

Permit Me 1021

Chapter 1021-the mastermind was not caught

The next day, when he went to work, Liancheng Yazhi changed from the relaxed look he had at home to a sharp blade that had been unsheathed. The sharp edge all over his body made people feel a penetrating chill before they even got close.

Secretary Zhou could tell that his boss was in a bad mood. He was not puzzled. Almost all the negative news about Rong Yan on the internet had disappeared. It was a complete victory. In that case, why was young master ya not happy?

Secretary Zhou thought hard for a while and finally thought of the reason.

Although the matter on the internet had been resolved, the mastermind behind it had not been caught.

this was equivalent to treating the symptoms but not the root of the problem. this time, the problem was solved, but who could guarantee that there would not be another negative news tomorrow or the day after? Would there be something even more difficult?

Young master ya must be worried about this.

If that was the case, then it was no wonder. This matter seemed simple, but it was really hard to guess the power behind it.

As Secretary Zhou was analyzing the situation, the pale-faced assistant ran out of the president's office and said to Secretary Zhou, " Secretary Zhou, the boss wants you to go in. Be careful. The boss is really scary today!

"What's wrong? Did he reprimand you or scold you?" Secretary Zhou quickly stood up.

no, he didn't scold or scold me, but I'd rather he teach me a lesson. It'd be better than this. When I stood in front of him, I felt like my neck was being strangled. I couldn't even breathe and almost lost my life. The boss's aura was too strong.

"Look at you. Hurry up and get to work. Tell everyone to be more careful when they work today. Don't make any mistakes."

"yes, yes, i know. i'll definitely make everyone be careful, yingluo."

Secretary Zhou took a deep breath and walked towards the president's office. Although he had just said that the Assistant Secretary was useless, he was actually not confident in himself!

After entering, Secretary Zhou also felt an opaque murderous aura attacking him. It was indeed a feeling of difficulty breathing."Young master ya, you're looking for me?"

Oh? " Liancheng Yazhi pushed his laptop away. have you found the person who posted the first post? "

secretary zhou quickly nodded. " yes, but it's a black foreigner. he can only say 'hello' in chinese. that post was sent to him by someone and he directly copied and pasted it. we don't know what's written in it at all! "

“Can you find out who gave him the money?” Liancheng Yazhi frowned, and the coldness in his eyes increased.

Secretary Zhou’s teeth were trembling. He tried his best not to embarrass himself. He took a breath and said, no, that kid is considered a mid-level hacker. He said that the person who gave him the draft of the post was wearing a black hoodie, a mask, and sunglasses. He couldn’t see the person’s face at all. He was slightly thin, about 1.75 to 1.78 meters tall, and he paid him 1000 dollars. Oh, he said that the person’s pronunciation was very accurate. It was impossible to tell if he was a local or a foreigner. He doesn’t even have a local accent. I can only tell that he’s a man!”

Liancheng Yazhi’s face turned even uglier because if that was the case, even a God would not be able to find any clues.

Chapter 1022 Su Yue isn’t an idiot

There were so many people who fit the black man’s description, and the country was so big, who knew who it was? Moreover, the other party had obviously expected that after the incident, Liancheng Yazhi would definitely track them down, so he had done it perfectly and did not leak any useful information.

As a result, this line had to be cut off just like that. It was really a pity!

Liancheng Yazhi was in a very bad mood. It was useless. It was solved.

Since the clue was cut off when it came to him, Liancheng Yazhi could only vent his anger on him first.

although there was no useful information for the time being, the only thing that could be confirmed was that someone was indeed manipulating all this and using Rong Yan as a raft to target the Liancheng family behind her.

Oh, I almost forgot. There’s one more thing. The other party is very likely to be Chinese, or a local Chinese. Otherwise, how could he have so many Chinese characters?

One must know that Chinese characters were the most difficult characters in the world.

The post was long and had a few thousand words. In the middle, it used many famous Chinese sentences and a few rare idioms that might not even be known by the Chinese. If such a post was written by a foreigner, it could only be said that God had given his brain a cheat!

Secretary Zhou quickly nodded and said, “yes, it’s Yingluo.”

