[Chapter 881: Kill the Wei family!](#)

With such a strong presence, why not worry about the Xie family not dominating Daliang City?

At this time, outside the gate of the Xie Family Mansion, many people were watching.

The Xie family and the Wei family are the two largest families in Daliang City. The rise and fall of their two families affects the rise or decline of many families.

There were hundreds of people watching outside, and most of them were supporters of the Wei family.

They wanted to see the embarrassed look of the Xie family when the Wei family killed the Xie family.

Unexpectedly, what I saw was this scene.

Dozens of people from the Wei family were easily killed by a boy from the Xie family, leaving only one to escape!

All the spectators were shocked.

And those who belonged to the Wei family were even more worried.

Xie Zhuxin asked, "Why did you put someone back?"

Chen Feng smiled and said, "I let him go back so that he can report to the Wei family."

"People of the Wei family, after receiving the letter, they will naturally feel fear and fear. I just want them to be afraid and afraid first, and then to the extreme, and then kill them!"

Xie Zhuxin pointed at him: "Chen Feng, Chen Feng, you are really amazing."

Chen Feng laughed: "Zhuxin, do you want to see the fun?"

Xie Zhuxin smiled and said, "Of course!"

Chen Feng laughed loudly, walked out of the door of Xie's house, and walked straight to Wei's house.

When Chen Feng came out, thousands of people onlookers all gave way to a path and looked at him with awe.

Chen Feng walked among the crowd, feeling those admiring eyes.

Suddenly, he wrinkled his brows because he felt two breaths hitting him.

Chen Feng turned his head suddenly, and then saw two young men stabbing at him with long swords, their faces showing crazy colors.

Chen Feng shook his head faintly, waved his hand slightly, a powerful force gushing out, directly knocking the two of them into a **** mist, and directly dissipated in the air.

Everyone was stunned, and there was a sad cry from the crowd: "Son!"

Then, a middle-aged man rushed out of the crowd. His two sons had exploded into a mist of blood, and there were blood stains everywhere on the ground, but there were no dead bodies.

He suddenly raised his head, looked at Chen Feng, stared at him with hatred, and yelled: "I'm fighting you."

Chen Feng said lightly: "Your two sons wanted to attack me and were killed by me. What's wrong with me?"

"Did you fight with me? Okay, then I will kill you too!"

After hearing this, the middle-aged man had a sudden stature and was stunned, but he didn't dare to do anything again.

Chen Feng smiled coldly: "I know, you are just a small family attached to the Wei family!"

Chen Feng glanced across everyone's faces, and then said coldly: "I am going to slaughter the Wei family now. Anyone of you who refuses to accept it can come up and fight me!"

His voice became extremely cold: "Whoever dares to stand up today, don't blame me for being polite!"

Hearing what Chen Feng said, many people shuddered in excitement!

No one dares to be the first bird, no one thinks they are Chen Feng's opponent, even they know that even if they join hands, they will definitely not be able to beat Chen Feng!

Chen Feng strode towards the Wei family, and everyone from the Xie family followed behind him.

At this moment, a conversation was taking place in Wei's house and above the hall.

Above the hall, an elderly man, sitting leaning against him, his eyes slightly closed, seemed to be in a trance.

There was a man kneeling in front of him, it was the one that Chen Feng had escaped from.

He panicked and said, "Patriarch, that young man is really very powerful. Elder Liu from the fifth floor of the Godsmen Realm was punched by that young man. He was bombarded and killed with just one punch. There was no chance to fight back. ."

"All of us together, resist him for no more than three breaths, we will all be killed by him!"

"Oh? Really? Then how did you escape?"

Wei Changan, the head of the Wei family, didn't seem to take his words to heart, and said lightly.

The Wei family kid who escaped quickly said: "He let me out. He spared my life. He said let me come back and tell you the news!"

"It's just nonsense. It's obviously that I ran away for the enemy. After I came back, for fear of being blamed by me, I deliberately exaggerated the enemy's strength ten times!"

"A person like you is simply a shame to my Wei family!"

Wei Changan said coldly.

As he said, he slapped the man's head directly with a palm, and the corpse fell heavily to the ground.

Wei Changan smiled slightly, leaned back again, and said with a relaxed expression: "This dog slave is inefficient and deliberately exaggerated. How strong can a 17-year-old boy be?"

"In my opinion, at most it is the fifth and sixth floor of the Divine Gate Realm!"

On the left and right sides of him, there are many elders sitting to worship, all laughing out loud.

"The Patriarch is right. If the Xie family had such a master, they would have been sent out long ago, how could they keep being bullied by our Wei family!"

"It should be just an ordinary master, definitely not our Wei family's opponent."

At this time, a young man in his thirties with a gloomy expression stood up.

He smiled and said: "Father, I will bring some people to kill the Xie family, and I will definitely kill the Xie family."

Wei Changan smiled slightly and said, "Okay, you go."

"After you accepted that mysterious figure's initiation Dafa, your strength has broken through to the seventh floor of the Divine Sect Realm."

[Chapter 882: Do you remember who I am?](#)

"I didn't send you, because I thought that if you went, there would be some fuss, and it would not be necessary for you to slaughter a Xie family."

"But now it seems that I really underestimate them."

"After you go, tell the Xie family to restrict them to commit suicide in one day. I can let their women and children leave Daliang City. Otherwise, I will kill them!"

The valiant youth answered very excitedly and turned to leave.

At this time, the old man will say again: "By the way, let him call out the so-called powerful young man!"

"Good!" The Yingwu youth laughed!

At this moment, a long laugh suddenly came from the courtyard: "Don't bother you to come and invite me, I am here."

As he said, there was a scream in the yard, and there was a muffled sound.

Everyone can hear that this is the sound of a fist hitting the human body.

Above the hall, the expressions of these elders suddenly changed.

Then, a few people rushed in and shouted loudly: "Patriarch, Patriarch, it's not good, the people of Xie's family were led in by a young man!"

"What? People from the Xie family dare to come here?" Wei Changan's expression changed slightly.

The person who ran in continued to hurriedly said: "That young man is very powerful. Our Xie family's guard is not an opponent at all. A dozen people have been killed by that young man! Now he has killed him at the gate of the inner courtyard!"

"Oh? Really?" Wei Changan's face was still slightly unbelieving, thinking they were exaggerating.

At this time, another person ran in, covered in blood, and said loudly, "It's not good, Elder Sun and Elder Deer were also killed."

"What, Elder Sun and Elder Deer were also killed?"

At this moment, Wei Changan could not sit still immediately, with a look of shock on his face!

Of the three masters of the fifth floor of the Divine Sect Realm in the Wei family, one was killed by Chen Feng in the Xie family, and the remaining two were Elder Sun and Elder Lu, but they did not expect to be killed by Chen Feng at this time!

