

Permit Me 1401

Chapter 1401 Crush them to death every second

“Did you let the doctor take a look?” recently, while secretary zhou was worried about the company, he was also quite worried about rong yan. this was because she had been in a worse state every time he saw rong yan. this time, she was a little better than the last time, but her face was still pale.

Before young master ya left, he had instructed that nothing must happen to the young Madam and the eldest miss. But now that the young Madam was in such a state, how was he going to explain it to young master ya?

As for the company, he was about to let young master ya down, but nothing could happen to young Madam.

Rong Yan touched her lower abdomen and looked up at Secretary Zhou. She smiled and said, “Actually, Yingluo is fine. She’s just pregnant.”

Secretary Zhou stood up and accidentally knocked over a glass of water. She didn’t even feel the hot water splashing on her pants and looked at Rong Yan in surprise. “What? You’re pregnant with Xuxu?”

Rong Yan nodded with a smile. yes, it’s been more than two months. I didn’t tell you before because I didn’t want to cause more trouble. The child is still too young and is still at the stage of pregnancy. Yazhi is not at home, so I didn’t dare to make a big deal out of it. Besides, this child is much more mischievous than MeowMeow. He’s picky and troublesome. He’s not even born yet, but he’s already torturing me.

Rong Yan decided to tell Secretary Zhou about this to give him some hope and motivation.

secretary zhou was so busy that he could barely breathe.

At this time, he needed the motivation to keep going.

The unborn baby in Rong Yan’s stomach was Secretary Zhou’s motivation.

With Rong Yan’s words, Secretary Zhou’s eyes brightened up, and he looked like a new person. The fatigue he had just now was gone, and he was instantly in good spirits. He rubbed his hands excitedly.”That’s great, that’s great! If master ya knows about this, he’ll be so happy. Thank you for your hard work, young Madam. If there’s anything you need, just let me know. I’ll get it done right away.”

Secretary Zhou was overjoyed. Young master ya was having a second child, and there was a 50% chance that it was a boy. Even if he couldn’t handle the company being snatched away, when young master ya came back and saw young Madam, he would know that he was going to be a father again. He would definitely not pursue the matter at his company.

moreover, as long as young master ya came back, the company and the shareholders would be crushed to death in seconds!

Rong Yan shook her head. I'm fine. I have Rong nuo, Mr. Gu, and Tang Zong at home. They've already settled everything for me. You're already very busy in the company. You don't have to worry about other things. Have a good rest when you have time.

Secretary Zhou quickly said, "I'm fine. I'm fine. The company's matters can't be compared to you."

He silently shouted in his heart, for the young Madam, for the young miss, and for the unborn young master, I will definitely do my best to hold on. Even if I die, I will hold on, Yingluo.

Coming to the Liancheng family's house today to learn of such news was like giving Secretary Zhou, who was about to sink into the water, a life-saving rope.

Rong Yan asked Secretary Zhou, "Secretary Zhou, you're here today for something, right? if you have something to say, just say it. See if I can help Yingluo."

The smile on Secretary Zhou's face faded. He hesitated for a moment before saying, young Madam, you're pregnant and shouldn't be worried about this, but this matter is too big and I can't handle it alone. Young master ya isn't home, so I can only tell you, Hanhan.

Hearing Secretary Zhou say this, Rong Yan's heart tightened. It seemed that something big had really happened to Yingluo!

Chapter 1402-giving everything

"Go ahead." Rong Yan put down the cup.

Secretary Zhou stood up and said very seriously, "it's like this. From what I know, the shareholders of the Company, Qingqing, have joined forces with a few other big consortiums in the capital. There might be a big move this week. Our shares have fallen quite a bit recently. Someone is secretly manipulating this matter and wants to buy our shares without restraint. Moreover, some shareholders have already begun to want to sell their shares to a few of our rival companies. Those companies are probably trying to take advantage of this opportunity to Annex Qingqing!"

Rong Yan's pale face was instantly filled with killing intent. She sneered. they have a big appetite, but we'll have to see if they can swallow it.

the liancheng group was a behemoth. anyone who wanted to annex the liancheng group with the power of one or two consortiums would be digging their own graves.

