

Permit Me 1051

Chapter 1051 promise me that nothing will happen

Liancheng Yazhi coaxed her in a low voice. wife, don't be angry. I'll make a trip tomorrow to arrange some work and come back soon. There are so many things going on in the company. If I suddenly get injured and don't go, people will be confused. I'll go and let them know that I only have a slight injury on my arm. It's nothing serious, and they'll be relieved.

Rong Yan thought about it. Liancheng Yazhi was right. If they suddenly said that the president was injured and couldn't go to such a big company, the people below would definitely guess how serious the injury was to not be able to come. Liancheng Yazhi went around and said, "then promise me that you'll come back after you've made arrangements.

"Of course. I'm more than happy to take some time to rest and accompany you and MeowMeow."

Rong Yan grabbed Liancheng Yazhi's hand and said, "Then when you go tomorrow, bring a few dozen more people."

liancheng yazhi smiled. "i think secretary zhou will bring someone to pick me up tomorrow. "

"Ah, didn't you tell him to go to the company earlier?"

"Let's wait and see," Liancheng Yazhi knew very well what Secretary Zhou was thinking. That guy was the one who was most afraid that something would happen to him. Secretary Zhou must be afraid that it would not be safe on the road, so he planned to come over personally to escort the car.

rong yan knew that secretary zhou was a very capable person, so she was slightly relieved. "it's good that secretary zhou is here to protect you. "

Rong Yan suddenly thought of Rong shenghai and asked, "By the way, how's the matter with Rong shenghai?"

I'm fine, it's just a heart attack. The doctor said he'll wake up today.

"Then I'd better go and take a look." Rong Yan hesitated.

Liancheng Yazhi rejected her flatly. no, ran ran is in such danger recently. You can't go out.

Rong Yan gently patted his chest. but I have to go and take a look. Otherwise, how am I going to explain to Rong nuo later? I think it's the safest to go out today. After those people ambushed you last night, everyone is in a panic. The security in the entire imperial capital has been strengthened. They definitely won't dare to attack rashly again in this situation. On the contrary, I think it'll be dangerous after a few days.

Liancheng Yazhi considered for a while. then don't rush to go. Wait for me to come back from the company. I'll go with you.

"Good, does your arm still hurt?" Rong Yan's hand gently grabbed Liancheng Yazhi's injured hand and felt that the temperature of his palm was on the high side.

“It doesn’t hurt anymore.”

Rong Yan knew that Liancheng Yazhi must be lying. He had not taken any painkillers, so how could it not hurt? her eyes were a little red as she asked, ” “Can you sleep?”

“Neng Yingluo”

then you should go to sleep. You still have to go to the company early tomorrow.

“Yingluo, go to sleep!”

Liancheng Yazhi was really tired. Although the gunfight was short, it consumed a lot of physical and mental energy. After it ended, his mental tension had lasted for a long time. It was only when he was beside Rong Yan and had a gentle chat with her that he gradually relaxed his tense nerves.

Because he was by Rong Yan’s side, Liancheng Yazhi followed his heart and let his fatigue flood out instantly. He hugged her and fell asleep without any scruples.

After Liancheng Yazhi fell asleep, Rong Yan still had not closed her eyes. She was very tired but could not fall asleep. Looking at Liancheng Yazhi’s handsome eyebrows, tears welled up in her eyes.

She raised her head and gently propped herself up. Her lips touched the corner of Liancheng Yazhi’s lips and she said in a low voice, ” “Promise me, nothing can happen.”

Chapter 1052 This concern

In the morning, just after eight o’clock, just as Liancheng Yazhi had said, Secretary Zhou came with a team of cars and people. The commotion was a little exaggerated.

However, it didn’t matter if the exaggeration at this time could guarantee his safety.

Secretary Zhou waited in the living room for ten minutes before Liancheng Yazhi came down from upstairs.

Liancheng Yazhi had slept for less than four hours. Coupled with his injury, he looked a little Haggard and was not in a good mental state.

Seeing this, Secretary Zhou felt that it would be a little inhumane to take him to the office again, so he said, ” “Young master ya, if you have any orders, let me do it. You should rest at home.”

