

## Permit Me 1221

### Chapter 1221 The mysterious organization

What's this? " Liancheng Yazhi asked. is it the Zhu family's emblem? "

Every big family would have their own emblem. Some would announce it to the public, while some would only show the main core members of the family.

Just like how the Liancheng family also had their own emblem, but very few people knew about it.

This kind of clan emblem could only be tattooed on the only heir. Others could not have it tattooed, and it could not be seen on the surface. It could only be seen after being washed with special medicinal water.

after liancheng yazhi had his precious daughter,

"Young master ya, this is not the family emblem. I have asked people to check on Madam Xia but they did not find anything similar. If it was a family emblem, why did Zhu Mei want to wash it off later? please take a look at these." Secretary Zhou placed six photos on the table.

This time, Liancheng Yazhi could see it clearly. The patterns on the photos were all the same. The only difference was the location of the tattoo.

secretary zhou said,"young master ya, i think that this is a photo of an overseas organization and zhu mei must be one of them. moreover, the year that ran ran had joined is definitely not short but afterwards zhu mei might have the intention to leave so she tried to erase it."

Liancheng Yazhi's hand slowly rubbed the engagement ring on his finger. "Who are these people? where did they come from?"

"Young master ya, you're no stranger to these people. They're the ones who ambushed you back then."

Secretary Zhou's words made many images flash through Liancheng Yazhi's mind.

the people who ambushed him were all mercenaries scattered all over the world. they should not have any contact but now they were all connected to zhu mei.

All the evidence seemed to point to the dead Zhu Mei.

His finger pointed at the photo,"these people are in the same group as Zhu Mei, Zhenzhen."

Secretary Zhou nodded, "it's very likely. At that time, Xia Xuan mo left the capital. Perhaps at that time, Madam Xia already held a grudge against you and young Madam so she went to look for Zhu Mei. Zhu Mei used the fact that she had joined this organization abroad and found these mercenaries to take revenge for her sister.

"Don't you think that this explanation is too smooth?" Liancheng Yazhi always felt that this explanation was too natural and too smooth, making him feel that it was not that simple.

Liancheng Yazhi smacked the table, and the photo on the table jumped twice. "By the way, why did you only get these photos now?"

Secretary Zhou shivered and said, "young master ya, I don't know about this either. The police station's internal security might be too strict.

A cold glint flashed in Liancheng Yazhi's eyes. That bastard, he had kept this secret from him for so long before telling him.

He ordered coldly, "go and investigate the name of this organization and its nature." Also, find out when Zhu Mei joined and if he had any experience of studying abroad?"

Secretary Zhou quickly said, "there is Zhu Mei who went to A country to study for many years after she graduated from University."

He had already found out the simple information on Zhu Mei and was very clear about whether he was studying abroad.

we'll start investigating when he was studying abroad. He must have had contact with this organization during this period. Zhu Mei's face flashed in front of Liancheng Yazhi's eyes and he raised his voice, also, Yingluo must have been a mercenary during the years he was overseas. We have to find out more about this.

Chapter 1222 A Christmas present for your daughter

An unknown armed organization made up of independent mercenaries scattered all over the world. Just the sound of it was enough to make one's heart tremble.

Those who could become freelance mercenaries were all very capable and dared to work alone. Otherwise, they would have been swallowed up by other mercenary groups or individuals.

The world of mercenaries was like a huge hunting ground. Everyone had two identities: hunter and prey. Only the winner had the right to be a Hunter. Otherwise, they would only be the prey of others.

It was shocking to think about an organization formed by mercenaries who had killed countless people and had their hands stained with blood.

moreover from the time when zhu mei joined, it was already many years of history, at least 40 years. that year when zhu mei was studying abroad, it was many years ago.

It was such a long, mysterious organization that few people knew about.

What ... Did he do?

