

Peerless 961

[Chapter 961: Let Qian Yuanzong be buried for you!](#)

"I blame you, I blame you, I didn't take good care of my Dongcheng nephew! My Feng family, I'm the last!"

It turned out that Feng Wuqing's eldest brother died a long time ago. He has no heirs himself. He has only a nephew, Feng Dongcheng, who is the only seedling in the family.

And because he practiced a weird technique ten years ago, he could no longer have children.

At this point, his family is completely extinct.

Suddenly, his figure shook, and he flashed in front of ten people in black at an extremely fast speed.

In an instant, ten people in black were torn to pieces by him.

The screams suddenly sounded and disappeared one after another.

The whole room was full of a strong smell of blood, and there were broken arms and limbs everywhere.

At this time, a voice suddenly sounded in the courtyard outside: "Can Deacon Feng be there?"

Feng Ruqing walked out of the room with a cold face.

Seeing Feng Wuqing's blood-soaked robes, smelling the strong **** smell on his body, and looking at the corpses all over the room in the room, the young man who entered the yard suddenly shuddered.

This person is also wearing a pharmacist robe.

On the robes of the alchemist, there were two small tripods embroidered unexpectedly.

This person turned out to be a second-tier pharmacist!

But he was obviously a little afraid of Feng Wuqing, looked at Feng Wuqing, smiled and said:

"Deacon Feng, the chairman has orders!"

"Feng Ruqing, the deacon of the Law Enforcement Hall, has been named the deputy head of the Law Enforcement Hall from today and is responsible for the daily affairs of the Law Enforcement Hall."

"Deacon Feng, oh no, it's Hall Master Feng!" The man laughed, with a somewhat flattering expression, and then handed a jade card to Feng Wuqing.

"What? I will be the deputy hall master from today?"

Feng Wuqing's face was stunned. Then, a clear color flashed across his face, and he said in his heart:

"The old fox, the president, is really quick to respond! As soon as I left the customs, he got the news and quickly named me the deputy hall master!"

With a smile on his face, he nodded and said, "Thank you, Mr. President, for your support."

Then he looked at the second-grade pharmacist and said without a smile: "Would you like to go in for a cup of tea and have a good chat?"

The face of the second-grade pharmacist changed drastically, and he quickly waved his hand and said:

"Palace Master Feng, I still have something to do, so I'm leaving, and I'm leaving."

Having said that, he arched his hands, turned around, and left like an escape.

Feng Wuqing rubbed the jade card in his hand, with a touch of emotion on his face, he murmured softly:

"The position of deputy hall master is what I dream of, but at this time I am not happy at all."

"Dongcheng, you were killed, do you know how sad I am?"

"But don't worry, those who kill you will definitely die ten thousand times more miserable than you."

There was an extremely vicious look on his face: "Chen Feng, that little bunny, in Ziyang Sword Field, I can't help him, but isn't he from Qian Yuanzong?"

"For Qian Yuanzong's existence, I would wipe out an ant without any effort."

He flicked his sleeves, his big sleeves fluttered, turned and walked away quickly, straightened his chest, his face cold and stern:

"Dongcheng, just wait for you with peace of mind. I want Qian Yuanzong to be buried for you!"

In the core square, Chen Feng came here again.

The core square is the settlement of core disciples, and there are many annex buildings around, which naturally also includes the mission hall.

This mission hall is exclusively open to core disciples, and ordinary disciples of the outer sect and inner sect cannot come here at all.

And the difficulty of the task here is beyond those of the outer sect and inner sect disciples, and only strong core disciples can successfully complete it.

This mission hall was much smaller than the mission hall of the Waizong, only two or three stories high.

There are not many tasks inside. Chen Feng saw that there were only one or two hundred jade plaques.

Chen Feng came here this time mainly to find out if there is a task suitable for him to complete.

The mission rewards provided by the Mission Hall of Core Disciple Square are often very generous.

Some even have medicinal pills in it. Chen Feng wants to get rewards while going out to experience.

It would be great if you could encounter a powerful monster beheaded to kill it and let yourself break through to the Tianhe realm smoothly.

Chen Feng entered the mission hall. There were not many people in the mission hall. They were all quietly flipping through the jade cards to check the tasks above.

But any jade medal that has not been taken away has not yet been picked up.

In the entire mission hall, you don't need any qualifications if you want to accept the mission.

As long as they are core disciples, they have already been recognized for their strength.

At this time, the sect determined that they had the ability to take responsibility for what they were doing, so they did not restrict anyone from taking any tasks.

However, it restricts the task time. If the task cannot be completed within a period of time after receiving it, extremely severe punishment will be imposed.

This will also make the disciples think twice before taking on tasks.

Moreover, if the task is extremely difficult, the sect will not take care of it if it is too difficult to take it, and die in the process of performing the task.

Chen Feng walked quietly in it, constantly turning around.

Suddenly, when he flipped through a jade medal, his hand stopped there, and his eyes showed interest.

Mission location: Demon Wolf Valley, 1300 miles northeast of Ziyang Sword Field.

Task content: kill the unicorn purple golden python, retrieve its unicorn, inner alchemy, snake gall, and get back a thousand catties of blood.

After retrieving these things, give them to Li Dongge, the elder of Lieyang Feng Taishang, and the task reward: a solid essence pill.

"The task reward turned out to be the Condensed True Solid Yuan Pill?"

After seeing these five words, Chen Feng raised his brows slightly, shocked in his heart.

Ningzhen Guyuan Pill is a second-class pill. This pill is extremely expensive and very scarce, so money can't buy it.

Because this kind of pill, its effect is to help those who have just broken into the Tianhe realm, stabilize the realm, and consolidate the foundation.

After entering the Tianhe Realm, the power is no longer derived from Gang Qi, but from True Essence.

Therefore, it is called the Ningzhen Gu Yuan Dan.

Although this kind of pill is only a second-grade pill, it is quite difficult to refining due to its special effects.

Chen Feng had always wanted to get a pill like this before, and he would use it to stabilize his realm after breaking through the Tianhe realm.

But he has never received any news, but he did not expect that it might be possible to get it here.

However, the reward for this task is huge, but the difficulty is very high.

Chen Feng knew this very well, and the language of the task introduction was unknown.

[Chapter 962: Mission, hunt and kill the unicorn purple python!](#)

I'm afraid it's because the person who posted this task didn't want people to be intimidated after hearing it, so they deliberately concealed this information.

Chen Feng smiled slightly at the corner of his mouth and directly reached out to take the jade medal off and held it in his hand.

He knew that this task was very difficult, and it might even be beyond the scope of his ability.

However, Chen Feng just likes to challenge. Only by constantly challenging his limits and constantly challenging more powerful opponents can his strength be improved by leaps and bounds.

In Chen Feng's mind, there are still many ambitions to be realized: The mystery of the senior sister trapped in Lie's house and the disappearance of the master must be solved by him.

After Chen Feng took off the jade card, a light flashed on the jade card and entered his body.

Then, a line of handwriting was revealed on the jade card: the task completion time, half a month.

Seeing this line of words, Chen Feng frowned slightly, and a trace of disgust flashed in his heart.

The publisher of this mission is actually quite despicable, afraid that people would not accept the mission, and deliberately concealed the information of the monster beasts in the Demon Wolf Valley, not to mention its strength.

Moreover, the task completion time was not displayed on the jade card at the beginning, and it would not be displayed until the task was taken off by someone.

This calculation is really disgusting.

Chen Feng shook his head slightly, a mocking smile appeared at the corner of his mouth:

"It's really a villain, no matter what, anyway, what I want to do is to leave Ziyang Sword Field immediately to complete the task, how much time you have, it doesn't matter to me."

"Fifteen days is enough time for me to go back and forth."

At this time, a shout suddenly came from behind, one of surprises, and his voice was very crisp: "Chen Feng! Are you here to take the task?"

When Chen Feng turned his head, he saw that it was Wei Hongxiu.