Once his body was well, he could go to the company in the future. If he was exhausted this time, it would affect the future. It was not worth it!

Liancheng Yazhi shook his head. it’s alright. I have something to tell you when we get to the company.

secretary zhou understood that his boss had some things that were not convenient to say at home, so he had specifically asked him to go to the company. in this case, secretary zhou had nothing to say.

Liancheng Yazhi drank a glass of milk and was about to leave when Butler li quickly ran over and said, ” ” young master ya, please wait a moment. the young madam has instructed me to make you some black-bone chicken soup. it’s good for your blood circulation. please have some before you leave! ”

Liancheng Yazhi was shocked when he heard that. “when did i ask you to make this?”

They had slept together last night. At that time, Rong Yan hadn't found any blood Supplement on the internet. How did the soup become ready after a few hours?

Butler li explained, " it's past six O 'clock. The young Madam came down. She was afraid that she would be in a deep sleep when you wake up. So, she asked me to make the stew in advance.

There was no need to say anything more about this concern. Liancheng Yazhi's heart immediately melted into a pool of water.

He sat down and said to Butler li, "get a bowl."

After finishing a bowl of Black Chicken soup, Liancheng Yazhi left. On the way to the company, he asked Secretary Zhou, " "Did the people who ambushed us last night find any clues?"

they're a group of mercenaries, unorganized, and scattered. Almost everyone's active in different places-Africa, South America, the Golden Triangle, and the Middle East. There's no connection between them, so it'll take time to find out who's behind this.

Liancheng Yazhi did not find this strange and asked again, " "What did the police find?"

Secretary Zhou smiled. so far, we only know that those people are mercenaries. We didn't find out as much as we did.

Liancheng Yazhi placed his right hand on his left arm. The wound was now burning in pain. It was not as painful as Rong Yan's beside him, but it also made his mind clearer and clearer.

check the model of the weapons they use, " he said. also, where did the car come from? did they smuggle or disguise themselves through the normal channels? "

"okay, i'll check it out immediately." secretary zhou nodded.

Liancheng Yazhi thought of another matter and ordered, " search for all the routes that can lead me back home from the hospital yesterday, especially the nearest ones. Check if there are any suspicious people or cars on the roads with few people living there. Also, other than the road I took last night this year, where else have car blocking nails been laid.

"Young master ya, why are you investigating this?" Secretary Zhou was puzzled.

"i'm more interested in knowing if the problem was with the driver or if that guy had guessed my thoughts and knew which road i would take. Or perhaps, he was just right."

Chapter 1053 Slandering and framing are trivial

Liancheng Yazhi was still more concerned about this. He had to know if the other party had planned everything well or if there was a problem on his side.

Now that something had happened, how could he not figure out the reason?

If he wanted to win, he had to be the most accurate in every aspect.

.....

When they arrived at the company, Liancheng Yazhi asked Secretary Zhou to follow him directly into his office!

On the way, many employees saw that Liancheng Yazhi's arm was injured. However, it was an arm injury, so it should be fine, so everyone calmly turned around and continued working.

"Young master ya, do you have any other orders?" Secretary Zhou closed the office door.

he knew that Liancheng yazhi must have something else that he had not told him. otherwise, he would not have insisted on coming to the company. perhaps he felt that it was not safe even on the road.

Liancheng Yazhi threw the coat on his shoulders onto the work table and said directly, "I don't care what you do or what methods you use. You have to let the police find out that su Yue had something to do with last night's incident."

Secretary Zhou felt that his brain wasn't working well enough. He asked in confusion, "young master ya, we still haven't found out that su yue was the one who did it. The people we sent to monitor him didn't see any strange movements."

Liancheng Yazhi glanced at Secretary Zhou and slowly walked to him. He raised his uninjured right hand and patted Secretary Zhou's heart. He whispered in his ear, "it doesn't matter if he did it or not. What I want to see now is to make the police think that he did it. Do you understand?"

What was the result that Liancheng Yazhi wanted? Only he knew.

He wanted to kill two or more enemies with one bullet.

Since there was such a good excuse now, why did Yingying let it go? to be able to make use of it comprehensively and not waste any opportunity to deal with the enemies that he didn't like was Liancheng yazhi's style.

