

Permit Me 1491

Chapter 1491-unable to feel at ease

Xin Yang drove Liancheng Yazhi and the others all the way to the secret stronghold he bought for himself in s city. He knew how to enjoy life and bought a house in the most luxurious villa area in s city. This real estate company was very strict in keeping customer information confidential and had good security measures.

The car drove straight into the garage, and mu weibai and Jian Jie carried the box containing Kang Yu down.

After entering the room, Xin Yang quickly brought drinks for the three of them. "You can rest for a while. I'll get a plane to send you back to the capital."

liancheng yazhi frowned and did not speak immediately. he was thinking about something in his heart.

It was impossible for no one to know about it, but Liancheng Yazhi had been so careful. Now that they were at their doorstep, it would only take a few hours to get home by plane. He didn't want to waste any more time.

What's more, Xin Yang had swaggered in with an ordinary small truck. This matter was strange in itself. The security guards had already seen it. It would not be surprising if it was exposed.

Since things had already come to this, there was no need to continue hiding!

after pondering for a while, liancheng yazhi nodded. alright, that's it then. Go and do it immediately. Don't dawdle on this matter and don't cause any more trouble!

"Yes, I understand."

Liancheng Yazhi called out to him,"wait, Yingluo."

"young master ya, do you have any other orders?" xin yang stopped.

Liancheng Yazhi slowly picked up the drink in front of him. He spun it in his hand but did not drink it. He asked,"How's Su Yue doing?"

Xin Yang paused for a moment and replied, "he, although he has not been stripped of his identity as the heir, it is almost done. Most of the power in his hands has been distributed to his cousins by the SU family's old master. He is basically a figurehead now and has very few resources at hand. Last month, he managed to win a big order overseas. In order to regain his position in the SU family's old master's heart, he went overseas.

Liancheng Yazhi said lightly,"Oh, he's overseas, Yingluo."

"Su He, Su Qing, are you still in contact with them?" he asked.

"There's still some connection. Su 'er hasn't been stripped of her right of inheritance, and I haven't completed the task you gave me, so I'm afraid ..."

liancheng yazhi put down his drink. "alright, i got it. you can go."

Xin Yang still wanted to say a few more words, but he didn't know what to say. He bowed to Liancheng Yazhi and turned to leave.

he simply patted Liancheng Yazhi's shoulder."What are you thinking about? it's only three o'clock now. We'll definitely be able to return to the capital today. Don't worry."

However, Liancheng Yazhi said, "I can't be at ease, Yingluo."

"Why?"

After a long while, Liancheng Yazhi suddenly stood up."If my wife sees me like this, it will definitely affect my handsome image in her heart. No, I have to take a shower and tidy myself up."

Simple Kasaya

Mu weibai Qianqian

Liancheng Yazhi ran to the bathroom and took off the clothes that already had a smell. He washed himself from head to toe, especially his hair. He washed his hair five times with shampoo, and his scalp was almost rubbed off. He only came out of the bathroom when he felt that the smell on his body had almost disappeared.

after taking a shower, Liancheng Yazhi found Xin Yang's separate cloakroom and found a few new clothes with brand tags that had not been removed. he wore one himself and took the rest out.

after he went downstairs, he threw them to the two of them. "You guys go and pack up, and change into your clothes."

Chapter 1492 The person who returned from blood and death

the two of them looked at each other, then silently picked up their clothes and went into the bathroom.

The simple wound had not healed yet, so he could not take a shower. He could only use a towel to wipe his body and wash his hair. Then, he came out.

Although he wasn't very particular about his clothes, no one in Huahua wanted to be sloppy.

When she came out, she saw Liancheng Yazhi standing in front of the window and looking outside. What are you looking at? "

Liancheng Yazhi smiled. it's nothing. I'm in a good mood because I'll be able to see my family in a few hours.

simple, " he asked. have you ever thought about abandoning your previous life and living a normal life? "

He leaned against the wall. He was very tall, even taller than Liancheng Yazhi. These days, he had been injured and had been very bumpy. His nutrition had not been up to date, and even Liancheng Yazhi had lost so much weight, let alone him. He was still tall and straight even when he was leaning against the wall, but he used to be like a sharp sword. Now, he was like a green bamboo. He was very thin, but his pride was still there.

