

Permit Me 1361

Chapter 1361-uncontrollable longing

Liancheng Yazhi nodded and looked up at the seabirds flying in the sky. He laughed. “Yes, Zhenzhen hasn’t seen them for ten days. I don’t know if MeowMeow is making a fuss at home. Will Rong Yan miss me so much that she can’t fall asleep at night?” Rong Yan said. Hubby, you’re too smart. I really can’t sleep because I miss you so much. What should I do? Come back quickly!

They had not seen each other for ten days, and Liancheng Yazhi’s longing for her had accumulated to the point where he could no longer control it, and it was about to burst out!

This time, finding Kang Xi was much more difficult than he had imagined. It was not easy to track him to this place, but he ended up in a battle. Most of the people here and the experimental base had retreated. Only a small group of people were left behind to deal with the aftermath. They were outer-layer personnel who did not know the secret.

Not only that, the ship they had taken when they came had been blown up and sunk to the bottom of the sea. They had been trapped here for five days. These five days had been very long, but Liancheng Yazhi knew that if he wanted to get out, it would take a long time!

Liancheng Yazhi had never lost hope. All his confidence came from Rong Yan and her mother. They were his entire faith.

Jian Yi saw how happy Liancheng Yazhi looked when he mentioned his wife and daughter and was a little annoyed. that guy shouldn’t have asked you to come. He’s all alone. When something happens, he’s all alone. But you’re different.

Liancheng Yazhi smiled. since you’re already here, why are you talking about that? you should think about how to get out now.

Suddenly, Jian Jie’s eyes widened, and the dagger in his hand flew out, stabbing into the tree trunk far away from Liancheng Yazhi’s head.

Liancheng Yazhi did not even blink. He raised his head and saw a snake head the size of a small egg. However, it was now simply nailed to the tree. It was still struggling, but it had already entered the countdown to death.

Liancheng Yazhi pouted in disdain,”take it away, take it away, Zhenzhen.”

he simply stood up, walked over to pull out the dagger, and picked up the snake.

“Not bad, this snake is fat enough. I’ll eat it tonight!”

Only those who had experienced it would know how difficult it was to survive in the wild. Without food, in a situation where one was about to starve to death, let alone snakes, even rats and insects had to be eaten!

For a mercenary like him who was playing with survival in the wild, it was clear that it was already good enough to catch a snake like this!

however, liancheng yazhi was much more particular than tang zong. he thought that this thing was too disgusting and too salty, so he was determined not to eat it. he only ate fish and all kinds of seafood, as well as wild rabbits, birds, and so on!

In fact, Liancheng Yazhi had another layer of concern. He was afraid that eating this kind of food would carry germs. What if he passed the germs to his daughter when he went home in the future?

he simply sat down, opened the snake's mouth, and pulled out its venomous fangs. "there are quite a lot of poisonous creatures on this island. if you get bitten by this kind of snake, i'll dig a hole for you and bury you. "

Liancheng Yazhi glared at him. stop cursing me. My wife and daughter are still waiting for me at home, Yingluo.

After a simple removal of the venomous fangs, she asked Liancheng Yazhi, " "How much time do we have left?"

it's the tenth day of the first month of the lunar calendar, February 9th of the Gregorian calendar. I've calculated that there may be an ocean monsoon in the sea area in late February every year. The wind direction should be Southwest and it will last for about half a month. However, the climate in this area is changeable and can't be judged according to the normal climate rules. I can only make a rough estimate.

Chapter 1362-the road home is still long

As he spoke, Liancheng Yazhi plucked a leaf and threw it into the air to measure the wind direction and speed.

Jian nodded. that means we don't have much time left. We must finish the raft before the monsoon arrives.

"That's what I meant."

The ocean seasonal winds would affect the ocean currents, and the wind speed would affect the speed of the ship. If the ship drifted with the wind, it would be much faster, and it would save a lot of manpower.