After a while, Secretary Zhou said, "Ming Qianqian understands, Qianqian."

However, Secretary Zhou wasn't sure why young master ya had been so angry at su Yue recently. [young master ya (): let's see if you can stay calm when there's a man who has been spying on your wife.]

Young Madam's previous scandal and this incident had yet to be found to have anything to do with su Yue. In fact, young master ya didn't seem to care if su Yue was the one behind it. What he wanted was for everyone to target su Yue. Did Yueyue have a deep grudge against her?

What Liancheng Yazhi meant was that if he said it was su Yue's doing, it was.

Even if it wasn't, it could only be his Hanhan.

Framing others and slandering them were all trivial matters!

What Liancheng Yazhi wanted to see was the result he wanted to see.

"then, young master xuanji, if we push this onto su yu, are we still going to continue digging?" secretary zhou asked carefully.

Liancheng Yazhi looked at him as if he was looking at an idiot. "Did you get shot in the head last night?"

Secretary Zhou quickly shook his head. no. I understand what you mean.

Pushing the blame to su Yue was one thing, but investigating it was another!

Liancheng Yazhi rolled his eyes and said to Secretary Zhou, "you've been working hard recently. I'll give you a break during the new year.

Secretary Zhou shivered. it's nothing. It's nothing. Just tell me what you need.

Liancheng Yazhi pointed at his injured arm. "you've seen it too. i'm injured. i have to go home and recuperate!"

Chapter 1054 You're too kind

Secretary Zhou started to cry in his heart. He said quietly, Young master ya, you can't do this. It's not very good. Aren't we all friends? You can't do this!

However, he didn't dare to say it. He could only use an expression that looked like he was about to cry and say, "Then, Yueyue, you should recuperate well!"

Liancheng Yazhi gave Secretary Zhou a 'not bad, you're very tactful' expression.

"I'll leave the company to you."

in the end, liancheng yazhi showed a little kindness. secretary zhou had to deal with the company's affairs and the ambush. it was probably not enough for one person to split it into two. he thought for a while and said,"How about this, I'll transfer Xin Yang back to help you for a while. If there's anything you really can't solve, you can come to my house to find me."

Secretary Zhou was so grateful that he almost knelt down and pulled at Liancheng Yazhi's suit pants to thank him.

Damn, why is young master ya so human this time? this is unbelievable.

"Thank you, young master ya. You're so kind," Secretary Zhou said gratefully.

Liancheng Yazhi smiled and patted Secretary Zhou's shoulder. don't thank me. If there's anything, try to solve it yourself. If you don't have to trouble me, then don't come looking for me.

He would not tell Secretary Zhou now that Xin Yang was back for a vacation. It would depend on Secretary Zhou's own ability to get him to help him.

Secretary Zhou quickly nodded. yes. I'll try my best to solve it myself.

he'll be taking a flight in the morning the day after tomorrow. Contact him.

"Alright, Yingluo."

Liancheng Yazhi picked up his coat. I'm going back. It's too late and Rong Yan should be worried. Just tell the people below that I broke my arm and need to rest.

"Young master ya, don't worry. I'll definitely settle everyone down."

"Alright, you can go back to work."

Secretary Zhou took the coat from Liancheng Yazhi and put it on him. He was worried and said,"Young master ya, I think it's better if I send you back."

"There's no need. It's broad daylight, they won't be so bold."

Liancheng Yazhi left the company with Secretary Zhou full of gratitude and returned home. Secretary Zhou's gratitude continued until the day after tomorrow, when Xin Yang returned!

.....

The journey home was indeed very peaceful, and they did not encounter any danger.

Liancheng Yazhi realized that there were many police cars patrolling the main streets with many people, and there were even plainclothes walking back and forth in the crowd.

After last night's incident, the security in the imperial capital had increased by another level. Perhaps the higher-ups suspected that this was related to a terrorist attack and were afraid that something would go wrong.

To Liancheng Yazhi, this would be more beneficial to him.

When they arrived home, Rong Yan had just woken up. When she saw Liancheng Yazhi coming back, she quickly pulled him to the dining table and sat him down. " why did you leave so early? come and eat something, and then go take a nap. "

Liancheng Yazhi grabbed Rong Yan's hand and said coquettishly, " "Then you accompany me."