If it was just a simple murder, it would be too simple.

alright, I'll get someone from country A to investigate his school. He must have come into contact with someone back then. Secretary Zhou naturally listened to everything Liancheng Yazhi said.

"Go." Liancheng Yazhi waved.

secretary zhou kept all the photos and was about to take them away, but liancheng yazhi said, "Leave one."

After Secretary Zhou left, Liancheng Yazhi picked up the photo and looked at it for a while. In the end, he took a picture with his phone and sent it to Jian Yi.

“you saw the picture i just sent, right?” he dialed a number.

Jian Jie was sitting on the tank that they had just seized. yes, I see it. What is this? ”

this is the symbol of an organization. When I was ambushed last time, I thought that it was a group of independent mercenaries and that they were all fine. But I just found out that they all have the same tattoo. Do you remember this tattoo? ”

As Jian Jie was the leader of the mercenaries, he would definitely know more about this than him. Hence, Liancheng Yazhi sent the photo to Jian Jie.

” wait a minute, let me take a look at yingluo again. ” he simply enlarged the photo and looked at it bit by bit.

The snake tattoo was greenish-black in color, but it was very fine. The lines on the snake’s body were very fine. The snake’s eyes, tongue, and the blood on the sword were all Scarlet.

after looking at it for a while, jian jie said to liancheng yazhi, ” it’s indeed a little familiar, but I can’t remember seeing this tattoo before. However, I think I saw it when Yingying was very, very young.

“Help me figure it out,” Liancheng Yazhi said.

“Don’t worry, I’ll help you even if you don’t ask.”

“Thanks, Merry Christmas, Yingluo.”

“Merry Christmas to you too.”

“It’s almost the new year in a few days. Do you plan to come back today?” In the past, Liancheng Yazhi did not think that family and friends reuniting during the Chinese New Year was a big deal, but this year, he felt that this kind of traditional festival was really necessary.

Jian Jie hesitated for a moment and said, ” we’ll talk about it when the time comes. If I’m free, I’ll go. I’ve recently seized a batch of ivory and rhinoceros horns from a few thieves. I don’t have any use for them. I’ll send them over in two days. You can give them to your daughter to play with. Treat it as a Christmas present for her.

Liancheng Yazhi did not decline and said readily, ” “Sure, I’ll thank you on behalf of my daughter.”

after hanging up the phone, liancheng yazhi smiled. this simple excuse to change the topic was so stiff.

Chapter 1223 Brother Su, you’re too kind!

On this side, Liancheng Yazhi saw that it was almost time to get off work in the afternoon, so he took his coat and got off work. On the other side, Tang Zong was going through the shops one by one.

however, as he looked at the dazzling array of items, he couldn’t think of what to buy.

tang zong stood in front of those gaudy clothes and sighed.

Just now, he saw that many men brought their female companions to buy clothes, shoes, and bags. But Tang Zong did not want to do so. He wanted to be special and give Rong nuo a surprise. He wanted to make him happy when he thought about today in the future. He, young master Tang, was a lone wolf. Of course, he did not want to follow the crowd. young master ya: sigh, you'll only be happy when you think about it in the future if you follow the general trend.

therefore, at this moment, tang zong was very worried about his high standards and taste. if he didn't have such good taste, he wouldn't have to be in such a difficult position.

"Sigh ..." Tang Zong sighed again, "should I lower my taste?"

suddenly, the footsteps of two people stopped in front of him, and an annoying voice sounded, "cousin Tang, why are you sitting here sighing? did you break up? "

Tang Zong moved his eyelids lazily. He didn't even look at the other party. His line of sight was just enough to see both of the other party's feet. One of them was wearing black men's leather shoes, and the workmanship was one thing. The other was wearing a pair of very ordinary women's snow boots. It was camel-colored, and there was even a circle of fur around the boot. It looked really out of place with the black leather shoes beside it.

Tang Zong's gaze didn't even look up. He was very unhappy with the words "broken up." He didn't give the other party any face as he said, "Good dogs don't block the way."

