

Permit Me 1111

Chapter 1111 your family is too brutal

These bastards, Yingluo, can you stop coming to their boss's place to make trouble?

This time, it was still that Tang Zong. Secretary Zhou was puzzled. When did this Tang Zong start to have his eyes on Rong nuo?

on Liancheng yazhi's side, he could not wait to skin tang zong and break his bones. "tang zong, tang zong, why didn't i break your legs just now?"

Liancheng Yazhi knew that Tang Zong would definitely make a move, but he didn't expect that he would act so quickly. He didn't go to see Rong nuo, but directly took Rong nuo away. As expected, his crazy brain and his rebellious bone were seamlessly connected. He didn't need any time to think, and acted directly.

The driver's hands were trembling. He was trying to drive steadily, but the pressure and murderous aura released by young master ya in the back seat filled the narrow car. It was really scary!

Liancheng Yazhi covered his eyes, feeling extremely frustrated!

Rong nuo had been taken away by Tang Zong. What should he do now?

Tell Rong Yan? Don't tell Rong Yan?

He had to choose one of the two!

Along the way, Liancheng Yazhi was in a dilemma on the most difficult multiple choice question in history!

When he reached the door of his house, he finally smacked away the one at the back and chose the one at the front.

In any case, he had already hidden a lot of things about Rong nuo from Rong Yan, so he was not afraid of this. His purpose was not to let Rong Yan worry, so this was enough!

Moreover, Rong Yan would not go to see Rong nuo for the time being. By the time she wanted to see her, she should have already been found.

However, this time, he would not let Tang Zong off so easily. He had to tear him apart!

.....

at this moment, Liancheng yazhi, who wished he could skin and pull out tang zong's bones, was holding his arms and looking at the patient he had brought out of the hospital with a serious face.

rong nuo was still wearing the patient's garb. she did not panic at all when tang zong took her out.

Instead, she was leisurely looking at the scenery around her. She was now in a garden built in the house, and an indoor swimming pool was a few meters away. The water was very clear and clean, and the environment was quite beautiful.

after a round of observation, rong nuo then turned to look at tang zong. [why did you bring me here?]

Tang Zong first pointed at his ear, then at his mouth. "Did you see that?"

The corner of Rong nuo's mouth twitched, and her face was full of disgust. She obviously felt that the wound on his face was very ugly.

This hit Tang Zong hard. He angrily rushed in front of Rong nuo and said fiercely, your brother-in-law just injured me. You bit my ear yesterday. What do you think we should do? ”

When Rong nuo heard Tang Zong say that his injury was caused by Liancheng Yazhi, she immediately smiled. They were indeed family. Yesterday, she had wanted to cut off Tang Zong's eyelashes, but today, her brother-in-law had hit Tang Zong.

Tang Zong was so angry that he was about to stomp his feet. His face was blushing, and he looked like a young man who had been bullied. “You're still laughing, still laughing, why are your family members all so cruel? I'm such a kind person, yet I'm willing to be so ruthless. How evil.”

Rong nuo's eyes curved into crescents as she smiled. She shrugged her shoulders with a hint of pride, which made her feel a lot less depressed from the prison, and her body was finally resurrected with the youthful air that originally belonged to her.

In fact, she wanted to tell Tang Zong that it was fortunate that he had not met her elder sister yet. If it was Rong Yan, why would he have hit her so lightly?

so, be content, young man!

Chapter 1112-the kidnapper and the hostage are in love?

Rong nuo's smug look made Tang Zong roll up his sleeves in anger.

rong nuo looked at him. [what the hell do you want?]

She pointed at an empty cup, meaning that she was thirsty and wanted to drink water!

“Hey, you can't do this! I'm kidnapping you! You should at least act like a hostage!”
Tang Zong shouted angrily.

Rong nuo rolled her eyes and reached out her hand. [I'm thirsty. Go get some water!]

She silently despised him in her heart,”tsk, kidnapping? when you look like a kidnapper, you can tell me that I'm a hostage!”

