

Permit Me 1091

Chapter 1091 I have zero resistance to you

this Yingluo is very strange. Our men were standing guard outside the door, but they didn't hear any strange sounds. Suddenly, there was a bang, and we quickly looked over. At that time, she had already fallen out of bed and was lying on the ground. We ran in and saw that she was no longer breathing. But just ten minutes ago, the people standing guard outside the door even looked inside Yingluo.

The female criminal had already told them everything she knew, so there was no need to kill her.

It was even more unlikely for her to commit suicide. Through today's conversation and contact, Secretary Zhou could tell that the woman loved her child very much and wanted to make it up to him. At the same time, she did not want to die, so suicide did not make sense.

The only explanation was that someone wanted to vent their anger.

Who wanted to vent their anger?

Secretary Zhou recalled what Liancheng Yazhi had said not long ago. Someone would help them solve it?

Could this female criminal be the beginning?

just because she wanted to kill rong nuo directly, so he simply got rid of her first?

However, to be able to kill someone in a sealed cell under the eyes of so many guards, damn, wasn't this too awesome!

Secretary Zhou shivered. He felt that he could not accept this strange situation.

"Okay, I got it. What's the plan on the prison side?"

this is nothing to them. It's just the death of a life-imprisonment prisoner. It's not worth mentioning at all and won't be exposed. The outside world won't pay attention to it either. At most, they'll just write in their file that she committed suicide to escape punishment.

in that case, keep the body safe and send it to the autopsy to find out the real cause of her death. Secretary Zhou was really a little scared and very curious. How did that woman get killed? And how did that mysterious hand reach into the sealed cell?

This was a very heart-wrenching question!

Secretary Zhou threw his phone away. He felt cold all over and suddenly felt that this world was very dangerous!

He curled up on the sofa and thought for a while while with a pillow in his arms. He decided not to tell young master ya about this terrible thing first. It was too inauspicious to talk about dead people in the middle of the night. It was better to talk about it tomorrow morning. Anyway, young master ya himself had already predicted that someone would make a move!

After thinking it through, Secretary Zhou took off his coat and went to take a shower while sighing.

At this moment, the couple's bedroom was in a fiery state. It was burning vigorously. Fortunately, Secretary Zhou did not call. If he interrupted the couple's baby-making exercise at the critical moment, Liancheng Yazhi would have struck him later!

After making out once, Rong Yan lay naked on Liancheng Yazhi's body, her chin on his chest, and asked sweetly, "mr. liancheng, are you comfortable? Did I serve you well? did I find the feeling you had back then?"

This question was a little difficult for Liancheng Yazhi to answer because it was easy to answer wrongly. If he said that he had found it and that he was very familiar with it, Rong Yan would definitely say, "am i not good enough now? you can't stop reminiscing the past?"

Liancheng Yazhi thought for a short time and said seriously, "Whether it was in the past or now, my resistance to you has always been zero. He surrendered to you of his own accord, sob sob."

Liancheng Yazhi laughed as he lay there. His happy voice had a hint of sexy hoarseness to it, and it sounded especially seductive. She teased Liancheng Yazhi. "Then say a few more nice words to make this Madam happy. Then, Zhenzhen will reward you with another meat meal tonight."

Chapter 1092 Sweet torture

Liancheng Yazhi's face darkened. Good fellow, look at what you're saying!

He gritted his teeth and said, "Rong Yan, I'm going to flip you over. I haven't dealt with you for a few days, and you've already learned how to flip the roof over, right? do you really think that I can't deal with you with one hand?"

Rong Yan shivered, and her hand, which was acting like a hooligan, trembled a little.

To be honest, Liancheng Yazhi's strength was much greater than hers. If he had not deliberately given in to her, how could she have pressed down so smoothly?

If he was serious, he would be able to take care of her even without using his hands.

Rong Yan chuckled, and the expression on her face quickly turned into a flattering look. She stroked Liancheng Yazhi's chest a few times with both hands to calm him down. "Calm down, you really can't take jokes. You can't even take this, do we still want to continue playing? How can we be good friends?"

