

Permit Me 1431

Chapter 1431 This is your grandson!

Didn't we say that we'll let people like you enter the Liancheng family? it's fine if they speak out and taint the bloodline of the Liancheng family, but how can we tolerate them tainting the place she lives in?

Did they really think that any random outsider could enter Liancheng's proud family?

Did they really think that 'Liancheng' was such a cheap surname?

Rong Yan raised her head and looked at old master Liancheng seriously. "It's almost time for this farce to end. I'm in a good mood after watching such a clown scene. What about you, old man? Do you think ran ran should let him enter the Liancheng family? As your daughter-in-law, I'll listen to you."

rong yan acted very virtuous, as if she would really agree to let the mother and son enter the house if old master liancheng agreed?

At the side, Rong nuo secretly pinched Rong Yan a few times. 'Big sister, how can you say that? what if the old man really agreed?

Rong Yan didn't seem to feel Rong nuo pinching her at all. She looked at old master Liancheng seriously, waiting for his reply.

Rong Yan was betting that the old man knew clearly in his heart that the child was not Liancheng Yazhi's son at all. She was betting that he would not let an unknown wild child seduce and taint his noble bloodline because of his personal grudge with Liancheng Yazhi.

On the other hand, if the old master denied the mother and son, it would be more convincing for her to deal with the shareholders who were trying to cause trouble. It would make everyone think that the old master was on her side and it would have a calming effect on the people.

Time passed by, and the hall was very quiet. No one spoke, and only the sound of the child crying in pain could be heard.

Even director Hu didn't dare to say anything. He was waiting for old master Liancheng's speech, afraid that he would miss something!

The woman was the same. She looked at the old man expectantly, hoping to hear what she wanted to hear from him.

She tightened her grip on her son's hand. As long as she could enter the Liancheng family, she would be able to squeeze Rong Yan out and enjoy endless glory and wealth. She would be held high and mighty wherever she went.

the old man didn't say a word, and director hu became more and more uneasy. he whispered, " old master, this is your grandson. You don't want him to wander outside, do you? young master ya is not young anymore, but he doesn't have a son. Isn't this great? "

The old man's eyelids twitched. After a while, he glanced at Rong Yan with a very ugly expression and finally said slowly, " "i'm old, i can't be bothered with these messy things yingluo"

As soon as he said that, director Hu's heart skipped a beat. what?!

He had just said one word when he heard the old man continue, "I only have one son, and that's Liancheng Yazhi. He's already married. Although I hate the woman he's married to, Hanhan's fate has already been decided and can't be changed. She's the real wife of the Liancheng family, so everything will be done according to the rules.

Old master Liancheng closed his eyes as if he was really exhausted.

His words sounded like he hated Rong Yan, but it was a solid proof for Rong Yan that she was indeed the matriarch of the Lian Cheng family. He was indirectly standing on Rong Yan's side.

The old master even said, "the truth is already set and can not be changed. what he meant was obvious. Rong Yan was the matriarch and that could not be changed!

As for the last sentence, everything will be done according to the rules, which was equivalent to telling Rong Yan how to deal with this matter.

Chapter 1432 don't bother with the dead

The method that the old master told Rong Yan was that she was already the official Madam of Liancheng. The Liancheng family's family rules stated that the position of the family head must be inherited by the legitimate son and grandson. Illegitimate children were absolutely not allowed and all illegitimate children were executed. This was the rule that the Liancheng family had followed for dozens of generations.

Therefore, no matter if that woman was telling the truth or not, she would never succeed.

If he was really an illegitimate child, according to the family rules, he would be killed immediately.

If they were here to deceive him, it would be even easier to kill their entire family.

In short, whether you are or not, there is only one word-die die die!

From the moment they stepped into this place under the name of Liancheng Yazhi's son and woman, they were already dead.

This was also the reason why Rong Yan had been letting them make a fuss and was too lazy to stop them. It was because she was a living person who was pregnant with a child. There was really no need for her to be calculative with a group of dead people. What if they hurt the little guy in her stomach?

Director Hu was dumbfounded. The old master had already made it clear that he didn't care about all these messy things. Rong Yan was the matriarch, so he would leave everything to her.

Director Hu was so confused that he couldn't understand what was going on. Didn't they say that the old master and Liancheng Yazhi were like fire and water? moreover, at rong yan and liancheng yazhi's engagement banquet, he had also seen it clearly. the fight was not fake.