It was not reliable for a man to act coquettishly, but it was so natural for Liancheng Yazhi to do it.

Rong Yan sighed. Seeing that his face was pale and he was not in a good mood, she agreed for the time being."Good Yingluo."

Dad, what happened to your arm?"

Liancheng Yazhi carried MeowMeow easily with one hand. daddy's arm was injured by a bad guy last night, but daddy is even better. He beat all the bad guys away.

.....

Chapter 1055 You're much more important than him

I know, daddy is Superman! Daddy is the best!

Liancheng Yazhi patted MeowMeow's head, suddenly feeling very stressed.

In a child's eyes, a father was always great. This gave a father great satisfaction, but at the same time, it also made Liancheng Yazhi more afraid that he would disappoint MeowMeow one day. Therefore, in order not to disappoint him, Liancheng Yazhi had to make himself stronger, eliminate all the enemies around him, and create a better space for his child so that she could grow up healthily and happily.

.....

After dinner, Rong Yan got Natsume to do a simple examination on Liancheng Yazhi, mainly to see if his wound was infected and if he had a fever.

After Natsume's examination, he said, "everything's normal. Everything's fine. Remember to take the anti-inflammatory medicine on time. Don't let it come into contact with water.

"Rongyan remembers everything you said. Don't repeat it."

Natsume shook his head and sighed. sigh, really. I'm doing this for your own good. If the wound really gets infected, you'll suffer.

Liancheng Yazhi waved his hand to chase her away. don't be a hindrance here. Go and do what you need to do.

alright. Natsume packed up his first aid kit. if you think I'm a hindrance, then don't look for me next time.

"Hurry up and go. Stop talking nonsense."

Natsume snorted at Liancheng Yazhi, picked up the medicine box, and left. However, when he reached the door, he turned back and said, "Remember not to touch the water!"

Rong Yan burst out laughing. Natsume was really funny sometimes.

Liancheng Yazhi closed the door and turned to hold Rong Yan's hand. alright, honey, don't waste time. Go to sleep.

Lying on the bed, Rong Yan asked Liancheng Yazhi, "your arm really doesn't hurt anymore?"

He rested his head on Rong Yan's arm and pressed his face against her neck. He said very comfortably, "It hurts when you're not here."

Rong Yan's lips curled up and she gently stroked Liancheng Yazhi's cheek. "alright, go to sleep."

"When I wake up, I will go with you to see Rong shenghai in the afternoon."

"En, Yingluo."

As for visiting Rong shenghai, Rong Yan was not in a hurry. The hospital said that he had woken up, but he was in a very bad mood. Of course, Rong Yan knew why he was in a bad mood, but she had no obligation to help him solve his problems.

Her family affairs were much more serious than Rong shenghai's. She was busy with her own family affairs, so of course, Rong shenghai's Affairs had to be put behind.

.....

Liancheng Yazhi slept until two in the afternoon.

It had been a long time since he had such a good sleep. It had also been a long time since he had slept for such a long time. Before he opened his eyes, he felt that his mind was much clearer. His mind was clear and he felt very comfortable.

suddenly, her nose was pinched by a hand, and a delicate voice said by her ear, "If you're awake, then don't lie down. Get up."

Liancheng Yazhi reached out to grab Rong Yan's hand and kissed it twice."What time is it, baby?"

"It's past two in the afternoon," Rong Yan told him.

Liancheng Yazhi quickly opened his eyes and said a little anxiously, "I slept for such a long time. Why didn't you wake me up?"

Rong Yan helped him up. it's not easy to have time to rest. Of course, I'll let you sleep a little longer. There's nothing important to do anyway.

“Didn’t I agree to go with you to see Rong shenghai this afternoon?”

Rong Yan smiled and looked at him seriously.”It’s okay to see him. In my heart, it’s more important for you to rest well than to see him.”

Chapter 1056 The most exciting day in life

Liancheng Yazhi suddenly reached out and hugged Rong Yan tightly. I suddenly feel like I’m in a dream. When I opened my eyes, I saw everything!

