

Permit Me 1411

Chapter 1411 throw them out

Rong nuo's words made all the shareholders present angry and annoyed, but they could not say anything.

In the end, director Hu decided to act shamelessly. alright, even if you have registered your marriage, Mrs. Liancheng, didn't you say that young master ya is currently recuperating at home? This is the company's shareholders 'meeting. Even if you are Mrs. Liancheng, you are not a shareholder. You, Wanwan, are not qualified to attend this meeting? Now, please leave."

When Secretary Zhou heard this, he knew that this b * stard did not want to live anymore. He immediately wanted to hit him but was stopped by Rong Yan.

She was very patient now.

"Does having shares make you a shareholder?" Rong Yan asked unhurriedly.

Director Hu had a smug look on his face. of course!

Rong Yan smiled,"that's good, Yingluo."

As soon as she finished speaking, her eyes suddenly turned sharp and cold."Sun guozheng, Wang Kui, li Shunyi, I didn't call you by the wrong name, did I? didn't the three of you sell your shares? Why are you still sitting here?"

Rong Yan's words were like a bomb thrown into the crowd, instantly causing the shareholders to explode. They all looked at the three people Rong Yan had mentioned.

Secretary Zhou looked at Rong Yan in surprise. He hadn't told Rong Yan who the three people who sold their shares were, so how did she know? How did he know? this was too shocking.

Wang Kui smacked the table and said, " "Yingluo, what right do you have to say that we sold our shares? Do you have any evidence?"

Rong Yan sneered. I'll give you evidence.

Reaching out his left hand, Tang Zong immediately opened the document bag in his hand. He took out a few pieces of paper and handed them to Rong Yan with both hands.

This was Tang Zong's first time being someone's underling, and he was extremely excited. He was even more excited to be able to watch the live broadcast in person ...

Usually, Rong Yan was no different from an ordinary woman, except that she was a little more beautiful. However, when it came to big occasions, she could always perform better than usual. When she put on airs, she could simply sweep away thousands of troops. He just didn't know if her pregnancy would affect her combat power.

Rong Yan threw out the papers in her hand. look carefully. This is the share transfer contract! Now, the 10% of shares you sold are mine!"

As soon as Rong nuo heard that it was a share transfer document, her eyes lit up. Isn't that the folder that Mr. Gu gave my sister? Could it be Yingluo?

Secretary Zhou was already dumbfounded after Rong Yan said that. No way, the young Madam had made such thorough preparations, and even the shares that the three bastards had sold were now in her hands?

secretary zhou looked at rong yan's expression and was full of admiration.

wang kui grabbed the papers and looked like he wanted to tear a hole in them. he couldn't believe what he was seeing. impossible, how is this possible? we clearly sold it to Yingluo and we clearly didn't sell it to you. How did this share transfer agreement end up in your hands? "

Rong Yan glanced at Tang Zong. Tang Zong immediately trembled and walked over to snatch the transfer agreement back. He then stood beside Rong Yan again.

The corners of Rong Yan's lips curled up and she glanced at them in disdain. you don't need to know this because Yingluo, you're no longer a member of the Liancheng Group. You don't have the right to continue sitting in this conference room or step into the Liancheng group's building. Men, throw these three people out.

Chapter 1412-block their mouths

The bodyguards behind Rong Yan finally came in handy. They walked towards the three people like dark-faced demons.

"Let us go! Who are you to kick us out? who knows how you got your hands on the shares!"

The other two also shouted at the top of their lungs, " "I'm not convinced. We've been working in the company for so many years. Even Liancheng Yazhi doesn't dare to do anything to us. Who Do You Think You Are?"

rong yan rolled her eyes. really, people were so stupid that they had already reached the point where both man and god were angry. if you used your brain to think about it, you would know. did liancheng yazhi not do anything to them because he did not dare to? He was simply disdainful.

Rong Yan chuckled,"wait, Yingluo."

She called for a stop. Other than the three people who were about to be thrown out, the remaining ten or so shareholders were all thinking in their hearts, " look, this woman doesn't have the guts.

However, Rong Yan was a person who especially liked to create surprises. She smiled and said, " I almost forgot that I can't just throw you guys out like this. I've already called the police. The three of you are suspected of stealing company secrets. The police are waiting for you outside. Goodbye, three of you.

Rong Yan's words were another bombshell. Before the three of them could react, Rong Yan raised her hand and waved her slender fingers elegantly."Block their mouths."