“go to his house and search it thoroughly. after you’re done, burn the house down and count the local Chinese and the Chinese people there. focus on the men who are thin and between 175 and 178.”

Secretary Zhou continued to nod. I understand. What else do you need? ”

Although the last mission that young master Ya mentioned was too big and difficult to find, young master Ya knew it himself, so he didn’t have a time limit.

Liancheng Yazhi grabbed the fountain pen on the table and twirled it between his two slender and beautiful fingers. Secretary Zhou counted silently. After he had made almost twenty circles, young master Ya finally made up his mind and said, ” “Keep a close eye on Su Yue!”

After he finished speaking, Liancheng Yazhi slammed the fountain pen in his hand on the table.

“Young master ya, do you still suspect him?” Secretary Zhou was stunned.

liancheng yazhi shook his head. ” i’m not suspicious. i’m 70% sure that it’s him. ”

A few days after the listening device was found in the White jade Rabbit that day, the incident with Rong Yan happened. It was too much of a coincidence.

Moreover, Liancheng Yazhi felt that besides su Yue, no one else would do such a boring thing.

“But Yueyue already found out yesterday that su Yue hasn’t been doing anything lately.” Secretary Zhou said what he was thinking.

when a person is ready to take action, do you think they should prepare in advance, or do they suddenly have an idea and make last-minute preparations? ”

” if you’ve already made plans, of course, you should prepare in advance and wait for the right time to set off. ”

liancheng yazhi asked secretary zhou again,”do you think that su yue is a person who plans far ahead, or that her brain is just a temporary worker?”

Secretary Zhou thought about it for a while and said, ” I think it’s the former. But we didn’t have much conflict with him in the past. Besides, in recent years, we haven’t had much contact with him. There’s no conflict of interest, right? ”

Su ‘er wasn’t an idiot. On the contrary, he was very scheming and knew how to scheme. Otherwise, he wouldn’t have been able to stand out from the SU family, which had serious family conflicts at his age.

Chapter 1023 Chapter 1023-take care of him

Liancheng Yazhi laughed disdainfully. people in the business don’t have to fight for benefits. As long as they’re doing business, even if you’re in the children’s business or firearms business, there’s definitely/similar fight for benefits.

Besides, that man had an intention on Rong Yan. If that was the case, it would make sense for Su Yu to want to defeat the Liancheng family or to get Rong Yan.

This was something that Liancheng Yazhi would never allow. Regardless of whether su Yue was the one who did it, he had no intention of letting her off.

If su Yue had done it, then Liancheng Yazhi could just let go and teach him a lesson.

If not, he could use this as an excuse!

Secretary Zhou did not refute and nodded,”yes, I understand.”

Just as he was about to make arrangements, Liancheng Yazhi suddenly asked him a question, ” “What do you think should be the best gift for Gu Hesheng?”

Secretary Zhou was stunned for a moment and quickly understood that young master ya was going to give her a thank you gift!

I really can't say for sure about this Wanwan. For someone like Mr. Gu, it doesn't seem to be good to give anything because he doesn't lack anything.

"That's why I'm asking you to help me think." Liancheng Yazhi glanced at him.

Secretary Zhou's face was bitter. He couldn't remember. To give Mr. Gu a gift, first of all, it had to be of high quality. Second, it had to match the person's status. Third, the price of the gift had to be able to keep up.

If Mr. Gu was in another industry, it would be nice to give him some famous paintings, antiques, and jade artifacts. But the key was that this old man was an expert in these things. He was a leading figure. Giving him these things was not a slap to your own hand, but a slap to his face.

Liancheng Yazhi pulled the laptop in front of him and continued to work on his unfinished work. He said, "I didn't expect you to be standing here. You can go out when you remember."

Secretary Zhou's head drooped instantly.

Give her a gift! This is your family's business, why did you embarrass others with a gift!

Secretary Zhou thought for ten minutes but couldn't remember. His eyes began to wander around the room, trying to find some inspiration.

He was quite lucky. When he saw the few potted plants that had been used as the background, his eyes lit up.

