

Permit Me 1371

Chapter 1371 this girl is too funny

the more inferior a person was, the more they would bluff on the surface.

Lilai couldn't suppress Rong Yan in terms of aura, so she suddenly turned to the shop assistant and scolded, "Hey, what did I tell you guys yesterday? keep this dress for me. I said I would come to pick it up today. How could you sell it without keeping your word? I can file a complaint if you do this."

Lilai was also a small star. The shop assistant who had served her yesterday remembered her, so she stood up and said, "Miss, how can you say that? you did try on this dress last night, but you didn't say that you wanted to buy it. You said that although this dress was okay, you didn't like the color of the Kasaya and didn't have any intention of buying it. You're also a public figure, how can you be so unreasonable and slander people? we have cameras in our store, if you still want to deny it, we can check yesterday's video."

The sales assistants in this store were all trained. Their basic salary was not high. They were all paid according to their performance. Every sales assistant was extremely eloquent. If they were not good at talking, how could they improve their performance?

Therefore, her words left Lailai speechless!

Rong Yan frowned. When she heard that this crazy woman in front of her had tried on this dress yesterday, she was immediately unhappy. She only felt that this dress suddenly didn't look good no matter how she looked at it. She wanted it and immediately took it off, threw it on the ground, and stepped on it.

Rong Yan looked at Lai Lai coldly. In her heart, she had already labeled the other party as a lunatic!

Having her lie exposed by the shop assistant, Lailai didn't even blush. Instead, she acted like she was being generous and didn't want to argue with them. "Hmph, I can't be bothered with you guys!"

She turned to Rong Yan and said, "sister, you're probably about ten years older than me. This kind of clothes doesn't suit your age. You should wear black, gray, or something else. This kind of clothes is for young girls. How much does it cost? I'll pay double.

Rong nuo, who was listening at the side, burst out laughing. She really felt that this woman was too funny. This was her brother-in-law's shopping mall. If Rong Yan revealed her identity, the manager would not be able to pay for the things here. He would even be able to give her a few more pieces. This was the lady boss.

"Hey, I say, are you here today to perform a monkey show for my sister?" Rong nuo asked.

"what do you mean by that?"

Her friend tugged at her sleeve. stop fooling around. Hurry up and leave. There's no enmity between you and him. You just look a little similar! Is there a need to?"

She wasn't stupid. He was scolding her for being a monkey.

then, he looked at the sister who had been silent, but had a cold expression and a faint smile. looking at her aura, those who could afford to buy clothes in this store were not simple. although lailai was a small star, her family was ordinary. if she encountered a hard problem, she really couldn't win.

However, she could understand it, but Lailai couldn't. The calmer Rong Yan was and the more she ignored her, the more she felt inferior and the more stubborn she was. It seemed that as long as she snatched the dress, she would be able to suppress Rong Yan.

.....

Chapter 1372-a man with balls deserves a beating

Rong Yan didn't take the girl in front of her seriously. She asked coldly, "You want to buy this dress?"

Lailai took a step forward and said arrogantly, "of course, i want this piece of clothing!"

"What if I ask you to do it?" Rong Yan smiled contemptuously.

"not allowed? big sister, or should i call you auntie? do you think you look good in this dress? Leilai wanted to say that Rong Yan's face was full of wrinkles, but she realized that there were no wrinkles at all even with light makeup on, so she swallowed her words. However, she was not willing to give up, so she changed her words. Auntie, look at you, you're already so old. This dress really doesn't suit you. Those salespeople lied to you and said it looks good. They're all lying to you to improve their performance. Do you really think you'll look so beautiful in it? I'm doing this for your own good, in case you regret buying this dress when you get home. Besides, Wanwan, no man will look at you in this dress!

Lilai's friend was dumbfounded when she heard his harsh words. Not to mention whether what he said was the truth, her attitude alone made her want to give Lilai a big slap in the face. She was too shameless. It was just that she and this person looked somewhat similar, yet she had to say such vicious words. This person's mind was too sinister.

