Chapter 1251 Learning how to conquer a woman's heart

But what?

tang zong knew very well that if he did not say anything, it meant that liancheng yazhi would not tell him how to win rong nuo back and how to get a girl's heart.

Tang Zong was not a fool. He had probably guessed what Liancheng Yazhi wanted to know about the SU family's cousins.

He didn't like su Yue anyway, and he liked to see people unhappy.

Besides, these two people were not his friends.

Hence, after a short period of consideration, Tang Zong nodded. "Alright, I'll tell you, Yingluo."

Su He's leg was injured when he was almost ten years old. I'm not sure if it was a car accident or a fall from a building, but the one thing I'm sure of is that it was definitely not a natural accident. Someone did it on purpose. As for who it was, Su He knows very well.

In this kind of power struggle within a big family, there was no distinction between adults and children. As long as you had the qualifications to inherit the throne, you were an enemy.

liancheng yazhi asked, "his legs are disabled. he has been living outside and can't participate in the su family's business. at most, he can only be a rich and idle person for the rest of his life. he can't do anything. is he really willing to do that?"

Tang Zong chuckled, "of course he's not willing to give up. From what I know, Zhenzhen."

As Tang Zong was speaking, Rong Yan's voice suddenly came from upstairs. "Tang Zong, why are you here at this time? What are you two talking about?"

When Liancheng Yazhi heard Rong Yan's voice, he threw the bag into Tang Zong's hands without a word.

He quickly stood up. my dear, you're awake. It's cold outside. Why didn't you put on more clothes?
"

Tang Zong secretly nodded. Liancheng Yazhi really knew how to talk. He looked so considerate when he spoke. It seemed that he really had to learn from Liancheng Yazhi.

Rong Yan shook her head. I'm not cold. Hubby, what did you throw to Tang Zong just now? "

She had seen Liancheng Yazhi's actions just now, but she did not see clearly what he had thrown out.

"It's nothing. Oh right, Tang Zong came to our house early in the morning to give us some holiday presents. Isn't it Christmas today? he sent over a lot of apples early in the morning." liancheng yazhi quickly changed the topic.

Tang Zong also knew that the sexy underwear in the small bag could not be seen by Rong Yan, so he had already stuffed it into his pocket. He quickly pandered to Liancheng Yazhi. that's right, that's

right, Wanwan. Is there a Festival today? I, Wanwan, don't have any relatives or friends in the capital. After thinking about it, I think it's better to come to your house.

Tang Zong's voice was nasal. Rong Yan asked, "Tang Zong, did you catch a cold? Do you have a fever? have you taken your medicine?"

I'm in good health. I don't need to take medicine. I'll be fine in two days. Tang Zong's body had always been as strong as a bull. He rarely had a headache or a cold throughout the year. Last night, he was really too cold, so he couldn't bear the cold.

Rong Yan frowned. that won't do. You can't get over a cold by yourself. Butler li asked Natsume to come over and give Tang Zong an injection.

[illegible]

” um, you teased me. i just remembered that i still have something to do. i’ll be leaving first. i’ll come back in two days. ”

Tang Zong was about to leave as he spoke, but he was pulled back by Liancheng Yazhi. He had not finished asking his questions, how could he let him leave!

Liancheng Yazhi laughed. don't go. You're sick and yet you still came to my house. You should at least have breakfast first. Don't you think so? ”

Chapter 1252 Have you seen a son who wants to marry your sister?

Rong Yan nodded and said very enthusiastically, "that's right. You saved me last time, and this time you saved my daughter. Our family has yet to properly thank you. You came so early in the morning, so we have to have a meal no matter what. Besides, you're still sick. Don't worry, we have a good doctor in our family. He's more reliable than those doctors in the hospital. You don't have to worry that he can't be cured."

Ever since Rong Yan and her daughter were saved by Tang Zong, Rong Yan's attitude towards Tang Zong had changed 180 degrees. When she saw Tang Zong's little appearance, she now felt that he was so fair and cute, as if she had raised a son. Tang Zong ()#: son? Have you ever seen a son who wants to marry your sister?]