"Reporting to young master ya, I've thought of something," Secretary Zhou said loudly.

"You've thought of it? tell me about it. "

young master ya, why don't you give old master Gu a pot of bonsai? it's classy, tasteful, and creative. Mr. Gu can also take care of it in his spare time and add some fun to his life.

Liancheng Yazhi thought for a moment and nodded silently. Not bad, this idea was really good.

"Tsk, not bad, pretty good. I can reward you later. Go and prepare, remember to match Gu Hesheng's status."

young master ya, why do you need to go out and prepare? these few bonsai in your office are excellent bonsai. If you give them out, they will definitely show your standard. secretary zhou actually wanted to save the trouble of running errands this time. he had a lot of things to do.

liancheng yazhi turned around and glanced at the bonsai that had been acting as a backdrop. he said, "these people can't be touched."

why? it doesn't seem to be of any use for them to be here. Secretary Zhou was puzzled. Young master ya usually didn't even look at it, so why was he not allowing her to move now? It would be a waste to just leave it there anyway, so why not just take it out and make some contributions?

Chapter 1024 The unknown side of young master ya

Liancheng Yazhi looked at him and spat out two words, " [wind (mi) water (Xin)]

The corner of Secretary Zhou's mouth twitched, and he instantly understood. uh, ran ran, I understand. Then, ran ran, I'll go out and prepare.

after they left, secretary zhou wiped the sweat off his forehead. every time his boss was in a bad mood, going in was like dying. only by stepping out of this door could he be considered to have survived a disaster.

Secretary Zhou shook his head and sighed. He only knew today that the arrogant young master ya actually believed in Fengshui.

in the past, other people would place fortune cats, golden toads, and the like in their boss's office to attract wealth. however, their boss had placed a few bonsai pots. was that a feng shui array?

why didn't i know that young master ya had such a superstitious side?

One really can't judge a book by its cover. It turned out that everyone had a 'God' in their hearts!

Secretary Zhou thought about the potted plants and decided to buy two similar ones.

He remembered when those potted plants appeared. How many years had it been? it seemed to have been two years. No, two years would be three years more? Aiya, he couldn't remember. Anyway, it had been a while.

Secretary Zhou was not good at bonsai. He was not in charge of the bonsai in Liancheng Yazhi's office last time. He wanted to buy it, but he did not know who to look for.

Hence, Secretary Zhou went back and asked a few Assistant Secretaries, "who's in charge of the potted plants in the boss 'office? Who bought it?"

The men and women looked at each other, not knowing how to answer.

After a while, a thin male assistant with glasses answered, "It's me, Yingluo. I'm in charge of Yingluo."

"Where did you buy it from?" Secretary Zhou quickly asked.

young master gave me an address and only told me to bring the potted plants back. I've forgotten the address.

Secretary Zhou glared at him and grabbed his collar. you forgot? You better think carefully."

The male assistant said awkwardly, "I really forgot about Secretary Zhou. This happened three or four years ago. How can I still remember an address?!

No matter how good a person's memory was, they wouldn't be able to remember a complicated address from a few years ago, right?

Secretary Zhou was stunned for a moment and let go. "Three or four years ago? Was it the time when young master ya was in the worst state?"

the male assistant nodded,"yingluo."

secretary zhou pondered for a while and nodded. " "Okay, I know. You guys can go back to your work."

If he didn't step on the wrong spot, that was when Liancheng Yazhi was at his lowest. He had asked someone to bring a few pots of landscape to the office and was not allowed to touch them for so many years?

Secretary Zhou felt that he might have found out something.

however, since young master ya was unwilling to mention this matter, he naturally wouldn't mention it again.

Secretary Zhou glanced at the president's office and suddenly laughed. No matter how many things he had done that others thought were childish but he had always insisted on doing, now that there was a good result, it was worth it.

Secretary Zhou picked up his briefcase, picked up his keys, and said to the group of soldiers under him, I'm going out for a while. You guys take care of the 'house'. Young friend ya, please do whatever you want to do.

"Secretary Zhou, where are you going at this time?"