Moreover, after so many days of blood baptism, the murderous aura on him and Liancheng Yazhi's bodies had become even stronger. People who had returned from the dead and blood always had an aura that kept gods and ghosts away.

He carefully thought about Liancheng Yazhi's question and finally smiled. I've never thought about it before, but recently, I've occasionally thought about it. But Qianqian, I feel that I was born in artillery fire and grew up in a storm of bullets. Once I'm really far away from the smoke of guns and the battlefield of killing, what do I have left? "

Liancheng Yazhi

He didn't say anything, because he suddenly didn't know what to say.

Everyone needed a 'point' to support their life. If this point was gone, then there seemed to be no meaning to life.

Unless ...

Like him, he could find a new support to live on and work hard for.

The conversation between the two ended.

Two hours later, it was already past five in the afternoon. The sky outside had started to turn dark. Xin Yang had returned from outside.

"Young master ya, everything has been arranged. The plane is parked five kilometers away from here. We can set off now."

Liancheng Yazhi didn't ask any more questions and stood up."Good, Yingluo."

He still drove the small truck and left Xin Yang's Villa.

On the road, Liancheng Yazhi looked at the high-rise buildings on both sides. At first glance, they seemed no different from the imperial capital. They were all high-rise buildings made of steel and cement and were equally prosperous. The city was the same, but to people who were in it, the difference was whether there was someone you cared about in this city!

The car drove on the road. It was not rush hour yet, so it was not particularly congested. However, the further they drove, the fewer high-rise buildings they saw on both sides.

The plane landed in a remote construction site in the suburbs. Because the investors had delayed their salaries, that generation was in a state of suspension. There were not many people, so it was suitable for the helicopter to land and take off without many people knowing.

Xin Yang pointed to him while driving. "Young master ya, look, that's it. We'll be there soon."

A few hundred meters away, he saw a black helicopter parked there.

However, when they were about 100 meters away from the helicopter, a lot of cars suddenly rushed out from all directions. They seemed to have appeared out of thin air and were incredibly fast. They surrounded the small truck in the middle and then quickly narrowed the circle, forcing the small truck to stop at a distance of 50 meters from the helicopter!

Chapter 1493 No one dares to touch me

Liancheng Yazhi, who was sitting in the front passenger seat, quickly braked, and his body shook twice before he stopped.

The coldness in his eyes was like a sharp blade that had already pierced into the enemy's body. He did not look at the carriages, but turned to look at the shocked Xin Yang.

Liancheng Yazhi's eyes made Xin Yang's heart tremble. He hurriedly said, "Young master ya, I didn't tell anyone, and I don't know how the news was leaked. Please wait a moment, I'll go down and take a look."

Xin Yang pushed open the car door and got out.

Liancheng Yazhi looked at his back. He walked directly to one of the cars that looked exactly the same and said something to the person in the back seat.

Liancheng Yazhi could only vaguely see his anxious expression, so he deliberately lowered his voice!

He simply jumped out of the car and stood outside the door of the front passenger seat. He leaned against the door and said to Liancheng Yazhi, "I didn't expect there to be such a scene even though we're back in China. Guess who it is."

Liancheng Yazhi was not worried. There was only impatience on his face. I'm out of this industry now. It's fine. No one in the country dares to do anything to me.

In the country, even su 'er would at most try to weaken him and take over his company. She would not dare to kill him! Those who dared to lay their hands on him were all desperadoes who did not want to live, just like that older brother of Madam Xia, Zhu Mei.

Smart people knew Liancheng Yazhi's bottom line and also knew the Liancheng family's strength. They could use money, but they could not touch people. If they dared to touch the Liancheng family, they would be exterminated.

Xin Yang was still conversing and asked simply, "Could it be Yingluo?"

"No, even if they knew, they wouldn't have set it up so quickly." Mu weibai jumped down and stood next to Jian Yi.

