

## Peerless 841

### [Chapter 841: Yuanjia Road is narrow](#)

He looked around and found that this was his room, with lightning and thunder outside, the sound of rain had disappeared, and the heavy rain had obviously stopped.

Chen Feng didn't recover, and said blankly: "What's wrong with this? What's wrong with me?"

"You still have a face to say!" An Lao appeared in front of him, and said angrily: "Are you looking for death? You want to directly accept the power of thunder and lightning?"

"Do you know how powerful the power of thunder is, it can completely smash you to death, just now you were dead! Otherwise, you are dead now!"

Chen Feng just remembered that he was stunned by lightning just now.

At this time, he remembered that he was also very afraid.

Under the impulse, he even directly attracted the power of the sky thunder!

And behind An Lao, Ziyue was full of resentment, looking at him, her mouth flat, as if she was about to cry.

He hurriedly laughed with him, and said in a shame: "Old An, I will never dare anymore."

"Want to have a future?"

An old man snorted coldly: "Do you know that the state of our two soul bodies is most afraid of thunder and lightning."

"Because of you just now, I had to look for it in the thunder and lightning, and almost a thunder came over and lost the soul of me and this little girl directly, and no longer exists in this world."

At this moment, Chen Feng felt a cold sweat on his back, realizing how impulsive what he did just now.

He solemnly said to Anlao and Ziyue: "Ziyue, Anlao, I really can't help but rest assured, I will think more about things in the future."

Ziyue flew in front of Chen Feng, looked at him, and said: "Chen Feng, you promised me not to take risks anymore, but you have failed to speak."

Chen Feng couldn't stand her gaze, and felt that his heart was softened. He quickly said: "Zi Yue, sorry, I promise I won't do it again."

Ziyue sighed quietly: "Well, I will believe it again, no way, why did I like you so much!"

Chen Feng smiled and said, "Zi Yue, you finally admitted it!"

They flirted with each other for a while, and Anlao coughed and said, "It's almost the same!"

He looked at Chen Feng and snorted coldly, "But you kid, luck is really good."

Chen Feng was surprised: "What's the matter?"

An old man said angrily: "Look at your own dantian."

Chen Feng hurriedly looked inside his dantian, and then he was pleasantly surprised to find that in his dantian, on the broken small cauldron, was the drop of dragon blood, and beside the dragon blood, there was a flash of lightning at this time.

This lightning flashed around the dragon's blood continuously.

And between the dragon blood, there seems to be a kind of if there is no connection.

The dragon's blood also gave out a faint breath of blood, constantly nourishing the thunder and lightning.

When Chen Feng's thoughts moved, the lightning followed his thoughts and moved in his dantian.

Chen Feng knew that this lightning could be controlled by himself.

He hurriedly withdrew from the state of introspection, and asked An old man, "An old man, what's the situation?"

Secretly said: "In your dantian, this drop of dragon blood is very magical. It should have a traction effect on thunder and lightning."

"So, the thunder and lightning stayed in your dantian, and were nourished by dragon blood."

"If you use the trick that thunderous in the sky just now, the power will definitely increase tenfold, and you should be able to reach 10% of the true strength of this trick!"

Chen Feng listened and was overjoyed.

An old man said with a cold snort: "Don't think about the idea of absorbing lightning anymore, tell you, you are lucky if you didn't kill you just now."

"There won't be a second time like this."

Chen Feng said quickly: "Then An Lao, what can I do to increase the power of thunder and lightning?"

Then he smiled and said: "Old An, I know you must have a way, right?"

There is such a wise man who has lived for thousands of years around him who does not ask for advice, so Chen Feng would be too stupid.

Chen Feng now knows that An Lao knows almost everything and everything, just ask him.

An old man clicked on him: "You little fellow, you are still playing a rogue."

"Okay, okay, I do have a way."

Chen Feng was overjoyed and said, "An old man, what should I do?"

An old man said: "I know there is a pill called Dark Thunder Pill!"

"After the Dark Thunder Pill is trained, swallow it, so that you will not be attacked by the power of lightning within ten breaths of time!"

Chen Feng was overjoyed: "There is still this kind of pill?"

The world of the alchemist is really wonderful.

An old man said: "However, this kind of pill is a heavy burden on the body. You can only take one tablet every seven days."

"Moreover, if the lightning exceeds the load of the elixir, it still has no effect."

Chen Feng listened and said with a smile: "I am very satisfied knowing that there is such a method!"

An old man nodded slowly!

Chen Feng asked again, "Lao An, when can we refine the Dark Thunder Pill now?"

An Lao poured a basin of cold water directly: "I don't know the prescription of this kind of pill, it depends on chance!"

Chen Feng was not discouraged either, and said with a smile: "I will definitely get this kind of pill!"

The next day, Chen Feng left Broken Blade Peak and came to Tongtian Peak.

Chen Feng was about to go to the house where the Tiandao team was located, and suddenly two people came across.

When Chen Feng saw it, his eyes suddenly narrowed.

The road to the enemy was narrow, and the two people who came over turned out to be brothers Liu Luobin and Liu Luoyun.

At this time, the two of them also saw Chen Feng.

With joking smiles on their faces, they walked directly in front of Chen Feng.

[Chapter 842: Chen Feng, can you dare to fight?](#)

Chen Feng still has important things to do, and if he doesn't want to talk to them, he wants to walk around.

Unexpectedly, his move fell in the eyes of Liu Luoyun and Liu Luobin, and immediately became cowardly.

They think Chen Feng is cowardly, timid, and afraid of them.

Liu Luobin moved immediately and stood in front of Chen Feng.

He hugged his arms and looked at Chen Feng playfully.

Chen Feng said lightly: "Keep your way, I want to go."

Liu Luobin smiled, "Chen Feng, where do you want to go?"

Chen Feng said lightly: "It's none of your business! Where am I going and what is it to you? Do I need to tell you?"

"Oh, your strength is not good, and your temper is not small."

Liu Luobin glanced at him up and down, and said without a smile: "It seems that you have really not been mixed up during this time!"

"Haha, I heard that you went to Broken Edge Peak. Are people staying in places like Broken Edge Peak?"

"When you go there, none of the disciples can't be destroyed! But, you go there, it really complements each other."

"You are such a trash, and what a trash place like Broken Edge Peak!"

Liu Luobin said, laughing.

The people he and Liu Luoyun had brought also laughed wildly and disdainfully.

