

## Peerless 851

### [Chapter 851: Tianhe Realm!](#)

He has just practiced Thunder Thunder Fist and is about to increase his familiarity with Thunder Thunder Fist.

There is such a place, it is just what you want.

Chen Feng said: "Then, Hongxiu, you can take me there now!"

He can't wait any longer.

Chen Feng had just practiced Thunder Thunder Fist, and he was thinking about training his Thunder Thunder Fist.

At this time, entering the Trial Palace is undoubtedly a very good choice.

Wei Hongxiu smiled and said, "Okay!"

After speaking, he took Chen Feng and walked in that direction.

As he walked, Wei Hongxiu asked, "Chen Feng, when do you plan to break into the Tianhe Realm?"

"Break into the Tianhe Realm?"

Chen Feng was a little puzzled and said, "Shouldn't it be the peak of the twelfth building in the Divine Gate Realm to break into the Tianhe Realm?"

After hearing this, Wei Hongxiu immediately turned his head and looked at Chen Feng with a very strange look.

Chen Feng touched his nose, wondering and asked: "What's the matter with you? Why do you look at me with such a look?"

Wei Hongxiu shook his head and said with a wry smile: "Chen Feng, I really don't know how you got to such a high level. Why don't you understand the common sense of this cultivation?"

Chen Feng laughed, not paying attention to it, and said: "Compared with you, I was born in the small sect of the mountain, I don't know this is normal!"

Wei Hongxiu shook his head and said, "You, what a freak, you have such a high level of talent for cultivation, but you don't know this common sense."

"Let me tell you, it is not possible to enter the Tianhe Realm after entering the twelfth floor of the Shenmen Realm."

"In fact, you can enter the Tianhe Realm by stepping into the tenth building of the Divine Gate Realm."

"What?" Chen Feng shouted in surprise: "You can enter the Tianhe Realm when you step into the tenth building?"

"That's right!" Wei Hongxiu said with a mockery: "You really don't understand anything, no matter what, I will explain to you now."

"The biggest difference between the Tianhe Realm and the Divine Gate Realm is that the Divine Gate Realm, the source of all your strength, is the qi."

"And the Tianhe Realm, the source of all your strength, is True Essence."

"True Yuan is like a drop of water!"

"When you break into the Tianhe Realm, all the qi in your body will condense into a drop of true essence!"

"Tianhe realm is actually divided into three big realms: Tianhe realm, Tianhu realm, and Tianhai realm!"

She looked at Chen Feng and asked, "Do you know the difference between these three realms?"

Chen Feng twisted his brows and said, "First, there is a spring, then a lake, and then a sea. How much should the difference between the three be true?"

"Yes."

Wei Hongxiu said with a smile: "The first realm after the breakthrough is to enter the Tianhe realm!"

"Before entering the Tianhe realm, whether it is the acquired or the gods, it only runs Gang Qi in the meridians and acupoints."

"And after entering the Tianhe Realm, it is to condense the true essence in the dantian, but to open up the dantian!"

"The Tianhe realm can hold a hundred drops of true yuan! The Tianhu realm can hold a thousand drops of true yuan! And the Tianhai realm can hold 10,000 drops of true yuan!"

"Every time you step into a realm, your strength is increased tenfold! The more true essence, the stronger the strength!"

"The same kind of martial arts is more powerful, and the combat effectiveness is more durable!"

Chen Feng listened and took a breath.

"Heaven-sea realm, there can be 10,000 drops of true far! And you know, when you first entered the Tianhe realm from the Divine Gate realm, the whole body's qi is just condensed into a drop of real essence!"

This strength gap is really huge.

Chen Feng suppressed his shock, and then asked Wei Hongxiu: "So, the tenth building or the twelfth building, what is the difference between entering the Tianhe Realm?"

"Of course there is a difference, the difference is big!" Wei Hongxiu said exaggeratedly:

"It is very easy to enter the Tianhe Realm from the tenth floor of the Divine Gate Realm. The chance of failure is almost 50%, very small!"

"However, after entering the Tianhe Realm, the drop of true essence condensed is very complicated, it is white true essence, this is the lowest level true essence!"

"And if you condense the true essence from the eleventh floor of the Divine Gate Realm and enter the Tianhe Realm, the chance of breaking through and failing is 90%!"

"Only one of ten people can break through successfully. However, after a successful breakthrough, the drop of true essence condensed is golden true essence, called golden liquid!"

She said with some pride in her eyes: "Look at my sister, she is still at the peak of the eleventh floor of the Shenmen Realm. She just wants to step into the Tianhe Realm at this realm."

"She has stayed in this realm for two years, just to polish herself, so that when she enters the Tianhe realm, her strength is more perfect!"

"One drop of golden true essence is equivalent to ten drops of white true essence. The power of the two is not on the same level at all!"

"As for the twelfth building!"

Wei Hongxiu took a deep breath: "Stepping into the Tianhe Realm from the Twelfth Floor, those are just some characters that exist in legends, such as some of the first elders of Ziyang Sword Field, who did this."

"It is extremely dangerous to step into the Tianhe Realm from the twelfth floor of the Shenmen Realm, and the probability of failure has reached 90%!"

"Out of a hundred people, only one person can break through and succeed. Of course, the return is extremely huge!"

"As long as it can successfully break through, the whole body will condense into a drop of jade true essence!"

#### [Chapter 852: Meet](#)

"A drop of jade true essence is equivalent to ten drops of golden true essence!"

Chen Feng listened, and took a breath, his heart filled with pride.

He swore in his heart: "I must step into the Tianhe Realm on the twelfth floor of the Shenmen Realm!"

Wei Hongxiu looked at Chen Feng and said, "Chen Feng, I understand your thoughts. I know you must want to break into the Tianhe Realm when you are in the twelfth building."

Chen Feng nodded: "That's right."

He did not hide it.

Wei Hongxiu said: "Chen Feng, to be honest, this is very dangerous, I don't recommend you to do this."

"But, if you decide this way, I will only support it. If something really happens, then it's just that God doesn't favor it."

Chen Feng laughed and said, "How can God not favor it? It has nothing to do with God!"

"Everything is won by myself, I will definitely strive for this, even if God doesn't let me get it, I won't fulfill God's will!"

Wei Hongxiu looked obsessed with Chen Feng's eyes!

At this time, Chen Feng was full of pride and domineering, which made him obsessed.

Soon, the two came to the trial hall.

