

Permit Me 1071

Chapter 1071 A little less manly

Su Yue was confused. it's so late. Of course, I'm sleeping. What's the matter? why are you asking?
”

a faint smile appeared on mu weibai's face, and he patiently explained,”on the 29th, at 11 pm, there was a gunfight on xxx road. eight people died, and there were four taels of damaged cars at the scene. i'm sure you know about this case, mr. su.”

Su Yue was enlightened. Oh, you're talking about this case? of course I know about it. The media has been reporting on it for a long time, who doesn't know about it? but what does this have to do with me? could it be that you're here for me? ”

“what do you think?” mu weibai indifferently said.

Su Yue smiled. She wasn't worried at all. Instead, she spread her hands and said,”Then I'd like to hear what this case has to do with me.”

Mu weibai replied, ” the case is still under investigation, but it's not convenient to disclose too much because it involves too many people. Let's continue with the previous question. Mr. Su, you said that you were sleeping in the hotel at 11 O 'clock that night. Who can testify for you? ”

Mu weibai's reply was very official, refuting su Yue's words and bringing the topic back to the previous question.

in this kind of conversation where both sides were very aggressive, if you didn't pay attention and the other side took the initiative, then you could only be suppressed to answer. it was obvious that su 'er and mu weibai knew the technique of talking.

Su Yue was very cooperative. of course you can. I came back at 9:30 am that day and ordered supper at 9:30 am. I haven't gone out since. You can check the elevator's surveillance records or ask the staff on duty in the lobby. There weren't many people who came and went after 9:30 am, so the staff on duty should have an impression of it.

Mu weibai placed his hand on the armrest of the sofa and curled his index finger. it seems that Mr. Su doesn't know much about hotels. This hotel's kitchen has a back door, and you can go out directly. Also, the surveillance camera in the kitchen has a blind spot, so you can avoid being discovered. Similarly, if you don't take the elevator, you won't be seen even if you take the stairs.

Mu weibai's words were indirectly telling su Yue that she didn't have any evidence to prove that she was at the hotel that day. Similarly, she couldn't prove that she wasn't at the scene of the crime.

Su Yue glanced at mu weibai's hand and quickly shifted her gaze. if officer mu didn't tell me, I really wouldn't know. It seems that I can try it next time.

Mu weibai looked at su Yue for a while, and his eyes swept across the ashtray on the coffee table. He suddenly asked, ” “Mr. Su, do you smoke?”

“how many men don't smoke?” su yue chuckled.

“Indeed, a man who doesn’t smoke is less manly. You don’t mind if I smoke here, right?” mu weibai’s sudden words made chen minqiang feel very strange. why was this new captain’s procedure different from others?

Su Jue had already been listed as a suspect, but commander mu rarely asked about the case. Why did he ask such a question that was completely unrelated to the case? Could it be that he was addicted to smoking?

For a moment, Chen minqiang looked down on the new brigade leader, but he did not dare to show it. He could only silently curse in his heart.

“Of course I don’t mind. Officer mu, please do as you please.” Su Yue extended her hand.

Mu weibai took out a cigarette and handed one to su Yue. “Please don’t mind, my cigarettes are not as good as Mr. SU’s.”

Chapter 1072 A man with OCD

“Thank you, officer mu.” Su Yue took it. He didn’t want it at first, but mu weibai’s cigarette was a little strange. It was slightly longer than ordinary men’s cigarettes, and there were no words or symbols around the cigarette. It was snow-white, and from a distance, it looked like an elongated chalk.

“Why isn’t there a brand? is it self-made?” su Yue asked.

yes, self-made. The cigarettes sold outside don’t taste good enough. It just so happens that my relatives in my hometown have a kind of tobacco, so I asked them to make some for me.

“That’s convenient for Yingying.”