Chen Feng looked at him with a very contemptuous look, and didn't bother to answer at all.

Liu Luobin's voice was cold: "Little bastard, what are you looking at?"

He was irritated by Chen Feng's gaze, and he became a little angry.

He originally thought that Chen Feng would definitely look at him with envy, flattery, and regret.

Unexpectedly, Chen Feng's eyes were filled with pity and disdain.

Chen Feng shook his head speechlessly, and was about to walk around him.

Liu Luobin stood in front of him again.

Chen Feng said lazily: "Liu Luobin, what do you want?"

"What do you want?"

Liu Luobin looked at him with a bitter expression on his face: "You still ask me what I want?"

"When you first entered Danyang County City, you humiliated me like that, how could I let you go?"

"Tell you! I made a poisonous oath at that time, I must crush your body! It will make you die so terrible!"

Chen Feng smiled and said, "It seems that you haven't achieved your goal so far."

Liu Luobin said grimly: "This is fast!"

He looked at Chen Feng, his mouth suddenly showed a sly color, and said arrogantly: "Chen Feng, I challenge you, do you dare to fight?"

"If you dare not, you will knock me a hundred beeps, call a hundred grandpa, and then go under my crotch!"

This is the rules and regulations of Ziyang Sword Field. As long as they are disciples of the same generation, one challenge to the other, the challenged must agree.

If you don't agree, you have to do one thing as the challenger said.

This is also an extreme of Ziyang Sword Field where the weak and the strong eat strong. Many people die every year, but they also develop the strong and fierce character of Ziyang Sword Field!

Liu Luobin squinted at the ups and downs: "Dare you agree?"

He originally thought that Chen Feng would never dare to agree, so he made up his mind to use this to humiliate him.

Chen Feng looked at him and said indifferently: "I have something important now, so I don't have time to fight with you."

Chen Feng was telling the truth, but they were used as a retreat and excuse.

Liu Luobin showed an extremely disdainful expression on his face, haha laughed and said, "What do you listen to this little bunny? He actually said that he has something to do?"

"Haha, to put it bluntly, you just don't dare to fight, you are just a coward, eggless waste!"

He pointed at Chen Feng and laughed and abused loudly.

The people behind him also laughed.

Liu Luoyun even sneered and said, "Chen Feng, if you dare not fight, you just don't dare to fight."

"Knelt down and kowtow to my brother, and just got under his crotch. Why should I make such an excuse? You are the one who lost the Ziyang sword field."

"You are not worthy of being a disciple of Ziyang Sword Field."

A cold light flashed in Chen Feng's eyes, and he finally couldn't bear it.

He took a deep breath and said with a sneer: "I'm not worthy of being a disciple of Ziyang Sword Field, it's not you who have the final say!"

Liu Luobin yelled coldly: "Stop talking nonsense, do you dare to fight?"

Chen Feng smiled slightly: "Why don't you dare?"

He stood there, stretched out three fingers, and then said lightly: "Three breaths, within three breaths, you must die!"

"I'm in a hurry! I have no time to chirp with you here."

Liu Luobin was irritated by his attitude. He roared sternly and said grimly: "Little bunny, you are looking for death."

Then, he fisted out!

After he blasted this punch, the momentum was huge, and the aura of heaven and earth was quietly aroused.

Although the volatility is not very violent, it can indeed be induced.

Obviously, he has reached the ninth building, touching the realm of the outer world!

He was extremely rampant and laughed triumphantly: "Chen Feng, you didn't expect it, I'm already an outside world powerhouse! Haha!"

Liu Luoyun was also beside him, shook his head, and said in a very condescending posture:

"Chen Feng, the strength between you and my brother is very big now."

"At the beginning you could defeat my brother, but now he is far above you."

#### [Chapter 843: Fly with one palm!](#)

He proudly said: "This is the difference between a famous teacher and no famous teacher!"

Someone next to him also echoed: "Yes, Liu Luobin has already become a core disciple. He has been personally taught by the elders, guided by a famous teacher, and his strength has improved by leaps and bounds."

"And what about Chen Feng? It's strange that the strength can be improved in places like Broken Blade. Now the two are no longer at the same level."

"Liu Luobin can easily defeat Chen Feng!"

Chen Feng sneered and said, "Oh, isn't it?"

He suddenly let out a long laugh, just when Liu Luobin's fist was about to hit him, he also punched out loudly!

At this moment, his aura suddenly exploded, becoming extremely powerful.

After a punch, Liu Luobin's fist was directly smashed with a boom, hitting him.

Then, Liu Luobin let out a wow, blood spurted wildly, and he was smashed away for dozens of meters.

At this time, Chen Feng's eyes flashed murderously.

"Liu Luobin, the enmity between the two of us should be over!"

"Bloodwind's revenge, I should also take revenge!"

When he made a mistake, Jing Hongbu started and came to Liu Luobin in an instant, and then he threw another punch.

Liu Luoyun saw this scene and exclaimed: "Stop it."

But it's too late!

Chen Feng slammed Liu Luobin's body with a punch, directly smashing him into pieces, turning into a cloud of blood, with no bones left.

The fighting power that Chen Feng burst out at this moment shocked everyone.

Those who Liu Luoyun and Liu Luobin had brought were all stunned, and murmured, "How is it possible?"

"How could his strength suddenly explode so powerful?"

And Liu Luoyun looked at Chen Fengfeng with a grim face and said, "Little bastard, you dare to kill my brother? I must kill you!"

His eyes were blood red and his face was full of crazy colors.

Obviously, Liu Luobin's killing has made him lose his mind.

Chen Feng smiled and said, "I'm standing here, if you want to kill, come kill!"

"I'm afraid you will lose your life if you don't have this ability!"

Liu Luoyun laughed wildly: "Little bastard, you killed Luo Bin, do you think you can beat me?"

"I have been in the Ziyang sword field for many years. My strength is so powerful that you can't even imagine it!" *NoVeLUsb.cOM*

With that said, his strength continued to rise, and he had reached the tenth building!

Seeing this scene, the people he brought sometimes became excited and said:

"Senior Brother Liu was really angry this time. He really wants to teach this little bastard."

"Haha, Senior Brother Liu is the peak powerhouse of the tenth building. Isn't it enough to deal with this little bastard?"

"Yes, I guess Senior Brother Liu can kill him with one punch."

