

Permit Me 1121

Chapter 1121 I'm here to get beaten up!

the three shareholders trembled as they waited for Liancheng Yazhi to deal with the remaining two.

Liancheng Yazhi's hand knocked on the table twice. our company is based on the human-oriented concept and has decided to let them recuperate at home in the future. No matter how busy the company is, we can't let sick people work while they're sick. Otherwise, it would be too inhumane.

As soon as he said that, the three of them immediately understood that the two shareholders who had lied about recuperating at home had been fired.

From today onwards, they would be removed from the shareholders 'meeting. As for the shares they held, Liancheng Yazhi would naturally take them back.

Not only did they not get more benefits for themselves, but they also did not kick Liancheng Yazhi out of office. Instead, they lost the shares that they could use to settle down.

The three people's original objections to not going to North Africa disappeared instantly. Compared to those two, they were already very good!

"Are there any other questions?" Liancheng Yazhi asked them.

The three of them stood up immediately. no, there's no problem at all. We will definitely follow young master ya's instructions and carry out your orders firmly. We will ensure that we complete the mission with quality and quantity.

very good. Then go back and prepare. Report to work within two days. End the meeting.

Before Liancheng Yazhi left, he gave the three of them a look that said 'I have faith in you' and then left.

As soon as she went out, she saw Secretary Zhou waiting outside.

Secretary Zhou followed behind Liancheng Yazhi and said in a low voice, " "Young master ya, it seems like Tang Zong and Zhenzhen are deliberately hiding from you today. I think he knows that you will look for him, so he's hiding."

Secretary Zhou thought to himself, is this a show of nonsense? Who would stupidly rush up knowing that they were going to be beaten?

Liancheng Yazhi's face turned cold. Hmph, he still dares to hide. He's really not a man who dares to do it but doesn't dare to admit it. Continue looking for him. I'm going to beat him up today.

"Yes, he's still looking for Yingluo."

"Get our men to go to Tang Zong's private residence and tell them that if he, Tang Zong, is a man, then he shouldn't be a coward. If he's so capable, then he should just hide in his cave for the rest of his life."

"Alright." Secretary Zhou didn't think that goading Tang Zong would work on someone like him who had an abnormal way of thinking and a different way of thinking from normal people!

However, the truth was the exact opposite of what Secretary Zhou had thought.

In the afternoon, Tang Zong really came to find her.

Tang Zong swaggered into the Liancheng Corporation building with a bruised face.

He stayed at the front desk on the first floor for a while, and then, with his injured face that was still handsome and his glib tongue, he quickly and easily got through it.

When she arrived at the top floor of the president's office, she bumped into Secretary Zhou the moment she stepped out of the elevator!

Secretary Zhou's eyes widened as he looked at Tang Zong in shock!

Tang Zong walked over and patted Secretary Zhou's shoulder."are you surprised to see me?"

Secretary Zhou nodded seriously. yes, I'm very surprised. I didn't expect that you would dare to show up and even dare to come to the company to look for young master ya. No, it should be 'looking for a beating'!

This guy, did he care so much about being called not a man now?

So there was something normal about him!

Tang Zong seemed to know what Secretary Zhou was thinking. He touched the scar on the corner of his mouth and said,"You're right, I'm here to get beaten up! who asked this young master to be a real man! Don't you think so?"

Secretary Zhou chuckled. please wait a moment. I'll go and report to young master ya first!

Chapter 1122 Young master ya, you're a good person

Tang Zong stopped Secretary Zhou. there's no need for that. Since he wants to beat me up so badly, he must be impatient. I'll go by myself. You can go and do your work.

Look at the way he spoke, it was as if he was in his own home.

Secretary Zhou smiled honestly. I don't think that's a good idea. If I do that, the boss will blame me. Please wait for a moment. You'll be gone very soon.

After that, Secretary Zhou ran to the door of the president's office and knocked three times.

secretary zhou knew liancheng yazhi well. if he had not reported it in advance, he would have been the one to deal with him.

enter the Xuanji. Liancheng Yazhi's voice came from inside.

Secretary Zhou quickly entered the room. young master ya, Tang Zong is here.

