

Permit Me 1621

Chapter 1621: A good father must always think of his daughter

At this moment, Liancheng Yazhi was very regretful. He should have been on guard earlier. After he returned home these two months, his heart had relaxed, and his awareness of being on guard had also weakened. He should have thought of mu weibai earlier after not hearing from him for so long.

after saving kang kun from abroad, liancheng yazhi knew that things wouldn't end so quickly. it could even be said that the real trouble would only start when they returned to the country.

With Kang Yu's current situation, the foreign forces would not be willing to let him go, and the domestic forces would not sit by and do nothing.

Now, his house might have already become a 'battlefield' for several parties.

Liancheng Yazhi's fingers tapped on the table. His mind was spinning quickly, weighing the best solution.

In the end, Liancheng Yazhi said, "contact Kang kun's father and tell him about Kang kun's situation."

At first, mu weibai said that he'd be the one to inform the old master of house Kang, but from the looks of it, it seemed like mu weibai hadn't even come yet, or someone had stopped him from doing so.

"Young master ya, is it useful to inform the old man?" Secretary Zhou asked.

Liancheng Yazhi nodded. it's useful. Although he has retired now, his status and prestige are still there. Besides, I believe that he will protect his son. Go, contact him immediately and tell him that if he doesn't care about his son's life or death as a father, then I, as his brother, can only go wherever I go.

Cheng zhushu nodded,"it's ran ran."

Liancheng Yazhi continued. arrange for people to stand guard around the old residence. No matter day or night, they will take turns to stand guard 24 hours a day. If they encounter any suspicious people, arrest them.

Secretary Zhou did not dare to hesitate and quickly replied, "I understand, Zhenzhen."

Liancheng Yazhi arranged all these for the time being. He asked Secretary Zhou to take it back and said to the waiter, "Two black forest cakes and one for matcha. Take them away."

The waiter quickly prepared the takeaway for Liancheng Yazhi.

Liancheng Yazhi got into the car with three cakes and said to the driver, "Let's go home."

After about ten minutes, the driver said nervously, "Young master ya, there's a car following us."

Liancheng Yazhi did not turn back. don't worry about them. Let's continue walking.

Their tracking skills were pretty good. In order to avoid being discovered, each car only followed them for a short distance, and then the next car continued to follow.

“Then, Yingluo, are you going to let them follow us home?”

‘ the old mansion isn’t hard to find. it’s impossible that they don’t know. they just want to monitor what i’m doing. there’s no need to pay attention. ’

The driver calmed down and continued driving as if he didn’t notice the car following behind.

when they arrived at the front door, liancheng yazhi asked the driver to stop.

then, he got out of the car with the gun that he had assembled in the car and shot at the car behind him that had no time to hide. the bullet hit one of the wheels, and the car almost rushed out of the road.

Liancheng Yazhi fired a shot at the door of his house. He just wanted to tell the people following him not to act rashly. It was not that he did not have the ability to deal with them.

Don’t think that they are smart, do they really think that he doesn’t know?

Liancheng Yazhi’s lips curled up. He put away his gun and returned to his gentle and elegant appearance. He carried the cake and walked into the house like a good family man.

when she walked into the living room, she heard meowing. ” “Daddy, where’s my plane? where’s my little plane?”

Liancheng Yazhi coughed twice and pretended not to hear what MeowMeow said. He shook the cake in his hand twice. baby, daddy went out to buy you a cake, Zhenzhen..

Chapter 1622: He will definitely protect MeowMeow

MeowMeow was very happy and obediently kissed Liancheng Yazhi on the face. “thank you, daddy!”

But the next second, the little girl asked again, ” “But daddy, where’s my little plane?”

liancheng yazhi couldn’t help but want to hold his forehead. why were children so difficult to fool now?

Liancheng Yazhi cleared his throat and gave Dong Tian a look. “Ah, baby, Let’s Eat Cake first, okay? where’s mommy?”

‘Mom just went upstairs.’

liancheng yazhi handed the cake to butler li. ” “Butler li, go and put the cake on a plate for the children to eat.”

Liancheng Yazhi patted MeowMeow’s head.”Baby, daddy’s going upstairs to see mommy. You stay downstairs and eat the cake, Yingluo.”

