

Permit Me 1421

Chapter 1421 the war begins

Rong Yan's sudden appearance made the shareholders who had seen her power shiver.

Before Rong Yan came, they were still very confident in their hearts. However, as soon as Rong Yan came, her aura was fully activated and she quickly occupied the commanding height.

And the group of brutal thugs behind her made the shareholders afraid.

Rong Yan walked up to the main stage. With Secretary Zhou's help, she sat down in the seat arranged for her. After sitting down, Rong Yan smiled and said, " " However, I can understand. I'm also looking forward to Yingluo! "

After Rong Nuo saw Rong Yan sit down, she frowned and then gently touched her stomach. She guessed that the little guy wanted to make a fuss again, so Rong Nuo quickly took out a thermos cup that she had prepared in advance and a porcelain cup. She poured a cup of brewed tea for Rong Yan and placed it in front of her.

Rong Yan gave Rong Nuo a smile. Sure enough, it was considerate to have a sister. She realized that Rong Nuo was not feeling well just now.

When Rong Yan picked up the teacup and drank the tea elegantly, Director Hu adjusted his state of mind and said, " " Since Mrs. CEO is also looking forward to this meeting, let's start now. After all, it's not too late for Wanwan. "

"Alright, let's start then." Rong Yan nodded.

She turned to Secretary Zhou and said, "Secretary Zhou, just say a few words and give an opening speech."

However, before Secretary Zhou could say anything, Director Hu's chubby body had already run to the podium. What he had to do today was not to give Rong Yan a chance to make a move. He had to be ahead of her and beat her to everything, so that Rong Yan had nothing to say. [Rong Yan: (^), try it!]

Today, I've gathered everyone here to be a witness. Everyone knows that our President, Mr. Liancheng Yazhi, has not appeared in the company for nearly 50 days. There are all kinds of rumors inside and outside the company now. Secretary Zhou's position is too low to let him be the acting president. It really can't convince the public. So, today's meeting is to re-elect the acting president. I believe everyone can agree with this.

As Director Hu spoke, Secretary Zhou's mouth twitched a few times. He said in a low voice, " " Young Madam, I think they're up to something again. "

Rong Yan had also guessed that something had happened to Director Hu, but she wasn't too worried. She said, " " Don't worry. After they finish their attacks, the things I've prepared for them will be enough for them to drink until they die. "

As soon as Rong Yan finished speaking, Director Hu's voice suddenly rose. There's one more thing. As everyone has seen, the president's wife has bought ten percent of the shares from three shareholders. Logically speaking, she should be able to become a shareholder. However, whether

Qianqian can officially become a shareholder of the group and whether she has the qualifications to run for the position of acting president is still unknown. We still have to discuss this issue today.

Rong Yan slowly looked over. Her eyes were as cold and sharp as a sharp knife, instantly piercing director Hu, scaring him so much that he instantly lost his voice.

Director Hu's body felt extremely cold. He suddenly didn't dare to continue. ahem, ahem, the meeting will now officially begin!

The audience was silent, and no one applauded. They were not fools. At this moment, when two powerhouses were fighting, applause? Celebrate? You're looking for death!

In front of everyone, in the silence, Rong Yan slowly said, "director Hu will teach you a saying, 'you went for wool and came home shorn'. Today, I'll let you have a taste of what it's like to have nothing.

Chapter 1422-damn fat pig!

Director Hu's face instantly turned purple like an eggplant. Rong Yan saying such things in front of so many people that didn't give him any face was equivalent to giving her a hard slap.

When the higher-ups below heard Rong Yan's words, they lowered their heads one after another and simply didn't look at her, so as to avoid showing any expressions that they shouldn't have.

However, everyone present was thinking that this was only the beginning. Who knew what would happen next?

Director Hu gritted his teeth and cursed Rong Yan, then said, "good, good. I'd like to see how the president's wife will make me lose everything.

Rong Yan didn't even look at him and said coldly, "Let's start, stop talking nonsense!"