Wei Hongxiu was looking at him with a smile.

Chen Feng smiled and said: "Yeah, I'm looking for a few tasks, why, are you here to take them too?"

Wei Hongxiu nodded: "That's right."

She suddenly raised her small chin, turned around in front of Chen Feng, and said triumphantly: "Chen Feng, look, look, what's the difference between me and before?"

Chen Feng took a closer look. He didn't pay attention just now. He looked carefully and discovered that Wei Hongxiu was really different from before.

He was covered in a goose-yellow Yishan, and his spirit fluctuated faintly.

On the head is wearing a white jade wiping forehead, faintly exuding a calm and quiet power.

Chen Feng smiled: "Congratulations, it seems that you, the master, did not admit your mistake and bought you a lot of good things!"

Wei Hongxiu smiled triumphantly: "That's right, my master has treated me well, he gave me this dress and this wipe."

"This suit is meticulously woven with a century of golden cicada silk, which is enough to withstand the full blow of the master of the twelfth floor of the gods. It is as light as a feather and at the same time extremely strong."

"And this rubbing forehead is made of underground meditation sapphire. After wearing it, you can calm down and quickly sink into the state of cultivation."

"The speed of cultivation can be increased by a full 10% than usual!"

When Chen Feng heard this, he couldn't help but be surprised, a little envious in his heart.

This shirt is okay, but this wipe can increase the speed of cultivation by 10%, and the effect is really amazing.

Ten percent may not seem like a lot, but it's one tenth. He practiced for ten days is equivalent to others who practiced for eleven days!

If things go on like this, this effect can be greatly manifested, which is equivalent to a lot of time longer than others.

The warrior fights against the sky, against the earth, against time and time. In this life, the most lacking is time!

How many strong men smashed their halberds and settled in the sand, just died over time!

If they were given an extra year and a half, they might be able to break through to a higher level.

"Haha, envy it, tell you, there are things that make you more envious."

She drew the sword around her waist.

This sword, the color of ice blue all over, gleamed with a faint cold light, and you knew it was an extraordinary product at a glance.

Wei Hongxiu grinned and said, "This long sword was also given to me by the master. The name is Bing Leng, and it is a first-grade spiritual weapon."

"There is an attribute on it, called ice seal. As long as it is cut into a wound, the wound will be sealed by ice and cannot heal at all."

"Furthermore, the cold will penetrate into the body and cause continuous bleeding."

Wei Hongxiu laughed and said, "This sword is very easy to use."

Chen Feng smiled and said: "It is true."

Wei Hongxiu showed off in front of Chen Feng just like a kid who got candy.

She smiled proudly with her hips akimbo, but she was not offensive.

Chen Feng only felt that Wei Hongxiu was extremely cute at this time.

Chen Feng was very envious in his heart, but then he smiled and dispelled the emotion.

"What do I envy about this? Do I have few adventures? If nothing else, just being a dark old man is worthy of the world."

Wei Hongxiu laughed: "Okay, okay, I won't say anything, I am actually playing with you!"

"I know, you have a lot of secrets, just take them out, I'm afraid they are much stronger than mine."

"It's just that, the child of our poor family, I haven't got any good things before. I just got it, and I can't help showing off to you."

Chen Feng couldn't help but laugh, and she clicked a little and said, "You little fellow, you are so strange."

Wei Hongxiu is a very interesting girl, and chatting with her is also very relaxing.

Wei Hongxiu saw the jade medal in Chen Feng's hand and said, "Have you already taken the task? Let me take a look."

After speaking, he took the jade card in Chen Feng's hand directly, and after he saw the content of the jade card clearly, his face suddenly showed shock.

"What? Are you going to perform this task?"

Her face was shocked, with a hint of panic.

Chen Feng raised his eyebrows and said, "What's wrong with this task? Is it difficult?"

"It turns out that you didn't know." Wei Hongxiu said: "You may not care about this, but after I became a core disciple, I have been in the mission hall for several days, and basically all the missions here are I have figured it out."

"This task is very difficult. Many disciples in the Tianhe Realm are unwilling to take it. They have been hanging here for more than half a month."

Chen Feng asked: "What a difficult method?"

Wei Hongxiu said with a solemn expression, "As far as I have found, in this Demon Wolf Valley, there is a very dangerous situation."

"Demon Wolf Valley, as the name implies, there are a lot of monster wolves living in it. This kind of monster wolf is a monster of the Divine Gate realm, and its strength is not too strong. A Tianhe realm master can handle dozens of them."

"But the problem is that there are too many demon wolves in the Demon Wolf Valley. It is said to be the Demon Wolf Valley, but it is actually very huge, with a radius of several hundred miles, and there are only hundreds of thousands of demon wolves living in it!"

[Chapter 963: Chen Feng, you trash](#)

"These demon wolves, if they are gathered together, they are extremely powerful! No one dare to provoke them!"

"Don't talk about the Heavenly River Realm master, even if you are a Heavenly Sea Realm master, if you fall into this boundless pack of demon wolves, I'm afraid they will be killed alive."

"And in the Demon Wolf Valley, in addition to these demon wolves, there are many powerful spirit beasts."

"There are three of the most powerful, one is the king of the demon wolf, and in addition to the king of the demon wolf, there are two other spirit beasts, very powerful."

"The one-horned purple golden python that you want to hunt down in your mission ranks third, and it's not even something that ordinary beginners into the Tianhe realm can deal with."

"If you think about it, the unicorn purple golden python is already so powerful, if something accident happens and you are surrounded by those demon wolves, wouldn't you be even more dead and dead?"

"There is no reason to escape!"

When Chen Feng heard this, he was slightly shocked.

But what followed was a raging war burning in his heart.

Instead of being afraid, he was extremely excited, looking forward to the next trip to the Demon Wolf Valley.

Chen Feng smiled and said, "I have already taken this task."

When Wei Hongxiu heard this, he suddenly became extremely anxious: "What should I do then?"

"What's the punishment for this task? If it doesn't work, let's not go. Just hand in the punishment. I would rather be punished than risk it!"

Her face was full of anxiety.

Chen Feng looked at it and was slightly moved, knowing that Wei Hongxiu was doing it for his own good.

He said lightly: "This task has no punishment, it must be completed."

"Ah? How could this be?" Wei Hongxiu said in shock!

Chen Feng smiled bitterly and said: "This task has no punishment at all from the beginning, and there is no time to complete it. It will only appear after the task is accepted."

Wei Hongxiu gritted his teeth and said angrily: "It's too despicable."

Chen Feng smiled and said: "Red sleeves, don't worry too much. For me, this task shouldn't be particularly difficult."

"Besides, we warriors, shouldn't we challenge a stronger opponent?"

His eyes were steady and his tone was very firm.

Wei Hongxiu looked at it, and was taken aback for a moment, knowing that Chen Feng was definitely unable to persuade him. He sighed and said, "This is your way."

The two of them walked out of the mission hall while talking and laughing.

At this moment, a dozen people suddenly walked over from the other side, all of whom were wearing the costumes of core disciples, and each of them was quite powerful, and the weakest was the Eleventh Floor in the Divine Sect Realm.

And one of the leaders is even a Tianhe Realm master, with extremely powerful aura.

After a dozen of them saw Chen Feng, their faces suddenly showed joking, and they laughed and said, "Oh, isn't this a waste of Chen Feng?"

"Haha, isn't this so arrogant that Chen Feng who dares to refuse the request of the Supreme Elder to accept disciples?"

"Chen Feng, you **** also came to take up the task?"

"You are wrong about what you said, Chen Feng is a trash, with low strength and no spiritual roots. I'm afraid he can't complete the simplest tasks in the mission hall!"

"I see, he mostly accompanied the girl next to him to pick up the task!"

"Huh?" The man listened, and said deliberately, "He doesn't need to practice anymore? Still accompany this woman to pick up tasks?"

"Haha, what do you know?"