Tang Zong's face was full of bitterness. Could he say that he was afraid of injections? don't, yingluo.

Of course, Tang Zong couldn't leave since Liancheng Yazhi and his wife were working together to stop him from leaving.

Sometimes, his shamelessness did not work at all in front of some people.

Soon, Natsume arrived. He was carrying a medicine box and wearing a crumpled white coat. His hair was a mess, and there were dark circles under his eyes. It was obvious that he had stayed up late last night.

Rong Yan waved at Natsume. Natsume, come and take a look at Tang Zong. He has caught a cold.

Natsume walked step by step towards Tang Zong. He was so frightened that he was trembling. Both of his hands were clutching onto his clothes. The way he looked at Natsume was as if he was looking at a lecher who was threatening him.

natsume looked at tang zong in disdain and said, ” “I’ll give you an injection,”

Tang Zong’s mouth was tightly pursed when he heard these three words. He almost broke down. He wasn’t afraid of pain, but he was extremely afraid of needles. This was a psychological shadow that had been left behind when he was very young. It had been many years, and he couldn’t get rid of it once he got tensed up. Whenever he saw a needle, he would feel uncomfortable. Therefore, he had always tried his best to avoid getting injured or falling sick.

Tang Zong looked at Natsume and said,”I can take my medicine, I can take my medicine.”

“It’s too slow to take medicine.” Natsume ignored him. He opened the first aid kit, took out a disposable syringe, and began to prepare the medicine.

“It doesn’t matter, I’m not afraid of taking medicine!” Tang Zong hurriedly said.

Liancheng Yazhi hugged Rong Yan as they sat on the sofa opposite Tang Zong. His face seemed to be trembling as he asked, ” “Tang Zong, don’t be so nervous. You’re not afraid of an injection, are you? Don’t joke around, you’re already a man, if you’re afraid of injections, that’d be too funny.”

Tang Zong puffed up his chest. of course, I’m not afraid of injections. It’s just an injection. What’s there to be afraid of? ”

Liancheng Yazhi could already tell that Tang Zong was afraid of injections, but he just stood aside and watched the show. He even said, that’s right, men. If they’re afraid of even a needle, no girl would like them. Women like brave men. Only then can they feel safe.

“Is it really that awkward?” Tang Zong asked.

“Really? if you don’t believe me, you can ask my wife.”

Although Rong Yan didn’t know how these two men got involved in this issue, she still answered, ” “That’s right, no woman would like cowards.”

Hence, Tang Zong swallowed his saliva. Alright, for the sake of his little nuo nuo, he would do acupuncture!

Natsume na had already prepared the medicine. There was five milliliters of medicine in the syringe. The needle in his hand was pointed up, and he gently pushed the air out. Then, he said coldly, ” “Take off your pants.”

Tang Zong immediately covered his pants,”

Natsume looked at him as if he was an idiot. of course! Aren’t you going to take off your pants and put a needle in your face? ”

Chapter 1253 lian Cheng yazhi, i hate you!

tang zong bit his lips. his eyes were as clean as spring water, and coupled with his handsome face, he was really very likable. he asked natsume pitifully,”Do we really have to fight one by one?”

“what do you think?” natsume asked.

Young master Tang was a little embarrassed. He pinched his fingers and took off his pants to get an injection in front of sister Rong nuo's brother-in-law. This Qianqian was so embarrassed!

rong yan, who was watching from the side, almost laughed out loud. she tried her best to hold it in and cleared her throat."Tang Zong, it's alright. We already have a child together. Furthermore, we're your elders. Even if we see you naked, we won't have any thoughts! You don't have to take off your pants because you're shy."

Rong Yan's words were tough. Liancheng Yazhi looked at her from the side, his eyes like needles, whizzing away.

Rong Yan realized that she had gone a little too far. No matter what, she was Liancheng Yazhi's wife. If she saw another man's butt, it would definitely make Liancheng Yazhi, a possessive man, feel uncomfortable.

Rong Yan grabbed Liancheng Yazhi's hand and scratched his palm twice to please him. "I won't look, I'll cover my eyes."

"natsume," liancheng yazhi said to xiamu, "take him to a random room. come out after you're done."

don't be so troublesome, "Natsume said unhappily. let's just stay here.