He shouted angrily: "How can Elder Sun and Elder Lu be killed so quickly?"

"I don't know..." the man said with a weeping face: "I saw that young man's figure flashed, and there was a flower in front of us, and we didn't see anything clearly. Elder Sun and Elder Deer were shaken to pieces, with no bones. Save!"

After hearing these words, Wei Changan and other Wei elders changed their expressions.

A flash of horror flashed in his eyes: "The two elders of the fifth floor can't even stop this young man. I need to reassess this young man's strength!"

Wei Changan took a deep breath, and said calmly: "The strength of the young man, I am afraid that it has reached the seventh floor of the gods."

At this time, his son, the young master of the Wei family, the young martial artist said loudly: "Father, I will meet him and kill him."

Wei Changan nodded.

The young master of the Wei family laughed and went outside the hall.

At this time, Chen Feng was surrounded by dozens of Wei family members.

However, his demeanor was extremely laid-back, and every shot could take away the lives of several Wei family members.

However, in an instant, all these dozens of Wei family members were killed, leaving a corpse on the ground.

"Little bunny, how dare you slaughter my Wei family like this, I must take your life!" The young master of the Wei family shouted sharply.

He was blood-red, staring at Chen Feng fiercely.

Chen Feng looked up and saw him, then a playful smile appeared on the corner of his mouth!

"Oh? Another one to die?"

His figure flashed directly, and he came to the young master of the Wei family.

The young master of the Wei family was shocked: "How could his speed be so fast?"

Before he recovered, Chen Feng was already close.

In this punch, the young master of the Wei family felt an extremely large, strong breath, and extremely dangerous!

He immediately rose up all the qi, and behind him, a martial spirit suddenly appeared!

This martial soul was unexpectedly a giant python, fifteen to six meters long, and a fifth-grade yellow martial soul!

When Chen Feng saw this giant python martial soul, his eyes suddenly brightened, his favorite martial soul, the ones that like to swallow most are the giant python and the dragon-like martial soul!

A red light flashed above the giant python's martial soul, and the red light enveloped the young master of the Wei family.

Wei Jiashao's main body type immediately soared.

And his strength was also temporarily increased from the seventh floor of the Divine Gate Realm to the eighth floor.

This gave him great confidence, and he laughed wildly: "Little bastard, go to death."

Both fists were hit hard, but there was also a lot of momentum.

Behind Chen Feng, everyone in the Xie family exclaimed when they saw this punch.

Among them, absolutely no one can stop this punch.

And Chen Feng smiled lightly at this moment.

The fist banged forward, with a loud bang, and the three fists slammed together.

The young master of the Wei family snorted miserably, spurted blood, and was beaten up several tens of meters away before hitting a house heavily.

And his giant python martial arts also let out a scream, gradually faded away, and was about to disappear.

Chen Feng smiled: "Want to escape?"

Wuhun Liu, who was behind him, suddenly appeared.

The five giant mouths opened, and they all sucked together, directly sucking this giant python martial arts spirit into it.

Then Xiang Liu Wuhun suddenly disappeared again, the speed reached the extreme.

Others felt that there was a flower in front of them, and they didn't see anything clearly!

The young master of the Wei family looked at Chen Feng, and shouted with a face full of disbelief: "You, how could you be so powerful?"

Chen Feng smiled and said, "Am I strong? Actually you don't know how strong I am."

"I only used 10% of my strength just now, because I am afraid that if I have too much strength, I will kill you!"

The young master of the Wei family roared in fright: "Why?"

Chen Feng smiled and said: "I don't want you to die soon, I want you to see one thing before you die."

He pointed to himself, smiled and said, "Look at me, don't you look familiar?"

The young master of the Wei family watched for a long time. Suddenly the expression of extreme horror appeared on his face, his pupils contracted, and he said in shock, "How could it be you?"

Chen Feng laughed: "Remember it, right? That's right, it's me!"

[Chapter 883: Mysterious breath](#)

"I am the boy of Qian Yuanzong who was seriously injured when he ran away hastily under your knife!"

The young master of the Wei family had a grudge with Chen Feng.

He looked at Chen Feng and felt that his sanity was about to collapse.

"How is it possible? How could this boy become so strong in just one year?"

I feel that I am progressing fast enough, but in front of him, I can't fight back at all.

Chen Feng smiled slightly: "Okay, now I let you know who I am, and I regret it enough, and you should die."

With that, he shot out with a palm and directly killed the young master of the Wei family.

At this time, Wei Changan and others just came out of the hall.

Seeing this scene, he screamed: "No!"

But it was too late.

Chen Feng turned his head to look at him, smiled and said, "Nothing?"

"You dare to kill my son, the old man is fighting with you!" Wei Changan brought a dozen elders to Chen Feng to kill.

Chen Feng laughed and said, "A group of chickens and dogs, what use is more of them?"

The figure flashed, and a dozen punches were shot in a row.

Boom, all the elders around Wei Changan were killed.

In a blink of an eye, the entire Wei family, among all the strong, only he was still alive.

And seeing this scene through the gate, everyone onlookers was shocked.

On the contrary, the Xie family's reaction to this was rather plain, and they had long known how powerful Chen Feng was.

At this moment, I am not shocked that Chen Feng can do this.

Chen Feng looked at Wei Changan, smiled and said, "Are you going to kill me now?"

Seeing his gaze, Wei Changan backed away, waved his hands one after another, and said, "I dare not, I dare not!"

Chen Feng smiled: "What other masters do you have in the Wei family? Let's call them out together! I will kill them together, so I don't have to look for them one by one.

Wei Changan looked at Chen Feng with horror on his face: "We no longer have any masters in the Wei family. Only me is left. You have killed everyone."

Chen Feng smiled and said, "Oh? Really?"

Wei Changan nodded: "Yes, I'm true, I will definitely not lie to you at this time."

Chen Feng nodded slightly, but he didn't believe it at all.

Because since Chen Feng entered the Wei family, he had a rather strange feeling.

In the Wei family, there seemed to be a very powerful aura.

The reason why he could feel it was because of the dragon blood in his body and the martial soul of the willow. It seemed that he was quite interested in this breath, and he had a very greedy desire to appear!

Chen Feng asked An Lao in a low voice: "An Lao, can you feel what kind of breath this is?"

An old man smiled and said, "You little fellow, do you really know everything?"

"The reason you can feel this breath is because you have a special dragon blood in your body. I am a soul body and I have nothing. Of course I can't feel it. If you ask me, it is better to torture the old man in front of you. "

Chen Feng nodded and walked to Wei Chang'an. Suddenly, he reached out and grabbed his collar and lifted him up.