Soon, the three men were dragged out of the room, their eyes filled with hatred.

When the door of the conference room was opened, there was a group of uniformed police officers standing outside. One of them took out an arrest warrant and said something to the three of them. They didn't hear it clearly and were taken away in handcuffs. After that, the door of the conference room was closed again!

This included Rong nuo, Tang Zong, and Secretary Zhou. They had no idea about this at all. When did the police arrive? when did Rong Yan inform them? also, what was the matter with the theft of Qin Zhuan company's confidential information?

Secretary Zhou scratched his head. He felt that this was too unreal. Young Madam's combat power was killing people in minutes.

The fact that the three of them were taken away by the police in public was a huge shock to the shareholders present. They were actually very timid and only dared to be so presumptuous because they believed the news of Liancheng Yazhi's death.

many people had already begun to have doubts in their hearts. she was indeed liancheng yazhi's wife. it was not like family did not belong together. the husband was vicious, but the wife was not much better.

Chapter 1413-shocking reversal

Director Hu's head was already covered in a layer of sweat. this ... This ... This ... This ... Has the right to ...

the directors present were all very afraid of liancheng yazhi, and their hearts would tremble at the mention of this name.

[illegible]

Director Hu shivered. He felt that if he waited for Liancheng Yazhi to wake up, his fate would definitely be worse than the three shareholders who had been taken away.

Moreover, more than half of the company's shares were in Liancheng Yazhi's hands, and the remaining 30 to 40% were in their hands. With so many shares, each of them actually had very little shares. Rong Yan now had 10% and was already the one who held more shares among them.

Director Hu thought about it and finally felt that he had to give up. Regardless of whether Liancheng Yazhi was dead or not, Rong Yan was already standing in front of them. Furthermore, she had successfully joined the Board of Directors. If they wanted to seize power, they had to get rid of Rong Yan. However, they were caught off guard by Rong Yan. They could not find a way to fight back even if they wanted to.

Other than temporarily giving up and thinking of a way later, there was really no other way.

Director Hu stood up slowly. His arrogant attitude was replaced by a very respectful and humble attitude. This, Yingluo, this, Madam Liancheng, you see, Yingluo already holds 10% of the shares. You're right, our Yingluo indeed has no right to remove the acting president personally arranged by the president, and we shouldn't question the president. Today, we called for this board meeting because Yingluo didn't understand the situation clearly. We hope you can forgive us, and we also hope that Secretary Zhou, Yingluo, won't hold a grudge. Everyone's purpose is for the group. They all hope that the group can develop better and create more benefits,"

The other smart directors also nodded and smiled shyly to please Rong Yan.

Rong nuo and Tang Zong, who were standing behind Rong Yan, did not hide their disdain at all. Secretary Zhou sneered in his heart. He believed that their young Madam would not be so easily fooled.

Rong Yan despised director Hu's sudden 180-degree change, but this old man was indeed smart and knew when to yield. He was a wily old fox. He knew that it was useless to continue arguing in this situation, and they might even be the unlucky ones, so he saved a lot of time and even lost his face.

However, he was dreaming. He had called for the game to start, but it wasn't so easy to stop Yingying now.

Rong Yan's smile was exceptionally bright. She slowly stood up and said loudly, "don't do that. Not only must we hold this meeting, but we must hold it grandly. I don't like to give up halfway. Tomorrow, at the same time, we'll hold the board meeting in the company's Grand Hall. All the Department heads and higher-ups will be there to listen. I hope that everyone present will attend. If you don't, you'll have to bear the consequences.

Chapter 1414-steps to victory

Rong Yan didn't give them time to speak and continued, "secretary Zhou, I'll leave this to you. If you don't do it well, I won't show you any mercy."

Yes, young Madam. I'll do as you've instructed.

Secretary Zhou was both happy and worried. She was happy that young Madam would be able to handle the company's crisis even if young master Ya was not around. She was worried about what young Madam was going to do tomorrow. Thinking about it, he was really looking forward to it.

"Dear Shareholders, I'll see you tomorrow!" After saying this, Rong Yan turned around and left. Rong nuo, Tang Zong, and a group of bodyguards followed behind her as if they were escorting the Empress back to the palace. Their expressions were extremely arrogant!

Rong Yan came quickly and left quickly, like a tornado that came without warning and left like a tornado, making everyone's hearts tremble.