At this time, the battle between Chen Feng and Liu Luobin and Liu Luoyun also attracted many other people to watch.

When they came here and saw Chen Feng's face, they all showed horror and whispered in a low voice.

But unfortunately, Liu Luoyun could no longer hear these words.

If he could hear it, he would definitely not take the initiative to provoke.

At this time, his palms were already blasted out, and he smashed towards Chen Feng with great momentum, and the power of the pinnacle of the outer world was undoubtedly revealed.

However, Chen Feng showed disdain at the corner of his mouth and waved very casually.

With a wave of his hand, a huge force hit him suddenly.

Chen Feng swiped this move like a fly.

After the two collided, Liu Luoyun snorted, feeling an extremely powerful force, and directly smashed him out and fell heavily to the ground.

He was full of horror: "You, how can you be so strong?"

Chen Feng smiled and said, "Why can't I be so strong?"

He waved his palm lightly and smiled slightly: "Have you seen? I deal with you, it's as simple as slapping a fly."

At this time, all those who came later were laughing.

"Haha, who is this person? What a foolishness!"

"Yes, why is he so stupid? How dare to provoke Chen Feng?"

"Doesn't he know? Chen Feng is someone who even Zongmen elders can contend! You know, Tang Hengyun is the eleventh building powerhouse in the Divine Sect Realm! He is about to step into the Tianhe Realm!"

"Haha, who knows? There is never a shortage of arrogant fools in this world. He might think that he can catch up with Tang Hengyun, haha, it's ridiculous!"

After hearing these words, Liu Luoyun and Liu Luobin's attendants realized that they didn't do anything before the dust was covered, not because they were afraid, but because they were disdainful!

"Hahahaha, who does he think he is? Do you dare to challenge Chen Feng? It's just like a worm shaking the tree!"

"Who I recognize him, he is Liu Luoyun, who has been in the Ziyang sword field for five years!"

"How about five years? Even the elder is not an opponent, let alone him."

Hearing these words, Liu Luoyun spewed out old blood.

It turns out that Chen Feng's strength has been so strong that even the elders are not opponents!

If he had known it, he would definitely not provoke and mock Chen Feng.

But unfortunately, it is too late now.

He felt like he had been slapped severely, his face flushed! In the crowd, he felt ashamed of himself.

And the people he brought were all dumbfounded, they didn't dare to say a word, their faces were all shameful.

They belittle Chen Feng just now, who knows, in fact Chen Feng is already so strong.

[Chapter 844: I care who your master is!](#)

It's just that they have no eyes!

Liu Luoyun struggled to stand up, looked at Chen Feng with a bitter expression on his face, and said, "Chen Feng, I was planted today, you wait for me! I will make you die in pain when I look back!"

Chen Feng sneered and said: "Do you still want to have a future? I will kill you today!"

"You dare to kill me, no, you absolutely dare not kill me!"

Liu Luoyun laughed and said, "My master is..."

Chen Feng snorted coldly: "I care who your master is!"

With that said, Jinghongbu launched and teleported in front of him with a punch.

This time, Liu Luoyun was beaten to pieces, with wounds all over his body, and he was already seriously injured.

He looked at Chen Feng in shock, Nan's face was incredulous: "You, how dare you?"

"My master is..."

Chen Feng blasted out with another punch and laughed loudly: "I said, I have no interest in who your master is!"

This punch smashed him directly!

Liu Luoyun's head flew up, his face still condensed with disbelief!

Chen Feng glanced lightly at the bodies of Liu Luobin and Liu Luoyun on the ground. He took a breath and murmured in his mouth:

"Bloodwind, my partner, I have avenged you, and the person who harmed you, I have killed for you."

"You wait, it won't be long before I can refine the pill and save you!"

Then he clapped his hands, turned and left, with a leisurely expression, as if it was not two people who had just killed but two flies.

Soon, Chen Feng came to the house where the Tiandao team was located and met Wei Qingyi.

Looking at the few pills placed in front of him, Wei Qingyi's face was shocked.

These elixirs are of medium quality, which is not surprising.

If an average pill pharmacist refines a first-grade pill, the quality of the middle-grade medicine is not difficult.

But what shocked him: Chen Feng's refining speed.

"This, is this all you refined a few days ago?" Wei Qingyi looked at Chen Feng and said in shock.

Chen Feng nodded slowly: "That's right."

Wei Qingyi said, "You only spent less than ten days."

Chen Feng smiled and said, "What happened then?"

Wei Qingyi shook his head and looked at him with an incredulous look: "You are really a monster, not only a martial arts genius, but also a medicine genius."

"You know, it takes at least three days for other first-grade alchemists to refine such a pill."

"I originally expected that it might take you almost a month to train well, but I didn't expect it to take you less than ten days."

In fact, if he knew that Chen Feng had spent ten days refining double the pill, and what was placed in front of him at this time was only part of it, she would be even more shocked.

Chen Feng's pills were not given for nothing.

According to the usual practice, the pharmacist is asked to refine the pill, the materials are prepared by himself, and the remuneration is half of the pill.

Chen Feng gave Wei Qingyi the pill, and Wei Qingyi also handed Chen Feng a mustard bag and said:

"In this mustard bag, what is pretended to be your reward, 35,000 high-grade spirit stones."

Chen Feng nodded, reached out and took it, putting it directly in his arms.

He said: "Sister Wei, please help me pay attention to the prescription. For me, the more the prescription is the better."

He left the Tiandao team and headed towards the Medicine King Palace.

When he arrived at the Medicine King Palace, he discovered that the plaque of the Medicine King Palace had disappeared above the gate.

When Chen Feng saw it, he couldn't help being stunned.

After Wei Qingyi rescued him from Tang Hengyun, he and Yue Linglong and others rebuilt the Medicine King Palace.

Chen Feng remembered very clearly that he personally hung up the plaque of the Yaowang Palace.

And now, how could it suddenly disappear?

"Could it be that someone came to the Medicine King Hall to make trouble again?" Chen Feng thought of this, and the suffocation between his eyebrows gathered again.

Thinking of this, a few people came out of the door, it was Yue Linglong who was waiting.

The faces of several people were unbearably sad, and there were tears on the faces of several girls.

Chen Feng asked, "Sister Yue, what's wrong with you?"

When Yue Linglong and others saw Chen Feng, their faces were full of surprises.

But then, her expression became sad again, and Yue Linglong said: "Chen Feng, I have disbanded the Medicine King Palace."