The two of them were like ordinary people they met on the street, casually chatting about some seemingly unrelated issues. When the cigarette was finished, mu weibai pressed the cigarette butt into the Golden ashtray.

then, mu weibai unexpectedly stood up and said, thank you for your cooperation, Mr. Su. I hope that you won’t leave the capital in the near future. If there are any new developments in the case, we will come to you again. Of course, if you remember anything that can prove that you were at the hotel that day, you can also give me a call. This is my phone number.

Mu weibai pulled out a piece of paper the size of a flare. The introduction on it was very simple: mu weibai, and below it was a phone number.

However, it was obvious that the business card was cut from waste paper that was not used by the company. It was very reasonable to recycle waste.

“Alright, I’ll cooperate with the police,” su Yue said as she took the phone.

“Goodbye, Mr. Su.”

“Goodbye, officer mu.”

Chen Min Qiang followed behind mu weibai in confusion. He felt that it was too ridiculous. He didn't ask anything, just smoked a cigarette, and casually said some useless things. What was this? Is this how you handle a case?

This wasn't the captain of the criminal Police. Even the enforcement officers were better than him!

Once they entered the elevator, Chen minqiang couldn't hold it anymore. He finally asked, "Captain mu, you didn't ask anything. Is there no problem with su Yue?"

Mu weibai simply replied, "We'll talk in the car."

Chen Min suppressed the many questions in his heart and finally got into the police car. Captain mu, you didn't ask anything about su Yue. Is he okay? "

Mu weibai started the car. I'm not sure if there's anything wrong with him, but he was definitely not in the hotel that night seven days ago.

chen min qiang was in disbelief. mu weibai had said it with such certainty, as if he had indeed seen su yue not in the hotel that day.

"Ah? How did you know? he didn't say anything."

"An ashtray."

"What? What's the relationship between this ashtray and the two?" Chen minqiang felt like his brain couldn't keep up with mu weibai's.

"Did you see the cigarette butts in the ashtray?" mu weibai asked.

Chen Min Qiang subconsciously shook his head. who would pay attention to that without Qianqian? we're going to ask him. Is there a need to look at the decoration of his room? "

Mu weibai smiled. but I saw it, so I'm the captain from the moment I came. You've been working hard for so many years, but you're just a police officer.

"Captain mu, if you're talking about a case, then just say it. Don't be such a blow to us!" Chen minqiang said with a bitter face. It's not easy for me to get to where I am today, Yingluo."

Mu weibai turned the steering wheel to the left when they reached a turn. "Okay, let's continue. First of all, su Yue isn't addicted to smoking. Smoking is just a habit of his. He's probably used to smoking one a day and has a little obsessive-compulsive disorder. The length of each cigarette left at the end is the same, and he has to place it neatly in the ashtray."

Chapter 1073 Is su Yue a God or a ghost?

chen min qiang still couldn't make sense of it. as for how mu weibai calculated that su 'er would have one cigarette a day, he didn't want to ask. "But that doesn't mean he wasn't at the hotel seven days ago?"

Mu weibai took out a piece of scrap paper from his pocket and threw it to Chen minqiang. "I've asked the hotel staff, and they said that su Yue's room only needs to be cleaned once a week, apart from changing the bed and blanket every day and the bathroom! And the last time they cleaned up was the day before the incident."

Chen Min Qiang's eyes lit up. ah, I understand now. You mean, the number of cigarette butts in the ashtray doesn't match? ”

“That's right, a total of six, including the one I made him smoke today, seven. It's just short of the cigarette butt from the other day.”

After hearing mu weibai's analysis, Chen minqiang was very excited. “If that's the case, then there's something wrong with su Yue. Why did he avoid the surveillance cameras that night? is he hiding some secret? What did he do after he left? We'll really have to investigate this properly.”

chen minqiang's contempt for mu weibai had completely disappeared at this moment. this captain was different from the past. his brain, observation, and logical thinking ability were particularly powerful. from the small matter of the ashtray, he could see that he could see a side that others couldn't.

Captain mu, what should we do next? should we continue to dig deeper into su 'er? ”

mu weibai nodded. ” of course, continue to dig and increase the intensity of the digging. mainly, investigate su 'er's circle in the capital, who she's close to and who she has grudges with. why is she staying in the capital recently? ”

“alright, let's see if su 'er is a god or a demon.”