Liancheng Yazhi-_-!

No, what good friend? move aside.

He glared at her. who wants to be good friends with you? I want to be your husband and wife. We'll live together and have children.

Rong Yan gave him a side glance. haven't we already lived together? besides, we've already had a child. We're just playing around. Otherwise, our lives would be so boring. Didn't you give me many boxes of clothes in the past? The game you were playing at that time was much more powerful than the one I'm playing now. Why can't I play it when you can?"

Liancheng Yazhi blushed with shame. He had given Rong Yan a lot of sexy clothes back then, and this was really a terrible mistake!

rong yan simply acted coquettishly and used all her martial arts skills as she rolled around on liancheng yazhi's chest."I don't care, you have to let me have my fun today!"

Liancheng Yazhi was pestered and finally nodded. "Good, good, you can have fun, have fun!"

He silently added in his heart,"after you've had your fun today, see how I'll deal with you when my arm has recovered."

Rong Yan stopped her childish actions, hugged Liancheng Yazhi's face, and kissed him loudly. "Hubby, you're so good (3)"

Rong Yan happily sat on top of him and rubbed her hands together. "Let's continue the shopping."

Liancheng Yazhi raised his right hand to cover his eyes and groaned resentfully.

That night, Rong Yan had a lot of fun. Although Liancheng Yazhi had been 'tortured', that torture was also sweet and overwhelming. If he had suffered a loss, he did not suffer a loss. At most, his man's self-esteem had suffered a little blow. However, this was not important. He would have plenty of opportunities to get back at him in the future.

.....

the next day, liancheng yazhi and rong yan got up late again because they had too much fun last night.

It was almost 10 O'clock when he got up. Meowmeowmeowmeowmeowmeow pouted and said, "Dad, you guys are getting lazier and lazier. You don't even accompany me for breakfast."

Liancheng Yazhi let MeowMeow sit on his lap and said in a serious tone, "Mom, dad, we're not lazy. We're trying to make you have a little brother as soon as possible."

After Rong Yan heard this, she almost spat out the tea she had just drunk. This bastard was really shameless and dared to say anything.

ah, Yingluo, so that's how it is. Alright then, I'll forgive you. You have to continue working hard with mom. I hope that I can have a little brother soon! When

Liancheng Yazhi patted MeowMeow's head solemnly. "okay, mom and dad promise you. we will continue to work hard."

Chapter 1093 Unable to bear the pain of losing

He turned to Rong Yan and said,"you heard it. We have to continue working hard and strive to complete the 'mission' target as soon as possible, Yingluo."

Rong Yan glared at him fiercely.

MeowMeow jumped down from Liancheng Yazhi's legs and ran to Rong Yan. "Mom, we haven't seen aunt Gu's little brother in a long time. I miss him so much."

Rong Yan sighed. I'm sorry, baby. I've been too busy recently and really don't have time. When I'm done with my work, I'll definitely take you there, okay? "

She couldn't tell her daughter that she didn't want to see her little brother because it was too dangerous outside.

What if there was danger? None of them could bear the pain of losing MeowMeow!

just as Rong Yan was in a dilemma, Secretary Zhou came in from outside and helped her out of the situation.

Secretary Zhou respectfully greeted everyone. "Young master ya, young Madam, young miss Zhenzhen!"

Liancheng Yazhi looked at Secretary Zhou. His expression looked relaxed, but his eyes were not. "Why are you here at this time? Is there something?" he asked.

"Yes, I have something to report to you in person." Secretary Zhou nodded.

Originally, Secretary Zhou had wanted to call Liancheng Yazhi to tell him about the death of the female prisoner, but he did not expect an even bigger rock to fall on him this morning.

When Secretary Zhou heard this, he was dumbfounded. He thought about it and felt that it would not do. He had to report this to Liancheng Yazhi in person, so he rushed over!

Liancheng Yazhi glanced at MeowMeow and stood up. "Then let's talk outside."