Just like a Jackal, it would never be able to swallow an elephant.

"Do you have any thoughts?" Rong Yan asked Secretary Zhou.

Secretary Zhou said, "although it's impossible for them to swallow our company whole, they can still cause some damage. Moreover, I don't think it's important for these people now. It's more important to stabilize the internal structure of the company and the ordinary employees. As for those shareholders who want to sell their shares, our company's shares must not fall into the hands of others. I'm currently contacting those shareholders and hope that they won't be stubborn."

Rong Yan's bloodless lips revealed a cruel smile. some people won't give up even if they're driven into a corner. If they want to sell it, we'll just buy it. There's no need to be too polite to those people.

Rong Yan didn't say how impolite she was, but Secretary Zhou understood very well. She would take action when it was time to do so. Such shareholders who wanted to sell their shares at a critical moment in the company could not be kept.

Rong Yan couldn't provide Secretary Zhou with too many ideas and help. No matter how smart she was, she didn't know how to run a business, let alone how to manage a large company.

the only thing rong yan could do for secretary zhou was to increase his motivation.

After Secretary Zhou left, Rong Yan sat in the living room and thought about it for a long time. There might be a big commotion in the company this week. Rong Yan was very worried about this. If it was not handled well, once Secretary Zhou's power was taken away, the group would be in trouble. By the time Liancheng Yazhi returned, half of the company might have already been divided.

The Liancheng Group was the painstaking effort of many generations of the Liancheng family. It had lasted for many years and could not be lost in the hands of Liancheng Yazhi.

Moreover, once Liancheng Yazhi was no longer the head of the Liancheng family, they would be in more danger in the future.

Rong Yan bit her finger. She had to find a way to help her husband keep the company.

She didn't know when, but Gu Hesheng sat beside her and said to her, "girl, if there's anything you need, just tell me. i'll help you solve it. although i'm old, i still have some spare money."

although I've never run a business my entire life, I've dealt with many businessmen. If they want to sell their shares, then we'll just buy them.

Gu Hesheng's words sounded very ordinary, very simple, and not emotional at all. It made Rong Yan's heart ache inexplicably and her eyes wanted to cry.

The feeling that Gu Hesheng gave her at this moment was completely like a real father who was by her side. When his daughter needed him the most, he would do everything to help her without asking for anything in return, as long as his daughter could get through the difficulties.

Rong Yan's throat was blocked and she felt uncomfortable. She wanted to say something, but she couldn't make a sound.

Chapter 1403 How nice it would be if you were my biological father

After a while, Rong Yan calmed down and said in a hoarse voice, "if only you were my biological father, Yingluo. That way, I would be able to enjoy your love without any qualms.

A warm smile appeared on Gu Hesheng's face, "silly child, you can do it now too. i'm not just giving and not taking. what you've brought me is happiness. this is something that money can't buy."
"

=====

Secretary Zhou left Liancheng's house and returned to the company full of confidence. He knew that Rong Yan's pregnancy was very important, so he didn't tell anyone. It was good enough that he knew.

He had returned to the company's Secretary Zhou. He had completely changed from the suffocating state he had been in the past few days. He had been resurrected and rearranged the overall planning work. His attitude was tougher than before when he faced all kinds of difficulties from the company's shareholders and higher-ups.

secretary zhou's tough attitude and tactics made the company's situation improve in a short period of time. however, secretary zhou was alone and had little power. this good situation only lasted for six days. on the first day of work on monday of the second week, there was a sudden major change.

At eight o'clock in the morning, Secretary Zhou arrived at the company on time. As soon as he arrived, his Assistant Secretary, Xiao Zheng, ran over anxiously. "Secretary Zhou, Secretary Zhou, bad news. Our company's stock has been falling since 7 this morning. It has been falling for an hour and is still falling. If we don't stop it now, it will fall below the lowest point in our company's history by the closing of today."

Secretary Zhou's expression changed drastically. He had thought that the measures he had taken last week would stabilize the company's internal structure. This way, even if the stock price would not rise rapidly, it would at least not fall again. However, he heard this news on Monday. It was really beyond his expectations.