Chen Min Qiang suddenly thought of something. Oh right, Captain mu. This su 'er has quite a powerful background. If we investigate her, there will definitely be resistance. What if we can't do it? ”

mu weibai wasn't worried at all. “you're not the one who should worry about this problem now. when the higher-ups suppress it, someone will naturally replace it.”

“Did Yingluo push it up?” chen min qiang sneaked a glance at mu weibai. he had a confident look on his face, as if he wasn't worried about su yue's background at all.

Chen Min Qiang thought to himself, 'could this person also be an old man?'

Otherwise, why would he suddenly appear out of nowhere?

.....

After mu weibai and Chen minqiang left the hotel, Secretary Zhou immediately called Liancheng Yazhi and reported the news to his boss.

“Young master ya, the new captain of the criminal Police team from the Public Security Bureau has already brought some people to look for su Yue. They just came out of the hotel she's staying at.”

“Oh, do you know what happened to them after they entered?” Liancheng Yazhi and Rong Yan were playing puzzles with MeowMeow. He had to pretend nothing had happened while talking to Secretary Zhou on the phone. He also had to take care of his daughter and prevent Rong Yan from hearing anything. It was very hard.

I don't know. However, after the two of them came out, one of them wasn't in a good mood. The new captain seems to be quite happy. It seems like there's been some new progress, but we don't know for now.

"Continue to monitor him and see what his next move is."

"it's yingluo."

"How is your work with Xin Yang?"

After a long while, Secretary Zhou's voice resentfully said, "Can you exile young master ya and send him to Africa to herd sheep after his vacation is over?"

Chapter 1074 Young master ya, you're too sinister

Secretary Zhou really wanted to say the last sentence to Liancheng Yazhi. Young master ya, can we exile you to the African region to raise an ostrich?

Secretary Zhou was originally very grateful to Liancheng Yazhi. He thought that the old man had finally been moved by his conscientious and hard-working attitude, so he specially found someone to help.

The result:

Forget it, I don't want to say anymore. It'll only bring up tears.

Liancheng Yazhi raised his eyebrows. It seemed that they did not get along well. He was not surprised at all by this result. Anyway, he knew the temper of the two people. It would be strange if they could get along well. Secretary Zhou (:::>_<::) young master ya, what do you mean? if you knew, why did you still ask me to look for him? You're sincere, aren't you? How can you be so sinister?]

Liancheng Yazhi asked, "what's wrong?" He didn't help you?"

Secretary Zhou was deeply heartbroken. young master ya, I feel that I won't love him anymore in the future. If you have anything to say, you should go and ask him.

Liancheng Yazhi laughed out loud when he heard this.

Secretary Zhou was deeply resentful. F * ck, Liancheng Yazhi, you did it on purpose, right? you did it on purpose. You brought this stupid guy back. Are you asking him to help me or are you asking him to ruin my reputation?

Boss, I won't believe you anymore. I really can feel your deep malice towards me. I don't want to hear you talk anymore. I'm going to heal!

Secretary Zhou finally mustered up the courage and said in a very resentful voice, "young master ya, if you don't have any further instructions, i'll hang up now. i'm very busy right now."

What Secretary Zhou meant was, "she's busy and doesn't have time to talk to you. Don't waste her time."

Liancheng Yazhi's smile deepened, "okay, hang up, Yingluo."

Finally, for the first time in his life, Secretary Zhou hung up his boss's phone call before his boss hung up. The moment he pressed the end button, Secretary Zhou's heart surged with excitement!

this was a historical breakthrough. with this start, he might not even dare to say anything when he faced young master ya's oppression in the future. oh yeah! [young master ya: young man, you're thinking too much!]

Seeing that Liancheng Yazhi was so happy, Rong Yan asked him, " "So happy? What good news?"