Rong nuo's lack of stage fright and the fact that she was treating this place as her home ground made Tang Zong go crazy. However, he bit his finger and glared at Rong nuo for a while before he turned around angrily. In less than five minutes, he came back with a glass of orange juice. He pouted and turned his head away from him, but he still handed the glass of orange juice to Rong nuo.

behind him were two middle-aged women, each of them holding some delicate desserts.

Rong nuo looked at the angry Tang Zong and took it with a smile!

this guy was actually quite cute sometimes!

After drinking some orange juice to moisten her throat, Rong nuo felt that her throat was not so hot anymore.

Tang Zong dragged a heavy sofa in front of Rong nuo and sat face to face with her. The two of them were very close, and if they moved slightly, their knees would touch.

The scar on the corner of Tang Zong's mouth where he had been hit by Liancheng Yazhi was hanging on his face, making his good student face look like a poor little boy who had been bullied. He was still very angry. continue with the question just now. You and your brother-in-law hit me, what do you plan to do? ”

Tang Zong's face looked very young. It was the kind of face that would change very slowly with the passing of time. Therefore, for someone like him to deliberately put on such a serious expression, it was a little out of place.

After Rong nuo watched for a while, she suddenly laughed. Although she couldn't make a sound, just by looking at the smile on her face and the curve of her lips, one could tell that she was laughing so hard that her stomach was probably cramping up.

Rong nuo's smile broke Tang Zong's 'seriousness'. He stomped his feet in anger.”Don't laugh!”

tang zong felt like he was being laughed at by rong nuo, and this made him very unhappy!

however, his words obviously did not have a positive effect, but instead made rong nuo laugh even harder.

It was because Tang Zong's anxious, annoyed and bashful expression was just too cute and funny. Rong nuo had never seen him like this. For the first time, she felt that the word 'cute' was not out of place, and was even very appropriate!

“I've already said that you're not allowed to laugh!” Tang Zong clenched his fist and shouted.

Rong nuo held her stomach and pointed at his face, laughing until her stomach hurt.

Tang Zong bit his lips and glared at Rong nuo.”if you laugh again, i won't be polite. i'm a kidnapper!”

Rong nuo did not care about his words at all. Kidnapper? Did he really think that she had never seen what a kidnapper looked like?

However, Rong nuo had forgotten that when Tang Zong said that he was a “kidnapper,” he might really be a “kidnapper” when he said that he had a stroke in his head and that even a psychiatrist could not treat him! However, his brutal methods would only be a little different from ordinary kidnappers.

Just like now, Rong nuo had not expected that the guy who had been emphasizing that he was a 'kidnapper' would suddenly pounce on her, press her down, and lower his head to block her lips!

Chapter 1113 The most alluring gaze

Rong nuo's eyes widened in surprise. She didn't expect that Tang Zong would suddenly pounce on her, and she didn't expect that he would use such a rogue method to stop her from laughing.

By the time Rong nuo reacted, Tang Zong had already been taking advantage of her for a while.

After circling around his lips, he planned to take Rong nuo further.

However, just as he was about to pry open Rong nuo's lips, Rong nuo suddenly reached out and pinched Tang Zong's ears.

Yesterday, she bit Tang Zong's ear, and he fell off the bed on his own. Furthermore, his face was so red. It was obvious that the ear was a very sensitive part of Tang Zong's body.

Moreover, Rong nuo knew how much strength she had used to bite him yesterday. Although it would definitely hurt, there was definitely no bleeding, not even a scratch.

This guy had even wrapped gauze around his ears. He was just putting on an act. [Tang Zong flipped the table: who are you calling pretentious? I'm not. Although I don't have any external injuries, I'm very hurt in my heart.]

Just as Rong nuo had expected, as soon as her hands twisted, Tang Zong's body trembled violently. Then, like a spring, he instantly bounced away from Rong nuo's body and bounced back to his seat.

The current Tang Zong's reaction was similar to yesterday's. Both of his hands were covering his ears, and his face was flushed red. He looked at Rong nuo with shyness, Oh, and fear, and his eyes were full of accusation.

"You whined, you whined, you whined, why are you like this again whined?"

Rong nuo didn't really mind being kissed. She tilted her head and shrugged at Tang Zong. Don't take advantage of women. Not everyone is as kind as me.