They all knew who he was simply talking about. Even if the military wanted to take action, it should be after Liancheng Yazhi brought Kang Yu back to the capital, not here.

Mu weibai looked at the letter and raised his eyebrows. "This brat ..."

He only said three words and didn't say the rest. Anyway, it was enough for everyone to know what he meant.

After a while, Xin Yang walked over. His face was a little pale and he had a difficult expression. "Young master ya, it's Yingluo."

Before he could finish, Liancheng Yazhi interrupted him impatiently. "Su He, it's still Su Qing!"

He spoke with great certainty. It was not a question, but a tone of absolute certainty.

xin yang's pupils shrank, "young master ya, what are you doing?"

Liancheng Yazhi looked over coldly, and Xin Yang's voice stopped abruptly. Liancheng Yazhi said indifferently, "I've never taken the initiative to meet people who don't have high status. Don't hide in the car after such a big fuss. I don't have time to waste with him."

Xin Yang's eyelids twitched. He knew that Liancheng Yazhi was not just angry now. He must really want to kill someone.

However, before he could speak, Liancheng Yazhi said to Jian Yi, "You two carry the boxes onto the plane. Don't worry about them."

He didn't move the luggage because he was worried that it wouldn't be safe to leave Liancheng Yazhi alone after he and mu weibai left. However, seeing his calm and composed appearance, he wasn't worried at all, so he carried the box down with mu weibai!

When the two of them carried the boxes and walked past the cars, a group of men in Black got out of the cars and blocked their way. They even took out guns and pointed them at the Jian.

Jian Jie smiled, and the scar on his face moved along with his smile. He and mu weibai didn't stop, and each of them took out a gun from their waists.

Chapter 1494 The aura of death from hell

Two people against a group of people, no matter how one looked at it, there seemed to be no chance of winning. But if Qingqing was two wolves against a group of sheep, it was a different matter.

Jian Jie and mu weibai had just been baptized in blood for two months, and there was still a strong smell of blood in their bones that couldn't be concealed, as well as a dense aura of death that seemed to come from hell.

They walked over step by step, like the Grim Reaper was about to swing his scythe and cut off the souls of the living.

The Men in Black felt a fear that came from the bottom of their hearts. Just by looking at them, they felt their bodies turn cold. The hands holding the guns felt like they were frozen to stone. They were forced to retreat step by step by the two men, not knowing how to shoot.

With a bloodthirsty smile on his lips, he walked in front. His steps did not slow down because of the appearance of the Men in Black. Instead, they became faster and faster. He pointed the gun in his hand at the people in front of him and pulled the trigger without hesitation!

jian yi was like a cat toying with a mouse. every bullet he fired brushed past the person's ear. he fired six bullets in a row, and each one was exactly the same, with no deviation of more than two centimeters. the accuracy was as if it had been measured.

Moreover, after the simplified version of the first shot was fired, mu weibai also fired. The simplified bullets all flew past those people's ears, while mu weibai's bullets landed at their feet.

Jian Jie and mu weibai worked together tacitly. The two of them scared the dozen or so tall men in front of them until they trembled. After taking a few steps back, their legs went soft and they knelt on the ground. It was good enough that they didn't wet their pants, let alone stop them.

lian Cheng yazhi sat in the car and did not get out. when he saw this scene, his lips curled into a cruel smile.

A person who had never killed anyone with a gun was worse than a rabbit. They could only be slaughtered.

Xin Yang stood there, looking at the simple and mu weibai's smooth journey. He carried the wooden box, passed through the encirclement, and boarded the plane.

he glanced at the only car among the cars that had not opened its door. it was the car that he had been standing in front of and talking to the person inside for a long time. he frowned very tightly. after a while, he turned his head and wanted to talk to liancheng yazhi, only to find that liancheng yazhi was looking at him with a faint smile. his body trembled when he saw the penetrating gaze, and he did not dare to look into liancheng yazhi's eyes.

"Young master ya, please wait a moment. I will tell him what you said." Xin Yang took a deep breath.