Director Hu knew that the two sides had already fallen out, so there was no need to show any more face. He directly said, "since it's already started, it's a big deal that the president hasn't come to work yet. Even if we don't say anything, I'm sure all the employees in the company will agree to let Secretary Zhou be in charge.

However, before he could finish speaking, Rong Yan said, "You don't agree? Why didn't they agree to it?"

she raised her voice and asked the people below, "i'd like to ask, did secretary zhou not pay you your salary on time during the period when she was in charge?" Or did I deduct your bonus? or did yingluo ask you to work without paying overtime?"

Those below all shook their heads, and some simply said 'no'.

actually, for those employees who didn't have the company's shares, they just needed to go to work on time and get their salary on time. this was what they wanted. as for who was in power, it really didn't matter.

Director Hu gritted his teeth and glared at Rong Yan. Mrs. Liancheng, this isn't what we're talking about right now. It's just that Wanwan's position as the acting president is not legitimate. Today, Wanwan must be dismissed and we'll elect a new acting president. Now, our first topic is to elect a candidate for the acting president.

originally, they should have voted to dismiss secretary zhou from the position of acting president first, but director hu hated rong yan to the core, so he simply didn't say this and directly chose a new acting president.

Rong Yan sneered. This fatty Hu really took himself too seriously. He said he would choose and he did it. Look at him. So what if they chose? they would have to see if she acknowledged it!

rong yan looked at him coldly, her eyes fierce and sharp. "i'd like to see which one of you dares to do it."

Director Hu's body turned cold from Rong Yan's gaze, but when he thought of his next 'trump card', his confidence increased.

we don't dare to, but someone else does. We're calling you Mrs. President for the sake of President Liancheng, but don't think too highly of yourself. Now that the president isn't in the company, it's not up to a woman like you to make decisions in the company's internal operations.

When he said that, Rong Yan immediately frowned. She felt that she already knew who they were talking about!

If that was the case, it would be a little tricky!

However, she wanted to take a gamble!

As soon as Rong nuo heard director Hu's contempt for Rong Yan, she was immediately unhappy. How dare he insult her sister? he was courting death!

Rong nuo took a step forward and scolded, "hey, stupid fat pig, why don't you look in the mirror? if it's not my sister's turn, then it's not yours either. This is the Liancheng family's company. If you want it, then fine. Now hurry up and die Here. Maybe you can invest in the Liancheng family and become my sister's grandson or granddaughter.

Chapter 1423-the five elements are immoral, and life is cheap

Rong nuo's curses were so refreshing that it was like pouring a basin of cold water on you in the summer!

That's not enough. Before Chairman Hu could get angry, Tang Zong raised his hand and gently patted Rong nuo's head. I said you're stupid, but you're really stupid. If this kind of idiot really thinks that he's our sister's grandson and granddaughter, isn't that a waste of the good genes of the Liancheng family? He would like to, but that would depend on whether he has the fate to do so."

Rong nuo quickly nodded and said, "that's right, that's right. You're right. I might as well be stupid. This kind of person lacks five elements and has a lowly fate. How can he be qualified to be reincarnated into the Liancheng family?"

As the two of them sang and shouted, people who heard them couldn't help but laugh. At the same time, they also gave a like to their most vicious cursing skills.

Rong Yan laughed out loud. She had originally brought these two people here to support the show, but she did not expect that there would be such a surprise when she brought them along. She did not need to open her mouth to scold people at all. Rong nuo and Tang Zong solved it quickly like they were in a crosstalk, and their cooperation was extremely tacit.

Secretary Zhou had a smile on his face, but it didn't come out. Many of the people below had already started to cover their mouths and laugh. It wasn't that they looked down on director Hu, but he was simply too efficient.

Director Hu wanted to kill someone after being scolded by Rong Yan, but he actually held back. yes, that's right, this is the Liancheng family's company. That's why we need to ask someone from the Liancheng family to make the decision, someone with status and prestige, and not Wanwan, the president's wife whose identity is still uncertain.