To them, what they wanted was not a destination, but to land. As long as they could land, they could go to any corner of the world. Nothing could trap them after leaving this Island.

liancheng yazhi stood up. " continue with your work. chop for a few more days. the wood should be enough! "

He swung his sore and swollen right arm. The muscles on his arm had been strained after using so much force these days. The area between his thumb and forefinger was also cracked. However, this injury was not considered an injury. In this situation, as long as he could walk, it was not an injury as long as he did not want to die.

to them, the situation here wasn't the worst. the worst was that when the monsoon arrived, if they didn't have enough fresh water and food, their days would be very difficult. no one knew how long they would drift on the sea. moreover, the weather at sea was unpredictable. if they encountered strong winds and rainy weather again, qingqing's life would be uncertain!

Liancheng Yazhi lowered his head and looked at his right hand. It was wrapped in a circle of gauze, but blood had already seeped through the wound.

He sighed to himself. If Rong Yan was here, she would definitely be angry again! (?_?)

At night, they discussed where they should go next after leaving this place.

Mu weibai took out a map that he had found in the abandoned laboratory. There was only a topographic map on it, but there were no names of the places, only a few red dots!

I've done some research. Currently, we're here. This is one of their experimental bases. After being exposed, they moved to another location. However, for an experiment like this, they definitely can't do it in a crowded city. They will definitely choose a less populated place. The remaining red dots are probably the other experimental bases. They must be one of the three remaining ones. What we need to know now is the approximate location of the other three places.

Liancheng Yazhi took it and looked at it for a while. "didn't you say that this experiment had a time limit? judging from the distance, they should have gone here to take a look."

Liancheng Yazhi threw the map to mu weibai. "You've learned how to draw maps, so draw out the longitude and latitude first."

Two hours later, mu weibai drew the latitude and longitude line and deduced the approximate location of the place that Liancheng Yazhi had pointed out just now.

"I've drawn it, take a look at Yingluo first."

mu weibai handed the map to liancheng yazhi.

Liancheng Yazhi frowned after reading it.

Jian Jie was suspicious and asked, "what's wrong?" Is it very bad?"

"Take a look for yourself?" Liancheng Yazhi handed it to him.

The scar on his face twitched as he took it and glanced at it. "This Yingluo is really suffering, Yingluo"

liancheng yazhi picked up the jacket and walked to the fire. he laid down. "have a good rest, lu yunyun is still far away."

Jian Jie nodded. Yes, they still had a long way to go.

He glanced at Liancheng Yazhi, who had his eyes closed, and sighed in his heart. There was still a long way to go, and the date of his return was uncertain. It was fine for them who were still single, but the longer the time, the more uncomfortable Liancheng Yazhi would feel!

Chapter 1363 rongyan, wait for me!

The next day, Liancheng Yazhi woke up with a smile at the sunrise on the sea.

She simply carried a few fish from the shallow beach and saw Liancheng Yazhi with a smile. She asked, " what's the matter? why are you smiling so happily so early in the morning? did you have a good dream last night? "

"Yes, I had a good dream!" Liancheng Yazhi nodded.

He did have a good dream last night. He dreamed that when he returned home, Rong Yan was already pregnant. She told him that it was a son and Liancheng Yazhi was especially happy. He woke up from his happiness!

He simply threw the fish to Liancheng Yazhi and asked, 'what good dream? Tell me about it!'

Liancheng Yazhi shook his head. I can't tell you. This is my business!

Since he did not say, Jian Jie naturally did not ask.

the days on the island were filled with despair and hope, but no one gave up. six days later, it was late february, and the wind started to blow on the sea.

The large wooden raft made by Liancheng Yazhi and the others was also in its final stages of construction. After another two days, Liancheng Yazhi saw that the weather at sea was good, and the wind was also good. It was just that the direction was a little different from his previous calculation. However, this was not important, as long as there was wind!

The five of them decided to leave the island, but before they left, they had to prepare enough water and food.

The food was not too bad. After walking around the island, they caught rabbits and edible animals. They filtered through everything and caught a lot of fish.

As for fresh water, they were lucky that their luck wasn't too bad. In order to store water, they had found a lot of iron boxes from the abandoned laboratory in advance that wouldn't leak. They had placed them under the eaves and poured the dew they usually collected into them. A few days ago, there had been rain, so they had managed to store a lot of rainwater.

Of course, the cleanliness of the water could not be demanded. At this time, it was already God's blessing to have a mouthful of fresh water to drink.