"What?" Liancheng Yazhi looked up.

Tang Zong stuck his head in from outside the door. "That's right, I'm the one who came to find you! didn't you say that you were going to beat me up today? look, i'm so kind, coming here to let you beat me up."

Liancheng Yazhi looked at Tang Zong's slightly funny face and slowly narrowed his eyes. Very good, he had the guts to come and provoke them so brazenly.

Liancheng Yazhi put down the pen in his hand, pushed away the documents and computer, and raised his hand to tug at the tie around his neck.

secretary zhou shrunk his neck. he was very familiar with young master ya's actions. it was usually a move that was about to start a beating.

can we call him after he leaves?

Fortunately, Liancheng Yazhi was more considerate this time. He waved his hand. "Let's go down,"

Secretary Zhou was so grateful to Liancheng Yazhi. Young master ya, you're a good person.

Secretary Zhou quickly ran out, leaving the two of them looking at each other.

Liancheng Yazhi lifted his chin. come in. Close the door.

Tang Zong walked in and kicked the door shut. I'll say this first, I won't go easy on you this time. Yesterday, I didn't want to argue with you, so I deliberately went easy on you. However, don't think that I'm easy to bully. I've been through a lot of training.

Liancheng Yazhi stood up, expressionless, and his eyes were ruthless."Oh, really? that's good, don't miss your punch."

Liancheng Yazhi walked to Secretary Zhou step by step. His right hand was already clenched into a fist, and the veins on the back of his hand were hideous. It was really quite scary.

Tang Zong quickly got into position. Just as Liancheng Yazhi was one step away from him, he said, " wait, hey, do I have to fight? "

"I've said it before, if you dare to run over to see Rong nuo again, I'll beat you every time I see you. Today, if you have the guts to come to my door, then you must have the guts to be beaten!"

After he finished speaking, Liancheng Yazhi's fist punched forward. However, this time, Tang Zong was prepared in advance and his arm quickly blocked Liancheng Yazhi's fist.

However, just as he blocked the fist, he still let out a cry, " "Aiyo!"

"How could you use your foot? you broke the rules!" Tang Zong gritted his teeth in pain.

Liancheng Yazhi smiled slyly. who said that I have to use my hands? I'll kick you today, so what?"

Tang Zong gritted his teeth and glared at Liancheng Yazhi. you're too sinister. Your family members are all f * cking despicable. But Qianqian, don't think that I'll compromise with you just because of this. I'll only get braver the more I fight.

Liancheng Yazhi simply pulled off his tie and threw it away. Well, he was getting more and more courageous as the battle progressed. He was at loggerheads with him, and he was unrepentant!

"Alright, come, come, come, let's continue!"

Tang Zong stretched out his hand and looked at him guardedly. "Wait, why do you have to stop me from seeing Rong nuo?"

.....

Chapter 1123 this is how men fight

Liancheng Yazhi sneered. I can't explain it to you. I can only tell you one thing. No woman would want to be with you even if she wanted to live a normal life. Your curiosity and novelty will pass sooner or later. After that, Rong nuo will end up very miserable. So, stop pestering me. I won't give you the chance to pester me.

Tang Zong took a step back and looked at Liancheng Yazhi from head to toe. He said with slight disdain, "you talk as if you're a good person. Don't think I don't know about your stupid past. You used to be even more ridiculous than me. Why don't you tell me? I think I'm much better than you. I rarely played with women in the past.

At the mention of the past, Liancheng Yazhi's face darkened."But, I, the prodigal son, have turned over a new leaf! You didn't play with women before, which means Yingluo is gay."

Tang Zong gritted his teeth in anger. you're Qianqian! You're too despicable! If I don't beat you up today, I'm not Qianqian! Qianqian!

before he could finish his sentence, tang zong screamed again!

Liancheng Yazhi slowly retracted his hand and flicked his fingers twice!

He used his actions to tell Tang Zong that the first thing he had to remember when fighting was: Don't talk nonsense!

While you were talking nonsense, someone else's fist had already come!

Half of Tang Zong's face was in pain and numb. He said with hatred,"Why are you always sneaking around and attacking her?"

