight, don't you have to separate individuals to protect him? Otherwise, he will be killed by the opponent directly!"

Then, he glanced at Chen Feng with a gaze full of superiority, looked at him with a condescending attitude, and said:

"Boy, I don't know what kind of rhetoric you used to fool Red Sleeve and ask her to bring you over."

"I advise you, get acquainted, and get out of yourselves quickly, or I will get rid of people later!"

Chen Feng frowned, a sharp look flashed in his eyes.

Wei Hongxiu was furious and shouted sharply, "Chang Hongsheng, what kind of **** are you putting on?"

"Do you think I don't know what you think? When An Xueqing insisted on inviting Chen Feng to join the Heavenly Dao team, you were the first to jump out and disagree, making strange words."

"Now, Chen Feng is here, and you are talking like this again. If you say one more thing, believe it or not, I will expel you from the team so that you can't participate in this mission?"

Chang Hongsheng's face also became gloomy. He looked at Wei Hongxiu and said:

"Wei Hongxiu, you don't know what I want for you!"

"And now, you are doing this to me for a newcomer who has not joined the Heavenly Dao team, for someone who has known each other for less than a month?"

Chen Feng had actually noticed it a long time ago. Chang Hongsheng had a bit of interest in Wei Hongxiu, but it was obvious that Wei Hongxiu had no ideas in that regard.

Chen Feng felt very tired and crooked: "You admire Wei Hongxiu and want to pursue Wei Hongxiu. Don't use me as a stepping stone!"

Now, Chang Hongsheng clearly deliberately bullied Chen Feng and cast his anger on Chen Feng.

But how can Chen Feng knead at will?

Wei Hongxiu stared at him and said coldly: "Chang Hongsheng, no matter what you think, but Chen Feng is now in the same team with us, you can't talk like that!"

Chang Hongsheng was furious, pointed at Wei Hongxiu, and said, "Okay, Wei Hongxiu, you are cruel!"

He stared at Chen Feng suddenly, and said in a cold voice: "Trash, do you dare to fight with me?"

"If you can't even catch my three tricks, get out of the team by yourself!"

Chen Feng squinted his eyes and stared at him, and said with a faint smile, "You mean, I can only do three tricks in your hands at most?"

"Of course!" Chang Hongsheng said proudly, "I said three tricks, it has already given you a lot of face."

"In fact, you shouldn't be able to take even one of my tricks. I'm a mid-stage powerhouse in the ninth floor of the Godsmen Realm!"

"Oh? Really?" Chen Feng smiled and said, "The mid-stage powerhouse of the Ninth Floor of the Divine Sect Realm? Is it very powerful?"

[Chapter 764: Does your face hurt?](#)

"I was on the Tongtian Peak just now, and it seemed that I had just killed a mid-stage powerhouse of the ninth floor of the Divine Sect Realm."

After Tang Yinghao's Devil Tiger possessed his body, his strength reached the ninth building of the Divine Door Realm, and Chen Feng was not wrong in saying this.

Chang Hongsheng laughed, looked at Chen Feng, and said with disdain: "Haha, this is the first time I have seen such an arrogant, arrogant person."

"I'm so low-powered, I dare to brag, and I'm not afraid of breaking my cowhide."

He pointed at Chen Feng and laughed disdainfully, obviously not believing what he said.

Liang Guangyu next to him, and two other people, didn't believe it much.

They had been waiting here for Wei Hongxiu and Chen Feng just now, and they didn't know what was happening above Tongtian Peak.

"Okay, trash, stop talking nonsense, it's useless for you to brag, I will expose your lies in a moment."

"Because you can't even handle a trick of mine."

"If you can kill the mid-stage strong man in the ninth building, can't I kill the strong man in the tenth building? Hahahaha!"

Chen Feng shook his head slightly, and said coldly: "Then let's fight!"

Chang Hongsheng sneered coldly: "Trash, die!"

He didn't use a weapon at all. In his opinion, Chen Feng was not worth his sword in his hand.

He slapped his hand and patted Chen Feng.

This palm was very tyrannical, and the palm wind was fierce, bringing the sound of howling wind, and slapped it towards Chen Feng.

He disdainfully said, "I only used 40% of the force with this palm, but it was enough to severely wound you."

"For the sake of Wei Hongxiu's face, I won't kill you, only wound you."

Chen Feng sneered: "Really? Then I have to thank you?"

As he spoke, he downplayed and threw a punch.

When the two collided, Chen Feng remained motionless, while Chang Hongsheng was thumping, stepping back several steps, and a red tide flashed across his face.

"Something's wrong!"

He looked at Chen Feng and said with some doubts: "How can you be so powerful? Your punch is extraordinary!"

Then, he suddenly realized, his face even more disdainful: "Haha, I know!"

"You seemed to be an understatement just now, but you actually used ten percent of your strength, and you used ten percent of your strength to give me 40 percent, so you can have the upper hand."