As soon as director Hu said this, Rong Yan's expression changed, Secretary Zhou's brows furrowed together, Tang Zong seemed to be deep in thought, and Rong nuo did not understand!

Rong Yan raised her head and her eyes met Secretary Zhou's. Both of them already knew what was going to happen next.

"Since you've brought him here, there's no need to hide him!" Rong Yan said indifferently.

Although she didn't show it on her face, Rong Yan's hands were tightly clenched.

It was her negligence that made her forget that they were not the only family of three in the Liancheng family. No, it was a family of four now!

The people below the stage were in a mess, trying to guess who this person was.

Director Hu looked at Rong Yan with satisfaction. Madam Liancheng, you're so forthright. Let's see who it is.

Rong Yan chuckled. of course. I'm not as smart as you. I'll naturally know soon.

Even if Rong Yan didn't say it clearly, everyone knew that she was scolding director Hu for having a pig brain.

Director Hu was too good at holding back. He could actually still smile and say, " alright, now everyone, please come with me to invite master Liancheng, master Liancheng Bo, to our side.

When everyone heard this, there was an uproar. They all turned to look at the entrance and saw someone pushing the expressionless old master Liancheng in a wheelchair.

Director Hu glared at Rong Yan provocatively. He didn't believe that he couldn't get rid of a small woman like Rong Yan today. He wanted to see how she would turn over a new leaf in the hands of old master Liancheng.

Director Hu personally pushed Lian Chengbo onto the stage. Mr. Liancheng, you are the previous president. Logically speaking, now that the president is sick and can not come, you should take his place to continue managing the company. After all, you and the president should be father and son. This way, it is logical and proper. However, you are not in good health now and I can not let you tire yourself out. However, your authority is still there. Today, I invited you here to help me with the selection of the new acting president!

Chapter 1424 Old master Liancheng

Old master Liancheng's sudden appearance stunned everyone.

None of the higher-ups below said a word. All of them were waiting with wide eyes to see how Rong Yan would resolve this crisis.

Rong nuo and Tang Zong were both a little dumbfounded because they didn't know old master Liancheng at all. When Rong Yan and Liancheng Yazhi were fighting with old master Liancheng, they weren't there. Now, the two of them could only look at each other in a daze.

Secretary Zhou frowned. He kept looking at the old man. He wanted to see what was wrong with the old man and what he was thinking. However, the old man had not moved a single hair since he appeared.

Secretary Zhou was worried. Director Hu's plan was brilliant.

They didn't expect that he would go to the hospital to bring up the old master and even want him to go against Rong Yan.

The old man was young master ya's father. This was an undeniable fact. According to the thinking pattern of ordinary people, it was indeed normal for a father to help his son manage the company for a while when his son was sick.

Moreover, the old master of the Liancheng family was too troublesome. He had never liked Rong Yan, and everyone knew that the old master also wanted to seize power. This time, if the old master really wanted to stand on director Hu's side and challenge Rong Yan, and young master ya wasn't here, then Xuxu would not be able to meet him today.

Secretary Zhou sighed. He felt that this old man was really too much. He was already so old, but he was still half paralyzed. Why couldn't he just go to the hospital to recuperate? Why are you here to stir up trouble?

Could it be that he still wanted to seize power and become the head of the Liancheng family in his current situation?

rong yan clenched her fists, but there was still no change in her expression. she looked at old master liancheng with an indifferent and magnanimous expression.

They were all waiting for the old man to speak. The moment he opened his mouth, they would know which side he was going to help.

Director Hu was full of confidence. He looked at Rong Yan provocatively, with a look that said, "just wait for your death.

But even after waiting for a long time, old master Cheng didn't say anything, and his beard didn't even move.

Director Hu was getting impatient and urged, "Old man, who do you think is better to be the acting president? Why don't we have a vote first, and after we've chosen, you can see if the chosen person is qualified?"

Director Hu had been present at Rong Yan and Liancheng Yazhi's engagement party. He had seen with his own eyes the scene of Liancheng Yazhi and his father fighting to the death, so he had thought about it all day yesterday and finally thought of old master Liancheng.

