

Permit Me 1561

Chapter 1561: You have to find the answer yourself

Of course, Rong nuo didn't dare to admit it. Otherwise, how would she be able to see Rong Yan in the future?

Second, if you don't want to stay at home, you can only go on a trip.

In any case, it was impossible for him to return to the iron window.

to Liancheng Yazhi, other than Rong Yan, he was an absolute order to anyone.

he would not give the other party any room to refute, even in this kind of situation where it seemed like a negotiation without any pressure.

In the end, Rong nuo bit his lip and thought for a while, then said, "Brother-in-law, Yingluo, Yingluo, I want to go out for a walk, but Yingluo

Rong Yan said directly, "you don't have to worry about your identity card, household register, and passport. Someone will send them to you tomorrow. Where do you want to go?"

"I'm fine with going anywhere. I'll just walk around, Yingluo. I haven't gone on a vacation in a long time." Rong nuo hadn't thought about it. She just felt that her heart had been very uncomfortable recently. It was so empty that she didn't want to stay any longer and wanted to find something to do.

Liancheng Yazhi glanced at Rong Yan, who nodded slightly. Then, he said, "If that's the case, I'll arrange it for you. You're alone and you're a girl, so your sister won't be at ease. I'll arrange for someone to go with you, protect you, and help you carry your luggage. You don't have to treat him like he exists, just treat him like air. If you really don't want to see him, just make him disappear,

Hanhan."

Since Liancheng Yazhi had said so, it meant that he had already decided on the matter and would not let Rong nuo refute.

Rong nuo ye knew that this was for her own good. After all, it was indeed dangerous for a little girl to go out.

She nodded, "Thank you brother-in-law, thank you sister Yingluo."

Rong Yan stood up and walked in front of Rong nuo. I hope that when you come back, it won't be like this anymore. Do you understand?"

Rong nuo opened her arms and suddenly hugged Rong Yan. yes, I will, sister.

Rong Yan patted her shoulder. go on, pack your luggage. Since you're going out to play, just finish it properly. Don't think about anything else.

After Rong nuo left, Rong Yan immediately asked Liancheng Yahui, "Hubby, who do you want to go with Rong nuo? is it easy?"

Liancheng Yazhi shook his head. Madam, I'm sorry to disappoint you. It's not that Zhenzhen Jian's injuries haven't healed and he's not suitable for a long journey. Besides, the family needs him more. Besides, Jian Jian and Rong nuo are not the type that they like each other, so it's useless to put them together. In that case, let's not waste resources. I've arranged another person for Rong nuo.

Rong Yan pouted. She really hoped that Rong nuo and Jian an could get together, but why were the two of them so useless?

"Then who did you arrange for?"

"PEI xuanyu, he came back with Yue ye. He doesn't have anything important to do now, so let him go and protect Rong nuo. You've seen him for yourself, he's not bad, right?"

Rong Yan nodded. Of course, she knew who PEI xuanyu was. yes, not bad. Hubby, I noticed that your men are all pretty boys, right? "

So far, the few people she had seen were all dead-looking men and beautiful men. There were all kinds of them, and they were much more handsome than those self-proclaimed groups in the entertainment industry.

Liancheng Yazhi touched his chin. I've never noticed this Wanwan!

Rong Yan thought of Tang Zong and felt a little depressed. She was not used to Tang Zong suddenly disappearing from the house. hubby, where did Tang Zong go? do you think Zhenzhen ran away and won't come back? "

Liancheng Yazhi touched her face. I don't think so. Ran ran might have just gone to find her own answer..

Chapter 1562: Everything I have is better than you

Just as Liancheng Yazhi had said, Tang Zong's departure was not because he was afraid of marriage and chose to leave, but because he urged him to find his answer.

At this moment, several cars were driving against the wind on the road leading to the province with the highest altitude in southwest China. Even though they were in the cars, it was still very difficult to walk.

The sand and gravel kept knocking on the window, as if they were going to break the whole car.

fortunately, their car windows were bulletproof. other than a few scratches on the surface, it didn't look like it was going to break. however, under the strong wind, sand, and gravel, the outer shell of their car had been ravaged. the layer of paint on the car was basically gone.