He thought he had seen through Chen Feng's strength.

Chen Feng was completely impatient to talk nonsense with him at this time, and said in a cold voice: "I just know that you are here, right? Is it possible to achieve such a little strength?"

"Boy, you are looking for death!"

Chang Hongsheng said with a grim face: "I only used three points just now, but you still don't appreciate it."

"Well, this time I will use my full strength, and I will kill you."

"I decided not to give Wei Hongxiu face anymore."

As he said, he was bombarded again with a palm, swept through the air.

And as he slapped this palm out, the earth qi in the air suddenly became intense.

Above the ground, the earth and rocks flew, and they condensed one after another, and finally gathered into a five or six-meter high hill, which is full of thousands of tons of earth and rocks.

Then, following his palm, he slammed heavily at Chen Feng.

With this palm, he can already use the power of nature and use the martial arts of the mysterious rank to reach the strength of the outer world!

This is a realm that the strong below the ninth building absolutely cannot reach!

Chang Hongsheng seemed to have seen the scene where Chen Feng was smashed into flesh by this earth-rock hill, laughing wildly.

But then, his smile solidified on his face.

Because Chen Feng's punch was still an understatement, and he directly beat the earth-rock hill into countless pieces of debris, flying around.

Then, with this punch, the remaining force was not exhausted, and it hit his palm.

Chang Hongsheng felt a huge force coming, and he was shaken out more than ten meters, spurting out a mouthful of blood.

His face was full of horror at this time, because Chen Feng's strength had exceeded his imagination.

With a full palm, he was so easily cracked by Chen Feng.

He exclaimed: "How can you be so powerful? This is impossible!"

Chen Feng sneered: "That's the truth! There is nothing impossible, now it's my turn!"

Jing Hongbu started, teleported directly, appeared in front of Chang Hongsheng, punched him in the stomach.

This punch directly knocked Chang Hongsheng away several tens of meters and hit the cliff hard.

He suffered multiple fractures, spurted blood, and was seriously injured.

Chen Feng walked up to him and said coldly: "Who is not the enemy of whose one move? Can you defeat me with one move? Or can I defeat you with one move?"

As he said, he squatted down, patted Chang Hongsheng's face lightly, smiled and said, "Does it hurt to be beaten?"

"We two, who is the one who talks big?"

Chang Hongsheng looked at Chen Feng with bitterness, but he didn't dare to say a word.

Because he knew that he was definitely not Chen Feng's opponent!

Chen Feng walked back, slapped his hands, downplayed his expression, as if he had just patted a fly.

He smiled and said, "Red sleeves, you go on."

Wei Hongxiu glanced at Chang Hongsheng, shook his head slowly, and then explained to Chen Feng:

"The so-called pharmacist is actually equivalent to a simplified version of the pharmacist. The pharmacist can refine the spiritual medicine into a pill, and the effect will be greatly improved."

"The pharmacist can't do this, it's far from the level of a pharmacist, but it is also possible to dispense the spirit grass and spirit medicine according to a certain dose, and the prepared liquid medicine also has quite good functions."

[Chapter 765: I want to smash you into pieces!](#)

"At least, it's much better than swallowing it directly with spirit herbs."

Chen Feng nodded, this is equivalent to a weakened version of the alchemist, of course, a lot weakened.

Then Wei Hongxiu introduced another person to Chen Feng.

This person is a tall and proud man named Li Zhipeng, who is also a member of the Heavenly Dao Team, and has a mid-stage cultivation of the ninth floor of the Divine Sect Realm.

His weapon is a long-handled sword, as tall as a man, looks majestic.

Li Zhipeng didn't talk much, and looked very calm.

He nodded slightly to Chen Feng, his expression was neither humble nor humble.

Before Chen Feng showed his strength, he didn't look down on Chen Feng because of it.

After Chen Feng showed off his strength, he didn't flatter him either, which instead made Chen Feng feel good about him.

The whole team, including Chen Feng and Wei Hongxiu, made up a total of six people, and then six people left Tongtian Peak in a flying boat.

As they left, Tongtian Peak, Monster Beast Square City.

This is a large-scale town, enough to hold more than 100,000 people.

Among the towns, the most luxurious and largest mansion is built no different from a palace.

The main hall is magnificent and luxurious, decorated with gold and beautiful jade.

In the square in front of the main hall, dozens of powerful people, riding on monsters, were quietly standing by.

These monsters, the lowest in strength, also have the eighth floor of the Divine Sect Realm, and one of them has the strongest strength, even reaching the early stage of the ninth floor of the Divine Sect Realm.

And these knights, all of them are masters of the ninth floor of the Divine Sect Realm, each with a huge aura!

These people are the Beast Guards under Tang Hengyun, the elder of the Monster Beast Square, and they are coercing the entire Monster Beast Square.