Meowmeowmeowmeowmeowmeowmeowmeow nodded.

liancheng yazhi hurried upstairs, afraid that meowmeow would mention the plane again. however, his legs were still not as fast as meowmeow’s voice. halfway up the stairs, he heard meowmeow

shouting again, ” “Daddy, where’s my little plane, ran ran? when are you going to get it back for me?”

Liancheng Yazhi’s legs trembled, but he pretended not to hear it and went up.

Liancheng Yazhi’s legs didn’t even go weak when young master Liancheng was followed all the way and his house was monitored by a mini drone. However, he didn’t know how to answer his daughter’s question.

Downstairs, winter of the year was holding MeowMeow’s hand. “Sit down and eat the cake.”

Dong Tian replied after a moment of silence, “that plane is not good to take off.”

“Why not? I really like it.

that’s because someone else’s plane landed at our house. They might have already taken it away. Winter bit his fork and thought for a while before coming up with such a good reason.

Winter of the year reached out to caress MeowMeow’s little hand. “It’s okay, uncle will give you better. Eat cake.”

MMM, the cake daddy bought is so delicious. children had a fast memory. One second they were depressed about not having a small plane, but the next second they ate the delicious cake and forgot about their previous unhappiness.

Winter looked at

After looking for a while, he turned his head to look upstairs. Liancheng Yazhi and the others had not come down yet. Although Dong Tian was young, he had very keen observation skills. From the moment Liancheng Yazhi shot down the small plane, he had felt that something was wrong. After that, when Liancheng Yazhi went out, all the bodyguards in the house were gathered around the main house.

dong tian could already smell the danger. he knew that his family must be in trouble that he did not know about.

He was just a child. He couldn’t do anything now, but he would definitely protect MeowMeow and not let her get hurt.

there was a piece of matcha-flavored cake in front of winter, but he did not take a single bite. to him, no matter how delicious the cake was, it was not as ‘delicious’ as meowmeow.

Although the cake was delicious,”Brother Winter, I can’t eat anymore, Yingluo.”

Dong Tian’s face suddenly turned red as he lowered his head.”Ah, Yingluo, I’ll help you eat the rest..”

Chapter 1623: The most important task is to protect my wife and children

He pushed the matcha cake to the side, took the half-eaten cake from MeowMeow, and started eating.

“Brother Winter is so nice, Yingying.”

butler li was watching from the side with a smile on his face. it was so nice for the two children to share a piece of cake. their relationship had been cultivated since they were young. he hoped that they could be as good as they were when they grew up.

lian Cheng yazhi pushed open the bedroom door and saw rong yan changing her clothes.

Rong Yan heard the sound of the door opening and subconsciously covered her body with her clothes. When she saw that it was Lian Cheng Yazhi, she heaved a sigh of relief. Thinking that she had not put on her clothes, she blushed and glared at Lian Cheng Yazhi. "Why did you suddenly come in? you gave me a fright."

Rong Yan's body was plumper than before after she got pregnant. She was full of femininity, and her every move had a gentle and charming temperament. Lian Cheng Yazhi felt that his throat was a little dry. He smiled and walked over to pick up the clothes in Rong Yan's hands. who else but me can enter the room without knocking? "

Lian Cheng Yazhi helped Rong Yan put on her clothes as he ate. "You're embarrassed. We've been husband and wife for a long time. You're still embarrassed in front of me."

lian Cheng yazhi's hand slowly caressed rong Yan's back. he placed his chin on her shoulder and gently kissed her neck.

Because Rong Yan had paid attention to her skin after she was pregnant, her skin did not get worse. Instead, it became fairer and more delicate. Every time

Lian Cheng Yazhi saw her, his heart would itch.

rong Yan's skin was itchy from his touch. "who's shy? don't mess around."

lian Cheng yazhi took a deep breath of the fragrance on her body and said aggrievedly, "didn't the doctor say that after four months, we can start a proper married life? honey, you should take pity on me.

rong yan bit her lip and glared at him. "besides, you can sleep in the study alone tonight."

