Chapter 1541: Education should start with prenatal education

after the manager heard this, his body fell forward and he almost fell down. he held his head and almost fainted from anger. raising a son like this, wasn't it exactly a trap for his father?

He walked over, picked his son up, and slapped him. I'll beat you to death. Do you know how much trouble you've caused for the whole family? "Do you think they're like other people who will be fine after you knock into them and cry a little? When you torture your old man to death, you'll be the next one to die A"

Her grandson was crying, and the old woman quickly went up to pull him back. "aiyo, what are you doing? he's still a child, yingluo."

The manager pushed her away. pamper, pamper, pamper, Yingluo. You guys will pamper him to death sooner or later!

The security guard came over and scolded them, "stop dawdling and leave quickly. Don't come to this shopping mall again.

the old lady subconsciously shouted, "why? my son yingluo!"

Before she could finish, the manager glared at her. His eyes were so cold that it scared her. He said, your son is no longer the manager of the mall. There will be a new manager taking over here tomorrow, and I've lost my job. Are you still not satisfied? "

"why?" the old lady was so scared that she asked,"why?" Why don't you do it?"

"Why don't you go and ask the person you were cursing at just now? You're asking who your grandson almost hit?"

After saying this, he turned around and left.

Leaving behind the grandfather-grandson pair who did not fully understand the situation!

on the way home, rong yan asked liancheng yazhi, "Are you angry?

Liancheng Yazhi shook his head and said with emotion, I'm not angry. It's just that when I see them, I feel that children's education is really important.

A child was like a piece of pure white paper. The people who came into this world were the purest and most untainted. What he would become in the future, to a large extent, depended on how his parents educated him. The children that Liancheng Yazhi had come into contact with were very few, very few.

Before he had MeowMeow, he would only occasionally see people passing by with children on the streets. There were many women and men in his circle, and children were absolutely rare animals!

Actually, the only child he had close contact with so far was MeowMeow. Of course, there would be another one in the future. Oh, maybe, if they worked hard, there might be a few more.

He also thought that children were easy to educate.

But today, he suddenly met such an arrogant, ignorant, and even stupid child. Liancheng Yazhi finally realized that children could be raised to be useless!

If a child was not taken care of when they were young, they would basically be a waste when they grew up!

Liancheng Yazhi lowered his head to look at Rong Yan's stomach and caressed it gently.

When his son came out, he must be strict and educate him strictly. He must not let him become like that.

the child was not born yet, but liancheng yazhi was already thinking about which education model he should choose for his son. how old was he, no, how many months was he?

No, Liancheng Yazhi decided to start teaching the baby from tonight. I really want to cry.. Can I stay in mama's stomach for a few more days? ‘

Chapter 1542: You want to get pregnant before marriage

Therefore, today's accidental encounter opened the prologue to the tragic childhood of the Liancheng family's young master.

while other children were enjoying their childhood, he would always have all kinds of books in front of him, and different teachers would always stand in front of him. the safety and gentleness of a biological mother could never be compared with the cruelty of a biological father! Wailing

Today, when Rong Yan and Liancheng Yazhi left home, the happiest person was none other than Tang Zong!

He watched the two of them leave, and they almost beat gongs and drums to celebrate.

It had only been two days since Liancheng Yazhi returned to the country, and he already felt like he had been through so many ups and downs. It was too f * cking painful.

Therefore, as soon as the two of them left, he immediately felt that his home had come to life and was jumping up and down again.

The first person that Tang Zong wanted to find was not Rong nuo, but Lao Ai Jian.

He rushed in front of Jian Jie, raised his chin and said, ” “Do you dare to have a man-to-man conversation with this young master?”

Tang Zong felt that he had to take advantage of the fact that the couple who were in cahoots with each other had not returned to solve all the problems. And this first one was his love rival. He had to deter his love rival so that he would not dare to have any other thoughts about Rong nuo, so that he would not dare to like Rong nuo. [Rong Yan: deterrence?] You? Simple deterrence?

Your brain must still be stuck in the crack of the door!

he simply raised his head and glanced at him. that look made tang zong feel uncomfortable.