In the car, red blade was holding an oxygen tube for the person lying in the back seat. "Young master, your altitude sickness is getting more and more serious. You can't go any further, you'll die! We're almost out of oxygen."

The person lying in the back seat was Tang Zong. At this moment, his color was the purest purplish-red color. He grabbed red blade's wrist. Even though he was feeling dizzy and could barely sit up, his strength was still very strong, almost crushing red blade's bones.

He said in a rough tone,"I won't whine, I won't whine."

If that man could stay here for so long, he didn't believe that he wouldn't be able to come up!

Red blade was anxious. young master, you can't do this. If you insist on going, can you wait for a while? we'll go back and treat your altitude sickness before going up.

Tang Zong's eyes were bloodshot. "Don't you dare!"

'Yao Zhizhi."

Red blade was helpless. He could only take out the medicine to treat altitude sickness and feed it to Tang Zong.

stop at the corner in front of the mountain and find a doctor Who can treat altitude sickness. Bring the mountain along with you. after saying this, Tang Zong felt as if his heart was about to explode. Usually, it would be a simple sentence, but at this moment, it was so difficult to say it. It was as if saying a single sentence could take half of his life.

Maybe it was the effect of the medicine after he took it. He felt that his brain was a little better and his vision was a little clearer.

The sand and gravel rolled up by the strong wind outside covered the sky, and it was impossible to tell where they were.

Tang Zong was supposed to fly directly to the provincial capital, but because of the weather, the planes flying to this place were all parked in another city.

The weather had not improved, and it was said that it might snow in two days.

Although it was impossible for it to snow in other places at this time, Yingying said to this Gao Yuan that anything could happen.

since he couldn't wait, tang zong brought his men and drove his own car here.

If the mountain doesn't come, I'll go!

Before he came, Tang Zong did not know about the hardships and hardships here. He did not know what kind of place it was.

Listening to the crackling sounds and looking at the sand covering the sky, they walked for more than a few days without seeing a single person. When they got off the bus when the wind was not blowing, they would be surrounded by endless desolation, without a single soul.

Tang Zong suddenly could not understand. This place was so difficult. Why did that person still come here?

Why?

he didn't know if it was because of the altitude sickness, but tang zong seemed to see Xia xuanmo's face in front of him. he said, I can do whatever you can. I want her to know that I'm better than you in everything.

I'm a stockpile writer, the author is on the train to Shanghai, she's going to stupidly ravage the girls in Shanghai!

Chapter 1563: 1 1 m doing this for the girl in my heart

Later on, Tang Zong's altitude sickness became more and more serious, and he was on the verge of death. Hong Ren had no choice but to go against Tang Zong's orders, and drove the king back.

However, he didn't expect that after walking for half a day, Tang Zong would actually start to get better.

thus, they stopped on the road and set up a tent by the side of the road, leaving one person to take care of tang zong. red blade, on the other hand, drove to a faraway place to find a doctor.

That night, Hong Ren returned. She didn't bring the doctor back, but she found a local remedy for altitude sickness.

The local minority residents said that with foreigners coming, no matter how severe the altitude sickness was, it would definitely be better with their prescription.

As expected, Tang Zong's condition improved a lot after two hours of using it.

Now that his body had recovered, Tang Zong did not want to stop for a moment. "Let's continue." red blade wanted to stop him, but tang zong shot her a cold look. she didn't dare to say anything more.

The car drove for the whole night. In the morning, the sky was getting brighter and the road was faintly visible. Then, they began to see people.

The car would meet one after a while. Some were wearing the clothes of local residents, and some were wearing the clothes of monks, but all of them knelt with every step they took. They prostrated on the ground, then stood up, and knelt again. Just like that, they walked on their path of pilgrimage, moving forward bit by bit with great piety. tang zong sat in the car, exhausted. he looked at those people, and could not understand what they were doing.

How could these people be so devoted to their Buddha, to the extent that they would kneel in front of the Buddha with their entire souls?

and what could the kasaya buddha give them?