After that, Tang Zong uncharacteristically ran to a place far away from Rong nuo like an ostrich. With his back to her, he bit his finger, not knowing what he was thinking.

Rong nuo saw that the sky outside was starting to get dark, and she was anxious.

Liancheng Yazhi had no idea that she was brought out by Tang Zong for no reason. He must be very anxious to find her now.

Rong nuo then walked in front of Tang Zong and sat down. She kicked his feet and gestured outside. [when are you sending me back?]

The blush on Tang Zong's face had finally receded, but when he looked at Rong nuo, his eyes were still flickering. He did not dare to look her in the eye. He puffed up his chest and said, "Go back? I'm a kidnapper, have you ever seen a kidnapper release a hostage before getting the 'ransom'? "

Tang Zong had repeatedly emphasized that he was the kidnapper, as if this would give him some confidence.

Rong nuo looked at Tang Zong from the corner of her eyes, and suddenly reached out her hand to hook her finger at him.

"What do you want to say?" tang zong was suspicious, but he still went over.

However, he did not expect that Rong nuo's left hand was on his shoulder, and her right hand was on his lips.

As he had to work in the prison, Rong nuo's hands had become a little rough, and there were thin calluses on his fingers. But it was this slight roughness that caused the slight friction when he touched his soft lips that made Tang Zong feel as if he had been electrocuted, and his whole body seemed to be unable to move.

Rong nuo's appearance was delicate and beautiful, pure, with a trace of delicate beauty, but her temperament was so strange. One look and one smile could make people change.

Just like Rong nuo at this moment, her eyes had a trace of charm that was not particularly eye-catching. The corners of her lips were slightly raised, and her eyes were blurred. She looked at him like this. That was the most soul-stealing look he had ever seen.

.....

Chapter 1114 I've decided to take you in

Rong nuo's fingers slowly touched Tang Zong's lips. Although she could not speak, she opened her mouth and said silently, "I thought you already asked for the ransom, didn't you?"

Rong nuo's eyes stared into Tang Zong's eyes. The two of them were only a few feet away from each other, and they could clearly feel each other's breath.

Then, Tang Zong's face started to turn red, and the redness spread to his ears.

Those two clear eyes were wide open, with a trace of uneasiness and a sense of shyness that could not be spoken.

He really looked like an obedient child who had been teased in his youth!

The scene was completely suppressed by Rong nuo!

This seemed to be the first time Rong nuo had won against Tang Zong.

This was also the first time that Rong nuo had taken the initiative in front of Tang Zong, which might be of great significance.

Rong nuo's sudden actions were not on a whim. After all, she had been with Xia Xuanmo for a long time and had a certain understanding of men.

Through observation, Rong nuo thought that Tang Zong might only look unruly on the surface, but in fact, he was a very inexperienced man in the love relationship between men and women. [Tang Zong (^): Hmph, I just thought that women were not fun to play with in the past!]

Therefore, Rong nuo wanted to try and see if this would make Tang Zong panic and lose his wits!

However, it seemed that the effect was not bad.

This guy seemed strong and difficult to deal with. Everyone who saw him would have a headache. However, there was no perfect person in this world. Young master Tang's weaknesses were also there!

If Tang Zong knew what Rong nuo was thinking at this moment, he would definitely be so angry that he would bare his fangs and brandish his claws. 'I don't have a weakness, but I don't treat others like that. You're just luckier than others!'

Rong nuo thought that she had won almost half of the battle, so she continued to slowly and silently mouthed, [look, I've paid the ransom. It's time to send me back.]

After that, Rong nuo's hands moved away from Tang Zong's shoulders and lips. She stood up and was about to walk out.

However, after just one step, she couldn't move anymore. Her left hand was suddenly grabbed by someone, and then her body was pulled back and fell.

Rong nuo's mouth was wide open in shock. Just when he thought he would fall to the ground, his body fell on Tang Zong's legs.

This time, Rong nuo's reaction was quick. She immediately pushed Tang Zong away, stood up, and looked at him unhappily.