Outside, Secretary Zhou quickly said, "Tang Ziyu has been arrested by the police. He is suspected of murder."

What? Liancheng Yazhi was surprised. What's the matter? Did the news of her hiring a Hitman to kill Rong Nuo get out?

Secretary Zhou shook his head. It's not because of Rong Nuo. She killed another person. She did it herself.

Liancheng Yazhi's eyebrows twitched twice. The things that had happened in the past few days were too exciting. It was really a case of one wave after another before things had settled down. You could never guess what would happen tomorrow. You had to always maintain a heart that was always shocked.

Yesterday, Rong Nuo was almost killed, and today, Tang Ziyu was caught for killing.

This logic was too strong.

"What's going on?" Liancheng Yazhi urged. Quickly explain it to me."

Secretary Zhou whispered to him, "I got news from the police station that at four o'clock this morning, Tang Ziyu killed the servant that her family sent from the Tang family's hometown to take care of her in her residence in the capital. Because the gunshot was too loud, and there was more than one shot, it woke the neighbor up. Then the neighbor called the police, and within twenty minutes, the police broke in and took Tang Ziyu away. This case is already irrefutable evidence. No matter how powerful the Tang family is, I think they will have to give him a suspended death sentence! Oh, or rather, she's mentally unstable and is sent to the mental hospital!"

After he finished speaking, Secretary Zhou asked with a gossipy expression, "Young master ya Zhenzhen, you said yesterday that someone would probably take care of him, so there's no need for us to do it. Did he do it? You see, Miss Rong Nuo was imprisoned because of the Xia and Tang families, and now Tang Ziyu is also in prison. It's a cycle of cause and effect!"

Ever since he learned about Tang Ziyu, Secretary Zhou felt that the world was really wonderful!

Liancheng Yazhi glanced at him. it's already like this. What do you think? "he asked. Liancheng Yazhi laughed and shook his head. "you're quite fast."

Chapter 1094 She deserved it!

Tang Ziyu shooting people in his home, this sounded ridiculous.

However, the arrangement was indeed not bad. He had been caught red-handed, so he couldn't shirk his responsibility even if he wanted to.

The point was that they did not have to expose Rong nuo, and they could also solve Tang Ziyu's problem. They could even deal with her by using the hands of the country's law. It was indeed a good idea! It was a good and bold idea!

"There's one more thing. After I called you last night and got home, I received a call from the prison. The female criminal died in a strange way. I'm guessing that the woman didn't commit suicide. Also, we've already gotten the information from her mouth. It's meaningless to kill her. Do you think it's revenge?" Secretary Zhou quickly told him what happened last night.

Liancheng Yazhi looked at him unhappily and asked, 'yesterday? Why did you only tell me now?'

I just thought that it's too late and it'll affect your sleep. Besides, it's inauspicious to say that a person died at night. There's nothing to investigate about the woman's death, but the way she died is a little strange. When she died, there were people outside watching us. The cell was sealed, so outsiders couldn't get in. There were no obvious fatal injuries on her body, but we've sent her to the autopsy room and are waiting for the results.

Liancheng Yazhi recalled what he had been doing last night and his face turned a little red. that's true, Yingluo. fortunately, his Secretary didn't call him last week.

"Young master ya, can you tell me who that person is?" Secretary Zhou moved closer to Liancheng Yazhi.

liancheng yazhi looked at him in disdain. don't worry about that. Get to work. Let me know when the autopsy results are out. I suspect that she might have been poisoned.

secretary zhou lowered his head. "it's ran ran. i know."

Secretary Zhou left directly and Liancheng Yazhi returned to the living room.

"Since Secretary Zhou is looking for you at this time, there must be something urgent, right?" Rong Yan asked him.

"Caretaker li, play with MeowMeow for a while." liancheng yazhi reached out and pulled rong yan up. " let's go. the sun is pretty good today. let's go for a walk. "

rong yan understood that she couldn't say this in front of meowmeow."Alright!"

The two of them held hands and walked to the swing in the courtyard that was specially built for "Tang Ziyu has been arrested by the police."