But at this time, their faces are a little afraid.

The monster beast under the crotch made heavy panting sounds from time to time, seeming a little uneasy.

The source of anxiety is the huge main hall.

At this time, in the main hall, a huge coercion radiated out, almost suffocating them.

But they dare not leave.

Tang Hengyun mastered the fate of all of them, so that they did not dare to offend at all.

They were originally ordinary disciples of the Ziyang Sword Field Sect, Tang Hengyun gave them monsters and techniques to grow them to their current strength.

In the main hall, a tall middle-aged man in a red robe was sitting on the Grand Master's chair with extremely cold eyes.

He stared fiercely at the young man kneeling in front of him. The young man felt that his gaze seemed to crush himself to death, making him almost breathless, and his forehead was dripping with cold sweat!

"You said that Ying Hao was killed by that little bunny named Chen Feng?" Tang Hengyun slowly began, with infinite murder in his voice.

"Yes." The young man nodded hard and replied.

"When did this happen?"

"Before a cup of tea."

"Where is that little **** now?"

"It's down the mountain, maybe it's gone."

"Okay, I see." Tang Hengyun stood up, took a deep breath, and suddenly smiled grimly: "As a slave, he saw his master killed, but he didn't dare to go up and die with his master!"

"What do you want a slave like you?"

"The hero is dead, then why don't you die?"

There was great fear in the young man's eyes, and he was about to speak, but Tang Hengyun's iron palm was already slapped on his head.

He let out a muffled snoring, his seven orifices bleed, fell to the ground and killed him.

Tang Hengyun took a deep breath, and his gaze was fierce and fierce: "Chen Feng, if you dare to kill my son, I must crush you to pieces!"

Along the way, Chang Hongsheng kept looking at Chen Feng with a very bitter look.

However, he dared not make the slightest movement.

He knew very well that he was definitely not Chen Feng's opponent.

At this time, to provoke Chen Feng, the only end is to be humiliated and beaten up.

Chen Feng didn't care about his gaze, and the difference in strength between the two was so big that Chen Feng would never consider his ideas.

Will the elephant care about the provocation of ants? Absolutely not.

The direction in which Feizhou flies was different from the direction Chen Feng had gone before, but it was all the way north.

Soon, the flying boat crossed thousands of miles and came to the north shore of the big lake.

This place was already on the edge of Ziyang Sword Field, and the group of them bought a few low-level monsters in a small town on the northern shore of the Great Lake and continued their journey north.

This walk is five days!

By the fifth day, Chen Feng discovered that the six of them had not only left the Ziyang Sword Field, but also the mountain range where the Ziyang Sword Field was located!

They walked out of the endless mountains, and in front of them a densely gathered jungle appeared.

This jungle, spread over the plains, is boundless, with no end in sight!

But the jungle is not dead, Chen Feng saw that a very wide road leads into the jungle.

Moreover, countless branches spread out nearby.

At first glance, there seems to be a town at the end of the road, and in the jungle, you can also see some villages from time to time.

Under the leadership of Wei Hongxiu, the six continued forward and stepped into the jungle.

Chen Feng asked Wei Hongxiu in astonishment, "Where is the place we are going? How far away from Ziyang Sword Field?"

Wei Hongxiu said with a smile, "In fact, this is already out of Danyang County."

"What, it's already out of Danyang County?" Chen Feng asked in surprise.

This is the first time in his life that he has stepped out of Danyang County.

Wei Hongxiu nodded: "Yes, in fact, the mountain where our Ziyang Sword Site is located is the northern border of Danyang County."

[Chapter 766: Ruins](#)

"The big cities in Danyang County are all south of Ziyang Sword Field. This is already within the scope of Suiyang County."

Chen Feng nodded, remembering the name, it turns out that the north of Danyang County is Suiyang County!

"The vast jungle in front of me is the junction of Danyang County and Suiyang County."

"This place is at the junction of two counties. The forces are very complicated. There are not only the main sects, but also the power of the court. There are also many caravans, bandits, bandits, and evil factions. The forces are complicated and you must be careful. ."

The six of them dressed up, dressed up as ordinary merchants.

And on this road that is hundreds of meters wide, leading to the depths of the jungle, there are frequent merchants coming and going.

Therefore, the five are not conspicuous.

After walking forward for two more days, a city appeared in front of him!

This city is very strange, different from what Chen Fengfeng has seen before.

Countless huge trees up to a hundred meters high were planted around the city.

This kind of tree is very strange, there is almost no distance when it grows, but one by one grows next to each other, and countless huge trees form a city wall that is hundreds of meters high!

Countless people came in and out, all dressed up, many of which Chen Feng had never seen before.

Obviously, they are from Suiyang County or other places.

Before entering the city, Chen Feng looked to the west.

To the west of the city is a huge swamp, beyond sight.