Tang Zong jumped forward again, “what, you don't dare?” This young master doesn't even dare to see you, Hmph!”

“How do you want to negotiate?” he simply put down the book in his hand.

Tang Zong cast a sidelong glance at the book that he had just put down. Damn, the title of the book was “I’ll teach you to be a good father in one day.”

The corner of Tang Zong’s mouth twitched. He took a step back.”Are you crazy? you don’t have a son, why are you reading such books?”

His face was cold, and his handsome and tough appearance made him look like a gun or a knife. He was especially lethal. His cold and aloof appearance made it hard for people to associate him with these parenting books.

After all, you’ve seen people giving birth, but have you ever seen guns, knives, or children?

The corner of Jian Yi’s mouth moved, and the scar on his face moved, making him look, well, especially dangerous. He said, ” “Yeah, I don’t have one now, but

I’ll definitely have one in the future. Maybe I’ll get a wife today and have one this time next year!”

That book was sent over by Secretary Zhou under Liancheng Yazhi’s orders. It was simple, but he was just curious, so he took a look. He did not expect Tang

Zong to see it.

The moment he was caught, Jian Jie was still a little embarrassed, but he concealed it extremely well so that no one could see it at all, maintaining his cold and aloof image very well.

Not only that, but he also said it in an unusually calm manner, as if urging him to read such a book now was in preparation for having a son in the future.

Tang Zong was so angry that he jumped up and grabbed the collar of the simple shirt. “What? You bastard, you’re already thinking of raising a son, this young master is just thinking of how to get pregnant, and you, you’re actually cooning un!”

He simply raised his eyebrows and didn’t move, saying lightly, ” “Oh, so you’re thinking about how to make a girl get pregnant before marriage?”

Tang Zong was about to retort, but at this moment, Rong nuo happened to come over. When she saw the scene in front of her, she was stunned. She looked at them in shock, because the scene was so beautiful that it almost blinded his eyes..

Chapter 1543: Let’s Elope!

Because from his point of view, he could see Jian Yi sitting comfortably on the sofa while Tang Zong was lying on top of him, grabbing onto his clothes. That scene immediately reminded him of Huahua.

Rong nuo’s brows were tightly furrowed, and she was suddenly a little angry.

She asked, “What are you guys doing?”

It didn’t matter if it was simple, he was still happy to see a joke.

On the other hand, when Tang Zong saw that Rong nuo had come, he realized that Rong nuo had already turned around and left.

Tang Zong anxiously jumped down from his Mount and hurriedly chased after him. After running two steps, he stopped, turned around, and shouted, “just you wait, this young master won’t let you off. also, don’t even think about touching this young master’s woman. otherwise, i’ll play with my life!” He simply shrugged his shoulders. Let’s see if you can play with it.

“Before you play with my life, you’d better think about how to explain it to people, Yingluo.”

“What do you mean by how to explain? this young master is upright and upright. This young master, Yingluo, only likes women! Hmph!”

Tang Zong left in a Huff. He couldn’t help but laugh as he looked at his back.

She didn’t know if she was lucky or unlucky to be liked by such an immature and childish man!

Tang Zong ran to Rong nuo’s door and knocked on it, but she didn’t open it.

Helplessly, Tang Zong could only run back to his room, climb down, and enter Rong nuo’s room through the window.

Inside the room, Rong nuo was sitting on the bed. When she saw him sticking his head out of the window, she immediately giggled when she saw him. Rong nuo grabbed a pillow and threw it over.

tang zong quickly caught the pillow and jumped in. he ran to rong nuo and said anxiously, “Nuo nuo, don’t misunderstand. Let me explain!”

Rong nuo glared at him. what else is there to explain? you two are already hugging each other. Sure, Tang Zong. I really didn’t expect you to have such a hobby!

Tang Zong waved his hands. I really didn’t. You’re mistaken. I wanted to pounce on him and teach him a lesson. I wanted to tell him not to have any ideas about you.

Rong nuo pursed her lips. teach him a lesson? in his arms? ”

In fact, she didn’t believe that Tang Zong and Jian Yi were actually in a relationship. She was just a little angry, angry at Tang Zong!

Therefore, he wanted to take this opportunity to vent a little.