The other party didn't seem to be angry. Instead, he coaxed her as if she was a child. cousin, that's not right. Even if it's a dog, it's blocking people who are walking, not people like you.

"Can't I see?" Tang Zong rolled his eyes.

And so, the situation at that time became like this (\*\_\*)

After a while, a woman's voice was heard. how can you say that, Zhenzhen? Brother Su just called you 'cousin'. He's your elder. The female lead in the snow boots spoke. Her voice was delicate and timid, with the unique sweetness of a young girl.

Tang Zong didn't move. He held his chin and laughed."elder? My family's elders are all being used to be killed by me now or in the future. You should ask your sex friend if he dares to be my elder."

President Tang's blatant 'sex buddy' made the two people standing in front of him very embarrassed.

"How can you be like this? you're too vulgar," the female lead in snow boots said in embarrassment.

The look of impatience on Tang Zong's face became more and more serious."Don't f \* cking do it in front of me. Get lost."

However, even though Tang Zong was already like this, he could not stand the fact that the other party had the Ninja Divine Art to protect his body. He was unmoved and said, it seems like you have something on your mind. Although you have a bad attitude and a bad temper, as your cousin, I can't leave you alone. Tell me, maybe I can help you.

“Brother Su, you’re too kind. He’s already scolded you like that, and you’re still so nice to him.”

tang zong finally suppressed the urge to puke. under the situation where the other party refused to listen and wanted to make his presence known, he raised his head and looked the other party in the eye.”Su Yue, do you think that you can’t win against me? is that why you’ve developed a new skill to disgust me to death?”

Chapter 1224 her face is really pretty

That’s right, the person standing in front of Tang Zong was su Yue.

However, this time, su ‘er and Tang Zong had really met by chance. It was a pure chance encounter.

Because su Yue was in a good mood today, she brought a small star to buy a gift. She didn’t expect to see Tang Zong sitting on a long bench and sighing when she came out of a Branded Bag Shop.

If she saw him, there was no reason for her to pretend that she didn’t see him. This wasn’t su Yue’s style.

However, young master Tang was in a very bad mood today, and he had bumped into the muzzle of a gun!

Tang Zong raised his head and was momentarily stunned when he saw the person standing beside su Yue. He then narrowed his eyes and smiled slyly.”Tsk, tsk, tsk, tsk, tsk, your little face looks pretty good. Su Yue, your eyes should be gouged out.”

She had long black hair, a long white down jacket, and a red wool hat. She did not have any makeup on her face, and she looked young, beautiful, and pure. Especially with her dress, she did not even wear high heels. She looked like a college student who had just entered University. There was an irresistible beauty in her simplicity, like a natural carving. She was many times more eye-catching than those beauties who used cosmetics and branded fashion.

It had to be said that this new Star that su Yue had found was quite interesting.

However, it was only a little interesting. Because of her face, Tang Zong felt that regardless of whether she had done anything, her appearance was a big taboo.

Su ‘er’s emotions were controlled very well. He did not have much of a reaction to Tang Zong’s repeated provocations. Even when he asked to dig out his eyes, su’ er only replied indifferently,”Tang Zong, mind your words.”

tang zong chuckled. ” i’m not the one you should be paying attention to. qianqian, you should be more careful of your head. you’re being so obvious. qianqian, are you really not afraid that he’ll take your head off? ”

“Why am I so obvious? why don’t you tell me?” su Yue’s face was full of confusion.

Tang Zong was like a child as he looked at su Yue and the little celebrity beside her with an amused expression.”Su ‘er, don’t be blinded by your own cleverness. Your head is not worth anything.”

The celebrity beside su Yue said angrily, “You’re too much, Yingluo!”

“This bi an.” Tang Zong sized her up and said, imposter, don’t think that you’re lucky just because you have a similar face to her. You’re lucky that you’ve taken advantage of her. Otherwise, do you think your sex buddy su would come to you? ”

The minor celebrity’s face was filled with embarrassment and anger. The word ‘sex buddy’ had really affected the innocent image she had painstakingly built in front of su Yue.