The Hall of Trial is a high cliff.

On the cliff, there are more than a dozen halls.

Each hall corresponds to a different one.

For example, a dark golden hall, corresponding to defense, is called the defense hall!

And the other big hall with a white shape, like a knife, is called the attack hall!

On the cliff, a middle-aged man in his fifties sat cross-legged, his eyes slightly closed.

He looked at the people below with a haughty face.

At this time, many disciples have gathered below.

They made roaring noises, but no one was able to go up to the cliff.

Wei Hongxiu hurried to find out the news, and returned after a while, and said to Chen Feng: "Now, these halls have not been officially opened."

"There is still time for a cup of tea before the official opening."

She said anxiously: "Too many people came to the various halls to participate in the trial this time."

"And each hall can only enter one person at a time, and we don't know when we can enter."

Chen Feng nodded, his eyes a little anxious.

But at this moment, suddenly a group of people walked into the distance, totaling twenty or thirty people.

One by one, they raised their arrogance and shouted five and six, and drove everyone around them to both sides.

And they are obviously quite famous, these people should know them, and they dare not say anything if they are bullied, just look at them with angry eyes.

When these people walked in front of Chen Feng, one of them suddenly saw Chen Feng.

In his eyes, a gloomy look immediately appeared.

He pointed to Chen Feng and shouted: "Brother, it is him, his name is Chen Feng."

"That day, he humiliated me in public!"

The speaker is a handsome young man in his twenties.

When Chen Feng saw that he was still an acquaintance, it was Hua Junyan who had been humiliated by him.

And beside Hua Junyan, there was a young man with sharp eyebrows, very handsome and powerful.

The whole person is sharp and sharp, looking like a long sword that wants to be broken out of its sheath, with a huge momentum.

It's just that in his eyes, there is an arrogant color, and the whole person looks like no one!

After Wei Hongxiu looked at the two of them, his face immediately showed nervousness, frowned, and whispered to Chen Feng:

"Chen Feng, that is Hua Junyan, next to Hua Junyan is his brother Hua Yuyan!"

"Hua Yuyan is quite powerful, and he is also the leader of the Heaven Breaking Alliance."

Hua Yuyan looked up and down at Chen Feng with an arrogant look, and then asked Hua Junyan next to him: "Is he hurting you that day?"

Hua Junyan gritted his teeth and said fiercely: "Yes, it's him!"

After hearing this, Hua Yuyan looked at Chen Feng's gaze, and a murderous intent flashed immediately.

He looked at Chen Feng, with a condescending posture, lightly commanded:

"Your name is Chen Feng, right? Roll over now, kneel down in front of my brother, and kowtow to him."

"Then abolish the cultivation base, and I will spare your life."

His attitude was taken for granted, as if he asked Chen Feng to kowtow to Hua Junyan for his gracious behavior.

It was like giving Chen Feng face.

A stern look flashed in Chen Feng's eyes, and said lightly: "If I don't!"

"How dare you say no?"

A look of disbelief appeared on Hua Yuyan's face, as if she did not believe that Chen Feng even dared to refuse his orders.

Then he sneered: "It's really interesting. It's been a long time since no one dared to disobey my orders, but I ran into one today."

"Haha, isn't it because Hua Yuyan hasn't killed anyone for too long, so that the people at Ziyang Sword Field have forgotten my methods?"

His eyes suddenly became cold, looking at Chen Feng, as if looking at a dead person, and said:

"Chen Feng, you will die next moment!"

"Today, I am going to kill you and let people regain their fear of me!"

He spoke very firmly, as if he said that by killing Chen Feng, he could easily kill Chen Feng!

Chen Feng sneered and said, "Then, you might as well try."

Although Hua Yuyan is strong, Chen Feng is not afraid at all.

Chen Feng estimated that his strength should be similar to Hua Yuyan.

"Well, since you are looking for death, I will fulfill you!"

Hua Yuyan's eyes flashed, and his figure moved instantly, hitting Chen Feng with a punch.

[Chapter 853: So unfair!](#)

This punch has extremely terrifying power.

When the people around saw this scene, they suddenly exclaimed.

"This person named Chen Feng is really overwhelming!"

"Hua Yuyan is the leader of the Heaven Breaking Alliance, with extremely powerful strength. How could he be Hua Yuyan's opponent?"

"Yes, Hua Yuyan wants to kill him. He will definitely not be able to escape. I don't think he can take a single move, so he will be killed by Hua Yuyan!"

"Haha, he doesn't have long eyes either, who told him to dare to provoke Hua Yuyan!"

No one thought that Chen Feng could win. Chen Feng's eyes flashed coldly, and he also threw a punch.

He knew very well that with this punch, he could severely wound Hua Yuyan!

Hua Yuyan's strength is good, but in front of Chen Feng, it can only be regarded as average.

But at this moment, he suddenly felt that his wrist was grabbed.

It was like being clamped by a pair of iron tongs, and even the silk was unable to move, and all the qi was sealed in the body and could not gush out.

Chen Feng's heart was shocked.

"What kind of cultivation is this? Can it make me unable to fight back?"

"This person is powerful, I'm afraid he has reached the Tianhe Realm!"

Then he saw that a person was standing between himself and Hua Yuyan.

He held his wrist with his left hand, while his right hand blocked Hua Yuyan's fist.

This person is the middle-aged white man sitting on the cliff.

He frowned and looked at Chen Feng, and said coldly: "In front of the Trial Palace, if you dare to do something, you still offend your senior!"

"I really don't know how to be superior and inferior, I have no education!"

"My Ziyang Sword Field, how can I accept you as a disciple!"

Then he looked at Hua Yuyan again, with a smile on his face, and said:

"Yuyan, so are you. How many years have you been in the sect? Why do you still know such a little boy?"

"If you beat him, you won't be able to win. His strength is so much different from yours, and he is definitely not your opponent."

"It's not a good choice for you to use him to build power. If a person squeezes an ant to death, can it mean that he is really strong?"

His attitude was extremely partial, first he severely reprimanded Chen Feng, then he spoke to Hua Yuyan very gently, and at the same time, he flattered Hua Yuyan.

For Chen Feng, he devalued him for nothing.

Hua Yuyan laughed, "Elder Xie, you are right."

"Indeed, I squeezed an ant to death. It is not a skill, nor can I prove my strength."

He pointed to Chen Feng, smiled and said, "In front of me, you are an ant!"

Elder Xie smiled and received: "That's right."