Lian Cheng Yazhi hurriedly said, "Okay, okay. I won't say anymore. I still have to tell my son a story tonight. I can't go to the study.

Rong Yan asked him, "did you go out for something?" It's still a simple message, hehe." lian Cheng yazhi's eyes turned around, and he nodded. he said a little perfunctorily, "yes, there's some news. I just went out and bought some cake. Do you want to go downstairs to eat? "

rong Yan's mood improved a lot when she heard that there was news. alright, I'm really a bit like that simple message from eating eggs to Wuwu? " lian Cheng yazhi chuckled. "i'm fine. i just drank too much and got into a fight with someone. i stayed in a small hotel and was found by feng nongtang's people. he might be embarrassed and won't be back for the time being."

Lian Cheng Yazhi knew very well that their crisis this time would not be over so easily. He didn't want Rong Yan to worry, and he didn't want her to be in fear when she was pregnant.

Lian Cheng Yazhi was very clear about what was most important to him. The most important thing to him was not the family property, not the family business, but his wife and children. It was this family. No matter what, the most important thing for him was to protect his wife and children, and everything else was put behind.

If there was any danger, he would stand in front of them and do his best to minimize all the harm from the outside world so that she could be happy and worry-free, and be able to give birth to their second child in a safe environment.

Therefore, he didn't want Rong Yan to know about the simple things and the troubles in the outside world.

Rong Yan did not know that Liancheng Yazhi was lying and thought that it was true. She heaved a sigh of relief. "Is that so? then I'm relieved, Yingluo.."

Chapter 1624: I will personally protect her safety

under Liancheng Yazhi's concealment, Rong Yan had no idea about the danger looming over the Liancheng family, and the routine of her life had not changed at all.

On the other hand, Gu Hesheng had a deep conversation with Liancheng Yazhi after he felt that something was wrong.

Liancheng Yazhi knew that Gu Hesheng would not be able to hide anything from him. Basically, nothing could be hidden from his eyes. Having such a father-in-law was not a good thing at times.

However, Liancheng Yazhi felt that it was better for Gu Hesheng to know about this. After all, Gu Hesheng had his own power. When necessary, he could give Rong Yan a certain amount of protection.

Liancheng Yazhi did not hide anything from Gu Hesheng. However, when he mentioned Kang Yu, he concealed a little.

He didn't tell Gu Hesheng about Kang Yu for his own good, the less he knew, the safer he would be.

Gu Hesheng's brows were tightly furrowed. Since it's already very dangerous here, why don't we send Rong Yan to a safe place? She's now five months pregnant and it's a critical time. She can't be in any danger.

Gu Hesheng was a father. When his daughter was in danger, the first thing he thought about was the child's safety. He didn't think about anything else other than moving Rong Yan to a safe place to wait for her delivery.

However, Liancheng Yazhi did not agree. He told Gu Hesheng, "If I have no choice, I will immediately send Rong Yan away. But as long as things are not out of my control, I will not let Rong Yan leave my side."

Because Rong Yan was too important to him, Liancheng Yazhi didn't want to rely on others to protect her. Last time, he had to go abroad and had no choice but to let Tang Zong protect Rong Yan. But now, since he was in the country, he had to protect Rong Yan himself and do everything he could to protect her and the child.

Gu Hesheng did not agree with Liancheng Yazhi's decision. But what if you don't have time to send Rong Yan away when greater danger comes? "

“Don’t worry, I’ll prepare a way out. I’m not someone who will fight hard. I care more about my life.” Liancheng Yazhi knew very well that he was not alone. He had a family, so he would definitely stay alive in the face of danger.

Gu Hesheng sighed. alright, since you've already decided, I won't say anything more. If you need my help, remember to let me know.

Gu Hesheng was getting on in years, and he did not ask for anything now. He only hoped that his only daughter's family could be safe and sound. The little resources and power in his hands would eventually have to be given to Rong Yan, and if it could help them, he would give it to them without hesitation.

however, as a father, he had selfish motives after all, and that was to not completely trust his son -in-law. he still hoped that everything of his would be handed over to rong yan after she gave birth and not to liancheng yazhi.

Even in the future, if Liancheng Yazhi had an outside heart, Rong Yan would have the capital to settle down.