He turned around and walked to the front of the car. The moment he put his hand on the window, he realized that his hand had been trembling.

Xin Yang let out a breath of turbid air and said, "Come down and apologize to young master ya. He's not someone you can afford to offend. He's Liancheng Yazhi, and even Su Yu can't touch him. What do you think you can do, Yingluo? don't bring about your own destruction. If you really made young master ya angry today, he can settle you right now. Look at the people you brought with you. Do you think they can help you stop young master ya and the others?"

There was no sound in the car. After a while, the door opened, and the driver and another bodyguard carried the person in the back seat out of the car.

It was a man with skin as pale as snow. He was thin and sat in a wheelchair. He was in his thirties and had an indifferent aura. He was handsome and had a slight resemblance to su Yue.

Chapter 1495 the two things i hate the most

But because of his skin color, he looked a little elegant and delicate.

His eyes were gentle, and he looked like a very good-tempered person. He had the aura of a hermit, but Liancheng Yazhi knew that this was all a lie.

This was not a recluse with no desires. On the contrary, Lao Ai was an extremely ambitious Wolf with broken legs!

The chauffeur pushed the wheelchair and pushed him in front of Liancheng Yazhi.

He nodded at Liancheng Yazhi and smiled. "I'm Su He from the SU family. I've heard of young master ya's name for a long time, and I've finally met you today. You're indeed extraordinary. Since I'm in this city, I'd like to be a good host."

Before Su He could finish, Liancheng Yazhi impatiently interrupted, "There are two things that I hate the most right now."

"First, you're wasting my time."

second, you're holding me back from reuniting with my family. You'll have both.

lian Cheng Yazhi had always been cold and arrogant, and he was very arrogant in front of people he didn't like. Now that he was sitting in the front passenger seat, he was already better than Su He, and with his own advantage, he seemed even more arrogant. He didn't even look at Su Ran.

He had guessed that it would either be Su He or Su Qing. After Su 'er was taken down, the SU family would definitely fall into their hands.

However, the fact that he helped them get rid of Su Yue did not mean that he liked the SU family.

lian Cheng Yazhi also knew very well that there were no eternal friends or eternal enemies in this world. There were only eternal interests.

He had never expected Su He to thank him. He just didn't like Su Yue. If he didn't like Su He in the future, he could still get rid of him. No, maybe he didn't even need to wait for the future. He already liked him now.

Su He also understood the relationship between these. He had already begun to faintly replace Su Ran to take over the SU family, so he naturally did not want to be like Su Ran and be manipulated by Lian Cheng Yazhi behind the scenes to lose everything he had. That was why there was such a scene.

Su He, on the other hand, was patient. His expression did not change, and he smiled gently. "Young Master Ya, I'm sorry about what happened today. Please don't misunderstand. I just thought that this is a rare opportunity and wanted to invite you to my house as a guest. I have no other intentions.

Lian Cheng Yazhi smiled sarcastically. "Is your status worthy of it? Even if your clan's old master were to stand in front of me, you'll see if he dares to say he's treating me as a guest!"

Su He's grip on the wheelchair's handle tightened. He had always been concerned about his status. It could be said that his superficial aloofness was actually to hide the inferiority he felt deep down. Because Yueyue was disabled, he would never be able to stand up again.

Although Lian Cheng Yazhi's words did not mention that he was disabled, he always thought that Lian Cheng Yazhi was mocking him for being disabled!

Su Qi suppressed the urge in his heart and smiled. "Young Master Ya, please don't be angry. My status may not be worthy, but I really want to invite you. For this, I even specially asked Xinyang a lot of things about you, so as to avoid making you unhappy in a moment of carelessness."

Xin Yang's face instantly turned pale. He glared at Su He. What was Su He trying to do by deliberately saying this in front of Lian Cheng Yazhi? Did he know that by saying such words, he was not embarrassing Lian Cheng Yazhi, but was looking for death?

Lian Cheng Yazhi glanced at Xin Yang from the corner of his eyes and smiled faintly, not affected by Su He's matter at all. "Oh, really? I'd like to hear what he has said to you."