"why?" rong yan was surprised.

“Murderer Pixiu”

“kill? Who did she kill?” Rong Yan’s eyes widened even more.

“Don’t worry, it has nothing to do with Rong nuo. She killed the servant who came from the Tang family’s old house to take care of her. At four o’clock this morning, she used a gun to shoot. The loud gunshot woke up the neighbor. Her neighbor called the police, and the police came to break in. She was caught red-handed at that time. There is nothing suspicious about this case. I think it will be directly handed over to the judicial system and go through legal procedures.” As long as Rong nuo was not involved, Liancheng Yazhi would tell Rong Yan everything about Tang Ziyu’s murder.

Rong Yan was silent for a while. I want to say that Yingluo deserved it!

since Xia Xuanmo left, it is said that Tang Ziyu’s mental state has not been very good. Maybe this time, the Tang family will say that she has a mental disorder and help her escape death.

Rong Yan said disdainfully, ” tsk. With her being like this, it doesn’t make a difference whether she dies or not. Even if she’s left with her life, she’ll either be in prison for the rest of her life or in the mental hospital for the rest of her life!

Chapter 1095 You’re much more beautiful than those little girls

Liancheng Yazhi nodded as he pushed the swing. “that’s true. anyway, this time, no matter how hard her family tries, the rest of her life is over.”

Even if Tang Ziyu’s family wanted to do something to save her, you had to see if someone was willing to!

Rong Yan’s feet swayed as she gloated, ” “Back then, she colluded with the Xia family to slander Rong nuo and put her in jail. This time, let her have a taste of what it’s like to go to jail. It’s really karma.”

Although it was Xia Xuanmo’s mother who gave false testimony in court, Tang Ziyu also added fuel to the fire behind Jian Jia. If it wasn’t for her helping Xia Xuanmo’s mother to make up her mind, that old white flower might not have really had the courage.

Liancheng Yazhi nodded silently from behind. Perhaps that person also thought the same, and helped Rong nuo vent her anger.

let’s just watch from the side. If they dare to do anything, I’ll stop them. In short, we can’t let Tang Ziyu escape the legal sanctions.

Rong Yan turned her head and smiled at Liancheng Yazhi. Damn it, now he was talking about legal sanctions!

She stood up from the swing. let’s go in. I’m in a good mood after hearing about this. I’ve been cooped up at home for so many days, and I finally feel a little better.

“How was your trip today?” Liancheng Yazhi put his arm around her shoulder.

It was true that she had been cooped up at home for a long time and could not go out, which really made her feel depressed.

Liancheng Yazhi naturally couldn't be happy when Rong Yan was in a bad mood. Because of him, his wife and daughter could only stay at home every day and couldn't enjoy life freely. This was his dereliction of duty!

Rong Yan shook her head. no, I don't want to. There's no need to take risks just to relax.

“it’s not dangerous. just bring more people. we can’t let those bodyguards take money for free. the police have been so strict recently, and the security in the capital has improved a lot. even if they want to cause trouble, they have to see if they can!”

“Let’s go to our family’s amusement park and get someone to clear out the people there. It’s settled. Let’s go.”

Liancheng Yazhi immediately pulled Rong Yan in to find MeowMeow!

little baby, ” he shouted as soon as he entered, ” go and change your clothes. Daddy will take you to the amusement park to play.

Seeing that it was already like this, Rong Yan no longer objected. I'll go and take a look. It's cold outside, so I have to let her wear warmer clothes.

“You too, wear more clothes.” Liancheng Yazhi urged.

"I know, I'm not one of those little girls who only think about beauty!"

liancheng yazhi said to rong yan's back, "You're much more beautiful than those little girls."

he called the manager of the amusement park directly and asked him to clear out all the people who were going to play within an hour.

If it were any other time, Liancheng Yazhi would definitely not do this, but at this critical moment, he could only do this. There were so many people in the amusement park, and the flow of people was too large. It would be easy for a random assassin to sneak in. For the safety of his wife and daughter, this was the only way.