The old man wanted to gain power so badly. Why would he give up such a good opportunity?

old Xuxu, old master, "director Hu stammered. w-what do you mean by Xuanji? "

Secretary Zhou's heart was finally at ease after the old man finished speaking. He kindly explained to director Hu, "The old man means that everything should be done according to the family rules!"

“Family rules?” director Hu asked. What house rules?”

Rong Yan glanced at Secretary Zhou. Secretary Zhou, what did you tell them about the Liancheng family’s rules? ”

“it’s yingluo.” secretary zhou tidied her clothes and walked to director hu. she said in a low voice, ” “the one who can inherit the liancheng family business must be the eldest son of the patriarch. no illegitimate children are allowed to exist. if anyone thinks he’s smart, the mother and daughter will be executed without mercy!”

There was still some distance between the main stage and the audience below. Secretary Zhou’s voice was just loud enough for the people on the main stage to hear clearly, but the people below did not know what he was saying.

this was the liancheng family’s internal rule. of course, no one could know about it.

Of course, why did he tell director Hu and the others? that was because they were all destined to die. It didn’t matter if he told them, because it wouldn’t leak out.

Director Hu’s face instantly turned pale. He fell to the ground and let out a muffled sound like thunder.

Secretary Zhou’s smile was very kind. director Hu, if you’re sure that he’s the son of the Liancheng family, then let me tell you, Wanwan. He’s a dead man now.

Director Hu shivered. He turned his stiff head and looked at the mother and daughter.

The two of them died?

Looking at them, director Hu seemed to have seen his own end. He brought his illegitimate son to his door, defamed young master ya, and tried to seize power. How could he be let off easily?

That woman suddenly rushed in front of the old master, knelt at his feet, and kept kowtowing. no, you can’t do this. I’ve really followed young master ya for many years. This is your grandson, your biological grandson. You’re so kind and loving. Could you really bear to see such a young child be killed by that evil woman? ”

Chapter 1433 Grandpa, don’t kill me!

the woman’s kowtows were very honest, and the banging sounds made people feel pain. soon, her forehead was red, and she cried, ” “Old master, it’s all my fault. I shouldn’t have fallen in love with young master ya, followed him, and given birth to his child. However, the child is innocent. Look at how young he is. He’s so cute and beautiful. Can you really bear to see him die?”

She turned around and pulled the child. little treasure, quickly kneel down and beg grandfather. Beg him not to kill you. Little treasure, quickly say it.

The child looked as if he had rehearsed it all. He knelt beside the woman with tears in his eyes. grandfather, don’t kill me. Little treasure will be filial to you in the future. Grandfather, I’m begging you, please don’t kill me. Little treasure will kowtow to you, I’m begging you, I’m begging you, I’m begging you, I’m begging you, I’m begging you, I’m begging you.

Such a scene was indeed very touching. Everyone would say, ” Aiya, what an obedient child.

Rong Yan still laughed.

The old man probably didn't feel any sense of accomplishment when he heard the child call him Grandpa. Instead, he felt disgusted and detested Yingluo.

Therefore, old master Liancheng was naturally disgusted to see a child pretending to be a descendant of the Liancheng family and calling him grandfather.

Old master Lian Cheng opened his eyes impatiently and his cold eyes swept across the three of them.

The child was young and innocent, but to the Liancheng family, they were illegitimate children. From the moment they were born, they were destined to be ‘sinful’. Moreover, this little brat had nothing to do with the Liancheng family.

what?! director Hu shuddered. old master, what do you mean by this? ”

rong yan was watching excitedly from the side. when she heard the old man's roar, she shrugged. " i thought you enjoyed this kind of family time. since you don't like it, then fine, yingluo. " "You guys go and pull them away, don't dirty the old master's eyes."

Four bodyguards stepped forward, and two of them dragged director Hu away like he was a dead pig.

Chapter 1434-instantly become a prisoner

As for the other two, one picked up the child and the other pulled the woman. No matter how hard they struggled, they were held tightly.

Rong Yan felt that it was about time, so she said to another bodyguard, "it's too chaotic here. Send the old man back to the sanatorium and let the people in the hospital Watch out for him. Don't let these cats and dogs run to the old man and become an eyesore.

The bodyguard nodded. it's Yingluo.

he walked to the back of the old man and pushed his wheelchair to leave.

rong yan said to the old man, "take care, old man. i'll bring meowmeow to see you in two days. you two can have a competition."