The big man who began to talk said with a joking expression: "This **** doesn't even have a spiritual root. Now there is one rubbish, and it will only be more **** in the future."

"He still can't quickly find himself a good backer?"

"No, because I look pretty good, I hide behind a woman, I only know that I'm cheating on this woman."

"After doing it for a long time, it turns out that this **** is still a cheer!" a person said with a laugh.

Everyone burst into laughter.

When Chen Feng heard this, his brow furrowed and his expression became a bit cold.

However, Chen Feng was anxious to complete the task and wanted to leave Ziyang Sword Field as soon as possible. He didn't want to cause trouble, and didn't want to be familiar with this group of people.

He glanced at them lightly, then turned to leave.

Seeing that Chen Feng did not speak, this group was even more confident, thinking that Chen Feng would not dare to compete with them, and that Chen Feng was cowardly.

These people all walked to Chen Feng and stopped him.

Chen Feng raised his brows and said lightly: "What does this mean?"

"What do you mean? Haha, can't you see this trash?"

The leading Tianhe Realm master said lightly: "We brothers, we must teach you a lesson!"

A sturdy man next to him laughed and looked aside, with a look of fear on his face deliberately, and said:

"I'm so scared, I'm so scared, you're too powerful, you have Li Taishang as a backer! I'm really afraid Li Taishang will suddenly come out and beat me to death!"

"However, Mrs. Li is not here today!" He suddenly became very fierce and said viciously:

"Today, Mrs. Li is not here, I see you as a trash, what else can you rely on! Can you rely on the chick next to you? Haha!"

Another person, the interface said: "Li is not here, no one can beat this waste, any one of us can easily clean him up."

At this time, the leading Tianhe Realm master said lightly: "No more nonsense when you are done, break the limbs of this waste, abolish the cultivation base, and then send it to Senior Brother Tu."

He smiled triumphantly: "I have done such a big event for Brother Tu, Brother Tu must be very happy."

"When the time comes, not only will I be good, we will all be good."

Everyone cheered.

Looking at them like this, it seems that they have secured the victory and are completely able to eat Chen Feng!

Chen Feng looked at them with cold eyes.

It turned out that these people actually had this idea, and wanted to clean up themselves, and then went to Tu Yuwu to ask for credit.

Murderous intent flashed in his eyes: "These people use me as a stepping stone!"

He walked forward without saying anything, but he hooked his fingers at the River Realm master that day, his face full of coldness.

Seeing this scene, the dozen people on the opposite side were all stunned, and after a while, they burst into a burst of violent laughter.

"Haha, what did I see? This trash dare to challenge Senior Brother Zhou!"

"This **** is hardly called the sky high and the earth thick, our Senior Brother Zhou is a two-star master of the Tianhe Realm, and we can kill Chen Feng with a flick of a finger!"

"Haha, who did he think he was? He even dared to challenge Senior Brother Zhou! I don't know how high the sky is!"

"We didn't know long ago that this **** is not knowing how high and thick, he even dared to refuse Mrs. Li's request to accept a disciple. It shows that this **** is extremely stupid and hopeless!"

Senior Brother Zhou also showed a funny look on his face: "You **** dare to challenge me?"

[Chapter 964: This is the end of provoking me!](#)

"Just like you, I don't bother to clean up you, are you worthy of me to end?"

He asked the people next to him: "Which one of you wants to clean him up first?"

"I go!"

"I go!"

Everyone rushed to say, and began to fight.

In their view, cleaning up Chen Feng is definitely a beautiful task.

In their view, Chen Feng's strength is low, and they can easily defeat it.

After cleaning up Chen Feng, not only can he please Senior Brother Zhou, but also the extremely powerful Senior Brother Tu. Maybe you can get a lot of benefits.

They regarded Chen Feng as a soft persimmon that could be bullied at will.

At this time, the surrounding people gathered more and more, and there were already hundreds of people.

Everyone watched this scene as a good show.

In the end, Senior Brother Zhou clicked on the sturdy sweat that had started talking, raised his chin, and said:

"Old Qi, go and clean him up."

"Haha, good, thank you boss!" The sturdy man laughed and quickly responded, as if he had picked up a beautiful job.

He walked up to Chen Feng very excited, and looked down at Chen Feng, sneered and said, "Little bastard, I'm here to take your life!"

"You hurry up and beg for mercy, I can make your death easier!"

Chen Feng sneered: "Where is there so much nonsense?"

The sturdy man's face instantly became ugly and ugly, and he shouted sharply, "You trash, you really don't know how to promote it, you are just looking for death!"

"You are now, even if you beg for mercy, it is useless!"

He rubbed his fists, and said grimly: "In a moment, I will smash your dantian with one punch and abolish your cultivation."

"Then, crush the bones of your whole body bit by bit, which will make you very painful and unhappy!"

Chen Feng said coldly: "Then you try!"

The sturdy man yelled: "Trash, go to hell!"

With that, he punched Chen Feng and blasted out!

Chen Feng sneered, and also punched out.

His punch was thunderous.

After this punch, everyone saw a flash of thunder light in front of them, and then Chen Feng's fist severely smashed the fist of the strong man.

Then, he hit his arm into a blood mist.

I saw Chen Feng's fist advancing all the way, and wherever he advanced, the body of the sturdy man disappeared.

In the end, Chen Feng punched it and stamped it on the thick man's body.

Hearing a loud bang, the whole body of the sturdy man was turned into blood mist.

A gust of wind blows and disappears completely!

The process reached its extreme, and it took less than a few breaths from Chen Feng's punch to the time when the burly man was shaken into blood mist.

However, everyone felt that they could see clearly.

Have a panoramic view of this scene!

The people onlookers all showed shocked faces and exclaimed.

They looked at Chen Feng in surprise.

"It seems that Chen Feng's trash is not as trash as in the rumors!"

"That's right, this big man is the peak cultivation base of the eleventh building of the Divine Sect Realm. Chen Feng can smash him with a punch, showing that his strength cannot be underestimated!"

"Even if he is strong, it is useless. No matter how strong he is, he is not a master of the Tianhe realm. It is his opponent. Senior Brother Zhou is a two-star master of the Tianhe realm!"

Chen Feng's eyes were cold, and he looked at the other people who had provoked him just now.

When those people met Chen Feng's gaze, their faces turned out to be full of horror.

Their strength is similar to that of the stout guy, and the stout guy is even the best among them.

Even the stout man was smashed to pieces by Chen Feng, and they knew that they were definitely not Chen Feng's opponent.

Senior Brother Zhou showed a little interest on his face: "Oh, I didn't see that you are still a little bit strong."

"However, you are still bound to die today, no matter how powerful you are, you can't be my opponent!"

He raised his chin to his hand and shouted coldly: "What are you afraid of? What's so scary about this little bastard?"

He said coldly: "You go together and clean him up!"

As soon as these people heard it, they immediately became bold and yelled arrogantly.

"Yes, we are not his opponent when we go alone, but if we go together, he will definitely die without a burial place!"

"kill him!"

These people are going to kill Chen Feng one after another.

Chen Feng smiled coldly and shook his head slightly.

Then, everyone saw him in the shape of electricity, and in a blink of an eye, he threw more than ten punches.

His speed is so fast that these dozen punches seem to be blasted out at the same time.

Every punch is printed on one of them.

Everyone saw that the situation in the field froze for a moment, as if time had stopped.

The dozen people who killed Chen Feng were all stuck in the air.

Then the next moment, there was a soft sound of puff, puff, and all these dozen people were shocked into a **** mist!

"call!"

This time, everyone let out a huge exclamation. Looking at Chen Feng, they had changed from the shock to a touch of shock.

"This Chen Feng is so powerful!"

"The master of the eleventh floor of the gods gate realm, a dozen meters long, was killed by him in an instant!"

"Yes, his current strength, I'm afraid he is already close to the Tianhe Realm!"

An onlooker let out a cold snort of disdain: "He is very strong, but no matter how strong he is, he is also a master of the gods, and he is absolutely impossible to be an opponent of a master of Tianhe!"