Rong Yan was not angry at all after hearing this. Instead, she laughed. Rong nuo, on the other hand, was so angry that she raised her foot and gave her a hard slap!

With a loud slap, Rong nuo's arm was numb, and Lailai's feet staggered and fell.

before she could cry, rong nuo pointed at her nose and scolded, "You'll die if you don't do it. If it wasn't for the fact that your face looks a little similar to my sister's, I would have torn your mouth apart right now. Who the hell are you to call my sister 'Auntie'? Who Do You Think You Are? you're not even fit to carry my sister's shoes! I'm not going to stoop to your level and you really think you're a superstar? you're just a small-time star who can't even be shown in public. How dare you provoke my sister? tomorrow, you won't be able to continue in this industry."

Rong nuo had just finished scolding and had not even caught her breath when Tang Zong's voice came from behind her, there's no need to wait until tomorrow. From today onwards, she won't be able to take on any third-rate films even if she wanted to!

Rong nuo turned around and saw Tang Zong walking over in a relaxed manner. He stood beside her and said to the beaten-up Lilai, Lai Lai, real name li Wenna. Congratulations, your acting career has come to an early end.

When Lilai saw Tang Zong, she was instantly dumbfounded. She had always remembered Tang Zong from the last time she met him. "It's you, Yingluo. You're Yingluo with them."

Lilai was very clear about su 'er's identity. That day, even su' er's attitude towards Tang Zong was so good. This was enough to prove that Tang Zong was a formidable character.

it was only now that lilai gradually came to her senses. she was finished. she had no hope in the future. she had offended this woman and tang zong. she could no longer be an actress.

Lilai's friend shook her arm. Lilai, are you stupid? why aren't you apologizing? I told you not to make a scene. Look at what's happened. Quickly apologize to her, Yingluo.

Half of Lilai's face was red and swollen, and her eyes were filled with tears. She was still conflicted about Rong Yan and didn't want to apologize. Hence, she turned to Tang Zong and said, trembling,"Yingluo, Yingluo, Yingluo, Yingluo, Yingluo."

Chapter 1373 don't bully a little girl like this

Rong Yan interrupted Lilai's apology. "No need, we can't accept your apology. Both of you, come back and don't bully the little girl like this. Otherwise, people will say that we have no manners!"

Rong nuo and Tang Zong immediately became very obedient and stood behind Rong Yan. One of them had a fierce look in his eyes, while the other had a disdainful look in his eyes. It was as if they were waiting for Rong Yan to say something. As long as she allowed them to hit her, they would definitely go up and tear off Lilai's face.

Rong Yan slowly took off the jacket she was wearing and casually threw it to a shop assistant. "I'll pay by card for this dress!"

the shop assistant was overjoyed. they only cared about the sales of the clothes. as for the disputes between the customers, they did not care. "Okay, this dress is a total of 125900 Yuan."

Tang Zong was especially tactful and automatically helped to pay for it!

very quickly, the shop assistant put the cloak on and walked over. she handed it to rong yan with both hands. "Miss, your clothes!"

Rong Yan didn't take it and said lightly, " "Get me a pair of scissors!"

The people around them were confused by these words, but the shop assistant quickly returned to the counter and found a pair of scissors. "Miss, don't worry. This dress is well made. There's definitely no thread at all."

Rong Yan ignored her and snatched the scissors from her hand. Then, she took out a pair of scissors from the bag and, in front of everyone, faced the cloak that she had just bought and clicked, "ka Cha ka Cha ka Cha!

There was a wave of sighing around them, and the few salespeople were so scared that their eyes widened and they covered their mouths, not daring to make a sound.

Their eyes were filled with the same words: Oh my God, that's more than 100000 Yuan. One cut was 10000 Yuan. He just cut it off like that.