Then he looked at Chen Feng in disgust again, and said coldly:

"Hua Yuyan has spared you, don't you hurry up? What are you doing here?"

Chen Feng saw him separate himself from Hua Yuyan just now, and originally thought he was acting impartially.

As a result, he did not expect that when he came up, he was so partial to Hua Yuyan!

A cold color flashed in Chen Feng's eyes, and he said lightly: "This elder, I want to enter the trial hall and conduct a trial!"

"Just you, still enter the trial hall to participate in the trial?"

Elder Xie shook his head, and said with some disdain: "You'd better save it, your low strength, it is a waste of time to enter, it is better to give the opportunity to others!"

"Furthermore, to enter the Trial Hall, but you have to pay a high fee. With such a low cultivation base, do you have that strength to pay so much?"

He looked at Chen Feng with disdain.

Chen Feng took a deep breath, suppressed his anger, and said lightly: "This will not bother the elder, I must go in."

"I really don't know how to promote!" Elder Xie snorted coldly, feeling that Chen Feng didn't know good or bad.

"It's really a thing that doesn't know how to promote. Just like you, entering the trial hall is an insult to the trial hall."

Chen Feng said coldly: "This elder, entering the Trial Hall is the right of all disciples. As long as you pay enough fees, you will be eligible. Why don't you let me in?"

Elder Xie stared at him with disdain, and said with a sneer: "I just won't let you in, what can you do with me?"

"I'll tell you, since I am here today, it is absolutely impossible for you to enter!"

In Chen Feng's heart, anger was steaming.

This Elder Xie is extremely unfair!

At this time, on the cliff, a voice suddenly came: "What's wrong below? Why is it so noisy?"

Everyone looked up, and saw that on the cliff, a tall, thin, red-faced old man in a black robe was standing there, frowning and looking down.

The elder Xie immediately showed a respectful expression on his face after seeing the old man, and said:

"Return to Zhang Taishang, a disciple is making trouble here, I am dealing with it now."

Zhang Taishang nodded, turned around blankly, and was about to leave.

Elder Xie was very respectful towards Zhang Taishang, and everyone was even more upset.

"Zhang Taishang also appeared today!"

"It is said that Zhang Taishang is the elder in charge of the entire trial hall. I didn't expect him to show up today. We are really lucky for the three lives."

"Yes, many disciples will never see him for a lifetime!"

Seeing Zhang Taishang was about to leave, Elder Xie turned around and said to Chen Feng with shame: "Chen Feng, get out, I don't want to say it a second time."

Chen Feng said coldly: "Even if you are the elder of the sect, you have no right to drive me away."

#### [Chapter 854: Suppress Chen Feng!](#)

"I'm here, I want to enter the trial hall to conduct trials! This is the rules of the sect, do you want to break the rules of the sect?"

Elder Xie laughed and said arrogantly: "Here, I am the rules!"

Zhang Taishang was about to leave, when he heard Chen Feng's name, he suddenly paused.

Then, he turned around, looked at Chen Feng, and said, "Your name is Chen Feng?"

Chen Feng was stunned for a moment, and then said: "Yes, the disciple is Chen Feng."

"Chen Feng, who just entered Ziyang Sword Field this year?" Zhang Taishang continued to ask.

"Yes." Chen Feng was a little confused, but still answered honestly.

Zhang Taishang nodded slightly without comment, and then said to Elder Xie: "Okay, don't embarrass him, let him stay!"

Elder Xie was a little aggrieved, but he didn't dare to resist Zhang Taishang's words, so he honestly responded.

He glared at Chen Feng fiercely, and said in a low voice: "Tell you, you will never enter the trial hall!"

Soon, the tea time passed.

Zhang Taishang said in a loud voice: "The Trial Hall is opened today, and the disciples who want to enter the Trial Hall will pay 10,000 high-grade spirit stones each!"

"The time spent in it is an hour!"

"Each hall can only accommodate one person at a time."

Hearing the figures of 10,000 high-grade spirit stones, the people below suddenly made an uproar.

"Why is it so expensive? I didn't have so much money after selling all our family businesses!"

"This is simply a grab for money. Ten thousand high-grade spirit stones are equivalent to one million middle-grade spirit stones! The wealth of some small families is nothing more than that?"

"God, this is too expensive! I can't afford it!"

Many people lamented.

However, there are still people with this strength.

Right now, people shouted: "I participate, I participate, I can pay now!"

A book boy fell lightly from the top of the cliff, and said in a tender voice:

"All those who want to participate, come to me, pay the spirit stone, and receive the number plate."

Everyone rushed up, and Chen Feng was no exception. He paid 10,000 high-grade spirit stones and received a white number plate.

The number above is number seven.

And in front of him is Hua Yuyan.

Hua Yuyan looked at Chen Feng with cold eyes, smiled and said, "Chen Feng, I tell you, even if you pay 100,000 high-grade spirit stones today, you cannot enter."

"Elder Xie has a very good relationship with me. As long as I don't want you to come in, Elder Xie will absolutely shut you out!"

Chen Feng glanced at him coldly, without speaking.

There are more than ten people in the upper hall, and there are nine people who have paid 10,000 high-grade spirit stones.

Elder Xie stood on the cliff and began to roll the call.

The first one he ordered was Hua Yuyan: "Hua Yuyan, enter the defense hall."

Then click the second person, the third person, and the fourth person.

Soon, the other eight people finished ordering, leaving only one Chen Feng.

After the others were named, they all went up.

And only Hua Yuyan stood there alone, looking at Chen Feng with disdain, with a joke expression.

The others around him are also watching jokes.

After Elder Xie finished ordering eight people, he stepped aside and looked at the clouds in the sky leisurely.

Chen Feng held back his anger and said, "Elder Xie, there are a dozen seats in the main hall, and only nine people have paid the fee. Why don't you click my name?"

"Several halls are empty, can't you let me in?"

Elder Xie looked at him coldly: "What are you, dare to question my decision!"

He coldly spit out a word: "Get out!"

Hua Yuyan on the side laughed, proudly.

"Chen Feng, I told you that you will definitely not be able to enter the Trial Palace today. I will do what I say!" he said arrogantly.

"Oh? Really? Why don't I think so?"

Suddenly, on the cliff, another cold voice came.

Everyone was surprised and looked up, and saw that it was Zhang Taishang.