Liancheng Yazhi smiled and threw his phone aside. it's not a good thing. I just think it's quite fun. Five days ago, one of my men in charge of South America, Xinyang, happened to come back from abroad for vacation. I told Secretary Zhou to ask him to ask Xinyang for help. I think Secretary Zhou is not on good terms with him. He told me that he doesn't feel like he'll love him anymore.

Rong Yan also laughed when she heard that. However, after laughing, she said, " "Give Secretary Zhou a break later. Ever since I've known you for so long, I've never felt like he had a break. Whenever you have something to do, you just throw it to him to do it. Look at him, he's not young anymore. He's even a few years older than you and still hasn't gotten married. All his time is spent on work. You should also give him some time to settle his personal problems."

liancheng yazhi scratched his head. " actually, i also want to give wanwan a break, but he's like my two hands. without him, there are many things that can't be completed. he's responsible for communicating between me and my subordinates. if he's on leave, there will be a break in communication between me and my subordinates, which will harm the company's interests. "

—

Chapter 1075 All the best, Secretary Zhou!

rong yan didn't know much about the group's internal operations. she said, " "Then you should be trying to adapt to the situation without Secretary Zhou. How can you quickly and effectively communicate with your subordinates?"

Liancheng Yazhi said a little helplessly, " when I first entered the company, I was young and aggressive, and the environment wasn't very good, so I didn't dare to trust people easily. At that time, Secretary Zhou was the only person I trusted. After a long time, this phenomenon formed, and it's hard to change. Moreover, the secretaries around our Liancheng family are basically permanent. Basically, from the time we took power to the time we stepped down, it was always a Secretary who took care of everything.

"then, can you train another one? This way, the two of them can take turns. Otherwise, it would be too pitiful for Secretary Zhou to be on duty all year round." Rong Yan thought about it. If she had to work 365 days a year without any rest during the new year, she would really be driven crazy by her boss.

And it was not easy for Secretary Zhou to persist for so many years.

Liancheng Yazhi leaned over and rested his head on Rong Yan's lap. I've thought about this problem long ago, but it's very difficult, very difficult. It took the old master more than ten years to train a Secretary Zhou. From the moment I was born, he had chosen Secretary Zhou as my other hand to train. If this kind of Qianqian can have Secretary Zhou's outstanding ability and also guarantee absolute loyalty, it's very difficult.

People with ability were often unwilling to bow down to others, and they all had ambitions.

Ambition was a driving force, but at the same time, it was also a terrifying danger.

If Secretary Zhou did not have absolute loyalty to Liancheng Yazhi, it would be easy for him to do anything to him with the power he currently had.

Rong Yan agreed with this point and nodded. that's true. It's really rare to find someone as capable and loyal as Secretary Zhou.

Now that there were few things to do, there was no lack of ability or a central person. However, there were few people who could combine the two.

Rong Yan sighed. Secretary Zhou, it's not that I don't want to help you, but the reality is too cruel. Who asked you to have so many points? There's no choice, you should do more work, come on! I believe that you will do a good job.

Suddenly, Liancheng Yazhi sat up and smacked his head."how could i have forgotten about this?"

Rong Yan was worried about his sudden action and quickly asked, "What's wrong?"

in order to train my left and right hands, the old master started the selection process before I was born. After I was born, he started to train them. When I grew up, they could immediately stand behind me. Now, I should also train my son's hands in the future.

Liancheng Yazhi stood up and paced around the room anxiously. He muttered to himself, "How could I forget such an important matter?"

don't be in a hurry. This matter isn't urgent. The son hasn't been born yet. We'll talk about it after he's born.

Liancheng Yazhi shook his head. this is not a small matter. It's very important. I have to quickly get people to search for orphans all over the country and conduct a screening.

He hugged Rong Yan's head and kissed her on the forehead. "You play with

After saying that, he quickly ran away. Rong Yan smiled. She had always said that Liancheng Yazhi had become very mature and steady recently, but he was actually quite childish most of the time.

Chapter 1076-not a good person

On the other hand, su Yue was in a bad mood.