After walking for a long distance, Tang Zong actually saw a young man in a windbreaker. He was 1.8 meters tall and had a handsome face. It was just that he had neglected his care recently, so he had grown a beard and had a worn out look. However, the aura of an elite that he exuded could not be concealed. One look and one could tell that he came from a big city, and that he was definitely a person who lived a good life.

Logically speaking, such a person should not have appeared here. However, he, the monks, and the ordinary residents were all pilgrims. They knelt with every step they took. They walked slowly, but they were not in a hurry. They were so devout that people felt a sense of admiration from the bottom of their hearts.

Tang Zong didn't know why either. He stopped the car and slowly followed that person. He wanted to find out why the locals had to go on a pilgrimage for a reason. But what about him? he was a foreigner. Why did he do the same? Tang Zong's car was moving like a snail, following him for an entire day.

The man stopped at night.

only then did tang zong get out of the car and asked him, "why are you the same as them?" You believe in Buddha too?"

That person was sitting by the roadside. He smiled at Tang Zong, who had been following him for the entire day."I don't believe in Yingluo." "Then why are you doing this?" Tang Zong was even more puzzled. "I'm not doing this for Buddha. I'm doing this for the girl in my heart."

"Why?"

That person looked at the night sky of the plateau and laughed a little sadly. in the past, there was a girl who grew up with me. I knew that she liked me very much since I was very young, but I never rejected her or responded to Qianqian. I always thought that no matter how much I went overboard outside, she would always wait for me at the same place, Qianqian.

I can finally sit down and write my story in peace, I'm so tired .

Chapter 1564: I'm looking for a love rival

so, I didn't have any scruples. It was ridiculous. Even though I knew that I had unintentionally hurt her many times, I didn't restrain myself, Qianqian. At that time, I always felt that since she liked me, she deserved to be hurt. After all, I didn't make her like me, so I naturally enjoyed her efforts. But one day, Qianqian said,'this is the last time I'll be hurt for you.' I won't love you anymore, Qianqian. At that time, I realized how wrong I was in the past." "Where is she now?" Tang Zong asked.

"She's in the hospital now, and the doctor said that Yingluo might never wake up again. She told me before that if I had the chance, I must come here and pray to Buddha. I'm here today to fulfill her wish! This is the only thing I can do for her now. What about you? why are you here?"

Tang Zong tilted his head. He thought for a while before saying, I, Hanhan, I don't know. I'm looking for a person. If I find him, I might find the answer. I might not understand Hanhan either.

The person Tang Zong was looking for was Xia Xuanmo. In fact, he didn't know why he was looking for him.

Perhaps he was uneasy, or perhaps he was afraid that Rong nuo would not be able to forget Xia Xuanmo, so he came to find him to see what was so good about him that Rong nuo had once liked him. The man asked him, "who is this person you're looking for? a man?" A woman?"

"men are my love rivals," tang zong replied.

The two of them didn't speak again.

That person suddenly said to Tang Zong, " if you like a girl, you must not let her wait. You must not let her doubt your love. You must not give other men an opportunity to take advantage of you. Otherwise, you will regret it for the rest of your life.

Tang Zong was stunned for a moment. He suddenly felt his heart trembling as if he had grasped something.

"What if she wakes up?" Tang Zong asked.

A look of longing appeared on the man's face as he said, " if she wakes up, I'll marry her. I'll marry her immediately. I'll let her be the bride, my wife. I won't wait a day for Qianqian.

"What's a marriage Pixiu?" Tang Zong asked tentatively.

That person pondered for a moment, before replying Tang Zong in a very serious tone, "marriage is a legitimate reason to have the other party, to be jealous openly. to love her without any scruples. to have each other in all! i'll be in charge of her life, and i'll give my entire life to her. then, let our bloodline continue on through our child. even if we die one day, we'll still be alive."

tang zong's entire body seemed to have been nailed to the ground. the shock that these words brought to him was far stronger than ever.

By the time he came back to his senses, that person had already gone far away. He continued on his pilgrimage, looking forward and praying. He hoped that Buddha would spare him so that the girl in his heart would wake up one day. Then, he would give him a chance so that he could cherish her more and protect her for the rest of his life.