He smiled and said, "Frankly explain, are there any masters in your Wei family?"

He suddenly yelled: "Say, tell me quickly!"

This violent roar directly shocked Wei Changan, his whole body trembled violently, and a mysterious light flashed in his eyes, but then he began to cry out for grievances.

"Chen Feng, wronged, really wronged, we are the only old man left in the Wei family, there really is no one else!"

Chen Feng smiled: "You really can't give up on the Yellow River!"

He is now very knowledgeable about dealing with such people.

Because the bottle of green juice obtained from Tang Hengyun has not been used up yet.

Chen Feng smiled slightly, patted him with a palm, and directly shattered his bones, and then led him into the hall.

Turning around and said to Xie Zhuxin: "Zhuxin, the other messy people are gone!"

He didn't want this scene to be seen by others.

Xie Zhuxin nodded, and the Xie family dispelled all those onlookers.

Chen Feng carried Wei Changan into the hall. Wei Changan panicked and shouted, "You, what are you doing?"

"What am I going to do?" Chen Feng said with a smile: "You will know soon."

With that said, he made a lot of wounds on Wei Changan's body, and then wiped the green liquid on them.

In an instant, Wei Changan let out a scream.

From time to time, the screams turned into giggles.

He screamed and shouted: "Chen Feng, Chen Feng, you kill me, you kill me..."

Chen Feng was watching a good show.

After a quarter of an hour, Wei Changan finally couldn't hold it anymore. He shouted: "I said, I said."

Chen Feng smiled: "Should you say that you don't have to suffer this kind of suffering?"

"You people, you really don't cry without seeing the coffin."

With that said, he took away the green juice from him.

Wei Changan suddenly took a long breath of relief, and he lay there comfortably without moving.

Chen Feng said coldly: "Say quickly."

Wei Changan shivered sharply: "I said, I said."

He shivered and said, "There is a rockery in the backyard, and there is a secret road behind the rockery."

"My Wei family's house was built against the mountain, and the secret road leads to a secret realm in the mountain. Even I haven't been to that secret realm."

[Chapter 884: Am I here to die?](#)

"I just know that the past patriarchs have left their last words and send people to send huge amounts of food to the secret realm every month!"

"I don't know what's in there, it's just..."

"Just what?" Chen Feng said loudly, "It's just that there are people who often go there to deliver things, and never come back!"

"Oh? Really?" Chen Feng's eyes showed a look of exploration: "A huge amount of food, how huge is it?"

"Every month, 300,000 catties! Wei Changan said."

"That's enough. I want to see what is there!"

Chen Feng said to Wei Chang'an: "Do you have any last words?"

Wei Changan trembled: "You, are you going to kill me?"

Chen Feng said: "Of course. If I don't kill you, it is equivalent to leaving a hidden danger for the Xie family!"

Wei Changan looked at him with a grudge on his face, and shouted sharply: "Chen Feng, Shenlongjiao will not let you go, Shenlongjiao will definitely kill you and take revenge for me!"

"What? Shenlong teaches?" Chen Feng frowned, "What do you mean?"

After listening to these three words, Shenlong taught him very well.

I immediately remembered that in the tomb of Mortal Lei Ting, the white-robed old man Miao Chenqing was not the elder of the Shenlong Sect?

Could it be said that the Wei family has something to do with the Shenlong Sect?

"Frankly explain, what is the relationship between the Wei family and the Shenlong Sect? What kind of organization is the Shenlong Sect? Where is it? How powerful is it?"

Chen Feng looked at Wei Changan and said coldly.

Wei Changan laughed loudly: "Chen Feng, don't worry, I won't tell you, because I don't even know about this."

"I don't understand everything about Shenlong Sect. I only know that my Wei family is a branch of Shenlong Sect. It is an outpost of Shenlong Sect in Daliang City."

"Moreover, as long as my Wei family is destroyed, Shenlong Cult will definitely know and will definitely not let you go."

Chen Feng said coldly: "I'm looking for death."

As he spoke, he applied light green liquid to his wound.

Wei Changan screamed or laughed wildly, but he never said anything.

Chen Feng knew that he really didn't know, otherwise it would be impossible for him to hold back.

Chen Feng shook his head, slammed his life, and the screams stopped abruptly.

In fact, what Chen Feng didn't know was that Wei Changan knew something about Houshan.

In the past six months, the reason why the Wei family has successively emerged masters, where is the root cause!

Then, Chen Feng ordered that all the members of the Wei family be found out.

Soon all the members of the Wei family were arrested. There were hundreds of them, all of them old and weak.

Chen Feng looked at them and said lightly: "The Xie family and the Wei family have fought for hundreds of years in Daliang City. It can be described as blood feud."

He looked at Xie Zhuxin and said lightly, "I want to know how your Xie family will deal with the Wei family."

"These people?" Xie Zhuxin thought for a long time and was silent.

An elder suddenly said: "Naturally, I will kill them all, cutting the grass without leaving roots."

There was a cruel look on his face!

Although Xie Zhuxin did not speak, Chen Feng knew that this meant what she meant because she did not deny it.

Chen Feng sighed slightly. Xie Zhuxin looked weak, but she was actually a very qualified high-ranking person, very cruel, and would never show mercy when she should be cold!

He sighed and said faintly: "Zhuxin, just give me a face and let these people go. I can't bear to let them die. These are old and weak women and children!"

"But," an elder argued: "These hatreds have been buried in their hearts."

"Old people and women will teach their children to hate, and when these children grow up, they will definitely come to my Xie family for revenge."

Xie Zhuxin interrupted him before he finished speaking.

Xie Zhuxin looked at Chen Feng with a smile, and said, "Chen Fengfeng, you must give your face."

"Furthermore, if it were not for you, my Xie family would have been destroyed, let alone shovel the Wei family. I let all these old and weak women and children of the Wei family go."

Chen Feng smiled, a mountain in his heart seemed to have been removed, and he felt a lot easier.

He didn't want these innocent people to die for himself!

Xie Zhuxin said lightly: "It's just that I will let someone **** them away, so that they will leave Danyang County far away and never come back."

Chen Feng nodded: "This is fine."

Everyone in the Wei family left silently, and the entire Wei family mansion instantly became empty!

And Chen Feng came to the back of the Wei family mansion.

Soon, he found the entrance on the rockery.

After entering, it was a deep tunnel. After walking hundreds of meters, Chen Feng came out.

The place where he appeared was a cave. After coming out, Chen Feng discovered that it turned out to be a valley.

Just across the valley, a huge circular hole opened here, which looked like a big mouth of a blood basin, and seemed to be able to swallow everything.

