

Permit Me 1571

Chapter 1571: Is Rong Yan his daughter?

If Lu guinong said that Rong Yan was his daughter, then Xuxu was saying that Rong Yan's mother was Yan yang. Did that prove that there was a 50% chance that Rong Yan was his daughter?

No wonder when he first saw Rong Yan, he felt close to her. Many times, he had thought about how good it would be if Rong Yan was his daughter.

But at that time, he always said that he had been lonely all his life. It was already good enough to know a child like this when he was old, and he couldn't expect more.

but now, lu guinong's sudden appearance told him that there was a 50% chance that yingying was right.

Gu Hesheng, who was at the back, calmed down his excited mood, then stood up and slowly walked in front of Lu guinong. Lowering his head to look at his old classmate who was in pain all over and hesitating, he slowly said, "Lu guinong? Long time no see."

Rong Yan's hand that was holding Liancheng Yazhi's suddenly tightened.

She was worried that once Gu Hesheng and Lu guinong made things clear, Lao Ai would tell Gu Hesheng everything.

At that time, if she was not Gu Hesheng's daughter or his daughter, what kind of attitude should she use to face him?

Liancheng Yazhi hugged Rong Yan and whispered in her ear, "baby, with me here, everything you're worried about won't happen. trust me!"

Lu guinong heard the familiar voice that he had not heard for a long time and was stunned for a moment before raising his head. When he saw Gu Hesheng's well-maintained, ruddy face that seemed to be even younger than the last time they met, a deep jealousy flashed through his eyes.

But when he saw Gu Hesheng here, he was more shocked, extremely shocked. Gu Hesheng walked out of the Liancheng family's Gate. He was wearing a relaxed old Tang suit and a pair of old cloth shoes. He looked like a rich old man who was enjoying his retirement. One look and it was obvious that he lived here.

Lu Guinong was stunned for a while before he shouted excitedly, " "You were the one who ridiculed Gu Hesheng, why are you here? What are you doing here?"

Gu Hesheng laughed, the wrinkles at the corner of his eyes were deep, " "Old classmate, why do you say that? I've been living here for a long time. Do I have to tell you where I'm living? When the time comes, what are you going to do with all these people? Umbilical cord blood? Bone marrow? This wasn't very good, was it? you can't be too selfish. Rong Yan is pregnant. even if she can save your daughter by chance, it's not impossible. you're worried about your daughter, but Liancheng and I are worried about Rong Yan and the child. you'd better go back. instead of being entangled here, it's better to hurry up and find a matching bone marrow. don't waste time and it's not good for you or others."

Gu Hesheng said it very tactfully, as if he was trying to persuade Lu Guinong from the bottom of his heart. However, if one listened carefully, they would find that every word he said revealed the close relationship between him and Rong Yan, which made it easy for people to think that he and Rong Yan were father and daughter.

Moreover, he said from the beginning that he had lived here for a long time. This concept sounded easy to misunderstand. Moreover, this was the old house in Liancheng. If he did not have a special relationship, how could he move in?

Lu Guinong's eyes were bloodshot as he tried to stand up a few times, but to no avail, " "You, you Xuanji, Gu Hesheng, did you say something to Rong Yan?"

He turned to Rong Yan and shouted, " Rong Yan, believe me. I'm telling the truth. I'm your biological father. Gu Hesheng is just jealous that I took your mother away back then. That's why he's doing this.

Chapter 1572: I just like to leave people in the lurch

Gu Hesheng laughed. He laughed very happily. Lu Guinong's panic and fear could only mean one thing. In fact, he himself did not know if Rong Yan was his daughter.

In this case, the possibility of your Rong Yan having a father-daughter relationship with him is greater.

Gu Hesheng extended his hand gently. old classmate, why are you so nervous?

I didn't say anything to Rong Yan. Before you appeared, I always thought that Yan yang was dead. I also always thought that Rong Yan's mother and Yan yang were two different people. Hehe, I really have to thank you for your reminder.

Rong Yan bit her lip. Some of Yang Yan's words flashed in her mind. She was a little worried. If Yingluo was really Lu guinong's daughter, she would feel nauseated every time she thought about it.