Director Hu felt that this was the best card he had in his hand.

however, was this card paralyzed and unable to speak?

Director Hu thought for a moment, then picked up a pen and stuffed it into the old man's hand. "Are you unable to speak? you don't care. Take a look at the list of all the shareholders. Tick whoever you think is good."

As he spoke, he brought the A4 paper filled with the list of shareholders to old master Liancheng.

However, on the name list that director Hu was holding, Rong Yan's name was not on it.

Old master Liancheng's eyelids twitched, but his hand didn't move.

The corners of Rong Yan's mouth curled up. It seemed that this director Hu didn't know that the old man could actually speak. Although he wasn't very fluent in his speech, he could definitely understand.

"old man, how many points have you gotten in the game recently?" rong yan asked slowly.

Chapter 1425-wild ambition

Rong Yan's casual words made many people's jaws drop instantly. They felt that they couldn't keep up with her thoughts.

Rong Yan immediately asked,"did you exceed the minimum score last time?" When you have time, let MeowMeow have a match with you. She can hit two million now."

with a few bangs, many people fell off their chairs. rong yan's two sentences had turned the situation around so quickly!

Just a minute ago, director Hu had been in the middle of a shocking business war.

When it was Rong Yan's turn, it instantly became a father-in-law and daughter-in-law chatting!

According to this, everyone looked at master Liancheng. It was hard to say who he would help!

Old master Liancheng glared at Rong Yan with a very disdainful gaze, then snorted and closed his eyes, as if he did not intend to say anything more to Rong Yan.

Rong Yan had liked this for a long time. The fact that the old man could snort meant that he was in a good mood. If he was unhappy, he would not say a word.

However, director Hu thought that old master Liancheng was dissatisfied with Rong Yan, so he was very happy.

The worse Rong Yan's relationship with old master Liancheng was, the greater his chances of winning, right?

Director Hu said to the old man in a flattering manner, " "Old man, it's a big event for our company today. You don't want the company's power to be held by a small Secretary, do you? Now that the president is not here, all of us have to listen to you. Whoever you want to be the acting president, Qianqian will definitely be better than some people who have ulterior motives for our company."

By 'someone with ulterior motives', director Hu was referring to Rong Yan.

Rong Yan smiled after hearing this and didn't care at all. She had a way to deal with people like director Hu, who had always been good at confusing right and wrong. Anyway, she was bored now, so she would let him jump around and laugh for a while, treating it as watching a clown.

Director Hu continued to persuade him, "the old master would like you to appoint a person, can you?" You're the retired emperor of our company. Our company was so glorious when you were the president. If you step in and appoint an acting president, everyone will be convinced."

For the sake of his ambition, director Hu wished he could be a grandson in front of old master Liancheng.

However, no matter what he said, the old man refused to open his eyes or speak. In any case, he was unmoved.

When Secretary Zhou saw this, he almost understood that the old master probably didn't want to come at all. It was director Hu's wishful thinking that the old master and Rong Yan had a grudge, so he would definitely stand on his side.

However, why didn't director Hu think about it? his last name in this company was Liancheng. No matter how much Rong Yan and the old master hated each other, she was now the daughter-in-law of the Liancheng family.

Secretary Zhou silently prayed that the old man would think the same way and not make a mistake.

Twenty minutes passed. Director Hu tried his best to persuade the old man. His throat was about to smoke. He was about to kneel down in front of the old man in front of everyone. He said all kinds of good things, but the old man was unmoved. He sat in the wheelchair with his eyes closed, as if he had fallen asleep!

Director Hu lowered his head to hide the hatred in his heart. He was so resentful that he gritted his teeth. The Liancheng family was indeed too despicable. When he gained power, he would deal with them.

Fortunately, he still had a second card. He didn't believe that the old man wouldn't be moved.

Chapter 1426 This is young master ya's son!

Director Hu glanced at Rong Yan, and a hint of resentment flashed in his eyes, which were almost hidden by the fat on his face. He lowered his head and said to the old master, "old man, i'll give you a big gift today. i'm sure you'll be happy to see it."