As soon as Chen Feng came to the entrance of this big hole, he smelled a fishy smell, faintly coming.

Chen Feng smelled this fishy smell a bit familiar. It was not the fishy smell, nor was it bloody, but the fishy smell above the powerful beasts.

Chen Feng shook his head and walked inside, no matter what was inside, he was not afraid!

Chen Feng finally came to the end of the passage, which turned out to be a huge cave.

There is a huge abyss in the middle of the cave, with no end in sight.

And at the edge of the abyss, there was a big rock, on top of which was a thick iron chain, with a blue light flashing on the chain, which was obviously extraordinary.

At the end of the chain, there was even a person tied up.

The man sat cross-legged on the ground, unkempt, with a foul smell and very long nails.

He lowered his head and was motionless, and when Chen Feng saw him, he suddenly raised his head, almost shocking Chen Feng.

This person looks extremely ugly, and a scar almost divides his face in two.

There was a spiteful beast-like light in his eyes, and he suddenly spoke with a hoarse voice: "You are here, hahaha, someone has come to die."

Chen Feng said coldly, "Who are you? Why are you in the back mountain of Wei's house?"

"Who am I? Haha who am I?"

"You little bastard, it's so ridiculous, you all came here, you don't even know who I am!"

He stared at Chen Feng coldly and said: "Leave the things you want to give here, and then kneel before me to commit suicide, and I will leave you a whole body."

"Otherwise, I will tear you into pieces, and I will eat your arms and thighs while you are alive, and let you watch your limbs disappear into my mouth."

There was a smile at the corner of Chen Feng's mouth. It turned out that this person thought of himself as the Wei family to deliver food!

[Chapter 885: Behemoth! Python!](#)

It's no wonder that this place is very far away from Wei's house, and the movement in front of it cannot be transmitted here.

"What are you laughing at?" The weird said coldly looking at Chen Feng.

Chen Feng smiled and said, "I think you may have made a mistake."

"I am not from the Wei family, and I am not here to give you anything, but..." He shouted sharply, "I came to take your life!"

"Take my life? Haha, bastard, it seems that you are the opponent of the Wei family, sneak in here, want to discover the secrets of the Wei family!"

"But, I tell you, it is a pity that when you come here, you are doomed to a dead end."

With that, he leaped into the air.

But when Chen Feng saw him, he could only jump up to ten meters away, because the iron chain bound him tightly, it was impossible for him to leave the iron chain, and the length of the iron chain was ten meters!

But from the perspective of Guaizhi, this is enough.

He grabbed it with both palms, and his nails, which were more than half a meter long, turned straight and gleamed with steel-like light, and looked extremely hard.

Fengfeng even smelled a sweet smell.

Obviously, his nails were extremely poisonous!

The weird screamed: "Little bunny, you go to die!"

In his opinion, after he grabbed these two claws, he could directly tear Chen Feng into countless pieces. *NovelUsB.com*

He even thought about the follow-up moves!

Chen Feng gave a sneer and blasted out a punch.

The weird grin condensed on his face.

Because he felt that after his claws were caught, it was like catching an iron plate, and then a sharp pain came.

Chen Feng's immense power came along with his claws.

With a few crackling noises, his pointed nails were directly split in half, and his fingers were also split off.

All ten fingers were cut in half!

Ten fingers connected to the heart, so painful that he hissed!

Chen Feng smiled slightly, teleported forward, and hit his chest with another punch.

This shock broke his muscles and fractures!

Chen Feng stepped forward, stepped on his chest, and said coldly: "Say, what kind of existence is Shenlongjiao? Who are you? What are you doing in the Wei family?"

The eccentric smiled on the face, full of rebelliousness: "Do you think you can make me submit?"

"Tell you, even if you kill me, I won't say it."

Chen Feng shook his head and said, "Why are you doing this? Hey, I really don't want to torture you, but if you force me, I can't help it."

With that said, Chen Feng used the same set that he had just used on Wei Changan again on him.

I have to say that the medicine Tang Hengyun has on hand is really powerful and the effect is excellent!

This weird man only persisted for about a quarter of an hour, and couldn't bear it anymore, and howled: "I will explain, I will explain."

Chen Feng smiled, and I knew you would look like this.

Then Chen Feng wiped off the medicine from him.

At this time, a grin suddenly appeared on the face of the weirdo: "You forced me."

He suddenly let out a sharp cry.

This cry is very weird, like a beast calling a companion!

Then Chen Feng heard a loud roar from below the abyss.

With this roar, the surrounding ground seemed to shake.

The weird laughed loudly: "You forced me. I can tell you my true identity. I'm just a humble snake slave!"

"My master, just below this abyss!"

"You angered it, it will come and take your life immediately!"

"Tell you, you are definitely not his opponent."

Chen Feng also felt a sense of fear in his heart.

Because he felt that a huge momentum was constantly approaching from below the abyss.

When Chen Feng came to the edge of the abyss and looked down, his heart was shocked.

Because at the moment he looked down, two huge lights suddenly lit up under the originally dark abyss.

This bright light is five meters in diameter, with a vertical pupil in the middle.

Chen Feng suddenly realized that this seemed to be the eyes of some creature!

How huge!

Then in the next instant, roars rang out one after another, and the entire cave shook hugely.

Boulders were constantly being shaken down, and the ground made a rumbling sound, as if a huge creature was about to jump from the abyss.

Chen Feng took a few steps back.

After a while, a huge creature suddenly protruded half of its body from it. This turned out to be a giant python. The length of the giant python was hundreds of meters long.

And the following, don't know how long it is.

The snake's head is huge, like a five-story pavilion, with heavy scales on its body, and its eyes are fixed on Chen Feng.

In his eyes, there is no emotion, it is cold!

The huge momentum spread, and Chen Feng couldn't help but feel a little difficult to breathe!

This behemoth is very strong!

Chen Feng made an assessment in his mind.

He had already seen that this giant beast was a second-level spirit beast.

Above the monster beast is the spirit beast.

The monster beast only had the ninth floor of the Divine Sect Realm, and above it was the spirit beast.

And the first-level spirit beast is equivalent to the tenth building of the Divine Gate Realm, and the strength is the eleventh building of the human warrior, and even more than it!

And the strength of this monster beast has reached the strength of a human warrior, the twelfth building of the Divine Gate Realm!

Chen Feng has never faced such a strong opponent before!

This giant python looked at Chen Feng, hissed, and suddenly shook his body violently.

[Chapter 886: Desperate!](#)

Its body slammed heavily on the cliffs on both sides, knocking blocks of boulders to the ground, and the entire mountain shook.

Then, it hit Chen Feng fiercely.

Chen Feng's heart was stunned, and he was full of pride, and laughed loudly: "Come on!"