Tang Zong grabbed his hair anxiously. I didn’t run into his arms. That was just an accident. Really, Yingluo, you have to believe me. I definitely like women, and you’re the only one I like. I have no interest in men, Yingluo.

“then why are you looking for him?” rong nuo asked him.

“I just want to have a battle between men with him so that he won’t be the third party. Our relationship is strong enough.” Tang Zong said in a very serious tone.

“Interfere?” Rong nuo glanced at Tang Zong. indeed, if it’s because of you, then it’s also considered stepping in Zhenzhen.

Tang Zong’s hands trembled. He took a deep breath and said, “Regardless of the reason, he can’t mess up our relationship, right?”

rong nuo's spirit was a little dispirited, and she didn't want to pay attention to him.

tang zong sat beside rong nuo and said carefully,"Nuonuo, nuonuo, are you angry with me?"

Rong nuo said lazily,"there's no Zhenzhen."

"Yes, you definitely have it! I didn't perform well today. I know Yingluo, I didn't express my position in front of your sister, but I'll work hard in the future."

"How do you want to work hard?" Rong nuo opened her eyes. "Nuo, nuo, Let's Elope!" Tang Zong's words were shocking..

Chapter 1544: I don 't want to be separated from you!

Rong nuo was stunned for a moment and scratched her ears."what did you just

Tang Zong grabbed Rong nuo's hand excitedly."I said, Let's Elope."

"Is your brain okay?"

Tang Zong shook his head, grabbed Rong nuo's hand and said affectionately, nuo nuo, thank you for your concern, but I'm really fine. I'm telling the truth. Let's just elope. I've already thought it through, Wanwan.

Rong nuo shook off his hand, "have you thought clearly?" I think you're muddled from the fever. You want to elope with me in my sister's house. I don't think you're eloping, you're running towards death."

Tang Zong told Rong nuo his plan, no, I've really thought it through. Your sister doesn't like me like this. She thinks I'm not mature enough. You see, she's already starting to introduce you to men for blind dates, and there will definitely be more in the future, so Hanhan, I think I can't just sit still and wait for death. Why don't we elope first and come back when Hanhan has our own child? they definitely can't do anything even if they disagree.

Tang Zong felt that his idea was very feasible. He felt that he should have done this long ago. If he had made up his mind in the past, he might not have been able to do it. Now, Rong nuo's stomach was already big.

Rong nuo's face turned red. Finally, she raised her hand and poked Tang Zong's forehead."What nonsense are you thinking? let me tell you, there's no way you're going to elope. If you dare to do that, I'm telling you, even if we have a child, my sister will find a stepfather for the child."

Tang Zong muttered in a low voice, "how could she do this?" How can she only allow the state officials to set fires and not allow the people to light up the lamps? isn't she the one who ridiculed herself for getting pregnant before marriage?"

"what did you say?" rong nuo's fierce voice sounded.

it's fine if you don't have Qianqian. I just feel that we have to do something necessary to make Qianqian and me stay together. I don't want to be separated from you. Tang Zong hugged Rong nuo and pitifully laid on him, his eyes looking at her.

Rong nuo's heart softened as she recalled what Rong Yan had said to her yesterday.

Rong Yan had already told Rong nuo very clearly that she was not against Tang Zong being with her. However, she had to make sure that Tang Zong was capable enough to take on the heavy burden of the family in the future, and that he could be a good husband and a good father. At the moment, she could not see anything from Tang Zong, so she could not agree to it.

Rong nuo patted Tang Zong's shoulder. you have to perform well. It'll be fine.

My sister didn't really want to introduce Jian Jie to me. I'm 80% sure that Zhenzhen just wanted to provoke you. Moreover, Jian Jie doesn't seem to have any thoughts about me. You're overthinking it.

Tang Zong shook his head, "no, I'm not thinking too much. That simple is not a good thing. You're a girl and you don't understand men. I can see through him with one look. He definitely has bad intentions towards you. If one simple is not enough, your sister must have prepared many more. When that time comes, you will go on blind dates every day, and I can only look at Qianqian stupidly.

Just thinking about it made her sad!

Rong nuo sighed.