However, the old man snorted heavily. "Hmph, Yingluo doesn't need it. I won't see her even if she comes."

Rong Yan was not surprised at all that he would say this. She smiled and said, "it doesn't matter. We didn't expect you to see us. Anyway, we are going to see you. Whether you see us or not has no conflict with our going here!

oh, by the way, you must have a good rest when you go back. I don't want to go to your grave every year during Qingming. It's very troublesome.

The people present immediately sucked in a breath of cold air. Oh my God, Madam, saying such words to the old master, is she trying to anger the old master to death?

However, they did not get what they wanted. The old man's expression did not change and he was not angry at all. He only said to the bodyguard, "Let's go. I'm annoyed just by looking at her."

This kind of conversation was normal for the old master and Rong Yan. The kind of father-like and son-like filial piety would never happen. That scene was too strange and they didn't dare to think about it.

However, director Hu, who had been struggling with his arms twisted behind his back and stepping on the ground, suddenly shouted, "Old master, I can't accept this. I can't accept this. You hate Liancheng Yazhi so much that you even want him dead. I'm helping you. Why are you making the bogus accusation? don't you want the power of the Liancheng family? don't you want to take over the Xuanji of the Liancheng family?"

Director Hu had thought that his plan was perfect and flawless. With old master Liancheng, he would definitely be able to become the Acting Director smoothly and drive Rong Yan away.

He had never expected that old master Liancheng, who he was very sure would help him, would turn against him at the critical moment and cause him to be completely defeated.

He couldn't accept it. He had been fantasizing yesterday about what it would be like to become the president, and not to become a prisoner now.

old master lian cheng asked the person who was pushing the wheelchair to stop and turned his head around. he looked calmly at hu mingde who was being stepped on the ground and said, "I'll let you die with a clear understanding. No matter how bad and unfilial my son is, he's still my son. The same blood flows in his body as mine. I can fight for power with him or even kill him, but outsiders

can't. Because none of you are from the Liancheng family. It's an unforgivable crime to try to mix up the noble bloodline of the Liancheng family.

If old master Liancheng didn't point it out, director Hu might not understand why old master Liancheng would choose to help Rong Yan even until his death.

To the old master, no matter how much he quarreled with Liancheng Yazhi, it was just an internal fight behind closed doors. To put it bluntly, it was an unharmonious family, an unfilial son, and an unkind father.

However, no matter how they fought, they couldn't get out of the house. It was their family who caused a ruckus.

However, if one day, a passerby outside the door leaned on the wall and said, "open the door for me, I'll go in and beat your son for you," that would not do.

so, in essence, old master liancheng didn't want to help rong yan. he was only helping the liancheng family!

Chapter 1435-want to be cuckolded

Old master Liancheng left. He didn't say much from the moment he appeared to the moment he left, but his words carried a lot of weight and a lot of decisive weight.

Rong Yan sat down again. alright, you're done with your tricks. Now, let's talk about the real theme of today's meeting.

"but before that, we have to talk about this lady. are you still sure that he's liancheng yazhi's child?"

The woman bit her lip and her face turned pale from fear. She no longer had the pitiful and delicate look from before. She was now trembling all over as she held the child. She did not know how to answer Rong Yan's words and subconsciously glanced at director Hu. However, he was now being stepped on by Rong Yan's bodyguard and could not turn around. He could not help her at all.

The woman thought for a while and finally made up her mind."That's right, it's him, Yingluo."

In front of so many people, if she admitted that this child was not Liancheng Yazhi's illegitimate child, Rong Yan would immediately deal with them.

However, if she admitted it, Rong Yan wouldn't have any strong evidence in a short time. She would be wary of so many people below and wouldn't dare to do anything to them in public.

however, it was soon proven that a counterfeit was a counterfeit. no matter how hard he tried, it was useless.

Rong Yan's Red lips curled up, looking extremely beautiful. "Very good, you're persistent enough, Yingluo."

"Tang Zong, take out the item."

Tang Zong hurriedly stepped forward and took out a few photos and a few pages of information from the thick file. He placed them in front of Rong Yan.

“You’re Fang Wenjuan, and you live on the 9th floor of Block 3, Block B, Xiangyuan garden, right?” Rong Yan said unhurriedly.

The woman’s eyes widened in fear.”How did you know?”

