

Permit Me 1611

Chapter 1611: What an idiot, still self-righteous

To everyone's surprise, she suddenly continued, "I was clearly poured by you, yet you're slandering me. How can you be so vicious? What did I do to make you frame me like this?"

After she finished speaking, she really covered her face and started crying. If what she said was true, her behavior did seem to be true.

If she was lying, then her acting skills at such a young age really couldn't be underestimated. After being exposed, she wasn't nervous at all and quickly thought of pushing the blame to someone else. Her reaction was really fast.

MO xunxun was so anxious that tears were flowing out of her eyes. She was not a talkative person to begin with. At this moment, she could only look at Jian Yi and shake her head. She was so nervous that she could not even say 'it wasn't me'.

Ye nuanyang frowned and said, "xunxun never lies. I watched her grow up. She doesn't even dare to speak normally. She's very simple-minded. She wouldn't be able to think of such a thing even if she had two brains.

Even though ye nuanyang was saying that mo xunxun was a little stupid, he was also very direct in saying that she had no reason to believe mo xunxun. Even though he did not directly point out that the girl had done it, he had indirectly said that she was lying.

the girl bit her lip. "the two of you are so close. of course you'd speak up for her, yingluo. but she was the one who poured the wine. '

Ye nuanyang gritted his teeth in anger as he looked at the girl. She was really like someone who would not shed tears until she saw the coffin.

Rong Yan sneered and pulled Liancheng Yazhi to her ear to say a few words.

Liancheng Yazhi's eyes narrowed. He glanced at the girl who had spoken and resisted the urge to kill her.

Rong Yan's lips curled up. I've been watching mo xunxun since she sat down. She didn't move at all. When she stood up and blocked me, she didn't put her hand on the table. It wasn't her. There should be surveillance cameras here.

Even if the surveillance cameras didn't capture it, there were only a few cups. We'll know who took the cup after we send it for a fingerprint test.

Rong Yan said it lightly, but her eyes had been observing the girl. Sure enough, when she said she was going to do a fingerprint identification, her body trembled subconsciously. Her eyelids kept blinking, and a frightened expression flashed across her face.

the corners of rong yan's mouth curled up. it seemed to be her without a doubt.

Liancheng Yazhi immediately said to Liancheng Yazhi, "get someone to put on gloves, put away the cup, and do a fingerprint test. All the people who were standing here just now have to stay here until the results are out. The girl, who had just claimed that mo xunxun was the one who did it,

screamed, what right do you have to detain us! it was clearly mo xunxun's doing, but you're all protecting her. I can't accept it. You're imprisoning us without permission. I'm going to the Public Security Bureau. I'm going to Sue

ran ran.

With Liancheng Yazhi's help, Rong Yan walked over and pinched the girl's chin, a cruel smile on her lips. "I'm an old woman, and I'm telling you, you're not the only one who can mix right and wrong and turn black into white. Don't worry, I'll give you a chance to go to the police station, and all these cups will be sent to the technical department of the police Cha Department for testing. When the results are out, you'll be handed over to them. Attempted murder!"

The girl took a step back in fear. "Yingluo, Yingluo, you've wronged me. I'm the innocent Yingluo."

rong yan snorted coldly, 'do you think you can change anything with a few quibbles? What an idiot, still thinking that he's right.."

Chapter 1612: The beast and the little rabbit

Feng nongtang quickly said, "lock everyone up. Don't let them run away. Send these cups to the police station for testing. Since someone wants to die, I'll fulfill her wish.

Feng nongtang's bodyguards quickly took the crying girls away, cleaned up the cups on the table, and sent them to the police department.

MO Mixi's father said carefully, " " then, yingluo, can my daughter take her to yingluo's hospital? her eyes ... "

' no, " liancheng yazhi interrupted coldly. " i said, no one can leave. '

MO mumi's father said pitifully, "then Qianqian, Qianqian, her eyes ..

The corners of Rong Yan's lips curled up, just like a vicious woman. She said, ' you said that she had eyes but couldn't see. She's blind. Isn't that great? "

leave the rest to nongtang, " ye nuanyang said. let's go to the second floor. The seats have been arranged. It's better to be worried about these things.