Liancheng Yazhi scoffed. ha Yingluo, have you ever seen anyone tell you in advance that I'm going to hit you? are you ready? "

Tang Zong pursed his lips and glared at Liancheng Yazhi for a while before suddenly pouncing on him."i'll kill you, yingluo!"

Secretary Zhou was leaning against the door and listening to the situation inside. The screams kept coming, and it sounded very tragic. He just didn't know how young master ya was doing. Please don't let anything happen!

Although Secretary Zhou really wanted to go in, this fight was different from those assassinations and ambushes. This was a one-on-one fight between two men and it concerned the dignity of the other party. It was better for others not to make a move. If he rashly went in and ganged up with Liancheng Yazhi to beat up Tang Zong, his reputation would definitely be tarnished. Young master ya would not agree to it.

Finally, after ten minutes, the sounds of fighting stopped.

The two people inside didn't look very good. However, on the surface, Tang Zong seemed to be in a worse state. Initially, he only had an injury on the right corner of his mouth. Now, he had an injury on the left side as well, and it was very symmetrical. His eyes were also bruised, his face was like a color palette, and his clothes were wrinkled from being torn.

On the other hand, Liancheng Yazhi only had messy hair. There didn't seem to be any obvious scars on his body, especially on his face, which was much better than Tang Zong's.

Tang Zong squinted at Liancheng Yazhi. let me tell you today. No one can stop me from doing what I want to do. You can't control me either.

Liancheng Yazhi pouted and said,"really?" Then let me see how capable you are."

"Hmph, this young master is much more capable now, just you wait and see, Yingluo."

Tang Zong held the other half of his body and limped away with his hands on his waist. He looked really miserable.

Today, Tang Zong still deliberately let Liancheng Yazhi win. The main purpose of his visit this time was not to get beaten up or fight. He just wanted to tell Liancheng Yazhi his own attitude. Yesterday, he had decided to take Rong nuo in on behalf of earth and mankind. No matter who tried to stop him, he would not back down!

Also, he wanted to use his actions to tell Liancheng Yazhi that he was a man, a very manly man!

Chapter 1124 bastard, you're really ruthless

Tang Zong opened the door and happened to see Secretary Zhou swaying as he tried to control his body from falling forward. With a single glance, he knew that he had been eavesdropping.

Tang Zong looked at him with disdain. However, this look did not have any killing power, because Tang Zong's face looked especially comical right now.

Secretary Zhou lowered his head and resisted the urge to laugh out loud."Take care, Yingluo."

After Tang Zong left, Secretary Zhou hurriedly asked,"young master ya, are you alright?"

"Do I look like I'm in trouble?" Liancheng Yazhi said unhappily.

Secretary Zhou quickly flattered him. no, no. You're too amazing. You could deal with Tang Zong with one hand!

Liancheng Yazhi waved his hand and said,"you can leave."

Secretary Zhou quickly closed the door.

After the door was closed, Liancheng Yazhi suddenly bent over and covered his stomach. "Hiss, hiss, hiss, bastard, you're really ruthless!"

His face was well protected and there were no injuries. However, his abdomen had taken a few hits. Tang Zong's strength was very strong, and it really hurt!

However, Liancheng Yazhi could still feel that Tang Zong did not use his full strength because of the injury on his arm.

Liancheng Yazhi rubbed his stomach and sat back down. He sighed. There would definitely be a bruise tomorrow. He hoped that Rong Yan would not find out. Otherwise, how could he explain it?

However, Liancheng Yazhi quickly forgot about this matter.

He had a lot of things to worry about now.

First, Xin Yang had sent news that, according to the two reporters, it was very likely that su Yue had asked someone to release the news. The specific purpose was not clear, but he must have had his own plans.

Second, although Su Yu was brought to the police station by mu weibai for questioning, he was quickly released because the person who brought him out was Tang han. Furthermore, he didn't get any useful information from Su Yu.

Before there was sufficient evidence, the police could only occasionally pass on a message, but they could not arrest and detain him.

Su 'er was obviously fearless. He seemed to have a well-thought-out plan to ensure that he would be fine!

Liancheng Yazhi looked at the photo of Su Yu coming out of the police station on the computer. That face that was asking for a beating was much more detestable than Tang Zong's.