The head of the giant snake slammed into Chen Feng, and Chen Feng did not show weakness, and hit it with a punch!

Above the fist, the thunder light shot in all directions. It was the first move of the Thunder Piliqian: Thunderbolt Jiuxiao.

The fist and the head of the python slammed together, and Chen Feng was knocked back several steps, feeling severe pain all over his body, and the fist was even more cracked.

The giant python also shook his head, but obviously it was not affected.

It was painful from Chen Feng's punch, but he didn't injure it, but it aroused his fierceness even more.

It twisted its body a few times, then used its head as a sledgehammer, and swept towards Chen Feng again!

Chen Feng thunderously struck him three times in a row, and beat him fiercely.

At this time, the giant snake's attack power became stronger, and Chen Feng was directly shocked and flew out more than ten meters, hitting the mountain wall.

He hit a big hole in the mountain wall, and Chen Feng fell to the ground, vomiting blood.

But the python is still unscathed.

It looked at Chen Feng's gaze, and it was even more angry. The angry ant was able to block his attack twice!

The next moment, it suddenly jumped and jumped directly out of the abyss.

Only then did Chen Feng see that the overall length of this giant python reached more than 300 meters.

In front of it, Chen Feng was as small as an ant at a human foot, extremely inconspicuous.

Then, the giant python attacked Chen Feng frantically.

It doesn't seem to have any spells, but his body is extremely powerful, head, body, and huge tail, hammering at Chen Feng frantically.

Every time, with the power of Thunderbolt, Chen Feng had to go all out.

And the power of its attack became stronger and stronger. In the end, every time Chen Feng blocked it, he would vomit blood and step back a few steps.

In a blink of an eye, Chen Feng had a lot of wounds on his body.

At this time, the people of the Xie family were outside, all with a horror.

Because they were in the Wei family mansion, thousands of meters away, they could see a mountain shaking violently, as if it was about to collapse!

Everyone was shocked by the momentum!

Chen Feng took another move, feeling extremely bored in his chest, and several bones were broken.

Heart said: "It's not going to work like this, this beast is too rough and thick!"

"The python's defense is extremely strong, and it hasn't been injured at all, and Chen Feng's thunderbolt fist can't break its defense."

"If this continues, at most one cup of tea time, I will be shaken to death by him!"

"Now, the first thing is to break its defenses, and then it's easy to say!"

Chen Feng suddenly let out a sharp roar, and the Ziyue knife came out of its sheath.

Three moves in one, crazy cut out!

A round of huge sword intent suddenly appeared, and slashed towards the python.

The sword qi also slashed at the giant python, and a hint of sarcasm appeared in the giant python's eyes.

Extremely fierce, the sword energy that could kill dozens of masters of the Ninth Floor of the Divine Sect Realm, hitting it, was actually useless.

A spark appeared and then dissipated directly.

And the sword intent, also fell heavily at this time.

The python did not have the sword intent in his eyes, but he paid a heavy price for it.

The intent of the knife fell on him, directly cutting his body surface into a huge wound of three to five meters long, dripping with blood, revealing the flesh and blood inside.

Chen Feng sighed, the sword intent is now useless against powerful enemies.

The giant python was in pain and attacked frantically. A red light flashed across its body!

The body shape suddenly enlarged a circle!

He slammed into Chen Feng fiercely again. This time, Chen Feng felt that the force of the impact had doubled!

He spurted blood frantically, feeling that all his bones were broken, and his meridians were broken every inch!

Suddenly, he was seriously injured.

Chen Feng was shocked: "With this beast's current strength, I can resist at most two more times."

Chen Feng is already in desperation.

"But, so what!" Chen Feng suddenly yelled frantically: "My heart of the brave will never go out!"

"But a battle!"

His hand held the Purple Moon Knife tightly!

At this moment, Chen Feng suddenly entered an ethereal realm.

The knife just now was extremely smooth, and naturally, that feeling came to my heart again!

Then in the next moment, Chen Feng had more understanding of the sword and the meaning of the sword.

No, that has gone beyond the scope of sword intent, but reached the realm of sword momentum.

Chen Feng's heart suddenly became ethereal, and suddenly the Purple Moon Knife waved again.

But this cut is not a slash!

Instead! Shake the earth!

Chen Feng's knife looked very slow, like a heavy object of several thousand catties hanging on a light purple moon knife, it was extremely difficult.

It seemed that it was not air, but a piece of extremely hard metal.

After he slashed out with this knife, on the ground, there suddenly appeared hundreds of thorns that were one foot high, extremely sharp, and as hard as steel.

These sharp thorns all appeared before the giant python could react.

In an instant, all plunged into the body of the giant python!

Where the giant python was close to the ground, one-third of its body was pierced into the spikes, and it hissed in pain.

And the spikes joined its body, and for a while, he could not move and was fixed on this earth!

[Chapter 887: Comprehend! Sword posture!](#)

At this moment, Chen Feng directly surpassed the realm of sword intent and realized the power of the sword.

At the same time, he also comprehended the first cut of the triple cut of the universe: Shake the earth!

After Chen Feng's sword was cut out, the sword was suddenly activated.

This knife immediately brought the power of heaven and earth, and the surrounding heaven and earth aura seemed to be mobilized by him.

With this knife, Chen Feng slashed out a huge sword energy, wrapped in a narrow blade, and slashed fiercely on the python.

He directly chopped the python into a wound three times larger than before, almost cutting the python in the waist!

And under the influence of the sword, those heaven and earth vitality also madly smashed towards the python's wound.

This is the power of the sword!

Chen Feng's knife was more than a hundred times more powerful than the one that Lin Ming had used before.

At this moment, he had completely comprehended the earth shaking!

The giant python was extremely injured, screamed sternly and madly in his eyes.

It didn't understand, how could it be hurt like this by this ant!

Chen Feng laughed, happily, and his strength has broken through again.

But in his pleasure, there is still a trace of regret, a trace of meaning still unfinished.

The Purple Moon Knife is too light and too thin.

Using the Purple Moon Knife to shake the earth, after cutting it out, there is always a light and fluttering feeling, and Chen Feng knows that the sword that shakes the earth should be hard and heavy!

It seems that even the earth can shake!

"We must change a knife as soon as possible." Chen Feng thought secretly.

He made another cut, shaking the earth and continuing to cut out!

This knife is more powerful, and hundreds of sharp thorns continue to pierce the python's body.

This knife slashed in the same position, and this time, it cut the python in two.

The giant python uttered a terrible scream, which could be heard clearly for dozens of miles.

The two parts of its body were twitching violently, and Chen Feng was unreasonable and went straight to the wound, where thunderbolt punches frantically.