Liancheng Yazhi picked up Rong Yan and directly carried her upstairs in front of everyone without hesitation.

feng nongtang stayed behind to deal with the aftermath. today was his son's one-month-old banquet. no matter what happened, this banquet had to end.

However, that was a little difficult. This time, mo xunxun refused to let go of him no matter what. Even if her own brother came, it would be useless.

Ye nuanyang was also curious. MO xunxun had never spoken to strangers, but she trusted and relied on this simple meeting so much. She even trusted her more than her family. This was really surprising.

In the end, Jian Jie had no choice but to bring mo xunxun to the second floor.

mo xunxun sat beside jian yi quietly and obediently, not saying a word. she lowered her head and did not look at anyone. when ye nuanyang picked up food for her, she would take a few bites. if he did not, she would not eat. she sat there without moving, so obedient that it made one's heart ache.

MO xunxun was sitting there awkwardly because the group of people around him were looking at him with strange gazes, especially Rong Yan. Every time she looked at him, she would add a very creepy smile, which made him feel particularly creeped out.

he was puzzled. he was not someone who was popular with women. most girls would not dare to approach him after seeing him.

Why did this weak-looking little thing that he could pinch to death with one finger stick to him when she saw him?

Could it be that Yingluo had become popular with girls? [young master ya: you're overthinking it!]

However, against such a weak little animal, Jian Jie did not know what to do.

In the past, there were indeed women who tried to seduce him. However, they were either dead or injured. He would not be soft-hearted.

however, a wan wan like mo xunxun this was the first time he had seen it, and it was really unfamiliar.

He couldn't hit her, he couldn't scold her, he really didn't know what to do.

sighing silently, jian jie could only hope that the banquet would end quickly so that he could go back quickly and stay far away from this little thing. then, he would not feel awkward.

he thought of himself as a ferocious beast, and rabbit-like animals shouldn't appear next to wild beasts. these animals were too small even if they were used as food, not enough to fill the gaps between his teeth.

Although some annoying things had happened before, they had a relatively Happy Meal, of course, other than the simplicity.

after all, it had been a long time since everyone had gathered together. it was a rare opportunity to have such an opportunity.

Moreover, he had been trying his best to adjust the atmosphere and erase all the unpleasant things that had happened before..

Chapter 1613: The perfect match between Beauty and Beast

At the end of the banquet, Feng nongtang raised his glass and said to Liancheng Yazhi, "Young master ya, I was careless today. I didn't make proper arrangements and almost brought you and sister-in-law an irreversible disaster. This is my fault. I hope you two don't mind. I will definitely give you a satisfactory explanation for today's matter."

Liancheng Yazhi's lips curled up. After a while, he reached out to pick up the wine glass and raised it. "Alright, I'll let you handle it first."

Feng nongtang was Liancheng Yazhi's brother. Since he had taken the initiative to deal with this matter, Liancheng Yazhi naturally could not say anything.

But he only said to let Feng nongtang settle it first. What he meant was that if Feng nongtang didn't settle it to his satisfaction, he would do it himself.

feng nongtang also understood what he meant, he said, " "Don't worry, I'll do my best to solve this."

The banquet ended and everyone dispersed.

Liancheng Yazhi held onto Rong Yan. She was now five months pregnant and her stomach was already very obvious, so she was more easily exhausted.

Liancheng Yazhi wanted to take her back quickly.

however, when yingying left, there was a problem with the siphoning.

It was still mo xunxun. She did not let go of her simple clothes and followed him.

"I'm going home. Let go," Jian Jie said as patiently as possible.

MO xunxun's sparkling eyes looked at him expectantly, as if she was looking for something that had been lost by the road. please go home in my place.

Looking at her eyes, a hard part of Jian Jie's heart gradually softened. He realized that something was wrong and quickly stopped.

"Hurry up and get him away," he said to Feng nongtang.

feng nongtang, who was watching happily from the side, teased, " "Look at how special xunxun is to you. She likes you a lot. Why don't you let her go?" "Feng nongtang, do you need a beating?" Jian Jie's face darkened.