Liancheng Yazhi slammed the computer shut, his face filled with anger.

su 'er, su' er, su 'er, su' er '

If I don't teach you a lesson, I'll really change my surname to Rong Yan.

if he couldn't get rid of su yue this time, he really didn't mind joining forces with tang zong!

.....

At this moment, su mo, who was brought out of the police station by Tang han, had an extremely bad expression on his face. big brother, you saw how the other party was pressing forward step by step. I feel that the imperial capital's police station seems to be owned by their family. He wants to mess with me so much. If I still give in, then I will really be the one who will be in trouble in the end.

Tang han sighed. the news from the top hasn't come down yet. We only found some information about the six dead mercenaries. However, as for who we are going to kill in the capital, there is no conclusion yet. Don't be too extreme, I will help you.

Tang han still hoped that su 'er would not come to a conclusion so quickly. The higher-ups had mobilized so many people, but they still could not find out. Su' er was too arbitrary to rashly think that it was Liancheng Yazhi.

Su 'er didn't say anything more. She smiled and said,"Okay, let's not talk about this first. It's just that recently, Tang Zong seems to have been in contact with Liancheng Yazhi. Help me to find out what he's thinking. Don't let the two of them join forces."

.....

Chapter 1125-mysterious mu weibai

Tang Zhen laughed at himself. if it was something else, I would agree to it and help you with it. However, this is the only thing I can't do. If I could control Tang Zong, if he was willing to listen to a word from me, would he and the Tang family still be in such a mess? "

Tang han was rejecting him, and he rejected him without any room for negotiation.

“Is it really useless?” su Yue asked regretfully.

not at all. He doesn't even talk to me as well as you do. At least you two can sit down and have a drink together!

“Alright, I won't make things difficult for you. I'll think of a way myself.”

Tang Zhen reminded him, “be careful. Don't cross Tang Zong's bottom line. If he's unhappy, he can do anything. When that time comes, you'll be surrounded by enemies from all sides. It'll be useless no matter what you do.

Su Yue smiled. alright, I'll be careful!

Tang han shook his head. He didn't know if su 'er really listened to him. However, this was all he could do.

Tang han handed su Yue a document. “Mu weibai found out a bit, but not completely.”

he probably took his mother's surname. His father was the captain of the most powerful and mysterious Special Forces in the country. However, in 1995, he died in a large-scale operation to eliminate a drug trafficking group at the border. Since then, mu weibai lived with his mother and changed his surname to mu. His maternal family was an intellectual family with a very famous literary reputation. His ancestors had two scholars in the Qing Dynasty.

“What unit?” su Yue asked.

“I can't tell you. It's already an exception for me to tell you this.” Tang han shook his head.

“Since his father was a martyr, it should be an honor. Why did he change his surname?” su Yue asked as she read the information.

“What do you think? It's related to the military's top secret. If I leak it, I'll kill myself before the military court deals with it. ”

The reason why he changed his mother's surname was because he couldn't expose his father, even if his father was dead.

From the unit's designation to their names, nothing could be revealed. They were like evaporated water vapor, wiped clean, and no one could mention them.

su yue asked another question, “then mu weibai should've joined the army, so why did it only state when he joined the army? why didn't it state that he had served in the army?” You don't even have time to retire?”

“What do you think?” Tang han looked at su Ben.

Su Yue sighed and put down the documents. okay, I understand. It's confidential again. It's all confidential and I can't reveal anything. Sigh, it's really hard to deal with people who have so many unknown things.

“Then can you tell me who his external family is? What's your mother's name?”

Tang han shook his head. you can't. I've already given you a clue by telling you that his surname is mu and that he's from a scholarly family. Whether you can find him or not is up to you.

Su Yu frowned and begged, "big brother, don't be like this. The country is so big, and there are so many people with the surname mu. When will I be able to find them?" give me more information!"

Tang han still shook his head. even if I want to tell you, I can't say too much. I've already found out what I've found. My boss even talked to me and ordered me not to investigate any further. Otherwise, I'll be the one being punished.

