

Permit Me 1171

Chapter 1171 Tang Zong, your sister!

It was not until more than two hours after Liancheng Yazhi and Secretary Zhou left that father Xia recovered a little from his grief.

When he left the hotel, he couldn't even walk, so the waiter helped him to the car.

After returning to the company, Secretary Zhou asked Liancheng Yazhi, "Young master ya, what do you think master Xia will do?"

"I don't know," Liancheng Yazhi no longer cared about this matter.

the words that he had said to father xia today were all for show and did not count. even if father xia was willing to forgive madam xia, he would never forgive her. if he wasn't father xia, he would never forgive the murderer even after the death of his beloved woman.

I think if he really forgives that old witch, his brain must have been corroded. But judging from his pained look today, he probably won't. He's completely broken down now.

Liancheng Yazhi grabbed the folder and threw it at Secretary Zhou. "If you have the time to talk nonsense, why don't you go to the police department and ask them to hand this case over to the judicial authorities as soon as possible?"

"Hehe, I'll go and urge him now."

Liancheng Yazhi stopped Secretary Zhou. wait a minute. If Madam Xia's maternal family's brother could commit such a murder case more than 20 years ago and still not be found out, his background must not be simple. Go and check what they really do.

"It's Yingluo."

.....

After a tiring day, Liancheng Yazhi hugged his wife and lay in the big bathtub with a massage effect at night. He sighed comfortably.

"hubby, i went to see rong nuo today. i felt that something was not right," rong yan said to liancheng in a suppressed tone.

"Yes, Yingluo, what's wrong?"

Liancheng Yazhi hugged Rong Yan from behind, his hands roaming all over her body. He basically didn't hear what she said.

"I found some red spots on Rong nuo's neck. She said that she was bitten by a flea, but after I came back, the more I thought about it, the more I felt that he looked like a human bite. Hey, did you hear that?" After Rong Yan said a bunch of things and did not hear an answer from the person behind her, she nudged him with her elbow.

Liancheng Yazhi found himself a Grand reason. "I heard it, so I'll try to bite you. Tomorrow, you'll see if it's the same as what Rong nuo has."

Rong Yan-_-!

” don’t give me that. why don’t you say that you’re being lecherous? you actually used this as an excuse. ”

Liancheng Yazhi’s hand moved underwater and came to Rong Yan’s thigh. His voice was hoarse and sexy.”Yeah, when I’m facing you like this, do you think it’s normal if I don’t have perverted thoughts?”

you’re so annoying. Rong Yan almost couldn’t finish her sentence because her husband’s skills were too good. She really couldn’t help it.

The two of them made love in the water. After they came out, they lay lazily on the big bed, and Rong Yan talked about Rong nuo again.

Rong Yan’s finger poked Liancheng Yazhi’s strong waist, which did not have any fat at all.”yazhi, i’m worried. you’d better send someone to investigate and see if anyone bullied rong nuo.”

His waist felt itchy, and Liancheng Yazhi moved. “Alright, I’ll send someone over tomorrow.”

At this moment, he was berating Tang Zong madly in his heart. F * ck you, you bastard. Don’t you have a brain? in that kind of business, you have to see where you can kiss and where you can’t kiss.

He clearly knew that their matter couldn’t be made public, and he couldn’t let Rong Yan know, yet he still dared to brazenly leave the evidence on his neck. He was courting death!

Chapter 1172-death ends everything

Liancheng Yazhi’s heart was spinning quickly. No, he had to contact Tang Zong tomorrow and give him a warning. He could not let him get into trouble.

It was no small matter that his wife was suspicious.

He could not care less about what would happen to Tang Zong and Rong nuo if he made a big deal out of it. Most importantly, he would definitely deal with him later.

the next day, as soon as he reached the company, liancheng yazhi asked secretary zhou to find tang zong’s mobile number.

With the urge to teach him a lesson, Liancheng Yazhi dialed Tang Zong’s phone number.

In the end, the call went through for the first time, but no one picked up after a long time.

This made Liancheng Yazhi extremely angry. He, young master Liancheng, had called that kid, but he actually dared not pick up. He was going to flip the sky.

liancheng yazhi also stopped working and kept calling tang zong.