"What? You disbanded the Medicine King Palace?" Chen Feng exclaimed, "Why?"

Yue Linglong said sadly: "We've already implicated you several times."

"You are originally strong, so you don't need to fear anyone, but after the enemy knows your relationship with the Medicine King Palace, they use us to threaten you every time."

"I don't want to let this happen again. In this case, there is no need for the Medicine King Palace. We will stay on our respective peaks in the future and will not come here again."

"In this way, Junior Brother Chen Feng, you will do whatever you want in the future, and you are not afraid of being threatened!"

Chen Feng was a little moved after hearing this.

He knew Yue Linglong's feelings for the Medicine King Palace, but at this time, she would rather dissolve the Medicine King Palace for herself.

Chen Feng frowned and said, "This is definitely not possible."

"Joining a club is not only for doing things, but also for communicating with each other, enhancing strength, obtaining martial arts and so on."

"If you don't have the Medicine King Palace, your cultivation speed will definitely be greatly reduced!"

He had an idea, and said: "Senior Sister Yue, let's go, I will take you to a place!"

#### [Chapter 845: I don't agree!](#)

With that, Yue Linglong and others were directly brought to the Tiandao team.

When they came to the door of Team Tiandao, Yue Linglong and the others looked up and saw the four characters of Team Tiandao written on the plaque above the gate. His face was full of restraint and hesitation.

Yue Linglong looked at Chen Feng and said hesitantly: "Chen Feng, are you...let us join the Heavenly Dao team?"

Chen Feng nodded and said, "That's right."

When he said that, the faces of the other girls were surprised.

Twitter said: "Chen Feng, Chen Feng, really? Can we all join the Tiandao team?"

Their faces were filled with extreme joy. The Tiandao team was like a myth in the associations of Tongtian Peak. They all felt lucky to join.

No one doubts what Chen Feng said, in their eyes, Chen Feng is omnipotent.

If Chen Feng said that, he can definitely do it!

Yue Linglong said: "But, but, our strength is so weak, will the Heavenly Dao team not want us?"

"Yes, indeed, our strength is too low." When the other girls heard this, their expressions all turned dark.

Chen Feng smiled and said, "Don't worry, I have everything."

With that, he took them into the Heavenly Dao team and went directly to the hall.

In the hall, Wei Qingyi is inside.

Chen Feng walked in, Wei Qingyi looked up and saw him: "Chen Feng, why are you back again?"

Chen Feng said: "I have a few friends who were members of the Medicine King Palace."

"As you know, I made a lot of enemies in the sect. Just like Tang Hengyun and other shameless people, they used them to threaten me directly, and let me throw a rat trap last time."

"They were afraid of getting involved with me again, so they decided to disband the Medicine King Palace, but they had nowhere to go. I want to invite you..."

Wei Qingyi said, "Do you want them to join the Heavenly Dao team?"

Chen Feng nodded: "That's right!"

Wei Qingyi thought for a moment, but she would never agree to what she had said before.

In his eyes, Chen Feng doesn't have that much weight, even if he meets a martial arts genius.

At this time, the fact that Chen Feng was a pharmacist and a genius pharmacist forced him to re-evaluate the value of Chen Feng.

She thought for a moment, nodded, and said: "Okay, I promise you!"

But at this moment, suddenly there was a cold and disdainful voice outside the door:

"I don't agree, these people definitely can't join the Tiandao team!"

A young man in his thirties walked in from outside.

This young man was extremely tall, mighty and majestic, with short black hair, rooted like steel needles, standing upright.

He was wearing a black suit, and the clothes seemed to be bulged up high by his muscles!

He didn't deliberately show his aura, but he was like a lion dormant, even if he lay quietly, it would make people afraid to underestimate it.

Chen Feng raised his brows: "This person is quite powerful."

Beside this young man, there was a twenty-six or seven-year-old young man wearing a white silk robe.

He looks quite handsome, but the powder on his face seems to be too thick, a bit greasy.

His appearance is quite similar to that of the young man in black attire, obviously they are brothers.

Behind the two of them, there were seven or eight people behind, like a follower, none of them were low in strength.

After the two walked in, the big guy in black attire smiled slightly and said, "Tsing Yi, long time no see."

Wei Qingyi looked rather cold to her, and said, "It didn't take long. You only left for a month."

"For me, not seeing you for a day is like three autumns. If I haven't seen you for a month, it means I haven't seen each other for decades!"

The strong-dressed man looks rather rude, but he can speak sweetly.

But obviously, Wei Qingyi didn't buy it at all, snorted coldly and turned his head away.

The white-clothed youth smiled and said, "Senior Sister Tsing Yi, don't you know, this month, my elder brother missed you very much."

As soon as they came in, they talked to Wei Qingyi directly, as if they hadn't seen Chen Feng at all, and ignored him.

Chen Feng looked on with cold eyes, the young man with strong black clothes was very enthusiastic towards Wei Qingyi, and his eyes were full of light.

Obviously, he likes Wei Qingyi very much, but Chen Feng feels that he seems to be more possessive if he likes it.

Then, the young man with strong black costume, as if he had just seen Chen Feng, smiled and said to Wei Qingyi: "Tsing Yi, won't you introduce him to me? Who is this?"

Wei Qingyi said coldly, "Chu Zegang, I told you before, don't call me that, the two of us are not close to this level!" [novelusb.com](http://novelusb.com)

Chu Zegang seemed a little embarrassed, he laughed, and did not answer.

Then Wei Qingyi said: "Chen Feng, this is Chu Zegang, the deputy leader of our Tiandao team."

"This is his brother Chu Zeyan." She pointed to the white-clothed youth and said.

Then he introduced Chen Feng to the people behind Chu Zegang, who were also members of the Tiandao team.

Then, Wei Qingyi said to Chu Zegang and others: "He is Chen Feng and he just joined our Heavenly Dao team!"

Chu Zegang's expression changed, and he said, "Tsing Yi, there are newcomers to our Heavenly Dao team. Shouldn't it be approved by me?"

Wei Qingyi's expression became even colder: "Chu Zegang, don't forget, I am the leader of the Tiandao team!"

#### [Chapter 846: I'm going to slap you in the face!](#)

"It's enough for me to agree to this, do you still need you?"

Chu Ze just saw that she was a little angry, so he didn't dare to offend him, smiled and said, "Tsing Yi, don't be angry, I am afraid you will be deceived!"