Director Hu asked Secretary Zhou in a panic, "Secretary Zhou, what do you mean by Mrs. President having a meeting tomorrow? we have all agreed to cancel this meeting. We don't plan to continue, okay?"

Rong Yan's confident look really scared him. There was still a board meeting tomorrow, and the company's senior management had to be present to listen. He really didn't know what Rong Yan wanted to do.

secretary zhou tidied up his clothes and said with a smile, "That's right, no!"

"Why? why?" director Hu stammered.

Secretary Zhou gave him a simple reply. "Because the authority of the Liancheng family can not be shaken."

The authority of the XI family was the principle of everything. However, if someone wanted to subvert the order that had been established in the XI family for so many years, even if they failed, they could not be forgiven.

It was just like in ancient times when an official rebelled, and the cavalry attacked the palace gate and found out that the Emperor had a big move. He regretted it and ran to the Emperor, saying, "I won't rebel. I'll pretend that today's incident didn't happen. I'll go and be my official again. Is this possible?"

He would not feel at ease if he did not get rid of the ambition of a Wolf!

Secretary Zhou's short sentence scared director Hu so much that he sat back down. It was only then that they realized that their plan was a one-way road. It was either victory or death! There was no turning back.

Secretary Zhou's eyes swept across the crowd, who had different expressions on their faces. just as young Madam said, please attend on time at this time tomorrow. If you're not there, I'll have to take action.

Secretary Zhou left with a triumphant pace, leaving only a group of shareholders who were so scared that their hearts were about to burst.

The group of people started to make a ruckus.

"What do we do now? is that woman planning to get rid of all of us tomorrow?"

"I've said it before, Liancheng Yazhi can't be touched. No matter if he's Dead or Alive, it's easy for him to crush us. I really regret that ran ran shouldn't have done this with you guys. It's too late to regret it now, ran ran."

"Is that woman someone to be trifled with after becoming Liancheng Yazhi's wife? You see, she took care of those three so easily today. What should we do? Will she put you in jail?"

Director Hu slammed the table. stop arguing. We have no way out. If Wanwan doesn't want to be kicked out of the Liancheng Group and die in Rong Yan's hands, we have to continue on this path!

After a moment of silence, someone asked, "how do we go down?" we're being beaten up so badly that we can't even fight back!"

Chapter 1415-suspicion

Director Hu clenched his fists. use your brains and think of a way! Of course, we can't just rely on ourselves, we need help. That woman wants to deal with us, so we'll let her do it at the board meeting tomorrow!"

"Helper? who else can we look for now?"

Director Hu said, " I'll go find help. You just need to know that you must stand firmly on my side tomorrow. You can only live if we win. Otherwise, that woman will not let us go.

The group of shareholders looked at each other. They had lost their pillar of support and their hearts were in a mess. When they heard director Hu's words, they nodded.

To them, it didn't matter who was in power. They were just greedy and wanted more and more benefits.

=====

At this moment, in the car on the way home, Rong nuo had been looking at Rong Yan with admiration.

However, she also asked something that she didn't understand. "Sister, why do we have to have another meeting tomorrow? We can settle this today, right?"

Tang Zong was still in a state of excitement. He answered on behalf of Rong Yan, "our sister is not as stupid as you. The company's internal affairs are unstable now, and we urgently need to calm the people down. Even if we have resolved the crisis of Secretary Zhou acting as the CEO this time, this matter is still a small one. Don't the others know about it?"

Rong nuo finally understood after giving Tang Zong this hint. Oh, I understand now. Sister, you want to solve the internal conflicts in the company in front of the senior management tomorrow, so that the hearts of those senior management can be put at ease, which is the same as letting the ordinary employees be at ease? "

"I guess you're not that stupid after all," Tang Zong chuckled.

Rong nuo glared at him, "go to hell!"

Neither of them noticed that the way they spoke was completely switched on. They were bickering like a couple. Rong Yan smiled as she watched the two of them bicker, but her heart was full of ups and downs. Of course, she was not thinking about the company.

But ... When did Rong nuo and Tang Zong become so close?

The two of them had been talking to each other just now, as if they had been in love for a long time. This made Rong Yan suspicious again. He couldn't help but remember that time when MeowMeow had said that she had seen Rong nuo kick Tang Zong.

