

Permit Me 1181

Chapter 1181 I'd rather kill the wrong person than let him go

Immediately, a bodyguard came forward and said to the security guard, "our young master ya is the biggest shareholder of this shopping mall. Qianqian has requested for the entire area to be sealed off. Inform the security guards in the mall to gather all the customers and not allow them to move. No one is allowed to go out before the eldest miss is found.

The two security guards looked at each other and said, "why should we believe Yingluo?"

Liancheng Yazhi glanced at the man who was running towards them in a panic. "Your manager is here. You can ask him."

The experience came to Liancheng Yazhi and reality bowed deeply. Mr. Liancheng, I'm very sorry for losing your daughter in the mall. We will do our best to cooperate with you and help you find your daughter.

Liancheng Yazhi did not look at him. His eyes had been observing the people who had gathered to buy milk tea. He and Rong Yan's judgment were the same. There must be someone among these people who had something to do with MeowMeow's disappearance.

"Cut the crap," he said coldly, "the two of them will follow you."

now, immediately inform the security Office to check the surveillance cameras in this area. If there are any abnormalities, report it immediately.

Okay, okay. the manager quickly left with the security guard.

At this moment, they had already informed all the security guards through the walkie-talkie to guard all the entrances and exits. The elevators were closed, and all the safety passages were also closed.

the unanimous attitude of the mall manager and security guards made the detained people and the milk tea shop owner not dare to say anything.

Liancheng Yazhi's cold eyes swept across them one by one, memorizing the faces of more than a dozen people. He said, "my daughter has been missing for less than ten minutes, and no one has seen her walk out of the crowd. this means that the suspect is among you. if you know what's good for you, you'd better tell me and bless her with safety. maybe i'll leave you all with an intact body."

Liancheng Yazhi's voice was very flat as he spoke about one thing in a flat and direct manner. There were no ups or downs, and there was no extra emotion, but it made those people feel a chill rising from the bottom of their feet.

There was a pretty young girl in a short white down jacket. She looked at Liancheng Yazhi with teary eyes and said, "Sir, I'm really innocent. I'm just a passerby who wanted to buy milk tea."

Humans were visual animals, especially men. Many people said that men were always tolerant of beautiful women.

This woman also hoped that Liancheng Yazhi would be moved by her and let her go.

However, Liancheng Yazhi only replied with eight words: "I'd rather kill the wrong person than let him off."

The woman usually used this trick on others, but now it didn't work. She was angry from embarrassment. "who do you think you are? you're not a police officer! what right do you have to treat our yingluo like this? "

Just as he said that, the police came.

There were many of them, not just one, but a large group.

The moment they saw the police, the group of people seemed to have seen their Savior. The middle-aged woman with glasses who had quarreled with Rong Yan before quickly shouted, " police comrade, help! They're restricting our personal freedom for no reason and attacking us!

In the end, all the police seemed to have not heard him. The leader of the team stopped in front of Liancheng Yazhi. Mr. Lian Cheng, the chief and the captain asked us to come and help maintain law and order. If there's anything we can do for you, please don't hesitate to ask.

Chapter 1182 Block her mouth

Liancheng Yazhi nodded. There were too many people in the mall now. In order to lock so many people here, they must have enough manpower. At the moment, Kang kun was not in the country, so he could not mobilize his soldiers. He could only get the police to come over. Although the police's deterrent force was less than the Army, they were the best people who could sit here at the moment.

he glanced at the milk tea shop and said,"now, tear down this milk tea shop!"

Since there's a problem with the milk tea shop, you have to tear it down and see what dirty things are hidden here.

The police officers who came to support them secretly complained that they were not Urban law enforcement officers of the demolition office.

However, since he was already here, he naturally had to listen to her.

Rong Yan pulled Liancheng Yazhi. we don't need too many people to tear down the store. Leave four or five people behind. The rest of you can go to the entrances to maintain order. Don't let the people in the mall go out.

After all, the police had more authority than ordinary people. They could come forward with a legitimate reason and there would be fewer disputes.