On February 17th, they loaded the prepared food and water onto the raft and then tied them to the raft with strong vines to prevent them from being thrown off by the waves.

After getting ready, the five of them pushed the raft into the water with excitement and uneasiness in their hearts!

The large wooden raft traveled with the wind, faster than they had expected.

Liancheng Yazhi looked at the map. if we're lucky, we should be able to meet a fishing boat or ship after leaving this uninhabited Sea area and reaching the sea that has a sailing route.

Mu weibai said while rowing the boat, " 'yes, once we're out at sea, everything will be up to fate!'

lian Cheng yazhi looked at the red sun that had just risen in the east and said to himself, " I won't let anything happen to me, and I won't allow anything to happen to me!

They'd definitely land smoothly, find Kang Xi, and return to their country.

lian Cheng yazhi's lips curled up,"rong yan, wait for me!"

=====

It was the 17th day of the first lunar month, two days after the first traditional festival after the new year, the Lantern Festival.

The sun was very bright that day. Rong Yan was sitting on a recliner by the window, basking in the sun, and she fell asleep without realizing it.

The winter sun shone on her fair face, making her skin look even more radiant and smooth. Even the fine hair on the surface of her skin could not be seen. Her beautiful facial features were beautiful, and at this moment, there was a dignified and luxurious look in her charm.

she was half-lying there, and when people saw her, they couldn't help but hold their breath and not dare to disturb her!

Secretary Zhou walked over to Rong Yan quietly. For a moment, he didn't know what to do. Should he call her or not?

Chapter 1364 Dreaming of Liancheng Yazhi

Secretary Zhou turned around and looked at Butler li, hoping that Butler li would wake Rong Yan up. However, Butler li ignored him.

however, fortunately, rong yan woke up very quickly. she sat up abruptly with an uneasy expression and a thin layer of sweat on her forehead.

Rong Yan looked like she had had an unpleasant dream. Secretary Zhou called out in a low voice, "Young Madam, Zhenzhen."

Rong Yan was stunned for a while. When she turned around and saw Secretary Zhou, her expression gradually became better. She said, "Secretary Zhou, when did you arrive? why didn't you call me?"

Perhaps it was because she thought that Rong Yan couldn't sleep at night during the days when Liancheng Yazhi had just left, so she would occasionally doze off during the day.

She did have a bad dream just now. In her dream, Liancheng Yazhi was standing at the edge of the cliff. The wind was very strong, and she wanted to pull him, but she couldn't catch Huahua.

The moment Liancheng Yazhi fell, Rong Yan woke up with a start.

Her heart was still beating very fast, and the uneasiness made her feel very bad and very irritable.

"I just arrived and was about to call for them," Secretary Zhou said.

Rong Yan took a deep breath and pointed at the chair opposite her. "Take a taxi." Butler li, serve tea."

Secretary Zhou sat opposite Rong Yan and waited for Butler li to serve the tea.

Rong Yan asked him, "Secretary Zhou, what's the matter?" Is the company starting to be unstable?"

Liancheng Yazhi left on the first night of the new year. It was the 17th day of the first month of the lunar year. He had been away for half a month, but there was still no news.

In the past half a month, Rong Yan had been very strict with the Liancheng family's servants, so outsiders who didn't know had always thought that Liancheng Yazhi was recuperating at home. No one knew that he was not in the country at all.

However, half a month had passed. At first, Secretary Zhou was still able to hold his ground, but as time passed, it was inevitable that other voices would emerge.

Although Liancheng Yazhi had punished some shareholders the last time, they were all very honest now.

Liancheng Yazhi's refusal to go to the company had already made others start to speculate. They believed that some people had probably begun to investigate what illness Liancheng Yazhi had. After the new year, he had not even gone to the company once and had even canceled this year's Annual Meeting.

Secretary Zhou smiled and said, "it's still alright. I can still suppress it for now. However, Yingluo has to use young master ya's personal seal for some important documents.

The moment Secretary Zhou said this, Rong Yan knew that his situation in the company was not very good.