Thinking back on the days after Rong Yan left, Liancheng Yazhi realized that he couldn’t remember anything. It was as if he had a dark and complicated dream, half-dreaming and half-awake in a daze. Finally, those days passed and he welcomed the light, dispelled the darkness, and welcomed the most wonderful days of his life.

rong yan raised her eyebrows and poked his chest.”Dream? It seems like your arm doesn’t hurt anymore.”

liancheng yazhi laughed. ” yeah! why doesn’t it hurt anymore? ”

Rong Yan patted his shoulder. get up, stop fooling around. You’ve slept for so long, aren’t you hungry? MeowMeow has already asked why mom and dad aren’t coming out. If you don’t get up, she’s going to rush in.

liancheng yazhi took a deep breath and said,”alright, let’s go to bed.”

Rong Yan helped Liancheng Yazhi change his clothes and had a slightly late lunch. It was already three O ‘clock in the afternoon when they left.

she lowered her head and kissed meowmeow’s little face. ” “Daddy and Mommy are going out for a while. You stay at home and be good, Yingluo.”

?????????:”??????????My parents don’t love me anymore.”

Rong Yan glanced at Liancheng Yazhi. If his arm had not been injured, it might have been possible to bring MeowMeow along. But now, they could not. Whether it was to ensure the safety of MeowMeow or Liancheng Yazhi, they could not bring MeowMeow along. They could not afford to take this risk.

Rong Yan squatted in front of meowmeowmeowmeowmeowmeow and raised a finger. little darling, can you forgive your parents? this is the last time, really the last time!

???,???,????????,????????????

Liancheng Yazhi’s brain worked faster. He said to MeowMeow, ” ” little princess, you’ve seen that daddy is injured. daddy has to go to the hospital. it’s very painful to get an injection from the doctor. daddy and mommy know that you don’t like it there, so we didn’t bring you there. ”

?????,???,????????????,?????????:”Dad, you go then. Come on, the injection won’t hurt. You guys go ahead. I’ll have fun with the Auntie with the phone turned off.”

The corner of Rong Yan’s mouth twitched. Did this move have to be so effective?

liancheng yazhi waved at meowmeow. ” alright then. we’re leaving. ”

He turned around and whispered to caretaker li, " caretaker li, after we leave, strengthen the security in the house and check all the surveillance systems to see if there are any problems. It hasn't been very peaceful recently, so pay attention to MeowMeow's safety.

A person's greatest weakness was the things he cherished the most.

To Liancheng Yazhi, his biggest weakness was Rong Yan and MeowMeow. They were everything to him, and they could not make any mistakes!

Caretaker li nodded. yes, young master. Don't worry. No matter what, we will ensure the safety of the young miss at the first possible moment.

Finally, they went out. There were two cars in front and two behind. Liancheng Yazhi and Rong Yan sat in the car in the middle. The ostentatiousness this time was much bigger than before. The long fleet of cars ran on the road. People who didn't know would think that some important person from the higher-ups had come down to visit.

Even so, the two of them still reduced the number a little. If Secretary Zhou had arranged it, there would definitely be five cars in front and five in the back, as if the head of a country was going out.

Chapter 1057 Don't make things difficult for yourself and don't cause trouble for me

If it was allowed in China, he would have flown two more helicopters in the sky.

Rong Yan leaned on Liancheng Yazhi's shoulder. "Do I have to be like this when I go out in the future?"

Liancheng Yazhi pinched her face. it'll be fine after this period of time passes. It'll calm down. he said.

Rong Yan sighed again. sigh, I really don't want to see him. I don't even need to think to know what he will say.

Liancheng Yazhi looked at her and smiled without saying a word, letting her speak out the frustration in her heart.

She was unhappy and definitely needed to vent.

However, she had promised Rong nuo that she would take care of Rong shenghai, so she had to go and see him, which led to her current bad mood.

Liancheng Yazhi gently stroked Rong Yan's hair. "don't be angry. what can he do to us? But it's just like a mosquito bite. It's itchy, so I'll scratch it a little. It'll be fine after a while."

Liancheng Yazhi had never taken Rong shenghai seriously.