Everyone was scared when they heard this. Young master ya was in a bad mood. With Secretary Zhou around, there would still be someone to support him, but they couldn't.

Secretary Zhou waved at them and said, "I'm buying some bonsai."

Chapter 1025 No one has been bullying her recently, right?

After letting go of Secretary Zhou, Liancheng Yazhi suddenly remembered that he still had one thing to do today.

He still hadn't arranged for someone to see if that bastard Feng nongtang had left.

Forget it, it's better not to let the company handle this matter. It'll affect the work too much, so Liancheng Yazhi threw this matter to Kang Yi.

"hey, kang xin, it's me. do me a small favor. send someone to check if feng nongtang has left my house. if he hasn't, throw him out. remember to take back the keys. also, strip him clean and see if he has a spare key. forget it, it must be a spare key. just get someone to change the lock on the door."

Liancheng Yazhi could easily guess Feng nongtang's thoughts. That kid had thought about it all night and must have thought of adding a few more keys to the door. That way, he could swagger away and sneak back when no one was paying attention to him. He could still stay inside.

Kang Yu had nothing to do recently, so he agreed. "Alright, Zhenzhen, I'll bring my men over."

Liancheng Yazhi raised his eyebrows. Tsk, this guy is leading the team by himself. Aiya, Feng nongtang's treatment is too high!

Of course, such a high treatment must be matched with a good ending.

"if you have nothing to do this saturday night, go to jinrong house. rong yan and i will invite gu hesheng for dinner. there are too few people, so you can make up the numbers."

“We’ll talk about it when the time comes. I’ll go when I have time.”

The meaning of his words was that he wouldn’t go if he didn’t have time.

Liancheng Yazhi didn’t force her. alright then. It’s decided.

.....

In the blink of an eye, Saturday arrived. Liancheng Yazhi had already agreed with Gu Hesheng that the time would be at seven in the afternoon. If Kang Yu had time today, he would also go.

The gifts had also been prepared. There were two pots of bonsai, which looked quite admirable. Rong Yan did not have much appreciation for these things and could not tell what was good or bad about them. However, Liancheng Yazhi nodded after looking at them and said that they were very good.

It was six O ‘clock in the afternoon, and it was time to go to the banquet. However, Rong Yan received two phone calls in succession at the window.

The first call was from the women’s prison. The other party was officer Hu, who often received Rong Yan.”Mrs. Liancheng, can you come over tomorrow? Rong nuo said she has something to tell you.”

Rong Yan was surprised. Did Rong nuo have something to tell her? What could it be?

for rong nuo to ask the prison guard to call her, it must not be a small matter. otherwise, according to rong nuo’s temper, she would definitely not cause her any trouble.

Rong Yan was curious and quickly said, ” alright, I’ll be there tomorrow. Thank you, officer Hu.

“You’re too kind, you’re welcome.”

“How has Rong nuo been recently? has she been bullied?”

she’s doing well. No one bullied her. Her sentence has been reduced again because of her good performance.

“Really? thank you so much, Yingluo.”

as soon as she hung up, the phone rang again. rong yan looked at the number and felt a little strange. because the number was rong shenghai’s, she was even more surprised.

Usually, she went to see Rong shenghai when she had time, and he almost never called her in order not to trouble her.

Rong Yan was puzzled. Could it be that the father and daughter had already discussed this and called each other?

“Uncle Rong, what’s the matter?” she answered the call.

Rong shenghai said awkwardly,”Rong Yan, I have something I want to ask you for,” he said.

uncle, please say something. Don’t talk about begging or not. If I can do it, I will definitely help you.

Chapter 1026 Best bad friend!

Although Rong Yan sounded like she could help him with anything, she still kept a bottom line for herself. She said if she could do it, but if Rong shenghai's request made her feel that she couldn't do it or didn't want to do it, then she wouldn't do it.

Rong Yan had helped Rong shenghai a lot. They were not close, so Rong Yan would never do anything to hurt herself or her family for him.

Rong shenghai stammered, perhaps he felt that he could not say it out loud.