Green dirty muddy water is all over the swamp, and the sky above the swamp is floating with green clouds, which looks very mysterious.

This is a giant ze, Chen Feng can even hear the sound of the water, and can see huge ships wandering in the swamp.

The six people entered the city and then stayed in an inn.

After settling down, Chen Feng went to Wei Hongxiu and said with a wry smile: "Hongxiu, now you should always tell me the purpose of coming here, right?"

Wei Hongxiu smiled and said, "Of course I can tell you now."

"The reason I didn't tell you before was because I was afraid that you were too far away, and I was afraid that it would delay your cultivation, so I won't come."

Chen Feng smiled bitterly and shook his head: "Since I am on the road, I have to come even if I don't come, right?"

"Otherwise, it will be delayed for several days."

Wei Hongxiu chuckled, nodded, with an innocent and cute look: "You are so smart."

Chen Feng said angrily: "Let you cheat again."

Wei Hongxiu was not afraid of him, and said with a smile: "I told you before, this time I will never let you come in vain."

"In fact, one of our tasks this time is to explore a ruin."

"Explore the ruins?" Chen Feng frowned and asked.

"That's right." Wei Hongxiu said with a solemn expression: "This task is a task issued by the sect."

"Zongmen inserted the eyeliner around the Ziyang sword field. I got news in this city, saying that it was in the big swamp next to this city. A ruin will suddenly appear during this period of time."

"It is said that the site has appeared here three times before, and each time it caused an uproar."

"Of course, the Zongmen didn't pay much attention to this news. It was treated as a legend, and it was just classified as a level three mission and thrown in the mission hall indiscriminately."

"It's a coincidence. I saw this mission as soon as it was released, and I immediately grabbed it."

"Therefore, in the entire Ziyang Sword Field, there should not be many ordinary disciples who know this news except for the high-level who released the task."

Chen Feng nodded: "Hong Xiu, you really have the intention."

Wei Hongxiu chuckled: "Of course, to tell you, I definitely have indelible credit for the reason why the Tiandao team can grow to such a degree."

"I can often find in the mission hall some tasks that are highly paid, or can get a lot of benefits, but are not valued by others."

"Temple of Heaven has taken on many such tasks, and has also accumulated considerable capital."

She went on to say: "The clues of the mission are actually very vague. There is no mention of where the ruins are, only that it is in the swamp."

"But you have seen the big swamp next to the city. It has a radius of thousands of miles. Who knows where the ruins are?"

"It's impossible for us to search a little bit by ourselves, right?"

"However, after I entered the city just now, I have already inquired about."

"It turns out that the news of the ruins is not a secret here. Many people have already come here. Let's wait here for a day or two, and we will soon discover clues."

Chen Feng nodded, and after clarifying the matter, he felt relieved.

Then, he went back to his room to practice.

Chen Feng returned to his room, closed the doors and windows, and made sure there was no one around, then he took out a mustard bag.

From the mustard bag, take out a huge jade box.

And in this jade box, it turned out to be a hundred catties of blood.

Among these blood, the power of blood is very huge, which is by no means comparable to the blood of ordinary monsters.

The blood was brought out by Chen Feng from the eternal blood cave.

It turned out that when Chen Feng left the Eternal Blood Cave last time, he anticipated that some unexpected circumstances might happen to him and might not be able to return to the Eternal Blood Cave in time.

The opportunity to go to the Eternal Blood Cave to absorb the blood once every five days should not be wasted.

[Chapter 767: Gang Qi disappeared!](#)

Therefore, he simply used a mustard bag to bring tens of thousands of catties of blood out.

The blood was packed in jade boxes, enough for him to use for dozens of days.

Chen Feng broke some spirit grass into his blood, and then began to practice.

Now he only cultivates the Dragon Elephant Fighting Heaven Jue, and apart from using blood as a medium, he can no longer directly absorb the spiritual herbs.

After the spirit grass and the elixir were all incorporated, Chen Feng pressed his hands into the blood, and then began to absorb it.

The power of blood was gradually transformed into blood-red qi, and then flowed through Chen Feng's meridians.

When Chen Feng was about to input this gang qi into the fourth orifice point of the eighth floor, suddenly, when the gang qi reached a certain node of the meridian, it immediately disappeared with a 'swish'.

A wry smile appeared on Chen Feng's face: "This situation has happened again, it's a **** thing!" *NoVelus&.com*

He was not discouraged, and then absorbed the practice.

However, when he was cultivating tonight, the Gang Qi disappeared directly when he reached that meridian node.

Chen Feng's expression became more and more ugly, and finally, he hit the bed with a fierce punch.

With a bang, the bed was smashed to pieces.

He shouted in a low voice, "What the **** is going on? Who is the **** here?"

"Why do I always encounter this situation these days?"

At this time, Chen Feng was very depressed and extremely irritable!