Rong Yan held a piece of paper and shook it twice. that’s not all I know. I also know that you were a small star who just entered the entertainment industry five years ago. You played a few minor roles, but later, you became someone’s sugar daddy and stopped acting. The house you’re living in was bought by Hu Mingde three years ago. Don’t tell me I’m slandering you. I have the purchase procedures here, and I even have Hu Mingde’s signature when he made the payment. I also have photos of your family of three at the amusement park!

Rong Yan’s words made Hu Mingde and the woman even more afraid. They looked at Rong Yan as if they were looking at a monster.

they were both thinking, if this woman knew everything, why didn’t she take it out just now?

Rong Yan did have evidence. Tang Zong’s efforts yesterday were not in vain. However, when they were having a great time, she did not take it out.

Because Rong Yan wanted to see what the old master was thinking.

If he really acknowledged the child, she would not be in a hurry to take it out when the time came.

However, old master Liancheng didn’t let Rong Yan down. She had made the right decision.

“Tang Zong, show them the photo,” Rong Yan said to Tang Zong.

Tang Zong walked over with the photo and threw it at Fang Wenjuan’s face. “Look at it carefully!” He said.

Those photos were basically of the family of three together, and there were also photos of Hu Mingde and Fang Wenjuan kissing as if no one else was around. Even a fool could tell what the relationship between the three of them was with just one look.

Rong Yan smiled and said, “director Hu, you’ve really widened my horizons. This is the first time I’ve seen a man who wants to be cuckolded so much. If you think so, I can help you. Find a few men and let your little lover have a few children. Later, he will call you ‘father’. This is still very easy.

Chapter 1436-a good show of falling out

Hu Mingde’s face turned red with anger. His carefully planned plot was not even worth mentioning in the eyes of his opponent.

tang zong took out two more photos and threw them in front of director hu. he then shouted,”Open your dog eyes wide and look clearly!”

Tang Zong felt as if he had suddenly turned into a Lackey, and it was especially fun.

Rong Yan said into the microphone in front of her, ” everyone present has clearly seen the whole incident. In order to steal my Liancheng family’s company, our company’s director Hu brought his illegitimate child and mistress here and asked them to pretend to be my husband Liancheng Yazhi’s woman and child. He tried to defame my husband and destroy our relationship. His bigger conspiracy is to Annex the entire Liancheng Group. Such a despicable, shameless, stupid, and

ignorant person still wants to Annex the Liancheng Group. Can such a person still stay in the company? ”

“We can’t kick him out of the Liancheng Group and take back his shares,” the higher-ups in the audience shouted.

Oh, I forgot to tell you. This director Hu is not only despicable, he’s also a murderer, Yingluo.

As soon as Rong Yan said this, she immediately sighed endlessly. Hu Mingde, who had been struggling, instantly stopped moving and looked at Rong Yan in horror.

Rong Yan smiled. a few months ago, director Hu’s wife died. He had a heart attack when he announced it to the public. However, the real reason was that he had an affair with Fang Wenjuan and was found out by his wife. Then, he and Fang Wenjuan worked together to push his wife down the stairs and hit the injured person’s head with a heavy object, causing her to die completely.

When Hu Mingde heard what Rong Yan said, he immediately shouted, ” you’re slandering me. I’ll Sue you for slander. Rong Yan, you b * tch, you’re slandering me.

Before he could finish his words, the bodyguard who was holding him down gave him a hard punch on the face, causing Hu Mingde to spit out two bloody teeth on the spot.

Rong Yan said lazily, ” whether I’m slandering you or not, the police will find out. If you’re innocent, you two can come out alive. If you’re not, then you can wait for death.

After Rong Yan finished speaking, another group of uninvited guests arrived in the meeting room. There were many of them, a total of 20 to 30 uniformed policemen.

One of them stepped forward and took out an arrest warrant. Hu Mingde, Fang Wenjuan, we’re now arresting you for murder. Come with us to the police station to cooperate with the investigation.

Two tall policemen stepped forward, put Hu Mingde’s hands behind his back, and handcuffed him. Then, they took him away.

He shouted loudly,”I, Yingluo, didn’t kill anyone. I didn’t. Yingluo, that woman framed me. Yingluo, she slandered me, Yingluo.”

the other two policemen, a man and a woman, pulled fang wenjuan away and handcuffed her as well.