"Between the two great realms, there is a huge gap, a huge difference!"

"Yes!" Everyone nodded, still looking down on Chen Feng.

Senior Brother Zhou said coldly: "Little bastard, you surprised me more, but you were just surprised. You are still not my opponent."

"When they add up, they are not my opponents, they will be easily killed by me!"

"You can kill them, it doesn't mean you can deal with me!"

"Now, I have to deal with you personally, you wait for me, I will make you die miserably."

Chen Feng said lightly: "Really? Can you try?"

Senior Brother Zhou walked up to Chen Fengfeng, stared at him, proudly said: "Remember my name, my name is Zhou Yuzhu, I am the one who took your life today!" *novelUSb.COM*

He lowered his voice and said coldly: "This time I will abolish you and give it to Brother Tu. Brother Tu will definitely give me great benefits!"

"At that time, I will use this to improve my strength and occupy a place among the core disciples of Ziyang Sword Field."

"Speaking of which, I want to thank you too! You will be my stepping stone, I will step on you and make my deeds!"

Chen Feng said coldly: "Where is there so much nonsense?"

Zhou Yuzhu let out a violent roar and blasted a punch.

Chen Feng also greeted him with a punch, and the two of them collided with their fists, each stepping back.

[Chapter 965: Wu Dongyang, shocking change!](#)

Senior Brother Zhou showed a look of astonishment on his face: "Unexpectedly, your strength is stronger than I expected, and you can actually withstand my seven-strength punch."

Chen Feng shook his head: "I am impatient to talk nonsense with you, I will kill you next time."

"What?" Zhou Yuzhu laughed wildly, as if he heard the funniest joke in the world: "You want to kill me, what are you?"

"Tell you, I can definitely kill you with just one punch with ten success strength."

As he said, he roared wildly, did his best, punched out.

Chen Feng said lightly: "Go to hell!"

It was Kuang Lei breaking the Five Sacred Mountains with a punch!

He blasted five punches in succession, and after five punches, a ball of lightning appeared.

Then, the lightning ball slammed into Zhou Yuhua's fist.

With a low sneer, Zhou Yuhua's fist was annihilated and disappeared without a trace.

Then, the lightning ball hit him.

Everyone saw that time seemed to stagnate for a moment, and then the next moment, Zhou Yuzhu's whole body was completely dark.

The whole person changed instantly, becoming like coke.

His fist style, his fist strength, all disappeared without a trace in an instant.

Then the next moment, his body started to fall with a gust of breeze.

First some black fly ash, and then some charcoal-like things, falling off him in pieces.

In the end, his flesh and blood had fallen and disappeared without a trace, leaving an empty black skeleton and internal organs.

He fell heavily to the ground and turned into a piece of debris.

Zhou Yuzhu turned into black ashes all over the floor.

The scene was silent, and everyone could not say a word of shock.

Then the next moment, there was a huge exclamation and exclamation on the scene.

"What? What did I see?"

"Senior Brother Zhou Yuzhu Zhou, who is a two-star in the Heavenly River Realm, was directly blasted into black dust by a waste without spiritual roots, and disappeared without a trace."

"This rubbish, the strength is so powerful, it is comparable to a Tianhe realm master!"

"What kind of technique is used for this waste, and why is it so overbearing?"

At this time, everyone looked at Chen Feng with a little more fear and jealousy, and it was no longer just surprised and shocked.

They were even very wronged by Chen Feng!

Chen Feng faced the crowd and smiled coldly, but the people across from him were all shivering with fright. They stepped back a few steps, showing undisguised fear on their faces.

Chen Feng sneered: "Those who want to use me as a stepping stone to please Tu Yuwu, look at the corpses all over the floor, they are your fate."

After that, he turned and left with Wei Hongxiu.

After walking out for a while, Wei Hongxiu laughed and looked at Chen Feng with admiration and admiration, and said, "Chen Feng, you were so powerful and domineering just now!"

Chen Feng accepted the task, but did not leave Ziyang Sword Field immediately. He still had things to do.

When Chen Feng came to Waizong, the person he was looking for was Wu Dongyang.

He got the Frozen Pill from Wu Dongyang, and Wu Zongyang ate the Frozen Pill to Blood Wind at the time. Chen Feng saw his expression at that time.

He could see that Wu Dongyang's use of this ice-sealed pill was definitely useful.

At that time, he lent it to himself very generously, but he was useless.

Chen Feng has always been a grateful person, so Chen Feng came here with a frozen pill this time.

He also planned to refine a spring breeze thaw pill after he obtained the profound fire and was able to refine the pill, and gave it to Wu Dongyang.

This time, Chen Feng planned to return the Frozen Pill to Wu Dongyang and thank him in person.

Wu Dongyang is a disciple of Tongtian Peak. After entering the Ziyang Sword Field, Chen Feng also met him several times, so he knew where he lived.

Soon, Chen Feng came to the courtyard where Wu Dongyang lived.

The foundations of ordinary Waizong like him are basically living at the height of Tongtian Peak about one kilometer from the lake.

It is a small courtyard.

After Chen Feng came to the outside of the yard where Wu Dongyang lived, and when he looked there, he suddenly felt a jump in his heart and his face became a little ugly.

This yard was dilapidated. The gate fell in the yard and there were several footprints on it.

At first glance, he knew that he was kicked forcibly, and kicked into the yard.

Chen Feng strode in and saw that the yard was smashed to pieces.

The doors and windows of the yard were smashed, and even the living room was blasted down. There were blood stains on the ground and several pieces of clothing stained with blood.

Chen Feng picked up the pieces of clothes and looked at them. It was the clothes of the disciples of Ziyang Sword Field.

Suddenly he frowned, walked to the side, and picked up an object in a corner.

This thing is a truncated scabbard with a half-truncated sword inside.

Chen Feng frowned slightly, he recognized this half of the short sword, which was Wu Dongyang's portable sword.

Wu Dongyang even showed it to him.

"This saber is not very precious, nor is it a spiritual weapon, but it is a relic left to me by my most important person. I cherish it very much."

What Wu Dongyang said appeared in Chen Feng's heart.

At that time, Wu Dongyang looked at Chen Feng with a very firm tone, and said: "The sword is here, and the sword breaks and kills!"

At this moment, Chen Feng suddenly recalled these two sentences in his mind, and his heart suddenly twitched, anger exploded, and his heart surged, and his breathing suddenly became heavy.

He whispered: "Brother Wu Dongyang, I don't know who moved you? But I will find out! And, I will definitely make him pay!"

At this moment, Chen Feng suddenly saw a person poking his head, looking here from the door.

He immediately shouted in a cold voice, "Who? Sneaky, get out!"

"Boy, who are you talking about? Who do you want to get out of here?" After the man saw Chen Feng's age and looks, he immediately became more courageous.

He stopped sneaking peeping, and walked in swaggeringly, looking at Chen Feng with a downward attitude.

Chen Feng said lightly: "Who are you? Why are you spying here?"

This person snorted disdainfully, looked at Chen Feng, and said coldly: "You are the disciple who just entered the sect this year, right?"

"I don't know how to call my brother when I meet! It's really rude, uneducated, and I don't know what kind of wild child from a **** family!"

Chen Feng said in a cold voice, "Do you tell me who you are?"

"You're **** looking for death, little bastard, how dare you talk to me like this, today I will teach you what is a rule!"

As he said, he blasted Chen Feng with a fierce punch, with a smug expression on his face: "Boy, I hit you harder with this punch. Don't blame me!"

[Chapter 966: Yang Jingzhuo, get out!](#)

Chen Feng looked at him, feeling extremely funny.

This person is low in strength, but only the seventh and eighth floor of the Divine Sect Realm. In front of Chen Feng, he is completely an ant, and he can really collapse to death with a snap of his fingers.

Unexpectedly, he was so arrogant!