As for those who had bought the tickets, Liancheng Yazhi told the manager that they would compensate!

He wasn't a selfless person. Between letting his wife and daughter suffer and letting the tourists suffer, Liancheng Yazhi would choose the latter without hesitation. He was only responsible for Rong Yan and MeowMeow's happiness.

Chapter 1096 A friendly match?

As for the others, he didn't want to care. He wasn't God and couldn't care so much.

He wasn't a kind person, and he only had eyes for the two women in his family, one big and one small. He didn't care about the life and death of others.

Rong Yan and

wmeowmetime.

Liancheng Yazhi's left hand had not fully recovered, but he easily picked up MeowMeow with his right arm.

Rong Yan was worried. put her down first. The injury on your hand hasn't healed yet.

it's fine. Our little princess is so light that I can easily carry her with one arm. Let's go. Let's have fun today.

"Daddy is the best, Yingluo!"

Liancheng Yazhi was walking in front with MeowMeow in his arms. Rong Yan looked at their backs and the corners of her lips curled up unconsciously.

The family went to the amusement park happily. There were more than a dozen cars following them. It was a very big formation, a bit like an Emperor on an inspection tour.

When they arrived at the amusement park, the people inside had already been cleared out, leaving only the staff inside. Of course, there were no 'temporary workers' here!

However, compared to them, the group of bodyguards standing around on guard seemed a little out of place.

.....

However, just as Liancheng Yazhi's family of three was having fun, the two men who seemed to have nothing to do with Tang Ziyu's matter were standing face to face!

In front of the pool table, the man holding the cue was wearing a white shirt with his sleeves rolled up to his elbows. Two pearl buttons were unbuttoned on his neckline. Under the light of the crystal lamp, he really looked like a beautiful young man who was as transparent as crystal, and he exuded a clean aura from head to toe.

His dark eyes were as dazzling as gemstones. He smiled at the person who had just walked in and waved his cue. tsk, not bad. You even managed to find this place. I was just worried that it would be boring to play without an opponent. Do you want to play a round? "

"Sure, let's play a round." The man slowly took off his coat.

"Who will start first?"

"as the ancient saying goes, kong rong gives way to the pear. as the younger brother, i should let the older brother do it first. so, let me serve. "

a fair hand pressed on the cue. " "Don't! Respecting the old and cherishing the young is our country's glorious tradition. You can't be considered old at your age, but I'm still young. Of course, Wanwan let me go first!"

After a moment of silence, the other party said,"alright, ran ran, you go first!"

As they walked back and forth, a few balls on the table were gone. The two of them walked in a relaxed manner, as if they were old friends Meeting and playing a friendly game.

however, in this match, they were evenly matched, and no one showed an overwhelming victory.

however, the 'younger brother' still won the final victory by a slight margin. he put down the cue stick and flicked his bangs."Didn't you tell Tang han that you wanted to see me? What's the matter? speak."

The other party shrugged. it's nothing. I just wanted to have a drink with you. Didn't you say that we're cousins? "

that's right, these two people were tang zong and su yue.

This was Tang Zong's private place. It was a small but very high-end pool hall that was extremely secretive. Of course, this place did not entertain surgeons. Everything was to make the boss happy.

Chapter 1097 The cute little canine teeth

Tang Zong's hand rapped on the billiard table, and a waiter immediately brought some wine over. Tang Zong picked up a glass and said,"Just drinking? this isn't like you!"

Su Yue sat at the pool table and took the glass of wine from the waiter."Why not? can't I just ask you out for a drink?"

Tang Zong took a sip of wine and gave a very adorable smile. His two canine teeth were exposed, making him look both mischievous and obedient."Yes, Yingluo can't! i'm not a casual person, how can i easily drink with others, otherwise it would be too degrading, don't you think so?"

The corners of su Yue's mouth twitched. Tang Zong was really a bastard that made people really, really want to beat him up.

On one hand, she said that drinking with him would lower her social status, and on the other hand, she was talking about the Wen family, and even wanted others to admit that her social status was low? He wouldn't give face to others at all.