Tang Zong's eyes almost burst into tears. No one had asked him if he was willing? He didn't want to get an injection. Why did he lose all his human rights in the Liancheng family?

"Hurry up. If you're a man, then take off your pants," Natsume said to Tang Zong.

Liancheng Yazhi fanned the flames. don't dawdle. You can't run away from this needle. If you continue to be like this, no girl will like you and will definitely despise you.

Tang Zong gritted his teeth. Alright, for Rong nuo's sake, he had to go all out. Wasn't it just an injection? He would tease him and just beat him up.

Tang Zong shivered and unbuckled his belt. Just as he was about to take it off, Liancheng Yazhi covered Rong Yan's eyes and took her into his arms. He pressed her head against his chest, determined not to allow her to look at other men.

The more Rong Yan struggled, the stronger Liancheng Yazhi's grip was.

Liancheng Yazhi urged. hurry up. We're all men. What's there to be shy about? don't worry. We're only interested in women here. We don't like you.

After a few minutes, Tang Zong's pants were pulled down a little, revealing only a small piece of fair skin.

Natsume took a cotton pad soaked in alcohol and rubbed it a few times. Then, he said, "Relax, don't tighten your muscles. If the needle doesn't go in, you'll be the one in pain."

When a person was in high tension, the muscles on the body would be tense, which would increase the hardness, and the penetration of the needle would naturally be reduced.

Natsume's face was expressionless. To him, getting an injection was easier than drinking water and eating. He firmly and accurately inserted the needle, and Tang Zong immediately let out a shrill scream, "Ah, Yingluo."

That cry made Rong Yan, who could not see the situation, feel pain in her heart.

Liancheng Yazhi clicked his tongue and shook his head. It was too brutal. Look at Tang Zong's pitiful, aggrieved, and teary-eyed face. Oh my, it felt so good!

he thought evilly, 'since this kid is afraid of injections, why don't i get natsume to give him a few more injections in the next few days?'???o(>?<)o:???,????!?

Chapter 1254 This family is full of bad guys

Liancheng Yazhi was scheming against Tang Zong in his heart. When he saw Tang Zong's miserable appearance, he suddenly felt particularly good.

Finally, all the medicine in the syringe was pushed down, and Natsume pulled the needle out."alright, you may rise."

Tang Zong shivered as he pulled up his pants. He was crying. He was really crying. His nose was red, and his tears were hanging on his eyelashes. He looked like a pitiful little boy who had been abused by someone. It really made one's heart ache!

Now, she really wanted to run in front of Rong nuo, hug her and cry,"Wu Wu, nuo nuo, your sister and brother-in-law teamed up to bully me, they forced me to get an injection, it hurts so much!"

Liancheng Yazhi only let go of Rong Yan after Tang Zong had buckled his belt again.

Rong Yan quickly got out of Liancheng Yazhi's arms and saw Tang Zong's pitiful look.

Tang Zong's words easily aroused the extra motherly love in a woman's heart. Even Rong Yan felt pity for Tang Zong when she looked at him now.

Rong Yan stood up and walked in front of Tang Zong. She patted his head. young man, bear with it. You'll be better after two more injections. You won't need to take any more injections then.

Tang Zong originally thought that Rong Yan was saying that she didn't need to call him anymore after seeing how pitiful he was. He didn't expect that Rong Yan would actually ask him to give her two more injections.

Tang Zong widened his eyes and looked at Rong Yan. He pursed his red lips and sniffled. Rong Yan could not take the look in his eyes. It was as if they had done something inhumane and inhumane to him.

Rong Yan felt a little guilty under Tang Zong's big eyes. She cleared her throat and said, " cough, cough. Don't worry. It's just a small cold. With Natsume here, you'll definitely get rid of it. You'll recover very quickly. You don't have to be afraid.

Tang Zong covered his face. This was too bad. This family's hearts were too black.

He swore to never come to the Liancheng family's house again. It was so scary!

Liancheng Yazhi could tell that Tang Zong wanted to rush out of the door. He said to Rong Yan, "It's time for breakfast. Go and see if

Rong Yan nodded. Oh, okay. I'll go up first. You guys eat first.