Could it be that after Rong nuo and Tang Zong entered the Liancheng family, she had been neglecting something?

rong yan filtered through all the images of rong nuo and tang zong appearing at the same time in the past. the more she thought about it, the more suspicious she felt. although the two of them did not talk much in front of her, it was not without any traces. if she thought about it carefully, there were still traces to be found.

Although Rong Yan began to have doubts in her heart, she didn't show anything on her face and continued to observe the two of them quietly.

The more she looked at him, the more shocked she became. The way Tang Zong occasionally looked at Rong nuo was almost the same as the way Qianqian looked at her.

rong yan pinched her fingers. 'f * ck, is this tang zong really in love with rong nuo?'

rong nuo, on the other hand, was always looking at her and talking to her. she rarely looked at tang zong, but occasionally, when she spoke to tang zong, she gave off a feeling that they were very familiar.

rong yan took a slow breath. she still had to confirm this matter, huahua.

However, once a person began to suspect something, they would feel that there was something wrong with it.

Chapter 1416-spreading her umbrella

After returning home, Rong Yan went to Gu Hesheng to thank him. If he had not given her the share transfer papers before she left, she would not have been able to suppress those shareholders.

Rong Yan's feelings were very complicated. After Liancheng Yazhi left, Gu Hesheng had resentfully taken on the responsibility of being a 'father'. He helped Rong Yan unconditionally and without any conditions. This made Rong Yan feel more and more guilty when she faced him. She also resentfully thought that it would be great if Yingluo could really have such a father.

The Butler told Rong Yan that Gu Hesheng was reading a book in the greenhouse. Rong Yan hesitated for a moment before returning to her room to change into her home clothes. She then carefully washed off the makeup on her face before going to the greenhouse.

Liancheng's greenhouse was very large and warm all year round. Sitting among the flowers, it was as if winter had suddenly come to spring.

Rong Yan walked over and sat opposite Gu Hesheng. "Mr. Gu, thank you so much for today. If it weren't for the three shares you gave me, I wouldn't have been able to come back so smoothly today."

Gu Hesheng put down the newspaper and smiled. it's good that everything went smoothly. I was worried that your status was not good enough to shock them.

Two days before Gu he died, he had learned from Rong Yan that there was chaos within the Liancheng Group and that some shareholders wanted to sell their shares. He had sent his men to contact them.

After Gu Hesheng bought the shares, he transferred them to Rong Yan.

Gu Hesheng was an old man and had experienced a lot. He could basically predict what would happen in the future. Buying those shares and gifting them to Rong Yan was a protective umbrella for her, allowing her to be qualified to join the Liancheng group's Board of Directors.

It was easy for him to do this, but only he knew how much he had spent to buy 10% of the shares of the Liancheng Group.

However, Gu Hesheng had long been indifferent to money.

He didn't want to see Rong Yan in distress. He was willing to do this for her.

Rong Yan poured a cup of black tea for Gu Hesheng and brought it to him with both hands. "Mr. Gu, I'm very grateful for everything you've done for me today. However, I'll have to trouble you more in the future. Please don't find me annoying.

Rong Yan was embarrassed to say it herself. If she wanted to thank him, she had to really give him her sincerity, sincerity that would make Gu Hesheng really happy.

Gu Hesheng took the White porcelain teacup and said, "you've already done a good job. Don't put yourself in a difficult position. If you have any trouble with the company, feel free to come to me.

Rong Yan said with a smile, "there's no big problem with the company. However, I hope you can teach the child in my stomach more when you have time after he's born. Yazhi knows how to dote on the child, but neither of us is good at educating the child. So, I've thought about it and still have to trouble you to help him.

Rong Yan knew that Gu Hesheng was getting old and wanted the warmth of a family, as well as the joy of having children and grandchildren around him. Therefore, after thinking about it, Rong Yan felt that this was the best. She suggested for Gu Hesheng to educate the child. It seemed like she was thinking about the child, but she actually wanted to make Gu Hesheng happy.

Gu Hesheng naturally understood his intentions towards Rong Yan in an instant. He laughed heartily, "I can't wait to be happy."

Seeing Gu Hesheng so happy, Rong Yan heaved a sigh of relief and said, "There's one more thing I'd like to trouble you with."

Chapter 1417 we are not happy

"What's the matter?" Gu Hesheng asked.