The material of the clothes was very thick, and it took Rong Yan a long time to cut a few holes in the cloak.

After she was done, Rong Yan threw the scissors away.

Rong Yan raised the cloak in her hand and smiled gently at leilai."You want it? Since you've called me aunty a few times, I'll give it to you. No need to thank me!"

rong yan threw the cloak in her hand at leilai's face and covered her head!

Rong Yan turned around and looked at the two dumbfounded followers. She flicked her hair handsomely."Let's go and buy a bag."

Tang Zong and Rong nuo swallowed their saliva and quickly followed behind Rong Yan.

After they left, leilai wailed under her cloak.

She wasn't a pestering person, but when she saw Rong Yan, she couldn't help it. However, she, Yingluo, was really a failure. No matter what she did, she couldn't compare to her.

In the end, that woman didn't even know why she had to find trouble with her!

rong nuo carefully said to rong yan,"sister, your huahua is in a bad mood. let's stop shopping and go home.""

Rong Yan raised her eyebrows. yes, why not? I'm in a good mood now.

"As expected, when you're in a bad mood, you need to vent!" She sighed.

She had been in a terrible and heavy mood for the past few days, but when she turned around and heard the crying behind her, she felt a lot more relaxed!

Rong nuo and Tang Zong looked at each other. Both of them felt great pressure!

Two hours later, the two sisters brought along Tang Zong, who was so tired that he could barely walk, and finally got into the car to go home.

Through the rear mirror, Tang Zong saw that the women behind him were still happily discussing the next time they went out shopping to buy jewelry. He suddenly felt that his bitter days were still ahead!

But when Tang Zong's eyes fell on Rong nuo's smiling eyes, his tired face smiled again!

Chapter 1374-a certain female star

On the way back, Rong Yan looked at Rong nuo's smiling face and instantly felt gratified.

When that woman had come to pick a fight today, Rong nuo had gone up and slapped her. She had pointed at that woman and scolded her. At that time, Rong Yan had a feeling that she had a daughter who had just grown up, as if the daughter she had raised could finally stand in front of her and protect her.

To Rong nuo, she was happy not only because she had bought so many things today, but also because she felt: In the past, her sister had always protected her. In the future, she would be able to protect her sister too.

The little story that had happened during the shopping trip was just a small interlude for Rong Yan and the rest. They forgot about it after they returned home.

A few days later, when she occasionally glanced at the entertainment gossip, she saw an entertainment news article. A certain female artiste had slept with an Assistant Director, but after being slept with, the Assistant Director had refused to acknowledge it and denied the role he had promised to give to a certain female artiste. Therefore, the female artiste had exposed this news, which had implicated many celebrities in this matter. All the directors and assistant directors had fallen into this trap.

Rong Yan glanced at her and only heard that female star's name was Lai. She didn't even look at her face and changed the channel.

She was lazy and in a bad mood. After she calmed down, her mind was filled with Liancheng Yazhi. She missed him more and more. What should she do?

=====

On February 22nd, in the open sea of the Southern Hemisphere, there was a ship that seemed to be sailing Southeast.

on the fifth day of drifting on the sea, liancheng yazhi and the other four finally encountered this ship. after a lot of effort, they finally boarded the ship.

After they boarded the ship, they were immediately surrounded by a group of tall and burly foreigners. There were white, black, and Latin Americans among them. They were all strong and fierce, and it was obvious that they were carrying guns at their waists.

Liancheng Yazhi glanced at the simplicity. Their luck was really good, bad, and not good!

boarding this ship was equivalent to avoiding the danger of being swallowed by the wind and waves. however, this group of people were not good people. it was hard to say what kind of mayflies were being carried on this ship, but it looked like they were definitely not people doing legal business.

after a while, a bearded white man in a camouflage vest, black pants, and black military boots, who was smoking a cigar, swaggered over. he looked back and forth between the five people and finally stopped at liancheng yazhi. he asked in english, " "Who are you people? A mercenary?"