"Alright, I won't ask anymore." although su 'er said this, she was getting more and more curious. she wanted to know where mu weibai's military unit was and why it was so mysterious.

Chapter 1126 My heart will ache

Tang han sent su 'er to the hotel but didn't go in.

Su Yue got out of the car and bent over."Big brother, let's have a meal together."

Tang han shook his head,"I'm not going, Zhenzhen."

After a moment of silence, he said to su Yue, su Yue, I've never cared about the things you've done all these years. I've even helped you because those things were trivial. However, if you ever harm the country's interests, I, Yueyue, will never let you off.

Perhaps Tang Zhen's private life was a mess, and perhaps the Tang family was a pool of muddy water, but no one could deny that Tang Zhen was a soldier who was truly loyal to the country.

Su Yu was stunned for a moment. This was the first time Tang han had spoken to him in such a tone. After he reacted, he nodded,"Okay, I'll remember to come. I won't make things difficult for you."

After Tang han left, Su Yu stood at the door for a while before turning back to the hotel.

.....

When Liancheng Yazhi returned home that night, in order not to let Rong Yan see that he was injured, he tried his best to act like nothing was different from usual.

It was just that in the past, when it was time to sleep at night, he couldn't wait to pester Rong Yan to do a baby-making exercise.

But after thinking about it today, he decided to forget it. To do that kind of exercise, the strength of the waist and abdomen must be explosive. But now, he had been hit by that little rascal Tang Zong, and his abdomen had been aching faintly. Moreover, after he took off his clothes, the wound was too obvious.

How was he going to explain if Rong Yan saw him?

Hence, Liancheng Yazhi lay down obediently today, hugged his wife, and slept!

Three steps, absolutely no touching! She hoped that she could quickly fall asleep!

However, his honesty made Rong Yan feel strange.

Something was wrong. According to her understanding of Liancheng Yazhi, he would never let go of any opportunity to eat meat. Even if he didn't eat meat every night, he would at least eat some tofu before he would stop. Wasn't today too abnormal?

Could it be that her influence on Liancheng Yazhi had declined? was it because she was getting old?

Rong Yan touched her face. No, she looked at herself in the mirror every day. She didn't feel that she had changed much from before.

Rong Yan glanced at Liancheng Yazhi, who had his eyes closed. She pressed her body against Liancheng Yazhi's shoulder and pressed her lips against his neck. She said, "hubby, you're being too honest. i'm starting to suspect that you're hiding something from me."

Liancheng Yazhi's heart trembled. Aiyo, my wife, can you not be so observant? if you continue like this, you can become a detective!

Liancheng Yazhi turned sideways and hugged Rong Yan, whispering in her ear, "no, Wanwan's at the company today. You know how to deal with those shareholders. They're brainless, so it's just a bit of a headache."

"Oh, really? Do you want me to give you a massage?" Rong Yan had already reached out and pressed her hand on Liancheng Yazhi's head.

Liancheng Yazhi suddenly felt a little fearful and guilty. thank you, my wife. It's okay. It's so late. You should go to bed. If you don't rest well tomorrow and get dark circles, I'll be heartbroken."

Rong Yan sat up and retracted her hand. She crossed her arms in front of her chest and gestured with her chin at Liancheng Yazhi."tell me the truth, what are you hiding from me?"

Liancheng Yazhi's heart trembled again. How did she see through it? Why did his wife have such a sharp pair of eyes?

Liancheng Yazhi pretended to be calm and shook his head firmly. "no, i'm not hiding anything."

Chapter 1127 She dared to hit her husband!

Rong Yan pouted. don't give me that. Do you think I don't know you? you'll turn into a beast at night and can't wait for you to become so well-behaved today. There must be something fishy going on. Tell me honestly and don't force me to torture you!

Liancheng Yazhi made a serious reflection."So that's how it is. I was wrong. I should have been a beast today. Can I make up for it now?"

As she spoke, she made a posture as if she was going to pounce on Rong Yan.

" don't interrupt me, yingluo. " rong yan reached out and hit him on his body, which happened to hit liancheng yazhi's lower abdomen.

Liancheng Yazhi gasped in pain and hissed.

"what's wrong? Are you hurt?" Rong Yan said as she reached out to lift Liancheng Yazhi's pajamas.