Zhang Taishang glanced at Elder Xie faintly, and said coldly: "I am very disappointed in you. I will delay paying you here. I thought you could deal with it impartially and do things seriously."

"Unexpectedly, you are pretending to be selfish and oppress your disciples!"

When Elder Xie heard this, his face became pale, and he knelt on the ground heavily. He banged his head and pleaded with Zhang Taishang:

"Tai Shang, please show me, what did your subordinates do wrong? Subordinates must correct them!"

Zhang Taishang said coldly: "There is no need to make corrections, and you have no chance to make corrections!"

"From today, you are no longer responsible here."

Upon hearing this, Elder Xie was even more faltering, sweat dripping from his back.

Being responsible here can bring him great benefits, but from now on he won't be held responsible.

And he was even more frightened that he didn't know where he had offended Zhang Taishang, and was suddenly punished like this.

He soon understood.

Zhang Taishang looked at Chen Feng, with a smile on the corner of his mouth, and his expression became very gentle: "Chen Feng, which hall do you want to enter?"

Chen Feng said: "The disciple wants to enter the attack hall."

"Okay, then you enter the attack hall!"

Zhang Tai waved his hand, the door of the attacking hall opened directly, and then said to Chen Feng: "Okay, you can go in."

Chen Feng was stunned, and everyone was shocked.

No one knows why Zhang Taishang treats Chen Feng so differently.

#### [Chapter 855: Does your face hurt?](#)

Because he would punish Elder Xie, and even directly and cheerfully asked him which hall he wanted to enter.

Everyone whispered:

"This chapter is too good, is it possible that you met Chen Feng beforehand?"

"I don't think it is necessary. It seems that Zhang Taishang looked at Chen Feng with a green eye and regarded Chen Feng very seriously."

"Could it be possible that there is something special about Chen Feng that we don't know? It was actually appreciated by Zhang Taishang!"

Everyone looked at Chen Feng with very surprised eyes and speculated.

But Chen Feng himself was at a loss.

But he will never let go of this opportunity.

He immediately bowed to Zhang Taishang very respectfully and said, "Thank you Zhang Taishang."

Then, walk past Huayu Rock and climb up the cliff.

As he passed by Hua Yuyan, he smiled slightly and said, "Hua Yuyan, from today onwards, it seems that your backer is gone?"

"And I am here, it seems that there is an extra backing!"

Zhang Taishang seemed to have heard what he said, and then smiled coldly and said to Hua Yuyan:

"Hua Yuyan, you are a senior, but you suppress backwardness. I don't think you deserve to enter the trial hall."

"From now on, you don't have to come. This trial hall will never be opened for you."

Upon hearing this, Hua Yuyan showed a look of disbelief and said loudly: "Zhang Taishang, why? Why?"

Zhang Taishang's expression suddenly changed. He did not have the gentleness and patience when talking to Chen Feng, and said coldly:

"I said so, that's it, what, do you dare to question my decision?"

Under the huge pressure, Hua Yuyan was directly pressed to the ground, unable to move.

Great fear arose in Hua Yuyan's heart, Zhang Taishang was powerful, killing him like an ant.

He quickly said: "The disciple dare not, the disciple dare not."

Zhang Taishang let out a cold snort and relaxed.

Hua Yuyan quickly stood up, and Chen Feng smiled slightly beside him: "Hua Yuyan, who was telling me just now, he is here, I can't enter the trial hall, now it seems, just the other way round!"

He laughed, stretched out his hand, and waved slowly in the air twice:

"Papa, Hua Yuyan, does it hurt to be beaten?"

Hua Yuyan glanced at him with a bitter face, then turned and left, looking sullen.

Hua Junyan and others also hurriedly left.

Those onlookers around were all in an uproar.

"I can be sure now, this Zhang Taishang really looks at Chen Feng differently!"

"Yes, for Chen Feng, he can suppress Elder Xie and Hua Yuyan without hesitation!"

"This Chen Feng seems to hide a lot of secrets."

Everyone guessed.

At this time, Chen Feng had reached the cliff and stepped into the palace.

As soon as I entered, the door behind closed suddenly.

Then, Chen Feng felt dizzy.

Then, when he regained consciousness, he discovered that he had actually appeared in a mountain.

Chen Feng didn't panic, but sighed: Ziyang Sword Field is really powerful, and all these halls are connected to Xiaotiandi.

Of course, the scale of this small world is very small, about a dozen miles in radius.

Chen Feng looked around and found that the mountain was full of extremely tall trees, and he couldn't even see the sky.

It was extremely dark and humid here, and suddenly there was a fierce roar next to him.

Then, Chen Feng saw that behind the bushes, a giant wolf suddenly rushed over and bite at Chen Feng.

Chen Feng punched and blasted on the giant wolf's mouth.

The giant wolf was directly beaten and vomited blood, backed up a few steps, but was not seriously injured.

And Chen Feng was shocked to take a step back.

He was a little surprised, the strength of this giant wolf had reached the level equivalent to the eleventh building of a human warrior!

The giant wolf rushed up again, with fangs and claws, sharp and sharp, biting frantically towards Chen Feng.

And it could have several kinds of spells, stone thorns constantly appeared on the ground, and on the cliff beside it, huge boulders continued to fly out, smashing towards Chen Feng fiercely.

The strength of this giant wolf is quite powerful.

But after all, it was not Chen Feng's opponent.

Chen Feng smashed the boulder with a punch, and stepped out with one foot. The thorns on the ground were all shattered.

Then, he blasted a punch, and when this punch was blasted, the thunder light was shining, it was the thunderbolt punch!

After the giant wolf was struck by thunderbolt fists, he let out a scream, scorched all over, twitched a few times, and stopped directly on the ground!

Chen Feng looked at his fist with satisfaction, the power of Thunderbolt Fist was really good.

But what surprised him was the body of the giant wolf. Soon it turned into a few light green rays and disappeared to the ground.

At this time, Chen Feng was also somewhat clear.

I am afraid that everything in this small world has been transformed, and now that it is dead, it will naturally turn into aura and disappear!

Chen Feng continued to move forward, and monsters kept coming out.

Moreover, the strength of monster beasts is getting stronger and stronger, with more and more types and more and more number.

After Chen Feng wounded a bull monster, suddenly there was a sharp roar in front of him, and the five giant wolves jumped out at him.

This time, Chen Feng suddenly fell into a bitter battle!

With Chen Feng's strength at this time, dealing with three giant wolves at the same time is already at the limit.