Liancheng Yazhi was very disgusted by the way this person looked at him. It made him want to stab his eyes with a knife and cut his throat.

However, this was not a good time to kill this person. He calmly replied to her in fluent English, " no, we were going to explore an Island, but when we got ashore, a strong wind blew the boat away at night. We had to cut down wood to make a raft and drifted on the sea for five days.

Oh, what a bunch of pitiful crickets. For the sake of God, I'll take you in. I'm the captain of this ship. You can call me wolfford.

Liancheng Yazhi casually came up with a foreign name. "My name is Elijah. Thank you for taking me in."

Wolfford waved his fan-sized hand and said, " " no need to thank me. you'll bring me a lot of joy. let's find a second-floor cabin and a room for them. "

Chapter 1375-danger

His 'you'll bring me a lot of joy' had a deeper meaning. His blue-gray eyes flashed with turbid glass, and there was no lack of lewd and disgusting smiles.

Liancheng Yazhi suppressed the bloodthirsty urge to kill and nodded at Wolfford, pretending not to see the wretched look in his eyes!

They turned around and followed BLET to the cabin!

As soon as they left, one of Wolfford's men asked, " "First of all, do you think that they could be Wuwu, who were specially sent by the enemy to find trouble?"

Worford shook his head in disdain. no, they've been drifting on the sea for at least four or five days. Besides, you see, they're all Asians. They're all thin and weak like women. They came up here to give our brothers some fun. Tell our brothers below to entertain them well and rest well for two days. We'll have a good time later.

"you're right, those people are all good-looking, especially the one you were talking to. she's like a woman, so beautiful, with such soft skin and tender flesh. But Yingluo, of course, everything will be yours first. When you're done, I hope you can reward us Yingluo."

Worford touched the beard on his chin and smiled lecherously. "Of course, I'll talk about it when I'm tired of it, Yingluo."

.....

When they reached the cabin, Wright said to them, " "the few of you will stay in this room. don't run around, and it's best if you don't leave the cabin,"

"Alright, thank you," Liancheng Yazhi said.

After he left, they immediately closed the cabin door.

The five of them didn't say anything and immediately checked around.

After going through all the places, he simply said, " "There's no monitor."

"no eavesdroppers!" mu weibai said.

"there's no hidden compartment," chen li said.

"This ship is not safe." Liancheng Yazhi frowned.

He waved his simple hand in front of his nose and then wrinkled his nose in disgust. "Not only is it not safe, but I'm afraid we've entered a thieves' lair! This cabin should have been used not long ago, there's still the smell of drugs in the air."

Mu weibai was surprised. damn! You can even smell that?!

the scar on the simple face moved and looked at the two small beds placed on both sides of the toilet. "it's best if you don't sleep on these beds."

The disgust on Liancheng Yazhi's face grew. He wouldn't even sit on it, let alone sleep. this bed is most likely used to transport drugs.

Mu weibai put down the Mountaineering Bag on his shoulder and looked at the narrow cabin. "This luck is a little too good."

cut the crap, " Jian Yi said. checking the equipment isn't necessarily a bad thing.

Liancheng Yazhi nodded. that's right. It might not be a bad thing.

after checking their equipment, they found that each of them had about 50 bullets left. of course, they couldn't bring any heavy weapons with them this time. they only brought handguns, small grenades, and some special potions.

Liancheng Yazhi quickly packed the equipment."That's enough." It was enough to take care of the people on this ship!

"How many people did you see surrounding us just now?" mu weibai asked.

He had always been the one who spoke very little in their team. Qian Feiyue said, " including the captain, there are a total of 16. However, I'm guessing that there should be at least two more ambush points. However, I only saw one.

Liancheng Yazhi shook his head. it can't be just the few people we saw. At least half of the ship is still inside.