Finally, on the seventh call, the call went through.

Tang Zong seemed to have not woken up yet. After a long while, he picked up the phone in a daze.”Hello, Yingluo, who’s this? Yingluo, why are you calling so early in the morning? can’t you let me sleep?”

this made liancheng yazhi so angry that he was still sleeping. the moment he opened his mouth, he said very ‘viciously’, ” “Sleep, sleep, sleep. Why didn’t you die from your sleep?”

Liancheng Yazhi really felt that Tang Zong, this troublesome person, was finally dead. Everyone would no longer have to worry about him. [Tang Zong] (--) “: alright, since you’re so evil, then you can blame me for being ruthless. Hmph, I’ll die far away, but I’m definitely not alone.

Tang Zong, who was on the other end of the line, was stunned for a moment. He shook his head to clear his mind.”Oh, Rong nuo is his brother-in-law?”

Liancheng Yazhi took a deep breath. Tang Zong, you brat, listen to me. Don’t think that you can take advantage of me just because I don’t stop you from seeing Rong nuo. You better control yourself. If Rong Yan finds out anything again and she interferes with you, don’t blame me for not warning you.

Tang Zong laid on the bed and yawned.”Oh, you’re all talking about the little Hickey on Rong nuo’s neck. I’ve already changed it. Next time, it will definitely not appear on the skin that is exposed outside of the clothes.”

liancheng yazhi’s hand that was holding the phone almost broke. if it did not hit his neck, it would hurt other parts of his body.

he really wanted to vomit blood. how could this little rascal say these words so matter-of-factly, without a trace of guilt or blushing?

Liancheng Yazhi took a deep breath.”You have to take care of it. Rong nuo will be released from prison next year. Don’t let her go in alone and come out with two people.”

Did he make it clear enough? did you understand?

However, Tang Zong’s brain just couldn’t understand.

He even laughed at Liancheng Yazhi,’two people when we came out? How can it be two people? you’re really not even as good as an elementary school student.”

Liancheng Yazhi slammed the table and finally couldn’t help but curse, ” “Tang Zong, your grandpa’s Kasaya!”

He panted. with your current playing style, it’s only a matter of time before you get pregnant. When that happens, not to mention two people, it’s even possible to have three! [twins]

after liancheng yazhi said this, tang zong was stunned for a moment before he understood.

Then, he actually started to blush. He picked up a pillow and pressed it against his face, rolling around like a child.”Don’t say that, it’s so embarrassing, Yingluo.”

hehe, where are the children?

This idea was not bad!

Chapter 1173 How to make a woman pregnant

when liancheng yazhi heard tang zong’s words, he got angry. get out of here. Don’t play any tricks with me. If Rong Yan really finds out, you’ll die on your own. Don’t drag me down with you.

Tang Zong was happy for a while before he replied to Liancheng Yazhi,”Thank you for your reminder, I will work hard to make Rong nuo pregnant. Yes, that’s it!”

Liancheng Yazhi was not happy, he would work hard? What did he mean? Working hard without being discovered by Rong Yan? [Tang Zong: No, No, No] you misunderstood!]

“Rong Yan is still suspicious. Let me investigate the prison thoroughly. You should not go to Rong nuo for a while.”

Tang Zong replied lazily, “Oh, I know, I know, I know.” Knowing was knowing, but whether or not he would listen was another matter.

liancheng yazhi lectured tang zong for another ten minutes before hanging up.

Tang Zong threw his cell phone aside and hurriedly took out his tablet to check on issues regarding childbirth.

The first thing he typed on the search engine was ‘how to make a woman pregnant’, and the results were a bunch of weird answers, none of which were reliable.

He tried his best to dig around and finally came up with two words-make love (do)!

Tang Zong bit his finger. His clean and beautiful face was filled with embarrassment!

Of course, he knew how to make love. Although he had not really done it yet, in theory, he actually knew everything. Rong nuo had taught him a lot recently.

However, if he really wanted to do it, it would be a little difficult.

Because Rong nuo only allowed him to move on her upper body, and strictly forbade him from moving below. Until now, he had even taken off her pants! Well, they didn’t even allow her to take off her underwear.