Tang Zong's previously dazed and shocked expression changed. As if he had a cheat, he shamelessly said, that's not a ransom. You're the one who took advantage of me. I haven't even settled the score with you yet.

Rong nuo couldn't believe what she had heard. She dug her ears, and then heard even more 'shameless' words.

"You're such a despicable woman! You bit my ear and even allowed your brother-in-law to slap my face. Now, you're taking advantage of me. Do you really think I'm that easy to bully?" Tang Zong shouted in a righteous manner.

I've decided. In order to save everyone from the abyss of suffering, I'm going to take you in on behalf of the vast number of humans, so that you won't harm anyone else!

rong nuo's eyes almost popped out. your sister, he actually had the face to say this kind of thing, bullying her because she couldn't speak now, so arrogant!

Tang Zong raised his chin and stepped on the sofa with one foot. He looked down at them with an arrogant and overbearing expression. He said arrogantly, "That's right, I'm bullying you because you can't speak now. If you have the ability, say it, say it, Yingluo!"

Chapter 1115 You're such an evil woman

Rong nuo's face was red with anger. She wanted to say something, to curse, but her throat was not strong enough to make a sound.

Rong nuo is really full of hatred now, hehe.

Tang Zong's words really made her angry, and she couldn't take it anymore. Rong nuo threw a punch at the other side of Tang Zong's face, which formed a balance with Liancheng Yazhi's punch.

Rong nuo was a woman, and had never learned martial arts or combat. In Tang Zong's eyes, her movements were actually quite slow. It was completely easy for her to block her little fist in the middle of the fight, but ... Tang Zong did not try to stop her.

Let Rong nuo hit his handsome face, he really didn't have any man's pride at the moment!

Because he had been beaten, he could blame Rong nuo even more righteously: " look, look, you hit me again. you're such a detestable woman, and only a kind man like me can tolerate you. let me tell you, because of your punch, i've made up my mind. "

Tang Zong's words were too shameless. It was as if he was being passive, innocent, and kind.

He had made this decision because he was forced by Rong nuo. Who asked you to bite my ear? Who asked your brother-in-law to beat me up? Who asked you to slap my face just now?

Don't blame me, if you want to blame someone, blame yourself!

Rong nuo gritted her teeth so hard that they almost broke. Damn it, how could there be such a man in this world? Was he even an Earthling?

Rong nuo really wanted to shout at the doctors, "experts from the Chinese Academy of Sciences, there is an alien here begging you to take him away. Please dissect him for experiments!"

rong nuo tried hard to calm herself down. she took a deep breath, a deep breath, a deep breath.

I can't be anxious, I can't be anxious, I have to think of a way.

it was impossible to reason with a person like tang zong, and if they were to use force, he could distort the truth and mix up the truth and the truth. there was no way out.

Rong nuo waited for her emotions to calm down a little before she reached out to Tang Zong and 'touched' him. Yes, touched!

Tang Zong's face was a little hot. He twisted his body a few times. You're still touching me, hey Yingluo, I'm not a casual person, Yingluo."

although he said this, he did not stop rong nuo.

finally, rong nuo found a mobile phone in the pocket of tang zong's pants.

Fortunately, although Tang Zong was a pervert, his phone wasn't. It was in automatic lock mode and didn't have any complicated and tragic passwords!

Rong nuo quickly typed a few words on her phone and showed it to Tang Zong. [tang zonggou, stop causing trouble and send me back quickly. i'm a criminal now and i'm being punished by the law. i'm a law-abiding citizen]

Tang Zong snorted. you're still a law-abiding citizen? look, you've already hit me, and you're still taking advantage of me. Just now, Qianqian was touching and harassing me all over my body. Which part of you is law-abiding? "

Rong nuo gritted her teeth and thought. She deleted those words and typed: [that's why I'm going back to receive legal re-education.]

tang zong spread out his hands. "no, you've been receiving education for such a long time. are you going to change again? I don't think so. So, the law has no effect on you, and I have to do it myself."

Rong Yan wanted to vomit blood. In the end, she was silent for a long time before she typed a line of slightly heavy words, " [Tang Zong, I want to go back. Even if I'm going to be released, I'll wait until I'm done with my sentence and come out in an upright manner! [this is the principle and dignity I want!]