Feng nongtang chuckled. don't be like this, I'm just thinking for you. You're already so big, you should have a home. Don't do anything, I'll go find someone.

feng nongtang saw that jian yi had taken out his hidden weapon knife and quickly went to call for help.

he called mo xunxun's older brother and mother over. the two of them forcefully pried mo xunxun's hands away. the little girl bit her lips and did not make a sound, but her eyes were filled with tears. she kept looking at the ceiling and was silently begging him, hoping that he would take her away.

However, under the heart-wrenching gaze of her teary eyes, she hardened her heart and turned to leave.

after he had taken six steps, he heard intermittent cries coming from behind him, like an abandoned kitten. it made him feel terrible.

His simple and steady footsteps were a little messy, but he still left without looking back.

Outside the hotel, Rong Yan and Liancheng Yazhi's car had not left. The two of them were waiting for the ride.

Kong yan stuck her head out and said. "come on up."

He could tell at a glance that Rong Yan's smile was malicious, but he hesitated for a second before getting in the car.

The car started immediately, and Rong Yan immediately asked nosily, ” “That little girl let you go? When you left, was it like a life-and-death separation? tell us about it. ‘

He simply sat in the front passenger seat and rubbed his head. MO xunxun’s face flashed past his eyes before he turned around, and he felt a little depressed.

Rong Yan held her chin. tsk, I didn’t expect our simplicity to have such a great charm. Do all the young girls like uncles these days? ”

He simply closed his eyes and pretended not to hear, but Rong Yan ignored him and continued, ” ” simple. i think that little girl is not bad. she’s a good match for you. a perfect match for a beauty and a beast.. “

Chapter 1614-overwhelmed

He opened his eyes and turned to Liancheng Yazhi. can you stop her from talking? ” he asked.

Liancheng Yazhi shook his head and said regretfully.

Because he really wanted to know about this matter!

When mo xunxun and Jian Jie stood together, it was a strong visual impact. If they were really together, it would be a wonder.

Jian Jie glared at Liancheng Yazhi, took off his coat to cover his head, and did not say anything else.

His heart was in a mess and he was very frustrated. Rong Yan’s voice kept talking in his ear, and Liancheng Yazhi was also watching the fun. No one knew how frustrated he was.

however, when he covered his head, mo xunxun’s face began to appear in front of his eyes, and the sound in his ears became her last cry.

It was as if there was a fire burning in his heart, and he didn’t know why it started, but he didn’t know how to put it out.

As the car was driving on the road, Jian Yi suddenly lifted his clothes and said, ‘ “Stop the car!”

The driver was stunned for a moment, then quickly found a parking spot and stopped the car.

She simply opened the car door and was about to get out when Rong Yan asked loudly, ” “simple, are you going to look for mo xunxun? You can bring her home. When you go to find other girls, don’t be cold. Be gentle, like my husband. Learn from him.”

Hearing Rong Yan’s voice, Jian Yi walked even faster. Right now, he just wanted to find a place with no one around to calm down. Everything that had happened today was too beyond the scope of his life experience.

Liancheng Yazhi only asked the driver to start the car after they had walked far away.

He pulled Rong Yan back into his arms and said, ” “He’s just feeling frustrated.”

“Irritated?”

Liancheng Yazhi nodded. it’s probably the first time he’s encountered something like this. Rather than saying that he’s frustrated, it should be more like ... He’s at a loss.

Because the things he had encountered were too different from the past, and he had no experience in dealing with this kind of people, he felt irritated and didn't know what to do.

Rong Yan was a little surprised. ah Yingluo is at a loss. It's really rare to use this word on simple.

but I think Jian Jie has feelings for mo xunxun. Otherwise, Yingluo wouldn't have let her get close to her.

Liancheng Yazhi pinched Rong Yan's nose. of course, it's not that he doesn't feel anything. If Jian Jie was really impatient, he would have left long ago. He wouldn't wait for the banquet to end like us. He's not someone who would make his eyes hurt just because of someone he hates.

"Then, do you think it's possible for Yingluo and Yingluo to be together?" Rong Yan asked excitedly.