Liancheng Yazhi replied, "if I need your help, I'll definitely look for you. I won't be polite with you. I just hope you don't tell Rong Yan about this. I don't want her to worry."

i know that. i won't tell her.

Liancheng Yazhi hesitated for a moment and said, ” “Father-in-law, if the situation at home doesn’t improve in a few days, can you leave with

MeowMeow and winter first? they are both children, and they are the most vulnerable when in danger.”

Gu Hesheng thought for a while before nodding, "yes, you can."

Liancheng Yazhi bowed slightly to Gu Hesheng and said, "Thank you!"

Chapter 1625: The danger hidden under the calm

in the days that followed, liancheng yazhi moved a lot of things into the house without rong yan knowing and strengthened the defense inside and outside of liancheng's house. surveillance cameras were installed in almost every place, and even a radar was installed on the roof.

Over the next few days, meowmeowmeow had picked up quite a few small planes. At first, she was very interested, but as she picked up more, she lost interest and turned around to play with winter.

[illegible]

He was afraid that Rong Yan would be suspicious, so he asked Natsume to tell Rong Yan that it was because there had been some changes in MeowMeoW's body recently. It was not suitable for her to go to crowded places, or it would be dangerous. So, Rong Yan believed it without much doubt.

Between the child's safety and her studies, Rong Yan immediately chose the former without thinking. She was worried that she would urge Natsume to check on MeowMeow every day.

It was already June, and the temperature was rising. The danger was like the thermometer on the wall, rising with the temperature.

It was dangerous at home, so Liancheng Yazhi did not let Rong Nuo come back. He disclosed Rong Nuo's news to Tang Zong, who was looking for him all over the world, and told them not to come back for a while. He also told Tang Zong that this was a good opportunity for him, and whether he could seize this good opportunity or not depended on himself.

In the end, there was still no news. Liancheng Yazhi asked his men to withdraw their search. It was very difficult to hide a person.

However, Liancheng Yazhi was sure that they wouldn't do anything before they got Kang Yu-

Because when necessary, he could simply be a hostage, a hostage that he could exchange with Kang Xi.

Natsume devoted himself to his research day and night. He hoped to do his best to shorten the time it took for Kang Kun to wake up. However, this matter could not be rushed. Forcibly changing the genes of an adult was a heaven-defying project. It was almost equivalent to re-creating a person. The fetus still needed ten months in the mother's body before it could be born. The genetic recombination that Kang Kun was undergoing was even more difficult than a woman's pregnancy.

There were still reconnaissance planes flying into the Liancheng family's house every day. At first, they were sneaky, but later, they were brazen and had no scruples.

Liancheng Yazhi was very patient. He knew that those people were just surveying the situation because they didn't know how Kang Zhen was doing. Hence, they didn't dare to act rashly. They hoped to analyze Kang Zhen's current situation from Liancheng Yazhi's reaction.

However, Liancheng Yazhi was very patient. If the enemy did not move, he would not move. He stayed in the Liancheng house to guard his wife and child, not taking a step out.

Whenever the radar detected the intrusion of a mini drone, the sniper arranged in a hidden corner of the house would decisively shoot it down. So much so that in just a few days, a box in the warehouse at home was already filled with high-precision small drones.

Liancheng Yazhi now had one more thing to do every morning, and that was to practice Tai Chi with Gu Hesheng. His days seemed to be more leisurely than before, as if everything was under his control.

However, those who knew the inside story knew that the calmer it was on the surface, the more bizarre it was in private.

Liancheng Yazhi didn't seem to have made any big moves, and the enemy outside the wall didn't seem to have made any tough moves other than sending reconnaissance planes.

Chapter 1626 -the battle begins

The two sides faced each other, and no one knew when the 'Great War' would begin.

However, after half a month of stalemate, things seemed to be different when Secretary Zhou came early in the morning with news.

Secretary Zhou arrived at Liancheng's house very early, even before seven o'clock, despite the morning dew.

When he arrived, Liancheng Yazhi was still in bed. He waited for ten minutes downstairs before he saw him.

Liancheng Yazhi came downstairs in his pajamas, and Secretary Zhou quickly went up to him. "Young master ya, Qianqian."