There were so many people around Liancheng Yazhi. Although it sounded like his position was only the president's Secretary, he had always been Liancheng Yazhi's most trusted subordinate and had a lot of prestige in the company.

Usually, he could handle things that were not too important on Liancheng Yazhi's behalf.

Even if there were some important matters, under special circumstances, he could also handle them on his behalf.

however, now that secretary zhou had come to look for rong yan and wanted to use liancheng yazhi's private seal, it could only mean that some people were starting to be dissatisfied. there must be some shareholders who were not satisfied with secretary zhou.

It was indeed difficult to leave such a big mess to Secretary Zhou.

Rong Yan lifted the blanket on her body. I've also guessed this Yingluo. Come with me.

Chapter 1365 I believe you, of course I believe you too

Secretary Zhou followed Rong Yan into Liancheng Yazhi's study.

There was a lot of confidential information in Liancheng Yazhi's study room, but he had never set up any defenses against Rong Yan.

Rong Yan sat in front of the table and placed her hand on the fingerprint input area on the drawer. Soon, with a beep, the drawer popped out automatically.

There were many things in Liancheng Yazhi's study. Safes, drawers, and bookshelves all used fingerprints. In the system, only his and Rong Yan's fingerprints could be used. Other than him, only Rong Yan could open it.

Rong Yan took out Liancheng Yazhi's private seal from the drawer and pushed it in front of Secretary Zhou. "Secretary Zhou, you can take it."

What was the use of Liancheng Yazhi's private seal?

This was a master key. It was the Ruby on the king's scepter. With this seal, the private savings under Liancheng Yazhi's name could be taken out at will. With this, it was equivalent to having an inexhaustible Treasury!

However, Rong Yan just handed this private seal, which symbolized wealth, to Secretary Zhou without any doubt.

Secretary Zhou looked at Rong Yan. It was impossible to say that she was not touched.

He instantly felt warm in his heart. The difficulties he had encountered in the company were no longer a big deal.

young Madam, I've already brought the documents. Just stamp a few seals on them. I won't be taking them away! As he spoke, Secretary Zhou took out a few folders from his briefcase and carefully picked up the personal seal carved by Tian Huangshi. He then pressed it on the signature at the end of the page.

rong yan smiled and said, " take it. yazhi trusts you, so of course, i trust you too. you've been busy in the company these days, and you'll encounter more difficulties in the future. i can't help you with anything. i hope this private seal can help you solve some problems. "

Secretary Zhou put Liancheng Yazhi's private seal back and handed it to Rong Yan respectfully. "No, you've already helped a lot!"

it was precisely because rong yan was there that when secretary zhou occasionally came to the liancheng old mansion to see rong yan and say a few words, he felt as if he had seen liancheng yazhi. it made him feel at ease and not panic!

secretary zhou did not stay long at liancheng's house. after stamping the seal, he left.

And every time he came to the Liancheng family's house, he would say, " He came to see Liancheng Yazhi!

=====

That night, Tang Zong once again sneaked up the wall from the third floor to Rong nuo's room on the second floor.

Because of the number of times, Rong nuo let him be.

However, Tang Heng's attempt to get close to Rong nuo tonight did not succeed, because Rong nuo's period had come, and he could only kiss and touch her.

Rong nuo asked Tang Zong, " tell me the truth. What did my brother-in-law tell you before he left? he hasn't returned for so long. My sister's mood has been getting worse and worse recently. I think she's getting more and more listless. I'm very worried.

Tang Zong's hand was gently touching Rong nuo's lower abdomen, and he said, don't worry, it'll be fine. Before he left, he said that he wasn't sure when he would return. What he asked me to do was to ensure the safety of your sister and MeowMeow while he was away.

Rong nuo sighed. Seeing that Rong Yan's spirit was getting worse by the day, she was really worried. She asked Tang Zong, "Do you know what he's doing?"

Tang Zong shook his head, "I don't know, he didn't say anything either. Forget it, don't think about it anymore. Tomorrow, you will pester my sister to take you shopping. Try to make her feel better. Didn't they say that when a woman is in a bad mood, she should go shopping? you two sisters can go shopping tomorrow. I will pay for you.