Chapter 1116 Who's more reliable as a husband?

in the end, tang zong still reluctantly sent rong nuo back, because he knew that rong nuo was very serious and very persistent!

if he insisted on taking her away, he would probably never speak to him again.

Tang Zong's intuition told him that if he didn't send Rong nuo back, he might not be able to bear the consequences.

In the past, Tang Zong had never considered others. But now, he had finally lowered his noble head.

She sent Rong nuo to the entrance of the hospital. don't think that I'll let you go just because I'm willing to send you back this time. Let me tell you, I won't let this matter go so easily. When I've arranged everything, I'll take you in as well. I won't give you the chance to harm others! [Rong Yan (rubbing her hands): can this sentence be translated as, 'will you not give Rong nuo the chance to find other men?']

Rong nuo got out of the car, smiled at Tang Zong, and turned to walk towards the hospital building.

Tang Zong's head stuck out from the window."Go and tell your brother-in-law that it won't be that easy to beat me up again! I was kind last time and let him have his way when I saw that his arm was injured!"

Rong nuo did not stop, nor did she turn around. She walked into the hospital building with a smile.

Tang Zong sat alone in the car with a ferocious look on his face."I, Tang Zong, have never been at a disadvantage. I've never been beaten up and taken advantage of by your family. I've never suffered such a big loss since I was born. Just you wait, I'll get you out sooner or later."

tang zong had brought rong nuo out for such a long time only to challenge liancheng yazhi and tell him that even if he didn't let him see her, he could still see her.

However, Tang Zong also knew that he was taking advantage of the fact that Liancheng Yazhi had not made any arrangements and had only succeeded by chance.

If it was in the future, when Liancheng Yazhi had finished setting up everything and set up an iron wall around Rong nuo, it would be really difficult for him.

However, difficult did not mean that it was impossible.

He, Tang Zong, loved difficult challenges the most. If it was too easy, he would not be interested in it!

Tang Zong's eyes darted around. He stuck out his tongue and licked his lips. His face was a little hot.

It seemed that this kind of thing was quite difficult. Well, it was worth a challenge!

.....

At nine O'clock in the evening, Secretary Zhou finally called Liancheng Yazhi.

"Young master ya, miss Rong nuo has been found. It was Tang Zong who sent her back. However, Rong nuo said that Tang Zong left after he sent her to the door. I've asked Rong nuo about Qianqian, and she said that Tang Zong had gone crazy and brought her out for a walk, but he didn't do anything."

"You believe such nonsense?" Liancheng Yazhi said in disdain.

"i don't believe you!" secretary zhou shook his head.

No man would believe that, okay?

A man and a woman were alone together. Furthermore, the other party was a lunatic and a pervert like Tang Zong. If one were to say that they did not do anything and just sat down to drink tea, chat, and eat, no one on earth would believe it!

Now, Liancheng Yazhi did not care what Tang Zong and Rong nuo did in the many hours that they were alone. He only asked that they would not have any contact in the future.

“Keep an eye on Rong nuo, don’t let her have anything to do with Tang Zong.”

Although Liancheng Yazhi’s concern for Rong nuo’s matter was only nepotism, she was his wife’s sister.

However, this kind of relationship was still a relationship. Rong nuo would only be happy if she lived a good life.

From a normal man’s point of view, Tang Zong was really not suitable for Rong nuo!

It was better for Rong nuo to find an honest, diligent, and omnipotent man like Secretary Zhou.

Chapter 1117 Not a man worthy of trust

To be more precise, Tang Zong was not suitable for any woman who wanted to lead a normal life.

That Tang Zong ... No matter how you put it, the waters behind him are too muddy. His background is too complicated. He’s not as simple as a member of the Tang family.

If he had only relied on the Tang family, he would not have had everything he had now. He had not returned to the country for many years, but he could still be so unscrupulous in the country. He had no scruples at all. He was so arrogant, but he was still able to mingle well in the capital where the rich and powerful gathered. No one came to find trouble with him. From this point, it could be seen that the power behind him was not simple.