Rong nuo rubbed her forehead. Now, she really felt that Tang Zong was overthinking. She was not some peerless beauty. Why would he like her?

"Jian Jie is my brother-in-law's good friend. She's injured and is recuperating at home. She'll leave in the future. Don't be so petty.. The more you act like this, the more my sister will think you're childish!"

Chapter 1545: I'm not afraid of getting beaten up

Tang Zong lowered his head and pouted. I've always been childish. I've never been mature. I know that you, Zhenzhen, also think that people like Jian Yi are better than me.

Rong nuo poked his angry face."You're not worse than anyone else. Don't think too much."

"so, you're saying that you actually like me more?" tang zong immediately raised his head.

rong nuo was a little embarrassed by his burning eyes. she blushed and pushed him away."Hurry up and get out. My sister and brother-in-law will be back soon. If they see you in my room, they'll definitely beat you up." tang zong hugged her and shook her body. " i'm not afraid of being beaten up. i haven't been here in a long time. it's rare for the two of us to be alone. don't chase me out. nuo nuo nuo nuo! " rong nuo blushed and tried to escape from tang zong's kiss. stop fooling around and get out. If my sister finds out, you'll be the one in trouble!

"Kiss, I haven't kissed you in a long time, I miss you so much!" Tang Zong refused to give in, as he hugged Rong nuo and nibbled on her face.

Rong nuo couldn't take it anymore and nodded, "alright, just a little whine."

“Yeah, just for a moment.” Tang Zong nodded his head vigorously. A kiss of the tongue for 20 minutes, that was also a kiss!

he held Rong Nuo's head and kissed her moist lips.

Tang Zong was like a strong glue. After he kissed her, Rong Nuo could no longer ask him to stop. She struggled a few times, but Tang Zong turned her over and pressed her onto the bed.

After a long time, Rong Nuo felt that she was about to suffocate, but Tang Zong still refused to let go.

Although this kid looked very young, he was a man in his twenties, but he looked like a beautiful and exquisite young man. However, his kissing skills were not rusty at all. On the contrary, he was quite skilled and domineering!

Ever since Rong Yan began to suspect their relationship, she had been staring at them closely. This made Tang Zong not dare to get close to Rong Nuo often.

It had been a long time since he dared to kiss her so wantonly and so happily.

Just as Tang Zong was preparing to take a step closer, his hands were touching Rong Nuo's body, wanting more.

There was a sudden knock on the door-

Rong Nuo was so frightened that she quickly pushed Tang Zong away.”Wu Wu Wu Wu Wui.”

Tang Zong had no choice but to let go of Rong Nuo. She quickly sat up, tidied her clothes, and glared at Tang Zong, her hands trembling with nervousness.

Tang Zong comforted her, “it's alright, it might be the servant Yingluo.”

The knocking on the door was very urgent. Rong Nuo did not dare to move. She gritted her teeth and said in a low voice, “It's all your fault, Yingluo. I told you to leave, but you didn't, Yingluo.”

“don't worry, zhenzhen, i'll cover for you!” Tang Zong hurriedly said.

As soon as he finished speaking, Rong Yan's voice was heard. “Come out quickly. Don't let me break the door down. It won't look good.

Rong Nuo was so scared that she trembled. It was actually her eldest sister!

Her face turned pale instantly. She was really done for this time.

Tang Zong was also anxious. He immediately stood up. “Don't worry, i'll climb out of the window. Open the door after I leave. ‘

Rong Nuo pushed him towards the window, “then you should go quickly, Yingluo.”

Tang Zong quickly said, “then I'll be leaving first. You can open the door later.

Don't worry, don't worry. Even if something happens, I'll be there to cover you.

You'll be fine.

“I know, I know. Let’s go, Yingluo.”

Tang Zong opened the curtains and jumped out.

After he left, Rong nuo took a deep breath and went to open the door.

Outside the door, Liancheng Yazhi held Rong Yan and stood there like two door Gods.. Rong nuo instantly felt like she had become a little turtle in the jar!

Chapter 1546: caught on the spot

rong nuo swallowed his saliva and lowered his head, “big sister, big sister, brother-in-law, big sister.”