Liancheng Yazhi grabbed Rong Yan's hand tightly. alright! We'll do it according to your life!

The leader pointed at the panicking people and said, " "Do you need us to take these people away?"

Liancheng Yazhi's eyes were cold. there's no need. I want to keep their things for myself.

There would always be people who wanted to court death. If they were not killed, then it would be a waste of their provocation.

"Alright, we'll head over first."

When those people saw that the police and Liancheng Yazhi were on the same side and were about to leave after saying a few words, they shouted unwillingly, " comrade police, we're innocent passers-by. You have to protect us and keep the people in harmony. Comrade police, you're using our taxpayer's money. How can you help these robbers clean up? "

Unfortunately, none of the police officers paid her any attention.

Liancheng Yazhi glanced at the owner of the milk tea shop and ordered, "Smash!"

Soon, a few police officers and bodyguards began to dismantle the small milk tea shop.

The owner of the milk tea shop was a chubby woman in her thirties. She laid on the ground and made a scene, crying and shouting, "You can't smash my shop! you're robbers! oh god, you don't want me to live anymore! i'm going to bed! i'm going to sue you! i don't believe there's no way to reason with you!"

Rong Yan's mood was extremely tense, and her mind was full of meowing. Hearing the fat woman's howl, she felt a terrible headache and shouted, "Block her mouth."

Soon, someone came forward and stuffed a rag into the fat woman's mouth, then tied her hands and feet.

The fat woman wriggled on the ground like a worm. Wu.

As the milk tea shop was dismantled and cleaned up bit by bit, the raw materials and machines for making milk tea, as well as some empty milk tea cups, were all scattered on the ground.

There seemed to be nothing strange in the shop, but when the table cloth covering the counter was pulled down, Rong Yan realized that there was something different under the counter.

It was a rectangular table, and below it was a cabinet where things could be placed.

However, normally, there was only one cabinet door for the convenience of the seller, and it was facing her. She could quickly take it out after she opened it.

However, the cabinet was strange because it was connected on both sides. The owner could open the cabinet on her side, and the customer standing opposite him could open the door on the other side. The door was also a sliding door.

Chapter 1183 Where did you take my daughter?

It meant that if both doors were opened at the same time, even an adult could pass through the customer's side and enter the store as long as he was not too tall or fat.

Rong Yan's eyes widened, and the scene when she bought the milk tea quickly appeared in front of her eyes.

as expected, if there was a problem with this shop, it was the milk tea shop's problem.

Rong Yan's eyes quickly turned bloodshot. She turned her head abruptly to look at the fat boss lying on the ground. She looked like a malicious ghost that had climbed out of hell to take his life, causing the other party to shiver in fear.

Rong Yan suddenly rushed up and kicked the woman as if she had gone crazy. where did you take my daughter? tell me clearly, where's my daughter? Yingluo, return my daughter to me, Yingluo!

Rong Yan's voice was hoarse. In the end, she was already crying. Salty tears flowed into her mouth, and she felt bitter in her heart.

She had lost her daughter right beside her. It was her fault for not taking good care of her. If something had really happened to meowmeowmeowmeow, she would not be able to live on.

Liancheng Yazhi quickly hugged Rong Yan. Rong Yan, calm down. Don't worry. We'll find it. Don't cry. I already have a clue. I can find it, Huahua.

Liancheng Yazhi turned to the bodyguard behind him and said, "as long as she's alive and can speak, you can do whatever you want. I only want my daughter's whereabouts.

Soon, four bodyguards immediately stepped forward and grabbed the milk tea shop owner, whose face was already covered in blood.

Rong Yan wiped away the tears on her face and pointed at them. all of you, stand in the same position in the queue where you bought the milk tea. If anyone stands in the wrong position unintentionally or deliberately, don't blame me for being ruthless.

After the milk tea shop owner's experience, none of them dared to say anything more and stood at the counter.

Rong Yan looked around and divided them into two groups.

One group was those who could reach out to touch MeowMeow, and the other group was those who were blocking the view of the people outside.