From the time that Tang Zong had quietly taken Rong nuo away, to the sudden death of the female criminal who had tried to assassinate Rong nuo, including Tang Ziyu’s murder, except for the first incident, which was definitely Tang Zong’s doing, the latter two incidents were also most likely related to him.

the last two incidents, no matter if it was the means or the schemes, were both very shrewd. if liancheng yazhi did not know about tang zong’s intentions, he might have thought that these two incidents happened naturally and that there was no external force, just based on the information from the police.

Therefore, since Rong nuo’s good mood would make Rong Yan’s mood better, Liancheng Yazhi had no choice but to put up an iron wall in front of Rong nuo to prevent Tang Zong from harassing her!

Secretary Zhou tried to persuade him. young master ya, I feel that we should ask miss Rong Long about this matter. We should see if she has any feelings for Tang Zong. If she does, then aren’t we just breaking up the two of them? ”

secretary zhou felt that young people nowadays were quite independent in their thinking.

From his observation of her after Rong nuo’s return today, she did not have any negative emotions. She was very normal, and even a little happy.

Secretary Zhou had sharp eyes. He might be able to tell if she was faking it or not!

Rong nuo was not pretending. Her mood was very relaxed, not nervous, not anxious, not worried, and there was a little youthful mischief in her calmness. Compared to the last time they met, she felt that her mood was better.

Hence, Secretary Zhou felt that Rong nuo's behavior showed that he did not reject Tang Zong, and that he might even want to develop a relationship with Tang Zong!

Liancheng Yazhi immediately reprimanded, " nonsense! What do you mean by breaking up a couple? I'm doing this for her own good. If she follows Tang Zong, her fate will be worse than Xia Xuanmo's!

Secretary Zhou shivered. yes, yes, you're right. It's for her own good, Hanhan.

"Tell me the truth. From a man's point of view, do you think that Tang Zong is a man worthy of your trust?" Liancheng Yazhi had to make Secretary Zhou agree with his point of view.

However, Secretary Zhou mumbled to himself, " "Young master ya, you weren't much better than Tang Zong back then, but you've changed for the better now, aren't you?"

"What did you say?" Liancheng Yazhi asked coldly.

Secretary Zhou hurriedly said, " it's fine if there's no Qianqian. I said that I will arrange a very safe and hidden place for miss Rong nuo. I will never let that bastard Tang Zong find her again. A man like him, no woman should follow him. Otherwise, the end will be very miserable.

when he finally heard a satisfactory answer, liancheng yazhi let secretary zhou go. " see, you think so too. Alright, go do it. Let me know tomorrow after you're done.

"It's Yingluo, it's Yingluo."

secretary zhou hung up the phone in fear!

He clicked his tongue and sighed. Young master ya's words were really full of people now!

Chapter 1118 if you want to live, surrender!

However, young master ya had forgotten how much of a scumbag he was before he met the young Madam. Many women loved and hated him.

Even when young Madam was with young master ya back then, was she not tortured enough?

But look at young master ya now?

Tsk, tsk. I've really seen such a good man again. In his life now, no one can be more important than his wife and daughter, including himself!

Therefore, Secretary Zhou felt that people would change.

The key to change was whether you met the person you were destined to meet in your life, the woman who was born to be the one you couldn't overcome!

Secretary Zhou secretly said, " Tang Zong, I still have high hopes for you. You can do your best!

.....

Because of Rong nuo's matter today, Liancheng Yazhi did not have to tell Rong Yan, so he felt sorry for her. Therefore, he was particularly active at home!

Rong Yan couldn't help but ask him before she went to bed, "What's wrong with you? you seem to be more active than usual today. Did you do something to let me down?"

Liancheng Yazhi shook his head decisively and said, "no, definitely not!" i just feel that i owe you so much that i want to make it up to you."

"you're really too much. i'm getting more and more bored at home. this is pretty good. don't think too much about it. be good and let's sleep!" Rong Yan fell asleep not long after hugging Liancheng Yazhi's arm.

After Rong Yan had fallen asleep, Liancheng Yazhi said to Rong Yan very sincerely, "rong yan, wifey, i feel like i've done something bad to your sister. if you find out in the future, don't blame me! I didn't mean it either. Yingluo, I really didn't mean it!"