Only then did Fang Wenjuan come to her senses. She had been caught, and she was going to jail? No, she had killed someone. She would be sentenced to death.

She was still so young. She could not go to jail. She could not die.

Fang Wenjuan suddenly seemed to have gone crazy as she screamed hysterically, ” “I didn’t kill anyone, I didn’t do anything! It was all Hu Mingde’s fault! Hu Mingde did it alone! I didn’t do anything! That woman wasn’t dead when she fell down the stairs! It was Hu Mingde who smashed her to death with a baseball bat! It had nothing to do with me! I didn’t kill anyone! Officer Cha, you guys should arrest him, not me! I really didn’t kill anyone, Qianqian!”

rong yan raised her eyebrows. a good show of turning against each other was about to start.

Chapter 1437 The fetus was aborted

Rong Yan didn't like to teach people a lesson now. Liancheng Yazhi said that the best way to make a fool out of people was to watch them kill each other and fight each other like dogs.

Sure enough, when Hu Mingde, who was still complaining about being wronged, heard that he had been bitten out by Fang Wenjuan, he was so angry that he wanted to strangle this woman to death on the spot. He weighed over 100 kilograms and was not short at all. Like a mad man, he broke free of the two police officers who were holding him and rushed to Fang Wenjuan. He raised his leg and kicked her. He was so strong that Fang Wenjuan fell to the ground and rolled a few times before she stopped.

"You b * tch, you're slandering me! Watch me, I'll beat you to death! I'll beat you to death! I'll feed you, I'll feed you, I'll feed you, I'll feed you, I'll feed you, I'll feed you money, what did I do to you that you betrayed me?! I'll beat you to death, then what are you doing?!"

Hu Mingde vented all his anger on Fang Wenjuan. He punched and kicked Fang Wenjuan, and a series of screams rang out in the auditorium!

Just a moment ago, the two were lovers, but now they had turned against each other and would not rest until one of them was dead. Hu Mingde's madness seemed to want to beat Fang Wenjuan to death, and the two police officers couldn't stop him, like a crazy beast.

Suddenly, Fang Wenjuan let out a shrill scream, "ah! No! Don't hit me! My stomach! My stomach! My stomach! It hurts! It hurts! My stomach!"

Rong Yan was watching intently. When she heard her shout, everyone looked at Fang Wenjuan's stomach like everyone else. Then, they looked down and saw a pool of red blood on the floor under Fang Wenjuan. When they saw this Rong Yan, they frowned and immediately turned their heads.

Rong nuo scratched his chin. Oh, she miscarried? hurry up and send her to the hospital.

If he had seen a stranger having a miscarriage on the streets, Rong nuo would definitely not have been so indifferent.

However, this Fang Wenjuan had been beaten by Hu Mingde until she had a miscarriage. Rong nuo felt that he deserved it, and he felt very good about it!

This was karma. The two of them had tried to harm someone, but in the end, Wanwan had aborted their own child.

When Hu Mingde saw the pool of blood on the ground, he froze for a moment and stopped as well. He stood there in a daze. The four police officers quickly came forward and pushed him away.

As for Fang Wenjuan, she was sent to the hospital. However, she was accompanied by the police. Her child was gone, but her crime was still there. When she recovered, she would also be punished by the law.

There were seven or eight police officers, but there were still many left. They sat in the empty seats below and seemed to be waiting.

As for what she was waiting for, Rong Yan was the clearest about it.

Rong Yan turned to look at Hu and Fang's sons. The three-year-old boy had been completely shocked by the sudden turn of events. He was in a daze and his eyes were dull. He did not even know how to cry and was no longer as clever as he was in front of old master Liancheng.

his parents had been caught for killing people and would be shot to death sooner or later. he was now equivalent to an orphan.

Was he pitiful?

Rong Yan didn't feel anything now.

However, from his series of actions in front of the old man, it could be seen that this kid would not be easy to deal with when he grew up.

Secretary Zhou saw that Rong Yan was looking at the child and said in a low voice, "Young Madam, don't ask about this, Wanwan. I'll handle it."

Secretary Zhou knew that Rong Yan's heart might soften when she thought of her child at this time and she didn't know what to do. However, he didn't have so many scruples!

"Alright, I'll leave it to you." Rong Yan smiled.

Chapter 1438 expelled from the liancheng family

If she really let Rong Yan deal with it, she would indeed be in a difficult position. She didn't know what to do because she was also a person with a child. A woman would only have true feelings for her child when she became a mother.