In the end, he said, "Rong Yan, you ... If you have time tomorrow, can you come again?" It won't take up too much of your time, just half an hour, Yingying."

rong yan frowned. why did it have to be tomorrow? the father and daughter must have discussed it beforehand.

tomorrow? " she said, " it might be in the afternoon then. Uncle Wanwan, can't you tell me over the phone? "

Rong shenghai hesitated for a while and said, "I'm Hanhan. I can't say it on the phone, Hanhan."

Rong Yan sighed. alright then, I'll make a trip there tomorrow afternoon.

After hanging up the phone, Rong Yan began to feel depressed. What was going on? she said that she had something to do, but suddenly everything had something to do?

Liancheng Yazhi put a coat on Rong Yan. what's wrong? "

"Rong nuo asked officer Hu to call me tomorrow, saying that he had something to tell me. In the end, her father also called me tomorrow to tell me something. I'm thinking, did something happen?"

Liancheng Yazhi comforted her. I don't think so. They didn't tell you over the phone. It seems like it's not an emergency. At most, they're just in a difficult position. We should go out. I'll go with you tomorrow. It's the weekend anyway.

"Alright," Rong Yan nodded.

The family got in the car and went to jinrong house.

In the car, Liancheng Yazhi told Rong Yan, " "Kang Yu will be going today. As for Feng nongtang, he's in a hurry to save his life."

"You lied to him the other day that his wife was waiting for him at the Civil Affairs Bureau. Did he go?"

Liancheng Yazhi laughed. His laughter was a little devious and gloating."He did go that day. He disguised himself and sneaked over, but he was unlucky. He was caught by Kang Zhen and then he was thrown at house Feng's door."

"Wow, Kang Yu is so ruthless," Rong Yan exclaimed.

Grabbing it and throwing it at house Feng's door was the same as throwing meat into the Wolf's mouth.

However, that was indeed in line with Kang Yu's style. His first move was swift and decisive, hitting the vital point.

"So, the person Feng nongtang hates the most right now is Kang Zhen, the second is me. But, the Feng family is still quite grateful to Kang Zhen." Liancheng Yazhi was a little proud of this.

Rong Yan patted Liancheng Yazhi's arm. "To be honest, he's really unlucky to have met brothers like you two. You two are definitely the best bad friends."

Rong Yan suddenly remembered that when she left Liancheng Yazhi a few years ago, she had asked Xia Xuanmo for help. At that time, he was also a bad friend who had stabbed Liancheng Yazhi in the back.

Forget it, it's better not to mention this matter. It's already in the past, and some things shouldn't be brought up again.

Just like this time, when she met Xia Xuanmo again after she returned, even though so many things had happened later, Rong Yan and Xia Xuanmo did not mention that matter.

They all knew that no matter who it was, it would not be good if that incident was brought up again, so they chose to deliberately forget about it!

Chapter 1027 they look like real grandparent-grandchild

When Rong Yan and the others arrived at Jinrong House, it was only 6:40 A. M. They did not expect Gu Hesheng to have already arrived at this time. This made them feel a little ashamed.

Rong Yan quickly apologized. "I'm sorry to have made you wait. We should have left earlier."

"It's fine, I just arrived."

Grandpa, Zhenzhen"

The smile on Rong Yan's face was a little unnatural.

Meowmeowmeowmeowmeowmeowmeowmeowmeowmeow and Gu Hesheng were getting closer and closer, and they were becoming more and more like a real grandfather and grandson.

Liancheng Yazhi took her hand and went in. "Since we're all here, let's serve the dishes first."

"Isn't Kang Yu going to wait for him?"

He's just here to keep you company. He's not important. Serve the dishes first. When he comes, sit down and eat.

"Mr. Gu, please take a seat. Shall we get the waiter to serve the dishes now?"

Liancheng Yazhi asked Gu Hesheng.

Gu Hesheng, who was playing with MeowMeow, did not raise his head and said directly, "Sure, serve the food. MeowMeow must be hungry."

After the dishes were served, Kang Xi finally arrived. However, according to the agreed time, they weren't too late. They arrived on the last second of 7 o'clock.