The old man was still motionless, as if he had really fallen asleep and could not hear anything.

Director Hu also knew that the old man probably didn't want to talk to him, but it didn't matter. When he saw the gift, he would only thank him.

"Someone, bring the old man's gift over," director Hu said loudly.

Secretary Zhou really wanted to pull out a gun and shoot director Hu right now. This fat pig was completely trying to get into his line of fire. He lowered his head and said, "Young Madam, Zhenzhen."

Rong Yan didn't care. it doesn't matter. Let him do whatever he wants. Let him use all his tricks.

Soon, a young, gentle-looking woman walked in with a boy who looked to be three or four years old.

The woman's eyes were very gentle, and she seemed very nervous. She pulled the little boy up to the main stage with his head lowered, and then whispered, "Mr. Hu, haha."

After Rong Yan saw the woman and the child, she almost instantly understood what he wanted to do.

the corners of rong yan's lips curled up into a cold smile. did she really think that she could deceive people with such despicable means?

He thought that the old man was a muddleheaded old man who was half-paralyzed and did not show his brain.

Secretary Zhou's eyelids twitched. What was going on this time? "young Madam, you're so silly.

"There's no hurry. Let's just watch the show," Rong Yan said lightly.

Director Hu glanced at Rong Yan arrogantly, then took the little boy's hand and pointed at old master Liancheng, saying, " "Little treasure, this is your grandfather's biological grandfather, so quickly greet him! Didn't you say you've always wanted to see your grandfather?"

the little boy was quick-witted and shouted, " Grandpa, Wanwan, Grandpa, Wanwan, are you really my grandfather? "

old master liancheng, who had his eyes closed the whole time, suddenly opened them and saw a rather cute boy standing in front of him, looking up at him.

Director Hu was secretly pleased. He knew that at old master Liancheng's age, what he wanted the most was a grandson. Moreover, he had never heard of the heir of the Liancheng family being a daughter. So what if Rong Yan had a daughter? Who asked you to not have a son?

As long as old master Liancheng acknowledged this child, would the Liancheng Group still have a place for Rong Yan in the future?

the more director hu thought about it, the happier he was. he said to old master liancheng, " " old sir, this lady is the mother of this child. she's the president's woman and has been following the president around without a word. she has given birth to his children and has never complained. this boy, look at hanhan, he's your grandson. he's such a cute child. if you don't believe me, you can ask him. "

Rong Yan's hands clenched tightly. Of course, she didn't believe that Liancheng Yazhi would betray her and have a woman outside. She still had confidence in her man and would never lose her cool because of such an unpresentable conspiracy.

What Rong Yan was worried about now was what if Lian Chengbo believed that the child was real?

Lian Chengbo had always wanted the position of the head of the family, and he did not want Liancheng Yazhi to continue holding power. If he believed that the child was real, he would definitely take this opportunity to abandon Liancheng Yazhi and let the child be the heir.

At this moment, director Hu asked, " "Little kid, who is your father? what's his name?"

Chapter 1427 Let's do a DNA test!

unexpectedly, the little boy raised his chin and said proudly, " my father's name is Liancheng Yazhi. My father is very powerful. He can lift me up high, take me flying, and tell me many stories. Ran ran's father said that he would take me home very soon, but ran ran's father hasn't come to see me in a long time. I miss him very much!

The child's expression was very natural and proud when he said this, as if he was proud of having such an amazing father. It didn't seem like Yingluo was lying.

But,

Rong Yan didn't believe it. She didn't believe a single word.

She even wanted to laugh out loud. A child not only wasn't shy in front of so many people, but he spoke with fervor and assurance. His words were clear, and he said so much in a short time with a natural expression. It was precisely because he looked like he had no flaws that it was even more fake. He had clearly been trained in private.

Did he really think she was a fool? he was underestimating her intelligence by using such a disgusting trick to trick her.