Secretary Zhou quickly snatched the tablet from Xiao Zheng's hand. As expected, he saw what he did not want to see the most.

Secretary Zhou's grip on the tablet was very strong, as if he was going to crush it. He gritted his teeth and said, "what's the reason? there must be a reason for the fall of the company's stock. There must be some news about Wanwan today."

Soon, another assistant in the secretary's office shouted, "Secretary Zhou, I found the news. There was a sudden piece of news on the internet at 6 am this morning. According to a reliable insider, three of our company's shareholders have already sold their shares to others. The total shares of these three people are about 11%."

secretary zhou's eyes instantly turned red, and his facial features looked particularly ferocious and terrifying because of his anger.

It was precisely because of this news, as well as people adding fuel to the fire, that the president of the Liancheng Group had died, that several large consortiums began to secretly acquire the Liancheng family group and even said that the Liancheng Group would go bankrupt soon. This caused a great panic among the shareholders, causing many of them to sell the shares they had bought at a low price, causing the company's stock price to fall.

Secretary Zhou gritted his teeth. no wonder they've been so quiet for the past few days. It turns out that they've been planning this all along!

So what if he said that he had 11% of the shares? did he really think that he could shake up the company with that little bit of shares?

Secretary Zhou did not leave any words and walked into Liancheng Yazhi's office with a cold face. Then, he made a phone call. Yue ye, find out who these three shareholders are. We can't let them live until tonight.

Chapter 1404 Don't regret it!

Yue ye was somewhat hesitant. After all, they were three shareholders, and not ordinary people, “Killing them is a small matter, but young master ya is not here now. What if young master ya blames us for killing them in the future?”

secretary zhou sneered. “although young master ya is not here, there is still young madam. young madam’s orders are young master ya’s orders!”

“Okay, I understand. I will do it.”

after saying this, yue ye hung up the phone.

Secretary Zhou put away his phone, opened the door, and went out.

However, when he went out, he found that it was quiet outside.

The few people in the secretary’s office all had very bad expressions and looked at Secretary Zhou for help.

In front of them stood a few shareholders. They were all the shareholders who held the most shares of the Liancheng Group, excluding Liancheng Yazhi.

Secretary Zhou, we’re going to have a General Shareholders ‘Meeting at nine O’ clock in the company’s largest conference hall. Since young master ya is not here, you’ll be the one to attend it.

“anyway, you’re the acting president who replaced young master ya and drove for more than 40 days,” the other man in the suit said sarcastically.

Secretary Zhou didn’t say anything and just looked at them coldly. They were going to hold another shareholders ‘meeting. It seemed like Wanwan was going to make a big move.

The topic of this shareholders ‘meeting was probably the same as the previous meeting held by old master Liancheng. They both wanted to abolish Liancheng Yazhi’s President position.

However, Secretary Zhou would not let them have their way.

If it was really the last resort, then he would not let these people leave the conference room today. As long as they were all dead, it would no longer matter whether this meeting was held or not.

when those people saw that secretary zhou’s eyes were cold and that he was exuding a murderous aura similar to liancheng yazhi’s, they were a little terrified.

“Why? Secretary Zhou, are you not willing? or are you addicted to being the acting president?” someone asked. Don’t you want to step down from this position?”

Secretary Zhou smiled. a meeting? sure, Wanwan. I hope you don’t regret it.

What these shareholders were doing today was equivalent to the ancient rebels taking advantage of the emperor’s absence to violently force the young Empress and young princess to abdicate! He wanted to go and replace him!

however, secretary zhou, the president’s special secretary, would definitely not let this happen!

“Then, Secretary Zhou, please come to the meeting room at nine O ‘clock sharp in half an hour.”

After saying this, the group of shareholders left in a swagger.

as soon as he left, all the employees in the secretary's office burst into an uproar. they were all secretary Zhou's men, which meant that they were Liancheng Yazhi's men.

"What about Secretary Zhou?" Xiao Zheng asked anxiously. These shareholders are really trying to force us to abdicate. If they want to rebel, what are we going to do?"