"What if someone comes in, and the cows are blowing loudly, and the result is a waste. After going out, no one can beat it. Wouldn't it be the people who lost our Tiandao team and ruined our reputation?"

He was obviously referring to Sang and cursing Huai, saying that Chen Feng was a trash and no one could beat him after he went out.

But he didn't say it straight. Chen Feng was very tired of hearing this and had a very bad impression of him.

This person seems crude, but in fact he is quite hypocritical and narrow-minded.

Chu Zeyan on the side also fanned the flames and said: "According to the rules of our Heavenly Dao team, if you want new members to join, you must agree with the leader and deputy leader at the same time."

"I would like to ask Senior Sister Wei, what is so great about Chen Feng, you can ignore the rules and let him enter the Heavenly Dao team?"

Wei Qingyi said in a deep voice, "Because Chen Feng is very strong, and his strength is very strong."

"What? Chen Feng is very strong?" *novelusb.com*

A look of disdain appeared on Chu Zeyan's face, and he laughed and said, "Why don't I know that Chen Feng is very strong? I have been in Ziyang Sword Field for so many years, but I have never heard of this name."

Then he turned his head and asked everyone behind him: "Have you heard the word Chen Feng?"

Those people all shook their heads, with a look of disdain on their faces: "I have never heard of this name. It should be some unknown person."

They were obviously not afraid of Wei Qingyi, they all followed Chu Zeyan's words.

When Wei Qingyi saw them like this, his face immediately became a little cold, very unhappy.

Chen Feng leaned on the chair and said lazily: "I haven't heard of my name because you are ignorant."

Chen Feng's words are actually correct.

He is now well-known in Ziyang Sword Field.

But Chu Zegang and others had just returned from a mission outside, and hadn't heard of those things about him.

Chu Zeyan stared at Chen Feng coldly, and said coldly: "Little bastard, who do you say is ignorant, who do you say is ignorant?"

Chen Feng smiled slightly: "Who scolded the little bastard?"

Chu Zeyan didn't recover, but instinctively followed: "Little \*\*\*\* scolds you."

Chen Feng laughed loudly: "Yes, that's right, the little brat scolded me."

"You admit that you are a little bastard, don't you admit that you are ignorant?"

Wei Qingyi listened next to him, giggled, and said in his heart: "Chen Feng, this cunning little villain."

Chu Zeyan's face was flushed, and he also realized that he had been tricked.

Some of the people behind him almost couldn't help but wanted to laugh, but they still held back forcibly.

But Yue Linglong couldn't help laughing out loud.

Chu Zeyan stared at them immediately, and said coldly: "You little bitches, why are you laughing?"

Two girls were so scared that their expressions changed, and they took a few steps back.

Yue Linglong did not show weakness, staring at him coldly, blocking in front of the girls.

As soon as he heard this, Chen Feng's expression immediately became cold, and he said in a cold voice: "Chu Zeyan, a big man knows how to bully a few girls, what is it?"

The lazy expression on his face just now disappeared without a trace, and he was really angry now!

Chu Zeyan turned his head, stared at Chen Feng, and said in a cold voice: "Then I will let you know what it means to be capable."

"I would like to see, what do you have the ability to be transferred to the Heavenly Dao Team by the blue eyes of Senior Sister Wei Qingyi?"

"Don't even be overwhelmed by my tricks, and lose the face of Senior Sister Wei!"

"Today, I will teach you a bitter lesson!"

At the side, someone smiled and persuaded: "Brother Yan, don't fight him, he is going to really lose, and Senior Sister Wei can't help it."

They seemed to persuade them, but they actually harmed Chen Feng overtly and secretly, and also damaged Wei Qingyi's eyesight, and recruited Chen Feng as a waste.

Chen Feng shook his head, with a lazy expression.

He didn't put vinegar in his eyes at all.

When Wei Qingyi saw Chu Zeyan actively challenge Chen Feng, he shook his head somewhat disdainfully: "It's just looking for death by myself, so I dare to provoke Chen Feng."

And Chu Zeyan, seeing Chen Feng not speaking, thought he was afraid to fight, and was even more proud, haha laughed:

"Chen Feng, aren't you good? Hurry up, hurry up!"

Chen Feng stood up lazily, and suddenly snorted: "It's really noisy, how can it be like the crow on the tree? It upsets me for a while!"

With that said, Chen Feng took a palm shot and directly shook Chu Zeyan back seven or eight steps. He staggered and almost sat on the ground.

Chu Zeyan's face flushed red, and he shouted sharply: "You dare to attack me."

Chen Feng shook his head, Chu Zeyan still couldn't see the actual comparison between the two.

Chu Zeyan pounced on like Chen Feng again.

At this time, Chu Zegang had already narrowed his eyes and shouted loudly, "Ze Yan, come back!"

But it was too late.

Chen Feng sneered, and then took another palm.

With a bang, the two collided.

Chen Feng remained motionless, while Chu Zeyan was photographed more than ten meters out of the hall and fell directly into the courtyard.

He fell heavily on the ground, smashing two blue stones to pieces, and a trace of blood leaked from the corner of his mouth.

Chen Feng looked at him jokingly, and said, "How about it? It's not a sneak attack this time, right?"

Chu Zeyan looked at Chen Feng with horror, and exclaimed, "How is it possible for you?"

Chen Feng slapped Chu Zeyan out like a fly. *novelusb.com*

Because of the conflict between Chen Feng and Chu Zeyan here, many members of the Heavenly Dao team have been attracted to visit.

"This person is quite powerful!" Seeing this scene, many people were secretly surprised.

"Chu Zeyan is a master of the tenth building of the Divine Sect Realm, and Chen Feng can actually shoot him out lightly, just like swatting a fly. The strength is definitely much stronger than him."

The most important thing is that Chen Feng's strength revealed at this time is nothing but the seventh building in the Divine Sect Realm.

But now, no one regards him as the seventh floor of the Divine Door Realm.

We all know that he must have hidden his strength!

Chu Ze just walked up, he was two and a half meters tall, looked down at Chen Feng, and said lightly: "You are all from the Heavenly Dao team, but you are so vicious."

He looked at Wei Qingyi and said, "Easy, your inviting vision this time is really not good."

Chen Feng said coldly: "When your brother was about to stop, when he was going to teach me, why didn't you say that we are all members of the Heavenly Dao Team?"