Chapter 1496 Traitorous trash

He simply jumped down from the plane and strode over with a fierce look on his scarred face. Lian Cheng Yazhi, why are you wasting your breath on him? Aren't you in a hurry to go home? I want to go back and have a good sleep. It's so annoying. These days, any bird dares to ride on your head. When you go back, you should also clean up those useless and traitorous trash under you.

This simple and straightforward sentence directly scolded two people.

This caused Su He and Xin Yang's expressions to turn extremely ugly. However, one of them was sulking in anger, while the other seemed to be more guilty and wanted to explain, but did not know how to start!

Liancheng Yazhi smiled and said, " "You're right, it's time to clean up the crickets who eat us."

After saying that, Liancheng Yazhi pushed open the car door and got out elegantly and calmly.

Seeing that he was about to leave, Xin Yang and Su He shouted at the same time.

"Young master ya, Qianqian."

"Mr. Liancheng."

Liancheng Yazhi ignored everyone. He looked at Jian Jie and glanced at his abdomen. "How is it?"

"I've been done for a long time," Jian Jie raised his eyebrows and said.

"bring it!"

"Alright!"

The simple conversation between the two could not be understood by anyone except them.

Liancheng Yazhi walked past the simple plane.

Su He and Xin Yang wanted to chase after him, but they were simply stopped. He stood in front of them with his arms crossed, not moving at all. It was as if a mountain was standing in front of them, and no one could pass.

No matter where he went, he was an incomparably sharp human-shaped killing intent. Even if Xin Yang and Su He were people who had seen the scene and had blood on their hands, they were still a piece of cake compared to him.

After Liancheng Yazhi got on the plane, he simply put down his arms. He suddenly took a step forward and picked up Su He like he was picking up a little chick. Then, he turned and walked away.

after su he came to his senses, he struggled with all his might. " "What are you doing?"

However, he was still a person with weak legs. Moreover, his legs had been disabled when he was ten years old. Even if he had the best doctor to treat him all these years, his body's development could not be compared to that of a normal person. Moreover, he was very thin. He carried it in his simple hands like a bag of rice, the kind that weighed five kilograms.

Even if he struggled to his death, he couldn't even shake the simple Kasaya.

Liancheng Yazhi's simple conversation just now was actually to ask if he had recovered from his injuries. He had already answered, and then Liancheng Yazhi said 'bring', which meant that he should take Su He away.

Xin Yang jumped in shock and quickly chased after him, " "you won't be stopped if you leave, why did you catch him?"

Jian Jie heard Xin Yang's irritated voice and said in disdain, " "You'd better first find out who your master is!"

His words stunned Xin Yang on the spot, and his face turned pale. He looked at the plane and saw Liancheng Yazhi standing in the cabin door with a mocking smile on his lips!

When the Jian walked past the collapsed crowd, a few of them actually stood up and pointed their guns at the Jian. One of them stammered, ” “You, let go of Yingluo, let go of my Yingluo young master, young Yingluo”

Before he could finish his sentence, he pulled out his gun and fired. With a bang, the man screamed in pain. The bullet hit his arm, and the gun in his hand fell to the ground.

The other people were stunned for a moment and wanted to shoot at the makeshift weapons. However, before they could pull the trigger, gunshots were heard behind them, followed by bullets piercing through their shoulders.

Chapter 1497 He had touched young master ya’s reverse scale

the other people were stunned for a moment and wanted to shoot at the makeshift weapons. however, before they could pull the trigger, gunshots were heard behind them, followed by bullets piercing through their shoulders.

A few of them covered their wounds and wailed in pain. They simply kicked the person closest to him away. a bunch of trash!

The flight was simple and smooth, and he carried Su He onto the plane.

Liancheng Yazhi stood at the cabin door and said, ” “i’ll drop him off after the plane leaves s city safely. whether you can find him by then will depend on your own abilities.”

Xin Yang struggled on the spot for a while and took a few steps forward. He said, ” “young master ya, i really don’t want to harm you. he’s just confused for a moment. young master ya, his legs can’t move well. can you please help him?”