Although he acted very well in front of mu weibai, and seemed to be joking and relaxed, after they left, su 'er's face immediately became very unsightly, and she grabbed an ashtray and threw it to the ground.

However, the floor was covered with soft tiles, and the ashtray only made a muffled sound and rolled a few times on the ground before stopping, unscathed.

su yue kicked the coffee table and cursed in english.

After venting her anger, su Yue picked up her car keys and left.

He drove to the military camp in the capital to find Tang han.

Tang Zhen had been transferred here. Regardless of whether the Tang family was clean or not, at least Tang Zhen's ability was obvious to all. Furthermore, he had risen from the bottom. Although he had some connections with his family, it was ultimately due to his own hard work. He had made

many military achievements and was outstanding. There was no reason for the people at the top not to use him.

As long as Tang Zhen didn't help the Tang family in this matter, or even if he did, as long as the higher-ups didn't find any evidence, then his future shouldn't be affected.

after su 'er found tang han, she told him about how mu weibai had found her.

After Tang Zhen heard this, he threw the pen in his hand and his expression was quite serious, " " i know about this case. there are a few higher-ups who are paying attention to it because the weapons they use are very advanced. one of them was recently developed in foreign countries and has not yet been equipped in the military on a large scale. however, this kind of gun appeared in our country, which has made the higher-ups very concerned. they have put pressure on the police and asked them to find out the origin of those guns. "

"But, how did this case end up with you? Even if you did it, you wouldn't have left any evidence for them to find, right?"

Tang han and su 'er's relationship was quite close, but they also had their own secrets.

For example, some of the businesses that su 'er did after Tang Han's death might be illegal, but he didn't care about it. This was their own privacy and there was no need to ask.

Su Yue shook her head in frustration. it doesn't matter if I did it or not. The point is that someone wanted the police to think that I did it.

Su Yue wasn't an idiot. He knew that the reason why the police came to find him was not simple. There was a possibility that someone had set up a trap for the police to find him.

"who do you think that person is, and what's the background of that police officer mu weibai you mentioned?" tang han asked su jue.

I'm not sure yet, but he's definitely not a kind person. Check him out. His accent is from the capital, and he might have served in the Army before. However, he doesn't look like you guys. I think he might have been a sniper or something. While mu weibai was observing su 'er, su 'er was also observing him.

Su 'er's gaze paused on mu weibai's hand. She saw that there were calluses on his index finger, and when he placed it on the sofa's armrest, his index finger would inadvertently bend, which was similar to pulling a trigger.

Thus, su 'er guessed that mu weibai might have been a sniper before. Even if he didn't, his marksmanship should be extremely accurate.

it's not unusual to be a soldier. Many of the members of the criminal Police unit used to be retired soldiers. For him to be suddenly transferred to the Public Security Bureau and become the captain, he must have a strong background.

Chapter 1077 It's him, Liancheng Yazhi!

"But there doesn't seem to be anyone with the surname mu in the imperial capital, right?" Tang han frowned.

Su Yue chuckled, 'does his background have to be mu? You'd better first check if there's a person called mu weibai among the retired officers in the Army in recent years.'

Tang han nodded. alright, I'll help you investigate this. Oh, right. You just said that someone wanted the police to think that you did it. Who is that person? " He did something behind the scenes, and even the police didn't find out. Isn't he a little too powerful?"

"You also know this person." Su 'er stood up, picked up a dart from Tang Han's desk, and stood in front of the target.

"Who is it?"

Su 'er aimed at the center and threw the DART. "Liancheng Yazhi,"

The DART hit the bullseye.

When Tang Zhen heard this name, he subconsciously rejected it, " "Why is he involved again? that case doesn't seem to have anything to do with him, does it?"

Tang Zhen's dislike for Liancheng Yazhi was no less than his dislike for Tang Zong. In fact, it was even more than his dislike for Tang Zong.