Liancheng Yazhi was usually still sleeping with Rong Yan at this time. He woke up so early today and didn't seem to be in a bad mood. He said to Secretary Zhou, "The air outside is pretty good, let's go out for a walk."

The weather was good. Liancheng Yazhi breathed in the morning air and asked

Secretary Zhou, "What's the matter?"

young master ya, since 3 am this morning, there have been many civilian cars appearing around the old residence, almost surrounding it. Also, since yesterday morning, a few foreign tour groups have appeared at the airport.

Here are the photos. Do you think ran ran and the others are here for a tour? "

Secretary Zhou took out some photos taken from the airport surveillance video and handed them to Liancheng Yazhi.

Liancheng Yazhi casually looked at two of them and threw them to Secretary

Zhou. "What should be here is here." the people in the photos were all tall and strong. although they tried their best to hide it, they couldn't hide the viciousness in their eyes, which was left behind by years of killing.

Moreover, although there were both men and women in the tour group, more than half of them were young and strong men, which was very strange at first glance.

"Young master ya, do you think they're all here for us?" Secretary Zhou asked.

"What do you think?"

"did you see the people in the vehicles that surrounded the house?"

Secretary Zhou quickly took out a few other photos. yes, the people I sent have seen it clearly. There are also photos. They almost never get out of the car. They only handed it over once an hour ago at five o'clock. Please take a look at the photos.

Liancheng Yazhi laughed after reading it. although she's wearing casual clothes and trying to hide her identity, she didn't hide it very well. Can't she be so familiar with this marching? "

Secretary Zhou said, " young master ya, you're very wise. One look and you can tell that they're from the Army. You see, they didn't even change the rotation system. Perhaps they didn't even try to hide it.

lian Cheng yazhi threw the photo to secretary Zhou. "What's the use of hiding at this time?"

Secretary Zhou hesitated for a moment. you see, the house is no longer safe. Should we retreat? ”

Liancheng Yazhi shook his head and looked at the red sun that had already risen in the sky. no, on the contrary, this is the safest time. If the foreign forces want to get close to us, they have to break through the outer line of defense. Do you think it's that easy to get through? ‘

Secretary Zhou's eyes lit up. you're saying that Xuanji's Army is protecting this place in disguise? ” he asked.

Liancheng Yazhi said, ” we've been confronting them for half a month without any movement. However, after those people entered the country, they suddenly deployed troops to surround this place. Why do you think they did After shooting down the first small reconnaissance plane, Liancheng Yazhi knew that the military had begun to pay attention to his family. It was just that the methods they used were relatively gentle and did not directly force them to hand over the person. Perhaps they were also worried about something, so Liancheng Yazhi was patient and dealt with them..

Chapter 1627: It's still early, who would know if I went

liancheng yazhi was not afraid because he had not played the last card in his hand. besides, he was a good citizen. if the higher-ups wanted to touch the head of a big corporation like him, they would have to see what the consequences were. the economic blow that would come after touching him was not something that ordinary people could bear.

Secretary Zhou nodded, understanding the key point. they're afraid that the foreign forces will snatch master Sheng from the Liancheng family first, so they're temporarily resting their troops with you when they're facing the foreign enemy? ”

Liancheng Yazhi smiled, his expression a little relaxed.”Right now, the most important thing for the military is to keep him in the country.”

The Liancheng family had been keeping a low profile for the past few decades and had put all their focus on business. In addition, he had a good relationship with Kang kun, so he had no grudges with the military.

Therefore, no one would shed all pretenses of cordiality until the end, and no one was willing to make a mess to the point of no return.

Liancheng Yazhi still had to live in the country with his wife and child, so he would try to resolve this matter peacefully.

Of course, it would be a different story if they were to deal with the outside world. They would resolutely crack down on them.

secretary Zhou suddenly remembered something important and quickly said, “ “Young master ya urged me to find the place where Mu weibai was last seen.”

liancheng yazhi immediately asked,”is there news about mu weibai?” Hurry up and tell me. ‘

“mu weibai came from the northwest to the south more than a month ago on a long-distance bus, passing through n city in the middle of the country. at that time, the

train stopped at n city at 4:19 a. m. it was said that there were very few people on the platform at that time. because it was neither a holiday nor a

sunday, there were very few people on the platform, but there were many soldiers guarding it. some people said that they were catching a major suspect on the run. the train normally stopped at that station for a maximum of seven minutes. However, the time limit was extended to 25 minutes. Someone saw mu weibai get out of the car and turn around for a few minutes, and after that, he disappeared.”