Rong Yan took a deep breath and reminded him, " I don't know what you're talking about, and I don't want to know either. My mother's name is Yang Yan, not Yan yang. Even if she looks the same as your Yan yang, so what? what does it have to do with me? besides, what does your daughter's life and death have to do with me? "

Lu guinong suddenly looked at Rong Yan with a vicious gaze. she's your sister? your biological sister? "

Rong Yan said disdainfully, " don't randomly claim that you're my relative. Besides, I like to leave people in the lurch. Especially Yingluo, it's my pleasure to watch your family die.

Rong Yan's words could be said to be sinister and vicious. If it was someone else, they might not be able to say such words. After hearing it, people who did not know the situation would also think that this woman was clearly a snake and Scorpion. She was too vicious.

However, Rong Yan didn't care how others looked at her. As for Liancheng Yazhi, he had even seen her more vicious side, so why would he care about this?

Lu guinong was so angry that his entire body trembled. He pointed at Rong Yan and said, " " you're not human. you don't have any humanity at all. you're still carrying a child, yet you can say such things. aren't you afraid that your child won't be able to be born? you'll get your retribution sooner or later. everything you've done to my daughter will be repaid to your son in the future, zhenzhen. you'll die a terrible death! "

Rong Yan was not angry at all. She laughed and said, " "You don't have to worry about it. Don't worry, my son will be born healthy and will grow up safely with my daughter. Before they got into trouble , your children had already gone to see the King of Hell. Since you're cursing me and my child like this, then Yingluo's retribution should also come to you."

Madam Lu pushed Lu guinong away and knelt in front of Rong Yan. Her eyes were red and swollen from crying, and her vision was blurry from tears."He's not thinking clearly. He shouldn't have said that and scolded you. He's too worried about his daughter. Rongyan, I beg you. You and Xueli really have the same blood. I beg you, I beg you, Yingluo."

Rong Yan lowered her head and glanced at Madam Lu. Was she pitiful?

There was nothing to be pitiful about.

There were so many people dying every day in this world, and they were thousands of times more pitiful than Lu Xuli. She didn't have any extra sympathy for them. She had always liked to hold grudges, and she couldn't save a woman who almost stole her husband.

Mr. Gu was right. Instead of wasting time here, you might as well hurry up and find a bone marrow match and ask for my help. It's impossible, Qianqian. Not to mention that she might be my half-sister, I can even save my own sister. Even if she's my sister, I won't save her!

rong yan wanted to say rong jia, but she stopped in the middle..

Chapter 1573: If you come to cause trouble again, beat you up and drive you away

After Rong Yan finished speaking, she didn't care about Madam Lu's disappointed expression and Lu guinong's resentful and vicious gaze. She looked up at Liancheng Yazhi and said, "Honey, I'm tired. Let's go in!"

Liancheng Yazhi quickly held Rong Yan's back and ordered the bodyguard, 'chase them away. In the future, no matter how close they are to Qingqing, if they come to make trouble again, beat them up and drive them away.

The group of black-shirted bodyguards immediately stood out. They were a dense mass of people with a murderous aura.

lu guinong and his wife were so frightened that they kept quiet, not daring to say another word.

However, after a while, Lu guinong remembered that he couldn't return empty-handed today. After this time, he might not have another chance.

After struggling in his heart, he said, "Zhenzhen, even if you don't acknowledge me, we still have to do a DNA test. Also, Zhenzhen, if you don't want to donate your bone marrow to save your sister, you can at least fork out some money, right? Xueli is now hospitalized and there's no hospitalization fee. She's staying in the worst Ward, dirty and unhygienic. She has never suffered like that before. You're already Madam Liancheng now, so it's easy for you to take out a few million.

rong yan didn't know what to say about lu guinong's shamelessness. she really wanted to slap this kind of person to death.

Did he really think that other people's money wasn't money?

rong yan laughed. "how ridiculous. it's not easy for my husband to earn money. he needs to support the family. even if i were to send a beggar away, i wouldn't give it to you."

"i'm annoyed when i see it, so i'll drive away yingluo"

A few bodyguards drove Lu guinong and his wife and threw them out. He shouted at the top of his voice, I want to do a DNA test, I want to do a DNA test, Yingluo." sure, "Liancheng Yazhi said. let's do a DNA test. Just wait. We'll come to you in two days.