Chen Feng did not say a word, nor did he speak, but suddenly released his aura.

The momentum of his body has risen crazily, almost condensed into substance.

In the next moment, the disciple who rushed towards him fell directly to the ground with a bang.

He was lying on the ground, so he couldn't stand up straight under the pressure.

He looked at Chen Feng with horror and disbelief. He exclaimed, "How is it possible? How can you be so powerful?"

"This, this is the aura of the peak powerhouse in the Divine Sect Realm! You are the twelfth building strong in the Divine Sect Realm?"

Chen Feng said indifferently: "You are not mistaken, I am indeed the powerhouse of the twelfth floor of the Divine Sect Realm."

After the disciple heard this, he let out a sigh, stroked his forehead, and said in a whine:

"I'm so blind, I dare to provoke such a strong man!"

He looked at Chen Feng and immediately changed his face and said flatly, "Brother, brother, how come you come to us?"

Chen Feng said lightly: "I'm here to find Wu Dongyang, where did he go?"

The disciple's eyes murmured a few times, and he smiled: "I know, but I can't tell you for nothing..."

"Do you want benefits?" Chen Feng smiled coldly: "Okay, then I will give you benefits!"

This disciple was suddenly overjoyed.

As soon as Chen Feng stretched out his hand, he slapped him with a few big ears, bleeding from the corner of his mouth, and a few teeth flew out.

The disciple hurriedly begged for mercy, and Chen Feng snorted coldly and said, "Are you still benefiting?"

"No more, no more, don't dare to take it!" The disciple said repeatedly.

He was full of flattery: "You are here to find Wu Dongyang, eh, by the way, are you Chen Feng?"

"Wu Dongyang has often mentioned you to us, saying that you are very powerful and talented, and you must be an unworldly strong in the future."

He hurriedly flattered and said, "It's really so! Wu Dongyang really didn't tell lies, you will be able to become an unworldly powerhouse in the future!"

Chen Feng said coldly: "Stop flattering, speak quickly! What happened to Wu Dongyang?"

The disciple said quickly: "I am Wu Dongyang's neighbor. I live in the yard next to him. Wu Dongyang was taken away by Elder Yang!"

"Elder Yang? Which Elder Yang?" Chen Feng frowned and said.

This person glanced at Chen Feng and hesitated.

Chen Feng said coldly: "Don't hesitate, just say what you have."

This person quickly said: "I don't know what Elder Yang's name is, but this matter should have something to do with you."

"When Elder Yang came to arrest Wu Dongyang, I clearly heard him call your name and said that if you hadn't entered the sect, how could his nephews be like this? How could he be so humiliated? "

"He said it was Wu Dongyang's fault."

Chen Feng frowned and said coldly, "I know who it is!"

There can be no other people who can say this kind of things. There is only one, that is, the elder of Yang Ba and others, and the elder of Qingzhu Peak Foreign Sect Yang Jingzhuo.

Chen Feng said coldly: "Yang Jingzhuo, you are looking for death!"

With that, he walked away quickly to the bottom of Tongtian Peak, and then took a boat to Qingzhu Peak.

Green Bamboo Peak, among the nine main peaks of Ziyang Sword Field, is the shortest one, but it is the most beautiful one.

From the foot of the mountain to the top, there are green bamboos.

Soon, Chen Feng found out where Yang Jingzhuo lived.

This is a three-entry house, not very far from the foot of the mountain.

Obviously, Yang Jingzhuo was not an important person at Qingzhu Peak in Ziyang Sword Field. He was just an ordinary elder of the Foreign Sect.

In front of the yard, there is a green bamboo forest.

Chen Feng strode past, came to the gate of the yard, and kicked it out.

With a loud bang, the two gates flew out and fell heavily into the courtyard.

Then Chen Feng screamed: "Yang Jingzhuo, get out of me!"

In the yard, a roar immediately came out: "Who dares to run wild with the old man?"

Then, a person strode out from the main hall, and there were seven or eight disciples behind him.

The person in the middle is Yang Jingzhuo.

When Yang Jingzhuo saw Chen Feng, he immediately wrinkled his brows, a look of hideousness appeared on his face.

He looked at Chen Feng and shouted fiercely: "Oh, it turns out it's you little bastard!"

"Little bunny, you are so courageous. That time I wanted to kill you, but I was intercepted by someone halfway. But I didn't expect that you would send me to the door to kill me this time!"

He laughed wildly: "Little bastard, if I don't kill you today, my last name is Yang!"

And his disciples all made a sound of ridicule.

"It turns out that this person is Chen Feng. I heard that he dared to contend with the master. It's simply overpowering!"

"Haha, he is not only overbearing, but also stupid, and he came to the door himself!"

Yang Jingzhuo sneered coldly: "If you have been hiding in Broken Blade Peak, I really won't look for you. In that place, where birds don't shit, who would go there?"

"But I didn't expect that you would dare to kill the door from the snare!"

"Huh? So Chen Feng turned out to be a disciple of Broken Blade Peak?"

"Haha, Broken Edge Peak is where waste gathers. Chen Feng must be a waste there too!"

"Yes, if the talent is good enough, how can it be assigned to a place like Broken Blade Peak!"

When they heard that Chen Feng was a disciple of Broken Blade Peak, they were extremely excited and mocked Chen Feng with extreme disdain.

This group of people has poor strength, low status, and extremely blocked news.

Including Yang Jingzhuo, they didn't even know that Chen Feng had become a core disciple, let alone that Chen Feng was already very powerful.

Chen Feng stared at Yang Jingzhuo and said coldly, "Where is Wu Dongyang?"

"Wu Dongyang?"

Yang Jingzhuo frowned and said, "Who is Wu Dongyang? Why have I never heard of this name?"

Chen Feng twisted his brows: "Could it be that the message I got is wrong?"

Then, Yang Jingzhuo laughed loudly. He looked at the surprised expression on Chen Feng's face, and he was very proud of it and laughed wildly:

"You little bastard, you are absolutely stupid, I'm fooling you! Hahahaha..."

As he said, there was a burst of laughter, and the disciples around him also laughed.

Chen Feng's expression immediately went cold.

Yang Jingzhuo laughed and said: "Yes, I caught Wu Dongyang. I can't find you, so I can only catch Wu Dongyang to vent my anger."

[Chapter 967: Let you despair!](#)

"He is still locked in the dungeon of the mansion. Do you want to see what he looks like?"

Chen Feng said coldly: "Hand over Wu Dongyang Dongyang!"

His voice was as cold as ice.

Yang Jingzhuo laughed and said: "Oh, you are so amazing, I'm so scared! If you don't hand over Wu Dongyang, will you kill me?"

Chen Feng frowned and said nothing.

Yang Jingzhuo's tone was extremely joking, suddenly his expression changed and he became extremely cold:

"Little bunny, how dare you talk to me in such a commanding tone? I tell you, you will die miserably."

Chen Feng repeated it again: "Hand over Wu Dongyang!"

"It seems that you are really looking for death! However, I am very compassionate. Before you die, I can show you Wu Dongyang."

Yang Jingzhuo laughed and said, "But, hahaha, after seeing him, don't regret it."

As he said, he waved his hand and said with a sneer: "Go and bring that little bunny out."

Two of his disciples responded and turned and went into the backyard.

Soon, the two of them came back with one person in their hands.

And this person was already tortured in a non-human form, covered in blood and blood, with countless wounds, and even exposed bones and internal organs in some places.

He bowed his head, not knowing whether it was alive or dead.

Yang Jingzhuo said coldly: "Push him up!"

"Yes!" A disciple went to carry a bucket of ice water and poured it heavily on Wu Dongyang.

Wu Dongyang twitched slightly, hummed twice, then seemed to regain consciousness and wake up.

He slowly raised his head and muttered in his mouth: "You kill me, you kill me..."

Yang Jingzhuo stepped forward, slapped his face twice, pointed at Chen Feng and said, "Look, who is this?"