Sigh, it’s so uncomfortable to hold it in every time!

from the search results he had just gotten, he knew that men should be appropriately relieved in this kind of matter. otherwise, if their internal fire was too strong, it would not be good for their health.

Tang Zong lay on the bed and began to think. How could he get Rong nuo to agree?

This is very difficult!

In the end, Tang Zong really couldn’t think of an answer. He put on his clothes and called his attendant over.

The red-haired woman’s face was as cold as frost. She lowered her head and called out, ” “Young master.”

“mm,” tang zong replied casually. he was not in high spirits.

He glanced at the redhead and suddenly asked in embarrassment, ” “Tell me, if you were a man, how could you make a woman, that Hanhan, be willing to be with your Hanhan?”

The red-haired woman jerked her head up and looked at Tang Zong in disbelief.

tang zong felt extremely embarrassed. he glared and said angrily, “What are you looking at? just say what I told you to say.”

“Young master, as long as you say the word, is there any woman in this world who can refuse you?” the redhead lowered her head again.

Tang Zong sighed.

If he had taken a fancy to those women who would desperately climb into his bed with a casual hook of his hand, he would not have kept his chastity for so many years!

what young master tang wanted was a woman who would not fool around with him casually.

Tang Zong waved his hand and said, “you can leave now, Zhenzhen.”

The red-haired woman did not move. young master, ” she said. if the other party is unwilling, there’s another simple method.

“Oh, what?” Tang Zong hurriedly asked.

“Medicine,” the redhead said.

Tang Zong’s eyes flickered. In the next second, he grabbed a cup of boiling coffee and threw it at the woman. “Get lost!”

The red-haired woman’s eyes dimmed as she left in silence.

Chapter 1174 Wife, let’s divorce!

In fact, she was right. There were only two ways to deal with an unwilling woman. One was to force himself on her, and the other was to force himself on her.

Tang Zong glared at the door angrily. He had never followed any so-called principles when he did things. He was despicable, shameless, and sinister. As long as he could achieve his goals, he would do anything.

However, towards Rong nuo, he could pester her shamelessly, but he could not drug her, absolutely not!

He decided to continue using his ‘shameless’ skill to farm the boss, Rong Yan!

.....

On Liancheng Yazhi’s side, Secretary Zhou knocked on the door and came in just as he hung up the phone call with Tang Zong.

“Young master ya, Xia Xuanmo’s father went to the detention center half an hour ago.”

liancheng yazhi was not surprised, “oh, where did he go, yingluo?”

“He brought a lawyer with him. He also brought Hanhan’s divorce papers,” Secretary Zhou said with a gossipy expression.

This time, Liancheng Yazhi was shocked. “Is that so?”

Father Xia had actually thought about it for a night after finding out about that incident, and then decided to divorce his first wife!

haha. an extremely mocking smile appeared on Liancheng Yazhi's face.

He really didn't know if it was because the dead woman held too much importance in father Xia's heart, or if Madam Xia's many years of sharing the same bed with him were worthless.

according to the logic of a normal person ...

The root of Madam Xia's fault was father Xia.

Back then, when father Xia had already married Madam Xia, he had an affair and had a mistress. He even had an illegitimate child. This kind of scumbag should be despised.

However, Madam Xia's older brother had killed the mistress and illegitimate child, so no one held father Xia accountable for all his mistakes.

After that, Madam Xia had to bear all the blame. She was a vicious person and she deserved everything that happened today. However, at the same time, she was also a very pitiful woman.

At this moment, in the guardhouse.

Madam Xia's hair was in a mess, and her face was pale and old. In just a few days, her hair had already turned white.

When she saw father Xia, she started to cry. hubby, you have to save me. This place is too scary. I don't want to waste my time here.

Father Xia turned a deaf ear to her cries. I'm here to look for you today.

The lawyer pushed the divorce agreement in front of Madam Xia and said, "Madam, please sign here.

madam xia's eyes were hazy with tears. she looked down at the documents in front of her and was shocked to see the words at the top-" divorce "-" marriage "-" association "-" discussion "

The words were all simple Chinese characters, but they looked so unfamiliar at this moment!

Madam Xia's tears gradually stopped. She opened her eyes wide and looked at the document. Then, she wiped the tears from her face, afraid that they would get in her eyes.

and then,

The words on it still hadn't changed.