"Tang Zong, don't stand on ceremony. Eat more later." She then instructed Tang Zong.

tang zong wiped his tears. he didn't want to eat. he wanted to go home!

After Rong Yan went up, Liancheng Yazhi waved his hand and asked Butler Li to set the breakfast. He walked in front of Tang Zong and placed his hand on his shoulder. He chuckled at him, causing Tang Zong to shiver.”What do you want Yingluo for?”

Liancheng Yazhi’s smile was gentle like a spring breeze. don’t be afraid, don’t worry. We’re just here to continue our previous conversation.

Tang Zong looked at Liancheng Yazhi guardedly. He always felt that his smile was too evil.

Tang Zong hugged himself and said indignantly,”Don’t do anything stupid, I’d rather die than submit.”

“Pa-”

Liancheng Yazhi slapped Tang Zong’s head. unyielding your sister! Stop pretending to be pitiful. It’s useless in front of me. Hurry up and get along with me. I haven’t finished answering the question just now.

Tang Zong clutched his head and glared at Liancheng Yazhi, fuming like a little frog. no, I’m going back on my word. I won’t say it anymore. Who asked you to force me to give you an injection just now? I’m not happy.

Tang Zong proudly turned his head away, not looking at Liancheng Yazhi.

When he was injected just now, Tang Zong felt as if there was another needle stuck in his buttocks. It was so, so painful.

His soul had been destroyed, and this family was all bad guys. He, young master Tang, was unhappy and hurt. He didn’t want to talk to him anymore!

Chapter 1255 Future brother-in-law!

On the other hand, Liancheng Yazhi was not anxious at all, nor was he surprised. With Tang Zong’s temper, it was normal for him to say such things.

Liancheng Yazhi’s smile was still gentle, like a kind elder. “Not telling? are you sure you don’t want to tell me?”

Tang Zong acted arrogantly, like a martyr. “I’m determined not to say, even if you beat me to death.”

Even if he wanted to say it, he would have to make Lian chengyazhi beg him before he would reluctantly say it in front of Rong nuo.

tang zong’s little plan was good, but lian chengyazhi did not play his cards according to his style.

Liancheng Yazhi chuckled. I won’t kill you. I’ll just let the needle prick you a few more times.

Tang Zong slowly retracted his raised chin. He turned to look at Liancheng Yazhi with a very serious expression on his face.”I’ve thought about it very carefully just now, and I think that one should be honest. I didn’t finish just now, so it’s better to answer your question completely, don’t you think so? My future brother-in-law!”

Liancheng Yazhi’s eyelids twitched, but his expression did not change. He smiled and said, ” “that’s right, integrity, brother-in-law!”

He knew that Tang Zong was intentionally calling him ‘brother-in-law’ to disgust him. However, he would just return the favor!

However, when Tang Zong heard this, not only did he not feel disgusted, but he was also extremely excited. He jumped up and grabbed Lian Cheng Yazhi’s hand. His eyes were bright and he was in high spirits. I knew it. I’m such a good person. You would definitely agree to me being with Rong nuo. Alright, since you’ve called me brother-in-law for life, I’ll tell you whatever you want to ask.

Tang Zong was very forthright and in a good mood. The pain from the needles in his butt had been brought away by Lian Chengzhi’s ‘brother-in-law’.

Lian Cheng Yazhi

this was not a good feeling. he clearly wanted to disgust the other party, but the other party was not disgusted at all. on the contrary, he felt that after he said those two words, tang zong had stuck to him.

Moreover, he had a faint premonition that it would be very difficult for a dog-skin plaster like Tang Zong to get rid of Qianqian.

Tang Zong waited for a while. Seeing that Lian Cheng Yazhi was silent, he said, ” future brother-in-law, why aren’t you asking? ”

The veins on Lian Chengzhi’s forehead twitched and he coughed. it’s not convenient for Yueyue to be in the living room. Let’s go to the courtyard to watch the snow.

Tang Zong touched his chin and said,”enjoy the snow?” Oh, Yingluo is also good!”