Tang Zong suddenly felt that he had been enlightened by those words just now. It was as if he had suddenly become clear-headed, and had never felt so bright

before. The fog that had shrouded his heart had been evaporated by the sunlight.

The problem that had troubled him for many days was finally solved.

He loved Rong nuo, so much so that he was willing to give up everything, including his life.

Tang Zong gritted his teeth. That day, he had been so confused by Rong Yan that he had fallen into her trap..

Chapter 1565: Marriage is for you and me

that's right, after marriage, he had to be responsible for rong nuo's lifelong happiness and fight for the children in the future. these were not a problem.

he could no longer be as indulgent as he used to be. he could change. rong yan only made him think about the fear of marriage, but she did not say what benefits marriage would bring him.

Once he was married, he could have Rong nuo openly. No one would be able to snatch him away. Whoever dared to come, he would kill them without any scruples. He could have Rong nuo once. Their love and their lives would be extended through their child.

In comparison, the happiness that marriage brought was far more than the misfortune.

Only a fool would not want to get married.

He had been really stupid before. He had actually been fooled by Rong Yan.

"Young master, please let us get in the car," red blade said.

After thinking clearly, Tang Zong's entire body relaxed, and his complexion instantly brightened up. He opened the car door and got into the car. Then, he ordered, "Get in the car and turn around."

Red blade was stunned. She almost suspected that she had heard wrongly. She turned around and actually walked back. Why?

"Young master, aren't you going to walk forward?"

The center of the provincial capital was not far ahead, and the person Tang Zong was looking for was there.

They had walked for so many days and suffered so much, but now they had to give up when they were so close? Red blade couldn't understand.

"No, I'm going back. I want to go home," Tang Zong said happily.

Tang Zong now understood,"I am who I am, why must I compare myself to Xia Xuanmo!"

What he liked was that Rong nuo had nothing to do with Xia Xuanmo. Even if Rong nuo used to like that man, he was no longer qualified to be in love with her. Now, Rong nuo's life was new, and he was the only one who could occupy her entire life in the future.

Tang Zong opened the car window and shouted at the vast and empty sky outside,"Nuo nuo, I'm back. We can get married now, Yingluo."

At that time, Rong Yan, who was in the capital, was a little nervous early in the morning because the paternity test report between her and Gu Hesheng was out today. Secretary Zhou would personally send it over.

During breakfast, Liancheng Yazhi comforted Rong Yan. don't worry, eat first. It'll be here soon.

Rong Yan shook her head. I'm fine. Yingluo, really. she was just nervous.

Gu Hesheng had no idea what the couple was talking about, he asked, " what's wrong with rongyan? you're feeling uneasy so early in the morning. Did you not sleep well last night? "

Rong Yan's hand trembled. yes, it's Yingluo. She's not in a good state. I'll go and catch up on sleep later, Yingluo.

Now that she was talking to Gu Hesheng, Rong Yan felt a little uneasy. She was afraid that he would know what she was thinking.

An hour after breakfast, Secretary Zhou arrived.

However, he was in a hurry. He didn't mention the paternity test report the moment they met. "There's something bad about young Madam, Yingluo."

Rong Yan's heart skipped a beat. what's the matter? it's not Gu Hesheng and I. It's our Yingluo.

Secretary Zhou shook her head. it's not about Mr. Gu. I'm sorry that I haven't gotten the DNA test report yet. Something happened at the company this morning. A man who claims to be your brother led a group of reporters outside

our company and demanded to see you. They said that you, Qianqian, are cold-blooded and heartless. You don't even want to save your own sister.

Rong Yan was dumbfounded when she heard that.. Since when did I have a brother?"

Chapter 1566 -which part of life isn't melodramatic

Liancheng Yazhi's expression was very ugly. He quickly patted Rong Yan's shoulder to calm her down and asked Secretary Zhou, "Is someone deliberately causing trouble?"

Secretary Zhou shook his head. I also thought that someone was causing trouble on purpose. I told the reporters that our Madam doesn't have an older brother and only has a younger sister. She's living with the young Madam now, but Hanhan said that he has evidence, Hanhan.