Su Yue walked to the target and looked at it for a while before pulling the DART out. on the surface, it looks like it's fine. Even if it's related, with Liancheng Yazhi's ability, isn't it easy for him to get rid of this matter? "

"But that doesn't mean that it has something to do with Liancheng Yazhi." Although he hated Liancheng Yazhi, Tang han did not want to wrong anyone in this matter.

He was a person who separated public and private interests. The higher-ups were paying attention to this case and must find out the origin of the dead people and the source of the guns in their hands. This was a big matter for the Army. If they made a mistake and got the wrong people, it would be a loss for the Army. Tang han did not want to see this.

Su Yue took a few steps back with the DART in her hand. after the robbery that night, the next day at work, Liancheng Yazhi went to the office with one arm hanging. He told the public that he accidentally broke his arm, but ran ran, do you think it's such a coincidence? "

"How do you know so much?" Tang han asked in confusion.

Su Yu shrugged. Liancheng Yazhi's injury isn't a big secret. The whole company knows about it. I only need to care a little and I'll know. It's not difficult.

"Perhaps it's just a coincidence." Tang han thought for a while.

"I don't believe in coincidences. I think it's him." Su Yue said with certainty.

"then what do you want?" tang han frowned.

I'm just playing. I'll counter every move I see. Since he can put the blame on me for something that has nothing to do with me, of course I can't be a coward.

Su 'er turned around and looked at Tang han. He walked in front of him and placed his hands on the desk. He leaned over and said, "Big brother, why don't we join forces this time? you don't have a

good impression of Liancheng Yazhi, do you? Have you forgotten how he humiliated you not long ago?”

Tang Han raised his head and looked at Su Yu. Of course I didn't forget, but I have my principles. Private matters are private matters, and public matters are public matters. They can't be mixed together. I'm waiting for the investigation, waiting for the military's own investigation. If there is conclusive evidence that it is indeed related to Liancheng Yazhi, then I will definitely follow the arrangements of my superiors and take the corresponding action. But now, I can't.

Tang Zhen's words were loud and clear. Once he said it/he wouldn't change his mind. He was like this. He used his actions to explain the inherent rules of a soldier!

“”

Chapter 1078 Cousin brother and cousin brother are a family

Su Ben looked at Tang Han for a while and finally laughed, alright, I'll come to you when the investigation results are out.

His words seemed to confirm that the investigation results from the higher-ups were definitely Liancheng Yazhi.

Su Yue stood up. "I'll go back first. You can continue with your work."

Tang Han was still worried. He warned her. Don't act rashly. You can't win against Liancheng Yazhi alone in the capital.

Tang Zhen and Liancheng Yazhi's enmity wasn't shallow, but he still hadn't rashly made a move. After he really entered the imperial capital, he discovered through many people and channels that the power of the Liancheng family wasn't as simple as it seemed on the surface. The power behind him was deeply rooted and complicated. If he wanted to move, there was only one word-difficult!

Therefore, Tang Han was still in the observing stage.

Su Yu shrugged, "I didn't say I'm going to fight him now." Besides, it's not like you don't know that I'll only make a move when I'm completely confident. It won't be that easy. It's better to bide our time for now and see what other tricks they have up their sleeves!"

Su 'er changed her tone. Maybe you're right. When the investigation results show that he's not the culprit, I won't have to fight with him anymore. Don't you think so? "

"It's good that you've thought it through." Tang Han heaved a sigh of relief. He felt that Su Su was not very friendly when she mentioned Liancheng Yazhi.

"I'll be leaving then." Su Yu waved his hands at Tang Han.

Okay, let's go back. Be careful on the road and don't go to messy places for the time being.

"Yes, I know. Oh, right, did Tang Zong look for you recently?"

After hearing Liancheng Yazhi's name and Tang Zong's name, Tang Zhen felt his ears hurt a little."No, why?"

"It's fine. If you meet him next time, tell him I'm looking for him for a drink." Su Yue said as she walked out.

“Su Feifei, stop right there.” Tang Han’s expression was complicated.