Liancheng Yazhi was not sure. then, we'll have to see if he can make the right decision. As long as he wants it, it doesn't matter if the mo family agrees or not.

Rong Yan nodded. that's right. He's such a strong person. If he really wants to marry mo xunxun, who can stop him? " I'm still hoping to see the simplified madness."

Liancheng Yazhi patted her shoulder. alright, don't think about them anymore. It's just in time for the afternoon nap if you go home now.

Rong Yan leaned into his arms. yes, you're so Yingluo.

After a while, Rong Yan felt a little sleepy and said in a daze, " "Hubby, the son of the crazy guy is so cute

"Don't worry, our son is even cuter," Liancheng Yazhi said with a smile.

Rong Yan mumbled, "yes, my husband is more handsome than the wind. My son will definitely be more handsome than their son.."

Chapter 1615: all the gentleness and kindness were given to the family

After returning home, Liancheng Yazhi did not relax. Although he acted like nothing had happened in front of Rong Yan, he was secretly observing how Feng nongtang handled the matter.

Liancheng Yazhi was actually a person who held grudges, especially when it came to his wife and son. He would not pretend that nothing had happened.

Liancheng Yazhi was particularly protective of his own wife. He could not even bear to bully his own wife, but others dared to bully her. Could he tolerate it?

However, since he had already agreed to let Feng nongtang take the initiative to deal with this matter, he would naturally not interfere.

However, the surprising thing was that, before Feng nongtang had time to deal with it, the next morning after his son's one-month celebration, the news of the girl falling to her death came.

This was really an accident because the girl felt very guilty after being locked up. The more she thought about it, the more afraid she became. She thought about what Liancheng Yazhi had said and

felt even more frightened. So that night, while the others in the room were asleep, she opened the window and wanted to climb down, but she accidentally fell from upstairs.

They were locked up on the third floor. Normally, they wouldn't die immediately after falling, but she wasn't so unlucky. Her head hit the hard edge of the steps and she died on the spot.

Dunn had suppressed this matter very well and it did not make the news at all. The girl's family did not come to make a fuss either. There was no news after the incident. In short, it was resolved peacefully without a single ripple.

After Liancheng Yazhi heard the news, he sneered and did not make any comments.

He was cold-blooded, so he gave his gentleness and kindness to his family. If anyone dared to hurt his family, he would never let them off.

Liancheng Yazhi didn't tell Rong Yan about this. He didn't want anything to affect her mood.

And at this time, she was in a very good mood, because it was also the second day after the one-month celebration that her youngest son in her belly finally had the first obvious fetal movement.

After four months, the baby would start to move, but for some reason, it was already five months old, and it still refused to move. When they went to the hospital for a check, the doctor said that the baby was very healthy and was fine. It was probably because the baby liked to be quiet and had a good temper, so it didn't want to move.

Rong Yan had been worried about this for many days. Now that there was finally obvious fetal movement, her mood instantly became better.

Rong Yan pulled on Liancheng Yazhi and said excitedly, "Hubby, hubby, Yingying, our son moved. He just kicked me Yingying."

"Really?" Liancheng Yazhi was overjoyed. I'll touch it. '.

He stretched out his hand and placed it on Rong Yan's bulging stomach. son, move a little and say hello to daddy, Yingluo

Liancheng Yazhi said a lot of good words, but the little guy refused to move.

In the end, Liancheng Yazhi threatened Rong Yan's stomach, "This little thing, you're so young and you're already disobedient. Let's see how I'll deal with you when you come out."

Rong Yan patted his shoulder. that's enough. My son hasn't come out yet. Say something nice. Don't always scare him. He's still young.

Liancheng Yazhi straightened his back to protect his face and said aggrievedly, you're so concerned about your son and daughter now. You don't even know how to care about your husband anymore, Yingluo.

Rong Yan pinched his nose, glanced at him, and said angrily, "No, I didn't care about you last night. If you put it that way, you won't be able to enjoy last night's benefits in the future. You'll have to find a way to solve it yourself.."