She really wanted to curse at Tang Zong, but su Yue was standing beside her. Of course, she had to put on an innocent and pure front. She couldn’t act like a Shrew.

The little celebrity tugged at su Yue’s hand with reddened eyes. “Brother Su, he’s ...”

Su Yue ignored her and asked, “Tang Zong, are you worried about what gift to buy today?”

“Oh, you can tell.” Tang Zong raised the corner of his eyes.

Su Yue pulled her arm away from the woman and took two steps forward. you’re sitting in this women’s consumer area and sighing at the products around you. Naturally, you don’t lack money, and you wouldn’t come here for no reason. It’s obviously because Hanhan wants to buy a gift. And Hanhan is for a woman, right? ”

Chapter 1225 The woman who could move Tang Zong’s heart

although his thoughts had been exposed, tang zong’s thick-skinned character didn’t know what it meant to be shy. instead, he admitted it very magnanimously.”You’re right, but so what? what do you care? You’d better hurry up and buy your fake goods and get out of here. Play a few more times before you’re discovered, or you’ll die.”

Su Yue laughed. Even Tang Zong had to admit that su Yue’s tolerance was extremely high. This kind of person was really difficult to deal with!

Su Yue walked over to Tang Zong and sat down beside him. I really want to know what kind of woman could make you, Tang Zong, so interested in her.

Ever since she saw the marks on Tang Zong’s neck, su Yue knew that Tang Zong had a woman.

however, at that time, he had thought that tang zong had just opened his mind and was just playing around.

However, when she saw Tang Zong’s frowning face today, su Yue suddenly realized that Tang Zong was probably deeply in love.

su yue was really curious about the woman who could subdue tang zong and make a devil like him fall for her.

Of course, he also wanted to know the changes in the power behind this. This was because a woman who could make Tang Zong fall in love with her was definitely not an ordinary woman. If she were to hold onto Tang Zong, she would be hugging onto a big tree.

Although it was just a simple relationship between a man and a woman, the butterfly effect caused by their relationship and the various forces involved behind it could not be ignored.

Tang Zong chuckled. I’m also curious. When Liancheng Yazhi finds out that you’ve found a woman who looks a little like his wife, what will his attitude be? ”

tell Rong Nuo to Su Yue? Was he stupid? Liancheng Yazhi could protect his woman, but couldn't he?

"What does this have to do with him? Do they look alike? How come I didn't notice it? So what if they look alike? I don't think Xuanji Liancheng Yazhi doesn't even have this kind of tolerance, right?"

"Do you think everyone is like you?" Liancheng Yazhi's stubbornness, black-hearted, and merciless character, Rong Yan was his bottom line that he absolutely could not touch. Although Tang Zong and Liancheng Yazhi had not known each other for a long time, he already understood this deeply.

Not to mention Liancheng Yazhi, if Su Yuling's woman today looked similar to Rong Nuo, he would not be Tang Zong if he did not disfigure that woman's face.

Of course, the main culprit is Su Yue. How dare you covet his woman so brazenly? I'll kill you!

Su Yu smiled. But, to be honest, although I don't care about this, I'm curious if you'll tell Liancheng Yazhi about this.

Tang Zong mischievously winked at him. "What do you think?"

"I'm guessing you won't tell him, Yingluo."

After Su Yue finished speaking, Tang Zong laughed out loud. Then, he slowly took out his cell phone from his pocket and switched to camera mode. He took a photo of the woman who was standing in front of him, not knowing what to do. After that, he found a number, waved it at Su Yue, and pressed the send button with his thumb.

The photo was gone with a whoosh.

This time, Su Yue's expression finally turned ugly.

The smile on his face instantly disappeared, and his eyes were filled with a terrifying power.