Wu Dongyang stared at Chen Feng, his eyes out of focus.

After a while, he suddenly showed a look of panic in his eyes and shouted: "Chen Feng, it turned out to be you? Have you been arrested by them too?"

"He wasn't caught by me, this little bastard, who thinks he can deal with me, is a snare!"

"Haha, he still wants to save you! Don't look at what he is capable of!"

Yang Jingzhuo laughed.

Wu Dongyang immediately showed a panic on his face and shouted: "Chen Feng, you run quickly, run quickly, you are not their opponent."

"Haha, still want to leave? I have already come here, still want to leave?"

"Tell you, today you two, neither of you can run, you will die here!"

He looked at Chen Feng coldly, his eyes like a poisonous snake: "You know, how will I torture you later?"

"Tell you, I will be like torturing Wu Dongyang. I will use a sharp blade to pierce you a full eighteen holes!"

"Then, pour a liquid into these blood holes. This liquid is not poisonous. On the contrary, it will nourish the body."

"However, it will increase the pain of a person's wound tenfold, which is extremely uncomfortable. You will scream in pain, but you can't die!"

Chen Feng said, "That's how you tortured Wu Dongyang, right?"

"Yes, that's how I tortured him, haha, you didn't see how painful he was at the beginning! Otherwise, I'm afraid you will be scared to pee on your pants now, and you won't even be able to stand firmly."

Chen Feng was expressionless, and then said, "These disciples of yours have all started, haven't they?"

"Yes!"

Yang Jingzhuo laughed and said, "Is it necessary for me to clean up Wu Dongyang's waste?"

"From arresting someone to torturing him, it was all my disciples who did it. I was just watching from the side!"

Chen Feng took a deep breath, nodded slowly and said, "I understand!"

Yang Jingzhuo said coldly: "What do you understand?"

Chen Feng's voice was like ice, like a cold wind blowing through: "I understand, you people, you all deserve to die!"

"I am damned? Haha, what am I damned? Can you kill me?"

Yang Jingzhuo was full of disdain to say it.

Chen Feng said coldly: "Today, all of you will die, just die here!" *novelUSb.com*

"I thought, maybe you are not going to die, but now I have changed my mind, you can't live alone!"

"Hahahaha!" The yard was quiet for a while, and then Yang Jingzhuo and others burst into arrogant laughter.

What Chen Feng clearly said was the truth, but in their opinion, Chen Feng was bragging right now.

"Haha, what did I hear? This little **** actually said to kill us?"

"Haha, who does he think he is? Is it a core disciple or a true disciple? Killed us? It's ridiculous!"

"Any one of us, he can't deal with it, want to kill us? Next life!"

Yang Jingzhuo sneered and said, "Little bastard, soon you will know how stupid and arrogant you are!"

Chen Feng said coldly: "This is what I want to tell you!"

Suddenly, Chen Feng took two steps backwards.

Yang Jingzhuo laughed loudly and said, "You little bastard, you're such a waste that only blows up the atmosphere. Just now you let out a cannon and said you want to kill us, and you will run away now!"

"Haha, do you think you can run away?"

The other disciples also laughed extremely disdainfully.

Even Wu Dongyang's face showed a touch of disappointment, he thought Chen Feng was going to escape.

Chen Feng said coldly: "Who said I want to run away?"

A bloodthirsty icy smile appeared on his face: "I want to understand your lives!"

As he said, his aura suddenly rose, and the aura of the powerhouse of the twelfth floor of the Divine Sect Realm was released, and he pressed towards Yang Jingzhuo and the others.

Under this momentum, Yang Jingzhuo and others were shaking, and they couldn't stand firm at all.

And his disciples, who had a lower cultivation base, were directly pressed to the ground, their bones creaking.

Yang Jingzhuo's face changed drastically, and he said in amazement, "You, are you already a master of the twelfth building in the Divine Sect Realm?"

"Impossible, absolutely impossible!"

"When I first saw you, you were only the sixth stage of the Divine Sect Realm. How could it have become so powerful? This is just over half a year!"

Chen Feng looked at him, smiled and said: "I know you can't believe it, but it's a pity, this is the truth, it's the most cold fact!"

His look. As cold as his words!

Wu Dongyang showed a look of shock on his face, and then he flashed a touch of ecstasy and shouted loudly: "Junior Brother Chen Feng, Junior Brother Chen Feng, I know you can do it!"

"You are truly extraordinary, and you can become an inexhaustible person!"

"This is only half a year's time, and he has grown into a strong man in the twelfth floor of the Divine Gate Realm!"

"Those disciples have a look of despair on their faces."

[Chapter 968: Do you think I dare not kill you?](#)

They didn't expect Chen Feng to be so powerful, and it was only then that they realized what a powerful opponent they had provoked.

Yang Jingzhuo was also shocked, and a strong sense of frustration suddenly surged in his heart.

At the beginning, this young man was beaten by himself without the strength to fight back, but now, it is just relying on his aura to suppress his breath.

He saw the opportunity quickly, gritted his teeth, a fierce touch flashed across his face, and turned around to run away.

Chen Feng sneered: "Want to run? Can you run?"

He is returning what Yang Jingzhuo said just now in the original flavor!

With that, Chen Feng suddenly turned around and cut out with a single knife.

He did not cut to Yang Jingzhuo and others, but to the bamboo forest next to him.

The Ziyue Knife slashed out with a sharp sharp edge, directly severing hundreds of bamboos, completely cutting off the entire bamboo forest.

When Yang Jingzhuo and others were wondering why Chen Feng did this, suddenly, Chen Feng's momentum receded.

Yang Jingzhuo, as well as those disciples under Yang Jingzhuo, immediately stood up.

At this time, Chen Feng's qi burst out of his body, wrapping the hundreds of bamboos in it.

With a scream, under his control, hundreds of bamboos lined up behind him in a huge square, ten meters high and ten meters wide.

The bamboo was cut diagonally, and the tip was extremely sharp.

And the tip, at this time, is facing Yang Jingzhuo and others.

Yang Jingzhuo seemed to have realized something, and shouted in surprise: "No, forgive me!"

Chen Feng laughed loudly: "I beg for mercy now, is it too late?"

"Die, you guys!"

As he said, his arms shook.

Behind him, a huge square made of bamboo suddenly spewed out.

Hundreds of bamboo shoots fiercely towards Yang Jingzhuo and others.

Then the next moment, a screaming scream suddenly sounded, and hundreds of bamboos directly covered Yang Jingzhuo and his dozen or so disciples.

Almost everyone was pierced by dozens of bamboos!

The bamboo is so powerful that after shooting through their bodies, they directly pierced the stone slab and nailed them to the stone slab.

They were pierced in their bodies, but they were not dead for a while, and the pain was so intense that they screamed screaming in pain!

Yang Jingzhuo was the strongest and suffered the least injury, but at this time it was he who suffered the most.

Because Chen Feng took great care of him and had more bamboo for a lifetime than others, piercing his body!

Then, Chen Feng walked over slowly, looked at them with a smile, and said lightly: "Everyone, how does it feel?"

Yang Jingzhuo's disciples all screamed, desperate in their eyes, begging for mercy frantically.

"Chen Feng, spare us, spare us, we will never dare anymore!"

"Spare us, let us have a way out!"

Chen Feng said coldly: "When Wu Dongyang begged for mercy, have you ever thought of letting him go?"

Then, Chen Feng smiled coldly, walked to Yang Jingzhuo, and said lightly:

"Yang Jingzhuo, I have no grievances or enmity against you. Those people like Yang Ba took the initiative to provoke me."

"They provoked me and I took care of it. That is justified!"

"And you, you have been practicing for a few more years, and you are stronger than me, so you want to kill me!"

"Even so, I didn't want to kill you later, but you actually tortured Wu Dongyang like this. This is something I absolutely cannot tolerate!"

"so what?"

Yang Jingzhuo had no fear, looked at Chen Feng with disdain, and said coldly: "Do you dare to kill me? I am the elder of the sect! Kill me, you have committed a felony!"