Rong Yan looked Rong nuo up and down. She saw that her mouth was red and swollen, her face was ruddy, her hair was slightly messy, and her eyes were watery. With one look, she knew that she had done something good.

Rong Yan nodded, “not bad, you know how to take advantage of our absence!” You’ve all learned how to seize the time to have an affair.” rong nuo immediately shook his head. ” ah, sister wanwan, no, definitely not.

i’m the only one in the room. there’s no one else. ”

Rong Yan smiled,”no one else?” who’s the one outside the window?”

Rong nuo instantly raised his head and widened his eyes. How did you know?

Rong Yan took a step forward and was about to pinch Rong nuo’s ear. you’re good. You don’t listen to me and have learned to be sneaky. Did I teach you to do this? ”

Liancheng Yazhi quickly pulled him back. be careful, be careful, ran ran. You’re a dual-bodied person now. Don’t be so reckless. Don’t be angry. If you want to teach them a lesson later, you can tell me. Hubby will help you vent your anger.

Then, Liancheng Yazhi shouted at the half-opened window, ” “Simple, bring him into the house.”

Rong nuo was stunned for a moment, but she couldn’t care about it anymore. She pulled open the curtains and pushed open the window. She stuck her head out and saw Xuanji and Tang Zong standing on the windowsill and leaning against the wall. Below them, Xuanji was standing there with a simple horizontal knife, and there were two little ones standing beside them.

“Uncle Tang Zong, what are you doing standing there?”

“Is there anything fun there? Can you bring me up to take a look?”

“Don’t learn from him, it’s not good!” Winter of the year pulled MeowMeow back.

After a while, winter of the year added, “There’s something wrong with his brain. ”

Then,

He simply stood there and was not in a hurry at all. Anyway, he was not afraid of falling. After he heard Liancheng Yazhi shout, he asked calmly, ” “Do you want to come down or do you want me to go up and catch you?”

f * ck, f * ck, f * ck! Tang Zong felt so embarrassed. Now that he was caught, would Rong nuo think that she was too bad? she couldn't even escape.

Liancheng Yazhi and the others were so sinister. They actually split into two groups, one blocking the door and the other blocking the window, and they fell in love.

Why was it so difficult?

In the end, Tang Zong obediently climbed down and was simply carried into the living room.

In the living room, Rong nuo stood in front of Rong Yan with her head lowered like a primary school student, admitting her mistake with a good attitude!

After Tang Zong entered, he immediately rushed over and stood in front of Rong nuo. He straightened his neck and said, "If you want to do anything, just come at me. Don't cause trouble for Rong nuo. It was me, Hanhan. I seduced him, and I forced Hanhan."

The muscles on Rong Yan's face trembled. Why did it feel like a parent had caught their daughter in a relationship with a boy?

These two people didn't look like adults in their twenties at all. They were clearly two childish children.

Rong Yan was holding a piece of building block that MeowMeow usually played with in her hand and knocked it twice on the table."Tell me the truth, How long have you two been together?"

The two of them shivered. Rong nuo stammered for a while and whispered, actually, it didn't take long for Zhenzhen to start Zhenzhen from Zhenzhen two months ago.

Rong nuo didn't want to lie to Rong Yan, but if she knew that the two of them had been in love with each other since they had lived next door at the police station, and that they had basically never stopped, then she would definitely die a very, very, very miserable death!

Chapter 1547: When fate comes, I naturally have to grasp it

Tang Zong hurriedly nodded in agreement. yes, it started more than two months ago when I came to Liancheng's house. After spending so much time with Rong nuo, I think she's a very good girl. I like her very much, so Qianqian started to develop her feelings for her. You all know it too, it's uncontrollable! after he finished speaking, tang zong nervously glanced at liancheng yazhi. if he exposed him, he would be finished.

Tang Zong silently prayed in his heart, hoping that Xuanji Liancheng Yazhi would not expose him on account of the fact that he had helped him take care of his family for more than two months and that he had also protected his wife and child!

liancheng yazhi grabbed rong yan's wrist and squeezed it gently, then slowly moved it up. after she got pregnant, she always felt tired, and her muscles also felt a little sore. now, liancheng yazhi had another job to massage rong yan.