In an instant, dozens of punches were punched.

He vented all his anger and exhausted all his strength.

But in the cave, thunder was shining everywhere, and the wound of the giant python was instantly scorched and completely dry.

He screamed with pain even more. After Chen Feng finished these dozens of punches, he quietly stepped aside.

He knew that the python had run out of oil.

Sure enough, after the python hissed and screamed for a while, the twitching body gradually stopped, and the eyes lost their luster.

Finally, two parts of the body were shot, and he died without moving on the ground.

And the weird man who claimed to be a snake slave was completely silly. When the giant python came and was fighting, he hid beside the boulder motionless for fear of being affected.

In his opinion, the python can definitely kill this little **** easily, but what shocked him was that the extremely powerful python, in his opinion, was directly beheaded by Chen Feng!

He stared at the huge corpse in front of him blankly, and muttered: "Impossible, impossible!"

Chen Feng sneered: "What is impossible?"

"Say, speak quickly!"

It seems that Chen Feng's killing of this giant python has completely destroyed the snake slave's psychological defense.

The snake slave quickly explained everything.

But his account is very limited, because he knows this.

He is not a high-level person in the Shenlong Sect.

Only then did Chen Feng know that the Shenlong Sect was an organization that suddenly emerged about 200 years ago.

This organization is very mysterious, and the outsiders don't even know who it is.

However, it is undeniable that the Shenlong Sect has laid a firm foundation in Danyang County in these years.

Many ordinary people have never heard of Shenlong Cult, but a large sect such as Ziyang Sword Field is very clear about the strength of Shenlong Cult.

In addition, Ziyang Sword Field has fought against Shenlong Sect many times, and what is shocking is that Shenlong Sect has never fallen behind.

It is very difficult for Ziyang Sword Field to deal with the Shenlong Cult. They can't find their lair at all. Those people are all Shenlong but never see the end!

The snake slave was originally just an ordinary warrior in Danyang County. A hundred years ago, he was caught in the Shenlong Sect for a secret training.

His strength has improved greatly, but he has also been transformed into such a person and ghost.

The snake slave had a miserable face and said, "I stayed in the secret training ground of Shenlong Sect for five years."

"In the past five years, 50,000 people were sent in, but only 50 survived in the end."

"We were fighting each other inside, and we were fighting to death for a bite of water and a bite. The scar on my face was left at that time, and my leg was broken at that time."

"Finally, the fifty of us who survived, each with a giant python, were sent to a city in Danyang County, hiding in a certain family in that city, and controlling what the family did behind their backs. everything of."

"Control this family to expand its influence until gradually mastering this city."

Chen Feng listened and took a breath.

The Shenlong Cult scheme is really very big.

Fifty families, fifty cities!

This is because I want to control the entire Danyang County when I really start to do big things overnight!

Chen Feng suddenly noticed one thing and said, "Each of you brought a giant python? So, Shenlong teaches a lot of giant pythons? Where did they get these giant pythons?"

Chen Feng was shocked.

[Chapter 888: The eleventh building! breakthrough!](#)

A giant python like this, a dignified second-level spirit beast, is very powerful, and it is impossible to catch many.

How can Shenlongjiao have such great ability?

The snake slave said: "When I was in the Shenlong Sect, one of our instructors was drunk and revealed to me. It seems that there is an extremely powerful python in the Shenlong Sect. This is even the foundation of the Shenlong Sect. !"

"This is the sacred beast of the Shenlong Sect. It is extremely tyrannical, and it is also the source of all power in the Sect."

"And these giant pythons seem to come from it."

When Chen Feng heard this, he was shocked. If this is the case, then there must be an extremely powerful spirit beast in the Shenlong Cult!

A greedy heart suddenly rose in Chen Feng's heart, and he secretly said: "This spirit beast, you are waiting for me in the Shenlong Sect. I will definitely kill you and devour you!"

At this point, there is nothing more to ask.

He directly killed the snake slave with a palm.

There was a hint of relief in the snake slave's eyes.

At this moment, Chen Feng looked at the giant python's body with a smile on his mouth.

He leaped forward directly, cut a huge wound on the giant python's body, then sat cross-legged and stretched out his palms, absorbing the power of blood crazily.

The second-level spirit beast, the powerful blood power, brought a steady stream of power to Chen Feng.

The power of crazy blood kept pouring in, and Chen Feng felt that his strength was rising.

One acupuncture point is opened, two acupuncture points are opened...

Finally, when Chen Feng had absorbed half of the python corpse, there was a loud bang, and the thirtieth acupuncture point on the tenth building was also opened!

Then, the mighty **** Gang Qi rushed into the next meridian and swept another brand new acupuncture point.

Chen Feng officially broke through and entered the eleventh floor of the Divine Gate Realm!

Chen Feng looked up to the sky and laughed, but he did not feel proud for long, but immediately walked to the half of the corpse.

Beside the other half of the corpse, continue to absorb.

After breaking into the eleventh building, promotion became more difficult.

With the half of the body of this giant python, Chen Feng only raised five acupoints.

But Chen Feng was also very contented. He never thought that he would have such an adventure this time in Daliang City.

An old man suddenly appeared next to him, smiling and saying, "You little guy, you are really lucky. There are adventures wherever you go."

He secretly said in his heart: "Could it be that this is the so-called man of fate!"

Chen Feng smiled slightly: "The benefits are more than these! There are also benefits that this giant python has brought to me!"

With that said, he released the Wuhun Xiang Liu.

After Wuhun Xiang Liu saw the giant python corpse, he seemed to be able to see something that Chen Feng couldn't see.

Then, Chen Feng saw that something had been pulled out of the corpse abruptly.

It turned out to be the phantom of a giant python!

It is the soul of that giant python.

Xiang Liu Wuhun produced a huge attracting power, and dragged the python soul over there. The python soul made a sharp angry cry, but it was completely useless.

In the end, he was led directly in front of Xiang Liu Wuhun.

Xiang Liu Wuhun stretched out his sharp claws, five big mouths, frantically biting, and instantly tore the giant python soul to pieces, and then swallowed it.

After swallowing, the Mavericks Wuhun suddenly fell silent for a moment.

Then, a brand new meat bun suddenly appeared.

After a while, Xiang Liu Wuhun grew a new head, which was also the seventh head.

Seven-headed willow!

The body shape of Wuhun Wuhun changed from forty meters to fifty meters long, and the sharp claws on it became even bigger, the size of a house.

The length of the two wings has also changed from five meters to ten meters, and finally it looks not so small and not so ridiculous.

But the light skin on the surface of the Wuhun Xiang Liu's body had become scales.

It's just that the scales are still a bit new, not so sturdy.

The next moment.

Yellow light flashes!