Thus, the two of them walked out of the living room, each with their own thoughts.

the snow on the road in the courtyard had already been swept away by the servants. only the grass and flowers were still covered in a thin layer of snow. there was really nothing to admire.

outside, lian cheng yazhi opened his mouth and exhaled a cloud of white air. ” you mentioned Su He just now. Go on. Is he really as disabled as he looks on the surface and can’t be of much use for the rest of his life? ”

As soon as Tang Zong came out, he put on the hat on his down jacket. His hands were hidden in his sleeves. He sniffed and said, you can’t imagine the intensity of the SU family’s struggle. If Su He was really as he looks, he would have been dead long ago.

The cold wind blew, and Tang Zong shrunk his neck. however, that guy’s acting was good. He also knew his situation, so he moved out of the SU family’s mansion early on. It seemed that he had given up his inheritance and left the core of the family, but in fact, he has a certain amount of power.

Chapter 1256 I’ll teach you how to chase girls

“he has his own power?” lian cheng yazhi was very surprised.

Tang Zong nodded,”that’s right. Otherwise, he wouldn’t be able to protect himself!” Which of the seven grandsons of the SU family was easy to deal with? Even if he doesn’t have the heart to fight for the inheritance, others don’t care. Even if he’s forced, he has to find some power to save his life.”

Liancheng Yazhi nodded. He had already made up his mind. It seemed that he still did not know much about the SU family.

“does he have the intention to take over the su family?” asked lian Cheng yazhi.

tang zong shrugged his shoulders. “ well, i’m not too sure about that. i don’t know much either. besides, what i’ve told you is what i knew a few years ago. after i went abroad, i didn’t have the time to care about him. ”

lian Cheng yazhi’s thoughts turned quickly. su he already had his own power a few years ago. after these few years of cultivation, it should only be bigger.

“Where’s Su Qing?” Liancheng Yazhi asked again. How much do you know about him?”

tang zong thought for a moment and said,”su qing?” I know a little more about him. He has an inferiority complex? Reclusive? I met him once when I was 15 years old, and I almost fought with him. He has been a boarding school since junior high, and he went to a University in another city. I remember that Yingluo studied computer software development and so on. After graduation, he seems to have opened an internet company. I heard that it’s not a big company, but it’s an unregistered company. It’s much, much lower than his actual market price. Su Qing is deliberately hiding his strength.”

“What’s the company’s name and where’s the headquarters?”

Tang Zong scratched his chin. it’s located in a second-tier city in the middle of Xuanji. I can’t really remember its name. I’ll go back and check it out before I tell you.

Liancheng Yazhi put his arm around Tang Zong’s shoulder. “What else do you have to say?”

no, there’s really no more. If you ask me if Su Qing also wants to fight for the SU family, I really don’t know. I’m not a worm in their stomachs. You’ll have to investigate for yourself to know.

Oh, I almost forgot. According to my observation, Su He and Su Qing should have some kind of tacit understanding. At this stage, su PEI is the leader of the SU family, so they avoid him and save their strength. They help each other without being discovered by the other party.

Liancheng Yazhi knew almost everything he wanted to know. okay, I got it. Let’s go in and eat.

Tang Zong grabbed Liancheng Yazhi’s arm and refused to let him in. “Hey, Liancheng Yazhi, you haven’t told me how to calm Rong nuo down.”

I’ll give you eight words, “Lian Chengya said to him. with sincerity, metal and stone can be broken.

Tang Zong did not understand at all,”what do you mean? can you be more specific?” I don’t understand all this.”

“It means that you have to put in your heart and use your sincerity to move her.”

Tang Zong glared at him. that’s as good as not saying anything. What I used was sincerity. When I was buying the gift, my hair was almost turning white from all the thinking.

Lian Cheng Yazhi sighed. Once again, he was sure that Tang Zong was an idiot in this area. "aiyoyo, forget it. i'll teach you what to give a girl as a gift and what not to. eat first, or rongyan will be suspicious later."

Chapter 1257 Are you looking down on me?

"Is it difficult?" Tang Zong asked.

"what?"