The appearance card would soften the child's heart when he thought of his own child.

However, she was also aware that her momentary softheartedness today could very likely bring about endless disasters in the future.

The wildfire can't burn everything down, but the spring breeze will make it grow again.

Since she couldn't make a decision about the child, she would leave it to Secretary Zhou.

She could also lie to herself and say that she did not see it and did not know what Secretary Zhou did.

secretary zhou got someone to take the child out.

With three people gone, Rong Yan felt that the area in front of her was finally clean for a while.

At this moment, Rong Yan felt happy, but some people were already so afraid that they wanted to die. A new bean was about to have a baby.

Many of the people in the audience might not understand what the group of police officers were doing, but the shareholders on the stage were very clear about it.

The police officers that Rong Yan had found were like the messenger of death. Whoever she pointed out would end up dead.

The feeling of waiting for death was even more terrifying than the moment of death. This was because they were repeatedly tortured in fear. They were exhausted and their hearts were about to burst from fear.

Those who had a guilty conscience knew that it would be their turn after dealing with director Hu. The police were waiting to take them away. Rong Yan was not any Kinder than the president when she attacked.

Rong Yan turned around and glanced at the shareholders around her. After admiring their wonderful facial expressions, Rong Yan said happily, " "Alright, those who don't want to work here are finally gone. We're all family, so there's no need to be polite. I'll say this in advance, don't try to plead for anyone. He committed the crime of murder, and the evidence is conclusive. This time, he's going to die. So, don't waste your time. I believe that none of you are anything."

Rong Yan paused and looked around. so, I now propose to abolish Hu Mingde's status as a shareholder in the Liancheng Group and expel him from the company. I wonder if anyone has any opinions on this? "

Rong Yan looked at them slowly. Her eyes were not sharp at all. She even had a gentle smile on her face, which was very beautiful.

However! Rong Yan's words were like needles in their ears! He was going to kill them at any moment.

Someone quickly said, " Yes, Madam Liancheng. You're right. It's right. It's only right to pay with one's life for killing. He has done so much. It's only right. It's only right that he should be ashamed.

that's right, that's right. Director Hu, no, it's that guy Hu Mingde. I've known that something was wrong with him for a long time, but I didn't expect him to commit such a heinous crime. He should indeed be handed over to the police and be punished by the law. That way, our company can set the record straight.

The corners of Rong Yan's mouth curled up. This was a good way to say it, and she quite liked it.

However, what was about to happen next might not make them happy.

rong yan nodded in satisfaction. her eyes glanced at the people who were waiting for him to eat and she slowly said, " " alright, since everyone has agreed, then we'll post this punishment on the company's weekly report today. i hope everyone can abstain from it. "

.....

Chapter 1439 We were all forced

we agree, "the shareholders said. we support Mrs. CEO's decision.

I support, I support Yingluo's punishment. We have to let the employees who have been deceived know the truth!

In the midst of the laughter and discussion below, Rong Yan looked at the shareholders who were either wiping their sweat or trembling. it's good that everyone agrees. Then, let's move on to the topic that director Hu has been struggling with. We'll remove Secretary Zhou from the position of acting president and elect a new acting president. Now, let's start voting.

In the end, when Rong Yan said this, those shares trembled fiercely at the same time.

He immediately began to explain.

no, no, no. I don't think we should vote. We believe in the president's decisions and fully support his decisions. Besides, we have all seen Secretary Zhou's ability. He is definitely qualified to be the acting president.

yes, yes, yes, she'll definitely be up to the task. It was Hu Mingde's plan to re-elect the acting president, and it has nothing to do with us. We were all forced by him, Hanhan.

that's right, that's right. It's all thanks to your decisiveness, Madam President, that you were able to deal with Hu Mingde. If the company had really fallen into his hands, it would have been really dangerous!

Rong Yan smiled and tapped her fingers on the table. "You really think so?"