Liancheng Yazhi only said what he wanted to say after Rong Yan fell asleep.

However, after lying down, he still didn't feel sleepy.

This was because he remembered that he had forgotten to instruct Secretary Zhou to look for Tang Zong's whereabouts tomorrow.

He had told Tang Zong yesterday that if Tang Zong dared to look for Rong nuo again, he would beat him up every time he saw him.

but you challenged him right after he said that. You really didn't put him in your eyes. How could you not teach him a lesson?

Liancheng Yazhi planned to let Secretary Zhou continue to search for Tang Zong's whereabouts after dawn. Then, he would continue to challenge the martial arts school!

Apart from Liancheng Yazhi, there was another person who couldn't sleep at this late hour.

That person was Rong nuo!

Rong nuo had already been transferred to another place by Secretary Zhou. Based on the old rule that the most dangerous place was the safest place, Secretary Zhou played a trick and secretly got someone to put on a show, making people think that he had really transferred Rong nuo away.

In fact, Rong nuo didn't leave the hospital at all. He had just been transferred to another Ward!

The night outside was very dark. In the winter capital, it was always windy at night. The cold wind hit the window, making Rong nuo unable to sleep. She lay flat on the bed and looked at the ceiling, her mind blank!

After a long time, she touched her lips. In such a quiet night where only the sound of the wind could be heard, Rong nuo inexplicably thought of the sudden kiss today!

She didn't know why, but Rong nuo didn't feel anything at first. It was just a kiss with a man, and they were all adults, so there was no need to care about it. Besides, there was no feeling.

But now, slowly, Rong nuo began to feel that there was something wrong with her lips. Her lips were hot, as if they were on fire.

Chapter 1119 The slow-acting poison he fed her

Tang Zong's kiss was like a slow-acting poison to Rong nuo. She didn't feel anything at first, but as time passed, the poison began to take effect. [Tang Zong: don't blame me for everything. It's obviously your own reaction that's too slow, and you still have the cheek to say that it's a slow-acting poison!]

Rong nuo had always treated everything that Tang Zong had done to her as a prank that a man would pull when he was bored.

However, she felt a little different today!

It was as if something had changed!

Tang Zong's words sounded like a child throwing a tantrum, but after thinking about it carefully, he was very certain and serious, as if he was really speaking the truth!

Rong nuo's mood became more and more complicated, and she even began to have a deep worry!

She didn't know where this worry came from, but she felt that it was hard to predict what was going to happen in the future.

The more Rong nuo wanted to ignore the burning sensation on her lips, the more intense the feeling became.

in the end, rong nuo pulled up the blanket and covered her head. she told herself that tang zong must have eaten chili. [tang zong: look at you, you've wronged me again. you're too vicious. you've strengthened my determination to take you in on behalf of the earth and the moon. stop resisting and surrender obediently!]

.....

The next day, when the family came down for breakfast at the Liancheng old mansion, Rong Yan suddenly asked Liancheng Yazhi, "I was in a daze last night and I think I heard you talking beside my ear. What did you say?"

Liancheng Yazhi choked on the milk he had just drunk and coughed violently. * Cough cough cough *

It took a while for him to calm down. He quickly pretended to be innocent and denied, "No, I didn't say anything!"

"But I clearly heard a sound!" Rong Yan scratched her head.

Liancheng Yazhi squeezed his hands nervously, but his face was very calm. "Since you've heard it, then tell me what I said?"

Rong Yan thought hard for a while and shook her head, "even if it's Yingluo, I don't quite understand Yingluo."

Liancheng Yazhi laughed. see, if you understand, you'll definitely remember. I really didn't say anything aww, aww. Maybe I was dreaming and talking in my sleep!

Rong Yan accepted this point of view. yes, that's possible!

Liancheng Yazhi's nervous mood finally calmed down, and he secretly heaved a sigh of relief. Fortunately, ran ran didn't hear him clearly!

It seemed that if he wanted to tell Rong Yan any secrets that he couldn't tell her at night, he could only say them in his heart!