Since things had already come to this point, they had to find out whose daughter Rong Yan was.

A DNA test had to be done.

She chased the Lu couple away and sent old master Liancheng back to the sanatorium. She also told the director not to let him out again.

When she returned to the house, there were only two people left in front of her. Rong Yan had no choice but to face Gu Hesheng.

She hesitated for a while before lowering her head,"I'm sorry, I didn't know Yingluo."

However, before Rong Yan could finish her sentence, Gu Hesheng said excitedly, " it's not your fault, it's not your fault, Yingluo. You didn't know about my relationship with Lu guinong, and you didn't know about your mother's past. It doesn't matter, Yingluo. You're a good child.

In fact, if Gu Hesheng thought about it carefully, he would be able to guess that Rong Yan already knew that Yang Yan was Yan yang. This was because she had

tried to get information about Yan yang from Gu Hesheng more than once in the past.

Moreover, Gu Hesheng had his own channels and he could investigate it, but he didn't have Lao Ai. He didn't do anything and was completely immersed in the excitement of Rong Yan being his daughter. Or perhaps, he subconsciously didn't want to think about Lao Ai.

Rong Yan bit her lip and thought for a while before saying, "are you all so sure that my mother, yang yan, is yan yang? What if Hanhan does a DNA test and the results show that I'm neither your nor his daughter?"

Lu guinong laughed, "I'm not sure. But since Lu guinong is sure, then it must be true. No matter what the result is, I'll accept it.

One of the results naturally included that Rong Yan was Lu guinong's daughter.

At night, Liancheng Yazhi hugged Rong Yan and said, "don't worry, I believe you're definitely not Lu guinong's daughter. Perhaps this isn't a bad thing. You have to trust your husband at all times..

Chapter 1574: The more I look at her, the more she looks like my daughter

"But I don't think this is a good thing." Rong Yan frowned.

Liancheng Yazhi lowered his head and kissed her between her eyebrows.

there's more than one side to everything. Even if it's a bad one, I'll turn it into a good one. Don't you believe in your husband's abilities? "

Rong Yan looked up and met Liancheng Yazhi's eyes. She nodded. "Believe in Yingluo." no matter when, no matter what she faced, she was no longer alone. liancheng yazhi was always by her side. he would help her shelter from all the wind and rain and prevent her from all the sadness. it was enough to have him by her side.

Liancheng Yazhi patted Rong Yan's back. "Baby, go to sleep, Yingluo."

Rong Yan was still worried. but you said to do a DNA test.

Liancheng Yazhi laughed. of course, why not? now that Gu he is born and Lu guinong are waiting, how can the Lu family give up if we don't do this appraisal? besides, we have to give Gu he an explanation, right? " however, as for what the outcome would be, it was not within their control.

rong yan grabbed the clothes on liancheng yazhi's chest. " "But what if they want to see Yang Yan and confront her?"

Rong Yan had never asked about Yang Yan's life or death since they met that time.

An endless loop had formed between her and Yang Yan, and neither of them could see the other get better.

once yang yan was released, all the dirty things that happened in the past would be brought up. at that time, how would she be seen? Even his own mother was thrown into prison. Wouldn't his reputation be criticized by thousands of people?

Liancheng Yazhi coaxed in a low voice, "why is there a matter with Yang Yan?" This has nothing to do with him. You, Lu guinong, and Gu Hesheng just want to test your parent-child relationship. If you are, then you are. If you are not, then you are not. Science will give the most reasonable and correct explanation. Don't worry, Yang Yan's matter will not be exposed. "

"Have a good sleep. Rest well for the next few days. When you're better, we'll do the DNA test."

Rong Yan nodded and said, "alright, Yingluo."

After the ruckus caused by Lu guinong and his wife, for the next few days, Rong Yan would feel awkward whenever she saw Gu Hesheng!

However, the more Gu Hesheng looked at her, the more he felt that she looked like him. The more he looked at her, the more he was sure that this was his daughter.

A week passed, and Rong Yan's body was almost fully rested.