"These people are all suspects," Rong Yan said to Liancheng Yazhi.

liancheng yazhi looked at them coldly. "if anything happens to my daughter, you and your entire family will be buried with her! I'll only give you three minutes to think about it. If you don't say it after the time is up, you'll lose the chance to speak forever."

After he finished speaking, everyone felt their bones ache from the cold.

If he lost the chance to speak forever, the Tao Wu would be dead!

as soon as liancheng yazhi finished speaking, secretary zhou arrived with a large group of people behind him. several of them were holding fierce police dogs.

Secretary Zhou was in a hurry and panted a little. "Young master ya, Qianqian."

liancheng yazhi did not give secretary zhou any time to rest. "find out the names of these people, where they live, and bring all their family members here. also, the owner of this milk tea shop. don't let anyone in her family off."

"Yes, I'll do it immediately." Secretary Zhou led the technical team and seized the identity cards and phone numbers of those people. They quickly went to dig out their ancestors.

Liancheng Yazhi looked at the watch on his wrist. When the three minutes were up, he put it down and sneered. "Three minutes is up. Since you don't want to open your mouth again, I'll fulfill your wish."

Chapter 1184 A handsome police dog

Finally, a bespectacled, thin young man rushed out. His face was pale with fear, and he raised his hands in surrender. I'll say, I'll say, half an hour ago, Yingluo, someone gave me a bank card with

20000 Yuan on it. He said that Yingluo, I only need to stand in front of the milk tea shop and buy a cup of milk tea. I really didn't know that they were going to do something to your daughter, Yingluo.

As he spoke, he took out a brand new union Bank card from his pocket. bank card, this is the bank card they gave me, Yingluo. There's no password on it, there's 20000 Yuan in it, Yingluo.

After one person stepped forward, the others also began to step forward one after another.

me too, Yingluo. I was walking when a man stopped me and gave me a card. Yingluo only told me to stand at the back, Yingluo didn't have to do anything.

"The two of us just came to shop. Someone gave us this too. He said Yingluo, let us stand beside a woman with a little girl, Yingluo"

At this moment, seven or eight people handed in their bank cards one after another. All of them gave the same instructions, but Liancheng Yazhi would not believe them so easily.

However, this also confirmed Rong Yan's previous guess. These people had made a trap for her to crawl into.

Liancheng Yazhi glanced at the others who had yet to speak. "Why don't you have anything to say to the remaining people?"

An eighteen or nineteen-year-old girl grabbed her thirteen or fourteen-year-old brother and said, "I brought my brother here to drink milk tea. We really didn't get paid. I'm a student who works in this mall and has a laundry detergent promotion on weekends, Hanhan.

The siblings were not well dressed. They were both wearing old clothes, especially the boy. He was so scared that he stood behind his sister, trembling all over.

In the past, Rong Yan might have thought of her daughter and sympathized with them, but now, she felt that everyone was suspicious.

Suddenly, the middle-aged woman with glasses who had argued with Rong Yan earlier clutched her chest with a pained expression. I'm Xuxu, I have a heart disease, Xuxu. Please take me to Xuxu, please.

She sat down as if her heart was really beating badly, and soon she collapsed on the ground.

Rong Yan looked on coldly. Before she found her daughter, she would not have any sympathy for anyone.

The police dog, which had been sniffing around the milk tea shop, suddenly broke free from the hand of the person who was holding it. It jumped and pounced on the woman with the glasses. It opened its mouth and bit her left leg with its sharp teeth. The dog's bite force was very strong. Even though she was wearing thick clothes in winter, the teeth still pierced into her skin. The woman immediately let out a shrill scream.

However, the police dog refused to let go of the woman's mouth. It even made a whimpering sound and glared at the woman who was screaming in pain.

the person who was holding the police dog ran over and said to Liancheng Yazhi, "he's a drug Hound. He's very sensitive to all kinds of illegal drugs, including all kinds of drugs. This woman must have some illegal drugs on her, or she must have just used some drugs."

Liancheng Yazhi clenched his fists and said, "search the Kasaya."