A murderous intent rose in Secretary Zhou's chest. How dare he say that he was young master ya's illegitimate son? he was really courting death. Whoever dared to defame their young master ya today would be waiting for death tonight!

Secretary Zhou was afraid that Rong Yan would believe her and quickly explained to her, " young Madam, don't believe me. This is a conspiracy. Before I met you, young master ya did have a few women, but I remember all of them. There was no such woman. Also, ever since you got together with young master ya, there were no other women around him. You know how young master ya does things. He would never let an illegitimate child exist.

In the past, there were also some women who thought they were smart and tried to blackmail Liancheng Yazhi with pregnancy, but they were all dead.

In the past, Liancheng Yazhi would never allow any woman to get pregnant.

In the end, Rong Yan held a cup of thick lemon tea and said without a care, " "Do I look like such a stupid woman? Besides, I don't think his taste would be bad enough to fall for such a woman."

secretary zhou heaved a sigh of relief. now it seemed that it was still good to marry a smart wife. at least, she would not be deceived by some vulgar conspiracies, and she would not lose her mind and be unable to judge whether it was true or not.

Secretary Zhou took a step forward and bowed to old master Liancheng. old master, I've been with young master ya for so many years. I know his character very well. Young master ya will definitely not allow such an illegitimate child to appear. Young master ya, I'm sure you know your child well. They want to confuse right and wrong and taint the bloodline of the Liancheng family. You must be clear about this kind of thing.

The people below were watching with great interest. Ten minutes ago, it was still a business war. Now, the plot had changed in an instant. It had become the scheming of the rich and powerful. This ups and downs, this change, it was really full of ups and downs.

Old master Liancheng looked at the cute child and didn't say anything. There was no expression on his face, so no one knew what he was thinking.

director hu hurriedly said to the old man, " old man, don't listen to secretary zhou's nonsense. this is really your grandson. your biological grandson. if you don't believe me, you can take him to do a paternity test. "

he was smart. a dna test? That could only be done if Liancheng Yazhi was around? He didn't have that father? He only had a son, so why would he need to do a DNA test?

Director Hu's plan was good.

He actually had another purpose for using the paternity test. He wanted to force Liancheng Yazhi to appear and see if he was alive or dead.

Chapter 1428 Just a little bastard

If Liancheng Yazhi really showed up, when the results were out, he would just push all the blame on the woman and say that he had been deceived by her.

It would be even better if ran ran didn't appear in Liancheng Yazhi. If this test couldn't be done, he would be able to say with more ease that this child was Liancheng Yazhi's illegitimate child.

No matter what, he could still advance and retreat.

Director Hu's plan was going well, but he still had to see if Wanwan accepted his role!

Rong Yan seemed to be an outsider. She held her tea and drank it in a relaxed manner. She was facing a farce as if she was watching a live stage play.

Old master Liancheng still didn't say a word. He was like a statue and his eyes didn't even move.

director hu was puzzled. he felt that his arrangement was very good, and the child's performance should not have any flaws. why was the old man not moved?

Director Hu patted Xiao Bao. Xiao Bao, go and find your grandfather. Follow him. You'll be able to find your father.

The child took a step forward and grabbed old master Liancheng's hand. "Grandpa, I'm called little treasure. I don't have a proper name. Dad said that little ran wants you to name me little ran."

Rong Yan laughed out loud. If the previous sentence was 'impeccable', this sentence was completely superfluous.

No one knew better than the old master about the relationship between Liancheng Yazhi and his father.

Would Liancheng Yazhi let the old master name his child? It was too laughable.

Just like

Even if you wanted to please the old master, you shouldn't use such a stupid method.

After the child finished speaking, old master Liancheng's eyelids twitched. Then, he reached out and touched the child's head. This action made the corner of Rong Yan's mouth Twitch. What was this old man trying to do?

Director Hu thought that the old man had tacitly approved of the child. He smiled and said, " old man, look at how well-behaved your grandson is. With you teaching him well, he'll definitely be a talented man when he grows up. He'll be able to lead the Liancheng Group better, don't you think so? "

rong yan sighed and said lightly, " director Hu, you've chosen the future successor of the Liancheng Group so quickly. Tsk, you've really put in a lot of effort!