Su Yue ignored his words and said, recently, I feel like I've been very unlucky. There are always people who can't wait to mess with me. Thinking about it, Yingluo really has a headache!

Su Yue had been observing Tang Zong's expression from the corner of her eyes, but she couldn't tell what he was thinking!

In the end, Tang Zong rolled his eyes at him and said in a disdainful tone,"You're so annoying, if I don't mess with you, who else would I mess with?"

Su Feifei clenched her fists in anger. Tang Zhen was right. Tang Zong was a person. One should never treat him as a normal person. One should also not think of him as one.

"It seems like you're quite annoyed with me too. Tell me, are you one of the people who's been messing with me recently?" Su Yu said with a half-smile.

Tang Zong seemed to have been suddenly awoken."Now that you've mentioned it, I'm actually quite interested in joining!"

Su Yue was startled.

He felt a little more at ease. It seemed like Tang Zong was not involved in the previous incident.

However, even so, he couldn't let his guard down.

Ever since she had met Tang Zong at the shopping mall and he had gotten a hold of something against her, su Yue had been paying close attention to Tang Zong.

Tang Zong did not seem to be on his side, and there was no evidence that he was in contact with the Liancheng family.

however, su yu had a feeling that tang zong would not be his ally.

in the face of such a dangerous enemy, since they couldn't be allies, qingqing couldn't let him be taken away by the enemy.

Su Jue changed the topic again. Oh right, I forgot to tell you. Today, the Tang family experienced a magnitude 10 earthquake. Tang Ziyu was arrested by the police. She killed someone. At this time, the entire Tang family is like being roasted on a fire. If you are interested, you can add some oil to the fire or something.

Tang Zong raised his brows and laughed. Oh, killing people? that's good. This is a good thing that will make me happy for the whole day. Cheers.

Su Yu raised his wine glass and clinked it against Tang Zong's. He smiled and said, "She's your cousin."

"That's right, she's also your cousin!" Tang Zong nodded.

The two of them looked at each other and smiled, both having a tacit understanding.

So what if he was a relative?

In Tang Zong's heart, he couldn't wait to set off firecrackers to celebrate the fact that something had happened to the Tang family.

As for su Jue, as long as Tang Ziyu was alone, and it did not affect him or his interests, he did not care. After all, she was not the woman he liked.

Su Jue asked Tang Zong again, "do you think that Tang Ziyu suddenly killed someone today because she went crazy, or was someone forcing her to go crazy?"

Tang Zong swirled the wine glass, and the Golden liquid in the glass was as beautiful as flowing Amber. He replied nonchalantly, "you asked me, i thought you knew better than me."

Chapter 1098 Innocent cousin!

Su Yue looked at Tang Zong for a full five seconds before she suddenly laughed. "You're too good at joking. How would I know? I just know a little about Yingluo. There's nothing much to say."

Tang Zong placed the wine glass in front of his eyes. Through the transparent glass, he looked at the slightly distorted Tang Zong. He shook his head with a look of pity. "AI, Yingluo, it seems like I'll never be able to like you. Your temper really doesn't suit my taste at all!"

Tang Zong's judgment of people was that if you gave him a good impression at first sight, he would not have been so ruthless to you.

if i don't like you at first sight, you're finished. no matter what you do in the future, don't even think about changing his opinion of you.

Tang Zong had this feeling towards su Yue. He didn't like her at first sight.

He liked to hide half of everything he said. It wasn't a very smart problem, but he still pretended to be profound. This was the kind of person that this young master hated.

Su Yu shrugged his shoulders indifferently. you're not the woman I like. It doesn't matter if you like me or not. However, I'm more interested in knowing if Liancheng Yazhi suits your taste.

Tang Zong didn't even think much about it as he replied honestly, "although i've only met him a few times, but to be honest, i really think he's more pleasing to the eye than you."