Before he could finish, Liancheng Yazhi interrupted him impatiently. “It’s up to you whether you want to stay here and wait for death or go back to the imperial capital to court your own death.”

Liancheng Yazhi left Xin Yang with a cold sentence. The helicopter’s door was closed, the propeller spun quickly, and the helicopter took off.

Xin Yang stood on the ground and could only watch the plane fly further and further away.

He covered his face in pain. He had touched young master ya’s bottom line, and young master ya was not planning to leave him any way out.

.....

On the plane, Su He was thrown to the side. Without a wheelchair, he could not sit still on the plane. He could only lie down helplessly.

The other three men chatted with one another!

Su He wanted to interject and ask them why they had captured him, but the three of them completely ignored him.

After a while, Liancheng Yazhi suddenly asked Su He, ” “You’re quite capable to be able to rope in all my subordinates who have followed me for many years.”

Su Qi was stunned for a moment before he replied, "I'm not trying to win him over. I'm just treating him with sincerity!" He's still your man, he didn't betray you."

although su he spoke calmly, there was still a hint of pride in his eyes.

Yes, he should be proud that he made one of Liancheng Yazhi's generals stand on his side.

Liancheng Yazhi smiled slightly and ignored him.

When Su He said that he treated him with sincerity, he was mocking Liancheng Yazhi for not treating his men well. That was why Xin Yang 'betrayed' him!

In fact, from the moment Xin Yang bought the house without reporting it, Liancheng Yazhi had already been a little suspicious of him.

Just now, the moment Xin Yang got off the car and ran towards Su He's car, Liancheng Yazhi knew that he could not keep Xin Yang. He would not allow his subordinates to have second thoughts, and Xin Yang obviously had a different relationship with Su He!

Just now, there were so many cars that were exactly the same. They could not tell which car had the leader in it, but Xin Yang went straight to that car the moment he got out of the car. This was definitely not a coincidence. Unless he knew who was in the car before, or he knew the license plate. Other than that, there was no other reasonable explanation.

Also, when he was talking to the person in the car, he was obviously very angry, but he deliberately lowered his voice and did not let Liancheng Yazhi know. This meant that he was trying to hide how close he was with the person in the car from Liancheng Yazhi.

Xin Yang did not have the guts to betray him now. However, it was precisely because he had such a good relationship with Su He that Su He caught his unusual behavior and brought people to trap him.

Liancheng Yazhi had never expected his subordinates to be loyal to him forever.

Chapter 1498 i wish you luck!

He would trust them when they were loyal to him, but when he found out that they betrayed him, he would get rid of them without hesitation.

The late old master of the Liancheng family had once told Liancheng Yazhi that the most unpredictable thing in the world was the human heart. When you are under His Majesty, you must remember that your trust in them can not stop them from betraying your heart!

And while you trust them, you must also remember to be ready to get rid of them immediately if they betray you.

su he seemed to think that what he had just said was not enough, so he continued, " "Xin Yang and I are just friends who admire each other. He kept saying that the person he will always be loyal to is you."

With a simple sneer, he said in disdain, " you're making things worse on purpose. To you and him, you're looking for death. You should think about yourself. If you don't want to die an ugly death, you'd better behave yourself.

Su He's expression froze, and a sense of fear immediately welled up in his heart.

He was really too careless. So what if he managed to win over Xin Yang? a person like Liancheng Yazhi would never allow his subordinates to have second thoughts.

Today, he had come to hijack the plane so blatantly. How could Liancheng Yazhi let him off?

he thought that he had won by instigating liancheng yazhi's general to defect. in fact, this was his biggest mistake. if he didn't have the interest to pull xinyang, he wouldn't have angered liancheng yazhi and wouldn't have brought trouble to himself. this time, he was done for. liancheng yazhi would definitely be ruthless to them!

However, Liancheng Yazhi's emotions were particularly calm. He did not seem to care about Su He at all, and his eyes were looking out of the window.

While Su He was feeling fearful and uneasy, the pilot said, " "Young master ya, we'll be leaving S city soon."