He massaged one of Rong Yan's arms, then sat on her other side and continued to massage. His movements were very focused, his eyes were very gentle, and his strength was just right. It seemed that all he had to do now was to massage Rong Yan, and he didn't care about anything else.

Tang Zong and Rong nuo finally waited for Liancheng Yazhi to finish massaging Rong Yan's other arm. After that, he turned around and asked slowly, "Is it really just these two months?"

Rong Yan immediately nodded. that's right. The two of you knew each other from before. Your ran ran still doesn't want to tell the truth.

"Don't be angry." Liancheng Yazhi pressed on her shoulder.

He looked at Tang Zong and said,"tell me the truth, Zhenzhen."

Tang Zong glared at Liancheng Yazhi with hatred. This sinister and cunning man. I thought he would help me. In the end, it's good that Huahua doesn't drag me down.

He knew that when Liancheng Yazhi left, he could not believe that he had promised to marry them.

Tang Zong wasn't a fool. He rolled his eyes twice, and then said with a dispirited expression, "alright, alright, i admit it, yingluo."

rong nuo secretly pinched tang zong from behind. he was crazy. if he really said it, he would die a terrible death.

This time, Tang Zong did not listen to Rong nuo. He seemed to have thrown everything out and said, I'll tell you everything. Back when Qianqian was in the police station, I lived next door to Rong nuo. At that time, I already had some feelings for Rong nuo, but after that, Qianqian, Qianqian went there and I couldn't see her anymore. I thought that we wouldn't see each other again, but I didn't expect to be able to live with her at your house this time. I think that this is fate between the two of us, so of course I have to seize it.

After Rong nuo heard this, she heaved a long sigh of relief.

Tang Zong still had some brains. His words were half-true and half-false, so that no one could tell if he was telling the truth.

Dunn pouted. it's not easy to meet a girl you like. Liancheng Yazhi, if I ask you to give up on your wife, would you be willing? "

Liancheng Yazhi's lips curled up. of course not. However, whether your feelings for Rong nuo are deep enough to compare to mine and Rong Yan's, that's not certain.

"why not? i'm willing to do anything for rong nuo." tang zong puffed out his chest.

Rong Yan asked him, "anything?" do you know how to take good care of rong nuo? Do you know what she's thinking when she's unhappy? do you know if she's really happy when she's smiling? do you know her past? do you know that she might not even be what she looks like?" tang zong bit his lip.. rong yan's question had made him a little flustered!

Chapter 1548: Love can't represent everything!

Tang Zong turned around and looked at Rong nuo. She stood there quietly, a little out of sorts. Tang Zong grabbed her hand and said, "i will work hard. i'm giving her a future. if she doesn't want to talk about her past, i won't ask."

Rong Yan looked at him and said, "but this is far from enough. Rong nuo is not a little girl anymore. She doesn't need a simple love like that of a little girl who doesn't need to think about anything. What she needs is a man who can give her a marriage, a stable family. Even if twenty or thirty years pass, it will still be the same as before. The marriage will not change. She is my sister, and I hope that she can be happy in the future.

"I can also give her whatever you say?" Tang Zong replied without even thinking.

"Then let me ask you, after you marry Rong nuo, can you give up your playful nature, can you think about your wife and future children, run your business well, give your wife a stable life, and create better living conditions for your children? Tang Zong, can you ask yourself clearly? Marriage isn't like the relationship you have now. What he needs is not passion, but an eternal peace."

Rong Yan didn't show much agitation, and her voice was clear and calm!

Tang Zong's personality was just like his name. He was flamboyant and unrestrained. He was a man without any restraints. His world had no boundaries, and his mind was always full of wild ideas.

If he was really trapped in the cage of marriage, would he be able to take it?

He could love, he could get married, but he actually didn't know what marriage really meant. It wasn't just two thin books.

Tang Zong was stumped by Rong Yan's question. He turned to look at Rong nuo. She was also looking at him, her eyes cold, as if she had no desires.

rong yan said, " you see, you're hesitating. when you learn how to become a real man, a man who can be a woman's husband and the father of the child, you can marry rong nuo. however, you're not good enough for now. '

Rong Yan believed that Tang Zong was willing to marry Rong nuo, but what she couldn't believe was what could Rascal give Rong nuo after the marriage?