Liancheng Yazhi found Gu Hesheng. Mr. Gu, if it's convenient for you today, why don't you ask Lu guinong to do a DNA test with you? " he asked.

Unexpectedly, Gu Hesheng said, 'has Rong Yan rested well today? There's no hurry to do the DNA test. She's still pregnant. We'll talk about it after she recuperates."

Liancheng Yazhi was stunned for a moment. He thought that Gu Hesheng would be in a hurry to do a paternity test.

However, his words made Liancheng Yazhi suddenly realize a problem. Gu Hesheng had really treated Rong Yan as his daughter.

Only a father would place his daughter's health as his top priority. Nothing else mattered.

liancheng yazhi's thoughts were a little moved. perhaps there could be a slight change in wanwan's matter.

liancheng yazhi quickly smiled and said, "thank you for your concern. rong yan has recovered. moreover, this matter can't be dragged on forever. there has to be a result. you're not in a hurry, but mr. lu is.."

Chapter 1575: Sometimes, it's not a good thing to have too deep a relationship

f * ck! Gu he said one word and then laughed in disdain.

He was obviously looking down on Lu guinong. In the past, he would have hidden it a little, but now, he didn't hide it at all. When it came to his daughter's fight for power, Gu Hesheng would definitely not be soft-hearted, and naturally, he would suppress the other party in all aspects.

Liancheng Yazhi smiled gently. we set off to the hospital an hour later. I've already asked Secretary Zhou to make the arrangements.

Gu Hesheng swung his arm, "alright, I've really missed him after not seeing him for a few days. However, I feel that the hospital you've arranged for us to go to is an unnecessary one, Yueyue."

Gu Hesheng understood Lu guinong very well. He liked to use his petty heart to spy on others, so he would definitely request to change hospitals.

Liancheng Yazhi smiled and nodded. perhaps it's unnecessary. If Mr. Lu has any requests, we can change hospitals.

A person like Lu guinong would definitely not do a DNA test at the hospital he arranged for her. However, it didn't matter where she did it because the results would not change.

An hour later, Liancheng Yazhi set off with Rong Yan!

gu hesheng was sitting in a car behind them. he was dressed in a dark gray suit, which was similar to a zhongshan suit. the cuffs and collar were embroidered with delicate dark patterns, and the buttons were polished with special obsidian. each one was exquisite.

Her hair was combed neatly, and her leather shoes were polished to the point that they could be used as mirrors.

The imposing manner on his body was astonishing. He really looked like an old man from a rich family who had been in power for many years.

On the other hand, Liancheng Yazhi and Rong Yan were both relaxed. They were both wearing casual clothes as if they were going on an outing.

In the car, neither of them talked about the DNA test. They were discussing their unborn son.

Rong Yan touched her protruding belly and said to Liancheng Yazhi, "after a while, when there's fetal movement, you'll be able to feel him moving inside."

He'll kick your feet and greet you. You have to communicate with him well. Don't be too strict, or it won't be good for your father-son relationship.

Rong Yan had watched the enmity between Liancheng Yazhi and the old man time and time again. She definitely did not want her son and Liancheng Yazhi to become like this in the future.

Liancheng Yazhi touched Rong Yan's stomach. "Alright, I will, Yingluo!"

In fact, Liancheng Yazhi had never told Rong Yan that for the men of the Liancheng family, there was really no need for such a deep father-son relationship. If the relationship was too deep, it was not conducive to growth and the child's independence. However, he would forget about these things. He would measure the distance between him and his son.

However, no matter what, he would not end up like him and the old master. In order to take care of Rong Yan, Liancheng Yazhi had arranged for the hospital to be very close to their house. When they arrived, they saw Lu Guinong and his wife already waiting at the entrance of the hospital.

the moment they got off the car, Lu Guinong rushed over and said, "this is the hospital you arranged. how do we know if you've done anything? we don't trust this hospital."

Liancheng Yazhi already knew that he would be here, so he asked, "Then what do you guys want?"

"We'll pick the hospital," Madam Lu said.

Liancheng Yazhi was very easy-going. "good zhenzhen, then i'll leave it to you guys."

This surprised Lu Guinong and his wife, and they looked at Liancheng Yazhi suspiciously.