Liancheng Yazhi quickly covered his stomach. "No, I'm not hurt, Yingluo's wife. I can't take your enthusiasm, Yingluo."

liancheng yazhi's smile was especially frivolous, but his heart was already trembling. he was about to be exposed. what to do? what to do?

he silently cursed tang zong a thousand times in his heart!

Rong Yan glared at him. don't joke around with me. Hurry up. Do you want to do it, or should I do it myself? "

it's true. There's no such thing. Liancheng Yazhi was making his final struggle.

Rong Yan showed her two claws. "You want me to do it myself?"

Seeing that it was impossible to salvage the situation, Liancheng Yazhi could only say, "I'll lift it up myself, I'll lift it up myself"

He unwillingly lifted his pajamas slowly, revealing his abdomen.

Liancheng Yazhi's skin was very fair, which made the bruise even more striking and eye-catching.

Rong Yan's eyes immediately widened when she saw it. She suddenly lowered her head and studied it carefully. She came to a conclusion. F * ck, she didn't hit herself. She was actually hit by someone!

Rong Yan grabbed Liancheng Yazhi's hand, her eyes spewing fire as she locked her gaze on his eyes."What's going on? Who did it?"

She dared to hit her husband.

He had been shot a few days ago, and now he was beaten up again. How dangerous was the outside world?

Liancheng Yazhi swallowed and continued to make up stories. it's nothing. Ran ran stood up in a hurry when she was in the office, so she hit the corner of the table.

Rong Yan was even more annoyed and reached out to pinch Liancheng Yazhi's face. "You think I'm blind? it was obviously hit by a fist. how could the corner of the table be knocked into such a shape?"

Liancheng Yazhi couldn't take Rong Yan's anger anymore. it's true that ran ran ran into her.

"Liancheng Yazhi, you're still lying. You won't tell me, right? Then you can sleep by yourself tonight. I'll come back to sleep when you remember how you got injured." As she spoke, Rong Yan really jumped off the bed barefooted, picked up her pillow, and was about to go out.

Liancheng Yazhi saw that she was about to sleep in separate rooms, but he quickly got out of bed and stopped her. "Baby, don't be angry. I'm really fine. It's not a big deal, right?"

Rong Yan stopped and said,"this is your last chance. Are you going to tell me or not?"

Liancheng Yazhi wailed in his heart. He hugged Rong Yan and whispered, " it's just that Hanhan got into a fight with someone. It's the kind between men. They fought because they didn't like each other. It's not a big deal. I used to fight with Hanhan a lot in the past!

"With who?"

Liancheng Yazhi hesitated and said, "with Zhou Secretary Zhou" [Secretary Zhou (#)]: [you're so good, you even accused me of such a thing. You've hurt my heart!]

Chapter 1128 The next time you see him, I'll help you take revenge

rong yan dug her ears and asked, "with who?" Say that again!"

liancheng yazhi moved back a little. rong yan's look of 'don't expect me to let you off if you don't tell me the truth' was really a little scary!

Liancheng Yazhi said softly, "Zhou Wanwan's Secretary, Wanwan."

Rong Yan's first instinct was that Liancheng Yazhi was lying to her. "Really? Secretary Zhou called?"

Liancheng Yazhi nodded.

"Okay, I'll call Secretary Zhou now, or I'll go to his house to see if he's injured." Rong Yan then went to get her phone.

Liancheng Yazhi secretly scolded himself for being stupid. It was better to talk to Kang Yu than to talk to Secretary Zhou!

Rong Yan's phone call would definitely expose her. Did she really have to tell the truth?

On the other side, Rong Yan had already started to call Secretary Zhou's cell phone. Liancheng Yazhi gritted his teeth and quickly pressed the call. "Alright, I'll tell you the truth. It's Yingluo, not him."

rong yan raised her hand and continued!

"That person is Zhenzhen, that person is Zhenzhen, that person is Zhenzhen, Tang Zong!" After Liancheng Yazhi finished speaking, he realized that not only was he not as dejected as he thought he was, but he also felt relieved.

It seemed that there were some things that could not be hidden!