It turned out that Chen Feng had encountered a problem when he was practicing Dragon Elephant Fighting Heaven Jue.

In the past few days, all the qi that he cultivated has disappeared directly for no reason.

Therefore, although Chen Feng has been practicing hard every day in the past few days, he has not made any progress at all, staying in the previous state.

And this situation appeared about when he just left Ziyang Sword Field.

Chen Feng didn't know why. He experienced his whole body, but he couldn't find the reason at all.

This made Chen Feng very bored, and a kind of fear was faintly born.

He didn't know what happened to his body.

If this has always been the case, it means that Chen Feng will stay in this realm throughout his life and cannot make progress!

Ziyue suddenly appeared, looked at Chen Feng, and said in a low voice, "Chen Feng, don't worry, don't worry."

"I guess. Your situation won't last long, it shouldn't always be like this."

Chen Feng asked: "Ziyue, you have a lot of knowledge and come from a big family. Can you know what this is like?"

Ziyue shook her head: "I don't know either."

Chen Feng was already a little desperate after hearing this.

The reason why he reacted so strongly is because he knows what it's like to be a trash.

Because he used to waste many years before getting Xiaoding and Dragon Blood.

He knows how painful it is to taste others' eyes, but unable to fight back, unable to refute, and can only endure with gritted teeth!

And Chen Feng was also very scared, and returned to such a state.

Ziyue said comfortingly: "Chen Feng, don't worry, don't worry, there will be a solution."

"Even if this is the case, when I return to the mansion, I will definitely ask the Lord, and the Lord must have a way."

"He is so powerful!" Chen Feng actually didn't hold any hope in his heart, but he didn't want to worry Ziyue anymore.

He took a deep breath and said in a deep voice, "Don't worry, Ziyue, I'm fine."

Early the next morning, Chen Feng and Wei Hongxiu left the inn to inquire about the situation and check the various forces here.

The two dressed up as ordinary businessmen, and they wandered around the street without even carrying their mounts.

The city is not big, Chen Feng observes, it may be hundreds of thousands.

But it is very lively inside. There are various shops on both sides of the street, and the most of them are shops selling all kinds of spiritual herbs.

Chen Feng and Wei Hongxiu went in and took a look, and both were quite shocked.

It turns out that most of the shops here are selling all kinds of spiritual herbs and elixir, with a very complete variety, and the price is not too expensive.

Speaking of. Buying here is much more cost-effective than doing quests in the Ziyang sword field or picking in the Jedi.

You can buy one with a few spirit stones, and the most important thing is that there is no danger.

The two inquired about it, and then they realized that this place was near the swamp.

The big swamp is extremely rich in products, and that environment is especially rich in all kinds of spiritual medicines, so the output of spiritual medicines here is very abundant, and the price is very cheap.

Chen Feng and the two entered a shop, and he was shocked looking at the prices marked under the spirit grass.

It is not shocked that the price is high, but shocked that the price is so low.

Seeing the look on his face, the Xiaoer in the store thought that the two people thought the price was too high.

He took another look at the clothes worn by the two of them. They were all ordinary cloths, not expensive.

He immediately thought that he knew the origins and details of the two. They should be two businessmen with weaker backgrounds and a background from a small family and a small chamber of commerce.

They certainly don't have much wealth.

His face immediately showed contempt, waved his hand like a fly, and said impatiently to the two of them:

"Where is the poor ghost, get out quickly, this shop is not for you to stay in."

"Look at the things inside, I'm afraid that if you take out all of your net worth, you can't even afford a spiritual grass!"

[Chapter 768: Do you think I can't afford it?](#)

"Don't stand in the way here, blocking other guests from choosing."

Wei Hongxiu's hot temper, how can he endure this? Upon hearing this, it was about to happen immediately.

Chen Feng held her shoulders and said lightly: "Don't move."

It is strange to say that Wei Hongxiu is like a little pepper, with a very hot temper, and she would not listen to anyone who said she usually.

But at this time, when Chen Feng said to her, she stood there honestly and obediently, and there was no attack.

And seeing this scene, the little shopkeeper's face was even more contemptuous, thinking that Chen Feng and the others would not dare to lose their temper.

Therefore, he is even more confident.

He looked at the two of them and waved his hand even more impatiently and said, "Get out quickly, get out quickly, why aren't you getting out?"

Chen Feng stared at him and said with a sneer: "You mean, we can't afford the spirit grass here, right?"

The shopkeeper held his chin open and said proudly, "Yes, I just can't afford it."

"You can't afford one of the spirit grass and spirit medicine here!"

Chen Feng smiled and said, "What if I can afford it?"

"what....."

The shop Xiaoer looked at him with disdain: "I know that I'm here to blow my breath, tell you, if you can afford it, I will kneel on the ground and kowtow to you, calling you grandpa."

Chen Feng laughed long and loudly: "Haha, today you grandson, I accept it!"