At this time, the five giant wolves almost made it difficult for him to cope.

But Chen Feng was brazen.

He roared again and again, his fists kept hitting.

In his dantian, the power of thunder and lightning revolves wildly around the dragon's blood.

#### [Chapter 856: Invincible war! Crazy absorption!](#)

Every punch Chen Feng strikes is a thunderbolt, with powerful thunder and lightning!

The giant wolf roared, constantly bringing huge wounds to Chen Feng, but it also inspired Chen Feng's fierceness.

With a punch, it hit a giant wolf in the abdomen, directly scorching him and flying out.

And Chen Feng's back was almost torn into two pieces by another giant wolf, even revealing bones, the wound was extremely deep!

With a fierce roar, Chen Feng suddenly turned around, punched out, and blasted the giant wolf away.

The flow of thunder and sneer, this giant wolf, half of its body is charred, although it is not dead, it is also seriously injured.

Half an hour later, Chen Feng held his knees with his hands, panting heavily.

These five giant wolves were killed by him after all, but he was also terrible, \*\*\*\* all over his body, there was no good meat!

There was a smile at the corner of Chen Feng's mouth.

Because he felt that with the battle with the monster beast, his mastery of Thunderbolt Fist had improved.

Between life and death, there has been a very big improvement.

At this moment, Chen Feng's expression suddenly changed.

Because he heard the roar of the beast, one after another, constantly rushing to this side.

Soon, in the surrounding mountains and forests, the figures moved.

Chen Feng looked around and suddenly discovered that there seemed to be countless monsters lurking behind the forest.

Suddenly, a huge golden tiger with a length of two feet jumped out and let out an angry roar at Chen Feng.

Its strength is even more tyrannical, reaching the peak of the eleventh building, which is equivalent to the twelfth building master of mankind!

It rushed towards Chen Feng fiercely.

Chen Feng smashed out with a punch, but he didn't dodge or dodge, but directly ran into him.

Chen Feng was hit by him and flew out more than ten meters, hit a cliff hard, and crashed the cliff.

And this giant tiger. He shook his head and continued to pounce.

Chen Feng's thunderbolt fist made its abdomen black, but it didn't hurt him seriously.

While Chen Feng was preparing to fight, suddenly his eyes narrowed.

Because, after Lin Mu, countless monsters pounced on him, I'm afraid there are hundreds of them.

These monster beasts, the lowest in strength, are at the same level as the giant wolf just now, with hundreds of them.

And you must know that even if it is to squeeze all the potential of Chen Feng, all the means are exhausted, but it can handle five or six at the same time!

At this time, there are a hundred!

The hundred beasts surrounded Chen Feng, biting wildly, attacking desperately, madly.

Chen Feng couldn't resist at all. In an instant, he was beaten and swollen more than a dozen times, and he did not know how many flesh and blood were torn.

The left leg clicked and was immediately interrupted.

On his head, he was slapped fiercely by a huge tiger paw.

He felt his two ears buzz, and he could not hear anything.

The blood covered his eyes, and the eyes were blood-red, and I couldn't see anything.

At this moment, Chen Feng felt that he was really dying, and he was completely in despair!

An angry voice in his heart screamed: "No, I will not lose, I will never lose!"

"How can these beasts get me!"

But at this moment, suddenly the sky was filled with clouds.

Hundreds of lightning strikes suddenly.

Then, the heavy rain poured down.

This sudden heavy rain also caused the offensive of those monster beasts to stop for a moment.

Chen Feng was soaked in the heavy rain, blood ran down all over his body, flowing into a small river of blood.

And his whole person, being poured by the cold rain, also woke up instantly.

He looked up at the sky, and saw the lightning snake constantly shining under the black sky!

At this time, An Lao's voice suddenly sounded: "Chen Feng, in this small world, although there are celestial phenomena, there are also thunder and lightning."

"However, the power of thunder and lightning here is too far from your main world."

"This thunder and lightning is something you can absorb and withstand! You are now quickly absorbing these lightning, which is enough to strengthen your thunderbolt punch!"

Chen Feng was overjoyed and immediately ran to the spot where a bunch of lightning fell.

The beam of thunder and lightning, with the thickness of an arm, slammed Chen Feng fiercely.

If it were the thunder and lightning in the main world, Chen Feng would probably be killed immediately.

However, at this time, he felt only some numbness on the surface of his body, and a layer of goose bumps, but it did not affect him.

After the thunderbolt hit him, Chen Feng immediately used the thunderbolt fist technique to guide the thunderbolt directly into the Dantian.

After this thunder and lightning entered the dantian, it was immediately attracted by the power of that lightning and merged into it.

Suddenly, the power of thunder and lightning became rough.

From about the thickness of the pinky to the thickness of the ring finger!

Chen Feng blasted out a fist and beat a rhinoceros directly into coke!

Seeing this scene, Chen Feng was immediately overjoyed.

He had dealt with this kind of rhinoceros just now, and with one punch, he could only wound it seriously, but couldn't kill it.

But now, it can be killed, which shows that the power of Thunderbolt Fist is at least 20% higher than before!

Chen Feng laughed loudly: "It's just heaven to help me!"

"These thunder and lightning come at the right time."

Then, with another punch, he killed a wolf demon and flew again above the falling point of a bolt of lightning.

Lightning struck his body and was introduced into the Dantian again by him.

Suddenly, the lightning beam in the dantian changed from the thickness of the ring finger to the thickness of the middle finger.

#### [Chapter 857: Record-breaking!](#)

Then Chen Feng punched out, and this time directly blasted the two giant wolf monsters to death.

Chen Feng laughed.

Compared to when he first entered here, the power of Thunder Thunder Fist has increased by 50%.

Then, he took another lightning bolt.

This time, directly from the thickness of the \*\*\*\* to the thickness of the thumb!

With another punch, the power increased by 70%!

Chen Feng frantically attacked, frantically using thunderbolt punches, frantically absorbing lightning.

His comprehension of thunderbolt boxing continued to improve.

And by attracting thunder and lightning, the lightning beam in the dantian is getting bigger and bigger. With every punch, the power becomes stronger!

I don't know how long it has been, or how much lightning it has absorbed. Chen Feng just feels that he seems to be numb.

I only know that he keeps chasing thunder and lightning, keeps absorbing, and then keeps killing those monsters.

Finally, Chen Feng absorbed a bolt of lightning again.

This lightning is the thickest he has absorbed, almost the thickness of the thighs of some people!