“If you had a son, I wouldn’t have to worry about him,” director Hu said arrogantly.

The smile on Rong Yan’s lips became more and more obvious. She gently touched her stomach. Can’t give birth to a son? It didn’t matter. Her husband didn’t care anyway.

However, the Liancheng family’s business must all belong to her child in the future. No one could snatch it from her. Anyone who dared to touch her child’s money bag must be tired of living.

Rong nuo was so angry that she pointed at director Hu and scolded, ” stupid fat pig, you keep saying that he’s my brother-in-law’s son. why don’t you show me some evidence? who do you think my brother-in-law is? a random bastard from nowhere dares to pretend to be a member of the liancheng family. do you really think you’re living too comfortably? let me give you a piece of advice. be careful not to get yourself into trouble if you’re too mean. ”

Although many people said that children should not be implicated in the fights between adults, as children were innocent.

However, Rong nuo couldn’t care so much. She didn’t like the child at all. At such a young age, he was already not easy to deal with. He dared to run over and pretend to be her brother-in-law’s son. He was a little bastard.

The muscles on director Hu’s face trembled. I won’t stoop to your level. You’re indeed Mrs. Liancheng’s sister. I’ve learned a lot about your upbringing.

Rong Yan really wanted to whistle. Was he scolding her for having no manners?

Chapter 1429 You bad woman

However, he was right. What was upbringing? She really did not know.

Rong Yan’s fingers lightly tapped rhythmically on the blanket as she said with a smile, ” you’ve said so much, and this is the only thing you’re right about. That’s right, I’m uneducated. However, even if I’m uneducated, I’m still the matriarch of Xuanji’s Liancheng family, the real matriarch.

The people below all sighed with emotion. Their lady boss’s endurance was really off the charts.

if it was an ordinary woman, seeing a mistress with an illegitimate child running to the door to force an abdication, wouldn’t she be mad and rush up to fight?

Rong Yan, on the other hand, was good. Ever since the mistress and the illegitimate child appeared, the smile on his face had never stopped. It was not a forced smile, but a genuine happiness, as if he was watching TV, and the kind that was very funny.

Director Hu gritted his teeth. It was because of this that Rong Yan was so difficult to deal with.

Director Hu gave a look to the woman who had been standing there quietly without saying a word.

Then, in the next second, that woman suddenly took a few steps forward and knelt on the ground. In an instant, she cried, ” Mrs. Liancheng, I’m sorry. I know that I’m shameless and shameless. I shouldn’t have followed young master ya. I shouldn’t have destroyed your relationship with young master ya. However, I really didn’t mean to snatch him from you. I just want Zhenzhen to let this child acknowledge his ancestors and family, Zhenzhen.

a child can’t live without a father. You’re a mother too, so you must understand how difficult it will be for a child to grow up without a father, Yingluo.

“Don’t worry, as long as you let little treasure acknowledge his family, I’ll definitely go far away and never come back to you. Madam, I’m begging you, I’m begging you.”

The woman looked gentle and kind, like a young lady from a big family. She didn’t look like a mistress. She was crying, talking, and kowtowing. It was really touching. It was a bit sad to smell it, and the audience would cry.

Rong Yan waited for her to finish speaking before she laughed out loud. She stood up and slowly walked to the woman.

He bent down slightly and lifted the woman’s chin with his fingers. He looked her up and down for a while. “You want to snatch it from me? Acknowledge his ancestors and clan? Go far away? Are you sure?”

That woman was crying her eyes out. I’m sure, I’m sure, Hanhan, I’ll really go far away and never get close to little treasure again. If you’re still worried, I can go abroad to have a look.

Little treasure suddenly shouted, “Bad woman, don’t touch my mother, you bad woman Yingluo!”

Then, he was about to rush over. Rong Nuo’s heart skipped a beat and she screamed, “Tang Zong, stop that little brat, Zhenzhen!”