Chapter 1376 Overflowing killing intent

Mu weibai took off his wet coat and threw it aside to dry. Then, he sat on the ground and said, " "Let's figure out the number of people first!"

Liancheng Yazhi found a corner and leaned against the wall without taking off his wet clothes. He closed his eyes. rest well for a few hours now. We'll check the situation at night.

The few of them no longer spoke and simply sat beside Liancheng Yazhi. that captain's gaze on you is not kind.

Liancheng Yazhi did not even open his eyes and said, " "Don't worry, I'll kill him!"

He didn't speak loudly and was very casual as if he was talking about slaughtering chickens and ducks. It seemed like a joke, but after being familiar with him, a proud person like Liancheng Yazhi would never tolerate being looked at like that. It was blasphemy to look at him, and he would definitely not let it go!

Jian Yi saw that he was so unmoved and couldn't help but tease, " no, what I mean is, why don't you go talk to him and see if you can figure out the exact number of people who are wearing it? "

Liancheng Yazhi opened his eyes, and the cold light in his eyes was like a sharp blade unsheathed. The cold light suddenly appeared, and the murderous intent was overflowing.

"I was just joking," Jian Jie chuckled.

“When do you think we should make our move?” he asked, changing the topic.

“Tonight!” Liancheng Yazhi said.

Mu weibai heard their conversation and asked, ” “Isn’t the time a little tight?”

Jian Jie agreed with Liancheng Yazhi’s words. ” no, tonight is the most suitable. after tonight, they will be even more on guard. besides, they probably think that we must be tired, hungry, and extremely tired after drifting on the sea for so many days. we must be sleeping like dead pigs tonight. so, they won’t think that we will take action tonight. it’s the most suitable time to take action tonight while those people have this idea. ”

after listening to the simple analysis, mu weibai nodded. ” ” you’re right. have a good rest and replenish your energy. ”

“does anyone have any more food in their bags?” he turned around and asked everyone.

Before they seized control of the ship, it was best not to eat the people and food sent by the foreigners. Who knew what they would add in.

Jian Jie kicked his bag out. I have some grilled meat here, but it’s probably rancid. Make do with it and eat some to replenish your strength.

now was not the time to be picky. when there was no fire, they had to eat raw meat.

Everyone was sharing the food, but Liancheng Yazhi did not move. He simply asked him, ” “Why don’t you order some?”

“No need.” He shook his head.

The most important thing for him now was to rest and sleep. As for food, after Yingying finished off these people tonight, he could eat as much as he wanted tomorrow.

Although Liancheng Yazhi was very tired, it was not easy to fall asleep in such a dangerous situation. He finally had time to think about Rong Yan. He had been floating on the sea for the past few days and had to worry about being buried in the sea at any time, so the time he spent thinking about Rong Yan had decreased.

Now, he finally didn’t have to worry about capsizing. Liancheng Yazhi finally had time to think about his wife and child.

It was February 22nd, and he had been away from home for nearly twenty days. Liancheng Yazhi slowly let out a breath. It would be a month in a few days. He wondered how things were at home. How were Rong Yan and MeowMeow doing recently? did they not eat well when he was not at home?

The longer she was out, the better she felt at home!

Chapter 1377 They are all dead

Liancheng Yazhi didn’t care much about the company. he was just a little worried that someone would take this opportunity to force Rong Yan to take out his personal seal and hand over the shares.

However, with Tang Zong around, Rong Yan’s life would not be too difficult!

Sigh. Liancheng Yazhi sighed. He was still worried about others. He had to protect his wife and daughter. He really could not trust anyone else other than himself.

Jian Jie heard Liancheng Yazhi's sigh and knew that he was thinking of Rong Yan again. He asked curiously, "Are you missing your wife and daughter again? If you miss them so much, why didn't you take a photo of them when you came out?"

"You can't take it!" Liancheng Yazhi replied with three words.

If he had the photos of Rong Yan and

Just think about it in your heart when you miss them. Holding onto the photos will only put them in unnecessary danger!