Madam Xia raised her head, her face full of fear."Hubby, what do you mean by this?"

Father Xia didn't want to say anything more.

Madam Xia suddenly stood up and shouted, " "xia yuejin, what do you mean? tell me clearly."

Father Xia,"divorce Yingluo."

"Why? just because i instigated you to kill, you were afraid it would affect your status, so you abandoned me like a useless chess piece, abandoning me, yingluo."

Father Xia waited until Madam Xia was done before asking, " it's about the fire many years ago. Do you still remember? "

Madam Xia's face, which was a little ferocious because of her anger, instantly froze.

Chapter 1175-husband and wife turning against each other

She didn't expect that father Xia would suddenly reveal the things she had kept hidden in her heart for so many years.

Father Xia said calmly, "I had a nightmare last night. In my dream, I was filled with their cries and cries for help. He was still such a young child. How could you be so cruel to him?" i didn't know until yesterday that the wife i've shared the same bed with for so many years is actually a venomous snake?" now that things have come to this, i can't continue to live with you as a husband and wife.

Madam Xia was flabbergasted. After a while, she suddenly raised her head and laughed. As she laughed, tears flowed out and her eyes suddenly became full of hatred.

She hated father Xia to the core. All these years, she had been trying hard to suppress it, but now, a divorce agreement had forced all the hatred in her heart out.

Madam Xia looked at him sarcastically, " "Venomous snake? That's right, I'm a venomous snake, but I'm still better than a despicable hypocrite like you. You cheated on me during your marriage, found a mistress, and gave birth to an illegitimate child. I haven't even settled the score with you yet. Do you think that bitch you found is a good person? When she was with you, she had sex with several men at the same time. She's a whore. Go ask your current boss and your old friends if they know her. Ask them if it feels good to have sex with that woman. Before you come to me for revenge, you'd better find out if that little bastard is your son."

Madam Xia had always presented herself with a gentle image in front of others. She had always given people the impression that she was weak and delicate.

however, at this moment, she was like a woman who had gone crazy. the gentleness and weakness on her body were all gone. in its place was madness, meanness, and sharp ridicule.

The model couple who used to love each other had finally shed their pretense and turned against each other!

Madam Xia's words triggered father Xia. "You're talking nonsense. I won't allow you to insult her."

Madam Xia said disdainfully, "I'm not allowed to insult him?" I'm going to say that that b * tch is a slut, a prostitute whose whore's been played by men long ago. Only you treat her like a treasure!"

Father Xia stood up and slapped Madam Xia across the face.

Madam Xia covered her face and laughed out loud. Xia Yuejin, I've finally seen you clearly. You are a coward.

if you're a man with balls, take your evidence to your boss and see how he answers you.

"Sign it? i'll sign it and let everyone see your true colors. i've already become like this, what do you think i'm afraid of?" Madam Xia grabbed the pen and signed her name.

She looked weak on the outside, but she was not weak at all. She was used to using her appearance to help herself accomplish many things. She was also very clear that when father Xia brought this divorce agreement to her, he had completely abandoned her. In that case, it made no difference whether she signed it or not.

the only thing she could rely on now was her maternal family.

Madam Xia stood up. if you're so capable, then expose my murder. If I'm not having a good time, don't even think about having a smooth life.

Chapter 1176 An Angel came to his world

Madam Xia's words had struck father Xia's fragile heart when the couple officially broke up this time. He passed out after walking out of the detention center.

When Xia Xuanmo received a call from his father's Secretary, he was sitting in a car. The car was driving hard on the road called 'Sky Road' by the people. They were going to inspect a higher, more difficult, and colder border station, and at that time, it was snowing outside.

young master, you should come back. Sir and Madam Wanwan have divorced. Sir is now lying in the hospital. The doctor said that Wanwan's condition is not good. You should come back and take charge of the situation!

hearing this, xia xuanmo's face didn't change. he just looked at the snow outside indifferently.

The root of the problem that he had bought back then had finally erupted many years later!

this was something his parents would have to face sooner or later. who could stop fate?

After a long time, Xia Xuanmo lightly said, "i know."

"Young master, are you coming back?"

"I still have a lot of things to do, so that's all."