However, Tang Zong wasn't the least bit afraid of him. He held his phone in his hand and smiled. "You really said it. Why didn't I tell Liancheng Yazhi about such a fun thing?"

The tit-for-tat between the men was like a battle without blood or smoke. One had a murderous look, while the other had a bright smile. No one could subdue the other.

Chapter 1226 My little darling

In the end, Su Yu took a step back. Alright, Zhenzhen, just tell me. It's not a big deal. Anyway, this is something that everyone has a tacit understanding of. But, I saw that you were having a hard time buying a gift, so I wanted to help you. Do you want to hear it? "

He found a small star who looked a little like Rong Yan. In fact, it was also an accident. He didn't think he would hide this from anyone, and he didn't want to hide it.

It didn't matter whether Liancheng Yazhi knew about it earlier or later!

"Thank you, but I don't want to." Tang Zong shrugged.

If he believed Su Yue, he would be the one who lost his mind.

If he had to choose between Su Yu and Liancheng Yazhi, he might as well lower his face and beg Liancheng Yazhi to be reliable.

Besides, Tang Zong felt that he was actually very talented in this kind of thing. He just had to lower his taste that was beyond ordinary people! [young master ya: damn, so you know about it!]

However, su Yue wasn't going to let it go. "but, as your cousin, i can't bear to see you so distressed. i'm more experienced than you when it comes to women. to buy a gift for the woman you like, you have to understand women's psychology and figure out what they like. you have to poke the tears in their hearts and make them feel touched. for example, zhenzhen, lailai, tell young master tang, what do women like?"

Although Tang Zong did not want to hear it, his words did make sense.

Lilai was the name of that small star. She had been bought by su Yue the moment she debuted.

She quickly said, "women generally like cute and beautiful plush toys. They want to be praised by the person they like. No woman doesn't like beauty, so it's never wrong to give some clothes and jewelry."

"tsk, can it be any more vulgar?" tang zong ridiculed with a look of disdain. only a vulgar woman like you would like it. my darling little yingying doesn't like such vulgar things."

Tang Zong had almost blurted out 'little nuo nuo'. Fortunately, he was quick-witted and changed it to the mushy' little darling'.

upon hearing tang zong's words, leilai's face instantly turned red, and tears welled up in her eyes, making her look extremely pitiful.

Tang Zong stood up and hurriedly patted the clothes on his body, as if he was trying to get rid of the dust. "Su Yue, you guys stay away from me. I don't want you guys to taint me and make me vulgar."

"It's really bad luck to meet you guys."

After saying that, Tang Zong walked away with an unhappy expression. As he walked, he turned around and said, "Hey, I'm telling you, you're not allowed to follow me. If I see you again, I'll smash you to death with an Apple."

.....

After Tang Zong left, Su Yang sat on the same spot without moving. The smile on his face slowly disappeared, and in the end, it turned into a coldness that was colder than winter.

seeing su yue's cold aura, lilai didn't dare to go near her. after struggling for a long time, she walked over and tugged on su yue's sleeve. "brother su, was it true that yueyue looked like someone else?"

She widened her innocent eyes and looked at su Yue with hope, hoping to hear him say 'it's not true'.

However, su Yue gave her naivety a hard blow. "That's right."

Su Yu's answer was straightforward and Frank, not hiding anything at all.

Tears rolled down from her eyes as she asked in a trembling voice, " if Yingluo, if I, Yingluo, didn't look like her, you wouldn't even look at me, right? "

Chapter 1227 She's just a substitute

su yue still answered without hesitation. " yes! "

lilai sniffled and pretended to be strong. it made one's heart ache. she raised her hand to wipe away her tears and looked at su yue, full of grievances."Brother Su, how could you, Yueyue, lie to me? Yueyue, you know how much I love you. I can give up anything for you."