After an hour, Chen Li, who was lying on the hard ground, suddenly sat up. "Someone's coming!"

Without saying much, the few of them quickly took off their shoes and sat on the beds that they had always despised. They leaned against the wall and pretended to close their eyes to rest.

Not long after, without even knocking, the cabin door was suddenly pushed open. A man with skin darker than coal stood at the door. He scanned the people in the room and found nothing unusual. He whistled, "hey, little pitiable ones, our boss pitied you and asked me to send you some bread and water.

He simply stood up, walked over, and took the bread and water from the other person's hands, "thank you, yingluo."

When the simplified version was about to pull back, the black man actually touched the simplified version's hand and even laughed at him in a perverted manner!

Many people in foreign countries were gay, especially these crew members who often ran goods on the ship. In addition, they were all involved in criminal activities and often did not see women. Naturally, they could only play with men.

At that moment, Jian Jie's expression did not change much. However, when he turned around, his face instantly turned cold like an Asura. The killing intent in his eyes was uncontrollable. If not for his good self-control, the Black Ghost would have been dead by now.

The cabin door closed, and Liancheng Yazhi smiled at Jian Yi. "What's there to be angry about?"

He simply threw bread and bottled water in a plastic bag on the bed. "That's right, it's not worth it,"

In their eyes, everyone on the ship was dead except for them!

"Check if these things are edible," Jian said to Mu Weibai.

Mu Weibai picked up the bread, looked at it, and then threw it back. "Don't eat the bread. I'll check the water!"

Mu Weibai took out a small box made of special materials from his backpack and opened it. There was only a syringe inside. He unscrewed the cap of the water bottle, picked up the syringe, and carefully dropped a small drop into the water.

After five minutes, the water in the bottle started to turn blue. The light blue water looked pretty.

"If there's no problem with the water, you can drink it." Mu Weibai nodded.

Jian Jie frowned. the water has turned blue. Can it still be drunk? ”

Mu weibai rolled his eyes at him. you can only drink it if it turns blue. If there are no other additives in the water, it will turn blue if it's slightly alkaline, and pink if it's slightly sour. On the contrary, if there's a problem with the water, the color will not change.

Chapter 1378 Baby, I'm here!

“go ahead. if you guys don't want to drink, i'll have a sip first.” Mu weibai raised his neck and gulped down the water. After being trapped on the island for more than ten days and drifting on the surface for four or five days, it had been a long time since he had drunk clean water. Fortunately, they were all in good physical condition. If it were others, they would have fallen sick long ago.

Now that he could finally drink it, it was simply like drinking bejeweled nectar.

Mu weibai tested the other bottles of water, and after confirming that there was no problem, he gave one to each of them.

To them, this bottle of water was enough.

it was enough for them to kill all the people on the ship at night!

After that, someone would come to patrol almost every hour or half an hour. Sometimes it was one person, sometimes two or three.

Every time they came to look at Liancheng Yazhi and the others, it was as if they were looking at a piece of meat. Their eyes were lecherous and obscene, making people want to dig out their eyes and roll them.

However, Liancheng Yazhi and the others were very calm, and no one acted rashly. This made those people gradually relax their vigilance.

Finally, it was night time. During dinner time, the people on the boat sent food and water again.

This time, they only drank water and did not eat anything.

Time passed slowly, and the time for them to take action was gradually shortening.

At one o'clock in the middle of the night, the people on the ship had already fallen into their dreams. Qian Feiyue and Chen Li volunteered to go out and Scout first.

Both of them were professional Scouts. One was in charge of sniping, and the other was in charge of observation. They were definitely the most professional and the most powerful among the few of them in terms of reconnaissance.

Mu weibai agreed to their request, ” “Alright, you guys go first. Remember, if you're discovered, you must first protect your lives. If you're discovered, try to end the battle silently.”

we'll wait for you here for an hour, ” Liancheng Yazhi added. if you don't come back by two in the morning, we'll start moving.