After absorbing, the thunder and lightning in his dantian has become full of wrist thickness!

At this time, the enemy in front of Chen Feng was the only golden tiger left!

Chen Feng's eyes suddenly widened, and he screamed at the golden giant tiger: "Beast, die!"

And hearing this sharp roar, the golden giant tiger could not help but step back several steps, with a look of horror in his eyes.

Chen Feng laughed wildly, and hit the golden tiger's forehead with a punch.

With a bang, thunder blasted everywhere, and this golden giant tiger was directly blasted into a piece of coke and hit the ground heavily.

Chen Feng looked up to the sky and laughed.

At this time, the sky was still covered with clouds, but no lightning fell down!

It seems that all the lightning has been absorbed by Chen Feng!

An Lao smiled slightly next to him: "You little fellow, this time you have done something wicked."

"The root of this small world should be a magic circle. Thunder and lightning are an extremely important part of the magic circle."

"Now that you have absorbed it, the magic circle will inevitably not function normally, and Xiaotian will have defects."

"I'm afraid that the next few years will be spent from absorbing energy anyway, and you will no longer be able to let others in, so naturally you don't want to come in."

When Chen Feng heard this, he was very sorry.

The lightning beam in his Dantian has increased several times in this short period of time.

And now he has exerted the power of thunderous Jiuxiao's punch, and he can show only 30%!

What he originally thought was that by entering a few more times, Lei Dong Jiu Xiao could be raised to the realm of Dacheng.

An old man smiled and said, "How can there be such a cheap thing in the world?"

Before the words fell, a white light flashed, and Chen Feng disappeared from here.

When Chen Feng appeared again, he found that he had come to the top of the cliff.

At this time, the moon is in transit.

None of the onlookers were gone, only Wei Hongxiu was walking around under the cliff with anxious face at this time.

After seeing Chen Feng, her face immediately showed surprise and said: "Chen Feng, are you out?"

Then she exclaimed: "Chen Feng, you are so amazing, you can stay in it for so long!"

"You know, after those people entered, the long one was only half an hour, the short one was even thrown out within a quarter of an hour, and you actually stayed in it for five hours!"

"What? Five hours?"

Chen Feng was also shocked. He didn't expect that he had experienced five hours of battle in it!

This time the trip to attack the palace, let him gain a lot.

Chen Feng smiled and said, "Let's go Red Sleeve, let's go back."

After Chen Feng and others left, a figure appeared on the cliff.

Looking at his leaving back, his face showed a thoughtful color, and then he flashed again, and he appeared directly in the attacking hall.

In this small world, he waved his hand, and the lead-clouded sky suddenly split open, revealing a huge circle behind him.

The circle is thousands of meters in radius, extremely sophisticated and intricate.

He checked in the circle, and then saw some of the damaged circle, the dry spar, muttered to himself:

"This circle has been damaged and cannot be used again for at least five years."

He was not angry, but a smile appeared at the corner of his mouth: "Old man, this young man in your mouth is really interesting."

"Entering me, I stayed once and destroyed my attacking hall. Haha, this loss, I will have to come back from you then."

His eyes seemed to penetrate the clouds, he saw Chen Feng, and said softly, "However, this Chen Feng is really amazing!"

After returning to Broken Blade Peak, An Lao said: "Chen Feng, I think you should think about obtaining Profound Fire and refining Thunder Pill now!"

"You are the firewood true pill that you swallowed fifteen days ago. In another fifteen days, you will lose the body of the firewood and cannot refine the pill."

"Also, within a short time, you must not swallow any more points, otherwise your body simply cannot bear it!"

"Within the remaining half a month, you must make good use of it and cherish it."

"Even if you can't get Profound Fire, it will take at least half a month to collect materials and refine Thunder Pill!"

"Otherwise, your thunderbolt punch will not make any progress for a long time."

#### [Chapter 858: Xie Family](#)

Chen Feng nodded: "Old An, you are right, the kid got it."

He thought for a while, and decided to leave Ziyang Sword Field tomorrow and go to Danyang County City.

Because before, he had already inquired in the drugstores of the elixir method, and the result was very disappointing.

After all, there are still relatively few medicine shops in Ziyang Sword Field, far from being compared with Danyang Juncheng, and there is no material he needs at all!

The next day, as the sky lighted up, the door of Chen Feng's room was knocked suddenly.

He opened the door in some surprise, and saw a handyman disciple standing outside the door.

When the handyman disciple saw Chen Feng, he said respectfully: "Brother Chen Feng, there is a letter from the post below Tongtian Peak!"

"Oh? There is a letter from the foot of the mountain? Is someone looking for me?"

It turned out that Ziyang Sword Field had many disciples, and they were scattered on various peaks, making it very difficult to find.

Therefore, Ziyang Sword Field has set up a post on the lakeside of Tongtian Peak.

Anyone who wants to come to Ziyang Sword Field to find someone can spend a certain amount of money in World War I to pass the book.

The letter will be delivered directly to the person he appointed.

"Who will come to me?"

Chen Feng had some surprising conjectures in his mind.

He opened the letter and looked at it, and a smile appeared at the corner of his mouth: "So it's him!"

Chen Feng quickly left Broken Blade Peak, and half an hour later, he had already appeared outside of Tongtian Peak's post.

Outside the inn, a person was waiting there.

Seeing Chen Feng, he greeted him with great enthusiasm.

He laughed and said, "Brother Chen Feng, it's been a long time since I saw you."

Chen Feng smiled and said: "It's been a long time indeed, Brother Xie still has the same style!"

It turned out that the person who came to look for him was Xie Dongshan.

Xie Dongshan laughed and said, "Brother Chen Feng, you are so polite, what kind of style is still there? I am far worse than you."

He looked at Chen Feng with complicated eyes.

When I first saw Chen Feng, Chen Feng was just a young man in the acquired realm.

How long has passed since, that is, more than a year, he has already entered the Ziyang sword field and became an official disciple.

You know, the status of the disciple of Ziyang Sword Field is taken out, and the status is definitely not lower than that of some small family heads and small sect masters.[novelusb.com](http://novelusb.com)

His attitude towards Chen Feng now is very polite, even showing some respect and flattery.

Chen Feng smiled faintly: "Brother Xie, we met when I was in the last moments. If you are like this, I will turn around and leave, then there is nothing to say."