Su 'er smiled and didn't seem to feel sorry for her. It was as if he already knew what was going on in her heart and what she wanted. He also knew that she wasn't a pure and innocent person. However, to suit his taste, he tried his best to dress up and wear simple clothes.

Su Yue smiled at Lai Lai. I told you before. Don't fall in love with me. I also told you that I like Yueyue because of your face.

so, you ... You always like to look at my face, but you never touch me!

su yue lifted her chin."good girl, it's good that you know. you don't have to say it out loud. i'm fine with it, but you're the one who's embarrassed!"

Big drops of tears rolled down from Lilai's eyes."Brother Su, please!"

Su Yue's eyes flashed with displeasure."Don't be like this. She rarely cries. You look more like her when you smile."

Lilai's body trembled even more. She could hear su Yue's displeasure and knew that he didn't like to see her cry. But she couldn't help it. She felt really bad."Brother Su, is it really that good to tease her, Yingluo?"

Su Yue frowned. she's not good, not good at all. But I like Yueyue. What can I do?"

He reached out and put his arm around Lilai's shoulder, like a gentle lover, and said softly," let's go. If there's anything else you like, you can buy it if you want. If there's anything similar between you and her other than your face, it's your money-grubbing ~"

Lilai was pushed forward by su Yuban like a puppet.

Just a moment ago, she felt that she was still the most blissful girl in the world, but now, she had been thrown into the depths of the valley.

When Lilai first entered the industry, her manager asked her to drink with an investor. She refused and ran out of the table. Then, she met su Yue and she followed her.

Su Yue was gentle and gentlemanly. When he was with her, he would never be as lecherous as other men. He would never touch her, and he would only stare at her face.

at that time, leilai thought that su yue liked her face and not like other men who only thought about how to sleep with her.

Even at night, when she shyly expressed her desire to make love with him, he would just smile at her and never really touch her.

Because of this, Lilai fell hopelessly in love with su Yue. She even wanted to marry him. Even if his family didn't agree to it, she was willing to be his mistress and be his mistress for the rest of her life without a title.

However, her love had completely turned into a joke today.

It turned out that in su Yue's eyes, she was just a substitute, a substitute.

no wonder he only looked at her face, no wonder he never touched her!

Lilai felt as if su Yue's words were tearing her heart apart and it could no longer be stitched back together. She was 19 years old this year and su Yue was the first man she truly loved. She wanted to give birth to his children and be with him for the rest of her life.

Chapter 1228 Why can't you like me?

After su Yue pushed her into a jewelry store, Lilai finally regained her senses. She asked, "brother su, can i know who that person is?"

Lilai was not willing to accept this. Any other girl in her position would not be willing to accept this either.

they would always ask why. beautiful women were particularly proud. they would think that the beautiful men in their own accounts should like them.

When her prideful beauty was told to others that she was just a substitute in the eyes of the man she loved, and that they were injured, the first thing that came to their minds was who the woman that the man she loved had been dreaming of was. Did they really look so similar, and how much worse was she than that woman?

Su Yu completely understood how Lilai wanted to compete with Rong Yan, so he replied firmly, "I can't,"

Su Yue pinched Lilai's chin so hard that she burst into tears. women are all greedy. You should be satisfied that you have everything you have now. Don't think about things you shouldn't think about.

the next second, su yue let go of lilai and pulled her to the counter. she said softly, "I came over to take a look at this necklace."

But Lilai wasn't in the mood to look at the expensive jewelry. She looked at su Yue and begged, "Brother Su urged me to like her. If you can like her, can't you like me?"

Su Yue finally lost her patience. She flung her hand away. no! she said.

There was only one of her. No matter how similar she looked, she was a fake.

"Why?" leilai asked, crying.

Su Yue looked at her in disgust. She was in such a terrible state, and he was annoyed. An imposter was an imposter, and she had cried so much that her face had become ugly. It was rare for people to cry. It was a pity that her face looked so similar to hers.

"You, Zhenzhen, don't have the right," su Yue said in disgust.