Rong Yan let out a long sigh again,"sigh, but I'm still so annoyed by Huahua."

They finally arrived at the place. Under the protection of more than ten bodyguards, they arrogantly arrived at the door of the ward.

Rong Yan glanced at Liancheng Yazhi. Under his encouraging gaze, she took a deep breath and pushed open the door.

The ward arranged for Rong shenghai was a single room. At this moment, the nanny was cutting the peeled apple into pieces and giving it to him, persuading him to eat a few bites. However, Rong shenghai was in a very bad mood and looked much older, so he shook his head and refused to eat.

The nanny was about to comfort her when she saw Rong Yan walk in. She was immediately surprised and quickly stood up. young Madam, you're here, Yingluo. her surprised expression immediately changed when she saw Liancheng Yazhi behind Rong Yan. Mr. Liancheng Yingluo, you're here too, Yingluo.

Hearing the nanny's words, Rong shenghai quickly turned his head and saw Rong Yan. He immediately called out, "Rong Yan, you're here, Yingluo."

Rong Yan didn't want to pay attention to him and asked the nanny, "How is it?"

it's fine. The doctor said that it's just a matter of time. Yingluo will be fine after a good rest. However, it's best to avoid emotional fluctuations in the future.

Rong Yan then looked at Rong shenghai. I promised Rong nuo that I would take care of you before he comes back, so I hope you can get well as soon as possible. Don't make things difficult for yourself and don't cause trouble for me. We are not blood-related, so I have no obligation to serve you like I serve my biological father. Besides, I have never served my biological father.

rong yan didn't want to have too much entanglement with rong shenghai, so she was ruthless as soon as she opened her mouth, no longer showing any mercy.

Rong shenghai had a good heart, but that didn't mean he could use his kindness as/tool to threaten others.

Rong shenghai's face suddenly turned pale, and his voice trembled, "Rong Linyi, Rong Yan Zhenzhen"

"you should take care of your body, otherwise, i won't be able to explain it to rong nuo."

Rong nuo had said every word clearly. Every word was like a needle. If it was pierced, it would bleed. She had made it clear that if it were not for Rong nuo, she would not have bothered with Rong shenghai at all.

So, don't even think about using other people's kindness to satisfy your kind selfishness!

" i'm leaving. you can stay here and be at ease. the hospital has already made arrangements. after you've completed your physical examination, wait for the doctor's notice. you can be discharged whenever they want you to be discharged. "

Rong Yan didn't intend to give Rong shenghai a chance to speak. He didn't even need to open his mouth, and Rong Yan could recite what he wanted to say.

Chapter 1058 Just jump down, you won't die

However, Rong shenghai was obviously not a person who would give up so easily.

He begged bitterly, " Rong Yan, I know that you're actually a kind and good child. I beg you, please go and see her. Yingluo is really dying. When one is about to die, one's words are kind. She just wants to see you one last time.

Rong Yan sneered, 'kind-hearted? If I told you that I was the one who put Yang Yan in there, would you still say that you're kind?'

Rong shenghai thought that Rong Yan had said this on purpose, so he suddenly got down from the bed. Rong Yan, I'm going to kneel down to you. I'm going to kneel down to you, okay? please, i'll kowtow to you!"

After he finished speaking, he really knelt on the ground. A man in his fifties or sixties with white hair and a hunched back used such a humble posture to beg Rong Yan. However, even though Xuanji was like this, Rong Yan felt a deep disgust at the same time that she pitied him. She hated Xuanji very much.

Using his so-called kindness as a shield to kidnap someone's will, wasn't that another kind of threat?

Rong Yan smiled,"do you think I want you to kneel?" I told you it's impossible, I won't go see her. Even if you kneel until you die, it's useless."

Rong Yan's indifference was like a thick Glacier from head to toe. No matter what method you used, you couldn't melt her at all.

The nanny couldn't bear to see this. young Madam, Qianqian, uncle Rong is already like this. Why don't ... Why don't you go and take a look? "

Rong Yan looked over coldly and said sternly, " shut up. If you don't want to do it, I'll give you a dismissal fee right now. It's not the first time I've forced someone to die anyway.

The nanny trembled in fear and did not dare to speak again.