There was a hideous look on Xiao Er's face, and he thought Chen Feng was humiliating him.

He stared at Chen Feng and said with a sneer: "It's just someone from outside, right?"

"I tell you, today, you can't get out of this store alive."

He thinks that Chen Feng and the two are unfounded outsiders, and bullying them is simply unscrupulous.

He shouted: "Hu Da Hu Er, there is a disturbance here, drag the two of them down and break their legs!"

"Come on!" Two strong men strode in from the back door of the shop and came to Chen Feng.

One person said grimly: "Little bastard, you dare to make trouble here without opening your dog's eyes to see where this is! You are tired of being tired, right?"

The other big man smiled, looked at Chen Feng, and said coldly: **NoVeluSB.COM**

"Brother, what are you talking nonsense with him? Just break this little bastard's limbs, as for this little girl, hehe..."

He glanced at Wei Hongxiu with an extremely wicked look, licked his lips, and said with a wicked face:

"This chick looks pretty good, it's a shame to kill her directly, haha, our brothers got tired of playing with her first, and then throw her into the kiln, somehow we can change some spirit stones!"

A fierce murderous intent flashed in Chen Feng's eyes. He originally only wanted to punish these people slightly, but he didn't expect these people to be so cruel and cruel.

She even wanted to interrupt her legs and humiliated Wei Hongxiu!

This was something Chen Feng couldn't bear. Chen Feng sneered, "Really? I don't think so!"

"Haha, wait until our brothers interrupt your limbs, you dare not say that!"

These two brothers, Hu Da Hu Er, are simply ignorant and fearless.

Their two strengths are too low, and they are not at the same level as Chen Feng, and there is no way to see the depth of Chen Feng's strength.

But I didn't know, like them, Chen Feng could kill dozens of them with one hand!

Hu Da Hu Er rushed up with his fists.

Chen Feng sneered and punched out.

A punch, just a punch, his punch directly shook the two men into a **** mist, with no bones left!

Seeing this scene, all the customers in the store were shocked.

They all looked at all this indifferently, and they didn't see the depth of the two of Chen Feng, and didn't care about Chen Feng's life or death at all.

They thought that he would definitely be cleaned up by Hu Da and Hu Er, but they didn't expect this scene to happen.

"It seems. This young man is a hidden master! Although Hu Da Hu Er's cultivation level is not high, it is not easy to be able to shake them into powder with one punch."

"Yes, it seems this time, this black shop has encountered hardship!"

"Haha, deserve it, this shop is notoriously black on this street. When I saw an uninfluenced customer, I robbed it, interrupted my limbs and threw it in the backyard. The woman's experience was even more terrible, and it deserved someone to clean up. they!"

Then, Chen Feng walked to the shop Xiaoer.

At this time, the shopkeeper was already trembling with fright and limp to the ground.

He looked at Chen Feng and said with a trembling, "Uncle, uncle, don't kill me, don't kill me."

"I deserve to be blinded by my dog's eyes. I will never dare to do it again."

As he said, he slapped himself fiercely.

Chen Feng smiled and said, "Your slap fan is too light, I'll slap it for you!"

As he said, he slapped his face, slapped his head fiercely, and flew his head directly.

Blood spurted wildly from the fracture of the neck!

Chen Feng sneered and said, "Remember in the next life, don't provoke people you can't afford!"

At this moment, a man dressed in black, who looked like a shopkeeper, walked around from behind.

He looked at Chen Feng with a stern face, and sternly shouted: "You did this all?"

Chen Feng nodded and said, "Yes, I did it."

The shopkeeper sneered: "Okay, okay, what a foreigner who knows nothing about life and death, dare to provoke us!"

"Do you know that our store is opened by the Song family!"

"Oh, the Song family opened it? What is the Song family? I have never heard of it." Chen Feng smiled slightly.

[Chapter 769: Don't take ill-gotten wealth!](#)

The shopkeeper was furious, and said coldly, "You little bastard, you are really looking for death!"

"I'll tell you to abolish your cultivation base, cut off your limbs, and then sprinkle countless poisonous insects and poisonous worms on your wounds, causing you to mourn for more than ten days before you die!"

With that, he took a palm shot.

Chen Feng said indifferently: "I only thought that in your shop, only the second person in the shop is just looking down on others."

"Unexpectedly, your shop, from top to bottom, acts so viciously."

"In that case, I have to completely eradicate you poisonous insects!"

Chen Feng blasted out a punch, directly breaking his fist.

then. The two fists banged hard together.

The shopkeeper, his fist was directly shattered, and his arm was also broken every inch.

He is also a master of the eighth floor of the Shenmen Realm, but he can't see enough in front of Chen Feng.

Then, Chen Feng continued to move forward with his fist, banging on his chest with a bang, directly punching his chest through, showing his fist from behind.