Chen Feng smiled and said, "Do you think I dare not kill you?"

With that, he picked up a piece of bamboo and stabbed it nine times, then pierced Yang Jingzhuo with nine blood holes.

Then he asked: "Do you think I dare not kill you?"

Nine blood holes were pierced again.

Chen Feng asked eight questions one after another, and each question pierced nine blood holes in him.

In a twinkling of an eye, Yang Jingzhuo was already full, ninety-nine-eighty-one blood holes, and there was no more good flesh on his body.

He screamed in pain!

Chen Feng smiled and said, "Do you think I dare not kill you?"

Then, with a light palm, patted his Tianling cover.

Yang Jingzhuo's face was full of disbelief, but his eyes dimmed in an instant, and his body fell to the ground.

Those Yang Jingzhuo's disciples saw that Chen Feng even dared to kill the elders of the sect.

Chen Feng smiled and said, "You also accompany your old ghost master to die!"

With that, he swiped a palm and killed them all!

Broken Edge Peak, in a guest room.

Wu Dongyang was lying on the bed, his eyes closed tightly, only a weak breath in his mouth.

Chen Feng stood by and looked at him with great concern.

After Chen Feng killed Yang Jingzhuo and others, Wu Dongyang fainted in a moment of excitement.

Chen Feng took him, quickly left Qingzhu Peak, returned to his room, and then fed him a Qingxin Healing Pill.

The effect of the Qingxin Healing Pill was really good. Soon, those wounds on Wu Dongyang's body that had been bleeding stopped the blood.

His complexion has also become rosy, and his breathing is not so weak.

After a while, Wu Dongyang's eyelids moved twice and then opened his eyes.

At first, his eyes were blank and out of focus, then when he saw Chen Feng, there was a look in his eyes, and a smile appeared at the corner of his mouth, and he said:

"Junior Brother Chen, am I rescued by you?"

Chen Feng nodded and said: "Yes, you were rescued by me, Yang Jingzhuo and others were killed by me!"

Wu Dongyang's face showed gratitude: "Okay, okay, just kill it, then it will be regarded as revenge for me."

"Even if I become a useless person in the future, I will never be able to practice again in this life, so I am willing."

Chen Feng frowned and said, "What are you talking about? How could you become a waste person and be unable to cultivate in this life? Don't say such frustrating words!"

Wu Dongyang showed a bitter smile on his face and said, "Junior Brother Chen, you don't need to comfort me. I know my situation very well."

"My dantian has been abolished by them, and the dantian has been abolished. How can I practice in the future?"

Chen Feng smiled and said, "It's not necessarily true."

He lifted the quilt. Wu Dongyang's body had been cleaned by a handyman just now. At this time, there was no blood on his body. The wounds on his body had begun to scar, and the blood had stopped.

And at his pubic area, there was a particularly huge and hideous wound, which had been ruptured at this time, and there was not even a qi overflowing inside, indicating that the qi qi inside had disappeared without a trace.

Wu Dongyang smiled bitterly: "Look, I'm completely a waste now, without a trace of anger."

Chen Feng took out a small pill and handed it to him: "Eat it!"

[Chapter 969: Blood wind evolution!](#)

"What is this?" Wu Dongyang said in surprise.

"This kind of pill, called Xiaohuan Dan, only works below the sixth floor of the Divine Door Realm. After eating it, even the abolished injury of the Dantian can be restored to normal."

"What? It's so amazing? Even if the Dantian is destroyed, it can return to normal?" Wu Dongyang exclaimed.

A flash of ecstasy flashed on his face, and then his expression became a little hesitant. Instead of eating, he pushed Xiao Huan Dan back again.

Wu Dongyang declined and said, "No, this is too expensive, I can't eat it."

Chen Feng's expression became stern, and said, "If you ask you to eat, you will eat it."

"This pill is indeed quite precious, but it is nothing compared to you. Moreover, I still have such a pill, so you don't have to think too much!"

"Bloodwind was seriously injured at the time. You gave it the only ice-bound pill. I know that ice-bound pill is also extremely important to you. Can you do that to me? Why can't I do this to you?"

"Aren't you treating me like a brother?"

The last sentence is already very heavy.

Wu Dongyang listened and was silent.

He nodded, glanced at Chen Feng gratefully, and said softly, "Junior Brother Chen Feng, thank you!"

With that, he swallowed Xiao Huan Dan into his belly.

Soon, he felt the magic of Xiao Huan Dan.

After half an hour, he was shocked to find that his Dantian injury had been sealed.

Chen Feng smiled and said, "You try to run the gas again."

Wu Dongyang tried to run the qi, only to find that the traceless qi that had disappeared in his body had been produced out of thin air at this time.

He was extremely surprised and shouted: "I can practice now, I can practice now!"

Chen Feng looked at this scene with a smile, and said, "You just stay here for a good rest."

Wu Dongyang nodded, and Chen Feng continued: "Senior Brother Wu, why not do this, do you want to change the gate and come to Broken Edge Peak?"

"Actually, your talent is really good, but there are so many talented disciples on the Peak of Heaven, and it is difficult to get your turn to chance."

"When it comes to Broken Edge Peak, it's different. At Broken Edge Peak, there are not many disciples who have become weapons, so you can get a lot of resources."

"Don't say anything else, at Tongtian Peak, you will never have access to such a high-level martial arts skill as the Universe Triple Slash? But at the Peak of Broken Blade, you can."

When Wu Dongyang heard this, he was shocked and nodded and said, "This is good, but without the elder's request to accept disciples, it is impossible to change the door."

Chen Feng smiled and said, "This is easy to handle, so you don't have to worry about it."

Elder Chi hadn't returned at this time, Chen Feng had already thought about it, and when he returned, he begged him to accept Wu Dongyang as his disciple.

Wu Dongyang's talent is not bad, and he is also very good. He is also willing to come to Elder Chi.

At this time, the door was opened, and the blood wind stepped in.

Seeing the blood wind, Wu Dongyang let out a pleasant cheer: "Huh? The blood wind is over? Have you rescued her?"

Chen Feng nodded and said, "Yes, this is what I wanted to tell you when I went to find you."

"At that time, you gave me the Frozen Pill, but I knew that it was definitely useful for you to take the Frozen Pill, so I found another Frozen Pill."

"Also, I will find you another Chunfeng Thawing Pill in the future. Chunfeng Thawing Pill is used in conjunction with Frozen Pill."

"I wanted to send you the pill before I knew that you were captured by Yang Jingzhuo."

Wu Dongyang nodded and said, "Junior Brother's good intentions, I laughed at it. Frozen Pill and Chunfeng Thaw Pill are indeed extremely important to me."

Chen Feng smiled slightly and handed him a jade box.

In the jade box, there were frozen pill and spring breeze thaw pill, which Chen Feng had already prepared.

Then, Chen Feng waved to the blood wind and smiled: "Blood wind, come here, thank you for your savior."

Bloodwind is very psychic, and he seems to know that he could survive in the first place, thanks to Wu Dongyang, so he is very close to Wu Dongyang.

Not only rubbed his head against him, but also licked him twice.

This is the treatment that Chen Feng can only enjoy.

Chen Feng looked at Zhile aside.

Chen Feng said a few words to Wu Dongyang, and then left with a **** wind and returned to his room.

As soon as he entered the room, the blood wind suddenly whimpered a few times, then he tilted and fell directly to the ground, shaking and convulsing.

There was a very painful expression on his face.

When Chen Feng saw it, he was shocked and asked hurriedly: "Blood wind, blood wind, what's wrong with you?"

He was very worried, even more worried and sad than he was injured.

At this time, Anlao appeared beside him, with a slight smile on his mouth, and said:

"Don't worry, this little guy, this is something good is happening!"

"A good thing?" Chen Feng raised his brows and asked in surprise: "Is he going to evolve?"

An old man nodded: "Yes!"