This time, Rong Yan asked in surprise, "Tang Zong?" Why did you fight with him?"

you know, you've always been a madman. Recently, the company has had some business dealings with him, but we didn't reach an agreement. However, he's in a much worse state than me. Your husband definitely has an overwhelming victory. Although Liancheng Yazhi had told Rong Yan that Tang Zong had been beaten up, he still kept the matter about Rong nuo a secret.

Rong Yan gritted her teeth and said angrily, "that's too much. How dare he hit you? hubby, if I meet him next time, I'll definitely help you vent your anger.

As a protective woman, Rong Yan only heard that Tang Zong had hit her husband for no reason. She completely ignored what Liancheng Yazhi had said later about him beating Tang Zong even more miserably.

The corner of Liancheng Yazhi's mouth twitched. This seemed to be the opposite, right?

he pulled his slightly excited face and said, "Rong Yan, I'm fine. Tang Zong's injuries are much more serious than mine. I can knock your husband down with one hand."

“Really?” Tang Zong was a perverted lunatic, and Rong Yan did not really believe him. of course it’s true. I specifically aimed it at his face and punched him. He probably can’t even go out to meet people now.

“Not bad. The next time we see him, we’ll take revenge for this,” Rong Yan praised as she nodded.

“That’s for sure. I’ve already told Tang Zong that I’ll beat him up every time I see him in the future.”

very good, my husband is domineering. That’s more like it. My husband, Yingluo is injured. You should rest quickly. I’ll get that safflower oil for you to wipe your Yingluo.

Liancheng Yazhi immediately pulled Rong Yan. no need, no need. It’s not a big injury. It’s just a little bruise. I didn’t dare to tell you because I was afraid you would be worried. Also, I can’t stand that smell. Let’s go to sleep.

As he spoke, he half-pushed and half-hugged Rong Yan onto the bed. “Baby, when this wound is healed in two days, I, your husband, will definitely satisfy you tonight.”

Rong Yan’s face turned red,”enough!” You’re really getting more and more talkative.”

“Did I?”

“Of course there’s a Kasaya.”

Half an hour later, when he heard the sound of Rong Yan sleeping, Liancheng Yazhi finally heaved a sigh of relief and wiped the sweat off his forehead.

Fortunately, this matter was finally over.

Chapter 1129 The joy of being a father

liancheng yazhi secretly sighed. it was really hard to have a wife who was too smart. he couldn’t hide anything from her even if he wanted to!

.....

Liancheng Yazhi’s beating was considered over. Many days passed, and the days were quite peaceful.

Tang Zong did not look for Rong nuo either. Well, it was also possible that the kid did not even know where Rong nuo was.

Su ‘er didn’t play any tricks. On the surface, she seemed to be obedient, but she wasn’t too sure about the truth.

The investigation at the police station had not stopped, but the progress was slow!

rong nuo’s throat could already speak. although it had not fully recovered, it was not a big deal. so, she came back to the prison again.

liancheng yazhi’s arm was almost healed. the scabs around the wound had fallen off, leaving behind a small scar. the pink flesh was very different from the skin color of the surrounding skin. as the

scar was still a little tender, he still couldn't do too much fighting exercise, or it was likely to tear the wound.

Time didn't freeze in the increasingly cold winter. Instead, it was blown away by the cold wind and slipped away very quickly.

In the blink of an eye, you'll realize that the people around us and I have changed so much.

There were bad ones and good ones!

November of the Gregorian calendar was coming to an end, and the weather outside was a little abnormal today. No matter how thick one's clothes were, one could feel the cold wind piercing through the thick clothes and on the skin.

Therefore, Rong Yan didn't take a step out of her room for the entire day.

Ever since she gave birth to MeowMeow, she had become more and more afraid of the cold, Yingluo.

At night, the family huddled together, and the parents and their precious daughter played a very retarded game on the tablet-liankan!

Suddenly, Liancheng Yazhi's phone rang.

He looked at the caller ID and saw that it was Feng nongtang.