Secretary Zhou slowly unbuttoned his suit and said to everyone, "Do what you have to do. Don't panic. If you don't finish today's work, your bonus will be deducted at the end of the month."

When everyone saw that Secretary Zhou was not flustered at all, they felt a little more at ease. They saw Liancheng Yazhi and Secretary Zhou all day long, and in their opinion, these two could always complete things that ordinary people like them could not.

Secretary Zhou thought for a moment. He still had to inform Rong Yan about this matter. If he really wanted to get rid of all the shareholders in the end, he would have to get Rong Yan's consent.

Secretary Zhou returned to Liancheng Yazhi's office and called Rong Yan.

At this time, Rong Yan was still in bed. When she received the call, she was still sleepy. "Hello, Secretary Zhou. What's the matter?"

.....

Chapter 1405 Baby, mommy is going to war

Secretary Zhou knew that she had disturbed Rong Yan's rest and apologized to her first. I'm sorry for disturbing your rest, young Madam. There's a situation with the company. The company's stock has been falling since 7 o'clock today and it hasn't stopped yet. Also, a few shareholders of the Company came to me just now. They want to hold a General Shareholders' Meeting at 9 o'clock in half an hour. Their purpose is the same as the old master's last time-to seize power.

rong yan's sleepiness instantly disappeared. she sat up in bed. this sudden news made her dry heave every morning.

Rong Yan said calmly, "okay, I understand. Just do as you wish. Yazhi and I believe you.

Rong Yan's words were equivalent to giving Secretary Zhou an imperial edict that had nothing written on it. He could fill in whatever he wanted on it, giving him absolute trust and freedom to do whatever he wanted.

"Thank you for your trust in young Madam. I won't let you and young master ya down," Secretary Zhou said.

After ending the call with Secretary Zhou, Rong Yan sat in bed for a while before getting up.

She went into the bathroom to wash up and looked at the woman in the mirror. Her face was pale and she gave off a particularly fragile feeling. Rong Yan frowned. She had never been like this before. Now that Liancheng Yazhi was not at home, she had to support this family and give everyone in the Liancheng family a sense of security.

rong yan took a deep breath and sat in front of the makeup mirror.

Apart from some basic skin care products, Rong Yan rarely put on makeup after she had meowmeowmeowmeow. After knowing that she was pregnant, she was even more cautious about cosmetics. Every day, she only used rose water to Pat her face and nothing else.

Rong Yan took out the Maternity Makeup that Rong nuo had specially bought for her and opened it. Then, she carefully applied it on her face and put on a very light makeup. She added more color to her eyebrows and put on eyeliner. Even though it was light makeup, it made her look a lot more energetic!

The dark red long woolen coat with a circle of fox fur on the collar made Rong Yan look graceful and rich, like a lady from a rich family.

After putting on her clothes, Rong Yan opened the shoe cabinet. Her eyes jumped over pairs of high heels and finally picked a pair of camel-colored flat-bottomed high boots. She would not risk her child.

After she was done packing, Rong Yan went downstairs.

Butler li was stunned when he saw Rong Yan's new appearance. "Young Madam, are you going out?"

"Go knock on Rong nuo and Tang Zong's door and ask them to get up." Rong Yan nodded.

"it's yingluo." butler li saw that rong yan's expression was calm and didn't know what she wanted to do, but he still hurried upstairs to call someone.

Rong Yan said to the maid,"bring the breakfast up!"

The maid served Rong Yan's breakfast.

Rong Yan looked at the food in front of her and resisted the urge to vomit. She lowered her head and said softly to the child in her stomach, " baby, mommy is going to war in a while. I have to eat my fill, or I won't have any strength. You have to be good.

she didn't know if it was a psychological effect, but after saying this, rong yan felt that the feeling of disgust seemed to have lightened a lot.

Gu Hesheng came in from his morning exercise,"you woke up so early today. Did you not sleep well last night?" Eh, are you going out?"