Seeing that he was about to put on Rong Yan’s face, it was already too late for Tang Zong to run over. He casually grabbed the cup that Rong Yan had put down on the table and threw it with all his might. It hit the child’s knee and with a loud bang, the child fell to the ground, less than half a meter away from Rong Yan.

After the child fell, he happened to be on top of the cup. The white porcelain cup was very thin and crunchy for the sake of beauty. Although the child was not heavy, the inertia of his fall instantly crushed the cup. The broken pieces quickly pierced into his flesh, and he cried out in pain.

Rong Nuo heaved a sigh of relief and quickly ran up. Sister, don’t move around. Go and do your job. You’re now a person with status. Just let me do rough work like beating people up.

She had been scared to death just now. If that little brat had really bumped into Rong Yan, the consequences would have been unimaginable.

Chapter 1430 I won’t let you and your mother be separated

The woman was stunned for a moment, then rushed to the child and picked up the crying child. She looked at the broken Porcelain pieces in his hand with heartache and said angrily, “Madam, how can you be like this? Little treasure is just a child. You guys, you guys, you guys, you guys, you guys, you guys, you’re all just kids.”

Rong Nuo rolled his eyes disdainfully. “Stop pretending to be sad. If it wasn’t for this little brat trying to run into my sister, we wouldn’t have bothered with him. He deserves it. He only has himself to blame.”

In the end, the woman said, “You’re too much. Little treasure is just a child. He can’t use much strength. What would happen if he was hit?”

These words made everyone uncomfortable.

she had thought that he was quite pitiful just now, but now it seemed that this woman's ability to distort the truth was quite impressive.

If this child was really from the Liancheng family and wanted to return to the Liancheng family, he had to be respectful to Rong Yan first. He had not done anything yet and he dared to bump into the real mistress. As the saying goes, "you look at your age when you're three years old. this little brat was like this at such a young age, who dared to raise him? Who knew if he would be an ungrateful person after he grew up?

Rong Yan turned a deaf ear to the woman's tearful complaints. She took out a handkerchief and slowly wiped the fingers that had touched the woman just now. She wiped every finger clean and then threw the handkerchief away.

it was only then that rong yan raised her head to look at the woman. "tell me, where did you get so much confidence? No matter how desperate my husband is, even if he's blind, he won't fall for someone like you. You want to pretend to be the Liancheng family's lover? you should at least look like me, right? compared to someone with your looks, even i feel that i have an unfair advantage, even my own level has dropped. if you had run to the koreans before you came and redeveloped your face, i might have believed yingluo."

Rong Yan's tone changed. however, I've always had a good heart. How can I bear to let you and your mother be separated? "

Rong Yan's words were sincere, but it was a little ironic when used on her.

Those who knew Rong Yan would know that you had to think deeper into her words!

That's right, I didn't want you to be separated from your mother. That's why I sent you all to hell.

This woman was so boastful. She even had the delusion of letting these little brats who came out of nowhere into the Liancheng family. Would they still be allowed to live?

In the end, both director Hu and that woman misunderstood. They thought that Rong Yan would not only acknowledge the child, but also not drive that woman away!

Director Hu then turned to old master Liancheng and said, " "Old man, take a look. Even the president's wife had admitted to it, so you should also quickly admit it!

Old master Liancheng laughed. His laughter was very strange, and his facial expression was also very strange!

Director Hu was a little stunned. Why was he laughing like that?

"Old master, when do you think Wanwan will let the mother and son into the Liancheng family?" Chairman Hu asked carefully.

The old man had stopped laughing, but when he heard this, he laughed again. He even glanced at director Hu. The complicated look in his eyes made director Hu's heart skip a beat. He suddenly had a bad feeling.

The woman had forgotten about her son's injury. She tried her best to hide the excitement on her face, " "Madam Liancheng, Yingluo, are you really letting little treasure and I go to Yingluo and enter the Liancheng family?"

Rong Yan chuckled and looked at the mother and son with a cold gaze.”I said ... I won’t let you two separate.”