He found a handkerchief in the pocket of the woman's pants. The police dog let go of the woman's pants and barked at the handkerchief.

The man sniffed carefully and quickly removed it. there might be a high-purity knockout powder on it.

Chapter 1185 New progress

After saying that, he shook his body and then shook his head hard. this medicine is too strong.

Even a strong adult man like him couldn't resist the smell, which showed how strong the drug was. If it were MeowMeow, she would faint in less than a second.

the bespectacled woman only needed to wave the handkerchief on meowmeow's face and then push it from behind, and meowmeow's body would fall into the counter. this series of actions took less than ten seconds.

Rong Yan looked at the middle-aged woman who was holding her leg and wailing in pain. She really wanted to rush up and kill her.

Liancheng yazhi pressed on her shoulder. "don't panic. we have more and more clues. we will definitely find meowmeow. she must not have left this place yet."

Liancheng Yazhi walked over, raised his foot, and stepped hard on the wound that had been bitten by the police dog. "Speak," he said.

The woman screamed in pain again, but she refused to say anything. "I don't know, I don't know anything, Yingluo, I don't know, Yingluo, help, Yingluo, help, murder, Yingluo!"

"You won't say?" Liancheng Yazhi reached out his hand, and a bodyguard immediately pulled out a dagger from his waist and placed it in his hand.

Liancheng Yazhi turned the dagger in his hand and stabbed it into the woman's artery. As the woman screamed, he held the handle in his hand and turned it hard, causing blood to spurt out.

Liancheng yazhi stood up and said coldly, "if you don't say it, then you can just wait for your blood to run dry."

However, he felt that this punishment was too light for this woman.

He ordered the people behind him, "strip off the front of her body and cut off the flesh from her body piece by piece. Cut until he says he will stop."

Rong Yan suddenly thought of something and quickly took out a little toy that MeowMeow loved to play with from her bag. She said to the people who were leading the police dogs, "this is meowmeow's stuff. let all the police dogs smell it and search the mall. we must find qingqing."

it's Yingluo. the group of people sniffed the baby with the police dog, then began to search around with the police dog.

With a wave of Liancheng Yazhi's hand, the fat boss and the female teacher, who were covered in blood and cuts and bruises, were brought to him.

Their bodies were dragged across the ground, leaving long blood marks.

When their family members saw this, they all cried out in alarm and wanted to rush over, but they were held tightly by the bodyguard LAN.

liancheng yazhi pulled rong yan to the two bloodied people. "since everyone is here, I won't say anything more. I'll give each of you 30 seconds to consider. If you don't answer within the time limit, one of your family members will have to die in your place. The time starts now.

Liancheng Yazhi raised his wrist, looked at his watch, and counted."30,29,28.....15,14.....10.....5....."

When she counted to five, Rong Yan pointed at the seven-year-old boy and the 20-year-old delinquent girl. they're in a relationship.

Immediately, someone pulled them out and placed daggers on their necks. The sharp daggers cut through the children's tender skin with a little force, and the little boy immediately cried out in pain.

Not to mention that she was inhumane, she could actually lay her hands on a seven-year-old boy. Her daughter was only three years old, so why were those people not willing to let her go? if she sympathized with other people's children, who would care about her child?

At this moment, meowmeowmeow was the most important thing to Rong Yan. She didn't care even if everyone else died.

The reason why she had chosen the two children was to let their own mother experience what it felt like to have a knife twisted in her heart.

Liancheng Yazhi counted the last three. 3? 2?? 1? you're not going to say it, right? then let's do it.

The bodyguard raised his dagger and was about to attack when the fat boss finally shouted, "Wait, Yingluo, I'll tell you. I'll tell you, Yingluo, don't kill my son. I beg you, don't kill him, Yingluo!"

the fat boss sobbed and said, "just a few hours ago, someone came to my place to buy milk tea. he told me that qianqian wanted me to help him, qianqian, to help him get a little girl. he gave me six million, and i could pay four million in advance. he would pay the rest after the deal was done. when i heard you were so rich, i agreed. i thought qianqian, i thought he was the same as those child traffickers in the past."