Liancheng Yazhi's brows furrowed even more. Someone actually came to the company to make trouble. Who gave him such courage?

He asked, "what evidence? have you investigated it?" Who is that person?"

Secretary Zhou's face was also very ugly. He was almost depressed. To encounter such a thing in the morning, he really felt terrible and panicked. young master ya, I have detained him in the company and have already checked his identity. His name is Qianqian, Lu Qiancheng, the son of Lu guinong. He returned to Huahua half a month ago.

Suddenly hearing Lu guinong's name, Rong Yan was stunned for a moment before she realized who he was. She had almost forgotten that Yang Yan was not only involved with Gu Hesheng back then, but also Lu guinong. At this time, the Lu family had suddenly intervened. It seemed that Qianqian really wanted her to figure out her identity.

Rong Yan asked Secretary Zhou, "aren't Huahua's family all overseas? why did they come back?"

Secretary Zhou wiped the sweat off his forehead. " according to lu qiancheng, his sister, who is lu guinong's daughter, lu xueli, has blood cancer and is in urgent need of a bone marrow that can match her. however, they have been unable to find a suitable bone marrow overseas. even if qianqian did find one, they can not afford the treatment fee now. so, qianqian and lu guinong thought of you.

Rong Yan sneered. he thought of me. Humph! How can he be so sure that I'm his daughter? "

Could it be that he was sure that she looked like Yang Yan when she was young just because of that meeting?

rong yan was really disgusted by the lu family.

Rong Yan glanced at Liancheng Yazhi. It was all his fault for forcing Lu Xueli to act as Yingying.

Liancheng Yazhi's heart trembled when Rong Yan looked at him. He immediately understood what Rong Yan was thinking!

He wanted to coax Rong Yan as soon as possible, but Secretary Zhou's presence would affect his performance.

liancheng yazhi waved his hands. "don't bother about him. just kick him out.

otherwise, send him to the police department. say that he's causing trouble and lock him up for a few months."

Secretary Zhou nodded. Then, he remembered something. "Young Madam, Lu Qiancheng said that Lu guinong wants to see you."

Before Rong Yan could speak, Liancheng Yazhi said impatiently, " "I don't see Qianqian"

rong yan glared at him, and liancheng yazhi quickly shut up. only then did rong yan say coldly, " "He's gone!"

"alright, i'll go now," secretary Zhou said.

Liancheng Yazhi patted his shoulder. you take care of them. Don't worry about what methods you use. Suppress it and don't let them come and annoy people again. My wife is still pregnant, and we can't be troubled over such a trivial matter.

Secretary Zhou understood now. Both young master ya and young Madam hated the Lu family to the point that they would even hate the mention of it. As for whether Lu Qiancheng's words were true or false, it was not important. Because regardless of whether they were true or false, young Madam would not care about them."Yes, young master ya. Don't worry, I'll take care of them."

After Secretary Zhou left, Rong Yan said to Liancheng Yazhi, "Hubby, now that we have Lu guinong as a comparison, I really think that Gu Hesheng is a good person.. Between the two of them, I really wish that Gu Hesheng is my father Qianqian"

Chapter 1567: There's nothing he can't do in this world

The moment Rong Yan thought that she was really Lu guinong's daughter, she felt very uncomfortable and uncomfortable all over.

Lu guinong could not be compared to Gu Hesheng in any way, he was a despicable person.

perhaps from the first time he saw rong yan, he had already begun to suspect that rong yan was his daughter. however, he didn't dare to say that the lu family had been chased out of the country and no longer had the glory they had before. now that his precious daughter was sick and had no money for treatment, he only thought of rong yan.

Perhaps to them, it didn't matter whether Rong Yan was his biological daughter or not. All they wanted was an ATM.

However, would Rong Yan be a woman who was willing to be used as an ATM?

The Lu family was so naive, but they had to see if others were willing to be treated as fools by them.

Did they really think that she would help them under the pressure of public opinion if they got some reporters and blew up the matter?

What a joke, she wasn't running a charity. Even if she were to give money to a beggar on the street, she would never give it to Lu guinong.