He can see clearly, this person is very hypocritical.

Obviously his brother made the mistake first, but directly accused Chen Feng.

Chu Zegang said indifferently, "Ze Yan has some impulses, and he doesn't speak well, but you shouldn't be so harsh!"

Chen Feng smiled angrily: "Do you have eyes? You have to see clearly, but he did it first! And, cruel!"

Chu Zegang shook his head: "I don't care about this, you dare to act so viciously, as the deputy leader of the Heavenly Dao team, I must teach you a lesson."

"Lest you cause trouble to our Heavenly Dao team after you go out."

Chen Feng said with a sneer: "If you want to fight, why not talk so much nonsense? It's so hypocritical!"

Chu Zegang said lightly: "I'm doing this for your own good, don't be ignorant of praise."

The tone of his speech. It seems to be taken for granted, and it is always a high-profile face!

Chen Feng sneered: "Then a fight!"

Chu Ze just nodded: "Okay, today I will make you remember, not everyone is something you can provoke."

Having said that, we must do it.

At this time, Wei Qingyi stood up suddenly, stood in front of them, and said coldly: "Stop it all!"

"Chu Zegang, you saw it just now, it was your brother who provoked him first, and it is normal for Chen Feng to teach him."

"Furthermore, Chen Feng obviously kept his hand, otherwise, a single palm would be enough to kill him."

Chu Zegang said in a cold voice, "Tsing Yi, you actually favor this little bastard!"

Wei Qingyi shook his head and said, "I'm telling the truth."

Chu Zegang said coldly, "Tsing Yi, it has been three years since you and I formed the Heavenly Dao Team."

"You are the leader, and I am the deputy leader. We have such a deep relationship together, but I didn't expect that you would favor this little bunny. It really disappointed me!"

He suddenly pointed at Chen Feng and sternly shouted: "Chen Feng, if it is a man, don't hide behind a woman and come out to fight me!"

Chen Feng sneered: "Do you think I'm afraid of you?"

With that, he directly pushed Wei Qingyi aside.

Wei Qingyi shook his head and said, "Chen Feng, you are not his opponent! Don't be impulsive."

Just after hearing what he said, Chu Ze was extremely proud and laughed loudly: "Tsing Yi, don't worry, he is a member of our Heavenly Way team anyway."

"I'm not going to kill you, just give him a lesson."

He looked at Chen Feng, then patted his chest lightly, and said, "Little jerk, let's fight, I won't use anger, I will fight you with my flesh."

Chen Feng sneered and said, "Do I still want to thank you for allowing me?"

Chu Zegang said, "I don't know how many times my strength is stronger than you. If I use my qi, I would be bullying you!"

"But..." His face suddenly became a little stubborn: "Tell you, Chen Feng, even if I don't use my anger, it will be enough to defeat you in five moves!"

"I have practiced the Xuan-level first-grade body forging exercises for five years, the bronze wall and iron wall exercises! Now my body is as hard as copper and iron, even if it is an ordinary first-level spiritual weapon, it cannot hurt me!"

"Even if I stand here and let you fight, you can't beat me back!"

Wei Qingyi couldn't stop Chen Feng, so he stepped aside and said in a low voice, "Chen Feng, be careful of everything."

Seeing Wei Qingyi and Chen Feng so close, Chu Zegang's face was even more jealous.

He yelled sharply: "Chen Feng, if you dare not fight, just say it! Kneel down and beg for mercy, and I will let you go and don't have to delay time here.

Chen Feng laughed and didn't bother to talk nonsense with him anymore, startled with shock, and came directly in front of him.

Then, a punch came out!

Seeing him blast out this punch, Chu Zegang did not evade, his lips showed contempt.

Suddenly he took a deep breath, his muscles swelled up suddenly, and his clothes were split open, revealing solid muscles.

A thick blue-black light radiated from the surface of the body, and it turned out that he actually had to block Chen Feng's punch by relying on the body exercise technique.

In his imagination, after Chen Feng hit him with this fist, he would definitely be shaken by a back shock, and his entire arm would be broken.

However, a scene that shocked him happened.

#### [Chapter 848: Beat me? You think too much!](#)

After Chen Feng bombarded him with this punch, he felt an extremely huge force coming, and his body was involuntarily smashed out directly.

Then, before landing, Chen Feng had already laughed loudly and rushed over in shock, kicking him hard in the stomach with another kick.

At this time, he kicked him into a bend like a prawn, his abdomen was severely painful, and he vomited a bit of blood!

Then, before he stood up, Chen Feng had already come to him again.

'Slap', slap him, and slap his face!

At this moment, Chu Ze just felt his face hot, and the pain was extremely painful.

His head tilted aside heavily, his neck hurt, and his neck was almost sprained.

The whole person was beaten out again, and directly smashed a wall!

Chen Feng's three combos directly knocked Chu Ze just blind, and sat on the ground with his ass, and he didn't slow down for a long time.

When Yue Linglong and the others watched, they all giggled and shouted, "Chen Feng, come on!"

"Chen Feng is awesome, tidy up this defiant guy!"

Chu Zegang was very shocked and shouted: "How can you, little bastard, be so powerful?"

He was shocked in his heart: "I have practiced Bronze Wall and Iron Wall Kungfu for many years, and my body has been extremely hard, but I can't stop him at all. It looks like a piece of paper in front of him."

Chu Zeyan looked at this scene in disbelief and exclaimed, "Big Brother, how are you?"

Chu Zegang stood up slowly, looked at Chen Feng, and said, "I really underestimated you. Your strength is not low."

"But, that's because I didn't use qi just now."

"As long as I use my qi, I can defeat you easily!"

Chen Feng sneered and said, "Then try again! It just so happens that I have no interest in playing a puppet!"

"Since you are so good, then let me know! I'm going to see how strong you are!"

"Since you are looking for death, then I will fulfill you!" Chu Zegang shouted sharply, his body surged, and his qi circulated wildly.

His momentum continued to rise, reaching the peak of the eleventh building in the Divine Gate Realm!

At this time, his momentum has already suppressed some people next to him out of breath.

Yue Linglong and the others couldn't stand in the hall and retreat directly to the courtyard!

"It turns out that Boss Chu is already the pinnacle of the eleventh building in the Divine Sect Realm!"

"When we left Ziyang Sword Field before, he was only in the middle stage!"