"Is it hard to chase a girl?"

not difficult, " Lian Cheng Yazhi thought for a moment. but for Wanwan, it's hard to say.

"Liancheng Yazhi, I feel like you're looking down on my intelligence."

"Yes, your feeling is right!"

Tang Zong

.....

at the dinner table, tang zong's mood wasn't very good. seeing

therefore, tang zong could only look at

After breakfast, Tang Zong left. When Lian chengyazhi sent him out, he said a few words to him.

as for the present you gave Qianqian, it's not that you can't give it to her, but it depends on how far your relationship with her has progressed.

"To what extent can I give it?" Tang Zong hurriedly asked.

when you two are together and both of you like each other, you can give her this to add some fun to your life. But now, you haven't even won her heart yet, and you're giving her such a frivolous thing. It's natural that she'll hate you.

Tang Zong looked at Lian Chengzhi from the corner of his eyes,"then did Zhenzhen send Zhenzhen?"

"Cough, cough, cough, Yingluo is talking about you, not me." Of course, Lian chengyazhi had given them to her before. He had given her many boxes.

Speaking of those things, Lian Cheng Yazhi felt a little excited.

It was because he remembered how Rong Yan had seduced him with the clothes she had passed down in the past. She had been as charming as a fairy.

Lian Cheng Yazhi was thinking if he should give Rong Yan a few more pieces later.

Now that her figure was better than it was a few years ago, she would definitely look better in it.

"What should I do now that Rong nuo hates me so much?" Tang Zong pulled at his hair.

don't look for her for the next two days. Don't be an eyesore in front of her. She's currently in a fit of anger. You can go there after a few days. For the next few days, you just have to recuperate. We'll talk again when your cold is better. Oh, by the way, remember to come again tomorrow.

"What?" Tang Zong raised his head in frustration.

"What do you think?" Lian Chengzhi laughed.

Tang Zong shuddered. He immediately covered his butt and jogged all the way. He opened the door, jumped in, started the car, and drove away.

Liancheng Yazhi stood there and laughed for a while. He realized that Tang Zong was much more pleasing to the eye than before.

As for Tang Zong and Rong nuo's matter, he would just let them go with the flow.

After all, they were both adults. If Rong nuo really hated and disliked Tang Zong, she would have told him a long time ago. She wouldn't have kept pestering Yingluo like this.

perhaps, in rong nuo's heart, it wasn't as if he didn't have any feelings at all.

Perhaps Xuanji and Tang Zong would really treat Rong nuo well.

Lian Cheng Yazhi let out a breath of air and turned around to leave.

The little princess was not happy that he could not build a snowman today. He had to hurry back to Hong.

.....

After Tang Zong went back, he sent someone to investigate Su Qing's company. Then, he sent the company's name, location, current main operating projects, and the general scale of the company to Liancheng Yazhi.

Liancheng Yazhi looked at the series of data on the computer screen, and the corners of his mouth slowly lifted.

As expected, none of the seven grandsons of the SU family were easy to deal with.

Chapter 1258 Stop being an eyesore in front of me

Su Qing's online company was involved in many fields, of which the most profitable was online games. Everyone knew that online games made huge profits, and Su Qing had never really made the company's accounts public, so no one but Su Qing himself could tell exactly how much revenue they made every year.

However, what Tang Zong knew wasn't a secret. If su Yue wanted to investigate, she would definitely find out.

however, su jing didn't ask about it. instead, he left it to su qing to manage.

Then there could be two possible situations.

first, su jing was sure that su qing had no interest in the family business and didn't want to compete with him, so he had established his own business outside.

Second, su Yue knew about everything that Su Qing had done. They were in contact, so su Yue might have a part in the company.

However, no matter which one it was, he couldn't guarantee what kind of person Su Qing was.

Liancheng Yazhi called Secretary Zhou over and showed him the data that Tang Zong had sent. you can check what you want to check on yourself. You have to be fast. I don't want to wait until the new year and still have no news.

Secretary Zhou happily held the computer. young master ya, you've given us such detailed clues. Even if I'm a pig, I should be able to find out.

Liancheng Yazhi-_-!

alright, you can leave now. Do what you have to do. Don't be an eyesore in front of me.