Chapter 1616: Chapter 1616 -simple disappearance

Liancheng Yazhi was filled with regret when he heard this and quickly said, ‘ don’t. Honey, I was wrong. Please don’t take it to heart. Let’s continue tonight, okay? ’

Ever since he returned from abroad, Liancheng Yazhi had never tasted meat. He lived like a monk, but even so, he was happy. Living like a monk for a while in exchange for a son was still worth it.

Of course, if his wife could be considerate from time to time, it would actually be very good.

He would not tell anyone about this.

In order to stop Rong Yan from continuing to talk about this matter, he said to Rong Yan, ” by the way, did Jian Jie not return last night? I wonder where he went? ”

“Jian Yi didn’t come back?” Rong Yan was surprised.

“Yeah, he didn’t reply all night.”

Rong Yan’s eyes lit up.

“Impossible.” Liancheng Yazhi shook his head decisively.

jian jie had only met mo xunxun for the first time yesterday, so she might have treated her a little differently. however, it would be ridiculous to say that he liked her. right now, he was just feeling frustrated and would not look for mo xunxun at all. at most, he would find a place with no one around to calm down.

But it was a little strange for Yingying to stay out all night.

Rong Yan thought about it and also felt that Jian Jie would not look for mo xunxun. then, did something happen to Huahua? should we send someone to look for her? ”

Liancheng Yazhi thought for a while and said, “let’s wait a little longer. The injuries on Jian’s body have healed, and his combat power has recovered. Whoever wants to find him will only be unlucky. If he doesn’t come back tomorrow, we’ll send someone to look for him.

However, after waiting for another day, Jian Jie still did not return. This made Liancheng Yazhi realize that things might not be right.

Jian Jie was not a willful person, and his self-control was not very good. If he was just feeling frustrated, one night would be enough. He would not waste too much time. Moreover, he knew that he was staying at his friend’s house. If he did not visit for a long time, his friend would definitely be worried. He would definitely not cause any trouble for his brother because of him.

However, he had not returned for two days and had not sent back any news. It could only mean that something had happened to him.

Liancheng Yazhi did not dare to delay any longer. He immediately informed Secretary Zhou to start a city-wide search, starting from the intersection where he got off the car that day.

“please don’t let anything happen,” rong yan was very worried. Liancheng Yazhi comforted her, “Yingluo probably won’t, Yingluo.”

Although he said that, Liancheng Yazhi himself also started to worry.

Secretary Zhou had sent a large number of people to investigate, but there was very little information.

They couldn't be blamed for their incompetence. It was just that their simple anti-detection ability was too powerful. The ability to subconsciously avoid any detection means had become his body's conditioned reflex. Every organ in his body was like a radar. He could sense the location of the camera at the first moment and then his body would automatically avoid it. As a result, the cameras installed at the intersection couldn't capture his figure at all. He also wouldn't go to places that were too lively or crowded. they would intentionally avoid the crowd, which directly increased the difficulty of finding him.

Therefore, Secretary Zhou regretfully reported to Liancheng Yazhi, " "Young master ya, other than the surveillance camera at the intersection where he got off the car, there's no sign of him anywhere else."

Liancheng Yazhi frowned. He only knew a few of them in the capital. When he came to the capital before, he basically stayed in their family's hotel and rarely went anywhere else..

Chapter 1617: Shooting down the plane with one shot

Liancheng Yazhi thought for a while and said, "continue looking. Inform Feng nongtang and ask his men to start looking for Yingluo."

Secretary Zhou nodded and said, "it's Yingluo."

The simple and sudden disappearance shrouded Rong Yan and Liancheng Yazhi's hearts with a dark cloud. However, they always pretended to be normal at home and only talked about this in private.

"If only I hadn't said so much that day and provoked him to get out of the car," Rong Yan said reproachfully.

Liancheng Yazhi patted her shoulder and comforted her. "i don't blame you.

even if he's back, he's in a bad mood and will still go out. it has nothing to do with you. rest well. i'll find him. don't think too much about other things. if you're in a bad mood, it'll affect the child."

Rong Yan nodded and did not say anything.

She also wanted to act as if nothing had happened and be happy, but as long as there was no news from him, his mood would not be good.