Rong Yan said impatiently, "I don't have so much time to waste with you. If you don't want to do it, hurry up and leave. Don't waste my time.."

Chapter 1576: Waiting for the moment the truth is revealed

yes, "Lu Guinong immediately replied. of course we'll do this appraisal."

His eyes suddenly turned dark. if you were my daughter, you would have to go to the hospital to match Xueli's bone marrow. If it's not suitable, then give birth to the child in three months and use the umbilical cord blood to save her

Lu guinong's gaze and his words pierced Rong Yan's heart, causing it to ache.

Although she hated Lu guinong, hearing someone who might be her biological father say such words, Rong Yan still felt a chill run down her spine.

How could a person's heart always be so biased?

yang yan was biased towards rong jia and had never treated her as a human since she was young. she had wanted to abandon her countless times and exchange her for money, not caring about her life at all.

Lu guinong was the same. For Lu Xueli, he didn't care about her looks at all. He even wanted her to go into premature labor in three months before the child was fully developed. He didn't care about her or the child's life at all. All he wanted was the umbilical cord blood that could save Lu Xueli's life.

Rong Yan only felt that it was so cold that her scalp started to turn numb. When she saw Lu guinong's face, she really, really wanted Xuxu to kill him. She really wanted to.

The killing intent in Liancheng Yazhi's eyes suddenly increased, and the cold viciousness frightened Lu guinong so much that he took a step back and didn't dare to say another word.

Liancheng Yazhi's hand moved. If he had a gun in his hand at this moment, he would have pulled the gun and pulled the trigger without hesitation to shoot

Lu guinong, killing him on the spot.

to use his son's life to risk it and save his daughter who should have died long ago, how could he still say that?

liancheng yazhi laughed coldly. " mr. lu, you should look at the status you're using to stand in front of me before you speak. you want to use my liancheng family's descendants to save your daughter's cheap life? you must be dreaming.

Lu guinong's face turned red. He had always doted on Lu Xueli and even loved his daughter as much as his life. Otherwise, he wouldn't have raised her to such an arrogant level. However, now that his beloved daughter was being humiliated, he didn't even dare to resist and could only keep his hatred in his heart.

When Liancheng Yazhi spoke, Gu Hesheng stood in front of Rong Yan almost immediately. After he finished speaking, he said, " Lu guinong, I didn't expect you to be even more shameless and selfish than before. Your daughter's life is at stake. Perhaps you've done something immoral, so you're using your daughter's life to pay for it. Be careful that you don't have too many guilty conscience and she'll die before she can find a suitable bone marrow.

gu hesheng's way of speaking had always been of a certain standard, and he rarely poked at people's sore spot like this. however, when facing lu guinong, he really felt that he had not been harsh enough.

He treated Rong Yan's child as his biological grandson, so of course, he couldn't let Lu guinong look down on him like that.

lu guinong pointed at them. " you guys, your qianqian had long colluded with qianqian. let me tell you, gu hesheng, rong yan is the daughter of yan yang and me. back when he was taking advantage of you, he had already hooked up with me behind your back. since you want to be cuckolded, then you'll have to wait for the test results to be out and you'll be able to sit tight. "

Rong Yan bit her lip. Why was Lu guinong so sure that she was his daughter?

Liancheng Yazhi whispered to the extremely angry Gu Hesheng, Mr. Gu, don't waste your breath on him. Get in the car. Once the DNA test is done, the truth will be revealed.

After that, the group of people arrived at the hospital that Lu guinong had mentioned. It wasn't a large private hospital, and the director was an old friend of Lu guinong's..

Chapter 1577: The process of waiting

The hospital's medical facilities were not complete, and the doctors and nurses in the hospital were not very professional. There were not many people who came to see the doctor. The hospital had been going downhill and might go bankrupt soon. However, they were still capable of doing a paternity test.

Liancheng Yazhi helped Rong Yan down and frowned when he saw the dilapidated hospital.

He took out a mask from the car and put it on Rong Yan. Then, he called Secretary Zhou to come over and send over some clean equipment.

When they arrived at the directors office, no one said much. The director only said a few simple words and then drew blood for the three people.

After the blood sample was drawn, it was labeled and sent to the laboratory.