The heart of this shopkeeper was directly shattered, and he couldn't die anymore.

Chen Feng sneered coldly: "For a person like you, it's cheap to die like this!"

Then Chen Feng smashed the counter open and collected all the grain and grass inside.

There are hundreds of these spirit grasses, and now they are all cheap Chen Feng!

Wei Hongxiu laughed and said, "Snatch it? Haha, I like it!"

"Chen Feng, this thing is done neatly, as it should be. A villain like this, smashing his head with a punch, is more effective than saying anything!"

Chen Feng smiled: "Exactly."

The two swept out all the grain and grass inside, and then stepped into the next shop.

The next shop, seeing everything that Chen Feng did just now, was extremely frightened, thinking that Chen Fengfeng was also here to grab them.

The shopkeeper hurriedly nodded and bowed, and said respectfully, "This distinguished guest, it is very hard for you to come to our shop."

"It's not a tribute to give me a small meaning."

With that, he handed over ten low-grade spirit grasses.

He obviously meant to ask Chen Feng to accept these low-grade spirit grasses, and then don't do anything else to them.

Wei Hongxiu stretched out his hand to take it, but Chen Feng held it.

Chen Feng looked at him and said lightly: "This is not ours, we can't ask for it."

Wei Hongxiu was taken aback, looking at Chen Feng, he didn't expect him to say something like you.

However, Wei Hongxiu did not refute him in front of others.

The shopkeeper was also stunned.

Chen Feng smiled slightly and said, "Shopkeeper, don't panic, we are here to buy things."

"At the store just now, if it weren't for them to be too much, we would honestly buy it with spirit stones."

After speaking, Chen Feng waved his hand: "I have bought all the spiritual grass in your store."

The treasurer was skeptical, but he didn't dare to violate Chen Feng's order and clean up all the spirit grass.

What shocked him was that Chen Feng really bought all the grain and grass according to the price, without even lowering the price.

Seeing Chen Feng's departure, the shopkeeper shook his head and sighed:

"Actually, he is a kind-hearted young man. Those damned just now, if they didn't make him anxious, they wouldn't end up like that."

Wei Hongxiu looked at Chen Feng dissatisfied and said, "Chen Feng, we should take those things."

She seems to have a hot temper, but in fact she is lonely in front of outsiders, Chen Feng's face.

Chen Feng shook his head slightly: "No, that is ill-gotten wealth."

"Don't take ill-gotten wealth!"

Seeing his firm expression, Wei Hongxiu suddenly had something in his heart sprouting quietly. He didn't even refute, nodded silently, and followed him.

Then, Chen Feng went to more than a dozen shops. He replaced all the spiritual stones on his body with spiritual medicines, leaving only 10,000 middle-grade spiritual stones for emergency.

And his mustard bag was filled with all kinds of spiritual herbs and medicines, there were thousands of plants.

Many of them are rare marsh specialties, and most of them are not found in Ziyang Sword Site.

There are many, even some of the ingredients of the pill, but Chen Feng can't use it now.

After returning to the inn, Wei Hongxiu and Chen Feng told several other people the news that the spiritual medicine was very cheap.

They didn't give the spirit grass to them, because the two of them exchanged their spirit stones for them, and it was not the result of tasks that the team needed to allocate.

But after telling them, they can buy it themselves.

Wei Hongxiu and Suyun have a good relationship, and take care of this shy but Ruo girl very much, so she has given her a lot of spirit grass.

The moon is in the middle of the sky, the night is like water, and the surrounding is quiet.

The whole city has become quiet, and most people have fallen asleep.

Chen Feng sat cross-legged and was practicing.

Although he encountered such a weird thing, his cultivation never stopped.

Chen Feng believes that insisting on the two characters will definitely bring miracles.

Isn't that the case with the original self?

If you don't insist, where is your current self? So he still continued to practice.

This time, as he expected, the blood-red Gang Qi cultivated suddenly disappeared at that meridian node.

It's equivalent to this night, but it's a waste of practice.

Watching those blood disappear, watching the spiritual herbs disappearing in the blood.

Chen Feng's eyes gradually turned red, a rare ferocious color flashed in his eyes, and his face was extremely gloomy.

He suddenly roared, smashed his fists, and smashed the table in front of him to pieces.

Chen Feng let out a low roar: "How can this be? How can this be?"

"Senior sister is still at Lie's house waiting for me to save! I want to avenge my master! I want to carry forward Qian Yuanzong! I want to reach the pinnacle of this world!"

"How can I be stuck here? How can I stop here and make no progress? It must not be this way, it is absolutely not allowed!"

At this moment, Chen Feng suddenly felt a sense of danger.

Then, there was an extremely sharp breaking through the air.

When Chen Feng heard it, he knew that this was also the sound of a very sharp weapon cutting through the air, and the number sounded very large.