Liancheng Yazhi did not look at Su He and said,"Let's find a place to land."

After the pilot circled the sky for a while, he found an open space. Well, it was not exactly an open space. It was on the highway from S city to the capital.

The helicopter slowly landed in the middle of the road. Liancheng Yazhi opened the door of the helicopter and simply threw Su He down.

Jian Jie laughed. you just wait here. Now, it's them who will find you faster, or the car coming from behind will be faster. Good luck!

Although it was already night time, it was not particularly late. There were still many cars on the highway. If someone did not see clearly and directly hit him, they might run over Su He.

Liancheng Yazhi mocked Su Yu. Su He, you're not even as capable as Su Yu. I can pull Su Yu down, but I can also turn you back into the useless cripple of the SU family. Don't show off in front of me. You don't have the right. If there's a next time, I won't let you wait for death. I'll run you over with my car!

After Liancheng Yazhi finished speaking, the helicopter took off again.

su he could only grit his teeth and watch them swagger away. he did not have the time to hate liancheng yazhi now because there were cars coming from behind. he had to think of a way to avoid those cars!

on the plane, he did a simple stretch. " this is great. i've finally gotten rid of that fly. i'll sleep now. when i wake up, i'll be able to see the capital. "

Liancheng Yazhi glanced at the time. It was now past seven o'clock in the evening. According to the speed of the helicopter, it would take at least four hours to arrive. When he got home, it would be past eleven o'clock, and MeowMeow and Rong Yan were already asleep.

Liancheng Yazhi was a little annoyed. If it wasn't for the fact that killing people was a waste of time, he would have really dealt with Su He and Xin Yang on the spot. It was unforgivable to delay his time to go home!

Chapter 1499 The thing I want to do most is to spend time with my family

The plane flew out of S city, and under the vast night sky, it approached the heart of the imperial capital.

that city also had Liancheng Yazhi's heart. without them, it was equivalent to him not having a heart. without a heartbeat, he would become a dead man.

Simply put, Liancheng Yazhi had been looking out of the window. It was dark outside and he could not see anything.

He patted Liancheng Yazhi's shoulder. take a nap first. This is an ordinary helicopter. Its speed is average. There are still three to four hours left. You should take a nap first.

Liancheng Yazhi shook his head. I can't sleep. There are only a few hours left. Do you think I can still sleep in this mood? "

"Then let's chat for a while. What do you want to do the most after we go back?"

Liancheng Yazhi glanced at him. your question is too idiotic. What do you think I want to do after I go back? Of course, it's to accompany my wife and children. I have to make up for the time I've been away for the past two months."

Jian Jie sighed. other than accompanying my wife and children? You also have a higher goal."

"there's nothing else. the mother and daughter pair are the highest level of spiritual pursuit i've ever pursued in my life." [rongyan: no, when you come back, you'll say that they're already mother and son.]

jian jie shook his head. " forget it. i won't ask you anymore. what about you, old mu? what are you thinking about when you're not saying anything? "

mu weibai sighed several times in a row,"i'm thinking about how i'm going to explain to the higher-ups that i've been missing for more than a month."

Liancheng Yazhi suddenly said, " Oh right, I forgot something. If we bring Kang Xin back to the capital, how will the military react? "

Kang Yu had been sent on a top-secret mission. Later, the military received news that their entire Army had been annihilated. Now that they had rescued him, if the military found out, wouldn't they think that they were in love with Yazhi, Jian Yi, mu weibai, and the few people who had gone to rescue him also knew about the secret?

Would Yingying do something to them?

Mu weibai's face also turned cold as he said, " "We'll have to get old master Kang to handle this. Otherwise, we won't be able to settle this peacefully. When we reach the capital, you guys show your faces first. I'll have to hide for a while. Otherwise, it'll be too much of a coincidence if we disappear and appear at the same time."

A simple agreement. yes, the border hasn't been peaceful recently. If someone really wants to investigate, just say that Liancheng has followed me to the border. I'll make some arrangements and make some traces of our life over the past two months.