Rong Yan said a little embarrassedly, "Speaking of which, I shouldn't have troubled you with this matter. MeowMeow is already three years old, but Huahua still doesn't have an official name. I had originally asked Yazhi to do this, but he still hasn't come up with a name. I don't need to talk about your knowledge, so I was thinking that Huahua, why don't you give MeowMeow an official name?"

It was a form of respect and recognition for an elder to give a name to a junior. Rong Yan was using this method to tell Gu Hesheng that she respected him as an elder, a very close elder.

Rong Yan was right again in this matter. Gu Hesheng was very happy. No problem, leave it to me. I will definitely marry a good name for our meowmeowmeowmeowmeowmeow!

“Then I’ll have to thank you. I’ve been worried about this for a long time, Yingluo”

Rong Yan chatted with Gu Hesheng for a while more before he asked her to go back to rest.

She was pregnant and needed more rest. She couldn’t tire herself out. She had gone to the company today with a group of shareholders, so she had to rest well when she came back.

However, after Rong Yan left, she did not go back to rest immediately. Instead, she went to look for Tang Zong.

Rong Yan handed Tang Zong a name list. On it were the remaining ten or so people, excluding the three shareholders who had sold their shares.

“Do me a favor, go and investigate the background of these people!”

Tang Zong was a little surprised, “background?” Their information is all here?”

“What I want to see can’t be written on this.” Rong Yan smiled.

Tang Zong was stunned for a moment before he immediately understood. “Oh, Yingluo, I understand. This is easy, Yingluo.”

“I want to get their information before the meeting tomorrow morning.”

Tang Zong nodded his head. no problem. It’s no big deal. I’ll go out for a while then.

“Go on.”

Tang Zong ran out of Liancheng’s house excitedly with the name in his hand. Recently, he had been staying at the Liancheng’s house to protect Rong Yan and her daughter. Tang Zong’s entertainment life had been reduced a lot. Today, he finally had something to do. Of course, he was happy.

Rong Yan had asked him to investigate these people. What she wanted to know was not information that could be told to others, but their secrets and things that could not be told to others.

tang zong whistled. it seemed like the show tomorrow would be even more exciting.

As for these shareholders, it didn’t matter if they had some unspeakable secrets. Tang Zong would make sure that they were true. Otherwise, there wouldn’t be a good show to watch!

=====

Because there was still a tough battle to fight tomorrow, Rong Yan went to bed early at night to avoid being in a bad mood and having dark circles under her eyes.

Tomorrow, she must be full of energy. She must not lose the battle and solve all the shareholders’ problems in one fell swoop.

Before Rong Yan went to bed, she touched her stomach and said, “baby, mommy knows you can hear me. These two days are our big day. You can’t throw a tantrum. You have to learn from your sister. She was so obedient when she was in mommy’s womb!

after tomorrow’s matter is over, we can live comfortably. Just wait for your father to come back, Hanhan. Your father doesn’t know about you yet. When he comes back, you have to help mommy teach him a lesson. We’re not happy that he hasn’t come home for so long, Hanhan.

Rong Yan was talking to the child in her stomach while still angry at Liancheng Yazhi for not returning!

At this moment, on the other side of the earth, young master ya, who was wearing a heavy down jacket and was surrounded by a group of penguins, sneezed.

Chapter 1418-an exciting day begins

Jian Yi, who was holding a measuring instrument, asked, ” “You caught a cold?”

They were now in the coldest place on Earth. More importantly, they had no medicine and it would be troublesome if they fell sick!

Liancheng Yazhi shook his head and smiled. no, Zhenzhen. I guess Rong Yan misses me. She’s wondering why I’m not back yet.

he let out a simple sigh. a man with a family was like a kite being pulled by a string. no matter where he flew, the string in his heart would always be held by his wife.

Jian Jie felt that it was a pity for Liancheng Yazhi to be like this, but she also envied him.

Because he was used to being stunned and had never tasted what it was like to miss someone, along the way, Liancheng Yazhi would miss his wife and children at home when he had time. He had seen it too much and couldn’t help but think that if he had a wife and children one day, he didn’t know if he would be like Liancheng Yazhi.

soon, ” he said, ” Kang Xi is in this area. We’ll be able to go back once we find the lab they’re hiding in the ice Mountain and save Kang Xi.

liancheng yazhi looked around and saw that it was all white. he took a breath of cold air and really couldn’t wait to go back.

“I don’t know if mu weibai can f * cking get his hands on a tool.”

“He will. If mu weibai doesn’t even have this bit of ability, how could he have become an Adjutant under Kang Yu?”