Chapter 1366 An evil smile

Tang Zong's words were particularly extravagant, and Rong nuo couldn't help but laugh out loud."Of course, I won't reject someone who wants to be an ATM. Yingluo, are you going to follow us to get our bags?"

tang zong nodded. ” of course. i’m your escort. i’m here to protect you and your sister. ”

“Have you ever gone shopping with a woman before?” Rong nuo’s eyes turned.

“This Qianqian doesn’t have one!” Tang Zong shook his head.

in the past, he had never even had a meal with a woman, let alone go shopping with her!

Rong nuo was in a good mood. She raised her hand and pinched Tang Zong’s chin. “Tomorrow, I’ll let you experience how scary it is for a woman to go shopping!”

Tang Zong lowered his head and kissed Rong nuo’s cheek, asking, “baby, does it still hurt?”

rong nuo nodded,”yes, much better. continue to rub yingluo.”

“Alright!” Tang Zong nodded his head happily.

Not long after, Rong nuo fell asleep comfortably, and Tang Zong’s hand was still gently rubbing Rong nuo’s lower abdomen.

This time, Rong nuo’s period was a little painful. Natsume saw it and said that it was because she had been in a cold and gloomy environment for a long time, which caused her body to feel cold. However, because she had a good body, the pain was not severe. However, she still had to be careful in the future. She should not eat anything too cold and should not stay in a cold and gloomy environment too often. She would get over it slowly.

Rong nuo didn’t take it seriously. Which woman didn’t suffer from menstrual cramps?

Besides, she wasn’t in much pain.

However, in Tang Zong’s heart, this matter was a big deal. In his heart, he had been thinking about how to make Rong nuo not return to prison after she was released this time, and how to make her not return willingly.

After massaging for half the night, Tang Zong slowly shifted his gaze from Rong nuo’s face to her stomach.

Then, he grinned. His seemingly pure smile was Evil In The Night!

=====

The next day, Rong Yan was lazy again and only woke up at nine O ‘clock. There was still a shadow under her eyes. Rong nuo waited for her to finish her breakfast before she acted coquettishly.”Sister, how about we go shopping? Look at how good the weather is today!”

Rong Yan looked outside. The sun was shining on the ground, driving away some of the winter’s coldness.”The sun is pretty good today!”

Rong nuo nodded hard. right, right? you see, I’ve been here for so long and I’ve always wanted to go shopping, but I haven’t had the chance. Sister, can you accompany me? I want to buy a lot of things.

When Rong Yan heard this, she felt a little guilty towards Rong nuo. Rong nuo had been here for half a month, but she had not gone out with her more than once. Even if she wanted to pick out clothes, she would ask someone to send the new ones to her house. Other than the slightly larger area for her activities compared to the prison, everything else was no different from being in prison.

“Alright, I’ll go with you.” Rong Yan touched Rong nuo’s head.

tang zong’s voice came in at the right time.”Shopping? I want to go too. I want to go too. I’ve been bored recently. Bring me along. Sister, I’ll pay for you.”

Rong Yan thought for a moment and nodded. that’s good. It’ll be safer for you to follow.

Rong Yan didn’t plan to bring

Rong Yan thought about it and called Secretary Zhou.”Secretary Zhou, Rong nuo and I are going shopping today, Tang Zong will come with us. I’m worried about MeowMeow and Dong Tian at home, can you arrange for someone to come over?”

Chapter 1367-your matters are big matters

Secretary Zhou quickly said, ” Okay, okay. Can you wait for 20 minutes? I’ll arrange for someone to go over immediately.

“You don’t have to worry. It’s not a big deal for us to go shopping,” Rong Yan said.

“Your business is a big business.” secretary zhou was a smart person and knew how to prioritize things. to him, what young master ya valued was the most urgent.

Young master ya was not particularly concerned about the company’s profits and losses. The only thing he was concerned about was his wife and children.

Even if Secretary Zhou lost all the company’s money during this time, as long as Rong Yan and her daughter were healthy and safe, he would have made a great contribution. Liancheng Yazhi would only reward him when he came back and would never be dissatisfied with him.

Secretary Zhou hung up the phone and hurriedly called Yue ye, go to the old mansion now. Young Madam has to go out for a while and can’t take young miss out. Go to the old mansion and watch over the place and wait for young Madam to come back.