"Haha, Boss Chu had an adventure when he went out this time. Not only did his realm improve, he also cultivated a very powerful martial skill!"

"Now that Chen Feng is over, he will definitely not be Boss Chu's opponent. Boss Chu can kill him like an ant!"

"Yes! I think so too!"

The people of the Tiandao team who were onlookers were shocked when they saw this scene. They all looked down on Chen Feng and thought that he would definitely not be Chu Zegang's opponent!

Chu Ze just spoke. He looked down on Chen Feng like a god, and said coldly:

"Chen Feng, if you admit defeat at this time, I can spare you a way out, as long as you withdraw from the Heavenly Dao team and kowtow in front of my brother to apologize."

Chen Feng said coldly: "It's broad daylight, isn't it a bit impractical to dream?"

A shadow flashed across Chu Zegang's face: "Then you go to death!"

As he said, stepping forward, he slammed a punch at Chen Feng!

His punch was extremely powerful.

Chen Feng smiled slightly, standing still, still slamming a punch.

With this punch, his momentum is extremely huge.

At this time, although Chen Feng was only the tenth floor of the Divine Sect Realm, he practiced the Dragon Elephant Fighting Heaven Secret Art, so that his current strength was already able to shake the eleventh floor and even the twelfth floor strong.

After a punch, the two punches collided, Chen Feng didn't move, but Chu Zegang actually kicked back seven steps.

His right arm made a crackling sound and twisted abnormally.

It has been broken!

The people around let out a huge shocked voice: "How is it possible that Boss Chu was defeated?"

"I can see that Chen Feng's real strength is the tenth building of the Divine Sect Realm!"

"However, he has absolutely no reason to defeat the peak powerhouse of the 11th floor!"

"This Chen Feng, his strength is definitely not reflected in his realm, he is really powerful."

"I don't think he used martial arts, just a random punch!"

"This Chen Feng is amazing!"

Everyone exclaimed!

Chen Feng smiled and said, "Chu Zegang, want to beat me? You think too much!"

Chu Zegang also showed horror on his face, and then, as if he had made a decision, he took a deep breath.

Suddenly, a martial soul suddenly appeared behind him.

This Wuhun turned out to be a ten-meter-high giant silver-backed ape.

The ape is full of muscle knots and looks extremely powerful.

But after the monkey looked at Chen Feng with cold eyes, he immediately attached himself to Chu Zegang.

Just after Chu Ze was possessed by Martial Soul, his figure skyrocketed, reaching a height of more than three meters, and all his clothes were torn apart.

His body was full of muscles, blood vessels bursting, and his body showed a purple and gold color, which looked like metal casting.

The faces of the people he brought immediately showed excitement.

"The boss is going to use Martial Soul."

#### [Chapter 849: One punch is enough!](#)

"What use martial spirit? The boss used martial spirit to use that trick. He can't use it without possessing martial spirit!"

"Haha, that move is very powerful, as long as it is played, Chen Feng is definitely not an opponent!"

Then Chu Zegang let out a beast-like roar, punched forward and slammed out.

Halfway through his fist, it suddenly increased several times and became the size of a table of eight immortals. He slammed it at Chen Feng.

Wei Qingyi suddenly stood up, with some worry in his eyes.

Chu Zegang's punch had already reached the strength of the twelfth floor of the Divine Sect Realm, and he even had to touch the Tianhe Realm!

A smile appeared at the corner of Chen Feng's mouth: "It just so happens that I will use you to try the power of the newly trained Thunder Thunder Fist."

He took a deep breath, the power of thunder and lightning in his dantian revolved and punched out.

After he punched out, the silver-white lightning flashed everyone's eyes.

Everyone only felt that there was a flower in front of him, and there seemed to be a thunderous sound, and then they saw that Chu Zegang flew out in an instant.

Blood spurted wildly from his mouth, his figure shrank sharply, and his dark golden light faded.

And his huge ape martial soul was directly shot out of his body, let out a wailing, and disappeared instantly!

Chen Feng looked at his fist with a satisfied smile at the corner of his mouth: "Thunderbolt fist is worthy of being a master of the top of the Tianhe realm!"

"The first move thunders in the sky, the power is so great! And this is only 10% of the power!"

Chu Ze just lay on the ground for a while before struggling to get up.

His brother hurried forward to hold on to Jean.

Chu Ze just glanced at Chen Feng and said sadly, "I lost."

Next to Wei Qingyi said slowly: "Chu Zegang, I forgot to tell you just now. Chen Feng is someone who can defeat even Tang Hengyun, the elder who guards the monsters."

Heard this sentence. Chu Ze just almost spewed out a mouthful of old blood. Roared: "Don't you tell me earlier?"

If you told him earlier, he would never think he could defeat Chen Feng!

Wei Qingyi smiled coldly: "I forgot just now!"

Chu Zegang took a deep breath, glanced at them coldly, and turned to leave.

Chen Feng looked at the people of the Tiandao team and smiled and said: "My senior sister and others, join the Tiandao team, no one has any opinions, right?"

Naturally no one dares to have any questions!

Yue Linglong and others successfully joined the Tiandao team!

Chen Feng left here and was about to return to Duan Renfeng.

Suddenly, he heard a cry of surprise and hesitation from behind: "Chen Feng."

When Chen Feng turned around, he was stunned.

I actually saw an acquaintance here.

This person is not someone else, but Ran Yuxue.

At this time, Ran Yuxue was dressed in white, and she looked like an immortal, looking very noble and clean.

There was a hint of excitement in her eyes looking at Chen Feng.

But standing there, hesitating, it seemed that he didn't know whether to move forward or back.

Chen Feng took a deep breath, walked to her, and said lightly: "Uncle Ran, why are you here?"

Chen Feng was very surprised. You know, Qian Yuanzong and Ziyang Sword Field are far away. What is Ran Yuxue doing here?

Ran Yuxue's face instantly turned pale when she heard Chen Feng spit out the three words Shishu Ran.

These three words are very polite. But it was also extremely alienated, which represented Chen Feng's current attitude towards him, which was the extreme indifference.

Ran Yuxue hesitated for a moment, and finally stepped forward.

She looked at Chen Feng with a pleading on her face, and said in a low voice:

"Chen Feng, I am here to see you at Ziyang Sword Field this time, I beg you for one thing."

Chen Feng said lightly: "Say."

He had actually expected it.