I hope they come back soon, Yingluo. the longer he stayed outside, the more he missed home and couldn’t wait to go back ...

“if everything goes well, we might be able to set foot on the road back to our country at this time tomorrow.”

liancheng yazhi smiled. ” it will definitely go smoothly. ”

=====

the next day, rong yan opened her eyes at eight o’clock sharp. she didn’t know when she fell asleep after saying this to her child at night. she didn’t dream the whole night until dawn, feeling full of energy and clear-headed.

Rong Yan sat up and stretched.

She got out of bed to wash up and brush her teeth. Rong Yan lowered her head and said to the little bean sprout in her stomach, ” “Not bad, baby. You’re very obedient today.”

Usually, when he woke up in the morning, he would vomit for a while. However, he did not vomit at all today. He looked very good, pale and weak, but his cheeks were healthy and rosy.

When Rong Yan went downstairs, she happened to see Rong nuo coming out yawning.

Rong nuo smiled at Rong Yan and said, "Good Morning, elder sister."

"Good Morning. You didn't sleep well last night?"

"I slept pretty well. I was just a little groggy when I woke up in the morning, but I'll be fine soon. Big sister, shall we go to the office after dinner?" Rong nuo asked excitedly.

Rong nuo had been very excited last night. She was looking forward to today's shareholders' meeting and wanted to see Rong Yan kill everyone.

Rong Yan smiled and flicked her forehead. Yes, let's go downstairs and eat first. Then, we'll change our clothes and set off. Remember to dress up.

"Don't worry, big sister. I won't embarrass you."

At the dining table, while the two of them were having breakfast, Tang Zong came back from outside. He was not at Liancheng's house last night as he was busy with the things that Rong Yan had instructed him to do yesterday.

With a fawning smile on his face, Tang Zong placed a document bag in front of Rong Yan. Sister, these are the information you wanted.

Rong Yan did not open it. She asked Tang Zong, "Not bad. You're very punctual. How's the investigation?"

Tang Zong sat next to Rong nuo. "There's a wide variety of things, the content is extensive and very exciting, you'll definitely like it."

Chapter 1419 Sister, you're amazing!

Rong Yan smiled and glanced at Rong nuo as if she did not care. "You've worked hard. Sit down and eat. I'm done, so I'll go change my clothes first."

Rong nuo finished the milk in the cup. I'm done too. Take your time. I'll go upstairs with big sis.

Tang Zong watched the two of them go upstairs, sighed and ate in silence.

He was actually a very sensitive person. Rong Yan's glance just now had made his heart tremble. He felt that Rong Yan seemed to have begun to suspect him and Rong nuo.

Tang Zong bit on his chopsticks and thought hard. Although Rong Yan was suspicious, she had not acted up because there was no concrete evidence. She must be observing them in the dark.

Tang Zong shivered. He thought of how Rong Yan had dealt with those shareholders yesterday, and how she had messed with Xia Xuanmo when he first met Rong Yan. He suddenly felt very sad. Who asked him to like his sister?

Being targeted by a woman like Rong Yan was really a very, very terrifying thing!

Twenty minutes later, Rong Yan, dressed in a cold black shirt, got into the car with Rong nuo and Tang Zong and went straight to the battlefield.

Rong Yan's dressing today was simple and elegant. She was wearing a black professional suit. She could not wear high heels, so in order to appear tall, she had tied her hair up high. She wore a pair of ruby earrings on her ears, which matched her red lips today. It was the only bright color on her body. Today, her eyebrows were raised, and with her red lips, she looked extremely cold and beautiful, especially like a cold-blooded and heartless woman.

In the car, Rong Yan opened the information that Tang Zong had found and read through it one by one.

As she looked at it, the corners of Rong Yan's lips curled up. This smile, under the contrast of today's makeup, was especially cold and evil. It was a smile that wanted to kill someone.

rong nuo rubbed her arms. "sister, you look so scary when you smile like this. don't you feel that the temperature in the car has dropped instantly?" she asked.

"Did I?" Rong Yan touched her face.

Rong nuo nodded her head vigorously. yes, yes. If you don't believe me, you can ask Tang Zong.

"Yes, there's definitely a mayfly." Tang Zong's heart was filled with sorrow.

Rong Yan glanced at the two of them and said, "Then that's right. If we don't do this, we won't be able to hold the ground."