Chapter 1187 I beg you not to hurt my son

Rong Yan immediately caught the main point in her words. "what do you mean by those child traffickers in the past? How many more times have you done something like this before?"

The fat woman cried until her tears and snot were all over her face.

I'm guilty, I'm guilty. I can't resist the temptation of money. I colluded with Qianqian and some human traffickers outside to catch the children who came here to buy milk tea. I'm sorry, I'm sorry, I admit to everything. Please don't hurt my son.

It turned out that the fat Shop owner was a professional child trafficker. Because of the large flow of people in the mall, there was a small children's playground not far from the milk tea shop for children to play in the mall. Therefore, many children would stop and play there.

Therefore, human traffickers had set their eyes on this place. Basically, all the children who came here liked to drink sweet milk tea. They colluded with the owner of the milk tea shop and used the milk tea shop as their eyes and ears. In recent years, more than a dozen children who had been lost here were basically related to this milk tea shop.

this was also why there were two doors at the front and back of the counter. they were specialized in this. the surveillance here was a blind spot. when there were many people, they could hide someone behind the counter while no one was paying attention. they would open the cabinet door, put their child in, and then quickly close it. many parents panicked after their children went missing and forgot to come to protect the first crime scene, resulting in the frequent loss of their children.

The people who wanted to catch

Judging from the time that the man was looking for the fat boss, they had come here at almost the same time as Rong Yan's family. It was not difficult to guess that Rong Yan would bring her daughter to this generation. Who asked there to be a facility that attracted children not far away?

As for why he could guess that Rong Yan would buy milk tea, it was also very simple.

when they finished their session, the children would see people walking past them with milk tea in their hands. this would give the children a psychological hint that the milk tea must be very delicious, and they would beg their mother to buy it.

they hired a group of people to surround rong yan and her daughter in the middle so that people outside couldn't see them clearly. then, the teacher with glasses would knock out meowmeow and gently push her from behind, pushing meowmeow into the counter.

At that time, there should have been someone at the counter. Otherwise, how could they have carried meowmeowmeowmeow out of the shop?

In this case, everything could be explained, because these people all had one thing in common. They either lacked money or loved money. As long as they gave enough cash, everything could be arranged in a short time.

Rong Yan grabbed a little boy and strangled his neck. She asked, " "There was someone hiding in the cabinet, right?"

The milk tea shop owner was so scared that he immediately nodded. yes, yes, Qianqian is hiding inside. It's a woman. She caught the child inside, and then Qianqian went out from the cabinet door inside my store. She climbed to the innermost part of the store, and then entered her store through the small door on the wall that is connected to the small accessory store next to mine. Qianqian left her store through the small door.

As soon as she said this, Liancheng Yazhi immediately entered the milk tea shop and kicked the wall hard. As expected, there was a hole the size of a dog's hole in the corner, which was covered with the same color as the wall.

In other words, the jewelry store next door was also involved. This was a criminal chain that specialized in child trafficking.

Chapter 1188 She was born a Princess

Liancheng Yazhi, who had nowhere to vent his anger, shouted angrily, " "Arrest all the bosses of this generation."

With his order, the police and bodyguards acted together and arrested all the owners and workers of the jewelry shop next door and the snack shop further ahead.

"do you still remember the person who was hiding behind the counter?" rong yan asked the fat boss.

I remember, I remember. Although it's my first time seeing Yingluo, I can tell at a glance that she's very fierce. He has a scorpion tattoo on the back of his right hand.

Liancheng Yazhi immediately ordered, " go. Immediately look for the woman with the Scorpion tattoo on the back of her right hand. She must still be trapped in the mall.