“What’s wrong?” Su Jue turned around and looked at Tang han with a confused expression.

Tang Han’s eyes were like torches as he stared at su PEI’s face. He didn’t want to miss even the slightest change in his expression.”You’re only looking for Tang Zong to drink?”

It could be said that su Jue and Tang Zong were only acquaintances who nodded at each other. They would only greet each other when they met. Tang ju, su Jue’s cousin, who was not from the Tang family, was not interested in finding trouble with him. And su Jue did not want to provoke Tang Zong, who was like a lunatic. So, why would these two people sit down and drink together?

since su ‘er suddenly said this, it meant that the two of them had some sort of interaction without tang han knowing.

“Of course, I’m just drinking. What else can I do?” su Yue replied casually.

“Since when did you and Tang Zong have such a good relationship?” Tang han asked step by step.

“Cousin, cousin, isn’t it normal to have a good relationship?” Su Yue said matter-of-factly.

“Normal my A * s! What kind of shady deal do you have with him?” Tang han cursed.

” big brother, look at what you’re saying. what kind of shady business could we have? we just suddenly met a while ago, and we had nothing to do anyway, so we sat down and had a cup of coffee. that’s all. ”

“That’s all?” Tang han absolutely didn’t believe it.

Su Yue smacked her head. Oh, he said that he’s interested in some of our company’s precision equipment and wants to buy some. I agreed, but the contract hasn’t been signed yet. I wanted to ask him about it, so that’s it.

.....

Chapter 1079 You’re the sinister one

Su Ben hit Tang Han’s shoulder, ” “Big brother, don’t be so nervous. I’m a businessman. There’s no reason for me to reject the money that’s sent to my door. There won’t be too many connections between Tang Zong and me. Don’t worry.”

Tang Zhen was still worried. Anything that involved Tang Zong was definitely not a good thing in his mind.

“Are you really just doing business?”

“Really?” su Yue nodded.

“Be careful. Don’t have any more dealings with him after this business.” Tang Zhen had always been wary of Tang Zong.

“I know.”

After walking out of Tang Han’s office, su Jue walked around the military camp before getting into the car and leaving.

.....

The next night, after Rong Yan’s family had dinner, Liancheng Yazhi went to answer the phone. Rong Yan turned on the TV and watched the news out of boredom, but she was attracted by the news on the TV.

according to reliable news from the police, the gunfight that took place in the city center on the night of october 29th was related to a man surnamed su. it was also revealed that the man was staying in a five-star hotel. the public security bureau had already gone to look for the man yesterday and asked him not to leave the capital before the case was clear.

After watching the news, the remote control in Rong Yan’s hand fell to the ground.

The man named su?

The only person Rong Yan knew who had woken up was Su Yu.

Although the TV didn’t mention any names, Rong Yan had a feeling that they were talking about su Yue and Feifei.

When she was done, Liancheng Yazhi came down from upstairs. Rong Yan quickly called out, ”
“Yazhi, come and watch the news.”

“What’s up? is there something new?” Liancheng Yazhi walked to Rong Yan’s side, sat down, and hugged her waist.

“The TV said that the police suspected that the attack on you that day was related to a man with the surname su? Yesterday, the police went to the hotel he was staying in to question him.”

Liancheng Yazhi was stunned for a moment and frowned. really? The police found a lead so quickly?”

“the man with the surname su, do you think huahua is su yu?” rong yan asked.

liancheng yazhi smiled. ” there are too many people with the surname su in this world. you’re being overthought. the police will investigate. we’ll just wait for the results. ”

“Do you think it’s possible?” Rong Yan couldn’t be happy. If Su Yu really wanted to kill her husband, of course, she wouldn’t be able to remain calm.

Liancheng Yazhi nodded. yes, of course there is. His surname is also su, so he’s naturally one of the suspects, but it’s also possible that he’s not. After all, su Feifei and I don’t really have a big grudge against each other, right? ”

Of course, Liancheng Yazhi wouldn’t tell Rong Yan that he was trying to frame Su Yu this time. Even if he couldn’t convict Su Yu of a crime, he would still disgust her for a while.

he had to teach yingluo a lesson for having improper thoughts about his wife.