Rong nuo swallowed her saliva. She had always thought that she had learned a lot over the years, but compared to her sister, she felt that her means were so weak that she could not even graduate from primary school.

After a while, Rong nuo asked Rong Yan. sister, it's almost ten O'clock now. We're already twenty minutes late. Should we go later?"

Rong Yan had just finished reading the thick stack of documents and slowly put them into a file bag. there's nothing bad about it. Let them wait!

"Why?" Rong nuo was puzzled.

Rong nuo couldn't help but say, "I knew you were stupid. This is a psychological tactic. The later we go, the more confident we are, and the other party will be more afraid! Only people without chips go early. Our sister is trying to give them a warning before they arrive."

Rong nuo suddenly realized. Oh, I see. Sister, you're amazing.

rong yan looked at the two of them with a smile. her heart was burning with anger as she thought to herself, "Just you wait. When I'm done with the company, it'll be your turn."

Rong nuo and Tang Zong did not know the identity that Rong Yan was thinking about, but they both shivered at the same time, feeling a cold wind blowing behind them.

Rong nuo also hurriedly checked the window to see if there was a leak.

After another ten minutes, Rong Yan's car team finally arrived at the company.

Chapter 1420 Good Morning, Mrs. President

Yesterday, Rong Yan had asked someone to drive the car directly into the underground parking lot and go up from the elevator on the basement first floor. But today, she had asked the driver to Park

the long fleet of cars at the entrance of the building. She wanted to let everyone in the company know that their Big boss's wife had officially joined the company's Board of Directors and was going to make a big move.

The security guard at the company's entrance quickly ran over and opened the car door for Rong Yan.

Rong nuo went down first, then helped Rong Yan down. She was here to be Rong Yan's little follower, to help support Rong Yan, serve tea, pour water, and carry bags, and also to take advantage of her power when needed!

When she walked through the company's main entrance, she saw the two young ladies at the front desk. When they saw Rong Yan in all black, leading a group of bodyguards and walking in very arrogantly, they were stunned for a while. It was only after Rong Yan and the others had entered the elevator that they remembered to call out, " "Good Morning, Mrs. President!"

=====

At this moment, the company's auditorium was full of people. The shareholders were on the stage, and in the middle, the highest-ranking representative seat was Rong Yan's seat because her name was placed on the table.

the people below were the company's department heads and above. no one dared to speak loudly, but they were all secretly discussing who would be kicked out after today's board meeting.

Those who could be at the top were not fools. They had basically guessed what kind of battle they were going to watch today.

now, secretary zhou was sitting on the right side of rong yan's seat, leisurely flipping through the stock market today!

After the huge drop yesterday morning, the afternoon news reported that the municipal police had arrested three shareholders of the Liancheng Group who were suspected of reselling the company's confidential documents. They also mentioned that the shares sold by the three people were not sold to others but to the wife of the Liancheng group's President.

Therefore, in the afternoon, there was a small rise. Although the current situation was not very good, it had stopped falling and was beginning to rise at a slow speed. This was a good sign. At least, it meant that the mood of the shareholders was gradually stabilizing.

Director Hu slammed the table impatiently. Secretary Zhou, it's already been half an hour. Is the president's wife coming or not? if she's not coming, don't waste our time. This isn't yesterday. There were only a few people. Now, there are so many people. How will it affect the company's operations? "

When Secretary Zhou heard director Hu's arrogance, he raised his eyebrows. Oh, it seemed that this guy had a new trick up his sleeve. Otherwise, he wouldn't have dared to be so arrogant.

Secretary Zhou raised his head and slowly looked at the group of board members. Some of them were frowning in worry, some looked like they were watching a good show, and some simply closed their eyes to rest, as if it had nothing to do with them.

After reading them, Secretary Zhou understood that these people had become 'United' again.

Moreover, he seemed to be very confident about the upcoming conference.

suddenly, secretary zhou started to worry about wanwan.

However, despite his worries, Secretary Zhou said disdainfully, ” “Chairman Hu, your words are too harsh. What’s wrong with the president’s wife arriving half an hour late? Even if I have to make you wait for half a year, you will still have to wait!”

The muscles on director Hu’s face trembled,”you ...”

Rong Yan’s figure appeared at the entrance of the company’s auditorium. She smiled and said, ” “What’s wrong? It’s only been half an hour and you can’t wait anymore. It seems that director Hu is looking forward to today’s meeting!”