Rong Yan nodded with a smile. I had a good sleep last night. I have something to do later, so I have to go out. Have you had breakfast? "

"I haven't eaten yet," Gu Hesheng sat opposite Rong Yan, and the maid quickly served his breakfast.

Gu Hesheng said to Rong Yan, " little girl, wait for me after dinner. I have something for you.

Chapter 1406 Couple outfit?

Rong Yan did not know what Gu Hesheng wanted to give her, but whatever he gave her was always good. Rong Yan nodded. "Good Yingluo."

soon, rong nuo and tang zong came down one after another. both of them looked like they had just woken up and were still wearing pajamas.

“sister, what are you looking for us for?” rong nuo asked.

rong yan was eating seriously. to her, eating now was like torture, but she was still trying hard to endure it. she didn't look up and said, ” “You two go and pack up first, then come down for dinner. I'll take you out later.”

Rong nuo and Tang Zong looked at each other. They had just woken up early in the morning and their minds were still not clear.

Rong Yan saw that they were not moving and said, ” “hurry up, we don't have much time.”

rong nuo woke up with a quiver. it was only then that she realized that rong yan had already put on her clothes for the trip and had even put on some makeup. although it was light makeup, the focus was on her beauty and her eyes. she looked very energetic, and her gentle eyebrows even had a hint of fierceness. she was a completely different person from yesterday.

rong nuo did not know why, but looking at such a face, she felt a little timid. she quickly said,”Oh, I'll go now, I'll go for a walk now.”

Rong nuo turned around and kicked Tang Zong, telling him to go back and change his clothes.

When they reached the second floor, no one saw them. Tang Zong asked Rong nuo in a low voice,”What's going on? why do I feel like the atmosphere isn't right?”

Rong nuo looked behind to make sure there was no one, then said, how would I know if you're asking me? go and change your clothes. Look at how pretty my sister is today. I think it's something big. You should also pack up.

“Oh, alright, I'll be off then, Yueyue.” Tang Zong nodded obediently.

Ten minutes ago, the two of them were still lying in the same bed. When Butler li knocked on the door, it woke them up. Rong nuo quickly stuffed Tang Zong into the bathroom, opened the door and said a few words to Butler li. After Butler li left, she quickly kicked Tang Zong away. That was how they were not discovered!

Tang Zong and Rong nuo packed up very quickly. Rong nuo saw that Rong Yan was dressed especially high today, looking very cool and stylish. She felt that she should cooperate with her and also wore a woolen coat of a similar style to Rong Yan's. However, it was a black mid-length one, and the length was just above her knees. The Golden buttons brought a touch of light to the dull black clothes, making it look very British.

Rong nuo had also put on light makeup, which added a bit of color to her originally delicate and lovely face.

rong nu put on his clothes and went out. he bumped into tang zong who was coming down from the third floor.

the two of them wore black at the same time, as if they were a couple.

Tang Zong's eyes lit up when he saw Rong nuo. If it were not for Rong Yan, he would have already pounced on her.

On the other hand, Rong nuo frowned when she saw Tang Zong, and then glared at him as she went downstairs.

After Rong nuo went downstairs, she ran to Rong Yan."Sister, I'm done."

She was like a child, waiting for her parents 'praise with joy.

After Rong nuo came to the Lian family, her personality became more and more lively. Even she didn't expect that she would be so happy after letting go of her heart.

Rong Yan was drinking the wild chrysanthemum lemon tea that Butler li had made for her. Ever since she got this tea, she had to drink a lot every day and ate it like it was a meal. She had to have two cups after every meal, otherwise, she would not be able to suppress the feeling of wanting to vomit.

Chapter 1407 Our hearts are connected

With a smile on her face, Rong Yan looked Rong nuo up and down, nodded, and praised, not bad. You look really good. Hurry up and eat.

"Mm," Rong nuo said after the compliment. She then sat down and began to eat.

Rong Yan turned her head and smiled when she saw Tang Zong. "did you two make an appointment? Wear black."

Or did he guess that she was going to war, so he dressed in black and planned to follow her?

"Maybe our hearts are connected!" Tang Zong said jokingly.

Rong Yan thought he was really joking and didn't pay much attention to his words. alright, stop being talkative. Quickly sit down and eat. There's not much time left.