When Rong Yan heard Liancheng Yazhi put in a good word for Su Yu, she suddenly felt that he was a big-hearted person. yes, you're right. Maybe I'm overthinking it.

However, what Rong Yan did not know was that Liancheng Yazhi immediately sent a text message to Secretary Zhou when she was not paying attention.

[Secretary Zhou, what's with the news on TV? why did it pop up so quickly? [Didn't I tell you not to reveal this before he's been convicted?]

very soon, secretary zhou replied, [young master ya, this has nothing to do with us. who knows how the tv station found out? it's definitely not us who deliberately released the news. maybe ran ran and the others got the news from the police station?]

Chapter 1080 Bold Secretary Zhou

liancheng yazhi silently reprimanded secretary zhou in his heart and quickly typed a line of words. [it can't be the police. They're not fools. This is a big case. They didn't have any conclusive evidence. Why did they spread the news? are they waiting to be criticized by the higher-ups?]

[young master ya, I've already sent someone to investigate, but there's not enough manpower. I can't handle it on my own. Can you see if Yingluo can help you?] Secretary Zhou tactfully expressed his urgent need for help.

Liancheng Yazhi said, [ask Xinyang to come over tomorrow.]

In less than a second, Secretary Zhou's text message came in. [are you going to lecture him?]

Liancheng Yazhi replied, [yes!]

Whoosh. In less than a second, Secretary Zhou said in a very silly and cute manner, " [can you let him go over now?]

Liancheng Yazhi gritted his teeth. [scram!]

This guy had become a lot bolder recently, even daring to bargain with him.

secretary zhou quickly changed his attitude. " okay, i'll make sure he'll be there on time tomorrow. what time are you free? "

Liancheng Yazhi told himself that he would never send another text message after sending this one. [after nine in the morning.]

[okay, tell him to report to work at 9 o'clock sharp tomorrow.]

After that, Liancheng Yazhi deleted all the messages he had sent to Secretary Zhou. It was best not to let Rong Yan see these. Although Rong Yan rarely looked at his phone, he deleted them just to be safe.

Liancheng Yazhi kept thinking about that news. Although it only revealed a little and did not directly say that it was su Yue, anyone with eyes could see that it was just the prelude. There would be more related reports later on.

He had to find out who had extended this hand. Otherwise, it would mess up his plan and it would not be a small matter.

Liancheng Yazhi quietly got out of bed, picked up his phone, and went into the bathroom. He closed the door and once secretly made a call behind Rong Yan's back.

Liancheng Yazhi dialed a number that was not in his contact list and it took a while before the call connected.

Without waiting for the other party to speak, Liancheng Yazhi asked in a low voice, "Who was the one who leaked the news today?"

A tired and hoarse voice came from the phone. we've already checked. It's not from our side, so we're not sure yet.

liancheng yazhi frowned and said, 'not from you? This is strange.'

there's nothing strange about it. There are more than one or two families who are concerned about this matter. You're not the only one who wants to play tricks on this matter. Just wait and see. The surface will slowly surface.

Liancheng Yazhi leaned against the wall, his long fingers pressing between his eyebrows. "Alright, I know. You think Yingluo?"

"do you think su yue deliberately leaked the information?" he asked after a moment of hesitation.

we can't rule out that possibility, but we can't be sure that it's him either, because there's no benefit to him if this matter is leaked. He's not an idiot. Besides, even if he's to be released, he'll have to find someone who can prove his innocence and clear his name in front of the public before he dares to do this. He'll hurt himself first, then clarify himself. This way, everyone will sympathize with him and support him. But everything is unclear now. It's meaningless to reveal it so early. It's very likely that the other forces want to use this matter to gain some strength."

The solemnness on Liancheng Yazhi's face did not fade. I'll get rid of ran ran first for the reporter who reported this.