[Chapter 770: Sneak attack!](#)

Chen Feng can guess it right away, this is the sound of countless sharp arrows!

Moreover, this is by no means an ordinary sharp arrow, it should be shot by a warrior, and it is quite powerful.

Then in the next instant, Chen Feng saw the wall in front of him being bombarded to pieces.

More than a dozen black sharp arrows with a length of one and a half meters long shot at him fiercely!

Chen Feng shook his head. Although the power of these sharp arrows was not small, they had no effect at all for him.

He raised his left arm, the dark golden light circulated on his body, and directly flew all these sharp arrows.

At this moment, Chen Feng suddenly thought of something, and his expression immediately changed.

He smashed the wall with a punch and went to the next room.

His next room is Suyun.

Chen Feng thought that Suyun was just a dispenser. He might not be able to resist the sharp arrow if he was not strong.

Sure enough, Chen Feng didn't guess wrong.

Chen Feng smashed the wall to the next door, and then saw Suyun sitting on the bed blankly.

She was obviously about to go to bed, and she took off a half of her clothes, revealing her jade-like skin.

She stared blankly at the long swords that were shooting forward, with a look of panic on her face. She was too courageous. She was so scared that she could not move while sitting on the bed, her face was very desperate.

Seeing Chen Feng rushing in, her eyes suddenly lit up, and despair instantly turned into hope.

Chen Feng roared, and the dark golden light circulated, blocking her body with his body.

Chen Feng has no time to fight back, so he can only carry it hard.

Those black sharp arrows all shot on his body.

Keng Keng... There was a sound of golden and iron humming, as if it had hit a large piece of metal, and it did not cause any harm to Chen Feng at all.

Even his skin was not scratched.

When Suyun saw Chen Feng standing in front of him, using his body to resist these sharp arrows, he exclaimed, and his eyes were deeply moved.

Seeing that Chen Feng was safe and sound, he relaxed and let out a long sigh.

Chen Feng turned his head and took a look at Su Yun. Only then did Su Yun seem to realize that some of him was almost naked.

He hurriedly exclaimed and wrapped himself in a quilt.

Chen Feng turned his head and said faintly: "You put on your clothes first, it's okay, there is me in front of you, no one can hurt you."

Hearing this, Suyun's eyes were red, as if the softest part of his heart had been touched.

She hummed obediently and put on her clothes.

Then, Chen Feng said: "You can hide here honestly, don't go out."

After the explanation, Chen Feng jumped out of the broken wall and came to the courtyard of the inn.

At this moment, there were a bunch of people standing outside the courtyard of the inn, with dozens of warriors in front.

All of these warriors wore uniform costumes and held huge bows and arrows as high as one person in their hands.

And in the quiver behind them, there are a dozen black sharp arrows inserted, exactly the kind used to shoot Chen Feng and the others.

Behind these archers, there stood a young man in beautiful clothes.

Surrounded by the three elders, he laughed wildly and arrogantly: "Damn, dare to offend the people of our Song family, it's almost unknowing."

"Does he know that in this city, our Song family can cover the sky with one hand, an extremely powerful existence!"

"Whoever dares to offend will just crush him!"

"Hahahaha, now they have gone through this round of shooting, I'm afraid they have been shot into hornet's nest!"

An old man in his fifties, with gray eyebrows and beard, smiled very flatteringly: "The young master is right."

"Those people should be dead by now, these archers, but our Song family worked hard to cultivate them."

"One arrow shot is extremely powerful, equivalent to a full blow from the sixth floor of the gods, and the sharp arrow is plated with a little level of material, giving the sharp arrow the power to destroy heavy armor!"

"Even if it is a strong person in the bodybuilding category, it is difficult to resist."

He smiled confidently: "Now those little bunnies should have been shot. This is the fate of offending our Song family."

The young man in Jin Yi laughed.

But suddenly, his laughter froze.

Because he saw that in the hole in the wall of the inn, a figure covered with dark gold jumped out of it, and then fell to the ground.

The earth seemed to tremble, as if a huge piece of metal had fallen down!

Chen Feng raised his head, stared at them, and sneered: "What did you just say? Shoot me easily?"

"Haha, a group of ignorant people who sit on the well and watch the sky, you don't even know how tyrannical the outside powerhouse is!"

"Today, I will let you see and see!"

With that, Chen Feng held a long knife and rushed forward.

At this time, behind him, Wei Hongxiu, Liang Guangyu, Li Zhipeng and others also jumped off.

Basically, none of them were injured. The weakest among these people was also the Ninth Building in the Divine Door Realm, which was not something that these sharp arrows could hurt.

And seeing that they were all unscathed, the young man in Jinyi was completely dumbfounded.

He did not find another reason. He even shouted at the old man next to him: "Fuck, what the **** is going on?"

"Aren't these archers carefully cultivated by us? Why did they shoot so many arrows without hurting even one person?"