Secretary Zhou did not leave. He still had one more thing to tell Liancheng Yazhi. young master ya, the SU family's old master has been choosing a grave recently. The place he chose has good Fengshui, but the Yu family, who has always had a grudge against the SU family, has also taken a fancy to it. The two families are now fighting openly and secretly over a piece of land. Do you think we can make an issue out of this? ”

Liancheng Yazhi frowned and said, 'choosing a Cemetery? The SU old master's health has been fine.”

they're getting old. Who knows when they'll accidentally go there? so, it's most important for people of their age to choose a good place with good feng shui in advance.

Sometimes, the richer a person was, the more superstitious they were, especially those big families. Basically, every big family would have a Warlock that they often used.

The grave of the deceased was carefully chosen, for fear that the wrong choice would affect the future development of the SU family.

Liancheng Yazhi quickly calculated in his mind. Choosing a Cemetery might not seem like a big deal to outsiders, but it was a big deal to the SU family's old master now. The real power in the SU family was still the old master, so his big deal was a big deal for the entire su family.

“What about Su Yu?” Liancheng Yazhi asked.

“The police are still investigating that case, and their efficiency is extremely low. Su Yue is still a suspect and can't leave the capital.”

“Tell the police to let him go,” Liancheng Yazhi's face turned cold.

liancheng yazhi already knew that it was not that the police were useless, but that they had deliberately delayed the case.

That time when he was shot, wasn't it later found out that it was related to Madam Xia's dead second older brother? now the police probably wanted to let that dead person Zhu Mei take the place.

However, she was afraid that he would be unhappy, so she moved very slowly.

since it was useless for su 'er to stay in the capital, he might as well let her go back.

“Let him go back?” Secretary Zhou was shocked.

Liancheng Yazhi smirked. after he goes back, old master su will definitely let him handle the matter of buying the land. If he does it well, the old master will be happy. If he doesn't, sob sob sob sob.

Chapter 1259-closing in

If su 'er didn't do a good job, old master su would be greatly displeased.

Perhaps this matter was not that serious, but once dissatisfaction was planted in a person's heart, it would snowball and eventually lead to a qualitative change.

Su Yue went back to settle this matter. It wouldn't do him any good if it was done well since he was the predetermined successor. This was what he should do for the old master.

If he didn't do it well, it would be his incompetence.

.....

After Secretary Zhou informed the police station of Liancheng Yazhi's intention, Liancheng Yazhi's phone rang not long after.

after the call went through, the person on the other end asked, ” “You've really decided to let su Yue go back?”

Liancheng Yazhi sneered. your police station has delayed for so long and refused to arrest me. Aren't you waiting for me to let go? I'll give you a chance today. Why? you don't want it? ”

“Yes, of course. I have to thank you for this. It's not that we didn't arrest su Yue, but it's really Yueyue.”

“Enough, don't waste your breath on me. You just need to make su 'er get out of the capital within two days.”

“Sure, that's definitely not a problem.”

Although the other party said that there would be no problem, he realized that no one was easy to fool after he really did it.

Because su Yue wasn't leaving!

He refused to leave the imperial capital.

“Since the case on your body is fine, why don't you go back?” Tang han was very puzzled.

“I'm not a fool. It's best for me to stay in the capital at this time,” su 'er said.

It was impossible for him not to know that the old man had bought land to see the cemetery.

Su Yue knew that if he went back, he would have to fight for that piece of land with the Yu family, who had not cleared their name yet.

He had no choice but to get that piece of land. It was of no use to him, so not going back was his best choice.

“Why?” Tang han was puzzled. Do you really want to continue being investigated by the police?”

of course not, but Yueyue, it's more beneficial for me to stay in the capital. The SU family is in a mess right now. It's not good for me to go back. Su 'er didn't say it clearly, but it wasn't easy for her to say this to Tang han.

Tang han couldn't understand. He could only say, “alright then. Since you want to stay, then stay. However, even if su Yue wanted to stay, she had to see if Liancheng Yazhi was willing to let him stay.

Liancheng Yazhi looked at Secretary Zhou's report about su Yue not leaving, and a sarcastic smile appeared on his face. 'If you want to keep Yueyue, let's see if you can.'