Liancheng Yazhi said to Rong nuo. alright, your sister is tired too. You guys can go back and think about it!

Rong nuo said to Rong Yan,"eldest sister, I'm sorry. I've made you worry again. You should rest well."

"I'm fine, Yingying. You can go."

Rong nuo did not look at Tang Zong as she turned around and went upstairs.

Tang Zong wanted to call out to her, but no sound came out. He had always done what he wanted to do. However, Rong Yan's words made him realize that marriage was not as simple as he thought.

Although Tang Zong hesitated just now, he could not be blamed for it. He was an innocent person. He did not know how to love someone before, but after meeting Rong nuo, he was trying very hard to learn. He might not know how to marry now, but he would learn.

This meant that before he could master it, Qianqian might not be able to marry Rong nuo for the time being.

Tang Zong despondently shrugged his shoulders. Rong nuo must have been disappointed in him.

However, although Yingluo could not marry Rong nuo, he still had to find someone to settle the score with.

Tang Zong suddenly turned his head and stared at Liancheng Yazhi with a fierce look in his eyes.

Liancheng Yazhi acted as if he didn't see it. He chatted with Rong Yan for a while and then sent her to the bedroom to let her rest for a while.

After Rong Yan fell asleep, Liancheng Yazhi went downstairs. Tang Zong had been waiting for him downstairs.. When he saw him, he immediately rushed

Chapter 1549: With me around, do you think you 'll fall for anyone else?

“Liancheng Yazhi, you broke your promise. You promised me that you would wait for me to come back and then let me marry Rong nuo.” Tang Zong asked angrily.

Liancheng Yazhi walked around Tang Zong and sat opposite him. He said, “Yes, I promised you to marry Rong nuo, but my wife didn’t agree. This, I can’t do anything about it, and you saw it just now, even if I agree now, will Rong nuo and her husband agree?”

Tang Zong’s arrogance was instantly reduced by more than half!

That’s right, Rong nuo ... Would you?

Just now, he was rendered speechless by Rong Yan’s question. She must have been very disappointed!

“Young man, continue to work hard. You still have a long way to go,” Liancheng Yazhi said to Tang Zong.

tang zong shouted angrily, ” you’re the one who’s talking. you have a wife and a child. you have everything. of course, you don’t know how much pain i’m in right now. ”

Liancheng Yazhi was not angry. He smiled and said, ” “Yes, I have a wife and child now, but I lost Rong Yan for three years before I finally got together with her. What about you? What did you and Rong nuo go through? Do you think this is a setback? I’m telling you, it’s nothing. This is just the beginning.”

How could true love be strong without being tested?

tang zong loved rong nuo now, and he felt that rong nuo was his everything.

however, when he was faced with a setback, who would know that this love was actually just a pile of loose sand?

Love was not as simple as saying it!

he had lost his face for three years before he saw his own heart and understood what he wanted.

Tang Zong still needed some time to understand.

However, Liancheng Yazhi knew that Tang Zong was luckier than him in that he already knew that he was Al Rong nuo, but he still didn’t know what he wanted.

After today's small turmoil, the house was much quieter. Rong nuo and Tang Zong had both calmed down.

For the next two days, Rong nuo acted the same as usual, and did not even have any reservations about Tang Zong.

In contrast, Tang Zong was acting a little strange. He seemed to be hiding from something and would often lock himself in his room.

On Monday, Liancheng Yazhi got up at eight in the morning.

Rong Yan was already awake. She wanted to lie down for a while more, but when she saw Liancheng Yazhi get up, she remembered that he had to go to the company today, so she got up.

Liancheng Yazhi saw her and quickly walked over. why are you up? sleep a little more.

I'm not sleepy anymore. You haven't been to the company in a long time. I'll help you pick out your clothes today. I'll definitely dress you up so handsomely that you won't have any friends. Rong nuo was in good spirits. Once Liancheng Lettuneu bile vvas Leuaxeu. Dile ate vven, blepu vven, ctneu even had a massage, so her mood was particularly good.