Gu Hesheng put down his chopsticks and wiped his mouth with a napkin, " "Rong Yan, come with me."

hmm, haha. Rong Yan stood up. you guys eat first. I'll go with Mr. Gu.

Tang Zong and Rong nuo finished their meals very quickly. In less than ten minutes, when Rong Yan came out, they were already standing at the door waiting for her.

Rong nuo was especially considerate, and she was even holding her bag in her hand.

Rong Yan looked at the two of them and felt even more confident. She said, " "Let's go," he said.

Tang Zong saw that Rong Yan was holding a document bag in her hand. He did not know what it was, but he did not ask.

This time, Tang Zong was personally driving the car. Two cars in the front led the way, and three followed behind.

A row of black cars slowly drove out of Lian Cheng's house! It was low-key, but it was not small at all.

In the car, Rong nuo asked,"sister, where are you taking us?" what do you want to do?"

Rong Yan was resting with her eyes closed. She did not open her eyes and simply replied to Rong nuo, " "Go to war!"

Rong nuo and Tang Zong were stunned. War?

After a while, Rong nuo asked, "ah?" War? what are we going to do later?"

Rong Yan opened her eyes and reached out to gently stroke Rong nuo's smooth shoulder-length hair. "What you two need to do is to support me and protect me at the same time. Don't let anyone get close to me!"

rong nuo looked at tang zong's eyes through the rearview mirror. both of them did not quite understand, but rong nuo still said seriously, "Oh Yingluo, we will definitely do it."

rong yan glanced at the ladies' watch on her wrist. it was exquisite and looked like a bracelet. it looked very nice on her wrist, but that was not important. what was important was that it was already 9:20!

"Tang Zong, drive faster!" Rong Yan urged.

in the end, tang zong shook his head. "no, sister, you're pregnant. we have to drive safely. let's not talk about those unlucky things. if i drive too fast, you won't be able to take it."

rong yan did not expect tang zong to say this. she was quiet for a while before she nodded. that's true. Safe driving comes first.

=====

At this moment, Secretary Zhou was in the largest conference room of the Liancheng Group building, looking at the disgusting face of Zhang Weili.

In addition to Liancheng Yazhi, there were a total of 20 shareholders who held a small half of the company's shares. Now, they were all here.

The funny thing was that they had all believed the rumors of Liancheng Yazhi's death. They had changed their previous groveling attitude in front of Liancheng Yazhi and all became arrogant. Each of them wanted to snatch the position of the company's president. The position of Liancheng group's President was such a great temptation. It was like the throne of an Empire.

These ministers believed that the king sitting on the throne was dead and had no heir, so they, the ministers, should replace him!

Chapter 1408 Secretary Zhou was surrounded

But all of them chose to forget that Liancheng Yazhi had a child. He had a daughter. He once said at the engagement ceremony that everything in the future, all his wealth and all his power would belong to his daughter's Kasaya.

Just now, director Hu, who owned 10% of the shares, stood up and made a speech. It could be considered as the opening speech for the shareholders' meeting. He clarified the main topic and criticized Secretary Zhou. He even criticized Liancheng Yazhi for being disrespectful.

He said, dear directors, today is the 49th day that President Liancheng has not been in the company. Secretary Zhou has been carrying out the duties of the president in his place for the past 49 days. We have never suspected it before, but after such a long time, the president still hasn't appeared. This can't help but make people suspicious. The president didn't come to the company to work without a word and didn't even inform the company. He didn't appoint Secretary Zhou as the acting

president. This is very suspicious in itself and it is also a president's dereliction of duty. Our company isn't a small company with an annual profit of less than 10 million. We are the largest financial magnate in the capital, and so many of our employees have to rely on the company to support their families. Now, because the president has not returned for a long time, the internal affairs of the company are already in chaos, and Xuxu's Secretary Zhou is unable to quell the chaos, but she still holds the position of the president and refuses to hand it over to someone with the ability to manage."