Liancheng Yazhi hugged Rong Yan. She was in a bad mood and a little dispirited. His heart ached as he said, baby, you're thinking too much. Who does Lu guinong think he is? he just wants to cheat some money from you. It's nothing. You don't have to worry about it. Just focus on your pregnancy. I'll take care of the rest.

He touched Rong Yan's face, "as long as you want it, I'll get everything done for you, Yingluo."

so what if he was her biological father? Yes or no, that was a simple matter for Yingying.

As long as he wanted to, there was nothing in this world that he could not do.

Liancheng Yazhi left this matter to Secretary Zhou to handle, and Secretary Zhou handled it very well. The Lu family did not appear for many days.

Secretary Zhou called the police and threw Lu Qiancheng to the police for the reason that he was picking a fight. He specially arranged for them to lock him up for a while. As for the reporters who were brought here, all the photos and videos that they had taken were destroyed.

it was quiet for a while, but what liancheng yazhi and rong yan didn't expect was that they actually found the old master and persuaded him to personally bring lu guinong and his wife to the liancheng family's house.

That afternoon, Liancheng Yazhi was playing chess with Gu Hesheng. Rong Yan was learning how to knit a sweater for her child while a maid at home was teaching her.

Meowmeowmeowmeowmeow and Dong Tian had already gone to school. Rong nuo had been arranged to go out for a walk and had not returned yet. Tang Zong had not returned as well. The house was much quieter.

suddenly, butler li ran in with a flustered expression. " young master, young madam, the old master has brought ran ran and the other two to the door. "

Liancheng Yazhi frowned and calmly put down the chess piece. 'Who did the old man bring?

Butler Li said, " I don't know them. They didn't say anything. The old man rushed in with his men. I asked the bodyguards and servants to stand guard and not let them in.

Liancheng Yazhi put down another chess piece and stood up."Very good. If they rush in, you don't need to do anything anymore."

"I'll go out for a while and come back to accompany you later," Liancheng Yazhi said to Gu Hesheng.

Gu Hesheng waved his hand, "alright, go do your work."

"What's wrong?" Rong Yan asked Liancheng Yazhi.

"I'm fine," Liancheng Yazhi shook his head. He bent down to pick up the sweater that Rong Yan had knitted a little and praised, " "You've knitted so much, it's very nice. Wifey, I want Yingluo too."

"When I learn it, I'll knit you a scarf this winter." Rong Yan was in a good mood.

okay, then don't be lazy, Yingluo. Liancheng Yazhi held Rong Yan's face and lowered his head to kiss her..

Chapter 1568: i'll let you die tonight

Rong Yan patted his arm lightly. "Don't worry, I won't." "Then I'll go out for a while and be back soon, Yingluo."

"En, Yingluo."

liancheng yazhi turned to look at the maid beside him."Take good care of young Madam."

His gaze seemed gentle, but it was mixed with a biting cold that made the maid's heart tremble. She quickly nodded. "Yes, young master Zhenzhen."

Liancheng Yazhi brought Butler Li out, and Rong Yan still didn't know what had happened.

"What are those two like?" Liancheng Yazhi asked Butler Li.

it's a man and a woman, very old and thin. They shouldn't be as old as the old master, but Yingluo looks like she has more wrinkles than the old master.

liancheng yazhi's footsteps were very fast, and he could basically guess who it was.

The row of bodyguards in black at the door stood there like a high wall that couldn't be crossed. No matter how the old man in front of them scolded them, no matter how the man and woman threw stones at them and spat at them, they didn't move an inch.

They only separated when Liancheng Yazhi arrived.

Liancheng Yazhi's sudden appearance scared the man and woman who were about to throw the stone. The stone in their hands fell to the ground, rolled around, and stopped at Liancheng Yazhi's feet.

Old master Liancheng was holding a walking stick in his hand. He actually stood up with the help of the walking stick and came to Liancheng Yazhi with great difficulty. He raised his walking stick and hit Liancheng Yazhi."You unfilial son, you won't even let me in. I'm your old man, Lao Ai."