Not to mention others, just Liancheng Yazhi's disdainful attitude towards everyone. No matter how elegant he looked on the outside, he always had an arrogant and presumptuous look in his bones. This made Tang Zong feel that he was one level higher than su Yue. Tang Zong did not like people who followed rules.

Su Yue chuckled. is that so? then you should go and get to know me. Maybe you'll think that I'm not bad.

Tang Zong passed the wine glass to the waiter and beckoned for the waiter to serve some fruits. He had recently taken a liking to eating grapes, and would eat a lot every day. He was like a mischievous high school teenager, sitting cross-legged on the pool table. He was hugging a small bamboo basket in his arms, which was filled with washed grapes. Each and every one of them was round and big, and looked very drooling.

Tang Zong had no intention of letting su Yue eat. As he ate, he said, "Do you want to hear the only result of me getting along with Liancheng Yazhi?"

Su Yue glanced at the grapes and thought to herself, even if I say I don't want to eat them, you won't even let me have them!

"I do, tell me about it."

Tang Zong spat the grape seeds and peel into the trash can accurately. that is, if he wants to deal with you, I will stand on his side without hesitation.

The smile on su 'er's face faded, and after a while, he laughed at himself. then I'm really unlucky. No matter what, I'm your cousin. As the saying goes, even if you don't stand on my side, you should at least be neutral!

"Cousin, don't be so na?ve. Do you really have to make me say such meaningless nonsense?" Tang Zong laughed.

Tang Zong ate another grape. His teeth bit on the skin of the grape, and the sweet juice flowed between his lips and teeth. This taste, it felt so good, a little like that!

While su Yue was waiting, Tang Zong was finally willing to finish his sentence. His original words were: "My dear cousin, I can even slap 'Buddha's face', so why would I give' monk's face'? Don't be too funny, I've treated the Tang family like this, how good do you expect me to be to you?"

Tang Zong isn't someone you can tie down just because you're related to him by blood!

Chapter 1099 I don't like you anyway

Just look at the way Tang Zong treated his own brother, parents, and the immediate family members of the Tang family. One could tell with a single glance that this was a person who would not recognize his own family if he was displeased!

It was better to befriend a Wolf than to talk about such an ethical relationship with him.

As expected, after Tang Zong finished speaking, su Yue's face completely darkened!

Originally, he had wanted to test Tang Zong's attitude and see if he had any contact with Liancheng Yazhi.

But now, he could see that Tang Zong might not have any contact with Liancheng Yazhi, but if they really came into contact with each other, it would definitely not be beneficial to him.

Su Yue also realized that Tang Zong was someone who would not do anything if you asked him to. It could also be said that his rebellious nature had determined that he was not willing to listen to the words of people he did not like!

Hence, su Yue changed her direction and said, "forget it. I can't expect you to be that good to me. You haven't made any friends since you returned to the country. It's fine if you can get along well with Liancheng Yazhi.

su yue put down her wine glass. "we've played basketball and drunk some wine. yueyue wanted to discuss a business deal with you. since you don't like me, forget it. i'm leaving. "

Tang Zong casually nodded his head. alright, I don't like you anyway. I won't say goodbye to you. I'd better say goodbye to someone I want to see more!

If anyone else had heard Tang Zong's merciless words, they would have either stomped their feet in anger or started to feel ashamed. However, su PEI didn't seem to mind at all. He waved at Su Yu and left!

After he left, Tang Zong curled his lips in disdain, picked up a grape, and threw it into his mouth.

"You want to treat me like an idiot to fool (,)? why don't you take a look at yourself first!" He muttered to himself.

tang zong ate by himself for a while before asking the waiter,"Do you have more grapes?"

some of them were just air-flown in from abroad. They're all in the preservation box and are still fresh.

"Wash them and load them up in the truck." Tang Zong nodded.

"alright, please wait a moment!"

.....

After leaving Tang Zong's pool Club, su Yue's face was completely black. She was in an extremely bad mood!