He had plenty of ways to force su Yue to go back.

Three days after su Yue received the news that he could leave, she received news from her hometown in the South. Su Yue's father had been hit by a car and was in the hospital receiving emergency treatment. He could die at any time.

her father was about to die. of course, su yue had to go back. not only that, but she had to go back immediately. who asked your father to be in the hospital and die at any moment?

Although su 'er felt hatred in her heart, she had no choice. Although the SU family's internal strife was fierce, they were still a large family that paid attention to 'filial piety'. If she ignored her own father's injury, then the old master would definitely reevaluate su 'er.

Su Yue didn't want her years of hard work to go to waste, so she could only go back.

Before they boarded the plane, su Yue looked at the gloomy sky in the capital and said through gritted teeth, “Liancheng Yazhi!”

Chapter 1260 Our family's little Ge Ge

After su Yue boarded the plane, Secretary Zhou quickly reported to Liancheng Yazhi. “Young master ya, su Yue finally got on the plane and left.”

Liancheng Yazhi smiled. The game of chess he had set for su Yue had only just begun.

He stood in his office and walked to the window. He looked at the tall buildings in the imperial capital that were completely shrouded in haze and said, “Secretary Zhou, please make a trip to the South.”

Secretary Zhou could not believe his ears. “Ah?”

Liancheng Yazhi frowned and thought for a while. forget it. Let Xinyang handle this matter. Tell him to come to my house after work and have him wait at my door.

secretary zhou scratched his head, not knowing what his boss was up to. ” “It's Yingluo.”

.....

In the afternoon, Liancheng Yazhi returned home at 5:30 sharp.

When he arrived at his house, he saw a black Wrangler parked outside.

After the driver stopped the car, he got out of the car. Xin Yang got out of the Wrangler and got into Liancheng Yazhi's car.

"Young master ya," Xin Yang called out respectfully.

Liancheng Yazhi said directly, "recently, the old master of the SU family in the South has been fighting with the Yu family for a piece of land. He wants to build a Cemetery. You seem to be quite free. Then, go to a city in the South First. You can use any method you want to get the Yu family to get that Cemetery.

Everyone knew that the Yu family and the SU family had never been on good terms. If the land was lost to Su Yue and the Yu family snatched it away, old master Su would definitely be very displeased with Su Yue.

This piece of land was like a rose full of thorns. Su Yue had to snatch it regardless of whether she wanted to or not.

If he snatched it over, he would be stabbed until his hands were full of blood. If he offended the Yu family, he would not get much benefit from the old master.

If they couldn't snatch it, the outcome would be even worse! Although it would not immediately shake his position if he made the old man in power unhappy, his cousins were not vegetarians. They would fight back if they were given a chance.

Xin Yang knew who the SU family Liancheng Yazhi was talking about was. He nodded. "It's Yingluo."

also, find a way to get in touch with two people. There's their information inside. Liancheng Yazhi handed Xin Yang a file.

When Xin Yang opened the file, he read a few pages and understood more or less. He asked, "then when I contact them, do I need to make it clear that I'm your man?"

"What do you think?" Liancheng Yazhi asked with a smile.

"Yes, I understand,"

"When should I leave?"

"Today!"

=====

The Wrangler left, and Liancheng Yazhi's car drove through the gate.

Before he entered the living room, a small red figure rushed over like a small rocket. Liancheng Yazhi immediately opened his arms and hugged her without thinking.

In this house, who else would dare to rush over like this other than his little darling?

Sure enough, MeowMeow cried out happily. Daddy, Daddy, Daddy! Yingluo, look! Are my new clothes and shoes beautiful? "

It was only then that Liancheng Yazhi saw that MeowMeow was wearing a red cheongsam today. Rong Yan had combed her hair into two buns, and there were two small bags on her head. She

wrapped them around a small gourd carved with red coral, looking so beautiful that she looked like little Gege who had walked out of the Forbidden City hundreds of years ago.

Liancheng Yazhi liked it's beautiful. It's so beautiful. Daddy's eyes are playing tricks on me.