After the call ended, the convoy that was already moving very slowly stopped.

The driver who was leading the way ran down against the wind and snow. Secretary Xia, the road ahead is seriously frozen. We can't walk anymore. This road is dangerous. If we flip over, we'll lose our lives.

Xia Xuanmo nodded. stop the car and rest. Can we set up a tent in this weather? "When will this weather stop?"

it's hard to say in this kind of Blizzard. If it continues like this, we won't be able to leave. We can only ask for help from the garrison.

"Go and tell everyone to get off the car and put on the anti-slip chains for the wheels."

Xia Xuanmo stretched out her hand and a snowflake fell on her palm, which quickly melted.

The corners of his lips slowly lifted. A girl once told him that she loved this kind of snowy day the most. She always said that when she stood in the vast snow, she would feel as if her entire body was washed clean and she had the illusion of an Angel.

At this moment, he finally understood.

There was an Angel who had come to his world in the form of a young girl.

Unfortunately, by the time he realized it, she had already gone far away and would never come back.

.....

In the Liancheng family, after Liancheng Yazhi told Rong Yan about Xia Xuanmo's parents 'divorce ...

She furrowed her brows and thought for a while before saying with emotion, " "Divorced? Tsk, tsk, it's just like the saying, husband and wife are birds in the same forest, but when disaster strikes, they fly away separately."

liancheng yazhi--!

"Don't worry, even if a great disaster befalls us one day, I'll bite you and fly with you."

Rong Yan didn't seem to hear what he said. they've been husband and wife for decades, and they're going to divorce just like that. Xia Xuanmo's father is really a coward.

"That's because they've been sleeping in the same bed for so many years, but they've had different dreams."

"What about the two of us?" Rong Yan asked.

Liancheng Yazhi did not even think for half a second."The two of us, husband and wife, work together, and we'll be able to break gold."

Rong Yan smiled. then Xia is done for this time, right? "

"You're already like this, how can you still struggle? "The higher-ups have already started considering a replacement for father Xia. As for himself, he should have asked his Secretary to prepare his resignation letter. He's already in this state now. Rather than waiting for the scandal to be exposed and be fired, it's better to use his poor health to quickly resign. At least he can still maintain his reputation."

Rong Yan suddenly hugged Liancheng Yazhi. hubby, you didn't go into politics like Xia Xuanmo. It's so good.

Chapter 1177 The duty of a good man

Those who walked that path would involuntarily start to scheme. In order to maximize their own benefits, they would not be able to control themselves from calculating people's hearts, human feelings, and everything, including themselves.

Liancheng Yazhi pinched her nose. what nonsense are you thinking about? no one in our Liancheng family will ever take that path.

That path was a double-edged sword. While it was beneficial to both himself and others, it was also another form of torture to one's spirit.

"Rong nuo, have you sent people to investigate?"

Liancheng Yazhi's heart trembled and he quickly corrected his attitude. I've checked. There's nothing wrong with the prison. No one dares to bully her. Besides, she's sleeping in a single room now. Who else can bully her? "

"Am I really overthinking it?" Rong Yan touched her chin.

“Maybe you didn’t see it clearly at that time. You didn’t think about it. There are only female prisoners inside, and many of the prison guards are women. Although the soldiers on guard are men, with me inside, who can bully her? don’t you think that Rong nuo’s spirit is getting better and better?”

Rong Yan thought for a moment and clicked on the picture. he does look very energetic. Also, when I saw him this time, I realized that his face is a lot Ruder.

” that’s right. don’t think too much about it. it might be out this time next year. ”

“That’s right, let’s not think about anything else.”

.....

it was december, and the weather was getting colder by the day. christmas was approaching, and the festive atmosphere was getting stronger.

However, the major media outlets in the capital did not invest too much in the coverage of this Festival. Everyone’s attention was focused on the case of the former Madam Xia instigating a murder.

every day, the media would spare no effort to report all kinds of gossip and gossip, and they would make a lot of coverage on the xia couple’s divorce.

as for master xia, he left the imperial capital after being discharged from the hospital and returned to his ancestral home in jiang city. it seemed like he intended to retire and never come back again.

This case had basically become a done deal. Liancheng Yazhi and Rong Yan no longer paid too much attention to it, and all that was left was to wait for the court hearing.