“understood!” the two of them replied in a low voice.

Mu weibai patted their shoulders and said, "go on, be careful to avoid the surveillance cameras, Yingluo."

after the two of them went out, Liancheng yazhi and the others were no longer sleepy. they tidied up their equipment, filled their magazines with bullets, and placed their guns and military daggers in the fastest possible places on their bodies!

Time passed by.

it was almost two o'clock, but chen li and qian feiyue had not returned yet. the three of them were very anxious.

At two o'clock, Liancheng Yazhi stood up. "It's almost time, let's go!"

wait! she pulled him back. there are footsteps coming this way!

"Could it be the two of them?" mu weibai asked.

Jian Jie shook his head. it's definitely not Yingluo. It's a person. His footsteps are messy and his footsteps are loud. It's like Yingluo was drunk and saved him. It's definitely not them.

If it was not Chen Li's team, then it must be the people on the ship. The three of them immediately entered battle mode. get ready.

as the footsteps got closer and closer, they soon reached their cabin door. then, they heard a man shouting in english, " Little darling, I'm here, I'm coming

In the cabin, the three people's faces instantly darkened!

Liancheng Yazhi quickly moved to the left side of the cabin. Then, with a Swoosh, the door of the cabin was pulled open, and a Black Ghost appeared at the door. He was the guy who touched Jian Yi's hand during the day. He was drunk and staggered in, smiling lecherously at the door.

Chapter 1379-surrounded by enemies

simply standing on the spot without moving, his eyes were extremely calm. mu weibai was standing about a step to his left, but he also didn't move, his eyes still carrying a faint smile.

The Black Ghost's eyes were red from drinking. He staggered closer to the bed, reached out his hand, and shouted, " "Oh, Yingluo, my little baby Yingluo."

When Jian Jie heard this, not only did she not get angry, but she also said to him in a friendly manner, " "Bye-bye, Yingluo."

in the next second, just as the black man's hand was about to touch the simple clothes, two hands suddenly reached out from behind him. one hand covered his mouth, and the other held a military knife that glowed with a cold light.

In the blink of an eye, the military knife slashed across the Black Ghost's neck.

Blood spurted out in an instant. The blood that splattered in all directions was like a fountain. Jian Yi, who was standing in front of him, quickly moved to the side to prevent the Black Ghost's blood from splashing on him.

The Black Ghost was killed in one strike, but he did not even make a sound. His expression did not change, and his eyes were still normal.

this scene happened very quickly. his moves were steady, accurate, and ruthless. it didn't even take a second. killing a person was easier than chopping wood.

After making sure that the Black Ghost was completely dead, Liancheng Yazhi pushed him towards mu weibai.

Mu weibai hurriedly caught it. With such a big body, if it fell to the ground, it would cause a big commotion.

Mu weibai gently put the Black Ghost down and then pushed his body under the bed.

Mu weibai asked the two, "what do we do now?" Should we set off?"

"Give me a moment." Liancheng Yazhi's expression was very bad. He looked around and finally pulled out the mattress on the bed and wiped the blood off the military saber.

Then, he took out the remaining half bottle of water and passed it to Jian Jie. He stretched out his hands and said, "Daoist monk"

Jian Jie was stunned for a moment before she chuckled. She opened the lid and slowly poured the water on Liancheng Yazhi's hand. "then tell me, you're sleeping on the super-humid island, drinking dirty water, and eating poorly. you don't even think it's dirty, so why are you starting to dislike it?"

Liancheng Yazhi rubbed his hands hard. "Is that the same? What the hell was this? who the f * ck knew if he had a dirty disease? It's better to touch a pig than to touch this kind of person!"

Jian Jie nodded, "that's also true."

After washing his hands, Liancheng Yazhi wiped his body and did not grab the sheets. Although his clothes had not been washed for many days, he felt that they were cleaner than the snow-white sheets.