“Alright, I got it.”

.....

Just as Secretary Zhou had promised, Yue ye arrived in front of Rong Yan in 20 minutes.

“young madam,” yue ye bowed to rong yan.

Rong Yan stood up and said, ” Yue ye, I’ll have to trouble you today. I’m going out for a while. I’m worried about MeowMeow at home.

“Don’t worry, I’ll definitely protect the eldest miss.” Yue ye nodded, and solemnly said.

Yue ye’s short hair and slender body made her look like a handsome young man. However, Rong Yan knew that this was not a handsome young man who would try to fool her. She was a woman!

No matter what Yue ye wore or what she dressed up as, she looked like a man who would never let go of her charms, and would not give others the slightest bit of femininity.

even the way she spoke was androgynous. she was taller than the average girl and looked extremely handsome. it was too easy to fool people’s eyes.

if secretary Zhou had not brought her and Pei Xuanyu over the last time and specially introduced her, Rong Yan would never have thought that she was a woman.

However, such a woman was indeed very attractive. Not only could she attract women, but she could also attract men.

When Rong Yan saw her, she felt that she was too pleasing to the eye. She said to Yue Ye, ” ”

“Alright,” Yue Ye nodded.

After giving her instructions, Rong Yan left the house with Rong Nuo and Tang Zong.

Not long after she got into the car, Rong Yan began to feel sleepy. She yawned, cried, and felt weak all over.

Rong Nuo was worried as she watched from the side. Sister, did you not sleep well last night? You look so tired. Why don't we not go? ”

Rong Yan shook her head. I'm fine. I didn't sleep well last night, but I'm fine. I think it's also because I haven't gone out for a long time that I'm in such a bad mood. I should go out for some air and see the sun. Haven't you heard that the more motionless a person is, the lazier he will be? ”

Tang Zong nodded in agreement. That's right. That's right. We should have come out and taken a walk long ago.

Rong Nuo glanced at him. Alright then. Sister, you sleep for a while. I'll wake you up when we reach the place.

“Okay, that's great.”

Rong Yan did not regard herself as an outsider and leaned on Rong Nuo, falling asleep in a short while.

Rong Nuo looked at the shadows under Rong Yan's eyes and was very worried. If she continued to sleep so badly, Rong Yan would definitely fall sick before Liancheng Yazhi returned!

Chapter 1368-cruel woman

The place Rong Yan brought Rong Nuo to was the place where Meowmeowmeowmeowmeow had been kidnapped. The shopping mall had been acquired by Liancheng Group and was now a property under Liancheng Yazhi's name.

The mall was huge and had all kinds of high-end products, including many foreign luxury brands.

Since Rong Yan was taking her sister shopping, of course, she had to go to her own shopping mall to spend. As the saying goes, don't let your own fertile water flow into others' fields!

When they arrived at the entrance of the shopping mall, Tang Zong got out of the car and smiled. “Sister, you're so calculative. You've brought us to your family's shopping mall.”

Rong Nuo got Rong Yan's father out of the car. Rong Yan raised her eyebrows and said, “What's wrong with my own? It doesn't matter where you buy it. ”

Rong Nuo was completely on Rong Yan's side and said, “that's right. it's the same no matter where we go. Yueyue, do you feel the heartache of spending money here?”

Tang Zong quickly denied. of course not. I'm paying you back today. I'm more than happy to do so.

In fact, Tang Zong wanted to pay for Rong nuo the most. This was his woman, and his woman was spending his money. He felt very comfortable in his heart.

However, she didn't dare to be so brazen now, so she paid for Rong Yan's bill as well. That way, Rong Yan wouldn't have any suspicions.

after rong yan brought the two of them into the shopping mall, they went directly to the high-end clothing area on the third floor. there were many exclusive stores of foreign luxury brands there. rong yan wanted to buy something for rong nuo, but she did not need to pay for it, so she naturally had to go there.

However, it was the first time that Tang Zong had witnessed how brutal a woman could be when buying things!