Liancheng Yazhi pointed at a seat and asked him to sit down. you're here. Sit down. You're late today. As usual, you'll drink three cups as a punishment.

kang yu ignored liancheng yazhi. " hello, mr. gu. sorry to keep you waiting! "

Gu Hesheng's understanding of Kang Zhen was limited to his understanding of the Kang family. hehe, it's nothing. Hurry and sit down.

"How are your parents?" he asked after Kang Yu sat down.

In the past, Gu Hesheng had some dealings with Kang kun's father. His father was a fan of calligraphy and painting, so he came to Gu Hesheng for Help to Buy a few pieces of calligraphy and paintings.

it's pretty good. I'm living a idyllic life in my hometown.

that's good, it's really not bad. Sometimes I want to go too. I can rent half of his hillside, build a house, and raise some chickens and ducks. when Gu Hesheng said this, he looked forward to it.

After a while, when everyone's character was more or less piqued, the atmosphere was no longer so stiff.

rong yan stood up and said to gu hesheng, " mr. gu, thank you for your help this time. if you had not helped me at the critical moment, i would still not dare to go out. let me offer you a toast. "

let's not be so polite. I've already quit drinking. You're from a humble family, so it's not good for you to drink. Let's just have a cup of tea. Gu Hesheng was a very considerate old man. He said that he didn't drink because he didn't want Rong Yan to drink that glass of white wine.

Since he had good intentions, Rong Yan naturally would not say anything more. Anyway, she wanted to make Gu Hesheng happy today, so she went along with his words, " "That's good. I'll replace wine with tea and propose a toast to you."

The meal was quite amorous. From the beginning to the end, everyone was in a good mood. Even Kang Yu had a faint smile on his face!

at the end, liancheng yazhi finally asked someone to bring the bonsai over.

"This is a small gift from Rong Yan and I. We hope you can accept it."

Rong Yan was afraid that Gu Hesheng would not want it, so she explained in advance, " yes, we know you don't lack anything. It's not worth much. It's just for a happy occasion and for you to have more fun.

Even though Gu Hesheng was not an expert in bonsai, he could still be considered an expert. With one look, he could tell that these two bonsai were of excellent quality. It was obvious that they had put in a lot of effort to look good. [Secretary Zhou: it's me who put in so much effort, it's me]

Chapter 1028 I'll cripple him!

gu hesheng's hand caressed the bonsai, " "i like these two bonsai, so i won't be polite."

"Thank you for liking it." Rong Yan and Liancheng Yazhi both heaved a sigh of relief.

This old man was difficult to deal with. It was not easy for him to accept him so smoothly.

After the few of them dispersed, they each went home.

After returning home, they worked until three in the morning. Thinking that they still had things to do the next day, the two of them quickly went to bed after soaking MeowMeow in the medicinal bath.

At eight o'clock the next morning, Rong Yan and Liancheng Yazhi, who had slept for less than five hours, got up early. After breakfast, they handed the child over to Butler Li and went directly to the female prison in the suburbs.

Liancheng Yazhi saw that Rong Yan's expression was a little pale and there was a faint blue under her eyes. It was obvious that she hadn't rested well. His heart ached for her and he pulled Rong Yan into his arms. sleep for a while first. It'll take a long time to reach the place. I'll wake you up when we get there.

Rong Yan was indeed quite sleepy. She adjusted herself into a more comfortable position in Liancheng Yazhi's arms. "then you should also take a nap."

"Good Yingluo."

Although Liancheng Yazhi said it was good, he did not close his eyes at all along the way.

Ever since the negative news came out this time, Liancheng Yazhi's vigilance had been re-established.

He had been too relaxed some time ago, which led to some loose changes in some parts of the group. This time, Liancheng Yazhi discovered it in time and quickly saved it.

Liancheng Yazhi had learned his lesson. It was because he had a child and a wife that he had to be on guard at all times to avoid similar things from happening again.

rong yan could sleep in peace, but he couldn't. if he fell asleep too, who would protect rong yan if something happened?

when they arrived, liancheng yazhi woke rong yan up. "Rong Yan, wake up, Yingluo."