She also knew about the previous reports. Although it was later clarified that the woman had died of anger and had little to do with Rong Yan, these words coming from Rong Yan's mouth now sounded particularly horrifying.

Rong shenghai couldn't believe it. He was already like this, but Rong Yan still refused to agree. He gritted his teeth, stood up suddenly, rushed to the window, opened it, climbed onto the windowsill, and stammered, "Yingluo, if you don't promise me, I'll jump down from here, Yingluo!"

Rong shenghai was trembling with fear, but he still stood on the window sill and looked at Rong Yan with a pale face.

"Uncle Rong, don't force the young Madam. Don't play with your life, Qianqian. Come down, Qianqian!" The housekeeper said in a hurry.

Rong Yan's hands slowly clenched. She really regretted promising Rong nuo to take care of Rong shenghai. He didn't know what was good for him.

She hated it the most when others forced her. But this Rong shenghai had forced her to Yang Yan again and again.

This man ... Could she say that she really wanted to kick him right now?

Anyone who wanted to use their life to threaten others would have lost the right to live. They had to cherish their own lives.

Liancheng Yazhi walked to Rong Yan's side, grabbed her hand, and transferred strength to her.

there was no worry on Rong Yan's face at all. Instead, she was extremely cold. She raised her other hand and carefully looked at her trimmed, round, and smooth nails. She blew on them gently. "Okay, just jump. You're on the second floor now, so you won't die even if you jump. Just jump. It's no big deal. At most, you'll break your arms and legs. I'll find the best orthopedic experts in the country to treat you. Don't worry ... Just jump."

Chapter 1059 the evil queen in snow white

After Rong Yan finished speaking under the dumbfounded gazes of the nanny and Rong Shenghai, she turned around and pulled Liancheng Yazhi away.

She would not compromise. Threatening her with death? Hmph, does Ran Ran think she's a Virgin Mary Sue?

She was not a Saint, she was the Evil Queen of Snow White!

Rong Shenghai's voice came from behind, "Rong Yan, how can you be so cold? Has your heart been eaten by a dog? That's your biological mother, what's wrong with taking a look at her? You're doing so well now, but she's in such a miserable state. Isn't this punishment enough for her?"

Suddenly, a murderous look shot out of Rong Yan's eyes. She turned around and said to Rong Shenghai coldly, "Right, not enough! Even if she dies, I won't be able to vent my hatred."

I'm just like that. No one's willing and no heart. My conscience has been eaten by dogs. From today onwards, don't come looking for me. If you anger me, I'll make you end up like her.

Rong Yan's eyes were too cold, and her words were too murderous. Rong Shenghai was so scared that his feet softened and he fell from the window sill. Fortunately, he fell inside and did not fall to the first floor.

Rong Yan pulled Liancheng Yazhi and left, leaving without any mercy.

After she left, she would never come back to see Rong Shenghai.

The nanny helped Rong Shenghai up and said, "Uncle Rong, you're so silly. If the young madam was really that cold and heartless, why would she take care of you like this? Look at the good life you're living now, it's all because of her. She's not even related to you, but it's wrong of her to take care of you and force her to do something she doesn't want to do. Just because she didn't do what you wanted her to do, does that mean she's not around?"

"What you said really hurt young Madam. She probably won't come again in the future. Ai, Huahua."

Rong Shenghai was frightened by Rong Yan and said in a daze, "How can she be like this? I've already begged her like this, how could she be so cold and distant?"

The nanny shook her head. It was really a dead end. Even she, an outsider, could see it clearly, but Rong Shenghai himself couldn't.

That pair of mother and daughter in name, but in reality, they already had a deep hatred for each other. How could they sit down and talk?

The nanny felt that Rong Yan should be very kind since she could spend so much money to take care of a stepfather who had no relationship with her. However, she was so resistant to her birth

mother. She could only say that her birth mother had once done something that she could not forgive for the rest of her life.

.....

After coming out of the ward, Liancheng Yazhi comforted Rong Yan. don't be angry.

Rong Yan shook her head with a relaxed expression. I'm not angry. That shout of mine actually let out all the gloominess in my heart. I can finally have an excuse not to come here anymore. I think it's a good thing.