Eight rays of yellow light flashed one after another, and the Liu Wuhun was officially promoted to the eighth rank of the Yellow Martial Soul.

This time, the martial arts supernatural power, what Chen Feng chose to enhance was an extreme blow.

"This giant python really provides a lot of good things for myself!" Chen Feng laughed.

An old man tutted twice: "You fellow, really amazing, kill a monster and don't let go of anything."

"Vampire enhances skill, Wuhun enhances soul!"

Chen Feng laughed and said, "I want to remove all the scales and guts on his body as a treasure!"

An old man nodded: "You kid, haha, I like this style of behavior!"

The two looked at each other and both smiled.

Ziyue snorted in disdain next to her, raised her small chin, and Tsundere said: "One is old and one is young and two are not serious."

The python was stripped of skin and bones.

The hard skin of a giant python is extremely hard and flexible, and it is covered with blue-black scales the size of a water tank, which is extremely strong!

When Chen Feng used the Purple Moon Knife, he couldn't even cut it.

Forced, he had to shake the earth again!

After cutting out with a knife, a huge wound was cut.

Chen Feng was a little shocked, the hard skin of this giant python was comparable to that of Qing Lingjin!

An old man on the side said: "The hard skin of this giant python is tough and tough. It should be regarded as a first-class spiritual material! And it's relatively superior in the first-level spiritual material."

"First-level spiritual material?" Chen Feng asked in surprise: "Does it mean the same thing as first-level material?"

"What is the first-level material, this name is very loose."

[Chapter 889: Jinglei pills prescription!](#)

An old man sneered, and said, "Spiritual materials are spiritual materials. Don't call them materials. Materials are broad and profound. Above spiritual materials, there are others."

"The first-level materials in your mouth, such as the green spirit gold and broken star iron you got before, are all first-level spiritual materials."

"Also, the so-called low-grade spirit grass you mentioned earlier is actually a first-class spirit medicine."

"The first-class spirit beast, the first-class spirit grass, and the first-class spirit material are actually corresponding. This is a very large system! Very rigorous, absolutely no mistake!"

"Take alchemy as an example. In the first-grade pill, the materials used are basically first-class elixir. Of course, very rare, second-class elixir will be used."

Chen Feng said sweatingly, "An old man, I have been taught."

It took him a full three hours to peel off the entire python skin, which looked extremely thick and piled up into a hill.

Then, Chen Feng peeled off the dry flesh that had lost his blood again, revealing the huge snake bone inside.

In the body cavity, he found a huge snake gall and a round, fist-sized blue-black beast pill.

"The second-rank rock-type animal pill, the color is not bad, it should be used when refining certain pill."

Next to him, An Lao commented: "The Rock Element is a branch of the Earth Element. No wonder this giant python has such a strong defense."

Chen Feng nodded, keeping all this in mind.

Then, Chen Fengfeng strengthened the dragon blood battle body again.

There are no more choices now, he only has one option left.

After the election, in Chen Fengfeng's dantian, the most dim part of the dragon blood battle body also lit up.

Putting away all valuable things, Chen Feng turned and left here.

Outside the Wei family mansion, Xie Zhuxin and others were waiting, and they were relieved to see Chen Feng coming out safely.

The ground shook the mountain just now, and the roar of the beast came, and they were all worried.

Although Chen Feng is strong, that giant beast feels like it can lift the entire mountain range!

That night, Chen Feng and Xie Zhuxin were in a quiet room with a table of delicious dishes in the middle.

The two sipped small wines, ate delicious food, and talked casually.

Chen Feng felt very relaxed and comfortable. He hadn't relaxed like this in a long time.

Xie Zhuxin can be regarded as his old friend. In front of her, Chen Feng was very relaxed.

The whole person is completely relaxed, no need to think about intrigue, no need to worry about cultivation, lazily, like soaking in warm water.

Xie Zhuxin said sincerely: "Chen Fengfeng, I really don't know how to thank you Zhuxin this time."

Chen Fengfeng smiled slightly: "Zhuxin, the two of us are friends, we don't need to say such a difference between friends."

Xie Zhuxin smiled and said, "I also know that this is the case, but I always want to repay you something, otherwise, I always feel embarrassed."

When Chen Fengfeng heard this, he suddenly had an idea and smiled slightly: "Zhu Xin, your Xie family is in auction business. There must be many channels to get some goods!"

When Xie Zhuxin heard it, she understood her heart and asked, "Chen Feng, what do you want?"

Chen Feng said: "I want prescriptions, the more the better, and no one will refuse, as long as they are prescriptions."

Xie Zhuxin said, "Are you referring to the kind of prescription used by pharmacists?"

Chen Feng nodded: "That's right."

Xie Zhuxin pondered for a moment and said, "Chen Feng, I won't hide it from you, this is a bit difficult."

"After all, the level of my Xie's auction house is relatively low. Compared with some big auction houses in big cities, I have fewer prescriptions."

"However, I hereby promise you that as long as it is all the prescriptions that my Xie family started with, absolutely no one will flow into the auction house, and all will be given to you."

Chen Feng smiled and said: "So, then thank you Zhuxin."

Xie Zhuxin smiled and said, "Look, you didn't let me see outsiders just now, but now you see outsiders by yourself." novelusb.com

Chen Feng laughed, raised his wine glass, and said with a smile: "Yes, that's right, I did something wrong. I will fine myself three glasses."

With that said, drink three glasses of wine!

"Right," Chen Feng asked, "There is one more thing, have you heard of Xuanhuo?"

"Xuan Huo?" Xie Zhuxin twisted her brows and shook her head slowly: "I haven't heard of it."

"Let's do this, tomorrow I will ask the elders in the family well, they have lived a long time, they are knowledgeable, and they may have heard of it."

Chen Feng nodded slightly, and did not reject her kindness.

But there is no hope in his heart!

Early the next morning, Chen Feng walked out of the room. He had already cleaned up and was about to leave Xie's house.

The purpose of coming to Xie's house has been achieved, and he does not want to stay here.

This time, Chen Feng was going to enter the mountains north of Daliang City.

Daliang City is at the far north of Danyang County, and beyond the mountains to the north, this is Suiyang County.

Chen Feng thought, he couldn't get the news of Xuanhuo in Danyang County, he wanted to try his luck in Suiyang County!

As soon as I left the house, I saw Xie Zhuxin standing outside.

Chen Feng smiled slightly: "Are you here to send me off?"

Xie Zhuxin smiled and said, "Not only is it here to give you, but also a gift."

Suddenly she stretched out her right hand, which had been behind her back.

In his right hand, holding a jade box, he smiled and said, "Look, what is this?"

Chen Feng opened the wooden box. It was a very old box, very beautiful.