Rong Yan mumbled and twisted her body, falling into a deeper sleep. Liancheng Yazhi smiled and pinched her nose lovingly. "Little lazy pig, you can sleep so much. Wake up."

After Liancheng Yazhi's repeated efforts, Rong Yan finally woke up. She rubbed her face. "I'm really good at sleeping."

Liancheng Yazhi helped her comb her hair. "Let's go in."

ten minutes later, he finally met rong nuo.

Rong nuo was shocked to see Liancheng Yazhi coming over. brother-in-law, you're here too, Yingluo.

" i'm here with your sister. you guys can talk. don't mind me. " Liancheng Yazhi was very wise. He automatically moved to the furthest place and used his actions to tell Rong nuo: Don't worry about me, I'm just a backdrop!

rong yan pulled rong nuo to sit down. " ignore him. tell me first, why did you ask me to come here? is there any trouble? "

Rong nuo shook her head. "It's not that I'm in trouble. I'm fine. It's just that ran ran." She paused for a moment and mustered up her courage. "Big sis, that Yingluo, that Yingluo, Tang Zong came to find me the day before yesterday, Yingluo."

Rong Yan was stunned, and Liancheng Yazhi was also a little surprised!

When she finally reacted, Rong Yan suddenly slammed the table. "He came to find you? Why? Whether he did anything to you or not, you can tell me the truth without hiding anything. If he dares to have any crooked thoughts, I'll cripple him."

Rong Yan felt that Tang Zong's visit to Rong nuo was simply nonsense!

That brat actually came to look for Rong nuo, it must not be anything good. He must have other schemes. Damn it, I knew that bastard Tang Zong was not a good person.

Chapter 1029 The first to cripple her, the second to cripple Tang Zong

When Rong nuo heard Rong Yan's domineering words, she suddenly felt a little shiver. She felt that she must not tell her that Tang Zong often came here. Otherwise, Rong Yan would be the first to cripple her, and the second would be Tang Zong!

rong nuo gulped. "I don't know. after he came, he didn't say much. he just said a few strange things."

Rong Yan's murderous eyes stared at Rong nuo. "What did he say? what did he say?"

Rong nuo was so scared that she took a step back. he just said that he felt that it was time for him to ask you for interest. He also said that he helped you solve a problem, but you don't know Zhenzhen. He also said that with these two things added together, he can collect more interest from you.

"You helped me solve a problem, and I don't even know about it?" Rong Yan turned to look at Liancheng Yazhi. He was deep in thought when Rong Yan asked, "Did you know?"

Liancheng Yazhi raised his eyes and shook his head at Rong Yan. "I'm still thinking, but I don't think I've thought of it yet."

In fact, he was not thinking about what Tang Zong had done to help them, but why Rong nuo had lied.

Liancheng Yazhi's eyes were so sharp that he could tell at a glance that Rong nuo was lying. This should not be Tang Zong's first time here, right?

He guessed that Rong nuo probably didn't want Rong Yan to worry too much!

Rong nuo carefully said, "big sister, don't worry too much. I think that Tang Zong is just a person who talks big. Who knows if what he said is true? I called you over today because I felt that Qianqian was a little strange about Tang Zong's sudden arrival. That's why I wanted to tell you about Qianqian."

Rong Yan patted her shoulder. you did the right thing. You have to tell me about this. He came to find you for no reason and said these things. It must not be anything good. To collect interest. Let's see what interest he wants to take away then.

“Since Tang Zong is still in the capital, let’s go and meet him in two days.” As Liancheng Yazhi spoke, he glanced at Rong nuo from the corner of his eyes. Sure enough, after she heard these words, she was so shocked that her eyelids twitched a few times. She was probably afraid that they would see through her lies after seeing Tang Zong.

Liancheng Yazhi was puzzled. The dispute between Tang Zong and Rong nuo should have started when they were locked up in the police station together. Could it be that they had developed some kind of friendship?

Liancheng Yazhi secretly laughed and shook his head. How could it be? there must be another reason.