Liancheng Yazhi heaved a sigh of relief. that’s right. Check with the troops stationed there. If mu weibai was secretly taken away, it’s not very dangerous.

Secretary Zhou quickly replied, ” I’ve already found out. The one stationed in N city is a land and air transport Regiment of Group Cts Army. There was a transfer record of a company of their Regiment that day.

Liancheng Yazhi smiled. it seems like we’ve been targeted since we just returned. They’re really patient.

Secretary Zhou could not smile. In the current situation, there were several forces competing with each other. Secretary Zhou felt really pressured. He was so busy that his head was spinning. He also had to stabilize the company and ensure that the company’s business and profits would not decline. He also had to listen to Liancheng Yazhi’s instructions at all times. He was also worried about his boss’s family. Secretary Zhou really felt that he was the most dedicated Secretary who could move the entire country.

Secretary Zhou asked worriedly, ” young master ya, half a month ago, you asked me to contact the old master of the Kang family. At that time, he only said three words, ’I understand.’ He didn’t do anything else. Do you think he didn’t plan to care about ran ran at all? ”

Liancheng Yazhi shook his head. no, if he didn’t plan to care, he would have told you directly. But since he said he knows, it means that he already understands. The reason why he didn’t do anything is because it’s not time for him to come out yet. Just wait, Yingluo.

Liancheng Yazhi looked at the sky and yawned elegantly. “It’s still early, I’ll go back and sleep for a while. You go to the company..”

Chapter 1628: After using it, he kicked it away

The corner of Secretary Zhou’s mouth twitched. He really wanted to say, ” young master ya, do you have to be like this? Wanwan, do you have to use me and kick me away so easily? it’s very insulting.

Liancheng Yazhi saw that Secretary Zhou was still not leaving and asked, ‘ “what’s wrong? Is there anything else?”

Secretary Zhou shook his head without any backbone.”it’s fine, yingluo, it’s fine. young master ya, i’ll take my leave first, yingluo.”

“Let’s go.” Liancheng Yazhi waved his hand.

Secretary Zhou bit her finger and left the Liancheng family's house looking like a wronged wife.

Secretary Zhou had driven here by himself. On the way to the company, he passed through the crowd and saw the black cars. He rolled his eyes and stopped the car. He rolled down the window and reached out to Pat the window of one of the cars.

After a while, the car window rolled down, revealing a young, cautious and alert face. The other party's eyes were sharp and bright, and his skin was dark.

One look and you could tell that he had received long-term outdoor training. He was either a soldier or a professional bodyguard.

Secretary Zhou chuckled at the other party. His smile was a little annoying.

He took out his business card and handed it to the person. this is my business card with my number on it. You don't have to check it. If you need anything, just contact me. Everyone, it's been hard on you. Do you want me to bring you some breakfast the next time I come? ”

If a stranger suddenly asked to bring you breakfast one morning, what would be your first reaction?

He must be ... Crazy.

moreover, he was seriously ill.

However, the psychopath didn't bother with them. He whistled happily and left, leaving a few young people holding his business card in confusion.

Secretary Zhou did this only because he felt depressed. He didn't dare to challenge his boss, so he could only tease those little bitches!

In any case, his identity could be found out with a little investigation, and there was no need to keep it a secret.

Furthermore, he had to tell the other party: You guys are too obvious!

After Secretary Zhou left, Liancheng Yazhi did not return to his room immediately. He went to Natsume's laboratory and stood outside the oxygen tank for a long time. When he calmed down, he teased, ” you're lying down comfortably in there. I'm taking the risk for you. You owe me so much this

time. When you wake up, you'll have to pay me back.

liancheng yazhi hopes that we can get through this crisis unscathed. he is not as bold as he used to be. when people have concerns, they will have more concerns and cherish their lives more. when they encounter danger, they will choose a more appropriate or more peaceful way to solve it because he wants to be with the woman he loves for the rest of his life and want his family to live in a more peaceful environment.