The police informed all the police and the bodyguards of the mall through the walkie-talkie. Other than the people guarding the entrance and the safety passage, the rest were to search for the woman with the Scorpion tattoo.

liancheng yazhi walked to the middle-aged woman with glasses. " "You're still not going to tell me, are you?"

she seemed to have nothing left to live for. she looked at her good-for-nothing daughter, whose body was spasming because of the pain. she closed her eyes in pain. I have nothing to say. You should have already found out that my daughter hit someone, and they needed a large amount of medical fees. A few hours ago, someone found me and gave me a handkerchief. They said that as long as I knocked your daughter out and pushed her from behind, I would get a million dollars. So, I did it.

Secretary Zhou walked over and added, " it's not just that, right? your daughter uses drugs, alcohol, prostitution, and abortion. She spends a lot of money every month. You borrowed money from usury and can't pay it back. A few days ago, the debt collectors came to your house. If you don't pay the debt, you'll sell your daughter to pay it off, right? "

Secretary Zhou's words agitated the woman. She seemed to have forgotten the pain in her body as she screamed hysterically, " " yes, you're right. because i don't have money, i can't give my daughter a good life. i can only use this method. why can her daughter eat and drink well when she's so young, while my daughter is so poor? "

Before she could finish her sentence, Rong Yan lifted her foot and kicked her hard in the face. for the sake of your daughter, you can treat my daughter like she's not human? you asked me why, but let me tell you, my daughter was born as a Princess and should enjoy all the wealth in the world, while your daughter is only worthy of being the lowest and most lowly person.

Rong Yan grabbed Liancheng Yazhi's hand. Liancheng, kill her. Kill her. I don't want to see her alive again.

It was this b * tch who had pushed MeowMeow to a place she couldn't find.

For a million dollars, she would murder someone else's daughter with her own hands. Such a person did not deserve to live.

Since he had already figured it out, there was no point in keeping him. How could such a person be a teacher of the people? It was simply misleading the disciples.

Perhaps one day, when she was short of money again, she would sell off all the students she taught.

Liancheng yazhi's anger was no less than Rong Yan's. The murderous intent in his heart was close to exploding. Even if Rong Yan didn't say anything, he would not let this old woman go.

Liancheng Yazhi glanced at Secretary Zhou, and the other party immediately understood.

Two men grabbed the mother and son and entered the milk tea shop.

Soon, they came out without any sound. When they came out, Secretary Zhou was wiping the dagger with a cloth.

Chapter 1189 New clue found

Secretary Zhou walked out. Young Master Ya, that's enough, Yingluo.

His posture made many people understand what he had just done.

Everyone was panicking and afraid. Why did Liancheng yazhi dare to kill people so brazenly? Why did the police department ignore him in public?

However, it was also because of this that everyone was even more afraid.

Liancheng Yazhi looked at them coldly. If anyone else has thought of any useful clues, say it. Otherwise, you won't have the chance to say it in the future.

After a moment of silence, the boy who had been hiding behind his sister in fear stood up and said timidly, "I, I, I, I know something, I, I,"

Rong Yan saw the boy's frightened face and frightened eyes. Her heart, which had been filled with anger and hatred, calmed down a little. Her expression softened. "Tell me, Yingluo."

If this matter was really related to the two of them, she thought that she would still let them go.

She only hoped that Meowmeow would be fine.

The boy trembled as he said, "When Yingluo was queuing up, I was standing beside her. Yingluo, I saw a woman wearing a black dress and a red short cotton-padded jacket coming from the store next door. She went there with a rectangular paper box that was less than a meter long and half a meter long."

Rong Yan and Liancheng yazhi immediately looked at each other.

Liancheng Yazhi immediately said to Secretary Zhou, "Inform the manager of the mall to focus on the woman in the red cotton-padded jacket and the black skirt."

However, before Secretary Zhou could inform the mall manager through the walkie-talkie, he ran back quickly with several people and a police dog.

The manager was holding a black plastic bag in his hand. "Young Master Ya, I found this in the trash can in the women's washroom. Look at Hanhan."

Liancheng yazhi looked down and saw a black dress, a wig, and waste paper that had been used to wipe the lipstick.

“The police dog has smelled it. This dress has your daughter’s scent.”

Liancheng Yazhi’s hand that was holding the skirt tightened. This discovery made Liancheng Yazhi immediately realize something. The woman that the fat boss was talking about could very likely be in disguise. It could be a man, or it could be a woman.