Ran Yuxue was a little hard to speak, and said in a low voice: "I want to be with you and ask you for a pill."

Before Chen Feng could speak, she quickly explained:

"Changling was young and energetic, and was seriously injured in the fight with others, the injuries spread to his dantian, and his cultivation was almost abolished."

"I can do nothing. I searched for the famous doctor of Qian Yuanzong, but I couldn't treat it."

"Thousands of miles away from Qian Yuanzong, all the famous doctors, I have invited them, and they all said they could not be saved."

"And at my level..." She took a deep breath, with a humiliating look in her eyes:

"At my level, there is still no way to reach a pharmacist. Only the pill that the pharmacist refines can save him."

A sneer appeared at the corner of Chen Feng's mouth: "Do you think I will be a pharmacist? Is your request a bit embarrassing for me?"

He was indeed a little angry. If he was not a pharmacist, he would have to pay a great price to help Ran Yuxue.

Ran Yuxue quickly explained: "I don't know you are a pharmacist, but I know that you are the best disciple of our Qian Yuanzong."

"You can always do things that others can't do, so I came here this time to come and beg you..."

There was a hint of anger in Chen Feng's eyes: "Uncle Ran, you have lived longer than me and have a broad experience. You can't help but know how precious a pill is."

"You can't help but know. What price will I have to pay for you to get a pill? Do you think this is appropriate?"

After hearing this, Ran Yuxue was stunned.

She stood there blankly, her face pale, her figure shaky, like a lotus that was about to wither by the frost and snow in autumn.

#### [Chapter 850: The Trial Palace is open!](#)

She suddenly said, "You, you still have a way, don't you? What price do you want me to pay?"

She suddenly walked in front of Chen Feng, her expression was pale with a hint of flushing, she lowered her voice, looked at Chen Feng, and said:

"I know, you look down on everything about me, do you want my body, I can give it to you tonight!"

"Shut up! Enough!"

Chen Feng stared and shouted angrily.

There was a deep sorrow in his eyes: "Why did the master like you back then? Look at what you are now!"

Ran Yuxue screamed without warning, and suddenly backed two steps in panic, tripped under her feet, and directly sat down on the ground!

Her expression was full of fear and helplessness.

Chen Feng felt soft, took a deep look at him, and suddenly threw a mustard bag.

He said lightly: "In the mustard bag, there is a heart-clearing pill and a small pill for repaying the wound."

"Small Huandan can heal the wounds of the low-level people in the Divine Sect realm, and the abolished Dantian."

"And the Qingxin Healing Pill, for the people below the fifth floor of the Divine Sect Realm, any injury except the abolition of the Dantian has magical effects."

He paused, with a mocking smile on his face: "No matter how Ran Changling is, it's impossible to step above the fifth building, right?"

When Chen Feng said this sentence, he suddenly found out.

These enemies who were against him in Qian Yuanzong at the beginning, once forced him to go all out, and even those who had to do his best to deal with them, are now so humble?

It's not even worth mentioning in front of me, and I feel that even looking at them is a waste of time!

"Huh?" Ran Yuxue's face immediately burst out with a huge surprise when Chen Feng said this.

She directly held the mustard bag in her hand, then looked at Chen Feng, and suddenly knelt on the ground and kowtow: "Chen Feng, thank you, thank you!"

I don't know what's wrong, Chen Feng felt very uncomfortable when seeing her now.

He stepped aside and said, "You are still my uncle! After all, you used to have that kind of past with my master."

Chen Feng stared at him and said in a deep voice:

"Uncle Ran, I invite you, don't do this again in the future, lower your arrogant head!"

"Don't abuse yourself like this!"

"The only place you can kneel and kowtow is in front of my master's grave!"

Hearing these words, Ran Yuxue was struck by lightning and looked at Chen Feng blankly.

Chen Feng said lightly: "It's getting late, so hurry down the mountain, so that you can leave Ziyang Sword Field before sunset today."

After speaking, Chen Feng turned around.

At this time, in the courtyard of the Tiandao Team, a young girl walked out, it was Wei Hongxiu.

Wei Hongxiu looked at Chen Feng and then at Ran Yuxue. He seemed to be full of guard against the beautiful Ran Yuxue.

She walked to Chen Feng and asked faintly: "Who is this?"

Chen Feng shook his head: "There is no one, just an old friend who doesn't matter."

With that, He Wei Hongxiu left.

Ran Yuxue shook her head in despair, and murmured: "Yes, it's just an old person!"

With that, she also walked away quickly.

And there was a disciple from Ziyang Sword Field who carefully observed her strength, and then took a look at her beautiful face, slim figure, with a hint of licentiousness on her face, and quietly followed.

Ran Yuxue's strength was far inferior to him, and he was in chaos and didn't notice it at all.

Wei Hongxiu dragged Chen Feng away, and said excitedly: "Chen Feng, Chen Feng, do you know that a happy event is about to happen."

Chen Feng said: "What happy event?"

Wei Hongxiu said: "Two months later, it will be the Zongmen Grand Competition. All disciples of the outer sect and core disciples can participate."

"Outer sect disciples who perform well can become core disciples, while core disciples who perform well and are valued by some elders can become true disciples."

When Chen Feng heard this, he was a little surprised.

The treatment of core disciples and true disciples is by no means comparable to that of outer disciples.

If you can become the first two, it will be of great benefit to cultivation.

As for the elder's advice, he didn't care very much, after all, Chen Feng was darkly old now.

An old man has lived for thousands of years, what kind of battle has he not seen? Better than anyone else!

Wei Hongxiu continued: "There is one more thing. In order for the disciples to quickly improve their strength and have a better performance in the assessment, the trial hall is now open."

Chen Feng was surprised: "Trial Hall, what is that place?"

Wei Hongxiu explained: "The Trial Hall is some rooms specially opened by Zongmen."

"These rooms are very distinctive, they were specially built by Zongmen elders!"

"Every trial hall is different. If you want to improve your physical training ability and temper your body, you can choose a trial hall that is beaten."

"After entering, there will be a lot of metal puppets inside, attacking you."

"And if you want to hone your offensive skills, there is also a corresponding trial hall, do you understand?"

"The Trial Palace is to increase your skills in a certain aspect, and to carry out a large amount of specialized training for the internal aspects."

Chen Feng nodded: "I understand."

He immediately said excitedly: "Let's go, let's go and see."

Chen Feng looks forward to it very much.