After Chen Feng opened it, he saw a thin yellow scroll inside.

After opening the yellow scroll, Chen Feng suddenly discovered that it was actually filled with various medicinal materials, and these medicinal materials might add up to hundreds of kinds.

Before Chen Feng saw it, he knew that this must be a prescription.

Moreover, the elixir on this prescription is definitely not low, and the lowest is probably the pinnacle among the first grade.

Ordinary first-grade medicinal materials do not need so many elixir to refine.

And when Chen Feng saw the name of the pill written on the far right, an unstoppable ecstasy appeared on his face.

On the right is unexpectedly written three big characters: Jingleidan!

[Chapter 890: Lingyao Town](#)

Chen Feng laughed loudly. He really had nowhere to look for his iron shoes. It was all effortless!

"Hahahaha, I got the prescription for Jinglei Dan!"

The prescription for Jinglei Pill was what Chen Feng desperately wanted at this time.

After all, his alchemy time is less than half a month left.

Chen Feng's primary goal for himself was to obtain Profound Fire within half a month, and the second goal was to refine the Thunder Pill.

Because if he didn't get the profound fire in another half a month, he would no longer be able to refine the medicine.

And if there is no Jinglei Pill at that time, there will be no way to even practice Thunder Court Thunder Fist.

Therefore, he must at least refine a few successfully!

But he was always at a loss as to how to get the Thunder Pill, but at this time he suddenly got a prescription. How could he not be happy?

Seeing Chen Feng so happy, Xie Zhuxin was also very happy, smiling: "Chen Feng, I finally have a place to help you!"

She said: "After I went back yesterday, I ran through the family coffers and finally found a prescription, but I didn't expect that you were going to use it."

Chen Feng smiled and said: "Zhuxin, I really thank you so much."

"This kind of pill is very important to me now, and I desperately need a prescription!"

"That's right," he looked at Xie Zhuxin and said, "As for the medicinal materials on this, as much as you can collect, give me as much as possible, and I want all the medicinal materials!"

"I have a very large amount of each, and I have packaged as many copies as there are."

Xie Zhuxin did not hesitate, nodded, and said, "Okay, I will help you see it now."

Chen Feng said: "Bamboo Xin, if the price is really very expensive, I can buy spirit stones. I don't lack spirit stones."

"I know that your Xie family's financial resources are not so strong, because of my reasons, if you are damaged, I will be uneasy."

Xie Zhuxin laughed and said, "Don't worry, Chen Feng, I know. Knowing that you have money now, I won't be polite to you!"

Chen Feng wanted to leave early in the morning, but because of this he stayed at Xie's house all morning.

At noon, Xie Zhuxin came back with a mustard bag in her hand and handed it to Chen Feng.

She smiled and said: "Chen Feng, there are a total of 113 medicines needed to refine this Thunderbolt Pill, and 93 of them can be found at my Xie's house.

"The largest medicinal material is more than 300 kilograms, and the least one can only find 15 kilograms. I have put all of them in this mustard bag for you. You have to find the rest. Up."

Chen Feng smiled and said, "Well, I am very happy to have these."

He intends to find the rest by himself.

Xie Zhuxin said, "Chen Feng, are you looking for a panacea?"

Chen Feng nodded.

Xie Zhuxin smiled slightly: "If you want to find a panacea, I can show you a direction."

Then, she pointed to the north of Daliang City: "See that mountain range?"

"That mountain range is rich in various elixir and spirit grass. My current home is able to start this great business, and it is also inseparable from the production in that mountain range."

"And the mountain range north of Daliang City is an extremely small branch of a huge mountain range, which is insignificant at all."

"That huge mountain range is full of countless elixir."

"Cross the mountain range in the north of Daliang city, and then walk a thousand miles north, there is a city in the west of Suiyang County called Lu'an City! Lu'an City is just east of that huge mountain range, where it is said that all kinds of elixir gather together!"

"There, you can definitely find more elixir."

Chen Feng nodded and said, "Okay, I see."

Xie Zhuxin provided him with this information, which is very precious.

Then, Chen Feng said goodbye to Xie Zhuxin, left the city and walked north.

As soon as he left the North City Gate, he raised his brow slightly.

It turned out that outside the city gate, there were two people waiting there at this time. The two people were Wang Feng and Wang Jie.

With a flattering smile on Wang Feng's face, he greeted him with a smile: "Brother Chen Feng, are you leaving?"

Chen Feng nodded and said, "That's right."

Wang Feng laughed, "I'm here to send Brother Chen to you."

He was so knowledgeable and interesting, Chen Feng was not so cold-eyed, smiled slightly, and said, "Thank you so much." *NovElixir.com*

The two said a few words before Chen Feng left.

With a smile on Wang Feng's face, he kept beckoning behind him until Chen Feng was far away.

Seeing that Chen Feng's figure had disappeared, Wang Jie walked up to Wang Feng and frowned and said, "Brother, Chen Feng is so powerful? Are you so afraid to offend him?"

"What do you know?" Wang Feng glared at him fiercely, and said: "You have been in Daliang City for too long. With some strength, you think you are number one in the world and you can't be the best."

"Actually, compared with a real master, you are far behind!"

"How powerful Chen Feng is, do you know me? Tell you, Chen Feng just entered the Ziyang sword field, and during the trial, he killed an existence that was almost the top ten among the newly promoted disciples."

"Later, the elder of the sect was killed, and the disciples who died under his hand do not know how many people were!"

"This person is not only cruel, powerful, but also bold enough to kill anyone."

"Take the disciple he killed in the trial, you know, that person is not only extremely powerful, but also the son-in-law of the Palace of Fire!"

"Do you know what kind of existence the Grand Fire Palace is? That is a huge force that hardly fears Ziyang Sword Field!"

"And Chen Feng, just dare to kill him!"

When Wang Jie heard this, he shivered suddenly, with a look of fear on his face.

However, he suddenly remembered something, and muttered in a low voice: "Heavy Fire Palace, Heavy Fire Palace..."

Then, there was a strange look on his face, but Wang Feng didn't see it!

Two days later, Chen Feng looked at the small town that appeared in front of him, with a slight smile on his lips!

At this time, his location was more than 1,500 miles away from Daliang City.

He has now left Danyang County and came to Suiyang County.

The town in front of it is called the Elixir Town.

Because next to the town is a huge, huge mountain range.

The scale of this mountain range is more than 10,000 times larger than that of the Aomori mountain range. No one knows how huge and vast this mountain range is.

It's just said that this mountain range runs through the entire Great Qin Empire, and the length of tens of thousands of miles in Suiyang County is just an extremely small one, not even the minutiae, a tiny aftermath!