Su Yue left after she finished speaking.

she had abandoned her. lilai collapsed on the ground and cried. after crying for a long time, she raised her head and said firmly, " I must know who she is. I want to know how I'm inferior to her!

=====

When Liancheng Yazhi received the picture from Tang Zong, it was 2:35 in the afternoon. At this time, he was in a meeting to discuss the main areas of development for the company next year.

the phone vibrated beside his hand for a while. he picked it up and glanced at it. then, secretary zhou saw that liancheng yazhi's expression suddenly became very ugly. the next second, he slammed the phone deeply on the ground. with a loud bang, the ear-piercing sound shocked everyone in the room. boss, what's wrong with qianqian? why did she suddenly lose her temper? boss, don't be like this. boss, we are all very scared.

Liancheng Yazhi stood up, his cold voice unable to conceal his anger. "We'll temporarily suspend the meeting. All of you, sit down and don't move. Secretary Zhou, come out."

Secretary Zhou shivered in fear. Oh my God, did I do something that made young master ya want to kill someone?

Secretary Zhou didn't dare to think too much. He quickly picked up the poor phone that Liancheng Yazhi had pointed at and ran out.

Liancheng Yazhi returned to his office. Secretary Zhou followed him in and closed the door immediately. Because Xuanji Yazhi was going crazy, he had smashed everything on the table.

Secretary Zhou trembled as he stepped forward. young master ya, please calm down. Did you ask me to do something wrong? "

Chapter 1229 Help young master ya to kill you

Liancheng Yazhi rudely pulled off his tie and threw it on the ground. He took off his coat and threw it at Secretary Zhou. Then, he unbuttoned the few buttons on his collar. The anger and murderous aura on his body spread out limitlessly, scaring Secretary Zhou so much that he was at a loss.

secretary zhou kept thinking, but he really couldn't remember what he had done to make young master ya so angry.

liancheng yazhi kicked the trash can next to his work. with a clang, the poor trash can was kicked far away like a football. it brushed past secretary zhou's ear and hit the door behind him. Secretary Zhou was on the verge of tears. Young master ya, you should at least say something!

Under Secretary Zhou's silent prayer, Liancheng Yazhi finally opened his mouth. send me all the information you've collected about the SU family. I want ... All of it.

Secretary Zhou heaved a sigh of relief. Luckily, it was su Yue who had angered young master ya.

"Yes, please wait for a moment. I'll get it immediately." Secretary Zhou ran out in a hurry, cursing Su Yu's ancestors in his heart. 'F \* ck you, what did you do to make our boss happy again? you even made me so scared. Bastard, I'll definitely help young master ya kill you.'

Secretary Zhou was extremely fast this time. A large pile of information was transferred out in less than five minutes. Whether it was electronic or paper documents, they were all sent to Liancheng Yazhi's office.

young master ya is all here. All the information from the SU family's five generations to the latest is here.

Liancheng Yazhi did not read much. He only picked the information of the SU family's recent two generations. After reading it, he asked, "The SU family has already decided that su Yue is the heir?"

Secretary Zhou shook his head. although it hasn't been announced to the public yet, it's basically been internally decided.

Liancheng Yazhi's hand that was holding the document tightened. I'll make sure he doesn't get to decide on ran ran!

In ancient times, even if an Emperor sat on the throne, he could still be pulled down. Moreover, su 'er's identity as the successor had not been publicly announced.

Secretary Zhou was so frightened by Liancheng Yazhi's cold eyes that he felt a chill down his spine. Young master ya was not planning to do it step by step this time. He was going to attack su Yue's lair directly.

"You're right. Su 'er has to be obedient in front of his father and grandfather. He hasn't fully grasped the SU family yet. We'll take action from within the family and get rid of his position as the heir." Secretary Zhou knew how to speak and specifically spoke to Liancheng Yazhi's heart.