Liancheng Yazhi nodded. alright, then. It's decided.

Jian Jie glanced at the pilot from the corner of his eye. "Then, Zhenzhen"

Liancheng Yazhi turned his head to look out the window again. "We'll talk when we get there!"

Time passed by, and Liancheng Yazhi had to look at his watch almost every second.

stop looking, " Jian Jie rolled her eyes at him. you can see through my watch.

"Who cares?" Liancheng Yazhi asked.

Finally, the watch on his wrist showed 11 am. This meant that he was only a short distance away from the imperial capital.

Mu weibai opened his eyes and asked the pilot, "how long more?"

"we'll be at the outskirts of the imperial capital in twenty minutes," the pilot replied.

Mu weibai rubbed his sleepy face to wake himself up and said, " "Let me down in the suburbs."

He tidied up his backpack, put everything in place, and carried it on his shoulder.

Liancheng Yazhi and Jian Jie were surprised to hear this. "You went down so early?"

Chapter 1500 Killing people at home to silence them

Mu weibai laughed. that's right. In order to prevent any accidents, I'd better separate from you guys in advance. I suddenly thought of a good idea. I'll just tell Qianqian that I went on a trip with a group of backpackers and got lost on the way.

The two of them looked at him with disdain. you're from the Special Forces. You won't get lost even in the desert, let alone in the mountains. Who would believe you? "

Mu weibai's eyes lit up, "desert?" Yingluo, now that you mention it, I remember. I might not get lost on the mountain, but Yingluo, I can be caught."

"What do you mean?"

Mu weibai approached the two and said something.

Liancheng Yazhi and Jian Jie looked at each other. "Is this okay?"

mu weibai was very excited. " of course, i'll make a trip there and put on a real show. i'll leave qianqian to you guys. i'll quickly contact her father. this may not be easy to handle, but with her father's help, it should be possible. "

"Alright, be careful," the two of them said.

it's fine. We won't be going too far this time, and it's not that dangerous. Besides, I've been there many times in the past, so I'm familiar with the terrain.

Twenty minutes quickly passed, and when they reached the outskirts of the imperial capital, mu weibai didn't let him land. After twenty minutes, he stopped ten meters from the ground, opened the hatch, put down the ladder, and climbed down.

Liancheng Yazhi and Jian Jie stood in front of the cabin door and said to him, " "Take care," he said.

mu weibai shouted at them, " you too. take care. thank you so much for this. i'll thank you when i come back. "

"Sure, don't forget." Liancheng Yazhi nodded.

Mu weibai waved his hand and said,"don't worry, I definitely won't!" Goodbye, hurry back, your family is waiting for you."

"Goodbye!" Liancheng Yazhi's lips curled up.

The cabin door closed and the plane took off again.

mu weibai watched the helicopter disappear into the night and sighed. in fact, even if they returned to the capital, the danger was not really over. this matter was not over yet. however, the good thing was that they were not alone in the capital. he hoped that everything would go smoothly.

mu weibai walked to the road step by step, stopped a passing car on the way, and then entered the capital. he quietly returned to his home, took his identity card, passport, household register, and some money. other than that, he didn't touch anything in his room, and then left the capital.

This time, his destination was West!

.....

On the other side, Liancheng Yazhi only knew how to land the plane on the grass in his backyard. After he steadied the plane, he immediately turned off the engine. The noise was too loud, so as not to wake up the family.

the backyard of liancheng's house was equipped with an infrared camera. if someone of unknown identity intruded, the automatic alarm would sound. however, liancheng yazhi knew his own home well. the place he asked to listen was a blind spot and would not trigger the alarm.

Therefore, no one had noticed his return.

The pilot said to Liancheng Yazhi, " young master ya, I've brought you safely. My mission is complete. I'll go back now.

Liancheng Yazhi and Jian Jie carried Kang Yu down. He smiled."Go back? I'm afraid it's impossible!"

The pilot's face turned pale. "What do you mean by ran ran?"

He simply moved his fingers,'is this not clear enough? Then I'll give you a common explanation, and that is ... To silence you!"