Hearing such words early in the morning, Liancheng Yazhi was instantly in a very good mood. He gently pinched Rong Yan's nose. "So handsome that you have no friends? Aren't you afraid that the young ladies in the company will take your husband away?"

Rong Yan raised her eyebrows. that depends on whether they have the courage. Do you have the heart? "

Rong Yan's proud look made Liancheng Yazhi very happy. He lowered his head and kissed her on the cheek. don't worry. They have the guts, but your husband doesn't have the heart.

Rong Yan raised her chin. I still believe that. After all, with such a beautiful wife, the flowers and plants outside can't even enter your eyes.

Liancheng Yazhi laughed and hugged Rong Yan in his arms, kissing her fiercely for a while!

Chapter 1550: The pain you've suffered is the pain in the depths of my heart

the suit that Rong Yan had chosen for Liancheng Yazhi was very formal and a little traditional. It was a black suit with golden buttons on the cuffs and a faint rose pattern carved on the buttons. It added a little coldness to Liancheng Yazhi's elegance and made him look particularly imposing.

Seeing Liancheng Yazhi put it on, Rong Yan was a little infatuated. As expected, he was good-looking and had a good figure. He looked so handsome in anything and was much better looking than those jumping stars on TV.

"Hubby, you're going to the company today. Will you be back for lunch?" Rong Yan asked him.

Liancheng Yazhi nodded. Of course I'm back. I can't let you stay in the company for so long. You're willing to starve yourself, but I'm not."

Rong Yan was stunned for a moment. Did she say she was going?

"Ah? What, I'm going too?"

Liancheng Yazhi opened the wardrobe and slowly looked at Rong Yan's clothes.

He nodded as he looked at them. Of course, you're the major shareholder of our company now. You must go.

Rong Yan now owned as much as 10% of the shares of the Liancheng Group. She might not have realized it herself, but with 10% of the shares, she could join the women's welfare club.

Rong Yan lowered her head and looked at her stomach. "But I'm running now." Liancheng Yazhi put his arm around her shoulder. "I'm here. I'll protect you well. Don't worry, your husband is here for everything. Besides, Ran Ran, I can't bear to not see you at that time! "

Liancheng Yazhi now wished he could see Rong Yan all the time. He wanted to take her with him wherever he went, not without her for a moment!

He had opened and closed his eyes for more than two months. So many times, but he had not seen her once. He did not even dare to think too much about it.

Those days were too torturous.

Rong Yan's heart softened and she leaned into Liancheng Yazhi's arms. "I also want to see you at all times."

Liancheng Yazhi lowered his head and kissed Rong Yan's forehead. these clothes are not good. You didn't dress up properly when I wasn't around. This year's spring clothes are almost all out in the market. Did you not buy any? '

Rong Yan pouted. I didn't have the time. At that time, this little guy was making a lot of noise and only wanted me to have a good meal. How could he be in the mood to buy clothes? but fortunately, you weren't there. I must have been really ugly those days. If you saw me, you might not like me anymore.

Liancheng Yazhi's heart ached as he rubbed her bangs."Silly girl, I've already seen you when you were uglier, why would I care? little rascal, you're saying this on purpose to make my heart ache, right?" rong yan turned her head, "there's no yingluo."

Liancheng Yazhi smiled and took out a set of clothes from the closet. wear this.

The material is loose and soft. It's comfortable.

"To the company?" Rong Yan widened her eyes.

Liancheng Yazhi pinched her face. what's wrong with going to the company?

You're not going to work, and you're not here for Tian and the others to see. Why are you wearing such pretty clothes?"

Liancheng Yazhi unzipped his clothes and put them on for Rong Yan without waiting for her permission.

She was wearing a pink sports shirt and a pair of white, soft-soled casual shoes. She looked much younger in an instant, like a college student.

She looked at herself in the mirror and suddenly remembered that a few years ago, Liancheng Yazhi had also made her wear this tracksuit to take her to dinner. At that time, ran ran was still quite childish! she even made song rouran furious.

Now that he thought about it, he suddenly had a feeling that things had changed with the passage of time!