It was Christmas in a few days and it was very lively outside. Thinking that MeowMeow hadn’t gone out to play for many days, Rong Yan suggested to Liancheng Yazhi to take MeowMeow to the mall to buy Christmas things.

liancheng yazhi agreed. it was every man’s duty to go shopping with his wife and children during the holidays.

it was just that the mall was very crowded at this time, and it was the busiest time, so he had to be careful when he went there.

Liancheng Yazhi had made arrangements in advance. The ten or so bodyguards had the people put on casual clothes, dressed like ordinary people, and followed them into the nearby crowd, pretending to be customers.

The family of three made a big purchase in the mall and the things they bought could be transported in trucks.

In the end, Rong Yan and

Before leaving, Liancheng Yazhi told Rong Yan to wait here and not move.

The mother and daughter were very obedient, but soon, MeowMeow saw many children walking over from the other side, each holding a cup of milk tea in their hands. She licked her lips, shook her face and said coquettishly, ” “Mom, mom, I want milk tea too.”

The young woman's face was very white, her lips were very red, and she had heavy makeup on. She didn't look like a decent woman at all. She shook off Rong Yan's hand in disgust. "Don't pull me, I didn't see anything! Who knows where your daughter went? if you can't take care of her, don't look for me."

Rong Yan interrupted sternly, "it's impossible that you didn't see it. You're all around me. My daughter is a living person. Even if he squeezed out from your side, you should have seen it. Unless Qingqing's disappearance had something to do with all these people.

The woman glanced at Rong Yan from the corner of her eyes. Seeing that she was dressed in international brands and a casual bag was worth more than 100000 Yuan, she suddenly became jealous and envious. who knows? she didn't crawl out of my womb. Who knows? maybe your daughter thinks you're not her real mother and ran away on her own, Yingluo.

The woman twisted her waist and was about to leave.

rong yan's eyes had already turned red. she slapped the woman, causing her to stagger.

don't move," she said coldly. I'll kill anyone who dares to move.

This group of people in the milk tea shop must have something to do with MeowMeow's disappearance. Perhaps Yingying was setting a trap.

If anything were to happen to

Chapter 1179 whoever dares to move, beat them to death

The woman with heavy makeup covered her face and pounced on Rong Yan."On what basis? Who Do You Think You Are, how dare you hit me? do you know who I am, Yingluo? you won't let me go, right? I'll tear your face apart first, Yingluo!"

a bodyguard immediately stood up to stop her. with a swift movement, he smashed the woman onto the ground.

Rong Yan's face became ferocious because of her anger. "teach her that dirty mouth of hers a good lesson."

The bodyguard immediately carried out Rong Yan's order and hit the woman's face with his strong hand. Immediately after, the woman's shrill screams that sounded like a pig being slaughtered rang out in the mall.

The security guards had been through strict training and were very strong. With one slap, the woman felt dizzy and her ears buzzed. She screamed at the top of her voice, "help! Someone's been killed! Someone's been killed! Help! Someone help me! Someone help me call the police!

But soon, she fell silent. Her cheeks were swollen, her teeth were loose, the corners of her mouth were cracked, and her mouth was full of the smell of blood.

The rest of the people standing at the entrance of the milk tea shop looked at each other, not daring to say a word.

as for the people who were passing by, they were all hiding far away, afraid that they would be affected. some of them had already secretly dialed 110.

Rong Yan's cold and piercing eyes swept over them and she ordered the other bodyguards, "You guys, surround this shop. No one is allowed to leave. Whoever dares to move, beat them to death."

It was a few tall and burly bodyguards who surrounded the group of men and women, including the milk tea shop.

A bespectacled middle-aged woman in her forties, who looked like a teacher, stood out and said, "miss, you can't do this. We're also very upset that your daughter is missing, but we're innocent passers-by. We really didn't see your daughter. You shouldn't be surrounding us right now. You should go look for your daughter or call the police. You're only wasting time by doing this.

Rong Yan's cold eyes swept over him. shut up. If you say one more word, you'll end up like her now, Yingluo.

She didn't believe that MeowMeow would be taken far away in such a short time. There must be something wrong with the surroundings of this milk tea shop.