“How long will it take?” Lu Guinong asked eagerly.

The director said, “our hospital isn’t like those big hospitals. We take a longer time to do this test. Moreover, you know this kind of paternity test. The more detailed the better. According to the normal time, it takes seven days to complete the test.

Lu Guinong immediately shook his head. “seven days is not enough. I can’t wait any longer. I want the results today.”

The Liancheng family was rich and powerful. The longer he delayed it, the more disadvantageous it would be for him. He was very worried that Liancheng Yazhi would do something.

The director looked displeased. “We definitely can’t do it today. The first round of comparison can be done in six hours, but the accuracy isn’t high. We’ll have to do a second comparison. Even if we hurry up, we’ll have to wait for two days. If you can’t wait two days, you can take it to another hospital. I don’t have the ability.” Lu Guinong gritted his teeth. “Alright, two days it is. I’ll wait here.”

“If you want to wait here, then go ahead.” The hospital director frowned.

Liancheng Yazhi took a step forward. “If there’s nothing else, we’ll be leaving. If the results are out, please inform my Secretary. We’ll come over.”

“Alright, I’ll let you know as soon as I’m out,” the director nodded.

Liancheng Yazhi supported Rong Yan and left, completely ignoring Lu Guinong.

The waiting time was the most torturous, but Rong Yan had calmed down a lot after the first few days.

When they got home, Rong Yan asked Liancheng Yazhi, “Didn’t you already do a DNA test with Gu Hesheng two days ago? Did you get it?”

Liancheng Yazhi’s expression changed but quickly returned to normal. He smiled and said, “No, that morning, Secretary Zhou had not gone to get it when Lu Qiancheng appeared. He did not go to get it at all. After that, he was busy getting Lu Qiancheng to the police station and forgot about this matter. You know what happened after that. Lu Guinong came over. I thought that had to do it again anyway, so I did not ask again. According to Lu Guinong’s character, even if it was taken out, if it was not a conclusion that he wanted to see, he definitely won’t give up. Since that’s the case, let’s get back together again.”

Liancheng yazhu grabbed Rong Yan's hand and lowered her head to kiss her finger where the blood was drawn. "It's just that Yingluo made you get pricked by a needle. Does it still hurt?"

Rong Yan shook her head. it's okay, it doesn't hurt anymore. You're right too. This time, the results will only be convincing if the three of us do it together.

‘Two days passed very slowly for those who were waiting, but it passed very quickly for the others.

The day that the hospital director called Secretary Zhou and asked them to go over to see the results happened to be the weekend.

She touched Miao Miao's hair and asked,"mommy's going out for a while. Is there anything I want?" I'll bring it back for you.."

Chapter 1578: The moment the truth is revealed

“Mom, my teacher told me to do some handicraft work, but I don’t know what to do,” MeowMeow said.

I see. When I come back, I'll help you buy some from the stationery store, okay?

[illegible]

Rong Yan kissed her little face and touched Dong Tian's head before she got up and left.

On the way to the hospital, Rong Yan asked Liancheng Yazhi, "Yazhi, do you already know?"

Liancheng Yazhi looked innocent. how could that be? if I knew, I would have told you first. That director is very stubborn. He said that the three of you must be present to announce the outcome. Don't be nervous, it'll be fine.

“But Yingluo saw what was in front of her, and I’m starting to worry again.” during the two days of waiting, rong yan was very calm. however, seeing that the results were right in front of her, she began to worry again.

Liancheng Yazhi consoled her. it's okay. If there's anything to worry about, it should be Lu guinong and the others who should be worried. I heard that his

daughter received a critical condition notice in the hospital these two days. Since they need to find a matching bone marrow, he's placing all his hopes on you now.

Rong Yan sneered, "I won't let him have his way, Yingluo."

Even if she really was Lu Guinong's daughter, she would never save Lu Xueli.

In the hospital, Lu Guinong and his wife were in a half-crazy state with red eyes. They looked at the three portfolios in the director's hand and wanted to grab it immediately.

Secretary Zhou and his men sat opposite them. He looked at the Lu couple in disdain. If they dared to take the portfolio away, the people behind him would immediately beat them down.

Secretary Zhou recalled the short conversation he had with Liancheng Yazhi yesterday.