"That's really what I think. I won't dare to have any second thoughts. We were struggling to attend this meeting today. Yesterday, Hu Mingde called me and said that I could attend the meeting today without saying anything. I just had to help him vote during the voting. I was struggling in my heart and didn't sleep last night. Look at the dark circles under my eyes."

me too, me too. Last night, Hu Mingde called me, and it was exactly the same as what he said. People like us used to only listen to the president when he came to work, but it wasn't because of the recent rumors that something happened to the president, Wanwan, that we panicked and fell into Hu Mingde's trap. Madam President, please be clear that we really don't have the guts to seize power. We're all Wanwan. Wanwan was forced by Hu Mingde? "

rong yan watched coldly as they pushed all the blame onto hu mingde one by one. that's right, what they said was right. they didn't do anything and just stood there. it was hu mingde who was fighting with her.

However, if the person sitting here was not her Rong Yan but Hu Mingde, what would they say?

Hmph, they're just a bunch of fence sitters. This is like watching a murder, watching the murderer and the victim fight but not willing to help.

They were indirectly killing people, and this kind of person was even more despicable!

Rong Yan curled her red lips and said coldly, "forced?" Well, tell me, did Hu Mingde capture your family to threaten you? Or did he put a gun to your head?"

As soon as Rong Yan said this, the shareholders instantly fell silent. The person sitting closest to Rong Yan stuttered, " "We're afraid of Yingluo, we're afraid of Yingluo."

rong yan was impatient to argue with them about this meaningless question. "okay, let's not talk about this and continue with the previous topic. are you sure you don't want to vote?"

—

Chapter 1440 This woman is a poisonous Scorpion

The shareholders still shook their heads. no, I won't, I won't. I'll do as you say, Wanwan.

After Hu Mingde's lesson, they didn't dare to challenge Rong Yan.

This woman is a poisonous Scorpion.

Hu Mingde had been arrogant in the beginning, but he ended up in a miserable state, and might even be shot to death in the future. This was a huge gap. He and his little lover, Fang Wenjuan, actually had a very good relationship. A woman who had stayed by his side for five years, even gave birth to a son, and even killed her own wife for that woman, how could their relationship be bad?

however, in the end, hu mingde and fang wenjuan ended up fighting among themselves and even aborted the child in her stomach. although it seemed like they were the ones who fought, why did this happen?

in the end, all of this still fell on rong yan. this arrangement, this scheming, this cold-bloodedness ... it wasn't something an ordinary person could do.

Rong Yan, this woman, seemed to be sitting there and not saying much. When Hu Mingde was clamoring, she seemed to be suppressed. However, from the beginning to the end, this seemed to be a play that she had arranged. Hu Mingde, Fang Wenjuan, and possibly them, were all arranged characters in this play.

She was the one who decided what to say and what to do.

in the end, her fate would also be controlled by her!

Rong Yan raised her hand to support her chin and said slowly, " "Fine, I gave you a chance, but you didn't take it. Don't blame me."

The swollen shareholders were all stunned. What did he mean?

Rong Yan didn't give them too much time to think and continued, " "since you guys aren't going to vote, then you guys won't have any more scenes. for now, i'll have the final say. "

The smile on Rong Yan's face instantly disappeared. She called out, " "Tang Zong,"

Tang Zong hurriedly stepped forward and said,"yes, it's all here, Zhenzhen."

Seeing the stack of documents in front of Rong Yan, the shareholders felt as if there was a poisonous snake crawling on their backs. At this moment, the poisonous snake had already opened its mouth and revealed its sharp poisonous fangs, aiming at their necks, waiting to bite them.

They weren't fools. When they saw the information, they knew that it was their turn next.

Rong Yan wouldn't let them go. How could Rong Yan let them go? they were too naive.

Rong Yan took out a set and called out, " "Thank you, director Wanwan."

No one answered, and Rong Yan didn't care. She continued, " "From 2012 until now, you have embezzled a total of 79 million Yuan from public funds. Recently, you have been eyeing the 500 million Yuan approved by Secretary Zhou. If not for today's meeting, you were planning to empty 100 million Yuan next week, right? Do you have anything to say about this?"

After Rong Yan finished speaking, the senior executives below the stage immediately sighed. This was more than 70 million Yuan, a sum that they would never be able to earn in their lifetime.

Director Xie's face turned pale. I ... I ... You ... It's impossible ...

he had actually done it very secretly. every time he embezzled a small amount of money, he would personally ask about it when he was doing the accounts and wiped it off very quickly. later,

when he saw that liancheng yazhi did not check, he became more and more daring and more dissatisfied.

Rong Yan looked at him, her eyes sharp like two sharp knives. are you trying to say that you're always very secretive about it and my husband didn't even find out? how did I find out? ”