Chen Feng smiled and said, "Haha, it really has evolved."

"I'm still thinking about what a high-level monster beast the Watersplitting Thorn Dragon is. It has reached the level of a fifth-grade spirit beast. The blood wind has eaten all his flesh and blood, and his body cannot be unchanged."

"In the past few days, there has been no movement. It turns out that this is the time when the evolution begins!"

Xuefeng's body twitched violently.

Suddenly he stopped convulsing, but the red hair on his body that was like a raging fire instantly turned dull and then fell off.

His body became bald, and then on the surface of his body, there were blood streaks on the thick skin.

Then, large pieces of flesh and blood peeled off from the body!

Layer by layer, constantly peeling off.

Xuefeng's body kept getting smaller, from a full length of four to five meters, to a length of only half a meter in the end.

He didn't stop changing until he became this body shape.

At this moment, he was bloody, there was not a single hair, and he looked a little funny.

Then he began to sit on the ground and lick the surface of his body, licking the surface cleanly.

After a while, countless fluffy white silver hairs appeared on the surface of his body.

Then the blood wind seemed to return to normal, and he jumped from the ground and plunged directly into Chen Feng's arms, licking Chen Feng with his wet tongue.

Chen Feng looked at him with a smile.

At this time, the appearance of the blood wind can only be described in the words cute, just like a puppy.

The soft, chubby, pink and tender, fleshy little paws pressed against Chen Feng, making Chen Feng feel itchy.

The Blood Wind went from such a big behemoth to the now well-behaved little guy like a wolf, Chen Feng is really a bit uncomfortable!

[Chapter 970: Youwolf Valley](#)

At this time, Blood Wind suddenly broke free from Chen Feng's arms, stepped on his short legs, and walked slowly to the door.

Suddenly, towards the outside, there was a roar.

After Chen Feng heard the roar, he was immediately shocked.

Although the blood wind was still in the form of a young wolf at this time, although it was still particularly cute, there was a strong coercion hidden in this roar.

Just like a natural king!

Even Chen Feng felt a little suppressed.

He said in amazement, "What is the realm of Blood Wind now?"

An Lao Youyou said next to him: "Now this little guy is a Grade 1 spirit beast."

"However, this little guy is still just a cub now! It hasn't grown up yet, and for their group, the strength is still very weak."

When Chen Feng heard this, he couldn't help being shocked.

Bloodwind was already a first-grade spirit beast at this time, but even so, it turned out to be just a cub.

After it is fully grown, how strong will it be?

An old man smiled and said, "You can be considered a treasure, this little guy has endless potential in his body."

"His body should be a wolf-like monster beast, but I don't know why, it seems to have the ability to evolve infinitely."

"In the future, as long as you feed it enough flesh and blood of the spirit beast, he will be able to complete more evolution."

"And he doesn't seem to choose, he can eat anything! This little guy, when he really grows up in the future, it should be very scary!"

"No one knows what kind of existence it will evolve into!"

When Chen Feng heard this, his heart was surging, and his heart was very excited.

Settling down Wu Dongyang, Chen Feng left Ziyang Sword Field the next day and headed towards Demon Wolf Valley.

Demon Wolf Valley, with a radius of thousands of miles, is very huge.

In the evening of the next day, Chen Feng came here.

What surprised him was that the Demon Wolf Valley was not as desolate as he had imagined.

On the contrary, it is very beautiful here, with beautiful flowers.

Just entering the valley, there is a sea of bauhinia flowers, the pink petals gleaming with charming light under the sunset, making people fall into it, like a pink dream.

But the monsters here are obviously not very friendly.

Phew, with a loud roar, among the bauhinia bushes, a demon wolf sprang out.

This wolf-like monster beast was as big as an elephant, covered in iron and black, and roared at Chen Feng with a grinning grin.

It stared at Chen Feng, eyes full of greed.

A huge mouth was wide open, and saliva dripped from it.

Obviously, it treats Chen Feng as a delicacy in the belly.

With a low howl, the demon wolf pounced on Chen Feng fiercely.

Chen Feng shook his head slightly, showing a touch of disdain on his face.

This iron black demon wolf, converted into a human warrior, is just the eleventh floor of the Divine Gate Realm. It is not enough to stuff him between his teeth, and he dare to be so arrogant and come forward to provoke!

Chen Feng's figure flashed, and when the demon wolf rushed forward, he fisted slightly.

The demon wolf trembled violently, fell to the ground, and his body became like a ball of coke.

He was punched directly by Chen Feng and killed him easily.

And at the moment when this demon wolf was bombarded and killed, suddenly there was a roar of wolf, which came one after another.

Then, out of the sea of redbuds, dozens of iron-black giant wolves jumped out, all with the same cultivation base as the previous demon wolf.

They surrounded Chen Feng in the middle, roared fiercely, and rushed forward, using their fangs and claws to launch a tyrannical attack like Chen Feng.

Chen Feng shook his head: "Just like your cultivation base, what's the use of more quantity?"

He stood in place, neither dodge nor dodge.

He only moved his fist when every monster attacked closer.

But with this punch, as long as it hits these wolf-like monsters, no matter where it hits, the tyrannical thunder force will burst out, shaking them into a pile of coke.

Anyway, the blood of these low-level monsters was useless.

And their fur is not worth a lot of money, even their flesh and blood is not worthy of attention.

It can be said to be worthless, so Chen Feng can unscrupulously blast them with thunderbolt fists at will.

At this time, a loud and powerful wolf howl suddenly came.

Then, in front of Chen Feng, a giant wolf appeared.

This giant wolf was twice the size of the previous giant wolf, and was as large as a two-story pavilion.

And the fur on the surface of his body is not iron black, but the color of bronze.

Chen Feng looked at it and raised his eyebrows slightly. This monster was actually equivalent to the twelfth floor of the Divine Gate Realm of a human warrior.

The strength is a whole level higher than the iron black demon wolf before.

The bronze giant wolf appeared in front of Chen Feng. At the beginning, the demon wolf didn't take Chen Feng to heart.

But when it saw the corpses of subway black demon wolves piled up in front of Chen Feng, its expression suddenly changed, with a look of fear in its eyes, and it started to retreat backwards.

It seemed that he was going to escape.

Chen Feng laughed, "I want to run now? Can I run away?"

But at this time, the blood wind that had been leaning against his arms and sleeping lazily suddenly became energetic, and a low whimper sounded in his throat.

Xuefeng opened his mouth and looked a bit greedily at this bronze demon wolf.

Chen Feng smiled slightly: "I understand what you mean, do you leave his flesh and blood for you?"

Xuefeng nodded quickly, his mouth was open, his tongue was sticking out, and a very eager expression appeared on his face, as if he was waiting for a big meal.

Chen Feng rubbed its head: "You fellow!"

At this time, the demon wolf turned around and was about to run away.

Chen Feng let out a soft drink and started with a start, like a dragon, coming to it all at once.

A fierce punch hit his forehead directly.

At this time, Chen Feng didn't use Thunderbolt Fist, but he still smashed his head with a relaxed punch.

The demon wolf fell heavily to the ground.

As soon as the demon wolf fell to the ground, the blood wind rushed forward, tore a big hole in the demon wolf's body, and then went in and swallowed it frantically.

In just a dozen breaths, this demon wolf was gnawed down to the wolf skin and skeleton. The flesh and blood did not know where it went, and the body of the blood wind remained unchanged.

Chen Feng continued to move forward, and soon he discovered that the name of Demon Wolf Valley was really well-deserved.

In this Demon Wolf Valley, there are no demon wolves.

Chen Feng went all the way, beheading dozens of demon wolves.

Among them, the more you go inside, the more bronze demon wolves and the fewer iron black demon wolves.

Among the dozens of demon wolves that Chen Feng killed, more than 80% were bronze demon wolves.

Bloodwind was very excited at first, eating happily, but later, he saw that they were all bronze demon wolves, and he didn't bother to eat anymore.