Sure enough, after he said that, Liancheng Yazhi no longer looked at him as if he was dismembering him. Instead, he looked at all of su 'er's cousins.

"In the fight for the SU family's successor, who else would be the most outstanding other than su 'er?"

if he wanted to prevent su 'er from inheriting the su family, he would have to create internal conflicts.

Secretary Zhou quickly drew a few of su Jue's outstanding cousins. in the younger generation of the SU family, su Jue's basically not bad. There's no one who's particularly cynical. However, in the first few rounds of competition, su Jue didn't stand out at first. When he was 20 years old, he unexpectedly won. Su Jue's eldest cousin, fourth cousin, and his older brother, his eldest cousin, were all his most powerful competitors. They almost succeeded a few times, but they still lost in the end. Other than his brother, the rest of them are not in a good state."

Chapter 1230-battle for inheritance

Secretary Zhou retrieved information about su Yue's eldest cousin from the database. his eldest cousin brother has been stripped of his status as the heir. At most, he'll be an idle person who gets dividends every year.

Liancheng Yazhi read through Su Yu's eldest cousin's information. He was not a mediocre person. He had been outstanding since he was young and had great abilities. Even if he was not the heir, it was not necessary to stop him from taking part in the family business. What did Su Yu do to him? "

Secretary Zhou pursed his lips. Su Jue made the entire Su family believe that his eldest cousin is gay, which made old master Su extremely angry. He was especially against homosexuality, so he announced that his eldest grandson was stripped of his right to inherit the family business. He's now been exiled abroad, and if the Su family didn't summon him, he would never be able to come back.

Liancheng Yazhi frowned at such a dirty trick.

Liancheng Yazhi pointed to the second one. "How about this?"

Secretary Zhou glanced at it. "He's Su Yue's biological brother, second in the Su family's younger generation. Su Yue is really ruthless. He didn't even show his biological brother any mercy. Five years ago, during the company's General Meeting to elect a new general manager, he was required to be present. However, the day before the meeting, Su Yue found a woman for his brother. That woman used some tricks in bed and even applied an aphrodisiac on her mouth. When he was found, he was still fooling around in bed with that woman. Do you think old master Su's impression of him will be any better after this?"

Ever since then, he missed the General Manager election and made old master Su unhappy. Even though he ended up in a better state than his cousin, he never made it into the core of the company. He's been working hard these few years to start his own company. I think he's planning to start his own business and not fight with his brother anymore.

In order to fight for the right of inheritance, the family used all kinds of dirty and cruel means. It was no less than the harem women who fought to the death in Palace novels.

At this point, Liancheng Yazhi felt that the Liancheng family's rule that only allowed one legitimate son and allowed only the legitimate son to inherit the family business was much better.

Secretary Zhou then introduced Su Yue to her fourth and eldest cousins.

Without exception, all of them were now isolated outside the core of the Su family, and it was even more difficult to enter.

Although these people definitely had a deep hatred for Su Yu, Liancheng Yazhi felt that they were not the best candidates to conquer the Su family.

The Su family was a large family with a large population. Old master Su was very good at giving birth to sons, so he naturally had many grandsons. In this generation, he had seven grandsons, including Su 'er.

Su Yu was ranked fifth with four older cousins above him and two younger cousins below him.

Liancheng Yazhi looked through it and realized that there was almost no information on the Su family's third and Seventh Sons.

"Why are there two people missing? Why didn't Su San and Su Qi write anything?" he asked Secretary Zhou.

Secretary Zhou hurriedly explained, " su PEI's third cousin is called Su He. I heard that he had a problem with his legs since he was young. He had been staying in his own courtyard. There is very little information about him. Even the people in the SU family mansion know very little about him.

"The other one is father SU's youngest son, and he's also su Yue's grandfather's illegitimate son. After he returned to the SU family, his status wasn't very high. He has a son, but because of him, he's not very well-liked in the SU family. That's why he's always away and rarely returns home."