However, if a peaceful solution could not be realized, his methods would only be more brutal and brutal.

When a person wanted to protect the people important to him, he would often burst out with a stronger belief.

lian Cheng yazhi left after he calmed down. before he left, he said to Natsume, ‘ ‘Move all the experimental items to the secret room. The next few days won’t be peaceful. I’ll get someone to prepare food and water for you today. You can come out only after everything has calmed down.’

“Is it serious?” Natsume stopped what he was doing and asked.

Lian Cheng Yazhi shook his head. I don’t know. Maybe it’s not serious, or maybe it’s very serious. Before it happens, everything is unknown. Just to be safe, you and Kang Yu should go into the secret room first..

Chapter 1629: The gunshot at midnight

When he first arranged this small building for Natsume to do his experiments, Lian Cheng Yazhi might have had a premonition about something, so he let

Natsume stay in a building with a secret chamber.

now, it seemed that his decision back then was correct.

There were two doors leading to disorientation. After the first door fell, there was a button on both the inside and outside to open it. However, when the second door fell, unless it was opened from the inside, it was difficult to break in from the outside, defend against or drop bombs, and it was extremely well-hidden.

Lian Cheng Yazhi could temporarily be at ease leaving Kang Yu and Natsume inside.

Lian Cheng Yazhi had just returned to his bedroom and laid down when Rong

Yan asked him sleepily, ” “Where have you been?”

Rong Yan was not completely awake yet, and Lian Cheng Yazhi quickly coaxed her. “I was a little thirsty, so I went downstairs to drink some water. It’s still early, so let’s continue sleeping.” mm, Yingluo. Rong Yan snuggled into Lian Cheng Yazhi’s arms.

Rong Yan only woke up when it was almost nine in the morning. Lian Cheng Yazhi took her downstairs for breakfast. After breakfast, it was the thing that she had to do every day-taking a walk after dinner.

Rong Yan’s stomach was getting bigger and bigger. The doctor had told her that pregnant women were more likely to get tired when their first month was up, but they needed to exercise more, which was conducive to labor.

Lian Cheng Yazhi had always kept this in mind. Every day, after three meals, he would take Rong Yan and walk for twenty minutes in the courtyard.

It was almost summer, and the sun was getting better day by day. The sun made her look lazy, and she refused to leave with Lian Cheng Yazhi.

Lian Cheng Yazhi carefully put his arm around Rong Yan’s waist and said, “Little lazy pig, you’re not allowed to be lazy. Hold on for a while, it’ll be done soon, Yingluo.” when they were finally done, Rong Yan sat on meowmeow’s swing and leaned on Lian Cheng Yazhi’s shoulder. she said, ” “I don’t know why, but it feels so quiet today, Yingluo.”

Liancheng Yazhi's expression changed slightly, but he quickly returned to normal. He brushed away the hair on Rong Yan's face. "Oh, really? Isn't it the same as usual?"

Rong Yan shrugged her shoulders and said, "really?" Maybe I just feel that something is wrong."

That day, Liancheng Yazhi did not go out. Other than Secretary Zhou's brief visit in the morning, he did not contact the outside world.

This day was no different from the past. Liancheng Yazhi's main task was to accompany his wife. In the afternoon, he played a few games of go with his father-in-law.

Before dinner, he played with his daughter for a while. Before going to bed at night, he read a story to Rong Yan's stomach for half an hour. He recited the most important thing in three foreign languages, making Rong Yan dizzy.

When Liancheng Yazhi finished reading, she was so sleepy that she fell asleep. Liancheng Yazhi closed his book and looked at Rong Yan, who was sleeping, with a doting smile on his face.

he adjusted Rong Yan into a comfortable position and let her lie down, then covered her with the blanket.

The temperature was a little high now, and Rong Yan didn't want to use the air conditioner. Liancheng Yazhi opened the window and left a 10-centimeter wide gap to let the cool wind from outside in.