The two of them were sitting on the balcony of the bedroom. From where they sat, they could see the yard below. It was Sunday, and MeowMeow and winter were playing below.

Meowmeowmeowmeow saw them and shouted, "daddy, mommy!"

Rong Yan quickly put a smile on her face and waved at her.

After a while, MeowMeow called out again, "Daddy, Daddy, look at little plane, MeowMeow! "

Liancheng Yazhi looked up and saw a small plane in the sky above their courtyard. It was a white mini-plane that was hard to distinguish during the day. Even the sound was almost inaudible. Liancheng Yazhi's expression changed instantly when he saw the plane.

But he quickly recovered. He picked up the exquisite white porcelain teapot and said, "We're almost out of tea. I'll go down and pour you some more."

Rong Yan nodded and said, "sure, Yingluo."

Liancheng Yazhi kissed her forehead. "I'll be back soon."

He took the White porcelain teapot downstairs. There were maids cleaning the floor, and he stuffed the teapot into one of them. "Fill it with tea."

the maid was stunned for a moment. she weighed the teapot in her hand and scratched the tray instead of taking it. there was still half a pot left.

Liancheng Yazhi went out of the house and went around the main house to the basement. He opened a secret room in the basement and took out a long box from it. Then, he quickly walked out and avoided everyone in the house from the other side. He climbed to the top floor and found the best position. He opened the box, took out a sniper rifle from inside, and set it up.

Liancheng Yazhi hit the bullet and the silencer expressionlessly, pulled the safety, and put his eyes close to the scope.

All the movements were very smooth without any stagnation, and the advantage of being fast was incredible.

The remote-controlled toy-like small plane was still hovering in the sky. Liancheng Yazhi held his breath and adjusted the scope. He silently calculated the wind speed and the speed of the small plane's movement in his heart. Matching the flow of the air, he calculated the approximate parabola of the bullet after it was shot.

Liancheng Yazhi waited patiently for five minutes, and finally, the best shooting time came.

He pulled the trigger without hesitation, and the bullet shot out of the gun and flew rapidly in the air. Almost in the blink of an eye, the bullet hit the propeller of the small plane, and then it fell from the air like a broken kite.

on the roof, liancheng yazhi saw meowmeow cheering as she ran towards the plane with winter.

Liancheng Yazhi's face was cold. He quickly packed up the sniper rifle and put it back into the box. Then, he went back the same way he came and put the gun back in the distance. He closed the door of the dark room and left the basement.

Chapter 1618: I'm here to keep you company, to shield you from all the storms

From the beginning to the end, no one saw Liancheng Yazhi, and no one knew that the small plane did not fall naturally, but he had shot it down with a sniper rifle.

After Liancheng Yazhi walked out of the basement, he tidied his clothes and walked back into the living room. He brought the tea that the maids had prepared upstairs.

Rong Yan was dozing off upstairs.

liancheng yazhi put down the teapot and carried rong yan to the bed.

"Why did you take so long?" Rong Yan rubbed her eyes and asked in a daze.

Liancheng Yazhi kissed her eyes and coaxed her softly, "there's no hot water downstairs. I was busy boiling the water, so I took up some time. Be good and sleep. I'm here to keep you company."

Rong Yan nodded and soon fell asleep.

After she fell asleep, Liancheng Yazhi got up gently, covered her with the blanket carefully, and left the room.

downstairs, meowmeow was playing with the small plane that had been shot down by Liancheng Yazhi. Although she never lacked toys, she had seen this plane fall from the sky with her own eyes today. She had picked it up herself, so it was very special for a child.

"Dad, look at the small plane I picked up. Is it the one that was flying in the sky just now?"

Liancheng Yazhi pretended to be surprised. "Oh, really? How did you end up on the ground when you were flying in the sky?"

Dong Tian was playing with the Rubik's cube at the side. When he heard Liancheng Yazhi's words, he rolled his eyes. Meowmeow could not tell, but he could. The propeller of the small plane had obvious bullet marks. He did not think anyone else could play with a gun in this house.

"It fell down on its own," MeowMeow said happily.