Before he could hit her with his walking stick, Liancheng Yazhi grabbed him and threw him hard.

Lian Chengbo was already half-paralyzed, and he could only stand up because he had been practicing hard with the help of the nurses recently.

However, it was definitely impossible for him to compete with Liancheng Yazhi. He casually threw the old master, and the old master's body lost balance and fell to the ground.

The old man was stunned for a moment, and his face turned red with anger. 'you're a filthy animal. you even dare to hit your father. you're really a piece of trash.

Liancheng Yazhi slowly unbuttoned his sleeves. He did not care about the old man's scolding at all and lazily said, "you can go back to the Liancheng family if you want, but Hanhan can't be like this. It's not good to scare my wife. Besides, Hanhan's house isn't a place that just any cat or dog can enter. Old master, you're muddled. You should stay in the hospital, take your medicine, get your injections, and mind your own business. Haven't you heard that the more worried a person is, the earlier he will die? although I don't mind holding an early funeral for you, you'd better not die this year. There's a happy event in my family. If you die, it'll be too unlucky.

What Liancheng Yazhi said was true. He really didn't mind arranging a funeral for the old master tomorrow.

However, Rong Yan was pregnant this year, and the child's delivery was in the second half of the year. He didn't like it when such a funeral and happy event happened together.

Old master Lian Cheng's chest was in pain and he felt dizzy. Okay, okay, you're really too capable. After marrying that woman, you've really forgotten who your ancestors are. If you don't let me in today, I'll immediately inform the major media outlets. Just wait for you to get into negative news and cause the company's shares to plummet.

Liancheng Yazhi did not care about the old man's threat. He looked into the old man's eyes and said word by word, "then let me tell you, if you dare to inform the media, don't blame me for making you die tonight. You know I can do it..

Chapter 1569: Don't have any ideas about my wife

you quack, you quack. old master Liancheng did not expect Liancheng Yazhi to be so unyielding. He actually said such words without any scruples.

The old man knew that his son would definitely do what he said.

Their father and son relationship, which had just improved a little, was of no use.

Old master Liancheng wanted to use his father's identity to suppress Liancheng Yazhi, but it was completely useless.

He also knew very well that he could not use force with Liancheng Yazhi, so he could only try to put down his arrogance and said, " Alright, alright, Yingluo, you're so capable now. I'm nothing in your eyes now. You can ignore what I say, but your wife is GUI Nong's daughter. Her own sister is sick, so there's no reason for her not to save her. Go and call her out and get her to the hospital to do a bone marrow match. If possible, ask her to donate her bone marrow to Xueli.

The old man said it so easily, as if donating bone marrow was like drinking cold water. It was very simple and he had never thought about the safety. Rong Yan was pregnant now, Yingluo.

Liancheng Yazhi sneered and glanced at Lu guinong and his wife, who were following behind old master Liancheng.

"I'm overestimating you by calling you an old fool. I think you're stupid to the extreme. Who does he think he is? he said he's my wife's father, so he is. Don't say that he isn't. Even if he is, he can forget about having any ideas about my wife."

When the old man heard that he was being called an idiot, he immediately cursed, " "You, bastard Yingluo"

However, after scolding him, he suddenly felt that he had been too rash. It was too one-sided to believe Lu guinong's words.

Without concrete evidence, who would know if they were father and daughter?

He was most likely being used by Lu guinong.

Previously, when Lu guinong and his wife couldn't find Rong Yan, they thought of the old master again. Hence, he took out his dead sister and ran to the old master. She cried, pretended to be pitiful, and even threatened to commit suicide before the old master finally agreed to bring them to see Rong Yan.

But now, the old man gradually realized that he seemed to have made a mistake.

However, even if he did realize it, it was too late. He had already brought her over.

Knowing that he was in the wrong first, the old man shut his mouth and did not speak again.

Lu Guinong stood in front of Liancheng Yazhi with tears streaming down her face, "young master ya, Rong Yan is really my daughter. He really is. I know his mother. His mother and I were classmates when we were in school. Yingluo and I had a relationship. It's true. If you don't believe me, you can ask Rong Yan to call his mother out to confront her. Otherwise, we can do a paternity test. I'm really his father. I know that she must blame me and hate me, but her sister is innocent. Xueli is only in her twenties. She's still a child. Is she going to just watch Xueli die like this?"