"So, we can't help but suspect that Secretary Zhou might have some ulterior motives. "As you all know, the news of the CEO's death has been spreading outside recently. Of course, we certainly don't believe it, but Secretary Zhou's actions have increased the trust of outsiders in these rumors. She's indirectly confirming to outsiders that the CEO is dead. According to Secretary Zhou's actions these days, we have the right to remove her from her position as acting CEO. What do you have to say, Secretary Zhou?"

He was pushing all the blame onto Secretary Zhou, accusing him of not only being incompetent but also trying to usurp power. He also wanted to Force Secretary Zhou to admit that 'Liancheng Yazhi is dead'.

Secretary Zhou was still sitting on the right side of the main seat that Liancheng Yazhi usually sat in. He had a smile on his lips and looked at the shareholders with cold eyes.

He said slowly,"remove me from my position as a proxy?" Who Do You Think You Are? you are just idle shareholders. Do you really think that you can change young master ya's decision just because you have a little bit of shares? what right do you have to stand here and comment on young master ya?"

Director Hu's face darkened, and his meaty face looked very fierce. Secretary Zhou, although you are the president's Special Assistant, don't forget your status. Although we only have a small share, we are the shareholders. You don't even have a small share.

Secretary Zhou was a little regretful now. Liancheng Yazhi had hinted to Secretary Zhou more than once to let him own a part of the company's shares, but Secretary Zhou refused to take it no matter what. He had always been very clear about his identity. He was young master ya's Secretary and only wanted to be young master ya's Secretary. He did not want any shares.

But now, Secretary Zhou really regretted it. He should have ordered it. That way, these old farts would have nothing to say.

However, it didn't matter if they didn't have any shares. He wasn't competing with them for shares, and he wasn't being reasonable ...

Chapter 1409 she is liancheng yazhi's wife

Secretary Zhou slowly stood up. while young master ya is recuperating at home, I will be fully in charge of the company's Affairs. It has nothing to do with you. If you still want to receive dividends every year in the future, I advise you to be careful with your words and actions. Don't try to court death!

Secretary Zhou didn't want to be polite with these people anymore. If they insisted on doing things their own way, the people he had arranged outside would come in directly and make them all die today.

However, it was obvious that these people did not care about Secretary Zhou. A fierce-looking shareholder slammed the table and said, "don't talk nonsense with me. If the president is recuperating at home, why doesn't he show up at the company even once? unless he's sick to the point of death. Even if it's just a video call, it's fine.

Immediately, someone replied, "that's right, we shareholders have been following young master ya for many years. How can we not ask if young master ya is sick? Secretary Zhou, why don't you bring us to the Lian family's house today? we'll go and visit him. As long as we see young master ya, we'll pretend that we didn't see him today.

Secretary Zhou chuckled and said, "visiting?" People like you don't even have the qualifications to rely on the Liancheng old mansion, yet you still dream of entering. I'm telling you today that since you dare to hold this meeting, you'd better finish it obediently."

Don't even think about it if you want to pretend that nothing happened and wipe it clean.

Today, they would all die for their crimes!

Everyone's face turned red at Secretary Zhou's words. Indeed, ordinary people could not enter the Liancheng old mansion.

After a while, director Hu said, "Secretary Zhou doesn't know that we're cursing the president, but you have to at least find some evidence that we can believe, right?" Besides, our purpose today isn't to discuss whether the president is sick. We're going to execute the recall plan of the Board of Directors and recall you as the acting president. Also, Qianqian will choose a new acting president until the new acting president, Liancheng, takes over the position. If the rumors are true and Liancheng has passed away, then the acting president we choose will become a full-time official. What do you all think?"

the other shareholders responded one after another, and someone even shouted, "in my opinion, we should just directly elect an official President. Otherwise, we'll have to go through more trouble later.

he already understood what he meant. since liancheng yazhi was already dead, there was no need to waste more time.

Just as they were about to start voting, the tightly shut conference room door was suddenly pushed open from the outside with a bang.

"I didn't know about my husband's death. Even I, his wife, didn't know. How did you know? I advise you to be careful with your words. Slander will get you to go to jail."

rong yan's clear and cold voice was like a bone-chilling cold wind that instantly swept in, carrying an aura that could freeze everything.