Feng nongtang had been well-behaved for a long time. Since the last time he brought his wife to the house for a meal under the warm sun, he had not made any movements. The rumors of love affairs outside had also disappeared one by one. The sudden call today surprised Liancheng Yazhi a little.

it's Feng nongtang, " Liancheng Yazhi said. this kid has been quiet for so long. Is he going to make trouble again? "

He picked up the phone and before he could speak, he heard Feng nongtang say excitedly, " young master ya, my wife's sister-in-law, hehe, she's pregnant. She's really pregnant. I'm going to be a father. I just found out today that it's only been a month. My parents are so happy that they want to celebrate it, but my wife said that it's only been a month and the baby isn't stable yet. Don't make too much noise and just have a meal with our family. Since it's a family dinner, your family can't be absent. You must all come tomorrow night. Also, you must bring meowmeowmeow. My wife said that it's good to look at the child more when you're pregnant."

After the initial shock, Liancheng Yazhi calmed down and smiled as he listened to the story. It seemed that Feng nongtang had completely bid farewell to the chaotic life of the past.

From Feng nongtang's excited voice, one could tell how happy he was about nuanyang's pregnancy. At this moment, he must be hoping that his child would come soon.

At this moment, Liancheng Yazhi was still a little jealous of Feng nongtang because he had found out when ye Nuan was just one month pregnant. To be able to find out that he had become a father at the first moment was a joy that he had never experienced before, so he was very jealous!

However, Liancheng Yazhi also realized that Feng nongtang had said "my wife said it" subconsciously. Perhaps he did not even realize how many times he had mentioned his wife. Now, Feng nongtang should be willing to be controlled by ye nuanyang!

no matter how dissolute a man used to be, no matter how young he was, when he met a woman who was suitable for him, who could accommodate him, he would be willing to stop by her side and no longer drift.

Liancheng Yazhi teased, "it's pretty good. Congratulations, you can finally be a father. I thought you would never be able to hear your child call you father in your life. It seems that things are really unpredictable. However, it should be celebrated. This is a great thing. Our family will definitely be there tomorrow.

back then, who would have thought that a playboy like Feng nongtang would stop his footsteps in the flower garden for a woman?

But now, it was proven that even Playboys could turn over a new leaf.

"Hehe, same to you, same to you, same to you. I'm not going to talk to you anymore. I haven't called Kang Yu yet. Come to my house tomorrow and we'll have a good chat."

"En, okay. Goodbye!"

As soon as Liancheng Yazhi hung up the phone, Rong Yan quickly asked, "What's wrong? You just said that Feng nongtang is a father and his wife is pregnant?"

yes, he's pregnant. He had a check-up today and is one month pregnant. He invited us to his house tomorrow.

Rong Yan seemed to be a little lonely as she asked, "What's wrong? this is a good thing. Are you not happy?"

Liancheng Yazhi turned to the side and lay on Rong Yan, burying his face in her shoulder. He said in a muffled voice, "Yeah, I'm a little crazy with jealousy."

"Why?" Rong Yan was puzzled.

he knew when the child was just born and was able to accompany the child to grow up in the mother's body. When the child was born, there was not a single day missing. However, I wasn't by your side when you were just pregnant, and I wasn't around when MeowMeow was born. I didn't know about her until she was two and a half years old. after MeowMeow and Rong Yan returned to his side, Liancheng Yazhi had thought more than once about what MeowMeow was like when she was born.

????????????,????????????????????,????????????!

However, he was missing the most important part of MeowMeow's life, and he was really, really regretful.

And this regret, no matter what, could not be made up for!

therefore, when he heard Feng nongtang's excited voice trembling with joy, he thought of himself and felt a little lost and guilty!

Rong Yan smiled and stroked his hair gently, as if she was comforting MeowMeow. Her fingers ran through his hair and gently massaged his scalp. “it’s okay, don’t be envious of him. this is nothing. you can participate in the birth and growth of our next child!”

Liancheng Yazhi reached out and hugged Rong Yan tightly. but they are not then give her double the love. You’re already doing very well now. Really, I’ve forgiven you, so don’t blame yourself. Rong Yan’s chin rubbed against Liancheng Yazhi’s head a few times.

Liancheng Yazhi nodded. definitely, Zhenzhen. I’ll give him everything I have, Zhenzhen.