Liancheng Yazhi glanced at the calm night outside. His eyes were dark, and he hoped that tonight would be so peaceful.

Rong Yan slept well in the first half of the night, but in the second half of the night, she was woken up by the movement outside the window.

She rubbed her sleepy eyes and nudged Liancheng Yazhi, who was beside her. "honey, what's going on? what's that sound? is it a gunshot?"

Liancheng Yazhi had already woken up when the first gunshot was heard. He covered Rong Yan's ears, but she was still woken up. In the dim light, Liancheng Yazhi's face was gloomy and cold, but his voice was very gentle. He kissed Rong Yan's eyelids and said, "No, someone is setting off firecrackers and fireworks.."

Chapter 1630: Damn romance?

Although Rong Yan was still in a daze and not completely awake, she still had doubts about Liancheng Yazhi's words. "Ah? Setting off firecrackers in the early hours of the morning? Why doesn't it sound like it? it really does sound like gunshots!"

When Rong Yan and seven lived at the border in the past, it wasn't very peaceful there. At night, there would be gunshots. Now, the sounds coming from outside were similar to what she had heard at that time. Rong Yan sobered up a little and looked at Liancheng Yazhi worriedly.

Liancheng Yazhi quickly comforted Rong Yan. He made a relaxed expression and gently pinched Rong Yan's cheek. "Silly girl, don't think too much. How could it be a gunshot? this is the capital. You're really muddleheaded from your sleep. And it rang so many times in a row? Someone must

have set off firecrackers in the middle of the night out of boredom. Don't worry, I'll get someone to go out and take a look. From the sound, it doesn't seem to be too far from our house."

Rong Yan felt uneasy and grabbed Liancheng Yazhi's clothes. "Are you really okay?"

Liancheng Yazhi patted Rong Yan's hand and kissed her on the cheek. it's fine. I'll get the bodyguards to go out and check on Yingluo. You wait for me in the house.

"Okay, then come back quickly." Rong Yan nodded.

"Alright, ran ran will be back soon." Liancheng Yazhi hugged Rong Yan before he got up and left.

As soon as he walked out of the door, the gentleness on Liancheng Yazhi's face instantly disappeared. The temperature in his eyes instantly dropped to the point that anyone who saw it would feel a chill piercing into their bones.

liancheng yazhi walked very quickly and quickly went downstairs. he then took out a walkie-talkie from a celadon vase on the first floor and said, "Gather in the courtyard immediately."

By the time he walked out of the house, the bodyguards who were hidden all over the house had already appeared in the courtyard like ghosts.

If Rong Yan saw this, she would be shocked. There were so many people in the house, but she didn't see a single one during the day.

Liancheng Yazhi walked in front of them and said, "I don't want to hear gunshots in the middle of the night. You guys go out and settle this as soon as possible.

dozens of bodyguards immediately whispered, "it's yingluo."

After Liancheng Yazhi gave the order, the bodyguards immediately took action.

Five minutes later, there were fewer gunshots. Ten minutes later, the gunshots stopped.

At this moment, Liancheng Yazhi had already gone upstairs with the lemon honey water that he had made for Rong Yan. As soon as he entered. Rong Yan quickly asked, "Yazhi, what's going on?"

Liancheng Yazhi walked over easily and sat beside her. come, have some water. I've already sent someone to investigate. It wasn't a gunshot at all. It was just a few rich kids in their twenties trying to Rob a girl. What romance? they set off fireworks and firecrackers in the middle of the night. We couldn't sleep at all. The police have arrived and will be done soon.

Rong Yan heaved a sigh of relief. so that's how it is. It really sounds like gunshots. It's so annoying. Why are you setting off firecrackers in the middle of the night? "

Liancheng Yazhi echoed Rong Yan's words. that's right. It's so annoying. Our baby can't sleep. Come, have a drink and sleep.

Rong Yan drank two sips of water from Liancheng Yazhi's hand and stopped drinking. After the gunshots outside stopped, she leaned into Liancheng Yazhi's arms. "Honey, I have a headache."

Liancheng Yazhi quickly put down the cup. my head hurts. You must have been suddenly woken up and didn't sleep well. I'll rub it for you. It's fine outside, so go to sleep quickly..