"Oh, really? It's so magical." Liancheng Yazhi walked over and sat down. He picked up MeowMeow and sat on his lap. "Come, let daddy take a look, okay?" Sure, Yingluo. MeowMeow handed it to him generously.

Liancheng Yazhi picked up the plane and looked at it seriously. The more he looked at it, the worse his expression became. However, he tried his best to hide it in front of MeowMeow.

After reading it, Liancheng Yazhi said to meowmeowmeow,

Meowmeowmeow pouted. "Can you let me play for a while longer, daddy?"

Dong Tian could tell that the plane was not ordinary, so he said to

MeowMeow, "Uncle is here to disinfect it. I'll return it to you soon."

Liancheng Yazhi lowered his head and kissed MeowMeow's little face. "Baby, daddy will be back soon."

He handed Liancheng Yazhi came to Natsume's laboratory and threw the plane on his desk as soon as he entered. His race was so ugly that it 100% was a doubt to kill someone.

Natsume was looking at the microscope while recording data in his notebook.

He asked, "What's wrong? It's so popular." "What do you think it is?" Liancheng Yazhi asked. "What is it?" Natsume took a moment to glance at it.

"Yingluo is just a child's toy."

Liancheng Yazhi sneered, "Humph, a toy? That would be the most expensive flying toy in the world."

Natsume realized that things might not be as simple as he thought, so he asked, ” “what’s wrong?”

Liancheng Yazhi pulled out something from the top of the plane. this isn’t a toy plane at all. It’s a mini drone..

Chapter 1619: the hidden danger begins to erupt

The small plane that Liancheng Yazhi had shot down looked like a remote-controlled toy plane on the outside, but its function was similar to that of a reconnaissance plane. There was a high-definition camera on it. When it hovered over their house, it was taking photos of their house. By now, it must have been sent back.

Natsume’s movements paused, and he slowly retracted his hand from the microscope.

he turned to look at liancheng yazhi. ” do you mean that there’s someone in chengcheng? they’ve already started to monitor this place? ”

“What do you think?” Liancheng Yazhi sneered.

When he first saw the plane, he felt that something was wrong. When he took a look, he realized that something was wrong.

Natsume stared at the plane and was stunned for a moment before he asked, ‘

“Then what’s the purpose of Xi Jue’s surveillance?”

Liancheng Yazhi sighed and rolled his eyes at him.

Natsume slowly turned his head and looked at the door in the deep end of the building. Inside the door, Kang Zhen was still unconscious.

Liancheng Yazhi took out a screwdriver and unloaded the plane from Xia MU’s hands. Soon, the small plane was a pile of parts. the time of the plane’s appearance is about the same as the time of the simple disappearance. I suspect that there’s a connection.

After returning from abroad, Liancheng Yazhi knew that things weren’t over yet. Because Kang Yu was in his house, it was impossible for the foreign forces and the domestic military to not make a move.

He just didn’t expect that after being silent for nearly two months, this matter would erupt again.

Natsume widened his eyes and asked, “what connection?” Don’t tell me you’re talking about a simple Kasaya?

Liancheng Yazhi really wanted to kick him. of course not. Did you put all your brain into research and not use it for other things? of course, I don’t believe that Jian Yi would sell me out. What I mean is that the people who released this plane to monitor my family are probably the same group of people.

Natsume’s mind slowly recovered. ’Ah, Yingluo, who are these people? How dare he come to your house to spy on you? wasn’t he a little too bold? wasn’t there an automatic infrared alarm in the yard? why didn’t this plane make any noise when it suddenly barged in?” liancheng yazhi was

speechless. ” let me ask you. there are so many birds flying over my house every day. has the alarm sounded? ” he asked.

Natsume shook his head, “there’s no Yingluo.”

Liancheng Yazhi patiently explained. the plane was filming from high above. It didn’t enter the warning range of the alarm at all. Of course, it wouldn’t ring. “Yes, yes, why didn’t I think of Yingluo? who released you?”

Liancheng Yazhi said as he disassembled the parts, ” of course, this kind of thing is not cheap stuff that can be sold on the internet. There is a lot of high-tech technology used in it. It is not something that ordinary people can afford.