Liancheng Yazhi immediately instructed the mall manager. “Now, pay attention to everyone, regardless of gender, as long as they have scorpion tattoos on their hands, capture them all!”

“there are a lot of people in the mall today, and they are all gathered in the open space between the first and second floor. why don’t we split all the police dogs into two groups and conduct a search on the first and second floor?” That person must still have MeowMeow’s scent on him. After all, it was much faster to search with a police dog than to search one by one.

“Are you sure that everyone is here and no one has escaped? Have you searched all the places that could easily hide people, such as the ceiling, ventilation duct, and so on?”

The manager pointed at the people at the scene. other than these people, everyone else has been driven there. We’ve also checked all the places that are easy to hide people. We definitely didn’t miss anything.

Liancheng Yazhi nodded. we’ll do as you say. Gather all the police dogs. If it’s not enough, we’ll send another batch.

“Alright, I’ll go now.”

liancheng yazhi pulled rong yan’s hand. ” let’s go. let’s go and take a look. ”

Chapter 1190 please bless my daughter and keep her safe

you stay here and watch them, ” he said to Secretary Zhou. if one of them runs away before we find MeowMeow, I’ll come after you.

Although Secretary Zhou also wanted to go to the front line, the tasks here were also very heavy. He could only nod and say, ” “Young master ya, don’t worry. I promise not to let any of them escape.”

Liancheng Yazhi took Rong Yan’s trembling hand and went to the second floor first.

the dense crowd gathered together, and everyone’s face showed confusion and fear because they didn’t know what was going on and why they were detained and not allowed to leave.

Fortunately, there was a large number of police officers at the scene to maintain order.

With the police around, although those people were anxious, they did not lose control of their emotions.

There was another police officer standing on a high ground with a loudspeaker and shouting at them, ” everyone, don’t panic. Don’t be afraid. Please calm down. This is not a terrorist act of kidnapping hostages. This is to protect you and your children.

because, today, our police station received accurate information that there is a group of criminals who specialize in child trafficking in this shopping mall. They plan to take advantage of the holiday to attack the children. So, in order to protect you and your family, and to better investigate the criminals, I hope that everyone can cooperate with our police operation. You must know that your momentary patience can prevent many tragedies in your families in the future.

His words were of such a high standard. The point of his lies definitely hit the hearts of the people who didn't know the truth.

Many of the people who came shopping today had their children with them, and more than half of them were parents.

To parents, their children were the most important. Once they heard about cracking down on the crime of child trafficking, of course they would support it. They were also here to shop. If the police didn't catch those criminals today, they might be the victims.

So after the police finished bluffing, the people at the scene quickly calmed down.

Many of them even expressed their willingness to help the police solve the case.

The mall manager took the police megaphone. thank you for your understanding. Now, please cooperate with us on one thing. A three-year-old girl has been arrested by the criminals. This person may be among you. His special feature is a scorpion tattoo on the back of his right hand. If anyone sees it, please let us know immediately. In addition, these police dogs are looking for the little girl. They will only bite the criminals, not anyone. I hope you don't panic.

After the explanation, the people began to look at each other's hands, while the police dogs began to work, sniffing around.

Liancheng Yazhi and Rong Yan were also searching the crowd, but after 20 minutes, there were no clues.

Suddenly, there was a sound from his walkie-talkie. After he heard it, his face changed and he said in a hurry, " "Young master ya, you're in the building!"

Liancheng Yazhi did not wait for him to finish and immediately pulled Prince Rong Yan downstairs.

As he ran, he prayed. God, I've never believed in you before, but this time, I beg you to bless my daughter with safety. I'm willing to shorten my life by ten years, or even twenty years.

he quickly ran downstairs and saw a dense crowd gathered on the east side, sticking close to the wall behind. a group of police dogs and security guards surrounded a man in a black short cotton-padded jacket. the police dogs barked at him. if it wasn't for someone holding them back, they would have pounced on him and torn him apart!