Liancheng Yazhi frowned in disgust. If he had known that they would do this today, he would not have given the old master any face at that time and would have completely dealt with the Lu family.

"I don't have any ideas about my wife," Liancheng Yazhi said disdainfully. "Otherwise, I'll be happy to make you go missing forever."

Lu Guinong was so scared that he trembled and didn't dare to speak again.

However, Madam Lu suddenly knelt in front of Liancheng Yazhi. "Young master ya, I beg you, let us see Rong Yan. I believe that the girl who can become young master ya's wife must be a kind girl. She won't leave her in the lurch.."

Chapter 1570: I am not kind, I am very vicious

Before Liancheng Yazhi could speak, a cold female voice came from behind him. Not only is Liancheng Yazhi's wife not kind, but she's also very vicious. Not only will she not help her, but she might even help Lu Xueli to reincarnate early.

Liancheng Yazhi immediately turned around and saw Rong Yan walking over. She was wearing a loose maternity dress and her stomach was already protruding. The maid beside her was holding her carefully, afraid that something would happen to her.

However, Xuanji and Gu Hesheng had also come over.

Those who were related to Rong Yan's background, except for her mother, Yang Yan (Yan yang), were all surprised at this moment. This scene was not easy to control. Liancheng Yazhi frowned. He walked in front of Rong Yan and put his arms around her shoulders. The meaning of his possessive and protective posture was self-evident.

"Why are you here?" Liancheng Yazhi reproached.

Rong Yan smiled. I heard that the old master was here. How could I not come and take a look? ”

Rong Yan said ‘coming’, not ‘coming back’.

‘I’m here’ and ‘I’m back’, the meaning of these two words changed completely with just one word.

The former was only used by guests who came to their house-here!

the latter was used when one of his family members went out and came back.

The former was a guest, while the latter was a family member.

Rong Yan was very angry that the old man always tried to cause her trouble, so she didn’t want to see him as family.

Moreover, she wanted to tell old master Liancheng that no matter how unwilling he was, she was now the mistress of the house. So what if he was her father-in-law? if she was unwilling, he could forget about entering the house.

How could the old man not understand what Rong Yan meant? he said angrily, ‘ “You woman, don’t be too vicious. Be careful of your sister-in-law taking revenge on you.”

He originally wanted to talk about retribution, but when he saw Rong Yan’s bulging stomach, he snorted and stopped talking. If there was really retribution and it was on the child, he was still his grandson, a descendant of the Liancheng family.

Madam Lu looked at Rong Yan with resentment. you’re a mother now. You must not be willing to lose your daughter. When you say this, aren’t you afraid that something will happen to your daughter one day, Zhenzhen? ”

Rong Yan’s expression turned cold as she interrupted Madam Lu. if you dare to say one more word, I, Lu Xueli, will go to hell today. I’ll also make your son accompany me. Since you cursed my daughter Qianqian, I’ll make everything you said become a reality for your children.

While Rong Yan was talking to Madam Lu, Lu guinong’s eyes were fixed on Rong Yan’s stomach. His eyes were burning with passion and madness. “You’re pregnant, you’re pregnant? Yingluo, you’re going to use your umbilical cord blood to save your sister.”

When Lu guinong was almost in front of Rong Yan, Liancheng Yazhi kicked him hard. crazy Yingluo!

It wasn't enough to have designs on Rong Yan. She even had designs on their unborn son. She was so crazy about wanting to die.

Whether Rong Yan and Lu Xueli were sisters or not was another matter, but if they wanted the umbilical cord blood, it would be Lu Xueli and Lu guinong who would have the baby. This was crazy. lu guinong was kicked to the ground. when he fell, the clear sound of bones breaking made people's scalps tingle.

Gu Hesheng watched from the back for a while, and he had a pretty good idea of what had happened. He looked at Rong Yan for a long while, his hands trembling slightly, and his heart was slowly filled with excitement..