Tang Zong was a mobile ATM. Occasionally, Rong Yan would ask for his opinion and ask him to express his opinion. However, most of the time, she would not ask for it. After shopping in one store, the bags in Tang Zong's hands would increase. He swiped his card and carried his things. In less than an hour, his hands were filled with dozens of bags. These were all clothes, and she had not bought shoes or bags!

Tang Zong followed behind the two sisters, who were getting more and more energetic as they bought. He was so tired that he couldn't stop panting. He was a little regretful. If he had known that women were so brutal when buying things, perhaps Qianqian would not have volunteered to come over!

However, when he saw that Rong nuo had changed into a new person and was so happy, Tang Zong felt that today was worth it!

It didn't matter if he was tired or not. The most important thing was that their baby was happy!

Rong Yan pointed to the store in front of them and said to Rong nuo, this is the last shop. We'll go and buy bags after this!

Rong nuo happily hugged Rong Yan's arm. yes, that's great, Yingluo is so happy today. It's best to go shopping with sister.

Rong Yan waved her hand heroically and said,"let's go in for a walk."

The women who were shopping were basically like they had a shot of adrenaline and would become more and more energetic. Rong Yan was one of them now. Although she was so sleepy in the car before that she couldn't even stand, she was completely revived now.

Tang Zong was so tired that he was gasping for breath. He stood there and rested for a while as he watched the two sisters go in.

no, he still had to sell shoes and bags. he definitely couldn't carry them. as for these things, tang zong thought for a moment and decided to find the storage area to put them there first. when he left, he would take them out and put them in the car.

Hence, Tang Zong hurriedly took his things and went to the storage area. He felt that he would not need to spend much time. Anyway, the two sisters had been trying on the clothes for a long time.

Before they finished trying on the clothes and left, he would definitely be able to rush over to pay the bill!

Chapter 1369 Cold and Noble

Rong Yan basically did not buy much today. She was only picking out clothes for Rong nuo. In the past, she did not have to worry about her clothes. Liancheng Yazhi would buy all of them for her. Every month, as long as the new styles of the brands she liked were released, Liancheng Yazhi would have someone send them to her house.

Rong Yan had so many clothes that she needed to use her own house as a wardrobe.

Liancheng Yazhi had never wronged her in terms of food and clothing.

In his words, "the money I earn is for you to spend. If you don't spend money, then what's the point of me earning money?"

Rong Yan especially liked it when he said this sentence. Although he could also say other sweet words, this sentence was the simplest and made Rong Yan feel the most happy.

Every time she heard Liancheng Yazhi say that, Rong Yan was proud of having such a husband. When she went out and saw other women, she could not help but raise her tail to the sky because her husband was good! To be able to marry such a husband was what every woman wanted!

Rong Yan picked out a few more pieces for Rong nuo to try on.

Rong nuo tried one round and felt that all of them were not bad, so she chose three more pieces.

Rong nuo asked the shop assistant to pack up the clothes she had chosen. She took some time to look around the store for a while, and soon, she took out a dark green military-style caped coat and said excitedly to Rong Yan, "sister, try this on. I think it looks good on you. It suits you very well!

Rong Yan picked it up and looked at it. It didn't look bad.

Another shop assistant who had a good eye hurried over and explained enthusiastically, "miss, I wanted to recommend this windbreaker to you just now. I think it suits you very well. This one is an average size, and there is only one color and one piece. It's a single item, and it suits your elegant and Noble temperament.

Rong Yan nodded. that's good. I'll try it on. Yingluo, get me an inner piece.

okay, please wait a moment. What do you think of this dark gray, thick, and tight dress?"

Rong Yan looked at it and said, "yes, you can."

a few minutes later, rong yan came out. her entire aura changed instantly after she put on this dress. she had a cold, elegant, and royal style.

Rong nuo's eyes lit up, "wow, big sister, you're so beautiful, and you have such a strong aura."

Rong Yan looked at herself in the mirror and felt quite satisfied. "En, not bad, Yingluo."

It was just that the inner skirt inside the Kasaya seemed a little tight.

rong yan pinched her stomach. sigh, i've been too lazy recently and i'm in a bad mood. as a result, i've gained weight!

“Do you want me to wrap it up for you?” the sales lady asked.