As the two of them talked, they went downstairs. A nurse wearing a mask happened to be carrying a plate with a glass of water and some medicine on it. She walked past them.

The moment they brushed past each other, neither of them paid any attention.

But,

after taking two steps, liancheng yazhi suddenly stopped.

"Why aren't you walking?" Rong Yan asked her.

Liancheng Yazhi slowly pulled Rong Yan behind him and said to the nurse, "Stop there."

The nurse was stunned for a moment. She stood still and slowly turned to look at Liancheng Yazhi.

"Take off your mask," Liancheng Yazhi said indifferently.

the other party did not move. he said to a bodyguard, "Go and help her."

Chapter 1060 hubby, can you be any smarter?

The bodyguard cautiously walked towards the nurse and said, "I've offended Yingluo."

Then, his left hand quickly reached out to the nurse's face. Just as his hand was about to touch the nurse's mask, the nurse suddenly took out a gun from under the tray and pointed it at Liancheng Yazhi.

Unfortunately, she wasn't fast enough. Her fingers hadn't even touched the board when her neck was broken with a crack.

this scene happened so quickly that no one could react in time, and rong yan was dumbfounded.

Liancheng Yazhi hugged Rong Yan and said to the bodyguard, "Clean it up and let others find out."

Once again, he was glad that he had followed Rong Yan here and brought someone with him. Otherwise, the consequences would be unimaginable if Rong Yan had come alone.

The two bodyguards at the back nodded,"it's Yingluo."

The others quickly surrounded Rong Yan and Liancheng Yazhi, protecting them as they quickly left.

It was not until they got into the car that Rong Yan recovered a little. She quickly asked Liancheng Yazhi, "How did you know that there was something wrong with that nurse?"

Liancheng Yazhi smiled and said,"when she walked past me, there was the smell of Cologne on her body. It was very light and dense."

“Are you saying that she’s a man?” Rong Yan’s eyes widened.

Liancheng Yazhi nodded. that’s right. She is a man.

Rong Yan swallowed her saliva. Oh my God, I couldn’t tell at all. Her figure is very slender and she’s not too tall. She looks no different from a woman.

“Then how did Yingluo know we were going to the hospital?”

“They must have concluded that you would definitely go to the hospital to see Rong shenghai, so they hired a killer in advance. The shoes on the nurse’s feet fit her very well and she must have been wearing them for a few days. So I guess that he has been in the hospital for the past few days, waiting for us to come. However, we brought a lot of people today. He knew that once he made a move, he would not be able to escape. So when he walked past us, he was planning to give up.”

“how do you know that he’s planning to give up?” rong yan asked in surprise.

Liancheng Yazhi spread his hands and said,”he doesn’t have any murderous aura.” Unless he’s the world’s top assassin with a strong mental quality to the point of perversion, it’s impossible for an ordinary assassin to not have killing intent when he decided to take action. You also saw that the assassin was so easily dealt with. He wasn’t a powerful character, so I think he wanted to give up at that time.”

It was a pity that she was unlucky enough to meet Liancheng Yazhi and could only die.

“That’s reasonable.” rong yan looked at liancheng yazhi with admiration.”Hubby, can you be any smarter?”

Liancheng Yazhi nodded and said,”sure, Yingluo.”

“Rong shenghai, we have to move.” This time, they didn’t touch Rong shenghai. They thought that he could attract Rong Yan to come here. However, Rong Yan had already told Rong shenghai that it was impossible for them to go over. The other party might use the most old-fashioned way to kidnap Rong shenghai and force Rong Yan to show up.

And Rong Yan’s appearance was naturally equivalent to forcing Liancheng Yazhi to appear.

rong yan rubbed her forehead. ” let’s transfer him. but where should we send him, ran ran? ”

“Don’t worry, I’ll send him to a good place to recuperate. I guarantee his safety.”

Liancheng Yazhi’s smile was a little treacherous!

However, he paused for a moment and continued, ” “We might also need to move Xuanji and Yang Yan.”

Rong Yan’s expression changed. She turned sideways and said coldly, ” “She doesn’t need Yingluo to die. She deserves it.”