After checking their equipment and matching the time, the three of them prepared to leave.

Before he left, mu weibai asked a question, "what if more people come after we leave?"

Liancheng Yazhi opened the cabin door and was the first to go out. "they'll find out sooner or later. let's go."

However, they had only taken ten steps when they heard footsteps in front of them.

Mu weibai pulled back Liancheng Yazhi and the other man, who were planning to go back. it's Chen Li and the others. The footsteps of our people are different from those of the foreigners.

As expected, very quickly, Chen Li and Qian Feiyue appeared in their line of sight!

I've investigated everything, " Chen Li said to them in a low voice. I've also found a map of this ship. Let's go back first.

When they returned to the cabin, Qian Feiyue was in charge of security. Chen Li took out the map and said to Liancheng Yazhi and the other two, " we're here, surrounded by their people. We're in the center of their encirclement.

Chapter 1380 The hunting game begins

there are two floors in the cabin. Although we are on the second floor, there are people everywhere. The captain lives in the largest room on the first floor. This is the dining room, and this is the deck. These red dots are the locations of machine guns and sniper rifles.

Liancheng Yazhi pointed to a square with a shadow on it and asked, ” “what about this place?”

“Cargo hold, but I don’t know what kind of goods it is,” Chen Li replied.

“have you found out how many people there are in total?” he asked simply.

Qian Feiyue said, ” we haven’t found out the details, but the number of people is fixed between 50 to 65. Each of them has a gun. There are also mortars, rocket launchers, and other small heavy weapons on the ship. We don’t know about grenades.

Jian Jie glanced at his watch. it’s 2:30 am now. We should try to end the battle before dawn. We must install a silencer on our guns. When facing a small number of enemies, try to use a military knife to finish them off and save bullets. When we encounter more than three enemies or cold weapons can’t finish the battle quickly, use the gun. Also, remember to kill Qianqian. Don’t leave them with even half a breath.

In terms of actual combat, even mu weibai couldn’t be compared to Jian Yi. He was a mercenary, and after entering the battle, he was like a gun! It’s an ice-cold military knife, don’t talk to him about human nature!

The strategy of not leaving any survivors was to ensure their safety as much as possible. If the enemy was left with one breath and they were to sound the alarm, it would be equivalent to taking their lives.

In the face of an enemy, it was either you die or I live. Mercy was something reserved for the god of death.

The few of them nodded in agreement. Even if they were to protect, they would protect the people of their own country. As for these criminals, they could go to hell!

“I understand. Do we move together or separately?” mu weibai asked.

Jian Jie had already considered this problem. let’s split up. The five of us are too big a target. It’s better for us to split up. We’ll form a team and gather here again after we’ve dealt with all the enemies!

Liancheng Yazhi took out his pistol and slowly equipped it with a silencer. alright, everyone. Our hunting game has begun. Time limit is up until the sun rises!

“I wish everyone a good time!” He simply curled the corners of his lips.

Liancheng Yazhi was so relaxed, as if they were really playing a hunting game and not wandering between life and death. They were so relaxed that mu weibai and the other two, who were a little nervous, suddenly felt that this fierce battle was not so scary!

Just treat those criminals like chickens and ducks raised in a fence and slaughter them!

the five-man team got ready and went out, avoiding the surveillance cameras.

their room was in the innermost part of the second floor. after exiting the door, there was a dead end on the left. if they exited from the right side, they would reach the rooms of the other crew members not long after walking forward.

At this moment, they were all asleep.

Thus, the five of them were assigned rooms. Each of them took a room, pushed open the door, and entered. With the shining military knife, they successfully slit the throat of the person inside while he was sleeping!

On average, the five of them took less than a minute to finish the silent battle.

After coming out from the second floor, they officially split up. The five of them were like five sharp blades, each aiming at the enemy's vital parts, killing all the way!