Rong Yan did not see any uneasiness when Rong nuo was speaking. All her attention was taken away by Tang Zong. She asked Rong nuo, “Did he say anything else? Was there any unruly behavior when I talked to you? did I touch you or something?”

Rong nuo coughed twice and shook her head decisively. no, he really didn’t. This is a prison. He has to have the guts to do it.

Rong nuo thought silently in her heart, Tang Zong always liked to hold her shoulders, and occasionally reached out to touch his hand, was he touching her? [Rong Yan ()#: of course it’s nonsense.]

“If he comes to see you again, don’t see him again, okay?” Rong Yan instructed Rong nuo.

yes, I know. But I don’t think he’ll come. When Rong nuo said this, she could clearly hear a voice in her heart saying: How could they not come? You’re too naive, dear ~

before she left, rong yan reminded rong nuo again that she could never see tang zong again.

Chapter 1030 Don’t try to understand the mental state

The moment Rong Yan walked out of the door, Liancheng Yazhi followed behind and asked Rong nuo in a low voice, ” “Tang Zong’s sudden visit this time, is this the first time he’s come since you were imprisoned?”

“Ah? Yes, yes, it’s my first time here in Yingying and I’m also quite strange.” Rong nuo was so nervous that her heart was beating like a drum. She felt that she had been seen through by Liancheng Yazhi. His eyes were like X-rays, and he could see through all the secrets in her heart in an instant.

good Zhenzhen. Liancheng Yazhi smiled faintly at him and left after Rong Yan.

as soon as they left, rong nuo clutched her chest and heaved a long sigh of relief.

She cursed,”I hope that bastard Tang Zong doesn’t do anything. Interest, interest, he’s always thinking about interest. Interest your sister!” That’s right, my interest is his sister.

.....

On the way home, Rong Yan asked with a frown, "Do you think that Tang Zong will really collect interest?"

Liancheng Yazhi held Rong Yan in his arms. maybe. He's a person with wild and imaginative thoughts. He's completely crazy. He might want to do something one second and suddenly stop thinking about it the next second. Let's not put too much energy into his thoughts because no matter what we think, we probably won't be able to guess what he's really thinking.

Rong Yan felt that Liancheng Yazhi's words made a lot of sense. that's true. How can normal people like us think like lunatics? if we can guess it, then we'll be lunatics as well. But, are we just going to do nothing? "

not really. I'll send someone to keep an eye on him. We'll know what he's up to at the first moment, so we can take precautions. actually, liancheng yazhi was not particularly concerned about this matter. he paid less attention to tang zong than to su yue.

Liancheng Yazhi himself thought that the reason why Tang Zong told Rong nuo about his interest but did not tell Rong Yan about it, and did not even meet her was because of that.

It was very likely that Tang Zong's interest had nothing to do with Rong Yan. On the contrary, it might be related to Rong nuo!

Liancheng Yazhi was only thinking about what trouble Tang Zong had helped them solve this time.

Rong Yan sighed. it seems like this is the only way. We have to contain it from the source.

"Oh, that's right, why do you think Tang Zong went to look for Rong nuo? what does he mean by looking for Rong nuo?" Rong Yan was very conflicted about this question.

Liancheng Yazhi stretched out his fingers and gently brushed away Rong Yan's furrowed brows. it shouldn't mean anything. Maybe he suddenly went crazy, or he suddenly remembered that Rong nuo and he were neighbors in the police station for a period of time, so he just simply wanted to see Rong nuo.

"It seems that's the only explanation for Yingluo!" rong yan held her chin and thought for a while before suddenly saying, " that's not right. I feel that this explanation is far-fetched and nonsensical.

Liancheng Yazhi shrugged his shoulders. we might think that it's nonsense. But you have to know that to Tang Zong, everything is normal.

Rong Yan's eyes suddenly lit up and she grabbed Liancheng Yazhi's arm. "Do you think that Tang Zong has fallen for Rong nuo?"

Liancheng Yazhi thought for a while and shook his head."It's not that bad. If he really likes Rong nuo, then why is this his first time here? According to his temper, even if he doesn't think of a way to get Rong nuo out, he will go and cause trouble three times a day, don't you think so?"