He drove back to the hotel. At the entrance of the hotel, he had just passed the car keys to the doorman and asked him to drive to the parking lot when he turned around and saw a familiar person

who he didn't want to see. She was leaning against a dirty and a little rustic domestic car and smiling at him.

with his tall figure and mutt's figure standing there, the car, which was originally less than 100000 yuan, instantly went up many levels.

displeasure flashed across su yue's eyes, and a smile quickly appeared on her face.

"Mr. Su, we meet again," the man said as he walked towards him.

Su Yue smiled. officer mu, are you waiting for me? or is this a coincidence? "

"How can there be so many coincidences in this world? of course, Yingluo was waiting for you here. mu weibai's lips curved into a faint smile, which made people's hearts tighten for some reason. Then, there was a sense of danger, which made people subconsciously feel timid and timid.

su yue apologized politely. " then it's my fault. i've made the police officer wait for a long time. "

it's nothing. It's worth it to wait for someone like Mr. SU's status. Do you have time now? "

Chapter 1100 I heard that you were almost killed by someone!

Su Yue spread her hands. of course. I'm always available if you need me.

Thank you, thank you for your cooperation, Mr. Su. Please get in the car. Mu weibai turned his body and made an inviting gesture.

The car he asked su Yue to get into was his car that had not been cleaned for a long time!

Su Yue smiled and nodded,"good, Yueyue."

after he walked past mu weibai, the look in his eyes became complicated.

Mu weibai came over and asked him to get in the car. It seemed like he was going to take him to the police station!

Mu weibai only got into the car after su Yue opened the door and got in.

"Mr. Su, I hope you don't mind my car," mu weibai said as the car was on the road.

This car was probably the worst one su Yue had ever taken. He smiled and said, how could that be? it's just that with Xuanji's status, it seems a little aggrieved to drive such a car.

Although Tang han had yet to figure out mu weibai's background, su Yue firmly believed that he was definitely not someone who only had enough money to drive such a high-class car.

Mu weibai said, " I don't have any requirements for the quality of life. A car is just a means of transportation. It's fine as long as the four wheels can be driven. Although domestic cars can't be compared to imported ones, the cost is lower and the quality isn't bad. Ordinary people can afford it. The key is that I've always been in support of domestic cars.

su yue always felt that mu weibai was mocking him for driving an imported luxury car and wearing branded clothes.

In order to ease the awkwardness, su Yue changed the topic.”officer mu, are you taking me to the police station?”

Mu weibai nodded,”teacher su is indeed smart to guess correctly.””

“Is this considered a criminal investigation?”

Mu weibai shook his head. no, it’s just a routine interrogation. It’s almost the same as last time. We’ll just change the location. You know, it’s too difficult to find evidence. The other party has already wiped the evidence clean.

as the saying goes,’one foot higher than the evil, ten feet higher.’ I believe that you police will eventually find out the truth and catch the real murderer.

The captain of the criminal Police team was discussing this issue with his first suspect. It sounded awkward and harsh!

However, both of them were people who couldn’t express their emotions, so mu weibai said,”thanks for your kind words, teacher su.”

.....

On Tang Zong’s side, he waited for about ten minutes before the service staff cleaned up the entire box of grapes and loaded it into the car!

At the same time, there were some other things packed in the car, all wrapped in boxes, and he couldn’t tell what they were!

Tang Zong whistled as he drove to a certain hospital.

After the car stopped, she grabbed two family members who might have come to see the patient. She gave each of them a few hundred Yuan and asked them to carry the things in the trunk to the designated Ward.

Tang Zong didn’t walk very quickly. He only arrived after the two of them had brought the things into the ward.

Although there were guards at the door, Tang Zong still managed to enter easily.

As soon as he entered, he saw the patient who was leaning against the pillow and half lying on the bed. He leaned against the door frame and looked for a while, then whistled. I heard that you almost killed your wife. As a former prisoner, I think it’s necessary to come and see you.

The female patient on the bed raised her head. Her face was slightly pale. At this moment, she had a gentleness that made any man’s heart ache for her. However, when her lovely eyes saw Tang Zong, she glared at him in disgust. Then, she turned her body to the side and continued reading her book, ignoring him completely!