Xie Dongshan listened, and a warm current surged in his heart, and he smiled: "Okay, Brother Chen Feng, then we will be exactly the same as before, brother, I will not be like this!"

Chen Feng smiled and said, "That's right!"

Chen laughed and said, "Thank you brother, what's the matter if you came to see me this time?"

Xie Dongshan nodded and said: "Come here this time, it is really a very important thing to find you."

"However, it's not my business, but our thank you family, and the young master's business."

"Oh, what about Xie Zhuxin?" When Chen Feng heard this, the girl immediately appeared in his mind.

Xie Dongshan nodded and said, "That's right, our young master, wants to invite you to Xie's house and stay there for a few days."

"What? Invite me to Xie's house?"

When Chen Feng heard this, he was thoughtful, and suddenly asked, "Is Xie Zhuxin having some trouble?"

Xie Dongshan smiled bitterly: "I knew it, I can't hide from Brother Chen Feng from you."

Chen Feng asked, "But what happened?"

Xie Dongshan nodded and said, "Yes, the situation of Young Master is very bad now."

"Her competitor Xie Mingtang invited a master, and this master is very powerful."

"As soon as this master arrived, he immediately helped the family solve many problems and beheaded a hostile strong."

"Now, in the family, he is already worshipped too much. He has the right to speak and speaks heavily. In the family, no one dares to provoke him."

"And he, very clearly supports Xie Mingtang, the young master is now being excluded from the family."

Having said that, he was a little embarrassed, and said: "We went to Qianyuan to find you first, and then we knew that you have come to Ziyang Sword Field."

"Brother Chen Feng, if it's not for nothing, we really don't want to disturb you."

"After all, you are very busy in your practice in Ziyang Sword Field."

Chen Feng smiled and said, "Nothing to bother me, I'll take a trip to Xie's house as you please."

He raised his head and said proudly: "Because of my relationship with you and Xie Zhuxin, I have to help with this favor."

"Don't worry, as long as I go, things will be solved without any problems!"

When Xie Dongshan heard Chen Feng's promise, he was immediately overjoyed and said repeatedly, "Thank you brother Chen Feng, thank you brother Chen Feng."

Chen Feng smiled: "But, before that, I have to solve one thing."

Xie Dongshan was very witty and did not ask. Chen Feng turned around and said to Xie Dongshan, "You come with me, too."

Xie Dongshan nodded quickly and followed.

Chen Feng went up to Tongtian Peak and went straight to Monster Beast Square City.

The Monster Beast Square City is very lively.

If Chen Feng hadn't seen all of this, he went straight to the front of the largest house in the city.

Here, it is the residence of Tang Hengyun, the elder of Yao Beast Fang.

#### [Chapter 859: Go to the door!](#)

Chen Feng strode over, and there were seven or eight people standing in front of the house and outside the gate.

These seven or eight people were all Zhen Beast Guards, all riding monsters.

The level of the monster beast, the lowest reached the eighth floor of the gods.

These town beast guards saw Chen Feng striding over here, and the faces of several people showed a cold color, and then they drove the monster beast under the crotch to force Chen Feng.

One of them coldly shouted: "Who? Dare to come here? I can't be too tired!"

"Hurry up, or else, I will anger us later and just tell you to kill!"

They had never seen Chen Feng before.

And one of them, after seeing Chen Feng's appearance clearly, his complexion suddenly changed, and he let out a cry of horror, stumbled into the gate and ran!

Chen Feng also saw his appearance clearly, it was one of those town beast guards who wanted to insult Yue Linglong and other women in prison that day.

Chen Feng's face immediately became cold, and he said with a cold voice, "I want to escape now? Is it too late?"

He started in shock, teleporting several times.

At this time, his realm has reached the tenth floor of the Divine Gate Realm, and the power of Jinghongbu has also greatly increased. A teleport can directly reach ten meters away.

It only took three teleports, and Chen Feng had already come behind him.

Then, he slammed a punch.

Feeling the huge momentum approaching behind him, the Zhen Beast Guard suddenly turned around.

However, he did not resist at all. He directly raised his hands, his eyes showed extreme panic, his mouth screamed, and his face was desperate.

He didn't even do defensive movements, and was directly hit by Chen Feng's chest with a fist, which broke into a cloud of blood.

Because in his opinion, no matter what he does, he cannot escape death!

Chen Feng looked at his corpse and said lightly: "I said, you are all going to die."

And seeing this scene, the other town beast guards were all frightened and angry.

One of them suddenly shouted: "You, is it possible that you are Chen Feng?"

Chen Feng smiled and said, "You guessed right!"

Hearing this sentence, the faces of the other town beast guards showed horror!

Although they have not seen Chen Feng, they have all heard of Chen Feng's reputation and know how powerful he is!

Their faces were full of horror, and the arrogant expression just disappeared without a trace.

After knowing Chen Feng's identity, how dare they arrogant in front of Chen Feng?

These town beast guards glanced at each other, and suddenly they all scattered and fled.

Even Tang Hengyun is not Chen Feng's opponent, how dare they provoke Chen Feng?

Chen Feng laughed loudly: "I want to run now, is it too late?"

He stunned, and his speed was so fast that he almost turned into an afterimage.

The speed was too fast, causing him to pull out countless ghosts.

Then, I saw countless Chen Feng flying all over the sky.

Chen Feng chased behind a Zhen Beast Guard and waved it out.

Directly blasting him and his monster beasts, they flew out dozens of meters, and exploded into countless pieces in the air.

Then in the next instant, Chen Feng blocked the escape route of a Zhen Beast Guard.

The town beast guard showed a hideous color on his face, waving the weapon in his hand and smashing it at Chen Feng!

With desperate madness on his face, he shouted: "I'm going to die, and I will take you as a funeral!"

Chen Feng smiled slightly: "You die, but I will not be your funeral!"

As he spoke, he pointed out gently.

A finger, just a finger, compared with the huge hammer in the hand of this town beast guard, it was insignificant.

However, after the instruction went out, the hammer in the hand of the town beast guard was directly shaken into countless debris.

Then this finger continued to move forward and hit his heart.

In the next instant, with a bang, this town beast guard exploded a washbasin-sized wound on the back.

All the internal organs in his body were shattered.

He lost the look in his eyes and fell heavily from above the monster beast.

Then Chen Feng blasted out his fists again and directly blasted the two town beast guards to death.

At this time, the last town beast guard had already escaped fifty to sixty meters.