Rong Yan was about to go crazy, but her mind was working at high speed. The scenes just now flashed quickly in front of her eyes.

The owner of the milk tea shop said unhappily, " "Miss, you're hindering my business."

Rong Yan glared at the owner of the milk tea shop. smash her shop, Yingluo.

Two people immediately went up and smashed the machine for making milk tea and the cups of milk tea.

The milk tea shop owner wailed, "you can't do this. You're like robbers! I'm going to call the police and let them arrest you! Security! Security!

Rong Yan's hands dug in, her nails digging into her palms. She didn't know it at all and quickly said to a bodyguard beside her, " immediately inform the others to seal off the entire mall. No one is allowed to go out.

As soon as she finished speaking, Liancheng Yazhi ran over from a distance. Rong Yan, what's wrong? "

As soon as she saw Liancheng Yazhi, Rong Yan seemed to have found someone to rely on in an instant. The strength and fierceness she had just now disappeared. She grabbed his hand and said in a trembling voice, " Yazhi, don't whine. MeowMeow is missing. I brought her here to buy milk tea and I kept holding onto him. I let go for a few seconds when I was paying. When I lowered my head again, MeowMeow was gone. What should I do, MeowMeow is gone.

Chapter 1180 No one is allowed to touch his daughter

Rong Yan's eyes were red, and she was already on the verge of a breakdown.

Liancheng Yazhi was shocked when he heard that. The toy in his hand loosened and fell to the ground.

He forced himself to calm down quickly. With MeowMeow gone, Rong Yan was about to break down. He had to calm down and make a rational judgment. He had to find MeowMeow, comfort Rong Yan, and give her someone to rely on. If he also panicked, Rong Yan would find it even more difficult to be at ease.

Liancheng Yazhi quickly hugged Rong Yan. it's okay, it's okay. Don't be afraid. This just happened. It's okay. Huahua can find Meow Meow. Huahua will definitely be able to find it.

“seal all the exits of the mall, including the electric ladder,” he quickly ordered one of the bodyguards. “only entry is allowed.”

In such a short time, even if someone kidnapped MeowMeow, the mall was so big that they couldn’t leave even if they wanted to.

Rong Yan wiped the tears from the corner of her eyes. She had to be strong. Being weak, sad, anxious, and afraid wouldn’t help her find meowmeowmeowmeowmeow. She had to be calm and rational.

Rong Yan told Liancheng Yazhi about the situation just now. “Just now,

“Okay, I know. You did well. Don’t worry. Believe me, I will make sure that those who dare to lay their hands on you and Liancheng Yazhi hugged Rong Yan tightly, his eyes flickering with a crazy murderous aura. His daughter, his little princess, no one could touch her.

It was not easy for Rong Yan to react quickly and control the people present at the time when she was in such a panic the moment MeowMeow disappeared.

Liancheng Yazhi wanted to comfort Rong Yan for a while longer, but he didn’t have the time to arrange a lot of things and find Miaomiao.

Liancheng Yazhi first called Secretary Zhou, who was still in the company, and told him to do something as soon as possible.

Two security guards of the mall came over with electric batons and pointed them at Liancheng Yazhi and the others. what’s going on? what are you doing, ran ran? ”

As soon as the security guards came over, a man immediately shouted, ” security, these people are too presumptuous. They detained us for no reason. We are your mall’s customers, you have to ensure our safety, ” a bodyguard walked over and punched the man in the stomach. Then the man fell to the ground and curled up, holding his stomach. His face was pale, and he was in so much pain that he couldn’t even hear a groan.

The security guard was shocked and quickly took a step back. He raised his stun baton and said, ” “what are you guys doing? Is this a kidnapping?”

No one paid attention to him, and soon Liancheng Yazhi’s phone rang. It was Secretary Zhou who had turned it on.

Secretary Zhou quickly said, “young master ya, everything you asked for has been done. You now hold 35% of the shares of that shopping mall and are the largest shareholder. Moreover, our people are already on the way. I believe they will arrive in Xuanji very soon.

Secretary Zhou bought 35% of the shares of the mall under Liancheng Yazhi’s name as soon as possible. This way, Liancheng Yazhi could do anything he wanted here.