Rong Yan nodded. yes, I’ll go in and take it off. You pack it for me.

Just as Rong Yan was about to go in, two more women came into the store. He didn’t look at their faces, but from the reflection in the mirror, he could see that they had good figures.

Suddenly, the woman on the left pulled the woman on the right and pointed at Rong Yan. “Look, Lailai, that woman looks a little like you. Oh, oh, oh, didn’t you choose the dress she was wearing yesterday and didn’t buy it? She looks really good in it. What a pity, you should have bought it yesterday. It’s so stylish.”

The woman named Lai Lai immediately looked at Rong Yan. When she saw Rong Yan’s face, her face turned pale instantly!

He really did look a little similar to Xuxu, especially when he smiled.

She remembered that her man had said, “that’s right, it’s this face of yours.”

That’s right, it’s your face. These words were getting louder and louder in her ears.

Chapter 1370 Young lady, you’re quite sick

This woman called Lailai was the small star that su Yue had found, who looked a little like Rong Yan!

ever since she and su ‘er had met tang zong, su’ er had never looked for her again. after that, she went to look for su ‘er, but she could not find her. it took her a lot of effort to find out that su’ er had already left the capital and returned to s city!

after that, lilai’s mood had been very low. without su yue, her acting career was also very difficult!

it had been many days since she had received a script. even if she could get one, it would be a very small role, and there were many directors and producers who wanted to sleep with her.

She had been raised by Su Yu to be arrogant and looked down on small characters. She didn’t want to play by the unspoken rules, so she could only wait every day.

After being dispirited for so long and being dragged by a friend to buy clothes today, she didn’t expect to meet Rong Yan.

The moment she saw Rong Yan, her intuition told her that it must be this woman. She was the one who made Su Yu unable to forget her!

Lilai’s face was frighteningly pale. Her friend said, ” “What’s wrong with you?”

“It’s fine, Zhenzhen. Since you look so similar, you have to go and say hello.”

Her friend couldn’t stop her even if she wanted to. hey, that’s not good. She’s Wanwan.

She wanted to say, ” look at his temperament and clothes. One look and you can tell he’s rich. I shouldn’t look for trouble for myself.

However, Lailai didn’t stop. Her mind was filled with the thought that she had to see how this woman was better than her! What was so good about her that su Yue couldn’t forget about her?

In the blink of an eye, Lilai came in front of Rong Yan and blocked her way to the changing room. Hello, Yingluo.

“What’s the matter?” Rong Yan frowned.

She looked at the girl who had suddenly appeared in front of her with an unfriendly expression and was surprised. Why did her face look so familiar?

rong yan was a bystander, but rong nuo immediately saw through it. he quickly stood beside rong yan.”Oh, that’s interesting. Sister, can’t you tell? This woman has two parts of you in her. ”

Rong Yan was very surprised when she heard that. She looked at him carefully. He really did look a little like her.

Lailai raised her chin. She didn’t want to lose her momentum in front of Rong Yan, so she said arrogantly, ” it’s nothing. I just thought that you and I look similar. Since we met again today, I came to say hello.

Rong Yan and Rong nuo looked at each other. This woman didn’t look like an idiot, but why was she so stupid when she spoke?

She said that Rong Yan looked similar to her as soon as she opened her mouth, as if Rong Yan was deliberately imitating her. Running over to talk to her seemed to be a gift to Rong Yan.

Are you sure there’s nothing wrong with this brain?

rong yan smiled very gently. ” miss, you’d better hurry and get treated. you look like you’re quite sick. ”

” what do you mean? ”

When her friend heard it, she couldn’t help but cover her face. She couldn’t even tell that she was crazy. How could she stand in front of others with such an IQ?

Lilai’s friend pulled her aside and whispered, ” don’t mess around, Lailai. Let’s go. You’re a public figure now, so you can’t do this. If someone takes a picture of you and it’s spread online, you’ll be in trouble.

“I’m not leaving, don’t pull me.” Lailai bit her lip as she looked at Rong Yan. Even if she looked somewhat similar to Rong Yan, she still felt a strong sense of inferiority when she saw Rong Yan’s faint smile. This inferiority made her lose her mind!