Sigh, it's so hard to hide a secret in front of my wife!

After breakfast, Liancheng Yazhi said to Rong Yan, Rong Yan, look at the injury on my arm. It's almost healed. I should go to work, or secretary Zhou won't be able to handle it alone. Recently, several shareholders in the company seem to have some strange movements and have begun to suppress Secretary Zhou. I have to go back and suppress it as soon as possible before the situation gets worse.

Liancheng Yazhi indeed wanted to return to the company. Of course, the reason he had mentioned was only a small part of it.

More importantly, he was planning to deal with Tang Zong today.

Xin Yang also said that the two reporters had some progress. There were a lot of things to deal with outside, and they couldn't come to the house and Rong Yan couldn't know, so he had to go out.

"is it very serious?" rong yan asked nervously when she heard that.

Chapter 1120 beat him up!

liancheng yazhi comforted her. " it's nothing big. maybe those shareholders think that i've been missing the company a lot recently and think that i'm not qualified to continue being the president. but it's okay. they won't be able to cause any trouble. "

It was normal for such things to happen in the company, so it wasn't a big deal.

Rong Yan nodded. that's good. You can go. Don't tire yourself out.

"Don't worry, I'm the kind of person who lets others do everything for me, I won't tire myself out. I'm leaving, Yingluo."

Liancheng Yazhi lowered his head to kiss Rong Yan's cheek, put on his coat, and left the house.

Once they reached the company, Liancheng Yazhi looked as if he had cheats on all over his body and immediately exuded a domineering aura. He first called Secretary Zhou over."You must find out where Tang Zong is today."

Secretary Zhou asked carefully,"young master ya, do you want to run ran?"

Liancheng Yazhi's voice was loud and powerful. beat him!

If he didn't give Tang Zong a good beating, he would feel that today wasn't a satisfactory day.

okay, Yingluo. Secretary Zhou had nothing else to say. He could only silently light a candle for Tang Zong. Young man, you better hide well. Don't let me find you!

call the shareholders to Conference Room 3, " Liancheng Yazhi continued. I'll only give them five minutes.

Secretary Zhou hesitated for a moment. yes, I'll go right away. But there are two of them at home who are recuperating from the awkwardness! he replied.

Liancheng Yazhi sneered. it's good to recuperate. Then let them recuperate at home for the rest of their lives!

"Then I'll go and prepare!" Secretary Zhou's expression turned serious. He left the office and quickly asked his assistants to inform the shareholders who had been restless recently!

In less than five minutes, three of the informed shareholders were seated in conference Room No. 3. They were all a little nervous and nervous.

Soon, Liancheng Yazhi came in. He came alone and Secretary Zhou did not follow.

The three shareholders quickly stood up and said,"young master ya, Yingying!"

"Take a seat!" Liancheng Yazhi randomly picked a seat and sat down. He glanced at the three people who were trembling with fear. three out of five are here. Not bad. The attendance rate is not bad.

Liancheng Yazhi smiled. I've been away from the company recently. Thank you for your hard work. The three of them shook their heads,"it's not hard, it's not hard, Zhenzhen."

They had to be careful with their answers now because Liancheng Yazhi's every word was like jumping into a pit and not climbing out!

Sure enough, after they finished talking, Liancheng Yazhi smiled gently and said, " it's not hard at all. That's good. In that case, I'll give you a difficult task. The company has recently opened up an overseas business and has chosen a site in North Africa. We're planning to start construction. The three of you are the backbone of the company, and I trust you very much. So, this difficult task will be handed over to you.

The trio's expressions changed drastically when they heard this. North Africa was a place with harsh conditions and poor living resources. Was he trying to kill them?

The three of them shouted in unison,"young master ya, let's ran ran!"

but before she could finish speaking, liancheng yazhi glared at her coldly. "What, you don't want to?"

the bone-chilling coldness in his eyes made the three of them gulp in fear. they shook their heads together. they were really unwilling, but they didn't dare to say it.

Soon, the three of them rejoiced that they were not the most miserable ones.

Liancheng Yazhi continued, "the other two seemed to be sick, so they didn't come. But this one is fine. Is he sick? you can't blame them.