He was a little worried at the time and asked, "Young Master Ya, what if the results of this test show that the young Madam is Lu Guinong's daughter?"

Young Master Ya glanced at him and asked, "If? Is there an 'if'?"

Secretary Zhou was stunned and said, "Young Master Ya, what are you doing?"

Liancheng Yazhi placed his hand on Secretary Zhou's shoulder. "The result has already been decided, hasn't it?"

Secretary Zhou was stunned for about three seconds before he realized what Liancheng Yazhi meant.

Yes, I understand. I won't make a mistake. As you said, the result is set.

When Secretary Zhou regained his senses, Liancheng Yazhi, Rong Yan, and Gu Hesheng had already arrived.

Lu Guinong stood up. Everyone's here. Hurry up and drive. Hurry up and drive the taxi.

He couldn't wait to see the answer. He was waiting to take Rong Yan to be his precious daughter's life-saving medicine.

The headmaster looked at Rong Yan and Gu Hesheng, seeking their opinion.

Rong Yan took a deep breath and nodded. Everyone is here. Let's start.

Gu Hesheng comforted Rong Yan. Little girl, don't be nervous. It's alright.

Although he was comforting Rong Yan, his hands were trembling. The director placed the three portfolio on the table and took out the appraisal documents.

The hospital director held the appraisal book and read it stiffly, "After careful comparison and screening by our hospital's doctors, the parent-child relationship of the three has been determined. After comparison, Lu guinong, the DNA similarity between you and Rong Yan is 28%. The DNA similarity between Gu Hesheng and Rong Yan was 99%. According to the accurate data analysis, Rong Yan and Mr. Gu Hesheng's parent-child relationship is closer, or it can be confirmed that you two are really father and daughter."

Chapter 1579-the last hope

After the director finished speaking, he put down the three test reports and looked at the three people in front of him.

Rong Yan was expressionless. It seemed that no matter what the result was, she would not be very surprised. No one knew what she was thinking in her heart now.

Gu Hesheng, on the other hand, looked at Rong Yan. His hands trembled with excitement. He wanted to hug Rang Yan, but he restrained himself.

Lu guinong felt as if a bolt of lightning had struck her, and she was instantly struck dumb. Rong Yan was Lu Xueli's last hope, and now that the principal had said his last word, this hope was destroyed.

when madam lu heard the news, her eyes rolled and she fell to the ground!

Lu guinong's eyes were bloodshot as he raised his head to look at the principal, his voice hoarse, "vrell me, what do you mean? What do you mean by that?"

Gu Hesheng laughed out loud, he had never been so proud of himself in his so simple, yet you still don't understand? It means that you and Rong

Yan can't be father and daughter at all. She's my daughter, the daughter of Gu Hesheng, Yingluo."

Gu Hesheng's voice was very loud, and his smile deepened the wrinkles at the corner of his eyes. That kind of joy came from the bottom of his heart, which contrasted with Lu guinong's loss, making him even more glaring.

Lu guinong suddenly pounced on the table as if he had gone mad. He picked up the appraisal book with both hands and tore the thin paper in an instant. Like a mad demon, he kept on saying, "no, it's impossible. I don't believe it. I don't believe it. Qianqian, how could it be? Qianqian must have made a mistake. There must be a mistake. I don't believe it. Back then, Qianqian and Yan yang came to me to tell me that she was pregnant. She said that it was my child. She said it, Qianqian.

The hospital director still had a poker face and said coldly, "if she had sex with another man before she had sex with you, and the time between them wasn't too long, it's hard to tell whose child it was."

At this moment, Lu guinong couldn't listen to anything. He had long determined that Rong Yan was his daughter. She had to be. As for Rong Yan, she could only save Lu Xueli if she was his daughter. Otherwise, his precious Xueli would definitely die.

Lu guinong's Scarlet eyes looked at Liancheng Yazhi and Rong Yan. His eyes were filled with hatred that was close to madness as he shouted at the top of his lungs, "It's you, it's your Zhenzhen! You bribed him! You did something to the report! It must be Zhenzhen!"