Rong Yan walked into the meeting room. She lifted her chin slightly and turned a blind eye to the group of dumbfounded shareholders. Behind her were Tang Zong and Rong nuo, and behind them

were a group of bodyguards. Their imposing manner was definitely a necessary display to smash and challenge the school.

Secretary Zhou was stunned when he saw Rong Yan appear out of nowhere like a heavenly soldier. He was then happy. He knew that Rong Yan was not an ordinary woman. It was the most appropriate and justified reason for her to appear at this time.

Because she was Liancheng Yazhi's wife!

Previously, he had also thought about hoping that Rong Yan would help him, but Rong Yan was pregnant and he didn't dare to disturb her, so he didn't say anything. However, he didn't expect Rong Yan to take the initiative to help him out of the situation.

Chapter 1410 Pretending to be the president's wife?

Secretary Zhou immediately pulled out the chair that Liancheng Yazhi usually sat on for Rong Yan and served Rong Yan the same way he served Liancheng Yazhi.

After Rong Yan sat down, Secretary Zhou immediately stood beside her. who gave you the right to hold a shareholders 'meeting? Who gave you the right to erase the acting president that Liancheng Yazhi had personally arranged? Who gave you the guts to seek death for offending your superior?"

rong yan didn't give them a chance to speak and threw out a series of question marks. cursing my husband to die is not something to be happy about. According to the law, even if my husband is dead, the first in line of succession will still be me and my daughter. What does it have to do with you? do you need to worry about the matters of our Liancheng family? "

Rong Yan's appearance was beyond everyone's expectations. They all knew that Liancheng Yazhi had a daughter and now had a woman, but they had only seen a few of them. This attempt to seize power had not included Rong Yan in it at all.

Therefore, they were all dumbfounded.

but director hu quickly reacted and said loudly, " "married? That's impossible. Don't listen to her nonsense. This is miss Rong, right? I've seen you at your engagement ceremony with young master ya, and I'd like to give you a piece of advice-you can't make this joke. Not everyone can be the president's wife. As far as I know, you and the president have only just gotten engaged, and you're only his fiancée at best. You don't have the right to inherit his inheritance, do you?"

that's right. You're a fiancée, but you're pretending to be the president's wife. Don't think that we don't know what you're up to. You're just a Qian Qian. the person didn't dare to finish the sentence, but everyone knew what it was.

miss Rong, you're still young. You can still find another man after leaving the president. But today, you pretended to be the president's wife and wanted to take over the president's inheritance. That's not good, right? you, Qianqian, are not qualified.

Rong Yan was not angry at all when she heard their sarcastic and disdainful words. Instead, her smile grew wider and wider. Her hand under the table had been leisurely stroking her lower abdomen, comforting the naughty little guy in her stomach, lest he threw a tantrum again and made her vomit in the middle. She had to put on her cold and Noble image as the wife of a CEO and not let others look down on her.

After those people finished speaking, she unhurriedly swept her gaze over the crowd and smiled. “Engagement? Can’t we register our marriage after we get engaged? Do you think that I, Rong Yan, am so incompetent that I’ve lived in Liancheng’s old house for so long and the hat on my head is still a fiancée?”

Rong Yan was a little glad that Liancheng Yazhi had taken her to the Civil Affairs Bureau to get a marriage certificate last time. Otherwise, she would really be a fiancée.

At that time, she thought that it was useless to get the certificate or not, but now it seemed that it was quite useful.

When Rong Yan said this, everyone was extremely shocked.

director hu immediately reproached, “register our marriage?” Why didn’t young master ya inform us?”

Rong nuo really couldn’t stand it and scolded, “Idiot, can’t my sister and brother-in-law keep their marriage a secret? Do you have brains? with your IQ, you want to seize power and be the president? stop joking.”

“Also, aren’t you all overestimating yourselves? Why would my brother-in-law tell you?”

Rong nuo’s words made Rong Yan, Secretary Zhou, and Tang Zong laugh out loud. Tang Zong was only a step away from revealing his love for her!