He felt that Chen Feng must have been unable to catch up with him. He turned around and roared bitterly: "Chen, you wait!"

"You must die so terribly!"

Chen Feng snorted coldly, and the Ziyue knife in his hand was unsheathed and cut out with one knife.

The arc-shaped sword energy cut through the space of fifty or sixty meters, and severely cut the Zhen Beast Guard and his crotch monster into two pieces.

Blood surged, and the body fell to the ground. Chen Feng said indifferently: "This little distance is nothing to me, killing you is like killing a chicken."

He looked at the corpses all over the floor and said lightly: "You shouldn't have died."

"However, since I want to kill Tang Hengyun, it is impossible to leave you hidden dangers."

"Today, all of you are going to die, all of you have to pay for what you do!"

Seeing this scene, Xie Dongshan was completely stunned.

He looked at Chen Feng with a face full of disbelief, pointed his finger at him, his lips moved, and his heart was at a loss.

He was so shocked that his brain was blank, and he didn't know what to say.

Each of these town beast guards is a master above the ninth floor of the Divine Sect Realm.

In Xie's family, they are all top-notch figures. Everyone dare not provoke them, and they can even determine the fate of a big family.

And now, so many powerful men were actually killed by Chen Feng with one punch and one knife, just like killing a pig and a chicken!

#### [Chapter 860: Tang Hengyun, get out!](#)

After a long time, he was relieved, took a deep breath, and looked at Chen Feng with extremely respectful eyes.

Originally, he knew that Chen Feng's strength was definitely stronger than in the past, but he never expected that Chen Feng's strength would be so strong.

This also allowed him to change his attitude towards Chen Feng.

He clearly realized that Chen Feng and him were definitely not people in the same world.

The entire Xie family was nothing in front of Chen Feng.

Chen Feng only saved Xie Zhuxin just thinking about his old feelings.

As long as Chen Feng is willing, the entire Xie family can be easily destroyed by flipping hands.

Chen Feng turned around, glanced at Xie Dongshan, smiled and said, "Brother Xie, if you don't want to go in, you can wait for me here."

Xie Dongshan said quickly: "I will follow!"

How could he miss this good scene?

You know, he really wants to see how tyrannical Chen Feng is.

Because at this time, he killed the masters of the ninth building without any effort at all, without using any tyrannical martial arts.

Chen Feng nodded and walked straight into the door.

Then he shouted sharply: "Tang Hengyun, get out of me!"

At this time, Chen Feng's battle in front of Tang Hengyun's mansion had already attracted a lot of people.

People come and go in the Monster Beast Square City.

Here again, it is located in the center of Monster Beast Square City. How can everyone not watch such a big crowd?

There was a lot of discussion among the crowd.

"Who is this boy, how could it be so powerful?" *novelusB.Com*

"These Beast Guards in the ninth building were killed so easily by him. It was like killing a pig and a dog. It was so easy!"

"Haha, don't you know, this is Chen Feng!"

"What? He is Chen Feng? Chen Feng, who has risen to fame in Ziyang Sword Field recently, is in the limelight?"

"Yes, it's him!"

Someone exclaimed: "He is so bold that he dares to go to the elder's door to provoke him!"

"Haha, people have this strength!"

The eyes of everyone looking at Chen Feng were full of respect and fear.

Moreover, by the way, even the gaze that looked at Xie Dongshan was mixed with respect.

Seeing these gazes, Xie Dongshan felt dizzy, as if he was about to float up to the clouds.

With his strength, when he encounters a master of the eighth floor of the Divine Sect Realm, no one will look at him directly.

At this time, a group of people from the Ninth Floor of the Divine Sect Realm looked at him with very respectful eyes.

He knew that all of this was brought by Chen Feng.

He quickly followed, and everyone followed.

At this time, Chen Feng stepped into the gate, and after entering, there was a square. At this time, there were thirty or forty town animal guards, riding monsters, and lined up on the square.

They were heavily guarded and looked at Chen Feng murderously.

At the forefront, there is a strong man of the tenth floor of the gods.

His rider was holding a huge black tiger, looking at Chen Feng, and sternly shouted:

"Chen Feng, you dare to provoke the elders of the sect and enter the mansion of the elders of the sect. It is simply bold!"

"Get out now, and I will spare your life! Otherwise, I will kill you here immediately!"

Chen Feng sneered and said, "Where is there so much nonsense? Just hit it!"

With that said, Jing Hongbu started directly.

Everyone only felt that there was a flower in front of them, and then Chen Feng had already arrived in front of this big man.

The big man shouted violently, with a long knife in his hand, slashing at Chen Feng.

Chen Feng smiled slightly and punched out.

This fist struck, and the thunder light flickered, the electric light shot in all directions, the fist hit the long knife, and the long knife was directly thrown out.

Then, it was heavily printed on the chest of this big man.

The big man didn't say a word, his whole body trembled violently, and then his body turned into a piece of coke and turned black.

When a gust of wind came, his body turned into fly ash and disappeared in the air!

Chen Feng, like a tiger entering a flock, rushed into these town beast guards.

A punch is to kill a town beast guard!

In a blink of an eye, more than ten people have been killed!

Everyone turned into a piece of fly ash after death, very miserable.

At the end, Chen Feng felt a little bored.

With a stern shout, the Ziyue Knife came out of its sheath, slashed through the air, and slashed out heavily.

This slashing air slashed, directly slicing the remaining dozens of Beast Guards in two!

Suddenly, blood flowed into the yard!

Seeing this scene, everyone's eyes are dull, they have been shocked and numb.

Chen Feng's strength was beyond their imagination.

One person exclaimed: "Chen Feng is really planning to kill Tang Hengyun all over the house!"

A well-informed person said triumphantly: "Chen Feng and Tang Hengyun have a deep hatred, and this time they came to kick the court."

"These people dare to stop him, and they will naturally die. Whoever stops will kill anyone!"

"No matter how good he is, can Tang Hengyun be good?"

"That's not necessarily?"

The man said, "Don't forget, he won the battle with Tang Hengyun on the long street."

"That's no use! Even if he is Tang Hengyun's opponent, he would never dare to touch Tang Hengyun!"

The other person retorted disdainfully:

"Tang Hengyun's junior, but that one exists! How dare he offend Tang Hengyun?"

Everyone nodded, thinking that Chen Feng did not dare to move him.

Chen Feng stepped on a pool of blood, like a Shura coming out of a sea of blood, and entered the second courtyard.