Liancheng Yazhi picked up a magnifying glass from Natsume and looked at the parts one by one.

This mini reconnaissance plane was exquisitely made, and there were many parts inside. As long as it was manufactured by the other party, there would definitely be clues left behind.

at the end, in a

Natsume stopped his experiment and kept asking, ” “You found it?”

Liancheng Yazhi shook his head. The other party’s thoughts were too meticulous. There were almost no clues that could be used with so many parts. Although some parts had a manufacturer, they were not very important parts and were all produced by ordinary manufacturers.

After looking at it for half an hour, Liancheng Yazhi’s eyes finally stopped on a small screw.

liancheng yazhi slowly stood up and said in a cold voice, I found Yingluo..”

Chapter 1620: A kiss between the eyebrows

“Who?” Natsume immediately asked.

Liancheng Yazhi looked down at the screw in his hand and threw it to Natsume. “see for yourself.”

After saying that, he turned and left. Liancheng Yazhi seemed to have something urgent to do and left very quickly.

who is it? ” Natsume shouted behind him. tell me clearly!

After Liancheng Yazhi had walked away, Natsume picked up the screw that had fallen on the ground. He picked up the magnifying glass and looked at it. He saw two letters ‘C’ on it. MO natsume did not understand the meaning of these two letters. he thought about it and started searching on his computer.

However, he did not find any clues on the internet after searching. He really did not know how Liancheng Yazhi could determine who the other party was based on two letters.

When Liancheng Yazhi returned to the bedroom, Rong Yan was still sleeping.

She was frowning slightly, as if she had something to worry about in her sleep. Liancheng Yazhi walked over and covered her with the blanket, then lowered his head and gently kissed her between her eyebrows.

Liancheng Yazhi sat by the bed and watched for a while. He turned around, opened the closet, and changed into a formal suit. Then, he took his phone and left the bedroom.

Liancheng Yazhi went downstairs and said to Butler li, "I'm going out for a while. If I'm not back by the time young Madam wakes up, tell her that I just left and will be back soon.

Caretaker li nodded, "yes, young master Zhenzhen."

"After I leave, if anyone comes to visit, reject them. Don't let anyone in. I'll come back as soon as possible."

caretaker li realized that the situation was a little serious and quickly nodded. yes, don't worry. I'll have someone lock the door. If you don't come back, we'll keep the door closed.

Liancheng Yazhi smiled. I'll definitely be back today. Don't be so nervous.

He was just going out to make some arrangements. He didn't leave for a long time like the last time. Rong Yan was already five months pregnant, and the child would be born in a few months. No matter what happened at this time, Liancheng Yazhi would not leave.

He was just worried that someone would take advantage of his absence to do something.

liancheng yazhi had arranged for all the bodyguards in the house to be around the main house. he had only brought a driver with him this time and left everyone else at home.

After Liancheng Yazhi left the house, he asked the driver to drive him all the way to the vicinity of the company. However, he did not go to the company but stopped at a nearby coffee shop. After he went in, he ordered a cup of coffee and called Secretary Zhou to go over.

Secretary Zhou arrived very quickly and was panting heavily in less than ten minutes.

after he sat down, he picked up the glass of water on the table and took a few gulps before saying, " 'Young master ya, I'm sorry. The investigation you asked us to do last time basically didn't yield any results, Yingluo."

after mu weibai separated from you two months ago, we lost contact with him. The last time he was seen was a month ago, when he took a train to the South in a second-tier city in the Northwest. After that, we haven't heard from him.

Liancheng Yazhi's hand that was holding the cup tightened. "Where is the train going?" he's driving towards J-city, but Hanhan didn't appear at his destination. He might have disappeared on the way.

"Where's Chen Li and Qian Feiyue?" Liancheng Yazhi's expression turned even worse.

Secretary Zhou shook his head. these two people might not have returned to the country at all. At least, there's no news of them in the country so far.

Liancheng Yazhi's brows were tightly furrowed, and his face was extremely gloomy.. Five people had gone there, and now four had been lost in contact!