The director slammed the table impatiently. if you don't believe me, then find another one to do it. Anyway, this is the conclusion. Believe it or not, don't cause trouble here. It's forbidden to make a fuss in my hospital. Otherwise, get out. Do you think I want to do this test for you?" gu hesheng said to liancheng yazhi happily, "the truth has been revealed. We should go. Rongyan is still pregnant and can't be tired. Go home and rest. Liancheng Yazhi put his arm around Rong Yan's shoulder. "Alright, let's go."

Lu guinong wasn't willing to lose the chance to save his daughter just like that. He shouted, I don't believe it, Hanhan. Let's go to another hospital and do it again. Rong Yan, call Yan yang out. I want to confront her face to face. Hanhan, I want to ask her if she had sex with another man before and after we had sex.

lu guinong, who was like a lunatic, no longer had the look of a famous artist in the country.

liancheng yazhi said to secretary Zhou, "he's crazy. take him out for a walk."

The two bodyguards behind Secretary Zhou and Lu guinong started to drag him out..

Chapter 1580: the truth doesn't mean everything

Lu guinong struggled with all his might. Ever since Lu Xueli fell sick, he had been eyeing Rong Yan. He had already fallen into a demonic trance and believed that Rong Yan must be his daughter. As long as the result wasn't the one he was satisfied with, it must be fake.

He shouted loudly, "I'm not going out, I want the truth. You guys did something to Xuanji and Gu Hesheng, are you so willing to be cuckolded?"

Rong Yan narrowed her eyes. She said the first sentence after the results were out. "Lu guinong, the truth is that I have nothing to do with you. You're not my father, and I'm not your daughter. I advise you to go and look after your precious daughter. You'll have one less chance to see Xuanji. Who knows if she can make it through the night?"

There was a cruel smile on Rong Yan's lips. She thought that perhaps she was really an especially cruel, especially bad, especially bad woman. It was because he actually felt very good and especially happy to see Lu guinong like this.

That feeling was like a sudden storm in the hot and humid season, making her feel cool and refreshed in an instant.

She was gloating and adding insult to injury. She didn't even know how to accumulate good fortune for her child. She was really not a good person!

Rong Yan's words provoked Lu guinong. He was like a trapped beast that had fallen into a trap, making his last struggle as he cursed, "Rong Yan, you animal. You don't even recognize your own father and don't even save your own sister. You will be struck by lightning and your whole family will be destroyed.

As Secretary Zhou heard Lu guinong's scolding getting more and more outrageous, he immediately took a few steps forward and struck Lu guinong with his hand, knocking her out instantly.

The two bodyguards hurriedly carried the unconscious Lu couple out and threw them at the entrance of the hospital.

Gu he was afraid that Lu guinong would affect his appearance, so he consoled her, "Child, don't listen to him. He's crazy, Yingluo. Yingluo, you'll be fine." Gu Hesheng was a very tactful person. He had his own way of dealing with people. But at this time, facing Rong Yan, his daughter who had just confirmed their father-daughter relationship, he suddenly didn't know what to say.

There were so many words and so much joy that he didn't know how to express.

When facing Rong Yan, he was a little cautious. Before, when he didn't know that Rong Yan was his daughter, he could still get along with Rong Yan with a

balanced mentality. However, now that he knew, he was too excited and too happy. He was so happy that he was a little worried. He was afraid that Rong Yan would not be the same as before because he knew very well that Rong Yan actually didn't have any expectations for her father.

Rong Yan opened her mouth and said, "I'm Yingluo."

"Child, let's go home and rest," Gu Hesheng said with a smile.

Rong Yan nodded, stunned.

Liancheng Yazhi helped Rong Yan out. Before they walked out of the hospital director's office, his eyes glanced at Secretary Zhou.

After they left, Secretary Zhou came out of the hospital director's office ten minutes later.

When Secretary Zhou came out, there was a faint joy on his face.

He didn't know what the truth was, and neither did young Master Ya. No one knew, and perhaps even the director himself didn't know. For a paternity test that had already confirmed the results from the beginning, what the truth was, was it still important?

The young mistress was Gu Hesheng's daughter, and they were both willing to believe it, and they were happy to believe it. That was enough.

Sometimes, the truth doesn't represent everything!

If I write like this, how many people would want to film me?
